NOTICE

On Wednesday, July 11, 2012, at 10:00 A.M., in Spector Hall, at the Department of City Planning, 22 Reade Street, in Lower Manhattan, a public hearing is being held by the Office of the Deputy Mayor for Economic Development in conjunction with the above ULURP hearing to receive comments related to a Draft Generic Environmental Impact Statement (DGEIS) concerning zoning map changes and zoning text amendments, zoning special permits for a large scale general development (LSGD) consisting of six sites and public parking garages on four sites, authorization to modify signage regulations, City map amendment to map and demap various streets within the project area, the disposition of City-owned property, approval of an Urban Development Action Area Project (UDAAP), and an acquisition for the purpose of relocating the Essex Street Market. The proposed actions would facilitate an initiative by the Office of the Deputy Mayor for Economic Development to allow for the implementation of an approximately 1.7 million gross square feet of mixed-use development on ten city-owned sites. These ten sites are located in Manhattan Community District 3 generally along Delancey and Essex Streets on the Lower East Side.

The zoning map amendment would place a C2-5 commercial overlay on four sites (Block 346, Lot 40 and Block 347, Lot 71) within the proposed LSGD. The zoning text amendments would modify ZR Sections 74-743 and 74-744 to eliminate the planting strip requirement in the proposed sidewalk widening; allow commercial floor area ratio to be shifted from the C6 district to the C2 district; allow Use Group 10, 11A, and certain 12A uses in the C2 zoning district; and, allow the modification of certain signage regulations. Mayoral and Borough Board approval of the business terms with the developer or developers to be selected pursuant to Request for Proposals (RFPs) may also be required, as applicable. Should the discretionary actions subject to ULURP be approved, an RFP process would commence to solicit proposals for development under the approvals. Construction financing for the residential buildings may come from a variety of private and public (local, state, and federal) sources. Comments are requested on the DGEIS and will be accepted until Monday, July 23, 2012. This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 11DME012M.

AGENCY RULES

CONSUMER AFFAIRS

■ NOTICE

NOTICE OF ADOPTION

Notice of Adoption of Rules and Amendments to Rules regarding recordkeeping requirements for licensed towing businesses.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the Department of Consumer Affairs by Section 20-104(b) of Chapter 1, Title 20 of the Administrative Code of the City of New York and in accordance with the requirements of Section 1043 of the New York City Charter that the Department promulgates and adopts rules and amendments to existing rules regarding the recordkeeping requirements for licensed of towing businesses.

These rules and amendments were proposed and published on December 29, 2011. The required public hearing was held on January 31, 2012. This rule will take effect in thirty days. Material being deleted is shown below in brackets and material being added is underlined.

Statement of Basis and Purpose

Section 20-104 (a) of the Administrative Code gives the Commissioner jurisdiction and control over all licenses issued under Chapter 2 of Title 20 of the Administrative Code. Section 20-104 (b) grants the Commissioner the power to set forth rules necessary to carry out his or her powers and duties and to require licensees to keep such records as the Commissioner may determine are necessary or useful to carrying out the purpose of Chapter 2.

Background

In New York City, licensed tow companies may tow vehicles without the prior consent or authorization of the owner of the vehicle under the Directed Accident Towing Program (“DARP”) for removing from public streets vehicles that have been involved in an accident and cannot safely be driven under their own power; the Rotation Tow Program (“ROTOW”) for stolen or abandoned vehicles; the Arterial Towing Program for towing disabled vehicles from limited access roadways; and tows for the removal of vehicles improperly parked on private property pursuant to section 19-169.1 of the Administrative Code. This rule amends and adds to the recordkeeping requirements of licensed towing business that perform such tows.

Proposed Rule

Sections 1 and 2 of this rule amend sections 2-371(u) and 2-372(o) of Title 6 of the Rules of the City of New York to require that towing businesses that provide towing services under DARP and ROTOW, respectively, record whether the vehicle owner paid the charges for towing and service by credit card. Section 20-520.1 of the Administrative Code requires towing companies participating in the DARP and ROTOW programs to accept at least two major credit cards for payment of the services. The Department receives frequent complaints that tow companies refuse to accept payment by credit card. Requiring DARP and ROTOW participants to maintain electronic records of credit card transactions will enable the Department to ensure licensees' compliance with Section 20-520.1.

Section 20-516 of the Administrative Code, as enacted by section 7 of Local Law Number 41 of 2011, provides that tow licensees must maintain records prescribed by the Commissioner in electronic format. Sections 2-371(u) and 2-372(o) of Title 6 have required DARP and ROTOW participants to make a record of their tows in a bound record book. Sections 1 and 2 of the Rule amend those provisions by giving DARP and ROTOW participants the option to continue to make the original record in a bound record book or to make the original record in electronic format.

Section 3 of this rule adds a new section 2-378 to Title 6 of

the Rules of the City of New York to describe how individuals or entities licensed to engage in towing must maintain electronic records of tows. The rule does not require licensees to maintain electronic records of consensual tows performed pursuant to an agreement between a vehicle owner and a licensee that is permitted by law.

Section 3 requires licensees to do the following:

- The licensees must make electronic records containing the information that is required to be maintained by the Rules governing the DARP and ROTOW programs. This electronic record can be made either by:
 - Scanning the record books to a digital image if the licensee chooses to make the original record in a bound record book, or
 - Entering the information into a spreadsheet provided by the Department or software application that is consistent with the spreadsheet.
- Licensees must make electronic copies of every authorization to tow, towing invoice, receipt for towing service, credit card record, proof of ownership and authorization to extend storage that they are required to maintain under relevant statutes and rules. The electronic availability of records that licensees are already required to maintain will enable the Department to review those records more efficiently.
- The electronic records for each tow must be maintained in an electronic folder labeled with the date the towing service is performed. The folders must be maintained in chronological order. These requirements will ensure that all licensees maintain electronic records in a standard way that the Department may efficiently review.
- In order to preserve the integrity of the electronic records and ensure that they remain accessible to the Department, a licensee is required to convert or scan every digital record required by this rule to write-once media, and to make a duplicate copy of the write-once media, which must be preserved off-site. These scans and copies must be made at least once a week.

“Shall” and “must” denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

New text is underlined, deleted material is in [brackets].

TAXI AND LIMOUSINE COMMISSION

■ NOTICE

Notice of Promulgation of Rules

Notice is hereby given in accordance with section 1043(b) of the Charter of the City of New York (“Charter”) that the Taxi and Limousine Commission (“TLC”) promulgates rules regarding the collection of New York City’s Commercial Motor Vehicle Tax.

These rules are promulgated pursuant to sections 1043 and 2303(b) of the Charter and Chapter 8 of Title 11 of the Administrative Code of the City of New York, and Local Law 73 of 2011, as amended.

On May 31, 2012, a public hearing was held by the TLC at the TLC’s offices at 33 Beaver St., 19th Floor, New York, New

York. These rules were approved at the hearing on May 31. These rules will take effect 30 days after publication.

Statement of Basis and Purpose of Rule

Chapter 8 of Title 11 of the Administrative Code of the City of New York imposes a New York City Commercial Motor Vehicle Tax (CMVT) on motor vehicles transporting passengers for hire in New York City. All vehicles licensed by the Commission, including taxicabs, for-hire vehicles, paratransit vehicles and commuter vans, must pay the CMVT because, with a Commission license, such vehicles are authorized to transport passengers for hire in New York City. In December 2011, the City Council passed Local Law 73 of 2011, which authorized the Commission to collect the CMVT on certain vehicles licensed by the Commission. Among other things, Local Law 73 changed the collection cycle for the tax from 1 to 2 years. However, the amount of tax due and the persons required to pay it remain the same.

The purpose of the rule amendments is to implement Local Law 73 of 2011, together with further changes to that law which will return collection of the tax due in respect of vehicles operating as taxicabs back to the NYC Department of Finance, and to provide guidance to medallion owners, and licensees of for-hire vehicles, paratransit vehicles, and commuter vans about how the Commission will administer and/or enforce the CMVT.

In accordance with Local Law 73, these rules provide that:

- Commission vehicle licensees (for-hire vehicles, paratransit vehicles, and commuter vans, but not including medallion taxicabs) must pay the CMVT to the Commission for a period of 2 years upon initial issuance of the license and at the time of license renewal IF the licensee has NOT already paid the tax to the New York State Department of Motor Vehicles as part of the routine vehicle registration process.
- The TLC will deny any TLC vehicle license application, including a renewal application, if the CMVT has not been paid.
- An interim tax payment will be required on certain vehicles licensed by TLC to account for the transition of the tax cycle from 1 to 2 years. Such payment will be based on a formula set forth in the Local Law 73, which takes into account the amount of time remaining on the license.
