PETITIONS AND COMMUNICATIONS.

No. 2195.

Society for the Prevention of Cruelty to Animals,
Madison Avenue and Twenty-sixth Street,
New York, June 24, 1907.

Hon. P. J. SCULLY, City Clerk, City Hall, New York:

Dear Sir—Will you please have the following resolution introduced at the next meeting of the Board of Aldermen:

Resolved, That permission be and the same is hereby given to the American Society for the Prevention of Cruelty to Animals to erect and place a public drinking fountain for man and beast on the north side of Seventieth street, midway between Broadway and Amsterdam avenue, the said fountain to be paid for by the said American Society for the Prevention of Cruelty to Animals and to be of a pattern and design approved by the Art Commission of the City of New York. The said drinking fountain to be erected under the supervision of the Commissioner of Water Supply, Gas and Electricity, and the water therefor shall be supplied by the Department of Water Supply, Gas and Electricity without expense to the said society.

Yours very truly,

ALFRED WAGSTAFF, President.

Which was referred to the Committee on Streets, Highways and Sewers.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the Police Commissioner:

No. 2196.

Police Department of The City of New York,
No. 300 Mulberry Street,
June 20, 1907.

To the Honorable Board of Aldermen:

Gentlemen—In pursuance of the resolution of the Board of Estimate and Apportionment adopted March 22, 1907, viz.:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following grades of positions in the Police Department in addition to those already existing therein, to take effect April 1, 1907:

	Incumbents.	Per Annum.
First Deputy Police Commissioner.....	1	\$6,000 00
Second Deputy Police Commissioner.....	1	5,000 00
Third Deputy Police Commissioner.....	1	5,000 00
Bookkeeper.....	1	4,000 00
Private Secretary to Commissioner.....	1	3,500 00
Assistant Bookkeeper.....	1	2,700 00
Executive Clerk.....	1	2,250 00
Stenographer and Typewriter.....	3	900 00

—and the establishment of the following positions in said Department, to take effect April 1, 1907:

	Incumbents.	Per Annum.
Building Inspector.....	1	\$2,100 00
Typewriting Copyist.....	1	600 00
Law Clerk.....	1	1,200 00

—your Honorable Board, at a meeting held May 14, 1907, adopted the following resolution:

Resolved, That the Board of Aldermen hereby concurs in resolution of the Board of Estimate and Apportionment establishing the following grades of positions in the Police Department:

	Incumbents.	Per Annum.
First Deputy Police Commissioner.....	1	\$6,000 00
Assistant Bookkeeper.....	1	2,700 00
Stenographer and Typewriter.....	3	900 00

—and the establishment of the following position in said Department:

	Incumbent.	Per Annum.
Typewriting Copyist.....	1	\$600 00

—to take effect when this resolution is approved by the Mayor.

Inasmuch as the money has been appropriated by the Board of Estimate and Apportionment for the payment of the salary of Bookkeeper in the grade of \$4,000, I respectfully ask your consideration of this matter, in order that the Bookkeeper of the Police Department may be assigned to the grade fixed by the Board of Estimate and Apportionment, viz., \$4,000.

Very respectfully,

THEO. A. BINGHAM, Police Commissioner.

Which was referred to the Committee on Salaries and Offices.

The President laid before the Board the following communication from the Comptroller:

No. 2197.

Department of Finance,
City of New York,
June 24, 1907.

Hon. P. J. SCULLY, City Clerk and Clerk of the Board of Aldermen:

Dear Sir—In compliance with part 1, chapter 4, article 1, section 25, of the Code of Ordinances of 1906, I have the honor to transmit herewith, for presentation to the Board of Aldermen, statements of all contracts made by the Mayor, Aldermen and Commonalty of The City of New York and the municipalities, corporations, etc., consolidated therewith prior to January 1, 1898, and The City of New York (Greater New York) since January 1, 1898, or directed or authorized by the Common Councils of said corporations, and not performed or completed or upon which any moneys remain unpaid on each on December 31, 1906.

These statements show the payments made on account of the various contracts to December 31, 1905, inclusive; the payments on account thereof during the year 1906, the total amounts paid thereon to December 31, 1906, the balances remaining unpaid thereon December 31, 1906, and the funds or accounts against which said contracts are chargeable.

Statement "A" shows the contracts executed prior to January 1, 1898, by the Mayor, Aldermen and Commonalty of The City of New York.

Statement "B" shows the contracts executed prior to January 1, 1898, by the municipalities, corporations, etc., consolidated with the Mayor, Aldermen and Commonalty of The City of New York.

Statement "C" shows the contracts executed since January 1, 1898, by The City of New York (Greater New York).

Yours truly,

H. A. METZ, Comptroller.

(For Summary of which see CITY RECORD Supplement, June 27, 1907).

Which was ordered on file.

The President laid before the Board the following communications from the Board of Estimate and Apportionment, transmitting ordinances:

No. 2198.

Board of Estimate and Apportionment, City of New York,
Office of the Secretary, No. 277 Broadway,
June 24, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment June 21, 1907, authorizing the issue of \$1,300,000 Corporate Stock for the purpose of providing means for the erection of new buildings, additions, improving and permanently bettering and equipping existing buildings and new steamboats under the jurisdiction of the Commissioner of Public Charities, said sum to be expended for specific purposes as contained in said resolution; together with copy of communication from the Commissioner of Public Charities and report thereon made by the Comptroller, to whom, on April 5, 1907, this matter was referred.

I also transmit form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.

Department of Public Charities,
Foot of East Twenty-sixth street,
April 2, 1907.

Hon. GEORGE B. MCCLELLAN, Mayor of The City of New York and Chairman of the Board of Estimate and Apportionment:

Dear Sir—To meet the most urgent and pressing needs of the Department of Public Charities, and to make provision for the immediate future in the way of "new buildings, and additions, alterations and extraordinary repairs to buildings and apparatus," I have the honor very respectfully to request an issue of Corporate Stock to the amount of \$3,742,000, to be expended for the purposes hereinafter specifically set forth.

In making this request, I assume that it will continue to be the policy of the City to care for the more continued as well as the chronic and incurable class of public dependents in the island hospitals and related institutions of the Department of Public Charities where they are maintained at a minimum of expense. The land already belongs to the City, and it is proposed to erect buildings which, while good and substantial and necessarily commodious, will be of the most simple and economical form of construction.

So rapid is the increase in the growth of the population of the City, and particularly in the number of new comers having small and at times uncertain incomes, that it is my profound conviction that much want and suffering are likely to ensue unless there is prompt and adequate extension of the facilities of the hospitals and other institutions of this Department. The advent of bad times, from which, for various reasons, we periodically suffer, will greatly add to the seriousness of the situation. As a matter of fact, so pressing is the need for most of the items specified in this request, that the work of construction should long ago have been fully accomplished.

In order to carry out contemplated improvements at the island institutions on a definite and comprehensive plan, I have caused a survey to be made covering the grounds of all such institutions, together with a proposed layout of the grounds of the City Hospital district at the south end of Blackwell's Island, and also of the grounds of the Metropolitan Hospital district at the north end of Blackwell's Island. These layouts will show in detail the present buildings and the proposed improvements in the hospital districts named, and attention to them is respectfully invited.

The Metropolitan Hospital District, Blackwell's Island.

The greatest need at this institution at the present time is a substantial increase in the facilities for the care of tuberculosis patients. The two infirmary buildings for this class of patients have a normal bed capacity for 362 patients, while the adjacent tents have bed capacity for 171 additional patients, making 533 in all. The census has, however, shown as many as 608 patients in these two buildings and the tents during a large part of the winter. The facilities of the other hospitals of the City having this class of patients have also been greatly overtaxed and relief to many needy persons has in consequence been greatly delayed, if not denied altogether. The construction of the proposed "Sea View Hospital" for tuberculosis patients at Staten Island is being obstructed by injunction proceedings, and it is possible that this institution may not be completed for some years. In view of these urgent conditions and the further fact that the more advanced cases of tuberculosis will not be sent to the "Sea View Hospital," but will continue to be cared for at the Infirmary at Blackwell's Island, it is proposed to construct simple hospital buildings for this class of patients at the Infirmary, at a cost not to exceed \$2,000 per capita. At the present time application is made for means to pay for the construction of a building, with accessories, for three hundred tuberculosis patients, at a total cost of \$600,000. This will relieve the pressure for admission and enable patients to be taken from the tents where advanced cases cannot be properly cared for during the inclement weather of winter.

Toward the north end of the Metropolitan Hospital district are a number of old wooden buildings, erected for temporary use about the time of the Civil War. These buildings are used for shop, stable and dormitory purposes. They are not only unsightly structures but are unsanitary, and owing to their flimsy construction a dangerous fire risk for the other buildings of the hospital. It is proposed to remove these dilapidated structures and to erect in another location new shops and stables and an addition to the present inadequate power house and laundry at a cost of approximately \$400,000, with \$150,000 additional for equipment, making the total amount desired for these purposes \$550,000.

In order further to extend the facilities of this hospital, it is proposed to construct a series of buildings designed to allow more room for patients and the administrative force in the hospital proper. Such proposed buildings are as follows:

A staff house for the physicians resident at the hospital, such as has been granted for the City Hospital at the south end of Blackwell's Island. This will make provision for forty physicians and other employees and will cost approximately \$80,000.

Kitchen Service and Storage Building—The present kitchen building is an old and dilapidated structure inadequate and unsuitable for the purposes of this large and growing hospital as well as badly located. It is lacking in proper storage and refrigerating capacity and is without employees' dining rooms and other desirable accessories of a modern service building. It is proposed to erect in its place a new service building, with refrigerating plant and kitchen, dining room and storage capacity. Such a building must be constructed with a view to the future needs of this hospital, and it is estimated will cost approximately \$350,000.

Reception Building—The Metropolitan Hospital has at the present time no adequate reception building, and one is greatly needed in order that proper provision may be made to receive, bathe and examine patients, to detain contagious cases or those suspected of having such diseases, and to fumigate and store personal effects for both male and female patients, with complete separation of the sexes. The cost of this proposed building is estimated to be approximately \$60,000.

Morgue and Pathological Building—This hospital has at the present time no proper morgue or pathological building, which is a great disadvantage. It is proposed to construct such a building, which, with its accessories, is estimated to cost approximately \$40,000.

The total estimated cost of the improvements desired at the Metropolitan Hospital is \$1,680,000.

The City Hospital District, Blackwell's Island.

One of the greatest needs of this hospital at the present time is a new Maternity Hospital building to replace the present old wooden structure, which is not only inadequate, but is, because of its flimsy construction, a serious fire menace to the other buildings of the group. It is estimated that the cost of a new building and its accessories, with capacity for 25 patients at a time, will be approximately \$60,000.

A dormitory for convalescent patients is one of the pressing needs of this hospital, and it is estimated that one of suitable capacity can be constructed and equipped for \$50,000.

In order to provide more room in the hospital for the care of patients and to improve the operating room service, it is proposed to remove the operating rooms

to the upper floor now occupied by the kitchen, which is to be located in the new service building. The cost of such work is estimated to be \$20,000.

New elevators and machinery are needed in this hospital to improve the service. The estimated cost is \$15,000.

The total estimated cost of the improvements needed at the City Hospital is \$145,000.

The City Home for the Aged and Infirm, Blackwell's Island.

The hospital and other facilities of this home are greatly overtaxed and their considerable increase is urgently needed.

A new hospital pavilion, at an estimated cost of \$40,000, is one of the pressing needs of this home, as the facilities of the present hospital buildings are inadequate to meet the requirements of the home.

An addition to the laundry facilities of this institution at an estimated cost of \$30,000 is another urgent need which should be met as the present facilities are entirely inadequate to meet the demands upon them.

A pavilion for an out-patient department, at an estimated cost of \$10,000, is a further need of this home.

The total estimated cost of the improvements needed at the City Home is \$80,000.

The Children's Hospitals and Schools, Randall's Island.

A Nurses' Home, with capacity for 150 nurses, is one of the greatest needs of this hospital at the present time. This would release a considerable part of the hospital itself for the use of the children. This proposed Nurses' Home should have a capacity for 100 nurses, and its estimated cost is \$200,000.

A kitchen, dining room and service building is greatly needed at this institution. The erection of such a building would release a large amount of room in several buildings for the use of inmates. The estimated cost of this building is \$125,000.

A new shop building is also required at this institution as the present one is inadequate and has to be shored to keep it from falling down. The estimated cost of the proposed new building is \$40,000.

A new ice house is also required at an estimated cost of \$10,000.

The total estimated cost of the improvements needed at the Children's Hospitals and Schools is \$375,000.

The Municipal Lodging House, Manhattan.

Owing to the discovery of quicksand in the part of the site selected for the location of the boiler pit the contractor who is erecting the Municipal Lodging House in East Twenty-fifth street was unable to proceed with the work along the original plans, and is required to sink a caisson in order to comply with the requirements of the amended plans that have been approved by the Department of Buildings. The Corporation Counsel advises that the contractor is not required to do this work, the estimated cost of which is \$50,000.

The Steamboat Service, Manhattan.

A new boat is needed for the Hart's Island and Staten Island service to take the place of the small boat "Fidelity," which is about 35 years old, practically worn out and in need of constant repairs.

The Department is now running a ferry eighteen hours a day at Randall's Island, making a trip every half hour, and another on a like schedule from Fifty-second street to Blackwell's Island. Passengers and supplies are carried three times daily from Twenty-sixth street to Blackwell's and Randall's Islands on the steamer "Brennan." and a fourth service is maintained between Twenty-sixth street and Staten and Hart's Islands by the "Fidelity." With one exception the boats of the Department are old and all of them are at times unfitted for service, with the result that boats have to be hired for temporary service at large expense.

The cost of a new boat such as will be required is estimated to be about \$75,000.

The Kings County Hospital, Flatbush.

While the hospital system in Manhattan and The Bronx has been greatly improved during the past few years and further large improvements are contemplated, comparatively little has been done in the Borough of Brooklyn and nothing in the Boroughs of either Richmond or Queens. The rapid growth of the Borough of Brooklyn, which will be still further augmented when projected bridges and additional rapid transit facilities are completed, makes the extension of the public hospital facilities of the borough an urgent need.

A new Nurses' Home and Training School is required at the Kings County Hospital, with provision for the care of 100 nurses. This will permit the present Nurses' Home to be used as a home, which is much needed, for the female employees of the hospital. The estimated cost of the proposed new Nurses' Home is \$250,000.

An addition to the present Children's Hospital is a further need of this institution as the present building is inadequate to meet the needs of the service. The estimated cost of such addition is \$100,000.

In order to provide additional space to meet the needs of the main hospital, it is proposed to reconstruct the annex building on the grounds of the hospital, which was recently vacated by the State hospital authorities. This will make provision for patients at an estimated cost of \$75,000.

A new maternity hospital should be constructed at the Kings County Hospital at approximate cost of \$60,000.

The facilities of the bakery at this hospital are inadequate to meet the needs of the growing service and an addition to cost \$25,000 is an urgent need. A new shop is also much needed, and will cost approximately \$20,000. A new fire alarm system is another important need which it will cost about \$2,500 to meet.

The hospital also requires much new flooring throughout, at an estimated cost of \$5,000. New sidewalks are also required on the grounds of the hospital at a cost of approximately \$5,000.

The total estimated cost of the improvements needed at the Kings County Hospital is \$542,000.

The Cumberland Street Hospital, Brooklyn.

Additional ground is required for the purposes of this hospital at an estimated cost of \$100,000 upon which to construct a new Nurses' Home and other buildings.

A new Nurses' Home is much needed at this hospital, thereby releasing the present quarters for hospital cases. The cost of such a home to accommodate 75 nurses is estimated to be \$150,000.

The total cost of the improvements desired at the Cumberland Street Hospital is estimated to be \$250,000.

Bradford Street Hospital.

Means are needed to construct the proposed new Bradford Street Hospital on the plot of ground purchased by the City for that purpose. The estimated cost of this hospital, with facilities for the care of 100 patients, is \$250,000.

The City Farm Colony, Richmond.

In order to relieve the overcrowding at the Home for the Aged, male division, Brooklyn, and to provide greatly needed additional facilities for the care of aged and infirm persons dependent upon the City, it is proposed to erect additional dormitories at the Farm Colony at Staten Island to make provision for two hundred men and one hundred women. The cost of these additional dormitories is estimated to be \$250,000.

An adequate and suitable pavilion for the care of insane patients is also greatly needed at the Farm Colony at an estimated cost of \$20,000.

A bake shop and storehouse building is also needed and should cost approximately \$20,000.

A new ice house is a further need of the Colony and will cost about \$5,000.

The total estimated cost of the improvements needed at the Farm Colony is \$295,000.

Respectfully submitted,
ROBT. W. HEBBERD, Commissioner.

May 24, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. Robert W. Heberd, Commissioner, Department of Public Charities, in communication under date of April 2, 1907, requests the Board of Estimate and Apportionment to authorize an issue of Corporate Stock to the amount of \$3,742,000, for the purpose of providing means for the construction of new buildings, additions

and extraordinary repairs to buildings and apparatus, including a new steamboat and repairs to existing steamboat, as specified in said communication.

I would report that I have investigated in detail the statement of the Commissioner, and in a general way I consider all the improvements requested would add to the efficiency of the department. But I hardly consider them all necessary at this time.

If the financial condition of the City warrants the expenditure I think the Board of Estimate and Apportionment may properly authorize the Comptroller, pursuant to section 47 of the Greater New York Charter, as amended by chapter 409 of the Laws of 1904, to issue Corporate Stock to the amount of \$1,300,000 for the purpose of erecting new buildings, additions, improvements and permanently bettering and equipping existing buildings and new steamboats under the jurisdiction of the Commissioner of Public Charities. This will provide means for the following, which I consider urgent and necessary, namely:

Staff house, Metropolitan Hospital, Blackwell's Island.....	\$80,000 00
Extension of two tuberculosis infirmaries, Metropolitan Hospital, Blackwell's Island	180,000 00
Morgue, Metropolitan Hospital, Blackwell's Island.....	40,000 00
Improvement of operating rooms, Metropolitan Hospital, Blackwell's Island	20,000 00
Elevators and machinery, City Hospital, Blackwell's Island.....	15,000 00
Hospital Pavilion, City Home, Blackwell's Island.....	40,000 00
Addition to laundry, City Home, Blackwell's Island.....	30,000 00
Lodging House, Manhattan (additional appropriation).....	50,000 00
New steamboat	75,000 00
"Thomas S. Brennan" (steamboat), repairs to.....	25,000 00
Nurses' Home and Training School, Kings County Hospital.....	250,000 00
Alterations, etc., to building recently vacated by New York State, Kings County Hospital.....	75,000 00
Nurses' Home, Children's Hospital, Randall's Island.....	200,000 00
Additional dormitories, City Colony, Richmond.....	200,000 00
Pavilion for the Care of Insane, City Colony, Richmond.....	20,000 00
	<u>\$1,300,000 00</u>

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. Metz, Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one million three hundred thousand dollars (\$1,300,000), for the purpose of providing means for the erection of new buildings, additions, improving and permanently bettering and equipping existing buildings and new steamboats under the jurisdiction of the Commissioner of Public Charities, said sum to be expended in accordance with the following resolution:

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves, of and concurs in the following resolution adopted by the Board of Estimate and Apportionment June 21, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding one million three hundred thousand dollars (\$1,300,000), for the purpose of providing means for the erection of new buildings, additions, improving and permanently bettering and equipping existing buildings and new steamboats under the jurisdiction of the Commissioner of Public Charities, said sum to be expended as follows:

	<u>\$1,300,000 00</u>

—and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one million three hundred thousand dollars (\$1,300,000), the proceeds whereof to be applied to the purposes aforesaid.

No. 2199.

Board of Estimate and Apportionment, City of New York,
Office of the Secretary, No. 277 Broadway,
June 24, 1907.

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I send you herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment June 21, 1907, approving of the issue of Corporate Stock to the amount of \$160,150 to provide means for the erection of new buildings, additions, improving and permanently bettering and equipping existing buildings under the jurisdiction of the Commissioner of Public Charities; said amount to be applied only to the erection and completion of the Coney Island Hospital, together with copy of communication from the Department of Public Charities and copy of report of the Comptroller, to whom this matter was referred on May 10, 1907, relative thereto.

I also enclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

May 15, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—Hon. Robert W. Heberd, Commissioner, Department of Public Charities, in communication under date of May 9, 1907, requests the Board of Estimate and Apportionment to authorize an issue of Corporate Stock to the amount of \$178,225, in addition to the sum of \$200,000 already appropriated, for the erection and completion of the Coney Island Hospital; in addition, the Commissioner also requests the authorization of an issue of Corporate Stock to the amount of \$25,000 for extraordinary repairs to the Department steamboat "Thomas S. Brennan." I would report:

The following appropriations have been authorized by the Board of Estimate and Apportionment for the proposed Coney Island Hospital, namely:

March 16, 1905.....	\$100,000 00
July 6, 1906.....	100,000 00

On May 1, 1907, the following bids were received and opened by the Commissioner of Charities:

Clarke & Stowe	\$343,000 00
Wood & Co.	357,000 00
Thos. C. Carlin	357,496 00
Kelly & Kelley	305,242 00
G. F. Driscoll.....	349,000 00
Nesbit & Co.	357,265 00
H. E. Henningham	361,850 00
D. J. Ryan	390,000 00

The lowest estimate of \$343,000 covers the complete erection of the main building, nurses' building, help's building, morgue building, stable building, power house and laundry building, a total of six buildings.

The total cubical contents of the six buildings is 1,084,196 cubic feet, and at a cost of \$360,150 (which includes architects' fees), equals 33¼ cents per cubic foot.

The main building will contain four large wards with total accommodation for one hundred (100) beds. There are two isolation rooms off each ward, also incidental toilet rooms, wash rooms and diet kitchens. It will also contain operating room (with rooms incidental thereto), main kitchen, dining rooms, dispensary, laboratory, X-Ray rooms, general offices, office and sleeping quarters for superintendent, sleeping quarters for six doctors, and electric service elevators.

Nurses' building will provide 27 sleeping rooms and other requisite rooms for 27 nurses.

Help's building will provide 14 sleeping rooms and other requisite rooms for the accommodation of 24 general employees.

Morgue building will contain mortuary chamber and refrigerators, small chapel, laboratory and autopsy room.

Stable building will provide wagon room for two ambulances, four stalls and sleeping quarters for drivers and help.

Power house will contain two high pressure boilers, radial brick chimney and complete laundry, with laundry machinery. All of the buildings are connected by means of underground pipe tunnels.

The cost of 31¼c. per cubic foot, or 33¼c. per cubic foot, including Architect's fees, I consider reasonable for buildings used for this purpose.

The lowest bid received being, \$343,000, and as only \$200,000 has been appropriated for the purpose, there is a deficit of \$160,150, calculated as follows:

Lowest bid	\$343,000 00
Architect's fees, 5 per cent.....	17,150 00
Total required.....	<u>\$360,150 00</u>
Amount heretofore appropriated.....	200,000 00
Deficit	<u>\$160,150 00</u>

Therefore, if the financial condition of the City warrants the expenditure, and in order to accept the bid, \$343,000, of Clarke & Stowe, for the erection and completion of the Coney Island Hospital, I think, the Board of Estimate and Apportionment may properly authorize the Comptroller to issue additional Corporate Stock to the amount of \$100,000 to provide means for the erection of new buildings, additions, improving and permanently bettering and equipping existing buildings under the jurisdiction of the Commissioner of Charities; said amount to be applied only to the erection and completion of the Coney Island Hospital. I would suggest that the appropriation of \$25,000 for repairs to the steamboat "Thomas S. Brennan" be considered later.

Respectfully,

CHANDLER WITHINGTON, Chief Engineer.

Approved:

H. A. Metz, Comptroller.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of one hundred and sixty thousand one hundred and fifty dollars (\$160,150), to provide means for the erection of new buildings, additions, improving and permanently bettering and equipping existing buildings under the jurisdiction of the Commissioner of Public Charities; said amount to be applied only to the erection and completion of the Coney Island Hospital.

Be it Ordained by the Board of Aldermen of The City of New York, as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment June 21, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York to an amount not exceeding one hundred and sixty thousand one hundred and fifty dollars (\$160,150), to provide means for the erection of new buildings, additions, improving and permanently bettering and equipping existing buildings under the jurisdiction of the Commissioner of Public Charities; said amount to be applied only to the erection and completion of the Coney Island Hospital, and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred and sixty thousand one hundred and fifty dollars (\$160,150), the proceeds whereof to be applied to the purposes aforesaid."

Hon. PATRICK F. McGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copy of a resolution adopted by the Board of Estimate and Apportionment June 21, 1907, authorizing the issue of \$26,000 Corporate Stock to provide and equip an additional courtroom and Judges' quarters in the Criminal Courts Building, Borough of Manhattan, to accommodate the additional part of the Court of General Sessions, created pursuant to chapters 411 and 412, Laws of 1907, together with copy of communication from the President, Borough of Manhattan, relative thereto.

I also inclose form of ordinance for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,

JOSEPH HAAG, Secretary.

City of New York,

Office of the President of the Borough of Manhattan,
City Hall, June 20, 1907.

JOSEPH HAAG, Esq., Secretary, Board of Estimate and Apportionment:

Dear Sir—Request is hereby made to the Board of Estimate and Apportionment for an issue of Corporate Stock of The City of New York in the amount of twenty-six thousand dollars (\$26,000), for the purpose of providing and equipping in the Criminal Courts Building an additional court room and Judges' quarters, to accommodate the additional part of the Court of General Sessions, as provided by the Laws of 1907.

Inclosed you will find correspondence showing the necessity for this work and the estimated cost thereof.

Very truly,

JOHN F. AHEARN,

President of the Borough of Manhattan.

Chambers of Thomas C. O'Sullivan,
Judge of the Court of General Sessions,
New York, June 8, 1907.

JOHN F. AHEARN, Esq., President of the Borough of Manhattan, City Hall, New York City:

Sir—Chapters 411 and 412 of the Laws of 1907, which became laws by approval of the Governor on June 4, 1907, provide for an increase of the number of Judges of

the Court of General Sessions and provides for the holding of additional parts of that Court. There are at present only four courtrooms for the use of the Court of General Sessions, and as the laws hereinabove referred to require the holding of five parts it is necessary that immediate steps be taken to provide additional accommodations for the Judges and for the additional court. The Judges of the Court of General Sessions have met, as provided by law, and have determined that such additional accommodations can be secured by the remodeling of a part of the Criminal Courts Building. I have been deputed by the Board of Judges to call this matter to your attention in order that immediate measures may be taken by you toward providing these accommodations.

Will you please send the proper official in your Department to confer with the Committee of Judges having this matter in charge so that the work can be begun at once.

Very truly yours,
(Signed) THOMAS C. O'SULLIVAN,
Judge of General Sessions.

Carpenter and cabinet work.....	4,694 00
Iron work	1,700 00
Heating	1,000 00
Painting, wood finishing and decoration.....	2,500 00
Leaded glass dome with iron frame, at \$2.50 per square foot, \$600 for iron	3,600 00
Electric wiring	900 00
Files and moving old files.....	1,250 00
Electric fixtures	690 00
Furniture and carpets.....	5,500 00
Architect's commission, 5 per cent. on above.....	1,229 55
Total.....	\$25,820 55

Yours respectfully,
(Signed) JOHN H. DUNCAN, Architect.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of twenty-six thousand dollars (\$26,000), to provide and equip an additional courtroom and Judges' quarters in the Criminal Courts Building, Borough of Manhattan, to accommodate the additional part of the Court of General Sessions created pursuant to chapters 411 and 412 of the Laws of 1907.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment June 21, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, to an amount not exceeding twenty-six thousand dollars (\$26,000), to provide and equip an additional courtroom and Judges' quarters in the Criminal Courts Building, Borough of Manhattan, to accommodate the additional part of the Court of General Sessions created pursuant to chapters 411 and 412 of the Laws of 1907, and that, when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding twenty-six thousand dollars (\$26,000), the proceeds whereof to be applied to the purposes aforesaid."

Which were severally referred to the Committee on Finance.

The President laid before the Board the following communication from the Fire Department:

No. 2201.
Fire Department, City of New York,
Nos. 157 and 159 East Sixty-seventh Street,
Borough of Manhattan, June 17, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Sir—Since the first of September, 1906, this Department has hired from Harry B. Mingle of No. 7 East Forty-second street, Manhattan, at the rate of \$50 per month, the steam launch "Velox" for the use of the Chief of the Nineteenth Battalion, in command of the fireboat fleet, in responding to alarms for fire along and contiguous to the water front of Greater New York, in making inspections and as a tender for the delivery of supplies for the fireboats.

The dimensions of the launch are as follows:

Length over all, 75 feet; length on water line, 70 feet; beam, 11 feet; draught, 5 feet 3 inches; designed and built by F. W. Edwards and launched in 1901. Hull constructed of wood, strongly built and in good condition; engines triple expansion, developing a power approximately of 250 horse power. The boilers which are tubular are in good condition, having been subjected to a hydraulic pressure of 400 pounds, at the time repairs ordered by the United States Local Inspectors of Steam Vessels were made, and the equipment of the boat is full and complete, and in accordance with the requirements of the United States laws on the subject.

It is now deemed desirable by this Department to purchase the launch, the Chief of Department recommending that such course be taken for the reason that a boat of this kind is indispensable to the Chief of the fireboat fleet in the performance of his official duties, and is well adapted for such purpose.

I have the honor to state that I have approved the recommendation for the purchase of the boat without contract at public letting at a price not to exceed \$5,000, and to request that your Honorable Board, pursuant to the provisions of section 419 of the Greater New York Charter, adopt a resolution authorizing this to be done, draft of the same being herewith inclosed.

Respectfully,
FRANCIS J. LANTRY, Commissioner.

Resolved, That, pursuant to the provisions of section 419 of the Greater New York Charter, the Board of Aldermen, deeming such course to be in the public interest, hereby authorizes the Fire Commissioner to purchase without contract at public letting the steam launch "Velox" for the use of the Chief of the Nineteenth Battalion in command of the fireboat fleet in responding to alarms for fire along and contiguous to the waterfront of Greater New York, in making inspections and as a tender for the delivery of supplies to the fireboats of the Fire Department of The City of New York at an expense not to exceed the sum of five thousand dollars (\$5,000).

Which was referred to the Committee on Public Letting.

REPORTS OF STANDING COMMITTEES.

Reports of Committee on Finance—

No. 1798—(G. O. No. 317).

The Committee on Finance, to whom was referred on April 2, 1907 (Minutes, page 8), the annexed request of the Commissioner of Water Supply, Gas and Electricity for \$76,355.23 Special Revenue Bonds, to replenish his Budget appropriations for 1907, respectfully

REPORTS:

Commissioner O'Brien, Deputy Commissioner Goodwin and Assistant Engineer Bull appeared before the committee and urged the adoption of this resolution. The committee have had the application investigated by the Bureau of Municipal Investigation and Statistics of the Comptroller's office, and submit herewith a copy of the

Bureau's report. At the time the Budget was approved it was recognized that there would be a shortage in this department, and that there would have to be some allowance made during the year to make up this deficiency. The committee have tried in every way to keep the appropriation down without crippling the department, but believe, after several months' investigation, that unless a substantial allowance is made for the purposes specified that the efficiency of the department, especially in its repairing branch, cannot be properly maintained. The Commissioner states that unless some relief is granted now that his department will be crippled for the summer, and for that reason, and upon the Comptroller's report, the Committee recommend the adoption of the annexed resolution.

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed seventy-six thousand three hundred and fifty-five dollars and twenty-three cents (\$76,355.23), for the purpose of replenishing the Budget appropriations of the Department of Water Supply, Gas and Electricity for the current year, i. e.:

Appropriation—

Maintenance of Croton Water System, Salaries and Wages.....	\$28,432 05
Bronx River Works, Maintenance and Repairs, Salaries and Wages.....	3,080 95
Repairs and Renewals of Pipes, etc., Salaries and Wages.....	44,842 23
Total	\$76,355 23

Department of Water Supply, Gas and Electricity,
Commissioner's Office, Nos. 13 to 21 Park Row,
City of New York, March 28, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—Certain appropriations made to this Department for this year by the Board of Estimate and Apportionment are insufficient in amount for the purposes intended. These appropriations were made specifically for salaries and wages of men employed on the work of maintaining and repairing the water system of the boroughs of Manhattan and The Bronx.

The appropriation for Maintenance, Croton Water System, Salaries and Wages, is \$245,000. The payroll of March 1, 1907, shows an expenditure for the year of \$273,432.05, which is \$28,432.05 in excess of the appropriation. The men paid from this appropriation are engaged, under the direction of the Assistant Engineers and the Foremen, in caring for the whole Croton water system from Brewster to Central Park, and I do not see how it is possible to reduce the payroll without impairing the efficiency of the service.

The appropriation for Bronx River Works, Maintenance and Repairs, Salaries and Wages, would be deficient on the same calculation to an amount of \$3,080.95. The men paid from that appropriation are employed similarly to those aforementioned, in caring for and maintaining the Bronx river system.

The appropriation for Repairing and Renewal of Pipes, Stopcocks, etc., Salaries and wages, similarly calculated, shows an apparent deficiency for the year of \$44,842.23. The men paid from this appropriation are employed in caring for and repairing the distribution system throughout the entire area of the boroughs of Manhattan and The Bronx. Two years ago your Board recommended the adoption of a resolution by the Board of Estimate and Apportionment authorizing the issue of Revenue Bonds to permit this Department to maintain emergency forces in addition to the regular force. Men were appointed for this purpose, and the different companies formed and have since been maintained, but to continue it this year a further amount, as above stated, will be required. The great advantage to the City in having these emergency forces, is shown by the promptness with which breaks in the large mains have been repaired ever since these new companies were formed.

I therefore recommend that your Honorable Board, in pursuance of the provisions of subdivision 8, section 188 of the Greater New York Charter, request the Board of Estimate and Apportionment to authorize the Comptroller to issue Revenue Bonds in an amount sufficient to maintain the present force, as indicated.

The table below shows the amounts asked for in the departmental estimate, the amounts allowed by the Board of Estimate and Apportionment, the payroll of March 1, 1907, continued to the end of the year, and the amounts required in addition to the appropriations:

Appropriation.	Amounts Asked for.	Allowed in Budget.	Present Payroll.	Deficiency.
Maintenance, Croton Water System, Salaries and Wages.....	\$289,519 50	\$245,000 00	\$273,432 05	\$28,432 05
Bronx River Works, Maintenance and Repairs, Salaries and Wages.....	29,187 50	25,000 00	28,080 95	3,080 95
Repairs and Renewal of Pipes, etc., Salaries and Wages.....	385,792 50	280,000 00	324,842 23	44,842 23

Very respectfully,

JOHN H. O'BRIEN, Commissioner.

That the appropriation for Maintenance, Croton Water System, Salaries and Wages for 1907, was \$245,000, which is nearly \$10,000 less than the actual expenditures for the year 1906; that the Department asked for \$289,519.50; that the Department tried to keep as near as possible to the amount allowed, but finds that the payroll by March 1, was at the rate of \$273,000. This year there has been more or less typhoid in the Croton system, making it necessary to increase the force and to increase the payrolls also by overtime of the men employed to patrol the district and to prevent nuisances, which caused the danger from typhoid.

Then as to Bronx River Works, that the actual expenditures for the year 1906 were \$1,500 more than the amount allowed for 1907, and that for the same reasons it is impossible to keep the payroll within the amount allowed.

As to Repairing and Renewal of Pipes, Stopcocks, etc., that the expenditures for 1906 were only slightly in excess of the amount allowed for 1907, but the increased length of mains and the larger number of hydrants, stopcocks, etc., and the several breaks of large mains which occurred earlier in the year necessitated more work for the men already employed and a larger force.

May 6, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—In the matter of the communication dated April 17, 1907, from Hon. John R. Davies, Chairman of the Finance Committee of the Board of Aldermen, asking for information "in relation to request made by the Commissioner of Water Supply, Gas and Electricity, for \$76,355.23 Special Revenue Bonds to replenish his budget appropriations for 1907," which was referred to the Bureau of Municipal Investigation and Statistics for examination, I beg leave to submit the following report:

In his formal request, dated March 28, 1907, the Commissioner of Water Supply, Gas and Electricity furnishes the following table:

	Amount Asked for 1907.	Allowed in Budget for 1907.	Payroll March 1, 1907.	Deficiency.
Maintenance of Croton Water System, Salaries and Wages.....	\$289,519 50	\$245,000 00	\$273,432 05	\$28,432 05
Bronx River Works—Maintenance and Repairs, Salaries and Wages.....	29,187 50	25,000 00	28,080 95	3,080 95
Repairing and Renewal of Pipes, etc....	385,792 50	280,000 00	324,842 23	44,842 23
	\$704,499 50	\$550,000 00	\$626,355 23	\$76,355 23

Croton Water System, Salaries and Wages.

The departmental estimate for the account for 1907, submitted by former Commissioner William B. Ellison under date of August 1, 1906, showed that the payroll was then adjusted at the rate of \$248,364.50 per annum, and that \$289,519.50 would be required for the same purpose in 1907—an increase of \$41,155. The wage schedule for 1907 contemplated the appointment of 46 additional employees, or a total of 319 as against 273 at the time the estimate was submitted, an increase of 16 per cent., representing an increase of wages of nearly 17 per cent.

The estimate seems to have been predicated on two assumptions, viz.: That in many instances the employees would work every day in the year—Sundays and holidays—and that in every instance the same number of men and horses would be employed in summer as in winter, regardless of the condition of the weather.

The records of the department show the following disbursements for salaries and wages:

1904	\$172,000 00
1905	216,493 43
1906	254,744 20
1907 (to March 31)	63,481 58

The following is a semi-annual summary of the payrolls for 1905 and 1906:

	1905.	1906.	Increase.
First six months	\$99,099 17	\$119,651 49	\$20,552 32
Second six months	117,394 26	135,092 71	17,698 45
	\$216,493 43	\$254,744 20	\$38,250 77

It will be observed that the payroll for the first six months of 1906 exceeded that of the corresponding period of 1905 by over \$20,000. The department accounts for this by stating that the land acquired for sanitary purposes in the neighborhood of the Muscote river and Cranberry creek had to be cleaned up; and owing to lack of funds this work was delayed until the early part of 1906. The weather conditions being favorable, a great deal was accomplished. Work of a similar character, it was said, had to be done later in the year around Lake Mahopac and Lake Kirk, the headwaters of the Muscote river, which accounts for the increase of over \$17,000 in the payroll for the last six months of 1906 over the corresponding period in 1905.

The appropriation for 1906 for Maintenance of Croton Water System was \$396,554.50, which covered salaries, wages, taxes, repairs, supplies, etc. No specific amount was appropriated for salaries and wages that year, and for that reason no comparison can be made between the budget allowance for that purpose in 1906 and the allowance for 1907; but the following figures show the extent to which the allowance for Maintenance Croton Water System (as a whole) in 1907 exceeded that for 1906:

	1907.	
Maintenance Croton Water System—		
Salaries and Wages	\$245,000 00	
Repairs (exclusive of those done by departmental labor) and Supplies	135,000 00	
Taxes	56,554 50	
	\$436,554 50	
Maintenance Croton Water System	396,554 50	
Allowance in 1907 (for all purposes) in excess of allowance for 1906	\$40,000 00	

The Bureau of Municipal Investigation and Statistics recommended an appropriation of \$250,000 for Salaries and Wages 1907, which was \$39,519.50 less than the departmental estimate, and \$1,635.50 in excess of the annual payroll as adjusted at the time the estimate was submitted by the department; but the Board of Estimate and Apportionment saw fit to make a further reduction of \$5,000 by fixing the allowance at \$245,000.

Bronx River Works, Maintenance and Repairs, Salaries and Wages.

The departmental estimate for 1907 showed that the salaries and wages were then fixed at the rate of \$28,227.50 per annum, and that \$29,187.50 would be required in 1907 for the same purposes.

The appropriation for 1906, which covered salaries, wages, repairs, tools, supplies, taxes, etc., was \$32,960.

The estimate for 1907 was—

Salaries and wages	\$29,187 50
Taxes	15,000 00
Tools, etc.	5,000 00
	\$49,187 50

The appropriation for all purposes was—

Salaries and wages	\$25,000 00
Repairs (exclusive of those done by departmental labor) and supplies	3,000 00
Taxes	7,000 00
	\$35,000 00

Below will be found a statement showing the disbursements from this appropriation for salaries and wages, for 1904, 1905, 1906 and for the first three months of 1907:

1904	\$22,250 00
1905	21,650 25
1906	26,518 50
1907 (to March 31)	6,575 55

Repairing and Renewal of Pipes, Stop Cocks, etc., Salaries and Wages.

The disbursements from this account for salaries and wages for 1904, 1905 and 1906, and to March 31, 1907, were as follows:

1904	\$202,625 53
1905	248,247 00
1906	280,482 22
1907 (to March 31)	78,358 56

At the time the departmental estimate was submitted the payroll was adjusted at the rate of \$299,055 a year, and it was calculated that \$385,792.50 would be required in 1907 for the same purpose.

During the year 1905 the Board of Estimate and Apportionment recommended the employment of night and holiday emergency gangs, at an added annual cost of \$97,090, to prevent a recurrence of the flooding of the subway by broken water mains, and to guard against other similar accidents; and further directed increased wages to be paid to caulkers and others, to meet the provisions of the prevailing rate of wages law. This added wage cost is fully reflected in the actual cost for 1906, and in the estimate for 1907.

The departmental estimate for 1907 was	\$385,792 50
Allowed by Board of Estimate and Apportionment for 1907	280,000 00

Departmental estimate in excess of Budget allowance..... \$105,792 50

The appropriation for Repairing and Renewal of Pipes, Stop Cocks, etc., for 1906, including salaries, wages, material, repairs, etc., was \$367,010.

The appropriation for the same purposes in 1907 was as follows:

Salaries and wages	\$289,000 00
Repairs (exclusive of those done by departmental labor) and supplies	80,000 00
	\$369,000 00

Appropriation for 1907 below that of 1906..... \$7,010 00

In presenting the above I have not attempted to suggest any recommendations, as the request of the Chairman of the Finance Committee would seem to be fully met by the statement of the facts.

Yours respectfully,
(Signed) CHAS. S. HERVEY,
Supervising Statistician and Examiner.

On motion of Alderman Doull the report was laid over and made a General Order for the next meeting.

No. 1966.

June 14, 1907.

Hon. BIRD S. COLER, President, Borough of Brooklyn:

Sir—In the matter of your application for the issue of Special Revenue Bonds to the amount of \$200,000, now before the Board of Aldermen and made the subject of report of May 24 to the Hon. Herman A. Metz, Comptroller, by the Acting Supervising Statistician and Examiner of the Finance Department, I beg to submit that the Examiner presents to the Comptroller statement made by the former Chief Engineer of Highways of the Borough of Brooklyn, called for by resolution which you presented on February 7, through which the Board of Estimate requested all the Borough Presidents to submit statistics as to the areas of the several classes of pavements under contract maintenance and the areas requiring direct renewals and repairs by the City. From these filed records the Examiner shows that Brooklyn had about 1,425,000 square yards of old sheet asphalt pavement to be directly maintained by the Bureau of Highways. For the current year the actual amount out of maintenance for sheet asphalt alone will be 1,750,517 square yards.

You have anticipated the unavoidable increase in cost of maintaining the pavements to be repaired and replaced under your Bureau of Highways by the request for \$200,000, not only on account of the increased area as named, but from the self-evident fact that after a certain period sheet asphalt goes to pieces rapidly under traffic and under weather conditions, through which it loses a large part of its adhesive wearing strength.

The Examiner presents for comparison the amounts expended for repairing asphalt pavements from 1903 to 1906, inclusive, with the percentages of such amounts, determined from the full amount of appropriation for labor, maintenance and supplies of the Budget appropriations for the Bureau of Highways. Although the Bureau of Highways expended but \$50,000 in repairing asphalt pavements in 1906, the fact is that the maintenance contracts were at a very much lower price for wearing surface, binder, concrete base and finished pavements than for the current year. This \$50,000 expended in 1906 would have actually covered about 40 per cent. more top surface than the same amount of money under the ruling contract price of 1907.

The question of determining the proper amount of Special Revenue Bond issues for repairs is largely dependent upon the additional Corporate Stock for repaving which may be allowed Brooklyn during the current year. I have just joined in report with Chief Engineer Tillson of the Borough of Manhattan, in which it is urged that a substantial appropriation should be made by the Board of Estimate. It is hoped that some of the streets mentioned in the report which the Comptroller's Examiner quotes, showing where the \$200,000 issue of Special Revenue Bonds was to be used for repairs, may be cut down by provision for renewals of these streets rather than patching over old pavements, which is not an economical practice in the end. This is notably the case in Bedford avenue, from Division avenue to Hewes street (pavement twenty years old), which is estimated to cost \$24,500 for patching alone, and on Sixth avenue, Berry street, Henry street, Flatbush avenue, Fifth to Seventh avenue (pavement nineteen years old), Jamaica avenue and others in the list referred to by the Examiner. The cost of patching was estimated by your Engineer of Highways at from \$10,000 to \$20,000 for each of the streets named.

If the Board of Estimate act favorably in allowing even 50 per cent. of the Corporate Stock issue which you asked for on February 18, the most urgent needs in repairing old asphalt pavements may, if the fund is carefully handled, be carried out during the current year, partly with the municipal asphalt plant now in operation, by an additional appropriation of Special Revenue Bonds of \$150,000.

I submit herewith my report of February 21, which the Comptroller's Examiner suggests be forwarded to Alderman Davies, chairman of the committee having this matter under consideration.

Respectfully,
(Signed) R. W. CREUZBAUR, Consulting Engineer.

May 24, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—In the matter of a communication dated May 10, 1907, from John R. Davies, Chairman of the Committee on Finance of the Board of Aldermen, requesting that you furnish the committee with data bearing on the request of the President of the Borough of Brooklyn for the authorization of an issue of Special Revenue Bonds to an amount not to exceed two hundred thousand dollars (\$200,000), the proceeds whereof to be applied to repairing asphalt pavements in the Borough of Brooklyn, which communication was referred to the Bureau of Municipal Investigation and Statistics, I beg leave to submit the following report:

On February 7, 1907, the President of the Borough of Brooklyn presented a resolution which was adopted by the Board of Estimate and Apportionment requesting the Presidents of the several boroughs to submit, for the information of this Board, statements of areas of paved streets of the various classes, giving areas under contract maintenance, and areas requiring renewals and repairs.

In response to this resolution George W. Tillson, Chief Engineer, Bureau of Highways, Borough of Brooklyn, in a communication addressed to Desmond Dunne, Commissioner of Public Works of that Borough, furnished the following data relative to asphalt pavements in the Borough of Brooklyn:

	Square Yards.			
	Total.	Under Contract Guarantee.	Maintained by Bureau of Highways.	Repaving. 1906.
Sheet Asphalt	5,095,100	3,670,521	1,424,579	478,297
Block asphalt	240,285	239,108	1,177	74,783
Total	5,335,385	3,909,629	1,425,756	553,080

No specific amount has been appropriated annually for repairing asphalt pavements; the allowance for that purpose has been included in the Budget appropriation account known as Labor, Maintenance and Supplies. Below will be found a statement showing the appropriations made for Labor, Maintenance and Supplies for the years

1903-1907, inclusive, and the amount thereof expended for repairing asphalt pavements for the years 1903-1906, inclusive:

Year.	Appropriation.	Expended for Repairing Asphalt Pavements.
1903.....	\$347,944 25	\$78,142 87
1904.....	422,944 25	53,852 42
1905.....	420,850 00	47,278 75
1906.....	420,850 00	49,869 84
1907.....	504,004 17

These figures show that in 1903, 22.4-10 per cent. of the appropriation for Labor, Maintenance and Supplies was expended for repairing asphalt pavements, while in 1906 only 11.8-10 per cent. of the appropriation was expended for that purpose. As the appropriations were increased the expenditures for repairing asphalt pavements appear to have diminished.

The Departmental Estimate for 1907 for Labor, Maintenance and Supplies was \$639,650, of which \$85,000 was said to be required for maintenance of asphalt pavements. If in addition to the Budget allowance for 1907, Special Revenue Bonds to the amount of \$200,000 are now needed for repairing asphalt pavements, the estimate of \$85,000 which was submitted by the Borough President for 1907 was greatly below the actual requirements.

A communication of which the following is a copy, addressed to the Superintendent of Highways by the Chief Engineer of the Bureau, under recent date, shows the direction in which it is proposed to spend the \$200,000 for which the Borough President applies:

Hon. THOMAS R. FARRELL, Superintendent of Highways.

Dear Sir—Referring to the letter of the Borough President asking for a list of asphalt streets out of guarantee, with the yardage, and estimated cost of thoroughly repairing them, I would say I have gone over the list very carefully and from my knowledge of the streets and their condition, I would say that the ones which will require the greatest repairs are as follows:

	Estimated Cost.
Albany avenue, from Fulton street to Eastern parkway.....	\$1,500 00
Bedford avenue, from Division avenue to Hewes street, etc.....	24,500 00
Berkeley place, from Sixth avenue to Plaza street.....	1,000 00
Berry street, from Division avenue to North Fourteenth street.....	11,700 00
Clinton avenue, from Park avenue to Atlantic avenue.....	3,000 00
Columbia Heights, from Middagh street to Pierrepont street.....	3,500 00
Cumberland street, from Park avenue to Atlantic avenue.....	8,000 00
Division avenue, from Bedford avenue to Lee avenue.....	3,000 00
Eighth avenue, from St. John's place to Carroll street.....	1,500 00
Flatbush avenue, from Fifth avenue to Seventh avenue and old Town of Flatbush.....	20,000 00
Halsey street, from Bedford avenue to Nostrand avenue.....	1,000 00
Henry street, from Pierrepont street to Fourth place.....	15,000 00
Jamaica avenue, from Pennsylvania avenue to Borough line.....	20,000 00
Pierrepont street, from Willow street to Fulton street.....	5,000 00
Prospect Park, from Union street to Fifteenth street.....	5,000 00
Leonard street, from Greenpoint avenue to Broadway.....	20,000 00
Schermerhorn street, from Court street to Nevins street.....	8,000 00
St. James place, from Lafayette avenue to Fulton street.....	5,000 00
South Ninth street, from Wythe avenue to Broadway.....	1,000 00
Sixth avenue, from Atlantic avenue to Garfield place.....	10,000 00
Seventh avenue, from Flatbush avenue to Twelfth street.....	5,000 00
	\$172,700 00
For repairing the other streets I would estimate.....	25,000 00
—more or a total of.....	\$197,700 00

Respectfully,
GEO. W. TILLSON, Chief Engineer.

In February of this year the President of the Borough of Brooklyn issued a pamphlet entitled "Pavements of the Borough of Brooklyn, with previous allowances for maintaining and repaving, and the need of increased appropriation for 1907." I would respectfully suggest that Alderman Davies procure from the President of the Borough of Brooklyn a copy of this pamphlet, as it contains much information that may be of value to his committee, but which is too voluminous to quote here.

Yours truly,
(Signed) R. B. MCINTYRE,
Acting Supervising Statistician and Examiner.

The Committee on Finance, to whom was referred on April 30, 1907 (Minutes, page 686), the annexed resolution, in favor of an issue of Special Revenue Bonds, \$200,000, for repairing asphalt pavement, Borough of Brooklyn, respectfully

REPORTS:

President Coler, Chief Engineer Tillson and Engineer Creuzbauer appeared before the committee and urged the adoption of this resolution. The committee have received a report from the Comptroller's Bureau of Municipal Investigation and Statistics, which is annexed hereto. The committee have inquired thoroughly into the condition of the Brooklyn paving account, and while they believe some relief should be given, are opposed to granting too great an allowance out of the limited Special Revenue Bond account, especially as there is some prospect of an annual Corporate Stock allowance for paving. The committee therefore recommend the adoption of a substitute resolution appropriating \$100,000 for this purpose.

(SUBSTITUTE.)

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed one hundred thousand dollars (\$100,000), the proceeds whereof to be applied to repairing asphalt pavements in the Borough of Brooklyn.

(ORIGINAL.)

Resolved, That, in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed two hundred thousand dollars (\$200,000), the proceeds whereof to be applied to repairing asphalt pavements in the Borough of Brooklyn.

No. 2119.

Office of the President of the Borough of The Bronx,
Municipal Building, Crotona Park,
New York, June 3, 1907.

Hon. PATRICK F. MCGOWAN, President of the Board of Aldermen, City Hall, Manhattan, City:

Dear Sir—I enclose herewith a copy of a report made by Mr. Charles H. Graham, Engineer in Charge of Sewers, of this Borough, concerning a complaint of the Department of Health as to a drain passing through private property in Bronxwood Park from White Plains road, taking the water from the said White Plains road.

The report of the Engineer in Charge of Sewers submits three different propositions as to the manner and cost of the work required to be done in order to provide a remedy for the conditions complained of.

You will see in his report that he recommends the construction of "a drain in White Plains road from a point 250 feet north of Locust street to Locust street, thence easterly through Locust street, North Oak drive, Pine street and Bartholdi street to existing stone drain in Cedar street, the total estimated cost of which is found to be \$8,000."

I respectfully ask that the Board of Aldermen pass the necessary resolution to provide for the issuance of Special Revenue Bonds, pursuant to sub-division 8 of section 188 of the Amended Greater New York Charter, in the sum of \$8,000, as recommended in said report; and in view of the urgency of this improvement, involving as it does the question of the general health of the section in which the drain is proposed to be constructed, that the Board of Aldermen pass the proper resolution at as early a date as practicable.

Yours truly,

LOUIS F. HAFFEN,
President of the Borough of The Bronx.

May 31, 1907.

Mr. JOSIAH A. BRIGGS, Chief Engineer of the Borough of The Bronx:

Sir—Replying to yours of February 11, 1907, transmitting the herewith returned communication No. 17755, from the Department of Health, complaining of drain passing through private property in Bronxwood Park from White Plains road, taking the water from said White Plains road, I have to report as follows:

In accordance with your suggestions I caused survey to be made, with the idea of diverting the drainage of White Plains road up White Plains road to Juliana street, and thence westerly through Juliana street to the Bronx river. The estimated cost of this line was found to be \$10,000, which seemed, in my judgment, to be too great an expenditure of money for the desired purpose. I therefore had further investigation and surveys made, one of which was for the continuing of the drain up White Plains avenue to Bartholdi street, and thence easterly through Bartholdi street and emptying into the open stone drain at Cedar street north of Bronxwood Park. The estimated cost of this work was found to be about \$9,000.

Another, and, as it turned out to be, the most economical route, is as follows:

Construct a drain in White Plains road from a point 250 feet north of Locust street to Locust street, thence easterly through Locust street, North Oak drive, Pine street and Bartholdi street to existing stone drain in Cedar street, the total estimated cost of which is found to be \$8,000. This line is recommended, and the items of work involved are as follows:

1,665 linear feet of 18-inch pipe drain.

7 manholes.

125 cubic yards of rock.

10 cubic yards of rubble masonry.

1,000 feet (board measure) of timber.

The cost of the work (in view of its amount, \$8,000) is one which should be provided for by a special appropriation, and it is, therefore, respectfully recommended that the Board of Estimate and Apportionment be asked to authorize an issue of bonds in the amount named for the construction of this drain.

Respectfully,

CHARLES H. GRAHAM, Engineer in Charge of Sewers.

The Committee on Finance, to whom was referred on June 11, 1907 (Minutes, page 1152), the annexed request of the President of the Borough of The Bronx for \$8,000 Special Revenue Bonds for repairing and extending a drain in White Plains road, respectfully

REPORTS:

Chief Engineer Briggs appeared before the Committee and stated that it had been discovered that there was a drain passing through private property in Bronxwood Park, from White Plains road, and that the same had become a considerable nuisance and was subjecting the City to lawsuits which were liable to become quite costly. The Committee suggested that this should come out of Corporate Stock, but as the Chief Engineer and the Borough President took the position that it was a matter that must be attended to at once, and was actually an emergency matter, concluded that Revenue Bonds were proper. The Committee therefore, recommends the adoption of the resolution.

Resolved, That in pursuance of subdivision 8 of section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to an amount not to exceed eight thousand dollars (\$8,000), the proceeds whereof to be applied to repairing and extending a drain in White Plains road, Borough of The Bronx.

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, THOS. J. MULLIGAN, PH. HARNISCHFEGGER, JAMES W. REDMOND, A. L. KLINE, Committee on Finance.

Which was made a special order for 2.45 o'clock p. m.

At that hour the President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Brown, Callahan, Carter, Clifford, Collins, Cronin, Davies, Diemer, Dinwoodie, Dotzler, Doull, Downing, Doyle, Ellery, Everson, Farrell, Freeman, Fried, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Hattan, Herold, Higgins, Jacobson, Kenneally, Kline, Krulish, Kuntze, Lawlor, Leverett, Levine, Linde, Markert, Meyers, Morris, Mulligan, Murphy, Olvany, O'Neill, Peters, Reardon, Redmond, Richter, Smith, Stapleton, Sturges, Sullivan, Torpey, Wafer, President Cromwell, President Berniel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, President Coler, the Vice-Chairman and the President—60.

No. 2126.

The Committee on Finance, to whom was referred on June 11, 1907 (Minutes, page 1176), the annexed ordinance in favor of an issue of Corporate Stock, \$29,000, for improvement of Parks, boroughs of Manhattan and Richmond, respectfully

REPORTS:

This is the annual Corporate Stock appropriation for the permanent improvement and betterment to the park system in the borough mentioned in the resolution. The items are set forth in the annexed report, and are specified in the accompanying ordinance. The appropriation for this purpose this year is less than 50 per cent. of the appropriation made for the same purposes in 1906. The park systems of the City must be kept in an improved and up to date state, and the new parks must be properly developed, and this appropriation is for such purpose. Your Committee, therefore, recommend the adoption of the accompanying ordinance:

AN ORDINANCE providing for an issue of Corporate Stock in the sum of twenty-nine thousand dollars (\$29,000) to provide means for the improvement of parks, parkways and drives under the jurisdiction of the Commissioner of Parks for the boroughs of Manhattan and Richmond.

Be it Ordained by the Board of Aldermen of The City of New York, as follows: Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment June 7, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes therein specified:

"Resolved, That pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York, for the purpose of pro-

viding means for the improvement of parks, parkways and drives under the jurisdiction of the Commissioner of Parks for the boroughs of Manhattan and Richmond, to the amount of twenty-nine thousand dollars (\$29,000), and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter as amended, to an amount not exceeding twenty-nine thousand dollars (\$29,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, THOS. J. MULLIGAN, PH. HARNISCHFEGER, JAMES W. REDMOND, A. L. KLINE, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Brown, Callahan, Carter, Clifford, Cronin, Davies, Diemer, Dinwoodie, Doull, Doyle, Everson, Fried, J. J. Hahn, Harnischfeger, Hatton, Herold, Higgins, Jacobson, Kenneally, Kline, Krulish, Kuntze, Levine, Markert, Meyers, Moffitt, Mulligan, Murphy, Olvany, Reardon, Redmond, Rendt, Sturges, Torpey, Wafer, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, President Coler and the Vice-Chairman—40.

No. 2127.

The Committee on Finance, to whom was referred on June 11, 1907 (Minutes, page 1177), the annexed ordinance in favor of an issue of Corporate Stock, \$266,556.60, for improvement of parks, etc., Boroughs of Brooklyn and Queens, respectfully

REPORTS:

Your committee therefore recommends the adoption of the accompanying ordinance.

AN ORDINANCE providing for an issue of Corporate Stock in the sum of twenty-six thousand dollars (\$26,000), for the purpose of providing means for the improvement of parks, parkways and drives under the jurisdiction of the Commissioner of Parks, for the Boroughs of Brooklyn and Queens.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment June 7, 1907, and authorizes the Comptroller to issue Corporate Stock of The City of New York to the amount and for the purposes set forth therein:

"Resolved, That, pursuant to the provisions of section 47 of the Greater New York Charter, as amended, the Board of Estimate and Apportionment hereby approves of the issue of Corporate Stock of The City of New York for the purpose of providing means for the improvement of parks, parkways and drives under the jurisdiction of the Commissioner of Parks for the Boroughs of Brooklyn and Queens, to the amount of twenty-six thousand dollars (\$26,000), and that when authority therefor shall have been obtained from the Board of Aldermen, the Comptroller is authorized to issue Corporate Stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, as amended, to an amount not exceeding twenty-six thousand dollars (\$26,000), the proceeds whereof to be applied to the purposes aforesaid."

JOHN R. DAVIES, B. W. B. BROWN, JOHN DIEMER, THOS. J. MULLIGAN, PH. HARNISCHFEGER, JAMES W. REDMOND, A. L. KLINE, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Davies moved the adoption of this report.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Brown, Carter, Collins, Davies, Diemer, Doull, Downing, Doyle, Ellery, Everson, Farrell, Freeman, Fried, Gunther, J. J. Hahn, Hann, Harnischfeger, Hatton, Herold, Kenneally, Krulish, Kuntze, Lawlor, Leverett, Meyers, Mulligan, Murphy, Potter, Reardon, Redmond, Richter, Smith, Sturges, Sullivan, Torpey, Wafer, President Cromwell, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, President Coler and the Vice-Chairman—43.

Reports of Committee on Salaries and Offices—

No. 2167—(G. O. No. 318).

The Committee on Salaries and Offices, to whom was referred on June 18, 1907 (Minutes, page 1249), the annexed resolution in favor of establishing new grades of positions in Law Department, respectfully

REPORTS:

That having examined the subject, they believe the proposed improvement to be necessary.

They therefore recommend that the said resolution be adopted.

Whereas, The Board of Estimate and Apportionment at a meeting held June 14, 1907, adopted the following resolution:

Whereas, The Board of Estimate and Apportionment on May 17, 1907, adopted the following resolution, to wit:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the amended Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the following new grades of positions in the Law Department, in addition to those already existing therein, viz.:

	Incumbents.	Per Annum.
Assistant	4	\$7,000 00
Assistant	4	6,500 00
Assistant	4	5,500 00
Assistant Chief Clerk.....	1	4,500 00

—and that the number of incumbents in the position of Assistant at \$4,000 per annum in said Department be increased from four incumbents to seven incumbents; and

Whereas, The Corporation Counsel has requested that the form of said resolution be amended to more adequately cover the needs of his office.

Resolved, That the resolution adopted on May 17, 1907, be and the same is hereby rescinded; and

Resolved, That the Board of Estimate and Apportionment hereby recommends to the Board of Aldermen, in accordance with the provisions of section 56 of the Greater New York Charter, that the schedule of positions and salaries in the Law Department, including all Bureaus and branch offices thereof (excepting the Bureau of Street Openings) be and the same is hereby amended as follows:

1. By substituting in place of the present schedule of salaries of Assistants the following:

4 Assistants at.....	\$10,000 00
5 Assistants at.....	7,500 00
2 Assistants at.....	7,000 00

6 Assistants at.....	2,500 00
6 Assistants at.....	2,000 00

2. By granting permission to the Corporation Counsel to fill any vacancy which may occur in the foregoing schedule by increasing the number of Assistants at any lower salary, provided that the total number of Assistants and the total amount of salaries thereof, as hereby established, be not increased.

3. By adding to the schedule of clerical positions the additional grade of Assistant Chief Clerk (one incumbent) at \$4,500 per annum.

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salaries of the above positions as set forth therein.

JAMES COWDEN MEYERS, JOHN J. CRONIN, LEONARD L. JACOBSON, M. D., ARTHUR H. MURPHY, JOHN J. CALLAHAN, CHARLES KUNTZE, Committee on Salaries and Offices.

Which was laid over.

Subsequently Alderman Wafer moved that this report be made a special order for 2 o'clock p. m.

The President put the question whether the Board would agree with said motion.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Callahan, Clifford, Collins, Doull, Everson, Fried, Haggerty, Harnischfeger, Higgins, Kenneally, Levine, Linde, Morris, Mulligan, Noonan, Olvany, Potter, Reardon, Redmond, Richter, Smith, Stapleton, Torpey, Wafer, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Coler and President Ahearn—28.

Negative—Aldermen Brown, Carter, Cronin, Davies, Diemer, Dotzler, Downing, Ellery, Farrell, Freeman, Gunther, J. J. Hahn, Herold, Jacobson, Kline, Krulish, Kuntze, Markert, Meyers, Moffitt, O'Neill, Peters, Schloss, Sturges and the Vice-Chairman—25.

The hour of 2 o'clock having arrived, the President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the negative by the following vote, a majority of all the members failing to vote in favor thereof, notwithstanding a quorum was present.

Affirmative—Aldermen Ahner, Callahan, Clifford, Collins, Doull, Everson, Freeman, Fried, Haggerty, C. Hahn, Harnischfeger, Higgins, Kenneally, Levine, Linde, Morris, Mulligan, Murphy, Noonan, Olvany, Reardon, Redmond, Rendt, Richter, Smith, Stapleton, Torpey, Wafer, President Bermel, by Lawrence Gresser, Commissioner of Public Works; President Haffen, President Coler and the President—32.

Negative—Aldermen Carter, Herold and O'Neill—3.

On motion of Alderman Doull the above vote was reconsidered and the paper was laid over and made a general order for the next meeting.

Nos. 2112, 2149, 2158, 2161, 2184.

The Committee on Salaries and Offices, to whom was referred on June 4, 11 and 18, 1907 (Minutes, pages 1144, 1236, 1241, 1242, 1292), the annexed resolutions in favor of appointing Samuel B. Ballach, Joseph L. Hunt, Milton Kempner, William Berliner and Hugo E. Goenner, respectfully

REPORTS:

That the customary letters of reference having been filed with these applications, and the applicants having appeared before the committee and answered questions put to them, it therefore recommends that the accompanying substitute resolution be adopted.

(SUBSTITUTE.)

Resolved, That the following named persons be and they are hereby appointed City Surveyors:

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Meyers asked and obtained unanimous consent to introduce the following:

No. 2202.

Whereas, Every resolution permitting the purchase of automobiles without public letting develops a discussion of the general proposition of their purchase in that manner; and

Whereas, It appears that The City of New York has bought a number of automobiles under contracts made after the usual advertising required by law; and

Whereas, Mayor McClellan, on March 18, 1904, vetoed a resolution authorizing the Fire Commissioner to purchase two automobiles without public letting, on the ground that such purchase without competition was forbidden by section 1554 of the Charter.

Resolved, That the Finance Committee and the Committee on Public Letting, acting jointly, are hereby requested to make a thorough inquiry into this entire subject, to hold public hearings thereon and to advise this Board (1) whether the purchase of automobiles without public letting can be lawfully authorized; (2) whether the experience of the City in their purchase with and without public letting affords a practical reason for the preference of one method over the other; (3) whether there is any inherent difficulty in preparing specifications and contracts for the purchase

of automobiles; (4) whether the power vested in the Board of Estimate and Apportionment to authorize the letting of a contract to other than the lowest bidder does not furnish a practical solution of any difficulty which may appear and (5) what, in the opinion of the Committee, should be the future disposition of resolutions of this character by the Board of Aldermen.

Which was adopted.

Alderman Fried asked and obtained unanimous consent to introduce the following:

No. 2203.

President of the Borough of Manhattan,
Bureau of Public Buildings and Offices,
New York, June 21, 1907.

Hon. HENRY S. THOMPSON, Commissioner of Public Works:

Dear Sir—I beg to submit herewith a statement of the condition of the appropriation for salaries and wages for the year 1907, figured from the present pay-rolls:

Salaries and Wages.	
Expenditures for five months.....	\$184,500 00
Anticipated for seven months.....	269,700 00

Total for year.....	\$454,200 00
Appropriation for year 1907.....	426,900 00

Deficit December 31, 1907.....	\$27,300 00
--------------------------------	-------------

Salaries.	
Expenditures for five months.....	\$87,527 00
Anticipated for seven months.....	130,447 50
Anticipated for summer baths.....	17,000 00

Total for year.....	\$234,974 50
---------------------	--------------

Appropriation for the year 1907.....	\$239,838 00
Liabilities for the year 1907.....	234,974 50

Surplus balance	\$4,853 50
-----------------------	------------

Deficit on Salaries and Wages.....	27,300 00
Surplus for Salaries, 1907.....	4,853 50

Total deficit for 1907.....	\$22,446 50
-----------------------------	-------------

This deficit is caused by reason of the fact that the Board of Estimate and Apportionment deducted \$25,000 from the Budget, which amount was on account and for the purpose of paying salaries and wages for the Hall of Records Building.

At the time of the preparation of this estimate the building was not entirely completed and the complement of men in the building was about one-half of what was required to properly operate the same. The building is now in full operation and will require the amount above mentioned to pay for the salaries of the employees.

The figures for the 1907 Budget were based upon the conditions existing in 1906 as above stated, and only one-half of the working force were employed in the building.

It was necessary at the time of the preparation of the Budget, in order to comply with the rules and regulations of the Board of Estimate and Apportionment, to ask only for the amount shown on the pay-rolls. Therefore, the estimate granted in the Departmental Budget for the year 1907 does not meet the requirements in this case, and I would request that a resolution be prepared by the President of the Borough and presented for adoption, appropriating \$25,000 to meet this emergency.

Respectfully,

(Signed) JOHN H. STEWART,

Acting Superintendent, Public Buildings and Offices.

Resolved, That, pursuant to the provisions of subdivision 8, section 188 of the amended Greater New York Charter, the Board of Estimate and Apportionment be and is hereby requested to authorize the Comptroller to issue Special Revenue Bonds in the amount of twenty-five thousand dollars (\$25,000) for the payment of the wages of the present maintenance force of the Hall of Records and the employment of additional help during the year 1907.

Which was referred to the Committee on Finance.

GENERAL ORDERS.

Alderman Doull called up General Order 315, being a report and resolution, as follows:

No. 2107.

The Committee on Public Letting, to whom was referred on June 4, 1907 (Minutes, page 1129), the annexed resolution in favor of authorizing the Trustees of the College of The City of New York to contract for mural decorations in the new Townsend Harris Hall without public letting at a cost of \$3,500, respectfully

REPORTS:

That William S. Post, of the firm of George B. Post & Sons, architects for the new College of The City of New York, appeared before the Committee and explained the nature of the proposed mural decoration for certain rooms in Townsend Harris Hall, and showed why the work would be more surely in conformity with the architect's design if it were done without public letting. Your Committee is of the opinion that the best interests of the City and the College would be subserved by adopting the annexed resolution.

Whereas, The Board of Aldermen, by resolution adopted on the 16th day of May, 1906, authorized the Board of Trustees of the College of The City of New York to have performed, without public letting, the work of certain mural decorative painting of the Great Hall of the City College; and

Whereas, For the completion of certain rooms, to wit, the assembly hall in Townsend Harris Hall, reading room, faculty room and executive offices, it is necessary to have certain decorative painting of their walls and ceilings done in accord with the other work of the rooms and in the manner directed by the architect, so that the color scheme shall be harmonious with the design and details of the rooms; and

Whereas, It is deemed important that such additional work should be executed by some one specially trained in that work, to be chosen by such Board of Trustees, rather than by competitive bidding; therefore it is

Resolved, Pursuant to section 419 of the Greater New York Charter, That the Board of Trustees of the College of The City of New York be and it hereby is authorized, without publicly inviting competition and awarding the contract to the lowest bidder, giving security for its performance, to award a contract or contracts to provide for the decorative painting of the walls and ceilings of the assembly hall in the Townsend Harris Hall, reading room, faculty room and executive offices, in accordance with and in the manner directed by the architect, so that color scheme shall be harmonious to the design and details of the rooms, in an amount not to exceed three thousand five hundred dollars (\$3,500), the said amount to be charged to and paid out of an appropriation duly made by the Board of Estimate and Apportionment January 13, 1905.

A. L. KLINE, MAX S. LEVINE, JACOB BARTSCHERER, JOSEPH SCHLOSS, Committee on Public Letting.

The President put the question whether the Board would agree to accept said report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Ahner, Brown, Callahan, Carter, Collins, Cronin, Davies, Diemer, Dotzler, Doull, Downing, Doyle, Ellery, Everson, Farrell, Freeman, Fried, Gunther, Haggerty, C. Hahn, J. J. Hahn, Hann, Harnischfeger, Hatton, Herold, Higgins, Jacobson, Kenneally, Kline, Krulish, Kuntze, Lawlor, Leverett, Levine, Linde, Markert, Meyers, Moffitt, Morris, Mulligan, Murphy, Olvany, O'Neill, Peters, Potter, Reardon, Redmond, Rendt, Richter, Smith, Stapleton, Sturges, Sullivan, Torpey, Wafer, President Cromwell, President Bermel, President Haffen, President Coler, the Vice-Chairman and the President—61.

At this point the Vice-Chairman took the chair.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS RESUMED.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment, transmitting resolutions:

No. 2204.

Board of Estimate and Apportionment, City of New York,
Office of the Secretary, No. 277 Broadway,
June 25, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Dear Sir—I transmit herewith certified copies of two (2) resolutions adopted by the Board of Estimate and Apportionment June 21, 1907, as follows:

1. Recommending the amendment of the resolutions adopted by this Board April 20, 1906, July 6, 1906, and March 22, 1907, establishing grades of various positions in the Department of Finance, in so far as they relate to the number of incumbents;
2. Recommending the establishment of the grade of the position of Examiner of Sewer Claims in the Department of Finance in addition to those already existing therein, at the rate of \$3,500 per annum, for the present incumbent, Mr. Frank J. Prial, only;

—together with copy of the Comptroller's communication relative thereto. I also enclose forms of resolutions for adoption by the Board of Aldermen to indicate its concurrence therein.

Very truly yours,
JOSEPH HAAG, Secretary.

City of New York,
Department of Finance, Comptroller's Office,
June 17, 1907.

To the Board of Estimate and Apportionment:

Gentlemen—Request is hereby made that the Board of Estimate and Apportionment recommend to the Board of Aldermen, in accordance with section 56 of the Charter, that additional salaries for the following positions in the Department of Finance be fixed at the amounts specified:

Examiner of Sewer Claims (for one incumbent).....	\$3,500 00
Examiner of Sewer Claims (for two incumbents instead of for one as at present).....	1,800 00
Examiner of Sewer Claims (for four incumbents instead of for one as at present).....	1,500 00
Inspector of Repairs and Supplies (for three incumbents instead of for one as at present).....	1,800 00
Automobile Engineman (for three incumbents instead of for two as at present).....	1,200 00

The salary for the first mentioned position is desired in order to promote the Examiner who has had charge of the Division of Sewer Claims since the early part of 1906, and who, by his fidelity in discharging his duties, and by his ability, which, in my judgment, is of a high order, has saved the City hundreds of thousands of dollars. Just how much it is impossible to positively estimate, for the reason that the saving has not only been in the number of sewer claims which have been successfully defended or withdrawn, but the moral effect of his having been placed in charge of the employees who handle these claims has been such as to greatly reduce the number of claims filed. His present salary is \$2,850.

In regard to the other additional grades of positions, which I have requested, I will be pleased to furnish the Board with detailed information in regard to the necessity for their establishment if such is desired.

Respectfully yours,
(Signed) H. A. METZ, Comptroller.

Whereas, The Board of Estimate and Apportionment, at a meeting held June 21, 1907, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of the position of Examiner of Sewer Claims in the Department of Finance, in addition to those already existing therein, at the rate of three thousand five hundred dollars (\$3,500) per annum, for the present incumbent, Mr. Frank J. Prial, only."

Resolved, That the Board of Aldermen hereby concurs in said resolution and fixes the salary of the above position as set forth therein.

No. 2205.

Resolved, That the Board of Aldermen hereby approves of and concurs in the following resolution adopted by the Board of Estimate and Apportionment June 21, 1907:

Resolved, That the Board of Estimate and Apportionment, in accordance with the provisions of section 56 of the Charter as amended, hereby recommends to the Board of Aldermen the amendment of the resolutions adopted by this Board April 20, 1906, July 6, 1906, and March 22, 1907, establishing grades of various positions in the Department of Finance in so far as they relate to the number of incumbents of the following positions:

	Incumbents.	Per Annum.
Examiner of Sewer Claims (for William J. Parrell and Robert J. Jordan only).....	2	\$1,800 00
Examiner of Sewer Claims (for Thomas J. Dougherty, William A. Hartye, Jr., James J. Fitzgerald and Charles A. Gallagher only).....	4	1,500 00
Inspector of Repairs and Supplies (for John F. Scanlon, Elmer DeCamp and Harlan P. Christie only).....	3	1,800 00
Automobile Engineman (for William Wiley, Frank Mattes and Oliver H. Quimby only).....	3	1,200 00

Which were severally referred to the Committee on Salaries and Offices.

The Vice-Chairman laid before the Board the following communication from the Commissioner of Street Cleaning:

No. 2206.

Department of Street Cleaning,
New York, June 18, 1907.

Hon. PATRICK F. MCGOWAN, President, Board of Aldermen:

Sir—Will you have the kindness to have the enclosed resolution presented to the Board of Aldermen for their adoption for the purpose of raising funds with which to clean the streets by the flushing thereof, such a resolution being authorized by subdivision 8, section 188, of the Greater New York Charter, an emergency having arisen not proposed by my predecessor in the Budget prepared by him; the cleaning of the streets by flushing being considered by me necessary, and warrants the action of the Board.

Respectfully,
M. CRAVEN, Commissioner.

Whereas, It has become necessary to clean the streets by the flushing thereof; therefore be it

Resolved, That, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment is hereby requested and authorized to request and authorize the Comptroller to issue Special Revenue Bonds to the extent of four hundred and eighty thousand dollars (\$480,000), for the purpose of the more effectual cleaning of the streets by the flushing thereof. Which was referred to the Committee on Finance.

GENERAL ORDERS RESUMED.

Alderman Sullivan called up General Order No. 316, being a report and resolution, as follows:

No. 2194.

AN ORDINANCE in relation to the erection of warning signs to preserve the peace and quietude of persons confined in hospitals and like places in The City of New York.

Be it Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. The several Borough Presidents are hereby authorized to erect, within their discretion, on lamp-posts, or, in the absence of lamp-posts, on such posts as they may find occasion to erect, at corners of intersecting streets, avenues or thoroughfares on which may be located a hospital, lying-in asylum, sanatorium or other institution reserved for the treatment of the sick, a sign or signs displaying the words, "Notice—Hospital Street," and such other warning or admonition to pedestrians and drivers to refrain from making any or such noises or fast driving as may tend to disturb the peace and quietude of any or all of the inmates of any such institution.

Sec. 2. Any person guilty of making any unnecessary noise or a failure to drive at a speed not faster than a walk on any of the streets, avenues or thoroughfares which have hereunder been designated as "hospital streets," and for which such warning signs as described in the preceding section have been erected, shall, upon conviction thereof by a City Magistrate, or upon a confession of guilt, be fined in a sum not exceeding ten dollars (\$10), and upon a failure to pay such fine, to imprisonment in the City prison for a term not to exceed ten days.

Sec. 3. This ordinance shall take effect immediately.

The President put the question whether the Board would agree to accept said report and adopt said ordinance.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE.

AT THE REQUEST OF THE AGENT FOR the Carnegie Library sites, public notice is hereby given that the Commissioners of the Sinking Fund of the City of New York, by virtue of the powers vested in them by law, will offer for sale at public auction all the buildings, parts of buildings, etc., standing within the lines of property owned by The City of New York acquired for library purposes, in the

Borough of Brooklyn.

Being all those buildings, parts of buildings, etc., situated on the northwest corner of St. Edwards street and Auburn place, Borough of Brooklyn, and which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held

June 13, 1907, the sale of the above described buildings and appurtenances thereto will be held by direction of the Comptroller, on

THURSDAY, JUNE 27, 1907,
at 1.30 p. m., on the premises, on the following

TERMS AND CONDITIONS.

It being understood that the purchasers, at the time of the auction sale, when the said bid is accepted by the City, shall execute a contract with The City of New York for the proper compliance with these terms and conditions, which contract shall provide for liquidated damages at so much per day for each and every day the removal of the buildings, etc., remains incomplete, after the expiration of sixty days from the day of sale. A copy of said contract is on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay immediately cash or a certified check drawn to the order of the Comptroller of The City of New York, and must either give a cash bond or an approved bond of a surety company in the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale and of the contract. Said bond must be filed within forty-eight hours after the sale.

All the buildings, structures and parts thereof, their fixtures and foundations of every class and description within the described area are to be torn down to a level two feet below the existing curb, and structures which may exist within any of the buildings, such as engine beds, boiler settings, etc., and all stoops and area walls shall be torn down to the same level. All partitions, sheds and fences shall be removed from the premises. All brick laid in mortar, all floor beams, joists, studdings, flooring, ceiling, roofing, boards and woodwork of every description, and all gas, water, steam and soil piping shall be removed from the premises. All combustible matter, such as tar and felt roofing, broken laths and fragments of timber, chips, splinters, etc., which are of no value, shall be gathered together by the contractor and burned or carried away. The purchaser at the sale shall also shut off and cap all water pipes at the main pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity.

Failure to remove said buildings and appurtenances or any portion thereof within sixty days from the day of sale, will work forfeiture of ownership of such buildings or appurtenances or portion as shall then be left standing, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and the said City of New York will without notice to the purchaser cause the same to be removed and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner and must be completed within sixty days from the day of sale, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damages and costs to which it, they or any of them be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of the said buildings by the said successful bidder.

Party walls and fences when existing against adjacent property not sold shall not be taken down, but all furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, shall be taken down and removed. The walls shall be made permanently self-supporting without the aid of braces, the beamholes, etc., bricked up and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of the adjacent buildings shall be properly flashed and painted and made water tight where they have been disturbed by the operation of the contractor.

The Comptroller of The City of New York reserves the right on the day of the sale to withdraw from sale any of the buildings or parts of buildings and machinery included in the foregoing parcel, and to reject any or all bids.

The principal of and interest on said stock and bonds are payable in gold coin of the United States of America, of the present standard of weight and fineness, pursuant to resolutions of the Commissioners of the Sinking Fund, adopted June 9th, 1898, and April 18th, 1904.

CONDITIONS OF SALE.

As provided for by the Greater New York Charter.

1. Proposals containing conditions other than those herein set forth will not be received or considered.

2. No proposal for bonds or stock shall be accepted for less than the par value of the same.

3. Every bidder, as a condition precedent to the reception or consideration of his proposal, shall deposit with the Comptroller in money, or by a certified check drawn to the order of said Comptroller upon a solvent banking corporation, two per cent. of the par value of the bonds or stock bid for in said proposal.

No proposal will be received or considered which is not accompanied by such deposit.

All such deposits shall be returned by the Comptroller to the persons making the same within three days after the decision has been rendered as to who is or are the highest bidder or bidders, except the deposit made by the highest bidder or bidders.

4. If said highest bidder or bidders shall refuse or neglect, within five days after service of written notice of the award to him or them, to pay to the City Chamberlain the amount of the bonds or stock awarded to him or them at its or their par value, together with the premium thereon, less the amount deposited by him or them, the amount or amounts of deposit thus made shall be forfeited to and retained by said City as liquidated damages for such neglect or refusal, and shall thereafter be paid into the Sinking Fund of The City of New York for the Redemption of the City Debt.

5. Upon the payment into the City Treasury by the persons whose bids are accepted, of the amounts due for the bonds or stock awarded to them respectively, certificates thereof shall be issued to them in such denominations provided for by the Charter as they may desire.

6. It is required by the Charter of the City that "every bidder may be required to accept a portion of the whole amount of bonds or stock bid for by him at the same rate or proportional price as may be specified in his bid; and any bid which conflicts with this condition shall be rejected, provided, however that any bidder offering to purchase all or any part of the bonds offered for sale at a price at par or higher may also offer to purchase all or none of said bonds at a different price, and if the Comptroller deems it to be in the interests of the City so to do, he may award the bonds to the bidder offering the highest price for all or none of said bonds; provided, however, that if the Comptroller deems it to be in the interests of the City so to do, he may reject all bids." Under this provision, the condition that the bidder will accept only the whole amount of bonds or stock bid for by him, and not any part thereof, cannot be inserted in any bids, except those for "all or none" offered by bidders who have also bid for "all or any part" of the bonds or stock offered for sale.

7. Bonds or stock issued in Coupon form can be converted at any time into Registered Bonds or Stock, and Bonds or Stock issued in Registered form can be converted at any time into Coupon Bonds or Stock in denominations of \$1,000.

8. The proposals, together with the security deposits, should be inclosed in a sealed envelope, indorsed "Proposals for Bonds of The City of New York," and said envelope inclosed in another sealed envelope, addressed to the Comptroller of The City of New York. (No special form of proposal is required, therefore no blanks are furnished.)

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at the intersection of a line distant 100 feet northerly from and parallel with the northerly side of West One Hundred and Eighty-eighth street, the said distance being measured at right angles to the line of West One Hundred and Eighty-eighth street with a line midway between Haven avenue and the unnamed street immediately adjoining on the east, and running thence southwardly along the said line midway between Haven avenue and the unnamed street immediately adjoining on the east, and along the prolongation of the said line, to the intersection with a line midway between West One Hundred and Seventy-seventh street and West One Hundred and Seventy-sixth street; thence westwardly along the said line midway between West One Hundred and Seventy-seventh street and West One Hundred and Seventy-sixth street to the intersection with a line 100 feet distant easterly from and parallel with the easterly line of Buena Vista avenue, the said distance being measured at right angles to the line of Buena Vista avenue; thence southwardly along a course, always parallel with and 100 feet easterly from the easterly side of Buena Vista avenue, to the intersection with a line midway between West One Hundred and Seventy-sixth street and West One Hundred and Seventy-fifth street; thence westwardly along the said line midway between West One Hundred and Seventy-sixth street and West One Hundred and Seventy-fifth street and along the prolongation of the said line to the intersection with a line distant 100 feet westerly from and parallel with the westerly line of Buena Vista avenue, the said distance being measured at right angles to the line of Buena Vista avenue; thence northwardly, and always parallel with and 100 feet distant westerly from the westerly line of Buena Vista avenue, and along the prolongation of the said line, to the intersection with the northerly side of West One Hundred and Eighty-first street; thence northwardly at right angles to the line of West One Hundred and Eighty-first street 100 feet; thence eastwardly and always parallel with and 100 feet distant northerly from the northerly side of West One Hundred and Eighty-first street to the intersection with the prolongation of a line passing through a point on the southerly side of West One Hundred and Eighty-first street midway between Buena Vista avenue and Haven avenue, and through a point on the northerly side of West One Hundred and Eighty-eighth street midway between the said Buena Vista avenue and Haven avenue; thence southwardly along the course last described, passing through the said points on the southerly side of West One Hundred and Eighty-first street and on the northerly side of West One Hundred and Eighty-eighth street to the intersection with a line distant 100 feet northerly from and parallel with the northerly line of West One Hundred and Eighty-eighth street, the said distance being measured at right angles to the line of West One Hundred and Eighty-eighth street; thence eastwardly to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board, to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 8th day of July, 1907, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby, to be published in the City Record for ten days prior to the 8th day of July, 1907.

BOARD OF ESTIMATE AND APPORTIONMENT.—FRANCHISES.

PUBLIC NOTICE IS HEREBY GIVEN

that at a meeting of the Board of Estimate and Apportionment held June 14, 1907, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the New York and Queens County Railway Company respectfully shows:

First—That your petitioner is a street surface railway corporation duly organized and existing under the laws of the State of New York, and now operating a street surface railway in the Borough of Queens, City of New York, and has duly filed, pursuant to section 90 of the Railroad Law, a statement of the extension of its road and branch thereof herein proposed.

Second—That for the purpose of constructing and operating a branch or extension of its present road, your petitioner desires to obtain from your Honorable Board, and hereby respectfully applies for its consent to and a grant of the right, privilege and franchise for the construction, maintenance and operation of a double-track street surface railway as an extension or branch of its existing railway for public use in the conveyance of persons and property for compensa-

tion in, upon, along and over the surface of certain streets, avenues, highways, bridges, public places and private property in the Borough of Queens, City of New York, of which the following is a description:

Beginning at and connecting with its present track at the corner of Broadway and Main street, in the former Village of Flushing; running thence easterly upon and along Broadway to Whitestone avenue; thence northerly upon and along Whitestone avenue to Chestnut street or avenue; thence easterly upon and along Chestnut street or avenue to and across Flushing place; thence still easterly through private property along the line of a continuation of Chestnut street or avenue to Murray lane; thence northerly upon and along Murray lane to Higgins lane; thence easterly upon and along Higgins lane to a point where Higgins lane; thence northerly through private property along the line of Ninth avenue to Fourth street; thence westerly upon and along Fourth street to Eighth avenue; thence northerly upon and along Eighth avenue to Twenty-first street; thence easterly upon and along Twenty-first street to Eleventh avenue; thence northerly upon and along Eleventh avenue to Thirty-sixth street, in the former Village of Whitestone, crossing such other streets, avenues, highways and bridges as may be encountered in said route, and with such connections, turnouts, switches, crossovers, stands, poles, wires and equipment necessary for the accommodation and operation of said railway by the overhead system of electricity, or by any other motive power that may be lawfully employed upon the same.

Third—That said corporation proposes to operate said extension or branch by the overhead system of electricity, substantially similar to that now in use on its other lines, or by other motive power that may be lawfully employed.

Wherefore your petitioner prays that public notice hereof, and of the time and place when and where this application will be first considered be given as required by law, and that the desired consent be granted in accordance with the provisions of the Greater New York Charter.

PUBLIC NOTICE IS HEREBY GIVEN

that at a meeting of the Board of Estimate and Apportionment held December 21, 1906, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the Queens Borough Street Railway Company respectfully shows:

That your petitioner is a street surface railway corporation duly organized and incorporated under and in pursuance of an act of the Legislature of the State of New York, entitled the Railroad Law.

That the said corporation proposes to build, construct, maintain and operate a street surface railroad for the public use in the conveyance of persons and property in cars for compensation in the First Ward (formerly Long Island City) of the Borough of Queens of The City of New York, State of New York, upon and along the surface of the following streets, avenues and highways in said Long Island City, to wit:

Beginning at the corner of Franklin street and Van Alst avenue as a starting point, the proposed railroad shall run in a northerly direction along Van Alst avenue to Winthrop avenue, a distance of approximately one and one-tenth (1 1/10) miles.

That the railroad proposed to be built, constructed, maintained and operated by your petitioner, as hereinbefore set forth, is intended to be operated by any motive power other than locomotive steam power, which now or at any time hereafter may lawfully be used and employed on its route.

Your petitioner further shows that, pursuant to the laws of this State and to the Charter of The City of New York, it is necessary for it to obtain the consent of the Board of Estimate and Apportionment of The City of New York to enable it to construct, maintain and operate the railroad aforesaid, and accordingly your petitioner now applies to your honorable body for such consent.

Wherefore your petitioner prays and makes application to the Board of Estimate and Apportionment of The City of New York for its consent and permission to be granted to your petitioner, its successors, lessees and assigns, to construct, maintain and operate a street surface railroad for public use through, upon and along the avenues, streets and highways above set forth and described, together with all necessary connections, switches, sidings, turnouts, turntables, crossovers and suitable stands for the convenient working of said railroad, and for the accommodation of the company's cars which may be run over said railroad by your petitioner, its successors, lessees or assigns; and also that consent and permission be granted to your petitioner, its successors, lessees or assigns, to the

erection upon said streets, avenues and highways of the necessary poles and the stringing of wires, so that the cars of said company may be moved by the means or power of electricity.

Dated December 7, 1906.

 RAILWAY COMPANY.**
 By C. E. FINLAY,
 President.

State of New York, County of New York, ss.:
 Charles E. Finlay, being duly sworn, says that he is the President of the Queens Borough Street Railway Company, the petitioner above named; that he has read the foregoing petition and knows the contents thereof, and that the same is true to the knowledge of this deponent except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true. That the reason why this verification is not made by the petitioner is because the petitioner is a corporation; that the grounds of deponent's belief as to matters in said petition not stated upon his own knowledge are investigations which deponent has caused to be made concerning the subject matter of this petition and information acquired by deponent in the course of his duties as an officer of the corporation petitioner in this proceeding.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held June 14, 1907, the following petition was received:

To the Honorable Board of Estimate and Apportionment of The City of New York:

The petition of the United Electric Service Company, a corporation, respectfully shows:

First—Your petitioner is a corporation duly organized and existing under and by virtue of the provisions of the Transportation Corporation Law of the State of New York.

Second—Your petitioner desires to obtain from The City of New York its consent to and a grant or franchise, right and privilege to lay, erect, construct and maintain wires and other conductors with necessary poles, pipes, conduits and appliances in, over and under the streets, avenues, highways, parks and public places within the territory of The City of New York, according to terms and conditions which the Board of Estimate may now or hereafter determine; said wires to be used in electric operation of electrical call boxes in connection with telephones, telegraph and other systems for providing calls and signals for messages and messengers.

Third—Your petitioner is prepared to distribute from its central station now in operation to many points throughout The City of New York.

Fourth—The franchise to be held and enjoyed by the company and its assigns for a term of twenty-five (25) years, and a renewal thereof for a further period of twenty-five (25) years upon a revaluation to be made by three disinterested freeholders, one of whom shall be appointed by the Board of Estimate and Apportionment, one chosen by the company, and the two thus designated shall choose a third freeholder, and the three shall make a revaluation, which shall be conclusive.

The appointment of the appraisers shall be made at least six months prior to the expiration of the first grant, and they shall report within three months after they are chosen to the Comptroller of The City of New York, or his successor.

Fifth—The company and its successors shall pay to The City of New York for such franchise for the first two years, one per cent.; one and one-half per cent. for the succeeding three years, and two per cent. for the remaining term, upon the gross sum received by the company for message and messenger service rendered its commercial or domestic customers within said territory, and for the extension pay the terms fixed by the appraisers.

Payments shall be made on November first of each year during the term of the franchise, the first payment shall be made for the portion of the above sum as the time from the grant to September 30 shall bear to the whole year; each fiscal year to end on September 30.

Sixth—The company and its assigns shall maintain and operate the aforesaid wires, conductors, poles and other appliances upon the ways aforesaid, under the supervision and control of the municipal authorities having jurisdiction under the Charter of The City of New York.

All of which is respectfully submitted and the consideration of your Honorable Board respectfully requested.

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held in the Old Council Chamber, City Hall, Borough of Manhattan, on Friday, June 7, 1907, the following proceedings were had:

Whereas, The Kings County Refrigerating Company has, under date of July 13, 1905, made application to this Board for a grant of a right, privilege and franchise to construct, maintain and operate a pipe line under and along Hall street and across Flushing avenue to the lands of the Wallabout Market, in the Borough of Brooklyn, for the purpose of supplying refrigeration to consumers therein; and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance to such laws, this Board adopted a resolution on July 14, 1905, fixing the date for public hearing thereon as September 29, 1905, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," newspapers designated by the Mayor, and in the CITY RECORD for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Kings County Refrigerating Company, and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Kings County Refrigerating Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Kings County Refrigerating Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York as follows, to wit:

KINGS COUNTY REFRIGERATING COMPANY.

Proposed Form of Contract.

This contract, made this day of 1907, by and between The City of New York, party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City, and Kings County Refrigerating Company, a domestic corporation of the State of New York, hereinafter called the Company, party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City of New York hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a conduit not to exceed twelve inches in diameter, with the necessary branches and connections therefrom, leading directly into private property, and also into the lands of the Wallabout Market, for the sole purpose of supplying refrigerant to consumers, said conduits and branches to be beneath the surface of each of the following-named

streets, avenues and highways, between the points described in the following route, all situate in the Borough of Brooklyn, City of New York, to wit:

Route—Beginning at a point in Hall street, about 325 feet north of the northerly line of Park avenue; thence northerly in, under and along Hall street to Flushing avenue; thence still northerly in, under and across Flushing avenue to the lands of the Wallabout Market, together with such branches from the pipes laid in the above-described route leading directly into private property or lands of the Wallabout Market as may be necessary for the purpose of supplying patrons of the Company with cold air or refrigerant, said route being shown on a map entitled "Map showing the proposed pipe line of the Kings County Refrigerating Company, to accompany petition to the Board of Estimate and Apportionment, dated July 13, 1905," signed by James J. Phelan, Secretary, copy of which is annexed hereto and made a part of this grant.

Sec. 2. The grant of this privilege is subject to the following conditions:

First—The said right to lay one conduit line in each of the streets, avenues or highways, and between the limits as hereinbefore described, and the privilege to maintain and operate the same shall be held and enjoyed by the said Company, its lessee or successors, for a term of fifteen years from the date of the signing of this contract, with the privilege of renewal of said grant for a further period of ten years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board of Estimate and Apportionment of The City of New York, or any authority which shall be authorized by law to act for the City in place of the said Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this grant. The determination of the revaluation shall be sufficient, if agreed to in writing by the Company and the Board of Estimate and Apportionment, or such other authority in its place. If the Company and the Board, or such other authority in its place for the City, shall not reach such agreement on or before the day one year before the expiration of the original term of this grant, then the annual rate of compensation for such succeeding ten years shall be reasonable, and either the City (by the Board or such other authority in its place) or the Company shall be bound upon request of the other to enter into a written agreement with such other authority, fixing the rate of such compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board of Estimate and Apportionment or its successors in authority; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluations aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of the contract, and their report shall be filed with the Board of Estimate and Apportionment or its successors in authority within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but shall not in any event be less than the minimum amount fixed as the sum to be paid annually for the last year of this original grant. If in any case the annual rate shall not be fixed prior to the termination of the original term of this grant, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—Upon the termination of this contract, or if the same is renewed, then at the termination of the said renewal term or upon the termination of the rights hereby granted, or for any other cause, all conduit lines and appurtenances thereto, constructed pursuant to this contract, shall be and become the property of The City of New York, without compensation therefor, and the same may be used by the City for any purpose whatsoever. If, however, at the termination of this grant, as above, the City, by the Board of Estimate and Apportionment, or its successors in authority, shall so order by resolution, the said Company shall remove at its own expense, said conduit line and all appurtenances thereto, and shall restore the streets and pavements to their original condition.

Third—The Company, its successors or assigns, shall pay for this privilege to The City of New York the following sums of money, to wit:

1. Five hundred dollars (\$500) in cash within thirty (30) days after the signing of the contract.
2. During the first five years of this contract an annual sum which shall in no case be less than seven hundred and fifty dollars (\$750), and which shall be equal to 5 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of seven hundred and fifty dollars (\$750).

During the second five years of this contract an annual sum which shall in no case be less than one thousand dollars (\$1,000), and which shall be equal to 6 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of one thousand dollars (\$1,000).

During the third and remaining five years of this contract an annual sum which shall in no case be less than thirteen hundred dollars (\$1,300), and which shall be equal to 7 per cent. of the gross receipts of the Company, if such percentage shall exceed the sum of thirteen hundred dollars (\$1,300).

The gross receipts as above shall be the total receipts of the Company from all business of furnishing refrigerant to consumers outside of its warehouse at No. 30 Hall street, and outside of the lands of the Wallabout Market. The minimum sums provided to be paid annually shall include the percentages of such gross receipts as above and also such sums as may be paid under any agreement made with the Comptroller for privileges in the lands of the Wallabout Market.

3. An annual payment of twenty-five (25) cents for each linear foot of conduit line and two dollars (\$2) for each manhole constructed within the limits of any street, avenue or highway. The sums due shall be calculated from the day when permit is obtained to open the streets for any section of the work.

All sums herein provided for shall be paid into the Treasury of The City of New York on November 1 of each year, and shall be for the amount due to September 30 next preceding.

Any and all payments made by the terms of this franchise to The City of New York by the Company shall not be considered in any manner

in the nature of a tax, but such payments shall be in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of The City of New York or by any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of the privilege hereby granted, whether original or renewal, as hereinbefore provided, notwithstanding any clause in any statute or in the charter of any other company, providing for payments for refrigerating rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, whether original or renewal, or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this grant; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said condition as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this grant. Nothing herein contained shall apply to any mortgage or mere lien, but shall apply to any purchaser upon foreclosure, or under or by virtue of any provision of a mortgage or lien.

Fifth—The rights and privileges granted hereby shall not be assigned either in whole or in part, or leased or sublet in any manner, nor shall title thereto or right, interest or property therein pass to, or vest in any other person or corporation whatsoever, either by the act of the Company, its successor or assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations, or otherwise, without the consent of The City of New York, acting by the Board of Estimate and Apportionment, or its successor in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in anywise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to a sale under foreclosure.

Sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets, avenues and highways on the route heretofore described.

Seventh—The Company shall complete the entire conduit line along the route hereinbefore described, and have the same in operation within one (1) year from the date of the signing of this contract; otherwise this grant shall cease and determine.

Eighth—All construction which shall be made under this grant shall be done in a manner solely upon the terms and conditions hereafter to be imposed by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, or their respective successors in authority. The said Company shall submit a working plan of construction to the said President and to the said Commissioner, which shall include and show in detail the method of construction of said pipe line, connections, manholes and other appurtenances, and the mode of protection of all subsurface construction under the streets, avenues and highways described in the route.

Ninth—The said Company shall bear the expense of keeping in repair for one year after it has been replaced all pavement which may at any time be removed by said Company, either for the purpose of construction or for the repairing of the pipe line and its appurtenances.

Tenth—The said Company shall bear the expense of inspection, which may be required by the President of the Borough of Brooklyn and the Commissioner of Water Supply, Gas and Electricity, of all the work of construction required, or removal of the said pipe line, which shall be done under this grant.

Eleventh—The Company shall cause a test to be made of the pipes laid under this grant before said pipes shall be used for the conveyance of gas or fluid under pressure for refrigerating purposes. The pipes so tested shall be submitted to a pressure of 450 pounds per square inch, and such test shall be made under the supervision of the Commissioner of Water Supply, Gas and Electricity. A certificate showing that such a test has been made without injury to the pipes shall be executed by an officer of the Company, indorsed by the Commissioner of Water Supply, Gas and Electricity and filed with the Board of Estimate and Apportionment.

Twelfth—During the term of this contract the Board of Estimate and Apportionment or its successor in authority shall have absolute power to regulate the maximum rates, provided that such rates shall be reasonable and fair.

The Company, upon the application for refrigeration of any person or corporation located along the routes herein authorized, shall extend its conduit to such premises and furnish to said applicant refrigerant at the prices which may be hereafter fixed; otherwise this contract shall cease and determine at the option of the Board of Estimate and Apportionment.

Thirteenth—A correct map shall be furnished to the Board of Estimate and Apportionment by the Company, showing the exact location of all the conduit lines and manholes laid with reference to the curb lines of the streets and the street surface, and the same shall be furnished on the first day of November of each year until all pipe lines which are authorized by this grant are constructed, or until the right hereby authorized to construct pipe lines along the routes described have ceased by limitation, as herein provided.

Fourteenth—The grant of this privilege shall not affect in any way the right of The City of New York to grant a similar privilege upon the same or other terms and conditions to any other person or corporation.

Fifteenth—The Company shall assume all liability by reason of the construction and operation of the conduit line, and the City shall assume no liability whatsoever to either persons or property by reason of its construction.

As a condition of this grant the Company, its successor or assigns, hereby agrees to repay to the City any damages which the City shall be compelled to pay by reason of any acts or defaults of the Company, its successor or assigns.

Sixteenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, except as otherwise herein specifically provided, this contract may be forfeited or avoided by The City of New York by a suit brought by the Corporation Counsel, on notice of ten days to the said Company.

Seventeenth—The conduit line hereby authorized shall be used only by the Kings County Refrigerating Company, and for no other purpose than for supplying refrigeration by the ammonia process, or such other process as may be consented to by the Board of Estimate and Apportionment.

Eighteenth—The Company shall at all times keep accurate books of accounts of the gross earnings from the privileges granted under this contract. The Company shall, on or before November 1 in each year, make a verified report to the Comptroller of The City of New York of the business done by the Company for the year ending September 30 next preceding, as he may prescribe. Such report shall contain the number of feet of conduit laid and the number of manholes constructed during the year, and also a statement of the gross receipts from all business of furnishing refrigerant to consumers outside of its warehouse at No. 30 Hall street, together with such other information and in such detail as the Comptroller may require.

The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Nineteenth—The Company shall comply with the existing provisions of Article V. of chapter 566 of the Laws of 1890, and future amendments thereto, except in so far as the same are inconsistent with the provisions of this contract, and provided that all powers of the Company shall be limited by the provisions of this contract.

Twentieth—If the said Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed or fails to maintain its structures in good condition throughout the full term of its occupancy of such streets, the Board of Estimate and Apportionment of The City of New York may give written notice to the said Company specifying any default on the part of said Company and requiring said Company to remedy the same within a reasonable time, and upon the failure of the Company to remedy the said default within a reasonable time, said company shall, for each day thereafter during which the default or defect remains, pay to The City of New York a sum of \$50, as fixed or liquidated damages, or the said City, in case such structures, which may affect the surface of the streets, shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the said Company shall pay to the City the amount of the cost of such repairs with legal interest thereon, all of which sums may be deducted from the fund hereinbefore provided.

Twenty-first—This grant is upon the express condition that the Company, within thirty days after the execution of this contract and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of The City of New York the sum of five hundred dollars (\$500), either in money or in securities, to be approved by him, which fund shall be security for the performance by the Company of the terms and conditions of this grant, especially those which relate to the payment of the annual charge for the privilege and the penalties herein provided, and in case of default in the performance by said Company of such terms and conditions, The City of New York shall have the right, after due notice, to collect the same from the said fund without legal proceedings, or after default in the payment of the annual charges, shall collect the same, with interest from said fund after ten days' notice in writing to the said Company. In case of any drafts so made upon this security fund, the said Company shall, upon thirty days' notice in writing, pay to the Comptroller of The City of New York a sum of money sufficient to restore the said fund to the original amount of five hundred dollars (\$500), and in default thereof, the grant hereby made may be canceled and annulled at the option of the Comptroller of The City of New York, acting on behalf of said City. No action or proceeding or rights under the provisions of this section shall affect other legal rights, remedies or causes of action belonging to The City of New York.

Twenty-second—The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

In witness whereof the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed, and the corporate seal of said City to be hereunto affixed, and the party of the second part, by its officers, thereunto duly authorized, has caused its corporate name to be hereunto signed, and its corporate seal to be hereunto affixed, the day and year first above written.

[SEAL.] THE CITY OF NEW YORK,
By....., Mayor.
THE KINGS COUNTY REFRIGERATING COMPANY,
By....., President.

Attest:
[SEAL.], Secretary.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor and of the terms and conditions, including the provision as to rates and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right;

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Kings County Refrigerating Company and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to July 8, 1907, in the City Record, and at least twice during the ten days immediately prior to July 8, 1907, in the Brooklyn "Daily Eagle" and the Brooklyn "Citizen," two daily newspapers designated by the Mayor, and published in The City of New York, at the expense of the Kings County Refrigerating Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Kings County Refrigerating Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on July 8, 1907, at 10.30 o'clock a. m., hold a public hearing thereon, at which citizens shall be entitled to appear and be heard.

Dated June 7, 1907.

PUBLIC NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment held in the Old Council Chamber, Room 16, City Hall, Borough of Manhattan, on Friday, May 24, 1907, the following proceedings were had:

Whereas, The Nassau Electric Railroad Company has, under date of May 29, 1905, made application to this Board for a grant of the right, privilege and franchise to construct, maintain and operate a street surface railroad upon and along Livingston and other streets, in the Borough of Brooklyn; and

Whereas, Section 92 of the Railroad Law and sections 72, 73 and 74 of the Greater New York Charter, as amended by chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants; and

Whereas, In pursuance of such laws, this Board adopted a resolution on June 2, 1905, fixing the date for public hearing thereon as June 30, 1905, at which citizens were entitled to appear and be heard, and publication was had for at least fourteen (14) days in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," newspapers designated by the Mayor, and in the City Record for ten days immediately prior to the date of hearing, and the public hearing was duly held on such day; and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the Nassau Electric Railroad Company and the adequacy of the compensation proposed to be paid therefor; now therefore it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Nassau Electric Railroad Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Nassau Electric Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all of the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of The City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

This contract, made this day of 1907, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Nassau Electric Railroad Company, incorporated for the purpose of building, maintaining and operating a railroad (hereinafter called the Nassau Company), party of the second part, witnesses:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Nassau Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double-track street surface railroad, with the necessary wires and equipment, crossovers, switches and turnouts, for the purpose of conveying persons and property in the Borough of Brooklyn, City of New York, upon the following route:

Commencing at the intersection of Livingston street and Court street; thence through and along Livingston street to Flatbush avenue; thence through and along Flatbush avenue to Lafayette avenue; thence through and along Lafayette avenue to Fulton street, together with the right to connect the aforesaid tracks with the existing tracks of the Brooklyn City Railroad Company upon Court street, Flatbush avenue and Fulton street; with the existing tracks of the Nassau Electric Railroad Company upon Boerum place, and with the existing tracks of the Brooklyn City and Newtown Railroad Company upon Smith street.

The said route, with crossovers, switches and turnouts, is illustratively shown upon the plan and profile herewith attached, entitled "Map showing plan of tracks of Nassau Electric Railroad Company on application for franchise from City of New York," dated May 29, 1905, and signed E. W. Winter, President; approved, Eugene Keapp, Chief Engineer; which plan and profile are to be deemed and hereby are made a part of this franchise. Provided that deviations therefrom and additional crossovers, switches and turnouts which are consistent with the foregoing description and other provisions of this franchise, may be permitted by resolution of the Board of Estimate and Apportionment.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Nassau Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railroad shall be obtained by the Nassau Company within six months of the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained, the Nassau Company shall, within two months thereafter, make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railroad ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate a double track street surface railroad and the connections as herein described shall be held and enjoyed by the Nassau Company, its successors or assigns, for the term of ten (10) years from the date when this contract is signed by the Mayor, with the privilege of renewal of said contract for a further period of ten (10) years upon a fair revaluation of such right and privilege. Such revaluation shall be of the right and privilege to maintain and operate the said railroad by itself, and not to include any valuation derived from the ownership, operation or control of any other railroad by the Nassau Company, its successors or assigns.

If the Nassau Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Nassau Company and the Board.

If the Nassau Company and the Board shall not reach such agreement on or before the day one year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding ten years shall be reasonable, and either the City (by the Board) or the Nassau Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of compensation at such amount as shall be reasonable, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall

be chosen by the Nassau Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six months prior to the expiration of this original contract, and their report shall be filed with the Board within three months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgments upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Nassau Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of this original contract. If, in any case, the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Nassau Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expense of the said appraisers shall be borne jointly by the City and the Nassau Company, each paying one-half thereof.

Third—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any other cause, the tracks and appurtenances, including sub and superstructure, poles, wires and subways for electrical conduits, constructed pursuant to this contract, within the streets and highways hereinbefore described, may be acquired by the City in the manner hereinafter described, and, if so acquired, the same may be used or disposed of by the City for any lawful purpose whatsoever, or may be leased to any company or individual. In case the City should decide, by resolution of the Board, to acquire said tangible property constructed in connection with and pertinent to the franchise herein conferred, a certified copy of the resolution of the Board declaring such intention shall be served upon the Nassau Company at least six months prior to the termination of this contract; or, if the same be renewed, then at least six months prior to the termination of the said renewal term; or, in case of the termination of this contract for any other cause than by expiration, within thirty days after such termination. If the City (by the Board) and the Nassau Company, after the declaration of such intention by the Board and the receipt of said resolution by the Nassau Company, can agree as to the then value of such tangible property, the amount thus agreed upon shall thereupon be paid by the City to the Nassau Company, and the property thus acquired shall become the property of the City from and after the date of termination of this contract or any renewal thereof. Nothing shall be included in such amount for any value derived from the franchise. In case, however, the City (by the Board) and the Nassau Company shall not agree as to the then value of said property within a reasonable time, such value shall be determined by appraisal in the manner hereinbefore described in connection with the revaluation of the terms of this franchise in case of a renewal thereof. If, however, within the time or times hereinabove mentioned, the City shall not declare its intention of acquiring said tangible property, the Nassau Company shall, at the termination of this contract or of any renewal thereof, remove any and all of its tracks and appurtenances constructed pursuant to this contract in said streets and avenues, and said streets and avenues shall be restored to their original condition at the sole cost and expense of the Nassau Company. In case the Nassau Company shall neglect, after due notice from the City (by the Board) to remove said tracks and appurtenances after the expiration of this contract or any renewal thereof, then the City shall have the right to make such removal and to collect the expense thereof from the Nassau Company.

Fourth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the same streets, avenues or highways and the right to make the requisite and necessary connections with the tracks of the Nassau Company, its successors or assigns, which shall be constructed under this contract.

The use of the railroad which shall be constructed and maintained in the streets, avenues and highways under this contract including the tracks, wires and other equipment used in connection therewith, shall be permitted by the Nassau Company, its successors or assigns, to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets, avenues or highways for street railroad purposes, upon payment of an annual sum by such individual or corporation to the Nassau Company, which shall not exceed the legal interest on such proportion of the whole cost of the construction of such railroad, and such proportion of the cost of keeping the tracks and track equipment in repair, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation, and such proportion of the cost of laying and repairing of pavement and removal of snow and ice, and of all the other obligations imposed upon the Nassau Company by the terms of this contract, in connection with the maintenance or the operation of the said railroad so used, as the number of cars operated by such company or individual shall bear to the number of cars operated by the companies using the same. And, in addition to the said annual sum, computed as aforesaid, the Nassau Company shall have the right to charge such corporation or individual a portion of the original cost of said railroad—the amount so charged to be in proportion to the respective use of said railroad, and to be also based upon that proportion of such part of the original cost as the unexpired portion of the franchise shall bear to the entire period thereof.

If at any time during the terms of this contract the City shall operate a street surface railroad over the whole or any portion of the railroad which shall be constructed under this contract, the Nassau Company shall allow the City to use the whole or any part of the track and track equipment upon payment by the City of an annual sum, which shall be no greater in proportion to the use than is provided above in the case of the use of said tracks and track equipment by other street railroad companies.

Each individual and corporation shall be charged by the Nassau Company a rental for the use of the aforesaid railroad tracks and appurtenances thereof that shall be uniform in proportion to use with that which the Nassau Company charges any other individual or corporation.

Fifth—The Nassau Company, its successors or assigns, shall pay for the right to construct, maintain and operate the tracks hereby authorized and described for and during the first five years after the commencement of the operation

of this extension, into the treasury of the City, to the credit of the Sinking Fund thereof, three per cent. (3%) of its gross receipts for and during the year ending September 30 next preceding; and after the expiration of such five years make a like annual payment into the treasury of the City, to the credit of the Sinking Fund, of five per cent. (5%) of its gross receipts, such percentages to be paid only upon such portion of the Nassau Company's gross receipts as shall bear the same proportion to its whole gross receipts as the length of its extension shall bear to the entire length of its railroad.

The president and the treasurer of the Nassau Company shall, on or before November 1 in each year, make a verified report to the Comptroller or chief fiscal officer of the City of the gross amount of its receipts for the year ending September 30 next preceding, and the books of such corporation shall be open to inspection and examination by such Comptroller or officer, or his duly appointed agent, for the purpose of ascertaining the correctness of its reports as to its gross receipts, and shall state in such report the total mileage of its extension herein authorized and the total mileage of the Company.

All payments provided for under this paragraph shall be made on or before November 1 in each year.

The annual charges of payments shall continue throughout the whole term of the contract hereby granted, notwithstanding any clause in any statute or in the charter of any other railroad company providing for payments for railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted, or of any part thereof, or of any of the routes mentioned herein, or of any parts thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, especially said conditions as to payments, anything in the statute or in the charter notwithstanding; and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim, by reason thereof or otherwise, exemption from liability to perform each and all of the conditions of this contract.

The rights and privileges granted hereby shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by act of the Nassau Company, its successors and assigns, or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City of New York, acting by the Board of Estimate and Apportionment or its successors in authority, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding. And the granting, giving or waiving of any two or more of such consents shall not render unnecessary any subsequent consent or consents.

Nothing in this contract shall interfere with or prevent the Nassau Company making traffic arrangements for cars of the Brooklyn Rapid Transit system, and shall not be construed to prevent other companies or the City operating over the tracks of this extension hereby granted.

All compensation received by the Nassau Company from other railroad companies or from the City for the use of the tracks covered by this agreement shall be included in the amount of gross receipts upon which the Nassau Company is required to pay to the City annually the percentage provided above.

Sixth—The Nassau Company shall commence construction of the railroad herein authorized within three months from the day upon which the consents of the property owners are obtained, or from the decision of the Appellate Division of the Supreme Court, that such railroad ought to be constructed, and shall complete the construction of the same within six months from the same date, otherwise this grant shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that such periods may be extended by the Board for a period or periods not exceeding in the aggregate six months each; and provided, further, that if the commencement or completion of said construction shall be prevented by legal proceedings in any Court, or by works of public improvement or from any other different cause not within the control of the Nassau Company, the time for the commencement or completion of such construction shall be extended for a period covered by such prevention.

Seventh—The said railroad shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City, who have jurisdiction in such matters, as provided in the Charter of the City.

Eighth—The said railroad shall be constructed and operated in the latest improved manner of street railway construction and operation for overhead trolley railroads, and the railroad and property of the Nassau Company shall be maintained in good condition throughout the term of this contract.

Ninth—The rate of fare charged for any passenger upon such railroad by any corporation operating thereon not to exceed the rate lawfully chargeable by such corporation for any passenger for one continuous ride from any point on its railroad, or of any road, line or branch operated by it or under its control, to any other point thereof, or of any connecting line or branch thereof within the limits of the City.

Tenth—The cars of each of the lines of the Nassau Company shall be run both day and night, as often as the reasonable convenience of the public may require, or as directed by the Board.

Eleventh—The Nassau Company shall attach to each car run over the said railroad proper fenders or safeguards, in conformity with such laws and ordinances as are now enforced, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Twelfth—All cars which are operated on said railroad shall be heated during the cold weather, in conformity with such laws and ordinances as are now enforced, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities.

Thirteenth—The Nassau Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which the railroad shall be constructed under this contract, shall cause to be watered the entire roadway of such streets and avenues, at least three times in every twenty-four hours, when the temperature is above 35 degrees Fahrenheit, and shall provide for such purpose at least one tank car, to be propelled by electric power, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Fourteenth—All cars operated on said railroad shall be well lighted by electricity or by some lighting system equally efficient, or as may be required by the Board.

Fifteenth—The Nassau Company shall at all times keep the streets, avenues or highways upon

which the said railroad is constructed, between its tracks, the rails of its tracks, and for a distance of two feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Nassau Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season or part thereof to clean an equivalent amount of street surface from curb line to curb line.

Sixteenth—The Nassau Company shall pave and keep in permanent repair that portion of the surface of the street, avenue or highway in which said railroad is constructed, between its tracks, the rails of its tracks and for a distance of two feet beyond the rails on either side thereof, under the supervision of the local authorities and whenever required by them to do so, and in such manner as they may prescribe.

In case of the neglect of the corporation to make pavements or repairs after the expiration of thirty days' notice to do so, the local authorities may make the same at the expense of such corporation. The Company agrees that notice printed in the City Record shall constitute sufficient notice within the meaning of this contract. And the City shall have the right to change the material or character of the pavement of any such street, avenue or highway, and in that event the Nassau Company, its successor or assigns, shall be bound to replace the pavement on the portion of the street it is responsible for in the manner directed by the proper City officer at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Seventeenth—In case of any violation or breach or failure to comply with any of the provisions herein contained, where not otherwise provided by self-executing penalties, this contract may be forfeited by a suit brought by the Corporation Counsel on notice of ten days to the Nassau Company, or at the option of the Board by resolution of said Board.

Eighteenth—If the Nassau Company, its successors or assigns, shall fail to give efficient public service at the rates herein fixed or to maintain its structures in good condition throughout the whole term of this contract, the Board may give notice to the Nassau Company, specifying any default on the part of the Nassau Company, and requiring the Nassau Company to remedy the same within a reasonable time; and upon failure of the Nassau Company to remedy such default within a reasonable time the Board of Estimate and Apportionment shall, after the hearing hereinafter provided for, fix such an amount that said Nassau Company shall pay as a penalty as shall seem just and fair to said Board, or the Board, in case such structures which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board, as aforesaid, shall have the right to make all needed repairs at the expense of the Nassau Company, in which case the Nassau Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

Nineteenth—The Nassau Company shall assume all liability to persons or property by reason of the construction or operation of the railroad authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Nassau Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twentieth—This grant is based upon the expressed condition that the Nassau Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City of New York the sum of ten thousand dollars (\$10,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Nassau Company of all of the terms and conditions of this contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, the efficiency of the public service rendered, the repairs of the street pavement, the removal of snow and ice and the quality of the construction of the railroad; and in case of default in the performance by the Nassau Company of such terms and conditions, the City shall have the right to cause the work to be done and material to be furnished for the performance thereof, after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceeding; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund, after ten days' notice in writing to the Nassau Company. Or in case of failure to keep the said terms and conditions of this contract relating to the roadway, heating and lighting of cars, fenders, wheelguards and watering of street pavements, the Company shall pay a penalty to be fixed by the Board of Estimate and Apportionment after the hearing hereinafter provided for.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Comptroller of the City, on complaint made, shall, in writing, notify the Nassau Company, through its president, to appear before the Board of Estimate and Apportionment on a certain day, not less than ten days after the date of such notice, to show cause why it should not be penalized in accordance with the foregoing provisions. If the Nassau Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board of Estimate and Apportionment to be in fault, said Board of Estimate and Apportionment shall forthwith impose such an amount as a penalty as appears to it to be just and fair, and without legal procedure instruct the Comptroller to withdraw the said amount of such penalty from the security fund deposited with the Comptroller. In case of any drafts made upon the security fund the Nassau Company shall, upon ten days' notice in writing, pay to the Comptroller of the City a sum sufficient to restore said security fund to the original amount of ten thousand dollars, and in default thereof this contract shall be canceled and null at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any of the legal rights, remedies or causes of action belonging to the City.

The Company agrees to make application to the Commissioner of Water Supply, Gas and Electricity for permission to string and maintain its electrical conductors in the streets covered by this grant.

Resolved, That the results of the inquiry made by this Board as to the money value of the franchise or right proposed to be granted and the adequacy of the compensation proposed to be paid therefor, and of the terms and conditions, including the provision as to rates, fares and charges, are as hereinbefore specified and fully set forth in and by the foregoing form of proposed contract for the grant of such franchise or right;

Resolved, That these preambles and resolutions, including the said resolution for the grant of a franchise or right applied for by the Nassau

Electric Railroad Company and the said form of proposed contract for the grant of such franchise or right containing said results of such inquiry, after the same shall be entered in the minutes of this Board, shall be published for at least twenty (20) days immediately prior to June 28, 1907, in the City Record and at least twice during the ten days immediately prior to June 28, 1907, in the Brooklyn Daily "Eagle" and the Brooklyn "Citizen," two daily newspapers designated by the Mayor therefor and published in The City of New York, at the expense of the Nassau Electric Railroad Company, together with the following notice, to wit:

Notice is hereby given that the Board of Estimate and Apportionment, before authorizing any contract for the grant of the franchise or right applied for by the Nassau Electric Railroad Company, and fully set forth and described in the foregoing form of proposed contract for the grant of such franchise or right, and before adopting any resolution authorizing any such contract, will, at a meeting of said Board, to be held in the Old Council Chamber, City Hall, Borough of Manhattan, City of New York, on June 28, 1907, at 10.30 o'clock a. m., hold a public hearing thereon at which citizens shall be entitled to appear and be heard.

DEPARTMENT OF DOCKS AND FERRIES.

DEPARTMENT OF DOCKS AND FERRIES, FOOT OF BATTERY PLACE, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in The City of New York, until 12 o'clock noon on

TUESDAY, JULY 2, 1907,

FOR INSURING THE FERRYBOATS "MANHATTAN," "BROOKLYN," "BRONX," "QUEENS" AND "RICHMOND," TO BE EMPLOYED ON THE MUNICIPAL FERRIES BETWEEN THE BOROUGH OF MANHATTAN AND THE BOROUGH OF RICHMOND AND THE BOROUGH OF BROOKLYN, FOR A PERIOD OF ONE YEAR FROM JULY 16, 1907.

The said vessels, title, apparel, stores, supplies, furniture, engines, boilers, machinery and appurtenances shall be insured at the following valuation:

For the ferryboats "Manhattan," "Brooklyn," "Bronx," "Queens" and "Richmond," \$300,000 for each boat, or a total of \$1,500,000 for the five boats; and in no case shall the Department be deemed as a co-insurer.

The boats to be confined to the use and navigation within the bay and harbor of New York and the Hudson and East rivers, with the privilege to lay up and make additions, alterations and repairs while running or while laid up, or to go into dry dock. Any deviation beyond the limits named shall not void the policy, but no liability shall exist during such deviation; and upon the return of said vessels within the limits named above, no disaster having occurred, the policy shall be and remain in full force and effect unless a disaster occurs while deviating.

The policy shall provide for the full indemnification of all salvage expenses and loss, damage, detriment or hurt to said vessels for which the insurers are liable against the perils of the harbor, bay or rivers as above named, lightning and fires that shall occur to the hurt, detriment and damage of said vessels or either of them, or any part thereof, and for all damage which may be done by the vessels insured to any other vessel or property.

As the vessels to be insured are common carriers, the policy shall not contain any limitation as to the nature or kind of cargo or other material which shall be carried on the boats.

No claim shall be made by the Department for any damage to the vessels insured unless it exceeds \$500.

Losses shall be payable in thirty days after proof of loss or damage, and of the amount thereof, and proof of the interest of the insured shall have been made and presented at the office of the insurer or its representative in The City of New York.

No bid will be received for insurance by or in behalf of any company not duly authorized by the Insurance Department to transact business in the State of New York.

Each bid must be accompanied by a copy of the policy upon which the bid is based.

The person or persons making a bid or estimate shall furnish the same in a sealed envelope indorsed as follows:

"Bid for insuring ferryboats employed on the Municipal Ferries."

Bids will be received by the Commissioner of Docks at Pier "A," foot of Battery place, until 12 o'clock noon on Tuesday, July 2, 1907, at which time and place the estimates received will be publicly opened by the Commissioner of Docks and read, and the award of the contract made according to the law as soon thereafter as practicable.

No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal it be accompanied by a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Commissioner of Docks, or money to the amount of One Thousand Dollars.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope, addressed to the Commissioner of Docks, or submitted personally upon the presentation of the bid or estimate.

The bidders shall state a rate per cent. at which they will insure or contract for insurance for the ferryboats, as specified above, in accordance with the terms of this advertisement, and also in accordance with the form of policy submitted, which shall be considered in connection with and form part of the bid.

Bidders will write out the rate per cent. of their estimates in addition to inserting the same in figures.

The Commissioner reserves the right to reject all bids or estimates if he deem it for the interest of the City so to do.

FRIDAY, JULY 5, 1907,
Borough of Manhattan.

CONTRACT No. 1074.

FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR CURBING AND FLAGGING AND FOR LAYING GRANITE PAVEMENT WITH CROSSWALKS WITHIN THE AREA OF THE MARGINAL STREET ON THE CHELSEA SECTION, BETWEEN WEST NINETEENTH AND WEST TWENTY-SECOND STREETS, NORTH RIVER.

The time for the completion of the work and the full performance of the contract is on or before the expiration of 150 calendar days.

The amount of security required is Twenty-six Thousand Dollars (\$26,000).

The bidder must state a price for doing all the work described in the specifications, as the contract is entire and for a complete job, and if awarded will be awarded to the bidder whose bid is the lowest for doing all the work, and whose bid is regular in all respects.

Work will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the said Department.

FIRST DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of JOHNSON AVENUE (although not yet named by proper authority), from the Spuyten Duyvil road to West Two Hundred and Thirtieth street, in the Twenty-fourth Ward, Borough of The Bronx, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants, of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 6th day of July, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 9th day of July, 1907, at 2 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 9th day of July, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point on the northerly pierhead and bulkhead line of Spuyten Duyvil creek formed by the intersection of a line parallel with and 100 feet northwesterly from the northwesterly side of Tibbett avenue; thence northwesterly along said parallel line to its intersection with the southwesterly side of West Two Hundred and Thirty-second street; thence northwesterly along said southwesterly side of West Two Hundred and Thirty-second street and its prolongation to its intersection with the southerly prolongation of a line parallel with and 100 feet easterly from the easterly side of the northwesterly portion of West Two Hundred and Thirty-second street lying between Riverdale avenue and Cambridge avenue; thence northerly along said southerly prolongation and parallel line and its northerly prolongation to a point distant 100 feet northerly from the northerly side of Cambridge avenue; thence northwesterly along a line at right angles to the line of Oxford avenue to the middle line of the blocks between Johnson avenue and Netherland avenue; thence southerly along said middle line of the blocks between Johnson avenue and Netherland avenue to its intersection with the middle line of the blocks between West Two Hundred and Thirty-first street and West Two Hundred and Thirty-second street; thence northwesterly along said middle line between West Two Hundred and Thirty-first street and West Two Hundred and Thirty-second street to its intersection with the middle line of the blocks between Netherland avenue and Arlington avenue; thence southerly along said middle line between Netherland avenue and Arlington avenue to its intersection with the middle of the blocks between West Two Hundred and Twenty-seventh street and West Two Hundred and Thirtieth street; thence southeasterly along said middle line between West Two Hundred and Twenty-seventh street and West Two Hundred and Thirtieth street to its intersection with the middle line of the blocks between Spuyten Duyvil road and Netherland avenue; thence southwesterly along said middle line of the blocks between Netherland avenue and Spuyten Duyvil road and Kappock street and Johnson avenue to the junction of Johnson avenue and Kappock street; thence southeasterly along a line at right angles to the United States pierhead and bulkhead line; thence northeasterly and easterly by said pierhead and bulkhead line to its intersection with a line parallel with and 100 feet northwesterly from the northwesterly side of Tibbett avenue, being the point or place of beginning, as such streets are shown upon the final maps and profiles of the Twenty-third and Twenty-fourth Wards of The City of New York, excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part I., to be held in the County Court House, in the Borough of Manhattan, in The City of New York, on the 3d day of September, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of HOU-

MAN AVENUE (although not yet named by proper authority) from the southerly line of Richmond Terrace to the Pier and Bulkhead Line, in the Third Ward, Borough of Richmond, City of New York.

WE, THE UNDERSIGNED, COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in the City of New York, on or before the 11th day of July, 1907, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 15th day of July, 1907, at 2 o'clock p. m.

Second—That the abstracts of our said estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 15th day of July, 1907.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Richmond, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line drawn parallel to the easterly line of Morning Star Road and 100 feet easterly therefrom, with the southerly side of Richmond Terrace, and running thence southerly and parallel with the easterly side of Morning Star Road and 100 feet easterly therefrom to a point 100 feet southerly from the southerly line of Prospect street; thence westerly and parallel with the southerly side of Prospect street and its prolongation to a point 100 feet westerly from the westerly side of Van Name avenue; thence northerly and parallel with the westerly side of Van Name avenue and its prolongation and distant 100 feet westerly therefrom, to a point 100 feet northerly from the northerly side of Richmond Terrace; thence easterly and parallel with the northerly side of Richmond Terrace as the same runs and 100 feet distant northerly therefrom to a point 100 feet easterly from the easterly side of the Old Dock; thence southerly on a straight line to the point or place of beginning; excepting from said area all streets, avenues and roads or portions thereof, heretofore legally opened as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof, to be held for the hearing of motions in the County Court House in the Borough of Brooklyn, in the City of New York, on the 17th day of September, 1907, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to any of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to Sections 981 and 984 of the Greater New York Charter, as amended by Chapter 658 of the Laws of 1906.

Dated, Borough of Manhattan, New York, April 26, 1907.

LOT C. ALSTON,

SECTION No. 6.

Notice of Application for the Appointment of Commissioners of Appraisal.

PUBLIC NOTICE IS HEREBY GIVEN that it is the intention of the Corporation Counsel of The City of New York to make application to the Supreme Court of the State of New York for the appointment of Commissioners of Appraisal under chapter 724 of the Laws of 1905, as amended. Such application will be made at a Special Term of the Supreme Court to be held in and for the Third Judicial District, at the City Hall, City of Albany, N. Y., on June 29, 1907, at 10 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard. The object of such application is to obtain an order of the Court appointing three disinterested and competent freeholders, one of whom shall reside in the County of New York, and at least one of whom shall reside in the county where the real estate hereinafter described is situated, to act as Commissioners of Appraisal under said act and discharge all the duties conferred by the said act and the acts amendatory thereof, upon such Commissioners of Appraisal, for the purpose of providing an additional supply of pure and wholesome water for The City of New York.

The real estate to be acquired herein is situated in the Town of Hurley, County of Ulster, and is to be acquired in fee for the purpose of furnishing an additional supply of pure and wholesome water to The City of New York.

The following is a statement of the boundaries of the lands to be acquired herein, with a reference to the date and place of filing of the map.

All the parcels herein described are to be acquired in fee and are colored pink on the map hereinafter referred to.

All those certain pieces or parcels of real estate situated in the Town of Hurley, County of Ulster, and State of New York, shown on a map entitled "Reservoir Department. Section No. 6. Board of Water Supply of The City of New York. Map of real estate situated in the Town of Hurley, County of Ulster, and State of New York, to be acquired by The City of New York, under the provisions of chapter 724 of the Laws of 1905, as amended, for the construction of Ashokan Reservoir and appurtenances, in the vicinity of Ashton, south of railroad," which map was filed in the office of the County Clerk of the County of Ulster, at Kingston, New York, on the 8th day of May, 1907, and is bounded and described as follows:

Beginning at the most westerly point of Parcel No. 223, in the southerly property line of the Ulster and Delaware Railroad Company, where the same is intersected by the line between the Towns of Hurley and Olive, and running thence along the said southerly railroad property line and the northerly lines of said Parcel No. 223 and of Parcels Nos. 227, 230, 231, 229, 233, 234, 235, 236, 240, 239, 241 and 248, north 52 degrees 28 minutes east 8,399.9 feet and on a curve of 5,697 feet radius to the right 1,281.6 feet, crossing and recrossing Beaver Kill to the most northerly point of before mentioned Parcel No. 248, in the centre of a road leading from Ashton Post Office to West Hurley; thence along the centre of said road, the northerly line of said Parcel No. 248, partly along the northerly line of Parcel No. 249 and still continuing along the before

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there
