PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held December 21, 1906, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:
The petition of the Queens Borough Street Railway Company respectfully shows:

That your petitioner is a street surface railway corporation duly organized and incorporated under and in pursuance of an act of the Legislature of the State of New York, entitled the Railroad Law.

That the said corporation proposes to build, construct, maintain and operate a street surface railroad for the public use in the conveyance of persons and property in cars for compensation in the First Ward (formerly Long Island City) of the Borough of Queens of The City of New York, State of New York, upon and along the surface of the following streets, avenues and highways in said Long Island City, to wit:

Beginning at the corner of Franklin street and Van Alst avenue as starting point, the proposed railroad shall run in a northerly direction along Van Alst avenue to Winthrop avenue, a distance of approximately one and one-tenth (1 1/10) miles.

That the railroad proposed to be built, constructed, maintained and operated by your petitioner, as hereinbefore set forth, is intended to be operated by any motive power other than locomotive steam power, which now or at any time hereafter may lawfully be used and employed on its route.

Your petitioner further shows that, pursuant to the laws of this State and to the Charter of The City of New York, it is necessary for it to obtain the consent of the Board of Estimate and Apportionment of The City of New York to enable it to construct, maintain and operate the railroad aforesaid, and accordingly your petitioner now applies to your honorable body for such consent.

Wherefore your petitioner prays and makes application to the Board of Estimate and Apportionment of The City of New York for its consent and permission to be granted to your petitioner, its successors, lessees and assigns, to construct, maintain and operate a street surface railroad for public use through, upon and along the avenues, streets and highways above set forth and described, together with all necessary connections, switches, sidings, turnouts, turntables, crossovers and suitable stands for the convenient working of said railroad, and for the accommodation of the company's cars which may be run over said railroad by your petitioner, its successors, lessees or assigns; and also that consent and permission be granted to your petitioner, its successors, lessees or assigns, to the

erection upon said streets, avenues and highways of the necessary poles and the stringing of wires, so that the cars of said company may be moved by the means or power of electricity.

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held in the Old Council Chamber, City Hall, Borough of Manhattan, on Friday, June 7, 1907, the following proceedings were had:

Whereas, The Kings County Refrigerating Company has, under date of July 13, 1905, made application to this Board for a grant of a right, privilege and franchise to construct, maintain and operate a pipe line under and along Hall street and across Flushing avenue to the lands of the Wallabout Market, in the Borough of Brooklyn, for the purpose of supplying refrigeration to consumers therein; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws, this Board adopted a resolution on July 14, 1905, fixing the date for public hearing thereon as September 29, 1905, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Kings County Refrigerating Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Kings County Refrigerating Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Kings County Refrigerating Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York as follows, to wit:

KINGS COUNTY REFRIGERATING COMPANY.
Proposed Form of Contract.

This contract, made this _____ day of _____, 190____, by and between The City of New York, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and Kings County Refrigerating Company, a domestic corporation of the State of New York, hereinafter called the Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a conduit not to exceed twelve inches in diameter, with the necessary branches and connections therefrom, leading directly into private property, and also into the lands of the Wallabout Market, for the sole purpose of supplying refrigerant to consumers, said conduits and branches to be beneath the surface of each of the following-named

streets, avenues and highways, between the points described in the following route, all situate in the Borough of Brooklyn, City of New York, to wit:

Route—Beginning at a point in Hall street, about 325 feet north of the northerly line of Park avenue; thence northerly in, under and along Hall street to Flushing avenue; thence still northerly in, under and across Flushing avenue to the lands of the Wallabout Market, together with such branches from the pipes laid in the above-described route leading directly into private property or lands of the Wallabout Market as may be necessary for the purpose of supplying patrons of the Company with cold air or refrigerant, said route being shown on a map entitled "Map showing the proposed pipe line of the Kings County Refrigerating Company, to accompany petition to the Board of Estimate and Apportionment, dated July 13, 1905," signed by James J. Phelan, Secretary, copy of which is annexed hereto and made a part of this grant.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The said right to lay one conduit line in each of the streets, avenues or highways, and between the limits as hereinbefore described, and the privilege to maintain and operate the same shall be held and enjoyed by the said Company, its lessee or successors, for a term of fifteen years from the date of the signing of this contract, with the privilege of renewal of said grant for a further period of ten years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board of Estimate and Apportionment of the City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Company and the Board of Estimate and Apportionment, or such other authority in its place. If the Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding ten years shall be reasonable, and either the City (by the Board or such other authority in its place) or the Company shall be bound upon request of the other to enter into a written agreement with such other authority, fixing the rate of such compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Board of Estimate and Apportionment or its successors in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If in any case the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this contract, or if the same is renewed, then at the termination of the rights hereby granted, or for any other cause, all conduit lines and appurtenances thereto, constructed pursuant to this contract, shall be and become the property of the City of New York, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City, by the Board of Estimate and Apportionment, or its successors in authority, shall so order by resolution, the said Company shall remove, at its own expense, said conduit line and all appurtenances thereto, and shall restore the streets and pavements to their original condition.

Third—The Company, its successors or assigns, shall pay for this privilege to the City of New York the following sums of money, to wit:

1. Five hundred dollars (\$500) in cash within thirty (30) days after the signing of the contract.
2. During the first five years of this contract an annual sum which shall in no case be less than seven hundred and fifty dollars (\$750), and which shall be equal to 5 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of seven hundred and fifty dollars (\$750).

During the second five years of this contract an annual sum which shall in no case be less than one thousand dollars (\$1,000), and which shall be equal to 6 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of one thousand dollars (\$1,000).

During the third and remaining five years of this contract an annual sum which shall in no case be less than thirteen hundred dollars (\$1,300), and which shall be equal to 7 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of thirteen hundred dollars (\$1,300).

The gross receipts as above shall be the total receipts of the Company from all business of furnishing refrigerant to consumers outside of its warehouse at No. 30 Hall street, and outside of the lands of the Wallabout Market. The minimum sums provided to be paid annually shall include the percentages of such gross receipts as above and also such sums as may be paid under any agreement made with the Comptroller for privileges in the lands of the Wallabout Market.

3. An annual payment of twenty-five (25) cents for each linear foot of conduit line and two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway. The sums due shall be calculated from the day when permit is obtained to open the streets for any section of the work.

All sums herein provided for shall be paid into the Treasury of the City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Any and all payments made by the terms of this franchise to the City of New York by the Company shall not be considered in any manner

in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other company, providing for payments for refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding; and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgage or mere lienor, but shall apply to any purchaser upon foreclosure, or under or by virtue of any provision of a mortgage or lien.

Fifth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to, or vest in any other person or corporation whatsoever, either by the act of the Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of the City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways on the route heretofore described.

Seventh—The Company shall complete the entire conduit line along the route hereinbefore described, and have the same in operation within one (1) year from the date of the signing of this contract; otherwise this grant shall cease and determine.

The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said pipe line, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues and highways described in the route.

Eleventh—The Company shall cause a test to be made of the pipes laid under this grant before said pipes shall be used for the conveyance of gas or fluid under pressure for refrigerating purposes. The pipes so tested shall be submitted to a pressure of 450 pounds per square inch, and such test shall be made under the supervision of the Commissioner of Water Supply, Gas and Electricity. A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, indorsed by the Commissioner of Water Supply, Gas and Electricity and filed with the Board of Estimate and Apportionment.

Twelfth—During the term of this contract the Board of Estimate and Apportionment or its successor in authority shall have absolute power to regulate the maximum rates, provided that such rates shall be reasonable and fair.

The Company, upon the application for refrigeration of any person or corporation located along the routes herein authorized, shall extend its conduit to such premises and furnish to said applicant refrigerant at the prices which may be hereafter fixed; otherwise this contract shall cease and determine at the option of the Board of Estimate and Apportionment.

Thirteenth—A correct map shall be furnished to the Board of Estimate and Apportionment by the Company, showing the exact location of all the conduit lines and manholes laid with reference to the curb lines of the streets and the street surface, and the same shall be furnished on the first day of November of each year until all pipe lines which are authorized by this grant are constructed, or until the right hereby authorized to construct pipe lines along the routes described have ceased by limitation, as herein provided.

Fourteenth—The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Fifteenth—The Company shall assume all liability by reason of the construction and operation of the conduit line, and the City shall assume no liability whatsoever to either persons or property by reason of its construction.

The Company shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of New York of the business done by the Company for the year ending September 30 next preceding, as he may prescribe. Such report shall contain the number of feet of conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from all business of furnishing refrigerant to consumers outside of its warehouse at No. 30 Hall street, together with such other information and in such detail as the Comptroller may require.

The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Twenty-first—This grant is upon the express condition that the Company, within thirty days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of five hundred dollars (\$500), either in money or in securities, to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the privilege and the penalties herein provided, and in case of default in the performance by said Company of such terms and conditions, The City of New York shall have the right, after due notice, to collect the same from the said fund without legal proceedings, or after default in the payment of the annual charges, shall collect the same, with interest from said fund after ten days' notice in writing to the said Company. In case of any drafts so made upon this security fund, the said Company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of five hundred dollars (\$500), and in default thereof, the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect other legal rights, remedies or causes of action belonging to The City of New York.

Any deviation beyond the limits named shall not void the policy, but no liability shall exist during such deviation; and upon the return of said vessels within the limits named above, a disaster having occurred, the policy shall be and remain in full force and effect unless a disaster occurs while deviating.

The policy shall provide for the full indemnification of all salvage expenses and loss, damage, detriment or hurt to said vessels for which the insurers are liable against the perils of the harbor, bay or rivers as above named, lightning and fires that shall occur to the hull, detriment and damage of said vessels or either of them, or any part thereof, and for all damage which may be done by the vessels insured to any other vessel or property.

As the vessels to be insured are common carriers, the policy shall not contain any limitation as to the nature or kind of cargo or other material which shall be carried on the boats.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal it be accompanied by a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Commissioner of Docks, or money to the amount of One Thousand Dollars.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope, addressed to the Commissioner of Docks, or submitted personally upon the presentation of the bid or estimate.

The bidders shall state a rate per cent. at which they will insure or contract for insurance for the ferryboats, as specified above, in accordance with the terms of this advertisement, and also in accordance with the form of policy submitted, which shall be considered in connection with and form part of the bid.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York, is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
