NUMBER 7,768.

MUNICIPAL ASSEMBLY OF THE CITY OF NEW YORK.

[From Proceedings of the Council of November 15, 1898.] COMMUNICATIONS FROM DEPARTMENTS AND CORPORATION OFFICERS.

LAW DEPARTMENT.

OFFICE OF THE CORPORATION COUNSEL,

NEW YORK, November 1, 1808.

Henorable A. Stats, JR., Commissioner of Public Charlette for the Horoughs of Smoothyn and

Construction of Corober 18, which reads as follows:

"February 28, 1508, a contract was entered into between this department and William II.
Schieffelis & Co., for drees, etc., to be supplied to end department to the Borought of Brooklyn and Queens for the turn of \$5,309.25. Said contract, on page 4, section 3, contains the following silvers.

clause:

"The Commissioners of Public Chardies, or their successors, reserve the right of rods into or increasing the quantity of supplies herein provided to be formation to the extent of 20 per cont. If they shall deem it for the interest of The City of New York as to no. In case of such normals or diminution in the quantity to be furnished, the price for the supplies delivered as here or provided shall be the same and only the same as herein agreed, and no claim for diminutely will be made or allowed to the contractor by reason of such increase or draination in the quantity of supplies to be found and thereunder.

allowed to the contractor by reason of such increase or draination in the quantity of supposes or a furnished thereunder.

"The ruggist, in ignorance of this clause, ordered a large quantity of medicates, etc., which was absolutely necessary for the proper administration of the medical branch of this department. The quantity required when bods for the same were invited could not be properly approximated because of the necessity of opening three depensaries in the Borough of Queens, and filling up a new drug building at the Kings County Hospital. The excess thus ordered and received excends the contract price and the 20 per cent, provided for therein by about \$2,000. The Auditor refuses to audit the bills for such excess. How are these bills to be paid? I approved of them upon the certification of the apothecary and the steward, Kingly give me your opinion to submit to the financial officer of our city so that Schieffelin & Co, may obtain their money.

"Very respectfully.

"Very respectfully,
"A. SIMIS, Ja., Connectsment,
Public Charities for the Borough of Bronklyn and Queens.

"P.S. The prices charged which make up this excess are the same as in contract, so that the City is not damaged."

In answer I bug to refer you to that partion of section 30 of the Greater New York Charler, which reads as follows:

"No midditional allowance beyond the legal claim which shall exist under any contract with the corporation, or with any department or officer thereof, or for any services on its account or in its employment, shall ever be passed by the municipal assembly, except by the unanimous vote of both houses thereof; and in all cases the provisions of any such contract shall determine the amount of any takin thereunder or in connection therewith against the said corporation, or the

value of any such services.

Under the provisions of this section I am of opinion that the claim referred to in your communication must be submitted to the Municipal Assembly.

Very respectfully yours, JOHN WHALEN, Corporation Counsel.

DEPARTMENT OF PUBLIC CHARITIES, BOROUGHS OF BROOKLYN AND QUEENS OF THE CITY OF NEW YORK.

1898.

CONTRACT.

This agreement, made and entered into this twenty-eighth day of February, in the year one thousand eight hundred and ninety-eight, by and fetween the City of New York, parties of the first part, by the Commissioners of Charties of The City of New York, and William N. of court-room, on Butler arries, may Court street, Bonnigh of Brooklyn, for the Second District City Magintrates! Court 1

Octobra 31, 1898,

To the Commissioners of the Sinking Fines.

GENTLEMEN- The building now occupied by the Second District City Magistrates' Court, Borough of Brooklyn, on Butler street, near Court street, has been used by the former City or Brooklyn for Court purposes for over twenty years. The last lease of which any record can be found it one for two years from the first of May, 1801. The occupation of these premises appears to have been by annual agreement with the City of Brooklyn, not incorporated in written leases.

The Comparaller presented the following report and resolution relative to a renewal of loase

I salamd herewith a report by the Engineer of the Department of Finance, from which it appears that the value of the premises rented is estimated at \$23,400. The rental demanded is at the rate of \$4,644 per annum, or about seven per cent, of the vulnation, which does not appear excessive. I therefore recommend that a renewal of this lease be authorized for a term of three years from January 1, 1898, at the rental specified, vie., \$1,644 per annum.

Respectfully.

BIRD S. COLER, Comptroller.

Six.—Under date of July 25, 1808. I wrote to you giving my casens why it was not advisable to this Department to remain any longer to the possession of the provides No. 513 West Fifty-second street under the two leases of the same, which expired on the 1st of July, 1808, and requesting you not to execute the leases for the same, and asking for an early reply upon your part. Up to the present time I have not received any such reply, but I have received a communication from Mr. John G. H. Meyers, receiver of the nonve-mentioned property, inchesing bills for rent of store. This Department vacated the above-mentioned promises on the 30th day of September, 1808, thus having held over for three months after the expiration of the leases of the same.

I have this day written to the Board of Commissioners of the Sinking Fund asking them to rescond the two resolutions adopted on the oth day of June, 1808, authorizing renewals or the two above-mentioned leases.

above-mentioned leaves. Under the circumstance I leave it to you to make whatever you may down a just and equitable settlement of Mr. Meyers' claim as receiver, for rent during the time of occupation after the expiration of the two leaves aforesaid.

Respectfully, JAMES McCARTNEY, Commissioner,

NOVIDER 1, 1898.

How. Billio S. Chillis, Comptentier of The City of New York:

DEAR SIR - In reply to your favor of yesterday, I have m say, with all due respect, that no motter what action you or the Commissioners of the Sinking Fund may take, in my judgment it cannot offect my legal rights and I shall continue to make datas for the rent and, if necessary,

cannot offeed my legal rights and I shall continue to make Catal for the rest and, it has easily take legal proceedings to enforce the same.

For your information, I will state that on May te, 1598, the Commissioner at Sweet Cleaning in writing requested me to advise him a bother I was willing to renew lease for another term of three years from the 1st of July them following, when the then existing leases would expire, and I replied in writing that I would lease the promises on the same terms and conditions as in the existing leases, and thereafter, on June 9, the Commissioner of the Sinking Fund authorized the same will to be made, and thereafter, on Suptember 1, I was notified by you that the leases were ready for execution and requesting me to call and execute the same, which I did on that day or the subsequent day.

The term fixed by the previous leaves expired on the 1st of July last, but the Department of Street Cleaning continued in prosession and was in possession for some time after I executed the new leave and columnarily abandoned the premises either the last day of September or the early part of October, and I then nerified the Communitorer of the Department of Street Cleaning by letter of October 7, that I relieved to accept of the surrender of the premises and should continue to hold his Department and The City of New York for the rent until they should both be legally relevant.

I still adhere to this position and would be obliged to you for the payment of the claim which I have quescrited to som, and also for the rent for the basement for the month of October, a bill for which was sent to the Department of Street Cleaning yesterday.

Very respectfully yours, JOHN G. H. MEYERS, Receiver, etc.

The Honorable Commissioners of the Sinking Fund of The City of New York:

Gestimmen-In connection with the inclosed application, I berewith forward you copy of letter received this day from Mr. Lewis S. Marx, attorney and counsellor-or-law, No. 107 Broadway, Ke-precially,

T. J. BKADY, Commissioner of Buildings, Buraughs of Manhattan and The Bronz.

New York, October 13, 1868.

Hon. THOMAS F. BRADY :

My 19 Au Counts notes—Mr. Abraham Boelno owned the premise, One Hondred and Forty-sath street, at junction of Third and Courdands avenue, and June 4, 1898, on which day he conveyed the property to David Metrger.

I would suggest that two leases be made out by the City—use from Abraham Boelin to June 4, 1898, and the other from David Metrger for the unlane of the year.

Very truty yours, (Signed) LEWIS 5. MARX.

In connection therewith the Comptroller presented the following report :

To the Commissioners of the Senking Fund:

November 7, 1898.

GENTLEMEN-The Commissioners of Docks and Ferries, by an agreement dated August 12, 1898, subject to the approval of the Commissioners of the Sinking Food, entered into an agreement with the Consolidated Ice Company for the purchase of certain rights in the Pier tool of West Forty-third street, alleged to be vested in that Company.

I submit herewith a careful report on this proposed purchase, made to me by the Engineer of the Department of Finance, and for the reasons stated in that report I cannot recommond the

approval of this agreement.

Six - The Department of Docks and Ferries in communication of August 23, 1808, to the Commissioners of the Sinking Fund, transmits an agreement, dated 12th August, 1898, between the Consolution for Company and The City of New York, by the Board of Docks, for the purchase from said company of its rights in the pier fact of West Forty-bird street, for the sum of the conof \$100,000.

A similar summer or agreement for this purchase, at the same price, was presented to the

A similar contract or agreement for this purchase, at the cause price, was presented to the Commissioners of the Sinking Fund at their meeting April 22, 1852, and referred to the Comptraliar (s.m. Missions, Sinking Fund, April 22, 1852, page 370).

At the moving of the Commissioners, September 14, 1852 (see page 441), Comptroller Myors to communication of that date, presented the matter to the Commissioners, his report being adverse to the agreement. He sums up his objections in five point, as follows:

1. "By the deed of 1853, the city wild to Calab F. Lindsley nothing for the pler as it then existed, with commissioners privileges:

2. "The grantee, Lindsley, coversained, in the grant of 1850, to build one-half of Forty-third street, when called upon to do so, this street, with others, being required to be kept open "as public street, and this obligation still rests upon him.

3. "The city never agreed not to build this street, and can therefore, at any time extend it, "and respoire the assigns of Lindsley to carry our his agreement as to one-half.

4. "Such extension of Forty-third street would necessarily do away with this pier, and this fast was as well known when the pier was sold as it is now, and presumably this very contingency was contemplated. The words "for ever" in the field, must refer to the natural "existence of the pier.

5. "At the time the deed of 1852 was made, the Mayor, Alderman and Commonalty had no

** existence of the per.

5. "At the time the deed of 1852 was made, the Mayor, Alderman and Commonalty had no
"authority, any more than now, to sell the land within the lines of the arrest at land down on the
"maps of the Uity, and if any concention is made that the street was so disposed of, the claim
"must foil upon proof that the right in law did not exist to make disposition. And that it was
"not expressed in the deed, or the land there is proved by the fact that such conveyance
"is not expressed in the deed.

"The City is now building the buildhead a shore distance worth of Forty-floid street and the

"The City is now building the bulkhead a short distance worth of Party-florid treet and the "work is advancing toward that street; the possession of this piec is therefore uscessive for the "improvement. I am of opinion that it is within the pioner of the City to build the buildhead and "fill in the street without any regard to the existence of this old pior or of this dead to Limbsley; and also that Lindsley or his assigns can be required to join in the work to the extent of one- half the width of the street, without compensation. The street being time filled in and the pier "eliher removed or observed up, there is nothing to jurchase."

This report, with the accompanying papers, were reterred to the Counted to the Corporation at the meeting, September 14, 1892.

The Counsel to the Corporation, in his communication to the Counted to the Corporation at the meeting, September 14, 1892.

The Counsel to the Corporation, in his communication to the Counted to the City has the "bower to extinguish all the rights of the secondary in any rotate pointon that the City has the power to extinguish all the rights of the secondary in any rotation of the pier, under and pursuant to the covenants continued in the water crare of 1850.

In regard to the norther's half of said pier a other on the counter the or Forty-burth. It treet, and there are, therefore, no covenants relating of the making of street and avenues. The lamb under water between these law land subject to the making of street and avenues.

The lamb under water between these law land subject to the law of the join, with all to appure another. It coulders, the City made its own land subject to the next the law participances, "together with a right of undermoster to the norther had a making with a first of the law, over said lands "under water."

"together with a right of uninterrupted access to the a starty half of and part over said lands "under water.

"These latter rights, apparter and to the northerly half of the pier, the ice company owns, and "can sell, either to the City or private individuals.

"As Landsley purchased the pier stine piers to and avenue, he viid no with the knowledge that "whenever Forty that street should be extended, the pier would be completely destroyed as a "pier, and as this was also known by his successor in title I am of the opinion that he or they "would not be entitled to any compensation for the best of the land under water upon which the "northerly half of the pier stards."

This opinion, so far as it refers to the part of the per lying south of the centre line of Forty-third street, fully contrins the views of Comptoller Myers, as expressed in his report.

As to the part north of this centre line the course due not as strongly, in his opinion, confirm the views of the Comptroller. At the same time he appears to agree that the street may be extended, and when it is so extended the pier, as a pier, would be complicitly destroyed, and he gives his opinion like the owners "would not be critical to any compensation to the lee of the "land under water upon which the northerly half of the pier stard the southerty half of the same as if the centre line of the pier is coincident which the course line of the street. This is not the case. The pier, as it exists, has about 25 feet south of the centre line of the street and between lands.

not the case. The pier, as it exists, has about 25 feet south of the centre line of the street and about 15 feet north of that centre line.

Comptroller Myers says: "The street being thus filled in, and the pier either removed or "covered up, there is nothing to purchase."

The city has no use whatever for this old and votten pier, and the only object to be attained in its purchase as to secure the right to destroy it by advancing the stone buildhead and filling in the exterior street. In my opinion, the City already has that right, and the purchase could not therefore be

The pier was sold to Lindsley in 1852 for \$3,000. It is now rotten and worthless. The price named in the agreement is \$120,000—exactly direct times the original purchase.

The agreement is made subject to the approval of the Commissioners of the Sinking Fund. In my opinion, this approval should not be given.

Respectfully, EUG. E. McLEAN, Engineer.
