REPORT

OF THE

Commissioners of Taxes and Assessments

FOR THE

QUARTER ENDING OCTOBER 1, 1874.

DEPARTMENT OF
TAXES AND ASSESSMENTS,
NEW YORK, October 1, 1874.

To the Honorable WILLIAM F. HAVEMEYER,
Mayor, etc.:

SIR—In compliance with your request of September 25, and in pursuance of the requirements of section 27 of chapter 335 of the Laws of 1873, the Commissioners of Taxes and Assessments respectfully

REPORT:

That the Board of Supervisors, at their session in July requested this Board to cause the taxes to be extended in the Receiver's books without expense to the city.

These books were received from the Board of Supervisors on the 30th of July, and were returned with the extensions completed to the proper officer of that Board on the 17th of August. The early completion of this work has greatly promoted the convenience of taxpayers.

The requirement of the law (chapter 302, section 7, Laws of 1859) directing that the assessment of the real and personal property in this city shall commence on the second Monday of September has been complied with.

The earnest remonstrance made by this Board before the Board of State Assessors at their session in this city in July last, has obtained from the State Board of Equalization a partial, but extremely inadequate, recognition of the claims of this city. From the assessment upon the real estate of this city for 1873, of \$836,693,380, there has been deducted in equalization \$23,984,333, leaving the equalized value at \$812,709,047.

The following table has, in this connection, special significance, showing, as it does, the assessments upon real estate in twenty-nine counties in 1852 as compared with 1873:

In Chataqua, Chenango, Cortlandt, Delaware, Genesee, Putnam, and St. Lawrence there has been no material change.

These figures are more than suggestive; they are, in effect, conclusive as to the injustice under which New York city suffers.

OPINIONS OF THE COUNSEL TO THE CORPORATION.

Where, in order to obtain payment for work performed for a department of the city government, an assignee of the contractor demands the certificate provided in section 9 of chapter 329 of the Laws of 1874, and the department receives from a credible source a charge that there is fraud in the alleged assignment, accompanied with an assurance that the alleged fraud can be judicially established, it is proper to withhold the certificate pending a judicial determination of the matter.

LAW DEPARTMENT—OFFICE OF THE
COUNSEL TO THE CORPORATION,
NEW YORK, October 7, 1874.

HON. HENRY G. STEBBINS, President of the
Department of Public Parks:

SIR—Your letter of the 3d instant states that the grading, etc., of Denman Place, in the Twenty-third Ward, has been completed under a contract entered into by the late trustees of the town of Morrisania; that the engineer has sent to your office his estimate of the work, and certified the amount due, as provided by section 9 of chapter 329 of the Laws of 1874.

You state that the Commissioners of your Department were about to issue the certificate directed by section 9 of that act to the assignees of the original contractor, when the letter of Mr. J. R. Angel, which accompanies your communication, was served upon the Commissioners. Your request to be advised whether the Department should issue the certificate to the original contractor, or to his assignee, or should, for a reasonable time, withhold the certificate altogether, to allow Mr. Angel an opportunity to substantiate, in a court of competent jurisdiction, his charges as to the fraudulent character of the assignments.

In the communication transmitted to me, Mr. Angel, an expert employed by Department of Finance, asserts that the various assignments which have been made of the contract in question are fraudulent, and have been made with intent to cheat and defraud the laborers who have been employed upon the work and creditors of the firm of Finnegan and Fink; that such assignments are, in his opinion, absolutely null and void; and that he is now preparing the necessary papers to commence a suit in equity to set aside all of such assignments.

Under these circumstances, I think the Department should withhold its certificate until Mr. Angel has had a reasonable opportunity to have the matter investigated and passed upon by the courts.

I am, sir,

Yours, very respectfully,

E. DELAFIED SMITH,
Counsel to the Corporation.

Where the Department of Docks accepted, used, and certified for the payment of lumber received from a contractor, and subsequently the Department of Finance pronounced the lumber in question inferior to the requirements of the contract; held, that in view of the difference of opinion between the two Departments, the contractor, in the absence of any adjudication upon the subject, ought not to be considered in default to the Corporation so as to preclude him from receiving the award of another contract for which he appeared to be the lowest bidder.

A person cannot be regarded as "in default to the Corporation" within the meaning of the laws and ordinances which disqualify an individual "in debt to the city" to become a contractor therewith, where the Comptroller, under a disputed charge that he has furnished inferior materials upon some former contract withholds and has in his hands the difference between his claim and the amount for which the same has been audited in the Finance Department.

LAW DEPARTMENT—OFFICE OF THE
COUNSEL TO THE CORPORATION,
NEW YORK, October 7, 1874.

The Honorable the Commissioners of the Department of Docks:

GENTLEMEN—A letter to me from the Secretary of your Executive Committee, dated the 6th instant, states that your Board has under consideration the award of certain contracts for supplying the Department with wood material for a period of six months, under proposals publicly opened on the 22d of September last, and that James Bigler is the lowest bidder for furnishing such materials. It is also stated in the letter of the Secretary that application was at once made to the Finance Department to ascertain if Mr. Bigler was in arrears or default to the Corporation, and that a communication in reply has been received from the Comptroller's office, of which a copy is inclosed. The Executive Committee request to be advised whether the statement made by the Comptroller

in regard to Mr. Bigler's position under a former contract with your Department is to be construed as placing Mr. Bigler in default or arrears to the Corporation; or whether the statement is of such a character as to require, under the law, the rejection of Mr. Bigler's bid above referred to; and whether, in the event of the rejection of the bid of Mr. Bigler, the Commissioners should award the contract to the next lowest bidder or advertise for new proposals.

The communication from the Comptroller's office, referred to in the letter of the Secretary, contains the following statement: "Mr. Bigler entered into a contract with the Department of Docks to furnish lumber for the construction of wharves, piers, etc., at prices warranting the delivery of the best quality; whereas, that which he has supplied is of inferior quality, and such as should not be used for that purpose. According to evidence in this Department, there has been delivered inferior lumber amounting to \$74,169 51, so far as ascertained, and the examination and reports of Mr. Bigler's deliveries of lumber are not yet completed. This amount has been retained by this Department, and should not be allowed in the final settlement of Mr. Bigler's contract."

It is stated in the letter of the Secretary of your Executive Committee, that the lumber or other wood material referred to in the above communication from the office of the Comptroller as being of inferior quality, was all accepted by the Department of Docks, and used in the repairing and construction of piers, and that the bills for all of such material have been duly audited and certified as correct by the Commissioners of Docks.

Under these circumstances, I do not think the bid of Mr. Bigler should be rejected, for the following reasons:

First. It would seem that a difference of opinion exists between the Department of Docks and the Department of Finance, as to whether certain lumber heretofore furnished by Mr. Bigler was or was not of an inferior quality. The Department of Docks has accepted and used the lumber, and has audited and certified the bills therefor as correct. It seems, however, that, in the opinion of the Finance Department, a large quantity of this lumber was of inferior quality and ought not to have been used. It is, of course, impossible for me to determine which of these views is correct; but where such a wide difference of opinion exists between the two departments, I do not think that Mr. Bigler should be pronounced in arrears to the Corporation, or a defaulter, until the matter has been passed upon by the courts, or settled in some other authoritative manner.

Secondly. Even if it should finally be determined that the view taken of the matter by the Finance Department was correct, I do not think it would necessarily follow that Mr. Bigler is prevented by the provisions of section 99 of the Charter of 1873, from again becoming a contractor with the Corporation. The communication from the Finance Department states that there has been delivered inferior lumber amounting to \$74,169 51, so far as has been ascertained, and that this amount has been retained by that Department. I can hardly suppose it possible that the value of the lumber claimed to be inferior, is, in the opinion of the Finance Department, \$74,169 51 less than it would have been if such lumber had been of the best quality. I presume that the sum mentioned is the price which was to be paid for the lumber if of the best quality. In either event, however, it would seem that the Finance Department has retained in its possession a sufficient amount to cover any deductions which can be lawfully made from the money to be paid to Mr. Bigler, and I do not see, therefore, that he can be considered either as "in arrears to the Corporation upon debt or contract," or a defaulter as surety or otherwise upon any obligation to the Corporation. As it seems that Mr. Bigler is the lowest bidder, under the proposals opened on the 22d of September last, I think the contract for wood material should be awarded to him.

I am, gentlemen,

Yours, very respectfully,

E. DELAFIELD SMITH,
Counsel to the Corporation.

A Janitor of a District Court of the City of New York is not an officer of the Corporation within the meaning of section 97 of chapter 335 of the Laws of 1873, under the authority of which the Board of Apportionment reduced certain salaries.

Although requested by an officer of the city government, the Counsel to the Corporation is not justified to plead defences which have, in principle, been distinctly overruled by the Court of Appeals.

quested to defend this action upon the ground that the salary of Janitors of District Courts was reduced by the Board of Estimate and Apportionment on the 18th of December, 1873, from \$1,500 to \$1,200 per annum.

The resolution of the Board of Apportionment was adopted pursuant to section 97, chapter 335, Laws of 1873.

That section provides that the salaries of all officers paid from the City Treasury whose offices now exist but are not embraced in any department shall be fixed by the Board of Apportionment.

The Court of Appeals in the recent case of *Sullivan vs. The Mayor, etc.*, have decided that the Janitor of a District Court is not an officer and that his position is not an office.

The defence suggested is therefore untenable, and the question you desire to raise is no longer open for discussion.

I am therefore obliged to advise you that the plaintiff's claim must be paid. I return the papers herewith.

I am, sir,

Very respectfully, yours,

E. DELAFIELD SMITH,
Counsel to the Corporation.

In view of the act approved September 30, 1874, in relation to the opening, widening, and straightening Kingsbridge road, the Department of Parks is advised to press the proceedings to a conclusion.

LAW DEPARTMENT—OFFICE OF THE
COUNSEL TO THE CORPORATION,
NEW YORK, October 14, 1874.

Hon. HENRY G. STEBBINS,
President of the Department
of Public Parks:

SIR—I inclose herewith a copy of an act passed by the last Legislature of this State, which has been made from a copy now in my possession, certified by the Secretary of State. You will observe that this statute makes it the duty of the Department of Public Parks to forthwith complete the work of laying out the Kingsbridge road by filing the necessary maps, and that the proceedings commenced some time since to acquire title to the land required for this street are, by this act, rendered valid.

As this matter has been pending for several years, and as the proceeding has already been delayed for more than a year, because the map of that portion of the street lying between Inwood street and the Harlem river was not filed at the proper time, and as the delay has been the occasion of great complaint on the part of the property-owners, I would respectfully request that the Commissioners of the Department of Public Parks comply with the provisions of this law with all convenient speed.

I am, sir,

Yours, respectfully,

E. DELAFIELD SMITH,
Counsel to the Corporation.
