SATURDAY, OCTOBER 29, 2011

**OFFICE OF EMERGENCY MANAGEMENT ISSUES HAZARDOUS  
WEATHER ADVISORY FOR SATURDAY**

The New York City Office of Emergency Management (OEM) advises that no one should enter any City Park until further notice. Heavy, wet snow and strong gusts, combined with full leaves still on trees, is damaging thousands of trees in parks throughout the City, creating an elevated and ongoing danger of falling branches and trees. Forestry crews are working to address the damage and will continue throughout the storm.
