COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 1547.

Board of Estimate and Apportionment—Transmitting for Information of the Board of Aldermen a Resolution Fixing the Roadway Width of Hopkins Avenue, Borough of Brooklyn.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, March 9, 1915.
Hon. GEORGE MCANENY, President, Board of Aldermen:

Dear Sir—I transmit herewith, for the information of the Board of Aldermen, certified copy of a resolution adopted by the Board of Estimate and Apportionment March 5, 1915, fixing at 43 feet the roadway width of Hopkins Avenue from Grand Avenue to Main Street, Borough of Queens.

Respectfully,
 Resolved, By the Board of Estimate and Apportionment, that the width of the roadway of Hopkins Avenue from Grand Avenue to Main Street, Borough of Queens, is hereby established at 43 feet; said roadway to be centrally located.

I hereby certify that the foregoing is a true copy of a resolution adopted by the Board of Estimate and Apportionment at a meeting of said Board held on March 5, 1915.
 JAMES MATTHEWS, Assistant Secretary.

Which was ordered on file.

No. 1548.

Board of Estimate and Apportionment—Transmitting for Information of the Board of Aldermen a Resolution Modifying Existing Rules as to the Location of Newsstands in the Vicinity of Entrances or Exits of Subway or Elevated Transit Lines.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, March 9, 1915.
Hon. GEORGE MCANENY, President, Board of Aldermen:

Dear Sir—I transmit herewith, for the information of the Board of Aldermen, certified copy of a resolution adopted by the Board of Estimate and Apportionment March 5, 1915, modifying existing rules as to the location of newsstands in the vicinity of entrances or exits of subway or elevated transit lines.

Respectfully,
 Whereas, This Board adopted a resolution on July 11, 1912, annulling all ordinances, resolutions, permits or licenses theretofore issued permitting encroachments within 100 feet of the intersection of streets where entrances or exits of subway or elevated transit lines are located; and

Whereas, The enforcement of this resolution may prevent the continuance during the period prior to the opening of such subway or elevated lines of certain newsstands that may be continued without interference with rapid transit construction and without interference with the public use of the street; therefore, be it

Resolved, That nothing in the above mentioned resolution of July 11, 1912, shall interfere with the continuance of a newsstand within the area affected by such resolution prior to the opening of the rapid transit line for operation, provided the President of the Borough shall file with the Department of Licenses a statement that such newsstand will not interfere with the construction of the rapid transit railway or with the public use of the street and will promote the public convenience.

A true copy of resolution adopted by the Board of Estimate and Apportionment March 5, 1915.

The President laid before the Board the following communication from the Art Commission:

No. 1549.

Art Commission of The City of New York—Report on the Adoption of an Official Flag by, and the Restoration of the Ancient Corporate Seal of the City.

Art Commission of the City of New York, City Hall, March 9, 1915.
Honorable GEORGE MCANENY, President of the Board of Aldermen, City Hall, New York City, New York:

Dear Sir—I beg to hand you herewith a report "On the adoption of an official flag by the City of New York and the restoration of the ancient corporate seal," which has been adopted by the Art Commission, together with resolutions recommending appropriate action by the City authorities. The report is accompanied by a specimen of the proposed flag and a model of the seal.

It is the hope of the members of the Art Commission and their associates that these recommendations will commend themselves to you, and they will appreciate it most highly if you will take such action as you think proper to carry such recommendations into effect. Yours very truly,
 J. A. MITCHELL, Secretary.

On the Adoption of an Official Flag by The City of New York and the Restoration of the Ancient Corporate Seal.

(Report prepared by a Committee of the Art Commission Associates for Submission to the Art Commission of The City of New York, January, 1915.)
 Art Commission of The City of New York.

At a meeting of the Art Commission of the City of New York, held at the City Hall on the 8th day of February, 1915, a report was submitted by a Committee of the Art Commission Associates "On the adoption of an official flag by The City of New York and the restoration of the ancient corporate seal," and it was thereupon unanimously

Resolved, That the Art Commission accept the report of the Art Commission Associates "On the adoption of an official flag by The City of New York and the restoration of the ancient corporate seal" and heartily approve the recommendations therein contained; and

Resolved, That the report be printed and that copies be sent to the Mayor and other members of the Board of Estimate and Apportionment, and to the Board of Aldermen; and

Resolved, That the Art Commission recommend:
 1. The adoption by the City as its official flag, and as a substitute for the flag now in use, a flag containing the colors orange, white and blue, arranged in perpendicular bars of equal dimensions (the blue being nearest to the flagstaff), bearing the seal of the City in blue upon the middle or white bar, the colors to conform as nearly as possible to those of the flag of the United Netherlands in use in 1626.

2. The adoption by the City of the model of the corporate seal of the City herewith submitted, as the official design of such seal, the same to be cast in bronze or other permanent form and kept in the safe in the Mayor's office, and the adoption of proper ordinances or other regulations requiring that hereafter all representations of the seal whether impressed or printed on City documents or publications or carved on City buildings shall be in exact conformity with such official design.

JOHN A. MITCHELL, Secretary.

Art Commission Associates.

(Report on the adoption of an official flag by The City of New York and the restoration of the ancient corporate seal.)

New York, January 9th, 1915.

To the Art Commission of The City of New York:

Gentlemen—At the annual meeting of the Art Commission Associates held in January last the undersigned were appointed a committee to consider and report:

1. A suitable design for a flag to be adopted as the official colors of The City of New York.

2. An accurate rendering of the corporate seal of the City.

As to the City flag your committee begs to report that the flag now in use consists of a white field bearing the seal of the City in dark blue. An exhaustive examination of the city records, however, has failed to disclose any resolution or other official action adopting the design of a flag for the City, nor has it been possible to determine when the present flag came into use; though resolution have been passed from time to time by the Board of Aldermen directing the making of new city flags. In view of the fact that the present flag is not distinctive and has neither historical association nor artistic merit to commend it and that there appears to be no authority for its use except the mere fact of usage, your Committee are of the opinion that the City may properly and advantageously direct its discontinuance and adopt for the official flag a design which shall possess both historic association and artistic merit and which shall also be readily distinguishable from other flags in general use.

Considered historically the colors which naturally suggest themselves are those which first floated over the Island of Manhattan, viz.: the orange, white and blue of the Dutch West India Company, which were also the colors of the United Provinces of the Netherlands in 1609 when Henry Hudson discovered the river named after him and when in 1626 New Amsterdam was settled by the Dutch. The origin of the Dutch flag is set forth in a history entitled "Oorsprong der Nederlandsche Vlag" by J. C. DeJonghe, published at Amsterdam in 1831, from which the following translation is made:

"The Netherlands are not indebted to an alien prince for their famous flag, but the originator of the same is the Prince of Orange, that William I, beyond all praise, who is also the founder of the freedom of his people. This flag consisted of the colors of the Prince and what these colors were is shown by the commands of the admiralty of Zealand, published in 1587, which specifies the same as orange, white and blue. Already in 1582, at the time of the arrival of the Duke of Anjou, the Netherlands possessed their own flag, and this was the insignia or livery of William the Silent; orange, white and blue, a flag borne by all the ships of the young republic in its warfare against Spain. The cry 'Oranje boven' proves that the orange was the topmost color." Another work on "De Nederlandsche Vlag" by C. DeWaard, published at Groningen in 1900, establishes the fact that prior to 1630 all flags used by the Dutch were orange, white and blue, and from the same authority it appears that a dark blue rather than a light blue was the shade in use.

We are also informed by Professor Alexander Smith, the head of the Department of Chemistry in Columbia University, that the blue from indigo, whether imported from India or Egypt or extracted from the plant known as "woad," which was cultivated throughout Europe, was the only fast dye of blue color which was known in 1626 when New Amsterdam was founded. This amounts to a demonstration that the blue of the original Dutch flag must have been of pure indigo, a sample of which has very kindly been furnished by Professor Smith, and the blue bunting in the specimen flag herewith submitted has been specially dyed for the purpose and exactly matches the sample. As to the correct shade of orange, there has been no question, and it is believed that the colors in the specimen flag are all exact reproductions of those of the Dutch flag of 1626.

In the opinion of your Committee, the combination of colors represented in the original Dutch flag has everything to commend it for adoption by the City, viz., his torical association extending back to the very beginning of the settlement of New Amsterdam; artistic and decorative quality; and originality sufficient to distinguish it from flags in use by other cities or countries. As a matter of arrangement it seems desirable and in accordance with usage that the colors should be placed in perpendicular bars rather than horizontal stripes, the blue being nearest to the flagstaff. It also seems fitting that the seal of the City in blue should be superimposed upon the middle, or white bar of the flag.

Your Committee therefore recommend the adoption by the City as its official flag, and as a substitute for the flag now in use, a flag combining the colors orange, white and blue, arranged in perpendicular bars of equal dimensions, and bearing the seal of the City in blue upon the middle or white bar, the colors to conform as nearly as possible to those of the flag of the United Netherlands in 1626, as shown in the sample herewith submitted.

As to the design of the City seal your Committee report that it has been their endeavor only to secure an accurate and artistic rendering of the seal of the City as heretofore adopted and now in use, in order to establish a well authenticated and properly executed standard. At the present time there is no standard of design for the City seal, and while the seals now in use in the Mayor's office and in the City departments conform in general character, scarcely any two of them are exactly alike and most of them are inaccurate and highly inartistic in execution. For the sake of consistency the seal wherever used should be absolutely uniform in design. It should also be as nearly accurate historically as possible and should be designed and executed with the highest artistic skill and with reference to its use not only as an imprint on official documents but as an architectural feature when carved on municipal buildings. In the latter aspect the need for a carefully studied and officially recognized design is of increasing importance in view of the greater prominence which is now given to the seal as an emblem and ornament upon buildings erected by the City.

An examination of the records enabled your Committee to obtain photographs of early impressions of the first City seal of which we have any exact information, adopted after the City came into the possession of the British in 1664 and took the name "New York." The Dongan Charter of April 27, 1686, gave authority to the Mayor, Aldermen and Commonalty and their successors "as they shall see cause to break, change, alter and new make their said Common Seal when and as often as to them shall seem convenient" (Colonial Laws of New York, I:186). Mr. Victor H. Paltsits, formerly State Historian, is authority for the statement that the seal so granted, known as the "Seal of 1686," was the first city seal depending upon charter rights. At a meeting of the Common Council held on July 24, 1686, the Mayor presented "the New Seal of this City" (Minutes Com. Coun. I:179), and of this seal Martha Lamb says in her History of New York (I:318): "It was richer and more elaborate than the old Dutch city seal; but it preserved the beaver, with the addition of a flour barrel and the arms of a windmill, signifying the prevailing commerce and industry." The design of the seal of 1686 was modified in 1784 by the substitution of the eagle in place of the royal crown as a crest, and has been reproduced with this alteration, and the insertion of the date "1664" in place of "1686."

The Committee have also been so fortunate as to secure the services of Mr. Paul Manship, the well known sculptor, to execute a model of the seal from the photographs above mentioned. In this model, which is submitted herewith, all the details of the original seal are rendered with historic accuracy and fine artistic feeling, and your Committee feel that Mr. Manship has performed an important public service in thus preserving both the design and the spirit of the ancient seal of the City, in a form which is available for use as a seal in the literal sense of the term and also as an imprint and architectural ornament.

Your Committee therefore recommend that the model so executed be adopted as the official design of the City seal, that it be cast in bronze or other permanent form and kept in the Mayor's office, and that all representations of the seal impressed or printed on City documents or carved on City buildings hereafter shall be required to conform to this design. Respectfully submitted,

JOHN B. PINE, I. N. PHELPS STOKES, R. T. H. HALSEY, FRANCIS C. JONES, Committee.

Which was referred to the Committee on Rules.

The President laid before the Board the following communication from the Sheriff of Bronx County:

No. 1550.

Sheriff of Bronx County—Request for Appointment of a Physician to the Bronx County Jail.

Sheriff's Office, Bronx County, Bergen Building, Tremont and Arthur Avenues. New York, February 24th, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen, City Hall, New York City:

Dear Sir—As the State Civil Service Commission has placed in the Competitive Class the position of Physician at Bronx County Jail I most respectfully call your attention to Section 126 of the Code of Civil Procedure, which states that the Common Council of the City of New York must appoint some reputable physician duly authorized to practice medicine as the physician to the jail of the county.

Awaiting your action in this matter, I am,

Very truly yours, JAMES F. O'BRIEN, Sheriff, Bronx County.

Which was referred to the Committee on Salaries and Offices.

The President laid before the Board the following communication from the District Attorney of Queens County:

No. 1551.

District Attorney of Queens County—Request for Special Revenue Bonds, \$1,100, for the Employment of Emergency Process Servers.

District Attorney's Office, Queens County, N. Y., Long Island City, March 9th, 1915.

Hon. WILLIAM A. PRENDERGAST, Comptroller, Municipal Building, N. Y. City:

Dear Sir—I hereby respectfully make an application for the issuance of special revenue bonds in the sum of \$1,001, for the employment of emergency process servers in this office. In the budget for this year request was made for the establishment of four additional positions of process server in our office, but only one extra position was provided, making a total of only four regular process servers. It is impossible for these few men to serve the large number of subpoenas issued for the attendance of witnesses in the various courts and before the Grand Jury.

Due to the steadily increasing population of the County, with a corresponding increase in the number of crimes committed, and the fact that many crimes are committed in Queens during the summer months by visitors from other sections of the City, it has been found necessary to employ emergency process servers in the District Attorney's office. In the year 1914 my predecessor expended therefor the total sum of \$1,641.50; of this amount \$941.50 was taken from account No. 3542, General Contingencies, and the sum of \$700 was obtained through your efforts in obtaining the issuance of special revenue bonds.

In the budget for the current year the sum of \$600 was provided for General Contingencies, Code No. 3542, as against \$1,155 for 1914. During the past two months I have been compelled to engage emergency process servers for a total of 143 days, or a total expenditure of \$500.50. In order to properly conduct the prosecution of crime in Queens County I shall be required to continue employing these extra process servers for the next ten and one-half months.

I feel that I shall reasonably need the sum of \$1,001 for this purpose during the remainder of the year, and I therefore respectfully urge that you expedite the issuance of special revenue bonds in this amount.

Yours very truly, DENIS O'LEARY, District Attorney.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Commissioner of Correction:

No. 1552.

Commissioner of Correction—Request for Authority to Draw on the Comptroller to the Amount of \$1,000 at a Time, on Account of Donations to Discharged Prisoners During the Year 1915.

Department of Correction of The City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York, March 9th, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen, City of New York.

Dear Sir—Enclosed herewith find copy of resolution adopted by the Board of Aldermen in the early part of 1914, authorizing the Commissioner of Correction to draw upon the Comptroller by requisition for a sum not exceeding one thousand dollars (\$1,000), in order that the provisions of Chapter 471, Laws of 1879, and section 108 of Chapter 429, Laws of 1896, may be properly carried out. As it is necessary that the Board of Aldermen should pass a similar resolution for the current year I would respectfully request that you will have one prepared and presented at an early date.

Trusting that this matter will be given prompt attention, I remain

Yours very respectfully, KATHARINE BEMENT DAVIS, Commissioner.

In connection herewith Alderman Curran offered the following resolution and moved its adoption:

Resolved, That for the purpose of enabling the Commissioner of the Department of Correction to carry out the provisions of chapter 471, Laws of 1879, and section 108 of chapter 429, Laws of 1896, relative to donations to discharged prisoners, the said Commissioner of Correction may, by requisition, draw upon the Comptroller for a sum not exceeding one thousand dollars (\$1,000), and may in like manner renew the draft as often as she may deem necessary, to the extent of the appropriation set apart for donations to discharged prisoners during the year 1915, but no such renewal shall be made until the money paid upon the preceding draft shall have been accounted for to the Comptroller by the transmittal of a voucher certified by the said Commissioner of Correction covering the expenditure of money paid thereon.

The President put the question whether the Board would agree to adopt said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Brush, Burden, Burns, Carberry, Chorosh, Cole, Colne, Curran, Delaney, Diemer, Dixon, Donnelly, Dostal, Dotzler, Dowling, Duggan, Dujat, Eichhorn, Ferrand, Eagan, Fink, Gaynor, Hannon, Hogan, Igstaedter, Jacobson, Kenneally, Kenney, Kochendorfer, Lein, Levy, McCann, McCourt, McGarry, McNally, Moore (Chas. No. 1554.

Resolution Permitting Commissioner Lloyd Paul Stryker to Hold Public Hearings in the Aldermanic Chamber on the Mornings of April 7 and 9, 1915.

By Alderman Quinn—

Resolved, That permission be and it is hereby given to the Hon. Lloyd Paul Stryker, Commissioner appointed by the Governor of the State of New York to hear charges preferred by Theodore B. Shonts and others against Patrick B. Riordan, to occupy the Aldermanic Chamber on April 7th and 9th, 1915, in the mornings only, for the purpose of such public hearings, upon condition that said Mr. Stryker be responsible for proper care of the Chamber, and that smoking and spitting and any disarrangement of papers be strictly prohibited.

The President put the question whether the Board would agree to adopt said resolution.

Which was unanimously decided in the affirmative by the following vote:

No. 1555.

Resolution Requesting the Corporation Counsel to Submit Statement to Board Giving Status of Litigation Pending in Regard to Reduction of Fare on Fort Lee Ferry.

By Alderman Brush—

Resolution Introduced by Alderman William D. Brush of the Nineteenth Assembly District—

Whereas, The Riverside and Fort Lee Ferry Company is a corporation organized and existing under and by virtue of the Laws of the State of New Jersey for the purpose of operating a ferry between Fort Lee, New Jersey, and 129th Street, New York; and

Whereas, the said Riverside and Fort Lee Ferry Company operates the shortest ferry route in and about New York, and charges the highest rate, to wit, the sum of

five cents (\$.05) per individual, while other ferries operating in and about New York charge a much lower rate; and

Whereas, There is an amusement park situated adjacent the Fort Lee terminal of said ferry which is largely patronized by residents of the City of New York, from which patronage said Company derives a large revenue; and

Whereas, This high ferry rate imposes a heavy burden upon the people living in New York City who are compelled to use said ferry in order to cross to Fort Lee; and

Whereas, On the 7th day of March, 1911, a resolution was unanimously passed by this Board requesting the Interstate Commerce Commission to investigate the charges of the Fort Lee Ferry Company, and if upon such investigation it was found that an excessive rate was being charged between Fort Lee and 129th Street that such steps be taken to force the reduction of such charge to three cents per individual or such sums as would give to the Riverside and Fort Lee Ferry Company the proper compensation for such purpose; and

Whereas, On October 17th, 1912, the Board of Freeholders of Bergen County by resolution fixed the rate of ferryage for each adult person for the round trip of six cents, and four cents for each person under the age of ten years; and

Whereas, A writ of certiorari was issued out of the Supreme Court for the State of New Jersey by the Riverside & Fort Lee Ferry Company; and

Whereas, In subsequent proceedings had thereon the Board of Freeholders gave their consent to the withdrawal of said resolution; and

Whereas, During the month of January, 1914, the said Board of Freeholders passed another resolution reducing the ferryage to three cents across the Fort Lee Ferry; and

Whereas, The Public Service Corporation immediately applied in the United States District Court for the Southern District of New York for an injunction restraining the Board of Freeholders from enforcing said resolution, and making the City of New York a party to such proceedings; and

Whereas, The matter is now pending and endless litigation may follow before this three cent (.03) rate is finally adjudicated, although the Supreme Court of the United States has recently upheld the Board of Freeholders in the Bergen Point Ferry case, which is practically on all fours with the Fort Lee Ferry; and

Whereas, The City of New York gets a certain amount of money yearly from the Ferry Company, said amount being based on the revenues of the Ferry Company; and

Whereas, If the three cent (.03) ferry rate can be obtained between New York and New Jersey, it would benefit not only the real estate value and improve business conditions in upper New York, but would also give people residing in New York a chance for a day's outing in New Jersey for a minimum cost; now therefore be it

Resolved, That the Board of Aldermen request the Corporation Counsel to submit a statement to this Board giving the present status of said litigation and what in his opinion would be the ultimate result, and whether in his opinion an equitable adjustment cannot be entered into between the City of New York, the Board of Freeholders of Bergen County and the Public Service Corporation, whereby this three cent (.03) fare can be established, and all the delay and expense of the present litigation saved.

The President put the question whether the Board would agree to adopt said resolution.

Which was unanimously decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Bedell, Benninger, Boschen, Bosse, Brush, Burden, Burns, Carberry, Chorosh, Cole, Colne, Curran, Delaney, Diemer, Dixon, Donnelly, Dostal, Dotzler, Dowling, Duggan, Dujat, Eichhorn, Ferrand, Eagan, Fink, Gaynor, Hannon, Hogan, Igstaedter, Jacobson, Kenneally, Kenney, Kochendorfer, Lein, Levy, McCann, McCourt, McGarry, McNally, Moore (Chas. Dayton, Commissioner of Public Works; President Mathewson, by John G. Borgstede, Commissioner of Public Works; President Pounds, by Edmund W. COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS, RESUMED.

The President laid before the Board the following communication from the President of the Borough of Richmond:

No. 1556.

President of the Borough of Richmond—Request for Special Revenue Bonds, \$5,300, for the Purpose of Constructing a Sewage Disposal Plant at Richmond County Jail.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, March 9, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen, City Hall, New York City:

Dear Sir—For about a year, the Department of Health, through Dr. Emerson, Deputy Commissioner, has been urging this Department to reconstruct the sewage disposal plant at the jail and County Court House at Richmond in this Borough. This plant was built about ten or twelve years ago and was fairly satisfactory until the new jail was built, after which time, due to the increased demands made upon it, it broke down.

A highly polluted effluent has been running in the gutter of Centre Street and Fresh Kills Road and from thence across private property into Richmond Creek, for over a year.

We find, after careful examination by our Engineers, that very little of the present plant can be utilized in this construction. We have made plans and estimates of the cost of this work, which appears to be extremely necessary for the public health.

The amount required will be \$5,300, and application is hereby made to the Board of Aldermen for the issue of special revenue bonds to the amount of \$5,300 for the purpose of constructing a sewage disposal plant with all its appliances, connections, etc., at Richmond County Jail, Borough of Richmond.

Dr. Emerson has promised to appear before a Committee of the Board, on request, to explain the necessity of this issue of bonds. Yours very truly,

LEWIS NIXON, Acting President, Borough of Richmond.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the President of the Borough of Queens:

No. 1557.

President, Borough of Queens—Request That Site Be Designated for Refuse Destructor, Central Garage, Section House, Etc., for Highway and Sewer Bureaus.

New York, March 16, 1915.

To the Honorable the Board of Aldermen, City of New York:

Gentlemen—I hereby request your Honorable Board to designate as a site for a refuse destructor, central garage, section house and a yard and buildings for the Highway and Sewer Bureaus, under the jurisdiction of the President of the Borough of Queens, the following described property:

All that certain lot, piece or parcel of land situated in the 4th Ward of Long Island City, 1st ward of the Borough of Queens, City of New York, known as Block 39, or part thereof, and bounded and described as follows:

Beginning at a point on the southeasterly line of Hopkins Avenue, where the same is intersected by the centre line of Sunswick Creek; running thence in a northeasterly direction along the southerly line of Hopkins Avenue, 184 feet to the southwesterly line of Graham Avenue; thence in a southeasterly direction along the southwesterly line of Graham Avenue 378.22 feet to the northwesterly line of Van Alst Avenue; thence in a southwesterly direction along the northwesterly line of Van Alst Avenue 473.20 feet to the centre line of a certain creek forming the northerly boundary of property formerly belonging to Radde, Welsh, Raddemacher and Dohrmann; thence in a northwesterly direction along the centre line of the above mentioned creek about 170 feet to the centre line of Sunswick Creek; thence in a general northerly direction along the centre line of Sunswick Creek about 350 feet to the southeasterly line of Hopkins Avenue, the point or place of beginning. Respectfully,

MAURICE E. CONNOLLY, President of the Borough of Queens.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Board of Education:

No. 1558.

Board of Education—Request for Special Revenue Bonds, \$63,000, to Cover Existing Deficit in the General School Fund for 1914.

Board of Education, Park Avenue and 59th Street, New York, March 11, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen:

Dear Sir—I have the honor to transmit herewith a certified copy of a report and resolution adopted by the Board of Education at a meeting held on March 10, 1915, requesting the Board of Aldermen to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of \$63,000 for the purpose of providing means to cover the existing deficit in the General School Fund for the year 1914.

Respectfully yours, A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

On January 27, 1915, your Committee presented the following report and resolution, which was adopted (See Jol., pp. 135-136-137):

"To the Board of Education:

"The Committee on Finance respectfully reports that the General School Fund for 1914 is insufficient for its requirements. The deficiency at December 31, 1914, was \$42,579.14, with other claims yet to be presented.

"The costs of sundry extra propositions, not contemplated at the time of preparation of the 1914 Budget, were defrayed from the General School Fund during 1914, as, for instance:

"(a) Experimental provocation work in accordance with the Wirt and modified plans, undertaken by the Board of Education with the active support of his Honor the Mayor and other members of the City administration.

"(b) On December 29, 1913, the Legislature enacted Chapter 838 of the Laws of 1913 (known as the Velte Law), which provides that male persons who were on December 31, 1911, on an eligible list for license No. 1, or who were on that date serving as pupil teachers in the fourth term work of any training school, should, upon appointment, be paid in accordance with the salary schedules for men in force on July 1, 1911.

"(c) On April 11, 1914, the Legislature enacted Chapter 264 of the Laws of 1914 (known as the Velte-Schaap Law), which extends the above-mentioned Velte Law to include male persons who were at December 31, 1911, students in any training school, or male persons who were regularly matriculated students in a prescribed course in education, approved by the State Commissioner of Education, in any college located in the City of New York, and recognized by the Regents of the University of the State of New York, or male persons who had resigned from the teaching force prior to December 31, 1911, and who were, or may be, subsequently reappointed.

"(d) On April 20, 1914, the Legislature enacted Chapter 479 of the Laws of 1914, to take effect May 1, 1914, which provides for the organization of a Bureau of Compulsory Education, School Census and Child Welfare, and the appointment of a Director and Assistant Director therefor.

"These various propositions imposed obligations upon the General School Fund for which provision had not been made in 1914 to the extent of

"(a) The Wirt and modified plans for experimental provocation work, with some additional costs yet to be apportioned..... \$13,834 04

"(b) Chapter 838 of the Laws of 1913, from January 1 to December 31, 1914..... 26,316 53

"(c) Chapter 264 of the Laws of 1914, from April 11 to December 31, 1914..... 19,148 44

"(d) Chapter 479 of the Laws of 1914, from July 1 to December 31, 1914..... 5,250 00

Total..... \$64,549 01

"The work under the Wirt and modified plans was undertaken upon an understanding with the financial authorities that the funds of the Board of Education would, in case of necessity, be reimbursed for the extra cost. Also, the request of the Board of Education, on July 8, 1914 (see Journal, pages 1672-73), for Special Revenue Bonds to meet the extra obligations imposed by the Legislature was not granted at the time with the understanding that the request might be renewed if necessity arose.

"The necessity for reimbursing the General School Fund for 1914 now exists. However, since there are balances in other funds of the Board of Education in excess of requirements, it is deemed expedient to ask for transfers rather than to renew the request for Special Revenue Bonds.

"Your Committee submits for adoption the following resolution:

"Resolved, That the Board of Estimate and Apportionment be, and it is hereby, requested to transfer to the General School Fund for 1914 the sum of sixty-three thousand dollars (\$63,000) from accounts as follows:

On March 5, 1915, the Board of Estimate and Apportionment adopted the following resolution, relative to this matter:

"Resolved, That the Board of Estimate and Apportionment hereby disapproves the request of the Board of Education, as set forth in a resolution adopted by said Board on January 27, 1915, for the transfer from the Special School Fund of the sum of thirty-eight thousand dollars (\$38,000) from unexpended balances in salary and wage appropriations and twenty-five thousand dollars (\$25,000) from the surplus in the appropriation for janitorial compensation to the General School Fund for the year 1914; and suggests that application be made by the Board of Education for an issue of special revenue bonds to cover the existing deficit in the latter fund."

In view of the suggestion that Special Revenue Bonds be requested instead of transfers from funds in possession of the Board of Education, a resolution is offered as below. In this connection, your Committee calls attention to the fact that two other liabilities of a sizable nature applicable to 1914 General School Fund purposes will shortly be pressing for liquidation, namely, amounts due teacher mothers restored to duty by decision of the State Superintendent, and so-called vacation money for per diem employees. These liabilities will necessitate a further request for Special Revenue Bonds if it is to be the policy of the financial authorities to issue Special Revenue Bonds instead of transferring funds now available.

There is submitted for adoption the following resolution:

Resolved, That the Board of Aldermen be, and it is hereby, respectfully requested to adopt a resolution requesting the Board of Estimate and Apportionment to authorize the issue of Special Revenue Bonds to the amount of sixty-three thousand dollars (\$63,000), pursuant to the provisions of subdivision 8 of Section 188 of the Revised Charter, for the purpose of providing means to cover the existing deficit in the General School Fund for the year 1914; and that the Board of Estimate and Apportionment be, and it is hereby, respectfully requested to authorize such issue upon the request of the Board of Aldermen.

A true copy of report and resolution adopted by the Board of Education on March 10, 1915. A. E. PALMER, Secretary, Board of Education.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Public Administrator:

The President laid before the Board the following communication from the Board of Health:

No. 1560.

Board of Health—Amending Request for Special Revenue Bonds for the Purpose of Employing Ten Veterinarians.

Department of Health of The City of New York, Bureau of Food Inspection, Centre and Walker Streets, Borough of Manhattan, New York, March 16th, 1915.
Hon. GEORGE MCANENY, City Hall, Manhattan:

Dear Sir—In regards to a recent request listed in the CITY RECORD under date of March 11, 1915, as follows: No. 1512—Board of Health—Request for Special Revenue Bonds, \$10,000, for the Purpose of Employing Ten Veterinarians.

In view of the fact that in the grades of veterinarians in the Department of Health of the City of New York there is included a grade at \$1,200 per annum and one at \$1,500 per annum, the request for \$10,000 for the purpose of employing ten (10) veterinarians does not conform to the schedule rating for this grade of employee. It is therefore desired that the above request be modified to read:

1 Veterinarian at \$1,500..... \$1,500 00
7 Veterinarians at \$1,200..... 8,400 00

Total..... \$9,900 00

This is the amount required instead of \$10,000.

Respectfully, M. McMILLAN, M. D., Director of Bureau.

The President laid before the Board the following communications from the Board of Estimate and Apportionment:

No. 1561.

Board of Estimate and Apportionment—Resolution Amending Resolution Authorizing Issue of Special Revenue Bonds, \$3,500, for the Purpose of Remodeling and Making Repairs to the Building at No. 49 Lafayette Street.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, March 15, 1915.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copy of resolution adopted by the Board of Estimate and Apportionment March 12, 1915, as follows:

Cal. No. 41. Amending resolution adopted December 18, 1914, which authorized the issue of special revenue bonds in the sum of \$3,500 for the purpose of remodeling and making repairs to the building at No. 49 Lafayette street, to be used by the Municipal Civil Service Commission, by striking therefrom the phrase "during the year 1914" and inserting in lieu the phrase "prior to June 30, 1915," and further amending said resolution, subject to the concurrence of the Board of Aldermen, by striking therefrom the words "to be used by the Municipal Civil Service Commission."

I enclose copy of report of the Comptroller relative thereto.

Respectfully, JAMES MATTHEWS, Assistant Secretary.

Resolved, That the following resolution adopted by the Board of Estimate and Apportionment on December 18, 1914:

"Resolved, That the resolution adopted by the Board of Aldermen on November 17, 1914, requesting an issue of special revenue bonds in the sum of three thousand five hundred dollars (\$3,500), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of remodeling and making repairs to the building at No. 49 Lafayette street, to be used by the Municipal Civil Service Commission, be and the same is hereby approved of and concurred in by the Board of Estimate and Apportionment and for the purpose of providing means therefor the Comptroller be and is hereby authorized, pursuant to subdivision 8 of section 188 of the Greater New York Charter, to issue special revenue bonds of The City of New York to an amount not exceeding three thousand five hundred dollars (\$3,500), redeemable from the tax levy of the year succeeding the year of their issue, provided that all obligations contracted for hereunder shall be incurred during the year 1914."—be and the same is hereby amended by the striking therefrom the phrase "during the year 1914," and inserting in lieu thereof the phrase "prior to June 30, 1915," and is hereby further amended, subject to the concurrence of the Board of Aldermen, by striking therefrom the words "to be used by the Municipal Civil Service Commission."

A true copy of a resolution adopted by the Board of Estimate and Apportionment March 12, 1915. JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Bureau of Contract Supervision, Municipal Building, February 19, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On January 12, 1915, the Board of Aldermen adopted two resolutions amending its resolutions of November 10 and 17, 1914, respectively, requesting the Board of Estimate and Apportionment to authorize special revenue bonds, the proceeds to be used by the President of the Borough of Manhattan for the following purposes:

Care and operation of the building at No. 47 to 51 Lafayette street for the remainder of the year 1914 from September 16, 1914, concurred in by the Board of Estimate and Apportionment on December 18, 1914, to the extent of \$2,714.12.

—to be amended by including therein the words "repairs and alterations," and by extending the time for incurring obligations thereunder to June 30, 1915.

\$3,500 for remodeling and making repairs to the building at 49 Lafayette street for the use of the Civil Service Commission.

—to be amended by extending the time for incurring obligations thereunder to June 30, 1915. On January 29, 1915, both of these resolutions were referred to the Comptroller.

The resolutions should be considered jointly, as they affect the care and operation of and repairs to the same premises.

The New York Life Insurance Company provided for the care and operation of this building from September 16, 1914, to October 31, 1914. For services rendered and supplies furnished during that period the company has presented a bill to the Borough President for the sum of \$290.93. Such bill is a proper charge against the authorization of \$2,714.12 for care and operation quoted above. This obligation was included in the allowance of \$2,714.12 and was incurred during the year 1914, in accordance with the provisions of the resolution.

It is therefore unnecessary to extend the time for incurring obligations under this authorization, as the payment of this bill does not require such action and because, by a rearrangement of the forces employed in the Bureau of Public Buildings and Offices, the Borough President was able without using the authorization to take care of the building from November 1, 1914, to December 31, 1914. In the 1915 budget provision has been made for the care and operation of this building.

The claim is made by the Borough President that \$5,365 will be required to make necessary repairs to the building, as follows:

Fifth floor, to be occupied by the Department of Licenses..... \$1,865 00
Ninth to twelfth floors, to be occupied by the Civil Service Commission... 3,500 00

Plans and specifications prepared in the Borough President's office for the work to be done under the estimate of cost of \$5,365 have been carefully examined in connection with a survey of the building by the Bureau of Contract Supervision and it is estimated that \$2,993 will be ample for the necessary work that is provided for in the plans and specifications.

It is apparent that the \$3,500 special revenue bonds provided in the resolution of November 17, 1914, is sufficient to provide for the proposed repairs and alterations.

I recommend the adoption of the attached resolutions, one withdrawing the con-

currence of the Board of Estimate and Apportionment as to the resolution of November 10, 1914, providing for an issue of \$2,714.12 revenue bonds, except as to the amount of the bill of the New York Life Insurance Company and one granting the request of the Board of Aldermen as to the resolution of November 17, 1914, for \$3,500 special revenue bonds by extending the time for incurring obligations thereunder to June 30, 1915. Respectfully, WM. A. PRENDERGAST, Comptroller.

Which was referred to the Committee on Finance.

Board of Estimate and Apportionment—Certified Copies of Five Resolutions Adopted by the Board of Estimate and Apportionment, Relative to the Establishment of Various Grades of Positions.

City of New York, Board of Estimate and Apportionment, Office of the Secretary, Municipal Building, March 15, 1915.

To the Honorable the Board of Aldermen:

Gentlemen—I transmit herewith certified copies of five resolutions adopted by the Board of Estimate and Apportionment March 12, 1915, relative to the establishment of various grades of positions, as follows:

Department and Position.	Rate Per Annum.	Incumbents.
Cal. No. 9C. Fire Department—Stableman	\$720, \$744, \$768, \$792, and \$816 ..	
Cal. No. 24. Municipal Civil Service Commission—Tabulator		\$900 ..
Cal. No. 79. Board of Estimate and Apportionment—Salaries and Grades Examiner	\$1,200, \$1,560 and \$1,800 ..	
Cal. No. 80. Board of Estimate and Apportionment—Municipal Investigator (Institutions)		\$2,100 1
Cal. No. 96. County Clerk, Queens County—Superintendent of Block Index		\$2,400 1

I also enclose copies of reports of the Committee on Salaries and Grades relative thereto. Respectfully, JAMES MATTHEWS, Assistant Secretary.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Fire Department of the grades of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.
Stableman	\$720, \$744, \$768, \$792, \$816

A true copy of resolution adopted by the Board of Estimate and Apportionment March 12, 1915. JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Bureau of Standards, Municipal Building, March 3, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On December 16, 1914, the Fire Commissioner requested modification of six schedules for his department for the year 1915. On February 15, 1915, the request was verbally amended to provide for the modification of five schedules. The original request was referred to the Committee on Salaries and Grades on December 19, 1914. The Bureau of Standards reports thereon as follows:

"In Fire Prevention, 1651, Inspection, it is proposed to reduce the number of Engineering Inspectors, at \$1,350 per annum, from 3 to 1 and increase the number at \$1,500 per annum, from 2 to 4. The \$300 necessary for the change is provided by reducing the number of Inspectors at \$1,200 per annum, from 56 to 54, and adding two Automobile Enginemen, at \$1,050 per annum. The Commissioner states that Engineering Inspectors on the Civil Service List have declined to accept appointment at the \$1,350 rate. This rate was established for this position in the 1915 Budget upon recommendation by the Bureau of Standards. The list now in existence for Engineering Inspector, \$1,200 to \$1,800 per annum, contains twenty-five names, five of which have already been certified to the Fire Department. It is suggested that the Fire Commissioner request the Municipal Civil Service Commission to certify the remaining twenty names for appointment before consideration is given to the proposed increase to \$1,500 per annum.

"In Fire Prevention, 1653, Recording, it is proposed to reduce a position of Stenographer and Typewriter, provided for at \$1,050 per annum, to \$900 per annum, scheduling \$150 as Balance Unassigned. No increase in salary is involved. This change is to be effective as of February 20, 1915.

"In Maintenance of Apparatus and Equipment, 1663, Hospital and Training Stables, it is proposed to reduce the number of Drivers at \$912 per annum from 4 to 3, and add a Stableman at the same rate. The Commissioner states that as no new horses have been purchased in the last two years the number returned to the hospital for attention has increased and that the services of an additional Stableman should be granted in order that proper attention may be given to the horses returned for treatment. The 1915 departmental estimate submitted by the Fire Commissioner called for the dropping of a Stableman. The 1915 Budget provides for five Stablemen as against six provided in 1914. This request is to continue in the service the Stableman who was to be dropped. The rate of compensation should not exceed \$816.

"In Maintenance of Apparatus and Equipment, 1664, Horseshoeing, it is proposed to change the line Horseshoer, 8 at \$1,000, to Horseshoer's Helpers, 8 at \$1,000. This change is requested for the purpose of providing for these employees under their proper civil service title.

"In 1665, Care of Buildings and Grounds, it is proposed to reduce the number of Clerks at \$900 per annum from 2 to 1, and add a Stenographer and Typewriter at the same rate. The 1914 Budget schedule for this code provided for a Stenographer at \$1,500 per annum. For 1915 this Stenographer was, at the request of the Fire Commissioner, provided for in another code.

"There is considerable typewriting work to be performed in the Care of Building and Grounds Division and a Stenographer and Typewriter would be of more service than a Clerk. The position of Clerk, at \$900 per annum, to be dropped was included in the 1915 schedule to take the place of a detailed Fireman."

In view of the foregoing, we recommend the adoption of the attached resolutions making the proposed changes effective. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE MCANENY, President, Board of Aldermen; Committee on Salaries and Grades.

No. 1563.

Board of Estimate and Apportionment—Resolution Recommending the Establishment in the Office of the Municipal Civil Service Commission of the Grade of Position of Tabulator.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment, in the office of the Municipal Civil Service Commission, of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.
Tabulator	\$900 00

A true copy of resolution adopted by the Board of Estimate and Apportionment, March 12, 1915. JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Bureau of Standards, Municipal Building, March 5, 1915.

To the Board of Estimate and Apportionment:

Gentlemen—On March 4, 1915, the Municipal Civil Service Commission requested establishment of the grade of position of Tabulator, at \$900, for its office. The Bureau of Standards reports thereon as follows:

"In the 1915 Budget a Tabulator, at \$1,050, is provided. This position has become vacant and a new appointment was made, with the understanding that the salary would be reduced to \$900 when a modification of the schedule becomes effective. The modification cannot be made, however, until the grade is established."

In view of the foregoing we recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; O. GRANT ESTERBROOK, Acting President, Board of Aldermen, Committee on Salaries and Grades.

No. 1564.

Board of Estimate and Apportionment—Resolution Recommending the Establishment of the Grades of Positions of Salary and Grade Examiners.

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Board of Estimate and Apportionment of the grades of position in addition to those heretofore established, as follows:

Title of Position.	Rate of Compensation Per Annum.
Salary and Grade Examiner.....	\$1,200 00
Salary and Grade Examiner.....	1,560 00
Salary and Grade Examiner.....	1,800 00

A true copy of resolution adopted by the Board of Estimate and Apportionment March 12, 1915.

JAMES MATTHEWS, Assistant Secretary.

City of New York, Board of Estimate and Apportionment, Bureau of Standards, Municipal Building, March 1, 1915.

Board of Estimate and Apportionment, City of New York:

Gentlemen—On February 27, 1915, the Director of the Bureau of Standards addressed the following communication to this Committee:

"February 27, 1915.

"Hon. WILLIAM A. PRENDERGAST, Comptroller; Hon. GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades:

"Gentlemen—The Board of Estimate and Apportionment, at its meeting Friday, February 19, authorized the Director of the Bureau of Standards to take such preliminary steps as are necessary to enable the Organization Committee of the Board of Estimate and Apportionment to pass upon the filling of positions of Salary and Grade Examiner in this Bureau.

"I believe that some competent men can be obtained from the Civil Service eligible list at rates lower than those which exist in the schedules of the Bureau of Standards at the present time, namely, \$3,000, \$2,400 and \$2,100. There are now seven vacancies aggregating \$17,400.

"I believe that the Bureau of Standards needs a larger force and would like to modify the schedules in such a way as to enable the Bureau to obtain the services of ten or eleven men at a cost not exceeding the present appropriated amount. As it appears that there are no names on the list of persons at present outside of the City service, the filling of the places in the Bureau of Standards would not result in adding to the employees on the City roster. Respectfully,

"GEORGE L. TIRRELL, Director."

In view of the above facts, we recommend the adoption of the attached resolution establishing in the Board of Estimate and Apportionment the grades of positions of Salary and Grade Examiner at \$1,200, \$1,560 and \$1,800. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen; Committee on Salaries and Grades.

Which were severally referred to the Committee on Salaries and Offices.

Board of Estimate and Apportionment—Resolution Recommending the Establishment of the Grade of Position of Municipal Investigator (Institutions).

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Board of Estimate and Apportionment of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Municipal Investigator (Institutions)	\$2,100 00	1

City of New York, Board of Estimate and Apportionment, Bureau of Standards, Municipal Building, March 2, 1915.

Board of Estimate and Apportionment, City of New York:

Gentlemen—The Director of the Bureau of Standards has submitted the following communication to the Committee on Salaries and Grades:

"March 1, 1915.

"Hon. WILLIAM A. PRENDERGAST, Comptroller; Hon. GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades:

"Gentlemen—In the departmental studies which are being carried on by the Bureau of Standards, preparatory to the adoption of work specifications and compensation grades for all kinds of employment in the City service, there has developed a need for specialized work in the Institutional departments.

"The problem of attaining proper organization and of fixing the duties of the working units in institutions is, in many respects, a separate one from the problem in other City departments. I am strongly of the opinion that the special nature of this institutional problem makes it desirable for the Board of Estimate and Apportionment to authorize the employment of a person of experience and ability not specifically required of the Salary and Grade Examiners. I suggest, as a proper title for the position to be filled, that of 'Municipal Investigator (Institutions).'

"If this plan is approved by your Committee it is my intention to ask for the appointment of Mr. William VanWert, who has been employed in this office temporarily as a Salary and Grade Expert.

"I regard Mr. VanWert as pre-eminently qualified for the work to be done. During his period of service he has acquired a most complete and detailed knowledge of the City institutions and their organization problems.

"I believe that the compensation which he has received is a fair one for this work. I therefore request your Committee to recommend to the Board of Estimate and Apportionment the establishment of the title and position of 'Municipal Investigator (Institutions)' at \$2,100 a year. Very truly yours,

"GEORGE L. TIRRELL, Director."

In view of the facts set forth in the communication of the Director of the Bureau of Standards, we recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Board of Aldermen, Committee on Salaries and Grades.

ORDINANCES AND RESOLUTIONS RESUMED.

No. 1567.

Resolution Recommending the Passage of a Bill Abolishing Office of the City Chamberlain and Transferring the Powers and Duties to the Comptroller, and That It Receive the Approval of the Mayor.

By Alderman Quinn—

Whereas, a bill known as printed Assembly No. 731, and introductory Assembly No. 703, is now pending in the Legislature for the abolition of the office of City Chamberlain of the City of New York and the transfer of the powers and duties of that officer to the Comptroller of the City of New York, and

Whereas, this Board is committed to the policy of economy and retrenchment in the finances of the City of New York; therefore, be it

Resolved, That this Board recommend the passage of this bill by the Legislature, and furthermore that it receive the approval of the Mayor.

Which was referred to the Charter Revision Committee.

Reports of Committee on Buildings—

Nos. 99, 428, 630, 801, 802, 930, 946, 1007, 1040, 1072, 1246, 1440, 1443.

Report of the Committee on Buildings in Favor of Filing Certain Papers Requiring No Further Consideration.

The Committee on Buildings, to which was referred on various dates, 1914 and 1915, certain documents known as Introductory Nos. 99, 428, 630, 800, 801, 802, 930, 946, 1007, 1040, 1072, 1246, 1440 and 1443 respectfully

REPORTS:

That it recommends that these papers be placed on file for the following reasons:

428, 630, 1072 are filed because of the opinion of the Corporation Counsel under date of February 17, 1915 (see Minutes, 1085, February 23, 1915); Board of Aldermen has no power.

800, 801, 802, 930 are filed because the Superintendents of Buildings have power at present to regulate Elevator Operators.

946 is filed because the Committee is of the opinion that if ample time is given after the publication of a notice of a public hearing in the CITY RECORD, sufficient publicity will be obtained in the news columns of the daily press.

1007, 1040—The matters in these two numbers have been disposed of.

1246—The suggestion in this letter has received attention in the new code.

1440 and 1443 are communications which have served their purpose and may be filed.

Report of the Committee on Buildings in Favor of Referring Certain Proposed Ordinances to the Committee on General Welfare.

The Committee on Buildings, to which was referred on November 24, 1914, and February 9, 1915 (Minutes, pages 620 and 789), certain proposed ordinances known as Introductory Nos. 781 and 1387, respectfully

REPORTS:

That, having examined the subject, it believes the proposed ordinances are in no sense connected with the Building Code, but should be considered by the Committee on General Welfare, and, if favorable action is recommended, become a part of the general ordinances.

It, therefore, recommends that the said papers be referred to the Committee on General Welfare.

Report of the Committee on Buildings in Favor of Adopting Ordinance to Amend Section 97 of the Building Code Relative to Dumbwaiter Shafts.

The Committee on Buildings, to which was referred on February 23, 1915 (Minutes, page 1198), the annexed ordinance further amending Section 97 of the Building Code, as amended May 29, 1914, relative to dumbwaiter shafts, respectfully

REPORTS:

That, having examined the subject, it believes the proposed amendment to be necessary to clarify the existing provisions of the Building Code regulating this subject.

It therefore recommends that the accompanying substitute ordinance be adopted.

SUBSTITUTE.

AN ORDINANCE to amend Section 374 of Article 18 of Chapter 5 of the Code of Ordinances of the City of New York.

Be it Ordained by the Board of Aldermen of the City of New York as follows:

Section 1. Section 374 of Article 18 of Chapter 5 of the Code of Ordinances of the City of New York is hereby amended to read as follows:

§374. Dumbwaiter shafts. All dumbwaiter shafts hereafter created in any building, except such as do not extend more than three stories above the cellar or basement in dwelling houses, shall be enclosed in suitable walls of brick or with burnt-clay blocks, set in iron frames of proper strength, or fireproof blocks strengthened with metal dowels, or such other fireproof material and form of construction as may be approved by the superintendent of buildings. Said walls or construction shall extend at least 3 feet above the roof and be covered with a skylight at least three-fourths the area of the shaft, made with metal frames and glazed. All openings in the inclosure walls or construction shall be provided with self closing fireproof doors. When the shaft does not extend to the floor level of the lowest story, the bottom of the shaft shall be constructed of fireproof materials.

In [all existing] buildings erected prior to the passage of this ordinance [where the] any existing dumbwaiter shaft which extends into the cellar or lowest story, except such as do not extend more than three stories above the cellar or basement in dwelling houses, [it] shall be enclosed in [that story] the cellar or lowest story with walls of brick 8 inches thick[;], unless already enclosed in some form of construction conforming to the requirements hereinbefore prescribed for new dumbwaiter shafts. [a] All openings in said walls shall be provided with self closing fireproof doors.

Section 2. This ordinance shall take effect immediately.

Note—New matter in italics; old matter, in brackets [], to be omitted.

Report of the Committee on Buildings in Favor of Adopting Ordinance Amending Ordinance Regulating Installation and Maintenance of Plumbing, Water Supply, Gas and Other Systems of Piping.

The Committee on Buildings to which was referred on March 1, 1915 (Minutes, page 1245), the annexed ordinance in favor of amending an ordinance regulating the installation and maintenance in buildings of plumbing, water supply, gas and other systems of piping, respectfully

REPORTS:

That, having examined the subject, it believes the proposed amendment to be necessary to make more clear the existing provisions of the Code relating to this matter.

It, therefore, recommends that the accompanying substitute ordinance be adopted

SUBSTITUTE.

AN ORDINANCE to amend Section 601 of Article 29 of Chapter 5 of the Code of Ordinances of the City of New York.

Be it Ordained by the Board of Aldermen of the City of New York, as follows:

Section 1. Section 601 of Article 29 of Chapter 5 of the Code of Ordinances of the City of New York is hereby amended to read as follows:

§ 601. Shut-off valves. Every building hereafter erected and also every existing building, other than residence buildings occupied exclusively by one or two families and having not more than 15 sleeping rooms, which may be supplied from some outside source with gas, vapor or fluid, shall have a conveniently accessible stopcock or other suitable device fixed to the supply pipes leading into the building at a place outside of the building, so arranged as to allow the supply to be shut off. Such stopcock or other device shall be so marked as to indicate either the contents and purpose of the supply pipe to which it is attached, or the company to which the device belongs.

Section 2. This ordinance shall take effect immediately.

Note—New matter in *italics*.

AN ORDINANCE to amend "An Ordinance regulating the installation and maintenance in buildings of plumbing, water supply, gas and other systems of piping."

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. "An Ordinance regulating the installation and maintenance in buildings of plumbing, water supply, gas and other systems of piping," adopted November 10, 1914, and received from His Honor the Mayor, November 24, 1914, is hereby amended to read as follows:

AN ORDINANCE regulating the Installation and Maintenance in Buildings of Plumbing, Water Supply, Gas and other Systems of Piping.

Be it Ordained by the Board of Aldermen of the City of New York as follows:

Section 1. Rules: The plumbing and drainage systems, water supply pipes, gas piping, steam or hot water heating or power systems, refrigerating systems and other systems of pipes or apparatus for holding or conveying gases, vapors or fluids hereafter installed and maintained in or upon any building in the City of New York shall conform to such rules as may be provided for by law or may be found necessary for the protection of life, health or property, and adopted by the superintendent of buildings; and it shall be unlawful to use or permit the use of any such systems, piping or apparatus installed or maintained in violation of any of the provisions of this ordinance or the rules adopted hereunder.

Said rules, hereafter adopted, and any changes thereof, shall be published in the City Record on eight successive Mondays before they shall become operative.

Nothing herein contained or in the rules adopted hereunder shall require the alteration or reconstruction of any existing work that was lawfully installed, nor prevent repairs or the addition of new fixtures to existing work in conformity with the practice followed in the original installation, provided, however, that when such repairs involve the removal or alteration of more than one-half of the existing work affected by the repairs the rules in force at the time of such repairs shall apply.

Section 2. Shut-off Valves: Every building hereafter erected and also every existing building other than residence buildings occupied exclusively by one or two families and having not more than fifteen sleeping rooms, which may be supplied from some outside source with gas, vapor or fluid, shall have a conveniently accessible valve or other suitable device fixed to the supply pipes leading into the building at a place outside of the building, so arranged [as] either to allow the supply to be shut off. Such valve or other device shall be so marked as to indicate the contents and purposes of the supply pipe to which it is attached.

Section 3. Tests of Plumbing: It shall be unlawful to use or permit the use of any new system of plumbing and drainage hereafter installed in any building before the same has been tested under the supervision of the Bureau of Buildings and in accordance with its rules, to insure the tightness of the system, and until a proper and adequate water supply has been provided [], or the company to which it belongs.

The superintendent of buildings shall, within a reasonable time after being requested to do so, cause to be inspected and tested any system of plumbing and drainage that is ready for such inspection and test, and if the work is found satisfactory and the test requirements are complied with shall issue a certificate to that effect. Nothing herein contained shall prevent the inspection and test of part of a system or the issuance of a partial certificate, nor prevent the use of such part of a larger system provided that such part constitutes by itself a complete system properly tested and supplied with water.

Section 4. Tests of Gas Piping: It shall be unlawful to use or permit the use of any new system or an extension of an old system of gas piping in any building before the same has been inspected and tested under the supervision of the Bureau of Buildings and in accordance with its rules, to insure the tightness of the system. The superintendent of buildings shall, within a reasonable time after being requested to do so, cause to be inspected and tested any system of gas piping that is ready for such inspection and test, and if the work is found satisfactory and the test requirements are complied with, shall issue a certificate to that effect. Nothing herein contained shall prevent the use of existing systems of gas piping without further inspection or test unless said superintendent of buildings has reason to believe that defects exist which make the system dangerous to life or property.

Section 5. Registration of Plumbers: Once in each year every employing or master plumber carrying on his trade, business or calling in the City of New York shall register his name and address at the office of the Bureau of Buildings in the Borough of the said City in which he performs work, under such rules as the said Bureau may prescribe.

No person, corporation or copartnership shall engage in or carry on the trade, business or calling of employing or master plumber in the City of New York unless the name and address of such person and the president, secretary or treasurer of such corporation and each and every member of such copartnership shall have been registered as above provided.

Section 6. Enforcement; Penalties: This ordinance shall be deemed a part of the Building Code, and each superintendent of buildings shall, in his own borough, enforce its provisions and the rules adopted thereunder. Any and every violation of the provisions of this ordinance or of the rules adopted thereunder shall subject the owner, lessee or agent of the building or premises where such violation has been committed or shall exist, and the architect, builder, contractor, or any other person who has assisted in the commission of such violation, to the same legal procedure and the same penalties as are prescribed for violations of the Building Code; and such violation shall be subject to the same legal remedies and prosecuted in the manner prescribed in said Building Code.

Section 7. Existing Provisions Repealed: Section 141 and that portion of Section 89 of the Building Code of the City of New York reading:

"Every building other than a dwelling house hereafter erected, and all factories, hotels, churches, theaters, school-houses and other buildings of a public character now erected in which gas or steam is used for lighting or heating shall have the supply pipes leading from the street mains provided each with a stop-cock placed in the sidewalk at or near the curb, and so arranged as to allow of shutting off at that point,"

—and all rules relating to plumbing or parts thereof in conflict with or so far as inconsistent with the provisions of this ordinance are hereby repealed.

Section 8. This ordinance shall take effect immediately.

Sec. 2. This ordinance shall take effect immediately.

Report of the Committee on Finance in Favor of Adopting Resolution for \$486.25 Special Revenue Bonds for Sheriff of New York County to Cover 1914 Expenditures.

The Committee on Finance, to which was referred on March 9, 1915 (Minutes, page 1280), a request of the Sheriff of New York County for \$486.25 Special Revenue Bonds, to replenish 1914 appropriations, respectfully

REPORTS:

That, having examined the subject, it believes the expenditures covered by this deficit were necessary, and could not have been estimated in advance of the change in quarters. A detailed statement has been procured from the Sheriff and is appended hereto. The Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is

hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of Four hundred and eighty-six 25-100 dollars (\$486.25), the proceeds whereof to be used by the Sheriff of New York County for the purpose of meeting the following expenditures incurred during the year 1914:

Moving safes, steel cabinets, etc.....	\$282 50
Lettering windows, brass signs, etc.....	127 35
Purchase of typewriting machine.....	76 40

Report of the Committee on Finance in Favor of Adopting Resolution for \$55 Special Revenue Bonds to Meet Claims of Interpreters, Office of Coroners, Borough of Brooklyn, for Services Rendered in 1914.

The Committee on Finance, to which was referred on March 9, 1915 (Minutes, page 1287), the annexed request of the Board of Coroners, Borough of Brooklyn, for \$55 Special Revenue Bonds to meet claims of Interpreters for services rendered during months of September, October and December, 1914, respectfully

REPORTS:

That, having examined the subject, it believes the proposed appropriation to be necessary. A full statement of the facts in connection with this application is contained in the letter of request.

The Committee recommends that the said resolution be adopted.

Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of Fifty-five Dollars (\$55), the proceeds whereof to be used by the Board of Coroners, Borough of Brooklyn, for the purpose of paying unpaid claims of Interpreters during the months of September, October and December, 1914.

Coroner's Office, 236 Duffield St., near Fulton St., Borough of Brooklyn, Chief Clerk, Michael A. Cunneen. New York, March 8, 1915.

To the Board of Aldermen, City Hall, New York City:

Gentlemen—We have in our office claims for services of Interpreters during the months of September, October and December, 1914, amounting to fifty-five dollars (\$55).

In a resolution passed by your honorable body on December 22, 1914, and approved by his Honor the Mayor, January 4, 1915, the Board of Estimate and Apportionment was requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of Three Hundred Dollars (\$300), to pay claims for services of Interpreters in this office. Unfortunately, the resolution was worded so as to restrict the Comptroller from issuing Revenue Bonds for the purpose of paying such claims other than those of November and December, 1914.

As a consequence, bonds to the amount of only Two Hundred and Forty Dollars (\$240) were issued and claims to that amount were paid. This excluded the claims of Edward Vacy for September, amounting to Ten Dollars (\$10), for October amounting to Twenty Dollars (\$20), and December for Five Dollars; and the claims of Herman A. Schlessinger for September, amounting to Twenty Dollars (\$20).

We, therefore, ask that your honorable body request the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to the amount of Fifty-five Dollars (\$55), and we submit the accompanying resolution to that effect for your consideration.

Respectfully yours,

ERNEST C. WAGNER, Coroner.

Report of the Committee on Finance in Favor of Adopting Resolution for \$6,000 Special Revenue Bonds for Salaries of Thirty Additional Keepers for Department of Correction, from April 1 to June 30, 1915, Inclusive.

The Committee on Finance to which was referred on March 9, 1915 (Minutes, page 1330), the annexed request from the Commissioner of Correction for \$6,000 Special Revenue Bonds for additional keepers, respectfully

REPORTS:

That, having examined the subject, it believes the proposed allowance to be necessary. The statement made in the letter of request as to the unprecedented increase in population in the penal institutions is sufficient to warrant this extra number of keepers.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of six thousand dollars (\$6,000), the proceeds whereof to be used by the Department of Correction for the purpose of paying the wages of thirty keepers at the rate of \$800 per annum for three months ending June 30, 1915.

Department of Correction of The City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York, March 6, 1915.

Hon. GEORGE MCANENY, President, the Board of Aldermen, The City of New York:

Sir—Pursuant to provisions of subdivision 8, section 188 of the revised City Charter, I respectfully request authorization of special revenue bonds to the amount of six thousand dollars (\$6,000) for the use of this Department during the current year.

This request is based upon the need for additional Keepers required in the Department on account of the abnormal institutional inmate census, which is to-day over fifty per cent. greater than the census on January 1, 1914. The inmate population of our institutions on January 1, 1914, was 4,602. The population on January 1, 1915, was 7,304. The budget for 1915 contemplated a possible population of 5,000. The budget for the year 1914 provided for 252 Keepers. The budget for the year 1915 provided for 262 Keepers, or an increase of but 10 Keepers. Therefore, against an increase of over fifty per cent. more population we have budgetary provision for less than four per cent. of the number of Keepers.

The situation in the Department is now so acute that immediate action on this request is necessary. With the coming of spring it is necessary to undertake outdoor development work and this work in itself calls for a greater amount of custodial supervision. The request for six thousand (\$6,000) dollars herewith submitted is to enable the employment of thirty Keepers for a period of three months, all Keepers so requested to be paid at the rate of \$800 per annum.

Special revenue bonds were requested on December 8, 1914, and subsequently allowed, for the employment of ten additional Keepers up to March 31, 1915. The request as now submitted contemplates the continuance of these ten additional Keepers and the employment of a further twenty.

I may add that the population of the institutions has steadily increased during the five years ending January 1, 1914, whereas the number of Keepers for this period had remained practically static, so that even without the excessive and abnormal increase of population since January 1, 1914, the Department has been, since my incumbency of office, handicapped by a shortage of Keepers, as instanced by the penitentiary riots of June, 1914. Respectfully submitted,

KATHARINE BEMENT DAVIS, Commissioner.

The Committee on Finance to which was referred on March 9, 1915 (Minutes, page 1587), the annexed resolution in favor of an issue of \$5,000 Special Revenue Bonds for general repairs to the house of the President of the College of The City of New York, respectfully

REPORTS:

That, having examined the subject, it believes that some improvement is necessary to make this residence more habitable, but it feels that \$2,000 will be ample for

the purpose, and it, therefore, recommends that the accompanying substitute be adopted.

Report of the Committee on Public Letting in Favor of Adopting Resolution to the Board of Estimate and Apportionment to Purchase Two Adding Machines, Without Public Letting.

The Committee on Public Letting, to which was referred on January 26, 1915 (Minutes, page 427), the annexed request from the Board of Estimate and Apportionment for authority to purchase two adding machines without public letting, at a cost not to exceed \$1,146.60, respectfully

REPORTS:

That, having examined the subject, it believes the proposed permission to be

necessary. These machines are constructed on a special model, at the request of the Committee on Pensions, and can only be purchased from one Company, so that no advantage can be obtained by advertising.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That, pursuant to the provisions of section 419 of the Greater New York Charter, the Secretary of the Board of Estimate and Apportionment be and he is hereby authorized and empowered to purchase two adding machines for the use of the Mayor's Commission on Pensions, and subsequent use of other City departments, at a cost not to exceed one thousand one hundred and forty-six dollars and sixty cents (\$1,146.60), without public letting.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Commissioner of Public Charities to Purchase Blankets Without Public Letting.

The Committee on Public Letting, to which was referred on January 26, 1915 (Minutes, page 427), the annexed request from the Department of Public Charities for authority to purchase thirty-five hundred blankets, without public letting, respectfully

REPORTS:

That, This request was referred to this Committee on January 26, 1915, in connection with an appropriation for \$10,000 Special Revenue Bonds, which passed the Board of Aldermen on the same day, and was approved by the Mayor on February 2, after which it was forwarded to the Board of Estimate and Apportionment, where it is still awaiting action. The Committee was informed by Deputy Commissioner Thompson at its meeting March 15, that the Department has been authorized by the Board of Estimate and Apportionment to use funds now at its disposal through budgetary appropriations and look for reimbursement later. It then went ahead and purchased blankets to the amount of \$8,621.52, without authority from the Board of Aldermen.

This is not the first time that the administrators of this department in their zeal for the work entrusted to them have pursued their own course in apparent disregard of the laws regulating City expenditures. Other departments, when faced with emergencies requiring action by the Board of Aldermen, appear at Board meetings and present their case so that they may conduct the City business in the manner prescribed by the charter, and in each such instance their requests have been furthered and advanced in every way.

This Committee now gives notice that it intends to hold strictly to the provisions of section 419 of the Charter, and heads of departments will be held accountable for any action taken by them in contravention of the mandates of said section.

The Committee recommends the adoption of the accompanying resolution.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Public Charities be and he is hereby authorized and empowered to purchase in the open market, without public letting, thirty-five hundred blankets for emergency purposes in connection with the Municipal Lodging House, at a cost not to exceed eight thousand six hundred and twenty-one dollars and fifty-two cents (\$8,621.52).

REPORTS:

That, having examined the subject, it believes the proposed permission to be necessary. This course has been followed for a number of years and found advantageous both in respect to the quality of the provisions and the cost.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of Section 419 of the Greater New York Charter, the Board of Trustees of Bellevue and Allied Hospitals be and it is hereby authorized and empowered to purchase in the open market, without public letting, the fresh fruits and vegetables required during the year 1915, for the employees of the various hospitals of the department, at a cost not to exceed twelve thousand dollars (\$12,000).

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Department of Water Supply, Gas and Electricity to Repair Pumps, Boilers, Engines, Etc., Without Public Letting.

The Committee on Public Letting, to which was referred on February 2, 1915 (Minutes, page 713), the annexed request from the Department of Water Supply, Gas and Electricity for authority to repair engines, pumps, boilers, during 1915, without public letting, at a cost not to exceed \$12,000, respectfully

REPORTS:

That, having examined the subject, it believes the proposed authorization to be necessary. It has been customary to give this permission for a number of years past, and it has always resulted successfully.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of Section 419 of the Greater New York Charter, the Commissioner of Water Supply, Gas and Electricity be and he is hereby authorized and empowered to enter into contract, without public letting, for the repair of engines, pumps, boilers, submerged mains and appurtenances, during the year 1915, to the extent of twelve thousand dollars (\$12,000).

JOHN DIEMER, WILLIAM F. QUINN, JACOB WEIL, FRANK T. DIXSON, FRANK DOSTAL, JR., LOUIS JACOBSON, JOHN KOCHENDORFER, WILLIAM DUGGAN, Committee on Public Letting.

City of New York, Department of Water Supply, Gas and Electricity, Office of the Commissioner, Municipal Building, New York City, January 27, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen, City Hall, New York City:

Dear Sir—It is estimated that the amount of money required for the repair of engines, pumps, boilers and submerged mains for the current year will be approximately \$12,000. For many years past the Department has annually obtained permission from the Board of Aldermen to expend a certain sum of money for similar work without the formality of advertising for competitive bids. Owing to the uncertainty of the extent of repairs or replacements in the pumping equipment and accidents which occur to the submarine pipes by reason of the dragging of anchors, it is impracticable to prepare contract specifications upon which competitive bids could be secured. You will readily appreciate that it is essential in each instance to make the repairs promptly in order that there will be as little interruption as possible in the delivery of water.

I therefore respectfully request that the Board of Aldermen grant me permission to expend a sum of money not exceeding \$12,000 for the above purposes, the expenditures to be made on open market orders as required. Respectfully,

WILLIAM WILLIAMS, Commissioner.

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Department of Correction to Purchase an Automobile, Without Public Letting.

The Committee on Public Letting, to which was referred on March 9, 1915 (Minutes, page 1280), the annexed request from the Department of Correction, for authority to purchase a passenger automobile without public letting, at a cost not to exceed \$2,000, respectfully

REPORTS:

That, in accordance with the custom in such cases, it approves of this request. Experience has shown departmental heads that better results can be obtained by direct purchase than by advertising, when automobiles are in question.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of Section 419 of the Greater New York Charter, the Commissioner of Correction be and hereby is authorized and empowered to purchase a passenger automobile for administrative use, at a cost not to exceed two thousand dollars (\$2,000), without public letting.

Department of Correction of The City of New York, Commissioner's Office, Municipal Building, Centre and Chambers Streets, New York, March 2, 1915.

Hon. GEORGE MCANENY, President, Board of Aldermen.

Dear Sir—An authorization is requested from the Board of Aldermen for permission for this department to purchase a passenger automobile for administrative use, without formal advertisement or contract on account of the special character of the intended purchase and on account of the fact that the purchase of this automobile may be expedited. Special revenue bonds in the amount of Two Thousand (\$2,000) Dollars were authorized under resolution of the Board of Aldermen dated February 9, 1915. Respectfully,

KATHARINE BEMENT DAVIS, Commissioner.

Reports of Committee on Public Thoroughfares—

No. 1390—(G. O. No. 557).

Report of the Committee on Public Thoroughfares in Favor of Adopting Resolution to Change Name Oliver Place, Borough of Brooklyn, to Olive Place.

The Committee on Public Thoroughfares, to which was referred on February 9, 1915 (Minutes, page 791), the annexed request of the President of the Borough of Brooklyn for change of name of Oliver Place to Olive Place, respectfully

REPORTS:

That it believes the proposed change of name to be necessary to correct what is obviously a typographical error in laying out the borough map.

It, therefore, recommends that the accompanying resolution be adopted.

Resolved, That the street lying between Pleasant Place and Eastern Parkway, and extending from Atlantic Avenue to Herkimer Street, in the Borough of Brooklyn, now placed upon the map as "Oliver Place," be and the same is hereby changed to and shall hereafter be known and designated as "Olive Place," and the President of the Borough is hereby authorized and requested to note the change in the maps and records of The City of New York.

The City of New York, Office of the President of the Borough of Brooklyn, Brooklyn, February 2, 1915.

Hon. the Board of Aldermen, Aldermanic Chamber, City Hall, New York City:

Gentlemen—By resolution of your Board, approved by the Mayor April 5, 1906, a street lying between Pleasant Place and Eastern Parkway, and extending from Atlantic Avenue to Herkimer Street, was placed upon the map as "Oliver Place." This was due no doubt to a typographical error as the name of the street should have been Olive Place, and is so known in this borough, appears upon the street signs and in the Brooklyn directory as such.

I, therefore, respectfully ask your Honorable Board to take up this matter and adopt a resolution making this correction, at your early convenience.

Yours very respectfully, E. W. VOORHIES, Commissioner of Public Works.

Report of the Committee on Public Thoroughfares in Favor of Adopting Resolution to Name New Street, Southerly Extension of Seventh Avenue, in the Borough of Manhattan.

The Committee on Public Thoroughfares, to which was referred on March 1, 1915 (Minutes, page 1245), the annexed resolution relative to the naming of the new street, southerly extension of Seventh avenue, in the Borough of Manhattan, respectfully

REPORTS:

That it held a public hearing on the proposed change of name of this new street, Varick street and Seventh avenue, to one thoroughfare known as Seventh avenue, and as a result thereof this resolution was offered. The Committee understands that this resolution is satisfactory to all persons interested.

It, therefore, recommends that the said resolution be adopted.

Resolved, That so much of the new street formed by the southerly extension of Seventh avenue, running from Eleventh street to its intersection with Varick street and Carmine street, in the Borough of Manhattan, be and the same is hereby designated and shall hereafter be known as Seventh avenue, and the President of the Borough is hereby authorized and requested to note the naming thereof on the maps and records of The City of New York accordingly, and to number and renumber the buildings on said thoroughfare, when the same shall become necessary, in such manner and to such extent as may be necessary.

Reports of Committee on Salaries and Offices—

No. 1424—(G. O. No. 559).

Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Fix Compensation of Certain Janitors, Board of Education.

The Committee on Salaries and Offices, to which was referred on February 16, 1915 (Minutes, page 1060), the annexed resolution in favor of fixing the compensation of certain janitors in the Department of Education, respectfully

REPORTS:

That, having examined the subject, it believes the proposed changes to be necessary. The reductions covered by the resolution are of the usual character when certain machinery is discontinued or where an allowance is made for rent.

It, therefore, recommends that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 11, 1915:

Whereas, By opinions of the Corporation Counsel, as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education was illegal unless such salary shall have been established under the provisions of section 56 of the Greater New York Charter; and

Whereas, The Special Committee on Janitorial Compensation and the Committee on School Inquiry, Board of Estimate and Apportionment, submitted a Joint Report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the janitorial force of the Board of Education; therefore be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Charter, recommends to the Board of Aldermen pending action by the Board of Education on the aforesaid report, the compensation of Janitors in the Department of Education be fixed temporarily and until further modified, in accordance with the following list:

Janitor, Public School No. 8, Richmond, for care of a portable building, per annum	\$144 00
Janitor, Public School No. 95, Queens, per month	100 00
Janitor, Public School No. 73, Queens, per annum, less \$221	816 00
Janitor, Public School No. 124, Manhattan, per annum, less \$360	1,158 00
Janitor, Public School No. 45, Queens	1,716 00
Janitor, Public School No. 1, Brooklyn	1,524 00
Janitor, Public School No. 37, Brooklyn	1,800 00
Janitor, Public School No. 111, Brooklyn	1,680 00

Janitor, Public School No. 173, Brooklyn	4,008 00
Janitor, Public School No. 172, Manhattan	3,672 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the compensation of said positions as set forth therein.

Report of the Committee on Salaries and Offices in Favor of Adopting Resolution to Fix Compensation of Certain Janitors, Department of Education.

The Committee on Salaries and Offices, to which was referred on March 9, 1915 (Minutes, page), the annexed resolution in favor of fixing the compensation of certain Janitors in the Department of Education, respectfully

REPORTS:

That, having examined the subject, it believes the proposed changes to be necessary. The reductions, two in number, contemplated by this resolution, are determined by what is apparently an equitable rent allowance.

It, therefore, recommends, that the accompanying resolution be adopted.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a stated meeting held February 26, 1915:

Whereas, By opinions of the Corporation Counsel, as of June 28 and July 30, 1910, the Comptroller was advised that the payment of salaries of Janitors in the Department of Education was illegal unless such salary shall have been established under the provisions of Section 56 of the Greater New York Charter; and

Whereas, The Special Committee on Janitorial Compensation and the Committee on School Inquiry, Board of Estimate and Apportionment, submitted a joint report on March 27, 1913, which contained detailed suggestions and recommendations for the reorganization of the janitorial force of the Board of Education; therefore, be it

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of Section 56 of the Charter, recommends to the Board of Aldermen, pending action by the Board of Education on the aforesaid report, the compensation of Janitors in the Department of Education be fixed temporarily, and until further modified, in accordance with the following list:

Janitor, Public School 53, Manhattan, per annum, less \$299	\$2,904 00
Janitor, Public School 38, Manhattan, for cleaning snow and ice from sidewalks of premises on February 4, 1915	2 25
Janitor, Public School 56, The Bronx, per month	100 00
Janitor, Public School 22, Richmond, per month, less \$221	1,692 00

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the compensation of said positions as set forth therein.

Report of Committee on Water and Light—

No. 1243.

Report of the Committee on Water and Light in Favor of Filing Resolution for Lamps in Front of the Church of Our Saviour, in the Borough of The Bronx.

The Committee on Water and Light, to which was referred on January 12, 1915 (Minutes, page 348), a resolution in favor of recommending to the Commissioner of Water Supply, Gas and Electricity that lamp posts be erected and lamps placed thereon in front of church at 183rd Street and Washington Avenue, respectfully

REPORTS:

That having examined the subject, it believes the proposed resolution to be unnecessary, the matter having been taken up with the Commissioner directly by the parties interested.

It, therefore, recommends that the said resolution be placed on file.

Report of the Committee on Finance in Favor of Adopting Resolution for \$250 Special Revenue Bonds for Moving Office Furniture, Etc., Surrogate of Queens County.

The Committee on Finance, to which was referred on March 1, 1915 (Minutes, page 1204), the annexed request from the Surrogate of Queens County for \$250 Special Revenue Bonds to pay expenses of moving office equipment into new quarters, respectfully

REPORTS:

That, having examined the subject, it believes the proposed allowance to be necessary and reasonable. The work must be performed and this office has no funds available for the purpose.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of Two hundred and fifty dollars (\$250), the proceeds whereof to be used by the Surrogate of Queens County for the purpose of paying cost of moving office furniture and records from present temporary to permanent quarters.

All obligations contracted for hereunder to be incurred on or before December 31, 1915.

The Committee on Finance, to which was referred on March 1, 1915 (Minutes, page 1204), the annexed request from the President of the Borough of Manhattan for \$3,410 Special Revenue Bonds for maintenance and care of three public markets, respectfully

REPORTS:

That, having examined the subject, it believes the larger part of the proposed allowance to be necessary. The request is endorsed by the representative of the Comptroller in charge of markets, who reports it as reasonable. As the money cannot be made available until April 1st at the earliest, the committee recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of three thousand, four hundred and ten dollars (\$3,410), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of meeting expense of maintenance of public markets at 129th Street and 3d Avenue, Queensboro Bridge, and Manhattan Bridge, itemized as follows:

Report of the Committee on Finance in Favor of Adopting Resolution for \$11,600 Special Revenue Bonds for Repairs to Building Occupied as Jefferson Market.

The Committee on Finance, to which was referred on March 1, 1915 (Minutes, page 1241), the annexed request from the President of the Borough of Manhattan for \$11,400 Special Revenue Bonds for repairs to building occupied as Jefferson Market, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary and advisable. Representative citizens, residents of this vicinity, urge this much needed repair, predicting a corresponding increase in rents when it is shown that the City is prepared to properly maintain this market. The estimate of cost submitted seems reasonable, and recognizing the imperative need for these repairs, the Committee recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of Subdivision 8 of Section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of eleven thousand six hundred dollars (\$11,600), the proceeds whereof to be used by the President of the Borough of Manhattan for the purpose of reconstructing the present building occupied as Jefferson Market, as follows:

Report of the Committee on Public Letting in Favor of Adopting Resolution to Authorize the Department of Water Supply, Gas and Electricity to Purchase an Automobile Truck Without Public Letting.

The Committee on Public Letting, to which was referred on February 9, 1915 (Minutes, page 794), the annexed request from the Commissioner of Water Supply, Gas and Electricity for authority to purchase an automobile truck, without public letting, at a cost not to exceed \$1,760, respectfully

REPORTS:

That, having examined the subject, it believes the requested authorization to be warranted by the proposition recited in the letter of application. This seems to be an opportunity for the City to secure a bargain.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That, in pursuance of the provisions of section 419 of the Greater New York Charter, the Department of Water Supply, Gas and Electricity be and it is hereby authorized and empowered to purchase an automobile truck in the open market, without public letting, at a cost not to exceed \$1,760.

City of New York, Department of Water Supply, Gas and Electricity, Office of the Commissioner, Municipal Building, New York City, February 8, 1915.

Hon. GEORGE MCANENY, President of the Board of Aldermen, City Hall, New York City:

Dear Sir—The Department is in need of an automobile truck to be used for transporting supplies and material between the different repair yards and storehouses. An allowance of \$1,800 has been made in the budget for the purchase of such truck. This amount is insufficient to buy one of the standard gasoline auto trucks of the required weight. I therefore found it necessary to consider the purchase of an electric truck. Inquiries have been made in the trade as to the grade of electric automobile which could be procured for an amount not exceeding the budget allowance. Those of a standard make are more costly.

The Charles Broadway Rouss Company has submitted a proposition to sell a two-ton electric truck of the General Vehicle Company manufacture for the sum of \$1,760. It is of last year's design. The company agrees to have the truck completely overhauled, painting it as desired by the Department, providing two new rear tires, attaching a buffer so as to protect the dashboard, and transfer the guarantee which it holds on the battery to this Department. The original cost of this truck was \$3,195.

I consider this proposition an advantageous one for The City and I respectfully request that the Board of Aldermen authorize me to purchase the truck referred to on an open market order.

Respectfully,

WILLIAM WILLIAMS, Commissioner.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

GENERAL ORDERS.

No. 550—Int. No. 1211.

Report of the Committee on Codification of Ordinances, Concerning Introductory No. 1211, Entitled "An Ordinance Constituting the Code of Ordinances of The City of New York."

To the Board of Aldermen:

Pursuant to the direction of the Board, the Committee has given further consideration to the above entitled ordinance proposition. The suggestions recently received by the Committee, looking to changes in the document, consisted mainly of propositions for the inclusion of new matter therein, which have been uniformly rejected. Several recommendations concerning transfers of provisions from one place to another in the work have, however, appeared desirable, and these transfers have been made, in all cases with the consent of the officers having jurisdiction of the matters affected by such provisions. The Committee has also had its attention called to a few typographical errors and minor clerical mistakes in the proposed ordinance, all of which have been remedied in the substitute ordinance, which is herewith presented.

The most material change made by the Committee has been effect in the repealing clause of the ordinance, section 1 of chapter 28. There the Committee has deemed it advisable to make it clear that only "general" ordinances are affected, for the reason that the charter requires that only "general" ordinances shall be codified, and for the further reason that provision should be clearly made to continue in full force all "special" ordinances, such as the tax levy and those relating to issues of corporate stock, fixing salaries and kindred subjects.

The Committee recommends that the accompanying ordinance, entitled "An ordinance constituting the Code of Ordinances of The City of New York," be substituted for the ordinance of like title, Introductory No. 1211, introduced February 9, 1911, and that the substitute ordinance be adopted. Very respectfully,

W. H. PENDRY, Chairman; ARNON L. SQUIERS, HARRY ROBITZEK, JOHN KOCHENDORFER, F. H. STEVENSON, CLARENCE SCHMELZEL, LOUIS JACOBSON, I. M. ROSENBLUM, LOUIS WENDEL, Jr.

March 9, 1915.

(For text of Code see proceedings of the Board of Aldermen of March 9, 1915.)

In connection herewith Alderman Curran offered the following:

1. That subdivision 2 of §5 of chapter 2 of the pending ordinance be amended to read as follows:

2. For fees heretofore known as mayoral fees now collectible by the Department of Licenses, except as otherwise provided by law;

2B. That §3 of chapter 3 of the pending ordinance be amended by substituting the words "three months" for the words "one month" in the fourth line thereof.

3. That the heading of §39 of chapter 3 of the pending ordinance be amended by substituting the word "ventilating" for the word "ventilation."

4. That subdivision 1 of §252 of the pending ordinance be amended by substituting for the words "stalls in" in the sixth line thereof the word "stables" and a comma.

5. That there be inserted after §11 in chapter 19 of the pending ordinance the following section inadvertently dropped out in the last print of the document, namely:

§12. Transfers. Every railroad company must carry each passenger for a single fare upon its cars without change therefrom to any regular stopping place desired by him upon the car route in the direction of the destination so designated; and for every violation of this section there shall be recovered against the company so offending a penalty of \$100; but this provision shall not apply to a transfer made to a connecting line going in a different direction from that in which such car may be going nor where by reason of any accident compliance with this section is rendered impossible.

6. That §5 of chapter 14 of the pending ordinance be hereby amended by adding at the end thereof the following sentences:

"The commissioner or a deputy commissioner of licenses, the chief of the division of licensed vehicles or the chief of the Brooklyn office of the department shall have power to hear and determine complaints against licensees hereunder and impose a fine of not more than \$5 or less than \$1 for any violation of the provisions of this chapter, and each of such officers shall have power to suspend a license pending the payment of such fine. All such fines when collected shall be paid into the Sinking Fund for the Redemption of the City Debt."

7. That Section 25 of Chapter 15 of Article 2 be amended by substituting in place of the words "East Broadway," the words "Madison Street."

Memorandum as to Amendments.

1. The first amendment is the only one suggested by the Finance Department. It aims to conform the subdivision to be amended to the existing ordinance. As the subdivision stands, it contains new matter which was inserted therein with the idea that it conformed to the law creating the Department of Licenses. This situation the Comptroller's experts have only just discovered, and they advise me that it is very necessary that the provision shall be amended without delay.

2. The second amendment is necessary to conform the section indicated to the existing ordinance which reads "three months" instead of one month.

3. The third amendment is a typographical error of little consequence, but which may as well be corrected.

4. The fourth amendment will cure another typographical error of minor importance, to which attention was not called until yesterday.

5. The fifth amendment adds a section of the existing code which was contained in all the previous editions of the new Code, but was dropped out in transferring the "car stop" provision from chapter 19 to chapter 24, as required by the vote of the Board.

As these amendments can be readily made and will dispose of all the criticisms of the Code that are meritorious, I suggest that they be adopted. It has been my ambition to make a clean job of this undertaking and I do not think it would be workmanlike to leave hanging the loose ends that these amendments would pick up.

Respectfully submitted, A. MACNULTY, Assistant Corporation Counsel.

March 16, 1915.

The amendments were adopted and the Code of Ordinances as amended was again laid over.

An Ordinance Relating to Traffic Regulations Governing the Use of the Grand Boulevard and Concourse in the Borough of The Bronx.

By Alderman Milligan—
AN ORDINANCE relating to traffic regulations governing the use of the Grand Boulevard and Concourse in the Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The following regulations shall govern vehicular traffic upon the drives and roads of the Grand Boulevard and Concourse in the Borough of The Bronx:

1. Side Drives. The side drives are primarily for the use of passenger automobiles and motor cycles of all kinds. Trucks, delivery wagons and other business vehicles are prohibited from using the same, except when requisite for the purpose of stopping at property fronting thereon, and in such cases the use thereof by such vehicles is prohibited further than is necessary for entering upon and leaving the Concourse by the nearest side street or streets.

2. Stopping. Vehicles intending to stop will draw up close to the curb and must not occupy more than one-half the width of the driveway or stand so that the length thereof is otherwise than parallel to the curb.

3. East Drive. The east drive is for north-bound traffic.

4. West Drive. The west drive is for south-bound traffic.

5. Center Drive. The center drive is for the use of north and south bound horse-drawn pleasure vehicles and for equestrians, but not for business traffic of any kind.

6. The storage of building or other material in any of the roadways is prohibited, except upon special permit from the Borough President of The Bronx.

7. Application of Police Regulations. "The Rules for Driving and Regulation of Street Traffic," issued by the Police Department of the City of New York, and the "Rules of the Road" of the Code of Ordinances shall not apply to the Grand Boulevard and Concourse where they conflict with the foregoing Rules and Regulations.

Section 2. Any person who shall violate any provision of this Ordinance shall, upon conviction thereof, be punished by a fine of not more than Ten Dollars or by imprisonment for not exceeding ten days.

Which was referred to the Committee on General Welfare.

No. 1571.

Resolution of Request for Transfer of Jurisdiction Over Certain Part of Park Ave., Borough of Manhattan, to Park Department, for Playground and Recreation Purposes.

By Aldermen James F. Mullen and Trau—
Resolved, That the Board of Estimate and Apportionment (under the provisions of section 243a of the Greater New York Charter, Chapter 331, Laws of 1913) be and it is hereby requested to transfer jurisdiction over the space directly beneath the viaduct on Park avenue, between 110th and 120th streets, in the Borough of Manhattan, from the President of the Borough to the Commissioner of Parks for the Boroughs of Manhattan and Richmond, for use as playground and recreation centers.

Which was referred to the Committee on Public Thoroughfares.

No. 1572.

An Ordinance to Amend Article 15, Chapter 5, of the Code of Ordinances of The City of New York.

By Alderman McNally—
AN ORDINANCE to amend Article 15, Chapter 5, of the Code of Ordinances of The City of New York.

Be it Ordained, by the Board of Aldermen of The City of New York, as follows:

Section 1. Article 15, Chapter 5, of the Code of Ordinances of The City of New York is hereby amended to read as follows:

ARTICLE 15.

Iron [or] and steel construction.

 311. Framing and connecting.
 312. Bolting.
 313. Riveting.]

Section 300. Cast-iron columns.

301. Steel columns.
302. Column bases.
303. Lintels, beams and girders.
304. Framing and connecting.
305. Trusses.
306. Riveting.
307. Bolting.
308. Tie rods.
309. Templates.
310. Protection against corrosion.
311. Protection against fire.
312. Metal fronts.
313. Use of old materials.

§ 300. [General provisions. 1. Fire-proof casing. Where columns are used to support iron or steel girders carrying inclosure walls, the said columns shall be of

cast iron, wrought iron or rolled steel, and on their exposed outer and inner surfaces be constructed to resist fire by having a casing of brickwork not less than 8 inches in thickness on the outer surfaces, nor less than 4 inches in thickness on the inner surfaces, and all bonded into the brickwork of the inclosure walls. The exposed sides of the iron or steel girders shall be similarly covered in with brickwork not less than 4 inches in thickness on the outer surfaces and tied and bonded, but the extreme outer edge of the flanges of beams, or plates or angles connected to the beams, may project to within 2 inches of the outside surface of the brick casing. The inside surfaces of girders may be similarly covered with brickwork, or if projecting inside of the wall, they shall be protected by terra cotta, concrete or other fireproof material.

2. Girders. Girders for the support of the inclosure walls shall be placed at the floor line of each story.

3. Metal fronts. All cast-iron or metal fronts shall be backed up or filled in with masonry of the thickness provided for in §§ 251 and 252 of this chapter.

4. Painting. All structural metal work shall be cleaned of all scale, dirt and rust, and be thoroughly coated with one coat of paint. Cast-iron columns shall not be painted until after inspection under the supervision of the superintendent of buildings. Where surfaces in riveted work come in contact, they shall be painted before assembling. After erection all work shall be painted at least one additional coat.

5. Subaqueous work. All iron or steel used under water shall be inclosed with concrete.

[§ 301.] Cast iron columns. 1. Dimensions. Cast iron columns shall not have a smaller outside [less] diameter or side than 5 inches [or less thickness than $\frac{3}{4}$ of an inch.], [N]or shall they have an unsupported length [of more than 20 times their least lateral dimensions or diameter, except as modified by § 51 of this chapter, and except the same may form part of an elevator inclosure or staircase, and also except in such cases as the superintendent of buildings may specially allow a greater unsupported length.] greater than that allowed by § 52 of this chapter.

[2. Construction. All cast-iron columns shall be of good workmanship and material. The top and bottom flanges, seats and lugs shall be of ample strength, reinforced by fillets and brackets; they shall be not less than one inch in thickness when finished. All columns must be faced at the ends to a true surface perpendicular to the axis of the column.]

3. Joints. Column joints shall be secured by not less than 4 bolts each, not less than $\frac{3}{4}$ of an inch in diameter. The holes for these bolts shall be drilled to a template.

4. Core. The core of a column below a joint shall not be larger than the core of the column above and the metal shall be tapered down for a distance of not less than 6 inches, or a joint plate may be inserted of sufficient strength to distribute the load.]

2. [5.] Thickness of metal. The thickness of metal shall be not less than [1-12] one-twelfth the diameter [of the greatest lateral] or least dimension of cross section, but never less than $\frac{3}{4}$ three-fourths of an inch. When necessary, the thickness shall be increased near the end so that the core of a column below a joint shall not be larger than the core of the column above, in which case the metal may be tapered down for a distance of not less than 6 inches; or a joint plate may be inserted of sufficient strength to distribute the load. Wherever the core of a cast iron column has shifted more than $\frac{1}{4}$ one-fourth the thickness of the shell, [the strength shall be computed, assuming] the thickness of the metal all around shall be assumed equal to the thinnest part [and the column shall be condemned if this computation shows the strength to be less than required by this chapter.]

3. Workmanship. a. Joints. Cast iron columns shall be machine faced at the end to a true surface perpendicular to the axis. They shall be bolted together with at least four bolts, not less than three-quarters of an inch in diameter, passing through the flanges, the bolts being of sufficient length to allow the nuts to be screwed up tightly; and as each column is placed in position, the bolts shall also be placed in position and the nuts shall be screwed up tightly.

b. Flanges. Where cast iron columns rest one on top of another, the top flange of the lower column shall project on all sides not less than three inches from the outer surfaces of the column, and the shape and dimensions of the bottom flange of the upper column shall be the same as those of the top flange of the lower column, except that when a column is placed on a lot line, the flanges on the side toward such lot line may be omitted, if not required for bolting. Flanges shall be at least one inch in thickness when finished, and reinforced by fillets and brackets when necessary.

c. Bolt holes. All holes in cast iron columns shall be drilled. The diameter of the holes shall not exceed that of the bolts by more than one-sixteenth of an inch.

4. Limitation. Cast iron columns shall not be used in any case where the load is so eccentric as to cause tension in the cast iron. Nor shall they be used for such parts of the structural frame of buildings which are required to resist stresses due to wind.

5. Inspection. [6. Defects.] No cast iron column shall be set in place until it has passed an inspection satisfactory to the superintendent of buildings. Wherever blowholes or imperfections are found in a cast iron column which reduce[s] the area of the cross section at that point more than 10 per cent. such column shall be condemned. [7. Test-holes.] Cast iron [posts or] columns not cast with one open side or back, [before being set up in place,] shall have [a] three-eighths [$\frac{3}{8}$] inch holes drilled in the shaft [of each post or column by the manufacturer or contractor furnishing the same,] to exhibit the thickness of the castings, as may be required by the superintendent of buildings. [and any other similar sized hole or holes, which the superintendent of buildings may require shall be drilled in the said posts or columns by the manufacturer or contractor at his own expense.] Cast iron columns shall not be painted before inspection.

[8. Shoes or Plates. Iron or steel shoes or plates shall be used under the bottom tier of columns to properly distribute the load on the foundation. Shoes shall be placed on top.]

[§ 301. Steel columns. 1. Length. No steel column shall have an unsupported length greater than that allowed by Section 52 of this chapter.]

[§ 302. Columns of steel or wrought iron. 1. Dimensions.] 2. Design. No part of a steel [or wrought iron] column shall be less than $\frac{1}{4}$ one-quarter of an inch thick. No material, whether in the body of the column or used as a lattice bar or stay plate, shall be used [in any wrought iron or steel column] of less thickness than [1-32] one-thirty-second of its unsupported width, measured between centers of rivets transversely, [of] or [1-16] one-sixteenth the distance between centers [or] of rivets in the direction of the stress. [No wrought iron or rolled steel column shall have an unsupported length of more than 40 times its least lateral dimension or diameter, except as modified by § 51 of this chapter, and also except in such cases as the superintendent of buildings may specially allow a greater unsupported length.] Stay plates are to have not less than 4 rivets, and are to be spaced so that the ratio of length to the least radius of gyration of the parts connected does not exceed 40, the distance between nearest rivets of two stay plates in this case being considered as length. In built-up columns the thickness of any outstanding member shall not be less than one-twelfth the width of the outstanding portion.

3. Joints. The ends of all columns shall be faced to a plane surface at right angles to the axis of the columns. Wherever practicable the connection between them shall be made with splice plates. When splice plates cannot be used a connection formed of plates and angles, designed to properly distribute the stress, may be used.

[2. Construction. Steel and wrought iron columns shall be made in one, two or three-story lengths, and the materials shall be rolled in one length wherever practicable to avoid intermediate splices.] Where any part of the section of a column projects beyond that of the column above or below, the difference shall be made up by filling plates secured to the column by the proper number of rivets. [The ends of all columns shall be faced to a plane surface at right angles to the axis of the columns, and the connection between them shall be made with splice plates. The joint may be effected by rivets of sufficient size and number to transmit the entire stress, and then the splice plates shall be equal in sectional area to the area of column spliced. When the section of the columns to be spliced is such that spliced plates cannot be used, a connection formed of plates and angles may be used, designed to properly distribute the stress.] All column connections shall be riveted.

[3. Stay plates. Stay plates are to have not less than 4 rivets, and are to be spaced so that the ratio of length by the least radius of gyration of the parts connected does not exceed 40; the distance between nearest rivets of two stay plates shall in this case be considered as length.]

4. Shoes or plates. Shoes of iron or steel, as described for cast-iron columns,

or built shoes of plates and shapes may be used, complying with the same requirements.]

[§ 302. Column bases. Whenever necessary to properly distribute the load, iron or steel shoes shall be used under the bottom tier of columns. Cast iron bases or shoes shall be not less than one inch thick in any part. If any side of the bed plate exceeds three feet in length, a reinforcing flange at least four inches high shall be provided around the outer edges. All cast iron bases or shoes shall be planed on top, and, when resting on steel girders, on both top and bottom. Bases or shoes of steel plates and shapes shall be designed to meet the requirements of § 301 of this chapter. Nothing in this section shall prevent iron or steel bases being made as part of the columns.]

[§ 303. Double columns. In all buildings hereafter erected or altered, where any iron or steel column or columns are used to support a wall or part thereof, whether the same be an exterior or an interior wall, and columns located below the level of the sidewalk which are used to support exterior walls or arches over vaults, the said column or columns shall be either constructed double—that is, an outer and an inner column, the inner column alone to be of sufficient strength to sustain safely the weight to be imposed thereon, and the outer columns shall be 1 inch shorter than the inner columns, or such other iron or steel column of sufficient strength and protected with not less than two inches of fireproof material securely applied, except that double or protected columns shall not be required for walls fronting on streets or courts.]

[§ 304. Joint-plates for open-back columns. Iron or steel posts or columns, with one or more open sides and backs, shall have solid iron plates on top of each, excepting where pierced for the passage of pipes.]

[§ 305. Party wall posts. If iron or steel posts are to be used as party posts in front of a party wall, and intended for two buildings, then the said posts shall be not less in width than the thickness of the party wall, nor less in depth than the thickness of the wall to be supported above. Iron or steel posts in front of side, division or party walls, shall be filled up solid with masonry and made perfectly tight between the posts and walls. Intermediate posts may be used, which shall be sufficiently strong, and the lintels thereon shall have sufficient bearings to carry the weight above with safety.]

[§ 303. Lintels, beams and girders. 1. Cast iron lintels. [§ 307. Lintels. Cast iron lintels shall not be used for spans exceeding 16 feet.] Cast iron lintels [or beams] shall be not less than three-quarters [$\frac{3}{4}$] of an inch in thickness [in any of their parts.] at any point, and shall not be used for spans exceeding six feet.]

2. Rolled beams. Steel beams used in building construction shall be such that the load to be supported shall not cause a greater deflection than one-thirtieth of an inch per foot of span.

3. Double beams as girders. [§ 306. Girders. 1. Use of Beams.] When rolled steel [or wrought iron] beams are used in pairs to form a girder, they shall be connected together by bolts and iron separators at intervals of not more than 5 feet. All beams 12 inches and over in depth shall have at least 2 bolts to each separator. Pipe separators may be used only in grillage beams or when the space between the beams is filled with concrete.

4. Riveted girders. The thickness of the web in riveted girders shall be not less than one-one hundred and twentieth of the distance between flange angles, and in no case less than one-quarter inch. If the unsupported depth of the web plate exceeds 60 times its thickness, stiffeners shall be used at intervals not exceeding 120 times the thickness of the web. Stiffeners of sufficient strength shall also be provided over supports and under concentrated loads.

[2. Riveting. Rivets in flanges shall be placed so that the last value of a rivet for either shear or bearing is equal or greater than the increment of strain due to the distance between adjoining rivets. All other rules given under riveting shall be followed. The length of rivets between heads shall be limited to 4 times the diameter.]

5. [3.] Lateral bracing. The compression flanges of steel beams and [plate] girders shall be secured against buckling, if [its] the length exceeds [30] twenty times [its] their width [.] , [If splices are used, they shall fully make good the members spliced in either tension or compression.] unless the working stresses in such flanges are proportioned to the ratio of length to width as provided for steel columns in § 52 of this chapter.

[4. Stiffeners. Stiffeners shall be provided over supports and other concentrated loads; they shall be of sufficient length as a column, to carry the loads, and shall be connected with a sufficient number of rivets to transmit the stresses into the web girders. Stiffeners shall fit so as to support the flanges of the girders. If the unsupported depth of the web plate exceeds 60 times its thickness, stiffeners shall be used at intervals not exceeding 120 times the thickness of the web.]

[§ 304. [311.] Framing and connecting. All columns, beams, trusses and all other iron or steel work [trimmer beams, headers, and tail beams] shall be suitably framed and connected together [and the iron or steel girders, columns, beams, trusses and all other iron work or all floors and roofs shall be strapped, bolted, anchored and connected together] and to the walls. All beams framed into and supported by other beams or girders shall be connected thereto by angles or knees of a proper size and thickness [and have], with sufficient bolts or rivets [in both legs of each connecting angle] to transmit the entire [weight or] load [coming on the beam to the supporting beam or girder. In no case shall the shearing value of the bolts or rivets or the bearing value of the connection angles, provided for in § 53 of this chapter, be exceeded.] , or by seats of sufficient strength and the necessary angles or knees to hold the beam in place. Beams resting on girders shall be securely riveted or bolted to the same.

[§ 305. [310.] Trusses. 1. General [provisional] design. Trusses shall be of such design that the stresses in each member can be calculated.]

2. Lateral bracing. All trusses shall be held rigidly in position by efficient systems of lateral [and] or sway bracing. [., struts being spaced so that the maximum limit of length to least radius of gyration, established in § 51 of this chapter, is not exceeded. Any member of a truss subjected to transverse stress, in addition to direct tension or compression, shall have the stresses causing such strain added to the direct stresses coming on the member, and the total stresses thus formed shall in no case exceed the working stresses stated in § 53 of this chapter. No bolts shall be used in the connections of riveted trusses, excepting when riveting is impracticable, and then the holes shall be drilled or reamed.]

3. Tension members. [2. Riveted trusses.] For tension members, the actual net area only, after deducting rivet holes [1-8] one-eighth inch larger than the rivets, shall be considered as resisting the stress. [If tension members are made of angle irons riveted through one flange only, only that flange shall be considered in proportioning areas. Rivets to be proportioned as prescribed in §§ 53 and 313 of this chapter. If the axes of two adjoining web members do not intersect within the line of the chords, sufficient area shall be added to the chord to take up the bending strains.]

[3. Pin connected trusses. The bend stresses on pins shall be limited to 20,000 pounds for steel and 15,000 pounds for iron.] 4. Compression members. [All c] Compression members in pin-connecting trusses shall be [proportioned using] designed so that the stresses shall not exceed 75 per cent. of the permissible working stresses for columns.

5. Eye bars. The heads of all eye bars shall be made by upsetting or forging. No weld will be allowed in the body of the bar. Steel eye bars shall be annealed. Bars shall be straight before boring. Eyes and screw ends shall be so proportioned that upon test to destruction, fracture will take place in the body of the member.

6. Pins. All pins shall be accurately turned. All pinholes shall be bored true and at right angles to the axis of the members, and must fit the pins within one-thirty-second of an inch. [The distances of pinholes from centre to centre for corresponding members shall be alike, so that, when piled upon one another, pins will pass through both ends without forcing. Eyes and screw ends shall be so proportioned that upon test to destruction, fracture will take place in the body of the member. All pins shall be accurately turned. Pin-plates shall be provided wherever necessary to reduce the stresses on pins to the working stresses prescribed in § 53 of this chapter. These pin-plates shall be connected to the members by rivets of sufficient size and number to transmit the stresses without exceeding working stresses. All rivets in members of pin-connected trusses shall be machine-driven. All rivets in pin-plates which are necessary to transmit stress shall be also machine-driven. The main connections of members shall be made by pins. Other connections may be made by bolts. If there is a combination of riveted and pin-connected members in one truss, these members shall comply with the requirements for pin-connected trusses; but the riveting shall comply with the requirements of §§ 53 and 313 of this chapter.]

[§ 306. Riveting. 1. When required. All component parts of built-up columns, girders and trusses, including any splices in the same, shall be riveted.]

2. Spacing of rivets. The pitch of rivets shall never be less than three diameters of the rivet, nor more than 6 inches. In the direction of the stress it shall not exceed

16 times the least thickness of the outside member. At right angles to the stress it shall not exceed 32 times the least thickness of the outside member.

3. Distance from edge. [§ 313. Riveting.] The distance from centre of a rivet hole to the edge of the material shall not be less than:

- $\frac{3}{4}$ [$\frac{3}{4}$ of an inch for $\frac{1}{2}$ -inch rivets;
- 1 [$\frac{7}{8}$ of an inch for $\frac{3}{4}$ -inch rivets;
- $1\frac{1}{4}$ [$1\frac{1}{4}$ of an inch for $\frac{3}{4}$ -inch rivets;
- $1\frac{1}{2}$ [$1\frac{1}{2}$ of an inch for $\frac{7}{8}$ -inch rivets;
- $1\frac{3}{4}$ [$1\frac{1}{2}$ of an inch for 1-inch rivets;

[Wherever possible, however, the distance shall be equal to 2 diameters. All rivets, wherever practicable, shall be machine driven. The rivets in connections shall be proportioned and placed to suit the stresses. The pitch of rivets shall never be less than three diameters of the rivet, nor more than 6 inches. In the direction of the stress it shall not exceed 16 times the least thickness of the outside member. At right angles to the stress it shall not exceed 32 times the least thickness of the outside member. All holes shall be punched accurately, so that upon assembling a cold rivet will enter the hole without straining the material by drifting. Occasional slight errors shall be corrected by reaming. The rivets shall fill the holes completely; the heads shall be hemispherical and concentric with the axis of the rivet. Gussets shall be provided wherever required, of sufficient thickness and size to accommodate the number of rivets necessary to make a connection.]

4. Length. The lengths of rivets, between heads, shall not exceed five times the diameters.

5. Driving. All shop rivets, wherever practicable, shall be machine driven. Rivets shall fill the holes completely. Rivet heads shall be hemispherical and concentric with the axis of the rivet.

§ 307. [312.] Bolting. 1. When permitted. Where riveting is not [made mandatory] required by the provisions of this chapter connections may be effected by bolts [These bolts shall be of wrought iron or], of mild steel, [and they shall have] with United States standard threads. The threads shall be full and clean, the nut shall be truly concentric with the bolt, and the thread shall be of sufficient length to allow the nut to be screwed up tightly. [When bolts go through bevel flanges, bevel washers to match shall be used so that head and nut of bolt are parallel.]

2. Suspenders. When the bolts are used for suspenders, the working stress [es] shall be reduced [for wrought iron to 10,000 pounds and for steel to 14,000] to 9,000 pounds per square inch of net area, and the load shall be transmitted into the head or nut by [strong] suitable washers [distributing the pressure evenly over the entire surface of the same. Turned bolts in reamed holes shall be deemed a substitute for field rivets].

§ 308. Tie rods. Whenever tie rods may be required by the provisions of this chapter in connection with iron and steel construction they shall be at least three-fourths of an inch in diameter. Holes for tie rods in floor arches shall be placed as near the thrust of the arch as practicable. The distance between tie rods in floors or roofs shall not exceed 8 times the depth of the beams nor 8 feet in any case.

[§ 308. Plates under ends of lintels and girders. When the lintels or girders are supported at the ends by brick walls or piers they shall rest upon cut granite or blue-stone blocks at least 10 inches thick, or upon cast-iron plates of equal strength by the full size of the bearings. In case the opening is less than 12 feet, the stone blocks may be 5 inches in thickness or cast-iron plates of equal strength by the full size of the bearings, may be used, provided that in all cases the safe loads do not exceed those fixed by § 53 of this chapter.]

[§ 309. Floor and roof beams. 1. General specifications. All rolled steel and wrought iron floor and roof beams used in buildings shall be of full weight, straight and free from injurious defects. Holes for tie rods shall be placed as near the thrust of the arch as practicable. The distance between tie rods in floors shall not exceed eight feet, and shall not exceed 8 times the depth of floor beams 12 inches and under. Channels or other shapes, where used as skewbacks, shall have a sufficient resisting moment to take up the thrust of the arch. Bearing plates of stone or metal shall be used to reduce the pressure on the wall to the working stress. Beams resting on girders shall be securely riveted or bolted to the same; where joined on a girder, tie-straps of $\frac{1}{2}$ inch net sectional area shall be used, with rivets or bolts to correspond. Anchors shall be provided at the ends of all such beams bearing on walls.

2. Templates. Under the ends of all iron or steel beams where they rest on the walls, a stone or cast-iron template shall be built into the walls. Templates under ends of steel or iron beams shall be of such dimensions as to bring no greater pressure upon the brickwork than that allowed by § 53 of this chapter. When rolled iron or steel floor beams, not exceeding 6 inches in depth, are placed not more than 30 inches on centres, no templates shall be required.]

§ 309. Templates. When any lintel, beam, girder or truss is supported at either end by a wall or pier, it shall be properly anchored thereto and shall rest upon a template or shoe of cast iron, steel or stone of such design and dimensions as to safely distribute its load on the masonry, except that when beams, not exceeding 6 inches in depth, are placed not more than 30 inches on centres, no templates shall be required.

§ 310. Protection against corrosion. 1. Painting. All structural iron and steel work shall be cleaned of all scale, dirt and rust and be thoroughly coated with one coat of paint before erection, except that cast iron columns shall not be painted until after inspection. Where surfaces in riveted work come in contact, they shall be painted before assembling. After erection all work shall be painted at least one additional coat of a different shade than the first.

2. Subaqueous work. All iron or steel used under water shall be encased in concrete.

§ 311. Protection against fire. Any iron or steel construction hereafter placed in any building to support a wall or part thereof or a sidewalk, shall be protected with not less than two inches of fireproof material securely applied, except that in non-fireproof buildings such protection shall not be required for columns above the sidewalk level supporting walls fronting on streets.

§ 312. Metal fronts. Metal fronts or facias hereafter erected on the exterior of buildings over one story high shall be backed up or filled in with masonry not less than eight inches thick.

§ 313. Use of old material. Nothing in this article shall prevent the use of old steel or wrought-iron shapes provided that the working stresses used do not exceed three-fourths of those specified in this chapter for steel, and that the provisions of this article are otherwise complied with.

Section 2. Section 350 of Article 17, Chapter 5, of the Code of Ordinances of The City of New York, is hereby amended by adding thereto a sub-division, to be known as sub-division 6, as follows:

6. Fireproof casing. Where columns are used to support iron or steel girders carrying inclosure walls, the said columns shall be of cast iron, wrought iron, or rolled steel, and on their exposed outer and inner surfaces be constructed to resist fire by having a casing of brickwork not less than 8 inches in thickness on the outer surfaces, nor less than 4 inches in thickness on the inner surfaces, and all bonded into the brickwork of the inclosure walls. The exposed sides of the iron or steel girders shall be similarly covered in with brickwork not less than 4 inches in thickness on the outer surfaces and tied and bonded, but the extreme outer edge of the flanges of beams, or plates or angles connected to the beams, may project to within 2 inches of the outside surface of the brick casing. The inside surfaces of girders may be similarly covered with brickwork, or if projecting inside of the wall, they shall be protected by terra cotta, concrete or other fireproof material.

Section 3. Nothing in this ordinance shall require any alteration in any iron or steel construction already fabricated under the requirements of the provisions heretofore in force.

Section 4. This ordinance shall take effect immediately. Which was referred to the Committee on Buildings.

No. 1573.

An Ordinance to Amend Article 14, Chapter 5, of the Code of Ordinances of The City of New York.

By the same—

AN ORDINANCE to amend Article 14, Chapter 5, of the Code of Ordinances of The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. Article 14, Chapter 5, of the Code of Ordinances of the City of New York is hereby amended to read as follows:

ARTICLE 14.

Wood Construction.

[Section 280. General provisions.

281. Columns.

282. Beams.

283. Trusses.]

Section 280. Wood beams and girders.

281. Wood columns and posts.

282. Bolting.

283. Stud partitions.

284. Fire stops.

§ 280. [General provisions. 1. Bolting. All bolts in connection with timber and wood beam work shall be provided with washers of such proportions as will reduce the compression on the wood at the face of the washer to that allowed in § 53 of this chapter, supposing the bolt to be strained to its limit.

2. Fire stops. All wood beams and other timbers in the party wall of every building built of stone, brick or iron shall be separated from the beam or timber entering in the opposite side of the wall by at least 4 inches of solid masonry work.]

Wood beams and girders. 1. Width of beams. No wood floor or roof beam used in any building hereafter erected within the fire limits shall be less than three inches thick.

2. Supports. Every wood beam, except header and tail beams, shall have bearings of at least four inches. The ends of all such beams, where they rest on brick walls, shall be cut to a bevel of three inches in their depth. In no case, except in frame buildings, shall either end of a floor or roof beam be supported on stud partitions. All wood trimmer, header and tail beams over four feet in length, unless supported on a wall or girder, shall be hung in approved metal stirrups or hangers.

3. Bridging. All wood floor and roof beams shall be properly braced with cross bridging. The distance between bridging or between bridging and bearing shall not exceed eight feet.

4. Anchoring. a. Beams in walls. Each tier of beams shall be anchored to the walls at intervals of not more than six feet with approved steel or wrought iron anchors.

b. Beams on girders. The ends of wood beams resting upon girders shall be butted end to end and strapped by steel or wrought iron straps in the same beam as the wall anchors, or they may lap each other at least 12 inches and be well spiked or bolted together where lapped.

c. Girders. Wood girders shall be anchored to the walls and fastened to each other by suitable steel or wrought iron straps.

d. Anchor strips. Each tier of wood beams running parallel to enclosing walls shall be anchored to such walls with approved anchor strips, and similarly to every pier.

5. Fire prevention. a. Trimming around flues. All wood beams shall be trimmed away from all flues and chimneys. The header and trimmer beams shall not be less than 4 inches from the outside face of the chimney. Any header beam supporting a trimmer arch in front of a fireplace shall be not less than 20 inches from the face of the chimney breast.

b. Separation in walls. Every wooden beam in any masonry or fire wall shall be separated from any other beam in the wall by at least four inches of solid masonry.

§ 281. [Columns.] Wood columns and posts. All [timber] wood columns and posts shall be squared at the ends perpendicular to their axes[.], and [To prevent the unit stresses from exceeding those fixed in this chapter, timber or iron] cap and base plates shall be provided. Where the cap plate of a wood column or post supports a wood girder, any column above shall bear directly on the cap and shall not rest on the girder. Additional iron or steel cheek plates shall be placed between the cap and base plates and bolted to the girders, when required to transmit the loads with safety.

§ 282. [Beams. 1. Carrying capacity. The safe carrying capacity of wood beams for uniformly distributing loads shall be determined by multiplying the area in square inches by its depth in inches and dividing the product by the span of the beam in feet. This result is to be multiplied by 70 for hemlock, 90 for spruce and white pine, 120 for oak and by 140 for yellow pine. The safe carrying capacity of short span timber beams shall be determined by their resistance to shear in accordance with the unit stresses fixed by § 53 of this chapter.

2. Floor or roof beams. No wood floor beams or wood roof beams used in any building hereafter erected shall be of less thickness than three inches. The ends of all such beams, where they rest on brick walls, shall be cut to a bevel of 3 inches on their depth. In no case shall either end of a floor or roof beam be supported on stud partitions, except in frame buildings, and all such beams shall be properly bridged with cross bridging, and the distance between bridging or between bridging and walls shall not exceed 8 feet. Every wood beam except header and tail beams shall rest at one end 4 inches in the wall or upon a girder, as authorized by this chapter.

3. Trimmer and header. All wood trimmer and header beams shall be proportioned to carry with safety the loads they are intended to sustain. Every wood header or trimmer more than 4 feet long, used in any building, shall be hung in stirrup iron of suitable thickness for the size of the timbers.

4. Anchors and straps. Each tier of beams shall be anchored to the side, front, rear or party walls at intervals of not more than 6 feet apart, with good, strong, wrought iron anchors of not less than $1\frac{1}{2}$ inches by $\frac{3}{4}$ of an inch in size, well fastened to the side of the beams by two or more nails made of wrought iron of at least $\frac{3}{4}$ of an inch in diameter. Where the beams are supported by girders, the girders shall be anchored to the walls and fastened to each other by suitable iron straps. The ends of wood beams resting upon girders shall be butted together end to end and strapped by wrought-iron straps of the same size and distance apart and in the same beam as the wall anchors, and shall be fastened in the same manner as said wall anchors, or they may lap each other at least 12 inches and be well spiked or bolted together where lapped.

Each tier of beams, front and rear, opposite each pier, shall have hardwood anchor strips dovetailed into the beams diagonally, which strips shall cover at least 4 beams and be 1 inch thick and 4 inches wide, but no such anchor strips shall be let in within 4 feet of the centre line of the beams; or wood strips may be nailed on the top of the beam and kept in place until the floors are being laid. Every pier and wall, front or rear, shall be well anchored to the beams of each story, with the same size anchors as are required for side walls, which anchors shall hook over the fourth beam.

5. Fire prevention. All wood beams shall be trimmed away from all flues and chimneys, whether the same be a smoke, air or any other flue or chimney. The trimmer beam shall not be less than 8 inches from the inside face of a flue, and 4 inches from the outside of a chimney breast, and the header beam not less than 2 inches from the outside face of the brick or stone work of the same; except that for the smoke flues of boilers and furnaces where the brickwork is required to be 8 inches in thickness, the trimmer beam shall be not less than 12 inches from the inside of the flue. The header beam, carrying the tail beams of a floor, and supporting the trimmer arch in front of a fireplace, shall be not less than 20 inches from the chimney breast.]

Bolting. All bolts in wood construction shall be provided with washers of such proportions that the compression on the wood at the face of the washer will not exceed the working stresses prescribed in this chapter.

§ 283. [Trusses. When compression members of trusses are of timber they shall be strained in the direction of the fibre only. When timber is strained in tension it shall be strained in the direction of the fibre only. The working stress in timber struts of pin-connected trusses shall not exceed 75 per cent. of the working stresses established in § 53 of this chapter.]

Stud partitions. Stud partitions which rest directly over each other and are not parallel with wood floor beams, shall run down between the wood floor beams and rest on the top plate of the partition below, and shall have the studding filled in solid between the uprights to the depth of the floor beams with suitable incombustible materials.

§ 284. Fire stops. 1. Studded-off spaces. Where walls are studded-off, the space between the inside face of the wall and the studding directly over such space shall be fire-stopped with fireproof material, for a depth of not less than 4 inches, securely supported; or the beams directly over the studded-off space shall be deafened with not less than 4 inches of fireproof material.

2. Wainscoting. The surface of the wall or partition behind wainscoting shall be plastered flush with the grounds and down to the floor line.

3. Woodwork prohibited. No wood furring or woodwork of any kind shall be placed directly against the face of any chimney or flue. No woodwork shall be placed within four inches of the back wall of any fireplace.

Section 2. Sections 443, 444 and 445 of Article 21 of Chapter 5 of the Code of Ordinances of The City of New York are hereby repealed.

Section 3. This ordinance shall take effect immediately.

Which was referred to the Committee on Buildings.

ANNOUNCEMENT.

At the request of Alderman McNally, Chairman of the Committee on Buildings, the President announced that said Committee would hold a public hearing on Introductory Nos. 1572 and 1573, in the Aldermanic Chamber, City Hall, on Thursday, April 1, 1915, at 2 o'clock p. m.

No. 1574.

Resolution to Appoint Dr. George J. Sensert as the Physician of the Jail of the County of The Bronx.

By Alderman Ferguson—

Resolved, That Dr. George J. Sensert, residing at 654 Courtland Avenue, Bronx, who is first on the State Civil Service List for the position of County physician, be and he is hereby appointed, pursuant to Section 348 of the prison law and Section 1586 of the Greater New York Charter, as the physician of the jail of the County of the Bronx.

Which was referred to the Committee on Salaries and Offices.

No. 1575.

Resolution to Appoint Dr. Herman T. Radin as the Physician of the Jail of the County of The Bronx.

By Alderman Milligan—

Resolved, That Dr. Herman T. Radin be and he is hereby appointed, pursuant to Section 348 of the Prison Law and Section 1586 of the Greater New York Charter, as the physician to the jail of the County of the Bronx.

Which was referred to the Committee on Salaries and Offices.

Commissioner Dayton moved that the Board do now adjourn.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative.

And the President declared that the Board stood adjourned until Tuesday, March 23, 1915, at 1:30 o'clock P. M.

P. J. SCULLY, City Clerk, and Clerk of the Board of Aldermen.

COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.**Proceedings of the Commissioners of the Sinking Fund, at a Meeting Held in Room 16, City Hall, at 11 o'clock A. M., on Wednesday, March 10, 1915.**

Present—John Purroy Mitchel, Mayor; Alexander Brough, Deputy and Acting Comptroller; George H. Bergen, Deputy and Acting Chamberlain; Henry H. Curran, Chairman, Finance Committee, Board of Aldermen.

Dock Department—Extension of Piers Between Gansevoort Street and Pier 1, North River.

At a conference of the Corporate Stock Budget Committee of the Board of Estimate and Apportionment, held March 4, 1915, it was decided to approve all recommendations for issues of corporate stock for the extension of piers on the North River, between Gansevoort Street and Pier No. 1, out to the United States Government pierhead line, adopted March 1, 1913.

The following resolution, which was drafted by the Committee and transmitted to the Commissioners of the Sinking Fund for adoption, was then offered:

Resolved, That it is the sense of the Commissioners of the Sinking Fund that all piers on the North River, between Pier 1 and Gansevoort Street, should conform in length to the pierhead line established by the Secretary of War on March 1, 1913, and that accordingly those piers within said limits which do not extend to said line should be extended as soon as possible to said line; and be it further

Resolved, That, pursuant to the foregoing, North River Piers Nos. 14, 15, 19, 22, 23, 24, 31, 34, 40, 44, 46 and 47, should be extended to the said pierhead line, and the Dock Commissioner is hereby authorized to enter into negotiations with the lessees of the piers designated for amendments to leases providing for a proper rental for the additional space provided by the pier extensions; and the Commissioners of the Sinking Fund will recommend to the Board of Estimate and Apportionment the appropriation of the necessary funds for such extensions on the completion by the Dock Commissioner of satisfactory negotiations for rental as aforesaid.

Which resolution was adopted, all the members present voting in the affirmative.

Dock Department—Rescinding of Resolution Relative to an Issue of \$26,000 of Corporate Stock for the Construction of Extension to Pier No. 20, North River.

The following communication was received from the Commissioner of Docks: Pier A, North River, March 5, 1915.

Hon. JOHN PURROY MITCHEL, Mayor, and Chairman of the Commissioners of the Sinking Fund:

Dear Sir—At a conference with the Corporate Stock Budget Committee of the Board of Estimate and Apportionment yesterday I urged that the City should declare it to be its policy that the North River piers between Gansevoort street and Pier No. 1 be extended out to the United States Government pierhead line, adopted March 1, 1913, as rapidly as possible. The following resolution was drafted which, I understand, the Commissioners of the Sinking Fund will be asked to pass at their next meeting:

"Resolved, That it is the sense of the Commissioners of the Sinking Fund that all piers on the North River, between Pier 1 and Gansevoort street, should conform in length to the pierhead line established by the Secretary of War on March 1, 1913, and that accordingly those piers within said limits which do not extend to said line should be extended as soon as possible to said line; and be it further

"Resolved, That, pursuant to the foregoing, North River piers numbers 14, 15, 19, 21, 22, 23, 24, 31, 34, 40, 44, 46 and 47 should be extended to the said pierhead line, and the Dock Commissioner is hereby authorized to enter into negotiations with the lessees of the piers designated for amendments to leases providing for a proper rental for the additional space provided by the pier extensions, and the Commissioners of the Sinking Fund will recommend to the Board of Estimate and Apportionment the appropriation of the necessary funds for such extensions on the completion by the Dock Commissioner of satisfactory negotiations for rentals, as aforesaid."

Without waiting action by your honorable Board upon this matter I took up at once the question involved in the extensions of Piers 20 and 21, North River, with president of the Erie Railroad at a conference yesterday afternoon. Upon my assurance to him that the City was about to adopt a policy outlined in the resolution quoted I was able to secure from him an offer to extend both Piers 20 and 21 to the Government line with money to be supplied by the railroad company. I am therefore preparing for recommendation to your Board a form of lease for the land under water at the established rate of twenty-seven and one-half cents per square foot.

The result of this negotiation will relieve the City from the necessity of lending its credit through the issue of corporate stock to build these much needed extensions.

On December 17, 1913, the Commissioners of the Sinking Fund passed a resolution recommending to the Board of Estimate and Apportionment the authorization of \$26,000 in corporate stock for the construction of an extension to Pier 20. This recommendation was favorably acted upon by the Board of Estimate and Apportionment on January 9, 1914. The present negotiation has made it unnecessary to continue this appropriation and I therefore request that your action of December 17, 1913, be rescinded.

On January 18, 1915, acting upon the request of the Mayor, to forward for consideration requests for corporate stock which could be used for work which might be undertaken during the present winter I requested among the items an authorization of \$30,800 in corporate stock for the construction of an extension to Pier 21. No action has been taken by your Board upon this request and I therefore withdraw it so far as it relates to the extension of Pier 21, North River.

Very truly yours, R. A. C. SMITH, Commissioner of Docks.

The following resolution was offered for adoption:

Resolved, That the resolution adopted by this Board at meeting held December 17, 1913, recommending to the Board of Estimate and Apportionment the authorization of Twenty-six thousand Dollars (\$26,000) Corporate Stock for the construction of extension to Pier 20, North River, be and the same is hereby rescinded.

Which resolution was adopted, all the members present voting in the affirmative.

City Magistrates' Court—Proposed Lease for, of a Court House to Be Erected at the Northeast Corner of 154th Street and Amsterdam Avenue, Borough of Manhattan.

The Deputy and Acting Comptroller brought up the matter of the proposed lease of a brick court house to be erected at the northeast corner of 154th Street and Amsterdam Avenue, Borough of Manhattan, which was on the calendar of the last meeting and laid over.

Which was again laid over.

Park Department, Borough of Brooklyn—Proposed Lease of a Pier to Be Built in Front of the Dreamland Site at Coney Island.

The Deputy and Acting Comptroller brought up the matter of the proposed lease of a pier to be built in front of the Dreamland site at Coney Island, which was on the calendar of the meeting held February 15, 1915, and referred to the Bureau of Contract Supervision of the Board of Estimate and Apportionment for a report.

A report was received from the Director of the Bureau of Contract Supervision. The matter was laid over and the Secretary directed to transmit a copy of the report to the Commissioner of Docks.

Proposed Sale at Public Auction of Property at Millburn Reservoir at Nassau County.

The Deputy and Acting Comptroller brought up the matter of the proposed sale at public auction, of so much of the property which has been turned over by the Department of Water Supply, Gas and Electricity, and known as the Millburn Reservoir in Nassau County.

Which was again laid over.

Sale at Public Auction of Property Located on West First Street, Borough of Brooklyn.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

February 27th, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—I am in receipt of an application to the Commissioners of the Sinking Fund from Messrs. Somerville & Somerville, attorneys for Jane Gilfeather, requesting the sale at public auction of property located on the westerly side of West First Street, distant 341 feet 6 3/4 inches southerly from the southwesterly corner of Sheepshead Bay Road, Borough of Brooklyn.

This is a plot of land 100 feet front on West First Street, and 200 feet in depth. Between this property and West First Street, as now laid out, is a 25-foot right-of-way, which was discontinued and closed under Chapter 769 of the Laws of 1897.

The petitioners offer to bid the sum of \$7,000 in the event of this land being offered for sale. This amount is to my mind the fair market value of the property.

I therefore respectfully recommend that the Commissioners of the Sinking Fund authorize the sale at public auction of all that certain piece or parcel of land, situated in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point on a line drawn parallel to and 25 feet westerly from the westerly line of West First Street, said point being 341 feet 6 3/4 inches southerly from the intersection of the southerly line of Sheepshead Bay Road with said line, which line is the westerly line of a 25-foot right-of-way as shown on map of Boulevard Lots Nos. 21 and 22 of Common Lands in the Town of Gravesend, as subdivided into lots situated on Coney Island, Town of Gravesend, Kings County, New York, by C. A. Voorhies; running thence southerly and parallel with West First Street 100 feet; running thence westerly and at right angles to West First Street, 200 feet; running thence northerly and parallel with West First Street 100 feet; running thence easterly and at right angles to West First Street 200 feet, to the point or place of beginning; said premises being known on the present Tax Maps of the Borough of Brooklyn as Lots 106, 108, 109, 112 and 115, in Block 7281, Section 21;—at an upset or minimum price of \$7,000, which I deem to be a fair appraisal of the value of the land, plus the cost of advertising the sale, upon the following terms and conditions:

The highest bidder will be required to pay ten per cent. (10%) of the amount of the bid, together with the auctioneer's fees at the time of the sale, and ninety per cent. (90%) upon the delivery of the deed, which shall be within sixty (60) days from the date of the sale.

The deed so delivered shall be in form of a bargain and sale deed, without covenants.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person so failing to comply therewith will be held liable for any deficiency which may result from such resale.

The right is reserved to reject any and all bids. Respectfully,

ALEX. BROUGH, Deputy and Acting Comptroller.

Resolved, That, pursuant to the provisions of Section 205 of the Greater New York Charter, as amended, the Commissioners of the Sinking Fund hereby authorize and order a sale at public auction of all that certain piece or parcel of land situate in the Borough of Brooklyn, City of New York, bounded and described as follows:

Beginning at a point on a line drawn parallel to and 25 feet westerly from the westerly line of West First Street, said point being 341 feet 6 3/4 inches southerly from the intersection of the southerly line of Sheepshead Bay Road with said line, which line is the westerly line of a 25-foot right of way as shown on map of Boulevard Lots Nos. 21 and 22 of Common Lands in the Town of Gravesend, as subdivided into lots situated on Coney Island, Town of Gravesend, Kings County, New York, by C. A. Voorhies; running thence southerly and parallel with west First Street 100 feet; running thence westerly and at right angles to West First Street, 200 feet; running thence northerly and parallel with West First Street 100 feet; running thence easterly and at right angles to West First Street 200 feet, to the point or place of beginning; said premises being known on the present Tax Maps of the Borough of Brooklyn as Lots 106, 108, 109, 112 and 115, in Block 7281, Section 21.

—the minimum or upset price at which said property shall be sold and is hereby appraised and fixed at the sum of seven thousand dollars (\$7,000), plus the cost of advertising the sale, and the Comptroller be and is hereby authorized and directed to take the necessary steps for conducting such sale upon the following terms and conditions.

The highest bidder will be required to pay ten per cent. (10%) of the amount of the bid, together with the auctioneer's fees at the time of the sale, and ninety per cent. upon delivery of the deed, which shall be within sixty (60) days from the date of the sale.

The deed so delivered shall be in the form of a bargain and safe deed, without covenants.

The Comptroller may, at his option, resell the property if the successful bidder shall fail to comply with the terms of the sale, and the person so failing to comply therewith will be held liable for any deficiency which may result from such resale.

The right is reserved to reject any and all bids.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Sale and Removal of Building Known as Old Public School 68, on the North Side of Henry Street, Borough of Queens.

The Deputy and Acting Comptroller presented the following report and offered the following resolution:

March 5, 1915.

To the Honorable the Commissioners of the Sinking Fund:

Gentlemen—A request has been received from the Board of Education for the sale and removal of the old building on the site of new Public School No. 68 on the northerly side of Henry Street about 150 feet westerly from Bergen Avenue, Evergreen, Borough of Queens, as the building is no longer needed and is a menace to the new school.

I therefore request that the Commissioners of the Sinking Fund, pursuant to the authority vested in them by Section 1553 of the Revised Charter, adopt a resolution authorizing the sale of the said building, and such a resolution is herewith transmitted.

Yours respectfully, ALEX. BROUGH, Deputy and Acting Comptroller.

Whereas, The Board of Education has requested the sale of a certain building hereinafter described, located in the Borough of Queens, acquired for school purposes,

Resolved, That the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, hereby authorize and order the sale at public auction or by sealed bids, at the highest marketable price, of the old building on the site of new Public School No. 68, on the northerly side of Henry Street, about 150 feet westerly from Bergen Avenue, Evergreen, Borough of Queens, which is more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 368, Municipal Building, Borough of Manhattan, upon the terms and conditions for the sale of buildings, etc., as authorized by the Commissioners of the Sinking Fund at a meeting held October 4, 1910.

The report was accepted and the resolution adopted, all the members present voting in the affirmative.

Magistrates' Court, First Division—Proposed Assignment to, of Room in the Criminal Courts Building.

The Chairman of the Finance Committee, Board of Aldermen, Chairman of the Committee appointed by the Board to find quarters for the First District Magistrates' Court, reported orally that the quarters heretofore mentioned which might be suitable for use of the Court, were found to be unsatisfactory by the Chief City Magistrate, and he therefore recommended that the room originally suggested in the Criminal Courts Building, that is on the first or ground floor, southwest corner, be assigned to the Magistrates' Court.

Discussion of the matter followed.

On motion, the matter was laid over, the Chairman of the Finance Committee voting in the negative.

Appointment of Appraiser.

The Deputy and Acting Comptroller informed the Board that the leases of premises Nos. 97-99 Park Row, 103 Park Row, and premises Nos. 24-26 Peck Slip, in the Borough of Manhattan, expired on May 1, 1912, and that by a unanimous opinion of the Court of Appeals, the lessors of these premises are entitled to a renewal of these leases. It is provided in the last renewal of each of the leases that the rental to be paid for the next renewal can be determined by two appraisers, one of whom shall represent the City of New York, and the other the lessor, and if they are unable to agree, these two appraisers are to select a third one. The Deputy and Acting Comptroller then offered the following resolution for adoption:

Resolved, That the Comptroller be and is hereby authorized to appoint an appraiser to represent the City of New York in the matter of the renewal of the leases of premises Nos. 97-99 Park Row, 103 Park Row and Nos. 24-26 Peck Slip, in the Borough of Manhattan.

Which resolution was adopted, all the members present voting in the affirmative.

Dock Department—In Re Open Market Adjacent to the Fort Lee Ferry.

At meeting held February 15, 1915, the Commissioners of the Sinking Fund approved an order of the Commissioner of Docks, directing the President of the Borough of Manhattan to remove or cause to be removed all structures on the marginal wharf adjacent to the Fort Lee Ferry, occupied as an open market, prior to March 1, 1915.

A delegation of the market men appeared before the Board and requested that an extension of time be given the occupants of the stands in order that they may have an opportunity to dispose of the stock on hand before the order goes into effect.

The Commissioner of Docks was also heard. The matter being entirely within the jurisdiction of the Commissioner of Docks, it was the sense of the Board that the Commissioner should be as lenient as possible in the matter.

Adjourned.

JOHN KORB, Jr., Secretary.

DEPARTMENT OF FINANCE

WARRANTS MADE READY FOR PAYMENT IN DEPARTMENT OF FINANCE WEDNESDAY, MARCH 17, 1915.

Below is a statement of warrants made ready for payment on the above date, showing therein the Department of Finance voucher number, the dates of the invoices or the registered number of the contract, the date the voucher was filed in the Department of Finance, the name of the payee and the amount of the warrant.

Where two or more bills are embraced in the warrant, the dates of the earliest and latest are given, excepting that, when such payments are made under a contract, the registered number of the contract is shown in the place of the second invoice date.

Where the word "final" is shown after the name of the payee, payment will not be made until thirty days after the completion and acceptance of the work, but all of the other warrants mentioned will be forwarded through the mail unless some reason exists why payment is to be made in person, in which event written notice will be promptly given to the claimant.

In making a written or verbal inquiry at this office for any of the above mentioned warrants, it is requested that reference be made by the Department of Finance voucher number.

WILLIAM A. PRENDERGAST, Comptroller.

Each candidate must offer at least two of the above foreign languages, in addition to Yiddish, and no candidate will be permitted to offer more than two of these languages. The languages offered by the candidate must be specified on his application blank, and candidates will not be examined in any languages other than those specified by them on their applications.

On the first day of the examination, candidates will be given a written test in Yiddish, and will be required to write a letter in English on an assigned subject.

Only those candidates who receive 70% on their written test in Yiddish, and 70% on their letter will be summoned for the subsequent tests of the examination.

The oral and the written tests in each of the other languages will be held on the same day, but the examination in all of the languages may not be held on the same day.

An eligible list will be prepared for each of the three specified Boroughs.

Applicants must be residents of the Borough for which application is made, at the time it is made, and their names will not be transferred to any other Borough list.

For the purpose of certification to the Municipal Courts, the eligible list for the Borough in which the vacancy exists will be certified.

For the purpose of certification to the Magistrates' Courts of the 2nd Division, the eligible lists for the Boroughs of Brooklyn, Queens and Richmond will be merged.

The minimum age is 21 years. The salary is \$1,200 to \$1,500 per annum. A physical examination will be held. Those who fail to pass the physical examination will not be summoned for the Mental Examination. Candidates who receive less than 70% in any test of the examination will not be summoned for the subsequent tests.

The character of each applicant will be subjected to a searching inquiry by the Bureau of Investigation. There are two vacancies in the City Magistrates' Courts in the 2nd Division at a salary of \$1,200 per annum. m16,30 ROBERT W. BELCHER, Secretary.

The time for the performance of the contract is during the 3 months ending June 30, 1915.

The amount of security required is thirty (30) per cent. of the amount of the bid or estimate.

No bid will be considered unless it is accompanied by a deposit, which shall be in the form of money, or a certified check upon one of the State or National Banks of the City of New York, drawn to the order of the Comptroller, or corporate stock or certificates of indebtedness of any nature issued by the City of New York and approved by the Comptroller as of equal value to the security required. Such deposit shall be in an amount not less than one and one-half (1½) per cent. of the total amount of the bid.

The bidder will state the price per pound, or other designated unit, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total and awards made to the lowest bidder on each line or class, as stated in the specifications.

Bids must be submitted in duplicate, each in a separate envelope. No bid will be accepted unless this provision is complied with.

Confirmation of Assessments.

NOTICE TO PROPERTY OWNERS.

IN PURSUANCE OF SECTION 1018 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice to all persons, owners of property, affected by the following assessments for LOCAL IMPROVEMENTS IN THE BOROUGH OF MANHATTAN:

NINETEENTH WARD, SECTION 5.
EAST SEVENTY-NINTH STREET—RE-STORED ASPHALT PAVEMENT in front of No. 430. Area of assessment: South side of East Seventy-ninth street, situate 194 feet west of Avenue A, known as Lot 34 in Block 1473.

The above assessment was certified to the Collector of Assessments and Arrears, under the provisions of section 391 of the Greater New York Charter.

—that the same was entered on March 11, 1915, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, and unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided by section 1019 of the Greater New York Charter.

Said section provides, in part, "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment, to charge, collect and receive interest thereon at the rate of seven per centum per annum to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Court House Square, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before May 20, 1915, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when such assessment became a lien to the date of payment.

Corporation Sale of Lease.

CORPORATION SALE BY SEALED BIDS OF THE LEASE OF CERTAIN CITY REAL ESTATE.

UPON THE AUTHORIZATION OF THE Commissioners of the Sinking Fund, and pursuant to a resolution adopted by them at a meeting held March 3, 1915, the Comptroller of the City of New York will sell by sealed bids on

WEDNESDAY, MARCH 24, 1915,

at 11 A. M. in Room 368, Municipal Building, Borough of Manhattan, the lease for a period of ten years from May 1, 1915, of the premises known as No. 20 Eldridge Street, being a plot of ground with improvements thereon located on the easterly side of Eldridge Street, distant about 100 feet southerly from the southeasterly corner of Canal and Eldridge Streets, in the Borough of Manhattan.

The Comptroller will receive sealed bids for the lease of the said premises for the said period at the minimum or upset price of Seventeen hundred dollars (\$1,700) per annum, payable quarterly in advance, and the said sale will be made upon the following

TERMS AND CONDITIONS:

The highest bidder will be required to pay twenty-five per cent. (25%) of the amount of the yearly rental at the time and place of sale. The amount so paid for one quarter's rent shall be forfeited if the successful bidder does not execute the lease when notified that it is ready for execution.

The successful bidder will also be required to give an undertaking in the amount of the annual rental bid, with two sufficient sureties, to be approved by the Comptroller, for the payment of the rent quarterly in advance and for the performance of the covenants and terms of the lease.

No person shall be received as lessee or surety who is delinquent on any former lease from the corporation, and no bid shall be accepted from any person who is in arrears to the corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the City, as provided by law.

The lease will be in the usual form of leases of like property and will contain in addition to other terms, covenants and conditions, as follows:

First—A clause providing that the lessee shall pay the usual rates for water per meter measurements, and comply with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Second—A clause providing that the lessee shall not make any alterations or improvements on the property except with the consent and approval of the Comptroller.

Third—A clause providing that during the term of the lease the lessee shall keep the building in proper repair, both inside and outside, and shall comply with all the laws and ordinances of the City of New York.

Fourth—A clause providing that all repairs, alterations and improvements made on or to the property by the lessee during the period of the lease shall become the property of the City of New York at the expiration of the lease.

Fifth—A clause granting to the lessee the privilege of renewal for a further term of ten years from May 1, 1925, at an increased rental of ten per cent. (10%), otherwise upon the same terms and conditions, upon ninety (90) days' written notice to the City.

The Comptroller shall have the right to reject any and all bids if deemed to be to the interest of the City of New York.

Corporation Sales of Buildings.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE BOARD OF Education, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids a certain building standing upon property owned by The City of New York, formerly used for school purposes, in the

Borough of Queens.

BEING the building formerly used as Public School No. 68 on the northerly side of Henry Street, about 150 feet westerly from Bergen Avenue, Evergreen, in the Borough of Queens, which is more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 368, Municipal Building, Borough of Manhattan.

PURSUANT to a resolution adopted by the Commissioners of the Sinking Fund, at a meeting held March 10, 1915, the sale by sealed bids of the above described buildings and appurtenances thereto will be held by direction of the Comptroller on

TUESDAY, MARCH 30, 1915,

at 11 A. M. in lots and parcels and in manner and form as follows:

PARCEL NO. 1: Building known as old Public School No. 68 on the northerly side of Henry Street, about 150 feet easterly from Bergen Avenue, Evergreen.

Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 368, Municipal Building, Borough of Manhattan, until 11.00 a. m. on the 30th day of Mar., 1915, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each parcel must be bid for separately and will be sold in its entirety, as described in above advertisement.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids, and that a deposit of \$500 will be sufficient to entitle bidders to bid on any or all of the buildings.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

Successful bidders will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of their bids.

The Comptroller reserves the right to reject any and all bids and to waive any defects or informalities in any bid should it be deemed in the interest of The City of New York to do so.

All bids must state clearly (1) the number or description of the building or buildings bid for, (2) the amount of the bid, (3) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes, marked "Proposals" to be opened March 30, 1915, and must be delivered, or mailed in time for their delivery, prior to 11 a. m. of that date to the "Collector of City Revenue, Room 368, Municipal Building, New York City," from whom any further particulars regarding the buildings to be disposed of may be obtained.

THE BUILDINGS WILL BE SOLD FOR IMMEDIATE REMOVAL ONLY, SUBJECT TO THE TERMS AND CONDITIONS PRINTED ON THE LAST PAGE OF THIS ISSUE OF THE "CITY RECORD."

DEPARTMENT OF BRIDGES.

Sale of Privileges.

SEALED BIDS WILL BE RECEIVED BY the Commissioner of Bridges at his office in the Municipal Building, Borough of Manhattan, until 2:00 o'clock P. M. on

WEDNESDAY, MARCH 31, 1915.

FOR THE PRIVILEGE OF ERECTING AND MAINTAINING A STAND UNDER THE NORTH STAIRWAY OF THE BROOKLYN BRIDGE AT PARK ROW IN THE BOROUGH OF MANHATTAN.

The successful bidder will be permitted to erect a stand on land approximating 300 square feet under the above named stairway for the sale of cigars, cigarettes, pipes, tobacco, etc. No flowers, fruits, confectionery, soda, post cards, newspapers, periodicals nor intoxicating drinks shall be placed on sale.

The bid will be for the privilege of maintaining a stand on the above mentioned land until December 31, 1917.

The stand shall be constructed of a character similar to plans on file in the Department of Bridges. Any change in design of these plans must be submitted for approval to the Commissioner of Bridges.

The price bid shall be at a certain sum per month, payable in advance; the rental to commence 10 days after successful bidder has been notified by Commissioner of Bridges.

No bid will be considered unless accompanied by a certified check or cash for an amount equal to the last quarter of the first year's proposed rental or privilege, which shall be retained by the City of New York and credited as rental for the last quarter of the first year's occupancy.

The stand erected by the successful bidder shall become the property of the City of New York after the first year of occupancy. If it becomes necessary, for City purposes, to terminate the privilege before the end of the year

the stand so erected will become the property of the City of New York on the payment to the occupant of the stand of a sum equal to one-half of the monthly rental for this privilege. Further, if this privilege is terminated after the first nine months of occupancy and before the end of the first year's occupancy a proportional amount of the deposit retained by the City, representing the period of time during the last quarter of unexpired privilege, will be returned to the successful bidder.

If it becomes necessary, for City purposes, to terminate the privilege after the first year of occupancy and previous to December 31, 1917, a sixty days' notice in writing to that effect by the Commissioner of Bridges will be given to the occupant to vacate.

The bids will be compared and the privilege will be awarded to the highest responsible bidder. The right is reserved by the Commissioner of Bridges to reject all bids should he deem it to the interest of the City so to do.

Blank forms and further information can be obtained at the office of the Department of Bridges. F. J. H. KRACKE, Commissioner.

PUBLIC NOTICE IS HEREBY GIVEN THAT the public hearing on the petition of the United Electric Service Company for an amendment of contract dated December 16, 1909, as amended by contract dated October 29, 1912, granting said Company a franchise to construct, maintain and operate wires or other electrical conductors under the streets and avenues in the Borough of Manhattan, and that portion of the Borough of The Bronx, lying west of the Bronx River, for the purpose of maintaining and operating an electrical signalling system for the calling of messengers and an electrical burglar system and a fire alarm system, so that the minimum sums, which it is required to pay under the contract, will more nearly and equitably correspond with the returns which the Company obtains, which was, by resolution adopted February 5, 1915, fixed for March 5, 1915, was, on the latter date, continued until March 19, 1915, at 10 o'clock in the forenoon in Room 16, City Hall, Borough of Manhattan, when and where all citizens interested will have an opportunity to appear and be heard.

JAMES D. MCGANN, Assistant Secretary, Room 1307 Municipal Building, Telephone 4560 Worth.

Dated New York, March 5, 1915. m9,19

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day, the following resolutions were adopted:

Whereas, The Yonkers Electric Light and Power Company, The Westchester Lighting Company, The New York Edison Company, and The United Electric Light and Power Company have, under date of May 28, 1913, made joint application to this Board for the grant of the right, privilege and franchise to construct, maintain and operate ducts, conduits, poles and towers and the necessary fixtures attached thereto, upon a route along the Catskill Aqueduct Line between the City of New York and the boundary line between the Counties of Westchester and Putnam, and to place wires therein or thereon for the purpose of supplying electrical power; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, and Chapter 467 of the Laws of 1914, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 9, 1913, fixing the date for public hearing thereon as July 10, 1913, at which citizens were entitled to appear and be heard, and publication was had for

at least two (2) days in the "New York Press" and "The Sun," newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to The Yonkers Electric Light and Power Company, Westchester Lighting Company, The New York Edison Company and The United Electric Light and Power Company, and the adequacy of the compensation proposed to be paid therefor, now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by The Yonkers Electric Light and Power Company, Westchester Lighting Company, The New York Edison Company and The United Electric Light and Power Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to The Yonkers Electric Light and Power Company, Westchester Lighting Company, The New York Edison Company and The United Electric Light and Power Company, the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.
THIS CONTRACT, made this day of

1915, by and between THE CITY OF NEW YORK (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and THE YONKERS ELECTRIC LIGHT AND POWER COMPANY (hereinafter called the Yonkers Company), the WESTCHESTER LIGHTING COMPANY (hereinafter called the Westchester Company), THE NEW YORK EDISON COMPANY (hereinafter called the Edison Company) and THE UNITED ELECTRIC LIGHT AND POWER COMPANY (hereinafter called the United Company), parties of the second part (which companies when referred to collectively are hereinafter called the grantees), WITNESSETH:

WHEREAS, It is essential that high tension electric power be available at all times for the purpose of unwatering the pressure tunnels of the Catskill Aqueduct constructed pursuant to Chapter 724 of the Laws of 1905 and acts amendatory thereof and supplementary thereto (hereinafter referred to as the Catskill Aqueduct); the points where power for this purpose is required being:

(a) At or near Croton Lake;
(b) At Shaft No. 21 of the City Aqueduct situated at or near the intersection of Clinton and South Streets in the Borough of Manhattan, and

(c) At Shaft No. 11 of the City Aqueduct, situated in Morningside Park between 120th and 121st Streets if the same were extended, in the Borough of Manhattan; and

WHEREAS, Low tension electrical current will be necessary for the operation of the gates and other plant and machinery at the Kensico and Hill View gate houses, at the various siphon chambers and elsewhere and for the lighting of bridges, gate-houses, offices and other buildings and adjacent grounds along the line of the Catskill Aqueduct; and

WHEREAS, The United Company, the Yonkers Company and the Westchester Company are each engaged in the manufacture and distribution of electric current within certain areas along the Catskill Aqueduct; and

WHEREAS, The Edison Company is engaged in the manufacture and distribution of electric current for general commercial purposes within the Boroughs of Manhattan and The Bronx, and owns the stock of The Yonkers Company, and is affiliated with The United and the Westchester Companies, and is willing to join with said Companies in guaranteeing that such electric service shall be furnished to the City; and

WHEREAS, The Edison, United, Yonkers and Westchester Companies have joined in a petition to the Board in which each severally requests that the Board grant to each Company the right or franchise within the territory in which it operates to construct, maintain and use ducts, conduits, poles and towers with the necessary fixtures attached thereto, and to install and maintain therein or thereon wires, cables or other conductors upon and along the lands acquired for Catskill Aqueduct purposes and other lands acquired for water supply purposes by The City of New York from the Battery in the Borough of Manhattan to the Boundary line between the Counties of Westchester and Putnam for the purpose of conveying and transmitting electricity and supplying and distributing the same for light, heat and power and for general commercial purposes, and proposes to furnish the City with both high and low tension current for the purposes hereinabove noted without cost to the City, as payment for said proposed grant:

Now, therefore, in consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and use such ducts, conduits, poles and towers with the necessary fixtures attached thereto, as are necessary for the operation of one line only of poles and towers, and install and maintain therein or thereon wires, cables or other conductors upon a route hereinafter described over the Catskill Aqueduct lands and other lands acquired for water supply purposes, between the northerly boundary line of the City and the boundary line between the Counties of Westchester and Putnam, acquired or purchased by the City pursuant to Chapter 724 of the Laws of 1905, Chapter 490 of the Laws of 1883 and Chapter 256 of the Laws of 1834 and the acts amendatory thereof and supplementary thereto, as follows, but subject to the limitations hereinafter contained:

(a) To the Yonkers Company, along so much of said lands as lies within the City of Yonkers;

(b) To the Westchester Company, along so much of said land as lies within the County of Westchester outside the City of Yonkers; the said wires, cables or other conductors to be used by the grantees for the purpose of transmitting electricity and supplying and distributing the same for light, heat and power for general commercial purposes, except as herein elsewhere limited, but for no other purpose whatsoever.

The said Catskill Aqueduct Lands upon which the said Companies are hereby authorized to construct such transmission line are partially described in certain deeds to the city and the remainder is shown, as hereinafter more specifically set forth, upon Sections Nos. 1, 2, 9, 10, 11 and 13 to 16, inclusive, of the Southern Aqueduct Department and Section No. 1 of the

Northern Aqueduct Department of "Maps of Real Estate to be Acquired by the City of New York Under the Provisions of Chapter 724 of the Laws of 1905, as amended", which maps are on file in the office of the County Clerk of the County of Westchester and in the office of the Board of Water Supply of the City of New York. Other lands upon which the said companies are hereby authorized to construct such transmission line—that is, for a distance of approximately 2100 feet, be the same more or less, including the crossing of Croton Lake, are shown upon maps filed in the office of the County Clerk of the County of Westchester and hereinafter more specifically described.

The routes upon which said transmission line is hereby authorized with certain limitations with respect thereto is more particularly described as follows:

Along and across the lands acquired for the Hill View Reservoir, shown on Sections Nos. 1 and 2 of said real estate maps of the Southern Aqueduct Department.

Also beginning at the corner of Grove and Orient Streets in the City of Yonkers; thence upon lands of the Catskill Aqueduct, as shown upon Section No. 16 of said real estate maps of the Southern Aqueduct Department to parcel No. 1151 and around said parcel in accordance with a certain deed, dated October 7, 1911, from James Gordon Bennett to The City of New York, and a certain agreement also dated October 7, 1911, between James Gordon Bennett and the City of New York, both the said deed and the said agreement being recorded in the office of the Register of the County of Westchester, which are on file with the Board of Water Supply, to the Aqueduct lands at Parcel No. 1144 of said maps of said section No. 16; thence continuing upon said Aqueduct lands shown upon said maps of said section No. 16, Southern Aqueduct Department to parcel No. 1135 thereof at the line of Tuckahoe Road; thence across said parcel No. 1135 under the conditions stipulated in the report of the Commissioners of Appraisal on said section No. 16, said report having been confirmed by the Supreme Court on September 30, 1911, to parcel No. 1134 of said section No. 16; thence continuing upon said Aqueduct lands as shown upon the maps of said Section No. 15, Southern Aqueduct Department; thence upon lands of the Catskill Aqueduct as shown upon maps of said Section No. 15 to Parcel No. 1013 thereof at the line of the property of the Kensico Cemetery; thence across said Parcel No. 1013, in conformity with a resolution of the Board of Water Supply, adopted June 20, 1911, to Parcel No. 1012 of said Section No. 15 at the line of the property of the New York Central and Hudson River Railroad Company, lessee of the New York and Harlem Railroad Company; thence across said Parcel No. 1012 in accordance with a certain agreement between said Railroad Companies and the Board of Water Supply, dated January 5, 1911, which agreement is recorded in the office of the Register of the County of Westchester and is on file with the Board of Water Supply, to Parcel No. 1010 of said Section No. 15; thence continuing upon said Aqueduct Lands as shown upon said maps of said Section No. 15 to lands acquired for the Kensico Reservoir, being shown on Sections Nos. 9, 10 and 11 of said real estate maps of the Southern Aqueduct Department; thence along such Kensico Reservoir Lands to the southerly end of the Aqueduct Lands shown on Section No. 14 of said real estate maps of the Southern Aqueduct Department; thence upon said Aqueduct Lands shown upon maps of said Section No. 14 to parcel No. 998 thereof; thence over said parcel No. 998 under such conditions as may be stipulated in such report of the Commissioners of Appraisal on said Section No. 14, and as may be confirmed by the Supreme Court, to parcel No. 997 of said Section No. 14; thence continuing upon said Aqueduct lands, as shown upon the maps of said Section No. 14 to Parcel No. 971 thereof at the line of the property of the New York Central and Hudson River Railroad Company, lessee of the New York and Harlem Railroad Company; thence across said Parcel No. 971 in accordance with a certain agreement between the said Railroad Companies and the Board of Water Supply, dated January 5, 1911, which agreement is recorded in the office of the Register of the County of Westchester and is on file with the Board of Water Supply, to Parcel No. 969 of said Section No. 14; thence continuing upon said Aqueduct Lands to Parcel No. 968 of said Section No. 14; thence making a detour from said Aqueduct Lands along a right of way acquired by the City not shown upon maps of said Section No. 14 but described in a certain deed from the Briercliff Realty Company to the City of New York, dated January 5, 1911, which deed is recorded in the office of the Register of the County of Westchester and is on file with the Board of Water Supply, and along said detour or right of way to the point where said right of way again joins such Aqueduct Lands at Parcel No. 967 of said maps of said Section No. 14; thence continuing upon said Aqueduct Lands as shown upon said maps of said Section No. 14, Southern Aqueduct Department, to the northerly end thereof and the southerly end of lands shown on maps of Section No. 13, Southern Aqueduct Department; thence continuing upon said Aqueduct Lands as shown upon maps of said Section No. 13 to Parcel No. 958 thereof; thence making a detour from said Aqueduct Lands along a right of way acquired by the City not shown upon maps of said Section No. 13, but described in a certain deed from Elisha P. Cronkite and wife to the City of New York, dated June 9, 1910, which is recorded in the office of the Register of the County of Westchester and is on file with the Board of Water Supply, and along said detour or right of way to the point where said right of way again joins such Aqueduct Lands at Parcel No. 957 of said maps of said Section No. 13; thence continuing upon said Aqueduct Lands, shown upon said maps of said Section No. 13, Southern Aqueduct Department to Parcel No. 952 thereof at the line of the property of the New York Central and Hudson River Railroad Company, lessee of the New York and Harlem Railroad Company; thence across said Parcel No. 952 in accordance with a certain agreement between the said Railroad Companies and the Board of Water Supply, dated January 25, 1911, which agreement is recorded in the office of the Register of the County of Westchester and is on file with the Board of Water Supply, to Parcel No. 951 of said Section No. 13; thence continuing upon said Aqueduct Lands, as shown upon said maps of said Section No. 13 to the northerly side of Parcel No. 925 of said Section No. 13, at the line of the lands of the City of New York acquired for water supply purposes, and shown upon sheets Nos. 11 and 12 of a map entitled: "City of New York, Department of Water Supply, Gas and Electricity, Atlas showing lands in Westchester County used for water supply purposes 1914", which maps are signed by the Chief Engineer of the Department of Water Supply, Gas and Electricity, and are filed in the office of said Department of Water Supply, Gas and Electricity; thence upon lands shown upon said Sheets Nos. 11 and 12, to the southerly side of Parcel No. 924 of said Section No. 13; thence continuing upon said Aqueduct Lands as shown upon said maps of said Section No. 13 Southern Aqueduct Department to the northerly end thereof and the southerly end of lands shown on maps of Sec-

tion No. 1, Northern Aqueduct Department; thence continuing upon said Aqueduct Lands, as shown on Maps of said Section No. 1, Northern Aqueduct Department to the boundary line between the Counties of Westchester and Putnam.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the grantees.

First—The said right to construct, maintain and operate said transmission line shall be held and enjoyed by the grantees from the date upon which this contract is signed by the Mayor until January 1, 1938, with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the grantees shall determine to exercise the privilege of renewal they shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the grantees and the Board.

If the grantees and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the grantees shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the grantees; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the grantees and their officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual compensation shall, in any event, be less than that required for the last year of the original term of this contract. If in any case the annual compensation shall not be fixed prior to the termination of the original term of this contract, then the annual compensation theretofore prevailing shall continue until the new rate shall be determined, and the grantees shall then make up to the City the amount of any excess of the annual compensation then determined over the previous annual compensation. The compensation and expenses of the said appraisers shall be borne jointly by the City and the grantees, each paying one-half thereof.

Second—As compensation for the privilege hereby granted the grantees jointly and severally agree to install equipment and furnish electrical current to the City without charge to it, as follows:

(a) Install, reserve and maintain for the exclusive use of the City, as an integral part of the generating and distributing systems of the grantees, generating machinery, sub-station apparatus, cables, switches and controlling apparatus up to the switchboards in the structures of the drainage chambers now or to be hereafter provided by the Board of Water Supply of the City for the unwatering of the pressure tunnels of the Catskill Aqueduct; said drainage chambers situated or to be situated

(1) At or near Croton Lake at the shaft known as the Croton Lake Drainage Shaft;

(2) At or near the intersection of Clinton and South Streets at the shaft known as No. 21 of the City Aqueduct; and

(3) In Morningside Park between West 120th and West 121st Streets, if the same were extended, at the shaft known as No. 11 of the City Aqueduct,

—sufficient in capacity to deliver 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 2200 volts at each of the shafts Nos. 11 and 21 and 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 40,000 volts at the Croton Lake Drainage Shaft.

(b) Furnish when called upon by the Board of Water Supply or its authorized representatives electrical energy up to the capacity of 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 2200 volts at each of the shafts Nos. 11 and 21 and up to the capacity of 850 kilowatts of three-phase alternating current having a frequency of sixty (60) cycles per second at a pressure of 40,000 volts at the Croton Lake Drainage Shaft.

(c) Install and maintain for the use of the City wires, cables or other conductors and controlling apparatus up to the switchboards in the buildings or other structures owned by the City and used in the operation of the Catskill Aqueduct; that is to say, gatehouses, offices, bridges and all other buildings and chambers used in the operation and maintenance of the aqueduct and aqueduct lands of the city which may be situated north of Battery Park in the Borough of Manhattan and south of the boundary line between the Counties of Westchester and Putnam.

(d) Furnish whenever required two-phase or three-phase alternating current having a frequency of sixty (60) cycles per second, at a pressure of 110 or more volts, sufficient for operating all motors and other apparatus as may be required for the maintenance and operation of the aqueduct.

(e) Furnish whenever required single-phase alternating current having a frequency of sixty (60) cycles per second, at a pressure of 120 or more volts, or direct current at a pressure of 120 or more volts, sufficient for lighting all said buildings, bridges and grounds as may be necessary, and for any and all other purposes as may be required in connection with the maintenance and operation of the aqueduct and appurtenant works and structures.

Any and all payments to be made or service to be rendered by the terms of this contract to the City by the grantees shall not be considered in any manner in the nature of a tax, but such payments shall be made and such service rendered in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Third—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, to operate upon a route upon all or any part of lands acquired for aqueduct purposes.

Fourth—The service hereby required to be rendered as payment for the rights hereby granted shall continue throughout the whole term of this contract (whether original or renewal), and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to service to be rendered as payment for the rights hereby granted, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—The consent hereby granted shall not be assigned, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the acts of any of the grantees, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary notwithstanding, and the grantees, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Sixth—Should the grantees at any time fail to supply the service herein required as payment for the privilege herein granted in an efficient manner satisfactory to the Board of Water Supply, then the right herein granted shall cease and determine, and all sums paid or deposited with the City shall be and become the property of the City.

Seventh—It is understood by the parties hereto that the right herein granted is subject to any and every limitation imposed by law upon the use of the aqueduct lands outside of the present limits of the City or by any and every condition upon which such lands were purchased or acquired. It is understood also that no rights of any kind whatsoever are herein granted to or in any of the aqueduct lands lying within the present limits of the City.

Eighth—The transmission line hereby authorized shall be used only for the transmission of electrical current to and within the Counties of Westchester and Putnam of the State of New York and shall not be used as a portion of or in connection with a transmission line extending into any portion of the State of New York nor into any portion of any other state; provided that the Board may by resolution authorize the use of such transmission line for the transmission of electrical current from, to and within districts outside of said Counties of Westchester and Putnam, but the Board may, upon the adoption of such resolution, require such compensation for the additional right and prescribe such terms and conditions to govern the same as in its discretion it may deem proper.

Ninth—The grantees shall immediately begin the construction of ducts, conduits, poles and towers and the installation therein or thereon of wires, cables or other conductors and complete so much of such construction and installation as shall be necessary to furnish the service herein required and stand ready to supply the current herein required for the purposes of the Board of Water Supply and the City of New York within five (5) months from the date upon which this contract is signed by the Mayor; otherwise this right shall cease and determine; provided that the time for completion of such construction and installation and the commencement of current supply, as required, may be extended by the Board, but the total extension of time shall not exceed twelve months; and provided further that when the completion of the construction or installation or the delivery of current shall be prevented by legal proceedings in any court or by works of public improvement or from other causes not within the control of the grantees, then such time may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the grantees and provided further that in no case shall such delay be deemed to begin until the grantees shall have given written notice to the Board of any such court proceedings or other occasion of delay and shall have delivered to the Board copies of any injunction or other orders and the papers upon which the same shall have been granted, and unless upon the request of the Board the grantees shall in writing consent that the Board, either in its own name as a party or in the name of the City as a party, may intervene in any such proceedings.

Tenth—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, the conduits, poles, towers, fixtures, wires, cables and equipment of the grantees constructed pursuant to this contract shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the grantees shall, upon thirty (30) days' notice from the Board, remove any part or all of such conduits, poles, towers, fixtures, wires, cables and equipments constructed pursuant to this contract and the aqueduct lands shall be restored to condition satisfactory to the Board of Water Supply at the sole cost and expense of the grantees.

Eleventh—The grantees shall comply with all laws, ordinances or rules of the local authorities having jurisdiction over the construction, maintenance or operation of the transmission line herein authorized.

Twelfth—The position of said transmission line upon said aqueduct lands shall be such as shall coincide with that designated and fixed by the Board of Water Supply. Before any work of construction or installation herein authorized shall be commenced, the grantees shall submit to the Board of Water Supply plans and specifications which shall show and specify in detail the character of the structure or structures proposed by the grantees and the location of the same upon City land. Said plans and specifications must be approved by the Board of Water Supply before such work shall be commenced. The work of construction and installation shall be under the supervision of the Board of Water Supply and any rules or directions given by said Board shall be complied with by the grantees. If in the opinion of the Board of Water Supply it shall become necessary to change at any time during the term of this contract the location or character of the construction or installation of said transmission line for the protection of life or property or if in the opinion of said Board it shall become necessary for the City to use during said term any part or all of the lands upon which the structures herein authorized shall be situated for any of the purposes for which said lands were acquired, then the grantees shall make at their own expense such changes in the character of the construction or installation or changes in the position of such structures on said Aqueduct Lands as directed by the Board of Water Supply.

Thirteenth—All structures and appurtenances erected hereunder shall be kept in good and safe repair and in accordance with the instructions given by the Board of Water Supply.

Fourteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, this contract may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the grantees, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the ducts, conduits, poles, towers, wires, cables, conductors, fixtures and all structures, constructed or in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the grantees to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the grantees fail to appear, action may be taken by the Board forthwith.

Fifteenth—This grant is upon the express condition that the grantees, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of twenty-five thousand dollars (\$25,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the grantees of all of the terms and conditions of this contract and compliance with all orders of the Board, or the Board of Water Supply, acting under the powers herein reserved, especially those which relate to the furnishing of service herein required for the privilege hereby granted, and the maintenance of the property in good and safe condition throughout the whole term of this contract; and in case of default in the performance by the grantees of such terms and conditions, or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board or Board of Water Supply, acting hereunder, the grantees shall pay a penalty of fifty dollars (\$50) per day for each day of violation.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the grantees, directing their Presidents, or any one of them, or other officers to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the grantees should not be penalized in accordance with the foregoing provisions. If the grantees fail to make an appearance, or, after a hearing, appear in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the grantees shall, upon ten (10) days' notice in writing, pay to the City a sum sufficient to restore said security fund to the original amount of twenty-five thousand dollars (\$25,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Sixteenth—The grantees shall assume all liability to persons or property by reason of the construction or operation of the transmission line and its appurtenances authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the grantees hereby agree to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the grantees. The grantees shall pay all taxes on all property constructed or maintained pursuant to this contract and shall reimburse the City for all taxes upon said property which the City may be required to pay and shall reimburse the City, its officers and agents for any and all costs or expenses whatsoever of every name and nature to which the City may be put by reason of the construction, operation or maintenance of the transmission line and its appurtenances and shall save the City, its officers and agents harmless therefrom.

Seventeenth—If at any time the powers of the Board or of the Board of Water Supply, or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or the Board of Water Supply or other authorities, officer or officers.

Sec. 3. Nothing in this contract contained shall be construed as reviving or validating any lapsed or invalid franchise heretofore granted to any of the grantees herein or to their predecessors, or as enlarging or adding to the powers or privileges contained in said grants of franchises or as waiving any forfeiture thereto.

Sec. 4. Each of the parties of the second part, jointly and severally, promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

Sec. 5. This contract shall not become operative unless and until the grantees shall procure and cause to be executed an agreement which shall be proved in proper form for record and duly delivered to the Board, by which the Northern Westchester Lighting Company and the Peekskill Lighting and Railroad Company shall agree with each other, with the Westchester Company and with the City to furnish, whenever called upon by either the Westchester Company or the City, such service as may be required by the Westchester Company in order to supply to the City the electrical current necessary to fulfill the terms of this contract, and by which the said Northern Westchester Lighting Company and the said Peekskill Lighting and Railroad Company shall further agree with each other, with the Westchester Company and with the City to permit the Westchester Company to use so much of their facilities as shall be necessary to carry out the provisions of this contract. Upon the failure of either or any of said Companies to furnish such service or to permit the use of said facilities for any reason at any time hereafter, the rights hereby granted shall cease and determine and this contract shall be null and void and of no effect.

IN WITNESS WHEREOF, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed; and each of the parties of the second part, by its

officers, thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, including the provision as to rates and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right.

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right, applied for by The Yonkers Electric Light and Power Company, Westchester Lighting Company, The New York Edison Company and The United Electric Light and Power Company, and the said form of a proposed contract for the grant of such franchise or right, containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published in full for at least fifteen (15) days immediately prior to Friday, March 19, 1915, in the City Record, together with the following notice, to wit:

NOTICE IS HEREBY GIVEN that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by The Yonkers Electric Light and Power Company, Westchester Lighting Company, The New York Edison Company and The United Electric Light and Power Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right and before adopting any resolution authorizing such contract, will, at a meeting of said Board to be held in Room 16, City Hall, Borough of Manhattan, City of New York, on Friday, March 19, 1915, at 10 o'clock a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

Resolved, That a notice of such hearing, stating that copies of the proposed contract and resolution of consent thereto may be obtained by all those interested therein at the Bureau of Franchises, Room 1307, Municipal Building, Centre and Chambers Streets, Borough of Manhattan, shall be published at least twice at the expense of the proposed grantees during the ten (10) days immediately prior to Friday, March 19, 1915, in the "New York Press" and "The Sun," the two daily newspapers in which the petition and notice of hearing thereon have been published.

Proposed Form of Agreement.

Agreement, made this day of 1915, between the NORTHERN WESTCHESTER LIGHTING COMPANY, a corporation having an office and doing business in Westchester County, State of New York, and the PEESKILL LIGHTING AND RAILROAD COMPANY, a corporation having an office and doing business in Westchester County, parties of the first part; the WESTCHESTER LIGHTING COMPANY, a corporation having an office and doing business in the City of Yonkers, State of New York, party of the second part, and THE CITY OF NEW YORK, party of the third part;

WITNESSETH:

WHEREAS, On the 28th day of May, 1913, The Yonkers Electric Light and Power Company, the Westchester Lighting Company, The New York Edison Company and The United Electric Light and Power Company, applied to the Board of Estimate and Apportionment as the local authority of The City of New York for the right to construct, maintain and operate a transmission line along the land of the Catskill Aqueduct in the Counties of New York and Westchester, as more fully appears by said application; and

WHEREAS, The Yonkers Electric Light and Power Company and the Westchester Lighting Company are operating in Westchester County pursuant to franchises theretofore granted to said Companies; and

WHEREAS, Said franchises are limited to the City of Yonkers and certain territory in Westchester County north of said City, not, however, extending to the northerly line of Westchester County; and

WHEREAS, The Northern Westchester Lighting Company and the Peekskill Lighting and Railroad Company did not join in said application for said franchise, although they are operating under franchises granted to them, or their predecessors, in the territory extending northerly from the territory in which the Westchester Lighting Company operates to the northerly line of Westchester County; and

WHEREAS, On a contract was executed by the Mayor on behalf of The City of New York, party of the first part, and The Yonkers Electric Light and Power Company, the Westchester Lighting Company, The New York Edison Company and The United Electric Light and Power Company, parties of the second part, or grantees thereunder, granting to The Yonkers Electric Light and Power Company the franchise or right to construct, maintain and operate an electrical transmission line along so much of the Catskill Aqueduct Lands as lies within the City of Yonkers, and granting to the Westchester Lighting Company a similar franchise or right upon so much of said lands as lies within the County of Westchester, outside of The City of Yonkers; and

WHEREAS, The Westchester Lighting Company has no rights in some of the territory occupied by the Northern Westchester Lighting Company and the Peekskill Lighting and Railroad Company; and it is necessary for the latter Company to enter into an agreement, whereby said Companies shall agree to furnish, whenever called upon by the Westchester Company or the City, such service or facilities as are necessary to permit the Westchester Lighting Company to fulfill the terms and conditions of said contract; and

WHEREAS, Said contract provides that the grantees shall procure and cause to be executed an agreement, which shall be proved in proper form for record and duly delivered to the Board, by which the parties of the first part shall agree

with each other, with the Westchester Lighting Company and with the City to furnish, whenever called upon by either the Westchester Lighting Company or the City, such service as may be required by the Westchester Lighting Company, in order to supply to the City the electrical current necessary to fulfill the terms of said contract, and by which the said parties of the first part shall further agree with each other, with the Westchester Lighting Company and with the City to permit the said Westchester Lighting Company to use so much of their facilities as shall be necessary for said Company to carry out the provisions of said contract.

Now, THEREFORE, in consideration of the premises and of the sum of one dollar by each of the parties of the first and second parts to the other paid, the receipt whereof is hereby acknowledged, the parties of the first part do hereby covenant and agree with each other, with the Westchester Lighting Company and with the City to furnish, whenever called upon by either the Westchester Lighting Company or the City, such service as may be required by said Westchester Lighting Company in order to supply to the City the electrical current necessary to fulfill the terms of said contract, without expense to the City, and said parties of the first part further agree with each other, with the Westchester Lighting Company and with the City to permit the Westchester Lighting Company to use so much of their facilities as shall be necessary for said Company to carry out the provisions of said contract.

IN WITNESS WHEREOF, The Northern Westchester Lighting Company and the Peekskill Lighting and Railroad Company and the Westchester Lighting Company, affiliated companies, by their officers thereunto duly authorized, have caused their corporate names to be hereunto signed and their corporate seals to be hereunto affixed the day and year first above written.
