I.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE, April 2, 1880.

To the Commissioners of the Sinking Fund:

GENTLEMEN—Herewith I submit the petition of Lavinia Lowrey for a confirmatory deed of a lot of land known as No. 45 East Sixty-seventh street, and being part of lands sold by the Corporation at public auction May 21, 1866, designated as lots Nos. 51, 52, 53, and 54 of plot "H" on the map of said sale. The said sale was regular and the terms thereof were complied with and the purchase price has been paid in full and carried to the credit of the Sinking Fund for the redemption of the city debt. Respectfully,

JOHN KELLY, Comptroller.

Resolved, That the petition of Lavinia Lowrey for a confirmatory deed of a lot of land sold by the Corporation at public auction May 21, 1866, and known as No. 45 East Sixty-seventh street, be granted and referred to the Counsel to the Corporation, to prepare such a deed thereof as the facts may warrant and require, and that the Mayor and Clerk of the Common Council be authorized and directed to execute the same when so prepared and approved by him, and the Comptroller be directed to deliver said deed when duly executed and recorded in his office, to the said petitioner.

CITY OF NEW YORK—FINANCE DEPARTMENT,
COMPTROLLER'S OFFICE, April 2, 1880.

To the Commissioners of the Sinking Fund:

GENTLEMEN—Herewith I present the petition of Elias P. The report was accepted and the resolution adopted.

The application of Maria L. Daly "for a release of a water privilege in a creek running through a block in the Twenty-third Ward," between Naegle and Post avenues and Dyckman and Academy streets, was received, and, on motion, referred to the Comptroller.

A communication was received from the Commissioner of Public Works, in relation to the removal of the bell-tower in Marion street, which was, on motion, laid over for consideration.

The Comptroller submitted the following resolution, which, on motion, was adopted, viz.: Resolved, That a warrant for twenty-five hundred dollars (\$2,500), payable from Sinking Fund for payment of interest on the city debt, be drawn in favor of the Chamberlain for deposit in the City Treasury to credit of Croton Water Rent Refunding Account—for refunding duplicate, erroneous and over-payments of Croton water rent.

The following opinion of the Counsel to the Corporation was received, and ordered to be printed in the minutes, viz.:

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, February 10, 1880.

The Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—I duly received a copy of the following resolution adopted by your Honorable Body on the 29th of January last:

"Resolved, That the Counsel to the Corporation be requested to furnish his opinion to the Commissioners as to the legal right of the Commission to execute a lease containing a covenant in the form, or to the effect, specified in the first article of the conditions for the leasing of Fulton Market property; also whether the Commissioners of the Sinking Fund have the right to execute a

lease which provides that the present building shall be removed, and another building erected in its stead, to be used as and for the purpose of a public market, or whether the lease must provide for the maintenance of the present building as a part of the market property."

The first article of the conditions for the leasing of the Fulton Market property as it appears in the CITY RECORD of January 10, 1880, is as follows:

"The lease to be for twenty-one years from February 1, 1880. The present building to be entirely removed, and new buildings for public market to be erected by lessees, to be maintained as a public market for the full term of the lease. At the end of the lease, the new buildings to become the absolute property of the city."

Section 102 of the Charter of 1873 authorizes the Commissioners of the Sinking Fund to sell or lease any city property, except wharves and piers, and contains the following provision:

"But if said property be market property, except the market between Sixteenth and Seventeenth streets, east of Avenue C, the market in Gouverneur slip, and the market in Old slip, it shall not be sold or leased, unless under a condition that the purchaser or lessee thereof shall maintain said market property as and for the purposes of a public market for at least ten years from and after such sale or lease."

Looking merely to the letter of the statute, the clause above quoted, which declares that the purchaser or lessee "shall maintain said market property as and for the purposes of a public market," may be construed in two different ways. It may be regarded as meaning that in case of the sale or lease of any market property the existing buildings shall be preserved, and a public market shall be kept up in them for at least ten years; or such clause may be regarded as meaning that a public market shall be kept up upon the site of the property sold for that period. The language used being ambiguous, we must endeavor to ascertain the intention of the Legislature, and adopt that interpretation which will carry out such intention.

The dilapidated condition of a number of the principal market buildings in this city has long been notorious. The Board of Health has declared the condition of the Fulton Market building to be detrimental to life and health, and that no amount of repairs will place it in a proper sanitary condition, and that the public health requires its removal, and the substitution of a new building; and it would seem that said Board, if it saw fit, might order said building to be removed.

The Building Department has also declared that it would be impracticable to repair said building and make it safe and fit for market purposes, and that the entire building should be taken down to the bottom of the foundation and rebuilt.

The condition of Fulton Market was not, as I am informed, materially different when these reports of the Health and Building departments were made from what it was when the Charter of 1873 was passed, and I think we may fairly assume these facts were known to the Legislature, and it does not seem to me probable that it could have been the intention of that body, while giving the power to sell or lease market property, to compel the retention of these old buildings.

I am of the opinion that the Commissioners of the Sinking Fund can legally execute a lease containing a covenant in the form or to the effect specified in the above quoted first article of the conditions for the leasing of the Fulton Market property, and that they have the right to execute a lease which provides that the present building shall be removed and another building erected in its stead, to be used as and for the purpose of a public market, and that it is not necessary that the lease should provide for the maintenance of the present building as a part of the market property.

Although my advice was not requested upon this particular point, it was considered by me before giving the opinion sent by me to the Commissioners of the Sinking Fund under date of June 28, 1879, and the views above set forth correspond with those contained in said opinion.

I am, gentlemen,

Yours respectfully,

W. C. WHITNEY, Counsel to the Corporation.

The subject of leasing the Fulton Market premises, postponed January 29, 1880, to a future meeting, was taken up for action, and, on motion of the Comptroller, referred to the Mayor, Comptroller, and Chairman of Finance Committee, Board of Aldermen, to consider and report.

The Chairman of the Finance Committee of the Board of Aldermen submitted the petition of the Ladies' Union Aid Society of the Methodist Episcopal Church in the City of New York, for a lease of eight lots of land at some convenient place north of Sixty-eighth street, for a term of years, at a nominal rent, to be used for the charitable purposes of their society, which, on motion, was referred to the Comptroller.

The Comptroller submitted the following report in relation to bonds of the city, payable May next, viz.:

COMPTROLLER'S OFFICE, April 7, 1880.

To the Commissioners of the Sinking Fund:

A resolution authorizing the payment of said Bonds from the Sinking Fund is herewith presented.

Respectfully submitted,

JOHN KELLY, Comptroller.

The report was accepted, and, on motion, the resolution was adopted.

The Comptroller submitted the following resolution in relation to the appraisal by William Kennelly of the value of the real estate to be sold at public auction, and the terms and conditions of said sale.

Resolved, That the Commissioners of the Sinking Fund do hereby approve of the appraisal made by William Kennelly, under a resolution adopted March 16, 1880, of the valuation of real estate belonging to the Corporation, and authorized to be sold, filed herewith, and do fix the terms of sale thereof as follows:

TERMS AND CONDITIONS OF SALE.

Ten per cent. of the purchase money, and the auctioneer's fees, on each lot, to be paid at the Comptroller's office immediately after the sale; thirty per cent. on May 1st next, when the deeds will be ready for delivery; and the balance (sixty per cent.) or any portion thereof, at the option of the purchaser, may remain on bond and mortgage for five years from May 1, 1880, with interest at the rate of six per cent. per annum, payable half yearly, mortgages to contain the customary thirty days interest clause.

The amount on bond and mortgage may be paid off at any time within five years, on giving one month's notice to the Comptroller, or it may be paid in installments of not less than five hundred dollars, on any day when interest is due within the five years. The bonds and mortgages will be prepared by the Counsel to the Corporation, and \$12.50 will be charged for the expense of drawing, acknowledging and recording each separate mortgage. Purchasers are informed that, if more than one lot is included in any mortgage, the whole mortgage must be paid off before any release can be given by the Corporation, as any release of part of the premises included in a mortgage to the Corporation is forbidden by law.

The Comptroller may, at his option, resell the lots bid off by those failing to comply with the terms of sale; and the party so failing to comply will be held liable for any deficiency that may result from such resale.

The premises designated as Nos. 48 Chatham street and 118 Sullivan street will be sold, subject to the unexpired term of a lease on each of said premises.

The lease of 118 Sullivan street, expires on the first day of May, 1881, and the lease of 48 Chatham street on the first day of May, 1882.

On motion, the resolution was adopted, the Recorder, Comptroller, Chamberlain and Chairman of Finance Committee, Board of Aldermen, voting in the affirmative, and the Mayor in the negative.

[Appraisal filed.]

The Comptroller submitted the following report in relation to premises No. 115 Christopher street, bought in by the Corporation at foreclosure sale of mortgage to the city, and Fulton Market cellar No. 5, the lessees of the same having failed to comply with the terms of sale, viz.:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
COMPTROLLER'S OFFICE, April 6, 1880.

To the Commissioners of the Sinking Fund:

GENTLEMEN—The Comptroller, to whom was referred, December 29, 1879, a communication from the Collector of City Revenue, relating to the premises No. 115 Christopher street, which property was bought in by the Corporation at a foreclosure sale of a mortgage to the city thereon, respectfully

REPORTS:

That the property has been only rented from month to month, and it seems advisable that the same be sold. A resolution for that purpose is submitted, providing also for the sale of the lease of the cellar No. 5 Fulton Market, which has been vacated.

Respectfully,

JOHN KELLY, Comptroller.

Resolved, That the premises No. 115 Christopher street, belonging to the Mayor, Aldermen, and Commonalty of the City of New York, be included in the sale of real estate authorized by a resolution of the Commissioners of the Sinking Fund, adopted March 16, 1880, and that the lease of cellar No. 5 Fulton Market be also sold, as authorized by a resolution of the same date, the arrangements for the sale to be the same as are therein authorized, and that the appraisal of the value of the same, included in the appraisal of the value of property to be sold or leased, made by William Kennelly, March 31, 1880, is hereby approved.

The Mayor moved that the report be laid over to the next meeting, which was not carried; the Recorder, Comptroller, Chamberlain, and Chairman of Finance Committee, Board of Aldermen, voting in the negative, and the Mayor in the affirmative.

Report accepted, and, on motion, the resolution was adopted, the Recorder, Comptroller, Chamberlain, and Chairman of Finance Committee, Board of Aldermen, voting in the affirmative, and the Mayor in the negative.

The Mayor submitted the following resolution, viz.:

Resolved, That any resolution finally determining the incurring of any expenditure or the selling or leasing of any property shall be laid over until the next meeting at the request of any member of the Sinking Fund Commissioners present.

The resolution was not adopted, the Recorder, Comptroller, Chamberlain, and Chairman of the Finance Committee, Board of Aldermen, voting in the negative, and the Mayor in the affirmative.

The Comptroller submitted the following resolution in relation to the appraisal and terms of sale of leases to be sold at public auction, viz.:

Resolved, That the Commissioners of the Sinking Fund do hereby approve of the appraisal of the valuation of the leases of cellars in Fulton Market, and of lots at No. 5 Duane street, as made by William Kennelly, filed herewith, and do fix the terms of sale of said leases, which shall be for the period of one year from May 1, 1880, as follows:

TERMS OF SALE.

Twenty per cent. on the yearly rent bid for each parcel to be paid to the Collector of City Revenue at the time and place of sale; and the successful bidder will be required, at the same time, to have an obligation executed by two sureties, to be approved by the Comptroller, for carrying into effect the terms of sale.

Twenty per cent., when paid, will be credited on the first quarter's rent; or the same will be forfeited if the said successful bidder does not execute the lease and bond within fifteen days after the sale; and the Comptroller shall be authorized, at his option, to resell the premises bid off by any person failing to comply with the terms of sale; and the person so failing to comply shall be liable for any deficiency that may result from such resale.

No person will be received as lessee or surety who is delinquent on any former lease from the Corporation. No bid will be accepted from any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation, as provided by section 99 of the Charter of 1873.

The leases will contain the usual covenants and conditions, reserving to the Corporation the right to cancel the lease whenever the premises may be required for public purposes.

All repairs will be made at the expense of the lessees, and no deduction whatever will be allowed for damages by reason of any sickness or epidemic that may prevail in the city during the continuance of the lease.

The lessees will be required to give a bond for double the amount of the annual rent, with two sureties, to be approved by the Comptroller, conditioned for the payment of the rent quarterly, and the fulfillment on their part of the covenants of the lease.

On motion, the resolution was unanimously adopted.

[Appraisal filed.]

On motion, adjourned.

W. H. DIKEMAN, Secretary.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates

if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made from time to time, at such times and in such quantities as may be directed by the said Department; but the entire quantity will be required to be delivered on or before thirty (30) days after the date of the contract.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purposes, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for his faithful performance, and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded, neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise, must conform in every respect to the samples of the same respectively at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are required to state in their proposals their names and places of residence; the names of all persons interested with them, and if no other person be so interested, they shall distinctly state that fact; also, that it is made without any connection with any other person making any estimate for the same supplies and work; and that it is in all respects fair, and without collusion or fraud; and, also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true; where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each proposal shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the bid or proposal, they will, on its being so awarded, become bound as his or their sureties for his faithful performance; and that if he or they shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he or they would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as a bail, surety, or otherwise; that he has offered himself as a surety in good faith, and with an intention to execute the bond required by Section 27, Article 2, Chapter 8, of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the sureties offered to be determined by the Comptroller.

Bidders are required to state in their proposals the several streets or parts of streets in which they propose to perform the requirements herein contained, and also the illuminating or candle-power of the gas they propose to furnish, when tested at a distance of not less than one mile from the place of manufacture, and bidders proposing to furnish any illuminating material other than illuminating or coal gas, must state distinctly what kind of material they propose to furnish, and the illuminating power of the burner they propose to use for the same.

Bidders are also required to state the price for which they will furnish the gas (of not less than sixteen-candle power by photometrical test, at a distance of not less than one mile from the place of manufacture) or other illuminating material for each lamp, including the lighting, extinguishing, cleaning, repairing, reglazing, and painting lamp-posts and lanterns, and replacing the cocks, tubes, burners, cross heads, lamp irons, and lanterns thereto, for the period from May 1st, 1880, to April 30th, 1881, both days inclusive, stating the price, for the above named period of one year, for each lamp.

Bidders are also required to state a price for which they will repair lamp-posts, including straightening and releading, and for each new lamp fitted up, as follows:

For each lamppost straightened, stating the price per post.

For each column releaded, stating the price per post.

For each column refitted, stating the price per post.

For each lamppost removed, stating the price per post.

For each lamppost reset, stating the price per post.

For each new lamp fitted up, stating the price per post.

The bidders are required to write out the amount of their bids in their estimates, in addition to inserting the same in figures.

The number of public lamps to be contracted for is about 20,000.

The burners for illuminating gas are to be of a capacity to burn three cubic feet of gas per hour under a pressure of one inch, and in case the illuminating material shall be other than illuminating gas, then the burners to be used for such illuminating material shall give a light (by photometrical test) equal to the light given by the gas-burners in use in the public lamps in the City of New York.

Should any alteration or any attachment be required to any portion of the lamps for which proposals are made in consequence of the use of illuminating material other than gas, then such alteration shall be done and such attachment placed on the lamps without expense to the City.

The number of hours the lamps are to be kept burning during the contract is 4,000.

The amount of security required is \$60,000 on all contracts which will amount to \$100,000 or more; and on smaller contracts the security shall be sixty per cent. of the total amount of the bid.

The award of the contract will be made as soon as practicable after the opening of the bids.

Should the person or persons to whom the contract is so awarded neglect or refuse to accept to contract within forty-eight hours after written notice that the same has been awarded to his bid or proposal, or if he accept, but does not execute the contract and give the proper security, it may be readvertised and relet as provided by law and ordinance.

Bidders are informed that no deviation from the specifications will be allowed, unless a written permission shall have been previously obtained from the Mayor, Comptroller, and Commissioner of Public Works.

The right is reserved to assign and designate to any bidder, whose bid shall be accepted, the number and location of the lamps to be lighted by such bidder, in any portion of the city for which proposals are received, and to increase or diminish such number.

The right is reserved to determine and designate, after the proposals are opened, what illuminating material shall be used in the public lamps, or any number of them, during the period before mentioned; also to decline any, or all proposals if deemed for the interests of the Corporation, and no proposal will be accepted from or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as security or otherwise, upon any obligation to the Corporation.

If the proposal of any bidder proposing to furnish illuminating gas shall include any lamps with which the pipes or mains of such bidder are not connected at the time of the making of the bid, and a contract for furnishing the gas for and lighting, extinguishing, cleaning, repairing, and maintaining any such lamps, shall be awarded to such bidder, in that case, thirty days from the date of the execution of such contract and such further time, not exceeding thirty days, as may be deemed reasonable by the Commissioner of Public Works, shall be allowed to such bidder in which to connect such pipes or mains with such lamps.

But no payment to such bidder, on account of any such lamps, will be made for the time so allowed, nor until the same shall have been connected with the mains of such bidder, nor except for the time during which all the requirements herein mentioned shall have been fully performed.

Blank forms of proposals can be obtained on application at the office of the Commissioner of Public Works.

TERMS AND CONDITIONS OF THE SALE.

The Department will make, prior to the commence-
ment of the term of lease in each case, such repairs to
any of the above-named premises, in the judgment of the
Commissioners, needing them, as they may consider neces-
sary to place the premises in suitable condition for
service during the term for which leases are to be sold,
except that no repairs will be made to any of the above-
named premises where it is stated that they will not be
repaired by the Department; but all the premises must
be taken in the condition in which they may be on
the date of commencement of said terms, respectively;
and no claim that the property is not in suitable condition
at the commencement of the lease, will be allowed by
the Department; and all repairs and rebuilding required
and necessary, during the terms leased, are to be done at
the expense and cost of the lessees.

Purchasers will be allowed three months, from date of
commencement of their leases, in which to notify the De-
partment that dredging is required at the premises leased;
and the Commissioners guarantee to do all possible dredg-
ing, as soon after being notified of the necessity thereof,
as the work of the Department will permit, except that no
dredging will be done at any of the above-named premises
where it is stated that they will not be dredged by the De-
partment; but in no case will the Department dredge
where a depth of ten feet at mean low water already exists,
nor after that depth shall have been obtained by dredg-
ing; and no claim will be received or considered by the
Department, for loss of wharfage or otherwise, consequent
upon any delay in doing the work of such dredging, or
consequent upon the premises being occupied for dredging
purposes. All dredging required at any of the above
premises, of which the purchaser of the lease therefor
shall neglect or omit to notify the Department during the
first three months of the term of the lease, and all dredg-
ing necessary during the remainder of such term, is to be
done at the expense and cost of the lessee.

The up-set price for each of the above-named premises
will be fixed by the Department of Docks, and announced
by the auctioneer at the time of the sale.

Each purchaser of a lease will be required, at the time
of the sale, and in addition to the auctioneer's fees, to pay
to the Department of Docks twenty-five per cent. of the
amount of annual rent bid, as security for the execution
of the lease, and which twenty-five per cent. will be
applied to the payment of the rent first accruing under
the lease, when executed, or forfeited if the purchaser
neglects or refuses to execute the lease and bond within
five days after being duly notified that the lease is pre-
pared and ready for signature. The Commissioners
reserve the right to resell the leases bid off by those failing
to comply with these terms; the party so failing to be
liable for any deficiency which may result from such
resale.

Lessees will be required to pay their rent quarterly, in
advance, in compliance with a stipulation therefor in the
form of lease adopted by the Department.

Two sureties, each a freeholder and householder in the
City of New York, and to be approved by the Commis-
sioners of Docks, will be required, under each lease, to
enter into a bond jointly with the lessee in the sum of an
amount double the annual rent for the faithful per-
formance of all the covenants of the lease; and each pur-
chaser will be required to submit, at the time of the sale,
the names and address of his proposed sureties.

Each purchaser will be required to agree that he will,
upon being notified so to do, execute a lease prepared
upon the printed form adopted by the Department, which
can be seen upon application to the Secretary, at the
office, 119 Duane street.

No person will be received as lessee or surety who is
delinquent on any former lease from the Corporation; and
no bid will be accepted from any person who is in arrears
to the Corporation upon debt or contract, or who is a de-
fault, as surety or otherwise, upon any obligation to the
Corporation.
