THE MAYOR'S MESSAGE.

From the proceedings of the Board of Aldermen, July 7th, 1873:

The following message was received from His Honor the Mayor.

MAYOR'S OFFICE, NEW YORK, July 7, 1873. \{
To the Honorable the Board of Aldermen of the City of New York.

On the 5th decrease.

City of New York.

On the 5th day of June last I nominated to your Honorable Body for confirmation two persons for Police Justices. The nominations were laid upon the table. At the next meeting of the Board, one week later, it was resolved not to act upon the nominations for Police Justices, until the names of ten persons should be submitted to your Honorable Body for confirmation. According to the wish of the Board thus expressed, I, at the next meeting following the adoption of the resolution in question, completed the list.

These nominations were made pursuant to the

olution in question, completed the list.

These nominations were made pursuant to the provistons of the statute passed May 17th. 1873, entitled "an Act to secure better administration in the Police Courts of the City of New York. This statute removes from place and power the present Police Justices upon the appointment of their successors. It was enacted in compliance with a necessity strongly felt, and almost universally acknowledged in this community, that some such measure was absolutely indispensable to enable the present government of the city to remedy, in one of its most important Departments, the corruptions and frauds which pervaded the whole fabric of the city government, as administered by by our predecessors. by our predecessors.

fabric of the city government, as administered by by our predecessors.

The appointment of the new Justices and consequent removal of the present officials is made by statute, to depend upon your confirmation of my nominees; so that your action and co-operation are indispensable to our obtaining that "better administration" in our Police Courts, to secure which the statute was passed. I have nominated and submitted for your consideration and confirmation the names of persons possessed, in my judgment, of character, and the qualifications necessary to discharge efficiently the duties of the important offices they are nominated to fill. For some unexplained reason these nominations have not been considered by you. No action on the subject has as yet been taken. Why this should be so, I do not pretend to understand; but in view of the fact that the summer season is already far advanced, and believing, as I do, that to delay this matter until the fall will expose us to the just censure of our constituents, I feel constrained to press the subject upon your attention, and to urge upon you the necessity of immediate action. If my nominees are not acceptable to you the public have a right to know this, and the reasons therefor, at as early a date as possible consistent with a due regard to the proper discharge of your duty in the premises. Your early action, whatever it may be, the public have a right to expect.

The power vested in you ought not to be exer-

pect.

The power vested in you ought not to be exercised in an arbitrary manner. A due regard will, I am satisfied, be awarded by you to the character and qualifications of the nominees of the Executive. If in either of these particulars any one of them is found to be deficient, and you will make known to me your objections, I will endeavor to avoid them in any future nominations.

I may be called upon to make. My natural instincts, as well as my education in public life, have led me to believe that the safety of our institutions, under our form of gov-ernment, demands that the interests of the comernment, demands that the interests of the com-munity should be regarded as paramount to the interests of individuals, cliques, combina-tions, or rings, and that all delegated power should be exerted to promote the welfare of the people—not as a favor or a grant, but as their right.

right.
With a firm conviction of the correctness of these views, and in the light of my past experience, I have essayed to discharge the duties which the law has imposed upon the office I hold; and I hope, in the matter of the Police Justices now I hope, in the matter of the Police Justices now before you, you will not permit any obstacle to be interposed to turther delay you in the dis-charge of your duties, and thus obviate the action (which has been more than hinted at) of some of our constituents invoking the aid of another power to secure and maintain the public rights.
