BOARD OF ESTIMATE AND APPORTIONMENT.

(PUBLIC IMPROVEMENTS.)

A regular meeting of the Board of Estimate and Apportionment of The City of New York was held in the old Council Chamber (Room 16), City Hall, on Friday, November 21, 1902, at 2.30 o'clock in the afternoon.

Present—The Mayor, the Comptroller, the President of the Board of Aldermen, the President of the Borough of Manhattan, the President of the Borough of Brooklyn, the President of the Borough of Queens and the President of the Borough of Richmond.

WIDENING PARK AVENUE, ETC., MANHATTAN.

In the matter of the application of the New York Central and Hudson River Railroad Company to have Park avenue widened between Fifty-sixth and Forty-ninth streets on the westerly side, and to have portions of certain streets and of Park avenue adjacent to the railroad property closed, between Forty-sixth and Fifty-first streets, Borough of Manhattan, the report of the Secretary was presented, showing that the matter had been duly advertised for a hearing.

The following report of the Chief Engineer, resolution of the Local Board of the Murray Hill District, and accompanying petitions and communications were presented and placed on file:

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
NEW YORK, November 19, 1902

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—Under date of October 28 the President of the Borough of Manhattan transmitted to the Board of Estimate and Apportionment a resolution adopted by the Local Board of the Murray Hill District on October 24, initiating certain changes in the map or plan of The City of New York as follows:

I. Changing the westerly line of Park avenue, between Forty-ninth and Fifty-sixth streets, by moving the same about 50 feet to the west.

II. Discontinuing that portion of the west part of Park avenue, between Forty-ninth and Fifty-sixth streets, between the present limit of railroad occupation and a line about 42 feet east of the proposed new western line of the avenue, so that about 42 feet of the 49 feet added to Park avenue should be reserved for street purposes.

III. The discontinuing of certain portions of East Forty-sixth, East Forty-seventh, East Forty-eighth, East Forty-ninth streets and of the easterly side of Park avenue, between East Forty-ninth and East Fiftieth streets.

The preamble to the resolution refers to a stipulation or agreement made by the New York Central and Hudson River Railroad Company, as a condition precedent to the passage of the resolution, which stipulation or agreement is said to have been executed, and which provides:

(a) That the railroad company will apply to the Legislature of the State of New York at the earliest practicable date for authority to use electricity, compressed air or other motive power not involving combustion in its cars or motors instead of steam on the railroad in Park avenue, north of Forty-second street.

(b) As soon as the legislation is secured it will proceed with the erection of power houses and the taking of such other steps as necessary to change the motive power.

(c) It will indemnify The City of New York for all cost and liability incurred in making the change.

(d) It will convert the existing foot bridge across Park avenue at Fifty-fifth street into one for vehicles, provided the City shall without expense to the railroad company make the necessary changes in the grade of Fifty-fifth street and Park avenue.

(e) It will extend all other existing bridges over the discontinued portions of streets.

(f) The railroad company will acquire by purchase the portions of streets discontinued.

(g) It will complete the improvement of the westerly portion of Park avenue as widened as a public street, including sewers, pavements, etc.

It appears to be understood, although I have not seen the agreement, that the railroad company is to give the City title to the new strip to be acquired on the west side of Park avenue in return for the portion of that street to be taken by the company, and that it will pay to the City the fair and proper value of the other portions of Park avenue and intersecting streets to be acquired by it, the discontinuance of which is provided for in the resolution.

Among the papers submitted are copies of sixteen communications addressed to the President of the Borough of Manhattan, as the President of the Local Board of the Murray Hill District, one of which is from President Newman, of the New York Central and Hudson River Railroad Company; one from President Hall, of the New York and Harlem Railroad Company; three (3) from Ashbel P. Fitch, counsel for the F. & M. Schaefer Brewing Company; ten are from individual organizations and contain suggestions or protests. One is from the Terminal Engineer to the Chief Engineer of the Railroad Company, showing that the proposed changes will increase the capacity of the railroad yard from 330 to 617 cars, or 87 per cent.; while a seven-teenth letter has been addressed to the Board of Estimate and Apportionment by Theodore Harris and others urging that a bridge be built at East Fifty-fourth street for the full width of the street and at the present street grade.

In addition to the above, the resolution is accompanied by a printed copy of a petition of the railroad company, with lithographed maps showing the changes asked for, and by full reports of the meetings of the Local Board of the Murray Hill District held on September 27, October 8, October 10, October 15 and October 21. There are thus given in full the discussions, objections and suggestions made before the adoption of the resolution. The most important of these may be briefly summarized as follows:

(1) That no definite time is fixed in the agreement within which the change of motive power from steam to electricity or other power shall be made, and it is suggested that three years should be named as the extreme limit.

(2) That it should be provided that no power house or houses shall be located on Manhattan Island, and that the assurance that such power houses will not be located in the vicinity of the Grand Central Station is not sufficiently explicit.

(3) That the tracks should be further depressed so as to permit of the carrying of all streets over them at easy grades.

(4) That the tracks should be covered and space above them made into a park.

(5) That a commission of three expert mechanical and electrical engineers should be selected to prepare proper plans, which plans should be submitted to the Local Board of the Murray Hill District.

(6) Complaints of property owners, complaining that they will be damaged by the proposed discontinuing of portions of Park avenue and other streets.

The above is merely a synopsis of the proceedings heretofore had and which were preliminary to the hearing to be given by the Board of Estimate and Apportionment, no specific recommendations being made at this time.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Whereas, A petition dated August 30, 1902, of the New York Central and Hudson River Railroad Company and of the New York and Harlem Railroad Company, for a local improvement described below, has been received by the President of the Borough of Manhattan, addressed to the Local Board of the Murray Hill District; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time and place when there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same, and give a full hearing thereon; and

Whereas, The Local Board of the Murray Hill District has required the New York Central and Hudson River Railroad Company (lessee of the steam railroad of the New York and Harlem Railroad Company) to execute and deliver to this Board, to be filed with the Mayor of The City of New York, a stipulation or agreement to the following effect:

(a) That it will apply at the earliest practicable date to the Legislature of the State of New York for authority to use on the railroad in Park avenue north of Forty-second street, in place of steam, electricity, compressed air or some other motive power which shall not involve for its generation combustion in the cars or motors.

(b) That as soon as necessary legislation has been secured it will at once proceed with and diligently prosecute the work of erecting power houses and of taking such other steps as may be necessary for changing the motive power for all trains operated by it through the Park Avenue Tunnel over the Hudson and Harlem divisions, and for operating such trains to the northerly City limits by electricity, compressed air, or some other power which shall not involve combustion for its generation in the cars or motors.

(c) That it will indemnify and save harmless The City of New York from, or will reimburse The City of New York for, any and all costs, expenses and liability which may be necessarily incurred by or in effecting the alterations and changes prayed for in said petition.

(d) That at its expense the existing bridge across Park avenue at Fifty-fifth street shall be changed from a foot bridge to a bridge for vehicles, and constructed with suitable grades and approaches for ordinary traffic, provided that the City authorities shall duly take such action as may be necessary to effect the required change of grade of Fifty-fifth street and Park avenue for such approaches, and provided that the New York Central and Hudson River Railroad Company shall in no event be or become liable to any owners of property fronting or abutting upon Fifty-fifth street and Park avenue for damages which may be caused to such property by such change of grade.

(e) That at its expense all other existing bridges over the streets mentioned in said petition shall be properly and suitably extended over the discontinued portions of the streets.

(f) That the portions of Park avenue and other streets proposed to be discontinued and marked "A," "B," "C," "D," "E," "F" and "G" on Exhibit 2 attached to said petition, may be acquired by the petitioners, or either of them, by exchange or otherwise, in the manner and upon the terms set forth in sections 16 and 17 and other sections, in chapter 1006 of the Laws of 1895, or in any other lawful manner.

(g) That it will, at its own cost and expense, regulate, grade and pave the new portion of Park avenue as widened, including the setting of curbstones, flagstones, catch basins, sewers and the replacing of the sub-surface structures, in accordance with the directions from time to time to be given by the proper City authorities; all such work to be diligently prosecuted and completed by it within a reasonable time after title to such new portion shall become vested in said City; and

Whereas, The petitioner, the New York Central and Hudson River Railroad Company, has duly executed and delivered to this Board, to be filed with the Mayor of The City of New York, such stipulation and agreement; now, therefore, it is

Resolved, By the Local Board of the Murray Hill District, pursuant to titles 2 and 3, chapter 10 of the Greater New York Charter, in consideration of the agreement by the said The New York Central and Hudson River Railroad Company to do and perform the things hereinbefore specified, that the said petition be and the same is hereby granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

1. The widening of Park avenue, between East Forty-ninth street and East Fifty-sixth street, on the westerly side thereof, so that the westerly line of the said Park avenue, between said streets, shall be described as follows:

From East Forty-ninth street to East Fiftieth street, the westerly line of Park avenue to coincide with a line 347.25 feet easterly of and parallel with the easterly line of Madison avenue.

From East Fiftieth street to East Fifty-fifth street, the westerly line of Park avenue to coincide with a line 351 feet easterly of and parallel with the easterly line of Madison avenue.

From East Fifty-fifth street to East Fifty-sixth street, the westerly line of Park avenue to coincide with a straight line drawn from a point on the northerly line of East Fifty-fifth street 351 feet easterly of Madison avenue, measured on said northerly line of East Fifty-fifth street, to a point on the southerly line of East Fifty-sixth street, 388.73 feet easterly of the easterly line of Madison avenue, measured along said southerly line of East Fifty-sixth street, said proposed westerly line of Park avenue being shown upon a map thereof, which is hereto annexed and marked "Exhibit 1."

2. The discontinuing and closing of all that part of East Forty-sixth street which is bounded and described as follows, to wit:

All that portion of East Forty-sixth street lying between a line 100 feet westerly of and parallel with the westerly line of Lexington avenue and the present railroad occupation, being a parcel 175 feet in length by 60 feet in width, and which is shown by yellow shading and marked "A" on the map thereof, which is hereto annexed and marked "Exhibit 2."

3. The discontinuing and closing of all that part of East Forty-seventh street which is bounded and described as follows, to wit:

All that portion of East Forty-seventh street lying between the westerly line of Lexington avenue and the present railroad occupation, being a strip 275 feet in length by 60 feet in width, and which is shown by yellow shading and marked "B" on the map thereof, which is hereto annexed and marked "Exhibit 2."

4. The discontinuing and closing of all that part of East Forty-seventh street which is bounded and described as follows, to wit:

All that portion of East Forty-seventh street lying between the easterly line of Madison avenue and the present railroad occupation, being a strip 150 feet in length by 60 feet in width, and which is shown by yellow shading and marked "C" on the map thereof, which is hereto annexed and marked "Exhibit 2."

5. The discontinuing and closing of all that part of East Forty-eighth street which is bounded and described as follows, to wit:

All that portion of East Forty-eighth street lying between the westerly line of Lexington avenue and the present railroad occupation, being a strip 250 feet in length by 60 feet in width, and which is shown by yellow shading and marked "D" on the map thereof, which is hereto annexed and marked "Exhibit 2."

6. The discontinuing and closing of all that part of East Forty-eighth street which is bounded and described as follows, to wit:

All that portion of East Forty-eighth street lying between a line 116 feet 8 inches easterly of and parallel with the easterly line of Madison avenue and the present railroad occupation, being a parcel 33 feet 4 inches in length by 60 feet in width, and which is shown by yellow shading and marked "E" on the map thereof, which is hereto annexed and marked "Exhibit 2."

7. The discontinuing and closing of all that part of Park avenue and all those parts of East Forty-ninth street, East Fiftieth street, East Fifty-first street, East Fifty-second street, East Fifty-third street, East Fifty-fourth street and East Fifty-fifth street which are comprised within the parcel of land described as follows:

Beginning at the point of intersection of the southerly line of East Forty-ninth street and the westerly line of Park avenue and running thence westerly on said southerly line of East Forty-ninth street 29 feet; thence in a northeasterly direction 62.71 feet to a point in the northerly line of East Forty-ninth street, said point being 389.25 feet easterly of the easterly line of Madison avenue; thence northerly, parallel with Madison avenue, 200.83 feet to the southerly line of East Fiftieth street; thence easterly on the said southerly line of East Fiftieth street 3.75 feet; thence northerly on a line parallel with the easterly line of Madison avenue and 393 feet easterly thereof 1,364.17 feet to the northerly line of East Fifty-fifth street; thence in a northeasterly direction 204.34 feet to a point on the southerly line of East Fifty-sixth street, said point being 430.73 feet easterly of the easterly line of Madison avenue; thence easterly along said southerly line of East Fifty-sixth street to the present railroad occupation; thence southerly along said railroad occupation about 1,927 feet to the westerly line of Park avenue; thence northerly along said westerly line of Park avenue 100.42 feet to the point of beginning, and which are shown by yellow shading and marked "F" on the map thereof, which is hereto annexed and marked "Exhibit 2."

8. The discontinuing and closing of all that part of Park avenue and all those parts of East Forty-ninth street and East Fiftieth street which are comprised within the parcel of land described as follows:

Beginning at the point of intersection of the southerly line of East Fiftieth street and the easterly line of Park avenue and running thence southerly on said easterly line of Park avenue 200.83 feet to the northerly line of East Forty-ninth street; thence easterly on the northerly line of East Forty-ninth street 100 feet; thence southerly on a line parallel with and 305 feet distant from the westerly line of Lexington avenue 60 feet to the southerly line of East Forty-ninth street; thence westerly along the said southerly line of East Forty-ninth street about 145 feet to the present railroad occupation; thence northerly along said railroad occupation 370.83 feet; thence southerly about 50 feet to a point on the northerly line of East Fiftieth street, said point being 40 feet westerly of the easterly line of Park avenue; thence southerly on the arc of a circle of 70 feet radius to the point of beginning, and which are shown by yellow shading and marked "G" on the map thereof, which is hereto annexed and marked "Exhibit 2."

—and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Murray Hill District on the 24th day of October, 1902, all the members voting in favor thereof.

Attest:

GEORGE W. BLAKE, Secretary.

Approved this 27th day of October, 1902.

JACOB A. CANTOR, President of the Borough of Manhattan.

CITY OF NEW YORK.

OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN, CITY HALL,
October 28, 1902.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment:

DEAR SIR—I herewith transmit to the Board of Estimate and Apportionment, through you, petition of the New York Central and Hudson River Railroad Company, and the New York and Harlem Railroad Company, to the Board of Local Improvements of the Murray Hill District of the Borough of Manhattan, the resolutions adopted by this Local Board, together with a copy of all communications received by said Board, and a copy of the proceedings had before said Board.

It will be observed that, owing to the great importance of this contemplated improvement, all who desired an opportunity to be heard were invited to and did present their views.

This Board also considered the advisability of making the New York, New Haven and Hartford Railroad Company a party to this proceeding, and to that end caused a communication to be addressed to that company, to which communication a reply was received from the President of said corporation, as will be seen by a copy of said letter hereto annexed and marked Exhibit "B." Inasmuch as the directors of said company will not have a meeting until November 8, this Board deemed it in the interest of the City to act promptly and thus refers this subject to the Board of Estimate and Apportionment. It did not feel that, owing to the daily perils confronting passengers traveling through the tunnel, action should be withheld until after the New Haven Company had consented, as this consent can be procured before the petition is finally granted.

Yours truly,

JACOB A. CANTOR,
President of the Borough of Manhattan.

NEW YORK CENTRAL AND HUDSON RIVER RAILROAD COMPANY,
NEW YORK, September 22, 1902.

Hon. JACOB A. CANTOR, President of the Borough of Manhattan, City of New York:

DEAR SIR—The petition of the New York Central and Hudson River Railroad Company to the Local Board of the Murray Hill District of Local Improvements, in the Borough of Manhattan, praying that said Local Board take such action as may be necessary to initiate proceedings for certain local improvements in said District has been heretofore presented to you. These local improvements consist of the widening of a portion of Park avenue, the discontinuing and closing of portions

of certain cross streets, title to the discontinued portions to become vested in the railroad company.

On the 29th day of March, 1902, a letter was transmitted to the Mayor of The City of New York giving in some detail the existing conditions and the desires and purposes of the company.

Since that letter was placed in the Mayor's hands several conferences have been had by representatives of the railroad company with the Mayor, with the purpose of determining upon such action as might be taken under existing law to enable the railroad company to proceed immediately with enlargement and improvement of its terminal facilities at and near the Grand Central Station. The making of this petition to the Local Board is one of the results of these conferences. The enlargement of the yard which the changes asked for in the petition will enable the company to make is absolutely essential to the efficient and safe operation of the railroad, and is in the public interest. It has been the distinct understanding with the Mayor that these changes are to be effected without cost or expense to the City.

It is the object of the railroad company to acquire title, by proper proceedings, to the discontinued portions of Park avenue and to the discontinued portions of the streets described in the petition. In exchange for the discontinued portion of Park avenue the railroad company proposes to vest, or cause to be vested, in the City the land to be acquired for the new portion of Park avenue, and to bear all the expense of the opening, grading and paving of same, and to pay the City for the discontinued portions of the intersecting streets described in the petition.

It has been the understanding with the Mayor that the City will co-operate with the railroad company in making these necessary changes upon condition that the railroad company discontinue, as soon as practicable, the use of steam as a motive power through the tunnel in Park avenue. The use of steam as a motive power cannot be actually discontinued until (1) legislative authority has been obtained; (2) the necessary power houses and equipment are constructed and acquired.

Anticipating that at the next session of the Legislature the necessary authority to use electric power instead of steam may be given, the company has acquired control of substantially all the private property required to make enlargement of the yards and for the widening of Park avenue, and is ready to commence this work if the end sought by the petition can be obtained and the necessary municipal action taken.

It is the present intention of the railroad company to discontinue the use of steam as a motive power of all its trains through the Park avenue tunnel, and to operate such trains by electricity—probably as far as Croton on the Hudson Division, and White Plains on the Harlem Division. The date upon which operation by electricity can be commenced will be determined (the necessary authority being obtained) upon the time required for the construction and equipment of power houses.

It was the desire of hastening and of prosecuting so much of this work as might be possible under the existing law that the letter above referred to was addressed to the Mayor of the City and the subsequent negotiations had, and with the same desire the company is ready, if it has the co-operation of the City as prayed for in the petition, to enter into contracts for the power houses required for operation by electricity, and take other steps for expediting the work as soon as the necessary details can be perfected.

I shall be glad to furnish you and to the Local Board any further information which you may require.

Very respectfully,
(Signed) W. H. NEWMAN, President.

NEW HAVEN, Conn., October 23, 1902.

HERBERT PARSONS, Esq., Alderman, Twenty-seventh District, No. 111 Broadway, New York:

DEAR SIR—Replying to your letter of October 21, would say that the matter you have under consideration regarding the discontinuance of steam and the adoption of electricity for use in our trains using the Park Avenue Tunnel is of such great importance that it is impossible for me to give you an answer until after the next meeting of our Board of Directors, which will be held on the 8th day of November next. The question will have prompt attention at that time, and I shall hope to be able to give some kind of an answer to your inquiry soon after the meeting.

Yours truly,

No. 32 BROADWAY, September 30, 1902.

Hon. JACOB A. CANTOR, President of the Borough of Manhattan, City Hall, New York:

DEAR SIR—Referring to the application of the New York Central and Hudson River Railroad for the closing of certain streets.

Some time ago Mr. Brown, Third Vice-President, was quoted in the Herald as saying that when the improvement contemplated had been completed not more than 20 per cent. of the trains would be run through to the Grand Central Depot.

I do not know whether it has occurred to you that the City, before complying with the demands of the road in closing the streets referred to, should have some definite agreement in regard to the train service to be furnished by the road.

With the increased facilities which will be afforded by the proposed changes in the neighborhood of Grand Central Station and the adoption of electric power for the suburban trains, together with a "loop" arrangement, which I understand is contemplated, the capacity of the road from Mott Haven Junction to Grand Central would be largely increased.

Allow me to suggest that any arrangement which the City may make with the railroad company should be made with the idea of improving the facilities now furnished the residents of the Bronx, instead of making them worse than they are now. I am a taxpayer in the Bronx, and use the New York Central night and morning because I am compelled to. The road has the reputation of caring nothing for its suburban traffic, and I think will make no improvements in the present service unless it is compelled to.

When the proposed changes at the Grand Central Depot are made and suburban trains are propelled by electricity, it seems to me that the road should be required to largely increase the number of trains and to run them at regular intervals. This would be done by almost any other large railroad under similar circumstances, but the history of the road shows they rarely make improvements in their service except when compelled to do so. They are compelled to keep up with the times so far as their through traffic is concerned, and in my opinion The City of New York should, before granting the road any further privileges, insist that its own citizens should be furnished far better service than they now have.

Yours very truly,
F. H. WEEKS.

NEW YORK, October 8, 1902.

Hon. JACOB A. CANTOR, President of the Borough of Manhattan:

MY DEAR PRESIDENT—At a meeting of the delegates of the above association, held on September 25 last, a motion was adopted that a committee be appointed to prepare suitable resolutions protesting against the granting of a franchise to the New York Central and Hudson River Railroad Company to close up the public highway on Park avenue, from Forty-eighth street to Fifty-sixth street, and to present them to you.

Kindly let me know when it will be convenient for you to receive said committee of this association before taking any action in the above action.

Awaiting an early reply, I am

Sincerely yours,

To the Board of Local Improvements of the Murray Hill District:

GENTLEMEN—At a meeting of your Honorable Body, held on the 21st day of October, 1902, to consider the petition of the New York Central and Hudson River Rail-

road Company for a certain local improvement, in said petition described, there was submitted a resolution and form of agreement, and it was arranged that any property owner who had appeared before the Board might submit any objections, amendments of suggestions to or concerning the said resolution, and accordingly, on behalf of my clients, the F. & M. Schaefer Brewing Company, I respectfully desire to call your attention to the following matters as to which the proposed resolution and agreement seem imperatively to need modification.

First—There is no limitation in the proposed resolution or agreement as to the time when the change in the motive power shall be made. It was suggested upon previous hearings that three years was the longest period which the railroad company should have in which to change their motive power from steam to electricity or some other motive power which shall not involve for its generation combustion in the cars or motors; and it is respectfully submitted that the omission to impose a reasonable provision as to the time as a condition of the granting of the petition may work great injury to the citizens of New York as well as to the owners of property adjacent to the proposed improvement.

Second—The provision that the power house or power houses to be erected shall not be placed in the "vicinity of this terminal yard" is objectionable because of its indefiniteness and paves the way for all manner of litigation in the future as to what is covered by the term "vicinity." Will the erection of a power house one block away from the yard be within the term "vicinity," or will the erection of a power house within five blocks be within the term "vicinity"? It is respectfully submitted that one of the conditions of the granting of the resolution should be that no power house is to be erected on Manhattan Island, and that in any event a restriction should be imposed as to the place where power houses shall be erected which shall be so definite that there can be no misunderstanding either on the part of the railroad companies or the public authorities. It has been our experience that to deal with a railroad company in generalities is fatal to the interests of the opponent of the railroad company and that in order to insure the faithful performance of the obligation of a railroad company every "it" must be crossed and every "i" dotted. If the Board are of the opinion that the railroad company should be permitted to erect a power house on Manhattan Island, then certainly the resolution should be specific as to either the place where such power house should be located or the place where it shall not be located.

Third—This resolution does not contain any condition that the New Haven Road shall agree to make the changes of motive power, etc., which are supposed by the agreement to be made binding on the New York Central and Hudson River Railroad and the New York and Harlem Railroad.

Fourth—Neither the resolution or agreement contain any provision imposing upon the railroad company as a condition of the granting of the petition the obligation to pay any damages which may be sustained by any property owners.

All of which is respectfully submitted.

Attorney for the F. & M. Schaefer Brewing Company.

To the Board of the Murray Hill District, the New York Central and Hudson River Railroad and to The City of New York:

We, the following petitioners, owners of real estate in the vicinity of the Grand Central Station, and parties interested and affected by the proposed change of the motor power of said terminal, respectfully oppose the adoption of the resolutions prepared by Alderman Ware, and which have been returned from the Corporation Counsel's office.

We further submit resolutions which are hereto attached as a substitute for the present resolutions before your honorable body.

We desire and respectfully ask that the resolutions which we herewith submit be adopted by your Board. We oppose the present relations before the Board for the reason that it does not obviate the nuisances which at present exist.

It does not provide for the removal of foot bridges and crossings from Forty-fifth street to Fifty-sixth street.

It does not provide that the New York, New Haven and Hartford Railroad Company will adopt the use of electricity.

It does not provide that the connection be made with the Rapid Transit Railway beneath the surface.

It does not provide that the tracks be depressed, admitting free access across the streets.

It does not provide that free access to travel be had from east to west for the extent of half a mile above the Grand Central Station.

It does not provide that the work of improvements shall be performed within three years, or within any other stipulated time.

It does not provide that a contract shall be entered into between the said railroad corporations and the City of New York, whereby the said railroad corporations and the City of New York will co-operate with the proposed improvements.

It does not provide that the highest skill known in electrical and mechanical engineering be employed to ascertain the best plans to be adopted in the proposed changes.

It does not provide that the power house be erected without Manhattan Island.

Respectfully submitted,

Amended Petition.

We, the undersigned, owners of property adjacent and near to the yards of the New York Central and Hudson River Railroad Company, desiring to co-operate with The City of New York, the Local Board of the Murray Hill District and the New York Central and Hudson River Railroad to facilitate such improvements in the installation of electricity as may be a permanent and lasting benefit to the City and all people using the railroad, hereby protest against the closing of the streets between Forty-third and Fifty-seventh streets and Madison and Lexington avenues, New York City, and we further protest against the erection of any power houses or any other nuisances which may be erected or maintained by the New York Central and Hudson River Railroad, the New York, New Haven and Hartford Railroad and the Harlem Railroad.

We further respectfully submit that the tracks in said railroad yards be depressed so that connection would be made directly with the Rapid Transit Railway, and that the yards be beneath the surface. That the present grade crossings and foot paths over the railroad yards be entirely removed, and that the streets be opened up to the public in order to give access east and west. That there be an entrance into the proposed sub-station at Forty-third, Forty-fourth and Forty-fifth streets, which will make facilities more convenient for taking trains and obviate the necessity for walking several blocks to board a train.

We further respectfully submit that The City of New York and the said railroad corporations shall enter into an agreement whereby the surface now occupied by the present railroad tracks be made into a park and such improvements be carried out as will add to the beauty of the present railroad station, and make such architectural developments as may be in harmony with the present movement for making New York a beautiful city. This, we believe, would greatly enhance the value of real estate in the vicinity of the Grand Central Station, and that it would add materially to the taxes which would be paid into the City Treasury.

In the event that any engineering difficulties to carry out the proposed plan be alleged, it is further proposed that the President of the Murray Hill Board of Improvements appoint a committee of three competent engineers, one to represent the railroad corporations, one to represent the City and a third disinterested party, who will make an examination of the engineering problems and make a report to the

Local Board of the Murray Hill District and to the parties herein concerned of their findings.

To the Board of Local Improvements of the Murray Hill District:

GENTLEMEN—In addition to the objection handed in by me this morning to the proposed resolution and agreement in re application of New York Central and Hudson River Railroad Company and New York and Harlem Railroad Company, which is to be considered by your Board to-day, permit me to call your attention to another serious objection which, while mentioned upon the oral argument, was inadvertently omitted from the paper aforesaid.

The plan as proposed by the railroad company takes the whole avenue front on Fourth avenue, from Forty-ninth to Fiftieth streets, and a little curve around the corner, and practically turns Park avenue in front of the premises of the F. & M. Schaefer Brewing Company into an alley. The travelway is 27 feet, and at the point in question only 25 feet, which narrows the passageway to such an extent as to interfere with ordinary use and travel as a street, and to the passage of fire engines in case of a conflagration in that neighborhood. The great narrowing of the street not only causes a very serious injury in value to the adjoining property, the street in front of which is reduced to this narrow passageway, but affects generally all other property in the vicinity by the practical closing up of this thoroughfare.

It is respectfully submitted that in any event the curve alluded to and the narrowing of the roadway thereby should be eliminated from the plan before it shall be approved by the Board.

Dated October 24, 1902.

Yours, etc.,
ASHBEL P. FITCH,
Attorney for the F. & M. Schaefer Brewing Company.

September 9, 1902.

Hon. JACOB A. CANTOR, No. 25 Broad Street:

MY DEAR MR. PRESIDENT—I beg to inform you that my clients, the F. & M. Schaefer Brewing Company, desire to be heard by the Local Board of the Murray Hill District of Local Improvements in the Borough of Manhattan in opposition to the petition of the New York Central and Hudson River Railroad Company, and of the New York and Harlem Railroad Company, dated August 30, 1902, and signed by W. G. Brown, Third Vice-President of the New York Central and Hudson River Railroad Company, and W. B. Crane, Treasurer of the New York and Harlem Railroad Company.

The F. & M. Schaefer Brewing Company are the owners of two blocks of property, which will be more fully described to you, comprising the entire block front on Fourth avenue, between Fiftieth and Fifty-first streets, and one-half of the block on Fourth avenue, between Fifty-first and Fifty-second streets, and a large number of lots on the north side of Fiftieth street and the south side of Fifty-first street, and the north side of Fifty-first street, which the Brewing Company and its grantors, Messrs. F. & M. Schaefer, have owned and paid taxes upon for more than forty years.

On these premises they have erected large and expensive buildings in which an important industry is carried on, in which many men are employed and large amounts of capital are invested.

The granting of the petition of the two railroad companies will cause my clients irreparable damage, as will be more fully submitted to you later, and we shall respectfully ask of the Board of which you are a member that our rights be respected and preserved in any action which your Board may take. I am, with great respect,

Your obedient servant,

ASHBEL P. FITCH,
Attorney for the F. & M. Schaefer Brewing Company.

At a regular meeting of the United Real Estate Owners' Association of The City of New York, held on Thursday, October 23, 1902, the following resolutions were unanimously adopted:

Resolved, That while desirous of facilitating the proposed changes desired by the New York Central and Hudson River Railroad Company from steam to electricity, this association deems that no liability should be attached to the City in the proposed changes of grades and that such work should be undertaken and paid for by the said company, and that the said railroad should be liable to the City and real estate owners in proximity for damages caused by said change of grade; and

That we are opposed to giving any of the public highways to the said company; and

That we are opposed to the erection of power houses for the use of the said company within city limits; it is further

Resolved, That while also desirous of facilitating the acquisition by the New York Central and Hudson River Railroad Company of additional terminal facilities, from Forty-second street to Fifty-sixth street, we desire to see the proposed underground loop carried out, as set forth in the plans of the company, but we believe that the whole of the main tracks, as now existing, should be depressed below the street grades from the terminus to Fifty-sixth street, and that communication, which is now cut off between Madison avenue and Lexington avenue, should be restored, at the grade of the present streets between Forty-second street and Fifty-sixth street; it is further

Resolved, That a copy of these resolutions be transmitted to Hon. Jacob A. Cantor, President of the Borough of Manhattan.

Petition.

To the Board of Aldermen, the Local Board of the Murray Hill Improvements, the New York Central and Hudson River Railroad Company:

We, the undersigned, owners of property adjacent and near to the yards of the New York Central and Hudson River Railroad, hereby protest against the closing of the streets between Forty-third and Fifty-seventh streets and Madison and Lexington avenues, New York City, and we further protest against the erection of any power-houses or any other nuisances which may be erected or maintained by the New York Central and Hudson River Railroad or the New York, New Haven and Hartford Railroad Company and the Harlem Railroad.

We further respectfully submit that the tracks in said railroad yards be depressed so that connection would be made directly with the Rapid Transit Railway, and that the yards all be beneath the surface. That the present grade crossings and foot paths over the railroad yards be entirely removed, and that the streets be opened up to the public, in order to give free access east and west. That there be an entrance into the proposed sub-station at Forty-fourth and Forty-fifth streets, which will make facilities more convenient for taking trains and obviate the necessity for walking several blocks to board a train. We further respectfully submit that The City of New York and the said railroad corporation shall enter into an agreement whereby the surface now

occupied by the present railroad tracks be made into a park, and such improvements carried out as will add to the beauty of the architectural surroundings of the present railway yard and site. This, we believe, would greatly enhance the value of real estate in the vicinity of the Grand Central Station, and that it would add materially to the taxes which would be paid into the City Treasury and would increase the patronage of the railroad. In the event that any engineering difficulties to carry out the proposed plan be alleged, it is further proposed that the President of the Murray Hill Board of Improvements appoint a committee of three competent engineers, one to represent the railroad corporations, one to represent the City and a third disinterested party, who will make an examination of the engineering and make a report to the Local Board of the Murray Hill District and to the parties herein concerned of their findings.

To the New York Central and Hudson River Railroad; to the Board of Aldermen of the Murray Hill District:

I, Henry F. Deane, being the owner of property No. 114 East Forty-fifth street, New York City, also No. 454 Lexington avenue, protest against the encroachment of any nuisance near to my property by reason of the acquisition by the said New York Central and Hudson River Railroad, and by the reason of moving any railroad tracks, building materials and maintaining any other nuisance near to my property, and in event of any damage to my property, above mentioned, I shall hold the New York Central and Hudson River Railroad Company responsible, or any other parties responsible for said nuisance.

Respectfully submitted,

JAMES ARMSTRONG, COUNSELLOR AT LAW,
No. 192 BROADWAY,
NEW YORK, October 1, 1902.

Hon. JACOB A. CANTOR, President of the Borough of Manhattan, City Hall, New York City:

DEAR SIR—I own and occupy No. 74 East Fifty-fifth street, the easterly line of which is one hundred feet west of the present westerly line of Park avenue.

I have lived in that neighborhood for a number of years, and have had occasion to observe the operation of the trains of the New York Central and Hudson River Railroad Company in that part of the depressed roadway for some years past.

I understand they are now asking for permission to remove Park avenue seventy-five feet westerly from its present location, and to close a number of the cross streets between Fifty-fifth street and Forty-ninth street, for the purpose of furnishing them with a yard in which to store their cars and make up their trains. It seems to me that they should not be permitted to make this change, or to close up the cross streets. If Park avenue is to be removed to the westerly and the railroad company given the space, the railroad company should be required to further depress their tracks along there so that the entire space could be covered over. To permit the railroad company to use this space and an additional strip of Park avenue as a place for the shunting of cars and the cleaning of cars, would create a nuisance in that neighborhood far worse than the present situation creates.

It seems to me that a practicable thing for the railroad company to do would be to sufficiently depress their tracks at the places indicated to enable them to carry Park avenue across their tracks and to continue in existence at about their present grading all the cross streets now in existence sought by it to be closed.

At the next hearing upon this question I should be glad to have the privilege of appearing before you and making my objections to the granting of the petition of the railroad company.

I am,

Yours respectfully,
(Signed) JAMES ARMSTRONG.

To the Honorable the Board of Local Improvements of the Murray Hill District, City of New York:

The protest of the Middle Park Avenue Improvement Association (of property owners between Forty-fourth and Fifty-seventh streets adjacent to Park avenue and on the same) is hereby respectfully presented against the closing of any part of any street or avenue to further any application of any railroad corporation or the creation of any new street or avenue to give such corporation further surface privileges than now possessed.

This association, on the other hand, maintains that engineering opinions demonstrate the practicability of preserving and restoring the surface of Park avenue below Fifty-sixth street to and including Forty-ninth street by requiring the sinking of the tracks in that space and the restoration of the cross streets to the grades prescribed by law.

The change to electric traction now proposed should not entail the almost wanton destruction of taxable values to the City in the new avenue proposed to be laid out and the abandonment of a locality capable of great future improvement and consequent increase of taxable values to the depreciation attendant on its nearness to a switching yard for trains substantially on the surface of the street.

The surface of Park avenue as it exists above Fifty-sixth street should be continued as a consideration for any grant of additional privileges, and all tracks kept below the avenue surface to and including Forty-ninth street and the side street crossings restored as above Fifty-sixth street.

Respectfully submitted (in the absence of Mr. Henry Morgenthau) by
CHARLES G. PETERS,
for the Committee.

To the Board of the Murray Hill Improvements, JACOB A. CANTOR, President:

GENTLEMEN—Herewith I file resolutions as a substitute for the resolutions now before the Board in the matter of the proposed improvements embodied in the petition of the New York Central and Hudson River Railroad.

The resolutions filed herein embody the wishes of a large number of property owners, as well as many other parties who may be affected by the proposed changes in the vicinity of the Grand Central Station, who have petitioned your Honorable Board opposing the resolutions which are now before the Board as submitted by Alderman Ware.

In behalf of the petitioners and the property owners herein who have filed a protest against the proposed resolutions, I respectfully request that the resolutions hereto attached be substituted in place of the resolutions now before the Board, and that the matter therein referred to be adopted, and that the improvements set forth therein be made as provided therein.

Yours truly,
(Signed) R. J. DONOVAN.

Resolutions.

Whereas, A joint petition for a local improvement, described below, has been received by the President of the Borough of Manhattan from the New York Central and Hudson River Railroad Company and the New York and Harlem Railroad Company, addressed to the Local Board of the Murray Hill District; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of said petition, at which meeting the said petition would be submitted by him to the Local Board and he has caused a notice to be published in the "City Record" that the said petition has been presented to him and is on file in his office for inspection, and at the time and place where there would be a meeting of this Local Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now, therefore, it is

Resolved, By the Board of Local Improvements of the Murray Hill District, pursuant to titles 2 and 3, chapter 10, of the Greater New York Charter, that the said petition be and the same is hereby granted; provided that petitioners shall, within ten days after the adoption of this resolution, file with the Mayor of The City of New York a stipulation or agreement duly executed by them to the following effect:

(a) That they will apply at the earliest practicable date to the Legislature of the State of New York for leave to change the motive power in use along Park avenue north of Forty-second street from steam to electricity.

(b) That as soon as such legislation has been secured they will at once proceed with, and diligently prosecute the work of erecting power houses and taking other necessary means for changing the motive power in use along their lines within the city limits, and that within three years from the time of securing such legislation neither the New York Central and Hudson River Railroad, the Harlem Railroad, or the New York, New Haven and Hartford Railroad, nor their lessees shall or will operate any of their lines within the city limits by any other motive power than electricity, compressed air, or such motive power as will not involve combustion.

(c) That the power house or power houses to be erected by the petitioners for the generation of electricity or other motive power shall not be situated in the Borough of Manhattan; and it is hereby

Resolved, That, subject to the filing of the stipulation hereinbefore provided, this Board does hereby initiate proceedings for the following local improvement, to wit:

(1) That a contract be entered into between the petitioners herein and The City of New York whereby the City may co-operate with the petitioners herein for the purpose of aiding and assisting the carrying out of the proposed improvements as herein set forth.

(2) That, in order that the said improvements may be of the most modern and of the highest skill known to mechanical and electrical engineering, it is proposed that three of the most skilled engineers be selected to prepare plans of the terminal and proposed improvements, one of whom shall be selected by the said railroad corporations, one by The City of New York, and one by other and disinterested parties who may be affected by the proposed improvements. That the services of each engineer shall be paid by the parties selecting said engineer; that the said engineers shall make a complete and thorough examination, and make plans and drawings which shall be submitted to the Local Board of the Murray Hill Improvements, to the Board of Estimate and Apportionment, to the Board of Aldermen, to the railroad corporations, and to the petitioners whose names are hereto attached, as soon as practicable.

(3) That the tracks of the present railway yard be depressed about fifteen feet, or to a sufficient depth so that all grade crossings and footpaths be removed between Forty-third and Fifty-seventh streets, so that the streets may be opened up, giving free access over the railroad east and west.

(4) That beneath the surface tracks as depressed, there shall be a loop for the purpose of accommodating suburban travel making a direct connection with the underground rapid transit on or about the level with the said underground rapid transit. That the tracks near to the surface be used for long distance travel.

(5) That an entrance to the station be provided at Forty-fourth or Forty-fifth streets, so that trains may be conveniently and quickly boarded.

(6) That within the Grand Central Station the upper tracks be not covered or bridged over, so that light and air may be furnished to the employees and passengers entering the railroad station.

(7) That immediately north of the Grand Central Station a park be made, or such other improvements as may be in harmony with the present architectural movements for beautifying The City of New York. That the said park have openings which will afford light and air to the employees and passengers using said railroad.

(8) That a power house shall be erected without the Borough of Manhattan.

(9) That the proposed improvements shall be made within three years, and after such time no motive power shall be used involving combustion.

(10) That in making the improvements herein, no streets be closed to the public.

Whereas, The petitioner, The New York Central and Hudson River Railroad, has duly executed and delivered to this Board, to be filed with the Mayor of The City of New York, a certain stipulation and agreement; and it is hereby

Resolved, That a copy of these resolutions be transmitted to the Board of Estimate and Apportionment for its approval.

Adopted by the Local Board of the Murray Hill District on the day of 1902.

Voting in favor thereof—

NEW YORK, September 17, 1902.

Mr. W. J. WILGUS, Chief Engineer:

DEAR SIR—In response to your telephone message asking for information regarding capacity of the proposed terminal yard, I submit the following:

	Present Yard Cars.	Proposed Yard Cars.	Increased Cars.
Adams Express.....	7	14	7
Adams Express.....	18	24	6
West Yard.....	120	135	15
East Yard.....	6	203	197
Station	179	241	62
Totals.....	330	617	287

From a study of the traffic conditions of the station I find that the normal accumulation of cars in yard, due to excess of incoming trains in the morning over outgoing trains, amounts to 270 cars. This is assuming there are no cars stored at Mott Haven and, as the capacity of the proposed yard over the present yard is in excess of this accumulation, it is evident that the storage capacity will be sufficient for the present at least.

The capacity for train movements cannot be definitely stated, but with the number of tracks in the cut doubled, making it possible to devote four tracks to yard switching and leaving four main tracks for regular train service, the provision for train movements would appear to be ample for a very considerable increase over the present requirements.

Yours respectfully,
Terminal Engineer.

CITY OF NEW YORK,
OFFICE OF THE PRESIDENT OF THE BOROUGH OF MANHATTAN, CITY HALL,
October 29, 1902.

Hon. JAMES W. STEVENSON, Secretary, Board of Estimate and Apportionment:

DEAR SIR—President Cantor requests me to send you herewith petition from Mr. Theodore Harris and others on behalf of owners of real estate or residents located on East Fifty-fourth street in the vicinity of Park avenue, requesting the "restoring to its proper and intended use that part of East Fifty-fourth street situated at the crossing of Park avenue, by sinking the bed of the railroad the few feet required, and the construction of a bridge the full width of the street on the surface level, so as to allow easy and direct intercommunication east and west."

As this petition should be taken up with the resolutions adopted by the Board of Local Improvements of the Murray Hill District, granting the petition of the New York Central and Hudson River Railroad and the New York and Harlem Railroad Companies, it is sent to you for the consideration of the Board of Estimate and Apportionment.

Respectfully,
GEORGE W. BLAKE, Secretary.

To the Honorable the Mayor of The City of New York and the President and the Members of the Common Council of the Borough of Manhattan:

GREETING.

We, the undersigned owners of realty located on East Fifty-fourth street, in the vicinity of Park avenue, or residing thereupon, respectfully represent:

That our vested rights and other interests have already been seriously damaged by the grants made to the New York Central and Hudson River Railroad Company and other corporations covering the occupation and use of Park avenue;

That we highly appreciate the necessity for the improvement of the existing passageway for the railroad on Park avenue for the benefit of the City, as well as the suburban residents and other more distant travelers, and in general we cordially approve and rejoice over the proposed plan for the Park avenue improvement, especially in the substitution of electricity for steam as the motive power;

That it has become an acknowledged principle that the travel of the City should, to the utmost extent practicable, be conducted underground, so as to leave the streets wholly unobstructed and clear for the free travel, comfort and other uses of the people, including the transaction of business. To this end the City has taken upon itself heavy burdens of taxation in constructing its Rapid Transit system, and it has required another great railroad corporation to purchase the privilege of tunneling beneath the streets in order to make and maintain a passenger railway.

That the present hour of contemplated changes is most opportune for restoring to its proper and intended use that part of East Fifty-fourth street situated at the crossing of Park avenue by sinking the bed of the railroad the few feet required, and the construction of a bridge the full width of the street on the surface level, so as to allow easy and direct intercommunication east and west, as was contemplated and provided for in the plan of the City.

We respectfully and most earnestly beg for this modification of the proposed measure for the improvement of Park avenue as a matter of justice to ourselves and to all the citizens who may have occasion to use these streets. We have good reason to believe that there are no insurmountable engineering difficulties in the case. We can not see how a corporation that is granted free underground and surface passageway should be unwilling at this juncture to incur the expense of the few thousand dollars needed for this change, or why the property owners or occupants should bear this loss for the benefit of the railroad whose use would not thus be impaired. We confidently believe that the authorities are not indifferent to the interests of the people who have placed those interests in their keeping, and we therefore renew our petition that they will not fail to now require this condition, necessary for conserving and securing to us the comfort, enjoyment and use of our property, and all our rights connected therewith.

Respectfully submitted,

New York, October 15, 1902.

Resolutions Adopted by the "Citizens' East Side Improvement Association" November 19, 1902.

Whereas, The New York Central and Hudson River Railroad Company and the New York and Harlem Railroad Company have made an application to the municipal authorities for permission to close certain streets, and to obtain a new contract with The City of New York, which application is now pending before the municipal authorities of The City of New York, and

Whereas, By the terms of said application, the said railroad companies propose to forever close to the public, the use of certain streets in the district bounded by Forty-second and Fifty-sixth streets, and Lexington and Madison avenues, and

Whereas, By the terms of said application it is proposed to continue forever closed to vehicles all streets within said district which are already unnecessarily and wrongfully closed, and

Whereas, Ownership and easement of streets are, and by right are the common property of the people, and should remain open for the use of the public, permitting freedom of transit east and west within said district, and

Whereas, The property within and about said district is among the most important within the limits of Manhattan Island, and

Whereas, This association is advised by officers of the Fire, Police and Street Cleaning Departments that human life and property are daily imperiled, if the streets within the said district are not opened up to the public, so that the necessary work of these departments, to enable them to protect life and property, may be carried on without such obstructions, and

Whereas, By reason of the present condition of the said railroad terminal, the City is cut in two for about five-eighths of a mile at its very heart, its east and west sides separated as it were by a river which has no fords, and few and wholly inadequate bridges, and

Whereas, The said railroad companies secured the right from The City of New York to establish the present terminal on Manhattan Island under the agreement that all the tracks and yards should be depressed, thus permitting the public to enjoy the freedom of the highways, and

Whereas, The terminal now existing, the dingy footpaths, ugly walls and unsightly grade bridges incidental thereto are, and have been for a period of about thirty years, nuisances which have materially injured the property rights, lessened taxable value and hindered the development of property in the vicinity, and

Whereas, The reclaiming of Park avenue would add to the value of property within the above district to many millions of dollars, and would reduce the assessment rate of taxation of Greater New York to the benefit of all the property owners of the City, and

Whereas, It is the desire of this association to encourage the installment of such motive power, and to aid in securing such legislation as may be required to make travel through the Park avenue tunnel as safe and enjoyable as the highest degree of skill known to mechanical and electrical engineering may permit, and

Whereas, The present congested condition of travel on Fifth and Madison avenues, and on Forty-second street, is well nigh intolerable, and

Whereas, The opening of streets in the said district would relieve the congested condition of Fifth and Madison avenues, and of Forty-second street, now therefore be it

Resolved, That the surface tracks of the said railroads within said district be sunken to a sufficient depth to permit of the streets within said district being opened up on grade level, to afford easy access from one side of the City to the other.

That any power house erected by the said railroad if erected on Manhattan Island shall be located upon the river fronts.

That this association co-operate with the said railroads and the municipal authorities, and endeavor to secure such legislation as may be required to install as a motive power, electricity, or some other motive power not involving combustion, and to make such other improvements as are herein set forth.

That the Executive Committee of this association be and hereby is instructed to call upon the officers of the said railroads on behalf of this association, and to present to the said railroad officers a copy of these resolutions, and make the request, and offer to co-operate with the said railroads to make said improvements.

That this association invites membership of all other associations, and of the public spirited citizens whose aim it is to improve the municipal conditions of New York.

That the office and place of business of this association shall be, until further notice, at No. 123 East Forty-fourth street, Borough of Manhattan, City of New York.

THE REAL ESTATE BOARD OF BROKERS OF THE CITY OF NEW YORK,
No. 111 BROADWAY,
NEW YORK, November 20, 1902.

The Real Estate Board of Brokers of The City of New York heartily approve of the scheme to depress the tracks of the New York Central Railroad south of Fifty-seventh street and to restore the surface of Park avenue by roofing the cut at least as far south as Forty-seventh street.

FRANCIS E. WARD, President.

After hearing Mr. Place, counsel for the New York Central Railroad Company, Mr. W. C. Brown, Third Vice-President of the company, and Mr. Everett P. Wheeler, representing the Park Avenue Association, in favor of the proposed improvement; and Mr. Richard J. Donovan, Mr. John Larkin, Mr. O'Reilly, Assemblyman Wainwright, Mr. Ashbel P. Fitch, Mr. Henry Marcus, Mr. William H. Steinkamp and Mr. George L. Shearer in opposition, the hearing was adjourned until November 26, at 10.30 o'clock in the forenoon, and the railroad company was requested to furnish at that time a statement as to the practicability of depressing the tracks so that the streets between Forty-fifth and Fifty-sixth streets could be carried across the railroad property nearly at grade.

The Mayor designated Chief Engineer Lewis as the representative of the Board to confer with the engineers representing the property owners and the railroad company.

The following communication from the Corporation Counsel was read and the Secretary was directed to place the matters referred to therein at the head of the calendar for the meeting of November 28:

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL,
NEW YORK, November 20, 1902.

Hon. SETH LOW, Mayor, and Chairman of the Board of Estimate and Apportionment:

DEAR SIR—I am informed that the following proceedings for the opening of streets, etc., are upon the calendar of your Board, awaiting its determination upon applications made to it by property owners interested to have the City assume part of the cost and expense of such proceedings:

East Two Hundred and Thirtieth street, from Broadway to Bailey avenue.
Public place at One Hundred and Forty-ninth street and Gerard avenue.
Public park between the New York Central and Hudson River Railroad and Spuyten Duyvil road.
West One Hundred and Thirty-fifth street, between the Boulevard and Riverside Drive, Clay avenue from Park avenue to Webster avenue.
Arthur avenue, from Tremont avenue to Pelham avenue.
Valentine avenue, from Burnside avenue to Kingsbridge road.
Garden street, from Grote street to the Southern Boulevard.
Sullivan street, from West Third street to West Fourth street.
Vanderbilt avenue East, from Twenty-third Ward line to Third avenue and Pelham avenue.
Bathgate avenue, from Wendover avenue to East One Hundred and Eighty-eighth street.

Rockwood street, from Walton avenue to the Grand Boulevard and Concourse.
A new street between Reade and Chambers streets.

It is very desirable that these proceedings should be presented to the Supreme Court for confirmation before the end of this year, as in most of them the extensions of time to complete the proceedings, granted to the Commissioners themselves, will have expired by December 31, 1902.

I may have to oppose any applications for further extension on behalf of the Commissioners, and it seems to me the City should not be placed in the position of opposing applications for extension of time to complete proceedings for which the City authorities themselves may be responsible.

I am aware of the great amount of business before the Board of Estimate and Apportionment, but I suggest that these matters be placed at the head of your cal-

endar, if possible, or if not, that a special day be given to their consideration, so that the reports of the Commissioners may be made up and filed in time to have motions made to confirm before the end of this year.

Yours respectfully,

G. L. RIVES, Corporation Counsel.

The following report from the Chief Engineer was placed on file:

BOARD OF ESTIMATE AND APPORTIONMENT.

(PUBLIC IMPROVEMENTS.)

A meeting of the Board of Estimate and Apportionment of The City of New York was held on Wednesday, November 26, 1902, at 10.30 o'clock in the forenoon, in the old Council Chamber (Room 16), City Hall, pursuant to resolution.

Present—The Mayor, the Comptroller, the President of the Board of Aldermen, President of the Borough of Manhattan, President of the Borough of Brooklyn (Commissioner of Public Works Redfield), President of the Borough of The Bronx and President of the Borough of Queens.

The hearing in the matter of the application of the New York Central Railroad Company to have Park avenue widened between Fifty-sixth and Forty-ninth streets, etc., was resumed.

The following report from the Chief Engineer was read:

BOARD OF ESTIMATE AND APPORTIONMENT,
CHIEF ENGINEER'S OFFICE, CITY HALL,
November 25, 1902.

Hon. SETH LOW, Mayor, Chairman of the Board of Estimate and Apportionment:

SIR—The Board of Estimate and Apportionment having, at its meeting held on the 21st instant, instructed me to confer with the Chief Engineer of the New York Central and Hudson River Railroad Company, and the Engineer representing the property owners who would be affected by the proposed widening of Park avenue between East Forty-ninth street and East Fifty-sixth street and the changes which are proposed by the Railroad Company in their terminal at Forty-second street and Park avenue, and to report to the Board just what changes would be necessitated by lowering the tracks in the cut and the yard sufficiently to permit of the carrying across them the streets, in their present grades, between the Grand Central Station and East Fifty-sixth street, I beg to report as follows:

I have carefully gone over the plans already furnished me by the Railroad Company, and from the information contained therein as to the present grades, have prepared a statement which is herewith submitted showing the effect of three different gradients upon the street crossings and the railroad yard. A conference has also been held with the two engineers above referred to, examining three alternative propositions prepared by the Engineer of the Railroad Company and discussing them with the Engineer representing the property owners.

The plans considered by me may be briefly described as follows:

Plan 1. Beginning at a point in the tunnel 411 feet north of the portal, which is at the south side of East Fifty-sixth street, and running a level grade to the south side of East Fifty-fourth street, from which point the grade would rise at the rate of 1.5 per cent. to the south side of Forty-ninth street, at which point it would be 5.1 feet below the present grade. If the grades from there south were made parallel with the present grades, the entire yard would have to be lowered 5.1 feet, but if the grade rises at the rate of 0.4 per cent. from the south side of Forty-ninth street to the north end of the Station, it will meet the present grade at this point, and the entire train shed could remain as it is. This treatment, however, would involve raising the grade of East Fifty-first street over 2 feet and that of East Fiftieth street about 7 feet, in order to bridge the tracks, and the consequent damage to property along the latter street would be very great.

Plan 2. This contemplates, as in Plan 1, a level grade north of East Fifty-fourth street, from which point the grade would rise at the rate of 1.25 per cent. to the south side of East Forty-ninth street, where it would be 8.3 feet below the level of the present tracks. If the grade rise at the rate of 0.4 per cent. from here to the south end of the train shed, the present tracks would have to be lowered 3 feet 3 inches at the north end of the shed and less than 6 inches at the south end where passengers enter and leave the waiting room. If the 1.25 per cent. grade should be produced to a point 60 feet south of the south side of East Forty-ninth street and the 0.4 per cent. grade begun there, the tracks at the head of the Station would be left exactly as they are at present, and those using the Station would notice no change. This treatment would permit the five streets from East Fifty-first street to East Fifty-fifth street (inclusive) to be carried across the tracks upon their present grades with no distortion whatever, while the grade of East Fiftieth street is shown by the table to be raised 4.5 feet, though

since preparing it I have been informed that the present height of the tunnel roof above the base of rail is but 16 feet, which height would require the grade of East Fiftieth street to be raised three feet, any damage for which would be more than compensated by the opening of an excellent crossing where none exists at present.

Plan 3. A level grade is again proposed north of East Fifty-fourth street, as in plans 1 and 2, and the grade south of that street rises at the rate of one per cent., reaching an elevation of 11.6 feet below that of the present tracks at the south side of East Forty-ninth street. If a rising grade of 0.4 per cent. be carried from here to the head of the train shed, the tracks at the north end of the shed, or at Forty-fifth street, would be lowered 6.5 feet, and at the extreme end, or at the Concourse, 3.7 feet, requiring the introduction of 13 steps to reach the waiting room. The only advantage of this plan over No. 2 is that the grade of East Fiftieth street would have to be raised but a few inches to permit of bridging the tracks.

In none of these plans has consideration been given to the advisability of carrying the streets between the north end of the train shed and East Forty-ninth street across the railroad yard, nor has it been proposed to carry East Forty-ninth street over the tracks except possibly by a foot bridge, such a foot bridge being 12.3 feet, 9.1 feet and 5.8 feet above the street grade in plans 1, 2 and 3 respectively.

The Chief Engineer of the Railroad Company has prepared three different studies which he has designated A, B and C, and which are shown upon the plan which he has furnished me, which is herewith submitted.

"A" provides for carrying every street above the north end of the train shed, viz., Forty-fifth to Fifty-fifth street, inclusive, across the cut and yard, which involves lowering the entire yard and Station 20 feet and necessitates the introduction of 40 steps, with 6-inch risers, to reach the waiting room from the platforms. This treatment is certainly radical, and effectually solves the street crossing problem, but involves serious inconvenience to those using the Station.

"B" is identical with Plan No. 1 already referred to and is therefore open to the same objection, viz., heavy damage for changes of grades at Fiftieth and Fifty-first streets.

"C" contemplates a level grade to East Fifty-fourth street, then an 0.8 per cent. ascending grade to East Forty-eighth street to a point 15 feet below the present track level; then a rising grade of 0.3 per cent. to the north end of the train shed at East Forty-fifth street, where it would be 10 feet below the present tracks, while a rising grade of 0.4 per cent. would be used in the shed so that at the Concourse the tracks would have to be lowered 7.5 feet, introducing about 21 steps to reach the waiting room. This plan would permit of carrying all streets across the tracks, but the bridges from Forty-fifth street to Forty-ninth street would have steep grades at the ends to gain the necessary head room.

It was found upon consultation with the Engineer representing the property owners that the latter were anxious to have every street from Forty-fifth street to Fifty-fifth street, inclusive, carried across the tracks. This would be accomplished at their natural grades by plan "B" and at distorted grades in four cases by plan "C," but with the attending inconvenience to passengers which has been noted.

I think the merits and demerits of the various suggestions are apparent and they are submitted without further comment.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Mr. Donovan, Mr. Larkin, Mr. Fitch, Mr. Steinkamp, Mr. Geo. B. Christman, Mr. Adolph Strauss, a property owner, and Mr. H. E. Wynn, Civil Engineer, appeared in opposition to the original proposition.

Mr. Place appeared for the Railroad Company.

After hearing the protestors, Mr. Place stated that the Railroad Company was not yet ready to submit a proposition, and asked for a delay of one week.

The Mayor moved that the hearing be adjourned to Thursday, December 4th, at 10.30 o'clock in the forenoon, which resolution was adopted by the following vote:

Affirmative—The Mayor, Comptroller, President of the Board of Aldermen, president of the Borough of Brooklyn, President of the Borough of The Bronx and the President of the Borough of Queens.

J. W. STEVENSON, Secretary.

JOHN H. MOONEY, Assistant Secretary.

BOARD OF EXAMINERS.

January 6, 1903.

Present—Messrs. Francis C. Moore, William J. Fryer, Warren A. Conover, William C. Smith, Cornelius O'Reilly and Walter Cook, Chairman.

Mr. Cook called the meeting to order at 3 p. m. and presented the following paper, signed by his Honor the Mayor:

Know all men by these presents, That I, Seth Low, Mayor of The City of New York, under and by virtue of the authority of the statutes in such case made and provided, do hereby designate Walter Cook, one of the Examiners appointed by the associations mentioned in section 411 of the Greater New York Charter, as the presiding officer of the Board of Examiners prescribed by said section; to hold office until his successor is appointed and shall qualify.

In witness whereof, I have hereunto set my hand and affixed my seal of office, this 5th day of January, A. D. One thousand nine hundred and three.

SETH LOW, Mayor.

On motion, the foregoing paper was ordered entered on the minutes in full.

Minutes of meeting of December 30, 1902, read and on motion approved.

On motion, the following resolution was unanimously adopted and ordered entered on the minutes, the Clerk being directed to send a copy thereof to Mr. D'Oench:

Resolved, That with the termination of Mr. A. F. D'Oench's three years' connection as a member of this Board as representative of the New York Chapter of the American Institute of Architects, and the termination of his one year's service as the presiding officer of this Board by the designation of his Honor the Mayor, we, his colleagues, beg to express our appreciation of his earnest and able services in the discharge of his duties as a member of this Board; and for his uniform courtesy, consideration and patience in presiding over the deliberations of this Board and attending to the other duties of that position as the executive head of this Board.

Mr. William J. Fryer stated that he had been re-elected as representative of the Society of Architectural Iron Manufacturers, and that he had presented his credentials to the Mayor and signed the oath of office, as required by law.

Mr. Cornelius O'Reilly stated that he had been re-elected as representative of the Real Estate and Builders' Association; that he had presented his credentials to the Mayor, and signed the oath of office, as required by law.

Appeal No. 364, New Building, No. 667 of 1902, Avenue D and Seventh street, Manhattan, A. E. Badt, architect and appellant. Amendment filed January 2, 1903, appeal having been laid over at last meeting.

It is proposed in lieu of brick partition walls to separate each apartment on every floor by partitions as tinted red on plans, herewith filed. Said partitions to have spaces between studs filled in to form fire stops between partitions and will be wire lathed and plastered.

The partitions will extend through the beams on each floor and here likewise filled in with brick. In addition, the entire store ceiling or second tier of beams will be covered on the underside with wire lath, securely fastened to beams by long staples, or if acceptable to the Board the entire store ceiling, or underside of second tier of beams will be covered with heavy sheet steel ceiling plates, securely spiked to beams, etc. Mr. G. Wills appeared before the Board.

On motion, approved on condition that the first floor ceiling shall be wire lath, 3-8-inch mesh, securely fastened to beams by long staples, and plastered according to statement made; and also on the understood condition that the partitions separating apartments are to be filled in solidly for their full height.

Appeal No. 366, New Building No. 704 of 1902, corner Madison and Oliver streets, Manhattan, M. Bernstein, architect and appellant; where the span exceeds 26 feet between walls it is proposed to put up steel I. B. girders with fireproof partitions directly underneath same, and to be filled in with 4-inch thick burnt clay blocks. Partitions separating one apartment from another will be filled in between the studs

with 4-inch thick burnt clay bricks. All partitions will rest directly above one another.

Mr. M. Bernstein appeared before the Board.

On motion, approved.

Appeal No. 367, Alteration No. 1113 of 1901, No. 213 Tenth avenue, Manhattan. J. Odell Whitenack, architect and appellant.

That the requirement of the Building Code demanding a floor capacity of 120 pounds to the square foot for a store be modified in this case to 60 pounds to the square foot, the premises being used as a saloon.

Mr. J. Odell Whitenack, architect, and Mr. H. F. Strodtmann, owner, appeared before the Board.

On motion, approved on condition that the building be used only for the purposes stated in the application; and further, that in case of change of occupancy the floors shall be strengthened in accordance with the requirements of the Building Code.

Adjourned.

JAMES GAFFNEY, Clerk.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, the Sanitary Superintendent has certified to this Board that the building situated upon Lot No. 654 Robbins avenue, in the Borough of The Bronx,

has become dangerous to life and is unfit for human habitation because of defects in the plumbing and draining thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on Lot No. 654 Robbins avenue, in the Borough of The Bronx, be required to vacate said building on or before November 25, 1902, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the plumbing and drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, the Sanitary Superintendent has certified to this Board that the building situated upon south side of Union avenue, second house east of Fifth street, in the Borough of The Bronx, has become dangerous to life and is unfit for human habitation because of defects in the draining thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants,

Ordered, That all persons in said building situated on south side of Union avenue, second house east of Fifth street, in the Borough of The Bronx, be required to vacate said building on or before November 25, 1902, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

6th. Report on compliance with certain orders to vacate premises, etc.

On motion, it was

Resolved, That the following orders be and are hereby rescinded, for the reason that the causes for the same have been removed:

No. 1772 Bathgate avenue, 726; Flushing avenue, near Long Island Railroad track, Metropolitan, 82; Flushing avenue, Metropolitan, 2125.

7th. Certificates declaring premises at southeast corner of One Hundred and Forty-seventh street and Robbins avenue, Borough of The Bronx; Wick street, one block north of Williamsburg road, Richmond Hill, Borough of Queens.

On motion, the following orders were entered:

Whereas, The premises southeast corner of One Hundred and Forty-seventh street and Robbins avenue, Borough of The Bronx, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that the Croton water faucet in rear of house be supplied with a properly trapped, sewer connected open sink; that the barrel sunk in ground under said faucet be removed and the site of same be filled with fresh earth; that the stable yard be cleaned and disinfected, and all manure and other filth be removed therefrom; and that hereafter all manure be kept inside the stable and removed from the premises daily; unless pressed in bales, barrels, boxes, so as to reduce it to not more than one-third the original bulk; and

Whereas, The premises Wick street, one block north of Williamsburg road, Richmond Hill, Borough of Queens, in The City of New York, and the business pursuit specified in this case, being in the opinion of the Board in a condition and in effect dangerous to life and health and a public nuisance, and the Board having taken and filed among its records the reports of the Sanitary Superintendent and the Inspectors relating thereto, and what it regards as sufficient proof to authorize its declaration that the premises and business pursuit in this case are in condition and effect dangerous to life and health and a public nuisance—the Board hereby enters in its records the said premises as a nuisance, and declares the same to be a public nuisance dangerous to life and health, and in respect thereto orders, viz.:

That the use of said premises as a stable in its present condition be discontinued; that the said premises be cleaned; that the filth-saturated soil be removed and replaced with fresh earth, and the surface so graded that all surface water shall be freely discharged therefrom; that both privy vault and cesspool be disinfected, emptied and cleaned by a licensed scavenger and kept in a sanitary condition; that the premises be cleaned thoroughly; that the manure pit be properly constructed with a tight-fitting cover to hold all manure; that all refuse and stable water be made to discharge into the cesspool.

J. EDW. SWANSTROM, President of Borough of Brooklyn.

JUSTIN MCCARTHY, Jr., Secretary.

BOROUGH OF MANHATTAN.

Yorkville District.

At a meeting of the Board of Local Improvements of the Yorkville District, held November 11, 1902, the following members were present: Aldermen John T. McCall, Patrick Chambers and Acting President of the Borough Livingston.

The Chairman presented for the Board's consideration a communication from Mr. John Blumers regarding the condition of sidewalks and the necessity of fencing vacant lots on the north side of Seventy-fifth street, between Avenue A and the East river.

On motion, the following resolutions were adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice, and

Whereas, The said petition was duly submitted thereafter to the Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Yorkville District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To fence vacant lots on the north side of Seventy-fifth street from a point 348 feet easterly from Avenue A for a distance of 137 feet easterly therefrom.

Estimated cost, \$83.57.

Assessed value of property within the probable area of assessment, \$5,700.

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To flag sidewalks on the north side of Seventy-fifth street from a point 348 feet easterly from Avenue A for a distance of 137 feet easterly therefrom.

Estimated cost, \$135.

Assessed value of property within the probable area of assessment, \$5,700.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved, By the Local Board of the Yorkville District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To fence vacant lots on the north side of Seventy-fifth street, from a point 173 feet easterly from Avenue A for a distance of 62 feet easterly therefrom.

Estimated cost, \$37.82.

Assessed value of property within the probable area of assessment, \$3,600.

The Chairman presented for the Board's consideration the question of paving Seventy-seventh street, from Avenue A to the East river, with asphalt blocks.

There being no report from the Commissioner of Public Works the matter was laid over.

The President presented for the Board's consideration a communication from the Commissioner of Public Works making reference to a letter of Mr. Alexander

Borough on behalf of the Hammond Typewriter Company, asking that the sidewalk on Sixty-ninth street, between Avenue A and the East river, be properly flagged, and calling attention to the fact that Sixty-ninth street is not paved between Avenue A and the East river.

On motion, the following resolutions were introduced and adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the City Record that said petition has been presented to him and is on file in his office for inspection, and of the time when and the place where there would be a meeting of this Local Board, at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Whereas, The said petition was duly submitted thereafter to the said Local Board, which did duly consider the same and give a full hearing thereon; now therefore it is

Resolved By the Local Board of the Yorkville District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To pave the roadway of Sixty-ninth street, from Avenue A to the East river, with sheet asphalt on concrete foundation.

Estimated cost, \$6,415. Assessed value of property within the probable area of assessment, \$137,800; and it is hereby further

Resolved, That a copy of this resolution be transmitted to the Board of Estimate and Apportionment for its approval.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Manhattan; and

Whereas, He has appointed a time for a meeting of this Local Board not more than fifteen days after the receipt by him of the said petition, at which meeting the said petition would be submitted by him to the said Local Board, and he has caused a notice to be published in the "City Record" that said petition has been presented to him and is on file in his office for inspection, and of the time when and place where there would be a meeting of this Local Board at which the said petition would be submitted by him to the said Board, which time was not less than ten days after the publication of this notice; and

Resolved, By the Local Board of the Yorkville District, pursuant to titles 2 and 3 of chapter 10 of the Greater New York Charter, that the said petition be and the same hereby is granted; and it is hereby

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To flag and curb the sidewalk on the north side of Sixty-ninth street, from Avenue A to the East river.

Estimated cost, \$748. Assessed value of property within the probable area of assessment, \$37,000.

On motion, the Board adjourned to meet November 18.

GEORGE W. BLAKE, Secretary.

BOROUGH OF MANHATTAN.

Chelsea District.

At a meeting of the Board of Local Improvements of the Chelsea District, held November 18, 1902, the following members were present: Alderman Metzger and Acting President of the Borough Livingston.

The Acting President submitted for the Board's consideration a communication from the Department of Health as to the necessity of improving Forty-first street, between Eleventh and Twelfth avenues, and also a petition, signed by A. Bloch, of No. 878 Park avenue, and thirty others, requesting the paving of this street, from Eleventh avenue to the river.

On motion of Alderman Metzger, the matter was laid over.

On motion, the meeting adjourned.

GEORGE W. BLAKE, Secretary.

BOROUGH OF MANHATTAN.

Washington Heights District.

At a meeting of the Board of Local Improvements of the Washington Heights District, held December 2, 1902, the following members were present: Aldermen Meyers, Klett and Florence and President Cantor.

The President presented the question of paving Broadway, north of Dyckman street to Spuyten Duyvil creek, with asphalt blocks.

On motion, a resolution was adopted authorizing this improvement, the estimated cost of which is \$112,903, and the assessed value of property within the probable area of assessment \$726,420.

(This does not include the area between the tracks of the Metropolitan Street Railway Company. That space is now paved with granite blocks.)

The paving of Fort Washington avenue, between One Hundred and Ninety-sixth street and its junction with Broadway, was laid over.

Resolution was adopted approving of the acquiring of title to Jumel Mansion and grounds, at One Hundred and Sixty-first street and Edgecombe avenue, for use as a public park. Estimated cost, \$157,125.

Suitable resolutions were adopted approving of the repairing of sidewalks on the north side of One Hundred and Fifteenth street, west of Fifth avenue, opposite Nos. 30, 31 and 32; estimated cost, \$133.10; assessed value of property within the probable area of assessment, \$18,000; and repairing of sidewalks opposite Lots Nos. 24, 25 and 26, on the north side of One Hundred and Fifteenth street, west of Fifth avenue; estimated cost, \$111; assessed value of property within the probable area of assessment, \$18,000; and also opposite Lot No. 18, on the north side of One Hundred and Fifteenth street, west of Fifth avenue, estimated cost of which is \$138.20 and assessed value of property \$18,000.

The matter of changing the name of Seventh avenue was laid over.

The matter of laying out and opening One Hundred and Thirty-fifth street, from St. Nicholas to Amsterdam avenue, was approved.

President Cantor refrained from voting on this proposition on the ground that there is a protest from a co-ordinate branch of the City government—i. e., the Park Department—and also upon the ground that he did not think the Board had any power to act. The other members of the Board voted in favor thereof.

On motion, the Board adjourned.

GEORGE W. BLAKE, Secretary.

BOROUGH OF MANHATTAN.

Harlem District.

At a meeting of the Board of Local Improvements of the Harlem District, held December 2, 1902, the following members were present:

Aldermen Dietz, Owens and Schappert and President Cantor.

The President presented the matter of placing bridges across the tracks of the New York Central and Hudson River Railroad at Ninety-ninth, One Hundredth and One Hundred and First streets.

Mr. Robert L. Luce, representing the railroad, appeared in opposition to the proposition, and Mr. Colahan, representing certain property owners, urged that suitable resolution be adopted.

On motion, the following resolution was adopted:

Resolved, That the Board of Local Improvements of the Harlem District recommends to the Board of Aldermen of The City of New York that suitable resolution be adopted and approved by his Honor the Mayor, recommending to the Board of Railroad Commissioners that Ninety-ninth, One Hundredth and One Hundred and First streets be laid out across the tracks of the New York Central and Hudson River Railroad Company by the placing of bridges at these points to permit of the passage of pedestrians or vehicles.

It was regularly moved that the question of laying out a public park from One Hundred and Twenty-third to One Hundred and Twenty-fifth street, First avenue to the East river, be approved.

Alderman Owens moved that the resolution be amended to provide that this park be established to Exterior street, and that the matter be referred to the Alderman of the District. The amendment was carried, President Cantor voting no and all the other members voting in favor thereof.

A letter from the Commissioner of Public Works was read recommending the alteration and improvement to sewer in East End avenue, between Eighty-sixth and Eighty-seventh streets, and in Eighty-seventh street between East End avenue and Avenue A.

On motion, a suitable resolution was adopted approving of the same, the estimated cost being \$7,500, assessed value of property within the probable area of assessment, \$1,208,500.

On motion, the Board adjourned.

GEORGE W. BLAKE, Secretary.

BOROUGH OF MANHATTAN.

Yorkville District.

At a meeting of the Board of Local Improvements of the Yorkville District, held November 25, 1902, the following members were present:

Alderman Chambers and President Cantor.

A resolution to construct a receiving basin on the northeast corner of Seventy-third street and First avenue was approved. The estimated cost of this work is \$250, and the assessed value of property within the probable area of assessment is \$270,500.

The question of paving the roadway of East Sixty-ninth street, from Avenue A to the East river, with sheet asphalt was then considered and suitable resolution adopted approving of the same. Estimated cost, \$6,415; assessed value of property within the probable area of assessment, \$137,000.

On motion, the Board adjourned.

GEORGE W. BLAKE, Secretary.

BOROUGH OF MANHATTAN.

Bowling Green District.

At a meeting of the Board of Local Improvements of the Bowling Green District, held November 25, 1902, the following members were present: Aldermen Marks and Foley and President Cantor.

The Board took under consideration the matter of alteration and improvement to sewer in Pine street, between William street and Broadway. Estimated cost, \$7,350. Assessed value of property within the probable area of assessment, \$16,475,000.

On motion, a suitable resolution was adopted approving of this work.

The question of alteration and improvement to sewer in Broad street, between the East river and Wall street, and connecting sewers in South, Front, Water, Pearl, Bridge, Stone, South William and Beaver streets.

The resolution authorizing this work was passed at a previous meeting, but the Bureau of Sewers informs this office that they made a mistake in the title. It should have been "South" William, instead of "William."

On motion, the improvement was authorized.

Adjourned.

GEORGE W. BLAKE, Secretary.

BOROUGH OF MANHATTAN.

AQUEDUCT COMMISSION.

AQUEDUCT COMMISSIONERS' OFFICE, ROOM 207, STEWART BUILDING, No. 280 BROADWAY, NEW YORK, December 27, 1902.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received by the Aqueduct Commissioners at the above office until 12 o'clock noon on

TUESDAY, JANUARY 20, 1903.

FOR DOING THE WORK AND FURNISHING MATERIALS REQUIRED TO BUILD FOURTEEN HIGHWAY BRIDGE STEEL SUPERSTRUCTURES ACROSS CROTON LAKE AND RIVER AND ITS TRIBUTARIES IN THE TOWNS OF YORKTOWN, NEW CASTLE, SOMERS, LEWISBORO, BEDFORD AND NORTH SALEM, WESTCHESTER COUNTY, STATE OF NEW YORK.

The security required will be fifty thousand dollars.

Two bridges must be entirely completed by January 1, 1904, and the remainder thereafter as rapidly as the construction of the abutments therefore will permit, as provided in contract.

The work is authorized by chapter 490, Laws of 1883, State of New York, and the amendments thereto.

The person or persons making an estimate shall furnish the same in a sealed envelope, indorsed with the title, "Fourteen Highway Bridge Superstructures Across Croton Lake and River and its Tributaries," for which the estimate is made, with his or their name or names and the date of presentation, to the Aqueduct Commissioners, at the said office, on or before the date and hour above named, at which time and place the estimates received will be publicly opened by the said Commissioners and read, and the award of the contract made according to law as soon thereafter as practicable.

The Commissioners reserve the right to reject any and all bids if they deem it for the interest of the City so to do.

Each estimate shall contain the name and place of residence of each of the persons making the same, the names of all persons interested with him therein; and that no officer of The City of New York is directly or indirectly interested therein, as provided in chapter 490, Laws 1883, and in the blank form or bid mentioned below and furnished by the Commissioners.

The estimates must be verified. Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by

law to act as a surety, and shall contain the matters set forth in the blank form of bid mentioned below.

No estimate will be received or considered unless accompanied by a certified check or money to the amount of ten per centum of the amount of the bond required. The check must not be inclosed in the envelope with the bid or estimate.

For particulars as to the approximate quantity and quality of the supplies or the nature and extent of the work required or of the materials to be furnished, bidders are referred to the printed specifications and the plans.

Bidders are requested to make their bids or estimates upon the blank form prepared by the Commissioners, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor to the Secretary, at the above office of the Aqueduct Commissioners, where the plans and drawings, which are made parts of the specifications, can be seen.

By order of the Aqueduct Commissioners.

WILLIAM H. TEN EYCK, President.

HARRY W. WALKER, Secretary.

- No proposal for stock shall be accepted for less than the par value of the same.
- Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon one of the State or National Banks of The City of New York, two per cent. of the par value of the stock bid for in said proposal.
- No proposal will be received or considered which is not accompanied by such deposit.
- All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.
- If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the stock awarded to him or them, at its par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.
- Upon the payment into the City Treasury of the amounts due by the persons whose bids are accepted, respectively, certificates thereof shall be issued to them as authorized by law, and in such denominations as they may desire.
- It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected." Under this provision, the condition that the bidder will accept only the whole amount of stock bid for by him and not any part thereof, cannot be inserted in any bid.
- It is also provided by the Charter that these bonds, being registered, may be issued in denominations of ten dollars or any multiple thereof; and that "preference shall, so far as practicable, and without pecuniary advantage to the City, be given to applicants for the smallest amounts and smallest denominations of said bonds in issuing the same."
- The proposals, together with the security deposits, should be enclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope inclosed in another sealed envelope, addressed to the Comptroller of The City of New York.

EDWARD M. GROUT, Comptroller.

COMPTROLLER'S OFFICE, October 23, 1902.

NOTICE OF ASSESSMENTS FOR OPENING STREETS AND PARKS.

IN PURSUANCE OF SECTION 1005 OF THE Greater New York Charter, the Comptroller of The City of New York hereby gives public notice of the confirmation by the Supreme Court, and the entering in the Bureau for the Collection of Assessments and Arrears, of the assessment for OPENING AND ACQUIRING TITLE to the following-named street in the BOROUGH OF BROOKLYN:

THIRTIETH WARD.

BAY TWENTY-THIRD STREET—OPENING. from Benson avenue to Cropsey avenue. Confirmed November 17, 1902; entered January 9, 1903. Area of assessment includes all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Brooklyn, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Westerly by the center line of the block between Bay Twenty-second and Bay Twenty-third streets; southerly by the northerly side of Cropsey avenue; easterly by the center line of the block between Bay Twenty-third street and Twentieth avenue, and northerly by the southerly side of Benson avenue.

The above-entitled assessment was entered on the date hereinabove given in the Record of Titles of Assessment, kept in the Bureau for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents. Unless the amount assessed for benefit on any person or property shall be paid within sixty days after the date of said entry of the assessment, interest will be collected thereon, as provided in section 1006 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 159 of this act."

Section 159 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record."

The above assessment is payable to the Collector of Assessments and Arrears, at the Bureau

for the Collection of Assessments, and Arrears of Taxes and Assessments and of Water Rents, in the Municipal Building, Borough of Brooklyn, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. to 12 m., and all payments made thereon on or before March 10, 1903, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessment became a lien to the date of payment.

BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS, No. 320 BROADWAY, NEW YORK CITY.

PROPOSALS FOR BIDS OR ESTIMATES.

SEALED BIDS OR ESTIMATES WILL BE received by the Board of Rapid Transit Railroad Commissioners at the above office until 12 o'clock noon, on

Friday, the 16th day of January, 1903, for printing and binding the annual report of the Board.

The time for the performance of the contract will be on or before March 1, 1903.

The amount of the securities required is 50 per cent. of the amount of the bid or estimate. The bidder will name a price for each item contained below, at which prices the bids will be compared and the work paid for, be the quantities more or less. The extensions must be made and footed up, as the bids will be read from the total. The bids will be compared and the contract awarded at a lump or aggregate sum.

Inasmuch as it is impossible to estimate accurately the number of pages of the report, or the number of pages to be devoted to either of the different subdivisions of the report, it is necessary to give approximate figures merely of the different items desired. The items are roughly as follows:

Total number of pages.....	250
Total number of half-tones.....	19
Map and profile.....	1
Plans.....	3
Line drawings.....	4
Number pages of tabulated matter.....	25
Size of page, about 10 1/2 inches by 7 3/4 inches; margin, 1 1/2 inches.	
Total number of copies to be printed.....	3,000
Binding in cloth.....	100
Binding in heavy paper.....	2900

MUNICIPAL CIVIL SERVICE COMMISSION.

PUBLIC NOTICE WILL BE GIVEN OF ALL competitive examinations at least two weeks in advance of the date upon which the receipt of applications for any scheduled examination will close.

Persons desiring application blanks may obtain the same by applying to the office of the Commission, either in person or in writing, stating in each case the position or positions for which they wish to apply.

When application is made for a position for which no examination is scheduled, the name of the applicant will be recorded and an application blank sent, when a date for such examination is fixed.

All notices of examination will be posted and advertised. Such notices will state the scope of the examination, but for more general information application should be made at the office of the Commission.

Regulation adopted by the Municipal Civil Service Commission at the meeting held November 19, 1902.

APPEALS.

No candidate for a position for which a physical examination is required who is rejected or who fails to appear on the date set, shall be again examined within nine months, unless by order of the Commission. A candidate asking a new examination shall be required to submit to the Commission an affidavit stating the reasons for which such examination is asked, and if such reasons be that the candidate's physical disability was temporary, the affidavit must be accompanied by a physician's certificate showing explicitly that the disability has been wholly remedied.

A candidate who has been notified of the result of his examination may, upon personal application to the Chief Examiner or other person duly authorized by the Commission, and on presentation of his notice, be entitled to see his papers and the ratings thereon.

No appeal from the ratings of examiners will be considered unless the grounds on which it is based are stated specifically and in full, in writing, and unless it is presented within fifteen days after the applicant has been notified of the result of his examination.

S. WILLIAM BRISCOE,

Secretary.

MUNICIPAL CIVIL SERVICE COMMISSION, NEW YORK, January 9, 1903.

The Municipal Civil Service Commission has been requested to amend the classification by including in the Exempt Class the position of Probation Officer in the Court of Special Sessions.

PUBLIC NOTICE IS HEREBY GIVEN THAT this request will be considered at a public hearing, to be held on Wednesday, January 14, 1903, at 3 p. m.

S. WILLIAM BRISCOE, Secretary.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of BRADLEY AVENUE (although not yet named by proper authority), from Borden Avenue to Greenpoint Avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, No. 21 Jackson Avenue, in the Borough of Queens, in The City of New York, on or before the 28th day of January, 1903, and that we the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at our said office on the 30th day of January, 1903, at 2 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 21 Jackson Avenue, in the Borough of Queens, in said City, there to remain until the 9th day of February, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line parallel to and 200 feet easterly from, the easterly line of Bradley Avenue with the southeasterly prolongation of the middle line of the block bounded by Bradley Avenue, Review Avenue and Pine Street; thence northwesterly, along said prolongation and middle line to its intersection with a line parallel to and 100 feet southeasterly from, the southeasterly line of Pine Street; thence, southwesterly, along said parallel line to its intersection with the southeasterly prolongation of a line parallel to, and 100 feet southwesterly from, the southwesterly line of Star Avenue; thence, northwesterly along said prolongation and last mentioned parallel line to its intersection with a line parallel to, and 100 feet northwesterly from, the northwesterly line of Fox Street; thence, northwesterly along said last mentioned parallel line and its prolongation to its intersection with a line parallel to, and 100 feet northwesterly from, the northwesterly line of Borden Avenue; thence, southeasterly, along said last mentioned parallel line to its intersection with a line parallel to and 100 feet westerly from, the westerly line of Mount Street; thence, northerly along said last mentioned parallel line to its intersection with a line parallel to, and 100 feet northerly from, the northerly line of Anable Avenue; thence, easterly along said last mentioned parallel line to its intersection with a line parallel to, and 100 feet easterly from, the easterly line of School Street; thence, southerly, along said last mentioned parallel line to its intersection with a line parallel to and 100 feet northeasterly from, the northeasterly line of Borden Avenue; thence, southeasterly along said last mentioned parallel line to its intersection with the northwesterly prolongation of a line drawn from a point on the northwesterly line of Greenpoint Avenue midway between Gale Street and Bradley Avenue and parallel to Bradley Avenue; thence, southeasterly along said prolongation and parallel line to Bradley Avenue to its intersection with a line parallel to, and 100 feet southeasterly from, the southeasterly line of Greenpoint Avenue; thence, southwesterly, along said parallel line to its intersection with a line parallel to, and 200 feet northeasterly from, the northeasterly line of Bradley Avenue; thence southeasterly and southerly, along said last mentioned parallel line to the point or place of beginning; as such streets are shown on the Commissioners' map of Long Island City, filed in the Office of the County Clerk of Queens County, Jamaica, on the 25th day of April, 1873.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, for the hearing of motions, to be held in the County Courthouse, in the Borough of Brooklyn, in The City of New York, on the 10th day of March, 1903, at the opening of the Court on that day.

Dated Borough of Manhattan, New York, November 29, 1902.

JOHN P. DUNN,

SECOND DEPARTMENT.

In the matter of the application of Robert A. Van Wyck, Mayor, of The City of New York; Lewis Nixon, Smith E. Lane, James W. Boyle, Julian D. Fairchild, John W. Weber and James D. Bell, constituting a commission created and existing under chapter 789 of the Laws of 1895, entitled "An act to authorize the construction of a bridge over the East river, between the cities of New York and Brooklyn," and all other acts amendatory thereof and supplementary thereto, by the Corporation Counsel of The City of New York relative to acquiring title by The City of New York to certain lands on SOUTH FIFTH STREET, SOUTH SIXTH STREET, BROADWAY, WYTHE AVENUE, RERRY STREET, BEDFORD AVENUE and DRIGGS AVENUE, in the Thirteenth Ward of the Borough of Brooklyn, in The City of New York, duly selected according to law, with other lands, as a site for the construction and permanent location of a suspension bridge over the East river, between the cities of New York and Brooklyn (now the boroughs of Manhattan and Brooklyn, in The City of New York), and approaches thereto, authorized to be constructed by said chapter 789 of the Laws of 1895, and all other acts amendatory thereof and supplementary thereto.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate in the above-entitled matter, hereby give notice to the owner or owners, lessee or lessees, parties and persons respectively entitled to or interested in the lands, tenements,

hereditaments and premises, title to which is sought to be acquired in this proceeding, and to all others whom it may concern, to wit:

First—That we have completed our estimate of the loss and damage to the respective owners, lessees, parties and persons respectively entitled to or interested in the lands or premises affected by this proceeding or having any interest therein, and have filed a true report or transcript of such estimate in the office of the Commissioner of Bridges, the head of the Department of Bridges, and a copy thereof in the office of the Clerk of the County of Kings, for the inspection of whomsoever it may concern.

Second—That all parties or persons whose rights may be affected by the said estimate or who may object to the same or any part thereof may, within ten days after the first publication of this notice, January 8, 1903, file their objections to such estimate in writing with us at our office, Room No. 401, in the Rogers-Pet Building, No. 258 Broadway, in the Borough of Manhattan, in the said City, and we the said Commissioners will hear parties so objecting at our said office on the 21st day of January, 1903, at 3 o'clock in the afternoon, and upon such subsequent days as may be found necessary.

Third—That our report herein will be presented to the Supreme Court of the State of New York, at a Special Term thereof for the hearing of motions, at the County Courthouse, in the County of Kings, in The City of New York, Borough of Brooklyn, on the 9th day of February, 1903, at the opening of the court on that day, and that then and there or as soon thereafter as counsel can be heard thereon a motion will be made that said report be confirmed.

Dated New York, January 7, 1903.
DAVID F. MANNING,
OTTO F. STRUSE,
EZRA D. BUSHNELL,
Commissioners.

FIRST DEPARTMENT.

In the matter of the application of The Mayor, Aldermen and Commonalty of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening and extending EAST ONE HUNDRED AND FORTY-NINTH STREET (although not yet named by proper authority), from the Southern Boulevard to the easterly bulkhead line of the Harlem River, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-third Ward of The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 21st day of January, 1903, and that we the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at our said office on the 26th day of January, 1903, at 1 o'clock p. m.

Second—That the abstract of our said estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 31st day of January, 1903.

Third—That pursuant to provisions of chapter 613 of the Laws of 1896, we have assessed to the extent of 50% only of the total awards, costs and expense of the acquisition of any land, property, rights, rents, easements and privileges, not the property of The Mayor, Aldermen and Commonalty of The City of New York, required for the widening and improvement of said street, upon each and every parcel of land in the Twenty-third Ward, Borough of The Bronx, of the said City, to an amount in each case which we have deemed said parcel or parcels of land benefited by said widening and improvement.

Fourth—That our last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III, to be held in the County Courthouse, in the Borough of Manhattan, in The City of New York, on the 19th day of May, 1903, at the opening of the Court on that day.

In the matter of the application of The City of New York, relative to acquiring title to BAY EIGHTH STREET, from Benson Avenue to Cropsey Avenue, in the Thirtieth Ward, in the Borough of Brooklyn, The City of New York.

NOTICE IS HEREBY GIVEN THAT WE, the undersigned, were appointed by an order of the Supreme Court made and entered herein on the 12th day of May, 1902, and duly filed in the office of the Clerk of Kings County, a copy of which order was filed in the office of the Register of the County of Kings on the 20th day of May, 1902, and indexed in the Index of Conveyances in section 19, blocks 6392, 6393, 6425 and 6426, Commissioners of Estimate and Assessment for the purpose of making a just and equitable estimate of the loss or damage, if any, to the respective owners, lessees, parties and persons entitled to or interested in the lands and premises to be taken for the purpose of opening the said street or avenue, as particularly described in the petition of The City of New York, filed with said order in the office of the Clerk of Kings County, and for the purpose of making a just and equitable assessment of the benefit of said street

or avenue so to be opened, to the respective owners, parties and persons respectively entitled to or interested in the lands and premises and not required for the purpose of opening said street or avenue, but benefited thereby, and of ascertaining and defining the district benefited by said assessment, and the extent and boundaries of the respective tracts and parcels of land participating in said benefit, and of performing the trusts and duties required of us by title 4 of chapter XVII. of the Charter of The City of New York, and the acts or parts of acts supplementary thereto or amendatory thereof.

All parties and persons interested in the lands and premises taken or to be taken for the purpose of opening said street or avenue, or affected thereby, and having any claim or demand on account thereof, are hereby required to present the same, duly verified, to us, the undersigned Commissioners of Estimate and Assessment, at our office in the Bureau of Street Openings of the Law Department, Borough Hall, Borough of Brooklyn, in The City of New York, with such affidavits or other proofs as the said owner or claimants may desire, within twenty days after date of this notice.

And we, the said Commissioners, will be in attendance at our said office on the 17th day of January, 1903, at 10 o'clock in the forenoon of that day, to hear the said parties and persons in relation thereto; and at such time and place, and at such further or other time and place as we may appoint, we will hear such owners in relation thereto, and examine proofs of such claimants or claimants, or such additional proofs and allegations as may then be offered by such owner or on behalf of The City of New York.

Dated Borough of Brooklyn, The City of New York, December 31, 1902.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to CARROLL PLACE (although not yet named by proper authority), from East One Hundred and Sixty-fifth street to McClellan street, in the Twenty-third Ward, Borough of The Bronx, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 28th day of January, 1903, and that we the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at our said office on the 30th day of January, 1903, at 3 o'clock p. m.

Second—That the abstract of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 7th day of February, 1903.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx in The City of New York, which, taken together, are bounded and described as follows, viz:

Beginning at a point formed by the intersection of the middle line of the block between Grand Boulevard and Concourse and Walton avenue with a line parallel to, and 100 feet southwesterly from, the southwestwesterly line of East One Hundred and Sixty-seventh street; running thence, southeasterly along said parallel line to its intersection with the middle line of the block between Sherman avenue and Sheridan avenue; thence, southwesterly along said middle line of the blocks, to its intersection with the prolongation southeastwardly of the middle line of the block between East One Hundred and Sixty-third street and East One Hundred and Sixty-fourth street; thence, northwesterly, along said prolongation and middle line of the block and its prolongation, northwesterly, to its intersection with the prolongation southwestwardly, of the middle line of the block between Grand Boulevard and Concourse and Walton avenue; thence, northeasterly, along said last mentioned prolongation and middle line of the blocks to the point or place of beginning; as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That our report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Courthouse, in the Borough of Manhattan, in The City of New York, on the 17th day of March, 1903, at the opening of the Court on that day.

FIRST DEPARTMENT.

In the matter of the application of The Mayor, Aldermen and Commonalty of The City of

New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the purpose of opening EAST ONE HUNDRED AND FORTY-NINTH STREET (although not yet named by proper authority), from the Southern Boulevard to the east side of Austin place, as the same has been heretofore laid out and designated as a first-class street or road, in the Twenty-third Ward of The City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate of assessment for benefit, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 21st day of January, 1903, and that we the said Commissioners will hear parties so objecting, and for that purpose will be in attendance at our said office on the 26th day of January, 1903, at 2 o'clock p. m.

Second—That the abstract of our said estimate of assessment for benefit, together with our benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making our report, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 31st day of January, 1903.

Third—That pursuant to provisions of chapter 613 of the Laws of 1896, we have assessed to the extent of 50% only of the total awards, costs and expense of the acquisition of any land, property, rights, rents, easements and privileges, not the property of The Mayor, Aldermen and Commonalty of The City of New York, required for the widening and improvement of said street, upon each and every parcel of land in the Twenty-third Ward, Borough of The Bronx, of the said City, to an amount in each case which we have deemed said parcel or parcels of land benefited by said widening and improvement.

Fourth—That our last partial and separate report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Courthouse, in the Borough of Manhattan, in The City of New York, on the 19th day of May, 1903, at the opening of the Court on that day.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department, and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or fireholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below. No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
