By Council Members Comrie and Weprin (at the request of the Mayor).

WHEREAS, by Executive Order 25, dated August 23, 1995, the Mayor has designated the Department of Information Technology and Telecommunications as the responsible agency for the granting of telecommunications franchises; and

WHEREAS, the Commissioner of the Department of Information Technology and Telecommunications has made an initial determination, pursuant to Section 363 of the Charter (the "Charter") of the City of New York (the "City"), of the need for franchises for cable television services (as that term is defined hereinafter); and

WHEREAS, the Mayor has submitted to the Council a proposed authorizing resolution for such franchises pursuant to Section 363 of the Charter; and

WHEREAS, use of the inalienable property of the City (as defined hereinafter) helps to facilitate the availability of cable television service;

The Council hereby resolves that:

A. The Council authorizes the Department of Information Technology and Telecommunications to grant non-exclusive franchises for the construction, installation, use, operation and/or maintenance of cable, wire and/or optical fiber and associated equipment on, over and under the inalienable property of the City (including through pipes, conduits and similar improvements thereto) for provision of cable television

■ NOTICE

**NOTICE OF ADOPTION**

Notice of Adoption of a Proposed Rule regarding the implementation of a \$50 inspection fee for all non-exempt tow trucks.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN the Commissioner of the Department of Consumer Affairs by Section 20-104(b) of Chapter 1, Title 20 of the Administrative Code of the City of New York and in accordance with the requirements of Section 1043 of the New York City Charter that the Department promulgates and adopts a rule regarding the implementation of a \$50 inspection fee for all non-exempt tow trucks.

This rule was proposed and published on January 13, 2012. The required public hearing was held on February 15, 2012.

This rule will take effect in 30 days.

Material being deleted is shown below in brackets and material being added is underlined.

**Statement of Basis and Purpose**

Section 20-501(b) of the Administrative Code authorizes the Commissioner to adopt an inspection fee for licensed tow trucks not to exceed \$50. The proposed rule would impose such a fee to recoup the costs of administering the inspection, establish that the failure to present a tow truck for a scheduled inspection is considered a failure of that inspection, authorize an additional \$50 fee for each re-inspection required because of failure of an inspection, and specify that payment of the fee is required to receive a Department license plate. The fee would not apply to tow trucks exempt from the licensing provisions of the Administrative Code pursuant to section 20-524, including tow trucks owned by school bus operators, rental agencies and public utility companies.

**RULE**

Section 1. Subdivision (m) of section 2-362 of Title 6 of the Rules of the City of New York is amended to read as follows:

(m) (1) The biennial fee for a license to engage in the business of towing shall be \$600.00. All licenses to engage in the business of towing issued pursuant to this subchapter shall expire on [December thirty-first in odd] April thirtieth in even numbered years, unless sooner suspended or revoked. In addition, there shall be a biennial fee of \$600.00 for each tow truck in excess of one and a \$50 fee for inspecting each tow truck for which the applicant seeks a Department license plate.

(2) When an applicant or licensee fails to present a tow truck for a scheduled inspection, the Department will deem the tow truck to have failed inspection.

(3) There shall be a \$50 fee for re-inspecting any tow truck that has failed an inspection.

(4) Upon payment of the license fee and the tow truck inspection fee or fees and compliance with all other applicable requirements of the Department, the Commissioner will issue to the applicant a license to engage in the business of towing vehicles together with one Department license plate for each tow truck covered by such license.

**COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM (CD) FLOOD NOTICE OF EXPLANATION**

Regulations promulgated under Executive Order 11988 require that a Notice of Explanation be published when it is determined that a federally funded project is proposed to be located in a floodplain as defined by the respective Executive Order. This announcement constitutes such notice. The location identified below has been determined to be located within a federally designated floodplain (as indicated in the Flood Notice of Early Public Review dated 3/5/12). This project conforms to applicable local floodplain protection standards.

**Bronx River Project**

The Bronx River Alliance (Alliance) serves as a coordinated voice for the Bronx River and works in harmonious partnership to protect, improve and restore the Bronx River corridor so that it can be a healthy ecological, recreational, educational and economic resource for the communities through which the river flows. The Alliance works in close partnership with the New York City Department of Parks and Recreation (Parks Dept.) to achieve these goals. In addition to their efforts to inform and educate the public about the river, the Alliance and the Parks Dept. have already made substantial progress in cleaning and improving the river and its environs. The physical improvements have been primarily made through the availability of other funding sources. The Program's CD allocation (\$207,000 in 2012) is partially being used to pay for conservation crew members who assist in the clean-up activities as well as riverbank stabilizaiton, removing invasive plants from natural areas, planting of native trees and shrubs, and installing rainwater harvesting systems.

The target areas is the length of the Bronx River from the Westchester border on the north of the river's mouth at the East River on the south (although the Alliance is also coordinating with Westchester on its portion of the river). Thus, there is no alternative location for the program's activities.

The Alliance and the Parks Dept. make every effort to restore the river to its original conditions. Water quality is monitored, polluting sources are identified and remediated to the extent possible, and vacant industrial sites are being reclaimed and converted for public use. The activities being undertaken are coordinated with many partners such as other city agencies, state agencies, nonprofit organizations, local community groups, schools and individuals. The project's activities will result in positive impacts on the floodplain.

The alternative of no action is unacceptable. Unfortunately, for decades, and continuing as late as the 1970's and early 1980's, it was a lack of funding and inaction that allowed the river to become polluted and it and its banks filled with debris. It was the initial efforts of Bronx River Restoration and now the Alliance that have greatly restored the river and have allowed the public to once again enjoy it as a recreational destination.

Additional information is available and can be obtained at the Office of Management and Budget, Office of Community Development, 75 Park Place, 8th Floor, New York, New York 10007, between 10:00 A.M. and 5:00 P.M., Monday through Friday. Please call (212) 788-6130 to make an appointment to view the file. All interested persons, groups and agencies are invited to submit comments to the City of New York at the above mentioned address. Such comments should be received at the Office of Community Development on or before April 11, 2012. All such comments so received will be considered.
