Hon. PATRICK F. MCGOWAN, President of the Board of Aldermen, Borough of Manhattan, N. Y.:

Dear Sir—We desire to call your attention to the lack of shelter provided for the cabmen of New York City, a body of men whose occupation necessitates their exposure to the bitter and inclement weather of our climate at all hours of the day and night.

The Women's Auxiliary to the Church Temperance Society wishes to meet this need by providing portable shelters on the public cab stands allowed by the City. These shelters are allowed on all the cab stands in London, Paris and Montreal.

We write to ask permission of the Board of Aldermen to do this work, beginning with one at Times Square for the approval of your Board. We will strive to make the shelters attractive in appearance.

Very truly yours,

HARRIET D. FELLOWES, Corresponding Secretary.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the President, Borough of Brooklyn:

No. 1573.

The City of New York,
Office of the President of the Borough of Brooklyn,
Brooklyn, February 13, 1907.

To the Honorable the Board of Aldermen:

Gentlemen—I forward to you herewith form of resolution recommending that the Board of Estimate and Apportionment authorize the issue of Special Revenue Bonds to the amount of \$3,900 for the purpose of increasing and equalizing the compensation of twenty-four Stokers employed in the Bureau of Public Buildings and Offices in this department. The Stokers in this bureau receive only \$900 per annum, and in Manhattan are paid at the rate of \$3 per diem. No allowance has been made in the above for increasing the pay of these Stokers, and I respectfully request, therefore, the issue of Special Revenue Bonds for that purpose.

Yours very truly,

BIRD S. COLER,
President of the Borough of Brooklyn.

Whereas, The twenty-four Stokers employed in the office of the Borough President of Brooklyn are and have been for the past eight years receiving compensation at the rate of \$900 per year, while in the Borough of Manhattan the same class of employees are being paid at the rate of \$3 per day, and the cost of living has been gradually increased with time; therefore be it

Resolved, with a view to an equalization of compensation, That the Board of Estimate and Apportionment be and is hereby requested, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty-nine hundred dollars (\$3,900), the proceeds whereof shall be applied to the benefit of the office of the President of the Borough of Brooklyn, to meet the requirements of the increase of compensation of these twenty-four Stokers for the ten months of 1907, beginning March 1.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the President, Borough of The Bronx:

No. 1574.

Office of the President of the Borough of The Bronx,
Municipal Building, Crotona Park,
February 16, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—In view of the extension of the Street System in the Borough of The Bronx, and the wear and tear on street signs which have been erected, I would respectfully request that an additional appropriation be made by the Board of Aldermen by an issue of Special Revenue Bonds pursuant to subdivision 8, section 188 of the Greater New York Charter, in the sum of ten thousand dollars (\$10,000), "to provide means for the completion, construction, erection and maintenance of street signs and posts for signs in the Borough of The Bronx," and I would respectfully urge that this matter be presented at the next meeting of the Board of Aldermen.

Yours truly,

LOUIS F. HAFEN, President of the Borough of The Bronx.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Fire Department:

No. 1575.

Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, February 13, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Sir—When the Annual Budget for the year 1907 was finally completed and approved it was found that in the revision of the figures this Department was granted \$170,027.38 less than the actual amount needed for the year as indicated by the January payroll. Thus the Department was left that amount short of its absolute necessities for salaries, including all Bureaus. Of this \$170,027.38 the deficiency \$115,000 is mandatory under the law for advancements in grade and the remaining \$55,027.38 is mandatory in fact if the Department is to be continued on the basis provided for in the Budget with its present inadequate force. Securing this \$170,027.38 alone would simply mean that if the amount is obtained we can get along as at present, but that no progress can be made, no appointments or promotions can be made and nothing can be done to add to the efficiency of the service, and the demands now being made upon it are enormous. If relief is not obtained it will necessitate the immediate cutting down of the present force, and to meet the emergency it will be necessary to lay off many of the clerical force and many of the mechanical force, thus severely crippling and utterly disabling the administrative work of the Department.

I therefore have the honor to request that the Board of Aldermen, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, adopt a resolution requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds not only to meet this plain deficiency in the Budget, but also in addition to that amount \$146,316.68 to supply funds for the extension of the paid system in the Boroughs of Queens and Richmond, the salaries of uniformed men whose appointments will be made necessary by this extension, and for new positions in the various Bureaus which have become absolutely necessary owing to the vast growth of the business of this Department, making a total of Special Revenue Bonds necessary of \$316,344.06.

A carefully itemized statement, showing why this money is needed, is forwarded herewith, together with an explanatory memorandum of new positions required.

I cannot emphasize too strongly the importance to this Department of securing this money at the earliest possible date, and earnestly request your co-operation and the co-operation of every member of the Board of Aldermen to this end. A draft of resolution, designed to accomplish the object in view, is also enclosed herewith.

I have the honor to remain,

Respectfully,

FRANCIS J. LANTRY, Fire Commissioner.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter as amended, and for the purpose of meeting the estimated deficiencies in the appropriations made to various bureaus and branches of the Fire Department for salaries for the year 1907, including the amount necessary to meet the expense of advancements in pay and grade of members of the uniformed force by operation of law; also to provide means for necessary increases in the clerical and mechanical forces of the Department, and to pay the salaries of additional officers and members of the uniformed force for said year, in connection with the proposed further extension of the paid system of fire protection into that part of the Borough of Richmond not already covered thereby, and into Flushing, Jamaica, College Point and Whitestone, Borough of Queens, as set forth in the communication of the Commissioner of said Department, dated February 13, 1907, and the detailed statement accompanying same, the Board of Aldermen hereby requests the Board of Estimate and Apportionment to authorize the Comptroller to issue Special Revenue Bonds to an amount not exceeding in the aggregate three hundred and sixteen thousand three hundred and fifty dollars (\$316,350).

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Department of Water Supply, Gas and Electricity:

No. 1576.

Department of Water Supply, Gas and Electricity,
Commissioner's Office, Nos. 13 to 21 Park Row,
City of New York, February 8, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen, City Hall, New York City:

Dear Sir—Application is hereby made for the issue of Special Revenue Bonds in the sum of \$10,000, to provide for the expense to be incurred by this Department in removing and altering water mains when they are found to be in the line of sewers being constructed under the direction and supervision of the President of the Borough of The Bronx.

In the preparation of the contracts by the Borough President, which were approved as to form by the Corporation Counsel, it was provided that: "Whenever it is found that a water main or valve is in the line of sewer construction, the same shall be removed at the expense of the Department of Water Supply, Gas and Electricity."

This Department had no notice of this contract provision, and, therefore, no appropriation has ever been requested to meet this expense.

The question as to who was responsible for the relocating of the water mains was considered by the Corporation Counsel, and it was finally decided that no change could be made in the contract provisions at this time; that the City was bound by its contracts, and as the care and maintenance of the pipes were under the control of this Department, the expense of removing same should be borne by it.

Pending the settlement of this question, I believe the work of building several sewers has been delayed, and in order that the City shall not sustain any damages that might be claimed for delay in the completion of the work, it is respectfully requested that your Board recommend to the Board of Estimate and Apportionment that the Comptroller be authorized to issue Special Revenue Bonds in this amount.

Respectfully,

JOHN H. O'BRIEN, Commissioner.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Surrogate of Kings County:

No. 1577.

Surrogate's Office,
Hall of Records, Kings County,
Brooklyn, New York, February 14, 1907.

P. J. SCULLY, Esq., City Clerk, New York City, City Hall, New York:

Dear Sir—Inclosed please find resolution allowing the Surrogate of this County to draw on the Comptroller for \$200 for the purpose of defraying minor incidental expenses contingent to his office, which you will kindly present to the Board of Aldermen for its action. You will doubtless remember that for several years a similar resolution has been passed, at about this time of the year. I have communicated with the Comptroller in regard to the matter, and asked him to give his assent to the passage of the resolution. I remain,

Very truly yours,

WILLIAM P. PICKETT, Clerk of the Surrogate's Court.

Resolved, That for the purpose of defraying minor incidental expenses contingent to the office of the Surrogate of Kings County, the Surrogate may, by requisition, draw upon the Comptroller for a sum not exceeding two hundred dollars (\$200), and may, in like manner, renew as often as he may deem necessary to the extent of the appropriation set apart for Supplies and Contingencies in his office, during the year 1907, but no such renewal shall be made until the money paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the Surrogate of Kings County, covering the expenditure of the money paid thereon.

Which was referred to the Committee on Finance.

The President laid before the Board the following communications from the Board of Estimate and Apportionment, transmitting ordinances:

No. 1578.

Board of Estimate and Apportionment, City of New York,
Office of the Secretary, No. 277 Broadway,
February 11, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment February 8, 1907, authorizing an issue of \$850,000 Corporate Stock, in addition to the amount heretofore authorized, to provide means for the construction of the new Bellevue Hospital, together with copy of report of the Comptroller, under date of January 7, 1907, relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

February 7, 1907.

Hon. GEORGE B. McCLELLAN, Chairman, Board of Estimate and Apportionment:

Sir—At a meeting of the Board of Estimate and Apportionment, held January 18, 1907, the reports of the Comptroller upon the request of the President of the Board of Trustees of Bellevue and Allied Hospitals, for an appropriation of \$990,444.81, for the erection of a Pathological Department and Male Dormitory of the New Bellevue Hospital, and upon the request of the Board of Trustees, for the approval by the Board of Estimate and Apportionment, of the specifications prepared for the erection of this building, they were referred to a Select Committee of the Board of Estimate and Apportionment, consisting of the President of the Board of Aldermen and the President of the Borough of Manhattan.

We have looked into both matters with some care and have taken up in detail with Mr. Withington, the Chief Engineer, and Mr. Reed, Assistant Engineer, of the Department of Finance, such questions as have arisen in connection therewith.

The Board of Trustees of Bellevue and Allied Hospitals asked for an appropriation of \$990,444.81, and the Department of Finance, after a careful examination of the estimate and cost, recommended that \$850,000 be allowed for this work.

Due examination leads to the opinion that the amount recommended in the Comptroller's report is adequate for the erection of the building in question, and may properly meet the approval of the Board.

The Engineers of the Department of Finance took exception to certain features of the specifications, and required that modifications be made therein before giving their approval.

We advise that the specifications as presented to the Board in the modified form be approved.

Respectfully,

P. F. McGOWAN,

President, Board of Aldermen.

JOHN F. AHEARN,

President, Borough of Manhattan.

Department of Finance, Comptroller's Office,
January 7, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—Under date of December 13, 1906, Mr. J. K. Paulding, Secretary of the Board of Trustees of Bellevue and Allied Hospitals, submits to the Board of Estimate and Apportionment a report of the Bellevue Trustees for an appropriation of \$990,444.81, to provide for the erection of the Pathological Department and Male Dormitory of the new Bellevue Hospital.

It will be recalled that the Board of Estimate and Apportionment, on March 16, 1905, formally adopted the scheme of a new Bellevue Hospital to cover the blocks between Twenty-sixth and Twenty-ninth streets, First avenue and the East river, and appropriated \$850,000 for the erection of Pavilions "A" and "B."

It is now proposed to erect a building to house the Pathological Department, that branch of hospital work being in greatest need of new quarters, and to provide in the upper stories a dormitory for male help.

I have examined the plans and estimates submitted, and I find that the proposed building is to be of the same type exteriorly as the pavilions now under contract and designed as a part of the architectural scheme adopted March, 1905.

Pavilions "A" and "B," now under contract, will cost something over \$700,000, leaving a balance of more than \$100,000 out of the original appropriation.

This estimate is considerably higher than that for Pavilions "A" and "B," owing to the increased size of the building and to the quite different requirements of its interior to fit it for pathological purposes. Complete systems of ventilation and refrigeration must be provided, which alone will add \$100,000 to the cost.

But I still think that the estimate is rather high, however special the interior of the building may be.

Allowing for the \$100,000 available from the former appropriation, I think that \$850,000 additional should be sufficient to cover the cost, and I therefore recommend that, pursuant to section 47 of the Greater New York Charter, as amended by chapter

409 of the Laws of 1904, the Board of Estimate and Apportionment authorize the Comptroller to issue Corporate Stock to the amount of \$850,000 to provide means for the construction of new Bellevue Hospital.

In this connection I beg to call attention to the resolution of the Board of Estimate and Apportionment, adopted March 16, 1905, that the contract and specifications for the construction of new Bellevue Hospital or any part thereof be first submitted to this Board for approval before they are let. The plans and specifications for this laboratory have not been yet submitted to the Board for approval.

Respectfully,

(Signed) CHANDLER WITHINGTON, Chief Engineer.

Approved:

(Signed) H. A. Metz, Comptroller.

Dear Sir—I send you herewith certified copy of resolution adopted by the Board of Estimate and Apportionment February 15, 1907, authorizing an issue of \$100,000 Corporate Stock to provide means for the construction and equipment of a steamboat for the use of the Department of Correction; together with copies of the report of the Comptroller (to whom on February 1, 1907, was referred the request of the Commissioner of said Department for an appropriation of \$100,000 to provide means for the construction of a steamboat for the use of the Department of Correction) which recommends the issue of \$100,000 Corporate Stock for this purpose; communication from the Commissioner of said Department and report of the Department Inspector, all relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

Hon. HERMAN A. METZ, Comptroller:

Sir—In a letter dated January 28, 1907, the Hon. John V. Coggey, Commissioner, Department of Correction, asks the Board of Estimate and Apportionment for an appropriation of \$100,000, to provide funds for the construction of a steamboat to meet the increasing needs of the Department.

I find that the recent establishment of new industries for the employment of prisoners upon Hart's Island, and the transfer to Blackwell's Island of the manufacturing industries formerly carried on in the Kings County Penitentiary, has largely increased the needs of the Department for steamboat service.

In the near future, the proposed penitentiary and workshops on Riker's Island will also make necessary an increase in the transportation service of the Department.

It is proposed to use this money to build a boat somewhat larger and considerably more powerful than the "Massasoit," now in the service of the Department. The new boat will also have facilities and room for handling freight expeditiously.

I am of the opinion that the Board may properly authorize this expenditure, and I therefore recommend that, pursuant to section 47 of the Greater New York Charter as amended by chapter 409 of the Laws of 1904, the Board of Estimate and Apportionment authorize the Comptroller to issue Corporate Stock of the City of New York to the amount of \$100,000, for the purpose of providing funds for the building and equipment of a steamboat for the use of the Department of Correction.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Department of Correction,

Commissioner's Office, No. 148 East Twentieth Street,
New York, January 28, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—I would respectfully ask that, pursuant to the provisions of section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, the Honorable the Board of Estimate and Apportionment will authorize the issue of Corporate Stock of The City of New York to the amount of one hundred thousand dollars (\$100,000), for a new steamboat, for the transportation of passengers, prisoners and supplies from the dock, Twenty-sixth street and East river, to the different islands under the jurisdiction of the Department of Correction.

In this connection I would ask your careful attention to the enclosed report of the Department Inspector relative to the steamboat service.

Very respectfully,

(Signed) JOHN V. COGGEY, Commissioner.

Department of Correction,

No. 148 East Twentieth Street,
New York, November 3, 1906.

Hon. JOHN V. COGGEY, Commissioner of Correction:

Dear Sir—I respectfully beg to submit a report upon the present inadequate steamboat service of this department and the urgent necessity of an additional steamboat for the transportation of passengers, prisoners and freight to and from the several islands of the department.

At present we have four (4) steamboats, the "Massasoit," the "Minnahanonck," "The Bronx" and the "Thomas F. Gilroy," which are in service as follows:

The "Massasoit," a twin-screw propeller, 475 tonnage, carrying passengers, prisoners and freight from East Twenty-sixth street dock to Blackwell's, Riker's and Hart's Islands daily, a sixteen-mile trip each way.

The "Minnahanonck," a side-wheel, double-end boat, 475 tonnage, making two trips daily from East Twenty-sixth street dock, carrying passengers, prisoners and freight to the islands as far as Riker's Island, and bringing down the Harlem prisoners daily, each round trip covering twenty (20) miles.

"The Bronx," a single-screw propeller, 50 tonnage, used as a ferryboat between Blackwell's Island and East Seventieth street dock, New York, transporting visitors, doctors and employees to and from these points, and is in service for eighteen (18) hours daily.

The "Thomas F. Gilroy," a single-screw propeller, 25 tonnage, a small launch used as a ferryboat between Hart's Island and City Island for visitors and department employees, especially intended and mostly for the purpose of conveying firemen and their apparatus to the island in case of fire, but for which purpose it is totally inadequate. The condition of this boat is far from being the best, and the cost to put it in good shape would far exceed her value.

The quantity of freight and the number of passengers and prisoners now carried by the "Minnahanonck" and the "Massasoit" are very great, and are constantly increasing. The "Minnahanonck" has been in almost constant use for the past thirty years, and she is not fit to continue much longer in the hard work she is now doing.

The reasons for the increase above alluded to are:

First—The establishment of the City Reformatory on Hart's Island and the needs of the manufacturing industries located there will double the freight requirements.

Second—The ice-making plant recently completed on Hart's Island, the produce of which is to be transported to the different islands of the department.

Third—The transfer of the Brooklyn manufacturing industries to Blackwell's Island Penitentiary, which require provision for transporting raw and manufactured materials to and from the islands.

Fourth—The proposed penitentiary and workshops to be erected on Riker's Island, which will increase the transportation of passengers, prisoners and freight to that point.

The conditions confronting the department demand that this important matter should be taken up at once. I therefore recommend that an appropriation of one hundred thousand dollars be asked for, for the purpose of building a new twin-screw propeller of proper size and tonnage.

Under the most favorable circumstances it will take at least a year to build this steamboat, and I trust you will deem the matter one of sufficient importance to bring it to an early issue.

Respectfully submitted,

(Signed) CHARLES JAMER, Inspector.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copies of the following resolutions adopted by the Board of Estimate and Apportionment February 8, 1907:

1. Rescinding resolution adopted October 30, 1906, which approved of the establishment of various grades and positions in the offices of the Mayor, the Bureau of Licenses in the Mayor's office, the Board of Aldermen and City Clerk, as set forth in the Budget for the year 1907.

To the Board of Estimate and Apportionment, New York City:

Gentlemen—Your Committee, to whom was referred on January 4, 1907, the accompanying resolution adopted by the Board of Aldermen on December 21, 1906, returning resolution Int. No. 1236 adopted by the Board of Estimate and Apportionment on October 30, 1906, relative to "the establishment of the various grades and positions in the offices of the Mayor, the Bureau of Licenses in the Mayor's office; and the Board of Aldermen and City Clerk as set forth in the Budget for the year 1907," with the request that separate resolutions of each department affected be forwarded to said Board of Aldermen, respectfully reports:

That the resolution adopted by the Board of Estimate and Apportionment on October 30, 1906, referred to above, was a proper step in the direction of segregating departmental items in the matter of salaries and that it was also in line with a resolution adopted by the Board of Aldermen on October 9, 1906, upon the recommendation of the Finance Committee that the Board of Estimate and Apportionment "instead of following the usual course of making general and unitemized allowances to the general accounts of the various departments, the Budget do allow specific appropriations, indicating which estimates are granted and which are denied, in the case of every item in every account as they appear in the Departmental Estimate, and the expenditure of each allowance be confined to the purposes as so indicated," and also in line with a recommendation of the Committee on Salaries and Offices adopted by the Board of Aldermen on February 6, 1906, "that the Board of Estimate and Apportionment be and it is hereby requested to establish a rule requiring applications for the creation of new positions and grades and the fixing of salaries to be made in conjunction with the submission of Departmental Estimates for the purposes of the Budget, and that said Board is further requested to advise the several departmental heads that such applications will not be considered at any other time except upon extraordinary case shown."

Your Committee wishes to call attention to the fact that all of the items referred to in the resolution returned by the Board of Aldermen were approved by the Finance Committee of that body in its report upon the Budget, and adopted by the Board on November 27, 1906, and in its opinion the purpose and object of the returned resolution should be adhered to, and advises that the request of the Board of Aldermen be complied with to the extent of submitting two resolutions of the same tenor and purpose, instead of the one returned by the Board of Aldermen; and it hereby recommends that the resolution adopted by the Board of Estimate and Apportionment on October 30, 1906, relative to "the establishment of the various grades and positions in the offices of the Mayor, the Bureau of Licenses in the Mayor's office; and the Board of Aldermen and the City Clerk as set forth in the Budget for the year 1907," etc., be rescinded; and it further recommends that there be adopted in its stead the two accompanying resolutions.

Respectfully submitted,

P. F. MCGOWAN, President of the Board of Aldermen.

Resolved, That the Board of Aldermen hereby approves of and concurs in the resolution adopted by the Board of Estimate and Apportionment February 8, 1907, which reads as follows:

"Resolved, That the Board of Estimate and Apportionment hereby approves of the establishment of the various grades and positions in the offices of the Mayor and the Bureau of Licenses in the Mayor's office as set forth in the Budget for the year 1907, and recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the salary of each of the said grades and positions be fixed at the rates therein indicated and provided for; also that the number of incumbents in each grade in all positions in the 'exempt' class, and all 'ungraded' positions in the 'competitive' class, and all positions in the 'Tenth' grade in the 'clerical service,' as those terms are defined by the Civil Service Rules be limited to the number contained in the foregoing Budget; this action to take effect as of the first day of January, 1907."

No. 1584—(S. O. No. 114).

Resolved, That the Board of Aldermen hereby approves of and concurs in the resolution adopted by the Board of Estimate and Apportionment February 8, 1907, which reads as follows:

To the Honorable Board of Aldermen, City of New York:

Gentlemen—I respectfully make application to your Honorable Board to establish the titles in this Department of Draughtsman at a salary of fifteen hundred dollars (\$1,500) per annum, and Transitman and Computer at a salary of fifteen hundred dollars (\$1,500) per annum, and also authorization to appoint same. The Draughtsman's work and Transitman's work in this Department in the past has at times been attended to by other employees of the engineering force, and now the business of the Department has increased to such an extent that the services of the men heretofore doing this work cannot be spared, and therefore I request that the positions be established. I deem these positions absolutely necessary for the proper transaction of the constantly growing business of this Department.

Very truly yours,

M. J. KENNEDY, Commissioner.

Commissioner's Office, Nos. 13 to 21 Park Row,
City of New York, February 8, 1907.

Hon. P. F. MCGOWAN, President of the Board of Aldermen:

Dear Sir—Section 475 of the revised Greater New York Charter provides that the Commissioner of Water Supply, Gas and Electricity shall, in his discretion, cause water meters to be placed in several classes of buildings where water is furnished for business consumption, the pattern and price of meter to be used in measuring the water to be approved by the Board of Aldermen.

The Neptune Meter Company have made application to this Department for the approval of their Trident-Crest meter. A 3-inch meter of this style has been tested by the Consulting Engineer of this Department as to accuracy and durability, and the result of the test is shown on the accompanying report, which has received my approval.

You will observe that the meter registers only on a large flow of water, and I respectfully recommend to your Board the adoption of the Trident-Crest meter of sizes from 2 to 12 inches as an instrument for measuring water sold by The City of New York, at the prices quoted in letter of the meter company, dated October 26, 1906, hereto attached.

Respectfully,

JOHN H. O'BRIEN, Commissioner.

Chief Engineer, Nos. 13 to 21 Park Row,
New York, October 22, 1906.

Hon. JOHN H. O'BRIEN, Commissioner, Department of Water Supply, Gas and Electricity:

Dear Sir—In compliance with request of former Commissioner, I tested in July a 3-inch—No. 331,450—Trident-Crest meter, as follows:

On 2-inch outlet, 32 pounds pressure, 1 foot short on the passing of 100 cubic feet.

On 1-inch outlet, 32 pounds pressure, correct.

On ¾-inch outlet, 32 pounds pressure, ¼ foot fast on the passing of 50 cubic feet.

On ½-inch outlet, 32 pounds pressure, 5 feet short on the passing of 25 cubic feet.

Passed 100,000 cubic feet of water through same for durability, etc., and the above results were the same after this test.

Then reduced the pressures for possible cases.

On 2-inch outlet, 10 pounds pressure, correct on the passing of 100 cubic feet.

On 1-inch outlet, 10 pounds pressure, 1 foot fast on the passing of 100 cubic feet.

On ¾-inch outlet, 10 pounds pressure, 5 feet short on the passing of 50 cubic feet.

On ½-inch outlet, 10 pounds pressure, meter did not register.

These tests show that under the usual uses for which large meters are placed, the meter is equal to any now in the market.

On low-pressure small outlets it does not register, which is liable to happen with all large size meters, and therefore debar the use of this style or pattern of meter for small size connections.

I would therefore recommend the use of a meter of this pattern or style in sizes from 2-inch to 12-inch for use by the City and its consumers.

(This is a box turbine meter.)

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Finance—

No. 1270—(S. O. No. 115).

The Committee on Finance, which was instructed by resolution adopted on November 13, 1906 (Minutes, page 1240), to hold public hearings in the matter of encouraging aquatic sports, respectfully

REPORTS:

That the Committee held an advertised public hearing at which a large representation of boating men and citizens appeared and urged that the City in the interests of public health and good citizenship make an appropriation for the encouragement of rowing.

The Harlem Regatta Association is an association composed of 18 rowing clubs, scattered over all of the boroughs of the City, and with an active membership of over six thousand men. These men are all hard working young men of our city who are in love with the sport. It holds and has held for many years a regatta on the Harlem river along the speedway wall on Memorial Day of each year. These regattas are a regularly recognized event and are viewed by from 25,000 to 50,000 people, mostly standing along the speedway. In order to carry on the regattas, it is necessary to offer prizes in the form of medals and banners, and it is generally necessary, in order to obtain good rowing talent, to pay the travelling expenses of some prominent out of town crews. These generally entail an expense of over \$5,000 and it all comes out of the pockets of the individual rowing men. The City, in the interests of public health and good citizenship, has spent, and spends hundreds of thousands of dollars for base ball, tennis, golf, skating, polo, speeding and all other sports for its citizens, and it would seem that it would be entirely proper and just that at least a small sum should be spent for the encouragement of such a manly and honest sport as rowing, especially as in addition so many people of the City, without expense, enjoy the pleasure of watching the regattas.

Other large cities, especially Philadelphia and Boston, have made such an appropriation for years.

Your Committee feels that this sport should be encouraged by a reasonable and legal appropriation, which will be handled by one of the City's Commissioners, and authorizing its use for the erection of a grand stand, hiring a band of music, and with any balance pay toward the expense of medals and other prizes, etc., and for such purposes, after consulting with the Comptroller's Office, your Committee recommends that the annexed resolution be adopted.

(SUBSTITUTE.)

Resolved, That in accordance with the provisions of subdivision 8 of section 188 of the Amended Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not exceeding twenty-five hundred dollars (\$2,500), the proceeds whereof to be expended by the Commissioner of Parks for the Boroughs of Manhattan and Richmond in connection with the Regatta, to be held on the Harlem river in front of Speedway park on Memorial Day, May 30, 1907, under the auspices of the Harlem Regatta Association, the said money to be used for the erection of a grand stand or in such other manner as may serve to encourage the aforesaid event.

(ORIGINAL.)

Whereas, Aquatic, as well as athletic sport, merits not only encouragement but support; and

Whereas, Other cities have established a precedent by giving practical aid to rowing and other clubs of like character; therefore

Resolved, That the accompanying letters and copy of correspondence, bearing upon the matter alluded to, be and the same are hereby referred to the Committee on Finance for the purpose of considering the advisability of an appropriation for the purpose indicated.

Resolved further, That said Finance Committee be and are instructed to hold public hearings in order to obtain a consensus of opinion regarding the matter herein suggested.

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, A. L. KLINE, PH. HARNISCHFEGER, JAMES W. REDMOND, Committee on Finance.

Which was made a Special Order for the next meeting at 2 o'clock p. m.

No. 1462.

The Committee on Finance, to whom was referred on January 22, 1907 (Minutes, page 82), the annexed ordinance in favor of an issue of Corporate Stock, \$25,000, for construction of an office building at Williamsbridge for the use of the President of the Borough of The Bronx, respectfully

REPORTS:

That the Committee has held a public hearing on the matter and that representatives of the taxpayers appeared and urged the adoption of the ordinance.

The intention is to use the proposed building for headquarters for all of the engineering departments, etc., working in the northerly section of the borough. There is now none north of One Hundred and Seventy-seventh street and it would aid greatly in the development of The Bronx to have those headquarters more conveniently located.

The increased cost has been ascertained after public bidding, and the Comptroller's engineer reports that it would not be economy to cut into same, and on this report and the annexed letter your Committee reports favorably upon the same.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of twenty-five thousand dollars (\$25,000), in addition to the amount heretofore authorized, to provide means for the acquisition of land and the construction of an office building for the President of the Borough of The Bronx at Williamsbridge, Borough of The Bronx.

Be it Ordained by the Board of Aldermen of The City of New York, as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment January 18, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding twenty-five thousand dollars (\$25,000), in addition to the amount heretofore authorized, for the purpose of providing means for the acquisition of land and the construction of an office building for the President of the Borough of The Bronx at Williamsbridge, Borough of The Bronx, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-five thousand dollars (\$25,000), the proceeds whereof to be applied to the purposes aforesaid."

Office of the President of the Borough of The Bronx,
Municipal Building, Crotona Park,
February 6, 1907.

Hon. JOHN R. DAVIES, Chairman, Committee on Finance, Board of Aldermen:

Dear Sir—In the matter of constructing office building at Williamsbridge, this borough, which is now before your Committee for an additional appropriation of twenty-five thousand dollars, I beg to state that there are now leased by the City for the use of the engineering force of the Highway and Sewer Bureaus of this Department two buildings in Williamsbridge at a rental of \$920 per annum, and one-half of offices on Tremont avenue at \$600 per annum, all of which will be vacated as soon as new building is completed. It will also be necessary to provide a building this spring for the use of the Topographical Bureau, at a probable rental of \$500 per annum; this force would also be transferred to the new building. With the amount of improvements projected for this section, the engineering force will be largely increased, and more office room required, in case this building is not erected.

Thirty-five thousand dollars has already been appropriated for purchasing the land and erecting the building. Land cost \$6,000. Amount bid for the construction of building, \$49,996; this leaves a shortage of \$20,996. The balance, \$4,004, is to pay for inspection and architect's fees.

LOUIS F. HOFFEN,
President, Borough of The Bronx.

JOHN R. DAVIES, JOHN DIEMER, A. L. KLINE, PH. HARNISCHFEGER, THOS. J. MULLIGAN, JAMES W. REDMOND, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Bartscherer, Brown, Carter, Clifford, Collins, Cronin, Davies, Dinwoodie, Dotzler, Doull, Dowling, Downing, Doyle, Falk, Fried, Gunther, Haggerty, C. Hahn, J. J. The Committee on Finance, to whom was referred, on January 29, 1907 (Minutes, page 150), the annexed ordinance in favor of an issue of Corporate Stock, \$260,000, for use of the Topographical Bureau, Borough of Queens, respectfully

REPORTS:

That this is the annual Corporate Stock allowance for the surveying and monumenting of the borough. The Chief Engineer of the borough expects that the work there will be completed in about four years.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of two hundred and sixty thousand dollars (\$260,000) for the use of the Topographical Bureau of the Borough of Queens for the purpose of preparing and completing maps and monuments and monumenting of all territory within said borough.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution, adopted by the Board of Estimate and Apportionment January 25, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding two hundred and sixty thousand dollars (\$260,000), for the use of the Topographical Bureau of the Borough of Queens, for the purpose of preparing and completing maps and monuments and monumenting of all territory within said borough, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter to an amount not exceeding two hundred and sixty thousand dollars (\$260,000), the proceeds whereof to be applied to the purposes aforesaid."

No. 1492—(S. O. No. 116).

The Committee on Finance, to whom was referred on January 22, 1907 (Minutes, page 124), the annexed resolution in favor of authorizing the Park Commissioner of the Boroughs of Manhattan and Richmond to expend \$311 to defray expense of ceremonies, opening of playgrounds, etc., DeWitt Clinton Park, respectfully

REPORTS:

That Park Commissioner Herrman appeared before the Committee and explained that the expense was authorized by his predecessor in 1905, and that he and the Comptroller investigated and found that the articles were furnished and were of proper value, but that by mistake the consent of this Board was not obtained.

In view of the fact that the goods were furnished at a reasonable price, your Committee reports favorably upon same.

Resolved, That the Commissioner of Parks for the Boroughs of Manhattan and Richmond be and he hereby is authorized to expend, from such fund as may be available for the purpose, a sum not exceeding \$311 to defray the expense of ceremonies and exercises incident to the opening to public use of the playgrounds and outdoor gymnasium in DeWitt Clinton Park, Manhattan, including the expense of badges, medals, etc., required for the occasion.

They therefore recommend that the said ordinance be adopted.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one hundred and thirty-five thousand dollars (\$135,000), for the use of the Topographical Bureau of the Borough of Richmond.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

No. 1343.

The Committee on Finance, to whom was referred, on December 11, 1906 (Minutes, page 1560), the annexed communication from the President of the Borough of Brooklyn, requesting an issue of Special Revenue Bonds, \$1,500, for the purchase of headstones for graves of veterans, respectfully

REPORTS:

That under the law headstones are placed over the graves of veterans at a cost of \$15 each. Superintendent Lawrence reports that there are now one hundred required, and the cost is \$1,500, for which this appropriation is requested. The committee feels that the people are pleased to aid such a cause and therefore report favorably upon same.

They therefore recommend that the said resolution be adopted.

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of fifteen hundred dollars (\$1,500), the proceeds whereof to be applied by the President of the Borough of Brooklyn to the purchase of headstones for the graves of veterans of the Civil War.

Majority and minority reports of the Committee on Salaries and Offices—

No. 1552—(S. O. No. 117).

The Committee on Salaries and Offices, to which was referred on February 5, 1907, the appended resolution accompanied by instructions to hold a public hearing and report at the next ensuing meeting of the Board of Aldermen, begs leave to

REPORT:

That on the 14th inst. a hearing was given, and Aldermen Kuntze and Peters appeared in favor of the resolution and made statements intended to afford grounds for favorable action upon it. Assistant Sergeants-at-Arms Campbell and Govan appeared in opposition, and made statements contra. Mr. Walter L. Rathborne appeared and addressed the Committee as Counsel for Mr. Govan.

On the 18th inst. the Committee considered the matter in executive session and reached the conclusion that there was not sufficient ground for the removal of an employee of the Board whose service has been entirely satisfactory so far as the Committee has any knowledge upon the subject.

The Committee thinks that in order to justify his removal, satisfactory evidence of unfitness of character or dereliction of duty should be presented. The Committee is disinclined to give serious consideration to charges arising out of a personal quarrel, and having reference to acts of an employee of the Board at a time when he was not on duty. The Committee, therefore, recommends that the resolution be placed on file.

Resolved, That Robert Page of No. 765 East One Hundred and Forty-sixth street, Borough of The Bronx, be and he is hereby substituted as an Assistant Sergeant-at-Arms in the place and stead of Andrew Govan.

JAMES COWDEN MEYERS, FRANK D. STURGES, LEWIS M. POTTER, MICHAEL J. CARTER, JOHN J. CRONIN, Committee on Salaries and Offices.

No. 1552—(S. O. No. 117).

As a member of the Committee on Salaries and Offices, the undersigned dissents from the report submitted by a majority of the Committee in reference to the resolution substituting the name of Robert Page for that of Andrew Govan as Assistant Sergeant-at-Arms of this Board, and recommends the adoption of such resolution.

CHARLES KUNTZE,

Member of Committee on Salaries and Offices.

Under Rule 21, consideration of these reports was deferred. Subsequently Alderman Peters moved that these reports be laid over and made a Special Order for the next meeting at 2 o'clock p. m.

Reports of Committee on Streets, Highways and Sewers—

No. 1429.

The Committee on Streets, Highways and Sewers, in pursuance of a resolution adopted by the Board of Aldermen December 31, 1906 (Minutes, page 1871), requesting that a public hearing be held "on the condition of the streets in the Borough of Brooklyn," respectfully

REPORTS:

That the public hearing asked for was duly held in the Borough Hall, Brooklyn, on Thursday, January 24, 1907, at which representatives of the following civic societies attended and addressed the Committee on the subject before it:

The Brooklyn League; Prospect Heights Board of Trade; Kings County Medical Society; Women's Health Protective Association; Long Island Automobile Association; Retail Grocers Association; Twenty-fourth Ward Board of Trade. Letters were also received and read from the Wallabout Market Merchants' Association and the Clinton Avenue Association.

In addition Alderman Downing, who acted as Chairman at the hearing, and Aldermen Everson, Gunther, Hann, Borough President Coler, and other representative citizens appeared and addressed the Committee.

Many citizens, male and female, were in attendance and from what was said and the general interest manifested in the condition of the streets of the borough there seems to be no small ground for the universal complaint heard.

Deductions made by the Committee make it difficult on whom to fix the blame, but the general consensus of opinion seems to have been that insufficient appropriations have heretofore been made for the preservation and repairing of the streets of Brooklyn, and that hereafter the City should be more generous in its allotment of money for these purposes.

Various causes were assigned for the poor condition of the streets, the principal one being the division of authority over them, under which many departments issue permits for openings. It is believed that this situation can and would be obviated were the common sense plan of the Chief Engineer of the Borough, George W. Tillson, put into practice, a plan which places authority in one head, forbids the granting of conflicting permits for openings, regulates the relaying of pavements and in general would bring about a systematic and consistent jurisdiction over such matters.

The Committee recommends the adoption of this plan.

The Committee recommends further that two men, instead of one, be assigned to carts for the removal of ashes and garbage, and that additional sweepers and drivers be provided, the present force being inadequate for the performance of this work.

That all complaints in relation to the condition of the streets should be filed with the Borough President, in whom authority over them should be lodged, so that responsibility may be definitely fixed.

That ample funds should be allotted for repaving and maintenance.

That there shall be established a "Fund for the Repairing of Sidewalks" and sufficient money set aside for such work, a work very much needed and one of the causes of the general complaint leading up to this hearing and investigation.

The work of repairing openings in asphalt pavements, other than those guaranteed, will be expedited upon the completion of the municipal asphalt plant, work on which is rapidly progressing, as the Committee is informed, and which will, when completed, obviate the delay in the making of such repairs occasioned by the inability of the Borough President to make contract for such work or to compel asphalt companies to make repairs within reasonable time.

The findings of the Committee and the general complaint which caused the hearing from which they were deduced, seem to have justification, for subsequent thereto, and in a presentment handed down under date of February 15, 1907, the Grand Jury of Kings County supplements all that is herein reported.

Resolved, That the Committee on Streets and Highways is hereby respectfully requested to hold a public hearing on the condition of the streets in the Borough of Brooklyn.

ROBERT F. DOWNING, THOMAS D. DINWOODIE, LEWIS M. POTTER, FRANK L. DOWLING, HARRY L. LEVERETT, JOHN HANN, MAX S. GRIFENHAGEN, CORNELIUS D. NOONAN, Committee on Streets, Highways and Sewers.

Reports of Committee on Laws and Legislation—

Nos. 1277 and 1379—(S. O. No. 118).

The Committee on Laws and Legislation, to which were referred on November 13, 1906, and December 11, 1906 (Minutes, pages 1248 and 1620), the annexed resolutions, in favor of permitting August V. Muller and Herman Bach to erect an ornamental clock in front of their premises, respectfully

REPORTS:

That section 50 of the Charter in terms authorizes the Board of Aldermen to regulate the use of the streets for privileges such as are covered by the proposed resolutions. The section, however, requires that such regulation shall be by general ordinance, and expressly forbids the enactment of special ordinances affecting such matters.

With respect to similar resolutions providing for watering troughs and retaining walls, as to which many special ordinances had theretofore been enacted, the Corporation Counsel, in an opinion under date of June 22, 1906, declared positively that this Board had no power to pass any such ordinances.

In July following, Acting Mayor McGowan, in his veto of a resolution permitting the erection of an ornamental sign post, said:

"The passage of a resolution of this character is clearly forbidden by the Charter and I cannot therefore approve the same."

Your Committee is sensible that the provision of the Charter referred to has been repeatedly disregarded by this Board and by former Boards. Your Committee, however, is not willing to recommend the further adoption of such resolutions in direct conflict with the provisions of law.

Your Committee is also of opinion that in matters of this nature the action of this Board should be consistent, and that such special ordinances should in no instance be adopted, whether presented as original propositions or upon the reports of Committees.

Such privileges, if obtainable at all, must rest upon general ordinances; as to the force and effect of which, however, your Committee does not at this time feel that it is called upon to express any views.

Your Committee therefore requests that it be discharged from further consideration of the resolutions in question and that they be placed on file.

Resolved, That permission be and the same is hereby given to August V. Muller to place and keep an ornamental post, surmounted by a lamp, in front of the premises, No. 1219 Madison avenue, in the Borough of Manhattan; the work to be done and illuminant to be supplied at his own expense under the direction of the President of the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

Resolved, That permission be and the same is hereby given to Herman Bach to place and keep a post surmounted by a clock, on the sidewalk near the curb in front of his premises, No. 1536 Broadway, in the Borough of Manhattan, provided that neither post nor clock shall be used for advertising purposes; the work to be done at his own expense, under the direction of the President of the Borough of Manhattan, such permission to continue only during the pleasure of the Board of Aldermen.

FRANK D. STURGES, JOHN D. GUNTHER, CLARENCE R. FREEMAN, JAMES W. REDMOND, JOHN R. DAVIES, WM. E. MORRIS, Committee on Laws and Legislation.

No. 1439—(S. O. No. 119).

The Committee on Laws and Legislation, to which was referred on January 7, 1907 (Minutes, page 22), the annexed communication from the Board of Supervisors of Monroe County, in relation to road building, respectfully

REPORTS:

That the construction and maintenance of good roads are of the utmost importance to the welfare of the State, although for a long period the subject has not received the attention to which it has been justly entitled. It is, however, now fully recognized that communication between the different sections of this State by means of improved highways is deserving of encouragement and support, as an easy and economical means of transportation and travel.

This is evidenced by the laws upon the statute books providing for the building and care of such highways, and by the liberal appropriations made each year by the Legislature for such purposes.

The report of the Committee on Good Roads of the Board of Supervisors of Monroe County, referred to in the communication under consideration, is interesting and instructive, giving in detail the character and cost of road improvement in this State, and the system under which the work is conducted, as compared with similar work in other States, to the alleged disadvantage of the former method.

As a result of the investigation of said Good Roads Committee, it is asserted without qualification, that the best results have been obtained under the system adopted in Massachusetts, with regard to the character and economy of construction, which past experience has shown do not obtain in this State.

It is declared by said Committee that the difference in results arises from the fact that in this State the subject is under the jurisdiction and supervision of the State Engineer and Surveyor, whose duties with regard to other work are so important and engrossing as to prevent him giving the proper and necessary care and attention to the subject of good roads.

In Massachusetts the matter is intrusted to a commission, whose sole duty relates to the highways in question, and who are thus enabled by constant personal supervision to produce most satisfactory results.

Your Committee recognizes the importance of the subject, and that it is worthy of serious consideration, and recommends the adoption of the following resolution:

Resolved, That the Board of Aldermen of The City of New York hereby respectfully requests that the Legislature of this State, represented in Senate and Assembly, carefully examine the subject of good roads and the systems under which they are constructed and maintained, with the view to the early determination and adoption of such system as may secure the highest efficiency consistent with proper economy.

Resolved, That a copy of this report be transmitted to the Governor of the State of New York, and to the Senate and Assembly of the State.

FRANK D. STURGES, B. W. B. BROWN, CLARENCE R. FREEMAN, JOHN D. GUNTHER, JAMES W. REDMOND, JOHN R. DAVIES, WM. E. MORRIS, Committee on Laws and Legislation.

No. 1312—(S. O. No. 120).

The Committee on Laws and Legislation, to which was referred, on November 27, 1906 (Minutes, page 1495), the annexed resolution in favor of requesting the District Attorney of New York County to investigate certain acts of the New York Live Poultry Commission Merchants' Protective Association, respectfully

REPORTS:

That, in conformity with the resolution, a public hearing was held, at which there was a large attendance of those interested in the matter.

Alderman Schloss and ex-Borough President Cantor addressed the committee at length in support of the resolution, and other speakers were also heard upon the same side of the question.

It was evident that the complaining parties were sincere in their convictions that they had been wrongfully treated by the Live Poultry Protective Association, and in violation of law; and that they were entitled to the assistance of this Board in obtaining relief.

Your committee submits that it is a serious matter for this Board, by its action, to declare its belief that any merchant or association of merchants of this city has been guilty of a crime; and that such declaration should not be made lightly, but only upon the most substantial grounds established to the satisfaction of the Board.

In the opinion of your committee the statements made at the hearing do not furnish sufficient reason for this Board to declare that the association in question, with respect to the matters complained of, has been guilty of the commission of a crime requiring investigation by the District Attorney of the county.

Your committee, however, recognizes that the case of the complainants may not have been presented in its entirety at the hearing, and realizes that upon a full presentation of the facts directly to the District Attorney, that official may reach a different conclusion, and determine that there are sufficient grounds to warrant his taking action.

Your committee therefore requests that it be discharged from further consideration of the resolution and that it be placed on file.

Whereas, The law restricts the slaughter of poultry in the Borough of Manhattan to places to which permits therefor have been issued by the Department of Health; and

Whereas, Certain persons and firms engaged in business as live poultry commission merchants have formed an association styled "The New York Live Poultry Commission Merchants' Protective Association;" and

Whereas, It is alleged that the members of the said association have formed a combination or agreement in restraint of trade with the proprietors of the licensed slaughter houses aforesaid, whereby the proprietors of the slaughter houses refuse to kill poultry which is known to have been purchased from commission merchants or dealers who are not members of the said association; and

Whereas, In several instances the customers of commission merchants or dealers outside the association have been arrested for having in their possession live poultry which has been refused killing by the slaughter house proprietors as aforesaid.

Resolved, That the District Attorney of New York County is hereby requested to investigate the allegations aforesaid and to institute such criminal proceedings as may be proper in the premises.

No. 1526—(S. O. No. 121).

The Committee on Laws and Legislation, to whom was referred, on January 29, 1907 (Minutes, page 180), the annexed ordinance providing for a Committee of the Board of Aldermen to determine and hear charges against public hackmen, respectfully

REPORTS:

That your Committee has given this subject careful consideration, but has been unable to find any authority under which the proposed ordinance may be enacted.

The trial and punishment of offenders for violations of City ordinances require the exercise of judicial functions, and such functions have not been conferred upon the Board of Aldermen. The Mayor of the City is, under the Charter, a Magistrate, and as such possesses judicial powers.

The Bureau of Licenses, under the Mayor, controls and regulates the subject of licenses to hackmen; and, even if it were practicable, it would not be advisable, in

the opinion of your Committee, to attempt by ordinance to change the scheme of City government in the respect proposed.

Your Committee therefore requests that it be discharged from further consideration of the matter, and that the proposed ordinance be placed on file.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

That the power to hear and determine all charges against public hackmen in The City of New York be vested in a Committee of the Board of Aldermen of The City of New York, to consist of five members, any three of which will constitute a quorum, said Committee to be appointed or elected, subject to the rules of said Board of Aldermen, and to have absolute power in trying, hearing and deciding any charges brought for the purpose of vacating, suspending or restraining a license to any public hackman, under section 51 of the Charter of The City of New York.

Said Committee shall be empowered to appoint a Clerk, at the salary of \$20 per year, to take charge of the calendar papers and cases pending before said Committee.

Said Committee shall meet for the purpose of trying cases which may be brought to its attention at least once a month, or more often, in the discretion of said Committee.

On a hearing before said Committee, the complainant and the defendant shall be entitled to be represented by counsel.

All power heretofore given to the Mayor of The City of New York or to any appointee of said Mayor to hear and determine such cases as before described he and is hereby vacated.

All ordinances or parts of ordinances inconsistent herewith are hereby repealed. This ordinance shall take effect immediately.

FRANK D. STURGES, B. W. B. BROWN, JOHN D. GUNTHER, CLARENCE R. FREEMAN, JOHN R. DAVIES, JAMES W. REDMOND, WM. E. MORRIS, Committee on Laws and Legislation.

Which were severally laid over and made Special Orders for the next meeting at 2 o'clock p. m.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Meyers asked and obtained unanimous consent to introduce the following:

No. 1589.

Resolved, That the Corporation Counsel be and he is hereby requested to advise the Board of Aldermen whether a resolution of the Board of Estimate and Apportionment, concurred in by the Board of Aldermen, increasing the salary of an employee of the City and providing that such increase shall relate back to a date prior to the adoption of the resolution is contrary to section 10 of article 8 of the Constitution of the State of New York, or otherwise prohibited by law.

Which was adopted.

SPECIAL ORDERS.

Alderman Sullivan called up Special Order No. 83, being a report and resolution, as follows:

No. 1324.

The Committee on Finance, to whom was referred on December 4, 1906 (Minutes, page 1505), the annexed resolution in favor of an issue of Special Revenue Bonds, \$12,500, to pay bill of special counsel to Special Committee to Investigate the Street Cleaning Department, respectfully

REPORTS:

That Assistant Corporation Counsel George I. Sterling appeared before your Committee and urged the adoption of this resolution. The amount of \$12,500 was agreed upon by the Corporation Counsel and the Comptroller as a reasonable and proper fee to be paid to the special counsel to the Special Committee to Investigate the Street Cleaning Department, and as the appropriation out of which special counsel fees are paid is exhausted, it becomes necessary to issue Special Revenue Bonds to meet this bill. Your Committee therefore recommend the adoption of the resolution.

Whereas, The Board of Aldermen, by resolution adopted on the 6th day of February, 1906, and in the exercise of the powers conferred upon the Board by section 54 of the Greater New York Charter, appointed a Special Committee for the purpose of investigating the Department of Street Cleaning; and

Whereas, On recommendation of the Board, the counsel to the Corporation appointed Mr. William M. Ivins as special counsel to the Corporation for the purposes of investigating the Department of Street Cleaning, which said special counsel acted as counsel to the Board and rendered services of the just and reasonable value of \$12,500; therefore be it

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed the sum of \$12,500, the proceeds whereof shall be applied as counsel fee to Mr. William M. Ivins, in full of his bill for services rendered in the aforesaid investigation.

ROBERT F. DOWNING, MAX S. GRIFENHAGEN, CORNELIUS D. NOONAN, FRANK L. DOWLING, THOS. D. DINWOODIE, Committee on Streets, Highways and Sewers.

Alderman Dowling moved that the whole matter be recommitted to the Committee on Streets, Highways and Sewers, with instructions to hold a public hearing thereon, and that all the members of the Board be notified of the date thereof.

The President put the question whether the Board would agree to said motion. Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Brown, Callahan, Carter, Cole, Collins, Diemer, Dinwoodie, Doull, Downing, Doyle, Falk, Fried, Griffenhagen, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Higgins, Kenneally, Kline, Krulish, Kuck, Kuntze, Lawlor, Levine, Markert, Meyers, Moffitt, Monahan, Noonan, O'Neill, Peters, Potter, Redmond, Schloss, Schneider, Smith, Stapleton, Sturges, Wafer, President Cromwell, President Berml and the Vice-Chairman—45.

Negative—Aldermen Freeman, Keely and Morris—3.

GENERAL ORDERS.

Alderman Meyers called up General Order No. 187, being a report and resolution, as follows:

No. 1411.

The Committee on Rules, to which was referred the accompanying resolution, reports that it held a public hearing as directed by it and heard persons in favor of and opposed to the proposed investigation. Alderman Kuntze's statement that thousands of signs are maintained in The City of New York in violation of law was not denied by anyone. Many letters from citizens and business men, apparently procured to be written by a certain corporation engaged in the manufacture and sale of electricity, were presented to the Committee, which deems them irrelevant, because all were written upon the assumption that it was proposed that the Board of Aldermen should provide for the removal of existing signs. It was explained at the hearing that the purpose is to secure an ordinance which will legalize these signs and permit the erection of similar signs in a legal manner in the future. It was urged upon the Committee that the pending investigation of the office of the President of the Borough of Manhattan by the Commissioner of Accounts, assisted by the Corporation Counsel, will necessarily include the Bureau of Incumbrances. It was further urged that the Committee on Streets and Highways of this Board has under consideration an ordinance upon the subject. The Committee on Rules calls attention to the fact that under section 50 of the Charter, a general ordinance permitting the erection of signs over the streets of New York and between the house lines must provide a license fee for each. An excellent ordinance upon the subject, recently adopted by the Common Council of the City of Chicago, was submitted to the Committee at the hearing. The Committee believes that the Committee on Streets, Highways and Sewers is in a position to prepare and report to the Board a proper ordinance, and should be given an opportunity to do so. The Committee recommends that the accompanying resolution be placed on file and that a copy of this report be referred to the Committee on Streets, Highways and Sewers.

Whereas, There are more than twenty thousand display signs erected and maintained throughout The City of New York, in violation of section 260 of the Ordinances of 1906; and

Whereas, These signs are a public nuisance and are dangerous to the life and limb of the citizens passing over the public highways; and

Whereas, The Bureau of Incumbrances of the Department of Public Works cannot fail to have proper notice of these open and flagrant violations of the law; and

Whereas, More than 99 per cent. of these signs have been erected and maintained by one corporation; now therefore be it

Resolved, That the Committee on Rules be and is hereby instructed to have a public hearing as to the necessity of appointing a committee to investigate into the aforesaid Department and the management thereof.

JAMES COWDEN MEYERS,
ELIAS GOODMAN.

Which report was accepted.

SPECIAL ORDERS RESUMED.

Alderman Kline called up Special Order No. 84, being a report and resolution, as follows:

No. 1260—(S. O. No. 84).

The Committee on Public Letting, to which was referred on November 13, 1906 (Minutes, page 1215), the annexed communication from the Police Commissioner requesting authority to purchase wide carriage typewriters without public letting, respectfully

REPORTS:

That at a hearing on the above matter Inspector Titus, of the Bureau of Supplies of the Police Department, appeared before the Committee and explained that the reason for the making of this request was because of the fact that the typewriting machines desired are manufactured under patents, and if competing bids were obtained it would be necessary to purchase low priced machines that would not answer the requirements of the office. The Committee, therefore, recommends the adoption of the annexed resolution:

Resolved, That in pursuance of the provisions of section 419 of the Greater New York Charter, the Commissioner of Police be and he hereby is authorized to purchase wide carriage typewriting machines without public letting, the total cost of said machines not to exceed the sum of thirty-two hundred and fifty dollars (\$3,250).

A. L. KLINE, JACOB BARTSCHERER, JOSEPH SCHLOSS, MAX S. LEVINE, Committee on Public Letting.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all the members elected failing to vote in favor thereof:

Affirmative—Aldermen Bartscherer, Carter, Clifford, Davies, Dinwoodie, Doull, Dowling, Doyle, Falk, Fried, Griffenhagen, Haggerty, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Herold, Higgins, Kenneally, Kline, Krulish, Kuck, Markert, Meyers, Moffitt, O'Neill, Potter, Reardon, Schloss, Schneider, Smith, Stapleton, Sturges, Sullivan, Wafer, Wright, President Cromwell, President Haffen and the Vice-Chairman—39.

Negative—Aldermen Diemer, Ellery and Freeman—3.

On motion of Alderman Kline the above vote was reconsidered and the paper replaced on the list of Special Orders.

GENERAL ORDERS RESUMED.

President Cromwell called up General Order No. 184, being a report and resolution, as follows:

No. 1386.

The Committee on Public Buildings and Markets, to whom was referred on December 21, 1906 (Minutes, page 1627), the annexed resolution in favor of designating the court room in the Richmond Borough Hall as the place for holding special terms of the Supreme Court in the County of Richmond, as well as terms of County Court and Surrogate's Court, respectfully

REPORTS:

That, having examined the subject, they recommend that the said resolution be adopted.

Whereas, Pursuant to the terms of chapter 541 of the Laws of 1897, the Board of Supervisors of the County of Richmond provided that special terms of the Supreme Court of the State of New York, as well as terms of the County Court and Surrogate's Court in and for the County of Richmond might be held in the First National Bank Building at St. George, in said County; and

Whereas, The lease of the court room in said First National Bank Building expires on the 1st day of January, 1907; and

Whereas, A court room has been provided for such purpose in the new Richmond Borough Hall,

Now, therefore, be it

Resolved, That the Board of Aldermen of The City of New York, as the successor of the Board of Supervisors of the County of Richmond, under section 1586 of the Greater New York Charter, and pursuant to the terms of chapter 541 of the Laws of 1897, designates the court room in Richmond Borough Hall as the place for holding special terms of the Supreme Court of the State of New York, in said County of Richmond, as well as terms of the County Court and Surrogate's Court in and for the County of Richmond.

JOSEPH SCHLOSS, FREDERICK LINDE, GEORGE EVERSON, JOSEPH KRULISH, JOSEPH M. TORPEY, CASPER HEROLD, JAMES LAWLOR, Committee on Public Buildings and Markets.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be included in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
