

# SHOW THAT YOU CARE

## Respect Your Neighborhood

### **PUT LITTER IN ITS PLACE.**

We live in the world's greatest city. And you can help keep it clean by using litter baskets. Never throw anything on the streets. Litter baskets take gum wrappers, tissues, bags, apple cores. They adore old flowers, bottle caps, napkins, straws . . . really anything. Of course, you should recycle.

**And remember that litter baskets must not be used for home or commercial use.**
