PETITIONS.

By Alderman Goodman—

To the Honorable the Common Council of the City of New York :

The petition of the Third Avenue Railroad Company respectfully shows :

That your petitioner is a corporation duly organized and incorporated under the Laws of the State of New York, and has constructed and now operates a line of railroad extending, among other streets, upon the Bowery, Third avenue, One Hundred and Twenty-fifth street, Manhattan street and Amsterdam avenue, in the City of New York.

That your petitioner proposes to construct, maintain and operate a street surface railroad for public use in the City of New York, with double tracks connecting with the tracks of said company already constructed, and as branches or extensions thereof, upon and along the surface of streets, avenues and highways in the City of New York as follows :

From the junction of Amsterdam avenue and West One Hundred and Forty-fifth street, connecting there by suitable curves, switches and appliances with the company's railroad upon Amsterdam avenue ; running thence easterly through and along West One Hundred and Forty-fifth street to the Harlem river.

Also from the junction of Amsterdam avenue and West One Hundred and Forty-fifth street, with suitable connections ; running thence westerly through and along West One Hundred and Forty-fifth street to the Boulevard or Eleventh avenue.

Also from the junction of Third avenue and East Ninety-third street, connecting there by suitable curves, switches and appliances with the company's railroad upon Third avenue ; running thence easterly through and along East Ninety-third street to Avenue A ; thence southerly through and along Avenue A to East Ninety-second street.

Also from the junction of Third avenue and East Ninety-ninth street, connecting there by suitable curves, switches and appliances with the company's railroad upon Third avenue ; running thence easterly through and along East Ninety-ninth street to the East river.

Also from the junction of Third avenue and East Ninety-sixth street, connecting there by suitable curves, switches and appliances with the company's railroad upon Third avenue ; running thence westerly through and along East Ninety-sixth street to Madison avenue ; thence northerly through and along Madison avenue to East Ninety-seventh street ; thence through and along East Ninety-seventh street to the westerly side of Fifth avenue ; thence through and along the transverse road through Central Park, at Ninety-seventh street, upon obtaining the consent of the Department of Public Parks, to Central Park, West, or Eighth avenue ; thence across said Central Park, West, or Eighth avenue, and along West Ninety-seventh street to Columbus avenue ; thence southwardly along Columbus avenue to West Ninety-sixth street ; thence westwardly along West Ninety-sixth street to the Hudson river.

That your petitioner now owns, and is operating in the City of New York as part of one system, fourteen and twenty-three one-hundredths miles of railroad, or thereabouts.

That said proposed extension and branches will be about three and thirty-five one-hundredths miles or thereabouts in length, and will become and be a part of said system and connected therewith.

That the construction of said railroad will greatly accommodate the public and promote the convenience thereof, and will afford additional and much-needed facilities for travel to the territory through which said railroad will extend, and will enable your petitioner to transport persons from all points on its system over this extension as a part of a continuous line to their destination for one fare.

That the railroad proposed to be constructed, extended and maintained, and operated by your petitioner, as hereinbefore set forth, is intended to be operated by any motive power other than steam locomotive power, which now or hereafter may be lawfully used or employed on its route.

Your petitioner further shows that, pursuant to the laws of this State, it is necessary for it to obtain the consent of the Common Council of the City of New York to enable it to construct, maintain and operate the railroad aforesaid, and accordingly your petitioner now applies to your Honorable Body for such consent.

Wherefore, your petitioner prays and makes application to the Common Council of the City of New York for its consent and permission to be granted to your petitioner, its successor, successors, lessees and assigns, to construct, maintain and operate a street surface railroad for public use, through, upon and along the avenues, streets and highways above set forth and described, together with all necessary connections, switches, sidings, turn-outs, turn-tables, cross-overs, and suitable stands for the convenient working of said railroad and for the accommodation of the company's cars which may be run over said railroad by your petitioner, its successors, lessees or assigns.

DEAR SIR—I inclose herewith, for presentation to the Board of Aldermen, draft of a resolution and ordinance for paving One Hundred and First street, from First avenue to the Harlem or East river, so far as the same is within the limits of grants of land under water.

An ordinance for paving the part of this street not within the limits of land grants was approved by the Mayor, April 18, 1894, and the passage and approval of the present resolution and ordinance are necessary to enable this Department to have the entire roadway of One Hundred and First street, from First avenue to the Harlem or East river, paved simultaneously. Which was laid over.

The President laid before the Board the following communications from the Clerk of the General Sessions:

COURT OF GENERAL SESSIONS OF THE PEACE,
CITY AND COUNTY OF NEW YORK—CLERK'S OFFICE, August 7, 1895.

To the Honorable the Board of Aldermen:

GENTLEMEN—By direction of his Honor Recorder Goff, I herewith inclose a copy of presentment, filed during the July term, by the Grand Jury.

Yours, very respectfully, JOHN F. CARROLL, Clerk of Court.

I, John F. Carroll, Clerk of the Court of General Sessions of the Peace and Clerk of the Court of Oyer and Terminer held in and for the City and County of New York (each being a Court of Record and having a common seal), do hereby certify that the annexed is a copy of a presentment by the Grand Jury, now on file in the Clerk's office, and that the same has been compared by me with the original, and is a correct transcript therefrom and of the whole of such original.

Given under my hand and attested by the seal of the said Court, this second day of August, in the year of our Lord one thousand eight hundred and ninety-five.

[SEAL.] JOHN F. CARROLL.

To the Court of General Sessions of the Peace:

The Grand Jury of the City and County of New York empaneled in this Court for the July Term respectfully present, as follows:

Among the matters investigated by the Grand Jury during the present term of the Court was one into the circumstances surrounding the death of Patrick Hanavie, who died on the 9th of July last at the Flower Hospital in this city, as the result of injuries received by being run over by a locomotive of the New York Central and Hudson River Railroad, at Forty-fifth street and Eleventh avenue, in this city, on the 5th of April last.

While the facts disclosed were not sufficient to warrant an indictment being found, the Grand Jury recommend that action be taken by the proper authorities to require the railroad company operating its cars along Eleventh avenue in this city, to cause its cars to be preceded by a flagman some distance in advance to give warning to all persons in the street of the approach of the trains.

As we are informed, this course is now pursued by the railroad upon that portion of the track on Tenth and Eleventh avenues below Thirtieth street. In our opinion the same precaution should undoubtedly be taken along the course of the said railroad at least as far north as Seventy-second street.

The necessity for such a provision is easily seen when one considers the appalling number of lives that have been lost by reason of accidents along the line of the said road during the past few years.

It is respectfully suggested that this end may be attained by an ordinance of the Board of Aldermen, and that a copy of this presentment should, therefore, be presented to that body.

Although it is difficult and generally impossible in any specific case to obtain such proof of criminal negligence as would warrant an indictment, still, if the railroad persists in its present course of action after such notification, it would, in our opinion, be a proper matter to be called to the attention of subsequent grand juries upon the charge of maintaining a public nuisance.

Respectfully submitted, FRANCIS HIGGINS, Foreman.

KUHN, LOEB & CO., NOS. 27 AND 29 PINE STREET, NEW YORK, August 9, 1895.

To the Honorable Board of Aldermen of the City of New York:

GENTLEMEN—Referring to a communication addressed to the Hon. John Jeroloman, President of your Board, I hereby formally make the offer of presentation to the City of New York of the fountain erected by me in Rutgers Square, at the junction of Canal street and East Broadway, and respectfully ask that the said fountain be accepted by you on behalf of the City.

Very respectfully,

JACOB H. SCHIFF.

KUHN, LOEB & CO., NOS. 27 AND 29 PINE STREET, NEW YORK, August 8, 1895.

Hon. JOHN JERLOMAN, President, Board of Aldermen, City Hall, New York:

DEAR SIR—By a resolution of the Common Council, approved by the Mayor November 27, 1894, permission was given me to erect a fountain in the square at the junction of Canal street and East Broadway, and permission was also given to tap the water-main to supply this fountain without charge, the fountain having been erected with the intention to present it to the City, with a view of beautifying the desolate surroundings of Rutgers Square, as well as to have a refreshing influence upon the tenement-house population, which makes Rutgers Square its gathering spot.

The fountain has recently been completed, and I am ready to turn it over to the City authorities. To enable me to do this, I am informed by an opinion given by the Corporation Counsel, that action should be taken on the part of the Common Council accepting the fountain on behalf of the City, and requiring the Commissioner of Public Works to assume control of the fountain, keep it in proper condition, and supply it with water.

I shall appreciate it if such action be promptly taken by the Board of Aldermen, so that the people of the Seventh Ward may have an opportunity to enjoy the fountain during the present heated term. Believe me, with much respect, yours most faithfully,

JACOB H. SCHIFF.

In connection therewith Alderman Ware offered the following:

APPROVED PAPERS.

NEW YORK, July 1, 1895.

The Committee on Ferries and Franchises, to whom was referred a resolution providing for the establishment of a ferry to run between a point north of and near the foot of West Twenty-third street, North river, and a point in the State of New Jersey between the foot of Grand street and Bay street, Jersey City, together with a petition signed by business men and property-owners in favor thereof, respectfully beg leave to

REPORT:

That several public hearings were held, at which a number of people appeared who spoke for and against the establishment of the proposed ferry. Since the close of the hearing your Committee has received a number of petitions from merchants, manufacturers and property-owners in favor thereof. Your Committee, after a careful consideration of the question and a personal investigation of the docks in the neighborhood of West Twenty-third street, is of the opinion that a ferry as hereinbefore mentioned would greatly promote public interests, be beneficial to the advancement of the growth of the city in the section above mentioned, and be a great accommodation to the general public by furnishing much needed facilities for travel.

Your Committee also received from the Dock Department a communication, hereto annexed, in which an opinion is expressed that the vested rights of any lessee adjoining the pier at the foot of West Twenty-third street would not be seriously affected, and if it did their rights would have to be paid for before the ferry could be operated by its owners.

Your Committee therefore recommend the adoption of the following resolution:

Resolved, That a ferry be and is hereby established to run between a point north of and near the foot of West Twenty-third street, North river, and a point in the State of New Jersey, between the foot of Grand street, Jersey City, and the foot of Bay street, Jersey City.

And the Commissioners of the Sinking Fund are hereby authorized and empowered to sell at public auction to the highest bidder the franchise or right to run and operate such ferry upon such terms and conditions and under such regulations as are required by law and the ordinances of the Common Council, and as may be prescribed by said Commissioners for promoting the public interests.

Adopted by the Board of Aldermen, July 2, 1895. Approved by the Mayor, August 5, 1895.

POLICE DEPARTMENT.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES. SEALED ESTIMATES FOR SUPPLYING THE Police Department with Stationery and Printing for election purposes will be received at the Central Office of the Department of Police, in the City of New York, until eleven o'clock A. M. of Monday, the 19th day of August, 1895.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimates for Furnishing Stationery and Printing."

and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read, and the award of the contract made to the lowest bidder, with adequate security, as soon thereafter as practicable.

For particulars as to the quantity and kind of stationery and printing required, reference must be made to the specifications, blank forms of which may be obtained at the office of the Chief Clerk in the Central Department.

Bidders will state a price for the work and material furnished in accordance with the specifications. The price must be written in the bid and stated in figures. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject any or all bids which may be deemed prejudicial to the public interests.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The entire quantity of stationery and printing is to be put up in boxes and delivered at such times and places, and in such quantities in each place, as shall be directed by the Chief of the Bureau of Elections.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract in the manner prescribed by law, in the sum of TWO THOUSAND FIVE HUNDRED DOLLARS.

Each estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Board of Police reserves the right to reject all the bids received if deemed for the best interests of the City so to do, and to readvertise until satisfactory bids or proposals shall be received.

Samples of stationery and printing required may be examined and blank forms for estimates may be obtained by application to the Chief of the Bureau of Elections, at his office in the Central Department.

TUESDAY, AUGUST 27, 1895, at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Engineer's estimate of the quantities of material necessary to be dredged is as follows:
Mud dredging, not to exceed, 200,000 cubic yards.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after receiving a notification from the Engineer-in-Chief of the Department of Docks that any part or portion of the dredging herein mentioned is required. The dredging to be done under this contract will be in slips or portions of slips between the Battery and West Thirty-fourth street, on the North river, and is to be done, from time to time, and in such quantities and at such times as may be directed by the Engineer. And all the work under this contract is to be fully completed on or before the 1st day of January, 1896.

The damages to be paid by the contractor for each day that the contract, or any part thereof, that may be ordered or directed by the Engineer, may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per cubic yard, for doing such dredging, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state that fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. If the successful bidder shall refuse or neglect,

within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

TUESDAY, AUGUST 27, 1895, at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Seven Thousand Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged is as follows:
Mud dredging, about, 100,000 cubic yards.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after receiving a notification from the Engineer-in-Chief of the Department of Docks that any part or portion of the dredging herein mentioned is required. The dredging to be done under this contract will be in slips or portions of slips between West Thirty-fourth and West One Hundred and Thirty-fourth streets, on the North river, and is to be done from time to time, and in such quantities and at such times as may be directed by the Engineer. And all the work under this contract is to be fully completed on or before the 1st day of November, 1895.

The damages to be paid by the contractor for each day that the contract, or any part thereof, that may be ordered or directed by the Engineer may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price, per cubic yard, for doing such dredging, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, on its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless

accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security or the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of FIVE THOUSAND (\$5,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities, as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the
