DEPARTMENT OF CORRECTION.

REPORT OF TRANSACTIONS, APRIL 8 TO 14, 1907.

Communications Received.

From the Mayor—Requesting that the competing architects for the new Penitentiary, Riker's Island, be asked to meet at the Mayor's office, on April 18, 1907, to select a jury to pass upon plans.

Receipt acknowledged. Notices sent out, as requested.

From the Board of Aldermen—Transmitting certified copy of preamble and resolution, which reads as follows:

Whereas, The Board of Estimate and Apportionment, at a meeting held December 7, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen that the salary of the position of Private Secretary to the Commissioner of the Department of Correction be fixed at the rate of twenty-five hundred dollars (\$2,500) per annum, for one (1) incumbent."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the position of Private Secretary to the Commissioner of the Department of Correction at the rate of twenty-five hundred dollars (\$2,500) per annum, for one (1) incumbent.

Adopted by the Board of Aldermen, April 2, 1907, a majority of all the members elected voting in favor thereof.

Approved by the Mayor, April 9, 1907.

(Signed) P. J. SCULLY, Clerk.

Acknowledged. File with General Bookkeeper and Auditor.

From Committee on Salaries and Offices, Board of Aldermen—Clerk of Committee asks for information regarding amount necessary to pay increases in salaries, Department of Correction, which are now before this Committee—if it will be necessary to ask for an issue of Special Revenue Bonds for this purpose.

An issue of Special Revenue Bonds will not be required, as there are sufficient funds in the salary appropriation to meet all these increases.

Sanitary Bureau.

The following communications were received from the Sanitary Superintendent:

1st. Weekly reports of the Sanitary Superintendent. Ordered on file.

2d. Weekly reports from the Willard Parker, Reception, Riverside and Kingston Avenue hospitals. Ordered on file.

3d. Certificates in respect to the vacation of premises at Nos. 4 and 6 West Third street, No. 36 West Eighteenth street, No. 329 West Fifty-fifth street, No. 214 West Forty-second street (New Amsterdam Theatre), No. 442 Sixth avenue and No. 566 West Broadway, Borough of Manhattan, No. 17 Columbia Heights, Borough of Brooklyn, and No. 98 Broadway, Long Island City, Borough of Queens.

On motion, the following preamble and resolutions were adopted:

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lots Nos. 4 and 6 West Third street, in the Borough of Manhattan, has become dangerous to life, and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on Lots Nos. 4 and 6 West Third street, in the Borough of Manhattan, be required to vacate said building on or before March 27, 1907, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 36 West Eighteenth street, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on Lot No. 36 West Eighteenth street, in the Borough of Manhattan, be required to vacate said building on or before March 27, 1907, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 329 West Fifty-fifth street, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of defects in the plumbing and drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on Lot No. 329 West Fifty-fifth street, in the Borough of Manhattan, be required to vacate said building on or before March 27, 1907, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing and drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The premises New Amsterdam Theatre, No. 214 West Forty-second street, Borough of Manhattan, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.: That the theatre be vacated and closed for public use until such time as the dangerous conditions are removed and the order of the Board of Health is complied with.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 442 Sixth avenue, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on Lot No. 442 Sixth avenue, in the Borough of Manhattan, be required to vacate said building on or before March 27, 1907, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 566 West Broadway, in the Borough of Manhattan, has become dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on Lot No. 566 West Broadway, in the Borough of Manhattan, be required to vacate said building on or before March 27, 1907, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 17 Columbia Heights, in the Borough of Brooklyn, has become dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on Lot No. 17 Columbia Heights, in the Borough of Brooklyn, be required to vacate said building on or before March 27, 1907, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 98 Broadway, Long Island City, in the Borough of Queens, has become dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on Lot No. 98 Broadway, in the Borough of Queens, be required to vacate said building on or before March 27, 1907, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

BOROUGH OF QUEENS.

- Joseph A. Sheridan, M. D., March 4 to March 17, 1907.

The President submitted the following statement relative to the attitude of the Board of Health toward the pasteurization of milk, and at his suggestion the same was ordered spread upon the minutes:

"As the attitude of the Board of Health toward the pasteurization of milk has apparently been quite widely misunderstood, the following public statement as to this matter seems desirable:

"The Board of Health has for many years advocated in every possible way the sterilization, by boiling, or the pasteurization of all milk not certified, used for the artificial feeding of infants, especially during the summer months. It has, year after year, in every possible way, through its Summer Corps of Medical Inspectors, and its Nurses, and through the distribution of thousands of circulars of information on infant feeding in the tenement house district, urgently advised, and continues to advise, this procedure.

"Several years ago extensive observations and investigations were carried on in connection with the Rockefeller Institute for Infectious Diseases on the matter of the artificial feeding of infants in the tenement houses. A result of the educational work carried on in connection with milk is that many mothers in the tenement house district have become familiar with its importance, so that a very large proportion of them in summer boil or pasteurize all milk used in feeding infants.

"The modification of milk is another matter of great importance. The Department has done everything in its power to extend the usefulness of the Straus milk depots. Furthermore, the Department has provided in its Sanitary Code for the sale of pasteurized milk, and is prepared to heartily encourage its use. It is, in the opinion of the Board of Health, extremely desirable that the fullest additional information should be obtained bearing on all sides of the question, and it has adopted measures looking to this end."

A communication addressed by John H. Meyer, Secretary of the Local School Board of District 38, Borough of Brooklyn, addressed to Dr. Leonard L. Jacobson, Chairman of the Committee of Health of the Board of Aldermen, inclosing a copy of a communication addressed to the Aldermanic Committee of Health relative to the proposed ordinances for the pasteurization of milk, etc., was submitted by the President and referred to the Assistant Sanitary Superintendent assigned to duty in the Borough of Manhattan for investigation and report with recommendations.

Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows: From March 31 to April 6, inclusive, forty-seven operations were performed at Bellevue Hospital, thirteen at Gouverneur Hospital, five at Harlem Hospital and nine at Fordham Hospital, at all of which the attending Surgeons or their assistants were present.

Dr. Lindsay of the First Surgical Division was sent to the Minturn Hospital. A culture from his throat showed the bacilli of diphtheria. He was discharged from the Minturn Hospital, cured, on April 8.

The Rev. H. C. Dyer, Protestant Chaplain of Bellevue Hospital, asks if authority can be granted to have an outside telephone put in his room. At present he has to use the telephones in the various offices. As the contract has been completed for telephones for this year, this would be an extra, and it is recommended that it be allowed.

Dr. Quigley, Police Surgeon, and one of the Visiting Surgeons to Fordham Hospital, has suggested that, in view of the removal of Harlem Hospital from East One Hundred and Twentieth street to Lenox avenue, the Trustees should apply for a rearrangement of the ambulance district, and ask that a new district be assigned to them.

On motion, duly seconded, it was Resolved, That, upon the recommendation of the General Medical Superintendent, a telephone be placed in the Rev. H. C. Dyer's room at Bellevue Hospital.

On motion, duly seconded, it was Resolved, That the Police Department be requested to assign a new ambulance district to Harlem Hospital when the new Harlem Hospital is in use.

Reports of Committees.

The Building Committee recommended the appointment of Mr. R. F. Almirall as architect to the new Training School building of Harlem Hospital, and, on motion, duly seconded, it was

Resolved, That Mr. R. F. Almirall, No. 51 Chambers street, be and he hereby is appointed architect to the new Training School building at Harlem Hospital; further

Resolved, That the Chairman of the Building Committee be instructed to confer with Mr. Almirall in reference to such appointment.

The President reported that a letter had been sent to Mr. W. R. Stewart, Commissioner of the State Board of Charities, in accordance with the directions received at the last meeting, that the President and Building Committee prepare the reply.

On motion, duly seconded, it was Resolved, That the reply, a copy of which was shown at the meeting, be and it hereby is approved by the Board of Trustees.

Mr. Tierney reported for the committee that the President of the Board of Trustees, Mr. Robbins, Mr. Hebbard, the General Medical Superintendent, and the Chairman of the Building Committee, were present at the inspection of Gouverneur Hospital and noted the defects in the work, especially those in the painting and plastering, and stated that the Architect and Inspector had been ordered to make a thorough inspection and recommend what action is, in their judgment, necessary to have the building properly completed.

The Harlem Conference Committee recommended the appointment of the following, and, on motion, duly seconded, it was

Resolved, That they be and hereby are, upon the recommendation of the Medical Board and the Harlem Conference Committee, appointed to the positions named for the remainder of the year 1907:

Dr. H. B. Biscow, Assistant Physician to Out-Patients (children).

Dr. Frederick P. Hammond, Surgeon to Out-Patients.

Dr. Edward N. Roesser, Physician to Out-Patients (children).

Dr. D. W. Tovey, Physician to Out-Patients (surgical and gynecological).

Dr. E. W. Hall, Physician to Out-Patients (children, medical).

Mr. Paulding spoke of the rule governing the attendance of the visiting staff, and, on motion, duly seconded, it was

Resolved, That the matter be referred to the Committee on Rules, to make such changes as may be necessary to make the rule suitable for the visiting staff of Gouverneur, Harlem and Fordham hospitals.

Mr. Paulding reported upon the results of the auction sale held on April 9. The following bids were received: Thirty-one cents a hundred pounds on bones, 3 cents a pound on fat, 5 1/2 cents a pound on grease and \$101 on old machinery.

Dr. Brannan reported that, in accordance with the resolution adopted some time ago by the Board of Trustees, he had authorized the payment of \$40,000 to Messrs. P. J. Carlin & Co., a proper certificate from the Consulting Engineer as to the correctness of the work having been received.

Communications.

A communication was received from Dr. Cyrus J. Strong, Secretary of the Medical Board of Bellevue Hospital, transmitting the minutes of the Medical Board for the meeting held on April 1, 1907.

On motion, duly seconded, it was Resolved, That the report of the Advisory Committee on Nursing be referred back to the Medical Board for recommendation to the Board of Trustees on the provisions contained in the report.

A communication dated March 23 was received from Mr. R. F. Almirall in regard to mesh guards for Gouverneur Hospital; also a communication dated April 2 containing estimates on various forms of mesh guards.

On motion, duly seconded, it was Resolved, That these communications be referred to the Building Committee.

A communication dated April 8 was received from Mr. R. F. Almirall containing an estimate from the Thomas Crimmins Contracting Company on making the connection of the sewerage system of Fordham Hospital with the Belmont avenue sewer.

On motion, duly seconded, it was

Resolved, That, upon the recommendation of the Architect, the estimate of the Thomas Crimmins Company, \$235, be approved and accepted.

J. K. PAULDING, Secretary.

BELLEVUE AND ALLIED HOSPITALS.

A regular meeting of the Board of Trustees of Bellevue and Allied Hospitals was held in the staff room of Bellevue Hospital on Tuesday, April 16, 1907, at 4 o'clock. Present—Dr. Brannan, the President, in the chair; Messrs. Stern, Tack, Robbins, Tierney and Paulding, Trustees; and Mr. Heberd, the Commissioner of Public Charities.

The following bills were presented for payment and on motion, duly seconded, it was

Resolved, That they, having been duly audited by the Finance Committee, be approved for payment:

| | |
|---|---------|
| The Kny-Scheerer Company | \$11 50 |
| O. M. Levy | 13 05 |
| O. G. Mason | 334 00 |
| New York Diet Kitchen Association..... | 104 28 |
| Sibley & Pitman | 34 00 |
| Richard Webber | 30 00 |
| The American Laundry Machinery Company..... | 18 40 |
| The Hospital Supply Company..... | 15 00 |
| William Langbein & Brothers..... | 45 30 |
| George F. Sargent Company..... | 3 25 |
| Charles Barry | 9 00 |
| Robert W. McCully | 37 25 |
| Woodburn Langmuir | 62 00 |

Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows: From April 7 to April 13, inclusive, 39 operations were performed at Bellevue Hospital, 13 at Gouverneur Hospital, 4 at Harlem Hospital, and 9 at Fordham Hospital, at all but one of which the Attending Surgeons or their assistants were present.

The appropriation for rents for the year 1907 amounts to \$9,000. The liabilities that have been incurred for rents for the entire year, and for temporary rents to May 1, will be \$6,226.67. If Harlem and Fordham Hospitals are occupied by the City for the month of May, this will amount to \$1,056.67 in addition. As the Nurses' Home has just been leased at \$1,200, it is apparent that in order to keep within this appropriation it will be necessary to surrender all the buildings leased by the City by May 31.

It is recommended that the plans for the heating, lighting, ventilating and electrical lines of the new Harlem Hospital be purchased from Mr. W. J. Baldwin at an expense of \$50, as nothing can be found in the contract that requires the Consulting Engineer to furnish duplicate plans.

Dr. Day of the house staff of Bellevue Hospital developed symptoms of scarlet fever on April 14 and had to be transferred to Minturn Hospital.

It is recommended that the Board of Trustees request the proper authorities to have the streets about Bellevue Hospital, particularly First avenue, and Twenty-sixth street through to Fifth avenue, repaired, as they are in very bad condition and may cause damage to our ambulances.

On motion, duly seconded, it was

Resolved, That authority be given the General Medical Superintendent to order plans of the heating, lighting, ventilating and electrical lines of the new Harlem Hospital at a cost of \$50.

On motion, duly seconded, it was

Resolved, That the Borough President be requested to have the pavement in the streets about the hospital repaired.

Reports of Committees.

The Building Committee reported on the matter of the auxiliary connection with the Edison Company's wires for lighting purposes at the new Harlem Hospital, and, on motion, duly seconded, it was

Resolved, That the General Medical Superintendent procure another estimate on the work to be done.

The Building Committee recommended that an agreement be signed in the matter of constructing and maintaining a tunnel under and across East Twenty-sixth street, between First avenue and the East river, and on motion, duly seconded, it was

Resolved, That this recommendation be approved by the Board.

The Building Committee reported upon the conference with Mr. R. F. Almirall in regard to his appointment as Architect for the new Nurses' Home at Harlem Hospital, that he is willing to undertake the work and proceed immediately with the preparation of plans upon the understanding that payment will be received only in case the appropriation for the building is allowed by the City.

The Building Committee reported in favor of filling in the openings in the floors of the balconies at the new Harlem Hospital with iron strips, and on motion, duly seconded, it was

Resolved, That the General Medical Superintendent procure estimates on this work; and it was further

Resolved, That the President be requested to write the contractor in regard to the stains on the walls of Harlem Hospital caused by dripping from the balcony supports.

Dr. Brannan reported receipt of the following bids on the construction of the pathological laboratory and male dormitory of the new Bellevue Hospital:

| | |
|--|------------|
| Thomas Cockerill & Son..... | \$6,984 00 |
| Kelly & Kelley..... | 7,153 00 |
| F. T. Nesbit & Co..... | 7,197 50 |
| Buckley Realty Construction Company..... | 7,250 00 |
| John H. Parker Company..... | 7,267 85 |
| M. Reid & Co..... | 7,303 89 |
| Clarke & Stowe..... | 7,470 00 |
| R. E. Herringham | 7,544 39 |
| Thomas B. Leahy Building Company..... | 7,659 39 |
| George Hildebrand | 7,790 00 |
| Daniel J. Ryan..... | 8,609 00 |

On motion, duly seconded, it was

Resolved, That the bid of Thomas Cockerill & Son, No. 147 Columbus avenue, be accepted, it being the lowest bid received; and that the contract for the construction of the pathological laboratory and male dormitory of the new Bellevue Hospital be and the same is hereby awarded to Thomas Cockerill & Son, subject to the approval of the sureties by the Comptroller of The City of New York, in accordance with the provision of section 420, chapter 10, of the Greater New York Charter.

Mr. Paulding reported for the Conference Committee of the Third Division of Bellevue Hospital that the application of Dr. W. D. Tyrell to have the Board rescind its action in appointing Dr. James F. Nagle as Physician to Out Patients and Adjunct Assistant Physician to Bellevue Hospital was considered by the committee and the committee decided to recommend that no action be taken.

On motion, duly seconded, it was

Resolved, That the report of the Committee be approved and accepted.

Mr. Robbins of the Conference Committee of Fordham Hospital recommended the appointment of Dr. Charles Graef, and on motion, duly seconded, it was

Resolved, That Dr. Charles Graef, No. 1076 Boston road, be and he hereby is appointed Ophthalmologist and Aurist to Fordham Hospital upon the recommendation of the Medical Board of Fordham Hospital and the Conference Committee.

Mr. Paulding of the Gouverneur Hospital Conference Committee reported in favor of granting the request of the Medical Board for voluntary assistants in the Out Patient Department during the summer months, and on motion, duly seconded, it was

Resolved, That such assistants be allowed to serve in the Out Patient Department, subject to the rules contained in the minutes of the Gouverneur Hospital Medical Board of March 1, 1907.

The amount of security required is Two Thousand Six Hundred Dollars.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stumps and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel, and to reject any or all bids.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction the buildings, parts of buildings, etc., standing upon the property owned by The City of New York, acquired for Fire Department purposes, in the Borough of Manhattan, said property being more particularly bounded and described as follows:

Beginning at a point on the northerly side of Monroe street distant 93 feet 4 inches easterly from the intersection of the northerly side of Monroe street with the easterly side of Clinton street; running thence northerly 100 feet to the center line of the block between Monroe and Madison street and to the land of The City of New York; running thence easterly along land of The City of New York 46 feet 10 inches; running thence southerly 100 feet to the northerly side of Monroe street, and running thence westerly along the northerly side of Monroe street 46 feet 9 inches to the point or place of beginning.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted at a meeting held April 17, 1907, the sale of the above-described buildings and the appurtenances thereto will be held by direction of the Comptroller on

WEDNESDAY, MAY 8, 1907,

at 12 m., on the premises, upon the following

TERMS AND CONDITIONS.

It being understood that the purchasers at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler setting, etc., and all stumps and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances, or any portion thereof, within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the

bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water-tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel, and to reject any or all bids.

PUBLIC NOTICE.

BOARD OF ESTIMATE AND APPORTIONMENT, CITY OF NEW YORK.

AT A MEETING OF THE BOARD OF Estimate and Apportionment, held April 12, 1907, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, The Fort George Street Railway Company has, under date of July 3, 1906, made application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate a street surface railroad upon and along St. Nicholas (or Eleventh) avenue, between the Dyckman street station of the Interborough Rapid Transit Railroad and West One Hundred and Ninetieth street, Borough of Manhattan; and

Whereas, Section 92 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws, this Board adopted a resolution on July 6, 1906, fixing the date for public hearing thereon as September 28, 1906, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the "Sun" and the "World," newspapers designated by the Mayor, and in the CITY RECORD for ten days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the Fort George Street Railway Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Fort George Street Railway Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Fort George Street Railway Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

FORT GEORGE STREET RAILWAY COMPANY.
Proposed Form of Contract.

This contract made this day of 1907, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Fort George Street Railway Company, incorporated for the purpose of building, maintaining and operating a street surface railroad (hereinafter called the Company), party of the second part, witnesseth: In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a street surface railroad by electrical system, together with the necessary wires and other equipment for the purpose of conveying persons and

property in the Borough of Manhattan, City of New York, upon the following route:

Beginning at a point about seven hundred feet south of the intersection of Dyckman street and Nagle avenue, running thence by double track in a southerly direction through, upon and along St. Nicholas avenue to its intersection with West One Hundred and Ninetieth street, all in the Borough of Manhattan, in the City, County and State of New York.

Said route, together with turnouts, switches, stands and crossovers hereby authorized, are shown upon a map entitled:

"Map showing proposed route of the Fort George Street Railway Company, to accompany amended petition to the Board of Estimate and Apportionment. Dated October 16, 1906. Original petition dated July 3, 1906," and signed by R. E. Simon, President, and A. E. Kalbach, Consulting Engineer.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railroad shall be obtained by the Company within six months of the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall within two months thereafter make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law, to determine if said railroad ought to be constructed; otherwise this grant shall cease and determine, unless the period shall be extended by the Board of Estimate and Apportionment.

Second—This consent is upon the express condition that the Company within sixty days after the signing of this contract by the Mayor and before anything is done in the exercise of the rights conferred thereby, shall enter into a traffic agreement with the Interborough Rapid Transit Company whereby passengers entering the cars of either the Company or the Interborough Rapid Transit Company (subway) shall be entitled to a continuous passage on both of the said lines upon the payment of a single fare of five cents; such agreement shall be for a period of at least twenty-five years.

Third—The said right to construct, maintain and operate a street surface railroad as herein described, shall be held and enjoyed by the Company, its successors or assigns, for the term of twenty-five years from the date when this contract is signed by the Mayor, with the privilege of renewal of said contract for the further period of twenty-five years, upon a fair revaluation of such right and privilege. Such revaluation shall be of the right and privilege to maintain and operate the said railroad by itself, and not to include any valuation derived from the ownership, operation or control of any other railroad by the Company, its successors or assigns. The Company shall, however, not have the right to exercise such privilege of renewal until it has entered into a traffic agreement with the Interborough Rapid Transit Company, or its successors, in the operation of the Rapid Transit Railroad (subway), as above, for said renewal period.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than that sum required to be paid during the last year in this original contract.

If the Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They shall base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigation, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Fourth—Upon the termination of this original contract, or if the same is renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, or upon the dissolution of the Company before such termination, the tracks and equipment of the Company constructed pursuant to this contract, within the streets and highways of the City, shall become the property of the City, without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

At the termination of this grant as above, the City, at the election of the Board, shall have the right to purchase all the property of the Company not within the streets or avenues, at its fair market value, exclusive of any value which such property may have by reason of this contract. Such valuation shall be determined in the same manner as revaluation for a renewal of this contract, as herein provided.

If, however, at the termination of this grant as above, the City (by the Board) shall so order by resolution, the Company shall upon thirty (30) days' notice in writing from the Board, remove any and all of its tracks and other equipment constructed pursuant to this contract,

and the said streets and highways shall be restored to their original condition at the sole cost and expense of the Company.

Fifth—The Company, its successor or assigns, shall pay to the City for the right to construct, maintain and operate a street surface railway on the route herein described, the following sums of money:

1. Five thousand dollars (\$5,000) in cash, within thirty (30) days after the signing of this contract by the Mayor.

2. During the first five years of this contract an annual sum, which shall in no case be less than five hundred dollars (\$500), and which shall be equal to three per cent. of the gross receipts of the Company, if such percentage shall exceed a sum of five hundred dollars (\$500).

During the remaining twenty years of this contract an annual sum, which shall in no case be less than one thousand dollars (\$1,000), and which shall be equal to five per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of one thousand dollars (\$1,000).

The payment of such minimum sums shall begin from the day on which the contract is signed by the Mayor.

The terms hereafter to be fixed for any renewal term of this contract shall not be less than the sum required to be paid for the last year of this original contract, and no renewal shall provide for a further renewal.

Such minimum annual sums shall be paid into the Treasury of the City of New York on November 1 of each year, and shall be for the amount due to September 30, next preceding.

Whenever the percentage required to be paid shall exceed the minimum amount as above, such sum over and above such minimum shall be paid to the said Comptroller on or before November 1, in each year, for the year ending September 30, next preceding. The fiscal year shall end on September 30, next preceding said date of payment, and provisions of the Railroad Law as it now exists, or as it may hereafter be amended, relating to the matter of payments and statements of percentages of gross receipts of street railway companies not inconsistent with this contract, shall be strictly complied with. The intention of this paragraph is to fix an annual charge to be paid by the Company, its successors or assigns, to the City for the rights and privileges hereby granted, and it shall be construed as providing for the payment by the Company, its successors or assigns, for said right and privilege of a percentage of gross receipts within the meaning of any general or special statute, or of any ordinance of the City.

Any and all payments to be made by the Company, shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or resolution of the Board or by any law of the State of New York.

Sixth—The annual charges or payments shall continue throughout the whole term of the contract hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchise at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any part of the route mentioned herein, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Seventh—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company, its successors or assigns, or by operation of law whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of the City, acting by the Board, or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving, or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Eighth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets, avenues or highways, and the right to make the requisite and necessary connections with the tracks of the Company, its successors or assigns, which shall be constructed under this contract.

The use of the railroad which shall be constructed and maintained in the streets, avenues and highways under this contract, including the tracks, wires and other equipment, used in connection therewith, shall be permitted by the Company, its successors or assigns, to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues or highways, for street railroad purposes, upon payment of an annual sum by such individual or corporation to the Company, which shall not exceed the legal interest on such proportion of the whole cost of the construction of such railroad and of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation and the cost of laying and repairing of pavement and removal of snow and ice, and all the other duties imposed upon the Company by the terms of this contract, in connection with the maintenance or the operation of the said railroad so used.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railroad which may necessitate the use of any portion of the railroad which shall be constructed under this contract.

Ninth—The railroad to be constructed under this contract may be operated by overhead electrical power substantially similar to the system of overhead electrical traction now in use by the New York City Interborough Railway Company or by the underground electric system now in use by the lines of the New York City Railway Company. Provided, however, that the Board of Estimate and Apportionment, or its successors in authority, after five years from the date of this contract, may, upon giving to the grantee,

its successor or assigns, six months' notice in writing, require it or them to operate the railroad upon the whole or upon any portion of its route by underground electrical power substantially similar to the system now in use on the lines of the New York City Railway Company in the Borough of Manhattan, above referred to, and thereupon to discontinue the use of the overhead trolley system, and to remove its poles, wires and other structures used by it for that purpose from the streets and highways.

When the change shall have been made to the underground system, all wires for the transmission of power or otherwise, shall be placed in conduits underneath or alongside of the railroad. The Company shall provide two conduits, not less than three (3) inches in diameter each for the exclusive use of the City. Such conduits shall be used only by the Company and by the City.

This provision shall in no way be taken as a limitation on the Police powers of the City, as provided in sections 525 et seq. of the Greater New York Charter.

Tenth—The Company shall commence construction of the railroad herein authorized within three months from the date upon which the consents of the property owners are obtained, or upon the decision of the Appellate Division of the Supreme Court that such railroad ought to be constructed, and shall complete the construction of the same within twelve months from the same date, otherwise this grant shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided, that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each.

Eleventh—The said railroad shall be constructed, maintained and operated, subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided in the Charter of the City.

Twelfth—The said railroad shall be constructed and operated in the latest improved manner of street railway construction and operation, and the railroad and property of the Company shall be maintained in good condition throughout the term of this contract.

The Company shall remove the stub-end terminal at St. Nicholas avenue, north of West One Hundred and Eightieth street, hereby authorized, upon six (6) months' notice in writing from the Board of Estimate and Apportionment.

Thirteenth—The rate of fare for any passenger upon such railroad shall not exceed five cents, and the Company shall not charge any passenger more than five cents for one continuous ride from any point on said railroad, or a line or branch operated by it, its lessees or assigns in connection therewith, to any point thereof, or of any connecting line or branch thereof, within the limits of The City of New York.

Transfers shall be given between the Interborough Rapid Transit Company (subway division) and the Company at the Interborough Rapid Transit Railway station at Dyckman street for a single fare of five cents, as required by traffic agreement between said companies.

The rate for the carrying of property over the said railroad upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, or its successors in authority, and may be fixed by such Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by it.

Fourteenth—The cars of the Company shall be run both day and night as often as the reasonable convenience of the public may require, or as may be directed by the Board, but at no time shall the headway at any point on the railway be more than twenty minutes between the hours of 5 o'clock p. m. and midnight.

Fifteenth—The Company shall attach to each car run over the said railroad proper fenders and wheel guards in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Sixteenth—All cars which are operated on said railroad shall be equipped with both hand and power brakes.

Seventeenth—All cars which are operated on said railroad shall be heated during the cold weather in conformity with such laws and ordinances as are now in force or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Eighteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which the railroad shall be constructed under this contract, shall cause to be watered the entire roadway of such streets and avenues at least three times in every twenty-four hours, when the temperature is above 35 degrees Fahrenheit, when so required by the Board of Estimate and Apportionment.

Nineteenth—All cars operated on said railroad shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by the Board.

Twentieth—The Company shall at all times keep the streets, avenues or highways upon which the said railroad is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twenty-first—The Company shall cause to be paved that portion of the street between its tracks, the rails of its tracks and two feet in width outside of its tracks upon and along the streets, avenues and highways of the route hereby authorized, which are now either unpaved or paved with macadam. The work of such paving shall be done under the supervision of the Municipal authorities having jurisdiction in such matters. Such authorities shall designate the character of the pavement to be laid.

As long as the said railroad, or any portion thereof, remains in the street, avenue or highway, the Company shall pave and keep in permanent repair that portion of the surface of the street, avenue or highway in which said railroad is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. And it shall not be necessary, in the event that the portion of the surface of the street, avenue or highway in which said railroad is constructed, shall not be repaired by the Company as hereinafter provided, for the City to give any notice to the Company of such state of disrepair, but the City may make such repairs and charge the same to the Company, which the said Company agrees to pay, any statute to the contrary notwithstanding. And the City shall have the right to change the material or character of the pavement of any such street, avenue or highway, and in that event the Company, its successors or

assigns, shall be bound to replace such pavement in the manner directed by the proper city officer at its own expense and the provision as to repairs herein contained shall apply to such renewal or altered pavement. The Company agrees to pay to the City any sum or sums that the City may pay, either as a result of a judgment against it or by way of settlement or compromise, for any injuries either to person or property arising from failure of the Company to pave and keep in permanent repair that portion of the surface of the street, avenue or highway in which said railway is constructed, as hereinafter provided.

Twenty-second—Any alteration which may be required to the sewerage or drainage system, or to any subsurface structures, pipes, conduits, etc., laid in the streets on account of the construction or operation of the railroad, shall be made at the sole cost of the railroad company and in such manner as the proper City officials may prescribe.

Twenty-third—The Company hereby agrees not to issue stock other than has been heretofore issued until a certificate of authority therefor has been issued by the Board of Estimate and Apportionment, or until such Board shall further certify in writing as to the amount of stock reasonably required for the purposes of the Company. The stock of the Company shall not be issued in excess of the amount so certified.

The Company shall not increase its capital stock above the \$25,000 now authorized, without the consent in writing of the Board of Estimate and Apportionment, stating the amount of the authorized increase. For the purpose of making this determination as to the amount of stocks to be issued, or the amount of the authorized increase of the capital stock of the Company, the Board of Estimate and Apportionment may take and hear testimony under oath, and examine the books and papers of the Company, and require verified statements from the officers thereof pertaining to the value of the property and of the franchise owned or operated by the Company. Such determination shall be made within sixty (60) days after the final submission of the papers or of the final hearing on the application for the issue or increase of capital stock.

Twenty-fourth—The Company shall at all times keep accurate books of account of the gross earnings from the privileges granted under this contract. The Company shall on or before November 1 of each year make a verified report to the Comptroller of The City of New York of the business done by the Company for the year ending September 30 next preceding, as he may prescribe. Such report shall contain a statement of the gross receipts from operation of the railway, together with such other information and in such detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-fifth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity.

Twenty-sixth—If the Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time, the Company shall for each day thereafter during which the default or defect remains, except for those defaults or defects for which penalties are hereinafter provided, pay to the City the sum of two hundred and fifty dollars (\$250) as fixed or liquidated damages, or the Board, in case such structures which may affect the surface of the streets shall not be put in condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

Twenty-seventh—The Company shall assume all liability to persons or property by reason of the construction or operation of the railroad authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-eighth—This grant is upon the express condition that the Company within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of The City of New York the sum of seven thousand dollars (\$7,000) either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of construction of the railroad; and in case of default in the performance by the Company of such terms and conditions the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten days' notice in writing to the Company; or in case of failure to keep the said terms and conditions of this contract relating to the headway, heating and lighting of cars, fenders, wheel guards and watering of street pavements, the Company shall pay a penalty of twenty-five dollars (\$25) per day for each day of violation, and the further sum of ten dollars (\$10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of the violation of the provision relating to those matters.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Company, through its President, to appear before him on a certain day not less than ten (10) days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, or where the amount

of the penalty is not prescribed herein, such amount as appears to him to be just, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of seven thousand dollars (\$7,000), and in default thereof this contract shall be canceled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Sec. 3. This contract is also upon the further and express condition that the provisions of the Railroad Law, applicable thereto, and all laws or ordinances now in force, or which may be adopted affecting the surface railroads operating in the City, not inconsistent with the terms and conditions hereinbefore fixed, shall be strictly complied with by the Company.

Sec. 4. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,

FORT GEORGE STREET RAILWAY COMPANY,

By.....President.

[SEAL.]

Attest:.....Secretary.

(Here add acknowledgments.)
Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Fort George Street Railway Company and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to Friday, May 24, 1907, in the CITY RECORD, and at least twice during the ten days immediately prior to May 24, in "The Sun" and "The World," two daily newspapers designated by the Mayor therefor and published in The City of New York, at the expense of the Fort George Street Railway Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Fort George Street Railway Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on Friday, May 24, 1907, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held November 9, 1906, the following petition was received:

To the Honorable the Board of Estimate and Apportionment of the City of New York:
The petition of New York and Richmond Gas Company respectfully shows:

First—Your petitioner is a corporation duly organized and existing under and by virtue of the laws of the State of New York, for the purpose of manufacturing and supplying gas for light, heat and power for public and private use, in the County of Richmond, in the State of New York.

Second—Your petitioner desires to obtain from The City of New York and hereby respectfully applies for its consent to, and a grant of the franchise, right and privilege to lay, construct, maintain and operate pipes, mains and conductors therefrom, in, under and along all of the streets, avenues, highways, boulevards, parkways and public places within the territory comprised in the Fifth Ward of the Borough of Richmond (formerly the Town of Westfield), in the City and State of New York, for the purpose of transmitting and supplying gas for light, heat and power to public and private consumers.

Third—Your petitioner is and has been for several years last past engaged in the business of manufacturing, supplying and distributing gas for light, heat and power in the territory comprised in the First, Second, Third and Fourth Wards of the Borough of Richmond, in The City of New York, and has constructed, maintained and operated and now maintains and operates numerous lines of pipes, mains and conductors in the streets, avenues, highways and public places within said wards.

Fourth—That no other company or individual is engaged in manufacturing or supplying gas for light, heat or power for either public or private use within the boundaries of the Fifth Ward of the Borough of Richmond and the inhabitants of said ward have no means of securing gas for light, heat or power at the present time. That said Fifth Ward is the only ward in the Borough of Richmond in which no gas is manufactured or supplied to public or private consumers, and a large number of the residents and property owners in said ward have requested your petitioner to construct and lay pipes and mains in the streets, avenues, highways and public places of said ward for the purpose of supplying them with gas.

Wherefore your petitioner prays that the assent of your Honorable Board of the Corporation of The City of New York be granted to it to construct, lay, maintain and operate pipes, mains and conductors with the necessary branches and connections therefrom in, under and along the streets, avenues, highways, parks and public places within the territory comprised in the Fifth Ward of the Borough of Richmond for transmitting and distributing gas for light, heat and power to public and private consumers, and that

the desired consent, grant or franchise be embodied in the form of a contract with proper terms and conditions in accordance with the provisions of the Greater New York Charter.

Dated, New York, November 1, 1906.
NEW YORK AND RICHMOND GAS COMPANY.

By THOS. O. HORTON,
Secretary.

State of New York, County of Richmond, ss.:
Thomas O. Horton, being duly sworn, deposes and says that he is the Secretary of New York and Richmond Gas Company, the petitioner named in the foregoing petition; that he has read the foregoing petition and knows the contents thereof; that the same is true to his own knowledge except as to the matters therein stated to be alleged upon information and belief, and that as to those matters he believes it to be true. That the reason why this verification is not made by the petitioner is that it is a corporation; that deponent is an officer of said corporation—to wit, Secretary—and that the grounds of his information in regard to the matters stated in the foregoing petition so far as the same are not within his personal knowledge are statements and reports made by officers or employees of the corporation to him as Secretary thereof.

THOS. O. HORTON.

Sworn to before me this 1st day of November, 1906.

JAMES McCaffrey,
Notary Public.

(Seal) Richmond County,
New York.

—and at the meeting of April 26, 1907, the following resolutions were adopted:

Whereas, The foregoing petition from the New York and Richmond Gas Company, dated November 1, 1906, was presented to the Board of Estimate and Apportionment at a meeting held November 9, 1906,

Resolved, That in pursuance of law, this Board set Friday, the 10th day of May, 1907, at 10.30 o'clock in the forenoon, and Room 16 in the City Hall, Borough of Manhattan, as the time and place when and where such petition shall be first considered, and a public hearing be had thereon, at which citizens shall be entitled to appear and be heard; and be it further

Resolved, That the Secretary is directed to cause such petition and these resolutions to be published for at least two (2) days in two daily newspapers in The City of New York, to be designated by the Mayor, and for at least ten (10) days in the CITY RECORD immediately prior to such date of public hearing. The expense of such publication to be borne by the petitioner.

PUBLIC NOTICE.

CITY OF NEW YORK—BOARD OF ESTIMATE AND APPOINTMENT.

AT A MEETING OF THE BOARD OF Estimate and Apportionment, held April 5, 1907, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, The New York Central and Hudson River Railroad Company has, under date of May 25, 1906, made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate ducts or subways through, under and along East One Hundred and Ninety-fourth street, Kingsbridge road and other streets in the Borough of The Bronx; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws this Board adopted a resolution September 14, 1906, fixing the date for public hearing thereon as September 28, 1906, at which citizens were entitled to appear and be heard, and publication was had for at least two days in "The Sun" and "The New York Times," newspapers designated by the Mayor, and in the CITY RECORD for ten days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the New York Central and Hudson River Railroad Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the New York Central and Hudson River Railroad Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York Central and Hudson River Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

New York Central and Hudson River Railroad Company.

PROPOSED FORM OF CONTRACT.

This Contract, made this _____ day of _____, 190____, by and between THE CITY OF NEW YORK, party of the first part, by the Mayor of said City acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and the NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY, a domestic corporation of the State of New York, hereinafter called the Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the franchise, right and privilege to construct, maintain and operate a subway not to exceed two feet and eleven inches in width, with the necessary splicing chambers, for the sole purpose of transmitting power for the operation of its trains by electricity, as required by chapter 425 of the Laws of 1903, said subway to be beneath the surface of the following named streets, avenues and highways between the points described as follows, all situate in the Borough of The Bronx, City of New York, to wit:

Beginning at a point in Webster avenue where East One Hundred and Ninety-fourth street, if prolonged southeasterly, would intersect the right of way of the New York and Harlem Railroad Company; thence northwesterly across Webster avenue to East One Hundred and Ninety-fourth street and thence northwesterly through East One Hundred and Ninety-fourth street to a point between Valentine avenue and the Grand Boulevard and Concourse, at the intersection of East One Hundred and Ninety-fourth street and Kingsbridge road; thence in a general northwesterly direction through Kingsbridge road to a point where said Kingsbridge road intersects the right of way of the New York Central and Hudson River Railroad Company.

Also beginning at a point on the westerly side of the right of way of the New York Central and Hudson River Railroad Company on the easterly side of Exterior street, about 300 feet south from West One Hundred and Ninety-fourth street; thence westerly across said Exterior street to and along private property of the New York Central and Hudson River Railroad Company;

—the said right of way and the location of the said splicing chambers being shown on a map entitled:

"N. Y. C. & H. R. R. R. Leased and Operated Lines. Electrification of Lines. Location Plan—Cable Ducts. Kingsbridge Road and 194th Street, New York City,"

—dated October 30, 1905, signed by W. J. Wilgus, Vice-President, copy of which is annexed hereto and made a part of this grant.

Sec. 2. The grant of this franchise, right and privilege is subject to the following conditions:

First—The said franchise, right and privilege to lay one subway in each of the streets, avenues or highways, and between the limits as hereinbefore described, and the franchise, right and privilege to maintain and operate the same shall be held and enjoyed by the said Company, its lessees or successors, for a term of twenty-five years from the date of the signing of this contract, with the privilege of renewal of said grant for a further period of twenty-five years, upon a fair revaluation of said franchise, right and privilege.

If the Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or to any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Company, and by the Board of Estimate and Apportionment, or by such other authority in its place. If the Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding twenty-five years shall be reasonable, and either the City (by the Board or by such other authority in its place) or the Company shall be bound upon request of the other to enter into a written agreement with such other, fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment, or its successors in authority; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Board of Estimate and Apportionment, or its successors in authority, within three months after they are chosen. They shall act as appraisers, and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If in any case the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, all subways and appurtenances thereto, constructed pursuant to this contract, shall be and become the property of The City of New York, without compensation therefor, and the same may be used by The City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City, by the Board of Estimate and Apportionment, or its successors in authority, shall so order by resolution, the said Company shall remove, at its own expense, said subway and all appurtenances thereto, and shall restore the streets and pavements to their original condition.

Third—The Company, its successors or assigns, shall pay to The City of New York for this privilege an annual sum of four thousand five hundred dollars (\$4,500). Such sum shall be paid into the treasury of The City of New York on November 1 of each year, and shall be for the annual amount due to September 30 next preceding; provided, however, that the first payment shall be only for that proportion of four thousand five hundred dollars (\$4,500) as the time of signing of this contract by the Mayor before September 30 next preceding shall bear to the whole of one year.

Any and all payments made by the terms of this franchise to The City of New York by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other company, providing for payments of subway rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original

or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant, and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payment, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgage or mere lienor, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

Fifth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways on the route heretofore described.

Seventh—The Company shall commence construction of the subway herein authorized within two months after the signing of this contract, and shall complete the construction of the same within five months from the same date, otherwise this grant shall cease and determine, and all sums paid or which may be deposited with the Comptroller of the City as hereinafter provided, shall thereupon be forfeited to the City; provided, however, that the Board of Estimate and Apportionment may in its discretion extend such time for a period not exceeding one year, but such extension shall not be made unless the reasons given by the grantee for non-fulfillment are in the opinion of the Board, for causes over which the grantee had no control and was in no wise responsible.

Eighth—The operation of electrical conduits, conductors and devices, is subject to such rules and regulations as the Commissioner of Water Supply, Gas and Electricity shall from time to time have adopted or may hereafter adopt, for the installation and operation of apparatus of this character in and through the streets of this City, and no work shall be done under its franchise until and unless the Commissioner of Water Supply, Gas and Electricity shall have issued a permit for its construction.

Ninth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of The Bronx and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said subway, connections, splicing chambers or manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues and highways described in the routes.

Tenth—The Company shall give notice to the President of the Borough of The Bronx and to the Commissioner of Water Supply, Gas and Electricity, in writing, of its intention to begin construction of the work hereby authorized, at least forty-eight hours before such construction commences. The Company shall also give notice to the Board of Estimate and Apportionment, in writing, of the date on which work is commenced and also the date on which the same is completed.

Eleventh—Any pavement disturbed during the construction or repair of said subway at any time during the term of the grant shall be restored to its original condition by the Company. The Company shall pave and keep in permanent repair that portion of the surface of the street in which said subway is constructed immediately adjacent to and for a distance of five feet in all directions around the cover or covers of each and every splicing chamber, under the supervision of the local authorities whenever the same become in a state of disrepair or whenever required by them to do so, and in such manner as they may prescribe. And it shall not be necessary in the event that the portion of the surface of the street, avenue or highway which the said Company obligates itself to keep in repair shall not be repaired by the Company as hereinbefore provided, for the City to give any notice to the Company of such state of disrepair, but the City may make such repairs and charge the same to the Company which the said Company agrees to pay.

Twelfth—The Company shall, in the course of construction of the subway, maintain and care for all underground and overground structures in its route, or directly interfered with by its construction, and any necessary interference shall be subject to reasonable regulation by the department of the government of the City under control or charge thereof.

Thirteenth—Any alteration which may be required in the sewerage or drainage system of the City, or to any subsurface structures laid in the streets, avenues and highways along the route of the subway, on account of the construction or operation of the same, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Fourteenth—Any alteration in the subway and its appurtenances which shall be made necessary shall, after due notice of the said alteration has been served upon the Company by the Board of Estimate and Apportionment, be made at the sole cost of the Company, and in such manner as the City officials having authority and jurisdiction may prescribe.

Fifteenth—Should the City require for any public improvement the space occupied by the subway in the streets, avenues or highways for which permission is herein granted, the Company shall, at its own expense, alter the position of and rebuild said subway as directed by the proper City officials.

Sixteenth—All plans for the drainage of the subway and splicing chambers shall be submitted to and approved by the President of the Borough of The Bronx.

Seventeenth—The said Company shall bear the expense of inspection, which may be required by the President of the Borough of The Bronx and the Commissioner of Water Supply, Gas and Electricity, of all the work of construction required, or removal of the said subway, which shall be done under this grant.

Eighteenth—Correct maps shall be furnished to the Board of Estimate and Apportionment, the Comptroller, President of the Borough of The Bronx and the Commissioner of Water Supply, Gas and Electricity, by the Company, showing the exact location of the subway, the splicing chambers or other appurtenances constructed, with reference to the curb lines of the streets and the street surface, and the same shall be furnished to the said several departments or officials within sixty days after the completion of the work authorized by this grant.

Nineteenth—The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Twentieth—The Company shall assume all liability by reason of the construction and operation of the subway, and the City shall assume no liability whatsoever to either persons or property by reason of its construction.

As a condition of this grant the Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Company, its successor or assigns. Due notice of any such demand shall be given to the Company.

Twenty-first—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited or avoided by The City of New York by a suit brought by the Corporation Counsel, on notice of ten days to the said Company.

Twenty-second—The subway hereby authorized shall be used only by the Company, and for no purpose other than transmission of electrical current in the operation, management and maintenance of its railroads owned or leased.

Twenty-third—If the said Company, its successors or assigns, shall fail to maintain its structures in good condition throughout the full term of its occupancy of such streets, the Board of Estimate and Apportionment of The City of New York may give written notice to the said Company, specifying any default on the part of said Company, and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy said default within a reasonable time, said Company shall for each day thereafter during which the default or defect remains, pay to The City of New York a sum of fifty dollars (\$50) as fixed or liquidated damages, or the said City, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs with legal interest thereon, all of which sums may be deducted from the fund hereinbefore provided.

Twenty-fourth—This grant is upon the express condition that the Company, within thirty days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of ten thousand dollars (\$10,000), either in money or in securities to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of this grant, especially those which relate to the payment of the annual charges for the privilege and the penalties herein provided, and in case of default in the performance by said Company of such terms and conditions, The City of New York shall have the right, after due notice, to collect the same from the said fund without legal proceedings, or after default in the payment of the annual charges shall collect the same, with interest, from said fund after ten days' notice in writing to the said Company. In case of any drafts so made upon this security fund, the said Company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of ten thousand dollars (\$10,000), and in default thereof the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect other legal rights, remedies or causes of action belonging to The City of New York.

Twenty-fifth—The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

The time for the completion of the work, and the full performance of the contract is 120 days.

The amount of security required will be not less than Fifty (50) per cent. of the total amount of the bid or estimate.

Bidders are requested to make their bids or estimates upon the blank form prepared by the President, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, plans and specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the

office of the said President, or the plans and drawings may be seen and other information obtained at the office of the Commissioner of Public Works of the Borough of Richmond, Borough Hall, St. George, New Brighton, Borough of Richmond.

A deposit of ten dollars (\$10) as security for the return of the plans and specifications will be required.

Successful experience in the design and construction of reinforced concrete work is necessary.

The City of New York, April 4, 1907.
GEORGE CROMWELL,
President.

INVITATION TO CONTRACTORS.

(CENTRE STREET, FROM CANAL TO BROOME.)

THE CITY OF NEW YORK (HEREIN after called the City) acting by its Board of Rapid Transit Commissioners (hereinafter called the Board) contemplates building a certain Rapid Transit Railroad, known as Route No. 9, in Centre street (Manhattan) and other streets in the Boroughs of Manhattan and Brooklyn, including ultimately Delancey street, Grand street, Desbrosses street, Canal street and William street, in Manhattan, and Fulton street, Lafayette avenue and Broadway, in Brooklyn.

By this advertisement the City invites proposals to construct that part of said railroad which is situated in Centre street, between Canal street and Broome street, in accordance with the detailed plans and specifications adopted therefor. The general plan of construction calls for a sub-surface railroad. There will be four tracks in Centre street, and provisions for a spur turning west into Grand street.

A station between Hester and Grand streets will be constructed, and suitable cross-overs, turn-outs and sidings are also to be provided, all as shown in the detailed plans of construction. The tunnels are to have a height of not less than thirteen (13) feet in the clear, and a maximum width of fifteen (15) feet for each track, except at curves, etc., where the width may be increased. The roof of the tunnels is generally to be as near the surface of the street as street conditions and grades will permit, but will be depressed whenever necessary to avoid grade crossings. The roof and sides of the tunnels will be of iron or steel and masonry. Entrances to the station are intended to be placed within private property, rights in which will be acquired for the purpose. The manner of construction shall be by excavation under cover, unless otherwise directed by the Board.

In the detailed plans for construction, provisions for pipe galleries through Centre street, from Canal street to Broome street, are included. Bids for the construction of the railroad must be accompanied by a separate bid for the construction of the pipe galleries above referred to, as it is essential for the City to separate the cost of the railroad from the cost of the pipe galleries. The Board reserves the right to accept a bid for construction of the railroad and at the same time to reject the accompanying bid for pipe galleries.

The price stated for railroad construction is to include the furnishing of all materials and the performance of all labor requisite to the complete construction of that part of the proposed railroad which is to be built under this contract, including all sewer and street construction and reconstruction and other work caused by or incidental to the construction of the same as set out in the proposed form of contract.

A fuller description of the work to be done is set forth, and other requirements, provisions, details and specifications are stated in the printed form of contract now on file in the office of the Board, No. 320 Broadway, Borough of Manhattan, and in the detailed drawings therein referred to, at which office copies of the contract and of the form of bond and contractor's proposal may be had on application. The contract drawings may be inspected at the same office. The printed form of contract and the detailed drawings are to be deemed a part of this invitation.

Partial payments to the contractor will be made monthly as the work proceeds, as provided in the form of contract.

The work of construction (including pipe galleries) is to be completed as soon as practicable, and within twenty months from the date of delivery of the contract.

SEALED BIDS OR PROPOSALS WILL BE RECEIVED AT THE SAID OFFICE OF THE BOARD, AT NO. 320 BROADWAY, BOROUGH OF MANHATTAN, CITY OF NEW YORK, UNTIL

TUESDAY, MAY 14, 1907,

AT 12 O'CLOCK NOON, AT WHICH TIME OR AT A LATER DATE TO BE FIXED BY THE BOARD THE PROPOSALS WILL BE PUBLICLY OPENED.

Proposals must be in the form prescribed by the Board, copies of which may be obtained at the office of the Board.

Each proposal must be signed and acknowledged and also verified by an affidavit of the bidder (or if it be a corporation then by an officer thereof) to the effect that the several matters therein stated are in all respects true. If the proposal is made by a firm, it will be sufficient if the proposal is signed and acknowledged, and the affidavit sworn to, by one member of the firm.

Each proposal must specify an office within The City of New York at which notices may be delivered; and delivery of a notice at such office shall be deemed a sufficient delivery and notice to the bidder.

Each proposal or bid must contain the name and place of residence of the person or persons making the same, the names of all persons interested with him therein, and if no other person be so interested, it shall distinctly state that fact; and if the bidder shall be a corporation, there shall be submitted a certified copy of its certificate of incorporation, with a certificate of the amount of stock paid in in cash, and the names and business addresses of all officers and directors of the corporation shall be stated; also, that it is made without any connection with any other person making a proposal or bid for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of department, chief of bureau, deputy thereof or clerk therein, or other officer of the corporation, or any member or employee of the Board, is interested, directly or indirectly, as contracting party, partner, stockholder or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. No proposal will be allowed to be withdrawn for any reason whatever after it shall have been deposited with the Board.

The Board is not obliged by law to accept any of the proposals received by it, but may reject all such proposals and readvertise, or may accept any of such proposals as will in the judgment of the Board best promote the public interest, and award a contract accordingly, subject to approval by the Board of Estimate and Apportionment, as required by law.

The award of the contract or contracts (if awarded) will be made by the Board within ten days after the opening of the proposals. The bidder or bidders whose proposal shall be accepted shall in person or by duly authorized representative attend at the said office of the Board within ten days after the delivery of a notice by the Board that the proposal is accepted and that the contract is approved by the Board of Estimate and Apportionment; and such bidder or bidders shall then deliver a contract in the form referred to, duly executed with its execution duly proved.

At the time of the delivery of a contract, the contractor will be required to furnish security to the City by giving a bond in the penalty of one hundred and fifty thousand dollars. At the option of the successful bidder cash or approved securities may be deposited instead of giving a bond. If securities are deposited in place of a bond under this contract, they must be of the character of securities in which savings banks may invest their funds and must be approved by the Board. The contractor's bond must be in the form annexed to the form of contract.

In addition and as further security to the City, ten per cent. of each amount certified from time to time to be due to the contractor will be retained until the work is fully completed.

Each bidder must state in his proposal the names and places of business of the proposed sureties on the bond and describe any securities proposed to be deposited.

Bidders whose proposals are otherwise satisfactory to the Board may, in case the sureties or securities named by them are not approved by the Board, substitute in their proposals the names of new sureties or a different schedule of securities approved by the Board; but such substitution must be made within five days after notice of disapproval by the Board, unless this period is extended by the Board.

In case of failure or neglect to execute and deliver the contract or to make the required deposit or to execute and deliver the required bond, such bidder or bidders will, at the option of the Board, be deemed either to have made the contract or to have abandoned the contract. In the latter case the Board will give notice thereof to the defaulting bidder or bidders. And the Board may thereupon proceed to make another contract with such, if any, of the original bidders, as, in the opinion of the Board, it will be to the best interest of the City to contract with, or may by new advertisement invite further proposals. The defaulting bidder or bidders shall thereupon be liable to the City for all loss and damage by it sustained, including the excess, if any, of the amount it shall pay any other contractor over the amount of the bid of such defaulting bidder or bidders.

Every proposal must, when submitted, be enclosed in a sealed envelope endorsed "Proposal for Constructing Rapid Transit Railroad—(Centre Street, from Canal to Broome)" and must be delivered to the Board or to its Secretary; and in the presence of the person offering the proposal it will be deposited in a sealed box in which all proposals will be deposited. No proposal will be received or deposited unless accompanied by a certified check drawn upon a National or State bank or trust company within The City of New York and satisfactory to the Board, payable to the order of the Comptroller of The City of New York, for the sum of twelve thousand five hundred dollars.

If the Board shall give notice to any bidder that his or its proposal is accepted and the contract is approved by the Board of Estimate and Apportionment, and if the bidder shall fail within ten days thereafter or within such further period, if any, as may be prescribed by the Board, to execute and deliver the contract and to execute and deliver the bond with sureties, or make a deposit in cash or securities, then this invitation to contractors and proposal accepted as aforesaid shall be a contract binding the bidder to pay to the City the damages by it sustained by reason of such failure; and in such case the bidder hereby absolutely assigns to the City the ownership of the check accompanying his or its proposal as a payment on account of such damages.

Such check must not be enclosed in the sealed envelope containing the proposal, but must be separately delivered to the Board or to its Secretary, who will give a proper voucher for the deposit.

All such deposits made by bidders whose proposals shall not be accepted by the Board will be returned to the person or persons making the same within five days after the contract shall be executed and delivered. The deposit of the successful bidder or bidders will be returned when the contract is executed and its provisions as to security are complied with.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to TREMONT AVENUE (although not yet named by proper authority), from Bronx river to Eastern boulevard, and to the public place at the intersection of Tremont avenue and Westchester avenue, in the Twenty-fourth Ward, Borough of The Bronx, in the City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 23d day of May, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 24th day of May, 1907, at 2 o'clock p. m.

Second—That the abstract of our said estimate of assessment, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of the City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 24th day of May, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in the City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of a line parallel to and distant 100 feet westerly from the westerly line of Webster avenue with the westerly prolongation of a line parallel to and distant 100 feet northerly from the northerly side of Tremont avenue; running thence easterly along the last-mentioned westerly prolongation and parallel line and its continuation easterly parallel to and distant 100 feet northerly from the northerly side of East One Hundred and Seventy-seventh street to its intersection with a line parallel to and distant 100 feet westerly from the westerly side of Boston road; thence northerly along the last-mentioned parallel line to its intersection with the westerly prolongation of a line parallel to and distant 1,500 feet northerly from the northerly side of that part of Tremont avenue extending easterly between the Bronx river and the New York, New Haven and Hartford Railroad; thence easterly along the last-mentioned westerly prolongation and parallel line to its intersection with an arc of a circle having a radius of 1,725 feet and whose centre is the centre of the circular public place at the intersection of Westchester avenue and Tremont avenue; thence easterly along the said arc of a circle to its intersection with a line parallel to and distant 1,500 feet northerly from the northerly side of Tremont avenue; thence easterly along the last-mentioned parallel line and its continuation easterly parallel to and distant 1,500 feet northerly from the northerly side of the proposed extension of Tremont avenue and its prolongation easterly to the westerly side of Long Island Sound; thence southerly and easterly and southwesterly along the said westerly side of Long Island Sound to its intersection with the easterly prolongation of a line parallel to and distant 1,500 feet southerly from the southerly side of the proposed extension of Tremont avenue; thence westerly along the last-mentioned easterly prolongation and parallel line and its continuation westerly parallel to and distant 1,500 feet southerly from the southerly side of Tremont avenue to its intersection with an arc of a circle having a radius of 1,725 feet and whose centre is the centre of the circular public place at the intersection of Westchester avenue and Tremont avenue; thence westerly along the said arc of the circle to its intersection with a line parallel to and distant 1,500 feet southerly from the southerly side of Tremont avenue; thence westerly along the last-mentioned parallel line and its prolongation westerly to its intersection with a line parallel to and distant 100 feet westerly from the westerly side of Boston road; thence northerly and northeasterly along the last-mentioned parallel

line to its intersection with a line parallel to and distant 100 feet southerly from the southerly side of East One Hundred and Seventy-seventh street; thence westerly along the last-mentioned parallel line and its continuation westerly parallel to and distant 100 feet southerly from the southerly side of Tremont avenue to its intersection with a line parallel to and distant 100 feet westerly from the westerly side of Webster avenue; thence northerly along the last-mentioned parallel line to the point or place of beginning, excepting from said area all streets, avenues and roads, or portions thereof, heretofore legally opened, as such area is shown upon our benefit map deposited as aforesaid.

Fourth—That, provided there be no objections filed to said abstract, our final last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held in the County Court House, in the Borough of Manhattan, City of New York, on the 25th day of July, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to said abstract of estimate of assessment, the notice of motion to confirm our final last partial and separate report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to certain lands and premises required for an easement for a STORM RELIEF TUNNEL SEWER, from the Webster avenue sewer, near Wendover avenue, in the Millbrook watershed (Sewerage District No. 33) to the Harlem river, about 231 feet north of High Bridge, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of damage and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 24th day of May, 1907,

and that we the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at our said office on the 27th day of May, 1907, at 2 o'clock p. m.

Second—That the abstract of our said estimate of damage, together with our damage maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 27th day of May, 1907.

Third—That, provided there be no objections filed to said abstract, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 28th day of June, 1907, at the opening of the court on that day.

Fourth—In case, however, objections are filed to said abstract of estimate of damage, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the City Record, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

FIRST JUDICIAL DEPARTMENT.

In the matter of the application of The City of New York, acting by and through the Commissioner of Docks, relative to acquiring right and title to and possession of the wharfage rights, terms, easements, emoluments and privileges appurtenant to the dock or wharf property known as PIER (OLD) NO. 53, near the foot of Jackson street, East river, in the Borough of Manhattan, City of New York, not now owned by The City of New York, and all right, title and interest in and to said pier or any portion thereof not now owned by The City of New York, for the improvement of the water-front of The City of New York, on the East river, pursuant to the plan heretofore adopted by the Board of Docks and approved by the Commissioners of the Sinking Fund.

PURSUANT TO THE STATUTES IN SUCH case made and provided, notice is hereby given that an application will be made to a Special Term of the Supreme Court of the State of New York, in and for the First Judicial Department, to be held in Part III. thereof, at the County Court House, in The City of New York, Borough of Manhattan, on the 14th day of May, 1907, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate in the above entitled matter.

The nature and extent of the improvement hereby intended is the acquisition of title in fee in the name of, and for the benefit of, The City of New York, in the execution of a certain plan for the improvement of the water-front of The City of New York, pursuant to the statutes in such case made and provided, and determined upon by the Board of Docks on the 13th day of April, 1871, and approved by the Commissioners of the Sinking Fund on the 27th day of April, 1871, and which said plan is on file in the office of the Department of Docks and Ferries, of all the wharfage rights, terms, easements, emoluments and privileges not now owned by The City of New York, and appurtenant to the dock or wharf property known as Pier (old) No. 53, near the foot of Jackson street, East river, in the Borough of Manhattan, City of New York, said interest being an undivided half interest. Said pier is bounded and described as follows, to wit:

Beginning at a point in the present bulkhead, distant 71.62 feet southerly from the northerly line of South street, measured on a line drawn at right angles with the northerly line of South street through a point distant 31.01 feet westerly from the westerly line of Jackson street, measured along the northerly line of South street, and running thence easterly and along the inner, or northerly end of Pier (old) No. 53, 39.33 feet to the easterly side of Pier (old) No. 53;

Thence southerly and along said easterly side of Pier (old) No. 53, 127.06 feet to an angle in said easterly side;

Thence deflecting to the left and running southerly along said easterly side of Pier (old) No. 53 65.4 feet to an angle in said easterly side;

Thence deflecting to the left and running southerly still along said easterly side of Pier (old) No. 53, 27.27 feet to the outer or southerly end of said pier;

Thence westerly and along said outer end of Pier (old) No. 53, 39.76 feet to the westerly side of said pier;

Thence northerly and along the westerly side of said pier 30 feet to an angle in said westerly side;

Thence deflecting to the right and running northerly, still along the westerly side of said pier 148.5 feet to an angle in said westerly side;

Thence deflecting to the right and running northerly and still along said westerly side 39.85 feet to the point or place of beginning, the area of said Pier (old) No. 53 comprising about 8,657 square feet;

—together with all right, title and interest in and to said pier or any portion thereof not now owned by The City of New York.

Dated New York, April 30, 1907.

SUPREME COURT—THIRD JUDICIAL DISTRICT.

THIRD JUDICIAL DISTRICT—ULSTER COUNTY.

ASHOKAN RESERVOIR.

SECTION No. 4.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court, to be held in and for the Third Judicial District, at the Court House, in the City of Kingston, Ulster County, N. Y., on May 18, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the said law and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate to be acquired herein is situated in the Town of Olive, and is to be acquired in fee for the purpose of furnishing an additional supply of pure and wholesome water to The City of New York.

The following is a statement of the boundaries of the lands to be acquired herein, with a reference to the date and place of filing of the map.

All the parcels herein described are to be acquired in fee and are colored pink on the map hereinafter referred to:

All those certain pieces or parcels of real estate situated in the Town of Olive, County of Ulster, and State of New York, shown on a map entitled "Reservoir Department, Section No. 4. Board of Water Supply of The City of New York. THIRD JUDICIAL DISTRICT—ULSTER COUNTY.

ASHOKAN RESERVOIR.

SECTION No. 5.

NOTICE OF APPLICATION FOR THE APPOINTMENT OF COMMISSIONERS OF APPRAISAL.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal, under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court, to be held in and for the Third Judicial District, at the Court House in the City of Kingston, Ulster County, N. Y., on May 18, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the said law and the acts amendatory thereof upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate to be acquired herein is situated in the Town of Olive, and is to be acquired in fee for the purpose of furnishing an additional supply of pure and wholesome water to The City of New York.

The following is a statement of the boundaries of the lands to be acquired herein, with a reference to the date and place of filing of the map.

All the parcels herein described are to be acquired in fee and are colored pink on the map hereinafter referred to.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately.

The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
