**Dock Department—Issuance of \$48,000 of Additional Corporate Stock for the
Construction of Pier at the Foot of 35th Street, Borough of Brooklyn.**

The following was received from the Commissioner of Docks:

June 15, 1915.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the
Sinking Fund:

Sir—On April 28, 1915, resolution was adopted by the Commissioners of the Sink-
ing Fund, recommending to the Board of Estimate and Apportionment that the Com-
ptroller be authorized to issue corporate stock of the City of New York to an amount
not exceeding \$638,000, the proceeds, to the amount of the par value thereof, to be
used by this Department for the construction of a pier at the foot of 35th Street,
South Brooklyn.

At the meeting of the Commissioners of the Sinking Fund held May 13, 1915,
resolution was adopted approving of and authorizing the execution by the Commis-
sioner of Docks of a lease of the pier to the Luckenbach Steamship Company at a
rental of \$87,000 per annum.

The Luckenbach Steamship Company now find that their business demands a pier
175 feet wide, instead of 150 feet wide, which will increase the estimated cost of the
pier from \$292,000 to \$340,000, or \$48,000, the estimated cost of the shed remaining
the same, as it will not extend over the widened portion of the pier.

I beg to request that the Commissioners of the Sinking Fund adopt a resolution
recommending to the Board of Estimate and Apportionment that the Comptroller be
authorized to issue corporate stock of the City of New York to an amount not exceed-
ing \$48,000, in addition to the \$638,000 already issued, in accordance with the recom-
mendation of the Commissioners of the Sinking Fund dated April 28, 1915.

Yours very truly,

R. A. C. SMITH, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the follow-
ing report of the Corporate Stock Budget Committee and offered the following
resolution:

June 22, 1915.

To the Commissioners of the Sinking Fund:

Gentlemen—On June 16, 1915, you referred to the Corporate Stock Budget Com-
mittee a communication from the Commissioner of Docks requesting that you recom-
mend an authorization of \$48,000 in corporate stock in addition to an existing au-
thorization of \$638,000 for the construction of a pier at the foot of Thirty-fifth
street, Borough of Brooklyn.

The Bureau of Contract Supervision reports thereon as follows:

"On April 23, 1915, your Board recommended to the Board of Estimate and
Apportionment the authorization of \$638,000 in corporate stock for the construc-
tion of a pier at the foot of Thirty-fifth street, Brooklyn. On May 7, 1915, the
Board of Estimate and Apportionment approved this recommendation and au-
thorized the issue of \$638,000 in stock for the purpose stated.

"On May 13, 1915, your Board approved, authorizing the execution by the
Commissioner of Docks, of a lease of the proposed pier to the Luckenbach
Steamship Company at an annual rental of \$87,000.

"The Commissioner states in the present request that the Luckenbach Steam-
ship Company now finds that their business demands a pier 175 feet wide instead
of 150 feet wide, as originally proposed.

"The estimate of the cost of the pier 150 feet wide, not including the shed
and other appurtenances, was \$292,000. The additional width proposed, it is
estimated will increase the cost \$48,000, which will make the estimated cost of the
pier, exclusive of the shed, \$340,000. The estimated cost of the shed is not
increased, as it will not extend over the widened portion of the pier. The total
estimated cost of the pier, including the shed, therefore, will be \$686,000, instead
of \$638,000.

"To compensate the City for the increased expenditure, the Luckenbach Steam-
ship Company has agreed with the Commissioner of Docks that the rental for
the first ten (10) years shall be at the rate of \$100,430.75, instead of \$87,000, as
fixed in the original agreement.

"On June 15, 1915, a communication was transmitted to your Board by the
Commissioner of Docks requesting that approval be given to an amended lease
of the pier to the Luckenbach Steamship Company at the increased rental of
\$100,430.75."

In view of the foregoing we attach hereto a resolution granting the request, the
adoption of which is recommended, conditional on the approval by your Board of a
new or amended lease with the Luckenbach Steamship Company, in which the yearly
rental of the enlarged pier is fixed at \$100,430.75, as heretofore stated to have been
agreed upon, with renewal provision as in the original lease. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE MCANENY, President, Board
of Aldermen; LEWIS H. POUNDS, President, Borough of Brooklyn; DOUGLAS
MATHEWSON, President, Borough of The Bronx; Corporate Stock Budget Com-
mittee.

Resolved, That, pursuant to the provisions of section 180 of the Greater New York
Charter, the Commissioners of the Sinking Fund hereby recommend to the Board of
Estimate and Apportionment that the resolution adopted by the said Board on May
7, 1915, which reads in part as follows:

"Resolved, That, pursuant to the provisions of section 180 of the Greater
New York Charter and the recommendation of the Commissioners of the Sinking
Fund by resolution adopted on April 28, 1915, the Board of Estimate and Appor-
tionment hereby authorizes the Comptroller to issue corporate stock of The City
of New York in the manner provided by section 169 of the Greater New York
Charter, to an amount not exceeding six hundred thirty-eight thousand dollars
(\$638,000), the proceeds to the amount of the par value thereof to be used by
the Department of Docks and Ferries for the construction of a pier at the foot
of Thirty-fifth Street, Borough of Brooklyn."

—he amended to make the amount read "six hundred and eighty-six thousand dollars
(\$686,000)".

The report was accepted and the resolution unanimously adopted.

**Dock Department—Lease to the Luckenbach Steamship Company of a Pier to
Be Built at or Near the Foot of 35th Street, Borough of Brooklyn.**

The following was received from the Commissioner of Docks:

Pier A, North River, June 15, 1915.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the
Sinking Fund:

Sir—At a meeting of the Commissioners of the Sinking Fund held May 13,
1915, resolution was adopted approving of and authorizing the execution by the
Commissioner of Docks of a lease to the Luckenbach Steamship Company of pier to
be built at or near the foot of 35th Street, South Brooklyn, about 1,739 feet in length
and 150 feet in width, together with the adjoining bulkhead, at a rental of \$87,000
per annum.

The Luckenbach Steamship Company now finds that its business demands a
pier 175 feet in width instead of 150 feet, for which the company has agreed to pay
a rental of \$100,430.75.

I beg to recommend that the resolution adopted by the Commissioners of the
Sinking Fund approving of and consenting to the execution by the Commissioner of
Docks of said lease be amended accordingly, it being understood the amendment is
subject to the approval of the amendment of the new plan for the improvement of
the water-front by changing the width of the pier at the foot of 35th Street, South
Brooklyn, from 150 to 175 feet. Yours very truly,

R. A. C. SMITH, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the
following report and offered the following resolutions:

June 21, 1915.

To the Honorable Commissioners of the Sinking Fund:

Gentlemen—On June 15, 1915, the Commissioner of Docks requested an amendment
of the resolution adopted on May 13, 1915, approving of and consenting to the
execution by the Commissioner of Docks of a lease to the Luckenbach Steamship
Company of a pier (1,739 feet long and 150 feet wide), to be built at or near the
foot of 35th Street, Borough of Brooklyn, providing for the leasing of a pier to the
same party to be built by the City, 175 feet in width instead of 150 feet in width,
and increasing the rental from \$87,000 per annum to \$100,430.75 per annum. The
rental for the larger pier is obtained by the same method of figuring as the \$87,000
per annum was reached for the 150-foot pier, which was authorized to be leased
by resolution adopted May 13, 1915. The rental recommended is fair and reasonable,
but since the new plan of the water-front improvement has not been approved nor
the total money available for the improvement, only sufficient funds having been
appropriated for the 150-foot pier, the approval and consent for the lease cannot
be given, but if it is the desire of the Commissioners of the Sinking Fund to take
action upon this matter before the plan for the water-front improvement has been
amended and the total funds made available, I herewith submit a resolution for
adoption, rescinding the former resolution as adopted on May 13, 1915, and a new
resolution for adoption, approving the Commissioner's request with a proviso that the
lease shall not be executed by the Commissioner of Docks until the plan for the
improvement of the water-front and harbor of the City of New York providing for
the widening of this pier is approved and the total funds for the improvement are
available. Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Resolution adopted by the Commissioners of the Sinking
Fund, May 13th, 1915, approving of and consenting to the execution by the Commis-
sioner of Docks of a lease to the Luckenbach Steamship Company of a pier (1739 feet
long and 150 feet wide), to be built at or near the foot of 35th Street, Borough of
Brooklyn, be and the same is hereby rescinded.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and
consent to the execution by the Commissioner of Docks of a lease to the Luckenbach
Steamship Company, a corporation organized under the laws of the State of Delaware;

having its offices at 42 Whitehall Street, New York City, of a pier to be built at or near the foot of 35th Street, Borough of Brooklyn, about one thousand seven hundred and thirty-nine feet (1739 feet) long and one hundred and seventy-five feet (175 feet) wide, together with bulkhead extending from a point about one hundred and thirty-seven and one-half feet (137½ feet) north of said pier to a point ninety-five feet (95 feet) south of said pier, together with a shed and appurtenances on said pier, for a term of ten (10) years from the date that said pier and shed shall be completed and ready for occupancy, as certified by the Chief Engineer of the Department of Docks and Ferries, with privilege of two (2) renewals of ten (10) years each. The rental for the first term of ten (10) years will be at the rate of one hundred thousand, four hundred and thirty dollars and seventy-five cents (\$100,430.75) per annum, and for each renewal term ten per cent (10%) advance on the rental for the preceding term. The City shall, at its own expense, erect upon the said pier a single-story steel shed with modern two-leaf lift doors; except in bays where there are enclosures; concrete deck, asphalt wearing surface; with track beams, without tracks; wired for electric lighting; piped for water supply and with sprinkler system installed, also office and toilet enclosures at inshore and outshore ends; and cargo booms and coaling winches. At the time of the commencement of the lease, there shall be a depth of water in the slips adjacent to the premises leased of at least thirty feet (30 feet) at mean low water, extending outshore from a line fifty feet (50 feet) westerly from the bulkhead line. The lessee shall furnish a bond in the sum of eighty-five thousand dollars (\$85,000), with surety or sureties to be approved by the Comptroller of the City of New York, for the faithful performance of all the terms and conditions of the lease. The remaining terms and conditions of the lease shall be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries. The lease not to be executed by the Commissioner of Docks until the plan for the improvement of the water front and harbor of the City of New York providing for the widening of this pier is approved and the total funds for the improvement are available.

The report was accepted and the resolutions severally unanimously adopted.

Dock Department—Amendment to Resolution Approving of a Lease to the Empire Repair and Electric Welding Company of a Certain Area of Marginal Street, Wharf or Place Northerly at 35th Street Extended, in the Borough of Brooklyn.

The following was received from the Commissioner of Docks:

Pier A, North River, June 15, 1915.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—At a meeting of the Commissioners of the Sinking Fund, held May 13, 1915, a resolution was adopted approving of and consenting to the execution by the Commissioner of Docks of a lease to the Empire Repair and Electric Welding Company of a certain area of marginal street, wharf or place, northerly of 35th Street extended, in the Borough of Brooklyn.

The Company now find that they need an additional area to carry on their business and I, therefore, beg to recommend that the description contained in said resolution be amended to read as follows:

"Description—Property in the Borough of Brooklyn, City of New York, described as follows:

"Beginnign at a point in a line 100 feet east of and parallel with the bulkhead line adopted by the Commissioner of Docks June 30, 1908, where the same is intersected by a line drawn 152 feet north of and parallel with the northerly side of the 35th Street pier adopted by the Commissioner of Docks, June 30, 1908, and running thence eastwardly and at right angles to said bulkhead line 130 feet; thence southwardly and parallel with the bulkhead line above described 212 feet; thence westwardly and at right angles to the bulkhead line above described 130 feet; thence northwardly and parallel with the bulkhead line above described 212 feet to the point or place of beginning."

The resolution provides that the rental shall be at the rate of 15 cents per square foot per annum for the first term of ten years and for the renewal terms 10 per cent. advance on the rental for the preceding term.

Respectfully yours, R. A. C. SMITH, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolutions:

June 21, 1915.

To the Honorable Commissioners of the Sinking Fund:

Gentlemen—On June 15, 1915, the Commissioner of Docks requested an amendment of the resolution adopted on May 13, 1915, approving of and consenting to the execution by the Commissioner of Docks of a lease to the Empire Repair and Electric Welding Company of a certain area (110 feet by 200 feet) of the marginal street, wharf or place northerly of 35th Street as extended, in the Borough of Brooklyn, to provide for the leasing of an area in the same locality 212 feet in length by 130 feet in width, the terms and conditions to be the same as in the former resolution.

Having no objections to offer to leasing the increased area, I recommend the adoption of the attached resolution, rescinding the former resolution and the adoption of the new resolution incorporating the additional area.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by the Commissioners of the Sinking Fund on May 13, 1913, approving of and consenting to the execution by the Commissioner of Docks of a lease to the Empire Repair and Electric Welding Company of a certain area (110 feet by 200 feet) of the marginal street, wharf or place northerly of 35th Street as extended in the Borough of Brooklyn, be and the same is hereby rescinded.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks of a lease to the Empire Repair and Electric Welding Company of the following described property in the Borough of Brooklyn, City of New York: Beginning at a point in a line one hundred feet (100 feet) east of and parallel with the bulkhead line adopted by the Commissioner of Docks June 30th, 1908, where the same is intersected by a line drawn one hundred and fifty-two feet (152 feet) north of and parallel with the northerly side of the 35th Street pier, adopted by the Commissioner of Docks June 30th, 1908, and running thence eastwardly and at right angles to said bulkhead line one hundred and thirty feet (130 feet); thence southwardly and parallel with the bulkhead line above described two hundred and twelve feet (212 feet); thence westwardly and at right angles to the bulkhead line above described one hundred and thirty feet (130 feet); thence northwardly and parallel with the bulkhead line above described two hundred and twelve feet (212 feet) to the point or place of beginning. The lease to be for a term of ten (10) years from the date that the pier at the foot of 35th Street, and shed thereon, shall be completed and ready for occupancy, as certified by the Chief Engineer of the Department of Docks and Ferries, with privilege of two renewals of ten (10) years each; that is, the lease shall commence and be coterminous with the lease of the Luckenbach Steamship Company of the pier at the foot of 35th Street, South Brooklyn. The rental for the first term of ten (10) years shall be at the rate of Fifteen Cents (15c.) per square foot per annum, and for each renewal term ten per cent. (10%) advance on the rental for the preceding term. The lessee shall have the privilege of erecting and maintaining, during the term of the lease, a machine shop about two hundred and twelve feet (212 feet) by one hundred and thirty feet (130 feet), in accordance with plans to be submitted to and approved by the Chief Engineer of the Department of Docks and Ferries. The said machine shop and any and all structures erected or maintained under the lease by the lessee shall be removed at the expiration or sooner termination of the lease. The remaining terms and conditions of the lease, except so far as they are inconsistent with those herein contained, shall be similar to those contained in leases of similar property now used by the Department of Docks and Ferries.

The report was accepted and the resolutions severally unanimously adopted.

Dock Department—Lease to the American and Cuban Steamship Line, Inc., of Pier No. 63, North River, Foot of West 23rd Street, Together with Bulkhead.

The following was received from the Commissioner of Docks:

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—I beg to recommend that the Commissioners of the Sinking Fund approve of and consent to the execution by the Commissioner of Docks of the following described lease:

Lessee—American and Cuban Steamship Line, Inc., a corporation organized under the laws of the State of New York, and having an office at No. 27 William Street, New York City.

Description—Pier No. 63, North River, foot of West 23d Street, being about 513 feet long and 45 feet wide, excepting the southerly side of said pier now occupied by a ferry rack, together with one-half bulkhead northerly of said pier.

Shed on Pier—The City shall at its own expense erect upon said pier, except the 25 feet at the outer end thereof, a single-story steel shed, equipped with two-leaf lift doors on the northerly side, excepting two closed bays, one at the inshore and one at the outshore end; said shed to be wired for electric lighting, hot and cold water supply, and with sprinkler system and plumbing installed.

Terms—The lease shall be for a term of ten years, commencing from the date that the Company shall be notified by the Commissioner of Docks that the shed is completed and ready for occupancy, with privilege of two renewals of ten years each.

Rental—Rental shall be at the rate of \$16,650 per annum.

Remaining Terms—The remaining terms and conditions of the lease shall be similar to those contained in leases of wharf property now used by this Department.

Respectfully yours, R. A. C. SMITH, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

June 23, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On June 22, 1915, the Commissioner of Docks requested the approval of an consent to the execution by the Commissioner of Docks of a lease to the American and Cuban Steamship Line, Inc., of pier (new) No. 63, foot of West 23d Street, being about 513 feet long and 45 feet wide, excepting on the southerly side of said pier now occupied by a ferry rack, together with one-half bulkhead northerly of said pier.

The City to erect upon said pier, except the 25 feet at the outer end thereof, a single-story steel shed.

The lease to be for a term of ten years commencing from the date from which the Company shall be notified by the Commissioner of Docks that the shed is ready for occupancy, with the privilege of two renewals for ten (10) years each.

The rental for the first terms, ten (10) years, will be at the rate of \$16,650 per annum, and for each renewal term ten per cent. (10%) advance on the rental for the preceding term.

The remaining terms and conditions shall be similar to those contained in leases of wharf property used by this Department.

The rental recommended I consider reasonable, and concurring in the terms and conditions as suggested by the Commissioner. I recommend the adoption of the attached resolution approving the request.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Commissioner of Docks of a lease to the American and Cuban Steamship Line, Inc., a corporation organized under the Laws of the State of New York and having an office at No. 27 William Street, New York City, of Pier No. 63, North River, foot of West 23rd Street, being about 513 feet long and 45 feet wide, excepting the southerly side of said pier now occupied by a ferry rack, together with one-half bulkhead northerly of said pier. The City at its own expense to erect upon said pier, except the 25 feet at the outer end thereof, a single story steel shed, with offices, equipped with two-leaf lift doors on the northerly side, excepting two closed bays, one at the inshore and one at the outshore end; said shed to be wired for electric lighting and cold water supply installed. The lease to be for a term of ten years commencing from the date that the Company shall be notified by the Commissioner of Docks that the shed is completed and ready for occupancy, with the privilege of two renewals of ten years each. The rental for the first term, 10 years, to be at the rate of sixteen thousand six hundred and fifty dollars (\$16,650) per annum, and for each renewal term ten (10) per cent. advance on the rental for the preceding term. The remaining terms and conditions of the lease to be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries, and as recommended by the Commissioner of Docks in communication dated June 22, 1915.

The report was accepted and the resolution unanimously adopted.

Dock Department—Issuance of \$38,600 of Corporate Stock for the Construction of a Shed on Pier at the Foot of West 23rd Street, Borough of Manhattan, Recommended to the Board of Estimate and Apportionment.

The following was received from the Commissioner of Docks:

Pier A, North River, June 23, 1915.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—I beg to request that the Commissioners of the Sinking Fund adopt a resolution recommending to the Board of Estimate and Apportionment that the Comptroller be authorized to issue corporate stock to the amount of \$38,600 for the construction of a shed on the pier at the foot of West 23rd Street. Yours respectfully,

R. A. C. SMITH, Commissioner of Docks.

The following resolution was then offered for adoption:

Resolved, That, pursuant to the provisions of section 180 of the Greater New York Charter, the Commissioners of the Sinking Fund hereby recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue corporate stock to the amount of thirty-eight thousand six hundred dollars (\$38,600), the proceeds to be used for the construction of a shed on pier at the foot of West 23rd Street, Borough of Manhattan.

Which resolution was unanimously adopted.

Dock Department—Proposed Lease to the United States Steel Products Company of the Marginal Street Area Between 28th and 29th Streets, South Brooklyn.

Laid over.

Old Dreamland Pier—Application of the Coney Island Carnival Company for Permission to Repair the Old Pier at Its Own Expense.

(See minutes of meeting held June 16, 1915, Page .)

The following was received from the Commissioner of Docks.

Pier A, North River, June 22, 1915.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—In the matter of the application of the Coney Island Carnival Company for permission to repair the old Dreamland Pier at its own expense (No. 6 on the Calendar of the meeting of June 23, 1915.)

In reference to this matter I transmit herewith copy of report, signed by Chandler Withington, Philip Guise and John Middleton, Engineers, of the work necessary to repair the visible defects of the Dreamland Pier.

This report is based upon an examination of only that portion of the pier above low water and in this connection I beg to refer to my communication of April 29, 1915, in which I request consideration of the fact that invisible corrosion has probably been in progress for many years. Respectfully yours,

R. A. C. SMITH, Commissioner of Docks.

June 18th, 1915.

Memorandum of Work Necessary to Repair the Old Dreamland Pier at Coney Island in Order to Make it Safe and Usable for the Summer Season of 1915.

This pier consists of a wooden ramp leading from the beach to the iron structure extending to about the middle of the pier. The outer half of the pier is a pile and timber structure.

The sub-structure of the wooden ramp extending from the beach to the iron structure is to be entirely rebuilt, with proper transverse and longitudinal bracing.

The inshore half of the iron structure is supported on iron columns alone. Intermediate bents to be driven midway between each existing row of iron columns, reducing the spans one-half. These bents to be properly capped to support the I-beams, and to be braced transversely and longitudinally. The I-beams supporting the deck to be tied together longitudinally by fish plating where these fish plates do not already exist, and by properly bolting the existing fish plates.

The outer half of the iron structure is supported on iron columns, reinforced by wooden piles being cut off at or near high water, and from this elevation, extended to the deck structure by pile butts. Many of these extensions are not made in a workmanlike and safe manner. Where necessary they are to be removed and replaced by

proper supporting timbers to carry the deck structure; the work to be done in a workmanlike manner and according to the best practice.

The I-beams supporting the deck construction to be tied together longitudinally by fish-plating and bolting as required in the other section.

The wooden portion of the inner end of the pile and timber part of the pier is to be shut off from use on the easterly side, and properly braced for the balance, adequate supporting timbers being added where the structure supports the small building on the westerly side of the pier.

The entire outer half of the pier consisting of pile and timber structure is to be reinforced at each end of each pile row by adding batter piles where these have been omitted, broken or found defective. Existing bearing piles to be brought to a full bearing under the cross caps in order to properly support the deck structure, fish plates being used for this purpose where necessary.

The pile rows to be tied together longitudinally in the plane of the cross caps by a continuous longitudinal tie extending along each side of the pier from the iron structure to the sea end. All the pile rows to be cross braced transversely and each alternate bent to be cross-braced longitudinally. All the existing bracing to be properly fastened.

The steamboat landing extending easterly from this portion of the pier near the outer end to be cut off from use and the entrance thereto to be fenced off.

The steamboat landing at the outer end of the pier to be reinforced by driving 15 or more oak piles along the sea-face, properly bolted to the framework, and 8 or more oak batter piles to be driven along the rear face of the structure.

The existing trussed framework to be reinforced by proper bolting, the easterly half of this framework to be reinforced further by adding additional triangular and longitudinal bracing, the intention being to have this entire landing structure to act as a unit to resist the shock in the landing of vessels.

The deck sheathing, fences, railings and other appurtenances to be repaired and made good where necessary.

The pier to be used under the following conditions:

Strict rules and regulations to be installed permitting the pier to be used only as a means of access to and from the boats, i. e., the pier to be used for landing purposes only. The people waiting for the boats should wait on the beach and not allowed to crowd on the pier. Respectfully submitted,

CHANDLER WITHINGTON, PHILIP GUISE, JOHN MIDDLETON.

Commissioners of the Sinking Fund, City of New York:

Gentlemen—The Dreamland Pier on the Dreamland Park site, Coney Island, Borough of Brooklyn, together with the land under said pier, are no longer required by this Department, and are hereby turned over to the Commissioners of the Sinking Fund for transfer to the Department of Docks and Ferries. Very truly yours,

RAYMOND V. INGERSOLL, Commissioner.

No one representing the Coney Island Carnival Company appeared before the Board in regard to the matter. Discussion followed.

The following resolution was offered for adoption.

Whereas, The Commissioner of Parks for the Borough of Brooklyn in a communication dated June 23, 1915, having turned over to the Commissioners of the Sinking Fund the property hereinafter described it is

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby assign to the Department of Docks and Ferries the old Dreamland pier on the Dreamland Park site at Coney Island, Borough of Brooklyn, together with the land under said pier—it being understood that the property is to be reassigned to the Park Department at the close of navigation in the fall of this year, and that the demolition of the pier is to remain suspended until that time; and

Resolved, That the Commissioner of Docks be and is hereby authorized to grant a permit to the Coney Island Carnival Company to repair the old Dreamland pier at its own expense under the supervision of the Commissioner of Docks; the repairs to be made in accordance with the memorandum of work necessary to repair the said pier, signed by Chandler Withington, Philip Guise and John Middleton, Engineers, accompanying the communication of the Commissioner of Docks to the Commissioners of the Sinking Fund, dated June 22, 1915, in connection with the pier; and be it further

Resolved, That the Commissioner of Docks be and is hereby directed to exact such bond as may be determined upon by himself and the Comptroller, to indemnify the City of New York against loss by accident or otherwise, and also to accept such rental for use of the pier for the summer season of 1915, as in his discretion may be determined upon, subject to the approval of the Comptroller.

Which resolution was unanimously adopted.

Board of Education—Lease for, of Lavelle Hall, Located at 260th Street, 150 Feet East of Riverdale Avenue, Borough of The Bronx.

Laid over.

County Court of Kings County—Lease for, of Premises Nos. 118-124 Schermerhorn Street and 245 State Street, Borough of Brooklyn.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

June 19, 1915.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—For some years past there has been considerable congestion in the County Court House in the Borough of Brooklyn, which is devoted exclusively to the various parts of the County Court and Supreme Court, and the Kings County Grand Jury.

After many conferences with the Justices of these courts, it was finally decided at the meeting held May 15, 1915, that the logical solution of the problem would be obtained by removing from this building the various parts of the County Court, Clerks' offices and Grand Jury room, the space thus vacated to be remodeled and used for Supreme Court purposes.

There is available on the south side of Schermerhorn Street, between Boerum Place and Smith Street, Borough of Brooklyn, a structure which may be remodeled and provision made for six parts of the County Court, with the necessary Judges' chambers, Clerks' offices, jury rooms, etc., and an adjoining building, which is to be altered to make provision for Justices' chambers. In the rear of these premises facing on the northerly side of State Street, an entrance is to be made for the transportation of prisoners to and from the Kings County Jail, which will obviate the necessity of bringing these criminals through the main building.

After negotiation by the Comptroller the premises may be rented for such a sum as represents 6 per cent. on the cost to the owner of the various properties, plus such an amount as will at the end of a proposed lease, which is to run for a period of ten years, amortize the cost of the alterations and improvements plus the cost of fire insurance, it being understood that the City is to pay taxes and water rates, make all inside and outside repairs during the term of the lease, furnish heat, light, elevator and janitor service.

The various properties cost \$120,000, to which amount is to be added the cost of structural changes and alterations amounting to \$80,000, resulting in a total cost of \$200,000. The rent therefore will be as follows:

1st year, 6 per cent. on \$200,000.....	\$12,000 00	
One-tenth of cost of alterations.....	8,000 00	
Fire insurance	2,000 00	22,000 00
2d year, 6 per cent. on \$192,000.....	\$11,520 00	
One-tenth of cost of alterations.....	8,000 00	
Fire insurance	2,000 00	21,520 00
3d year, 6 per cent. on \$184,000.....	\$11,040 00	
One-tenth of cost of alterations.....	8,000 00	
Fire Insurance	2,000 00	21,040 00
4th year, 6 per cent. of \$176,000.....	\$10,560 00	
One-tenth of cost of alterations.....	8,000 00	
Fire Insurance	2,000 00	20,560 00

5th year, 6 per cent. on \$168,000.....	\$10,080 00	
One-tenth of cost of alterations.....	8,000 00	
Fire Insurance	2,000 00	20,080 00
6th year, 6 per cent. on \$160,000.....	\$9,600 00	
One-tenth of cost of alterations.....	8,000 00	
Fire Insurance	2,000 00	19,600 00
7th year, 6 per cent. on \$152,000.....	\$9,120 00	
One-tenth of cost of alterations.....	8,000 00	
Fire Insurance	2,000 00	19,120 00
8th year, 6 per cent. on \$144,000.....	\$8,640 00	
One-tenth of cost of alterations.....	8,000 00	
Fire Insurance	2,000 00	18,640 00
9th year, 6 per cent. on \$136,000.....	\$8,160 00	
One-tenth of cost of alterations.....	8,000 00	
Fire Insurance	2,000 00	18,160 00
10th year, 6 per cent. on \$128,000.....	\$7,680 00	
One-tenth of cost of alterations.....	8,000 00	
Fire Insurance	2,000 00	17,680 00

The Justices of the County Court have approved of the proposed plans, and I am of the opinion that the removal of the County Court from the Court House building and the assignment of the space occupied by them to the Supreme Court will cover the requirements of both courts for many years to come.

I, therefore, respectfully recommend, the rent being reasonable and just, that your Board approve of a lease of the premises known on the tax maps of the City of New York as Section 1, Block 169, Lots 17, 18 and 33, designated by the street numbers 118-120-122-124 Schermerhorn Street and 245 State Street, in the Borough of Brooklyn, for use of the County Court of the County of Kings, such changes and alterations to be made therein by the lessor as appear on a certain plan drawn by Frank H. Quimby, Architect, 99 Nassau Street, Borough of Manhattan, dated June 14, 1915, and specifications drawn in accordance therewith, subject to such minor changes as may be required by the Comptroller of the City of New York, it being understood that the lessor is to erect and furnish all of the necessary partitions, railings, judges' benches, and in fact everything that is required except movable furniture and furnishings, for a period of ten years from October 1, 1915, or as soon thereafter as the alterations are completed and the building ready for occupancy, provided the Bureau of Buildings and the Bureau of Fire Prevention certify that the building as altered is suitable for court house purposes; the annual rent for the first year being \$22,000, second year \$21,520, third year \$21,040, fourth year \$20,560, fifth year \$20,080, sixth year \$19,600, seventh year \$19,120, eighth year \$18,640, ninth year \$18,160, and the tenth year \$17,680, payable quarterly; the City of New York to pay all taxes, assessments and water rates, furnish heat, light, elevator and janitor service, make inside and outside repairs during the term of the lease or any renewal thereof, and to have the privilege of renewal for a further term of ten years at an annual rental of \$9,200; otherwise upon the same terms and conditions. Lessor, Ettrick Realty Company, 122 Hudson Street, Borough of Manhattan.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from the Ettrick Realty Company of the premises known on the tax maps of the City of New York as Section 1, Block 169, Lots 17, 18 and 33, designated by the street numbers 118-120-122-124 Schermerhorn Street and 245 State Street, in the Borough of Brooklyn, for use of the County Court of the County of Kings, such changes and alterations to be made therein by the lessor as appear on a certain plan drawn by Frank H. Quimby, Architect, 99 Nassau Street, Borough of Manhattan, dated June 14, 1915, and specifications drawn in accordance therewith, subject to such minor changes as may be required by the Comptroller of the City of New York, it being understood that the lessor is to erect and furnish all of the necessary partitions, railings, judges' benches and, in fact, everything that is required except movable furniture and furnishings, for a period of ten years from October 1, 1915, or as soon thereafter as the alterations are completed and the building ready for occupancy, provided the Bureau of Buildings and the Bureau of Fire Prevention certify that the building as altered is suitable for court house purposes; the annual rent for the first year to be \$22,000, second year \$21,520, third year \$21,040, fourth year \$20,560, fifth year \$20,080, sixth year \$19,600, seventh year \$19,120, eighth year \$18,640, ninth year \$18,160, and the tenth year \$17,680, payable quarterly; the City of New York to pay all taxes, assessments and water rates, furnish heat, light, elevator and janitor service, make inside and outside repairs during the term of the lease or any renewal thereof, and to have the privilege of renewal for a further term of ten years at an annual rental of \$9,200; otherwise upon the same terms and conditions. —and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by Sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

County Officials, Bronx County—Lease for, of Space in Building to Be Erected Adjacent to the Present Bergen Building, Corner of Tremont and Arthur Avenues, Borough of The Bronx.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

June 22, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On April 28, 1915, the Commissioners of the Sinking Fund adopted a resolution authorizing a lease to the City from William C. Bergen of 33,965 square feet of space in the modern fireproof building to be constructed adjacent to the present building known as the Bergen Building, located on the southeasterly corner of Tremont and Arthur Avenues, Borough of The Bronx, for use of the officials as mentioned in said resolution, for a period of ten years from October 1, 1915, or as soon thereafter as the building is ready for occupancy, at the rate of 75 cents per square foot per annum, with the exception of that portion of the first floor, which was to be used as a jail, containing 3,900 square feet of space, the rental of which was to be at the rate of \$1.47 per square foot per annum; the lease to contain the privilege of renewal for an additional term of ten years, under the same terms and conditions, excepting so far as it relates to the 3,900 square feet of space in the rear of the first floor, to be used as a jail, which, in the event of a renewal, shall be at the rate of \$1.25 per square foot per annum. This lease was executed on May 14, 1915.

Under the conditions of the lease the lessor is to construct in the rear of the first floor sixty (60) cells of the same design and construction as the cells now contained in the Bronx County Court House, and to equip a kitchen and laundry in connection therewith.

This lease was made under the impression that two prisoners would be housed in each cell, but upon a submission of the plans of the proposed building to the State Commission of Prisons, I received the following communication addressed to your Board under date of June 19, 1915:

"State of New York, State Commission of Prisons, Office of the President, 58 East 65th Street, New York, June 19, 1915.

"To the Commissioners of the Sinking Fund, Municipal Building, Borough of Manhattan:

"Gentlemen—There was presented to the State Commission of Prisons at its last meeting a plan showing the location of certain cells in the proposed Bergen Building, adjoining the southeast corner of Arthur and Tremont Avenues, in the Borough of The Bronx, which are to be used in part for County Jail purposes.

"I understand that a lease has been executed by the City, in pursuance of a resolution adopted by your Board on April 28, 1915, providing for the construction in the rear of the proposed building of sixty cells similar to those contained in the Bronx County Court House at 161st Street and Third Avenue, in the Borough of The Bronx, and for the equipment of a kitchen and laundry in connection therewith.

"I am informed that it was the intention of the City authorities to have confined in each cell two prisoners, which is contrary to the policy of this Commission, as investigation has proven that often gross immorality exists where more than one prisoner is confined to a cell.

"Subsequent to the meeting above mentioned a personal examination of the proposed site was made by Commissioner Weinstock and myself, representing the State Commission of Prisons, in company with the Appraiser of Real Estate of the Department of Finance and the Sheriff of Bronx County, to the end that such changes and additions to the jail may be made as would conform to the proper confinement of prisoners who may be detained in the proposed building.

"The present court house building, part of which is now used for jail purposes, contains forty cells, and I am of the opinion that all of these accommodations will be required for women, male prisoners under age and witnesses held under detention.

"In the new building it will be absolutely necessary to provide cell accommodations for about 120 prisoners, as shown us in the tentative plans; also a hospital, chapel, kitchen, dining room for employees, visiting and counsel room, storeroom, a room for fumigating purposes, shower baths on each floor and sleeping quarters for 'trusties' who do the institutional work.

"In coming to this conclusion I have in mind the fact that only recently the census of all classes of prisoners and witnesses under detention confined in the jail at 161st Street numbered 121—and even 120 cells may prove to be too few for this fast growing section of the City.

"I am of the opinion that a cell 5 feet 10 inches wide, 8 feet deep and 8 feet high will meet the requirements of the Commission, provided that each cell face outwardly, as to allow plenty of light and air.

"I would therefore request that your Board take such steps as will be necessary to carry into effect the suggestions herein made.

"Very truly yours,

HENRY SOLOMON."

In order to do this it has been necessary to redraft the plans prepared for the original building, which will necessitate the rearrangement of the locations designated for the different departments. To provide for this the owner has agreed to erect two additional stories, making the building a seven-story, instead of a five-story building. The rent per square foot per annum will be the same as originally proposed, namely, 75 cents, with the exception of the area to be used for jail purposes. Under the present lease 3,900 square feet of space is leased for jail purposes at the rate of \$1.47 per square foot per annum for the first ten years, and in the event of a renewal at the rate of \$1.25 per square foot per annum.

Although the above communication from the State Commission on Prisons declares that about 120 cells should be provided for, after further consideration it has been determined that 106 cells will be sufficient. This will require 12,500 square feet of floor space, which the owner will rent at the rate of \$1.26 per square foot per annum for the first ten years, and \$1.12 per square foot per annum in the event of a renewal.

As stated above, these changes will necessitate a rearrangement of the original allotment of space for the different departments, but will not involve loss of space to any of them.

It will be necessary to provide for a library to be used by all of these departments, and room for the Justices and Clerks of the Court of Special Sessions, and 2,700 square feet of space in the front of the third floor has been allotted for these purposes. This will obviate the necessity of renewing the lease of premises at No. 3230 Third Avenue, Borough of The Bronx, now being used for a library and leased until January 1, 1916, at a rental of \$720 per annum.

I therefore respectfully recommend, the rent being reasonable and just, that the Commissioners of the Sinking Fund authorize a lease from William C. Bergen of 47,965 square feet of floor space in the modern fireproof building to be constructed adjacent and adjoining the present building known as the Bergen Building, located on the southeasterly corner of Tremont and Arthur Avenues, Borough of The Bronx, and more particularly described as follows:

Beginning at a point on the easterly side of Arthur Avenue, distant 134.27 feet southerly from the intersection of the easterly side of Arthur Avenue and East 177th Street; running thence easterly and parallel with East 177th Street 61.57 feet; thence northerly at right angles to East 177th Street 35 feet; thence again easterly and parallel with East 177th Street 85.22 feet; thence southerly at right angles to East 177th Street 100 feet; thence westerly and parallel to East 177th Street 139.50 feet to the easterly side of Arthur Avenue; running thence northerly along the easterly side of Arthur Avenue 65.59 feet to the point or place of beginning.

—to be used as follows:

- 2,065 square feet in the front of the first floor for the Sheriff.
- 3,900 square feet in the rear of the first floor to be used for jail purposes.
- 2,700 square feet in the front of the second floor to be used by the Sheriff, as a chapel, hospital and other purposes incidental to a jail.
- 4,300 square feet in the rear of the second floor to be used for jail purposes.
- 1,000 square feet in the front of the third floor for the use of the Justices and Clerks of the Court of Special Sessions.
- 1,700 square feet in the front of the third floor to be used as a library.
- 4,300 square feet in the rear of the third floor to be used for jail purposes.
- 1,040 square feet in the front of the fourth floor for use of the District Attorney as a Grand Jury room.
- 1,660 square feet in the front of the fourth floor for use of the County Clerk.
- 4,300 square feet in the rear of the fourth floor for use of the County Court.
- 7,999 square feet (the entire fifth floor) for use of the District Attorney.
- 7,000 square feet (the entire sixth floor) for use of the Surrogate.
- 2,700 square feet in the front of the seventh floor for use of the Commissioner of Jurors.
- 4,300 square feet in the rear of the seventh floor for use of the Coroner and the Court of Special Sessions.

—for a period of ten years from October 1, 1915, or as soon thereafter as the building is ready for occupancy; the rental to be at the rate of 75 cents per square foot per annum, with the exception of 12,500 square feet of floor space to be used for jail purposes, the rental of which will be at the rate of \$1.26 per square foot per annum; the lease to contain a privilege of renewal for an additional term of ten years, under the same terms and conditions, excepting so far as it relates to the 12,500 square feet of floor space to be used for jail purposes, the rent of which, in the event of a renewal, shall be at the rate of \$1.12 per square foot per annum; the lease to contain a clause providing for the cancellation of the lease with William C. Bergen, dated May 14, 1915, and authorized by the Commissioners of the Sinking Fund on April 28, 1915, and to contain a further cancellation clause, providing for the cancellation of the lease with William C. Berger in so far as it affects the premises now occupied by the Coroner, Commissioner of Jurors and Sheriff in the present Bergen Building, located at the southeasterly corner of Tremont and Arthur Avenues, Borough of The Bronx, such cancellation not to take effect, however, until the above mentioned officers have taken possession of the space to be leased for them in the building to be erected; the lessor to pay taxes and water rates, except for the water used in the premises leased for jail purposes, make inside and outside alterations and repairs, furnish heat, light, elevator and janitor service, and to provide a separate elevator of sufficient capacity to carry the prisoners detained in the jail to the roof, which is to be used by them for recreation purposes, and construct in the rear of the first, second and third floors 106 cells, each cell to be at least 5 feet 10 inches wide, 8 feet deep and 8 feet high, to face outwardly so as to allow plenty of light and air and otherwise meet with the approval of the State Commission of Prisons, equip a kitchen and laundry and other incidentals necessary for jail purposes; also to furnish and erect all partitions, railings, etc., required by the different departments, and in addition thereto construct Judges' benches, railings and partitions where required; the City to provide the necessary elevator and janitor service, make inside repairs and pay for the water used in the premises leased for jail purposes; the lease to contain a clause whereby, upon the expiration of the original term thereof, the City may at its option, purchase the cells above mentioned for the sum of \$15,200, in which event the City shall remove them from the building at its own expense. Should the City renew this lease, the cells shall become the property of The City of New York upon the expiration thereof, without any payment therefor; the lease not to be executed until the plans and specifications of the building have been approved by the Comptroller. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from William C. Bergen, dated May 14, 1915, and authorized by the Commissioners of the Sinking Fund on April 28, 1915, and to contain a further cancellation clause providing for the cancellation of the lease with William C. Bergen in so far as it affects the premises now occupied by the Coroner, Commissioner of Jurors and the Sheriff in the present Bergen Building, located at the southeasterly corner of Tremont and Arthur Avenues, Borough of The Bronx, such cancellation not to take effect, however, until the above mentioned officers have taken possession of the space to be leased for them in the building to be erected; the lessor to pay taxes and water rates, except for the water used in the premises leased for jail purposes, make inside and outside alterations and repairs, furnish heat, light, elevator and janitor service, and to provide a separate elevator of sufficient capacity to carry the prisoners detained in the jail to the roof, which is to be used by them for recreation purposes, and construct in the rear of the first, second and third floors 106 cells, each cell to be at least 5 feet 10 inches wide, 8 feet deep and 8 feet high, to face outwardly so as to allow plenty of light and air, and otherwise meet with the approval of the State Commission of Prisons, equip a kitchen and laundry and other incidentals necessary for jail purposes; also to furnish and erect all partitions, railings, etc., required by the different departments, and in addition thereto construct judges' benches, railings and partitions where required; the City to provide the necessary elevator and janitor service, make inside repairs and pay for the water used in the premises leased for jail purposes; the lease to contain a clause whereby, upon the expiration of the original term thereof, the City may at its option purchase the cells above mentioned for the sum of \$15,200, in which event the City shall remove them from the building at its own expense. Should the City renew this lease the cells shall become the property of the City of New York upon the expiration thereof, without any payment therefor; the lease not to be executed until the plans and specifications of the building have been approved by the Comptroller. —and the Commissioners of the Sinking Fund, deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

New York Institution for the Instruction of the Deaf and Dumb—Application of, for a Grant of Land on Fort Washington Avenue, Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

June 23, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of a communication from Thomas F. Conway, attorney for the New York Institution of the Deaf and Dumb, requesting a release to them of the City's interest in a certain strip of land lying between the old line of Fort Washington Ridge Road and the present line of Fort Washington Avenue, Borough of Manhattan.

Fort Washington Avenue from Eleventh Avenue (now Broadway) at 159th Street to Kingsbridge Road (now Broadway) north of 198th Street, was acquired by the City in condemnation proceedings, title vesting on April 21, 1876. The lines of the street as acquired were not continuous, but were irregular, and for the purpose of settling all doubt as to the location thereof, commissioners were appointed in accordance with chapter 114 of the Laws of 1892 to establish the lines of the road, so that the same should agree as to location with those laid out or intended to be laid out.

The Commissioners in their report made an award to the Institution for the land requested to be released, which was designated in their report as Parcel B-4, in the sum of \$3,089.80. The report was confirmed on July 12, 1904. The award, therefore, carried interest up to November 12, 1904. For the reason that an attorney's lien was filed against said award, the same has not as yet been paid by the City.

The premises requested to be released have been appraised by the Division of Real Estate of this Department at \$9,600.20. Under the rule adopted by the Commissioners of the Sinking Fund, this may be conveyed to the petitioner for 50 per cent. of such appraisal, or \$4,800.10. It must be taken into consideration, however, that the City has had the use of the sum of \$5,219.70, which is the amount of the award due the New York Institution of the Deaf and Dumb (which is the award made by the Commissioners, with interest up to November 12, 1904), and has received 2 per cent. interest thereon for a period of 10½ years, amounting to \$1,095.99, which amount, to my mind, should be deducted from the consideration to be paid by the petitioner, thereby making the consideration \$3,704.11, plus an additional charge of \$12.50 for the preparation of the necessary papers.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a release to the New York Institution for the Instruction of the Deaf and Dumb of the interest of the City in and to all that certain piece or parcel of land, situate, lying and being in the Borough of Manhattan, City of New York, designated as Parcel B-4 in the report of the Commissioners appointed "In the Matter of the Establishment of the Boundaries of Fort Washington Ridge Road, pursuant to chapter 114 of the Laws of 1892," which report was confirmed July 12, 1904, and more particularly bounded and described as follows:

Beginning at the point of intersection of the westerly line of Fort Washington Avenue with the northerly line of West 163rd Street, running thence northerly along said westerly line of Fort Washington Avenue a distance of 579.66 feet to the southerly line of West 165th Street; running thence westerly along the said southerly line of West 165th Street a distance of 2.83 feet to the westerly line of old Fort Washington Ridge Road; running thence southerly along said westerly line of old Fort Washington Ridge Road a distance of 578.82 feet to the northerly line of West 163rd Street; running thence easterly along said northerly line of West 163rd Street a distance of 4.47 feet to the westerly line of Fort

Washington Avenue at the point or place of beginning, be the said several distances and dimensions more or less. The parcel of land intended to be conveyed hereby being a portion of the parcel of land designated and described as parcel B-4 on a map filed in the office of the Commissioner of Records of New York County as a part of the report of the Commissioners acting under the authority of chapter 114 of the Laws of 1892, and designated and described as No. 5X in the testimony filed with said report, which is bounded on the south by the northerly boundary of West 163rd Street and on the north by the southerly boundary of West 165th Street, as said streets now exist.

—in consideration of the sum of \$3,704.11, plus the additional charge of \$12.50 for the preparation of the necessary papers. The release to contain the following terms and conditions:

That the grantee waive any and all claim for damages arising out of the closing of the street or avenue.

That the grantee is the owner of the land fronting on the section of the street or avenue to be conveyed.

The deed not to be delivered until the grantee has paid whatever taxes and assessments are liens against the premises to be conveyed.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The New York Institution for the Instruction of the Deaf and Dumb having requested a release of the City's interest in a strip of land lying between the old line of Fort Washington Ridge Road and the present line of Fort Washington Avenue, in the Borough of Manhattan, it is

Resolved, That the Commissioners of the Sinking Fund hereby determine that the land described as follows is not needed for any public use:

All that certain piece or parcel of land, situate, lying and being in the Borough of Manhattan, City of New York, designated as Parcel B-4 in the report of the Commissioners appointed "In the Matter of the Establishment of the Boundaries of Fort Washington Ridge Road, pursuant to chapter 114 of the Laws of 1892," which report was confirmed July 12, 1904, and more particularly bounded and described as follows:

Beginning at the point of intersection of the westerly line of Fort Washington Avenue with the northerly line of West 163rd Street; running thence northerly along said westerly line of Fort Washington Avenue a distance of 579.66 feet to the southerly line of West 165th Street; running thence westerly along the said southerly line of West 165th Street a distance of 2.83 feet to the westerly line of old Fort Washington Ridge Road; running thence southerly along said westerly line of old Fort Washington Ridge Road a distance of 578.82 feet to the northerly line of West 163rd Street; running thence easterly along said northerly line of West 163rd Street a distance of 4.47 feet to the westerly line of Fort Washington Avenue at the point or place of beginning, be the said several distances and dimensions more or less. The parcel of land intended to be conveyed hereby being a portion of the parcel of land designated and described as parcel B-4 on a map filed in the office of the Commissioner of Records of New York County as a part of the report of the Commissioners acting under the authority of chapter 114 of the Laws of 1892, and designated and described as No. 5X in the testimony filed with said report, which is bounded on the south by the northerly boundary of West 163rd Street and on the north by the southerly boundary of West 165th Street, as said streets now exist.

—and be it further

Resolved, That, pursuant to the provisions of section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize a release to the New York Institution for the Instruction of the Deaf and Dumb of the interests of The City of New York in and to the property hereinabove in this resolution bounded and described, in consideration of the sum of three thousand seven hundred and four dollars and eleven cents (\$3,704.11), plus the additional charge of twelve dollars and fifty cents (\$12.50) for the preparation of the necessary papers. The release to contain the following terms and conditions:

That the grantee waive any and all claim for damages arising out of the closing of the streets or avenue.

That the grantee is the owner of the land fronting on the section of the street or avenue to be conveyed.

The deed not to be delivered until the grantee has paid whatever taxes and assessments are liens against the premises to be conveyed.

The report was accepted and the resolution unanimously adopted.

New York Connecting Railroad Company—In the Matter of the Rentals to Be Paid by, for the Use and Occupation of Certain Lands on Ward's and Randall's Islands.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

June 14th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On June 6th, 1913, the Mayor, in accordance with a resolution adopted by the Commissioners of the Sinking Fund on April 2nd, 1913, executed an agreement establishing the areas and fixing the rates of rentals the New York Connecting Railroad Company should pay the City for the use and occupation of certain lands on Ward's and Randall's Islands. From examination of the structure as substantially completed it appears that the original design has not been strictly adhered to; also that the areas given in the agreement for the respective area classifications are in error.

The original design of the piers on Ward's and Randall's Islands contemplated a solid structure from the foundation to the top of the masonry, but a later design introduced an arch in some of the piers. Where the foundation was on earth a solid base was used extending the entire length of the pier; on rock, the base was divided, leaving a space 17 inches in width between the pedestals.

The area used temporarily for constructional purposes is less than fixed in the agreement. The area for permanent occupation of the piers, etc., is more than given in the agreement, while the area for overhead structures is less than charged for in the agreement. The main difference is—the area to be occupied by the abutments, piers and other supports of the bridge. The Railroad Company figured the areas by taking the planes at the surface of the ground. In my opinion it should be figured on a plane at the bottom of the footings of the piers, etc.

After a number of conferences with the engineers and other representatives of the New York Connecting Railroad Company the Company agreed to the substitution of the corrected areas and to pay for the areas under the arches of the piers at a rate intermediate between the rate for piers and overhead structures.

Using the corrected areas and the same method of figuring as used by the Select Committee in its report of April 2nd, 1913, I compute the rentals of the respective areas as follows:

A—For the area of 423,979 square feet to be temporarily occupied and used in connection with the construction of the New York Connecting Railroad at the rate of twenty-one thousand one hundred ninety-eight dollars ninety-five cents (\$21,198.95) per annum.

B—For the area of 83,938 square feet to be permanently occupied by the abutments, piers and other supports of the bridge or elevated structure of the New York Connecting Railroad, viz:

1. For the period of ten (10) years beginning on the eleventh day of November, 1912, and ending on the tenth day of November, 1922, the sum of four thousand one hundred and ninety-six dollars and ninety cents (\$4,196.90) per annum; and

2. For the period of fifteen (15) years beginning on the tenth day of November, 1922, and ending on the tenth day of November, 1937, the sum of forty-seven hundred and seventy dollars and forty-eight cents (\$4,770.48) per annum.

C—For the area of 12,067 square feet under the arches of the pier bounded by the footings of the piers and between the lines of the northerly and southerly face of said pier footings, viz:

1. For the period of ten (10) years beginning on the eleventh day of November, 1912, and ending on the tenth day of November, 1922, the sum of five hundred and twenty-seven dollars and ninety-three cents (\$527.93) per annum; and

2. For the period of fifteen (15) years beginning on the tenth day of November, 1922, and ending on the tenth day of November, 1937, the sum of six hundred dollars and eight cents (\$600.08) per annum.

D—For the area of 214,904 square feet of the portions of overhead space above said islands to be permanently occupied by such bridge or elevated structure, viz:

1. For the period of ten (10) years beginning on the eleventh day of November, 1912, and ending on the tenth day of November, 1922, for the sum of eight thousand and fifty-eight dollars and ninety cents (\$8,058.90) per annum; and

2. For the period of fifteen (15) years beginning on the tenth day of November, 1922, and ending on the tenth day of November, 1937, for the sum of nine thousand one hundred and sixty dollars and twenty-eight cents (\$9,160.28) per annum.

Exclusive of the rental for the land temporarily occupied, which in a few years will be eliminated, when the structure is completed, the gross annual rental for the ten-year period, according to the corrected figures, is \$12,83.73, and for the fifteen-year period, \$14,530.74. The gross annual rental, according to the old agreement, is \$12,095 for the ten-year period and \$13,748 for the fifteen-year period. In order that the full intention of the agreement dated June 6th, 1913, may be carried out and the City receive full rental for the privileges granted, which the railroad company gladly agrees to pay, I recommend the adoption of the attached resolutions, incorporating a form for a new agreement, containing the corrected areas and a rate for the areas under the arches of the piers. In other respects the resolutions are similar to the one adopted on April 2nd, 1913.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, By an agreement dated June 6th, 1913, between The New York Connecting Railroad Company and the Commissioners of the Sinking Fund, prepared and executed pursuant to a resolution adopted by the Commissioners of the Sinking Fund on April 2nd, 1913, the railroad company is to pay the City certain rentals for the use and occupation by the said company of certain lands on Wards and Randalls Islands; and

Whereas, It appears that the areas given in said resolution and agreement do not agree with areas as actually used and occupied by the said railroad company; and

Whereas, The Engineers of the Department of Finance and the Engineers of the railroad company have agreed to the areas of the respective classifications of the lands used and occupied by the company; and

Whereas, The present agreement being in error, it is the sense of this Board that the aforesaid agreement should be cancelled and a new agreement entered into; therefore be it

Resolved, That the Commissioners of the Sinking Fund hereby approve the following agreement, with the addition of certain provisions hereinafter set forth:

This Agreement, made this day of , A. D. 191 , by and between The New York Connecting Railroad Company, a corporation of the State of New York, and The Board of Commissioners of the Sinking Fund of The City of New York;

Whereas, The Legislature of the State of New York, by an act known as chapter seven hundred fifty-two of the Laws of 1900, which became a law on May 3rd, 1900, authorized The New York Connecting Railroad Company "To construct upon the line of its railroad a bridge for railroad purposes only of a single span across the East River at or near Hell Gate, together with the necessary viaduct approaches, and to maintain and operate the same," and the Board of Rapid Transit Railroad Commissioners for The City of New York, by its certificate issued under date of February 14th, 1907, to The New York Connecting Railroad Company, authorized that Company to lay down, construct and operate a railway upon the route as therein described: Beginning at a point in the Borough of Brooklyn over the northeasterly side of Knickerbocker Avenue, near the Roman Catholic Cemetery of the Most Holy Trinity, and running thence into and through the Borough of Queens, and "by bridge in a northwesterly direction over the East River to a point on Wards Island; thence with a curve toward the east in a general northeasterly direction by a bridge over Wards Island and Little Hell Gate to a point on Randalls Island; thence still continuing in a general northeasterly direction by bridge over Randalls Island and the Bronx Kills" to a connection with the railroad of the Harlem River and Portchester Railroad Company north of 141st Street, in the Borough of The Bronx, and the said certificate provides in the paragraph designated Third of Article "V" thereof;

(a) That the railroad company shall pay as rental the reasonable value of the use and occupation by the railroad company of the portions of Wards and Randalls Islands, such use and occupation being classified substantially as follows:

1—Permanent occupation by the abutments, piers and other supports of the bridge or elevated structure;

2—Permanent overhead occupation by the bridge or elevated structure; and

3—Any use during construction.

(b) That "the time for such payment shall be computed from the date of the first occupation of the ground of Wards or Randalls Islands for any purpose of such bridge or elevated structure. The amount of such annual payments may be agreed upon in writing by the railroad company on the Board of Commissioners of the Sinking Fund of The City of New York or other authorities in control of said islands. * * * Two rates shall be agreed upon or prescribed as aforesaid: The first for the period which shall begin on the date of the first occupation of the ground on Wards or Randalls Islands for any purpose of such elevated structure, and shall end ten (10) years from and after the date from which shall be first computed as aforesaid the annual payments in this article hereinbefore prescribed to be paid by the railroad company; and the second rate for the period of fifteen (15) years which shall begin on the last day of such first period and end on the day fifteen (15) years next thereafter," and

Whereas, The Engineers of The New York Connecting Railroad Company and the Engineers of the Department of Finance have agreed upon the following areas classified as follows:

A—Area to be temporarily occupied and used in connection with the construction of the railroad, 423,979 square feet;

B—Area to be permanently occupied by the abutments, piers and other supports of the bridge or elevated structure, 83,938 square feet;

C—Area under the arches of the piers bounded by the footings of the piers and between the lines of the northerly and southerly faces of the said pier footings, 12,067 square feet.

D—Area of the portions of overhead space above said islands to be occupied by such bridge or elevated structure, 214,904 square feet; and

Whereas, The said railroad company and the Board of Commissioners of the Sinking Fund of The City of New York having agreed upon the amounts of the annual payments so to be made by the said railroad company and accepted by the City as being the reasonable value of the use and occupation by the railroad company of the portions of ground upon the said Wards Island and Randalls Island so to be occupied and used by said railroad company, with due regard to the estate and title of The City of New York in the property so to be occupied and used as aforesaid, and having ascertained the date of the first occupation by the railroad company of the ground of Wards or Randalls Islands for any purpose of said railroad company's such bridge or elevated structure, from which date payments to be made by said railroad company shall be computed;

Now, Therefore, This Agreement Witnesseth, That The New York Connecting Railroad Company and The Board of Commissioners of the Sinking Fund of The City of New York hereby agree as follows:

First—That the eleventh day of November, 1912, was the date of the first occupation by said The New York Connecting Railroad Company of the ground of Wards or Randalls Islands for any purpose of such bridge or elevated structure;

Second—That the amounts which said railroad company shall pay as rental for the use and occupation by the railroad company of the portions of ground upon said Wards Island and Randalls Island permanently occupied by the abutments, piers and other supports of the bridge or elevated structure of said railroad company, and of the use and occupation by the said railroad company of the portions of overhead space above said islands occupied by such bridge or elevated structure, and of the use and occupation by said railroad company for any purpose whatsoever in connection with the construction of the railroad are as follows:

A—For the area of 423,979 square feet to be temporarily occupied and used in connection with the construction of the New York Connecting Railroad at the rate of twenty-one thousand one hundred ninety-eight dollars ninety-five cents (\$21,198.95), per annum. The Comptroller of The City of New York is authorized to accept a deduction in rental from time to time for the property used temporarily for constructional purposes in proportion to the area released by the Company, and to advise the Commissioners of the Sinking Fund of said deduction in rent; the first release to be as of February 1st, 1915 and reducing the area from 423,979 square feet to 292,302 square feet, the area occupied as of the date of said release.

B—For the area of 83,938 square feet to be permanently occupied by the abutments, piers and other supports of the bridge or elevated structure of The New York Connecting Railroad, viz:

1—For the period of ten (10) years beginning on the eleventh day of November,

1912, and ending on the tenth day of November, 1922, the sum of four thousand one hundred and ninety-six dollars and ninety cents (\$4,196.90) per annum; and

2—For the period of fifteen (15) years beginning on the tenth day of November, 1922, and ending on the tenth day of November, 1937, the sum of forty-seven hundred and seventy dollars and forty-eight cents (\$4,770.48) per annum;

C—For the area of 12,067 square feet under the arches of the pier bounded by the footings of the piers and between the lines of the northerly and southerly face of said pier footings, viz.:

1—For the period of ten (10) years, beginning on the eleventh day of November, 1912, and ending on the tenth day of November, 1922, the sum of five hundred and twenty-seven dollars and ninety-three cents (\$527.93) per annum; and

2—For the period of fifteen (15) years beginning on the tenth day of November, 1922, and ending on the tenth day of November, 1937, the sum of six hundred dollars and eight cents (\$600.08) per annum.

D—For the area of 214,904 square feet of the portions of overhead space above said islands to be permanently occupied by such bridge or elevated structure, viz.:

1—For the period of ten (10) years beginning on the eleventh day of November, 1912, and ending on the tenth day of November, 1922, for the sum of eight thousand and fifty-eight dollars and ninety cents (\$8,058.90) per annum; and

2—For the period of fifteen years (15) beginning on the tenth day of November, 1922, and ending on the tenth day of November, 1937, for the sum of nine thousand one hundred and sixty dollars and twenty-eight cents (\$9,160.28) per annum.

"These payments are to be over and above all taxes lawfully levied upon the property of The New York Connecting Railroad Company, and that coal and building material now stored upon land occupied by the Manhattan State Hospital to be occupied by The New York Connecting Railroad Company, that the several buildings within said land, to wit: The broom and mat shop, the small shed adjacent to fence south of the broom and mat shop, and the chicken coops, shall all be moved to such points as designated by the Manhattan State Hospital at the sole cost and expense of the railroad company or its contractors; that a tight board fence, nine feet high, shall be constructed on both sides of land occupied for the railroad company's work, with three ten-foot openings, one each at the northerly road, easterly road and road leading from the east buildings to stable; that guards, not to exceed six in number, three for day work and three for night work, shall be selected and employed by the Manhattan State Hospital, and subject to their control, and that such guards will be paid by the contractors the sum of \$55 per month each during such time as said contractors occupy the island for construction work upon presentation to said contractors by the Manhattan State Hospital of a proper certificate of employment; in addition to the above, The New York Connecting Railroad Company to supply to the Manhattan State Hospital three watchmen's clocks with eighteen stations, six Colt .38 calibre automatic revolvers, the clocks and revolvers to become the property of the Manhattan State Hospital. The railroad company will also cause such portions of roads as are diverted from their present course to be properly constructed and macadamized in new location, the locations to which buildings are to be moved being substantially as agreed upon between the Manhattan State Hospital and The New York Connecting Railroad Company," and in order to ensure the safe keeping of the inmates of the New York House of Refuge at Randalls Island, and to prevent illicit dealings between the inmates thereof and the employees of The New York Connecting Railroad Company, or their contractors, The New York Connecting Railroad Company will construct a high board fence the entire length of the island separating the field of their operations from the rest of the island; this fence to be strongly built and properly guarded at top and ends; such fence to be guarded by at least five guards to be selected and employed by the New York House of Refuge and subject to their control, and to be paid for by The New York Connecting Railroad Company at the rate of \$75 per month, without maintenance; said guards and fences above provided for to be maintained on said islands only so long as the same are occupied by the contractors for construction purposes.

Third—The agreement dated June 6th, 1913, between The New York Connecting Railroad and the Board of the Commissioners of the Sinking Fund prepared and executed pursuant to a resolution adopted by the Commissioners of the Sinking Fund on April 2nd, 1913, is cancelled and is of no force or effect.

In Witness Whereof, said The New York Connecting Railroad Company has caused its common or corporate seal to be hereunto affixed and these presents to be executed on its behalf in triplicate original by its President, the day and year first above written; and the said Board of Commissioners of the Sinking Fund of The City of New York has caused these presents to be executed on its behalf in triplicate original by its Chairman, the day and year first above written; and be it

Resolved, That when such agreement has been approved as to form by the Corporation Counsel, the Corporation Counsel be and is hereby requested to prepare such additional instruments, if any, as may be necessary and proper to carry the said agreement into effect; and be it further

Resolved, That the chairman of the Commissioners of the Sinking Fund be and is hereby authorized to execute such agreement or agreements on behalf of the Board.

The report was accepted and the resolution unanimously adopted.

Two (2) stick dump trucks; three (3) sets of double truck harness.

The report was accepted and the resolution unanimously adopted.

Sale at Public Auction of Property Known as the Milburn Reservoir in Nassau County.

This matter was on the calendar of the last meeting and laid over for an explanation from the Commissioner of Correction as to why she withdrew her suggestion that prison labor be utilized for destroying the reservoir and for refilling and regrading the property.

Deputy Commissioner Lewis appeared before the Board, explained that it was because of legal complications, which would result in so doing, and suggested that the property be sold as originally recommended by the Comptroller.

The Deputy and Acting Comptroller thereupon presented the following report and offered the following resolution:

January 30, 1915.

To the Commissioners of the Sinking Fund, City of New York:

Gentlemen—Under date of December 18, 1911, the Commissioner of the Department of Water Supply, Gas and Electricity turned over to your Board as being no longer required for the purposes of that department and recommending the sale thereof, of certain premises known as the Milburn Reservoir property in Nassau County, which, on account of its defective condition, due to faulty construction, was abandoned.

The land proposed to be sold consists of approximately 66,739 acres, there having been retained a strip of land approximately 200 feet in width, running from a point easterly from the influx basin to a point west of the efflux chamber. The cost of the structures on these premises amounted to over \$1,000,000. There is constructed on the land proposed to be sold an embankment the inside of which is lined with a stone pavement; and at my request the Commissioner of the Department of Water Supply, Gas and Electricity was requested to inform me of the cost of grading these premises. This is necessary in order to make possible the marketing of the property.

Under date of July 7, 1914, he informs me that the Acting Chief Engineer of the Department estimates that the cutting down of the embankment to the level of the surrounding ground, and the bottom of the reservoir filled in to a practically level surface would cost about \$95,000. In that condition the land would be reasonably worth \$1,900 per acre, or approximately \$125,000.

Since the premises have been turned over by the Department of Water Supply, Gas and Electricity, I have been endeavoring to secure an offer which would represent the City's interest in the premises, as the continuation of this unsightly structure is undesirable from any point of view, together with the fact that the City is now required to pay more than \$800 per annum in taxes to the County of Nassau. An offer has been made of \$33,000 for the City's interest in these premises, which I believe to be the reasonable value thereof.

I therefore respectfully recommend that your Board authorize the sale of the following described premises:

All that certain piece or parcel of land situated in the Town of Hempstead, County of Nassau, State of New York, known as Parcel No. 1 on Map RE-B-37, filed in tube C-20 on file in the office of the Commissioner of Water Supply, Gas and Electricity, more fully described as follows:

Beginning at a point on the westerly line of Baldwins Pond, said point being located 50 feet northerly at right angles from the northerly property line of The Long Island Railroad 2461.46 feet measured easterly along said northerly property line of said Long Island Railroad from the intersection of said property line with the easterly line of Christian Hook Road; thence westerly parallel to the northerly property line of the Long Island Railroad and distant 50 feet northerly measured at right angles therefrom north 79 degrees 30 minutes 30 seconds west 1,110 feet to a point; thence north 10 degrees 29 minutes 30 seconds

—at the minimum or upset price of \$33,000, plus the cost of advertising the sale, subject to the following terms and conditions:

The highest bidder will be required to pay ten per cent. of the amount of the bid, together with the auctioneer's fees, at the time of the sale, and ninety per cent. upon the delivery of the deed, which shall be within sixty days from the date of the sale.

The deed so delivered shall be in form of a bargain and sale deed without covenants.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of the sale, and the persons so failing to comply therewith will be held liable for any deficiency which may result from such resale.

The right is reserved to reject any and all bids.

Maps of said real estate may be seen on application at the Comptroller's office (Division of Real Estate), Room 733, Municipal Building, Borough of Manhattan.

That the City reserve the right to lower the natural ground water level under said land for the operation of the existing station or for any pumping station that may be constructed in the future.

That the purchaser of the land shall remove at his own expense the reservoir embankment which is included within the land retained by the City, to an elevation of not higher than five feet above the outer toe of slope of said embankment.

That the Purchaser shall remove at his own expense the reservoir embankment on the southerly side of the parcel of land and located parallel to the Long Island Railroad, to an elevation not higher than five feet above the elevation of the southerly toe of slope of said embankment.

No wells shall be sunk or pumping station erected for the delivery of water for public use. Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That pursuant to the provisions of Section 205 of the Greater New York Charter as amended the Commissioners of the Sinking Fund hereby authorize and order a sale at public auction, of the following described property:

All that certain piece or parcel of land situated in the Town of Hempstead, County of Nassau, State of New York, known as Parcel No. 1 on map R.F.-B-37, filed in tube C-20, on file in the office of the Commissioner of Water Supply, Gas and Electricity, more fully described as follows:

Sale and Removal of Building on Plot of Ground at the Northeast Corner of 22nd Street and Lexington Avenue, Borough of Manhattan.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

June 18, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—A request has been received from the Board of Education for the sale and removal of the buildings on the plot of ground at the northwest corner of 22d Street and Lexington Avenue, known as Nos. 10, 12, 14 and 16 Lexington Avenue, in the Borough of Manhattan, to permit the improvement of the plot with the new Manhattan Trade School for Girls.

I, therefore, request that the Commissioners of the Sinking Fund, pursuant to the authority vested in them by section 1553 of the Revised Charter, adopt a resolution authorizing the sale of the said buildings, and such a resolution is herewith transmitted. Yours respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The Board of Education has requested the sale of certain buildings here-

inafter described, located in the Borough of Manhattan, acquired for the new Manhattan Trade School for Girls.

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction or by sealed bids, at the highest marketable price, of the buildings on the plot of ground at the northwest corner of 22nd Street and Lexington Avenue, known as Nos. 10, 12, 14 and 16 Lexington Avenue, in the Borough of Manhattan, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 368, Municipal Building, Borough of Manhattan, upon the terms and conditions for the sale of buildings, etc., as authorized by the Commissioners of the Sinking Fund at a meeting held October 4, 1910.

The report was accepted and the resolution unanimously adopted.

The following matters, not on the calendar, were brought up by unanimous consent:

Dock Department—Establishment of a Ferry from the Foot of Main Street, City Island, to a Point in the Vicinity of Steamboat Dock in the Town of North Hempstead, Nassau County, and a Lease of a Franchise for Said Ferry to Wilbur F. Steele.

The following were received from the Commissioner of Docks:

June 11, 1915.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—I beg to recommend that a resolution be adopted by the Commissioners of the Sinking Fund, pursuant to the provisions of section 818 of the Greater New York Charter, approving of the establishment by the Commissioner of Docks of a ferry from a point at or near the foot of Main Street, City Island, Borough of the Bronx, to a point in the vicinity of Steamboat Dock in the town of North Hempstead, County of Nassau, State of New York.

Respectfully yours,

R. A. C. SMITH, Commissioner of Docks.

June 11, 1915.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Sir—I am of the opinion that the interests of the City would not be best promoted by leasing in the manner first directed by section 826 of the Charter, and therefore recommend the adoption by the unanimous vote of the Commissioners of the Sinking Fund of a resolution authorizing the leasing by private agreement of a franchise to operate a ferry between the points hereinafter mentioned and upon the terms and conditions herein set forth.

(1) Route—From a point at or near the foot of Main Street, City Island, Borough of The Bronx, to a point in the vicinity of Steamboat Dock in the town of North Hempstead, County of Nassau, State of New York.

(2) Lessee—Wilbur F. Steele.

(3) Term—Two years from the first day of the month next succeeding the date upon which said lease shall be approved by the Commissioners of the Sinking Fund, with privilege of renewal for a further term of ten years.

(4) Rental—\$1 per annum for the first term, and for the renewal term the rent shall be fixed by arbitration in the usual manner.

(5) Time Table—The time table shall be fixed by the lessee so as to provide ample facilities for the accommodation of passengers and vehicles desiring to cross the waters between the above mentioned points.

(6) Property for Terminals—The City assumes no obligation to furnish terminals for the operation of the ferry, but the lessee shall arrange for the necessary terminals with the owners thereof.

(7) Rates of Ferriage—The lessee shall have the right, within such limits as are now or may hereafter be prescribed by law, to fix the rates of ferriage to be charged.

(8) Building, Repairs, Dredging—The lessee shall, at his own proper cost and expense, build, erect, make and furnish, and at all times during the term of the lease will well and sufficiently uphold, maintain, paint and keep in good order and substantially repair the terminals, ferry houses, racks, bridges, floats, platforms and other appurtenances used in connection with the terminals and will keep the slips adjacent thereto properly dredged.

In case the lessee shall during the term of the lease neglect or refuse to make such repairs or do such building, dredging and painting as hereinbefore set forth within 30 days after notice to make or do same shall have been given by the City or any proper officer, agent or employee of the Department of Docks and Ferries, then the City may make such repairs or do such building, dredging and painting, and the full cost and expense thereof shall and will be paid on demand by the lessee to the City.

In case the City, its officers, agents or contractors in making such repairs or doing such building, dredging and painting, shall necessarily or reasonably occupy or use said wharf property or the slips adjacent thereto or any part of them, the City shall not be liable to pay any rent, compensation or damages for such use and occupation, nor shall its agents or contractors; and the lessee shall not be entitled to any compensation on account or by reason of such use and occupation.

(9) Ferryboats—The lessee at his own proper cost, charge and expense shall and will at all times during the said term find, furnish and provide good and sufficient ferryboats, licensed and approved by the Federal Government, for the operation of said ferry; each and every boat or boats which shall be employed on the said ferry shall comply in every respect with the requirements of the Federal Government relative to fire hose, sufficiency of crews, life preservers, life rafts, floats, etc.

(10) Supervision—All boats, buildings and structures used in connection with the ferry may be inspected at all reasonable times by the Commissioner of Docks or persons designated by him.

(11) Erection of Structures—Any and all structures erected at the City Island Terminal shall be built in accordance with plans and specifications to be submitted to and approved by the Chief Engineer of the Department of Docks and Ferries.

(12) Cancellation for Purpose of Public Improvement—In case the City of New York shall acquire the property used for the City Island Terminal for the purposes of water-front improvement or for the purpose of providing and constructing terminal facilities, pursuant to chapter 776 of the Laws of 1911, or any amendment thereof, then, upon service upon the lessee of written notice from the Commissioner of Docks to that effect, the interest of the lessee in this lease shall be terminated three months from the date of the service of such notice and no damage or compensation in favor of the lessee or any other person or persons shall at any time be allowed by reason of such termination.

(13) Notice of Cancellation—No notice of termination of said lease for the reason specified herein shall be of any validity or effect until it shall have been approved by resolution of the Commissioners of the Sinking Fund, passed after a hearing of which not less than ten days' notice shall have been given to the lessee.

(14) Remaining Terms—The remaining terms and conditions of the lease, except so far as they are inconsistent with those herein contained, shall be similar to those contained in leases of ferry franchises now used by the Department of Docks and Ferries. Respectfully yours,

R. A. C. SMITH, Commissioner of Docks.

In connection therewith the Deputy and Acting Comptroller presented the following report and offered the following resolution:

June 21st, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—Under date of June 11th, 1915, the Commissioner of Docks requests approval of and consent to a lease of a ferry from a point at or near the foot of Main Street, City Island, Borough of The Bronx, to a point in the vicinity of Steamboat Dock, in the town of North Hempstead, County of Nassau, State of New York.

The Commissioner recommends the authorization of a lease by private agreement in accordance with the provisions of section 826 of the Greater New York Charter, to Wilbur F. Steele.

The term of the proposed lease is two years, with privilege of renewal for a further term of ten years, at a rental of \$1 per annum for the first term, and for the renewal term the rent shall be fixed by arbitration in the usual manner.

I am informed by the officials of the Dock Department that the City Island Terminal will be located on private property. The lease provides that the City is under no obligation to furnish terminals, but the lessee must make all necessary arrangements with property owners.

The lessee is required at his own expense, to erect and maintain all buildings, floats, racks and other necessary terminal appurtenances, also to keep the slips properly dredged.

The lessee is required to provide sufficient boats approved by the Federal Government, whose requirements in all respects concerning fire hose, crews, life preservers, etc., shall be met.

All structures erected at the City Island Terminal are to be built in accordance with plans and specifications approved by the Chief Engineer of the Department of Docks and Ferries.

The remaining terms and conditions of the lease, except so far as they are inconsistent herewith, shall be similar to those contained in leases of ferry franchises and wharf property now used by the Department of Docks and Ferries.

I concur in the terms and conditions of the lease as recommended by the Commissioner of Docks, and recommend the approval of the attached resolution approving the request.

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of Section 818 of the Greater New York Charter, the Commissioners of the Sinking Fund hereby approve of the establishment by the Commissioner of Docks of a ferry from a point at or near the foot of Main Street, City Island, Borough of The Bronx, to a point in the vicinity of Steamboat Dock in the town of North Hempstead, County of Nassau, State of New York.

Whereas, Section 826 of the Greater New York Charter provides that the Commissioner of Docks shall have power and is authorized to lease in the name of and for the benefit of The City of New York, in the manner provided by law, the franchise of any ferry or ferries belonging to said City, for the highest marketable price or rental, at public auction or by sealed bids, and always after public advertisement and appraisal, under the direction of said Commissioner, but not for a term longer than ten (10) years; and,

Whereas, It is further provided in said section that whenever it may be determined by the unanimous vote of the Commissioners of the Sinking Fund, upon the recommendation of the Commissioner of Docks, that the interest of The City of New York will not be best promoted by leasing the franchise of a ferry in the manner in said section thereinbefore directed, it shall be lawful for said Commissioners of the Sinking Fund by resolution adopted by such unanimous vote upon the recommendation of the Commissioner of Docks, to lease such franchise by private agreement for terms not exceeding twenty-five years, and under such conditions as in their judgment will best protect and further the interest of the City and traveling public; and,

Whereas, Under date of June 11th, 1915, the Commissioner of Docks has recommended that the interests of The City of New York will not be best promoted by leasing the franchise of the ferry from a point at or near the foot of Main Street, City Island, Borough of The Bronx, to a point in the vicinity of Steamboat Dock in the town of North Hempstead, County of Nassau, State of New York, at public auction or by sealed bids, and after public advertisement and appraisal and under the direction of the Commissioner of Docks; now therefore be it

Resolved, That, pursuant to the provisions of section 826 of the Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby determine that the interests of The City of New York will not be best promoted by leasing the franchise of the hereinbefore mentioned ferry at public auction, as provided in section 826 of the Greater New York Charter; and be it further

Resolved, That, pursuant to the provisions of section 826 of the Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby approve of and authorize a lease to Wilbur F. Steele of a franchise to operate a ferry from a point at or near the foot of Main Street, City Island, Borough of The Bronx, to a point in the vicinity of Steamboat Dock in the town of North Hempstead, County of Nassau, State of New York, upon the following terms and conditions: The lease to be for a term of two (2) years from July 1st, 1915, with the privilege of renewal for a further term of ten (10) years. The rental for the first term to be one dollar (\$1.00) per annum, and for the renewal term to be fixed by arbitration in the usual manner. The time table shall be fixed by the lessee so as to provide ample facilities for the accommodation of passengers and vehicles desiring to cross the waters between the above mentioned points. The City assumes no obligation to furnish terminals for the operation of the ferry, but the lessee shall arrange for the necessary terminals with the owners thereof. The lessee shall have the right, within such limits as are now or may hereafter be prescribed by law, to fix the rates of ferriage to be charged. The lessee shall at his own proper cost and expense build, erect, make and furnish, and at all times during the term of the lease will well and sufficiently uphold, maintain, paint and keep in good order and substantially repair the terminals, ferry houses, racks, bridges, floats, platforms and other appurtenances used in connection with the terminals, and will keep the slips adjacent thereto properly dredged. In case the lessee shall during the term of the lease neglect or refuse to make such repairs or do such building, dredging and painting as hereinbefore set forth within thirty (30) days after notice to make or do same shall have been given by the City or any proper officer, agent or employee of the Department of Docks and Ferries then the City may make such repairs or do such building, dredging and painting and the full cost and expense thereof shall and will be paid on demand by the lessee to the City. In case the City, its officers, agents or contractors in making such repairs or doing such building, dredging and painting, shall necessarily or reasonably occupy or use said wharf property or the slips adjacent thereto or any part of them the City shall not be liable to pay any rent, compensation or damages for such use and occupation, nor shall its agents or contractors; and the lessee shall not be entitled to any compensation on account or by reason of such use and occupation. The lessee at his own proper cost, charge and expense shall and will at all times during the said term find, furnish and provide good and sufficient ferryboats licensed and approved by the Federal Government for the operation of said ferry; each and every boat or boats which shall be employed on the said ferry shall comply in every respect with the requirements of the Federal Government relative to fire hose, sufficiency of crews, life preservers, life rafts, floats, etc. All boats, buildings and structures used in connection with the ferry may be inspected at all reasonable times by the Commissioner of Docks or persons designated by him. Any and all structures erected at the City Island terminal shall be built in accordance with plans and specifications to be submitted to and approved by the Chief Engineer of the Department of Docks and Ferries. In case the City of New York shall acquire the property used for the City Island terminal for the purpose of waterfront improvement or for the purpose of providing and constructing terminal facilities, pursuant to chapter 776 of the Laws of 1911, or any amendment thereof, then, upon service upon the lessee of written notice from the Commissioner of Docks to that effect, the interest of the lessee in this lease shall be terminated three months from the date of the service of such notice and no damages or compensation in favor of the lessee or any other person or persons shall at any time be allowed by reason of such termination. No notice of termination of said lease for the reason specified herein shall be of any validity or effect until it shall have been approved by resolution of the Commissioners of the Sinking Fund passed after a hearing of which not less than ten days' notice shall have been given to the lessee. The remaining terms and conditions of the lease, except so far as they are inconsistent with those herein contained, shall be similar to those contained in leases of ferry franchises now used by the Department of Docks and Ferries.

The report was accepted and the resolutions severally unanimously adopted.

Petition of Lillian V. N. Cooper for a Release of the City's Interest in a Strip of Land Situated in Front of Her Property at No. 514 Dean Street, Borough of Brooklyn—Amendment to Resolution Authorizing Such Release.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

June 22, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—On June 16, 1915, the Commissioners of the Sinking Fund adopted a resolution authorizing a release to Lillian V. N. Cooper of the City's interest in a strip of land fronting on her property, No. 514 Dean Street, Borough of Brooklyn, designated on the land map of the City of New York, County of Kings, as Block 1136, Lot 21, Ward 9, and more particularly described in said resolution, in consideration of the sum of \$2,625, plus the additional charge of \$12.50 for the preparation of the necessary papers.

This consideration should have been \$1 instead of \$2,625. The amount of \$2,625 mentioned in the resolution is to be paid by the grantee before the delivery of the deed, and to be applied by the City towards the satisfaction of whatever taxes and assessments are liens against the premises to be conveyed and the premises owned by her. This was the agreement reached between her and the City.

I, therefore, respectfully recommend that the resolution above mentioned be amended by substituting as the consideration \$1, in place of \$2,625, and by adding to the resolution the following clause: "That before the delivery of the deed the grantee pay the sum of \$2,625 to the City of New York, which sum is to be applied for the satisfaction of whatever taxes and assessments are liens against the premises to be conveyed to the grantee and the abutting premises owned by her."

Respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That the resolution adopted by this Board at meeting held June 16, 1915, authorizing a release to Lillian V. N. Cooper of the interest of the City in a strip of land fronting on her property at No. 514 Dean Street, Borough of Brooklyn, described on the land map of the City of New York, County of Kings, as Block 1136, Lot 21, Ward 9, in consideration of the sum of two thousand six hundred and twenty-five dollars (\$2,625),

—be and the same is hereby amended by substituting as the consideration one dollar (\$1) in place of two thousand six hundred and twenty-five dollars (\$2,625), and by adding to the resolution the following clause: "That before the delivery of the deed the grantee pay the sum of two thousand six hundred and twenty-five dollars (\$2,625) to the City of New York, which sum is to be applied for the satisfaction of whatever taxes and assessments are liens against the premises to be conveyed to the grantee and the abutting premises owned by her."

The report was accepted and the resolution unanimously adopted.

Sale and Removal of the Buildings on Property Formerly Occupied by the Brooklyn Disciplinary Training School for Boys on 56th Street and 18th Avenue, Borough of Brooklyn.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

June 19, 1915.

To the Commissioners of the Sinking Fund, The City of New York:

Gentlemen—At a meeting of your Commission, held August 24, 1914, the Comptroller was authorized to transfer the equipment and other personal property of the Brooklyn Disciplinary Training School for Boys, at 56th Street and 18th Avenue, Brooklyn, to the various city departments that might have use for such property. At the same meeting, the Comptroller was authorized also to retain the services of two caretakers until September 30, 1914, to act as watchmen, until the personal property had been removed.

Delay in the removal of the property made it necessary for your Commission to authorize the Comptroller to extend the employment of the two caretakers to October 31, 1914, and one caretaker to November 30, 1914, when the work of removal was completed.

The buildings have since been unguarded, and complaints from the police and others have been received by this department regarding them.

In a report made to me by the Bureau of Municipal Investigation and Statistics of this department, it was stated that the large buildings on the property were uninhabitable and the interiors thereof in a dilapidated and dangerous condition. The property is overrun by children of the neighborhood, who have pre-empted the property as a playground. The police have been unable to give more than casual protection to the property, and if an accident should occur to any of these children in the present unguarded state of the property, there is little doubt but that the City would be liable for damage.

The condition, age and size of the buildings preclude the possibility of economical repairs being made and the buildings used for any city purpose. The adoption of the attached resolution authorizing the sale of the buildings at public auction by the Comptroller is therefore recommended.

Respectfully, ALEX. BROUGH, Deputy Comptroller.

Whereas, the buildings formerly occupied by the Brooklyn Disciplinary Training School, in the Borough of Brooklyn, are now in an uninhabitable and dilapidated condition, and may not be used by the City for any purpose, or profitably rented, it is, therefore,

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction or by sealed bids, at the highest marketable price, of the buildings formerly occupied by the Brooklyn Disciplinary Training School, in the Borough of Brooklyn, upon the terms and conditions for the sale of buildings, etc., as authorized by the Commissioners of the Sinking Fund, at a meeting held October 4, 1910.

The report was accepted and the resolution unanimously adopted.

Adjourned.

JOHN KORB, JR., Secretary.

COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held in Room 16, City Hall, at 10 o'clock A. M., on Thursday, June 24, 1915.

Present—John Purroy Mitchel, Mayor; Alexander Brough, Deputy and Acting Comptroller; George L. Bergen, Deputy and Acting Chamberlain; George McAneny, President, Board of Aldermen; Henry H. Curran, Chairman Finance Committee, Board of Aldermen.

Dock Department—Amendment to the New Plan for Improvement of the Waterfront in the Vicinity of 35th Street, Gowanus Bay, Borough of Brooklyn.

The following resolution was offered for adoption.

Resolved, That the resolution adopted by this Board at meeting held June 16, 1915, fixing Wednesday, July 30, 1915, as the date for a public hearing in the matter of the proposed amendment to the new plan for improvement of the waterfront and harbor of The City of New York in the vicinity of 35th Street, Gowanus Bay, Borough of Brooklyn, adopted by the Commissioner of Docks June 15, 1915, and transmitted to the Commissioners of the Sinking Fund for approval.

—be and the same is hereby amended, by substituting July 14, 1915, as the date for said hearing in place of July 30th.

Which resolution was unanimously adopted:

Adjourned.

JOHN KORB, JR, Secretary.

DEPARTMENT OF FINANCE.

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE THURSDAY, JULY 1, 1915.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date. Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WILLIAM A. PRENDERGAST, Comptroller.

Nothing has as yet been done regarding the removal of the street cleaning dump at the foot of East 30th Street. I am in receipt of complaints from the laundry, as the dust and dirt blows in from this dump on the clean clothing, and in view of our occupancy of Pavilions L and M, during the summer, it would seem desirable to obtain some action on its removal.

Miss Stowers, Supervising Nurse of Gouverneur Hospital, requests that the top floor be rented in the house at 203 Monroe Street, which adjoins the houses now used as the Nurses' Residence. She states that the floor consists of four sleeping rooms, toilet, etc., and can be secured at a rental of \$300 per year. Six of the rooms now used are occupied by three nurses each, and are therefore greatly overcrowded.

Dr. Wheeler, the Visiting Dentist, recommends the appointment of Dr. L. R. King as dental interne at Gouverneur Hospital, to become effective on June 25. Dr. King graduates from the Dental Department of the University of Pennsylvania class of 1915.

Mr. King, who has the contract for remodeling Harlem Hospital, is progressing rapidly with his work. Owing to the noise and inconvenience occasioned by changes in the wards, arrangements have been made for occupying, temporarily, some of the wards in the new wing. Mr. Nebeling, who has the contract for rewiring Harlem Hospital, has temporarily deferred his work owing to the possibility of labor difficulties, and pending a decision on an estimate for concealing some of the electrical work.

It has been suggested that the name of the Ocean Beach Hospital be changed to the Neponsit Beach Hospital for Children.

I am also in receipt of the following communication from the Contract Clerk and Auditor:

"The appropriation for horseshoeing for the year 1915 is insufficient to meet the needs of this department, due largely to the fact that it was contemplated replacing horses by automobiles at the beginning of the year. This change has not occurred as yet so it will be necessary to secure additional funds, and I recommend that a request be made of the Board of Estimate and Apportionment to transfer the sum of \$500 from the appropriation entitled No. 2092, Motor Vehicle Repairs to the appropriation entitled No. 2090A, Transportation, Horseshoeing.

"I beg leave to further recommend that transfer be made from the appropriation entitled No. 2088, Materials, 1914, of \$533.64 to the appropriations entitled and as follows: No. 2074, Forage and Veterinary Supplies, 1914, \$80.76; No. 2082, Household Equipment, 1914, \$189.25; No. 2092, Motor Vehicle Repairs, 1914, 263.63, to meet deficits appearing in these funds." Also the transfer of \$4 from appropriation entitled No. 399, General Repairs, Plant, 1913, to appropriation entitled No. 405, Motor Vehicle Repairs, 1913.

On separate motion, duly seconded and carried in each instance, action was taken upon the report of the General Medical Superintendent as follows:

The appointment of a Chaplain to fill the position created in the budget for 1915 was referred to Mr. O'Keeffe, with power.

After discussion, it was resolved to renew the request to the Street Cleaning Department to remove the dumping board from the foot of East 30th Street.

It was resolved to request the Commissioners of the Sinking Fund to lease the top floor of 203 Monroe Street, Manhattan, for one year with a privilege of renewal.

Dr. L. R. King was appointed dental interne to Gouverneur Hospital for one year from June 25, 1915.

After consideration, it was resolved to change the name of Ocean Beach Hospital to Neponsit Beach Hospital for Children.

It was resolved to request the Board of Estimate and Apportionment to transfer all funds within the appropriations set forth in the General Medical Superintendent's report.

COMMITTEE REPORTS.

The President presented a list of bids received on May 14 at the office of the Central Purchasing Committee for meats, vegetables and fruits. Contracts were awarded to the low bidder on each line.

Mr. Farley, the Chairman of the Building Committee, presented a tabulation of bids received on May 17 for the completion of the abandoned contract for the construction of the power house and ambulance station at Harlem Hospital, as follows:

William Werner, \$45,626; Andrews Building Company, \$46,844; William H. Egan, \$46,466; J. F. Brennan, \$46,850; J. Kresse Company, \$46,900; Louis Wechsler, \$47,185. After consideration, on the recommendation of the architect and the Building Committee, it was moved, seconded and carried to award the contract to the lowest bidder, William Werner.

The Gouverneur Hospital Conference Committee recommended the following appointments: Dr. Harry Press, Assist-

ant Surgeon to Out-Patients (Dermatology); Dr. William Levy, Assistant Surgeon to Out-Patients; Dr. Solomon Levine, Assistant Physician to Out-Patients (female medical); Dr. Leo Rubin, Assistant Physician to Out-Patients (Children's clinic); Dr. Louis Nagin, Assistant Physician to Out-Patients; Dr. Frank R. Oastler, Assistant Visiting Obstetrician; Dr. Isidore Cohn, Assistant Physician to Out-Patients, Children; Dr. Max Isenberg, Assistant Physician to Out-Patients (female medical clinic); Dr. H. J. Blumensohn, Assistant Surgeon to Out-Patients (genito urinary); Dr. I. L. Hoffman, Assistant Surgeon to Out-Patients (Gynaecology); Dr. Max Baegel, Assistant Surgeon to Out-Patients; Dr. Charles W. Dennis, Assistant Surgeon to Out-Patients (Ear, Nose and Throat); Dr. Saul Seider, Assistant Surgeon to Out-Patients (Gynaecology). On motion, duly seconded and carried, this report was approved and the appointments made accordingly.

Mr. Stern reported that the service in the out-patient department at Gouverneur Hospital could probably be improved by the appointment of two additional Physicians to Out-Patients and Assistant Visiting Physicians. After discussion, it was moved, seconded and carried to request the recommendation of the Medical Board of Gouverneur Hospital as to the advisability of creating such places.

The Finance Committee presented a tabulation of the additional funds required in the appropriation of the department for the year 1915, and reported that after careful inquiry it recommended that a request be made to meet this anticipated deficit. After consideration, on motion, duly seconded and carried, it was

Resolved, To request the Board of Aldermen to authorize an issue of special revenue bonds in the amount of \$157,095.18 to meet the deficiency in the appropriations.

Mr. Stern reported that he made an inspection of the out-patient department of Fordham Hospital and found that the medical clinics were not covered as completely as they should be, probably due to the need of more men. After discussion, on motion, duly seconded and carried, it was resolved to request the Medical Board to make every effort and take such action as it may deem proper to obtain additional men for this service.

COMMUNICATIONS.

A letter, dated May 4, was presented from the Mayor affecting vacations and leaves of absence of per annum employees of the department during the year 1915. A copy of these rules was sent to each member of the Board. It was moved, seconded and carried to send them to the General Medical Superintendent for compliance.

The minutes of the Executive Committee of the Medical Board of Bellevue Hospital for April 28 were presented. On motion, duly seconded and carried, the nomination of Dr. Alex Barthold Timm as interne from July 1 to December 31, 1915, to fill the vacancy caused by the resignation of Dr. Arden Freer was approved; the outline of the duties of the Resident Physicians and Surgeons was adopted as amended and the Trustees authorize the Executive Committee to present nominations for these places; the resolution that the matter of attendance of the visiting staff both in the wards and the out-patient department will receive the attention of the Executive Committee was noted; the following nominations of the Second Division for appointment to the house staff was approved: S. Douglas Palmer, 2 years, July 1, 1915; John Miller, 2 years, July 1, 1915; Katherine H. Degnon, 2 years, January 1, 1916; H. Sydney Morgan, 2 years, January 1, 1916; Rowland P. Blythe, 2 years, July 1, 1915; Alfred E. Phelps, 2 years, January 1, 1916; Lazarus G. Hadjopoulos, 18 months, July 1, 1915; Arthur Palmer, 18 months, January 1, 1916; Horace E. Alexander, 1 year, July 1, 1915.

The minutes of the Executive Committee of the Medical Board of Bellevue Hospital for May 12 were presented. On motion, duly seconded and carried, the report of the resolutions relative to the attendance of physicians and surgeons on ward service and the out-patient department, and the appointment of a committee to confer with the Board of Trustees in relation thereto, as well as the appointment of a committee to take up the question of tonsil and adenoid operations at Bellevue Hospital were noted; it was resolved to inform the Executive Committee that as the calendar of the Trustees' meetings is generally long it would be inconvenient to meet with the committee appointed from their Board at such a time, and to suggest that the Committee present its requests and recommendations in writing.

The minutes of the Medical Board of Gouverneur Hospital for May 5 were presented. On motion, duly seconded and carried, the recommendation that a Resident Obstetrician be appointed to serve for a period of six months beginning July 1, 1915, was considered, but action thereon

was deferred as the President reported that following a protest on the part of the members of the house staff, he suggested to the President of the Medical Board to give the interne staff a hearing on the subject; the nominations to the house staff for service beginning July 1, 1915, and January 1, 1916, were approved as follows: Cornelius A. Denehy, 2 years, July 1, 1915; Albert F. Murphy, 2 years, July 1, 1915; Edward D. Leete, 2 years, January 1, 1916; William A. Meier, 2 years, January 1, 1916; William F. Nealon, 1 year, July 1, 1915; Martin A. Murphy, 1 year, July 1, 1915; Harman West, 1 year, July 1, 1915.

The minutes of the Medical Board of Harlem Hospital for May 4 were presented. On motion, duly seconded and carried, the appointment of Dr. Bird and Dr. Haubold as a committee to confer with representatives of the several medical boards of the department relative to the adoption of uniform methods in the examinations for appointment of internes was noted; action was deferred on the request that Dr. Cherry and Dr. Stein, Assistant Visiting Obstetricians, be relieved from duty in the out-patient department and assigned to the ward service of the hospital, pending a report from the Medical Board setting forth the names of the men who are to take care of the service heretofore assigned to Dr. Cherry and Dr. Stein; the resignation of Dr. Mark F. Healy was accepted with regret; the request that the place of Consulting Dentist be created was referred to Dr. Wheeler, the Director of the Dental Service, for recommendation; as there are not sufficient funds in the appropriation of the department, the request to assign a stenographer to keep the records of the scientific sessions of the meetings of the Harlem Hospital Clinical Society was denied; the authority to appoint two additional Physicians to Out-Patients and Adjunct Assistant Visiting Physicians and two additional Surgeons to Out-Patients and Adjunct Assistant Visiting Surgeons was approved; action was deferred on the request to divide the medical and also the surgical service of Harlem Hospital into four divisions each, to be in charge of a visiting, who is to be responsible for his division for the entire year.

A letter was presented from J. H. Freedlander, dated May 17, calling attention to the fact that the open wiring in the present building at Harlem Hospital is unsightly and recommending the acceptance of an estimate from the Contractor, Frank Nebeling, to conceal this wiring. On motion, duly seconded and carried, this was referred to the Building Committee.

A communication, dated May 17, was presented from the Department of Docks and Ferries, stating that there is no objection to Bellevue Hospital using the piers at the foot of East 28th and 29th Streets if repairs are made to place the piers in safe condition. On motion, duly seconded and carried, the General Medical Superintendent was instructed to comply with this request.

A communication, dated April 30, was presented from the Department of Education, transmitting certified copy of a report and resolutions adopted on April 28, 1915, approving the recommendation of the Board of Superintendents that an annex be established in Ocean Beach Hospital, in order to accommodate the crippled children removed thereto from the Sea Breeze Hospital on Coney Island. On motion, duly seconded and carried, this communication was placed on file.

UNFINISHED BUSINESS.

Reference was made to the desirability of bringing to the attention of the Board

of Estimate and Apportionment the need of early action on the department's request of December 31, 1914, for an issue of corporate stock in the sum of \$25,000 for furnishings of Harlem Hospital. On motion, duly seconded and carried, it was Resolved, To request the Board of Estimate and Apportionment to take early action upon this request.

The assignment of the board room at Harlem Hospital for the use of the Medical Board of that hospital was discussed, and on motion, duly seconded and carried, it was resolved to assign this room to the medical staff.

After discussion, on motion, duly seconded and carried, the General Medical Superintendent was instructed to take an active part in the building matters of the department.

A motion to adjourn the meeting was seconded and carried.

NOTICE IS HEREBY GIVEN THAT THE
Commissioners of the Sinking Fund, in ac-
cordance with a resolution adopted June 25,
1915, and pursuant to the provisions of Section
372 of the Laws of 1907, will hold a public
hearing at 11 o'clock in the forenoon on Wednes-
day, July 14, 1915, in Room 16, City Hall, Bor-
ough of Manhattan, relative to proposed amend-
ment to the new plan for improvement of the
waterfront and harbor of The City of New York,
in the vicinity of 35th Street, Gowanus Bay,
Borough of Brooklyn, adopted by the Commis-
sioner of Docks on June 5, 1908, February 17,
1909, and March 1, 1913, and approved by the
Commissioners of the Sinking Fund on June 30,
1908, March 16, 1909, and April 2, 1913.
—adopted by the Commissioner of Docks in ac-
cordance with law June 15, 1915, and trans-
mitted to the Commissioners of the Sinking
Fund for approval.

The proposed amendment and alterations to
the new plan consists in the widening of the
35th Street Pier 25 feet on the south side of
said pier from 150 feet to 175 feet, and also in
narrowing the slip between 35th Street pier and
36th Street Pier from 215 feet to 190 feet.

Dated: June 25, 1915.

Corporation Sales of Buildings.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

PUBLIC NOTICE IS HEREBY GIVEN THAT the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids certain buildings standing upon property owned by The City of New York, formerly used for Disciplinary School purposes in the

Borough of Brooklyn.

BEING the buildings, parts of buildings, etc., formerly occupied by the Brooklyn Disciplinary Training School at 56th Street and 18th Avenue, in the Borough of Brooklyn, which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 368, Municipal Building, Borough of Manhattan.

PURSUANT to a resolution adopted by the Commissioners of the Sinking Fund, at a meeting held June 23, 1915, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

TUESDAY, JULY 20, 1915,

at 11 A. M., in lots and parcels, and in manner and form as follows:

PARCEL NO. 1: Three-story brick building, two-story frame building with one-story frame shed, frame stable and outhouse formerly used by the Brooklyn Disciplinary Training School, between 18th Avenue and 19th Avenue, and between 55th and 56th Street, Borough of Brooklyn.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11.00 a. m. on the 20th day of July, 1915, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so. All bids must state clearly (1) the number or description of the building or buildings bid for,

(2) the amount of the bid, (3) the full name and address of the bidder.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

THE CITY OF NEW YORK, DEPARTMENT OF FINANCE, BUREAU FOR THE COLLECTION OF ASSESSMENTS AND ARREARS OF TAXES AND ASSESSMENTS, MUNICIPAL BUILDING, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

Under the direction of Hon. William A. Prendergast, Comptroller of the City of New York, I, Daniel Moynahan, Collector of Assessments and Arrears, hereby give public notice, pursuant to the provisions of Chapter 17, Title 5 of the Greater New York Charter:

That the respective owners of the lands and tenements in the Borough of The Bronx, in the City of New York, as said lands and tenements are shown upon the Tax Map of said City for said Borough, on which any taxes or any assessment for local improvements have been imposed and become a lien and have remained unpaid for three years since the same were due and payable, or on which any water rent has been imposed and become a lien and has remained due and payable for four years since the same was due and payable, and also corporations and individuals as owners of certain lands or certain special franchises within the Borough of The Bronx on which taxes on the real estate of corporations, or taxes on the special franchises of corporations have been imposed and become a lien and have remained unpaid for three years since the same were due and payable, are required to pay the amount of said taxes, assessments and water rents, together with all unpaid taxes, water rents and assessments affecting such lands and tenements which became a lien and were due and payable prior to March fifteenth, nineteen hundred and fifteen (the taxes, water rents and assessments for local improvements required to be paid, thus comprising all unpaid taxes and water rents affecting said properties contained in assessment rolls down to and including the assessment roll of the City of New York for the year nineteen hundred and fourteen and all assessments for local improvements affecting said properties confirmed and entered up to March fifth, nineteen hundred and fifteen, inclusive) with all penalties thereon remaining unpaid, together with the interest thereon at the rate provided by law from the time the same became liens so as to be due and payable to the date of payment and the charges of this notice and advertisement to the Collector of Assessments and Arrears, at his office on the fourth floor of the Bergen Building, corner of Arthur and Tremont Avenues, Borough of The Bronx, City of New York.

And notice is hereby given that if default be made in such payment the lien of the City of New York upon any of said lands and tenements for any tax, assessment or water rent which became a lien so as to be due and payable before March fifteenth, nineteen hundred and fifteen, will be sold at Public Auction at the Bureau for the Collection of Assessments and Arrears, fourth floor, Bergen Building, corner of Arthur and Tremont Avenues, Borough of The Bronx, in the City of New York, on

MONDAY, AUGUST 9, 1915,

at two o'clock in the afternoon of that day, for the lowest rate of interest, not exceeding twelve per centum per annum, at which any person or persons shall offer to take the same in consideration of advancing the said taxes, water rents and assessments and penalties, as the case may be, and interest thereon as aforesaid to the time of sale, the charges of notice and advertisement and all other costs and charges accrued thereon; and that such sale will be continued from time to time until all said liens for taxes, water rents and assessments for local improvements so advertised for sale affecting such lands and tenements shall be sold.

The transfer of tax lien to be executed and delivered to the purchaser thereof pursuant to the terms of said sale shall be subject to the lien for and the right of the City of New York to collect and receive all taxes, water rents and assessments for local improvements and penalties and interest thereon which accrued and became a lien, or which shall accrue and become a lien upon said premises so as to be due and payable on and after the date stated in the first advertisement of said sale as stated herein, namely, the fifteenth day of March, nineteen hundred and fifteen (i. e., the lien for and right of the City of New York to collect and receive all taxes and water rents, included in the assessment rolls of the City of New York for the years subsequent to nineteen hundred and fourteen, and assessments for local improvements entered subsequent to March fifth, nineteen hundred and fifteen).

Notice is hereby further given that a particular and detailed statement of the property affected showing section or ward, block and lot number thereof as the same may be on the Tax Map of the City of New York for the Borough of The Bronx and the tax liens thereon which are to be sold, is published in a pamphlet and that copies thereof are deposited in the offices of the Collector of Assessments and Arrears in the Boroughs of The Bronx and Manhattan and will be delivered to any person applying for the same.

DANIEL MOYNAHAN, Collector of Assessments and Arrears of the City of New York.

Dated, New York, May 7, 1915.

This notice applies to arrears as of March 15, 1915. m7,14,21,28,j4,11,18,25,jy2,9,16,23,30,a6

PARCEL NO. 228: Part of porch, steps and fence east of and adjoining Parcel No. 227. Upset price, \$5.00.

Sealed bids (blank form of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11.00 a. m. on the 8th day of July, 1915, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be enclosed in properly sealed envelopes, marked "Proposals to be opened July 8, 1915," and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

PUBLIC SERVICE COMMISSION.

Invitation to Contractors.

For the Supply of Open-Hearth Rail for Use in the Construction of Rapid Transit Railroads.

The Public Service Commission for the First District (hereinafter called the "Commission"), acting in behalf of The City of New York, invites proposals to supply Open-Hearth Rail for use in the construction of rapid transit railroads. A full description of the materials to be supplied is set forth and other requirements, provisions, details and specifications are stated in the form of contract and in the specifications and contract drawings therein referred to. Copies of the form of contract, specifications, contract drawings, bond and Contractor's Proposal may be inspected and purchased at the office of the Commission.

Sealed bids or proposals will be received at said office of the Commission at No. 154 Nassau Street, Borough of Manhattan, New York City, until the 16th day of July, 1915, at twelve fifteen (12:15) o'clock p. m., at which time and place, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

The Materials are to be delivered in lots. The first lot is to be ready for delivery within sixty (60) days after the delivery of the contract and the remaining lots are to be delivered from time to time as called for and the deliveries are to be completed on or before December 31, 1916, except as otherwise provided in the form of contract. Bidders must specify in their proposals the minimum and the maximum rate at which they will deliver the materials for the prices bid. In view of the Commission's variable requirements from time to time the amount of latitude allowed between such minimum and maximum rates of delivery as set forth in the Contractor's Proposal will be considered, as well as the prices contained therein, in awarding the contract.

Proposals must be in the form prescribed by the Commission. Every proposal must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Supplying Open-Hearth Rail, Order No. 3," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box, in which all proposals will be deposited.

Every proposal must be accompanied by a certified check for ten thousand dollars (\$10,000), payable to the order of the Comptroller of The City of New York and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered. The deposit of the successful bidder will be returned when the contract is executed and its provisions in respect of the bond or deposit are complied with.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

The right to reject any and all bids is reserved.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, By EDWARD E. McCALL, Chairman.

TRAVIS H. WHITNEY, Secretary. j19,j16

Part of the Culver Rapid Transit Railroad.

The Public Service Commission for the First District (hereinafter called the "Commission"), acting on behalf of The City of New York (hereinafter called the "City"), invites proposals to construct Section No. 1 of Route No. 49, a part of the Culver Rapid Transit Railroad.

The points within the City between which the said part is to run and the route or routes to be followed are briefly as follows:

Section No. 1. Beginning in private property on the southerly side of 37th Street, about two hundred and forty-six (246) feet southeasterly from the southeast building line of Tenth Avenue, in the Borough of Brooklyn, and continuing thence southeasterly over private property and parallel to 37th Street and crossing over intersecting streets to West Street; thence continuing southeasterly over West Street, private property, Cortelyou Road and private property to Gravesend Avenue; thence continuing southerly over Gravesend Avenue to a point about five hundred and twenty-five (525) feet south of the intersection of the center line of Gravesend Avenue and the southerly building line of Bay Parkway (Twenty-second Avenue) produced.

The general plan of construction calls for an elevated railroad having three tracks.

The Contractor will not be required to provide or lay tracks or ties nor to do station finish work.

The work under the contract will include the care and support of buildings, vaults, sewers, pipes, railroads and other surface, subsurface and overhead structures, the movement of certain street surface railroad tracks laterally, the maintenance of traffic and the restoration of pavements and other surfaces.

Bidders must examine the form of contract, the specifications and the contract drawings, must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

A full description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the contract drawings therein referred to. Copies of the forms of contract, bond and contractor's proposal and of the contract drawings

may be inspected and purchased at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the contract drawings are to be deemed a part of this invitation.

Partial payments to the Contractor will be made monthly as the work proceeds as provided in the contract.

The Contractor must complete the work within fifteen (15) months from the delivery of the contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities, in the sum of one hundred thousand dollars (\$100,000). As further security fifteen per centum (15%) of the amounts certified from time to time to be due to the Contractor will be deducted until the amounts so deducted shall equal ten per centum (10%) of the total estimated amount to be paid to the Contractor under the contract. Thereafter there shall be so deducted and retained for such purpose ten per centum (10%) of the amounts certified from time to time to be due to the Contractor.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau Street, Borough of Manhattan, City of New York, until the 20th day of July, at twelve fifteen (12:15) o'clock p. m., at which time and place, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

A statement, based upon the estimate of the Chief Engineer of the Commission, of the quantities of the various classes of the work and of the nature and extent as near as practicable of the work is to be found in the schedule in the form of contractor's proposal. The quantities given in such schedule are approximate only, being given as a basis for the uniform comparison of bids, and no claim is to be made against the City on account of any excess or deficiency, absolute or relative, in the same, except as provided in the specifications and form of contract.

Every proposal must when submitted be enclosed in a sealed envelope endorsed "Proposal for Constructing Part of Rapid Transit Railroad—Route No. 49, Section No. 1," and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for twenty-five thousand dollars (\$25,000), payable to the order of the Comptroller of the City and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City. Such check must not be enclosed in the envelope containing the proposal.

The Unit Prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, By EDWARD E. McCALL, Chairman.

TRAVIS H. WHITNEY, Secretary. j30,j20

Installation of Tracks for Rapid Transit Railroad.

The Public Service Commission for the First District (hereinafter called the "Commission") invites proposals to install tracks for that portion of the Broadway-Fourth Avenue Rapid Transit Railroad in the Borough of Brooklyn, which is briefly described as follows:

A three-track elevated railroad beginning at a point in private property near 38th Street and 10th Avenue and extending thence over private property to 10th Avenue; thence over 10th Avenue and New Utrecht Avenue to a point at or near 81st Street; thence over private property and cross streets to a point in 86th Street near 19th Avenue; thence over 86th Street to a point at or near Bay 41st Street; thence over private property and 26th Avenue to Stillwell Avenue; and thence over Stillwell Avenue to a point at or near Avenue Y.

The Contractor will not be required to furnish Open-Hearth Rail, Rolled Manganese Rail, Track Rail Splice Bars, Anti-Creepers, Cast Iron (Separators), Cut Track Spikes, Screw Spikes and Lag Screws, Ties and Timber, Bolts and Nuts, Nut Locks, Malleable Iron (Rail Braces, Washers and End Inlines), Tie Plates (Types A, B, C, D, W and X), Hand Rail, or Special Work (Frogs and Switches) which are to form a part of the completed tracks, but the City will supply such materials to the Contractor; nor will the Contractor be required to furnish or install electrical or signal material or apparatus. The work under the contract will include all other work, labor and material necessary for the complete installation of the tracks and for the transportation of material supplied by the City.

It may be possible for bidders to make arrangements with South Brooklyn Railway Company for the transportation of materials from the City storeyard at the foot of 38th and 39th Streets to said railroad after the construction work in the 38th Street Cut has been sufficiently advanced, but bidders must inform themselves upon this point and make all arrangements upon their own responsibility and at their own risk.

A full description of the work and other requirements, provisions, details and specifications are given in the form of contract and in the specifications and on the contract drawings therein referred to. Copies of the form of contract, specifications, contract drawings, bond and contractor's proposal may be inspected and purchased at the office of the Commission, No. 154 Nassau Street, Borough of Manhattan, New York City. The forms of contract, bond and contractor's proposal and the specifications and contract drawings are to be deemed a part of this invitation. Copies of the form of contract made or to be made by the City for the purchase of the materials to be supplied by the City to the Contractor may also be inspected and purchased at the said office of the Commission.

Bidders must examine the form of contract and the specifications and contract drawings and must visit the location of the work and inform themselves of the conditions along the line of the work and make their own estimates of the facilities and difficulties attending the execution of the work.

The Contractor must complete the work within five (5) months after the date of the delivery of the contract.

Partial payments will be made to the Contractor monthly as the work proceeds, as provided in the form of contract.

At the time of the delivery of the contract the Contractor must furnish security to the City by depositing a bond, cash or securities in a sum equal to ten per centum (10%) of the total estimated amount to be paid to the Contractor under the contract as calculated from the quantities and the prices contained in the Schedule of Prices in the Contractor's Proposal.

Sealed bids or proposals will be received at the office of the Commission at No. 154 Nassau Street, Borough of Manhattan, City of New York, until the 9th day of July, 1915, at twelve fifteen (12:15) o'clock p. m., at which time and place, or at a later date to be fixed by the Commission, the proposals will be publicly opened.

Proposals must be in the form prescribed by the Commission.

Every proposal must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Installation of Tracks" and must be delivered to the Commission or its Secretary; and in the presence of the person submitting the proposal, it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received unless accompanied by a separate certified check for five thousand dollars (\$5,000) payable to the order of the Comptroller of The City of New York and drawn upon a national or state bank or trust company satisfactory to the Commission and having its principal office in New York City. Such check must not be enclosed in the envelope containing the proposal.

The prices must not be improperly balanced, and any bid which the Commission considers detrimental to the City's interests may be rejected.

No proposal, after it shall have been deposited with the Commission, will be allowed to be withdrawn for any reason whatever.

The award of the contract will be made by the Commission as soon as practicable after the opening of the proposals.

Deposits made by bidders whose proposals are not accepted will be returned within three (3) days after the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with, unless all proposals shall be rejected, in which event such deposits will be returned within three (3) days after such rejection. The deposit of the successful bidder will be returned when the contract is executed and delivered and its provisions in respect of the bond or deposit are complied with.

The right to reject any and all bids is reserved.

Third.—That the Commissioner of Assessment has assessed any or all such lands, tenements and hereditaments and premises as are within the area of assessment fixed and prescribed as the amended area of assessment for benefit by the Board of Estimate and Apportionment on the 26th day of June, 1914, and that the said amended area of assessment includes all those lands, tenements and hereditaments and premises situate and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point on the westerly bulkhead line of Westchester Creek where it is intersected by a line midway between Ludlow Avenue and Houghton Avenue, and running thence southwardly along the said bulkhead line of Westchester Creek to the intersection with the prolongation of a line midway between Turnbull Avenue and Lafayette Avenue as these streets are laid out west of Zerega Avenue; thence westwardly along the said line mid-

way between Turnbull Avenue and Lafayette Avenue, and along the prolongations of the said line to a point distant 100 feet westerly from the westerly line of White Plains Road, the said distance being measured at right angles to the line of White Plains Road; thence northwardly and always 100 feet westerly from and parallel with the westerly line of White Plains Road to the intersection with the prolongation of a line midway between Houghton Avenue and Quimby Avenue; thence westwardly along the prolongation of the said line midway between Houghton Avenue and Quimby Avenue to the intersection with a line midway between Bolton Avenue and Underhill Avenue; thence northwardly along the said line midway between Bolton Avenue and Underhill Avenue to the intersection with the prolongation of a line midway between Ludlow Avenue and Houghton Avenue as these streets are laid out at White Plains Road; thence eastwardly along a line always midway between Ludlow Avenue and Houghton Avenue, and along the prolongations of the said line to the point or place of beginning.

Fourth.—That the abstracts of said estimate of damage and of said assessment for benefit, together with the damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by the Commissioners of Estimate and by the Commissioner of Assessment in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Room 1529, 15th Floor, Municipal Building, Chambers and Centre Streets, in the Borough of Manhattan, in said City, there to remain until the 9th day of July, 1915.

Fifth.—That, provided there be no objections filed to either of said abstracts, the reports as to awards and as to assessments for benefit herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 15th day of October, 1915, at the opening of the Court on that day.

Sixth.—In case, however, objections are filed to the foregoing abstracts of estimate and assessment, or to either of them, the motion to confirm the reports as to awards and as to assessments shall stand adjourned to the date to be hereafter specified in the notice provided in such cases to be given in relation to filing the final reports, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated New York, June 14, 1915.

Commissioners of Estimate. CHRISTOPHER C. MOLLENHAUER, Commissioner of Assessment. j25,jy13

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all

house sewer connections to the main sewer in the street and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, protecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and maintained and made watertight where they have been disturbed by the operations of the Contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money or corporate stock or certificates of indebtedness of any nature issued by The City of New York, which the Comptroller shall approve as of equal value with the security required in the advertisement to the amount of not less than three nor more than five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The amount shall be as specified in the proposals or instructions to bidders and shall not be in excess of 5 per cent.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon loan or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
