The 822 deaths represent a death-rate of 27.42, as against 28.80 for the previous week, and 29.57 for the corresponding week of 1888.

The decrease of 41 deaths was mainly due to a decrease of 5 deaths from diphtheria, 7 from whooping cough, 13 from phthisis, 10 from apoplexy, 12 from bronchitis and 15 from pneumonia, partially offset by an increase of 13 from scarlet fever.

The decrease of pneumomia was greatest in the Twenty-second Ward, and the increase of scarlet fever in the Twelfth Ward.

DEPARTMENT OF PUBLIC WORKS, Commissioner's Office, No. 31 Chambers Street, New York, November 10, 1886.

NOTICE TO CROTON WATER CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN made to this Department by citizens claiming reductions or rebates on bills for water supplied through meters, on the alleged ground of leakage caused by defective plumbing and worn-out service pipes, or by willful waste of water by tenants allowing the fancets to be turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

turned on in full force in water-closets, sinks, etc., without the knowledge or consent of the owners of the premises.

The main object of the use of water-meters is to enable
this Department to detect and check the useless and unwarrantable waste of an element so valuable and essential
to the health and comfort of all the citizens, and this object can only be accomplished by enforcing payment for
the water wasted.

Under the law all charges for water supplied through
meters are a lien against the respective premises, and
the law therefore holds the owner of the premises responsible for the amount of water used or wasted.

Notice is therefore tiven to all householders that in all
turther applications for reduction of water rents, no
allowance will be made on account of water opens
cocurring through leaks, from defective service pipes or
plumbing, or wasteful use of water by tenants or occupants of buildings, though such leakage or waste may
have occurred without the knowledge or consent of the
owners of the buildings.

House-owners are further notified that whenever their
premises become vacant, and are likely to remain vacant,
they must notify this Department in writing, and that
unless this requirement is complied with no deductions in
extra water rents will he allowed for any portion of one
year.

JOHN NEWTON, Commissioner of Public Works.

The natter will shortly be presented to the Commis sioners of the Sinking Fund for their consideration, and the adjustment of the basis of commutation, and application for releases should therefore be made at once.
