RULES AND REGULATIONS.

Construction and Repairs.

Rule 1. No piles shall be driven, nor shall any platform be erected, nor shall any filling-in or construction, repairs, alterations, removals, dredging or demolitions of any kind be made on any part of the water front of the City, without a written permit therefor being first had and obtained from the Commissioner of Docks, under a penalty of one hundred dollars for each and every violation of this rule, in addition to all damages to be recovered from the owner, lessee or occupant of any pier or bulkhead, or any water-front property or right, who shall cause or permit any such work to be done upon the premises before such permit therefor has been obtained; and there shall be a further penalty of twenty-five dollars a day for each and every day which shall elapse until any piles so driven or platform so erected or material so filled in or work so done without such permit being first obtained therefor, shall be removed after the expiration of the time specified in a notice for such removal, signed and served upon such owner, lessee or occupant by the Dock Master of the District.

Maintenance of Structures.

Rule 2. No shed, building, office, tally-house, booth or stand shall be erected, nor shall any derrick, hoisting-mast, coal-hopper, sign or advertising device, or obstruction of any kind, be placed or maintained on any pier, bulkhead, marginal street, quay, or wharf structure, nor upon any reclaimed land, without a written permit being first had and obtained from the Commissioner of Docks, and if the owner, lessee, occupant or agent of said wharf property or land shall place or permit the erection, placing or maintaining of any erection or any structure for which permit has not been duly obtained from the Commissioner, then for failure to remove, said owner, lessee, occupant or agent shall forfeit and pay a penalty of one hundred dollars in addition to all damages for each and every violation of this rule; and there shall be a further penalty of twenty-five dollars a day for each and every day which shall elapse until any such erection or structure so placed without permit being first obtained therefor, shall be removed after the expiration of the time specified in a notice for such removal signed and served upon such owner, lessee, occupant or agent by the Dock Master of the District.

Overburdened Piers, Bulkheads, etc.

Rule 3. No cargo shall be discharged from any vessel upon any pier, bulkhead or wharf structure, at which such vessel is being unladen, after notice signed and served by the Dock Master of the District, upon the owner, consignee, master or other officer

of such vessel, or stevedore, that such pier, bulkhead or structure will be endangered by the placing of additional cargo thereon, under a penalty of one hundred dollars for each and every such offense, in addition to all damages caused thereby after the service of said notice, to be recovered from such owner, consignee, master or other officer, or stevedore, severally and respectively.

Removal of Materials.

Rule 4. All goods, merchandise and materials of every kind, landed or placed on any pier, bulkhead, or other wharf property, or upon reclaimed land, must be removed therefrom within twenty-four hours. The Dock Master of the District shall affix to said matter and serve upon the owner, shipper, or consignee of such cargo a notice signed by him, to remove the same under penalty of twenty-five dollars per day for each and every day during which any part of such goods, merchandise or material shall remain upon such pier, bulkhead, structure or reclaimed land, after the expiration of said twenty-four hours to be recovered from such owner, shipper or consignee, severally and respectively.

All goods, merchandise and materials of every kind incumbering any pier, bulkhead or other wharf structure, or reclaimed land, after the time designated for the removal thereof shall have expired, will be liable to be removed by the Commissioner of Docks to any warehouse or yard, at the sole risk and expense of the owner of any such goods, merchandise or materials, and all expense incurred for such removal and storage, or otherwise, shall be and become a lien thereon, and such goods, merchandise and materials will not be delivered to the owner until the expense of such removal and storage has been paid.

Manner of Discharging Cargoes.

Rule 5. No sand, gravel or similar material shall be discharged from or loaded into any vessel unless canvas or similar material be extended from the vessel's side to the bulkhead or wharf structure at which such vessel is being unladen, to prevent the falling of the sand into the water; and if the surface of any of such wharf structures is not sufficiently tight to prevent the sand dumped thereon from going through into the water, then no sand shall be discharged thereon from any vessel, unless canvas or similar material be first laid thereon to receive the sand.

No vessel of any kind shall be loaded or discharged by horse-power, unless proper planking be provided to protect the surface of such pier, bulkhead or wharf structure from injury consequent upon the travel of the horse, or the unloading of stones or similar cargo thereupon, under a penalty of twenty-five dollars for each offense of discharging such stones or like cargo upon such pier, bulkhead or wharf structure, to be recovered from the owner, consignee or master of any such vessel, or stevedore, severally and respectively.

All lumber, brick or other material in bulk, discharged on any bulkhead, must be placed at least twenty feet from the edge of the bulkhead, pending removal, under a penalty of twenty-five dollars per day for each and every day such lumber, brick or other material shall remain on the bulkhead, to be recovered from the owner or consignee of such lumber, brick or other material, or from the person placing, or causing the same to be placed, on such bulkhead, severally and respectively.

Refuse, Offal, Etc.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
