

January Public Service Puzzler

We reached a new year and a new chance to win prizes!

This month's Public Service Puzzler requires you to make an ethics-related slogan using anagrams.

On the following page, there are six conflicts of interest related phrases. Create an anagram for each phrase,; then, using the words from your anagrams, construct a new ethics-related slogan.

* Not all slogans will be easily ethics-related, so do your best. And, we give credit for creativity.

Create anagrams from the phrases below

Conflicts of Interest

Chapter Sixty-Eight

Appearance of Impropriety

Code of Ethics

Government Integrity

Public trust

Construct an ethics-related slogan from the anagrams you created

Q. What is your City title?

I work at the Office of Chief Medical Examiner (OCME) as a Forensic Biology Intern.

Q. What do you do in your job?

I am a member of the Research & Validation group, working to digitize OCME paperwork and preparing validation proposals for new research studies. In addition, I am also an Adjunct Lecturer of Biology at John Jay College for Criminal Justice (CUNY). In both of these capacities, I am gaining experience and knowledge to ultimately pursue a career in medicine.

Q. How long have you been working for the City?

I have been working for OCME since January 2016 (almost a year to date).

Q. Name a special interest or hobby.

Two hobbies of mine are swimming and baking (I love the chemistry behind it).

Q. What's your favorite thing about City service?

My favorite part of City service is knowing that I can make a difference for so many people. Whether it be helping my students learn and advance their education and careers, or working with OCME to utilize science in the pursuit of justice (as OCME motto goes: "Science Serving Justice"), I truly appreciate these amazing opportunities I have been given by the City of New York.
