FIRE DEPARTMENT.

HEADQUARTERS
FIRE DEPARTMENT, CITY OF NEW YORK,
157 AND 159 EAST SIXTY-SEVENTH STREET,
NEW YORK, April 23, 1890.

TO CONTRACTORS.

SEALED PROPOSALS FOR FURNISHING THE materials and labor and doing the work required in repairing and altering the following buildings of this Department, viz.: Quarters of Hook and Ladder Co. No. 2, southeast corner of Fifth street and Lexington avenue, and Storehouse, No. 180 Clinton street, will be received by the Board of Commissioners at the head of the Fire Department, at the office of said Department, Nos. 157 and 159 East Sixty-seventh street, in the City of New York, until 10 o'clock A. M. Wednesday, May 7, 1890, at which time and place they will be publicly opened by the head of said Department and read.

A separate estimate must be made for each building. No estimate will be received or considered after the hour named.

For information as to the amount and kind of work to be done, bidders are referred to the specifications and drawings which form part of these proposals.

The form of the agreement (showing the manner of payment for the work, and forms of proposals, may be obtained and the plans may be seen at the office of the Department.

Bidders must write out the amount of their estimate in addition to inserting the same in figures.

The work is to be completed and delivered within forty (40) days after the execution of the contract.

The damages to be paid by the contractor for each day that the contract may be unfulfilled after the time specified for the completion thereof shall have expired are fixed and liquidated at ten (10) dollars.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall present the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The Fire Department reserves the right to decline any and all bids or estimates if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of two thousand and five hundred (2,500) dollars, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of one hundred and twenty-five (125) and sixty (60) dollars, respectively. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as sureties for its faithful performance in the sum of twenty-three thousand (23,000) dollars; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York before the award is made and prior to the signing of the contract.

No estimate will be considered unless accompanied by either a certified check upon one of the banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of one thousand one hundred and fifty (1,150) dollars. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and

The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

The amount of security required upon the execution of the contract will be in each case fifty per cent. of the estimated cost of the articles awarded to each contractor; the amount of preliminary security to be given until each award, and in which the sureties shall justify, shall be FIVE HUNDRED DOLLARS.

Should the person to whom the contract may be awarded, neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he accept but do not execute the contract and give the proper security, he shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter as surety or otherwise, upon any obligation to the Corporation, and no estimate will be accepted from, or a contract awarded to, any person not having at the time of making his estimate full, suitable and sufficient facilities for performing the work specified in his estimate.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National or State Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of fifty per centum of the amount of the preliminary security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the Supervisor of the City Record, who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said Supervisor, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the undersigned city officers to reject any or all bids which may be deemed prejudicial to the public interests. A contract will be made with the lowest bidder for the books required by any court, department, or bureau of a department, provided they involve more than five hundred dollars.

A contract will be made with the lowest bidder for any item in the specifications involving an expenditure of more than five hundred dollars.

The making and delivery of all the books must be completed within fifty days from the execution of the contracts; and they must be made and delivered in the order to be prescribed by the Supervisor of the City Record, to the end that the immediate needs of the Department shall be supplied.

NOTICE OF COMMISSIONER OF JURORS IN REGARD TO CLAIMS FOR EXEMPTION FROM JURY DUTY.

ROOM 127, STEWART BUILDING,
No. 280 BROADWAY, THIRD FLOOR,
NEW YORK, JUNE 1, 1889.

CLAIMS FOR EXEMPTION FROM JURY duty will be heard by me daily at my office, from 9 A. M. until 4 P. M.

Those entitled to exemption are: Clergymen, lawyers, physicians, surgeons, surgeon-dentists, professors or teachers in a college, academy or public school, licensed pharmacists or druggists, actually engaged in their respective professions and not following any other calling; militiamen, policemen, and firemen; election officers, jury non-residents, and city employees, and United States employees; officers of vessels making regular trips; licensed pilots, actually following that calling; superintendents, conductors and engineers of a railroad company other than a street railroad company; telegraph operators actually doing duty as such; Grand, Sheriff's, and Civil Court jurors; stationary engineers; and persons physically incapable of performing jury duty by reason of severe sickness, deafness, or other physical disorder.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible), and at this office only, under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, if unpaid, will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States jurors, are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement and every case will be fully prosecuted.

CHARLES REILLY,
Commissioner of Jurors.

DEPARTMENT OF DOCKS.

(Work of Construction under New Plan.)

DEPARTMENT OF DOCKS,
PIER "A," NORTH RIVER.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES FOR DREDGING AT EAST TWENTY-FOURTH STREET SECTION, ON THE EAST RIVER.

ESTIMATES FOR DREDGING AT EAST Twenty-fourth Street Section, on the East river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, Pier "A," foot of Battery place, North river, in the City of New York, until 12 o'clock M. of

FRIDAY, APRIL 25, 1890,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract in the manner prescribed and required by ordinance, in the sum of One Thousand Eight Hundred Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged in order to secure at the premises mentioned the depth of water set opposite thereto in the specifications, is as follows:

MUD DREDGING
At East Twenty-fourth Street Section, East river..... 30,000 cubic yards.
Total..... 30,000 "

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1.) Bidders must satisfy themselves, by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2.) Bidders will be required to complete the entire work contracted for to the satisfaction of the Department of Docks and in substantial accordance with the specifications of the contract. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 1st day of December, 1890, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for the fulfillment has expired, are, by a clause in the contract, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic yard for doing such dredging in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimate their names and places of residence, the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York any difference between the sum to which said person or persons would be entitled upon its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; and the amount in each case to be calculated upon the

estimated amount of the work to be done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of the City of New York, after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the person making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

THE RIGHT TO DECLINE ALL THE ESTIMATES IS RESERVED, IF DEEMED FOR THE INTEREST OF THE CORPORATION OF THE CITY OF NEW YORK.

Bidders are requested, in making their bid or estimate, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of THREE THOUSAND (\$3,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; and the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail surety, or otherwise; and that he has offered himself as surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, 1880, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of this security shall, in addition to the justification and acknowledgment, be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in

said box until such check or money has been examined by said officer or clerk and found to be correct. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and provide such proper security as has been heretofore stated to be requisite, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, showing the manner of payment, will be furnished at the office of the Department, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; and the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioners may determine.

The form of the contract, including specifications, and showing the manner of payment, will be furnished at the office of the Department; and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities and Correction will insist upon its absolute enforcement in every particular.

HEALTH DEPARTMENT.

HEALTH DEPARTMENT,
No. 501 MOTT STREET.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR FURNISHING four hundred and fifty tons of White Ash Coal, for the Willard Parker Hospital, under the charge of the Board of Health, will be received at the office of the Health Department, in the City of New York, until 2.30 o'clock P. M. of the 29th day of April, 1890. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for furnishing Coal for Willard Parker Hospital," and with his or their name or names, and the date of its presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Board and read.

The Board of Health reserves the right to reject all bids or estimates, as provided in section 64, chapter 410, Laws of 1882, if deemed to be for the public interest. No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

The Coal to be of good quality, and the quantity that will be required will be about Four Hundred and Fifty (450) Tons of White Ash Coal, to be well screened and in good order, each ton to be 2,240 pounds, in accordance with the specification attached to and which form a part of the contract aforesaid.

Delivery to be made at the Willard Parker Hospital, near the foot of East Sixteenth street, at the time required by the Board of Health; any changes in the time or place of delivery, however, may be made in writing by the Board of Health.

The above quantity is estimated and approximated only, and bidders are notified that the Board of Health reserves the right to increase or diminish said quantities by an amount not exceeding fifteen per cent. of the estimated quantities, and the Contractor will be paid therefor only at the rate or price named in the contract; and that in case the above-named quantity shall not be required by the Department, no allowance will be made for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal sum of ONE THOUSAND (\$1,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair, and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters therein stated are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Bidders will be required to furnish testimonials that they are engaged in the coal business in the City of New York, and have the plant necessary to carry

out promptly and regularly the contract, if it be awarded, to the entire satisfaction of the Board of Health, and must furnish an undertaking for the faithful performance of all the provisions thereof in the manner provided by law, executed by two householders or freeholders of the City of New York, each justifying in the penal sum of ONE THOUSAND (\$1,000) DOLLARS, and agreeing that if he shall omit or refuse to execute the said contract they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or person to whom the contract shall be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract is awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or estimate, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the National or State banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must NOT be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said book until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are cautioned to examine the form of contract and the specifications for particulars before making their estimates. Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment for the Coal will be made by requisitions on the Comptroller, and as more specifically and particularly is set forth in the contract form.

Bidders are informed that no deviation from the contract and specifications will be allowed, unless under the written instruction of the Board of Health.

The form of the agreement, including specifications, showing the manner of payment, will be furnished at the office of the Department, No. 301 Mott street.

That it is made without any connection with any other person making an estimate for the same work, and is in all respects fair and without collusion or fraud. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation is directly or indirectly interested in the estimate, or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. That no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested in the estimate or in the work to which it relates or in the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

THE COMMISSIONER OF PUBLIC WORKS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained at Room 1, No. 31 Chambers street.

COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, August 14, 1889.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty, containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot, that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereafter liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act:

When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.

Of which amount \$2,700 was paid by the New York and Brooklyn Bridge Trustees, and \$250 was paid by a policeman.

The percentage of recovery was only 1 38-100 per cent., the most favorable showing the City has ever made.

The following is a comparative table of accident cases for the five years covered by the annual reports of the Law Department:

GENERAL REMARKS—MISCELLANEOUS WORK.

ASSESSMENT LITIGATION IN THE YEAR 1889.

During the year 1889 three important assessment decisions have been rendered in favor of the City.

In October the Court of Appeals decided, in the case of Courtlandt Palmer, that when a petitioner in a proceeding to reduce an assessment dies, the proceeding abates and cannot be revived in the name of his successor.

It appears from the books of this Department that during the period from 1868 to 1874 large numbers of proceedings to vacate or reduce assessments were commenced which were never terminated. In many of these proceedings it was supposed that no relief could be obtained, but in 1881 the Court of Appeals decided, in the matter of Benjamin W. Merriam (84 N. Y., 596), that the cost of rock excavation for which bids were not invited could not be legally included in an assessment. Some of these old petitions thus became of value, and orders reducing assessments have been entered upon them, under the authority of the Merriam case. The payments were in most cases made more than six years ago, and since the final decision in the suits of Julia Friend vs. Mayor, and Valentine Diefenthaler vs. Mayor, reported in 111 N. Y., 331, reductions and repayments could only be secured in such cases by maintaining these old petitions to be valid. If they were disposed of there was no way in which the assessment could now be attacked. Many of the petitioners in these old proceedings have died, and under the decision in the case of Courtlandt Palmer, above referred to, the proceedings have abated and cannot be revived.

In November last the Court of Appeals, in the Matter of Chauncey N. Brainerd, affirmed an order denying an application to vacate the assessment for sewer in Tenth avenue, between One Hundred and Sixty-second and One Hundred and Seventieth streets. The sewer had been constructed without any legal outlet. All of the proceedings to reduce that assessment were dismissed under the decision.

Within the present month, Mr. Justice Andrews has held, at Special Term of the Supreme Court, in the matter of the petition of Margaret Gibbens, that the assessment for regulating Lexington avenue, from One Hundred and Second street to Harlem river, was valid. This was one of the old cases in regard to which there has been much litigation.

During the year 346 proceedings to vacate or reduce assessments were dismissed on the City's motion, and 88 orders vacating or reducing assessments were certified. Almost all of the latter class were orders of reduction, involving much less money than those of previous years.

The number of assessment proceedings pending on the 31st of December, 1889, was less by 362 than on the same date of the previous year, although 103 new proceedings were begun in the year 1889.

Decisions in the cases which are now being litigated in the courts will enable me to dispose of many of the proceedings now pending.

WATER-FRONT LITIGATION.

In the annual report of the Law Department for 1888, allusion was made to the hearing then in progress before a Referee to determine the values of bulkhead rights upon application of the principles then recently laid down by the Court of Appeals in the case of William M. Kingsland, trustee, etc., against the Mayor. After the testimony had been completed and before a decision had been rendered, the Referee died, and it became necessary to take the testimony de novo before another Referee. The proceeding is now progressing before the new Referee and will be pushed as rapidly as the interests of the City will permit. The final disposition of this (Langdon) case will greatly facilitate the settlement of other cases involving similar questions, and I shall endeavor to secure a comprehensive and final determination of the several litigations affecting the City's water-front.

NEW CROTON AQUEDUCT.

During the past year several litigations of magnitude have arisen respecting materials furnished and work done on the New Croton Aqueduct. The questions of law and fact in these suits are of the greatest importance to the City, not alone because of the large amounts of money involved but also on account of the principles to be established for future application to works of public improvement. I have thought best to retain special counsel to represent the City and have entrusted the litigation to Mr. James C. Carter.

SURFACE RAILROADS—LICENSE FEES.

In the last annual report of this Department reference was made to the so-called "license fee" litigations, brought against surface railroads to recover unpaid license fees upon their cars. During the past year the Court of Appeals affirmed the judgments in favor of the City against the Third Avenue Railroad Company, and the Dry Dock, East Broadway and Battery Company, and the City has received from these companies more than \$160,000 in payment of the claims. The appeal taken by the Eighth Avenue Railroad Company from the judgment heretofore rendered against it, was argued in the Court of Appeals during the present month. If the judgment is affirmed, more than \$40,000 will be due from this company for the unpaid license fees covered by the suit in question.

In the case of the Twenty-third Street Railway Company, the right of the City to recover one per cent. of the company's gross receipts from traffic over the leased line of the Bleecker Street and Fulton Ferry Railroad Company, was affirmed by the Court of Appeals, and a reference is now pending to determine the amount to which the City is entitled for the period commencing January 1, 1879.

The legal questions involved in the several litigations may now be regarded as finally settled in the City's favor. The importance of the decisions is greater even than the amounts involved in the various suits would indicate, because during the pendency of the litigation the payments due for the years subsequent to 1885 have in certain cases been withheld and are yet to be made.

STATE TAX CASE.

In the mandamus proceeding instituted by the People of the State of New York against Theodore W. Myers, as Comptroller of the City of New York, to compel the payment of a balance of over \$323,000, alleged to be due to the State on account of the equalization of taxes made in 1887, the testimony has been closed before the Referee to whom the matter was sent for determination. Briefs are to be submitted, and it is believed that the controversy will be finally settled during the coming year.

PROCEEDINGS AGAINST DELINQUENT JURORS.

By amendments to the Code of Civil Procedure effected by chapter 343 of the Laws of 1889, a large amount of additional work has devolved upon this office, in connection with the enforcement of fines and penalties imposed upon delinquent jurors. The act went into operation on the first day of October, last, and during the months of November and December, over five hundred proceedings were instituted. These proceedings involve the preparation and service of various papers and attendance before the Judges of the several Courts, and the entry of orders and judgments, issuing of executions and collection of moneys. Under the provisions of the Code as amended, it is the duty of the Counsel to the Corporation to make, at stated intervals, a separate report to the Mayor, which shall state in detail all the work accomplished. Such a report for the period ending December 31, 1889, is now in course of preparation and will be hereafter transmitted.

Although the act referred to has been in operation but a short time, I am confident that its rigorous enforcement will result in a more general and satisfactory attention to jury duty on the part of our citizens than has ever yet been attained.

NEW PARKS.

On December 12, 1888, the title to the land included in Pelham Bay, Bronx, Van Cortlandt, Crotona and St. Mary's Parks, Bronx and Pelham Parkway, Moshulu Parkway and Crotona Parkway became vested in the City of New York.

Before paying the awards, it became necessary to procure tax and assessment searches against all the lots and parcels taken, and affidavits of ownership and quit claim deeds were prepared and obtained in every case in which the awards have been paid.

The total amount of awards paid up to date is \$8,995,578.42.

SCHOOL SITES.

When I came into office there were pending eighteen proceedings for the acquisition of school sites in various parts of the city. Reports in two proceedings were confirmed upon application of Mr. Arthur Berry, who had been retained as Special Counsel by my predecessor, and the remaining sixteen proceedings were thereafter conducted by an assistant in my office.

Two of the proceedings have been abandoned by direction of the Board of Education—one on the ground that the award by the Commissioners was grossly excessive, the other because it was ascertained that irreparable injury would be inflicted upon the owner of the property proposed to be taken. Of the remaining proceedings, orders of confirmation have been entered in twelve cases, and the City has acquired title to the property.

A motion to confirm one other proceeding has been made and a decision is expected at an early date.

The final proceeding will in all probability be satisfactorily concluded within a short time.

The awards paid in the fourteen proceedings already completed aggregate \$720,900, and the expenses, including commissioners' fees, charges of surveyors and clerk and advertising, approximate \$40,000; making the cost of acquiring sites under the present act about five and one-half per cent. on the amount awarded. This amount is rendered unnecessarily large by reason of the provisions requiring the advertising of notices in two daily newspapers for upwards of fifty days. I have approved a bill to be submitted to the Legislature whereby the expenses in future proceedings will be materially reduced. The proposed amendment gives the Board of Education power to purchase, subject to the approval of the Board of Estimate and Apportionment. It is hoped that this provision will obviate, in many cases, the necessity of formal condemnation proceedings.

STREET OPENING PROCEEDINGS.

Among the street opening proceedings instituted during the year, special mention should be made of the proceeding for the widening and extension of College place and Greenwich street, between Chambers and Dey streets, in the Third Ward. This improvement, when accomplished, will greatly relieve the congested condition of traffic on Broadway and Greenwich street, south of Chambers street, and on the streets leading to the west side ferries, piers and railroad depots in the lower part of the city. As the mercantile community are vitally interested in this undertaking, the proceeding will be brought to as speedy a conclusion as possible.

The extension of Bethune street, between Hudson and Greenwich streets, will similarly benefit the thoroughfares converging at Abingdon Square.

It is proposed to remedy, if possible, the apparently unnecessary delays in proceedings to open streets in this city, especially in the Twenty-third and Twenty-fourth Wards, where such delays have operated seriously to retard the normal development of the district. The Commissioners of Estimate and Assessment appointed by the Court are largely dependent upon property-owners whose lands will be affected by proposed improvements for the requisite information in making up their reports. A livelier interest in their own concerns on the part of property-owners, and a more prompt compliance by the several Departments with the requests for necessary maps, will materially aid the Commissioners in the discharge of their public duties.

The statistics relating to street openings for the past year are contained in Schedule 9, the summary of which has been already submitted.

NUMBER OF OPINIONS GIVEN.

The reports of my predecessors show that the preparation of opinions at the request of the heads of the various departments is a very important and rapidly increasing branch of the office work, which covers an immense field and range of subjects and which frequently involves prolonged study.

During 1889, written opinions were given as follows:

Comptroller	230
Public Works Department	48
Dock Department	20
Park Department	33
The Mayor	33
Police Department	9
Fire Department	8
Street Cleaning Department	10
Aqueduct Commission	20
Board of Street Openings	1
Department of Charities and Correction	11
Common Council	4
Board of Assessors	8
Taxes and Assessments	5
Board of Estimate	4
Armory Board	5
Miscellaneous	10
	459

There were received from the Police Department 241 reports of accidents, which were examined into and filed.

There were received from the Finance Department, 313 requests for the examination of claimants, in 217 of which oral examinations, under oath, were conducted. The circumstance that only 217 claimants were examined, when 313 requests for examination were received, is principally explained by the fact that a large number of the claims filed were in assessment matters, where, all the facts being already within the knowledge of the City officers, examinations were not necessary.

CONTRACTS.

There were contracts examined or drafted and approved, as to form, as follows:

Department of Public Works	288
Department of Public Parks	105
Department of Charities and Correction	66
Department of Docks	62
Fire Department	23
Armory Board	1
Aqueduct Commission	58
Police Department	8
Health Department	4
Finance Department	40
Street Cleaning Department	3
	658

RESUMÉ OF COURT WORK.

The amount of work done in court by the office is well exhibited in the following table, in which what has been accomplished during 1889 is contrasted with similar work performed in recent years:

	1885.	1886.	1887.	1888.	1889.

Total lineal feet of streets opened	7,794	850	28,935	41,065	26,436.83

Upon my appointment on the twenty-first of May, 1889, I found the office in the main, well organized and properly equipped. Certain changes have been made in the distribution and method of dispatching the regular business of the office and the Department, which I trust will result in substantial benefit to the City.

The fact that at the close of the year 1889, notwithstanding the large volume of new business during the year, the record shows a decrease in pending causes of over four hundred, as compared with the close of the year preceding, is itself an indication of well applied method.

In concluding this report I desire to acknowledge my appreciation of the skill, industry and zeal of my assistants, and of the various members of the office staff, to whose hearty co-operation is largely due the gratifying results of the past year's work.

With the same sustained effort and ability on the part of the office staff during the coming year, I confidently expect that the annual report for 1890 will equal, if it do not exceed, the record of achievement for 1889.

I have the honor to remain, very respectfully, yours,

WM. H. CLARK, Counsel to the Corporation.

Schedule 9.

REPORT OF STREET OPENING PROCEEDINGS FOR YEAR 1889.

OFFICE OF THE CLERK OF STREET OPENINGS,
NEW YORK, December 31, 1889.

Hon. WILLIAM H. CLARK, Counsel to the Corporation:

SIR—I have the honor to transmit herewith report of street opening proceedings for the year terminating December 31, 1889.

In preparing this report I have followed substantially the plan adopted in the annual report for the year 1888, increasing, however, the statistics of work performed by an additional schedule, being a list of proceedings in which abstracts of estimate and assessment have been completed during the year.

The statistics of work performed during the year are therefore embraced in nine schedules, as follows:

SCHEDULE 1.

This schedule is divided into two heads, "A" and "B."

"A" is a complete list of proceedings considered during the year terminating December 31, 1889, showing the length of the street or avenue or portion of the street or avenue sought to be opened, and, where reports have been confirmed during the year or abstracts of estimate and assessment completed, the amount of awards, total assessment, number of parcels assessed and number of city lots assessed.

"B" is a statement showing the condition of each proceeding, considered under "A," on December 31, 1889.

This schedule shows that there have been under consideration during the year 90 proceedings.

SCHEDULE 2.

This is a list of proceedings confirmed during the year, with the dates of entries of orders of confirmation.

The number of proceedings confirmed during the year, as shown by this schedule, is 15.

SCHEDULE 3.

This is a list of proceedings discontinued during the year, with the dates of the entries of orders of discontinuance.

As shown by this schedule two proceedings have been discontinued during the year.

SCHEDULE 4.

This is a list of proceedings in which appeals have been determined during the year. This list shows the number and character of such appeals and the disposition of the same.

The number of appeals determined during the year is shown by this schedule to be 4.

SCHEDULE 5.

This is a list of proceedings finally disposed of during the year.

The number of such proceedings this schedule shows to be 17.

SCHEDULE 6.

This is a list of proceedings instituted during the year, with the dates of the appointments of Commissioners of Estimate and Assessment.

It appears from this schedule that there have been instituted during the year 16 proceedings.

SCHEDULE 7.

This is a list of proceedings in which appeals have been taken to the General Term or Court of Appeals, either on the part of the City or on the part of property-owners.

There are 2 such proceedings, as shown by this schedule.

SCHEDULE 8.

This is a list of proceedings in which abstracts of estimate and assessment have been completed during the year.

This schedule shows that such abstracts have been completed in 30 proceedings.

SCHEDULE 9.

This is a list of proceedings pending on the 31st day of December, 1889.

73 proceedings are pending, as shown by this schedule.

These schedules are followed by a summary of the work performed during the year.

The aggregate of the awards in proceedings in which reports have been confirmed during the year is \$365,823.47, to cover which and the costs of the proceedings an assessment of \$377,624.32 was levied, 3,149 parcels, comprising 6,730 city lots, being assessed for benefit.

Awards to the amount of \$859,163.46 have been made up in proceedings in which abstracts of estimate and assessment have been completed and assessments aggregating \$1,054,604.81 computed. These assessments are levied upon 15,768 separate parcels, comprising 31,615 city lots. In very many cases a different rate of assessment has been adopted for every 25 feet of the assessment district, thus rendering it necessary to frequently calculate the assessment on a single lot at four different rates and making such calculations very voluminous.

In addition to the proceedings confirmed during the year 12 abstracts of estimate and assessment, commonly known as preliminary reports, have been completed and filed for inspection of property-owners and 18 draft abstracts of estimate and assessment also completed and final maps, to attach to the abstracts for filing, requested. The abstracts in these proceedings will be ready for filing for inspection of owners shortly after the receipt of the final maps.

395 meetings of Commissioners of Estimate and Assessment have been held in this office, in addition to the meetings for the purpose of inspecting the various properties to which title is sought to be acquired. The work accomplished as a result of this large number of meetings has advanced all pending proceedings to such a stage that, if the necessary maps required by the Commissioners are promptly furnished, a large percentage of the proceedings can be consummated in the first four or five months of the coming year.

There were 7 attendances before referees, 42 motions and 2 appeals argued, 276 orders entered and 1,869 communications, to Commissioners, property-owners and various municipal departments and boards, written during the year.

Respectfully, yours,

CARROLL BERRY, Clerk of Street Openings.

SCHEDULE 1—"B."

Statement showing the condition of each proceeding considered under "A," on the 31st day of December, 1889.

1. Alexander Avenue—

The Commissioners of Estimate and Assessment have determined upon the awards to be made for all the land to which title is sought to be acquired, save that of the Harlem River and Portchester Railroad Company. The Commissioners have now under consideration the question of the dedication or non-dedication of that portion of the land of the railroad company lying above high-water mark, and of the value of the land lying between high and low water mark. Several meetings of the Commissioners have been held and considerable testimony taken on these questions. The last meeting was held on December 23, when testimony was taken and an adjournment had to January 8. The testimony will be resumed on that day and completed at as early a time as possible.

2. Avenue B—

Motion for the appointment of Commissioners of Estimate and Assessment made before Mr. Justice O'Brien. Motion granted and order appointing Sidney J. Cowen, Lawrence Wells and Lamont McLoughlin Commissioners entered on April 8. Commissioners all duly qualified by taking the oath of office, and organized the commission on May 10 by electing Commissioner Cowen Chairman. The necessary draft damage map has been received from the Department of Public Works, and the Commissioners will shortly visit and inspect the property to which title is sought to be acquired, after which they will be prepared, if they deem it necessary, to receive evidence on the part of property-owners as to the title and value of such land.

3. Bergen Avenue—

The Commissioners of Estimate and Assessment have visited and inspected the property to which title is sought to be acquired and have held meetings for the purpose of receiving proof of title and value, and also to obtain an expression of the views of property-owners as to the area which should be assessed for the benefit of the improvement. The last meeting of the Commissioners for such purpose was held on December 27, when an adjournment was taken to January 3. These hearings will probably be closed in January, when the awards will be determined as well as the area to be assessed for benefit and the draft benefit map, showing such area, requested from the Department of Public Parks.

4. Birch Street—

Motion for the appointment of Commissioners of Estimate and Assessment made before Mr. Justice O'Brien. Motion granted and order appointing John H. Kitchen, Moses Hermann and George P. Webster Commissioners entered on April 8. Commissioners all duly qualified by taking the oath of office, and organized the Commission on May 14 by electing Commissioner Webster Chairman. The necessary draft damage map has been received from the Department of Public Parks, and the property to which title is sought to be acquired visited and inspected by the Commissioners, who will shortly receive evidence on the part of owners as to the title and value of the said land.

5. Boscobel Avenue—

The necessary draft damage map has been received from the Department of Public Parks, and the property to which title is sought to be acquired visited and inspected by the Commissioners, who will, early in January, receive evidence on the part of property-owners as to the title and value of such land.
6. Bremer Avenue and Devoe Street—
John B. Shea, one of the Commissioners of Estimate and Assessment in this proceeding, resigned, and on August 1 an order was entered before Mr. Justice O'Brien appointing in his place John H. Monaghan. Mr. Monaghan qualified and entered upon the performance of his duties as Commissioner on September 12. The Commissioners have visited and inspected the property to which title is sought to be acquired; have received evidence on the part of property-owners as to the title and value of such land; have determined upon the awards and also the area to be assessed for the benefit of the improvement. The draft benefit map showing the area to be assessed for benefit, as determined upon by them, was received from the Department of Public Parks on December 11. The Commissioners will meet in January to determine upon the theory to be adopted in laying the assessment for the benefit of the improvement.
7. Bristow Street—
Motion for the appointment of Commissioners of Estimate and Assessment made before Mr. Justice Beach. Motion granted and order appointing Augustus C. Brown, Henry G. Cassidy and Lamont McLoughlin Commissioners entered on May 7. Commissioners all duly qualified by taking the oath of office, and organized the Commission on May 16 by electing Commissioner Brown Chairman. The necessary draft damage map has been received from the Department of Public Parks; the property to which title is sought to be acquired visited and inspected by the Commissioners, who have determined upon the awards, the area to be assessed for benefit, and the theory to be adopted in laying the assessment for benefit. The abstract of estimate and assessment has been completed and the final maps were received from the Department of Public Parks on December 17. The abstract and maps are now being prepared for filing. They will probably be ready for filing in January.

The costs were taxed in favor of Commissioners Stearns and Butler by Mr. Justice Lawrence at \$227.02, on December 19. An order of discontinuance, in accordance with the resolution of the Board of Street Opening and Improvement, was entered on December 28.
9. Brown Place—
The Commissioners of Estimate and Assessment have determined upon the awards to be made for all the property to which title is sought to be acquired, save a small portion between high and low water. They have also determined upon the area to be assessed for benefit, and have requested from the Department of Public Parks the necessary draft benefit map showing such area. The theory to be adopted in laying the assessment for benefit will be taken up and considered by the Commissioners immediately after the receipt from the Park Department of this draft benefit map.
10. Chisholm Street—

The draft damage map has been received by the Commissioners; the property to which title is sought to be acquired visited and inspected by them, and they have determined upon the awards, the area to be assessed for benefit and the theory to be adopted in laying the assessment for benefit. The abstract of estimate and assessment and the damage and benefit maps are now being prepared for filing and will likely be completed and filed in January.
11. College Avenue—
The abstract of estimate and assessment and the damage and benefit maps of the Commissioners were filed in the office of the Commissioner of Public Works on November 12, the notice to property-owners of the filing of the same, and of a motion to confirm their report on January 10, published in the CITY RECORD and posted in the vicinity of the improvement. The motion for the taxation of the costs of the Commissioners is noticed for January 3. The report will be presented to the Court for confirmation early in January.
12. Corlears Hook Park—
Proofs of title on the part of property-owners were completed in June, and on July 5 the first meeting of the Commissioners for the purpose of receiving proof of value was held. Since that time the Commissioners have been sitting twice a week, except during August and part of September, for the purpose of receiving proof of value. These meetings will be continued until such proof has been submitted, both on the part of property-owners and the City, as to all the land embraced within the lines of the park.
13. Dyckman Street—
The draft damage map was received from the Department of Public Works on May 16. Since the receipt of this map the Commissioners have visited and inspected the property to which title is sought to be acquired upon several occasions and have had numerous hearings at which property-owners were present to prove title and value. A question has been raised in the proceeding as to the right of certain purchasers under the Dyckman sale to substantial awards for their lands included within the lines of the street. The question of the awards and the dedication or non-dedication of the Dyckman property is now under consideration; the last meeting of the Commissioners to consider these questions was held on December 19. These matters are both likely to be determined by the Commissioners in January.
14. Eagle Avenue—
The Commissioners all duly qualified by taking the oath of office, and organized the Commission by electing Commissioner Oliver Chairman, on February 26. Since the organization of the Commission, the draft damage map has been received; the property to which title is sought to be acquired visited and inspected by the Commissioners, the area to be assessed determined upon and the draft benefit map received; numerous hearings given property-owners upon the questions of title and value; the awards and assessments determined upon and the draft abstract of estimate and assessment completed. The final damage and benefit maps to attach to the Commissioners' abstract of estimate and assessment was requested from the Department of Public Parks on November 25. These final maps have not yet been received. The abstract of estimate and assessment will be ready for filing shortly after the receipt of these maps.
15. East One Hundred and Thirty-seventh Street—
The principle to be adopted in laying the assessment for benefit has been determined upon by the Commissioners. The draft abstract of estimate and assessment has been completed, and the final maps to attach to the abstracts were requested from the Department of Public Parks on November 25. These maps have not yet been received. The abstract of estimate and assessment will be ready for filing for the inspection of property-owners shortly after the receipt of these maps.
16. East One Hundred and Thirty-ninth Street—
A motion for the taxation of the costs of the Commissioners was made before Mr. Justice Andrews on June 17. Motion granted and order taxing costs at \$782.70 entered. The report of the Commissioners was presented to the Court (O'Brien, J.) on July 23, and a motion to confirm same made. The confirmation was opposed by Ernest Hall and Thomas S. Bassford, of counsel for various objectors, upon five several grounds, some of which were novel, being presented for the first time. The report, abstracts, maps, etc., submitted. On July 27, brief in support of motion for confirmation was submitted. On August 20, an opinion was filed overruling all the objections and directing that the report be confirmed. On August 22, order of confirmation was prepared, consent to its entry obtained and an order submitted to Judge O'Brien. On August 30, order of confirmation was entered and counsel to objectors served with copies and admission of service obtained. Duplicate reports, maps and abstracts of damage and benefit filed with the Commissioner of Public Works; Commissioner of Public Works and Comptroller duly notified to that effect; certified copy of order taxing costs and confirming report of Commissioners transmitted to Finance Department, with letter of advice. Department of Public Parks and Department of Public Works notified of confirmation of report.

The Commissioners held numerous meetings for the purpose of determining upon the awards to be made for William F. Buckley as required by the order of the Special Term which was upon appeal affirmed by the General Term. In order to raise the necessary additional amount to cover the awards made to Mr. Buckley the Commissioners increased their area of assessment as originally determined upon by them and on May 11 filed their amended report for inspection of property-owners. Objections on the part of several owners were filed to the amended report and the Commissioners held several meetings for the purpose of receiving testimony in support of such objections. As a result of these objections the Commissioners made and on December 13 filed a supplemental amended report. The abstract of estimate and assessment will be ready for filing for inspection of property-owners shortly after the receipt of these final maps.

This matter was determined in March, and on the 16th of that month a draft benefit map, showing the area as determined upon by the Commissioners, was requested from the Department of Public Parks. This map has been received, and the Commissioners have determined upon the principle to be followed in laying their assessment for benefit, and preliminary calculations carrying out this principle were completed in December. On November 7 an order was entered affirming the Special Term order, with this modification: "This order shall in no manner affect the right of the Mayor, Aldermen and Commonalty of the City of New York, to rely upon the defense of the statute of limitations in respect to their liability to pay said costs." On December 4 a copy of the order was served on the Counsel to the Corporation, with notice of hearing before the Referee on December 20. Upon December 20 the hearing was adjourned to January 7.

APPENDIX.

Report of Attorney for the Collection of Arrears of Personal Taxes for the Year 1889.

OFFICE OF ATTORNEY FOR COLLECTION OF ARREARS OF PERSONAL TAXES,
 NO. 280 BROADWAY,
 NEW YORK, December 31, 1889.

Hon. WILLIAM H. CLARK, Counsel to the Corporation:

DEAR SIR—I beg herewith to transmit the report of this Bureau for the year 1889, containing a detailed statement of all collections made, and a full list of delinquent proceedings instituted during the year last past.

My incumbency of the office of Attorney for the Collection of Arrears of Personal Taxes, dating only from June 1 last, I have annexed separate statements showing the collections made by my predecessor, Mr. Charles S. Beardsley, from January 1 to June 1, and those made by me from June 1 to date of this report. The collections for the entire year, inclusive of costs, are \$22,053.57, of which \$4,899.52 were collected between January 1 and June 1, and \$17,154.05 were collected between June 1 and the date of my report. Of the entire amount collected \$300 were paid to the City Chamberlain for costs received, and \$21,753.57 were paid to the Receiver of Taxes for arrears. The total collections by this Bureau reported for the year 1888 were \$6,303.52, and my report therefore shows an increase of \$15,750.05, or nearly three times as much as last year. With better office accommodation and increased clerical force this Bureau can be made still more efficient.

Of the 2,063 delinquent cases embraced in this report, exclusive of those in which collections are herewith reported, proceedings were instituted in 998; the Marshal reported his inability to ascertain the whereabouts of the delinquents in 620, and 445 remain "not acted on"; those

remaining "not acted on" being the latest returns made to this Bureau by the Receiver of Taxes. Of the 998 proceedings instituted 364 were abandoned after repeated and ineffectual attempts by the messenger employed to find the delinquent and make service of papers; 337 were dismissed by the Court because of the inability of the delinquent, for want of property, to pay; 44 were dismissed because of the illegality of the tax sought to be enforced; 81 terminated by the entry of orders directing payment or commitment in default of payment, and 172 remain undetermined, the last mentioned number being the cases in which service was only recently made and those heretofore submitted to the Court for its disposition.

Respectfully,
HENRY BISCHOFF, JR.

Return of C. S. Beardsley, Attorney, etc., from January 1, 1889, to and including May 31, 1889.

Report of the Public Administrator.

BUREAU OF THE PUBLIC ADMINISTRATOR,
No. 49 BEEKMAN STREET,
NEW YORK, December 31, 1889.

Hon. WILLIAM H. CLARK, Counsel to the Corporation:

SIR—In compliance with the regulation of your Department, requiring the Public Administrator to render to you annually a full and complete report of all the proceedings of this Bureau, I beg to submit the following report for the year ending December 31, 1889:

The number of estates reported which were investigated by the Bureau was three hundred and one.

Letters of administration have been granted and received on one hundred and forty-one estates. Letters of administration, with the will annexed, have been granted and received on four estates.

There are two estates now in the Bureau held subject to trusts contained in wills, which trusts are duly executed.

The accounts of proceedings of the Public Administrator have been judicially settled and allowed by the Surrogate in eighty-five estates, and the estates distributed pursuant to the decree of the Surrogate.

Under the law of 1887, providing for the settlement of estates under \$250, without judicial decree, one hundred and twenty estates have been closed during the year.

In three hundred and fifty estates, averaging very small amounts, the money and assets were received from the Coroner's office and Commissioners of Charities and Correction and paid directly into the City Treasury.

No objections were filed to any of the accounts above mentioned.

No references or contests are now pending involving any question as to the correctness of said accounts.

Two references are now pending before referees relating to the question of kinship, but involving no other question.

Eleven actions were commenced in the courts of record against the Public Administrator, and four by him.

Two special proceedings are now pending to determine the validity of rejected claims.

On application by creditors for letters of administration, letters were granted to the Public Administrator in fifty-nine cases.

In thirty-three cases citations were served on the Public Administrator to attend the probate of a last will and testament, and his appearance noted.

About six hundred notices were served on hotel and boarding-house keepers and others, pursuant to law.

All reports and returns to the Comptroller, Common Council, and to the Supervisor of the City Record, have been rendered.

The amount paid into the City Treasury for commissions and intestate estates was fifteen thousand five hundred and seventy-five dollars and fifty-eight cents.

The amount collected and received was one hundred and sixty-two thousand, two hundred and twenty-two dollars and seventy-six cents, exclusive of stocks, bonds and other kinds of personal property.

The amount disbursed to creditors, next of kin, and for expenses of administration upon estates settled under decree of Court or pursuant to law was one hundred and sixty-six thousand two hundred and eighty-three dollars and seventy-one cents.

Five hundred and seventeen claims of creditors have been paid and extinguished during the year, and there were two hundred and nine distributees to whom payments have been made in settling estates.

The balance on hand is two hundred and seventy-eight thousand seven hundred and twenty-nine dollars and eighteen cents.

Deposited in Importers and Traders' National Bank.....	\$94,103 30
Deposited in Continental National Bank.....	87,321 88
Deposited in National Park Bank.....	84,705 74
Deposited in Mercantile Trust Company.....	12,598 26

The number of estates now in the Bureau is five hundred and eighty-five, of which eighty-four are over \$500, fifty-one are over \$1,000 and twenty are over \$5,000.

Further details appear in the annual report filed with the Common Council on or before January 14, and in the monthly reports to the same body.

Respectfully,

CHARLES E. LYDECKER, Public Administrator.

THOMAS F. GILROY, JR.

Recapitulation.

Number of names of delinquents transmitted to me by the Commissioner of Jurors as fined is 576.
Number of cases in which proceedings have been taken to date is 576.
In 376 of these the fines have been remitted for various causes, as shown above.
In 143 of these proceedings the Commissioner of Jurors was unable to effect service. The failure as reported was, in all cases, due to the absence or removal from the city, State or United States of the delinquents, or their death or disappearance.
In 49 of these proceedings the fines were ordered enforced.
Of the 49 fines ordered enforced 17 were paid.
Judgments were entered in 28 proceedings, and in 14 of these executions have been issued. In 7 of the fines enforced judgments have not yet been entered.
Of those fines paid 3 were paid before judgment was entered.
The amount collected from delinquents fined up to the 1st of January, 1890, and against whom proceedings were commenced before that date, is one thousand and sixty-five (\$1,0
