74-145 Bus stations

The City Planning Commission may permit bus stations listed under Use Group IV(B) with fewer than 10 berths pursuant to paragraph (a) of this Section, and with 10 or more berths pursuant to paragraph (b) or paragraph (c), as applicable.

All bus stations lawfully existing on December 15, 1961 are permitted to continue for the duration of the term for which such #use# has been authorized but the #enlargement#, #extension#, reconstruction or relocation of any bus station heretofore or hereafter constructed shall not be permitted except in accordance with the provisions set forth in this Section.

(a) In C1, C2, C4, C6, C7 or C8 Districts, or in any #Manufacturing District#, the Commission may permit bus stations with fewer than 10 berths for buses on a site of not less than 20,000 square feet, provided that the following findings are made:

* * *

(b) In C4, C6 or #Manufacturing Districts#, the Commission may permit the construction of a bus station with 10 or more berths for buses on a site of not less than 20,000 square feet, provided that the following findings are made:

* * *

In addition, the Commission shall require the provision of adequate #accessory# off-street parking spaces necessary to prevent the creation of traffic congestion caused by the curb parking of vehicles generated by such #use# and shall determine the required spaces in accordance with the purposes established in this Resolution with respect to other major traffic-generating facilities. The Commission shall require, in any event, no less than 20 spaces for the temporary parking of automobiles.

(c) In any #Commercial District# or #Manufacturing District#, located within Community District 4 in the Borough of Manhattan, the Commission may permit the construction of a bus station with 10 or more berths for buses on a site of any size.

In conjunction with a permit for a bus station, when the air space above a #street# or portion thereof is closed, demapped and conveyed by the City to the owner of an adjoining #zoning lot# that will contain such bus station, the Commission may permit in such demapped air space the #development# or #enlargement# of a #building# or portion thereof which is part of such bus station. Additionally, the Commission may permit the modification of any applicable regulations of this Resolution, other than #floor area ratio# provisions, in connection with such bus station or any other #use# #developed# on the same #zoning lot# as such bus station.

In order to grant such a permit, the Commission shall determine that the conditions set forth in paragraph (c)(1) and the findings set forth in paragraphs (c)(2) and (c)(3) of this Section, as applicable, are met.

Where the bus station and related facilities allowed under this Section will be #developed# pursuant to Chapter 8 of Title 17 of the Unconsolidated Laws of New York, any #buildings# or other structures# comprising such bus station and related facilities shall not be subject to the #bulk# regulations or other applicable regulations of this Resolution, and the floor space within such #buildings or other structures# shall be excluded from the calculation of #floor area#.

The curb level of a zoning lot of which the demapped air space is a part shall not be affected by the closing and demapping of air space above such street. However, the Commission may establish an appropriate level or levels instead of curb level as the reference plane for the applicable regulations relating to open space, yards, level of yards, equivalent rear yards, rear yard setback, minimum distance between buildings, and height and setback.

(1) Conditions

Where the #development# or #enlargement# of a #building# is allowed within one or more demapped air spaces pursuant to this Section, such demapped air spaces and any adjoining tracts of land containing such #building# may be considered as part of a single #zoning lot#, but such demapped air spaces shall not generate #floor area# to be utilized on such #zoning lot#.

(2) Findings applicable to bus station #use#

In order to allow such bus station #use#, the Commission shall find that:

- (i) the operation of such bus station does not create serious traffic congestion, and is not detrimental to public health or general welfare of the city;
- (ii) the principal access for such #use# is not located on a local #street# but is located either on an arterial highway, a major #street# or a secondary #street# within one-quarter mile of an arterial highway or major #street#;
- (iii) the site plan for the bus station and related facilities includes pedestrian-oriented public spaces that, in their sizes and locations, reflect appropriate consideration of existing or planned at-grade pedestrian circulation networks;
- (iv) the design of the facility, including public entrances to the bus station, vehicular entrances and exits, bus ramps or overpasses, and accessory #uses# within the bus station and related facilities are sited and designed in a manner that reflects appropriate consideration of the civic importance of the site and of the experience of pedestrians within existing or planned #streets# or open areas;
- (v) the locations of at-grade entrances to such bus station and related facilities are designed to encourage pedestrian circulation into and on the #zoning lot# and are well-situated in relation to existing and proposed at-grade pedestrian and bicycle circulation networks;
- (vi) the bus station provides adequate connections to and from existing transportation facilities;
- (vii) the bus station and surrounding transportation network accommodate projected bus volumes and reduces potential conflicts between buses and other modes of transportation in the surrounding area; and
- (viii) the #use# and #development# of the bus station will not have undue adverse impacts on the character of or land uses in the surrounding area.

(3) Findings applicable to modifications other than those allowing the bus station #use#

In order to modify any other applicable regulations of this Resolution, the Commission shall find that:

- (i) such modifications will facilitate an improved site plan for the bus station and related facilities or are otherwise in furtherance of the bus station project;
- (ii) such modifications will not unduly obstruct access to light and air from surrounding #streets#, open areas and properties; and
- (iii) any proposed modification of regulations governing #zoning lots# divided by district boundaries or the permitted transfer of #floor area# will not unduly increase the #bulk# of any #development# or #enlargement# on the #zoning lot# or the intensity of #use# on any #block# to the detriment of occupants of #buildings# on the #block# or the surrounding area.

The Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area.

PRE-QUALIFIED LIST (PQL) PROGRAM FOR ELEVATOR SERVICES

NYCHA is excited to introduce you to our pre-qualified list (PQL) for Elevator services. These services include removal, installation, fabrication, repair, materials, supplies, and other services performed by the Elevator trade across NYCHA developments Citywide. We are seeking experienced vendors to join our community and provide these in-demand services.

What is a pre-qualified list?

A PQL is a tool that NYCHA will use to primarily contract for Elevator services for its developments, streamlining the process for both vendors and NYCHA. NYCHA will publish Elevator services contracting opportunities, and the PQL will predominantly be used to procure Elevator services. After pre-qualifying according to specific criteria, vendors can bid on Elevator services contracts released to the PQL.

All contractors interested in NYCHA's Elevator services PQL must follow two important steps:

Vendors can obtain a copy of the Elevator Services Prequalification Application and prepare your response to the Request for Qualifications (RFQ) at; https://www.nyc.gov/site/nycha/business/nycha-pql.page. Vendors must prepare and submit applications to NYCHA's Elevator services PQL as follows, with information in the subject line "Elevator Services Prequalification Application Submission (and company name applying)" to email address; NYCHA Pre-Qualified List PQL@nycha.nyc.gov to pre-qualify, vendors must meet the minimum requirements listed for experience, licensure, workforce capacity, and integrity. Applications will be evaluated by NYCHA on a rolling basis, but we recommend applying early to gain access to more PQL contracting opportunities!

1. Vendors who are admitted to the PQL can then bid for Elevator services solicitations at NYCHA. NYCHA will confirm PQL evaluation decisions with applicants via a letter of acceptance or a letter of rejection. Vendors must bid on each Elevator service contract award, as admission to the PQL does not guarantee contract award. To bid on a specific contract, NYCHA encourages vendors to apply a minimum of 15 days prior to the bid submission closing date to the PQL for an Elevator services contract to be considered for that solicitation.

GENERAL SCOPE OF WORK – SPECIFICATIONS

NYCHA is currently accepting applications for Elevator Services Pre-Qualified List (PQL) program. NYCHA is seeking vendors who are skilled in the field of Elevator Services to perform related work across NYCHA developments citywide. The work may include providing furnish labor, material and equipment as required at various developments. Remove, replace, repair parts, lubricate, adjust where required to maintain elevators in a safe operating condition. Upgrade or bring up to code.

Specific timeframes and additional specifications for each project will be outlined in solicitations. Additional licensing, experience and certification may be required.

An informational session will be hosted, Tuesday, September 24, 2024, at 11:00 A.M., and will be conducted remotely via Microsoft Teams meetings. Attendance is strongly encouraged. NYCBENEFITS FOR 3 CBO PROVIDERS - Negotiated Acquisition - Other - PIN# 06925N0006 - Due 9-11-24 at 3:00 P.M.

Pursuant to Sections 3-04(b)(2)(i)(B) and 3-04(b)(2)(ii) of the Procurement Policy Board (PPB) Rules DSS/HRA intends to enter into a Negotiated Acquisition (NA) contract for continuity of NYCBenefits program management from January 1, 2024 to June 30, 2027 with three community-based organization (CBO) providers: BronxWorks, Community Service Society, Montefiore Medical Center. The NYCBenefits grants program, which launched in January 2023 as part of a new, cross-agency, cross-sector effort to connect eligible New Yorkers to government benefits, currently funds direct service and technical assistance providers. These grants were awarded and administered by the Research Foundation of the City University of New York (RFCUNY), managed by the Mayor's Public Engagement Unit (PEU), and funded through the NYC Department of Social Services (DSS)'s budget. NYC Benefits will fund CBOs as trusted partners to increase the number of New Yorkers enrolling and staying enrolled in public benefits, make access to benefits easier and more efficient, improve benefits-related coordination between City agencies and CBOs, expand the benefits access capacity of CBOs, leverage underutilized federal, state, and city dollars for poverty alleviation and economic stability and create a culture of dignity and respect for those that administer and receive government benefits. In June of 2023, day-to-day program management for this initiative shifted from the PEU to DSS.

The January 2024 Plan PEG Initiatives for DSS included efficiencies through the insourcing of contract oversight for NYCBenefits. As a result, contracting for the NYC Benefits grants program will shift from

RFCUNY to DSS beginning January 1, 2024 for three CBOs: BronxWorks, Community Service Society and Montefiore Medical Center.

This NA is necessary to move the program from RFCUNY to DSS and is relying on the RFCUNY competitive procurement as a justification of the special case determination. Based on the special case determination, the NYCBenefits Program can continue at the NYC Department of Social Services (DSS) with the same providers and similar scopes of work. Procurement and award are in accordance with PPB Rule Section 3-04(b)(2)(i)(D) for the reason set herein.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

Statement of Basis and Purpose

The Department proposes to amend sections 1-04, 1-05 and 1-07 of chapter 1 of title 56 of the Rules of the City of New York. The proposed amendments would expand the categories of illegal behavior for which the Department's Enforcement Officers can issue a notice of violation (sometimes called a summons) in order to protect the natural environments under the jurisdiction of the Department and increase the penalties associated with certain violations.

Specifically, the proposed rules would:

Amend section 1-04 of the Department's rules to prohibit the abandonment of animals. Early in 2023, the Parks Department made national and international news when employees rescued an abandoned alligator from a lake in Prospect Park. Although the Department brought the wild animal to receive medical care, the alligator did not survive. Unfortunately, this was an example of behavior that happens all too often: pet owners, other individuals (including well-meaning individuals), pest control companies, and other companies release or relocate unwanted animals—exotic or otherwise—into parks. Many of these animals do not survive as they do not know where to find food, water, den sites, or other resources, and have no cognitive map of escape routes to flee from predators. Some of these animals are invasive and may permanently disrupt natural ecosystems. Abandoning animals is already prohibited by New York State Law, but a city rule prohibiting such abandonment would authorize Department officers to write summonses for such behavior and ultimately help decrease the number of animals abandoned in parks. The proposed rule falls under the Department's existing authority under NYC Administrative Code section 18-146(c)(7) to issue violations for "Failure to control animals." Specifically, this provision

states that "No person owning, possessing or controlling any animal shall cause or allow such animal to be unleashed or out of control in a manner prohibited by the rules of the department."

The Department understands that there are limited circumstances where an animal might be responsibly released into New York City's natural areas, including parks. Therefore, the proposed rule includes exceptions for licensed New York State wildlife rehabilitators and Department employees who have received express written permission from the Commissioner.

Amend section 1-05 of the Department rules relating to fishing to explicitly prohibit the collection of bivalves. Bivalves (such as oysters, clams, mussels, and scallops) serve as natural water filters, and are therefore active contributors to the health of New York City's waterways. Although in other regions bivalves are harvested for food, the New York State Department of Environmental Conservation Rules prohibit the collection of bivalves for food within the waters in and surrounding the five boroughs of New York City. Nevertheless, the collection of these animals happens with some regularity. Ingestion of bivalves taken from New York City waters may carry health risks. In addition, removal of bivalves slows down the restoration of the City's waterways. Such removal also reduces water clarity, which results in a reduction of the amount of light that penetrates the water. This reduction can have a significant impact on other marine creatures.

The removal of bivalves is not currently prohibited under the Department's rules. This proposed amendment would prohibit the collection of bivalves from waters under the jurisdiction of the Department, using access points under the jurisdiction of the Department, and using vessels launched from an access point under the jurisdiction of the Department. The proposed rule contains an exception for sample collecting as part of a scientific study, with the express approval of the Commissioner.

Amend section 1-07 of the Department's rules to add a penalty for abandonment of animals, increase the penalties for illegal dumping and add a penalty for subsequent instances of illegal dumping. Illegal dumping is rampant in every borough of New York City and the Department uses a great amount of staff time to address and correct these conditions. The Department's current penalty for illegal dumping is \$1,000, which is substantially less than the \$4,000 penalty for illegal dumping assessed by the Department of Sanitation ("DSNY"). The proposed amendment to the rule would increase the amount of the penalty for violations issued by the Department to make them comparable to the violations assessed by DSNY. The Department believes that these increased penalties will help to deter illegal dumping. The proposed new civil penalty is \$5,000 for the first dumping offense. The Department also proposes adding an increased penalty of \$10,000 for each subsequent offense within 12 months of the first offense in the hopes of deterring repeat offenders.

The Department's authority for these rules is found in sections 389, 533(a)(9), and 1043 of the New York City Charter.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

New text is underlined and deleted text is in brackets:

Section 1. Subdivision (i) of section 1-04 of chapter 1 of title 56 of the Rules of the City of New York is amended by adding a new paragraph (4) to read as follows:

(4) Except for Department employees or licensed wildlife professionals authorized in writing by the Commissioner, no person owning, possessing, or controlling any animal shall knowingly cause or allow such animal to be abandoned or relocated into any park or onto any property under the jurisdiction of the Department under any circumstances. This paragraph shall not prohibit any individual from releasing wildlife that was accidentally trapped on, under, or inside of any building or structure under the jurisdiction of the Department.

Section 2. Subdivision (h) of section 1-05 of chapter 1 of title 56 of the Rules of the City of New York is amended by adding a new paragraph (6), to read as follows:

(6) Except for collections for scientific purposes expressly approved by the Commissioner, no bivalves (e.g., oysters, clams, mussels, and scallops) may be removed or harvested (i) from waters under the jurisdiction of the Department, (ii) utilizing an access point under the jurisdiction of the Department, or (iii) utilizing a vessel launched from an access point under the jurisdiction of the Department.

Section 3. The table set forth in section 1-07 of chapter 1 of title 56 of the Rules of the City of New York is amended by adding a new row, to be placed in the table in alphanumeric order, to read as follows:

Section/Rule	Description	Penalty	Default Penalty
56 RCNY § 1-04(i)(4)*; Admin. Code § 18-146(c)(7)	Uncontrolled animal-animal abandonment	\$1,000	\$1,500

Section 4. The table set forth in section 1-07 of chapter 1 of title 56 of the Rules of the City of New York is amended by amending the row relating to the violation described as Unlawful dumping and by adding a new row immediately following that row, to read as follows:

Section/Rule	Description	Penalty	Default Penalty
56 RCNY § 1-04(c)(3)*; Admin. Code § 18-146(c)(3)	Unlawful dumping	[\$1,000]\$5,000	[\$1,500]\$5000
56 RCNY § 1-04(c)(3)*; Admin. Code § 18-146(c)(3)	Unlawful dumping-2 nd or subsequent violation within 12 month period.	\$10,000	\$10,000

READER'S GUIDE

The City Record (CR) is published each business day. The Procurement section of the City Record is comprised of notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Notice of solicitations and other notices for most procurement methods valued at or above \$100,000 for goods, services, and construction must be published once in the City Record, among other requirements. Other procurement methods authorized by law, such as sole source procurements, require notice in the City Record for five consecutive editions. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov; and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH), Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these

entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City's website at www.nyc.gov/selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
