Petition for grading and paving Vermont street, between Pitkin avenue and a point 75 feet south of Belmont avenue.

Following report from the Department of Highways:

CITY OF NEW YORK,
BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, March 8, 1900.

Hon. EDWARD M. GROUT, President of the Borough of Brooklyn:

DEAR SIR—I am in receipt of your letter of the 14th instant, forwarding petition for the grading and paving with asphalt pavement of Vermont street, between Pitkin avenue and a point 75 feet south of Belmont avenue, signed by Mr. Thomas F. Vaughan, of No. 341 Vermont street, and others. In reply, I submit the following estimate of the improvement that the matter may be referred for the action of the Local Board of the Ninth District. In the opinion of this department, asphalt pavement should be used; the paving of this street, between Jamaica avenue and Pitkin avenue, with asphalt, is contemplated, and it would be desirable to extend the smooth pavement. The estimate is as follows:

1,000 cubic yards of grading.
1,200 linear feet of curbing.
2,000 square yards of asphalt on concrete foundation.
6,000 square feet of flagging, or cement walk.

Total estimated cost, based on five years' maintenance, \$7,300.
A proper district of assessment would be one-half the block on each side of the street, including an area having an assessed value of \$40,100.

The distance, 75 feet south of Belmont avenue, is taken from the Assessors' Map, which shows the limit of the property of the German American Improvement Company, in front of which property the street is already paved.

Respectfully,
(Signed) THOS. R. FARRELL, Deputy Commissioner of Highways.

Petition for flagging sidewalks described in the following report of the Department of Highways:

CITY OF NEW YORK,
BOROUGH OF BROOKLYN—DEPARTMENT OF HIGHWAYS,
MUNICIPAL BUILDING, February 21, 1900.

Hon. EDWARD M. GROUT, President of the Borough of Brooklyn:

DEAR SIR—Your letter of the 27th ultimo, submitting petition signed by Messrs. Benjamin Rowe, S. B. Richmond and others, requesting the improvement of the sidewalks around Public School No. 84, corner of Stone avenue and Glenmore avenue, and one block of the approach on each side of said school, is hereby acknowledged.

In reply, I would say that an inspection has been made by this borough Department, not only of the streets named in the petition, but also of those in the immediate vicinity of the school. The estimated cost of such work is submitted that the matter may be referred for the action of the Local Board of the district, the expense of the improvement to be borne by the abutting property-owners.

It is recommended, where estimates have been submitted for entire blocks, that cement concrete be used instead of the bluestone flagging, as a better result would be obtained and the concrete can be laid at perhaps a somewhat less expense. Therefore I would suggest that the resolutions contain the proviso that either cement concrete or bluestone flagging may be used, as may be determined by the Commissioner of Highways, and thus the material more suitable can be laid.

The estimates are based on the use either of bluestone flagging five feet in width, or of cement concrete sidewalks five feet in width, and are as follows:

Flagging sidewalk on the west side of Stone avenue, between Glenmore and Pitkin avenues, and on the north side of Pitkin avenue, between Stone avenue and Watkins street, in front of Lots Nos. 2, 4 and 5, Block 67, Twenty-sixth Ward Map. Estimated cost, \$658; assessed value of property, \$7,800.

Also, on the south side of Glenmore avenue, between Stone avenue and Christopher avenue, and on the east side of Stone avenue, between Glenmore and Pitkin avenues, in front of Lots Nos. 1 to 4, inclusive, Nos. 22 to 32, inclusive, and No. 38, Block 80, Twenty-sixth Ward Map.

Also, on the north side of Glenmore avenue, between Stone avenue and Christopher avenue, in front of Lots Nos. 13 to 17, inclusive, Block 77, Twenty-sixth Ward Map. Estimated cost, \$232; assessed value of lots, \$5,400.

Also, on the south side of Glenmore avenue, between Christopher avenue and Sackman street, in front of Lots Nos. 1 to 8, inclusive, Block 81, Twenty-sixth Ward Map. Estimated cost, \$230; assessed value of lots, \$4,600.

Also, on the north side of Glenmore avenue, between Christopher avenue and Sackman street, in front of Lots Nos. 40 to 47, inclusive, Block 78, Twenty-sixth Ward Map. Estimated cost, \$210; assessed value of lots, \$16,300.

Also, on the south side of Glenmore avenue, between Sackman and Powell streets, in front of Lots Nos. 1 to 8, inclusive, Block 82, Twenty-sixth Ward Map. Estimated cost, \$230; assessed value of lots, \$5,200.

Also, on the north side of Glenmore avenue, between Junius and Powell streets, and on the west side of Junius street, between Glenmore and Liberty avenues, in front of Lots Nos. 4 to 9, inclusive, Nos. 35 to 38, inclusive, Nos. 14 to 17, inclusive, and No. 43, Block 92, Twenty-sixth Ward Map. Estimated cost, \$545; assessed value of lots, \$8,400.

Also, on the south side of Glenmore avenue, between Junius and Powell streets, and on the west side of Junius street, between Glenmore avenue and Eastern parkway, in front of Lots Nos. 1 to 13, inclusive, and No. 32, Block 95, Twenty-sixth Ward Map. Estimated cost, \$660; assessed value of lots, \$18,700.

Also, on the south side of Glenmore avenue, between Junius street and Vesta avenue, and on the east side of Junius street, between Glenmore avenue and Eastern parkway, in front of Lots Nos. 1, 2 and 3, and Nos. 24 to 32, inclusive, Block 96, Twenty-sixth Ward Map. Hon. EDWARD M. GROUT, President of the Borough of Brooklyn.

DEAR SIR—A number of complaints have been received by this borough Department, relative to the condition of the sidewalks on Rogers avenue, between Malbone street and Church avenue, and an inspection shows that the sidewalks are entirely unimproved; that there is a public school on this street; that the children are obliged to use the middle of the street in attending school; and that the street has not been graded nor curbed. Therefore an estimate has been prepared by this Department for the grading, curbing, guttering and improving of the sidewalks on Rogers avenue, between Malbone street and Church avenue, and is herewith submitted, that the matter may be brought to the attention of the Local Board of the District, in order that proceedings may be instituted for the improvement.

WHITE PLAINS, N. Y., March 19, 1900.

Hon. JOHN J. RYAN, President, Aqueduct Commission:

DEAR SIR—I beg to advise you that the assessors of the Town of Yorktown assessed the gate-house and other superstructures belonging to the City of New York at the sum of \$160,000. Considering this assessment illegal, the question was argued before his Honor Justice Keogh, at White Plains on Saturday last, with the result that a decision was procured reducing our assessed value from the above sum of \$160,000 to the sum of \$150. I would thank you to have your Secretary make a note of this reduction, and in this connection he should examine your tax bill to see whether or not any superstructures are taxed in any town in this county.

Yours respectfully,

H. T. DYKMAN.

The recommendation was approved and the communication ordered filed by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

Commissioner Ten Eyck moved that the Secretary be directed to transmit copies of said reports to the Comptroller.

Which was carried by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The following communication was received from the Chief Engineer:

Report No. 160, dated April 3, 1900, was received from the Chief Engineer, submitting a preliminary report for conveying water from Jerome Park Reservoir across Harlem river.

Commissioner Ten Eyck moved that the same be referred to the Construction or Executive Committee.

Which was carried by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The Construction or Executive Committee referred the following communication of the Chief Engineer to the Commissioners with a recommendation that the authority asked for therein be granted:

REPORT No. 154.

NEW YORK, March 27, 1900.

To the Honorable the Aqueduct Commissioners:

GENTLEMEN—In accordance with Article 3 of the specifications of the contract of Messrs. Kelly & Kelley for "Building Overflow and Blowoff Sewers, Water Pipes and Appurtenances in connection with Jerome Park Reservoir," I hereby ask authority to modify the specifications relating to the quality of brick to be used to construct the sewers.

The plans provide that the invert portion of the inner ring of the sewer should be made of vitrified brick, the balance to be of common brick.

In Potter place we are to lay two (2) 48-inch water-mains in the same trench with the sewer, while in Jerome avenue we are to lay a 48-inch water-main above the sewer.

I deem it advisable to construct the sewer as impervious to water as is possible, otherwise should a leak occur from the water-mains the water would find its way into the sewer and leave no evidence of a leak, which might continue for a long time.

I ask authority in accordance with the above-mentioned article of the specifications to use vitrified brick in the inner ring of the sewer in Potter place and in the entire sewer in Jerome avenue.

Yours respectfully,

W. R. HILL, Chief Engineer.

Commissioner Windolph moved that the recommendation of the Committee be approved and that the Chief Engineer be granted the authority asked for.

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

A communication was received from Andrew J. Sparrow, dated March 29, 1900, asking if the proofs submitted by him in connection with his service and honorable discharge as a volunteer fireman in the Village of Potsdam, St. Lawrence County, N. Y., was valid and acceptable as such proof.

Which was ordered filed by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The Construction or Executive Committee referred to the Commissioners the two affidavits submitted by Andrew J. Sparrow, who was discharged on February 21, 1900, concerning his service and honorable discharge as a volunteer fireman in the village of Potsdam, St. Lawrence County, N. Y., with the recommendation that the matter be referred to the Corporation Counsel for his opinion, and that the Secretary be directed to notify said Andrew J. Sparrow to this effect.

Which was approved by the following vote:

Affirmative—Commissioners Ryan, Ten Eyck, Power and Windolph—4.

The Secretary presented the following report:

NEW YORK, March 20, 1900.

To the Aqueduct Commissioners:

GENTLEMEN—In reference to the communication of the Comptroller, dated March 17, 1900, calling attention to the claim of John Whalen for services as Foreman of Laborers, I beg to report:

Whereas, An unusual number of busts, statues and other memorials have already been placed in the parks of The City of New York, and as the indiscriminate use of statuary in the parks of the city is contrary to the best interests of art, as represented in higher landscape gardening and detrimental to the beauty of the parks; and

Whereas, Many memorials and statues of little or no artistic value and of no popular interest have, from time to time, been placed in the parks of the city, for want of proper rules; therefore, be it

Resolved, That the following rules and regulations be and hereby are adopted for the regulation of the acceptance of statuary and for the general protection of the parks of The City of New York:

1. No statue, bust, memorial or memorial building of any description shall be erected in the parks of The City of New York in any part of a park where the scenery is of a predominating natural character.

2. Statues shall be placed only as adjuncts to buildings, bridges, viaducts or other structural work purely artificial in their nature, and in parks laid out in the architectural style, when required to heighten and beautify the effect of the scenery.

3. Statues of great artistic beauty only and appropriate in size may be placed in any of the small parks at the intersection of two or more avenues; such statues shall, however, be of great national, civic or universal interest in order to be accepted.

4. No existing natural scenery, no rock, woodland, lawn or existing drive shall be destroyed or altered in order to accommodate any statuary or memorial, and such statuary or memorial shall be secondary in importance to the natural features which must prevail in a park.

5. Statuary, buildings or other structures of whatever character, shall be considered:

1st. As objects of art.

2d. In their relation to the landscape.

No such statuary, building or structure, even if in itself satisfactory as a work of art, shall be accepted unless it will help to heighten or offset the beauty of the landscape, and unless a satisfactory and appropriate site shall be found in conformity with previous rules.

6. Buildings required for the comfort of the public or for administrative purposes shall be excepted from the above restrictions, but such buildings shall be made as unobtrusive as their purpose will admit, and must be of the most moderate size and shall be screened from view as much as possible.

7. The pedestal of any statue or bust placed in any of the parks of The City of New York shall not exceed two-thirds of the height of the statue proper, nor shall the base occupy more area than is necessary in order to preserve the proper proportions of the pedestal and statue.

8. Statuary and structures already in the parks, if not placed in conformity with the previous rules, may, if condemned by the Art Commission, be removed by the Commissioner of Parks.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. No. 11. FOR REGULATING, GRADING AND PAVING WITH GRANITE-BLOCK PAVEMENT GEORGIA AVENUE, between Liberty avenue and Glenmore avenue.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion, and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF HIGHWAYS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

Blank forms of bid or estimate, the proper envelopes in which to inclose the same, the specifications and agreements, and any further information desired, can be obtained in Room No. 1636, Nos. 13 to 21 Park row.

DEPARTMENT OF PUBLIC CHARITIES.

DEPARTMENT OF PUBLIC CHARITIES,
BOROUGH OF MANHATTAN AND THE BRONX,
FOOT OF EAST TWENTY-SIXTH STREET,
NEW YORK, April 23, 1900.

PROPOSALS FOR BIDS OR ESTIMATES FOR THE MATERIALS AND WORK REQUIRED FOR GENERAL REPAIRS AND ALTERATIONS TO LAUNCH "WICKHAM," INCLUDING NEW BOILER, ENGINE REPAIRS, PAINTING, ETC.

SEALED BIDS OR ESTIMATES FOR THE above-mentioned work, in conformity with plans and specifications, will be received at the office of the Department of Public Charities, foot of East Twenty-sixth street, in The City of New York, until 12 o'clock M.,

MONDAY, MAY 7, 1900.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for the Materials and Work required for general repairs and alterations to Launch 'Wickham,' including new boiler, engine repairs, painting, etc.," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department, or his duly authorized agent, and read.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the amount of Twenty-five Hundred (\$2,500) Dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. When more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall

be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by section 350 in chapter 6 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet as provided by law.

Bidders are cautioned to examine the plans and specifications for particulars of the work, etc., required before making their estimates, and are cautioned against referring to any specifications other than those furnished by the Department.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

ARMORY BOARD.

ARMORY BOARD—OFFICE OF THE SECRETARY,
NEW YORK, April 17, 1900.

PROPOSALS FOR ESTIMATES FOR MATERIALS AND WORK IN FURNISHING AN ALTERATION AND IMPROVEMENT TO THE ROOF OF THE TWELFTH REGIMENT ARMORY BUILDING, ON COLUMBUS AVENUE, BETWEEN SIXTY-FIRST AND SIXTY-SECOND STREETS, IN THE BOROUGH OF MANHATTAN, NEW YORK CITY.

PROPOSALS FOR ESTIMATES FOR MATERIALS AND WORK IN FURNISHING AN ALTERATION AND IMPROVEMENT TO THE ROOF OF THE TWELFTH REGIMENT ARMORY BUILDING, ON COLUMBUS AVENUE, BETWEEN SIXTY-FIRST AND SIXTY-SECOND STREETS, IN THE BOROUGH OF MANHATTAN, NEW YORK CITY. will be received by the Armory Board, at the MAYOR'S OFFICE, CITY HALL, UNTIL 11 O'CLOCK, A. M.,

MONDAY, THE THIRTIETH DAY OF APRIL, 1900,

at which time and place they will be publicly opened and read by said Board.

Any person making an estimate for the above work shall furnish the same in a sealed envelope to the President of said Armory Board, indorsed "Proposals for Estimates for Materials and Work in Furnishing an Alteration and Improvement to the Roof of the Twelfth Regiment Armory Building, on Columbus avenue, between Sixty-first and Sixty-second streets, in the Borough of Manhattan, New York City," and also with the name of the person or persons presenting the same, and the date of its presentation.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, in the amount of THREE THOUSAND DOLLARS (\$3,000).

Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1. Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the estimate, and shall not at any time after the submission of an estimate dispute or complain of the statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2. Bidders will be required to complete the entire work to the satisfaction of the Armory Board, and in substantial accordance with the specifications of the contract and the plans therein referred to. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed at the prices therefor, to be specified by the lowest bidder, shall be due or payable for the entire work.

Bidders will state in their estimates a price for the whole of the work to be done, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office, with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned it and as in default to the Corporation, and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested the estimate shall distinctly state the fact; also, that the estimate is made without any connection with any other person making any estimate for the same purpose, and that it is in all respects fair and without collusion or fraud; and also that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof, which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed to by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of The City of New York, to the effect that if the contract is awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance, and that if said person or persons shall omit or refuse to execute the contract they will pay to the Corporation of The City of New York any difference between the sum to which said person or persons would be entitled upon its completion and that which said Corporation or the Armory Board may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work to be

done by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

No estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of ONE HUNDRED AND FIFTY DOLLARS (\$150). Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Board who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned by the Comptroller to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal, but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him by the Comptroller.

No estimate will be accepted from or contract awarded to any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Bidders are requested, in making their bids or estimates, to use a blank prepared for that purpose by the Board, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be seen upon application at the office of the Clerk of the Armory Board, Room H, No. 280 Broadway, New York City.

The Board reserves the right to reject any or all estimates not deemed beneficial to or for the public interest.

TO CONTRACTORS.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES FOR SUPPLY- ing the Police Department with Doorman's and Stable Supplies and Miscellaneous Goods will be received

at the Central Office of the Department of Police, in The City of New York, until 3 o'clock P. M. of

MONDAY, THE 7TH DAY OF MAY, 1900.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed "Estimate for Furnishing Doorman's and Stable Supplies and Miscellaneous Goods," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the estimates received will be publicly opened by the head of said Department and read.

For particulars as to the quality, kind and quantity of each article required, reference must be made to the specifications:

Bidders will state the price for the entire schedule in each class, as well as for each item, for which they will contract to supply the articles of Supplies, in accordance with the specifications therefor. The Police Department reserves the right to purchase by the entire schedule or to contract for each class.

Permission will not be given for the withdrawal of any bid or estimate, and the right is expressly reserved by the head of said Department to reject all bids should it be deemed to the public interests so to do.

No estimates will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The person or persons to whom the contract for more than one thousand dollars may be awarded will be required to give security for the performance of the contract in the manner prescribed by law in the sum of TWO THOUSAND DOLLARS.

Each estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate of more than one thousand dollars shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, and herein stated, over and above all his debts of every nature, and over and above his liabilities as bail, surety and otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law. The adequacy and sufficiency of the security offered will be subject to approval by the Comptroller of The City of New York after the award is made and prior to the signing of the contract.

Should the person or persons to whom the contract for all or any part of said supplies may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, and that the adequacy and sufficiency of the security offered has been approved by the Comptroller, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

No estimate in amount exceeding one thousand dollars will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and be retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

No bonds or deposit required on bids under one thousand dollars.

Samples of all goods, materials, supplies, etc., estimated on and for which bids are submitted, must be delivered at the office of the Inspector of Repairs and Supplies, when required by the Department.

Blank forms for bids or estimates and of proposed contract and specifications may be obtained by application to the undersigned at his office in the Central Department.
