The President laid before the Board the following communication from the Commissioner of Public Works:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, November 7, 1887.

To the Honorable the Board of Aldermen:

GENTLEMEN—By a resolution adopted by your Board on the 18th ultimo, I am requested to report to you "what change, if any, has been made in the grade, as established by law, of any part of the carriage-way of Hudson street, from Fourteenth street to Canal street, and whether such change of grade, if found to exist, was made by competent authority."

In reply, I have the honor to report as follows:

The carriage-way of Hudson street, between Canal and Fourteenth streets, was repaved in 1869 on a uniform grade, with the crown of the roadway in the centre. The Eighth Avenue Railroad Company, in repairing and relaying its rail tracks from time to time, has not only raised the crown of the street in the centre but has also raised the outside rails to the level of the centre, causing a rapid descent in the surface between the outer rails and the curb, which is detrimental to general wagon traffic; otherwise the surface of the street and the intersecting streets, conforms very nearly to the established grade. The established grade and the actual grade of the present surface of the street are shown on the plan or diagram herewith transmitted.

Under the conditions of the franchise given to the company by the Common Council, July 30, 1851, the company is required to keep in good repair the space between the tracks and eight feet outside of the same on each side, and to lay the tracks upon grades established by the Common Council.

The changes in the grade of the carriage-way of the street have been made by the Railroad Company without legal authority.

Very respectfully,

JOHN NEWTON, Commissioner of Public Works.

Which was referred to the Committee on Streets.

The President laid before the Board the following communication from the Department of Public Works:

(G. O. 631.)

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,

Very respectfully,

JOHN NEWTON, Commissioner of Public Works.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, November 5, 1887.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted October 25, 1887, that Croton-mains be laid in Sixty-fifth street, from First avenue to Avenue A.

The Commissioner of Public Works reports that the street is graded but not sewered, and that the sewer should first be built as it will require heavy rock excavation. The resolution therefore appears to be premature.

ABRAM S. HEWITT, Mayor.

Resolved, That Croton-mains be laid in Sixty-fifth street, from First avenue to Avenue A, pursuant to section 356 of the New York City Consolidation Act.

Which was ordered on file.

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, November 5, 1887.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted October 25, 1887, that two additional public lamps be placed in front of the Church of St. John the Evangelist, at the northwest corner of Fifty-fifth street and First avenue.

The Commissioner of Public Works reports that there are now three lamps at the Fifty-fifth street front of the church, and that there are no entrances to the church on First avenue. There appears to be no necessity, therefore, for additional lamps.

ABRAM S. HEWITT, Mayor.

Resolved, That two additional public lamps be placed in front of the Church of St. John the Evangelist at the northwest corner of Fifty-fifth street and First avenue—one on the Fifty-fifth street front and one on the First avenue front, the said church having a frontage of seventy-five feet on Fifty-fifth street, and one hundred and fifty feet on First avenue ; and that the present lamps in front of said church be reset so as to make symmetrical disposition of all the lamps, and that lamps of the Boulevard pattern be placed on the several lamp-posts ; the work to be done under the direction of the Commissioner of Public Works.

ABRAM S. HEWITT, Mayor.

Resolved, That crosswalks of three courses of blue stone be laid across the Boulevard, Avenue A, on a line parallel and within the lines of the sidewalks on the northerly and southerly sides of Eighty-fifth street, under the direction of the Commissioner of Public Works, the expense to be paid from the appropriation for "Boulevards, Roads and Avenues, Maintenance of."

ABRAM S. HEWITT, Mayor.

Resolved, That the carriageway of One Hundred and Nineteenth street, from the crosswalk at the westerly side of Eighth avenue to Ninth avenue, be paved with granite-block pavement, except that a crosswalk of three courses of blue stone be laid at or near the easterly intersection of Ninth avenue, and within the lines of the sidewalk on the easterly side thereof, under the direction of the Commissioner of Public Works ; and that the accompanying ordinance therefor be adopted.

MAYOR'S OFFICE, NEW YORK, November 5, 1887.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted October 25, 1887, to lay crosswalks across Seventh avenue, from Sixteenth to Twenty-third street.

The Commissioner of Public Works reports that this resolution provides for crosswalks on an avenue now paved, but where no crosswalks have been laid, the expense to be paid from the appropriation for "Repairs and Renewal of Pavements and Regrading."

Chapter 569 of the Laws of 1887 provides that the cost of such crosswalks may be assessed upon the adjacent and benefited property, on the certificate of the Commissioner of Public Works that the safety, health and convenience of the public requires the same, and on a resolution and ordinance of the Common Council directing that the work be done. The expense of these crosswalks, therefore, should not be charged to the appropriation referred to, but should be assessed upon the property benefited.

Mayor.

Resolved, That crosswalks of two courses of blue stone be laid across Seventh avenue, at the northerly and southerly intersections of all streets from Sixteenth to Twenty-third, inclusive, under the direction of the Commissioner of Public Works, the expense to be paid from the appropriation for "Repairs and Renewals of Pavements and Regrading."

The Commissioner of Public Works reports that the proposed crosswalk is to be laid in the middle of the block, is not needed for general public travel, and is intended merely for individual benefit. Those who desire to have this crosswalk laid should be willing to pay the expense thereof and not make it a charge against the city.

ABRAM S. HEWITT, Mayor.

Resolved, That a crosswalk of three courses of blue stone be laid across Eighth avenue, opposite the main entrance of "Miner's Theatre," No. 312 Eighth avenue, under the direction of the Commissioner of Public Works, the expense to be paid from the appropriation for "Repairs and Renewals of Pavements and Regrading."

The President laid before the Board the following message from his Honor the Mayor :

MAYOR'S OFFICE, NEW YORK, November 5, 1887.

To the Honorable the Board of Aldermen :

I return, without my approval, the resolution of the Board of Aldermen, adopted October 25, 1887, to pave Madison avenue, from the crosswalk on the northerly side of One Hundred and Twentieth street to One Hundred and Eighteenth street.

The Commissioner of Public Works reports that the proposed pavement between One Hundred and Eighteenth and One Hundred and Twentieth streets is necessary, but that the ordinance is defective in providing that the pavement be extended across the intersection of One Hundred and Twentieth street, which is already paved. The ordinance should therefore be amended accordingly.

ABRAM S. HEWITT, Mayor.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted October 25, 1887, to lay a crosswalk across West End avenue on north side of Ninetieth street.

The Commissioner of Public Works reports that West End avenue has not yet been paved, and the proposed crosswalk is, therefore, not chargeable to the appropriation for "Repairs and Renewal of Pavements, etc.," as provided for in the resolution, but should be assessed on the adjacent and benefited property the same as an original pavement.

ABRAM S. HEWITT, Mayor.

Resolved, That a crosswalk of three courses of blue stone be laid across West End avenue, on a line parallel and within the lines of the sidewalk on the northerly side of Ninetieth street, under the direction of the Commissioner of Public Works; the expense to be paid from the appropriation for "Repairs and Renewals of Pavements and Regrading."

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, November 5, 1887.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted October 25, 1887, that One Hundred and Forty-eighth street, from Eighth avenue to the first new avenue west, be regulated and graded, etc.

The Commissioner of Public Works reports that One Hundred and Forty-eighth street has not been legally opened, and until the city has acquired title to it no assessment for improvements made can be assessed by the city. The resolution is therefore premature.

ABRAM S. HEWITT, Mayor.

Resolved, That One Hundred and Forty-eighth street, from Eighth avenue to the first new avenue west, be regulated and graded, the curb-stones set and sidewalks flagged a space four feet wide through the centre thereof, under the direction of the Commissioner of Public Works; and that the accompanying ordinance therefor be adopted.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, November 5, 1887.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted October 25, 1887, giving permission to M. F. Grimes to erect on the sidewalk, near the curb, in front of No. 101 Broad street, a post surmounted by an ornamental sign.

The Commissioner of Public Works reports that the proposed post and sign would be an obstruction in a much crowded thoroughfare; sign posts are used for advertising purposes and are obstructions to the free use of the streets by the public. The courts have decided that the Common Council has no power to authorize such incumbrances.

ABRAM S. HEWITT, Mayor.

Resolved, That permission be and the same is hereby given to M. F. Grimes to erect on the sidewalk, near the curb, a post eight inches square at the base and nine and one-half feet high, surmounted by an ornamental sign two and one-half feet square, in front of No. 101 Broad street, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, November 5, 1887.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted October 25, 1887, to lay Croton water-pipes in Ninety-eighth street, from the Boulevard to West End avenue.

The Commissioner of Public Works reports that this street is graded but not sewered, and that there are no houses on the block except one in course of construction. The sewer should be built before the water-main is laid. The resolution therefore appears to be premature.

ABRAM S. HEWITT, Mayor.

Resolved, That Croton water-pipes be laid in Ninety-eighth street, from the Boulevard to West End avenue, as provided in section 356 of the New York City Consolidation Act of 1882.

Which was ordered on file.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, November 5, 1887.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted October 25, 1887, to lay a crosswalk across Boulevard at south side of Eighty-first street.

The Commissioner of Public Works reports that this resolution provides for a crosswalk on a macadam roadway.

Chapter 569, Laws of 1887, provides that the cost of such crosswalks may be assessed on property benefited thereby, if the Commissioner of Public Works certifies to the Board of Aldermen that the safety, health and convenience of the public require the crosswalks, and the Common Council, by resolution and ordinance, authorizes the work to be done. The cost of this crosswalk should not, therefore, be charged to the appropriation for "Boulevards, Roads and Avenues, Maintenance of," as said resolution provides.

ABRAM S. HEWITT, Mayor.

Resolved, That a crosswalk of three courses of blue stone be laid across the Boulevard, on a line parallel and within the lines of the sidewalk on the south of Eighty-first street, under the direction of the Commissioner of Public Works, the expense to be paid from the appropriation for "Boulevards, Roads and Avenues, Maintenance of."

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, November 5, 1887.

To the Honorable the Board of Aldermen:

I return, without my approval, the resolution of the Board of Aldermen, adopted October 25, 1887, permitting Samuel Barclay to place and keep a platform-scale on the west side of Eleventh avenue, about sixty feet south of Twenty-third street, for the purpose of weighing potatoes.

The Commissioner of Public Works reports that it is proposed to place the scale in the carriage-way, and that it would be an obstruction to the free use of the street by the public. The courts have decided that the Common Council has no power to authorize incumbrances in the public streets.

ABRAM S. HEWITT, Mayor.

Resolved, That permission be and the same is hereby given to Samuel Barclay to place and keep a platform-scale on the west side of Eleventh avenue, about sixty feet south of Twenty-third street, for the purpose of weighing potatoes, the said scale to be constructed flush with the surface of the street, and to be no obstruction or impediment to the free use of the street by the public, the work to be done at his own expense, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

Which was laid over, ordered to be printed in the minutes and published in full in the CITY RECORD.

The President laid before the Board the following message from his Honor the Mayor:

MAYOR'S OFFICE, NEW YORK, November 5, 1887.

"Boulevards, Roads and Avenues, Maintenance of," as provided in said resolution, but that the expense should be assessed on the adjacent and benefited property, in the manner authorized by chapter 569 of the Laws of 1887.

ABRAM S. HEWITT, Mayor.

Resolved, That a crosswalk of two courses of blue stone be laid across One Hundred and Twenty-fourth street, on a line parallel to and within the lines of the sidewalk on the east side of Madison avenue, under the direction of the Commissioner of Public Works, the expense to be charged to the appropriation for "Boulevards, Roads and Avenues—Maintenance, etc."

The proposed post and clock would be a serious obstruction to the free use of the street by the public in a much crowded thoroughfare. The courts have decided that the Common Council has no power to authorize such incumbrances.

ABRAM S. HEWITT, Mayor.

Resolved, That permission be and the same is hereby given to the F. Kroeber Clock Company to place an ornamental post not to exceed fifteen inches square at the base, and fourteen feet in height, surmounted by a clock, on the sidewalk, near the curb, in front of No. 360 Broadway, the work done at the expense of the company, under the direction of the Commissioner of Public Works; such permission to continue only during the pleasure of the Common Council.

PETITIONS.

Alderman Quinn, for Alderman John Murray, presented the following petition of residents in the upper part of the city, for more rapid communication between the upper and lower parts of the city:

To the Honorable the Board of Aldermen of the City of New York:

The undersigned, a committee duly authorized, in behalf of the residents and property-owners on and near Washington Heights, Inwood, Kingsbridge and beyond, within the city limits, in mass meeting assembled, October 31, 1887, petition your Honorable Board, and respectfully and urgently represent and show the imperative necessity for some corporate action that will afford the earliest possible relief in the way of increased transit facilities between the Battery and the Yonkers boundary line of the city.

A large part of the area of this city is occupied by a population so densely crowded as to be dangerous to health and morals, while, at the same time, nearly one-half the area of the city lies vacant, undeveloped and unused, and this mainly, if not altogether, because of the lack of frequent, convenient and cheap transit facilities, that, when afforded, induce multitudes of people to seek more comfortable and healthy homes.

Your petitioners have repeatedly met and discussed the question of remedy and relief, but are not able to see any other way than to ask your Honorable Board to favor the construction of a portion of the lines embraced in the comprehensive system proposed by the New York Cable Railway Company; and this, not by committing ourselves to the entire plans of that company, but because, at the present time, there is no relief apparent from any other quarter. Certain routes of the Cable Company extend from the Battery to the Yonkers line, namely: on West street and Tenth avenue to Fort George; on Kingsbridge road, from One Hundred and Sixty-second street to Kingsbridge, and thence on Broadway north from Harlem river to the Yonkers line; and on One Hundred and Fifty-fifth street, from the Harlem to the Hudson rivers. The construction of the road on these routes will afford more immediate relief than can be obtained in any other way. Their construction will not only afford relief to the residents in their vicinity, but will enhance the taxable value of both improved and unimproved property many millions of dollars every year, as is so unanswerably shown in the history of the elevated roads.

The unparalleled rapidity of the growth of the city, the increase of population—more than one hundred thousand every year—has been manifested all along the lines of the elevated roads, and the fearful, intolerable over-crowding of the elevated trains, prove the utter inadequacy of these roads for even the present population—certainly inadequate for future need.

Your petitioners are informed and believe that the cable method of moving cars is capable of being made more rapid than any other way at present known; it is a question of more or less rapid revolutions of the ponderous wheels by the stationary engine. This is especially so on an elevated road, and as the entire length of the cable road, from the Battery to Fort George, is to be elevated, it will give us rapid transit of the best kind.

Your petitioners therefore respectfully but most earnestly urge your Honorable Board to consent to, and require of the New York Cable Railway Company, the construction of the lines or routes of that portion of their system located on West street, between the Battery and Fort George; on Kingsbridge road, south of the Harlem river; and on Broadway, north of the Harlem river; and on One Hundred and Fifty-fifth street, between the Harlem and Hudson rivers.

And your petitioners will ever pray.

JAMES J. COOGAN,

DAVID H. KNAPP, 151 West One Hundred and Fifth street.

LAWSON N. FULLER, One Hundred and Fifty-fifth street and Tenth avenue.

GEORGE F. GANTZ, Inwood.

ISAAC M. DYCKMAN, Inwood.

E. M. CARPENTER, Juvenile Asylum.

ISAAC L. PEET, L.L.D., Institution Deaf and Dumb.

EDWARD P. GRIFFIN, 882 Avenue St. Nicholas.

Which was referred to the Committee on Railroads.

Which was decided in the affirmative by the following vote:

Affirmative—The President, Aldermen Bennett, Corcoran, Cowie, Dowling, Farrell, Ficke, Fitzgerald, Flynn, Goetz, Holland, Long, Mooney, Joseph Murray, Oakley, Quinn, Sanford, Smith, Tait, and Walker—20.

PUBLIC NOTICE.

COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, November 10, 1886.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the faucets to be turned on in full force in water closets, sinks, or tubs, without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable this Department to detect and check the needless and unwarrantable waste of an element so valuable and essential to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for the water wasted.

Under the law all charges for water supplied through meters are a lien against the respective premises, and the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all further applications for reduction of water rents, no allowance will be made on account of waste of water occurring through leaks, from defective service pipes or plumbing, or wasteful use of water by tenants or occupants of buildings, through such leakage or waste may have occurred without the knowledge or consent of the owners of the buildings.

House-owners are further notified that whenever their premises become vacant, and are likely to remain vacant, they must notify this Department in writing, and that unless this requirement is complied with no deductions in extra water rents will be allowed for any portion of one year.

JOHN NEWTON,
Commissioner of Public Works.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them, and if any other person is so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk thereof, or any other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath of the person or persons making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is required that the estimate be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance, and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any time, to be calculated upon the estimated amount of the material to be delivered by which the bids are tested. The consent above mentioned shall be accompanied by the oath of affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required by ordinance, and that the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as surety in good faith and without collusion, and that he is not being forced by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or to the order of the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but it shall be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such checks, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If it is not awarded, and if the contract is not awarded, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated

damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Charge, and that no estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the material, can be obtained upon application therefor at the office of the Department.
