MUNICIPAL CIVIL SERVICE COMMISSION.

Municipal Civil Service Commission,
No. 61 Elm Street,
New York, December 13, 1905.

A meeting of the Civil Service Commission of The City of New York was held at the Commission's offices, No. 61 Elm street, on Wednesday, December 13, 1905, at 10 a. m.

All the Commissioners were present.

A public hearing was held upon the request of the Justices of the Court of Special Sessions for an amendment of the classification of positions in the exempt class in that Court by adding thereto the title "Male Probation Officer in the First Division." Hon. Willard H. Olmstead, Justice of the Court of Special Sessions, addressed the Commission in behalf of the request. Hon. Nelson S. Spencer, representing the Civil Service Reform Association, opposed the same. The hearing then closed, and the Commission went into regular session.

The minutes of the meeting held December 8 were approved.

On motion, it was

Resolved, That the request of the Justices of the Court of Special Sessions for an amendment of the classification of positions in the exempt class in that Court, by adding thereto the title "Male Probation Officer in the First Division," be and the same is hereby laid over.

The Committee on Transfers recommended that the following transfers be approved:

A communication was presented from the Chief Examiner, dated December 7, requesting instructions from the Commission as to the letter from the Chief Clerk of the Police Department, transmitting an amended record of Roundsman James Murray, candidate for promotion to Sergeant. It appeared that in transmitting the candidates record to the Commission the Police Department omitted mention of an "honorable mention and medal" conferred on the candidate June 14, 1905. The Secretary was instructed to direct the Chief Examiner to re-rate the candidate's record, giving him credit for the commendation and medal, which was omitted from his record as originally furnished by the Police Department.

A communication was presented from the Chief Examiner, dated December 5, amending his report of examinations held during September and October, as follows:

The report was ordered filed.

A communication was presented from the Chief Examiner, dated December 5, 1905, with reference to the request of Mr. John J. Clarke that his "seniority" in the recent examination for promotion to sixth grade Accountant in the Finance Department be rerated, stating that the request did not seem to be one that the Commission had the power to grant, for the reason that the candidate was not eligible for promo-

tion at the time that he entered the examination, owing to the fact that he had not served the required six months in his present grade. The request was denied.

A communication was presented from the Chief Examiner dated December 5, with reference to the appeal of William J. Morris, candidate for promotion to Sergeant of Police, stating that, in his opinion, the same did not present any grounds on which the Commission could reconsider its action in having denied the candidate's first appeal for a rerating. The appeal was denied.

A communication was presented from the Chief Examiner, dated December 5, with reference to the appeal of James F. Grady, candidate for Engineer of Steamer, for a rerating, stating that the ratings received by the candidate on the paper for "Management of Engine" were entirely correct, and pointing out that the examination was held more than a year ago. The appeal was denied.

A communication was presented from the Chief Examiner, dated December 8, requesting instruction as to the method of rating seniority in the recent examination for promotion from the three grades of Junior Clerk to the position of first grade Clerk in the Finance Department. The Secretary was instructed to communicate with the Chief Examiner, and request him to furnish the Commission with more information in reference to the matter.

A communication was presented from the Chief Examiner, dated December 8, with reference to the appeal of Henry J. Gleason, candidate for Automobile Engineman, stating that the same was not based on any error or mistake of marking on the part of the examiners. The appeal was denied.

A communication was presented from the Chief Examiner, dated December 11, in answer to the request of the President for information regarding a letter from James J. Walsh, candidate for promotion to the rank of Foreman in the Fire Department. It appeared that the candidate competed in the recent examination for promotion to Foreman in the Fire Department; that, after he had completed and handed in all his papers, as he supposed, he found that one of his sheets on "Administration" was lying on his desk, and that he immediately presented the same to the Chief Examiner, who, however, refused to accept the paper. He therefore appealed to the Commission to accept the same. Mr. Ireland embodied in his communication a report of Mr. Barry, the Monitor in charge of the section in which the candidate sat, and also an extract from the diary kept of all examinations, and stated that as some time had elapsed between the period of handing in the sheets on "Administration," which were counted by the candidate and attested by the Monitor, and the time at which the candidate wished the additional sheet to be added to the paper, he had refused to accept the same in accordance with his invariable rule. After a careful consideration of the matter, the Secretary was instructed to communicate with the Chief Examiner and request him to accept the sheet in question, and proceed with the rating of the candidate's papers.

A communication was presented from the Chief Examiner, dated December 11, stating that the appeal of John F. McCarthy, candidate for Patrolman, did not present any grounds on which the Commission should reverse its decision in denying the candidate's former appeal for a rerating. The appeal was therefore denied.

A communication was presented from the Secretary of the State Civil Service Commission, dated December 11, informing the Municipal Commission of the disposition made of the following resolutions, which were forwarded to it for approval:

Amending the resolution adopted May 26, 1905, classifying the positions of Superintendent of Ferries and Assistant Superintendent of Ferries in the Department of Docks and Ferries, in the Exempt class, by changing the line "Assistant Superintendent of Ferries" to read "Two Assistant Superintendents of Ferries." Returned without approval for the reason that a public hearing was not held.

Excepting from examination Mr. J. B. Poore, an expert employed by the Department of Water Supply, Gas and Electricity. Approved.

Amending the classification of positions in the exempt class, Board of Estimate and Apportionment, by adding thereto the title "Secretary." Approved.

Amending the classification of positions in the exempt class, in the Department of Finance, by adding thereto the title "Medical Examiner." Approved.

The papers were ordered filed.

A communication was presented from the President of the Borough of Richmond, dated December 12, requesting approval of the provisional appointment of Alfred A. Liebig, No. 19 Arlington avenue, Mariners' Harbor, New York, to the position of Axeman, pending the establishment of the eligible list for that position. The appointment was approved, and the Secretary was instructed to summon the candidate for a non-competitive examination, under the provisions of Rule XII., paragraph 3.

A communication was presented from the Secretary of the Department of Public Charities, dated December 7, inclosing copy of a peremptory writ of mandamus, issued by Mr. Justice Leventritt of the Supreme Court, on May 18, 1905, commanding that the pay-roll of George W. Stokes, Examiner of Charitable Institutions, be certified at the rate of \$1,200 per annum for the months of January, February, March, April, May and June, 1904; and transmitting a list of the other persons employed as Examiners of Charitable Institutions in the Department of Public Charities, with the request that their pay-rolls also be certified at the rate of \$1,200 per annum from January 1, 1904, to November 30, 1905, such request being based on the aforesaid decision of Mr. Justice Leventritt. The Secretary was instructed to communicate with the Corporation Counsel and ask him to advise the Commission as to whether it could properly certify the said pay-rolls, as requested by the Department of Public Charities.

A communication was presented from the Police Commissioner, dated December 5, requesting that the position of Detective Sergeant in the Police Department be stricken from the competitive schedule in order that he might assign Patrolmen to fill the position of Detective Sergeant in his Department, as formerly was the custom, and submitting his reasons for requesting the change. The Secretary was instructed to order a public hearing on the proposed amendment of the classification of positions in the competitive class, in accordance with Civil Service Rule III., to be held at the Commission's offices on Wednesday morning, December 20, 1905, at 10 o'clock.

A communication was presented from the Secretary of the Board of Education, dated December 5, transmitting a statement from the Superintendent of School Buildings of that Department, to the effect that the three persons certified by the Commission on December 1 for appointment to the position of Inspector of Light and Ventilation had been interviewed and that none of them possessed the requirements to fill the vacant position. The Secretary was instructed to communicate with the Board of Education and state that the Commission could not accept the aforesaid statement as a sufficient reason for passing over the three persons certified for appointment; that they had demonstrated their fitness for appointment to the position of Inspector of Light and Ventilation by competitive examination, and that, if they were willing to accept such appointment, under Civil Service rules they were entitled to same; but that, if, at the end of their period of probation, their services had been found unsatisfactory, they could be dismissed for incompetency.

A communication was presented from the Secretary of the Department of Public Charities, dated December 5, requesting to be informed whether, under the Civil Service rules, Mr. James H. Fitzsimmons was eligible for transfer from the position of Driver in his Department to that of Messenger, his salary to remain the same, namely, \$900 per annum. The Secretary was instructed to communicate with Mr. Borden and state that the said employee was not eligible for transfer to the position of Messenger, as he had never qualified for that position.

A communication was presented from the Fire Commissioner, dated December 4, in answer to the letter from the Commission stating that the most appropriate list from which it could certify for the appointment of a Steam Hammer Operator was the list for Machinist. Commissioner Hayes transmitted a report from the Foreman in charge of the Repair Shops in his Department, to the effect that a selection could not be made from the eligible list of Machinist, as the position required special qualifications, and requested that the classification of positions in the labor class be amended by adding thereto the title, "Steam Hammer Operator," and that an eligible list be established for that position. The Secretary was instructed to communicate with the Fire Commissioner and state that the Commission did not see the necessity of taking such action, and to certify the entire list of Machinists, with the request that he consider the same and endeavor to make a selection from among the persons whose names appeared thereon.

A communication was presented from the Secretary of the Board of Education, dated December 7, requesting that the Commission hold an examination for the change of title of Mr. James J. Sheridan from "Inspector of Repairs" in that Department to that of "Inspector of Plumbing." The Secretary was instructed to communicate with the Board of Education, and ask that the Commission be furnished with the reasons for requesting such an examination.

A communication was presented from the Secretary of the Department of Public Charities dated December 8, requesting approval of the emergency appointment of Frank Cogan as Marine Engineer for one day. The same was approved under Rule XII., paragraph 4.

A communication was presented from the Secretary of the Department of Docks and Ferries dated November 8, requesting that they be authorized to make four appointments to the position of second grade Clerk, the services of such persons being urgently needed in that Department at the present time, and certifying that, as soon as the eligible list resulting from the examination for promotion to second grade Clerk in that Department was established, all persons who succeeded in obtaining a place upon the said list would be promoted. The request was granted.

Communications were presented from the Aqueduct Commission, dated December 8, requesting authority to appoint Nicholas J. Gorman, No. 1506 Lexington avenue, provisionally, pending the establishment of the eligible list for Axeman, and George Att-ride, Katonah, New York, provisionally, pending the establishment of the eligible list for Inspector of Cement Tests. The appointments were authorized under the provisions of Civil Service Rule XII., paragraph 3, and the Secretary was instructed to summon the candidates for a non-competitive examination in accordance with the same.

The following reports of Boards of Examiners for positions in the non-competitive class were approved on the recommendation of the Chief Engineer:

School Ship "St. Mary's," December 5.

Department of Docks and Ferries, December 4.

A communication was presented from the President of the Borough of The Bronx, dated December 11, requesting the Commission to hold a non-competitive examination of Mr. George S. Wilkins, of No. 2465 Broadway, to qualify him for provisional appointment to the position of Topographical Draughtsman, pending the establishment of the new list for that position. The request was granted and the Secretary was instructed to arrange a non-competitive examination of the candidate, in accordance with Rule XII., paragraph 3.

A communication was presented from the Pay-roll Clerk, dated December 1, requesting instructions as to whether he should pass the pay-roll of George S. Wilkins for services rendered in the office of the President of the Borough of The Bronx without certification by the Civil Service Commission. It appeared that, upon the request of the President of the Borough of The Bronx for a certification of names from which to appoint a Topographical Draughtsman, he was informed by the Secretary of the Commission that the list for that position was exhausted, but that if he would appoint temporarily, with salary at the rate of \$1,200 per annum, the Commission would authorize the same under the provisions of Rule XII., paragraph 3, pending the establishment of the new list; and that thereupon the President of the Borough of The Bronx appointed Mr. Wilkins without the usual non-competitive examination by the Commission. The Secretary was instructed to communicate with the Pay-roll Clerk and direct him not to pass the pay-roll of George S. Wilkins for services rendered as Topographical Draughtsman, for the reason that Mr. Wilkins was not certified by the Commission as eligible for such appointment under the provisions of Rule XII., paragraph 3.

A communication was presented from Daniel C. Carey, No. 283 Classon avenue, Brooklyn, dated December 4, requesting the Commission to order his reinstatement in the position of Bath Attendant in the office of the President of the Borough of Brooklyn, on the ground that he is a veteran of the Spanish-American War. It appeared that Mr. Carey had been laid off for lack of work. The Secretary was instructed to communicate with Mr. Carey, and suggest that he apply to the head of his Department for such reinstatement.

A communication was presented from William V. Pidgeon, No. 93 Market street, dated November 20, requesting that his papers in the examination for Office Boy be rated. It appeared that the papers had not been rated for the reason that the candidate revealed his identity in the examination. The request was denied.

An affidavit was presented from Miss Loretto G. Lyman, dated December 6, setting forth that she declined the appointment as Typewriting Copyist in the Department of Health, offered her on April 22, 1905, on the score of "insufficient compensation," and requesting that her name be restored to the eligible list. It appeared that the candidate's name was dropped from the list owing to the fact that the Department of Health transmitted her declination to the Commission without stating the grounds therefor. The request was granted.

A communication was presented from Irving Leo Bloch, No. 312 West One Hundred and Nineteenth street, dated December 6, with reference to his application for Stenographer and Typewriter, which was filed June 12, 1903. It appeared that the candidate stated in such application that he was born on August 1, 1884, and that when he was offered an appointment in the Department of Docks and Ferries on November 8 last, he stated in his "declaration sheet" that he was born on August 1, 1885, which he now claims to be correct. The Secretary called the Commission's attention to the fact that if the latter statement be true, the candidate was not eighteen years of age at the time of the examination, and therefore was not eligible to compete in same. After a consideration of the matter, the Secretary was instructed to communicate with Mr. Bloch and request him to produce a certificate setting forth the date of his birth in order to finally settle the question.

The appeal of John T. Daly, No. 3 Water street, Staten Island, candidate for Fireman, for a physical re-examination was denied.

The appeal of John Brady, No. 167 West One Hundred and Second street, for a re-examination for the position of Stationary Engineman, he having failed to pass the examination held September 29, was denied for lack of power.

A communication was presented from Bridget M. Malloy, One Hundred and Thirty-seventh street and Amsterdam avenue, requesting that her name be restored to the eligible list for Bath Attendant. It appeared that the candidate's name was dropped from the list on July 5, 1905, for the reason that when she was certified for appointment in the office of the President of the Borough of Manhattan she failed to report, which failure was caused by her absence from the city. The request was granted.

A communication was presented from Mr. E. C. Cuyler, No. 131 Lancaster street, Albany, requesting that he be authorized to furnish the Commission with printed copies of all bills relating to civil service matters introduced in the Legislature during the coming session. The Secretary was instructed to answer the communication and state that the Commission had made other arrangements to be furnished with said information.

An affidavit was presented from Charles M. Lawless, dated November 28, setting forth the fact that he had changed his residence from the Borough of Brooklyn to the Borough of Queens, and requesting that his name be transferred from the list for Deputy Tax Commissioner, Brooklyn, to the list for the Borough of Queens. The matter was referred to the Assistant Secretary for investigation and report.

A communication was presented from the Labor Clerk, dated December 5, recommending that the following appeals of candidates for positions in the labor class be denied:

Thomas A. Scotillo, No. 2211 First avenue, for a physical re-examination for the position of Sewer Cleaner.

William H. Eagen, No. 125 North Portland avenue, Brooklyn, for a physical re-examination for the position of Sewer Cleaner.

Michael M. Fleming, No. 835 Eleventh avenue, for a special physical examination for the position of Dock Laborer.

Joseph McGrath, No. 1415 East Ninth street, Brooklyn, to have his name restored to the regular eligible list for the position of Stoker. Failed to appear for appointment to the Department of Water Supply, Gas and Electricity on August 4, 1905.

Peter P. Donnelly, No. 10 Grand avenue, Corona, Long Island, for a special physical examination for the position of Sewer Cleaner.

The recommendation of the Labor Clerk was adopted.

The following appeals were granted on the recommendation of the Labor Clerk: Thomas F. Halpin, Broadway, Kingsbridge, to have his name restored to the eligible list of Laborer, it appearing from the doctor's certificate furnished that he was ill when certified to the office of the President of the Borough of The Bronx and consequently could not appear.

W. A. Kelly, No. 55 Bradford street, Brooklyn, for a special physical examination for the position of Letterer and Stripper. The eligible list on which the candidate's name appeared was to be extended for another year by the Commission, and all the persons whose names appeared thereon were re-examined.

An affidavit was presented from Robert F. McNamara, No. 53 Halsey street, Brooklyn, dated December 12, to the effect that while he was in the employ of the Department of Taxes and Assessments as Temporary Clerk he was certified to the

Tenement House Department for temporary employment, and, thinking that the latter might lead to a permanent appointment, he resigned from the position of Temporary Clerk and accepted the other place, and requesting that his name be restored to the eligible list for Temporary Clerk. The request was granted.

A communication was presented from Mr. John E. Hill, Tansitman and Computer in the office of the President of the Borough of Brooklyn, stating that he was out of the employ of the city at the time that the recent examination for promotion to Assistant Engineer in that Department was held, and requesting to be informed as to what action could be taken at this time to secure his promotion to that grade. The Secretary was instructed to communicate with Mr. Hill and state that, upon the request of the head of his department for an examination for promotion to the grade of Assistant Engineer in the Bureau in which he is employed, the same would be held, and that, while the Commission regretted that he had lost the opportunity for advancement at the time the other employees of the Department were afforded the same, such loss was due to his own action in leaving the service of the City.

A communication was presented from Robert White, Esq., No. 424 West Forty-ninth street, protesting against the appointment of Mr. John Clausnitzer as Assistant Engineer in the office of the President of the Borough of The Bronx, on the ground that the candidate is only twenty-two years of age and does not possess the ten years' experience as a Civil Engineer, required by the Charter. The matter was referred to the Chief Examiner for a report.

The Assistant Secretary presented memoranda from the various bureaus of the Commission, giving a record of the work performed during the year 1905. The same were referred to Commissioner Talley to be incorporated in the Commission's report to the State Civil Service Commission of its conduct of the office during the year 1905.

The Commission then adjourned to meet Wednesday, December 20, 1905, at 10 a. m.

Attest:

HENRY BERLINGER, Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION.

New York City, December 20, 1905.

A meeting of the Civil Service Commission of The City of New York was held on Wednesday morning, December 20, 1905, at 10 o'clock, at the Commission's offices, No. 61 Elm street.

There were present—President Baker and Commissioners Appleton and Talley.

A public hearing was held on the request of the Police Commissioner that the position "Detective Sergeant" be stricken from the competitive schedule in order that the former method of filling that position—i. e., assigning Patrolmen to same—might again be adopted in lieu of the present method of filling the position through competitive examination.

There were present Hon. William McAdoo, Police Commissioner; Inspector Stephen O'Brien, of the Detective Bureau; Samuel H. Ordway, Esq., Chairman of the Law Committee of the Civil Service Reform Association; Hon. Alfred E. Ommen, Mr. George McAneny, Mr. Henry Marcus, representing the United Real Estate Owners' Association, and Mr. Charles B. McManus.

Commissioner McAdoo, Inspector O'Brien, Magistrate Ommen, Mr. McAneny, Mr. Marcus and Mr. McManus addressed the Commission in favor of the proposed amendment. Mr. McAneny stated that in his opinion the only way to accomplish the proposed change was by legislation, and Mr. Ordway urged the Commission to reserve its decision until the Legislature had had an opportunity to pass upon the question. The hearing then closed.

After the Commission had gone into regular session, the minutes of the meeting held December 13 were approved.

On motion, it was

Resolved, That the request of the Police Commissioner for an amendment of the classification of positions in the competitive class, Part III., by striking therefrom the title "Detective Sergeant," be and the same is hereby laid over.

The Committee on Transfers recommended that the following transfers be approved:

James Coyle, from the position of Head Gardener in the Department of Parks, Boroughs of Manhattan and Richmond, to the position of Gardener in the same Department.

John Mackenzie, from the position of Janitor in the Department of Education, to a similar position in the office of the President of the Borough of Manhattan.

John McGrath, from the position of Attendant in the First District Municipal Court, Borough of Manhattan, to a similar position in the City Court.

Frank J. Lynch, from the position of Leveler in the Department of Bridges, to that of Transitman, his name appearing third upon the eligible list for the latter position.

William F. O'Brien, from the position of Watchman in the Brooklyn Disciplinary Training School for Boys, to a similar position in the office of the President of the Borough of Brooklyn.

Walter Scott, from the position of Patrolman in the Police Department, to that of Fireman in the Fire Department, he having formerly held the latter position and resigned the same to enter the service of the Police Department.

George S. Dillon, from the position of Rodman in the Rapid Transit Railroad Commission, to a similar position in the Department of Bridges.

Loretto R. Harkins, from the position of Stenographer and Book-typewriter in the Department of Water Supply, Gas and Electricity, and that of Stenographer and Typewriter.

George F. Morrison, Transitman, from the office of the President of the Borough of Richmond, to a similar position in the Department of Water Supply, Gas and Electricity.

B. W. Homans, from the position of Assistant Engineer in the Aqueduct Commission to a similar position in the office of the President of the Borough of The Bronx. The recommendation of the Committee on Transfers was adopted.

The Committee on Reinstatements recommended that the following reinstatement be approved:

Timothy Dillon, in the position of Gardener in the Department of Parks, Boroughs of Brooklyn and Queens, he having resigned from a similar position on January 14, 1905.

The recommendation of the Committee on Reinstatements was adopted.

The Commission then adjourned to meet Thursday, December 21, 1905, at 10 o'clock.

HENRY BERLINGER, Secretary.

BOROUGH OF RICHMOND.

LOCAL BOARD—STATEN ISLAND DISTRICT.

Meeting December 12, 1905, 10.30 a. m.

Present—Aldermen Collins and Shea, President Cromwell.

The minutes of the meeting of October 24 were approved.

Petition 538—Resolution 87.

To improve, widen, grade and open streets between Hannah street on the south and the junction of Jay street and Stuyvesant place with Richmond terrace on the north, embraced in the St. George ferry approach plan. Second hearing.

President Cromwell laid before the Board the question of payment by assessment or otherwise, of the cost of the proposed improvement; an earnest protest was made by property owners, especially on Stuyvesant place, against local assessment for an improvement which would not benefit, but only damage, abutting property, but which would benefit the people at large, and particularly manufacturers far beyond the limits of any possible area of local assessment.

President Cromwell agreed that the entire cost ought to be borne by the City at large, and presented the following resolution, which Alderman Collins moved, and which was adopted:

Whereas, The Board of Estimate and Apportionment, on the 29th day of May, 1903, initiated proceedings for the St. George Ferry approach street improvement; and

Whereas, In the form of a communication from the Board of Estimate and Apportionment bearing date the 17th day of November, 1905, a petition for the full physical improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is Resolved, by the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby approve of the initiation of proceedings for the said local improvement, to wit:

For improvement of the streets within the "St. George ferry approach plan," extending from Hannah street on the south, to the intersection of Stuyvesant place and Jay street with Richmond terrace on the north; namely, South street, Jay street, Hyatt street, Stuyvesant place to Weiner place, extension of Stuyvesant place to Griffin street, and the widening of Griffin street, the work to consist in general of building retaining walls, with their copings and railings; regulating and grading, paving, constructing sidewalks, curbing, turfing, planting trees, setting of street lamps, culverts, and all other necessary features in connection with carrying out the work outlined; be it further

Resolved, That this Board recommends that the entire cost and expense of the above improvement shall be borne and paid by The City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Collins, Alderman Shea, President Cromwell.
Negative—None.

Petition 570—Resolutions 88, 89.

To acquire an easement for a sewer in Lyman avenue, Ward 4, instead of opening the street for sewer purposes. First hearing.

President Cromwell laid before the Board a communication from the Commissioner of Public Works, and the following resolutions were moved by Alderman Collins and were adopted:

Resolved, That a certain resolution, No. 77, adopted by the Local Board of the Staten Island District at a meeting held on August 15, 1905, to wit:

To open Lyman avenue, from Summer street to Tompkins avenue, in the Fourth Ward of the Borough of Richmond, as laid out on the map or plan of The City of New York, be and the same hereby is rescinded; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Collins, Alderman Shea, President Cromwell.
Negative—None.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To acquire an easement for a sewer in Lyman avenue, from Tompkins avenue to Summer street, in Sewer District 6A, in the Fourth Ward of the Borough of Richmond; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Collins, Alderman Shea, President Cromwell.
Negative—None.

Petition 401—Resolution 90.

To bridge, grade and otherwise improve the extension of Forest avenue, from Brook avenue to Manor road, at Cherry lane. Sixth hearing.

No opposition appearing, the following resolution was moved by Alderman Collins, and was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate and grade Forest avenue, from Brooks avenue to Cherry lane, in the First Ward of the Borough of Richmond, as shown on a map or plan entitled: "Plan and profile showing the location and laying out and the grades of Forest avenue, from Brooks avenue to Cherry lane, at the Manor road, in the First Ward, Borough of Richmond, The City of New York"; and to pave the roadway thereof with macadam pavement, and to build the necessary bridges, abutment and wing walls, and to reset curbs and relay gutters on adjoining streets wherever affected by the new grade, and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Collins, Alderman Shea and President Cromwell.
Negative—None.

Petition 539—Resolution 91.

To extend Castleton avenue to Jewett avenue. Second hearing.

H. I. Brightman stated that the Staten Island Water Supply Company would withdraw opposition for the present and await condemnation proceedings; and De Witt Stafford, in a letter, stated that he and other residents of Port Richmond had no longer any objection to the proposed extension since it was to go no farther than Jewett avenue.

The following resolution was moved by Alderman Collins and was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the

said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To open a new street as an extension of Castleton avenue, from Columbia street to Jewett avenue, in the First Ward of the Borough of Richmond, as laid out on the map or plan of The City of New York; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Alderman Collins, Alderman Shea, President Cromwell.
Negative—None.

Resolution 92.

Frank H. Innes, as attorney, asked the Board to indorse petition addressed to the Board of Estimate and Apportionment to acquire certain land in the First Ward for a public park; and the following resolution was presented by President Cromwell and was moved by Alderman Collins, and was adopted:

Resolved, That the Local Board of the Staten Island District hereby indorses a petition bearing date November 23, 1905, signed by Frank B. Baumann and 202 others, to the Board of Estimate and Apportionment of The City of New York, for the initiation of proceedings looking to the acquisition of certain lands and premises in the First Ward of the Borough of Richmond, fronting on Jersey street and Crescent and Westervelt avenues, for park purposes.

And it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment.

Affirmative—Alderman Collins, Alderman Shea, President Cromwell.
Negative—None.

On motion, the Board adjourned.

MAYBURY FLEMING, Secretary.

BOROUGH OF RICHMOND.

LOCAL BOARD—STATEN ISLAND DISTRICT.

Meeting December 26, 1905, 10.30 a. m.

Present—Alderman Gillies, President Cromwell.

The minutes of the meeting of December 12 were approved.

Petition 568—Resolution 93.

To amend a resolution to open Second street, Ward 4, for a change of grade.

The following resolution was moved by Alderman Gillies and was adopted:

Resolved, That a certain resolution, No. 16, adopted by the Local Board of the Staten Island District at a meeting held on May 17, 1904, and approved by the Board of Estimate and Apportionment at a meeting held on January 20, 1905, to wit:

To open Second street, from St. John avenue to Maryland avenue, in the Fourth Ward of the Borough of Richmond, as shown on a map, entitled "Map or plan showing layout and grades of certain streets, avenues, etc., in the Fourth Ward, Borough of Richmond, in The City of New York," dated New Brighton, New York City, July 6, 1903, and approved by the Board of Estimate and Apportionment on the 16th day of September, 1903, be and the same hereby is amended to read as follows:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond; and

Whereas, He has appointed a time for a meeting of the Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the CITY RECORD that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, by the Local Board of the Staten Island District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, That the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

BOARD OF EXAMINERS.

December 27, 1905.

Present—Messrs. Walter Cook, Warren A. Conover, Charles Buck, Lewis Harding, Charles G. Smith, Edward F. Croker and William J. Fryer, Chairman.

Meeting called to order at 2 p. m.

On motion, minutes approved as read.

Appeal 54 of 1905—New building 1328 of 1905, premises known as the Plaza Hotel, Fifty-eighth and Fifty-ninth streets, facing the Plaza, Borough of Manhattan; H. J. Hardenbergh, architect and appellant.

"No. 7. Additional uncovered area is required (Section 10 of Building Code)."

(1) The mode and manner of constructions proposed to be followed and used in said Plaza Hotel, conform to the true intent and meaning of the several provisions of the Greater New York Charter, the Building Code, the rules and regulations established by the President of the Borough of Manhattan, and the laws and ordinances applicable to said building.

(2) Section 10 of the Building Code does not apply to this case.

(3) The form of construction proposed to be followed and used in the erection of said Plaza Hotel is as good as that required by the several provisions of the Greater New York Charter, the Building Code, the rules and regulations established by the President of the Borough of Manhattan, and the laws and ordinances applicable to said building, and that the said proposed construction is more desirable.

(1) Whether the mode and manner of construction proposed to be followed and used in said Plaza Hotel conforms to the true intent and meaning of the several provisions of the Greater New York Charter, the Building Code, the rules and regulations established by the President of the Borough of Manhattan and the laws and ordinances applicable to said building.

(2) Whether the form of construction proposed to be followed and used in the erection of said Plaza Hotel is as good as that required by the Greater New York Charter, the Building Code, the rules and regulations established by the President of the Borough of Manhattan and the laws and ordinances applicable to said building, and at the same time more desirable.

(3) Whether the mode and manner of construction proposed to be followed and used in said Plaza Hotel is not proper under all the circumstances.

(4) Whether the open space shown on the plans herein taken together with the rest of the proposed construction and the conditions surrounding the proposed building does not provide as good access for light and air as would the exact amount of unoccupied space required by a literal interpretation of section 10 of the Building Code, and at the same time provides a more desirable form of construction.

(1) In providing one great central court opening out to a rear unoccupied space, instead of providing several small courts inclosed on all sides, a superior construction has been employed and one more desirable than a literal compliance with section 10 of the Building Code would require.

(2) The location of this fireproof hotel, fronting as it will on the wide Plaza, having Central Park on its north side and Fifty-eighth street on its south side, affords unusual advantages for light and ventilation, and for the health and safety of its occupants.

(3) A French roof on the street facades of this building includes the three upper stories, and as the line of this roof slants inwardly from the street line the unoccupied space is by just so much increased.

(4) Any further increase in the size of the court provided would not only be unnecessary for light and air, but such increase would render the proper planning of the covered portions of the plot of ground almost impracticable for first-class hotel purposes. It would so reduce the size of rooms and halls as to make them objectionable to patrons who are willing to pay for first-class accommodations.

(5) The appellant owns a lot fronting on Fifty-eighth street, 20 by upwards of 100 feet, as shown on a typical floor plan, which runs through from Fifty-eighth street to the rear court of the building, and thus furnishes ample opportunity for free circulation of air and egress in case of fire, and also plenty of light. In the centre of the main portion of the building is a court measuring 94 feet 10 inches by 65 feet 3 inches, which opens westwardly on an open rear space 20 feet wide. The said open rear space extends clear across the rear of the Fifty-ninth street wing of the building,

except where the boiler flue is situated, and connects with the lot mentioned above as opening on Fifty-eighth street, all of which secure better light and ventilation than would be the case if several comparatively small internal courts had been employed, even though the aggregate open space had been increased to conform with the literal construction of section 10 of the Building Code.

(6) As indicated on the plans, there are several vent shafts, which are not counted as open space because they are interior and must be covered, but as they are to be provided with the most effective ventilating apparatus in existence they should be taken into consideration on this appeal.

(7) The construction of the building in respect to fireproofing is better than the Building Code requires, in that:

- All floor surfaces are to be constructed of cement.
- All elevator shafts will be inclosed solidly with fireproof material, having fire proof self-closing doors, glazed with wired plate glass.
- All stairs are to be inclosed with fireproof partitions and self-closing fireproof doors, glazed with wired plate glass.

For the foregoing reasons we respectfully ask that this application be granted.

Mr. H. J. Hardenbergh, Mr. William W. Ferguson, Mr. H. Gordon Pierce and Mr. Morgan appeared before the Board.

On motion, approved.

The Chairman presented and read a communication from Mr. Charles G. Smith, forwarding for the use of the Board the report issued by the National Board of Fire Underwriters on the boroughs of Manhattan and The Bronx of The City of New York, said report covering the City in general, fire-fighting facilities, structural conditions and hazards, and recommendations.

On motion, said letter and report were ordered on file, the Clerk being directed to acknowledge receipt with thanks.

The next meeting of the Board will be held on Wednesday, January 3, 1906, the Clerk being instructed to post notices accordingly.

Adjourned.

THOMAS F. DONOHUE, Clerk.

CITY OF NEW YORK.

BOARD OF ESTIMATE AND APPORTIONMENT.

AT A MEETING OF THE BOARD OF Estimate and Apportionment, held December 15, 1905, in the Old Council Chamber, City Hall, Borough of Manhattan, the following proceedings were had:

Whereas, New York and Port Chester Railroad Company has made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate its railroad across certain streets in the Borough of The Bronx; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, The Mayor has, in pursuance of such laws, designated "New York Times" and "New York Daily News" as the two daily newspapers published in said City in which the publications hereinafter provided for are to be made, other than those required to be made in the City Record; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to New York and Port Chester Railroad Company and the adequacy of the compensation proposed to be paid therefor, and the results of such inquiry and notice of a public hearing to be had thereon before this Board have been published at least ten days in the City Record, and at least twice in "The New York Times" and "The New York Daily News," two daily newspapers published in The City of New York, and a public hearing has been had thereon by this Board;

Now, therefore, it is Resolved, That the following form of the resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board as follows, to wit:

"Resolved, That the Board of Estimate and Apportionment hereby grants to New York and Port Chester Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract, made this day of 190 , by and between The City of New York, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and New York and Port Chester Railroad Company, a domestic railroad corporation of the State of New York, hereinafter called the Railroad Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Railroad Company, subject to the conditions and provisions hereinafter set forth, the right to cross certain streets and highways hereinafter described, and the right and privilege to construct, maintain and operate a railroad, with all connections, turnouts, switches and cross-overs necessary for the accommodation and operation of said railroad, by means of electricity, or by any other mechanical motive power which may be lawfully employed upon the same, except steam locomotive power, in, upon and across the following-named streets, avenues, parkways, highways and public places, and upon the following route, all situate in the Borough of The Bronx, City, County and State of New York, namely:

Main Line—Beginning at a point at or near the intersection of Southern Boulevard and Willis avenue, in the Borough of The Bronx, and running thence easterly between One Hundred and Thirty-fourth street and Southern Boulevard, crossing Brown place to Brook avenue; thence crossing Brook avenue and thence crossing the

Southern Boulevard, between St. Ann's avenue and Brown place; thence crossing St. Ann's avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence easterly and northeasterly, between Southern Boulevard and One Hundred and Thirty-second street to Cypress avenue; thence crossing Cypress avenue, between One Hundred and Thirty-second street and Southern Boulevard; thence between Cypress avenue and Willow avenue to One Hundred and Thirty-fourth street; thence crossing One Hundred and Thirty-fourth street to One Hundred and Thirty-fifth street; thence between Willow avenue and Southern Boulevard, crossing One Hundred and Thirty-fifth street, One Hundred and Thirty-sixth street and One Hundred and Thirty-seventh street to Willow avenue; thence crossing Willow avenue and crossing One Hundred and Thirty-eighth street, at or near its intersection with Willow avenue, to One Hundred and Thirty-ninth street; thence crossing One Hundred and Thirty-ninth street and One Hundred and Fortieth street, between Southern Boulevard and the tracks of the New York, New Haven and Hartford Railroad to One Hundred and Forty-first street; thence crossing One Hundred and Forty-first street, and thence crossing and along Southern Boulevard and Whitlock avenue, at or near their junction between One Hundred and Forty-first street and One Hundred and Forty-second street; thence crossing St. Joseph's street, between Whitlock avenue and Austin place; thence crossing One Hundred and Forty-ninth street, between Austin place and Whitlock avenue to Austin place; thence crossing Austin place, between Whitlock avenue and Timpon place to Timpon place; thence between Whitlock avenue and Southern Boulevard, and crossing Timpon place, Leggett avenue, East One Hundred and Fifty-sixth street, Craven street, Longwood avenue, Lafayette avenue, Tiffany street, Barretto street, Hunt's Point road, Hoe street, Faile street, Bryant street, Longfellow street, Aldus street, Whittier street, to Guttenberg street; thence between Whitlock avenue and Longfellow street, crossing Guttenberg street and Westchester avenue to and crossing Home street; thence crossing Freeman street, Boone street, Edgewater road, West Farms road and Jennings street; thence crossing East One Hundred and Seventy-second street, East One Hundred and Seventy-third street, East One Hundred and Seventy-fourth street, between West Farms road and Boone street; thence along and across Boone street to One Hundred and Seventy-sixth street; thence between West Farms road and Longfellow street, crossing One Hundred and Seventy-sixth street and Rodman place to West Farms road; thence along and across West Farms road to and across East One Hundred and Seventy-seventh street to Tremont avenue; thence to and across Bronx street to the Bronx river; thence crossing East One Hundred and Seventy-ninth street and Lebanon street, between Bronx Park avenue and Bronx river; thence along and across East One Hundred and Eightieth street and Bronx Park avenue at or near their intersection; thence to and across the northerly branch of West Farms road or Adams street, between Morris Park avenue and the easterly line of Bronx Park; thence to and across Unionport road, an unnamed street, or another branch of Unionport road, Victor street, Washington street, or White Plains road, Louise street, Lincoln street, Jefferson street, Madison street and Bear Swamp road; thence crossing Williamsbridge road, approximately 2,400 feet southeast of Bronx and Pelham parkway to Bronx and Pelham parkway, approximately 2,100 feet east of its intersection with Williamsbridge road, and running thence northerly between Williamsbridge road and Eastchester road to Saw Mill lane; thence crossing Saw Mill lane near its intersection with Eastchester road; thence crossing Eastchester road or Corsa lane, between Boston Post road and Saw Mill lane to Boston Post road; thence crossing Boston Post road near its intersection with Schieffelin's lane to Schieffelin's lane; thence crossing Schieffelin's lane near its easterly intersection with Boston Post road; thence northerly to the City line, being the route shown on maps entitled "Survey Maps and Profiles of the line or route of the railroad of the New York and Port Chester Railroad Company, in the County of New York, State of New York," adopted by the Board of Directors of said Company on the 8th day of February, 1904, and signed by W. C. Gotshall, President; W. C. Gotshall, Chief Engineer, and Francis Blanchard, Secretary, under seal and which maps and profiles were filed in the office of the County Clerk of the City and County of New York on the 6th day of May, 1904, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or its successors in authority.

Branch Line—Beginning at a point at or near the southeast corner of Bronx Park, in the Borough of The Bronx; thence across or along Bronx Park avenue, East One Hundred and Eightieth street, East One Hundred and Eighty-first street, Lebanon street, Morris Park avenue, at or near its intersection with West Farms road; thence across or along West Farms road, at or near its intersection with Morris Park avenue; thence across the Southern turnpike, or Westchester avenue, being the route shown on a map entitled "Map and profile of branch line extending from main line (Bronx Park) to Clason's Point, New York City," forming part of the maps filed with the County Clerk of the City and County of New York, referred to in the preceding paragraph, or any lawful amendment thereof, which may be consented to by the Board of Estimate and Apportionment, or their successors in authority. The "Survey Map and Profiles" are hereinafter referred to solely for the purpose of indicating the route of the railroad and not the profile thereof.

General—And such other streets, avenues, highways, public places, etc. (named and unnamed), as may be hereafter opened or encountered, in such routes or amended routes; and also such other streets, avenues, highways, public places, etc. (named and unnamed), now open or in use, or as may be hereafter opened or put in use, which it may be necessary for said railroad to cross, in order to make connections with any other railway within two thousand (2,000) feet of said routes; provided that the Board of Estimate and Apportionment shall first have given permission for such connection or connections; and provided, further, that such connections shall be limited to two (2) in number.

Section 2. The grant of this privilege is subject to the following conditions:

1. The provisions of section 6 of the Railroad Law shall be fully complied with, and in addition to the maps required to be filed with the Railroad Commissioners, it shall be incumbent upon the Railroad Company to file with the Comptroller of The City of New York a map or maps showing the number of tracks and length of same, including crossovers, switches, turnouts, sidings and stands within the present limits of The City of New York, such lengths to be accurately determined by measurements to be taken after the commencement of the operation of any portion of the railroad within the present limits of The City of New York.

2. The said right to cross the streets and the privilege to construct and operate said railroad shall be held and enjoyed by said Railroad Company, its lessee or successors, for the term of twenty-five years from the date when this con-

tract is signed by the parties hereto, with the privilege of renewal of said grant for a further period of twenty-five years upon a fair revaluation of said right and privilege. In the determination of the said revaluation may be considered and included the extension of the provisions of this agreement contained in the paragraphs numbered 7 and 8 herein, and the payment of the costs and expenses therein provided for by the Railroad Company, or otherwise.

If the Railroad Company shall determine to exercise its privilege of renewal, it shall make application to the Board of Estimate and Apportionment of The City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Railroad Company and the Board of Estimate and Apportionment or such other authority in its place. If the Railroad Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding twenty-five years shall be reasonable; and either the City (by the Board, or such other authority in its place) or the Railroad Company shall be bound upon request of the other to enter into a written agreement with such other authority fixing the rate of such compensation at such amount as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the Railroad Company; these two shall choose a third disinterested freeholder; and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Comptroller and his successor in authority, within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience, and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Railroad Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Railroad Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate.

3. Upon the termination of this grant, if it be not renewed, or, in case of a renewal thereof, upon the termination of such renewal, all rights and privileges hereby granted to cross the said streets shall cease and determine, unless the said Railroad Company, its successors or assigns, shall have previously procured a new grant for the same from The City of New York.

4. The Railroad Company, its successors or assigns, shall pay to The City of New York, for the rights and privileges hereby granted, the following sums of money:

During the first five years commencing from the day when this contract is signed, an annual sum of eight thousand dollars (\$8,000), and during the next succeeding five years an annual sum of thirteen thousand dollars (\$13,000), and during the next succeeding fifteen years an annual sum of thirty-five thousand dollars (\$35,000).

From the date of the commencement of the operation of any portion of the railroad until the end of the first five years of this grant, an additional sum of five and four-tenths cents per linear foot per annum of single track, including all crossovers, switches, turnouts, sidings and stands, within the present boundaries of The City of New York, and for the next succeeding five years an additional sum of seven and seven-tenths cents per linear foot per annum of single track, as aforesaid, in lieu of said sum of five and four-tenths cents, and for the next succeeding fifteen years an additional sum of twenty cents per linear foot per annum, as aforesaid, in lieu of said sum of seven and seven-tenths cents.

All such payments shall be made to the Comptroller of the City, in equal payments at the end of each quarter year, on the first day of January, April, July and October of each year.

Any and all payments to be made by the terms of this contract to The City of New York by the Railroad Company shall not be considered in any manner in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

5. The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sub-lease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sub-lease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgage or mere lien, but shall apply to any purchaser upon foreclosure or under or by virtue of any provision of a mortgage or lien.

6. The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the New York and Port Chester Railroad Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evi-

denced by an instrument under seal, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage nor to a sale under foreclosure, provided that no sale under foreclosure shall be made to any person or corporation owning, operating or controlling any other railroad in The City of New York.

7. The grade of the railroad has not yet been established. Profile maps definitely showing such grade within the present limits of The City of New York shall be filed with the Board of Estimate and Apportionment by the Railroad Company before beginning the construction of its railroad within the present limits of The City of New York. A duplicate thereof shall at the same time be filed with the Board of Rapid Transit Railroad Commissioners of The City of New York. The Board of Estimate and Apportionment, after a public hearing, of which ten days' notice shall be given by publication, shall then approve or disapprove the said profile map and grades, and upon the Board approving the same the Railroad Company may thereupon proceed with the construction of its railroad within the present limits of The City of New York.

If said Board disapproves the same it shall within 30 days after said hearing prescribe such changes in said map as it may deem necessary.

Within the present limits of The City of New York no street or railroad shall be crossed by the railroad at grade, and no existing park or parkway shall be crossed by the railroad at or above the grade of said park or parkway. All streets now open or in use and streets hereafter opened within the present limits of The City of New York, crossing the line of the railroad, shall be carried over or under the said railroad by the Railroad Company, at the sole cost and expense of the Railroad Company. The cost of all changes in grades of all approaches to such crossings within the present limits of The City of New York shall likewise be borne and paid by the Railroad Company, and The City of New York assumes no liability for any damages to property injured thereby, or by said railroad crossings, or any damages to property along the line of said railroad or contiguous thereto, caused by reason of the construction or operation of the said railroad, and the Railroad Company hereby agrees to indemnify and save harmless The City of New York of and from all such liability.

The City shall have the right at any time it so desires to open across the route of the Railroad Company within the present limits of The City of New York any new streets other than those now open or in use, and the Railroad Company hereby gives its consent to said opening.

8. Within the present limits of The City of New York all viaducts over streets and all tunnels under streets and all bridges necessary to carry the streets over an open cut, shall be constructed and maintained at the expense of the Railroad Company. All viaducts over streets within the present limits of The City of New York shall have a height of at least sixteen feet in the clear throughout, and in the case of arch construction not less than sixteen feet in the clear at the centre and ten feet in the clear on the building or side line of said street, and in the case of tunnel construction under a street there shall be at least four feet between the grade of the street and the exterior surface of the arch of said tunnel.

9. Within the present limits of The City of New York any superstructure of the railroad crossing a street and having a length of seventy-five (75) feet or less, shall be constructed in a single span. If more than seventy-five (75) feet in length, intermediate columns to support the structure may be placed in the street in such manner as may be approved by the Board of Estimate and Apportionment. The width of such superstructure of the railroad shall not exceed sixty (60) feet when measured over all.

10. The plans for all structures over or under any street within the present limits of The City of New York must first be submitted to and approved by the Board of Estimate and Apportionment, and all such structures shall be constructed of steel, concrete or masonry, or a combination of these materials. Such structures over streets shall be floored and shall be water-tight.

11. The railroad shall be constructed in the most modern and approved manner of railroad construction. Unless otherwise authorized by the Board of Estimate and Apportionment, the roadbed shall be ballasted throughout its entire length within the present limits of The City of New York, with a sufficient quantity of either blast furnace slag or broken trap rock of a hard and durable quality, and no dirt, sand, gravel or cinders shall be used in such ballast. The Board of Estimate and Apportionment may, however, at any time require a portion of the road not theretofore ballasted to be ballasted.

12. The roadbed within the limits of The City of New York as now fixed or hereafter extended shall be watered daily whenever the thermometer is above 35 degrees Fahrenheit. Should, however, watering the roadbed in any way injure electric line equipment which has been approved by the Board of Estimate and Apportionment, or its successors in authority, then other means of preventing dust shall be used, which shall be first approved by the Board of Estimate and Apportionment. For any failures to comply with the foregoing, the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day.

13. The entire right of way of the company within the present limits of The City of New York, except at stations, shall be fenced throughout.

14. Within the present limits of The City of New York, all abutments or foundations for bridges, viaducts and stations and the stations proper, except intermediate supports for viaducts, as hereinbefore provided, shall be placed on the land of the company.

15. There shall be constructed along the line of the route of the main line of the railroad as proposed, for the accommodation of local passenger traffic, at least six stations between the Harlem river and the Bronx river, at least six stations between the Bronx river and the northerly line of The City of New York, as now fixed. On the branch line there shall be constructed at least three stations east of Morris Park avenue, unless otherwise authorized by the Board of Estimate and Apportionment.

16. Said railroad may be operated by electric power or by any other mechanical motive power, which may be lawfully employed upon the same, except locomotive steam power. If electrical power is used, the Railroad Company shall, before the commencement of any of the construction of the electrical line equipment, within the present limits of The City of New York, file with the Board of Estimate and Apportionment plans showing such proposed construction, within the present limits of The City of New York, including all methods of insulation, position of contact conductor and all feed wires, conductors or cables, with method of carrying the same, and said plans must be approved by the said Board before construction thereof shall begin. The Board of Estimate and Apportionment hereby retains the right to make such conditions relative to construction of such line equipment within the present limits of The City of New York as it may see fit at the time of the approval of such plan.

17. No wires for the transmission of power shall be permitted within the present limits of The City of New York unless they be placed in

conduits or carried in a manner which shall have been approved by the Board of Estimate and Apportionment. The City may use the structure of the Railroad Company for carrying wires or cables for the use of the City within the present limits of The City of New York not exceeding such a quantity as might be carried in two conduits each of not more than three inches in diameter, without charge to the City. If the Railroad Company shall place its wires for the transmission of power in conduits, then the Railroad Company shall construct and permit the City to use without charge two conduits each of not more than three inches in diameter for carrying wires or cables for the use of the City.

18. The Railroad Company shall not carry wires or conduct power on its structures or along its right of way within the present limits of The City of New York for any purpose except for the operation of its railroad and except, as provided above, for the use of the City.

19. The Railroad Company shall maintain throughout the term of this grant or any renewal thereof a train schedule on the main line within the limits of The City of New York of at least sixty (60) trains in either direction daily, stopping at all of the stations within the City limits, and at no time, either day or night, shall there be greater headway within the City limits between such trains than thirty (30) minutes; provided, however, that said Railroad Company shall not be required to operate its trains within the City limits between the hours of 1 o'clock and 5 o'clock a. m., each day, unless the Board of Estimate and Apportionment shall determine, after a hearing had thereon, that public convenience requires the operation of its cars during such hours.

The Board of Estimate and Apportionment may require, from time to time, as it may see fit, such number of trains to be run on the branch line not exceeding ten trains a day.

20. All cars on said railroad shall be heated during the cold weather in conformity to such laws and ordinances as are now in force, or may hereafter be enacted or adopted by the State or City authorities, and any failure to keep the temperature of any of the cars of the company above 50 degrees Fahrenheit, shall make the company liable for a penalty of fifty dollars (\$50) per day for each offense.

21. All cars operated by the company shall be vestibuled and the system of lighting same shall be adequate and be made satisfactory to the Board of Estimate and Apportionment. For any failure to comply herewith the Railroad Company shall be liable to a penalty of fifty dollars (\$50) per day for each violation.

22. The Railroad Company shall light the space beneath any superstructure which it shall erect across streets and the approaches to stations, within the limits of The City of New York, in a manner which shall be satisfactory to the Board of Estimate and Apportionment.

23. During the term of this grant the rate of fare upon said railroad within the limits of The City of New York, as now fixed, shall not exceed five cents for any passenger. The said company shall not charge any passenger more than such sum for one continuous ride from any point on said railroad, or a line or branch operated in connection therewith, and controlled by it, to any point thereof or of any such connecting line, or branch thereof, within the present limits of The City of New York during such term. The New York and Port Chester Railroad Company shall operate cars over the route hereby authorized, and shall not operate cars over the route of any other railroad company within the present limits of The City of New York until it shall have received authority for such operation from the Board of Estimate and Apportionment, and it shall not, without like authority, permit any other Company within the present limits of The City of New York to run cars over the railroad hereby authorized. The Board of Estimate and Apportionment reserves the right to fix the compensation to be paid for such privilege to The City of New York by such other company as shall be authorized to run cars over the route hereby authorized, and said Board further reserves the right to fix the compensation to be paid to The City of New York by the New York and Port Chester Railroad Company for the privilege of operating cars over the route of any other railroad company within the present limits of The City of New York.

Whenever the New York and Port Chester Railroad Company shall have entered into a contract with another railroad company within the limits of The City of New York permitting the cars of such other company to run over the route hereby authorized, in pursuance of authority from the Board of Estimate and Apportionment, or its successors in authority, the Board of Estimate and Apportionment may prescribe the maximum fare which may be charged by either company within the limits of The City of New York during the continuance of such contract to a passenger desiring to make a continuous trip in either direction between any point on the railroad of the New York and Port Chester Railroad Company and any point on the railroad of such other railroad company within the present limits of The City of New York. For their refusal to comply with the requirements of this section, the corporation so refusing shall forfeit fifty dollars (\$50) to the aggrieved party. Two or more penalties may be recovered in one action.

The rates for carrying of property upon the routes of the Railroad Company within the present limits of The City of New York shall, in all cases, be reasonable in amount, and shall be subject to the control of the Board of Estimate and Apportionment, or its successors in authority, and may be fixed by such Board after notice and hearing to the Railroad Company, and when so fixed such rate shall be binding upon the Railroad Company, its successors or assigns, and no greater sums shall be charged for such service than provided for by said Board of Estimate and Apportionment.

24. The said Railroad Company shall carry free within the present limits of The City of New York during the existence of this grant members of the Police and Fire Departments of The City of New York, when such employees are in full uniform.

25. The said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of The City of New York who have jurisdiction in such matters, under the Charter of the City.

26. In case of any violation or breach or failure to comply with any of the provisions herein contained this grant may be forfeited and avoided by The City of New York by a suit brought by the Corporation Counsel, provided that in case of any such violation, breach or failure to comply with any of said provisions the said City shall cause notice in writing thereof to be served upon said company, and said company shall remedy such violation, breach or failure within ten (10) days thereafter, and in default thereof, then, and not otherwise, said right of forfeiture shall accrue and may be enforced by the said City; provided, further, that if the said Railroad Company, grantee hereunder, shall within said ten (10) days commence to remedy said violation, breach or failure, and shall prosecute the work of completing such remedy with diligence and with the utmost practicable dispatch until the same shall be completed, then no right of

forfeiture shall accrue. The right of action as herein provided shall not affect or limit any other rights of the City.

27. The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

28. The Railroad Company shall commence actual construction within one year from the date of the signing of this contract, and shall complete and have in operation a four-track railroad upon the main line, from the northerly line of the City to a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river, and a railroad of at least two tracks from a point at or near the intersection of One Hundred and Seventy-seventh street with the Bronx river to the southerly terminus as aforesaid at or near the intersection of Southern Boulevard with Willis avenue, and a railroad on the branch line of at least two tracks, all within five years from the date of the signing of this contract, otherwise this grant shall cease and determine.

The Board of Estimate and Apportionment may require the construction of two additional tracks on that portion of the route between One Hundred and Seventy-seventh street and the southerly terminus, as aforesaid, at or near the intersection of Southern Boulevard and Willis avenue so as to make a railroad of four tracks on such portion of the route, whenever public convenience and necessity shall require the construction thereof; and in case the construction of such two additional tracks is so required by the Board of Estimate and Apportionment, the Railroad Company shall complete the construction thereof within five (5) years after such requirement, otherwise this grant may be forfeited; and the Railroad Company is hereby authorized to construct a railroad of four tracks on the entire route authorized by this contract, if, in its judgment, public convenience and necessity shall require the construction thereof.

The Railroad Company shall actually expend or cause to be so expended the sum of at least eight hundred thousand dollars (\$800,000) within two years after the date of the signing of this contract, upon the actual construction of said railroad between the northerly line of The City of New York and Westchester avenue, at or near One Hundred and Sixty-seventh street, and shall also actually expend or cause to be so expended an additional sum of two hundred thousand dollars (\$200,000) within three years after the date of the signing of this contract, upon the actual construction of the railroad between Westchester avenue as above and Willis avenue at or near the Southern Boulevard, which sums shall be exclusive of any moneys expended for land acquired for the right of way. The reason why The City of New York assents to the difference in the times and amounts for the portions of the railroad north and south of Westchester avenue is that the Railroad Company represents that it is or will be able to procure by private purchase most of its right of way north of such avenue, and will have to resort to condemnation proceedings for its right of way south thereof.

Verified statements of moneys so expended for construction shall be submitted, on demand, to the Comptroller of The City of New York, who shall, after investigation, report to the Board of Estimate and Apportionment his opinion as to whether such sums have been actually expended, and if in the opinion of the said Board an expenditure of the said sum within the time given is not proven, then said Board may declare that this grant has ceased and determined, and the said action of said Board shall be prima facie evidence of said forfeiture.

Any portion of the route covered by this grant which shall not be completed and in full operation within said five years from the date of the signing of this contract shall be deemed to have been abandoned, and all rights hereby granted in and to such portions of said railroad shall cease and determine, and, in such case, all structures erected by the Railroad Company, its successors or assigns, upon any portion of the route so forfeited within the lines of any street within said City, shall become the property of The City of New York.

A majority vote of the members of the Board of Estimate and Apportionment shall be prima facie evidence in regard to the forfeiture of any or all the rights under this grant, as provided for in this section. Before action is taken by the Board of Estimate and Apportionment, under the provisions of this section, the Railroad Company shall have at least thirty (30) days' notice of the intention of said Board to take action, and at such time as is appointed shall be allowed a hearing.

The Board of Estimate and Apportionment shall extend the time provided for in this section for the completion of the railroad and for the work to be performed and expenditures to be made, as above, for a period or periods not exceeding in the aggregate two years if the reasons given by the Railroad Company for non-fulfillment are for causes over which the Railroad Company had no control and was in nowise responsible.

29. The Railroad Company shall assume all liability by reason of the construction and operation of the railroad, and the City shall assume no liability whatsoever to either persons or property by reason of said construction, maintenance or operation, and the Railroad Company hereby agrees to indemnify and save harmless the said City from all liability whatsoever by reason of the construction, maintenance and operation of said railroad.

As a condition of this grant, the Railroad Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Railroad Company, its successor or assigns.

30. Any portion of the right of way of the said Railroad Company falling within the lines of a street now shown on the map of The City of New York, which it may be necessary for the City to subsequently acquire, shall be ceded to the City, without cost to it, subject to the company's easement therein.

31. The Railroad Company shall not operate cars over any extension of any length whatsoever within the present limits of The City of New York not specifically hereby authorized, and shall not make any connection within the present limits of The City of New York with any other railroad, either by means of extensions or branches or by means of a platform building, unless it shall have received authority therefor from said Board of Estimate and Apportionment or its successors in authority, and upon such terms as shall be fixed by the Board. In the event that the provisions of this section cause a conflict because of the lawful right of any other railroad to compel a connection with the Railroad Company, the City agrees that it may be made a party to any legal proceedings between the said companies and its rights and duties therein determined.

32. In case any of the streets as now shown on the map of The City of New York and crossed by the said railroad above grade are altered or widened after the Railroad Company has completed its railroad, and such widening requires the alteration of the superstructure of the railroad, the Railroad Company and The City of New York shall each pay one-half of the cost of such alteration in case the route as laid out shall make it necessary, in the opinion of the Board of Esti-

mate and Apportionment, to change the map of The City of New York in order to avoid impracticable, unnecessary or undesirable crossings, purely on account of the location of the railroad, and by reason of such change additional or substitute streets crossing the railroad are determined upon, then the Railroad Company shall pay to the City the additional cost thus made necessary, or may, at its own expense, acquire the lands necessary, and cede them to the City without cost, provided, however, that the lands so to be acquired or paid for shall not extend more than 400 feet upon each side of said railroad.

34. Any alterations which may be required to the sewerage or drainage system, or to any sub-surface structures, pipes, etc., laid in the streets, on account of the construction or operation of the railroad, shall be made at the sole cost of the Railroad Company and in such manner as the proper City officials may prescribe.

35. In case the Board of Estimate and Apportionment shall, in order to avoid impracticable, unnecessary and undesirable crossings purely on account of the location of the railroad, within one year from the date of the signing of this contract, adopt a map or a change in the map laying out a street or streets bounding or adjoining the right of way of the Railroad Company, on either or both sides thereof, from the easterly line of the White Plains road to the northerly line of the City, or any part thereof, then the Railroad Company shall acquire the lands necessary for such streets and cede them to the City without cost, or will pay to the City the cost of acquiring such lands, provided that it shall not be required to acquire and cede or pay for an amount of land which in the aggregate will exceed a strip fifty feet in width and in length the distance between the easterly side of White Plains road and the northerly line of the City. The Railroad Company, at its own expense, shall regulate and grade said strips of land to such grade as shall be hereafter fixed by the City authorities, such regulating and grading to be done, from time to time, as directed by the Board of Estimate and Apportionment. On notice to the City by the Railroad Company that said Railroad Company cannot acquire such lands, the City covenants to use all possible diligence in acquiring the actual possession of the lands necessary for such streets to the end that the Railroad Company may regulate and grade the same while it is grading its railroad within the present limits of The City of New York.

36. All construction of railroad crossings shall be done in such manner as shall not substantially interfere with the ordinary use of any street as a public highway, and all streets in any way disturbed by such construction shall be restored to their original condition. In case of failure on the part of the Railroad Company to restore such streets within a reasonable length of time, The City of New York shall have the right, under resolution of the Board of Estimate and Apportionment, to cause the work to be done and the materials to be furnished after due notice and shall collect the reasonable cost thereof from the fund hereinafter provided.

37. The company's property and structures within the present limits of The City of New York shall not be used for advertising purposes in any way, under a penalty of fifty dollars (\$50) per day for each offense. Such restriction shall not apply to stations or cars nor to the interior of fences or walls.

38. The City, the Board and all duly authorized representatives of the City shall have the right at all reasonable times, as well during construction as afterwards, to inspect the railroad and any part thereof, and to enter thereon when necessary for the examination, supervision or care of any property of the City or of abutting property owners or for any proper purpose. Nothing in this contract shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City.

39. The Railroad Company shall deposit with the Comptroller, within six months after the date of signing this contract, the sum of \$100,000, either in money or in securities to be approved by him, which fund shall be security for the construction of the road authorized hereby, and which the Railroad Company is under obligation to construct, and said fund shall be repaid to the Railroad Company only as hereby specified. If the City exercises its option to require the construction of the additional two tracks south of One Hundred and Seventy-seventh street, the Railroad Company shall, within three months after notification thereof, make a like deposit of \$25,000 as security for such construction. Whenever and as often as the Railroad Company shall have actually constructed one mile of single track, a certificate showing the construction of such track shall be prepared by the engineer of the Railroad Company, and such certificate shall be delivered to the Board of Estimate and Apportionment. The said Board shall, as soon as practicable thereafter, verify the correctness of such certificate and either accept such certificate as correct, or if it finds it to be incorrect, return said certificate to the Railroad Company, specifying in writing the respects in which it finds such certificate to be incorrect. Upon the verification of the correctness of any such certificate, or if any such certificate shall be found to be incorrect, upon its being corrected, and subsequently verified, the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for payment to said company of the sum of \$2,500, and the amount so certified by said Board shall be forthwith paid by said Comptroller from said fund to the Railroad Company upon the construction of the said mile of single track. This procedure shall be followed by the Railroad Company and by said Comptroller as often as the Railroad Company shall construct an additional mile of single track.

Upon the completion of the construction of the entire track authorized hereby, which the Railroad Company shall remain under obligation to construct, a final certificate shall be prepared by the engineer of said company and approved by the president thereof, showing the fact of such completion and the fact that the road is ready for operation. Such final certificate shall be delivered to the said Board of Estimate and Apportionment of The City of New York, and shall be subject to a like verification as the certificate hereinbefore mentioned. Upon the verification of the correctness of such final certificate, or if such final certificate shall be found to be incorrect, upon being corrected the said Board of Estimate and Apportionment shall thereupon prepare and certify a voucher in due form for the payment by the Comptroller to the said company of the balance of said funds remaining in his hands.

If such final certificate, certifying to the completion of the entire construction of the road, which the Railroad Company shall be under obligation to construct, shall not be delivered to the Board of Estimate and Apportionment on or before the expiration of the time at which the Railroad Company shall be under obligation to complete the road, under and in pursuance of the terms and conditions of this contract, and if the construction of the entire road authorized hereby, which the Railroad Company shall be under obligation to construct, shall not have been completed by said time, the balance of said fund shall be forthwith delivered by the Comptroller of The City of New York and thereafter said company shall have no claim or cause of action therefor.

The word construction as used herein shall include the grading of the bed of the railroad, laying of tracks thereon, ballasting of the same

and the construction of all bridges or viaducts necessary for the support of the railroad.

The word completion, as used herein, shall include the laying of tracks, electrical conductors and all structures necessary to the operation of trains over the route authorized hereby, and which the Railroad Company shall be under obligation to construct and shall include also such street bridges or other structures as the company is required hereby to make, and such final certificate shall include proof that all of the antecedent acts required by this contract have been performed by said company, in so far as their completion is required hereby.

40. This grant is upon the express condition that within thirty days after the date of the signing of this contract and before anything is done in exercise of the rights conferred thereby, the Railroad Company shall deposit with the Comptroller of The City of New York the sum of twenty-five thousand dollars (\$25,000), either in money or in securities, to be approved by him, which fund shall be security for the performance by the Railroad Company of all the terms and conditions of this contract, especially those which relate to the payment of the annual charge for the franchise granted, in default of which payment of the annual charge, the Comptroller, acting in behalf of the City, shall collect the same with interest from such fund after five days' notice in writing to the president of said company. In case of failure of the said company to comply with any of the terms of this contract, or its neglect or refusal to comply with any demand or direction of the Board of Estimate and Apportionment, or other municipal officials, made pursuant to the terms of the contract, or under the authority of any laws or ordinances now or hereafter in force, in such case and in any of these events, if no other money penalty is provided therefor, the said company shall pay to the Comptroller of The City of New York a penalty of \$50 for each violation; and in case of any violation of the provisions of this contract for which money penalties are provided, the said company shall pay to the Comptroller of said City the penalties so provided.

The procedure for the imposition and collection of penalties provided in this contract shall be as follows:

The Comptroller of The City of New York, on complaint made, shall, in writing, notify said company through its president to appear before him on a certain day not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If said company fail to make an appearance or, after a hearing, appear in the judgment of the Comptroller to be in fault, said Comptroller shall forthwith impose the prescribed penalty, and without legal procedure withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund, the said company shall, upon ten days' notice in writing, pay to the Comptroller of The City of New York a sum sufficient to restore said security fund to the original amount of \$25,000 and in default thereof the said company shall pay to the Comptroller of The City of New York the sum of one hundred dollars for each day of such default in addition to the amount necessary to restore said fund to the original amount of \$25,000. No action or proceeding or rights under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to The City of New York.

The right of the City to collect any penalties imposed for non-compliance with the terms of this contract, or with any law or ordinance now in force or hereafter adopted, shall not be limited to the said sum of \$25,000, and the enumeration or reservation of any rights by the City herein shall not operate to the exclusion of any other rights belonging to the City, either in law or at equity. Nor shall the imposition of any penalty by the terms of this contract interfere with or diminish the right of the City specifically to enforce any of the terms or conditions of this contract.

41. If the Railroad Company, its successors and assigns, shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and all street crossings within the present limits of The City of New York in good condition throughout the full term of its occupancy of said streets, the Board of Estimate and Apportionment of the City may give written notice to said Company specifying any default on the part of said Company, and requiring the said Company to remedy the same within a reasonable time, and upon the failure of the said Company to remedy its said fault within a reasonable time said Company shall for each day thereafter during which said fault or defect remains pay to The City of New York the sum of two hundred and fifty dollars (\$250) as fixed and liquidated damages, or the said City in case said structures over or under streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon; all of which sums may be deducted from the fund hereinbefore provided.

42. The Railroad Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

THE CITY OF NEW YORK,

[SEAL.] By..... Mayor.
NEW YORK AND PORT CHESTER
RAILROAD COMPANY,
By..... President.

Attest:
[SEAL.] Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of such franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor are that the money value of such franchise or right proposed to be granted is the total amount of money which it is proposed, as provided in and by the form of Proposed Contract for the grant of such franchise or right, as hereinbefore fully set forth, shall be paid for such franchise or right, and that such compensation is adequate therefor.

Resolved, That these preambles and resolutions, including the said resolution for the grant of the franchise or right applied for by New York and Port Chester Railroad Company and the said form of Proposed Contract for the grant of such franchise or right and said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published at the expense of New York and Port Chester Railroad Company, for at least twenty days im-

mediately prior to January 26, 1906, in THE CITY RECORD, and at least twice, during the ten days immediately prior to January 26, 1906, in "The New York Times" and "The New York Daily News," two daily newspapers designated by the Mayor therefor, and published in The City of New York, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by New York and Port Chester Railroad Company, and fully set forth and described in the foregoing form of Proposed Contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board to be held in the old Council Chamber, City Hall, Borough of Manhattan, City of New York, on January 26, 1906, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

J. W. STEVENSON,
Secretary.

DEPARTMENT OF FINANCE.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction on

TUESDAY, JANUARY 30, 1906,

at 11 a. m., on the premises, the building and appurtenances thereto belonging erected upon real estate within the bounds of City Hall Park and formerly occupied by the Fire Department, belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the building thereunto belonging, situated on the southwest corner of Chambers and Centre streets, in the

Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund adopted January 11, 1906, the Comptroller has directed the sale of the above-described building to be made under the supervision of the Collector of City Revenue on Tuesday, January 30, 1906, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description within the described area are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences, shall be removed from the premises. All brick in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances or any portion thereof within said period will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beam holes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO OF CITY REAL ESTATE.

PUBLIC NOTICE IS HEREBY GIVEN that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale at public auction on

TUESDAY, JANUARY 23, 1906,

at 11 a. m., on the premises, the buildings and appurtenances thereto belonging erected upon real estate acquired for the purpose of constructing thereon a pumping station for the high pressure fire system, under the supervision of the Department of Water Supply, Gas and Electricity, belonging to the Corporation of The City of New York, all the right, title and interest of The City of New York in and to the buildings thereunto belonging acquired for the high pressure fire system, situated in the Borough of Manhattan and described as follows:

Beginning at the point of intersection of the westerly side of Oliver street with the southerly side of Water street, and running thence westerly along the southerly side of Water street 90.83 feet; thence southerly 39.3 feet; thence again westerly 0.8 feet; thence again southerly 121.81 feet to the northerly side of South street 92.04 feet to the northwesterly corner of Oliver and South streets; thence northerly along the westerly side of Oliver street 160.61 feet to the southwesterly corner of Water and Oliver streets, the point or place of beginning.

By direction of the Comptroller the sale of the above-described buildings will be made under the supervision of the Collector of City Revenue on Tuesday, January 23, 1906, at 11 a. m., on the premises.

The buildings on the premises above described shall be sold for the highest marketable price at public auction upon the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must give either a cash bond or an approved bond of a surety company in the amount of one-half of the purchase price as security for the proper performance of the work of removal, which must be completed within thirty working days thereafter.

All the buildings, structures or parts thereof, their fixtures and foundations, of every class and description within the described area, are to be torn down to a level two feet below the existing curb; and any structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls, shall also be torn down to the same level. All tin from roofs, cornices, sides of buildings or partitions, sheds and fences, shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studding, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken lath and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away.

Failure to remove the said buildings and appurtenances or any portion thereof, within said period, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be im-

plied by the act of bidding, and the said City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless the City of New York, its officers, agents and servants, and each of them, against and from all suits and actions, claims and demands, of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliance used in the removal of said buildings by the said successful bidder, and the bidder's assent and agreement to the above conditions are understood to be implied by the act of bidding.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down, but all furnishings, plaster, chimneys, projecting brick, etc., on the faces of such party walls shall be taken down and removed. The walls shall be made permanently self-supporting, without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operation of the contractor.

The Comptroller of the City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings included in the foregoing parcel.

FIRST DEPARTMENT.

In matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of BECK STREET (although not yet named by proper authority), from Longwood avenue to Intervale avenue, in the Twenty-third Ward, Borough of The Bronx, City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, bearing date the 24th day of November, 1905, and duly entered in the office of the Clerk of the County of New York, in The City of New York, on the 4th day of December, 1905, a copy of which order was duly filed in the office of the Register of the County of New York, and indexed in the Index of Conveyances, Book Nos. 2709 and 2710. Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of New York on the 4th day of December, 1905; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled to or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining

and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, fourteenth floor, Nos. 90 and 92 West Broadway, Borough of Manhattan, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 13th day of February, 1906, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto and examine the proofs of such claimant or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to WATERLOO PLACE (although not yet named by proper authority), between East One Hundred and Seventy-fifth street and East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York.

PURSUANT TO THE STATUTES IN such cases made and provided, notice is hereby given that an application will be made to the Supreme Court of the State of New York, First Department, at a Special Term of said Court, to be held at Part III. thereof, in the County Court-house, in the Borough of Manhattan, in The City of New York, on Friday, the 26th day of January, 1906, at the opening of the Court on that day, or as soon thereafter as counsel can be heard thereon, for the appointment of Commissioners of Estimate and Assessment in the above-entitled matter. The nature and extent of the improvement hereby intended is the acquisition of title by The City of New York, for the use of the public, to all the lands and premises, with the buildings thereon and the appurtenances thereto belonging, required for the opening of a certain street or avenue known as Waterloo place, between East One Hundred and Seventy-fifth street and East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York, being the following-described lots, piece or parcel of land, viz.:

Beginning at a point in the southern line of East One Hundred and Seventy-sixth street distant 306.73 feet northwesterly from the intersection of said line with the western line of Southern Boulevard.

1. Thence northwesterly along the southern line of East One Hundred and Seventy-sixth street for 50 feet;

2. Thence southwesterly deflecting 90 degrees to the left for 345.94 feet to the northern line of East One Hundred and Seventy-fifth street;

3. Thence southeasterly along last-mentioned line for 50.98 feet;

4. Thence northeasterly for 335.97 feet to the point of beginning.

Waterloo place is shown on a map entitled "Map or Plan showing the locating and laying out and the grades of Waterloo place, from East One Hundred and Seventy-fifth street to East One Hundred and Seventy-sixth street, in the Twenty-fourth Ward, Borough of The Bronx, City of New York," filed in the office of the President of the Borough of The Bronx, June 20, 1905, in the office of the Register of the City and County of New York, on June 20, 1905, as Map No. 1032, and in the office of the Counsel to the Corporation of The City of New York on or about the same date.

The land to be taken for Waterloo place is located in Block 2958 of section 11 of the land map of The City of New York.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of WEBSTER AVENUE (although not yet named by proper authority), from the East river to Jackson avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate of assessment, as directed by an order of the Supreme Court dated April 5, 1905, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 8th day of February, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 8th day of February, 1906, at 12 o'clock m.

Second—That the abstract of our said supplemental and amended estimate of assessment, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said city, there to remain until the 14th day of February, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of the middle line of the block, between Webster avenue and Washington avenue, and the southeasterly line of the East River; thence southeasterly along said middle line of the block and its prolongation to its intersection with a line parallel to and 100 feet southeasterly from the southerly line of Jackson avenue; thence southeasterly along said parallel line to its intersection with the southeasterly prolongation of the middle line of the block between Webster avenue and Freeman avenue; thence northwesterly along said prolongation and middle line to its intersection with the southeasterly line of the East river; thence northeasterly along said southeasterly line of the East river to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our supplemental and amended report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House, in the Borough of Brooklyn, in The City of New York, on the 40th day of March, 1906, at the opening of the Court on that day.

Dated Borough of Manhattan, New York, January 11, 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of EIGHTEENTH AVENUE (although not yet named by proper authority), from Jackson avenue to the East river, in the First Ward, Borough of Queens, in The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court, Second Department, bearing date the 6th day of July, 1905, and duly entered in the office of the Clerk of the County of Queens, at his office in Jamaica, in the Borough of Queens, City of New York, on the 12th day of October, 1905, a copy of which order was duly filed in the office of the Clerk of the County of Queens, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate and assessment of the loss and damage, if any, or of the benefit and advantage, if any, as the case may be, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the lands, tenements, hereditaments and premises required for the purpose by and in consequence of opening the above-mentioned street or avenue, the same being particularly set forth and described in the petition of The City of New York, and also in the notice of the application for the said order thereto attached, filed herein in the office of the Clerk of the County of Queens, on the 12th day of October, 1905; and a just and equitable estimate and assessment of the value of the benefit and advantage of said street or avenue so to be opened or laid out and formed, to the respective owners, lessees, parties and persons respectively entitled unto or interested in the said respective lands, tenements, hereditaments and premises not required for the purpose of opening, laying out and forming the same, but benefited thereby, and of ascertaining and defining the extent and boundaries of the respective tracts or parcels of land to be taken or to be assessed therefor, and of performing the trusts and duties required of us by chapter 17, title 4 of the Greater New York Charter, as amended, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the real estate taken or to be taken for the purpose of opening the said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, with such affidavits or other proofs as the said owners or claimants may desire, within twenty days after the date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 19th day of January, 1906, at 3 o'clock in the afternoon of that day, to hear the said parties and persons in relation thereto. And at such time and place, and at such further or other time and place as we may appoint, we will hear such owners or claimants or claimants, or such additional proofs and allegations as may then be offered by such owner, or on behalf of The City of New York.

Dated Borough of Manhattan, New York City, December 22, 1905.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of POTTER AVENUE (although not yet named by proper authority), from the East river to Chauncey street, and from Rapelje avenue to Flushing avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, and in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 20th day of January, 1906, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 24th day of January, 1906, at 11 o'clock a.m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said city, there to remain until the 1st day of February, 1906.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the United States bulkhead or pierhead line of the East river and the middle line of the blocks between Potter avenue and Woolsey avenue; running thence easterly along said middle line to its intersection with the northerly line of Flushing avenue; thence running again easterly along the northerly line of Flushing avenue to its intersection with the westerly line of Baldwin street; thence running northerly along the westerly line of Baldwin street to its intersection with the middle line of the blocks between Potter avenue and Ditmars avenue; thence running westerly along the middle line of the blocks between Potter avenue and Ditmars avenue to its intersection with the United States bulkhead or pierhead line of the East river; thence running southerly along the United States bulkhead or pierhead line of the East river to the point or place of beginning, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 27th day of March, 1906, at the opening of the Court on that day.

Dated Borough of Manhattan, New York City, December 29, 1905.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
