BOROUGH PRESIDENT - BROOKLYN

■ PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that, pursuant to Sections 197-c of the New York City Charter, Brooklyn Borough President Eric L. Adams will hold a public hearing on the following matters in the courtroom of Brooklyn Borough Hall, 209 Joralemon Street, Brooklyn, NY 11201, commencing at 6:00 P.M. on Monday, March 21, 2016.

Calendar Item 1 — 160124 ZSK, 160125 ZSK, 160126 ZRK

The application submitted by 19 Kent Acquisition LLC pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit to allow: a floor area increase from 160,000 square feet to 380,097 square feet, of which 63,714 square feet would be devoted to Business Enhancing Uses and 156,535 square feet to certain Incentive Uses, and public plaza modifications, total of 14,000 square feet; a special permit to allow a modification of the loading berth required for the proposed development; and a zoning text amendment to allow modifications to the use, bulk, and accessory off-street parking, reducing the requirement from 1,267 parking spaces to 275, and loading requirements within a defined Enhanced Business Area (the M1-2 District as approximately bounded by Kent Avenue to 200 feet east of Wyth Avenue, between North Ninth, Gem, North 15th and Banker Streets) by special permit of the City Planning Commission. These actions would facilitate the development of 19-33 Kent Avenue, in Greenpoint, Community District 1, with an eight story light industrial and commercial office building.

Calendar Item 2 — 160093 ZSK

The application submitted by L & E Building Materials Inc. pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit pursuant to Zoning Resolution Section 106-32(c) to modify the yard requirements of Zoning Resolution Section 106-34 to facilitate construction of a one-story wholesale and distribution building materials warehouse located at 2700 Stillwell Avenue, in Coney Island, Community District 13.

Note: To request a sign language interpreter, or to request Telecommunication Device for the Deaf (TDD) services, contact land use coordinator Olga Chernomorets by phone at (718) 802-3751 or by email at ochernomorets@brooklynbp.nyc.gov before the hearing.

CITY PLANNING COMMISSION

PUBLIC HEARINGS

NOTICE IS HEREBY GIVEN that resolutions have been adopted by the City Planning Commission, scheduling public hearings on the following matters to be held at Spector Hall, 22 Reade Street, New York, NY, on Wednesday, March 30, 2016 at 10:00 A.M.

BOROUGH OF THE BRONX

No. 1

3276 JEROME AVENUE

CD 7 C 160064 ZMX

IN THE MATTER OF an application submitted by Mosholu Petrol Realty, LLC pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 1d, changing from an R8 District to a C8-2 District property bounded by Risse Street, a line 150 feet northerly of Van Cortlandt Avenue, a line perpendicular to the southeasterly street line of Jerome Avenue distant 180 feet southwesterly (as measured along the street line) from the point of intersection of the southeasterly street line of Jerome Avenue and the westerly street line of Risse Street, and a line 100 feet southeasterly of Jerome Avenue, as shown on a diagram (for illustrative purposes only) dated December 14, 2015.

BOROUGH OF BROOKLYN

Nos. 2, 3 & 4

OXFORD NURSING HOME

No. 2

CD 6 C 150361 ZMK

IN THE MATTER OF an application submitted by the Conover King Realty, LLC pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 16a:

- 1. changing from an M2-1 District to an M1-4/R6 District property bounded by King Street, a line 100 feet northwesterly of Van Brunt Street, Sullivan Street, a line 200 feet northwesterly of Van Brunt Street, a line midway between King Street and Sullivan Street, and Conover Street; and
2. establishing a Special Mixed Use District (MX-5) bounded by King Street, a line 100 feet northwesterly of Van Brunt Street, Sullivan Street, a line 200 feet northwesterly of Van Brunt Street, a line midway between King Street and Sullivan Street, and Conover Street;

as shown in a diagram (for illustrative purposes only) dated November 30, 2015.

No. 3

CD 6 C 150362 ZSK

IN THE MATTER OF an application submitted by Conover King Realty, LLC pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit pursuant to Section 74-902 of the Zoning Resolution to modify the requirements of Section 24-111 (Maximum floor area ratio for certain community facility uses) to permit the allowable community facility floor area ratio of Section 24-11 (Maximum Floor Area Ratio and Percentage of Lot Coverage) to apply to a proposed 200-bed nursing home on property located at 141 Conover Street (Block 555, Lot 5), in an M1-4/R6* District, within a Special Mixed Use District (MX-5)*.

*Note: The site is proposed to be rezoned by changing from an M2-1 District to an M1-4/R6 and by establishing a Special Mixed Use District (MX-5), under a concurrent related application C 150361 ZMK.

Plans for this proposal are on file with the City Planning Commission and may be seen in Room 3054, 120 Broadway, New York, NY 10271-0001

No. 4

CD 6 N 160081 ZRK

IN THE MATTER OF an application submitted by Conover King Realty, LLC pursuant to Section 201 of the New York City Charter for an amendment of the Zoning Resolution of the City of New York modifying Appendix F (Inclusionary Housing Designated Areas) and a related section in Article XII, Chapter 3 (Special Mixed Use District) to apply Inclusionary Housing regulations.

Article III - Commercial District Regulations

**Chapter 7
 Special Urban Design Regulations**

* * *

**37-625
 Design changes**

Except as otherwise provided in Sections 74-41 (Arenas, Auditoriums, Stadiums or Trade Expositions), 91-83 (Retail Uses Within Existing Arcades), and 91-841 (Authorization for retail uses within existing arcades), design changes to existing #plazas#, #residential plazas# or #urban plazas# may be made only upon certification by the Chairperson of the City Planning Commission that such changes would result in a #plaza#, #residential plaza# or #urban plaza# that is in greater accordance with the standards set forth in Section 37-70 (PUBLIC PLAZAS), inclusive. The provisions of Section 37-78 (Compliance), other than paragraph (e) (Special regulations for an #urban plaza# in the #Special Lower Manhattan District#), shall be made applicable to such #plaza#, #residential plaza# or #urban plaza#.

* * *

**37-73
 Kiosks and Open Air Cafes**

Kiosks and open air cafes may be placed within a #publicly accessible open area# upon certification, pursuant to this Section. Such features shall be treated as permitted obstructions. Only #uses# permitted by the applicable district regulations may occupy #publicly accessible open areas# or front on #publicly accessible open areas#.

* * *

(c) Certification

Kiosks and open air cafes may be placed within the area of a #publicly accessible open area# upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings, that:

- (1) such #use# promotes public use and enjoyment of the #publicly accessible open area#;
- (2) such #use# complements desirable #uses# in the surrounding area;
- (3) the owner of such #use# or the #building# owner shall be responsible for the maintenance of such kiosk or open air cafe, which shall be located within areas designated on building plans as available for occupancy by such #uses# and no encroachment by a kiosk or open air cafe outside an area so designated shall be permitted;
- (4) such #use# does not adversely impact visual and physical access to and throughout the #publicly accessible open area#;
- (5) such #use#, when located within a #public plaza#, is provided in accordance with all the requirements set forth in this Section;
- (6) for kiosks and open air cafes located within an existing #publicly accessible open area#, such #use# is proposed as part of a general improvement of the #publicly accessible open area# where necessary, including as much landscaping and public seating as is feasible, in accordance with the standards for #public plazas#;
- (7) a #sign# shall be provided in public view within the cafe area indicating the days and hours of operation of such cafe; and
- (8) for kiosks that are in operation less than 225 days per year, an off-season plan has been submitted to the Chairperson showing that such kiosks will be completely removed from the #publicly accessible open area# when not in operation, that the area previously occupied by the kiosk is returned to public use and such area is in compliance with the applicable #publicly accessible open area# design standards.

* * *

(d) Process

An application for certification shall be filed with the Chairperson of the City Planning Commission, and the Chairperson shall furnish a copy of the application for such certification to the

affected Community Board at the earliest possible stage. The Chairperson will give due consideration to the Community Board's opinion as to the appropriateness of such a facility in the area and shall respond to such application for certification within 60 days of the application's receipt.

The Chairperson shall file any such certification with the City Council. The Council, within 20 days of such filing, may resolve by majority vote to review such certification. If the Council so resolves, within 50 days of the filing of the Chairperson's certification, the Council shall hold a public hearing and may approve or disapprove such certification. If, within the time periods provided for in this Section, the Council fails to act on the Chairperson's certification, the Council shall be deemed to have approved such certification.

Such certification shall be effective for a period of three years.

All applications for the placement of kiosks or open air cafes shall include a detailed site plan or plans indicating compliance with the provisions of this Section, including the layout and number of tables, chairs, restaurant equipment and heating lamps, as well as the storage location for periods when the kiosk or open air cafe is closed. Where a kiosk or open air cafe is to be located within an existing #publicly accessible open area#, each kiosk or open air cafe application must be accompanied by a compliance report in accordance with the requirements of Section 37-78, paragraph (c).

Where design changes to #publicly accessible open areas# are necessary in order to accommodate such kiosk or open air cafe, or to comply with paragraph (c)(6) of this Section, a certification pursuant to Section 37-625 (Design changes) shall be required, except that within the #Special Lower Manhattan District#, design changes to a #publicly accessible open area# pursuant to the provisions of Section 91-832 (Plazas) as part of a certification pursuant to Section 91-83 (Retail Uses Within Existing Arcades), an authorization pursuant to Section 91-841 (Authorization for retail uses within existing arcades), or a certification pursuant to Section 91-837 (Additional design changes) may satisfy the requirements in paragraph (c)(6) of this Section.

All such plans for kiosks or open air cafes, once certified, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument providing notice of the certification for the kiosk or open air cafe, pursuant to this Section. The form and contents of the legal instrument shall be satisfactory to the Chairperson, and the filing and recording of such instrument shall be a precondition for the placement of the kiosk or open air cafe within the #publicly accessible open area#.

Article IX - Special Purpose Districts

**Chapter 1
 Special Lower Manhattan District**

* * *

**91-00
 GENERAL PURPOSES**

The "Special Lower Manhattan District" established in this Resolution is designed to promote and protect public health, safety, general welfare and amenity. These general goals include, among others, the following specific purposes:

- (a) encourage development of a 24-hour community through the conversion of older commercial buildings to residential use;
- (b) facilitate maximum design flexibility of buildings and enhance the distinctive skyline and streetscape of Lower Manhattan;
- (c) improve public use and enjoyment of the East River waterfront by creating a better physical and visual relationship between development along the East River and the waterfront area, public access areas and the adjoining upland community;
- (d) enhance the pedestrian environment by relieving sidewalk congestion and providing pedestrian amenities;
- (e) restore, preserve and assure the use of the South Street Seaport Subdistrict as an area of small historic and restored buildings, open to the waterfront and having a high proportion of public spaces and amenities, including a South Street Seaport Environmental Museum, with associated cultural, recreational and retail activities;
- (f) establish the Historic and Commercial Core to protect the existing character of this landmarked area by promoting development that is harmonious with the existing scale and street configuration; and
- (g) establish the Water Street Subdistrict to improve the urban design relationship between existing buildings and open areas by promoting retail activities and the enhancement of existing

public spaces with new amenities in this area; and

(g)(h) promote the most desirable use of land and thus conserve and enhance the value of land and buildings, and thereby protect the City's tax revenues.

91-80

PUBLIC ACCESS AREAS

[ALL NEW TEXT (91-80 THROUGH 91-843) FOLLOWS – DELETED TEXT (91-80 THROUGH 91-821) IS LOCATED AFTER APPENDIX MAPS]

The following regulations shall apply to arcades and #publicly accessible open areas# existing on [effective date of amendment] located within the Water Street Subdistrict as shown on Map 8 in Appendix A of this Chapter except for the #plaza# that was the subject of special permit application CP-20518, approved by the City Planning Commission on November 27, 1968.

For the purposes of this Section, inclusive, "arcade" shall refer to an #arcade# or #through block arcade# provided in accordance with the provisions of Section 12-10 (DEFINITIONS) and Section 37-80 (ARCADES), or any other arcade that generated a #floor area# bonus as evidenced by plans approved by the Department of Buildings.

A horizontal #enlargement# permitted by Section 91-83 (Retail Uses Within Existing Arcades) or Section 91-841 (Authorization for retail uses within existing arcades) shall not be included as #floor area#, and such additional area shall not result in a reduction of the permitted floor area.

No arcade may be eliminated or reduced in size pursuant to paragraph (a) of Section 33-124 (Existing public amenities for which floor area bonuses have been received). In lieu thereof, the provisions of Sections 91-83 and 91-841 shall apply. The provisions of paragraph (d) of Section 33-124 shall be modified to also permit the reduction or elimination of an arcade for which a #floor area# bonus has been utilized pursuant to the provisions of Sections 91-83 or 91-841.

For any #zoning lot# that was the subject of application C810325ZSM, C810506ZSM or C841070ZSM, a certification pursuant to Section 91-83 or an authorization pursuant to Section 91-841 shall not result in a departure from the findings and conditions specified in the applicable special permit, and such certification or authorization shall not require modification of the applicable special permit unless such a modification is required pursuant to a related restrictive declaration. For the #zoning lot# that was the subject of application C810325ZSM, the existing #through block arcade# shall not be eliminated, but may be modified in size and configuration provided that the standards for #through block arcades# set forth in Section 12-10 are met.

Public events may take place within a #publicly accessible open area# or arcade pursuant to the provisions of Section 91-81 (Events Within Public Access Areas). Publicly accessible tables, chairs, shade umbrellas and heating lamps may be located within a #publicly accessible open area# or arcade pursuant to the provisions of Section 91-82 (Amenities Within Public Access Areas). An outdoor cafe may be located within an arcade pursuant to Section 91-821 (Certification for outdoor cafes within arcades). A horizontal #enlargement# of the ground floor and second floor levels may be permitted within arcades, or portions thereof, located within Area A in Map 9 of Appendix A of this Chapter pursuant to the provisions of Section 91-83, and within Area B pursuant to the provisions of Section 91-841. In no event shall an #enlargement# be permitted within arcades, or portions thereof, located within Area C on Map 9 in Appendix A of this Chapter.

91-81

Events Within Public Access Areas

The provisions of Article III, Chapter 7 restricting the temporary placement or storage of event-related amenities or equipment within a #publicly accessible open area# or arcade shall be modified by the provisions of this Section. The temporary placement or storage of event-related equipment or amenities in accordance with the provisions of this Section shall not constitute a design change pursuant to the provisions of Section 37-625 (Design changes) or Section 91-837 (Additional design changes).

Events including, but not limited to, farmers' markets, holiday markets, concerts and performances, art and cultural exhibitions and festivals are permitted within all #publicly accessible open areas# and arcades. The utilization of a #publicly accessible open area# or arcade for the promotion of products or services shall not itself qualify as an event permitted under this Section.

Events shall be open to the public, provide free and unticketed admission and only be permitted to use amplified sound between the hours of 9:00 A.M. and 10:00 P.M. All #publicly accessible open areas# and arcades shall continue to be publicly accessible at all times. Event-related amenities and equipment shall be considered temporary permitted obstructions provided that sufficient circulation space connecting all #streets# and #building# entrances exists. All #publicly accessible open areas# and arcades shall be restored to their approved condition within 24 hours of the conclusion of an event.

The storage of equipment or materials outside of an event's scheduled hours, excluding time required for set up and clean up, shall not be permitted within a #publicly accessible open area# or arcade, except that for events taking place over multiple days or weeks, large temporary equipment that require assembly and will be actively used during the event, such as stages, kiosks and sound and video entertainment systems, may remain in the #publicly accessible open area# or arcade outside of the event's scheduled hours.

91-82

Amenities Within Public Access Areas

The provisions of Article III, Chapter 7 restricting the placement of tables, chairs, shade umbrellas and heating lamps within a #publicly accessible open area# or arcade shall be modified by the provisions of this Section. The placement of tables, chairs, shade umbrellas or heating lamps in accordance with the provisions of this Section, inclusive, shall not constitute a design change pursuant to the provisions of Section 37-625 (Design changes) or Section 91-837 (Additional design changes).

Publicly accessible tables and chairs, as well as shade umbrellas and heating lamps, shall be permitted obstructions within a #publicly accessible open area# or arcade, provided that such obstructions comply with the provisions of Section 91-822 (Requirements for furnishings), as applicable. Tables, chairs, shade umbrellas and heating lamps provided pursuant to this Section may be used by the public without restriction. Outdoor cafes may be placed within an arcade by certification pursuant to Section 91-821 (Certification for outdoor cafes within arcades).

91-821

Certification for outdoor cafes within arcades

An outdoor cafe may be permitted within an arcade upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that, in addition to the provisions of this Section, the provisions of Section 91-822 (Requirements for furnishings) are met. An outdoor cafe that is permitted by this Section shall be a permanently unenclosed restaurant or eating or drinking place, which may have waiter or table service.

No portion of an outdoor cafe that is permitted by this Section may extend into a #publicly accessible open area# except where an open air cafe has been permitted by a certification pursuant to Section 37-73 (Kiosks and Open Air Cafes).

In order to certify that the proposed modification to an existing arcade is consistent with the provisions of this Section, the applicant shall submit to the Chairperson a site plan and other detailed plans demonstrating that the proposed obstructions within the existing arcade and, where applicable pursuant to paragraph (a)(2) of Section 91-822, the adjacent #publicly accessible open area#, will comply with the provisions of this Section. The placement of publicly accessible tables and chairs within a #publicly accessible open area# pursuant to paragraph (a)(2) of Section 91-822 shall not constitute a design change pursuant to the provisions of Section 37-625 (Design changes).

All plans for arcades or other #publicly accessible open areas# that are the subject of a certification pursuant to this Section shall be filed and duly recorded in the Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Chairperson, providing notice of the certification of the arcade, pursuant to this Section. Such filing and recording of such instrument shall be a precondition to certification.

The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

91-822

Requirements for furnishings

The following provisions shall apply to all furnishings, including tables, chairs, shade umbrellas and heating lamps, permitted by Section 91-822 (Amenities Within Public Access Areas) and Section 91-821 (Certification for outdoor cafes within arcades).

(a) Size, location and other requirements

(1) Requirements for all furnishings

All furnishings shall be moveable. Permanent fixtures may be installed in the ground of a #publicly accessible open area# or arcade for the purposes of supporting shade umbrellas or heating lamps provided that such fixtures are flush-to-grade.

No furnishings shall be permitted within five feet of any #building# entrance, nor shall they be permitted within any required circulation paths.

(2) Additional requirements for outdoor cafes located within arcades

Where an outdoor cafe is provided pursuant to Section 91-821, a minimum of four tables and 16 chairs shall be provided and made available to the public without restriction, which may be located within an arcade or within a #publicly accessible open area# and shall be outside of the permitted cafe boundary.

Outdoor cafes shall be located at the same elevation as the adjoining sidewalk area or #publicly accessible open area#, except that they may be located no more than six inches below or on a platform no more than six inches above such adjoining sidewalk area or #publicly accessible open area#. The outdoor cafe shall be permanently marked in accordance with the applicable standards for open air cafes set forth in paragraph (b) of Section 37-73.

Fences, planters, walls, fabric dividers or other barriers that separate outdoor cafe areas from other portions of the arcade or adjacent sidewalks or #publicly accessible open areas# shall be prohibited. No kitchen equipment shall be installed within an outdoor cafe.

(3) Circulation requirements for outdoor cafes located within arcades

For arcades with a depth of 10 feet or less, as measured from the column face furthest from the #street line# or #publicly accessible open area# to the #street wall#, an unobstructed path not less than three feet shall be provided. For arcades with a depth greater than 10 feet, as measured from the column face furthest from the #street line# or #publicly accessible open area# to the #street wall#, such unobstructed pedestrian way shall be increased to at least six feet. For #through block arcades#, an unobstructed pedestrian way, except for approved doorways, of at least eight feet shall be provided connecting each #street# on which the #through block arcade# fronts.

(b) Operation

(1) Requirements for all tables and chairs

Except as otherwise provided in paragraph (b)(2) of this Section, tables, chairs, shade umbrellas and heating lamps may be stored or secured within an arcade between the hours of 9:00 P.M. and 7:00 A.M., but may not be stored or secured within a #publicly accessible open area#.

(2) Additional requirements for outdoor cafes located within arcades

Publicly accessible tables and chairs that are required by paragraph (a)(2) of this Section may not be removed or secured while the cafe is in active use.

All furnishings of within the boundary of an outdoor cafe, including tables, chairs, shade umbrellas, bussing stations and heating lamps, shall be completely removed from the arcade when the outdoor cafe is not in active use, except that tables and chairs may remain in such arcade if they are unsecured and may be used by the public without restriction.

Litter receptacles shall be provided in accordance with the standards for #public plazas# set forth in Section 37-744 (Litter receptacles).

91-83

Retail Uses Within Existing Arcades

A horizontal #enlargement# of the ground floor and second floor levels within an arcade located within Area A on Map 9 in Appendix A of this Chapter may be permitted upon certification by the Chairperson of the City Planning Commission to the Commissioner of Buildings that such #enlargement# complies with the provisions of this Section, and the following conditions are met:

- the horizontal #enlargement# meets the requirements of Section 91-831 (Ground floor requirements);
- a compensating amenity is provided pursuant to the provisions of Section 91-832 for plazas, Section 91-834 for indoor public spaces, or Section 91-835 for alternative improvements; and
- the additional requirements of Section 91-836, as applicable.

For #zoning lots# with one or more #publicly accessible open areas#, unless an alternative improvement has been identified in Section 91-835, an improvement to all #publicly accessible open areas# pursuant to the provisions of Section 91-832 shall be required as the compensating amenity required by condition (b) of this Section, and a certification for design changes pursuant to Section 37-625 (Design changes) shall not be required. Where a #publicly accessible open area# was improved and is fully compliant with a prior certification pursuant to Section 37-625 that was granted before [date of referral], the improvement of such #publicly accessible open area# shall not be required.

The provision of a compensating amenity as part of a prior certification pursuant to this Section or a prior authorization pursuant to Section 91-841 (Authorization for retail uses within existing arcades) may satisfy the requirements of condition (b) of this Section for a compensating amenity.

As part of the certification, a horizontal #enlargement# of the ground floor level may be permitted within the area between a #street wall# and an arcade that did not generate a #floor area# bonus prior to [effective date of amendment]. The provisions of Section 91-831 (Ground floor requirements) shall not apply to such portion of the horizontal #enlargement#.

As part of the certification, a horizontal #enlargement# of the ground floor level may be permitted along existing #building# walls that do not face an arcade. The locational requirements of paragraph (a)(1) of Section 91-831 and the #use# prohibitions of paragraph (b)(1)(ii) of Section 91-831 shall apply to such #enlargement#. Where the #enlargement# takes place along a #publicly accessible open area#, the #use# and transparency requirements of Section 91-831 for new #building# walls facing a #publicly accessible open area# shall apply.

91-831

Ground floor requirements

The provisions of this Section shall apply to the #street wall# of the ground floor level #enlargement#. For the purposes of this Section, a #building# wall that faces a #publicly accessible open area# or #through block arcade# shall also be considered a #street wall#, and the provisions herein for new #building# walls fronting on a #publicly accessible open area# shall also apply to new #building# walls fronting on a #through block arcade#, except as otherwise specified.

(a) Location of #enlargement#

(1) Location of new #building# walls

All new #building# walls shall extend to the full height of the arcade. New #building# walls may only be located between the column face closest to an existing #street wall# and the column face furthest from an existing #street wall# or the #street wall# location of the floor above, except that new #building# walls within an existing #through block arcade# that do not face a #street# may extend past the column face furthest from the existing #street wall# provided that the standards for #through block arcades# set forth in Section 12-10 (DEFINITIONS) and all other provisions of this Section are met. New #building# walls within an existing #through block arcade# that do not face a #street# shall not be required to extend for the full height of the #through block arcade#.

(2) Length of new #building# walls

An #enlargement# shall extend for the full length of the #street wall#, except for the locations specified on Map 9 in Appendix A of this Chapter and except if a corner arcade that adjoins the Water Street #street line# and another #street line# or #publicly accessible open area# is provided in accordance with the provisions of paragraph (c) of Section 37-53 (Design Standards for Pedestrian Circulation Spaces) which may provide a clear path 10 feet wide. However, an #enlargement# shall not be required along the length of the #street wall# occupied by an existing parking or loading entrance. Where an #enlargement# within an arcade extends along two or more #street walls#, the #enlargement# shall also include the area where the arcade areas intersect, except as

otherwise provided in this Section, and the location of new #building# walls in such area shall be subject to the provisions of paragraph (a)(1) of this Section.

(b) Permitted #uses# within an #enlargement#

(1) Requirements for all frontages

(i) Retail #uses#

The #street# frontage or frontage along a #publicly accessible open area# of the #enlarged# portion of the ground floor level shall be allocated exclusively to the #uses# permitted by Section 91-12 (Uses on Designated Retail Streets) and indoor public spaces that are provided in accordance with the provisions of Section 91-834.

All #uses# permitted by this paragraph shall occupy a height no less than that of the ground floor level, and shall occupy a depth no less than that of the existing arcade where the #enlargement# is taking place.

(ii) Parking, loading and mechanical equipment

No garage entrances, driveways, parking spaces or loading berths shall be permitted within an #enlargement#. No exhaust vents or mechanical equipment shall be permitted on any new #building# wall unless such exhaust vents are more than 15 feet above the level of the curb.

(2) Additional #use# requirement for a #publicly accessible open area# or #through block arcade#

At least 50 percent of the total frontage of all new #building# walls fronting on a #publicly accessible open area# or #through block arcade#, excluding such frontage occupied by #building# lobbies, shall be occupied by retail or service establishments permitted by paragraph (b)(1) of this Section. As an alternative, the amount of frontage required by this paragraph for occupancy by retail or service establishments may be partially or fully located along existing #building# walls fronting on the #publicly accessible open area# or #through block arcade# and the transparency requirements of paragraph (c)(3) of this Section shall apply to such frontage.

Libraries, museums and art galleries are permitted #uses# that may front on a #publicly accessible open area#. Banks shall not be a permitted #use# on any #publicly accessible open area# or #through block arcade#. #Uses# required by this paragraph shall be directly accessible from the #publicly accessible open area# or #through block arcade#.

(c) Frontage

(1) Number of establishments

The provisions of this paragraph shall apply when the second floor level within an arcade is #enlarged#.

Along the longest #street wall# of the ground floor level #enlargement#, at least two establishments permitted by paragraph (b) of this Section shall be provided on the ground floor level. Frontage that is solely dedicated to access a #use# on a level other than the ground floor level shall not constitute an establishment for the purposes of this paragraph.

(2) Access, entrances and lobbies

Along each #street wall# where an #enlargement# takes place, the length of the total aggregate frontage of new and existing #building# walls that may be occupied by a #primary entrance# for the principal #use# of the #building# shall not exceed 40 feet or 25 percent of the total #street wall# length, whichever is less, except that along Water Street a #primary entrance# may occupy a maximum of 50 feet of #street wall# length regardless of the total aggregate frontage of new and existing #building# walls along such #street#. For a #primary entrance# that fronts on a #publicly accessible open area#, such entrance shall occupy a minimum frontage length of 20 feet or a length equal to the distance between the two closest columns adjacent to the #publicly accessible open area#, whichever is less. A #primary entrance# to the principal #use# of the #building# may front on a #through block arcade# or indoor public space provided in accordance with Section 91-834 (Indoor public spaces), but may only occupy a maximum frontage length of 25 feet.

Where more than 50 percent of the length of the arcade #enlargement# is occupied by a #primary entrance# permitted by this paragraph, retail or service establishments with an aggregate frontage length equal to at least 50 percent of the

length of the #enlargement# shall be required along new or existing #building# walls along the same #street# frontage as the #enlargement#, and the transparency requirements of paragraph (c)(3) of this Section shall apply to such frontage along existing #building# walls.

(3) Transparency and flood resilience

At least 70 percent of the #street wall# surface area exclusive of existing columns between two feet and either 14 feet above grade or the ceiling level of the ground floor of the #building#, whichever is lower, shall be treated with clear, untinted transparent material.

Permanent fixtures for temporary flood control devices and associated emergency egress systems that are assembled prior to a storm and removed thereafter and are affixed to a column may obstruct any transparent portion of a new #building# wall. Such permanent fixtures shall not be considered a non-transparent portion of a new #building# wall. Additionally, such permanent fixtures shall be encased in a decorative material. Temporary flood control devices and associated emergency egress systems shall be permitted in front of any new #building# wall for a reasonable period of time prior to and after a storm event, as determined by the Department of Buildings.

**91-832
Plazas**

A #publicly accessible open area# shall be improved in full accordance with the provisions of Section 37-70 (PUBLIC PLAZAS) as modified by this Section, and as further modified by Section 91-833 (Special regulations for plazas less than 40 feet in depth) for #publicly accessible open areas# with a maximum depth of less than 40 feet, as measured perpendicular to any #street line#. Subsequent design changes to any #publicly accessible open area# pursuant to the provisions of such Sections may only be permitted pursuant to Section 91-837 (Additional design changes). The City Planning Commission may authorize a modification of the provisions of this Section and Section 91-833 pursuant to Section 91-842 (Authorization to modify design requirements).

(a) For the purposes of applying the provisions of this Section, any area or #street# frontage of the #publicly accessible open area# occupied by a garage entrance, driveway, loading berth or gratings for electrical vaults may be excluded from the calculation of the total area or total #street# frontage of the #publicly accessible open area#. Such area shall remain open and accessible to the public at all times.

(b) The area dimension requirements of Section 37-712, the locational restrictions of Section 37-713, the orientation restrictions of Section 37-714 and the requirements for major and minor portions of #public plazas# set forth in Sections 37-715 and 37-716, respectively, shall not apply.

(c) The #through block public plaza# provisions of Section 37-717 that require a setback along any #building# wall or walls that adjoin a #through block public plaza# or through #block# portion of a #publicly accessible open area# shall not apply.

(d) The sidewalk frontage provisions of Section 37-721 shall be modified as follows:

(1) The requirement for 50 percent of the area within 15 feet of a #street line# or sidewalk widening line to be free of obstructions may be reduced to the minimum extent necessary to allow existing walls or structures within such area to remain provided that such walls or structures do not increase in height or length, and all portions of the #publicly accessible open area# are accessible from a #street#, arcade or other portion of the #publicly accessible open area#.

(2) Paragraph (b) shall be modified to allow planters with bounding walls that exceed a height of two feet that are permitted by paragraph (g) of this Section to be located in such area.

(3) For #corner public plazas#, where there is a change in elevation permitted by paragraph (e) of this Section for the area within 15 feet of the intersection of any two or more #streets# on which the #publicly accessible open area# fronts, such area shall not be required to be at the same elevation as the adjoining public sidewalk, but must be free of obstructions except as may otherwise be provided in paragraph (d)(1) of this Section.

(e) The provisions of Section 37-722 (Level of plaza) shall be modified to permit any elevation of the #publicly accessible open area# existing on [effective date of amendment] to remain.

- (f) The provisions of Section 37-726 (Permitted obstructions) shall be modified as follows:
- (1) Paragraph (c) shall be modified to allow awnings above retail and service establishments that do not project into the #publicly accessible open area# more than three feet when measured perpendicular to the #building# facade. There shall be no limitation on the area or height of an awning, but in no event shall an awning for a retail or service establishment contain vertical supports.
 - (2) Paragraph (d) shall be modified to allow garage entrances, driveways or loading berths fronting on a #publicly accessible open area# and existing on [effective date of amendment] to remain, provided that they are separated from the remainder of the #publicly accessible open area# by a barrier sufficient to substantially conceal these facilities and any vehicles therein when viewed from any point in the #publicly accessible open area#. A #building# trash storage facility may be accessed or serviced through the portion of a #publicly accessible open area# that is occupied by a garage entrance, driveway or loading berth.
- (g) The provisions of Section 37-742 (Planting and trees) may be modified where the Chairperson of the City Planning Commission has been furnished with materials sufficient to establish that subsurface conditions do not allow the required soil depth for shrubs or trees to be provided below grade or within a planter with bounding walls no higher than 18 inches in height above an adjacent walking surface or the highest adjacent surface where the bounding wall of such planter adjoins two or more walking surfaces with different elevations. A raised planter may be provided with bounding walls up to three feet for shrubs, or three feet six inches for trees, provided that fixed seating with backs is integrated into the planter for at least 50 percent of the perimeter of the planter that is adjacent to a walking surface. If such planter, or any portion thereof, is located within 10 feet of a #street line#, fixed seating with backs shall be integrated into at least 75 percent of the perimeter of the planter that is adjacent to a walking surface. Where it is demonstrated that no required trees can be planted flush-to-grade or planted at grade within planting beds with no raised curbs or railings, the Chairperson may allow all trees to be planted within raised planters.
- (h) The calculation of the minimum number of entry plaques required by paragraph (a) of Section 37-751 (Public space signage systems) may be modified for #publicly accessible open areas# that occupy more than one #street# frontage to alternatively require a minimum of one entry plaque at each #street# frontage of the #publicly accessible open area#, and to further require one additional entry plaque at each #street# frontage that measures 80 feet or more in length.
- (i) The provisions of paragraphs (a) and (d) of Section 37-753 (Accessory signs) shall not apply. Each establishment fronting on the #publicly accessible open area# shall be permitted to have one or more #signs# with an aggregate area not to exceed the product of 12 square feet and the length of the establishment along the #publicly accessible open area# in linear feet, divided by 40 linear feet. In no event shall a #sign# exceed 16 square feet in area. #Signs# may be affixed to the #building# wall, awnings, or banners provided that such banners are located a minimum of 10 feet above the level of the #publicly accessible open area# and project no more than 18 inches when measured perpendicular to the #building# facade.
- (j) The provisions of paragraphs (a) and (b) of Section 37-76 (Mandatory Allocation of Frontages for Permitted Uses) shall not apply. The provisions of Section 91-831 (Ground floor requirements) shall apply to all new #building# walls fronting on the #publicly accessible open area#, and the following shall also apply:
- (1) The #use# requirements of paragraph (b)(1) of Section 91-831 shall apply to all new establishments located along existing #building# walls fronting on a #publicly accessible open area#; and
 - (2) The provisions of paragraph (c) of Section 37-76 for existing #building# walls that are non-transparent shall apply except for frontage occupied by active loading and parking entrances.
- (k) The provisions of Section 37-78 (Compliance) shall be modified as follows:
- (1) Paragraph (a) shall not apply; and
 - (2) Paragraph (b) shall be modified to require that the periodic compliance report document compliance with the provisions of Section 37-70 as modified by Sections 91-832 to 91-833, as applicable.

91-833**Special regulations for plazas less than 40 feet in depth**

A #publicly accessible open area# with a maximum depth less than 40 feet measured perpendicular to any #street line# shall be improved in full accordance with the provisions of Section 37-70 (PUBLIC PLAZAS) as modified by Section 91-832 (Plazas) and further modified by this Section. Where a #publicly accessible open area# may be considered a #corner public plaza#, the maximum depth shall be measured from a #street line# to a #street wall#. The City Planning Commission may authorize a modification of the provisions of this Section pursuant to Section 91-842 (Authorization to modify design requirements).

- (a) The provisions of Section 37-721 (Sidewalk frontage) shall not apply. In lieu thereof, the provisions of this paragraph (a) of this Section shall apply to the area of the #publicly accessible open area# located within 10 feet of a #street line# or sidewalk widening line:
- (1) At least 40 percent of such area shall be free of obstructions, and in addition:
 - (i) to facilitate pedestrian access at least 40 percent of the frontage along each #street line# or sidewalk widening line of the #publicly accessible open area# shall be free of obstructions; and
 - (ii) such unobstructed access area shall extend to a depth of 10 feet measured perpendicular to the #street line#. The width of such access area need not be contiguous provided that no portion of such area shall have a width of less than five feet measured parallel to the #street line#, and at least one portion of such area shall have a width of at least eight feet measured parallel to the #street line#.

The requirement of this paragraph for unobstructed access may be reduced to the minimum extent necessary to allow existing walls or structures within such area to remain provided that such walls or structures do not increase in height or length, and all portions of the #publicly accessible open area# are accessible from a #street#, arcade or other portion of the #publicly accessible open area#.
 - (2) In the remaining 60 percent or more of such area, the provisions of paragraph (b) of Section 37-721 shall apply, except that no more than 40 continuous linear feet of any #street# frontage occupied by a #publicly accessible open area# may be obstructed. Furthermore, planters with bounding walls that exceed a height of two feet that are permitted by paragraph (g) of Section 91-832 may be located in such area.
 - (3) For #corner public plazas#, the requirements of this paragraph (a) shall apply separately to each #street# frontage, and the area within 10 feet of the intersection of any #street# on which the #publicly accessible open area# fronts and Water Street or Wall Street shall be at the same elevation as the adjoining public sidewalk, except where there is a change in elevation permitted by paragraph (e) of Section 91-832, and such area shall be free of obstructions except as may otherwise be provided in paragraph (a)(1) of this Section.

- (b) The provisions of Section 37-723 (Circulation paths) shall be modified so that the required circulation path of at least eight feet clear width shall be located adjacent to the #street wall# and shall extend for at least 80 percent of the length of such #street wall#. Where there are multiple #street walls#, the provisions of this paragraph shall apply separately to each frontage. In addition to the obstructions that are permitted within circulation paths, moveable tables and chairs, fixed seating and planting beds not exceeding six inches above any adjacent walking surface shall also be considered permitted obstructions provided that a path of at least five feet clear width that is free of obstructions is provided.

Where an open air cafe pursuant to Section 37-73 (Kiosks and Open Air Cafes) is provided adjacent to a #building# wall, such open air cafe may occupy a portion of the required circulation path provided that there is a minimum of six feet clear width between the #building# wall and any furnishings of the open air cafe. The clear path shall be included in the calculation of the area occupied by the open air cafe.

- (c) The provisions of Section 37-741 (Seating) that require seating within 15 feet of the #street line# shall not apply to #street# frontages that measure less than 40 feet in length.
- (d) The provisions of Section 37-742 (Planting and trees) shall further be modified as follows:
- (1) For #publicly accessible open areas# with an area less than 2,000 square feet, the number of required trees shall be reduced to two, and only one tree shall be required to be planted flush-to-grade or planted at grade within planting beds with no raised curbs or railings, except as may be modified by paragraph (g) of Section 91-832.

- (2) The total area of required planting beds may not be concentrated within one continuous planter or planting bed, except when a #publicly accessible open area# has an area of 1,000 square feet or less.
- (e) The provisions of Section 37-746 (Drinking fountains) shall be modified to require only #publicly accessible open areas# containing an area of 2,000 square feet or more to provide a minimum of one drinking fountain.

91-834**Indoor public spaces**

Indoor public spaces are enclosed, climate-controlled areas on a #zoning lot# intended for public use and enjoyment. The standards contained within this Section are intended to serve the same purposes outlined for #public plazas# in Section 37-70. The City Planning Commission may authorize a modification of the provisions of this Section pursuant to Section 91-842 (Authorization to modify design requirements).

- (a) Indoor public spaces shall contain an area of not less than 2,000 square feet and a minimum width and depth, at any point, of 20 feet. Indoor public spaces may only be located on the ground floor level, shall be directly accessible from all #streets# or #publicly accessible open areas# that the space fronts, and shall extend, at a minimum, for the full height of the ground floor level.
- (b) Indoor public spaces shall be enclosed in whole, and the transparency requirements of paragraph (c) of Section 91-831 (Ground floor requirements) shall apply to all #street walls# or #building# walls facing a #publicly accessible open area#. The space shall be heated or air-conditioned, and the standards for heating, ventilating and air-conditioning shall be at least equal to those of the lobby for the principal #use# of the #building#.
- (c) Public access to the indoor public space shall be provided between, at a minimum, the hours of 6:00 A.M. to 12:00 A.M. The hours of access shall be included on all required entry plaques and information plaques in accordance with the provisions of Section 37-751 (Public space signage systems) and paragraph (i) of this Section.
- (d) The provisions of Sections 37-718 (Paving), 37-722 (Level of plaza), 37-728 (Standards of accessibility for persons with disabilities), 37-744 (Litter receptacles), 37-745 (Bicycle parking), 37-746 (Drinking fountains), 37-748 (Additional amenities), 37-752 (Prohibition signs), 37-753 (Accessory signs) and 37-77 (Maintenance) shall apply.
- (e) The provisions of Section 37-723 (Circulation paths) for #through block public plazas# shall apply to #through block arcades# except as otherwise provided in Section 91-821 (Certification for outdoor cafes within arcades) when a cafe is provided. Trees planted flush-to-grade that measure less than four caliper inches at the time of planting, as permitted by paragraph (h) of this Section, shall not be considered permitted obstructions within circulation paths.
- (f) The provisions of paragraphs (a) and (b) of Section 37-726 (Permitted obstructions) shall apply. A kiosk shall be a permitted obstruction provided that the requirements of paragraph (a) of Section 37-73 (Kiosks and Open Air Cafes) are met. A certification pursuant to Section 37-73 shall not be required to locate a kiosk within an indoor public space. A cafe shall be a permitted obstruction within an indoor public space, may not occupy more than 20 percent of the indoor public space area, and may be permitted by certification pursuant to Section 91-821. Where the indoor public space is not located within an arcade, it shall be considered an arcade for the purposes of that cafe certification.
- (g) The provisions of Section 37-741 for seating shall apply, except as modified as follows:
- (1) The requirements for seating within 15 feet of a #street line# shall not apply.
 - (2) All of the linear seating capacity may be in moveable seats. Any moveable seats that are provided must remain in the indoor public space during the hours of operation.
 - (3) The requirement that seats which face walls must be a minimum of six feet from such wall shall only apply to fixed seating.
- (h) The requirements of Section 37-742 for planting and trees shall apply, except that the surface area of any vertical planting may be included in the calculation of the total area of planting beds that are provided, and trees shall not be required.
- (i) Public space signage shall be provided in accordance with the provisions of Section 37-751, except as modified as follows:

- (1) An information plaque shall be provided at each point of pedestrian entry to the indoor public space. Furthermore, a minimum of one additional information plaque shall be provided within the indoor public space.
 - (2) Paragraph (c) shall not apply.
- (j) All indoor public spaces shall be illuminated with a minimum level of illumination of not less than five horizontal foot candles (lumens per foot) throughout the space. The requirements of Section 37-743 for a lighting schedule, a diagram of light level distribution and electrical power shall apply.
- (k) The #use# requirements of paragraph (b) and the lobby requirements of paragraph (c)(2) of Section 91-831 shall apply to all #building# walls fronting on an indoor public space that do not face a #street# or #publicly accessible open area#. The provisions of paragraph (c) of Section 37-76 for new or existing #building# walls that are non-transparent shall apply.
- (l) The provisions of Section 37-78 (Compliance) shall apply except as modified as follows:
- (1) Paragraph (a) shall not apply.
 - (2) Paragraph (b) shall be modified to require that the periodic compliance report document compliance with the provisions of this Section.

Subsequent design changes to any indoor public space that was subject to the provisions of this Section may only be permitted pursuant to Section 91-837 (Additional design changes).

91-835**Alternative improvements**

A permanent amenity other than the improvement of an existing #publicly accessible open area# pursuant to the provisions of Section 91-832 or the provision of an indoor public space pursuant to the provisions of Section 91-834 may be provided for the properties listed in this Section. The City Planning Commission may authorize an improvement not listed in this Section pursuant to Section 91-843 (Authorization to modify requirements for alternative improvements)

Building Address Required Compensating Amenity

175 Water Street	<u>Area C on Map 9 in Appendix A of this Chapter, the open area along John Street and the open area along Front Street with a minimum depth of 15 feet measured perpendicular to the Front Street #street line# shall be improved in accordance with the provisions of Sections 91-832 and 91-833. Such open area and remaining arcade area shall be considered one contiguous public space and shall be accessible to the public at all times.</u>
100 Wall Street	<u>Maintenance of Manahatta Park between Water Street and Front Street for the life of the #building#.</u>
110 Wall Street	<u>Maintenance of Manahatta Park between Front Street and South Street for the life of the #building#.</u>

91-836**Additional requirements****(a) Legal requirements**

All plans for arcades, #publicly accessible open areas#, required open areas, and indoor public spaces that are the subject of a certification pursuant to Section 91-83 (Retail Uses Within Existing Arcades) shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Chairperson of the City Planning Commission, providing notice of the certification pursuant to Section 91-83. The filing and recording of such instrument shall be a precondition to certification. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date. Where a compensating amenity required by condition (b) of Section 91-83 is located on the same #zoning lot# as an #enlargement#, no temporary or final certificate of occupancy shall be issued for such #enlargement# until the compensating amenity has been substantially completed in accordance with the approved plans, as certified by the Department of City Planning to the Department of Buildings.

Where a compensating amenity is located within a #street# or #public park# pursuant to Section 91-835 (Alternative improvements), the application pursuant to Section 91-83 shall be accompanied by a written agreement between the owner of the

#zoning lot# and the City of New York for the provision and maintenance of the amenity. Such agreement shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Chairperson. The filing and recording of such instrument shall be a precondition to certification. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date. Modifications to the agreement required by this paragraph may only be allowed upon certification by the Chairperson.

(b) Existing approvals by the Board of Standards and Appeals

Where a #zoning lot# is subject to a variance or special permit that was granted by the Board of Standards and Appeals, the application pursuant to Section 91-83 shall be referred for thirty (30) days to the Board of Standards and Appeals who shall certify that such application will not result in a departure from the findings and conditions specified in the original approval.

91-837

Additional design changes

Design changes to any #publicly accessible open area#, required open area or indoor public space improved pursuant to the provisions of Sections 91-832 (Plazas) or 91-834 (Indoor public spaces) may only be made upon certification by the Chairperson of the City Planning Commission that such changes would result in a #publicly accessible open area# or indoor public space that is compliant with the Section under which it was previously approved. As part of the certification, a horizontal #enlargement# on the ground floor level may be permitted along existing #building# walls that face the #publicly accessible open area# and do not face an arcade. The locational requirements of paragraph (a)(1) of Section 91-831 (Ground floor requirements) and the #use# and transparency requirements of Section 91-831 for new #building# walls facing a #publicly accessible open area# shall apply. The legal requirements of paragraph (a) of Section 91-836 shall apply.

91-84

Authorizations

91-841

Authorization for retail uses within existing arcades

The City Planning Commission may authorize a horizontal #enlargement# of the ground floor and second floor levels within an arcade located within Area B on Map 9 in Appendix A of this Chapter. In order to grant the authorization, the Commission shall find that:

- (a) the requirements of Section 91-831 (Ground floor requirements) are met;
- (b) a compensating amenity is provided pursuant to the provisions of Section 91-832 for plazas, Section 91-834 for indoor public spaces or Section 91-835 for alternative improvements;
- (c) sufficient unobstructed space exists adjacent to the proposed #enlargement# to facilitate pedestrian circulation; and
- (d) the #enlargement# will maintain a visual or physical connection to Water Street from another #street#, #public park# or #publicly accessible open area#.

As part of the authorization, the Commission may modify the requirements for the location of new #building# walls of paragraph (a) of Section 91-831 (Ground floor requirements).

For #zoning lots# with one or more #publicly accessible open areas#, unless an alternative improvement has been identified in Section 91-835, an improvement to all #publicly accessible open areas# pursuant to the provisions of Section 91-832 shall be required as the compensating amenity required by finding (b) of this Section, and a certification for design changes pursuant to Section 37-625 (Design changes) shall not be required. Where a #publicly accessible open area# was improved as part of a prior certification pursuant to Section 37-625 that was granted and fully implemented before [date of referral], the improvement of such #publicly accessible open area# shall not be required.

The provision of a compensating amenity as part of a prior certification pursuant to Section 91-83 (Retail Uses Within Existing Arcades) or a prior authorization pursuant to this Section may satisfy the requirement of finding (b) of this Section for a compensating amenity.

As part of the authorization, a horizontal #enlargement# of the ground floor level may be permitted within the area between a #street wall# and an arcade that did not generate a #floor area# bonus prior to [effective date of amendment]. The provisions of Section 91-831 (Ground floor requirements) shall not apply to such portion of the horizontal #enlargement#.

As part of the authorization, a horizontal #enlargement# of the ground floor level may be permitted along existing #building# walls that do not face an arcade. The locational requirements of paragraph (a)(1) of Section 91-831 and the #use# prohibitions of paragraph (b)(1)(ii) of Section 91-831 shall apply to such #enlargement#. Where the #enlargement# takes place along a #publicly accessible open area#, the #use# and transparency requirements of Section 91-831 for new #building# walls facing a #publicly accessible open area# shall apply.

All plans for arcades, #publicly accessible open areas#, required open areas and indoor public spaces, once authorized, shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Commission, providing notice of the authorization pursuant to this Section. The filing and recording of such instrument shall be a precondition to the issuance of a building permit. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date. Where a compensating amenity required by condition (b) of Section 91-83 is located on the same #zoning lot# as an #enlargement#, no temporary or final certificate of occupancy shall be issued for any #enlargement# unless and until the compensating amenity has been substantially completed in accordance with the approved plans, as verified by the Department of City Planning to the Department of Buildings.

Where a compensating amenity is located within a #street# or #public park# pursuant to Section 91-835 (Alternative improvements), the applicable legal requirements of Section 91-836 (Additional requirements) shall apply.

Where a #zoning lot# is subject to a variance or special permit that was granted by the Board of Standards and Appeals, the requirements of paragraph (b) Section 91-836 shall apply.

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

91-842

Authorization to modify design requirements

The City Planning Commission may authorize a modification of the requirements of Section 91-831 (Ground floor requirements), the provisions of Sections 91-832 (Plazas) and 91-833 (Special regulations for plazas less than 40 feet in depth) for #publicly accessible open areas# and the provisions of Section 91-834 for indoor public spaces. In no event shall an #enlargement# be permitted within a #publicly accessible open area# or other required open area unless specified on Map 9 of Appendix A of this Chapter.

In order to grant the authorization, the Commission shall make the following findings:

- (a) that the location, #use#, access, size, and treatment of the #enlargement# would result in a superior urban design relationship with the surrounding #streets#, #buildings# and open areas; and
- (b) that the usefulness and attractiveness of the #publicly accessible open area#, required open area or indoor public space will be assured by the proposed layout and design, and that such modification will result in a superior urban design relationship with surrounding #streets#, #buildings# and open areas.

The Commission may prescribe appropriate conditions and controls to enhance the relationship of the #enlargement#, #publicly accessible open area#, required open area or indoor public space to surrounding #streets#, #buildings# and open areas.

91-843

Authorization to modify requirements for alternative improvements

The City Planning Commission may authorize an alternative improvement not listed in Section 91-835 provided that the Commission finds that the new amenity will better serve the purpose of the Water Street Subdistrict described in Section 91-00 (GENERAL PURPOSES).

As a condition of the authorization, for an amenity that is located within a #street# or #public park#, the Commission shall be in receipt of a written agreement between the owner of the #zoning lot# and the City of New York for the provision and maintenance of the amenity. Such agreement shall be filed and duly recorded in the Borough Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Commission. The filing and recording of such instrument shall be a precondition to the issuance of a building permit. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

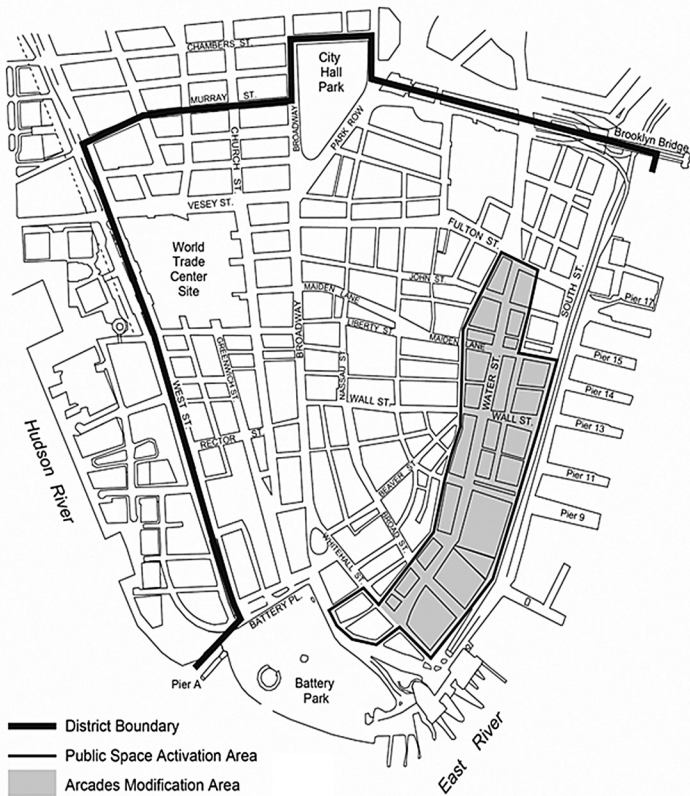

The Commission may prescribe appropriate conditions and safeguards in connection with the grant of such authorization.

Map 8. Public Access Modification Areas

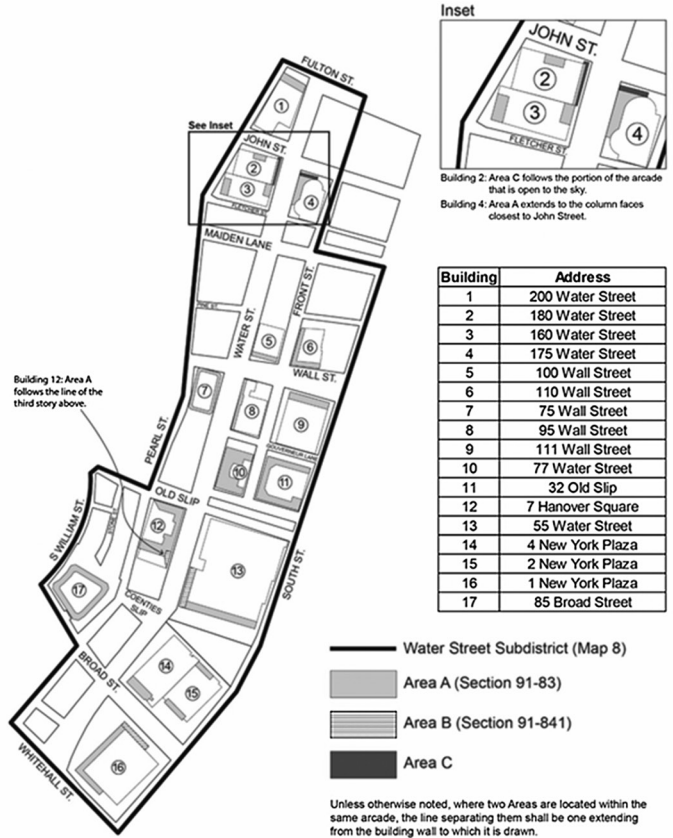

[PROPOSED]

Map 8. Public Access Modification Areas

Map 9. Water Street Arcades

91-80
PUBLIC ACCESS AREAS

91-81
Certification to Modify Existing Arcades in Certain Areas

For the purposes of this Section, "arcade" shall refer to an #arcade# or #through block arcade# provided in accordance with the provisions of Sections 12-10 (DEFINITIONS) and 37-80 (ARCADES); or an arcade provided in accordance with paragraph (a) of Section 37-53 (Design Standards for Pedestrian Circulation Spaces); or an open space provided on a #zoning lot# between the #building street wall# and the #street line# where tables and chairs would otherwise not be allowed as permitted obstructions.

The provisions of this Section shall apply to existing #buildings# providing an arcade within the boundary designated by Map 8 in Appendix A of this Chapter.

Any underlying provisions restricting the placement of tables and chairs within such arcades may be modified where the Chairperson of the City Planning Commission certifies to the Commissioner of Buildings that such modifications are consistent with the provisions of this Section, as follows:

(a) Tables and chairs

Publicly accessible tables and chairs and outdoor cafes, as well as shade umbrellas and other furnishings, shall be permitted obstructions within an arcade, provided that such obstructions comply with the provisions listed in paragraphs (a) and (b) of this Section, as applicable.

Tables or chairs provided within an arcade shall be moveable and shall not contain any plastic material.

Where an outdoor cafe is provided, it shall be a permanently unenclosed establishment and may have waiter or table service.

(1) Number and size of tables and chairs

A minimum of four tables and sixteen chairs shall be provided within an arcade.

(i) Publicly accessible tables and chairs

Publicly accessible tables, and related chairs, shall

constitute a minimum of 40 percent of the total number of tables provided within an arcade. Fractions equal to or greater than one-half resulting from such calculation shall result in one additional table. Every publicly accessible table required by such calculation shall be required to have four chairs:

— All tables shall have a minimum diameter of two feet. All publicly accessible chairs shall have seat backs, and the seats shall have a minimum depth of 12 inches and a maximum depth of 20 inches.

(ii) Outdoor cafe

— Outdoor cafe tables, and related chairs, shall constitute a maximum of 60 percent of the total number of tables provided within an arcade. Fractions equal to or greater than one-half resulting from such calculation shall result in one additional table.

(2) Location restrictions and other prohibitions

— Tables or chairs shall not be permitted within five feet of any #building# entrance. For arcades with a depth of ten feet or less, as measured from the column face furthest from the #street line# to the #street wall#, a clear pedestrian circulation pathway not less than three feet shall be provided. For arcades with a depth greater than ten feet, such required clear pedestrian pathway shall be increased to at least six feet. In addition, for #through block arcades#, a continuous clear path of ten feet shall be provided, connecting each #street# on which the public access area fronts.

(i) Publicly accessible tables and chairs

— For arcades located on a #zoning lot# with frontage along Water Street, at least half of all publicly accessible tables and chairs shall be located within 25 feet of the Water Street #street line#.

(ii) Outdoor cafe

— Outdoor cafes shall be located at the same elevation as the adjoining sidewalk area or #publicly accessible open area#, except that platforms that do not exceed a height of six inches may be provided.

Fences, planters, walls, fabric dividers or other barriers that separate outdoor cafe areas from other portions of the arcade or adjacent sidewalks or #publicly accessible open areas# shall be prohibited. No kitchen equipment shall be installed within an outdoor cafe.

(3) Hours of operation

(i) Publicly accessible tables and chairs

— Tables and chairs shall not be chained, fixed or otherwise secured during the hours of 7:00 am to 9:00 pm. However, during the hours of 9:00 pm to 7:00 am, such tables and chairs may be removed or secured within the arcade.

— Where publicly accessible tables and chairs and outdoor cafes are provided within an arcade, such publicly accessible tables and chairs shall be subject to the hours of operation of an outdoor cafe, as set forth in paragraph (a)(3)(ii) of this Section.

(ii) Outdoor cafe

— Outdoor cafes must be in operation and provide service a minimum of 225 days per year.

— All furnishings of an outdoor cafe, including tables, chairs, bussing stations and heating lamps, shall be completely removed from the arcade when the outdoor cafe is not in active use, except that tables and chairs may remain in such arcade if they are unsecured and may be used by the public without restriction.

(4) Locating publicly accessible tables and chairs within an adjacent #publicly accessible open area#

— Where tables and chairs are provided in an arcade located on the same #zoning lot# as an existing #publicly accessible open area# that fronts upon Water Street, the Chairperson of the City Planning Commission may certify that publicly accessible tables and chairs, provided pursuant to paragraph (a)(2)(i) of this Section, may be located within such a #publicly accessible open area#.

— The area within such #publicly accessible open area# occupied by publicly accessible tables and chairs provided pursuant to this paragraph, (a)(4), shall not be included in calculating the maximum #lot coverage# which permitted obstructions may occupy within such #publicly accessible open area#, where applicable.

— Such publicly accessible tables and chairs shall not constitute a design change pursuant to the provisions of Section 37-62 (Changes to Existing Publicly Accessible Open Areas); provided the Chairperson finds that:

(i) no more than 50 percent of the publicly accessible tables and chairs required to be within 25 feet of the Water Street #street line#, pursuant to paragraph (a)(2)(i), shall be located within such #publicly accessible open area#. However, where the entirety of an arcade is located beyond 25 feet of the Water Street #street line#, the entirety of the publicly accessible tables and chairs required to be within 25 feet of such #street line#, pursuant to paragraph (a)(2)(i), may be located within such #publicly accessible open area#;

(ii) such publicly accessible tables and chairs shall in no event constitute required seating for such existing #publicly accessible open area#; and

(iii) such publicly accessible tables and chairs comply with the hours of operation provisions of paragraph (a)(3) of this Section.

Any proposed design change to an existing #publicly accessible open area# beyond the findings permitted in this Section shall be subject to the requirements of Section 37-62.

(b) Litter receptacles

Litter receptacles shall be permitted obstructions within an arcade pursuant to the provisions set forth in Section 37-744.

In order to certify that the proposed modification to an existing arcade is consistent with the provisions of this Section, the applicant shall submit, to the Chairperson, a site plan demonstrating the proposed obstructions within the existing arcade and, where applicable, the adjacent #publicly accessible open area#, and a detailed seating plan illustrating compliance with paragraph (a) of this Section.

All plans for arcades or other #publicly accessible open areas# that are the subject of a certification pursuant to this Section shall be filed and duly recorded in the Office of the City Register of the City of New York, indexed against the property in the form of a legal instrument, in a form satisfactory to the Chairperson, providing notice of the certification of the arcade, pursuant to this Section. Such filing and recording of such instrument shall be a precondition to certification. The recording information shall be included on the certificate of occupancy for any #building#, or portion thereof, on the #zoning lot# issued after the recording date.

91-82

Existing Publicly Accessible Open Areas

The purpose of this Section is to facilitate temporary programmatic changes to existing public spaces to:

(a) help address the short-term challenges facing the Water Street corridor as a result of Hurricane Sandy by encouraging increased economic activity, reinforcing community connections, creating a lively and engaging experience and improving the corridor's pedestrian environment; and

(b) explore new types of #uses# and amenities within public spaces intended to draw residents, workers and visitors, thereby increasing the utilization and activation of the existing public spaces.

This Section, inclusive, shall be effective until January 1, 2014, at which time the provisions of this Section shall automatically expire and all #publicly accessible open areas#, as defined in Section 91-821, shall be returned to their compliant state and all temporary obstructions shall be removed.

91-821

Special provisions for publicly accessible open areas

For the purposes of this Section, the definition of #publicly accessible open area# shall also include any #arcade#, #through block arcade#, or other public amenity, open or enclosed, for which a #floor area# bonus has been granted.

The provisions of this Section shall apply to all #publicly accessible open areas# existing on June 12, 2013, within the area designated as a public space activation area on Map 8 (Public Access Modification Areas) in Appendix A of this Chapter.

Any underlying provisions, including Section 91-81 of this Chapter, restricting the placement of obstructions within #publicly accessible open areas# or restricting their use for events may be modified, as follows:

(a) Temporary permitted obstructions

— Amenities that shall be considered temporary permitted obstructions for cultural, entertainment and #commercial uses# including, but not limited to, tables, chairs, moveable planters,

stages, kiosks, food trucks, artwork, and shade structures are allowed, provided that they:

- (1) are not permanently affixed to the ground and do not cause damage to any surface of the #publicly-accessible-open-area#;
- (2) are not located within five feet of any #building# entrance; and
- (3) do not, in combination, occupy more than 60 percent of the #publicly-accessible-open-area#.

(b) Events

Events including, but not limited to, farmers markets, holiday markets, concerts and performances, art and cultural exhibitions, and festivals are permitted. Such events may be sponsored by non-profit or for-profit entities, without limitation, and may include the sale of food, refreshments and other event-related items, for the benefit or enjoyment of event participants. The use of a #publicly-accessible-open-area# for the promotion of products or services shall not itself qualify as an event permitted under this Section. Such events shall:

- (1) be open to the public; and
- (2) only be permitted to use amplified sound between the hours of 9:00 A.M. and 10:00 P.M.

Nothing herein shall authorize the use of city #streets# or sidewalks in connection with an event permitted under this Section, and any such use shall be subject to all applicable provisions of law and regulation governing the use of city #streets# or sidewalks including, where applicable, the requirement to obtain a street activity permit from the Street Activity Permit Office of the Office of Citywide Events-Coordination and Management. No event shall be permitted pursuant to this Section unless, no later than fourteen (14) days prior to the scheduled date, the sponsor notifies the Street Activity Permit Office of the nature, size and location of the event upon a form prescribed by the Street Activity Permit Office for such purpose.

ENVIRONMENTAL CONTROL BOARD

■ MEETING

*OFFICE OF ADMINISTRATIVE TRIALS AND HEARINGS/
ENVIRONMENTAL CONTROL BOARD*

The next meeting will take place on Thursday, March 31, 2016 at 100 Church Street, 12th Floor, Training Room #143, New York, NY 10007 at 9:15 A.M., at the call of the Chairman.

m17-21

**EQUAL EMPLOYMENT PRACTICES
COMMISSION**

■ MEETING

The next meeting of the Equal Employment Practices Commission will be held in the Commission's Conference Room/Library at 253 Broadway (Suite 602) on Thursday, March 24, 2016 at 9:00 A.M.

m17-24

HOUSING AUTHORITY

■ MEETING

The next Board Meeting of the New York City Housing Authority is scheduled for Wednesday, March 30, 2016 at 10:00 A.M. in the Board Room on the 12th Floor of 250 Broadway, New York, NY (unless otherwise noted). Copies of the calendar are available on NYCHA's website or can be picked up at the Office of the Corporate Secretary at 250 Broadway, 12th Floor, New York, NY, no earlier than 24 hours before the upcoming Board Meeting. Copies of the Minutes are also available on NYCHA's website or can be picked up at the Office of the Corporate Secretary no earlier than 3:00 P.M. on the Thursday after

the Board Meeting.

Any changes to the schedule will be posted here and on NYCHA's website at <http://www1.nyc.gov/site/nycha/about/board-calendar.page> to the extent practicable at a reasonable time before the meeting.

The meeting is open to the public. Pre-Registration at least 45 minutes before the scheduled Board Meeting is required by all speakers. Comments are limited to the items on the calendar. Speaking time will be limited to three minutes. The public comment period will conclude upon all speakers being heard or at the expiration of 30 minutes allotted by law for public comment, whichever occurs first.

Any person requiring a reasonable accommodation in order to participate in the Board Meeting, should contact the Office of the Corporate Secretary at (212) 306-6088 no later than five business days before the Board Meeting.

For additional information, please visit NYCHA's website or contact (212) 306-6088.

A Renaissance Revival style rowhouse with Gothic and Moorish style elements designed by Thom and Wilson and built in 1886-87. Application is to construct a rear yard addition.

315 Central Park West, aka 1-3 West 91st Street - Upper West Side/Central Park West Historic District**177295** - Block 1205 - Lot 29 - **Zoning: R10A****CERTIFICATE OF APPROPRIATENESS**

A neo-Renaissance style apartment building designed by Schwartz & Gross and built in 1911-12. Application is to enclose windows in conjunction with the construction of an interior courtyard addition.

570-572 Columbus Avenue, aka 100-108 West 88th Street - Upper West Side/Central Park West Historic District**174541** - Block 1218 - Lot 36 - **Zoning: C1-9****CERTIFICATE OF APPROPRIATENESS**

A Renaissance Revival style apartment building with Romanesque style elements designed by Jacob H. Valentine and built in 1893-1894. Application is to install storefront infill.

266 West End Avenue - West End - Collegiate Historic District Extension**178216** - Block 1164 - Lot 64 - **Zoning: R10A/C4-6A****CERTIFICATE OF APPROPRIATENESS**

A French Renaissance style rowhouse designed by Rudolphe L. Daus and built in 1895-96, and altered in the early 20th century. Application is to install areaway railings and gates.

14 East 60th Street - Upper East Side Historic District**179284** - Block 1374 - Lot 60 - **Zoning: C5-3****CERTIFICATE OF APPROPRIATENESS**

A Beaux-Arts style hotel building designed by R.C. Gildersleeve and built in 1902. Application is to alter the westernmost marquee, replace windows and doors, and install awnings and signage.

240-02 42nd Avenue - Douglaston Hill Historic District**176052** - Block 8106 - Lot 15 - **Zoning: R1-2****CERTIFICATE OF APPROPRIATENESS**

An Italianate style house with neo-Colonial style elements built c. 1850, and moved to this site and altered in 1927 by Samuel Lindbloom. Application is to construct an addition and entrance porch.

240 Park Lane - Douglaston Historic District**180702** - Block 8051 - Lot 19 - **Zoning: R1-2****CERTIFICATE OF APPROPRIATENESS**

A Tudor Revival style house built c. 1935. Application is to replace windows.

95 Marginal Street - South Street Seaport Historic District**181685** - Block 73 - Lot 11 - **Zoning: C4-6****CERTIFICATE OF APPROPRIATENESS**

A neo-Classical style market building designed by the Berlin Construction Company, built in 1907, and rebuilt by Wank Adams Slavin Associates in 1995. Application is to dismantle, relocate, reconstruct and alter the building.

346 Broadway - Former New York Life Insurance Company Building - Individual and Interior Landmark**182318** - Block 170 - Lot 6 - **Zoning: C6-4A****CERTIFICATE OF APPROPRIATENESS**

A neo-Italian Renaissance style monumental skyscraper with neo-Italian Renaissance style interiors designed by Stephen D. Hatch and McKim, Mead & White, and built in 1894-98. Application is to amend Certificate of Appropriateness 16-8220 to alter the Banking Hall.

m9-22

OFFICE OF THE MAYOR**■ PUBLIC HEARINGS****NOTICE OF A PUBLIC HEARING
ON PROPOSED LOCAL LAWS**

PURSUANT TO STATUTORY REQUIREMENT, NOTICE IS HEREBY GIVEN that proposed local laws numbered and titled hereinafter have been passed by the Council and that a public hearing on such proposed local laws will be held in the Blue Room at City Hall, Borough of Manhattan, New York City, on March 28, 2016 at 4:00 P.M.:

Int. 701-A - A Local Law to amend the New York City charter, in relation to low energy intensity building requirements for certain capital projects.

Int. 721-A - A Local Law to amend the New York City charter, in relation to green building standards for certain capital projects, and to repeal section 3 of local law number 86 for the year 2005, relating to certain reporting requirements.

Int. 763-A - A Local Law to amend the administrative code of the City of New York, in relation to requiring the department of correction to report on security indicators in City jails, and to repeal Section 9-130 of such code, in relation to jail data reporting on adolescents.

Int. 805-A - A Local Law to amend the administrative code of the City of New York, in relation to expanding the protections of the City of New York human rights law with regard to public accommodations, and making certain technical corrections.

Int. 814-A - A Local Law to amend the administrative code of the City of New York, in relation to construction of the New York City human rights law.

Int. 818-A - A Local Law to amend the administrative code of the City of New York, in relation to the provision of attorney's fees under the City human rights law.

Int. 819 - A Local Law to amend the administrative code of the City of New York, in relation to the repeal of subdivision 16 of Section 8-107 of such code relating to the applicability of provisions of the human rights law regarding sexual orientation.

Int. 832-A - A Local Law to amend the administrative code of the City of New York, in relation to prohibiting discrimination in housing accommodations on the basis of an individual's status as a victim of domestic violence.

Bill de Blasio
Mayor

NOTE: Individuals requesting Sign Language Interpreters should contact the Mayor's Office of City Legislative Affairs, 253 Broadway, 14th Floor, New York, NY 10007, (212) 788-3678, no later than five days prior to the public hearing.

- For the period July 1, 2016 to June 30, 2017 - \$2,513
- For the period July 1, 2017 to June 30, 2018 - \$2,576
- For the period July 1, 2018 to June 30, 2019 - \$2,639
- For the period July 1, 2019 to June 30, 2020 - \$2,702
- For the period July 1, 2020 to June 30, 2021 - \$2,765
- For the period July 1, 2021 to June 30, 2022 - \$2,828
- For the period July 1, 2022 to June 30, 2023 - \$2,891
- For the period July 1, 2023 to June 30, 2024 - \$2,954
- For the period July 1, 2024 to June 30, 2025 - \$3,017
- For the period July 1, 2025 to June 30, 2026 - \$3,080

the maintenance of a security deposit in the sum of \$3,100 and the insurance shall be in the amount of Two Million Dollars (\$2,000,000) per occurrence, and Two Million Dollars (\$2,000,000) aggregate.

#2 IN THE MATTER OF a proposed revocable consent authorizing HP Marcus Garvey Preservation Housing Company to continue to maintain and use conduit banks under and across Chester Street, Dumont Avenue, Bristol Street, Livonia Street, Riverdale Avenue and under the sidewalk of Chester Street, in the Borough of Brooklyn. The proposed revocable consent is for a term of ten years from July 1, 2016 to June 30, 2026 and provides among other terms and conditions for compensation payable to the City according to the following schedule:

- For the period July 1, 2016 to June 30, 2017 - \$19,383
- For the period July 1, 2017 to June 30, 2018 - \$19,879
- For the period July 1, 2018 to June 30, 2019 - \$20,375
- For the period July 1, 2019 to June 30, 2020 - \$20,871

- For the period July 1, 2020 to June 30, 2021 - \$21,367
- For the period July 1, 2021 to June 30, 2022 - \$21,863
- For the period July 1, 2022 to June 30, 2023 - \$22,359
- For the period July 1, 2023 to June 30, 2024 - \$22,855
- For the period July 1, 2024 to June 30, 2025 - \$23,351
- For the period July 1, 2025 to June 30, 2026 - \$23,847

the maintenance of a security deposit in the sum of \$24,000 and the insurance shall be in the amount of Two Million Dollars (\$2,000,000) per occurrence, and Two Million Dollars (\$2,000,000) aggregate

#3 IN THE MATTER OF a proposed revocable consent authorizing Prince Lower Fifth Realty Corporation to install, maintain and use planters on the southwest sidewalk of Prince Street, southeast of West Broadway, in the Borough of Manhattan. The proposed revocable consent is for a term of ten years from the Date of Approval by the Mayor and provides among other terms and conditions for compensation payable to the City according to the following schedule:

From the Approval Date to the Expiration Date - \$125/per annum.

the maintenance of a security deposit in the sum of \$500 and the insurance shall be the amount of One Million Dollars (\$1,000,000) per occurrence, and Two Million Dollars (\$2,000,000) aggregate.

#4 IN THE MATTER OF a proposed revocable consent authorizing Prince Street SPE LLC to install, maintain and use planters one (1) on the northeast sidewalk of Prince Street, west of Greene Street and six (6) on the west sidewalk of Greene Street, north of Prince Street, in the Borough of Manhattan. The proposed revocable consent is for a term of ten years from the Date of Approval by the Mayor and provides among other terms and conditions for compensation payable to the City according to the following schedule:

From the Approval Date to the Expiration Date - \$175/per annum

the maintenance of a security deposit in the sum of \$500 and the insurance shall be the amount of One Million Dollars (\$1,000,000) per occurrence, and Two Million Dollars (\$2,000,000) aggregate.

#5 IN THE MATTER OF a proposed revocable consent authorizing Richemont North America, Inc. to install, maintain and use a planter on the west sidewalk of Greene Street, between Prince and Spring Street, in the Borough of Manhattan. The proposed revocable consent is for a term of ten years from the Date of Approval by the Mayor and provides among other terms and conditions for compensation payable to the City according to the following schedule:

From the Approval Date to the Expiration Date - \$25/per annum.

the maintenance of a security deposit in the sum of \$500 and the insurance shall be the amount of Two Million Dollars (2,000,000) per occurrence, and Two Million Dollars (\$2,000,000) aggregate.

#6 IN THE MATTER OF a proposed revocable consent authorizing Space NK Holdings, Inc. to install, maintain and use planters on the west sidewalk of Greene Street, between Prince and Spring Street, in the Borough of Manhattan. The proposed revocable consent is for a term of ten years from the Date of Approval by the Mayor and provides among other terms and conditions for compensation payable to the City according to the following schedule:

From the Approval Date to the Expiration Date - \$50/per annum.

the maintenance of a security deposit in the sum of \$500 and the insurance shall be the amount of Two Million Dollars (2,000,000) per occurrence, and Two Million Dollars (2,000,000) aggregate.

#7 IN THE MATTER OF a proposed revocable consent authorizing Teliman Holding Corporation to install, maintain and use a planter on the east sidewalk of Greene Street, between Prince and Spring Streets, in the Borough of Manhattan. The proposed revocable consent is for a term of ten years from the Date of Approval by the Mayor and provides among other terms and conditions for compensation payable to the City according to the following schedule:

From the Approval Date to the Expiration Date - \$25/per annum.

the maintenance of a security deposit in the sum of \$500 and the insurance shall be the amount of One Million Dollars (1,000,000) per occurrence, and Two Million Dollars (2,000,000) aggregate.

#8 IN THE MATTER OF a proposed revocable consent authorizing Tiffany and Company to install, maintain and use planters on the west sidewalk of Greene Street, between Prince and Spring Streets, in the Borough of Manhattan. The proposed revocable consent is for a term of ten years from the Date of Approval by the Mayor and provides among other terms and conditions for compensation payable to the City according to the following schedule:

From the Approval Date to the Expiration Date - \$50/per annum.

The maintenance of a security deposit in the sum of \$500 and the insurance shall be the amount of Two Million Dollars (2,000,000) per occurrence, and Two Million Dollars (2,000,000) aggregate.

PROCUREMENT

"Compete To Win" More Contracts!

Thanks to a new City initiative - "Compete To Win" - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and women-owned businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.

- Win More Contracts at nyc.gov/competetowin

"The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence."

HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at <http://www.nyc.gov/html/hhsaccelerator/html/roadmap/roadmap.shtml>. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)
Department for the Aging (DFTA)
Department of Consumer Affairs (DCA)
Department of Corrections (DOC)

Department of Health and Mental Hygiene (DOHMH)
 Department of Homeless Services (DHS)
 Department of Probation (DOP)
 Department of Small Business Services (SBS)
 Department of Youth and Community Development (DYCD)
 Housing and Preservation Department (HPD)
 Human Resources Administration (HRA)
 Office of the Criminal Justice Coordinator (CJC)

To sign up for training on the new system, and for additional information about HHS Accelerator, including background materials, user guides and video tutorials, please visit www.nyc.gov/hhsaccelerator

3D VIOLATION DETECTION TECHNOLOGY - Demonstration Project - Testing or experimentation is required - PIN# 81016D0001 - Due 3-31-16 at 3:00 P.M.

DOB wishes to conduct a demonstration project to determine the effectiveness of LIDAR technology to detect code violations and unsafe conditions at construction sites. LIDAR uses laser beams to detect and range objects, building a matrix of points detected to construct a three-dimensional representation of a feature. LIDAR can be mounted on vehicles, the LIDAR mounted vehicle can patrol a predetermined route, scanning various features as it goes. The scans can then be matched with Department data to assess whether a particular feature (e.g., a scaffold, or billboard) has been properly permitted. Presence of certain features (e.g., a commercial trash dumpster in a neighborhood of single family houses) might indicate un-permitted construction. The Department anticipates that this will increase the Department's ability to detect violations. The technology could also be used to detect potential hazards (e.g., a building out of plumb, absence of fire escape).

The Department seeks to engage CityScan Inc., to perform this Demonstration Project. Any vendor who believes it can provide these services may so indicate by writing Leesel Wong at NYC Department, 280 Broadway, 6th Floor, New York, NY 10007 or by email or fax indicated herein, by the date and time specified.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

PROJECT TO DEVELOP THE ADOLESCENT AND YOUNG ADULT NETWORK - Demonstration Project - Other - PIN# 072201624SPP - Due 3-25-16 at 11:00 A.M.

The Department of Correction intends to award one (1) not-for-profit organization to provide discharge planning services specifically for "Adolescent" and "Young Adults". The Young Adult Reentry Network will serve as a discharge and reentry system that works with adolescent and young adults in three stages: those who are in custody, those transitioning to post-release and those who are post-release. Based on preliminary discussions, the Department of Correction has determined that "Friends of Island Academy" is the most qualified organization to pilot this demonstration project. Vendors who believe they can provide these services are welcome to submit an expression of interest via email.

These services cannot be reasonably acquired for evaluation through a competitive solicitation and there are other potential advantages to the City experimenting with this approach.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

GUIDANCE FOR EMERGENCY RESPONDER DOSIMETRY

- Sole Source - Available only from a single source - PIN# 16EN024901R0X00 - Due 3-30-16 at 2:00 P.M. DOHMH intends to enter into a Sole Source contract with National Council on Radiation Protection and Measurements (NCRP) to partially support the development of a two-part guidance that will focus on methods to minimize response worker radiation exposure and provide emergency radiation dosimetry. DOHMH has determined that NCRP is uniquely qualified to undertake and complete this request, as they are the only entity who is chartered by Congress to conduct this type of work and have demonstrated expertise to develop the "Guidance for Emergency Responder Dosimetry" for the City of New York.

● **ADVERTISING SPACE ON STATEN ISLAND FERRY AND TERMINALS**

- Sole Source - Available only from a single source - PIN# 17OE003401R0X00 - Due 3-30-16 at 2:00 P.M. DOHMH intends to enter a sole source contract with Island Adworx Advertising to reserve and lease space for DOHMH's public health advertising on Staten Island Ferryboats, Saint George Ferry Terminal, and Whitehall Ferry Terminal. This procurement will provide ferry and terminal advertising space to DOHMH for the purpose of educating Staten Island residents on health risks and preventions. DOHMH has determined that Island Adworx Advertising is the sole provider for the required advertising services, as they are the only vendor authorized (via a franchise agreement) with the City of New York to mount and maintain public information on Staten Island Ferryboats and Terminals.

All questions and concerns should be submitted via email.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

MAINTENANCE SERVICES AND TECHNICAL SUPPORT - Sole Source - Available only from a single source - PIN# 17MI002301R0X00 - Due 3-30-16 at 2:00 P.M.

DOHMH intends to enter into a sole source contract with FujiFilm Medical Systems USA, Inc. for the provision of hardware and software technical support and maintenance services that will assist in preventing the spread of tuberculosis ("TB") with the intention of eliminating TB as a public health problem in New York City. DOHMH utilizes the FujiFilm Synapse Archiving Communications System ("PACS") in its clinics to view x-rays performed on patients being treated for suspected or diagnosed TB as well as those being evaluated for latent TB therapy. DOHMH has determined that FujiFilm Medical System is a sole source vendor as its system is proprietary to the Fujifilm hardware and software licenses that require maintenance and technical support. Any vendor that believes it can provide the proposed services is invited to submit an expression of intent via email, which must be received no later than March 30, 2016 by 2:00 P.M. EST. Any questions regarding this sole source contract should be addressed in writing to the contracting officer identified below.

PARKS AND RECREATION

■ VENDOR LIST

Construction/Construction Services

PREQUALIFIED VENDOR LIST: GENERAL CONSTRUCTION - NON-COMPLEX GENERAL CONSTRUCTION SITE WORK ASSOCIATED WITH NEW YORK CITY DEPARTMENT OF PARKS AND RECREATION ("DPR") AND/OR "PARKS") PARKS AND PLAYGROUNDS CONSTRUCTION AND RECONSTRUCTION PROJECTS

DPR is seeking to evaluate and pre-qualify a list of general contractors (a "PQL") exclusively to conduct non-complex general construction site work involving the construction and reconstruction of DPR parks and playgrounds projects not exceeding \$3 million per contract ("General Construction").

By establishing contractor's qualification and experience in advance, DPR will have a pool of competent contractors from which it can draw to promptly and effectively reconstruct and construction its parks, playgrounds, beaches, gardens and green-streets. DPR will select contractors from the General Construction PQL for non-complex general construction site work of up to \$3,000,000.00 per contract, through the use of a Competitive Sealed Bid solicited from the PQL generated from this RFQ.

The vendors selected for inclusion in the General Construction PQL

will be invited to participate in the NYC Construction Mentorship. NYC Construction Mentorship focuses on increasing the use of small NYC contracts, and winning larger contracts with larger values. Firms participating in NYC Construction Mentorship will have the opportunity to take management classes and receive on-the-job training provided by a construction management firm.

DPR will only consider applications for this General Construction PQL from contractors who meet any one of the following criteria:

- 1) The submitting entity must be a Certified Minority/Woman Business enterprise (M/WBE)*;
- 2) The submitting entity must be a registered joint venture or have a valid legal agreement as a joint venture, with at least one of the entities in the joint venture being a certified M/WBE*;
- 3) The submitting entity must indicate a commitment to sub-contract no less than 50 percent of any awarded job to a certified M/WBE for every work order awarded.

*Firms that are in the process of becoming a New York City-certified M/WBE may submit a PQL application and submit a M/WBE Acknowledgement Letter, which states the Department of Small Business Services has began the Certification process.

Application documents may also be obtained on-line at: <http://a856-internet.nyc.gov/nycvendoronline/home.asap>; or <http://www.nycgovparks.org/opportunities/business>

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

NOTE:

The National Oilheat Research Alliance (NORA) will resume full operations in 2015 with the fee expanding to #4 heating oil. This fee will apply

to heating oil invoices only. The fee collections began January 1, 2015. All other terms and conditions of these awards remain the same. Please contact this office if you have any questions.

The Bio-Diesel Blender Tax Credit was reinstated for 2014. As of January 1, 2015, the Bio - Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2015, the contractor will be collecting additional fees which will be shown as a separate line item on the invoice. The additional fee for items will range from \$0.05 for B5 to \$0.20 for B20 per gallon, varying on the percentage of biodiesel to be used. Should the tax credit be extended, this additional fee will be discontinued and removed from the invoice.

Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.

REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E70, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor New York, NY 10007.

Authority: SRO, Administrative Code §27-2093

Before the Department of Buildings can issue a permit for the alteration or demolition of a single room occupancy multiple dwelling, the owner must obtain a "Certification of No Harassment" from the Department of Housing Preservation and Development ("HPD") stating that there has not been harassment of the building's lawful occupants

during a specified time period. Harassment is conduct by an owner that is intended to cause, or does cause, residents to leave or otherwise surrender any of their legal occupancy rights. It can include, but is not limited to, failure to provide essential services (such as heat, water, gas, or electricity), illegally locking out building residents, starting frivolous lawsuits, and using threats or physical force.

The owner of the building identified above has applied for a Certification of No Harassment. If you have any comments or evidence of harassment at this building, please notify HPD at **CONH Unit, 100 Gold Street, 6th Floor, New York, NY 10038** by letter postmarked not later than 30 days from the date of this notice or by an in-person statement made within the same period. To schedule an appointment for an in-person statement, please call **(212) 863-5277 or (212) 863-8211**.
