Auction Sale of Lease.

THE COMMISSIONER OF DOCKS, AT HIS office, Pier "A," foot of Battery pl., North River, Manhattan, will sell, on behalf of the City of New York, at public auction to the highest bidder, on

TUESDAY, SEPTEMBER 10, 1918.
commencing at 10.30 a. m., for a term of five (5) years, a lease of the following described property:

Beginning at a point at the inner end of the south side of the pier, foot of E. 60th st., running thence easterly a distance of about 130 feet to the outshore end of the present dumping board on said pier; thence northerly and along the outshore end of the dumping board 18 feet to the northeasterly corner of said dumping board; thence westerly and along the northerly side of said dumping board about 135 feet to the inner end of the pier; thence southerly a distance of about 18 feet along the inner end of the pier to the point or place of beginning, together with the right to use the entire south side of the pier.

The lessee shall have the right to use the dumping board now erected on said premises, together with the existing ramp or approach thereto.

TERMS AND CONDITIONS OF SALE.

The upset price of the parcel offered for sale will be announced by the auctioneer at the time of sale, and no bid will be received which shall be less than the upset price. The auctioneer's fee of Twenty-five dollars (\$25) must be paid by the purchaser at the time of sale.

The purchaser will be required at the time of the sale to pay, in addition to the auctioneer's fee, namely, Twenty-five Dollars (\$25), to the Department of Docks and Ferries twenty-five per cent. (25%) of the amount of the annual rent bid as security for the execution of the lease, which twenty-five per cent. (25%) will be applied to the rent first accruing under the lease when executed, or will be forfeited to the Department of Docks and Ferries if the purchaser neglects or refuses to execute the lease with good and sufficient surety to be approved by the Commissioner of Docks within ten (10) days after being notified that the lease is prepared and ready for execution, at the office of the Department of Docks and Ferries, Pier "A," foot of Battery pl., North River.

The Department expressly reserves the right to resell the lease of the premises bid for by those failing, refusing or neglecting to comply with these terms and conditions, the party so failing, refusing or neglecting to be liable to The City of New York for any deficiency resulting from or occasioned by such resale.

The term for which the lease is sold will commence at the date mentioned in this advertisement, namely, Oct. 1, 1918, and rent will be payable from that date.

The lessee will be required to reconstruct the dumping board now erected on said premises, and to erect over it within 120 days from the date of the commencement of the lease a corrugated metal shed with steel supports, and to furnish to the Commissioner of Docks a full complete and detailed statement, verified on oath, of the cost of reconstructing such dumping board and erecting such shed.

No dredging will be done prior to the commencement of the lease in the slip or basin or water immediately adjacent to the premises, and the premises and the structures thereon must be taken in the condition in which they are at the commencement of the term of the lease, and no claim or demand that the premises or property or any structures thereon are not in suitable and tenable condition at the commencement of the term will be allowed by the Commissioner of Docks.

The lease shall contain the following terms and conditions:

The rent shall be paid in four equal quarterly payments in advance.

All dumping boards erected or maintained under the provisions of the lease shall extend from a line parallel to and about 18 feet north of the south line of the pier to a line parallel to and about 18 feet south of the southerly line of the pier, in all a distance of about 36 feet.

All ramps, runways, approaches, dumping boards, sheds and all other structures erected under the provisions of the lease shall be constructed in accordance with plans and specifications to be submitted to and approved by the Chief Engineer of the Department of Docks and Ferries and shall be erected under his direction and supervision.

All such structures shall be and become the property of The City of New York at the expiration or sooner termination of the lease.

The lessee will be required to agree that he will at all times do such dredging from time to time during the term of the lease as may be considered by the Commissioner of Docks necessary and proper to be done in the half slip or water adjacent to the southerly side of the pier.

All repairs, maintaining, rebuilding or painting required or necessary in the opinion of the Commissioner of Docks to be done to or upon

the premises leased, or the structures thereon, including the metal shed, shall be done by and at the sole cost and expense of the lessee to the satisfaction of the Commissioner of Docks.

If, by reason of total or partial destruction from any cause, the premises hereby leased, or the structures thereon, including the metal shed, shall require to be rebuilt, the same shall be so rebuilt under the direction of the Commissioner of Docks in like manner and similar to the premises destroyed by, and at the expense of, the lessee and in accordance with plans and specifications submitted to and approved by the Commissioner of Docks.

In case the lessee shall make default or shall neglect to make repairs or rebuilding or do such painting or dredging for the space of ten days after notice so to do shall have been given by the Commissioner of Docks, or any proper officer, agent or employee of the Department of Docks and Ferries, then the lease shall be null and void and the lessee shall pay to The City of New York such damages as it may have sustained, or the Commissioner of Docks may, at his option, make such repairs and rebuilding or do such dredging or painting, and the full cost and expense thereof shall and will be paid by the lessee, on demand, to The City of New York, and no claim for damages or for reduction of rent shall be made by the lessee by reason thereof.

No claim or demand will be considered or allowed by the Department for any loss or deprivation from use of said premises or otherwise resulting from or occasioned by any delay on account of or by reason of the premises or any part thereof being occupied for or on account of any repairs, rebuilding, painting or dredging.

The lessee will be required, upon the execution of the lease, to furnish a bond executed by a guaranty or surety company, to be approved by the Commissioner of Docks, in double the amount of the annual rent bid, for the faithful performance of all the covenants and conditions of the lease.

In the event that the Commissioner of Docks shall, during the term of said lease, for any reason whatsoever, deem it advisable that other surety or sureties should be substituted in lieu of the surety or sureties upon the bond, then, and in such event, the lessee shall and will, whenever so ordered by the Commissioner of Docks, furnish a new bond with such surety or sureties as may be approved by him in lieu of the bond originally furnished.

The lessee will be required to agree that he will at all times keep posted in at least two conspicuous places upon the pier, printed in large type, so that the same can be readily seen by passersby on Avenue A, the prices to be charged to the public for the privilege of dumping, and that the maximum prices to be charged to the public shall be as follows:

For single dump carts, not exceeding 40 cents.

For single trucks, not exceeding 50 cents.

For double trucks, not exceeding 70 cents.

Rubbish and light material, 20 cents additional per truck.

It being understood and agreed that the establishment of such maximum or limiting prices does not prevent the lessee, at his option, from charging lower rates, and that, during the life of the lease, the Commissioner of Docks may, in his discretion, increase but not decrease said maximum or limiting prices, but such prices shall only be increased after the establishment of justifying facts as to market conditions at a public hearing before him.

The lessee will be required to agree that he will at all times during the term of the lease keep true and correct books of account, showing moneys received, the quantity of material dumped and where disposed of, the rates charged therefor and the names of persons using the dump, and the said books of account shall at all times during the term of the lease be open to inspection by the Commissioner of Docks or his authorized representative.

The lessee will be required to agree that he will at all times during the term of the lease continue to operate a dumping board on the premises leased, and that said dumping board shall be public to all, and that no application for dumping privilege shall be refused until the maximum capacity of the board is reached, and that there shall be no discrimination in price charged either by special rate or rebate.

The premises demised, or any part thereof, shall not be used as a stable, nor for the sorting or storage of rags, barrels, boxes or refuse of any kind, and the premises shall at all times be kept in a clean and sanitary condition, to the satisfaction of the Commissioner of Docks.

The establishment of violation of any of the terms and conditions herein contained, as fact in the judgment of the Commissioner of Docks, shall be sufficient ground for the cancellation of the lease, and in such event the lessee shall make no claim of any kind whatsoever for damages against The City of New York.

The lessee will be required to agree that if at any time during the term hereby created the Commissioner of Docks shall determine to proceed with the work of building or rebuilding wharves, piers, bulkheads, basins, docks or slips within a section or district of the waterfront which shall include the premises herebefore described, according to any plan or plans now adopted and approved, or which may hereafter be adopted and approved, and pursuant to any existing or future law, and if the said Commissioner of Docks shall determine that for the purpose of such building or rebuilding it will be necessary to terminate the interest of the lessee in the property hereby leased, or any part thereof, then upon service upon the lessee of written notice from the Commissioner of Docks to that effect, the interest of the lessee in the said property or part thereof, shall be thereby terminated and the rent hereby reserved shall cease from the date specified in said notice, and no claim for damages or compensation in favor of the lessee by reason of the termination of such interest, or to, or on account of any construction or improvement that may have been erected by the lessee shall, at any time, be made by the lessee or by any person or persons whomsoever.

The remaining terms and conditions of the lease shall be similar to those contained in leases of Docks and Ferries, copies of which may be seen and examined at the office of the Department, Pier "A," foot of Battery pl., North River, Borough of Manhattan.

NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of the City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 will be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing thereon or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchman or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstances of vacating the structures of their tenants will permit.

All the material of buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations, and the sidewalks and curbs in front of said buildings, extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from the demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the openings of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all openings in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture

of ownership of such buildings, appurtenances or portions as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the date of possession, and the successful bidder will provide and furnish all materials or labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furring, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs and adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the Contractor.

No buildings, parts of buildings, fixtures or machinery, sold for removal under these terms and conditions shall in any case be relocated or re-erected within the lines of any proposed street or other public improvement, and if any such buildings, parts of buildings, fixtures or machinery, etc., shall be relocated or re-erected within the lines of any proposed street or other public improvement, title thereto shall thereupon become vested in The City of New York and a resale at public or private sale may be made in the same manner as if no prior sale thereof had been made.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids, and be it further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
