By Alderman Divver—

Petition to change the name of Chatham street to Park Row:

To the Honorable the Board of Aldermen:

The undersigned, property-owners, residents and storekeepers on Chatham street, in this city, respectfully show to your Honorable Body, as follows:

That many years ago Chatham street, in this city, acquired a reputation notoriously bad.

That this was due to the questionable, perhaps unlawful, practices and business then carried on in and on said street.

That the questionable and unlawful practices and business formerly carried on in and on said street have long since ceased and entirely disappeared.

That the notoriously bad reputation which Chatham street acquired has had for many years and still continues to have a very great tendency to affect adversely the opinion of residents of this city as to the present residents and storekeepers on said street.

That by reason of said notoriously bad reputation, strangers in and visitors to this city shun and avoid Chatham street, and the storekeepers on said street are thus deprived of trade that otherwise, in the ordinary course of business, they would have been entitled to and could have obtained.

Your petitioners verily believe that your Honorable Board is aware that respectable property-owners and residents and honest, industrious storekeepers now live and carry on business on said street.

Wherefore, in order that they, the present property-owners, residents and store-keepers on Chatham street, may be relieved of the very injurious effects resulting from the premises and in order that the present residents and storekeepers may not be deprived of at least equal opportunities and advantages with others, the undersigned hereby petition your Honorable Body to change the name of said street and so remove the undeserved, unjust disadvantages that, for many years, your petitioners have been compelled to contend against.

By Alderman Mooney—

To the Honorable the Board of Aldermen of the City of New York:

GENTLEMEN—The petition of the undersigned respectfully shows: That they are the owners of real property fronting on Courtland avenue, between One Hundred and Fifty-sixth street and the railroad track, near One Hundred and Sixty-third street, in the Twenty-third Ward of the City of New York; that said Courtland avenue, south of One Hundred and Fifty-sixth street, has recently been regulated and graded, which causes the portion of said avenue immediately north of One Hundred and Fifty-sixth street to lay about four feet below the grade; that several of the side streets crossing said avenue north of One Hundred and Fifty-sixth street have recently been regulated and graded; that at the points where these streets cross said avenue, the same has been filled up to conform with the grade of the streets; that this causes the flow of water on said avenue to accumulate at these points, and at times travel on the upper portion of said avenue is stopped and its condition is unhealthy and dangerous to the neighborhood.

Your petitioners therefore earnestly request that you cause the necessary proceedings to be taken, as soon as possible, to regulate and grade said Courtlandt avenue from One Hundred and Fifty-sixth street to the railroad track, near One Hundred and Sixty-third street, and your petitioners will ever pray.

BLEECKER STREET AND FULTON FERRY RAILROAD.

On May 29, 1873, an act was passed by the Legislature in relation to the Bleecker Street and Fulton Ferry Railroad Company providing that it shall, "in lieu of the payment to the Corporation of the City of New York of a license fee of fifty dollars for each and every car used by said company, specified in section 3 of chapter 199 of the Laws of 1873, annually, on the first day of October, pay into the Treasury of the City of New York, one per cent. of the gross receipts of said company, etc."

The company has not paid into the City Treasury any percentage upon its receipts under the provisions of this statute.

The road has been leased to the Twenty-third Street Railroad Company and two actions are now pending against that company to recover license fees and one per cent. of gross receipts from January 1, 1879.

On May 10, 1869, an act was passed by the Legislature of the State of New York (chapter 823), entitled "An act to authorize the construction of a railroad through Twenty-third street in the City of New York."

The first section of this act provides as follows: "The Commissioners of the Sinking Fund of the City of New York are hereby authorized and required, within twenty days after the passage of this act, to advertise for two weeks, in at least two of the daily papers published in said city, that they will, on a certain day, at a certain place to be therein specified, sell at public auction to the highest bidder the right, privilege and franchise, to construct, operate and use a railroad with a double track, and the necessary turn-outs and switches for the proper working of the same through, along and upon Twenty-third street in the City of New York, from the North river to the East river. Such sale shall be conducted in the ordinary manner of sales at auction, and the person or corporation who shall offer to pay into the City Treasury the largest sum of money for such right, privilege or franchise, shall receive from said Commissioners a certificate that he or they are entitled to such grant, and are authorized to construct, operate and use the same in accordance with the provisions of this act. Such certificate to be issued on the payment within ten days into the City Treasury of the amount of the bid, and on the execution of a bond to the said Commissioners in such form, and for such an amount as they shall prescribe, conditioned that the person or corporation receiving such certificate will, within four months, finish and complete said road, and equip the same with the requisite number of cars and horses; but should he or they be restrained or prevented by any legal proceedings from constructing and completing the same, the time during which they are so restrained shall not be deemed or taken to be part of the time within which the same is to be completed."

May 14, 1869. The Commissioners of the Sinking Fund authorized the advertisement and sale of the franchise of the railroad at public auction, to be held in the "Governor's Room" of the City Hall, on Wednesday, June 2, 1869.

June 2, 1869. The Commissioners of the Sinking Fund attended the sale, held at 12 M., in the "Governor's Room" of the City Hall, as advertised, when the franchise of said railroad was sold and struck down to Sidney A. Yeomans, the highest bidder, for the sum of \$150,000.

June 12, 1869. The bid of Sidney A. Yeomans was rejected by the Commissioners of the Sinking Fund, and the following resolution adopted:

Resolved, That the bid of Sidney A. Yeomans be rejected, 1st. Because the bid, in the estimation of the Commissioners, was and is fraudulent and collusive, and 2d. Because of non-compliance with terms of sale, and that the Secretary forthwith serve notice hereof upon said Sidney A. Yeomans.

"The agreement executed by Sidney A. Yeomans, June 2, 1869, in which he covenanted and agreed, among other things, as follows: 'and will, within ten days from the date hereof, pay said sum into the City Treasury to the order of the City Chamberlain of the City of New York,' was canceled in his presence, because of non-performance of the payment clause."

No further action upon the sale appears to have been taken by the Commissioners of the Sinking Fund. An act was passed May 6, 1872 (chapter 521), confirming the sale made June 2, 1869, and authorizing and directing the Comptroller of the City of New York, "on the payment into the City Treasury by Sidney A. Yeomans, of the sum of \$150,000, that being the amount of his bid which was accepted, and tendered to the Commissioners of the Sinking Fund, on the 10th [12th] day of June, 1869, or upon the giving of such security for the payment thereof as shall be satisfactory to said Comptroller to issue to said Sidney A. Yeomans, or to whomsoever the said Sidney A. Yeomans shall assign the same, the certificate required to be issued by the said Commissioners of the Sinking Fund in and by the provisions of the act of the Legislature of the State of New York, entitled 'An act to authorize the construction of a railroad through Twenty-third street, in the City of New York,' passed May 10, 1869, that he or they or their successors and assigns are entitled to the grant of the rights, privileges and franchises mentioned, described and conferred in and by said act."

June 11, 1872. Sidney A. Yeomans paid into the City Treasury the sum of \$150,000, as provided in the act of the Legislature, and assigned the franchise of the railroad to "The Twenty-third Street Railway Company," to which company the certificate of grant to construct, operate and use the said railroad was issued by the Comptroller.

The Legislature of the State passed an act on April 28, 1870, entitled "An act to authorize the construction of a railroad in One Hundred and Twenty-fifth street, and in certain other streets and avenues in the City of New York."

The first section provided that, "The Commissioners of the Sinking Fund of the City of New York are hereby authorized, within twenty days after the passage of this act, to advertise for six weeks in at least five of the daily papers published in said city, that they will, on a certain day and hour, and at a certain place, to be therein specified, sell at public auction to the highest bidder, the right, privilege and franchise to construct, operate by animal power and use a railroad, with a single or double track, as hereinafter provided, and to convey passengers thereon for compensation, through upon and along the following streets or avenues, route or routes, in the City of New York, viz.:

May 13, 1870. The Commissioners of the Sinking Fund directed the Chamberlain to take measures to carry the act of the Legislature into effect; and at a meeting of the Commissioners,

held on May 31, 1870, the sale of the franchise of the One Hundred and Twenty-fifth Street Railroad was authorized according to the terms and conditions of an advertisement submitted by the Chamberlain.

The franchise was accordingly sold at public auction in the "Governor's Room" of the City Hall, on July 18, 1870, to Robert Squires, the highest bidder, for the sum of \$67,000, which was paid into the City Treasury, July 23, 1870.

To the Honorable the Board of Aldermen:

GENTLEMEN—The Comptroller reports that the gross receipts of the Sixth Avenue Railroad Company, for carrying passengers for the month of February, 1886, as appears by the statement under oath, of the treasurer of said company, received by this Department on the 15th inst., were sixty-three thousand seven hundred and thirty-two dollars and eighty cents (\$63,732.80).

The President laid before the Board the following communication from the Counsel to the Corporation:

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, March 10, 1886.

F. J. TWOMEY, Esq., Clerk of the Common Council:

SIR—I am in receipt of a copy of a proposed bill amending chapter 522 of the Laws of 1884, in relation to public places, parks and parkways in the Twenty-third and Twenty-fourth Wards and the adjacent district of Westchester County. Accompanying is a resolution approving the form of bill and instructing the Counsel to the Corporation to transmit the same to the Legislature of this State on behalf of the Mayor, Aldermen and Commonalty of the City of New York, and to request its passage by the Legislature of this State.

The ordinances provide that the Corporation Counsel shall, when required by the Common Council, "propose the draft of any bill to be presented by the Corporation of the City to the Legislature for passage, with a proper memorial for the passage thereof." (Revised Ordinances, p. 45.)

The language of this section is somewhat obscure. It is not altogether clear whether it is made the duty of the Corporation Counsel to prepare the draft of the bill and the proper memorial and deliver them to the Common Council, or whether he should transmit them to the Legislature. It certainly does not require that officer to do more than to so transmit the bill and memorial.

In compliance with the terms of this ordinance, I am prepared to transmit this bill to the Legislature, together with whatever memorial the Common Council may ask me to draw. I must decline, however, to appear personally or officially before the Legislature or any committee of either branch thereof, to request the passage of the same. I take this course because, in my opinion, the Corporation Counsel will best discharge the duties laid upon him under the act as it now stands, by not interfering in any effort to modify its provisions.

Respectfully yours, etc.,

E. HENRY LACOMBE, Counsel to the Corporation.

Which was ordered on file.

The President laid before the Board the following communication from the Department of Public Works:

DEPARTMENT OF PUBLIC WORKS—COMMISSIONER'S OFFICE,
No. 31 CHAMBERS STREET,
NEW YORK, March 12, 1886.

To the Honorable the Board of Aldermen:

GENTLEMEN—I am in receipt of a resolution, adopted by your Board on the 9th instant, requesting me to report the cost per annum of heating the City Hall by steam, and the practicability of supplying steam for heating the City Hall from the boilers in the New County Court-house, with the probable cost thereof. In reply I have to state that under a resolution passed by your Board November 10, 1884, a contract was made with the New York Steam Company for heating the City Hall by steam at a cost not to exceed \$1,700 for the winter season of 1884 to 1885, and that the actual cost of the steam heating for that season was \$1,700. In reference to the project of heating the City Hall by steam, supplied from the boilers in the New County Court-house, I have to state that these boilers are now taxed to their full capacity in heating the Court-house, and furnishing steam power for the operation of the passenger elevator. It would, therefore, be impossible to supply steam in the City Hall from these boilers, and to properly heat both buildings.

Very respectfully,

W. V. SMITH, Deputy and Acting Commissioner of Public Works.

Which was ordered on file.

The President laid before the Board the following communication from the Counsel to the Corporation:

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
NEW YORK, March 29, 1886.

F. J. TWOMEY, Esq., Clerk of the Common Council:

SIR—I am in receipt of a resolution of the Common Council, passed March 23, 1886, as follows:

"Resolved, That the Counsel to the Corporation be and he is hereby requested to inform this Board, at his earliest convenience, by what authority the carriageway of One Hundred and Twenty-fifth street is being torn up and the pavements displaced, in order to admit of the construction and operation of a 'cable railway' by the Third Avenue Railroad Company; also, by what authority the pavement and carriageway of Eighty-sixth street, from Fifth avenue to East river, by the Madison Avenue and Eighty-sixth Street Railroad Company."

By chapter 825 of the Laws of 1872, the New York and Harlem Railroad Company was authorized to make certain extensions of its track through and along Madison avenue to Eighty-sixth street; thence through and along Eighty-sixth street by single and double track to Avenue D; thence through and along Avenue D by single or double track to Ninety-second street; thence through and along Ninety-second street by single track to Astoria Ferry, East river, and also through and along Madison avenue, from Eighty-sixth street as far as said avenue may from time to time be opened.

Commissioners were appointed in accordance with the provisions of section 3 of this act, and they reported in favor of the extension on January 7, 1885, and an order of Court was duly made confirming such report April 2, 1885, and it is in accordance with the act and the action taken thereunder that the work of laying tracks in Eighty-sixth street, from Madison avenue towards the East river, has, as I am informed, been begun. I am not aware that any work of this kind is underway between Fifth and Madison avenues.

With regard to the authority for laying cable railroad on One Hundred and Twenty-fifth street, I beg leave to inclose copy of communication received from the counsel to the Third Avenue Railroad, which is doing the work.

Permits to disturb the pavement were given by the Department of Public Works in both cases.

I am, very respectfully yours,

E. HENRY LACOMBE, Counsel to the Corporation.

LAW OFFICES OF LAUTERBACH & SPINGARN,
No. 45 WILLIAM AND No. 41 PINE STREETS,
NEW YORK, March 26, 1886.

E. HENRY LACOMBE, Esq., Counsel to the Corporation:

SIR—In answer to your favor of March 24, inquiring as to the authority by which the carriageway of One Hundred and Twenty-fifth street has been torn up to admit of the construction of a cable railway by the Third Avenue Railroad Company, we would state as follows:

The One Hundred and Twenty-fifth Street Railroad Company was incorporated in pursuance with chapter 504, Laws of 1870. This act of incorporation was amended by chapter 209 of Laws of 1883, which authorizes the use of cables as a motive power over the routes designated in the original act and expressly provides that "such cables shall be laid under the direction of the Commissioner of Public Works of the City of New York."

Under the power conferred by chapter 503 of the Laws of 1879, The Third Avenue Railroad Company, the lessees of the One Hundred and Twenty-fifth Street Railroad Company, has acquired the stock of the said One Hundred and Twenty-fifth Street Railroad Company, and the two companies are now consolidated.

The Third Avenue Railroad Company having determined to lay a cable road in One Hundred and Twenty-fifth street has obtained from the Commissioner of Public Works of this City a permit to tear up the carriageway of said street for the purpose of laying such cable railway, and it is in accordance with this permission the work has been done.

Yours very truly,

ED. LAUTERBACH, of Counsel for Third Avenue Railroad Co.

Which was referred to Committee on Law Department.

UNFINISHED BUSINESS RESUMED.

The minutes of the previous meetings were read and approved.

His Honor referred to the request of the Commanding Officer of First Battery, N. G. S. N. Y., to be furnished with one hundred feet of rubber hose and one hundred camp stools, and presented an opinion which he had obtained from the Corporation Counsel, to the effect that under the law all supplies for armories must be furnished by the Commissioner of Public Works. Consideration of the matter laid over.

The Secretary read the following report of the Architect of Twelfth Regiment Armory:

NEW YORK, March 19, 1886.

Armory Board, New York City:

GENTLEMEN—The steam work of the new building, Twelfth Regiment Armory, Sixty-first and Sixty-second streets, has progressed to entitle the contractors, Gillis & Geoghegan, to the amount of their first payment, viz.: nineteen hundred and ninety-eight dollars, in accordance with the terms of the articles of agreement, being twenty per cent. of contract price.

Very respectfully yours,

JAMES E. WARE, Architect.

The report was received, the certificate signed and the Secretary instructed to forward the same to the Comptroller for payment.

The application of the Commanding Officer of First Battery for renewal of lease of present armory building, which was laid over at last meeting, was then taken up, and Mr. John Hardy, representing the owner of the building, who was present, stated that the owner had decided to accept the offer of the Board for a renewal on the same terms as the present lease.

The following resolution was then presented by the Secretary:

Whereas, The lease of the armory building now occupied by the First Battery, N. G. S. N. Y., Nos. 340-344 West Forty-fourth street, will expire on the 1st of May next, therefore

A communication was read from Col. J. H. Jones, Twelfth Regiment, dated January, 1886, with reference to alterations to the plans for Armory: also a communication from Col. Jones, dated March 22, forwarding proposal from United States Illuminating Company, to furnish electric lights for the Armory. The papers were ordered filed.

The Architect then reported with reference to additional work on the Twelfth Regiment Armory, applied for by the Commanding Officer of Regiment, January 12, 1886. The plans were carefully examined, those of the gas fixtures approved, and the Architect instructed to prepare detailed plans and specifications for all the rest, to be submitted to the Board at the next meeting.

JURORS.

NOTICE

IN RELATION TO JURORS FOR STATE COURTS.

OFFICE OF THE COMMISSIONER OF JURORS,
ROOM 127, STEWART BUILDING,
CHAMBERS STREET AND BROADWAY,
NEW YORK, June 1, 1885.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 10 to 3 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable juries, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

CHARLES REILLY,
Commissioner of Jurors.

—will be received at the Department of Public Charities and Correction, in the City of New York, until 9.30 o'clock A. M. of Friday, April 9, 1886. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, Dry Goods, Wooden Ware, Lumber and Lime," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department, and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered, to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits,

except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same, respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the price for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

Dated, New York, March 29, 1886.

THOMAS S. BRENNAN, Commissioner,
CHARLES E. SIMMONS, Commissioner,

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Flour," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department, and read.

The contractor shall furnish a certificate of inspection by the Flour Inspector of the New York Produce Exchange, also an award from the Committee on Flour of the Exchange, that the flour offered is equal to the standards of the Department, and which certificate shall accompany each delivery of flour, the expense of such inspection and award to be borne by the contractor, also certificate of weight and tare to be furnished with each delivery.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five

per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and be retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it, and as in default to the Corporation; and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same, respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

NEW YORK, April 2, 1886.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES FOR CONSTRUCTING UPPER PORTION OF PARK VERTICAL WALL ON THE WESTERLY SIDE OF FIFTH AVENUE, OPPOSITE AND ADJACENT TO SEVENTY-FOURTH STREET.

SEALED ESTIMATES FOR THE ABOVE WORK, indorsed with the above title, also with the name of the person or persons making the same, and the date of presentation, will be received at the office of the Department of Public Parks, No. 36 Union Square, New York City, until ten o'clock A. M., on Wednesday, the 14th day of April, 1886, at which place and hour the bids will be publicly opened by the head of said Department and read, and the award of the contract will be made as soon thereafter as practicable.

The person or persons to whom the contract may be awarded will be required to attend at the office of the said Department, with the sureties offered by him or them, and execute the contract within five days after written notice that the same has been awarded to his or their bid or estimate, and that the sureties offered by him or them have been approved by the Comptroller; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation, and thereupon the work will be re-advertised and relet, and so on until the contract be accepted and executed. The work to commence at such time as the Commissioners of the Department of Public Parks may designate.

N. B.—The prices must be written in the estimate, and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items called for in the specifications, or which contain bids for items not called for therein. Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Department of Public Parks to reject any or all estimates which it may deem prejudicial to the public interests. No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be

handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are required to state in their estimates, under oath, their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state the fact; also, that such estimate is made without any connection with any other person making a bid or estimate for the same purpose; and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

The estimate must be verified by the oath, in writing, of the party making such estimate, that the several matters therein stated are in all respects true. When more than one person is interested in the estimate, the verification must be made by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract; and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; that he has offered himself as a surety in good faith and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be determined by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

Bidders are required to state in writing, and also in figures, the price per lineal foot for upper portion of Park vertical wall, including coping of Ohio sandstone; also, the time required for the completion of the whole work, which will be tested at the rate of FOUR dollars per day.

These prices are to cover the furnishing of all the necessary materials and labor; and the performance of all the work as set forth in the specification and form of agreement.

It being understood that the time so bid refers to the aggregate time of such inspectors as may be appointed on the work, and not to consecutive days, and that the damages specified in covenant E (see section 2 (h) of the specifications) will be exacted for each and every day that the said aggregate time of the inspectors who may be employed on the work may exceed the time stipulated for the completion of the whole work.

The Engineer's estimate of the work to be done, and by which the bids will be tested, is as follows:

213 lineal feet of the upper portion of the Park vertical wall, including coping.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as possible in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate dispute or complain of such statement or estimate, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

Bidders will be required to complete the entire work to the satisfaction of the Commissioners of the Department of Public Parks, and in substantial accordance with the specifications and the plan therein referred to. No extra compensation beyond the amount payable for the several classes of work before enumerated which shall be actually performed at the prices therefore to be specified by the lowest bidder shall be due or payable for the entire work. The amount of security required is fifteen hundred dollars.

Bidders are informed that no deviation from the specifications will be allowed unless a written permission shall previously have been obtained from the Commissioners of the Department of Public Parks.

The contractor is required to notify the Engineer, in writing, forty-eight hours prior thereto, of the date he intends to actually begin work.

Bidders are specially notified that the Department of Public Parks reserves the right to determine the times and places for commencing and prosecuting the work, and that postponement or delay on the whole or any part thereof, occasioned by the precedence of other contracts, which may be either let or executed before or after the execution of the contract for this work, cannot constitute a claim for damages, nor for a reduction of the damages fixed for delay in completing the work beyond the time allowed.

Blank forms of proposals and form of agreement, including the specifications, and showing the mode of payment for the work, can be obtained on application to the Secretary, at the office of the Department, No. 36 Union Square.

Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate-box, and no estimate can be deposited in said box until such check or money has been examined by the said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall neglect or refuse, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York, as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are required to state in their estimates, under oath, their names and places of residence; the names of all persons interested with them therein, and if no other person be so interested they shall distinctly state the fact; also, that such estimate is made without any connection with any other person making a bid or estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also, that no member of the Common Council, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof.

The estimate must be verified by the oath, in writing, of the party making such estimate, that the several matters therein stated are in all respects true. When more than one person is interested in the estimate, the verification must be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise; that he has offered himself as surety in good faith, and with an intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be determined by the Comptroller of the City of New York after the award is made and prior to the signing of the contract.

All the gravel to be furnished and delivered shall be of the kind generally known as Roa Hook gravel, and equal in all respects to that taken from the gravel bank situated on the east side of the Hudson river, north of Peekskill, and known as the Roa Hook Gravel Bank. It shall be of the best quality double screened gravel, and clean and free from loam and dirt, and in grade such as will pass through a screen with a two-inch mesh diagonal measure, but not to contain more than fifteen per cent, and not less than ten per cent, of material that will pass through a screen with a mesh having a diagonal measure of one thirty-second of an inch.

The prices are to cover the furnishing and delivering, also the expense of dockage, hauling and all necessary labor, and the performance of all the work as set forth in the specification and form of agreement.

The estimate of the work to be done and the quantity of gravel to be furnished and delivered is as follows:

7,000 cubic yards double screened gravel for roads and drives.

The Contractor will be required to deliver the above material in such quantities and on the line of such roads in the Central Park, and on Riverside Park and avenue as may from time to time be designated by the Superintendent of Parks.

Bidders must satisfy themselves by personal examination of the location of the roads and avenues where the material is to be delivered; also as to the distances from any pier or dock, or depth of water where such material can be landed, and shall not at any time after the submission of an estimate dispute or complain, nor assert that there was any misunderstanding in regard to the places, or the nature or amount of work to be done.

Bidders will be required to complete the entire work to the satisfaction of the Commissioners of the Department of Public Parks and in substantial accordance with the specifications hereunto annexed.

N. B.—The amount of security required is five thousand dollars.

Bidders are specially notified that the Department of Public Parks reserves the right to determine the times and places for the delivery of said material and that the postponement or delay on the whole or any part thereof, occasioned by any obstructions on the roads, avenues and streets where such material is to be delivered, cannot constitute a claim for damages.

Blank forms of proposals and form of agreement, including the specifications, and showing the mode of payment for the work, can be obtained on application to the Secretary at this office.

ROLLIN M. SQUIRE,

DEPARTMENT OF PUBLIC WORKS,
NEW YORK, January 26, 1886.

TO THE PUBLIC.

THE CHIEF ENGINEER OF THE CROTON Aqueduct reports to me to-day that during the past twenty days the water in the city reservoirs has gone down three feet three inches, equal to 98,000,000 gallons, showing that this amount of water was used and wasted over and above the supply received through the Croton Aqueduct and the Bronx river conduit. The Department has no means to stop this enormous waste, which is caused by consumers keeping faucets open day and night to prevent freezing in the service-pipes, and can only make this most urgent appeal to them to stop it, and notify them that unless it is stopped the pressures in the water-mains will be so much reduced that in a few days the water will not rise to the basements and cellars in thousands of buildings.

Respectfully,
ROLLIN M. SQUIRE,
Commissioner of Public Works.

The First Street-Cleaning District of the City of New York hereby designated by the Commissioner of Street Cleaning pursuant to law, consists of all that portion of the City of New York bounded as follows:

On the north by the southerly line of Fourteenth street, from Broadway westerly to the North or Hudson river; on the easterly side by the westerly line of Broadway, from Fourteenth street to Battery place; on the southerly side by the southerly line of Battery place, from Broadway to the North or Hudson river, and on the westerly side by the North or Hudson river, from Battery place to Fourteenth street.

If the person or persons to whom the contract may be awarded, shall neglect or delay to commence the work or any portion thereof, on the 1st day of May, 1886, the Commissioner of Street Cleaning will perform the said work or any portion thereof for such period of neglect or delay, and charge the whole expense of the same against the said person or persons.

Bidders are required to state in their estimates, under oath, their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, they shall distinctly state the fact; also, that it is made without any connection with any other person making any bid or estimate for the above work; and that it is in all respects fair, and without collusion or fraud; and also that no member of the Common Council, head of a Department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested. Bidders will state a price per annum for doing the work.

The price must be written in the bid or estimate and also stated in figures.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the Commissioner of Street Cleaning to reject any or all bids, or to select the bid or bids the acceptance of which will, in his judgment, best secure the efficient performance of the work. On the acceptance of any bid, the checks of the unaccepted bidders will be returned to them, and upon the execution of the contract the check of the accepted bidder will be returned to him.

Any contract made by the Commissioner of Street Cleaning may be terminated on ten days' notice by the said Commissioner, with the approval of the Mayor.
