COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

Proceedings of the Commissioners of the Sinking Fund at a Meeting held at the Mayor's Office, at 3.30 o'clock P. M., on Thursday, December 24, 1896.

Present—William L. Strong, Mayor; John W. Goff, Recorder; Ashbel P. Fitch, Comptroller, and Anson G. McCook, Chamberlain.

The minutes of the meetings of October 28, 1896, November 8, 1896, and November 9, 1896, were read and approved.

The following communication was received from the Clerk of the Common Council:
OFFICE OF THE BOARD OF ALDERMEN, NEW YORK, December 18, 1896. EDGAR J. LEVEY, Esq., Secretary of the Sinking Fund Commission:

SIR—I hereby respectfully notify you that William M. K. Olcott, a member of the Board of Aldermen from the Twenty-third Assembly District, and Chairman of the Finance Committee of said Board, did, on December 18, 1896, at 11.50 o'clock A. M., tender and file with me his resignation as a member of the Board of Aldermen.

Yours, respectfully, WM. H. TEN EYCK, Clerk, Common Council.

Which was ordered on file.

The Comptroller presented the following report and resolution relative to the condition of the Sinking Fund for the Redemption of the City Debt:

FINANCE DEPARTMENT, COMPTROLLER'S OFFICE, December 12, 1896. *To the Commissioners of the Sinking Fund:*

GENTLEMEN—The Commissioners of the Sinking Fund are authorized by sections 176 and 177 of the New York City Consolidation Act of 1882 to pay and redeem any portion of the bonded debt now a charge upon the Treasury of the city, other than Revenue Bonds, in their discretion, if it is deemed advantageous for its interests, and provided "such payment shall not in any way impair the preferred claims upon the Sinking Fund for the Redemption of the City Debt," as prescribed by section 175 of said Consolidation Act.

None of the stocks and bonds which constitute the preferred claims upon the Sinking Fund for the Redemption of the City Debt, as provided by section 175 of the Consolidation Act, becomes payable in the year 1897.

Bonds payable from taxation under the laws authorizing their issue which become due and payable in the year 1897, and which under the provisions of sections 176 and 177 of the Consolidation Act may be redeemed by the Commissioners of the Sinking Fund, amount to the sum of \$614,200, as shown by the following statement:

Six per cent. Market Stock of the City of New York, issued in pursuance of chapter 876, Laws of 1869, payable May 1, 1897.....	\$181,000 00
Seven per cent. Market Stock of the City of New York, issued in pursuance of chapter 203, Laws of 1868, payable May 1, 1897.....	40,000 00
Seven per cent. Soldiers Bounty Fund Bonds No. 3, of the County of New York, issued in pursuance of chapter 29, Laws of 1865, payable November 1, 1897.....	193,200 00
Five per cent. Consolidated Stock "G," of the City of New York, issued in pursuance of chapter 322, Laws of 1871, and chapter 351, Laws of 1875, payable November 1, 1897.....	200,000 00
Total.....	\$614,200 00

Of the aforesaid bonds \$350,000 are held by the Commissioners of the Sinking Fund, being all of the six per cent. Market Stock and \$169,000 of the five per cent. Consolidated Stock "G" above mentioned.

Section 192 of the Consolidation Act, as amended by chapter 178 of the Laws of 1889, provides that for the payment of all bonds and stocks issued after June 3, 1878, payable from taxation, except Revenue Bonds and Water Bonds, there shall annually be set apart out of the surplus incomes, revenues and accumulations of the Sinking Fund for the Redemption of the City Debt, as now established by law, after providing for the preferred claims upon the Sinking Fund, a sum sufficient, with the accumulation of interest thereon, to meet and discharge the amount of said bonds or stocks by the time the same shall be payable, as the same may be estimated and certified by the Comptroller.

The following is a statement of such bonds and stocks which mature in 1897:	
Two and one-half per cent. School-house Bonds of the City of New York, issued in pursuance of chapter 458, Laws of 1884, chapter 494, Laws of 1885, and chapter 456, Laws of 1886, payable November 1, 1897.....	\$42,000 00
Three per cent. School-house Bonds of the City of New York, issued in pursuance of chapter 458, Laws of 1884, chapter 494, Laws of 1885, and chapter 456, Laws of 1886, payable November 1, 1897.....	958,000 00
Two and one-half per cent. School-house Bonds of the City of New York, issued in pursuance of chapter 136, Laws of 1888, payable November 1, 1897.....	70,537 63
Total.....	\$1,070,537 63

Of the aforesaid bonds, \$120,537.63 are held by the Commissioners of the Sinking Fund, being all of the two and one-half per cent. School-house Bonds, and \$8,000 of the three per cent. School-house Bonds above mentioned.

The following is a statement of the bonds and stocks outstanding on November 30, 1896, not including Water Bonds, for the redemption of which the Sinking Fund is liable, and the estimated amount required to be set apart pursuant to section 192 of the Consolidation Act:

Payable under ordinances of the Common Council.....	\$2,500,000 00
Payable under section 176, Consolidation Act.....	9,700,000 00
Payable under chapter 79, Laws of 1889.....	9,822,100 00
Estimated reserve under section 192, Consolidation Act.....	18,898,312 75
Total.....	\$40,921,012 75

On November 30, 1896, the amount of the Sinking Fund for the Redemption of the City Debt (excluding the amount set apart for the redemption of Water Bonds pursuant to constitutional requirements) was \$64,471,899.81, of which \$2,122,085.40 was cash.

Deducting from the assets of the Sinking Fund the aggregate charges against the same above set forth, i. e., \$40,921,012.75 leaves a balance of \$23,550,887.06.

The estimated ordinary revenues of the Sinking Fund for the Redemption of the City Debt for the year 1897, excluding the sum to be raised by taxation pursuant to constitutional requirements, amount to \$7,500,000, as follows:

Mar. & et rents and fees.....	\$280,000 00	Interest upon deposits.....	\$100,000 00
Market cellar rents.....	4,000 00	Assessments, chapter 55, Laws 1880.....	38,000 00
Licenses—		Railroad franchises.....	250,000 00
Hackney coaches, pawn-brokers, junk-dealers, second-hand dealers, stages, sidewalk stands.....	78,000 00	Miscellaneous.....	200,000 00
Dock and slip rents.....	2,100,000 00	Surplus revenue of Interest Fund.....	2,000,000 00
Street vaults.....	150,000 00	Total estimated ordinary revenue.....	\$7,500,000 00
Revenue from investments.....	2,300,000 00		

The foregoing statements of the accumulations and estimated revenues of the Sinking Fund show that they are more than sufficient to meet the payment of bonds and stocks not held by the Sinking Fund and payable by law from taxation which shall fall due in 1897—i. e., \$264,200—and also similar bonds and stocks payable under section 192 of the Consolidation Act—i. e., \$950,000—without in any way impairing preferred claims upon that fund.

Section 191 of the Consolidation Act provides as follows:

"Whenever and as often as the commissioners of the sinking fund shall certify to the board of estimate and apportionment that the accumulations in the sinking fund will not be sufficient to meet the payment of any bonds or stocks falling due in the next following calendar year, it shall be the duty of said board of estimate and apportionment, and it is hereby required, to include in the annual estimate for such year to be raised by tax on the estates real and personal in said city subject to taxation, such an amount to be applied to the payment of said bonds or stocks as shall be certified by said commissioners, and the amount so included in said estimate shall be paid into said sinking fund and applied as in this section specified; provided, however, that the amount so to be raised by tax and paid into the sinking fund, as in this section provided, shall not in any one year be less than the sum of one million dollars nor more than two million dollars."

A resolution is herewith submitted for adoption by the Commissioners of the Sinking Fund, and for transmission to the Board of Estimate and Apportionment, certifying the amount of the accumulations and of the estimated revenues of the Sinking Fund for the ensuing year, and the amount of the city debt becoming due in the year 1897 as before stated, for such action thereon as that Board may deem proper under the provisions of law above cited.

Respectfully, ASHBEL P. FITCH, Comptroller.

Whereas, Stocks and bonds of the City and County of New York, amounting to the sum of six hundred and fourteen thousand two hundred dollars (\$614,200), forming a part of the city debt, payable by the laws authorizing their issue from taxation, become due and payable in the next following calendar year 1897, of which three hundred and fifty thousand dollars (\$350,000) are held by the Commissioners of the Sinking Fund; and

Whereas, Bonds of the City of New York amounting to the sum of one million and seventy thousand five hundred and thirty-seven dollars and sixty-three cents (\$1,070,537.63), payable from the Sinking Fund, as provided by section 192 of the New York City Consolidation Act of 1882, as amended by chapter 178 of the Laws of 1889, become due and payable in the next following calendar year, 1897, of which one hundred and twenty thousand five hundred and thirty-seven dollars and sixty-three cents (\$120,537.63) are held by the Commissioners of the Sinking Fund, as

stated in the Comptroller's report presented this day on the condition of the Sinking Fund for the Redemption of the City Debt; and

Whereas, It appears also by said report that the accumulations of said Sinking Fund for the year, 1897 are sufficient to pay and redeem that portion of the city debt so payable from taxation and from the Sinking Fund, and without in any way impairing the preferred claims in said fund, as prescribed in sections 175 and 192 of the New York City Consolidation Act of 1882, and other provisions of law; and

Whereas, The Commissioners of the Sinking Fund deem it to be for the best interests of the city that that portion of the city debt payable originally by law from taxation, should be paid and redeemed by said Sinking Fund; and

Whereas, The accumulations in the Sinking Fund will be sufficient to meet the payment of all bonds and stocks payable from the Sinking Fund falling due in the next calendar year 1897;

Resolved, That, as provided by section 191 of the New York City Consolidation Act of 1882, the Commissioners of the Sinking Fund do hereby certify to the Board of Estimate and Apportionment that the accumulations in the Sinking Fund will be sufficient to meet the payment of certain stocks and bonds payable in the year 1897 from the Sinking Fund, as provided by section 192 of the New York City Consolidation Act of 1882, as amended by chapter 178 of the Laws of 1889, of which there are outstanding and held by the public nine hundred and fifty thousand dollars (\$950,000), and of which one hundred and twenty thousand five hundred and thirty-seven dollars and sixty-three cents (\$120,537.63) are held by the Commissioners of the Sinking Fund; also that certain stocks and bonds of the City and County of New York, constituting a portion of the city debt which, by the laws authorizing their issue, were made payable from taxation, amounting to the sum of six hundred and fourteen thousand two hundred dollars (\$614,200), become due and payable in the next calendar year, to wit, 1897, of which two hundred and sixty-four thousand two hundred dollars (\$264,200), are outstanding and held by the public, and three hundred and fifty thousand dollars (\$350,000) are held by the Commissioners of the Sinking Fund; also that the amount of stocks and bonds now outstanding which constitute a preferred charge against the Sinking Fund for the Redemption of the City Debt, as provided by section 175 of the New York City Consolidation Act of 1882, is two million five hundred thousand six hundred dollars (\$2,500,600), none of which matures in the year 1897; that the Consolidated Stock of the City of New York, payable from the Sinking Fund, as provided by section 176 of the New York City Consolidation Act of 1882, amounts to nine million seven hundred thousand dollars (\$9,700,000), none of which matures in the year 1897, and that the Consolidated Stock payable from the Sinking Fund, under the provisions of section 1 of chapter 79 of the Laws of 1889, amounts to nine million eight hundred and twenty-two thousand one hundred dollars (\$9,822,100), none of which matures in the year 1897; that the estimated amount of the reserve required to be set apart, pursuant to section 192 of the New York City Consolidation Act of 1882, is eighteen million eight hundred and ninety-eight thousand three hundred and twelve dollars and seventy-five cents (\$18,898,312.75); that the amount of stocks and bonds and cash in said Sinking Fund on the 30th day of November, 1896, not including the holdings of Sinking Fund No. 2, was sixty-four million four hundred and seventy-one thousand eight hundred and ninety-nine dollars and eighty-one cents (\$64,471,899.81); that the amount of the estimated revenues of said Sinking Fund in the next calendar year is seven million five hundred thousand dollars (\$7,500,000), and that said portion of the city debt, payable from taxation and becoming due in the year 1897, can be paid and redeemed by said Sinking Fund without in any way impairing the preferred claims thereon, as prescribed by section 175 of the New York City Consolidation Act of 1882.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following statement of the condition of the Sinking Fund for the Payment of Interest on the City Debt, and resolution to transfer \$2,000,000 therefrom to the Redemption Fund:

I hereby certify that the cash balance in the City Treasury to credit of the Sinking Fund for the Payment of the Interest on the City Debt on the morning of this 24th December, 1896, was \$2,867,887 97
That the next interest, payable therefrom February 1, 1897, will be 6,097 50

Surplus..... \$2,861,790 47
I. S. BARRETT, General Bookkeeper.

Resolved, That a warrant, payable from the Sinking Fund for the Payment of the Interest on the City Debt, be drawn in favor of the Chamberlain for the sum of two million dollars, to be deposited to credit of the Sinking Fund for the Redemption of the City Debt, thereby transferring this amount of surplus revenues of the Interest Fund to the Redemption Fund, pursuant to section 172 of the New York City Consolidation Act of 1882.

Which was unanimously adopted.

The following communication was received from the Counsel to the Corporation relative to the care and custody of the new Criminal Court-house:

LAW DEPARTMENT—Office of the Counsel to the Corporation, New York, December 3, 1896. Hon. ASHBEL P. FITCH, Comptroller:

SIR—Replying to your letter of November 19, inclosing the following resolution, adopted by the Commissioners of the Sinking Fund, November 19, 1896:

"Resolved, That the Counsel to the Corporation be requested to inform this Board, on or before its next meeting,

"1st. Whether the Commissioners of the Sinking Fund can authorize an issue of bonds for the payment of the work already contracted for in the new Criminal Court Building, after a resolution has been passed by them turning over the building to the care and custody of the Commissioner of Public Works.

"2d. Whether the transfer of the Criminal Court Building to the Commissioner of Public Works would, in any way, impair the legal status or rights of the City in any litigation concerning that building."

I have to say: Chapter 371 of the Acts of 1887, entitled "An Act to provide for the erection of a building for criminal courts and other purposes in the City of New York," provides, among other things, as follows:

"Section 1. The commissioners of the sinking fund of the city of New York, are hereby authorized to select and locate a site in the city of New York * * * upon which to erect a building for criminal courts and other public purposes as in this act provided."

"Sec. 5. The said commissioners of the sinking fund shall advertise for the submission to them of plans and specifications for such building * * * when the said commissioners shall have selected and approved a plan or plans and the specifications for said building, and shall decide to proceed with the work or any part thereof, they may direct that said work shall be executed. The said commissioners shall publicly advertise for proposals for the erection in whole or in part of such building, and for the doing of all work and the supply of all materials necessary for the completion of the same for use and occupancy. * * *

"Said contract or contracts when awarded shall be executed by the commissioner of public works of said city under the direction of the aforesaid commissioners in behalf of the mayor, aldermen and commonalty of the city of New York. The said commissioners of the sinking fund are hereby authorized and empowered by the concurrent action of all the members thereof and with the consent in writing of the contractor and his sureties to alter the plan of said building and the terms and specifications of any contract entered into by authority of this act; provided that such alteration shall in no case involve or require an increased expense greater than five per centum of the whole expenditure provided for in said contract.

"Sec. 7. The said contracts when executed shall be carried out according to their terms under the direction and supervision of the commissioner of public works.

"Sec. 8. For all expenses to be incurred under the authority of this act * * * the commissioners of the sinking fund * * * are hereby authorized to require the comptroller to issue bonds or stocks of the mayor, aldermen and commonalty of the city of New York, from time to time, to be known as criminal court-house bonds, * * * in such amounts as shall be necessary to carry out the purpose of this act, * * * and of the proceeds of said bonds there shall be paid, from time to time, upon the requisition of the commissioners of the sinking fund, or a majority thereof, the amount by them, from time to time, certified to be due for any of the purposes in this act provided."

It will be seen that the scheme of the statute was to make of the Commissioners of the Sinking Fund a building committee to have full and complete supervisory power over the erection and equipment of this building. The Commissioner of Public Works was the executive, but only under and subject to the power of the Commissioners. So long as the building is incomplete, so long as contracts are outstanding, so long as work remains to be done and moneys to be paid so long must the jurisdiction of the Commissioners last.

The Department of Public Works, under section 316 of the Consolidation Act, subdivision 5, has jurisdiction "of the care of public buildings."

Under section 317 of the same act, subdivision 7, it is provided that there shall be in the Department of Public Works:

"A bureau or bureaus and supplies, which shall have cognizance of all supplies and repairs to public buildings * * *"

The creating of special commissioners for erecting public structures is not new. The plan always contemplates that until completion, until equipment, the work shall be continued by the commissioners and the expenses thereof paid for by bonds as of the nature of permanent improvements. But when completed the structure shall go under the control of the appropriate department, and maintenance thereof shall be provided for in the annual budget.

In an opinion rendered by me on the 9th of July, 1896, I said:

"The completion of a building of the character of the new criminal court-house means when it is ready for occupancy; when all that is necessary for the accommodation of the various officers and departments has been done. Incidentally, the general power to complete implies that the sinking fund shall furnish and supply all that is requisite to the proper enjoyment of the various offices and departments who occupy offices and rooms in the building."

To treat the building as finally completed and to formally turn it over by resolution to the Department of Public Works, when, as matter of fact, it is not completed when the final certificate has not been made, when work is still progressing and when all the payments have not been made, would not, in my judgment, be a safe or proper course to take. It would perhaps be in the nature of a formal adjudication of the Commissioners that "all the expenses to be incurred under the authority of the act" had been incurred and provided for and might raise a serious question as to their power of further requisition.

I therefore advise you against the proposed course.

Very respectfully, FRANCIS M. SCOTT, Counsel to the Corporation.

Which was ordered on file.

The following communication was received from the Department of Public Charities:

DEPARTMENT OF PUBLIC CHARITIES, December 8, 1896. Hon. ASHBEL P. FITCH, Comptroller:

DEAR SIR—Referring to the lease recently made, but not as yet executed, for the premises No. 398 First Avenue to be used as a lodging-house for homeless men, I beg to inform you that, through an oversight, the question of the payment of water rent was omitted from the terms of the lease, although it was a verbal understanding between the owner of the premises and this Board that we should assume it.

The nature of the services to be performed there renders it necessary that a very much larger quantity of water to be used for bathing, flushing and laundry purposes than the rental charged would warrant the owner in assuming. An application is now before the Public Works Department for a larger and necessary water connection, which application will not be passed upon until this Department is authorized to pay the water rent.

Kindly advise at your early convenience whether such authority will be given.

Yours truly, S. C. CROFT, President.

Whereupon the Comptroller offered the following:

Resolved, That the resolution adopted by this Board October 13, 1896, authorizing a lease to the City from Charles Siedler of the premises No. 398 First Avenue for the use of the Department of Public Charities, be and the same is hereby amended so as to provide that the City shall pay the water rents accruing on the said premises during the term of the lease.

Which was unanimously adopted.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of fifty (\$50) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits except that of the successful bidder will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

TO CONTRACTORS. (No. 567.)
PROPOSALS FOR ESTIMATES FOR THE REMOVAL OF THE PIER AND APPURTENANCES NEAR THE FOOT OF CATHARINE SLIP, KNOWN AS PIER, OLD 35, EAST RIVER.

ESTIMATES FOR REMOVAL OF THE PIER and Appurtences near the foot of Catharine Slip, known as Pier, old 35, on the East river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, on Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

TUESDAY, FEBRUARY 2, 1897,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of Seven Hundred Dollars.

The Engineer's estimate of the nature, quantities and extent of the work is as follows:

1. Labor of removing the existing Pier and Sheds, covering an area of about 50,000 square feet.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days from the date of the receipt of a notice from the Engineer-in-Chief of the Department of Docks that the work may be begun, and the entire work is to be fully completed on or before the expiration of thirty days after said date, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

All the old material taken from the structures to be removed under the contract will become the property of the contractor, and bidders must estimate the value of such material when considering the prices for which they will do the work under the contract.

Bidders will state in their estimates a price for the whole of the work to be done in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do he or they will be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested the estimate shall distinctly state the fact; also, that the estimate is made without any consultation, connection or agreement with and the amount thereof has not been disclosed to any other person or persons making an estimate for the same purpose, and is not higher than the lowest regular market price for the same kind of labor or material, and is in all respects fair and without collusion or fraud; that no combination or pool exists of which the bidder is a member, or in which he is directly or indirectly interested, or of which he has knowledge, either personal or otherwise, to bid a certain price, or not less than a certain price, for said labor or material, or to keep others from bidding thereon; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or any other officer or employee of the City of New York, or any of its departments, is directly or indirectly interested in this estimate, or in the supplies or work to which it relates, or in any portion of the profits thereof, and has not been given, offered or promised, either directly or indirectly, any pecuniary or other consideration by the bidder or anyone in his behalf with a view to influencing his action or judgment in this or any other transaction heretofore had with this Department, which estimate must be verified by the oath, in writing, of the party making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance, and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate.

mate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. 1st. Bidders must satisfy themselves, by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the receipt of a notification from the Engineer-in-Chief of the Department of Docks that the work, or any part of it, is ready to be begun, and the entire work is to be done under the contract is to be fully completed on or before the expiration of seventy-five days after the date of service of such notification, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Where the City of New York owns the wharf, pier or bulkhead at which the materials under this contract are to be delivered, and the same is not leased, no charge will be made to the contractor for wharfage upon vessels conveying said materials.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested.

This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder. The award of the contract, if awarded, will be made to the bidder who is the lowest for doing the whole of the work and whose estimate is regular in all respects. Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing the work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested the estimate shall distinctly state the fact; also, that the estimate is made without any consultation, connection or agreement with and the amount thereof has not been disclosed to any other person or persons making an estimate for the same purpose, and is not higher than the lowest regular market price for the same kind of labor or material, and is in all respects fair and without collusion or fraud; that no combination or pool exists of which the bidder is a member, or in which the bidder is directly or indirectly interested, or of which the bidder has knowledge, either personal or otherwise, to bid a certain price or not less than a certain price for said labor or material, or to keep others from bidding thereon, and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or any other officer or employee of the Corporation of the City of New York, or any of its departments, is directly or indirectly interested in this estimate, or in the supplies or work to which it relates, or in any portion of the profits thereof, and has not been given, offered or promised, either directly or indirectly, any pecuniary or other consideration by the bidder or anyone in his behalf with a view to influencing the action or judgment of such officer or employee in this or any other transaction heretofore had with this Department, which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

In case a bid shall be submitted by or in behalf of any corporation, it must be signed in the name of such corporation by some duly authorized officer or agent thereof, who shall also subscribe his own name and office. If practicable, the seal of the corporation should also be affixed.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance, and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

In case there are two or more bids at the same price, which price is the lowest price bid, the contract, if awarded, will be awarded by lot to one of the lowest bidders.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bids or estimates to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The form of the contract, including specifications, and showing the manner of payment, can be obtained at the office of Withers & Dickson, architects, Bible House, Astor place, New York City, and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities will insist upon their absolute enforcement in every particular.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are made.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety

Such check or money must not be included in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. Each bid or estimate shall be accompanied by the

consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioner may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner will insist upon its absolute enforcement in every particular.

ROBERT J. WRIGHT, Commissioner, Department of Correction.
