## PETITIONS AND COMMUNICATIONS.

No. 2726.

The Children's Village of the New York Juvenile Asylum, Chauncey, N. Y., January 24, 1911.

Hon. JOHN P. MITCHEL, President of the Board of Aldermen of The City of New York:

My dear Sir—We have the honor to transmit herewith, under separate cover, in accordance with the provisions in our Charter, an advance copy of the annual report for the year 1910.

With great respect, I remain, sincerely yours,

GUY MORGAN.

Fifty-ninth Annual Report.

To the Honorable, the Legislature of the State of New York, and the Board of Aldermen of The City of New York:

The directors of the New York Juvenile Asylum, in compliance with the Act under which, since 1851, they have been a body corporate, submit their report for the year 1910, being their fifty-ninth Annual Report.

It was in the summer of 1905 that the purpose of the directors to establish what, in their judgment, should be an institution of the most approved type and highest efficiency was accomplished, and the Children's Village began actually to exist. During the intervening years improvements have been planned and carried into effect, and the development of the village has been such as to merit the commendation of the State Board of Charities, and the institution adjudged by the State Board worthy of the highest rank.

If the first years at Chauncey may be regarded as an experimental stage or period in the life of the transplanted institution, it is, we think, safe to say that they have

now been successfully passed; that the Children's Village is no longer on trial, and that the cottage home system has again demonstrated its superiority to the congregate or barrack system.

No institution can in these days discharge its whole duty to its wards without making provision for industrial or vocational training. This at any rate, is the opinion of those who are considered experts in the training of unfortunate and delinquent children.

The boys at the Children's Village, in addition or supplementary to the daily cottage tasks, the activities of field and farm, and the rudimentary education of the school-rooms, require manual training and constructive employment to develop whatever practical capabilities may be latent within them,—training in some handicraft or occupation that may be of real use to them in providing for the support of themselves and their relatives.

The boys are not likely to enter any of the so-called learned professions; nor are they likely to become directors of important business enterprises, although it is not impossible that a few of them may advance to such positions. They will, however, be compelled to earn a livelihood and contribute toward the support of others; and if while in the institution, they receive, in addition to shelter, clothing, food, secular and religious instruction, no special training for the real work of life, they may justly complain. Surely it is better to discover and give direction to whatever productive skill may be undeveloped in them, and so enable them to become more efficient and progressive citizens, than to neglect their possibilities and suffer them to remain stationary or descend to lower ranks in the great industrial army. It seems only fair to the boys that an opportunity should be afforded for the manifestation of their constructive tendencies or impulses, and that there should be some stimulus to their capacities, especially in the initiation of practical activity and the rational direction of it.

One of the most important and perplexing problems that thoughtful citizens of New York are obliged to consider is that of poverty, its causes and how to relieve and diminish it. Many families in the City, with three or more children, are obliged to subsist in almost intolerable conditions upon earnings aggregating from \$600 to \$1000 a year. From such families come annually to the institutions supported by public funds large numbers of children. It is hardly necessary to repeat what all students of economical conditions know, that one of the principal causes of poverty is industrial inefficiency. To reduce this industrial inefficiency would be a step, at least, in the direction of relief, that should not be neglected. This alone would be a sufficient reason for the introduction of industrial and vocational training in institutions. Boys having received such training, upon returning to their homes, should be of much greater assistance in contributing to the family income than if they went back without any such training.

An appropriation of public money for vocational training in some of the public schools of the city has in recent years been made. How much more necessary is such training for boys who have proved unruly or unmanageable in the city and have consequently been subjected to the restraining influences and the stricter discipline of a rural institution.

If the faults or offenses for which most boys are sent to institutions are due rather to excess of vigorous vitality or native energy, than to inherent viciousness, surely the training of the hands, the acquisition of dexterity in some handicraft, is almost certain to furnish an opportunity for the normal expenditure of the energy that, if misdirected, might lead them as young men into further mischief and even crime.

It would be advantageous undoubtedly and tend to promote efficiency if, as has been suggested by the State Board of Charities, there could be some co-ordination between the teaching of the school-rooms and the vocational training of the shops; that there should be an officer of the institution endowed with insight and sympathy to acquaint himself with the temperaments, tastes, capabilities of the boys, and qualified to give them helpful advice and suggestions, and to assign them to the department of activity for which they may be severally best suited. With such help and guidance the boys would be more likely to receive the highest benefit from the courses of instruction, and upon returning to their homes, be better fitted to take their places in the industrial and social order as normal and desirable citizens.

The boys sent to the Children's Village through the Children's Court are products of the City's teeming, throbbing life. They will probably (most of them) grow up to be citizens of the municipality. The object of all the discipline, instruction, training they receive in the short time of their sojourn at the Village, should be and is to produce well-equipped and valuable citizens of the City, of the State, of the Nation.

The Board of Estimate and Apportionment, in the Budget for 1911, made an appropriation for vocational training in certain institutions receiving public money. In consequence of this provision, classes in sloyd, telegraphy, mechanical drawing and applied electricity were formed, and the already existing classes in tinsmithing, carpentry, printing, tailoring, plumbing, and painting were continued. The results during the year have been satisfactory, and the exhibits of the skill and handicraft of the boys have amply justified the wisdom of introducing and continuing vocational training.

In the Budget for 1911 this appropriation does not appear. While we recognize the great munificence of the City in the matter of appropriations for the care of dependent and delinquent children in institutions under private control, we feel obliged to express our disappointment and regret that such action should be taken by the City authorities. It is difficult to discover sound reasons for such retrenchment, how it can be pronounced wise or beneficial, or what intelligent approval there can be for any such unfavorable discrimination against the unfortunate children of the City committed by the City's own court to such an institution as this. It would be more reasonable to expect that the City would be rather disposed to provide even more generously for these less favored ones, in order that there might be some compensation for the misfortune or disadvantages of their first start in life, and that they might be enabled to make a fresh start more nearly upon an equality with the boys of the City's public schools.

About the end of last year the four remaining cottages of the nine previously begun were completed and since then have been gradually occupied. There are at present accommodations for five hundred boys at the Children's Village.

Anticipating an increase in the population of the Village the erection of a new cottage was commenced in the spring by the boys themselves under proper guidance and instruction, and by the time this report appears, will have been completed. The work of laying the foundation, making the chimneys and fire-places, and the plastering, had to be performed by men; but the principal part of the superstructure was the work of the boys. The completed cottage presents a most attractive appearance; the workmanship is sound and substantial, and as an object-lesson of the capabilities of the boys and of the efficiency of the instruction they receive, it is highly creditable.

Many boys were engaged during the spring and summer in gardening and farm-work; and as there are now about seventy-five acres under cultivation, opportunities are afforded for a practical training in agricultural methods which may have the effect of directing the minds of some toward farming as an occupation. Such a result seems to be most desirable; and intelligent efforts here and elsewhere to turn attention of city boys and youths to the advantages of country life deserve encouragement. To diminish the number of unemployed or misemployed young men in the congested sections of the City by making them contented farmers would be to confer benefits upon the City and upon them.

The movement toward the country, and "back to the soil," has recently received a strong impetus, and more and more the advantages and compensations of the open-air life of the husbandman are being impressed upon the people. Courses of lectures on economic agriculture in colleges and universities have been and are being delivered, with the purpose of stimulating an intelligent interest in farming and of counteracting the increasing tendency or movement from the country to the cities.

It need hardly be said that in order to be a successful farmer training and instruction are indispensable for the average city boy or youth.

It is not unreasonable to expect that some boys, having pleasant experiences of country life, will prefer to take up agriculture as a business or profession, rather than to return to the contracted quarters in the city from which they came. One of the results of a stay at the Village, at any rate, should be to engender a genuine and healthy discontent with the squalid and over-crowded sections of the city and a wholesome desire to lead a more rational life in a more natural and helpful environment.

The whole subject of rural life and labor and the intelligent distribution of the population is now recognized as demanding and deserving the attention of students, publicists and practical philanthropists.

Of all the causes of juvenile delinquency, the neglect of duty and evasion of responsibility by parents must be regarded as the most recognizable and prominent.

But unfit, unworthy and unfortunate parents are themselves, only too often, products of social forces and economic conditions from the dominance of which they are unable to escape or extricate themselves. It is simply impossible for many parents to provide satisfactory homes for their children and to give sufficient time and attention to their physical and moral well-being. Making every allowance, however, for the depressing and discouraging circumstances in which many men and women are compelled to live and work, and bring children into the world, and admitting how extremely difficult a task it is for them to guard their children from exposure to corrupting associations and to protect them from evil temptations, it nevertheless seems desirable, if possible, to hold parents to a stricter accountability for the proper care and training of their children.

And this is the purpose of a statute enacted during the last session of the Legislature. Chapter 699 of the Laws of 1910 provides that "a parent, guardian or other person having custody of a child actually or apparently under sixteen years of age, who omits to exercise reasonable diligence in the control of such child to prevent such child from becoming guilty of juvenile delinquency as defined by statute, or from becoming adjudged by a Children's Court in need of the care and protection of the State as defined by statute, or who permits such a child to associate with vicious, immoral or criminal persons, or to grow up in idleness, or to beg or solicit alms \* \* \* shall be guilty of a misdemeanor."

To what extent the State may constitutionally exercise its authority over parents and others entrusted with the guardianship of children, is a legal question that need not now be discussed. It seems not unreasonable, however, that the State, in its care for the children, should seek to bring some pressure to bear upon those parents who through ignorance, indifference or neglect, are largely responsible for the removal of their boys and girls to institutions.

Legislation of this sort, it will be admitted, unless preceded or supplemented by laws, the purpose of which is to improve the conditions in which so many parents live and labor in the city of New York, will not in any notable degree be effective in making parents more mindful of their obligations. The improvement and strict supervision of tenement houses, the prevention of over crowding and congestion, the establishment of more parks and playgrounds, and other measures, sanitary, economic and remedial,—all are important to the end that the children of the laboring poor may be protected during the formative period from contaminating and detrimental influences.

There has recently been considerable improvement in the educational department. A teacher for the backward and defective boys has been engaged. New text books recommended by competent persons have been or soon will be introduced. Antiquated methods of instruction are gradually to be superseded.

Although the curriculum is practically about the same as that of the public schools of the city, the allowance for the maintenance of the schools of the Village has been at the rate of only \$15 per child. This, too, in contravention of the provision of the law incorporating the Asylum that, "the schools established and maintained by the New York Juvenile Asylum shall participate in the distribution of the common school fund in the same manner and degree as the common schools of The City and County of New York."

The directors are informed that the annual cost of conducting the public schools of the City approximates fifty dollars per child. Inasmuch as the boys sent to the Children's Village belong to the City and would, if at home, attend the public schools, there should seem to be no sufficient warrant or justification for this disparity.

The group of buildings at the Children's Village is by no means complete. The original plans of the directors included a chapel, a gymnasium and an industrial building. Each of these is important in the scheme of the Village, and there should be no delay in providing for their construction. The directors have no funds for such undertakings, and they take this opportunity to appeal to the citizens of New York for contributions for the erection of these much needed buildings.

The Assembly Hall in the school building is not large enough to accommodate all the children, with the officers, teachers and visitors who may be present at the exercises. A chapel would supply this deficiency and might be erected as a suitable memorial to a deceased relative by some generous citizen.

The City Superintendent of Schools in New York has said that, in his judgment, the most important need of the Village is a gymnasium. And if the industrial and vocational training of the boys is to be adequately carried on and developed, an appropriate building should in the near future be erected.

During the year three vacancies in the Board of Directors were filled by the election of Messrs. Robert Goeller, Maitland F. Griggs and William S. Hawk. Mr. Goeller was elected March 8 and died suddenly April 9, without having attended a meeting of the Board. He had for more than ten years represented the Board as attorney and counsel in legal proceedings, was exceptionally well acquainted with the work of the institution, and genuinely interested in it. The directors adopted at the May meeting an appropriate memorial minute, which is appended to this report. At the annual meeting in January, 1910, Mr. Hilles was elected President of the Board, in succession to Mr. Williams, who felt compelled to withdraw at the end of 1909, after having served with unselfish devotion nearly twenty-three years as a director and thirteen years as President of the Board.

Mr. Guy Morgan has held the position of Acting Superintendent during the year, to the satisfaction of the directors, and they take this occasion to express their appreciation of his diligence and fidelity in the discharge of his duties.

For the detailed work of the year, the reports of the Acting Superintendent of the institution and of the Principal of Schools herewith submitted may be consulted.

In conclusion, the directors commend the institution to the consideration of broad-minded and charitably disposed citizens, and suggest that they visit the Village, inspect the buildings, and acquaint themselves with what is there being done for the education and improvement of some of the children of the great City and, if so inclined, co-operate with the directors in solving the problems and overcoming the difficulties inseparable from the successful prosecution of so important and beneficent an enterprise.

CHARLES D. HILLES, President; EDMUND DWIGHT, HENRY N. TIFFT, HENRY E. GREGORY, Committee on Report.

#### Superintendent's Report.

To the President and Board of Directors of the New York Juvenile Asylum:

Gentlemen: In the year 1909 nine cottages were completed, five of which were opened for occupancy that year. In 1910 the four remaining cottages were furnished and peopled. Owing to the crowded conditions in institutions for colored children and to the many appeals from the courts, two of the four cottages were assigned to colored boys. Basement areas in five of the nine cottages have been enlarged and cemented by local classes. This work was not done at the time the cottages were constructed, for reasons of economy. It is our desire to utilize the labor of the boys in the summer of 1911 in excavating in the basements of the five remaining cottages, in order to provide recreation areas for use in inclement weather.

Probably no cottage in the Village has attracted more attention, locally and generally, than the one which is under construction, owing to the fact that, with the exception of the masonry and plastering, the work is being done by the boys themselves, under the direction of instructors in the various vocational classes. The results are most gratifying. The exterior is shingled and the interior plan is a duplicate of that employed in the nine dormitory cottages erected in 1908-9. It has the benefit of exceptional altitude, and the advantage of a full-sized basement, which is divided into a fuel and furnace room and a large room for play purposes. There is an independent heating system, installed by the class in plumbing; the building has also been fully equipped with hot and cold water pipes, drains, gutters and down-spouts by the boys of that class. The conduits were laid and the building wired by the class in applied electricity (these boys also wired and lighted the basement of five other cottages). The carpentry and sloyd classes have shown real ability by the strong and substantial quality of their work; all the necessary painting is being done by the class in painting. A representative from the office of York & Sawyer, architects, inspected the building from time to time and pronounced the workmanship excellent. During the summer many boys were employed in extensive grading around the new cottage, and in extending the roads and paths. Aside from affording useful employment for the hands and minds of some sixty boys, arousing in them a keen interest and a just pride in their work, and being a real and practical demonstration of what they can do, this cottage represents a saving to the institution of about \$5,000.

I concur in the statement which appears in the annual report of the physician, that the enlargement of the Village will make it necessary to provide a hospital. With a population of 520 boys, recruited from homes in which hygiene is practically an unknown science, we must expect a greater percentage of sickness than we had prior to 1910. Those earlier years produced a phenomenal health record. We are

now trained and equipped to erect a simple, practical infirmary if the friends of the school will supply the building materials for the ambitious young artisans.

In consequence of the encouragement given by the Board of Estimate and Apportionment in the budget for 1910, two new classes in vocational training were opened, one in telegraphy and the other in mechanical drawing and sloyd. Two unoccupied rooms in Wetmore Hall were utilized for these classes. Since January forty boys have been receiving instruction in telegraphy, and many of them are now able to send and receive twenty words a minute. Several boys from this class who were discharged last summer secured positions and are making a success. The class in mechanical drawing and sloyd gives daily employment to sixty boys. Specimens of their work may be seen at any time in the exhibit room in Wetmore Hall. The number of boys over twelve years of age now receiving instruction in the various departments of vocational training is as follows:

Sloyd and Carpentry .....	62
Telegraphy .....	37
Floriculture .....	4
Applied Electricity .....	20
Tailoring .....	21
Tinning and Plumbing .....	15
Painting .....	15
Printing .....	21
Baking .....	6

Total ..... 201  
More boys having been assigned to the printing class, and considerable progress having been made, the boys became ambitious to publish a school magazine. It was decided to let them "try their wings," and in December they made their initial flight. This little magazine, christened *The Village Record*, will be published about the middle of every month.

Since the appointment last January of Mr. E. W. McClure as Superintendent of Schools, there has been marked improvement in the quality of the school work. Not only has it been possible to devote more attention to the proper classification of boys at the time of their arrival, and to note their continued progress, but, having ascertained the mental status of the boys and something of their inclinations or special aptitudes, Mr. McClure, in his other capacity as assistant to the acting superintendent, is in a particularly good position to assign them to the vocational classes to which they are best suited. Mr. McClure's report on the school work will be found on following pages of this report.

#### Supervision—Official and Otherwise.

Annual and monthly meetings of the Board of Directors, monthly meetings of the A. I. & D. Committee and meetings of the Executive Committee were held in New York City. The Village was visited by members of the Board of Directors sixty-three times. Health and sanitary officers made semi-annual inspections, and two visits were made by the fire inspector; the books and vouchers were examined every month by expert accountants. The regular annual inspection for the State Board of Charities was made by Mr. George Rowell in June; Hon. Robert W. Heberd, Secretary of the State Board of Charities, was a visitor; Mr. Thomas W. Hynes, Chief Examiner of the Accounts of Private Charitable Institutions, made an inspection in August; two weeks later Messrs. Pickering and Hartier, also of the Finance Department, spent a day at the Village. Hon. Michael J. Drummond, Commissioner of Public Charities, Dr. D. C. Potter and a party of friends registered October 23rd. The School of Philanthropy made the usual number of visits.

Visitors from afar were: Dr. Hans Pfeiderer of Kiel, Germany; Dr. Roecke of Heilbronn, Germany; Miss Elisa List of Berlin, Germany; Bishop J. H. Van Beuren of Porto Rico; Prof. S. Ogawa of the Imperial University of Japan; Mr. Walter G. Scott, Chairman of the Prison Commission, Edinburgh, Scotland; Captain Arthur St. John, Secretary Penal Reform League of London.

Other prominent visitors were: Mr. and Mrs. Mornay Williams, Englewood; Mr. A. C. Hill, Albany; Hon. A. D. Chandler, Orange, N. J.; Mr. Samuel Fellows, Chicago; Dr. George W. Kirchwey, formerly Dean of Columbia Law School; Miss Madeline C. Doty, New York; Mr. Joseph T. Masten, Secretary State Board of Charities of Richmond; Rev. S. J. Hatcher, Richmond, Va.; Hon. Judge Robert J. Wilkin and party from the Children's Court, Brooklyn; Messrs. E. E. Bloomingdale and W. J. Walter, Directors of the House of Refuge, New York; Messrs. Thomas G. Agnew, Supt. of the S. P. C. C., and Mr. Thomas D. Flynn of New Orleans; Messrs. E. G. Rothman and Roger N. Baldwin of St. Louis; Mr. Tracey Strong, Seattle, Wash.; Miss A. Hayse, Louisville; the Misses Josephine C. Smith and Beatrice Forsyth, New York; Mr. Charles Doty of Columbia University; Miss Helen S. Smith, Boston; Mrs. Harry D. Jewell, Grand Rapids, Mich.; Miss Mary A. Kennedy, Supt. St. Joseph's Institute, Fordham, N. Y.; Mr. E. Byke, President of the Brooklyn Training School; Mr. Samuel J. Messing, Cleveland; Miss E. H. Clarkson, New York; Miss Elizabeth Bills, Sacramento, Cal.; Prof. A. S. Rassborough, Nyack, N. Y.; Miss Sommerfield, Supt. of the Clara de Hirsch Home, New York; and Mrs. Harry Hart, Chicago.

Parents and friends of the boys made 2,588 visits during the year, an average of 215 visits a month. The regular visiting day comes on the last Thursday of each month, but those parents unable to leave their work on this day are permitted to visit their boys on the Sunday following the regular visiting day.

#### Health.

The health record for the past year has not been as gratifying as that of earlier years in the Village. There have been over 500 more cases treated in the dispensary than in any preceding year (at the same time an increase in population of over one-third should be taken into consideration). Prior to October the health record at the Village was excellent. After that date stomach and bowel disorders became alarmingly frequent despite the daily attendance of the physician.

The extreme drought of the summer was undoubtedly the cause of so much sickness. In September the lakes controlled by the Consolidated Water Company, from which the school derives its water supply, became so low that for one week there was not enough water in the mains to supply the engines at the power plant. The water from existing springs was utilized for drinking and cooking purposes and other springs were opened. Surface water from a small pond was distributed daily for sanitary purposes. The electric power being off at this time, cottage officers were compelled to use candles, and extra precautions were necessary to prevent fire.

For many months the water has been of such questionable quality as to necessitate patient precautions with respect to that used for drinking. The matrons were very careful in this matter and jars and bottles of boiled water were ready for use and accessible to all at all times; the boys were repeatedly warned of the danger in drinking unboiled water, but it "looked harmless" to them and if no one was present to enforce restrictions, many boys persisted in drinking from the faucets.

The milk was tested in November and found to be very good in quality. Then, in the same month, although the sickness was attributed to the water, "to make assurance doubly sure," Dr. Denniston examined every building from cellar to attic and reported everything in splendid condition. The following day he examined every boy in the institution, and, with the exception of the patients then in the hospital, found all in excellent health.

There were nine serious cases of typhoid fever, and later, five cases of typhoid pneumonia developed. Four deaths occurred during the year.

October 4th, Walter Welch of Russ Cottage was operated on for appendicitis at the Dobbs Ferry Hospital and died October 9th.

William Collins came to the Village in October and on November 6th developed German measles. He was isolated and cared for but his case was not considered alarming. November 12th he had a sudden sinking spell and died in ten minutes. An autopsy was held and the Doctor found death due to acute uraemia and heart trouble. After talking with the father it was learned that he had suffered from kidney and heart trouble and had been subject to convulsions since infancy.

On October 21, Samuel Brown, a one-legged boy of Howard Cottage, complained to his teacher of pains in his abdomen. Dr. Denniston was on the grounds at the time and examined him at once. He visited him again in the evening, and the following morning had him removed to the Dobbs Ferry Hospital for observation. A consultation was held that day and, Sammie appearing to be better, it was decided not to operate. He died very suddenly just after midnight of the same day. The Doctor reported the cause of his death acute intestinal infection.

On December 23 Edward Boehs, aged ten, died of pneumonia, following a five weeks siege of typhoid. All possible care and attention were given the little fellow, but his constitution was not hardy enough to withstand so severe a test.

Dr. Cole made semi-annual examinations of the boys' teeth and during the interim, examined the teeth of all new recruits and all others who required treatment. All boys were weighed and measured as usual. During the year four boys were treated by the oculist and provided with glasses; five boys had adenoids removed; eleven were transferred to city hospitals to receive special treatment for trachoma, tubercular trouble, syphilis, ring worm of the scalp and mental disorders; one epileptic boy was sent to Craig Colony, and one to Nyack for treatment for tuberculosis.

#### Special Days and Amusements.

All holidays were appropriately observed. Public exercises were held in Wetmore Hall on Lincoln's and Washington's birthdays, consisting of suitable songs and recitations. Mr. Henry E. Gregory was the speaker on the former, and Mr. Charles M. Jesup on the latter occasion. Mr. Gregory conducted the Memorial Day service and Mr. Jesup delivered a short address. A program of special music and recitations suitable to the day was rendered by the school.

About a week before the Fourth of July the question was put to the boys as to what use they wished to have made with a fund donated for that day by the members of the Board of Directors. There was an unanimous verdict to omit the customary fireworks, and to substitute baseballs, hats, and gloves to be awarded as prizes to the winners in the athletic contests. Independence Day exercises were held in Wetmore Hall in the morning and Mr. Gregory made the address—oddly enough, his subject was "A Sane Fourth." In the afternoon Mr. Gregory's ideas of "a sane Fourth" were put into practice on the athletic field, a ball game and numerous contests lasting all afternoon.

Baseball continues to be the most popular sport on the hilltop. A friendly rivalry exists between the nines of the various cottages, and a handsome silver cup, donated by Colonel F. Q. Brown, is presented to the cottage which wins the most games during the season and held by it until the following season, when it is contested for again. Many games were played with teams from neighboring villages and the Asylum nine was victorious in all but one.

On the morning of Thanksgiving Day services were held in the Chapel, at noon a special dinner was served, and in the afternoon many boys were visited by parents and friends.

Appropriate exercises were held in Wetmore Hall on Christmas Day, the Rev. Mr. Abrams of Dobbs Ferry being the speaker. In some cottages the boys hung up their stockings, in others they had Christmas trees, in all there were holiday decorations and treats which the boys had a share in preparing.

Fifty sleds of all shapes and sizes make coasting the most popular winter sport. The regular course of Wednesday night lectures, illustrated by stereopticon views, recitations or music, was given during the winter months. The boys continue to meet in the auditorium on evenings every week to memorize hymns and sing patriotic and popular songs. The Sunday afternoon services were held regularly.

Miss Chase and a choir of thirty boys have been assisting at the evening services of the Presbyterian Church in Dobbs Ferry. The following letter from the Pastor of the church expresses his appreciation and that of the congregation:

My Dear Mr. Morgan—Let me express to you the hearty appreciation of our Session and Congregation for the help rendered by the choir of the Children's Village in our evening service during the year past.

The boys have sung with spirit and surprisingly well. I have been impressed also by the fine way in which they have entered into the service, making themselves a real part of the congregation.

Will you convey to Miss Chase, their director, our hearty thanks for the interest she has taken in the preparation of the boys for this special service, and assure her of the credit which their work reflects upon her zeal and musical skill.

It will be a gratification if we can have the continued presence of the boys this year on evenings when weather conditions permit them to come.

On behalf of the congregation,  
Very gratefully yours,  
(Signed) JOHN M. TROUT.

#### Changes in the Staff.

Twelve new names were added to the official roster in 1910. Miss Minna Daly, who had served the school earnestly for six years as clerk, resigned to accept a position in Boston. Failing health compelled Miss Eliza Dick, matron of Scholes Cottage, to retire from the work in December. Miss Dick had been a member of the staff for over twenty-two years, and had acceptably filled several positions calling for the service of a patient, painstaking, hopeful, faithful employee. Five other members of the staff also retired in 1910.

#### Miscellaneous.

The class in painting has painted all the porches of the older group of cottages; the windows of Dwight and Willets Cottages, and of the Administration Building; many rooms in the Power House; and the interiors of Green, Hartley, Scholes and Cooper Cottages.

All tables, stands and shoe cases for the nine new cottages were made by the boys of the carpentry department.

The streets and paths have all been re-graveled and the driveway on the east side of the Village has been extended 350 feet; likewise the sewer and water mains.

The regular fire drills have been conducted twice a month and all fire extinguishers were examined and re-charged in April. In the fall the heating system was filled and tested.

Twelve acres of land, heretofore untilled, were cleared and prepared for cultivation, and one and a half acres of small fruits (blackberries, raspberries and currants) were set out.

One hundred and ten maple, elm and dogwood trees and about two hundred flowering shrubs were transplanted. Thirteen dozen chrysanthemums were sold to the Hotel Manhattan. One hundred cords of wood have been cut from windfalls and dead trees and delivered to the cottages.

In December over four hundred tons of ice were stored in the ice houses—an abundant supply for 1911.

The sale of three hundred and fifty pounds of home-grown wool netted \$63. Not wishing to keep all the flock of sheep over the winter, a number of sheep were sold, from which the school realized \$173.28. The flock has been reduced to twenty.

Seven hogs were butchered and the product was consumed at the school.

The chicken industry carried on by the boys at the House of Reception continues to be profitable and interesting. Chickens and eggs having a market value of \$150 were supplied to the school, and at the end of the year the boys had 110 chickens on hand.

It is gratifying to note the interest taken in the individual gardens, many cottages having their own plots and much time and labor being expended on them. The most remarkable results of the year in these gardens were obtained by the boys of Rose Cottage. Independent of the general garden these twenty boys produced the following:

Water Melons .....	800	Cabbage .....	500 hds.
Cantaloupes .....	600	Rhubarb .....	200 lbs.
Strawberries .....	300 qts.	Egg Plants .....	12
Raspberries .....	50 qts.	Tomatoes .....	10 bu.

Lettuce .....	1 bu.	Cucumbers .....	4 bu.
Peppers .....	½ bu.	Radishes .....	2 bu.
Parsley .....	2 bu.	Carrots .....	½ bu.
Spinach .....	2 bu.	Irish Potatoes .....	4 bu.
Onions .....	1 bu.	Sweet Potatoes .....	2 bu.
Beans .....	5 bu.	Grapes .....	1 bu.

On December 17th the boys of Miss Mills' Cottage had a candy sale, from which their profits were \$25. At other times during the year they made and sold \$130 worth of candy. With this money they have purchased for their cottage 1 punching bag, 3 games, a \$10 set of carpenter tools, 1 set Robert Louis Stevenson's works, 20 other books, 4 pictures, 12 pairs curtains, 20 linen collars, and material for 20 shirts. Their primary object in selling candy was to provide magazines for the cottage. Last year they subscribed for "Popular Mechanics," "Popular Electricity" and "Good Housekeeping"—the latter for its handicraft suggestions. Besides these they bought one other magazine every month. This year they are taking "Popular Mechanics," "Success," "Home Companion" and "The Ladies' Home Journal" and hope to add to the list the "Craftsman."

#### Report of the Dentist.

To the President and Board of Directors of the New York Juvenile Asylum:

Gentlemen—Without a clean mouth, the gateway to the human system, it is difficult to have good health. If we can instill into young minds the importance of oral hygiene, and a pride in having clean and perfect teeth, better physical condition will invariably follow. A practical bearing out of this statement is contained in this report which I herewith submit:

In 1904, about 45 per cent. of the cases of sickness in the Institution were due to indigestion. Neglect of their teeth, by the children, was, without a doubt, largely responsible for this condition. In 1909 this percentage was reduced to 17 per cent.

It is interesting to note that less than 1 per cent. of these children have taken any care of their teeth before entering the Institution. This fact will give you a better appreciation of the difficulty of the task encountered by the officers and myself to make them understand the importance of care and the consequence of neglect. The figures herein given show to what degree we have succeeded, and I think we can view with pride the results of the hearty co-operation which I have received from the officers of the institution and without which but little could have been accomplished.

In my examination of 1905, I found 94 per cent. of the children in need of dental work, whereas this year the total was less than 75 per cent. The average number of fillings needed this year for those examined were 3.3-40 fillings and 11-20 extractions per child. Two hundred and sixty-eight of the boys have been treated. The operations have been as follows:

Silver fillings.....	256
Cement fillings.....	3
Crowns, where teeth were broken off.....	2
Cases of special treatment.....	66
Extractions, mostly temporary teeth.....	341

Again thanking the Superintendent, Physician, nurse and officers for the assistance which they have so freely given me in this work, and trusting that we shall be able to give even a better report for the year 1911, I beg to remain,

Very respectfully,

J. PARLIMAN COLE, D.D.S.

#### Report of the Physician.

To the President and Board of Directors of the New York Juvenile Asylum:

Gentlemen—The past year has, I regret to say, seen more sickness in the Village than any preceding year in its history. A great deal of this is attributed to the long drought that prevailed in this region and to the consequent inadequate supply of potable water. Although boiled water has been used in all the cottages for drinking purposes, some of the boys clandestinely and thoughtlessly transgressed the rules.

We had nine cases of typhoid fever, all of a severe type, and one boy whose fever was complicated with pneumonia, died of the disease. There were four deaths in all—a very large number: one from gangrenous appendicitis, one from endocarditis and the other two from causes directly traceable to the poor quality of the water.

We have outgrown our present hospital quarters and with the increased number of boys it has been necessary to keep some boys, who needed hospital attention, in the cottages. The present infirmary was originally a cottage used by a coachman and was adapted to the present uses as a temporary expedient until experience in the Village would indicate the exact requirements. I hope a building adequate in area and practical in plan will be provided as soon as the directors can meet the necessary financial conditions.

It would also seem wise to look into the question of our own water supply, as the results under existing conditions are unsatisfactory.

Over five hundred more cases have been treated in the dispensary this year than in any preceding year, making a total of two thousand three hundred and seventy-two, while the hospital cases number one hundred and thirty-six, classified as follows:

Abscess of Ear.....	4	Influenza.....	12
Abscess of Knee.....	5	Intestinal Infection.....	3
Appendicitis.....	2	Jaundice.....	1

#### COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The Vice-Chairman laid before the Board the following communication from the Board of Estimate and Apportionment:

No. 2727.

Board of Estimate and Apportionment, City of New York, Office of the Secretary, 277 Broadway, January 20, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—At a meeting of the Board of Estimate and Apportionment held January 19, 1911, a report was presented from the Corporate Stock Budget Committee recommending that no action be taken at this time on the resolution of the Board of Aldermen requesting this Board to appropriate the sum of \$150,000 for the erection of an addition to Public School No. 34, Van Nest, The Bronx, as the matter of additional school accommodations for said section will be considered in the Corporate Stock Budget for 1911, which was ordered on file and copy thereof sent to the Board of Aldermen.

I transmit herewith copy of the Committee's report for the information of your Board. Very truly yours,

JOSEPH HAAG, Secretary.

January 14, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On November 29, 1910, the Board of Aldermen adopted a resolution, requesting the Board of Estimate and Apportionment to appropriate \$150,000 in corporate stock to erect an addition to Public School No. 34, Van Nest, Borough of The Bronx, upon land set aside for school purposes. In connection therewith we report as follows:

A preamble to the resolution states that a large number of children in Van Nest are compelled to attend on part-time owing to the crowded condition of the public school, and that a sum of money was included in the school budget (estimate) for building an addition, but that the Building Committee of the Board of Education used it in another direction, thereby depriving the children in the Van Nest section of proper facilities for education.

The corporate stock estimate of the Board of Education for 1910 included \$132,150 for an addition to the Van Nest school. The Board subsequently held this request in abeyance so that provision might be made for improvements deemed to be more urgent. No appropriation for the addition was made in the Corporate Stock Budget.

The matter of additional school accommodations for the Van Nest section will be considered in the Corporate Stock Budget for 1911.

We recommend, therefore, that no action be taken at this time on the resolution of the Board of Aldermen. Respectfully,

COMPTROLLER, PRESIDENT BOARD OF ALDERMEN, PRESIDENT BOROUGH OF MANHATTAN, Corporate Stock Budget Committee.

Which was ordered on file.

The Vice-Chairman laid before the Board the following communication from the President, Borough of Brooklyn:

No. 2728.

The City of New York, Office of the President of the Borough of Brooklyn, January 25, 1911.

Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen:

Dear Sir—I forward to you herewith a resolution authorizing the issuance of a warrant for five hundred dollars (\$500) to the President of the Borough of Brooklyn, and chargeable against the account known as General Administration, No. 1766, Contingencies, for the year 1911, President of the Borough of Brooklyn.

Yours very truly,

ALFRED E. STEERS, President of the Borough.

Resolved, That for the purpose of defraying minor incidental expenses contingent to the office of the President of the Borough of Brooklyn, he may, by requisition, draw upon the Comptroller for a sum not exceeding five hundred dollars (\$500), and may, in like manner, renew the draft as often as may be deemed necessary to the extent of appropriation set apart for contingencies in his office during the year 1911, but no such renewal shall be made until the money paid on the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers, certified by the President of the Borough of Brooklyn, covering the expenditure of the money paid thereon.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the Trustees of Bellevue and Allied Hospitals:

No. 2729.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st ave. and 26th st., New York, January 27, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Sir—The Trustees of Bellevue and Allied Hospitals have the honor to request the Board of Aldermen to grant permission to purchase an automobile ambulance for Harlem Hospital in the open market without public letting at a cost not to exceed \$3,500. It is impracticable to obtain satisfactory ambulances by public letting, and it is for the best interests of the City that these should be secured by careful selection in the open market. Two old horses at Harlem Hospital have just been condemned, and the superiority of motor over horse ambulances has been so clearly demonstrated at Bellevue and Fordham Hospitals, where motor ambulances are employed, that the Trustees are convinced that it would be better to obtain a motor ambulance for Harlem Hospital than to replace these old horses. The large territory included in the Harlem ambulance district in itself warrants the use of a motor ambulance. Respectfully,

J. K. PAULDINC, Secretary, Board of Trustees.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communications from the President, Borough of Queens:

No. 2730.

The City of New York, Office of the President of the Borough of Queens, Long Island City, January 27, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—In accordance with the provisions of section 188 of the Greater New York Charter, it is respectfully requested that your Honorable Board approve of and recommend to the Board of Estimate and Apportionment the necessary authorization for the issue of ten thousand eighty-four dollars and fifty cents (\$10,084.50), special revenue bonds for necessary additional help required to care for the new Queens County Court House.

The money requested is intended to be used for the payment of salaries and wages during the year 1911, as follows:

Engineers, 2 at \$4.50 per day (365 days).....	\$3,285 00
Elevatorman, 1 at.....	900 00
Watchman, 1 at.....	900 00
Electrician, 1 at \$4.50 per day (303 days).....	1,363 50
Laborers, 4 at \$3 per day (303 days).....	3,636 00

\$10,084 50

The appropriation for two additional stationary engineers is necessary for the reason that the Municipal Civil Service Commission has directed that it is a violation of the Civil Service Law to employ Licensed Firemen to care for the boilers and apparatus at any time, and it is, therefore, absolutely necessary to employ these additional men in order that there may be three shifts of Engineers of eight hours each.

An additional Elevatorman is necessary for the reason that there are two elevators in the building. It is necessary also to employ an additional electrician.

A Watchman is needed as are also the laborers for the proper care of the building.

I would respectfully request that your Honorable Board take action upon this request at as early a date as possible. Yours respectfully,

LAWRENCE GRESSER, President of the Borough of Queens.

No. 2731.

The City of New York, Office of The President of the Borough of Queens, Long Island City, January 28, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—In accordance with the provisions of section 188 of the Greater New York Charter, it is respectfully requested that your Honorable Board approve of and recommend to the Board of Estimate and Apportionment the necessary authorization for the issue of twenty thousand dollars, (\$20,000), special revenue bonds for the building of a retaining wall on the Shore road, between Hoyt ave. and Woolsey ave., First Ward, Borough of Queens.

The retaining wall supports the roadway and has been completely destroyed in places, and portions of the highway are sliding away, causing very dangerous conditions. A retaining wall is absolutely necessary since in places the difference between the foot of the wall and the elevation of the roadway is as much as thirty feet. The retaining wall has been gradually growing worse, and has reached the point now where it must be repaired for the safety of the public.

Our Engineer reports that it would cost about twenty thousand dollars for a concrete retaining wall with the necessary work incidental thereto, about eight hundred feet in length on the Shore road, between Hoyt ave. and Woolsey ave., First Ward.

I would respectfully request that your Honorable Board take action upon this request at as early a date as possible. Yours respectfully,

WALTER H. BUNN, Acting President of the Borough of Queens.

The City of New York, Office of the President of the Borough of Queens, Long Island City, January 28, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—In accordance with the provisions of section 188 of the Greater New York Charter, it is respectfully requested that your Honorable Board approve of and recommend to the Board of Estimate and Apportionment the necessary authorization for the issue of thirty-five thousand dollars (\$35,000), special revenue bonds, for the building of a retaining wall on the Willets Point road, Third Ward of the Borough of Queens.

About a year ago a dangerous washout occurred on the Willets Point road, between Bell ave. and 14th ave., Whitestone. The sea wall which acts as a retaining wall to the adjacent road was completely destroyed for a portion of several hundred feet. The entire wall has been undermined, and at about the highwater line where the ice forms, a great many stones have been entirely removed from the wall, thus putting it in a very unstable condition.

Our Engineer reports that it would cost thirty-five thousand dollars for a concrete sea wall with pile foundations where necessary, together with all work incidental thereto on the Willets Point road, beginning at a point 65 feet west of Bell ave. and extending to a point 2050 feet westerly therefrom, Third Ward of the Borough of Queens.

I would respectfully request that your Honorable Board take action upon this request at as early a date as possible. Respectfully,

WALTER H. BUNN, Acting President of the Borough of Queens.

Which were severally referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communication from the President, Borough of The Bronx:

No. 2732.

City of New York, President of the Borough of The Bronx, 3d Ave. and 177th St., Office of the President, January 28, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen:

Dear Sir—Request is hereby respectfully made that a resolution be adopted by the Board of Aldermen requesting the Board of Estimate and Apportionment to authorize the Comptroller to issue special revenue bonds to the amount of twenty-five hundred dollars (\$2,500), the proceeds thereof to be applied by the President, Borough of The Bronx, to payment of wages of laborers when employed, in the work of rock soundings, necessary in forming estimates of cost of rock excavating, for the information of the Board of Estimate and Apportionment, in order to ascertain the approximate cost of proposed contracts, for regulating and grading of streets and avenues in the Borough of The Bronx, before the preliminary authorization of said Board for said proposed contracts is granted.

Permit me to explain that prior to this year funds were available for rock soundings from budgetary appropriations therefor, annually made by the Board of Estimate and Apportionment, the laborers employed in the work being assigned as occasion required, from the Bureau of Highways-Maintenance, and their time, spent on rock soundings charged against the appropriation made to the Engineering Bureau-Highways.

The Budget for 1911, however, provided only for an engineering force for said work, and every employee as listed, in the Engineering Bureau on January 1, 1911, was scheduled, but no schedule lines were adopted or provided, whereby the employment of laborers in either the Highways-Maintenance or Engineering Bureaus could be effected for the purpose, under the rules adopted by the Board of Estimate and Apportionment, governing the preparation of payrolls.

Further, a continuous force of laborers for rock soundings cannot be employed, for the reason that the occasion for their employment is infrequent.

The cost of laborers' wages for rock soundings for the past three years is as follows: 1908, \$4,279.28; 1909, \$2,198.06; 1910, \$1,490.49. Respectfully,

CYRUS C. MILLER, President, Borough of The Bronx.

Which was referred to the Committee on Finance.

The Vice-Chairman laid before the Board the following communications from the Board of Estimate and Apportionment:

I also transmit copies of reports of the Comptroller and of the Corporate Stock Budget Committee relative thereto, together with forms of resolutions for adoption by the Board of Aldermen to indicate its concurrence therein.

Yours very truly,

JOSEPH HAAG, Secretary.

ized to issue corporate stock of The City of New York, in the manner provided by section 169 of the Greater New York Charter, to an amount not exceeding one hundred thousand dollars (\$100,000), the proceeds whereof to be applied to the purposes aforesaid.

Department of Finance, City of New York, Bureau of Municipal Investigations and Statistics, January 23, 1910.

To the Board of Estimate and Apportionment:

Gentlemen—On December 15, 1910, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested the amendment of a resolution of the Board of Estimate and Apportionment on July 2, 1909, authorizing \$100,000 in corporate stock for furnishing and equipping the northwest wing of the American Museum of Natural History. In connection therewith I report as follows:

The request is for a change in title to permit of the use of part of the appropriation for construction work. The Commissioner states that work on the expansion of extensive collections into new halls, and on additional office space, appears to be properly chargeable as construction.

I recommend that the request be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Department of Finance, City of New York, Bureau of Municipal Investigations and Statistics, January 18, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On October 17, 1910, the Commissioner of Bridges requested the amendment of resolutions adopted by this Board June 3 and July 1, 1910, authorizing the issues of corporate stock for required improvements in connection with the terminals of the Manhattan Bridge. The proposed amendments involved reductions in several authorizations for the construction of a terminal building, retaining walls, etc. The aggregate of reductions proposed is \$30,380. It is proposed to apply this amount to increase the authorization for the payment of architects for services in connection with the completion of the terminals of the Manhattan Bridge.

In another report I have advised the approval by the Board of an amended form of contract for services of Carrere and Hastings, architects, for the preparation of drawings, plans, specifications, etc., for terminal improvements of the Manhattan Bridge at an estimated cost of \$48,880.

Only \$20,000 was authorized by the Board on June 3, 1910, for architects' fees. If the architects' contract is to be entered into, it will be necessary, as requested by the Commissioner, to provide additional funds for the purpose.

The funds now requested for architects' fees will enable the Commissioner to make one contract with the architects instead of entering into a separate contract for each piece of work. No increase of appropriation is involved. The authorizations to be reduced were based on estimates including architects' fees, inspections, etc., so that the request of the Commissioner simply contemplates a transfer of funds.

In order to provide the necessary funds for architects' services, I recommend the adoption of the resolution hereto attached. Respectfully,

WM. A. PRENDERGAST, Comptroller.

Public School 7.....		265 00
Public School 77.....		1,250 00
		\$272,414 00

Against this total the Board of Education states that the surplus balances in corporate stock accounts may be rescinded as follows:

Code No.	Fund.
C-DE-29A. Borough of Manhattan, Public School 95, construction....	\$30,000 00
C-DE-37A. Borough of The Bronx, Public School 46, construction....	17,000 00
C-DE-27A. Borough of Brooklyn, Public School 19, construction....	15,000 00
C-DE-27B. Borough of Brooklyn, Public School 167, construction....	27,000 00

Code No.		Fund.
C-DE-15.	Brooklyn Girls' High School, addition.....	15,000 00
C-DE-35.	Borough of Queens, Public School 7, construction.....	17,000 00
		<hr/>
		\$121,000 00

On December 9, 1910, the \$17,000 surplus in C-DE-35 was transferred, thereby reducing the amount available for rescindment to \$104,000.

The following amounts have been provided for furniture work in schools:

Nos. 58 and 77, Borough of Queens—	
Public School 58. New authorization in lieu of balance in C-DE-35..	\$7,053 20
Balance available in appropriation for interior construction and equipment .....	112 00
	<hr/>
	\$7,165 20
Public School 77. New authorization in lieu of balance in C-DE-35..	9,198 40
Balance available in appropriation for interior construction and equipment .....	3,094 00
	<hr/>
	\$12,292 40

The sums, therefore, requested for these schools may be reduced from \$10,157 to \$2,991.80 for Public School 58; and from \$23,043 to \$10,750.60 for Public School 77.

The thirteen buildings for which furniture work is requested are all under construction, and Nos. 7, 58 and 77, in Queens, Nos. 44 and 46 in The Bronx, and the addition to No. 19 in Brooklyn are nearing completion. Considerable time is required to fill orders, especially those for State Prison goods. It appears, therefore, that funds for the furniture work should be provided without delay.

It is stated the pianos are to be put in as soon as the buildings are ready for occupancy.

We recommend that the surplus balance of \$104,000 be rescinded and that a new authorization in the sum of \$252,956.40 be approved by the adoption of the attached resolutions. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; GEORGE McANENY, President, Borough of Manhattan, Corporate Stock Budget Committee.

Which were severally referred to the Committee on Finance.

No. 2742.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held January 26, 1911:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment of the grade of position in the office of the President of the Borough of Manhattan, in addition to those heretofore established, as follows:

To the Board of Estimate and Apportionment:

Gentlemen—On December 28, 1910, the President of the Borough of Manhattan requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Sewer Cleaner at \$3 a day. In connection therewith, we report as follows:

The Budget for 1911 provides for 76 Sewer Cleaners at \$2.50 a day in the Bureau of Sewers, Manhattan. The rate for Underground Sewer Cleaners in the Bureau of Sewers, Brooklyn, is \$3 a day. The \$3 grade has been established in The Bronx, but the budgetary provision is at the rate of \$2.50 a day. In Queens, the rate is \$2.50 and \$3 a day. In Richmond, the Sewer Cleaners receive \$2.50 a day.

The President states that the \$3 grade is necessary to permit certain adjustments within the present labor force, incidental to its gradual reorganization. It is proposed to pay \$3 a day to several Sewer Cleaners without any increase in appropriation.

We recommend that the request be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held January 26, 1911:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the

Board of Aldermen the establishment in the Department of Public Charities of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate per Annum.	No. of Incumbents.
Draftsman .....	\$2,100 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 23, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On January 11, 1911, the Commissioner of Public Charities requested the establishment in the Department, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of position of Draftsman at the rate of \$2,100 per annum. In connection therewith your Committee reports as follows:

The request is to provide an increase of \$750 per annum in the compensation for William Flanagan, who entered the Department as a Draftsman in April, 1902, at \$1,000 per annum. Since 1905 his compensation has been at the rate of \$1,350 per annum. During the period of his employment much of the alteration and repair work of the Department has been done under his supervision. In the last year plans and specifications for the following new work were drawn by him and approved by the Art Commission:

Industrial Building, Randalls Island.  
Addition to Ward "F," Randalls Island.  
Dormitory for Female Employees, Metropolitan Hospital.  
New Operating Rooms, Metropolitan Hospital.

The estimated cost of these improvements is \$220,000, and the saving to the Department in architects' fees will be at least \$11,000. In addition, there will be a saving of funds otherwise disbursed for architects' services in superintending the work of alterations and repairs.

We recommend that the request be granted by the adoption of the attached resolution. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

No. 2744.

Whereas, The Board of Estimate and Apportionment adopted the following resolution at a meeting held January 26, 1911:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, recommends to the Board of Aldermen the establishment in the Department of Parks, Boroughs of Manhattan and Richmond, of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate per Annum.	No. of Incumbents.
Cleaner (female).....	\$600 00	15
Bath Attendant (female).....	600 00	2

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said positions as set forth therein.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 23, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On January 6, 1911, the Commissioner of Parks, Boroughs of Manhattan and Richmond, requested the establishment in his department, pursuant to the provisions of section 456 of the Greater New York Charter, of the grades of position of Cleaner (female) at \$600 per annum for nineteen incumbents, and Bath Attendant (female) at \$600 per annum for two incumbents.

This request has been verbally modified by the Commissioner since the original application, to read fifteen cleaners instead of nineteen.

In connection therewith we report as follows:

These grades are requested for payment of Cleaners and Bath Attendants who have been in the department for several years, and are provided for in the 1911 Budget under the title of Cottage Attendants. The work performed is similar to that of Cottage Attendants, but the Civil Service Commission has refused to pass the pay-rolls unless the incumbents appear under the titles now requested. No change in compensation is involved.

We recommend the adoption of the attached resolution granting the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

Flagger .....	\$4 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, January 24, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On January 23, 1911, the Acting President of the Borough of Queens requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter, of the additional grade of position of Flagger at \$4 per diem, for the Topographical Bureau in the borough. In connection therewith, we report as follows:

In the schedule of employees approved by this Board on January 12, 1911, for the Topographical Bureau, the position of Flagger was not included for the reason that it had not been established. The request is to continue at the \$4 rate a Flagger who has received this compensation for several years.

We recommend the adoption of the attached resolution approving the request. Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

Which were severally referred to the Committee on Salaries and Offices.

The City of New York, Office of the President of the Borough of Queens, Long Island City, January 2, 1911.

Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen, City Hall, New York City:

Sir—I enclose copy of a communication just written to Mr. Walter H. The City of New York, Office of the President of the Borough of Queens, Long Island City, January 2, 1911.

Hon. WALTER H. BUNN, Commissioner of Public Works, Borough of Queens, Long Island City, N. Y.

Sir—In accordance with the provisions of section 383 of the Greater New York Charter as amended, I hereby designate you to act for me in my place and stead as occasion may require due to absence from the City or otherwise, as Acting President

The Vice-Chairman laid before the Board the following communication from the President, Borough of Richmond:

No. 2747.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, January 27, 1911.

Board of Aldermen, City Hall, New York:

Gentlemen—It has been our custom for several years to purchase coal at public letting wherever we could take it in sufficient quantity to secure competition, but our experience is that through advertisement and public letting, we only secure the regular market rate; the City, therefore, actually pays more for the coal through public letting than by open order, for the cost of advertising and the time of various City officials, in handling the necessary legal and clerical work connected with the preparation of contract forms and the registration of final contract, must be added.

We expect to continue to call for bids by this method, whenever possible, but we have occasion to use in the aggregate a considerable quantity of the coal, where delivery is at varying places and in variable small quantities. We can get very much better terms by issuing an open market order to a small dealer in the immediate vicinity of where the coal may be needed than through a contract by public letting, entered into with some larger dealer, necessarily months in advance, and it is only the larger concerns who will bid and who then name prices high enough to cover any possible condition of delivery as to place and time and size of lot that may be called for.

We would ask, therefore, that as a measure of true economy we be permitted to purchase through the year 1911, without public letting, coal to the amount of \$4,000. Yours respectfully,

GEORGE CROMWELL, President of the Borough.

Which was referred to the Committee on Public Letting.

The Vice-Chairman laid before the Board the following communication from the Department of Health:

No. 2748.

Hon. P. J. SCULLY, City Clerk, City of New York:

Sir—At a meeting of the Board of Health of the Department of Health, held January 24, 1911, the following resolution was adopted:

Resolved, That the Honorable, the Board of Aldermen, be and is hereby respectfully requested to approve of a resolution of which the following is a copy, to enable the Board of Health to make an additional requisition upon the Comptroller for the sum of \$500, from the appropriation set apart for contingencies of the Department of Health in the Division of Communicable Diseases;

"Resolved, That for the purpose of defraying any minor or incidental expenses contingent to the Division of Communicable Diseases of the Department of Health, the Medical Inspector in charge of the Division of Communicable Diseases of said Department may, by requisition, draw upon the Comptroller for a sum not exceeding \$500; the said Medical Inspector in charge of the Division of Communicable Diseases of the Department of Health, may, in like manner, renew the draft as often as the board of Health may deem it necessary to the extent of the appropriation set apart for contingencies for the Division of Communicable Diseases of the Department of Health, but no such renewal shall be made until the sum paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher or vouchers certified by the Commissioners of the Board of Health covering expenditures of money paid thereon; the fund created by this authority to be accounted for separately and distinctly from the moneys obtained upon the requisitions authorized by resolution of this Board, adopted March 24, 1908. The Vice-Chairman laid before the Board the following communication from the Department of Public Charities:

No. 2749.

Department of Public Charities of the City of New York, Foot of East 26th st., January 30, 1911.

Hon. JOHN PURROY MITCHEL, President of the Board of Aldermen, City Hall, Borough of Manhattan:

Dear Sir—We are soon to open an emergency hospital station at the foot of East 70th st. The service of an ambulance will be required. I would, therefore, respectfully request that authority be granted to purchase, without public letting, one automobile ambulance for the use of this department at said emergency station, at a price not to exceed the sum of \$2,500.

We feel that the opening of this station will be a great benefit to the East Side, as there is no public hospital on the Island of Manhattan between Bellevue Hospital (26th st. and 1st ave.) and Harlem Hospital (137th st. and Lenox ave.) on the east side of Central Park.

Trusting that a resolution in the enclosed form, or some other suitable form, will be passed by the Board of Aldermen at an early date, I am, Respectfully yours,

MICHAEL J. DRUMMOND, Commissioner.

Resolved, That, pursuant to section 419 of the Greater New York Charter, the Commissioner of the Department of Public Charities of The City of New York, be and he is hereby authorized to purchase without public letting for the use of said department one automobile ambulance, the total expense of which is not to exceed the sum of two thousand five hundred dollars (\$2,500).

Which was referred to the Committee on Public Letting.

No. 2587.

The Committee on Finance, to which was referred on January 10, 1911 (Minutes, page 41), a request from the Municipal Civil Service Commission for \$20,000 special revenue bonds for payment of per diem and expert examiners and monitors during 1911, respectfully

#### REPORTS:

That the details of this request are set forth in the statement from Secretary Spencer attached hereto. A cut in this particular item was made in the Budget for 1911, and this application is made on the ground that the money is an absolute necessity. The Committee recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of twenty thousand dollars (\$20,000), the proceeds whereof to be used by the Municipal Civil Service Commission for the purpose of employing per diem and expert examiners and monitors during 1911.

Municipal Civil Service Commission, New York, January 30, 1911.

The appropriation of \$20,000 of bonds asked for represents the additional money that will be needed to pay for the holding of examinations and the rating of papers during the year 1911 in addition to that already granted.

About 17,000 candidates were given a written examination during the year of 1910, which was an increase of nearly 5,000 over the previous year. The amount allowed for per diem examiners, monitors and experts in 1910 amounted to \$21,000, which proved insufficient, as we were obliged to apply for and obtain the consent of the Board of Estimate and the Board of Aldermen to the issue of revenue bonds to the amount of \$5,000 to make up a prospective deficit. This \$26,000 has been cut this year to \$10,500, while there is every indication of an increase in the number of examinations and in the volume of candidates who will take these examinations.

The 17,000 candidates who took the written examination last year wrote on an average of ten sheets each, making 170,000 sheets, or 35,000,000 words, each being read twice, amounts to 70,000,000 words. There are about eight examiners regularly employed in rating papers, and it is impossible for them to do all this work. Last year we employed six additional per diem examiners in addition to several experts from time to time. The per diem examiners worked on the average about 150 days each. A large part of the work done by the per diem examiners is of a scientific, technical and professional character, and a good part of it cannot be rated by the men in the office, as they lack the technical, expert and professional knowledge.

It is proposed to apportion the \$20,000 asked for as follows:

6 per diem Examiners, \$2,000 each.....	\$12,000 00
Monitors, total .....	4,000 00
Experts, total .....	4,000 00

The experience of previous years shows that this amount will be needed, if not more. Respectfully submitted,

F. H. SPENCER, Secretary.

No. 2681.

The Committee on Finance, to which was referred on January 24, 1911 (Minutes, page 607), a request from the Trustees of Bellevue and Allied Hospitals for \$2,500 special revenue bonds for work of converting Ward 31 of Bellevue Hospital into an isolation ward, respectfully

#### REPORTS:

That the details of this application are set forth in the letter of request. This matter received full consideration from the Board in March, 1910, when \$2,000 was authorized. It appears that the former estimate was much too low, and in order to have this very necessary work done a supplemental allowance must be made. The Committee, therefore, recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of two thousand five hundred dollars (\$2,500), the proceeds whereof to be used by the Trustees of Bellevue and Allied Hospitals for the purpose of converting Ward 31 of Bellevue Hospital into an isolation ward.

Bellevue and Allied Hospitals, Office of the Board of Trustees, 1st Avenue and 26th Street, New York, January 17, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, New York City:

Sir—On March 8, 1910, the Board of Aldermen on our request, based upon the recommendation of our architects, Messrs. McKim, Mead & White, authorized the issue of revenue bonds not exceeding \$2,000, to be used with other funds then available for the work of converting Ward 31 of Bellevue Hospital into an isolation ward. Following thereon, bids were received as follows:

Clark and Appelman.....	\$5,915 00
Louis Koenig.....	6,850 00
Julius Braunstein.....	7,698 00
J. M. Knopp.....	8,844 00
George Dress.....	9,696 00
V. Green Construction Company.....	9,785 00
Charles Wille.....	9,838 00
Daniel J. Ryan.....	9,994 00
A. and W. Gray and Company, Inc.....	9,995 00
John J. Kenney Company.....	10,135 00
William Horne company.....	10,200 00
Neptune B. Smith, Inc.....	10,773 00

As the lowest bid was in excess of the appropriation, the architects were requested to modify the specifications to reduce the cost. This was done, and although it was estimated that work to the value of \$2,000 had been omitted in the specifications, the bids received on November 1st were as follows:

Hahn and O'Reilly.....	\$6,497 00
Clark and Appelman.....	6,845 00
William Horne Company.....	7,400 00
J. M. Knopp.....	7,618 00
C. L. Dooley.....	7,670 00
Charles Wille.....	7,858 00
John J. Kenney Company.....	8,265 00
Louis Koenig.....	8,420 00
A. and W. Gray and Company, Inc.....	8,600 00
The Robert S. Pollock Company.....	8,647 00

A further modification, calculated to reduce the cost, was made in the specifications, and bids were received thereon as follows:

Namon Gewertz Company.....	\$5,485 00
William Horne Company.....	6,800 00
A. and W. Gray and Company, Inc.....	6,900 00
John J. Kenney Company.....	7,100 00

The total funds available are \$4,445.75, and in order to meet the cost of the work, including architects' fees, it is requested that an additional sum not exceeding \$2,500 in revenue bonds be authorized. Respectfully,

J. K. PAULDING, Secretary, Board of Trustees.

The Committee on Finance, to which was referred on January 24, 1911 (Minutes, pages 610-612), a request from the Board of Education for \$66,920.92 special revenue bonds for deficiency in appropriation entitled "Compensation of Janitors" for 1911, respectfully

#### REPORTS:

That the attached letter from the Chairman of the Committee on Finance of the Board of Education is explanatory of this request. The Committee believes that money should be provided to pay all regular employees of the City, and it, therefore, recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of sixty-six thousand nine hundred and twenty and 92-100 dollars (\$66,920.92), the proceeds whereof to be used by the Board of Education for the purpose of meeting deficiency in the appropriation for Compensation of Janitors for the year 1911.

Board of Education, Park Ave. and 59th St., New York, December 30, 1910.

Hon. FRANK W. MEYER, Chairman, Committee on Care of Buildings:

Dear Sir—It seems necessary, at this time, to call attention to the condition of the fund for Compensation of Janitors for 1911.

The Board of Estimate and Apportionment has allowed but \$1,402,697.60, whereas the estimated amount required to pay present rates, with small reservations for additional special activities and new buildings and additions to be opened, aggregates \$1,466,435.10, leaving a deficit of \$63,737.50.

The situation is expressed in tabular form as follows:

The appropriation for 1911 is.....	\$1,402,697 60
Aggregate Annual Rates at this Date for Day Schools, Including Annexes, Portable Buildings, Athletic Fields and Cleaners, Direct System.....	\$1,385,858 60
Special Activities Based upon Expenditures for 1910:	
Evening Schools .....	\$27,430 50
Evening Recreation Centres.....	14,069 00
Vacation Schools .....	1,230 00
Vacation Playgrounds .....	21,847 00
Reservation for Enlargement of Above Activities in 1911.....	4,000 00
	68,576 50
Reservation for New Buildings During 1911 (Partly Open or to be Opened).....	15,000 00
Deficit (Approximate) .....	\$66,737 50
	\$1,469,435 10 \$1,469,435 10

You will remember that substantially the same condition existed at the beginning of the current year, and that it was necessary for the Board of Education to meet the situation by the reduction of rates paid. The method adopted consisted of a percentage reduction as follows:

Two per cent. from day school salaries of \$1,000 to \$2,000.  
Four per cent. from day school salaries of \$2,000 to \$3,000.  
Six per cent. from day school salaries of \$3,000 to \$4,000.  
Eight per cent. from day school salaries of \$4,000 to \$5,000.  
Ten per cent. from day school salaries of \$5,000 and over.

Subsequently the Board of Estimate and Apportionment granted an issue of revenue bonds, and the amounts deducted were refunded, and salaries were restored to original rates.

Later in the year, the question was raised as to the fixation of janitors' salaries by the Board of Estimate and Apportionment and the Board of Aldermen, and, you will remember, in August last, the Board of Education submitted a list of rates paid janitors, to the Board of Estimate and Apportionment and the Board of Aldermen. The Board of Education took this action without prejudice to its legal right and duty to fix the salaries of its employees without the concurrence of any City official or board.

Since that time, I understand, a committee of the Board of Estimate and Apportionment, consisting of Mr. Prendergast, Comptroller; Mr. Mitchel, President of the Board of Aldermen, and Mr. McAneny, President of the Borough of Manhattan, has been considering the question with a view of presenting some revised plan to the Board of Estimate and Apportionment. It seems to be considered by the City offi-

cials that the Board of Education should await the result of the deliberations of the Board of Estimate and Apportionment, and it has been informally intimated that an issue of revenue bonds may be given to carry present rates until such time as a satisfactory revised schedule may be placed in effect.

I have reviewed the situation in order to bring the matter down to the present date, and for the further reason that it is legally incumbent upon the Board of Education to confine its expenditures within its appropriation. It appears to me that the responsibility would lie with us if the rates now paid are permitted to continue in full force and effect during 1911, and it should later develop that additional funds would not be granted.

We have now no assurance that the Board of Estimate and Apportionment and the Board of Aldermen will issue revenue bonds to the extent of the deficit.

I would, therefore, suggest that your Committee take the matter in hand, to the end that definite promise of additional funds be secured from the financial authorities, or that, failing such agreement, the Board of Education promptly perform its own distinctive functions and duties in the matter.

If revision is necessary, it will be less severely felt if placed in effect over a full twelve months' period. Yours truly,

JOHN GREENE, Chairman of the Committee on Finance.

FRANK L. DOWLING, WM. J. HEFFERNAN, T. B. JOHNSON, JOHN DIEMER, THOMAS J. McALEER, SAMUEL EHNTHOLT, JOHN F. WALSH, Committee on Finance.

Under Rule 21, consideration of this report was deferred. Subsequently Alderman Dowling moved the adoption of this report.

The Chairman pro tem. put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the negative by the following vote, three-fourths of all members failing to vote in favor thereof:

Affirmative—Aldermen Baldwin, Barton, Brady, Brush, Campbell, Carberry, Cole, Drescher, Dujat, Ehntholt, Eichhorn, Fagan, Fink, Finley, Finnigan, Grimm, Hannon, Cornell, Cunningham, Davis, Delaney, Desmond, Diemer, Dowling, A. S. Drescher, W. Kenneally, Levine, Loos, McAleer, McCann, Markert, Mulhearn, Reardon, Sheridan, Shipley, Smith, Snell, Townen, Volkmann, Van Nostrand, Walsh, Wendel, Willard—43.

Negative—Alderman Dowling—1.

On motion of Alderman Dowling the above vote was reconsidered and the paper was placed on the list of General Orders.

At this point the Vice-Chairman resumed the chair.

Reports of Committee on Public Letting—  
No. 2633 (G. O. No. 102).

The Committee on Public Letting, to which was referred on January 17, 1911 (Minutes, page 347) the annexed resolution in favor of authorizing the Commissioner of Water Supply, Gas and Electricity to contract for repairs to engines, boilers and machinery in the pumping stations in the different boroughs at a cost not to exceed \$39,500 respectfully

#### REPORTS:

That, having examined the subject it believes the proposed authorization to be necessary, as there are fifty pumping stations throughout the City and there is a large variety of machinery in use. The cost of advertising would add about 40 per cent. to the expense without securing any appreciable difference in charges.

The Committee recommends that the said resolution be adopted.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby authorized and empowered to issue open orders for the repair of engines, pumps, boilers, wells and appurtenances, to an amount not to exceed Thirty Nine Thousand Five Hundred Dollars (\$39,500), as follows: Manhattan and The Bronx, Seventeen Thousand Dollars (\$17,000); Brooklyn, Seventeen Thousand Dollars (\$17,000); Queens, Two Thousand Dollars (\$2,000); Richmond, Three Thousand Five Hundred Dollars (\$3,500).

No. 2638 (G. O. No. 103.)

The Committee on Public Letting, to which was referred on January 17, 1911 (Minutes, page 350) a request from the Commissioner of Water Supply, Gas and Electricity for authority to contract, without public letting, with Columbia University for testing of electrical meters at a cost not to exceed \$1,500 respectfully

#### REPORTS:

That, having examined the subject, it believes the proposed authorization to be necessary to enable these tests to be made as has been done to the satisfaction of all concerned for a number of years. The charge is reasonable and in this case there is no opportunity for advertising.

The Committee recommends that the accompanying resolution be adopted.

Resolved, That the Commissioner of Water Supply, Gas and Electricity be and is hereby empowered to enter into contract with Columbia University for testing electric meters, at an expenditure of fifteen hundred dollars (\$1,500), without advertising for competitive bids or proposals, in accordance with the provisions of section 419 of the Greater New York Charter.

Department of Water Supply, Gas and Electricity, Commissioner's Office, 13-21 Park Row, City of New York, January 11, 1911.  
Hon. JOHN PURROY MITCHEL, President, The Board of Aldermen, City Hall, New York.

Sir—This Department for several years past has had a contract with Columbia University, by which the Department can obtain the services of the University Laboratory in testing electric meters for private consumers, in order to check the charges of the companies and also for testing electrical appliances submitted for use in electrical installations throughout The City of New York; further for testing lighting in this City.

There is only one other testing laboratory the services of which the Department could obtain, and that is the electrical laboratories which were originally started and maintained by the electric lighting companies of the City, and are largely used by them for the same purposes the Department wishes to use the services of Columbia.

There might be some objection, as you can see, to the question of the Department's employing the services of the same testing laboratories as the companies.

This contract enables the Department to obtain the services of an impartial referee in matters which are very liable to cause dispute and possible contention between the lighting companies and the City, and between the Department and manufacturers of various appliances.

Advertising for bids in this case would not prove beneficial to the City. I would therefore apply for permission to let this contract without public letting. This has been the procedure for several years past and the Board of Aldermen has acceded to our request in each instance.

The amount of the fee we pay the University is fifteen hundred dollars (\$1,500). A copy of the proposed form of contract is forwarded with this letter. I am, respectfully,  
J. W. F. BENNETT, Deputy Commissioner.

FRANCIS P. BENT, JOHN McCANN, JAMES I. SMITH, MAX S. LEVINE, ALEXANDER S. DRESCHER, PERCY L. DAVIS, Committee on Public Letting.

Under Rule 21, consideration of this report was deferred; subsequently this report was laid over.

#### REPORTS:

That, having examined the subject, it believes the proposed authorization to be necessary. These furnishings are urgently needed. Most of the articles come from the states prisons without advertising. Judge Meagher appeared before the Committee and urged the adoption of the resolution.

The Committee recommends that the said resolution be adopted.

Resolved, That in order to meet the emergent necessity of furnishing the Third District Municipal Court, Borough of Brooklyn, the President of the Borough be and hereby is authorized and empowered to procure the necessary furnishings without

the pathological department by reason of the plumbing work not having been accepted by the City. This communication was referred to the Building Committee.

A communication dated December 14 was received from the Jewish Community, requesting that kosher food be furnished the Jewish patients on the day camp "Westfield" during the year 1911.

It was resolved to reply that the request will be given careful consideration.

A communication dated December 14 was received from the Department of Finance, stating that the question of the assignment to this Department of the vacant plot lying to the south of Gouverneur Hospital as a site for the erection of a dispensary had been referred to the Corporation Counsel for a second time on November 11, but that no reply had been received.

A communication dated December 13 was received from the State Charities Aid Association, urging that in the Corporate Stock Budget for 1911 provision be made for funds for the construction of a new out-patient department at Gouverneur Hospital. The President submitted a copy of a reply which he had sent under date of December 15.

The minutes of the meeting of the Fordham Hospital Medical Board, held on December 5, were presented. The nominations for reappointment in the out-patient department were referred to the Conference Committee, as were also the nominations of Dr. W. J. Walker and Dr. R. J. Wren; the recommendation that steps be taken to investigate the ability of patients to pay for treatment was referred to the General Medical Superintendent for report; and in accordance with the recommendation therein, it was resolved to change the appointment of Dr. Joseph Stammers as pathological interne to date from June 1, 1910, instead of from July 1, he having acted since the former date.

A communication was received from the Board of Estimate and Apportionment dated December 15, with copy of a resolution adopted on December 9, transferring the sum of \$5,450 within the appropriations for 1910.

#### New Business.

The President recommended the appointment of a Joint Committee to advise the Trustees on questions pertaining to the Training School, which may require consideration, the Committee to be composed of two members of the Board of Trustees, two members of the Medical Board, and two members of the Board of Managers of the Training School. This recommendation was adopted, and the President and Mr. O'Keeffe were appointed to represent the Trustees.

In order to overcome the use of so many terms in medical appointments, it was resolved to request the Medical Boards in submitting nominations to adhere to the titles as follows:

Bellevue Hospital—Attending Physician, Assistant Attending Physician, Physician to Out-Patients and Adjunct Assistant Attending Physician, Assistant Physician to Out-Patients, Attending Surgeon, Assistant Attending Surgeon, Surgeon to Out-Patients and Adjunct Assistant Attending Surgeon, Assistant Surgeon to Out-Patients, Attending Gynaecologist, Assistant Attending Gynaecologist, Gynaecologist to Out-Patients and Adjunct Assistant Attending Gynaecologist, Assistant Gynaecologist to Out-Patients, Attending Genito-Urinary Surgeon, Assistant Attending Genito-Urinary Surgeon, Genito-Urinary Surgeon to Out-Patients and Adjunct Assistant Attending Genito-Urinary Surgeon, Assistant Genito-Urinary Surgeon to Out-Patients, Attending Obstetrician, Assistant Attending Obstetrician, Adjunct Attending Obstetrician.

Gouverneur Hospital—Attending Physician, Physician to Out-Patients and Assistant Attending Physician, Assistant Physician to Out-Patients, Attending Surgeon, Surgeon to Out-Patients, and Assistant Attending Surgeon, Assistant Surgeon to Out-Patients, Attending Obstetrician, Assistant Attending Obstetrician.

Harlem Hospital—Attending Physician, Physician to Out-Patients and Assistant Attending Physician, Assistant Physician to Out-Patients, Attending Surgeon, Surgeon to Out-Patients and Assistant Attending Surgeon, Assistant Surgeon to Out-Patients.

Fordham Hospital—Attending Physician, Physician to Out-Patients and Assistant Attending Physician, Assistant Physician to Out-Patients, Attending Surgeon, Surgeon to Out-Patients and Assistant Attending Surgeon, Assistant Surgeon to Out-Patients.

It was further resolved to inform the Medical Boards that this list involves very few changes from the titles now in use; that the title of Clinical Assistant to Out-Patients has been abolished, and that the most important change is in the title where an appointee is connected with the out-patient department and with the hospital, the term covering the duties in the out-patient department preceding the title in the hospital, which in the opinion of the Trustees is in accordance with the rela-

tive importance of the responsibilities of the two places. It was further resolved to ask the Medical Board to decide whether it would be better to use the word "visiting" where the word "attending" is used in the above list.

On the recommendation of the President, the Committee on Welfare of Employees, consisting of Mr. Paulding and Mr. O'Keefe, was requested to recommend means of diversion and recreation for the men employees in the new dormitory building at Bellevue Hospital.

The President reported that, upon the request of the architects, he had asked the Department of Finance to return the specifications for the tennis court of the new Bellevue Hospital so that they could be amended in order that separate bids could be asked for the tennis court and for the fence enclosing the same. This action was approved. It was resolved that a special meeting be held on Tuesday, December 27, 1910.

Meeting adjourned.

J. K. PAULDING, Secretary.

A special meeting of the Board of Trustees of Bellevue and Allied Hospitals was held on Tuesday, December 27, 1910, at 3.30 p. m.

Present—Dr. Brannan, the President, in the chair; and Messrs. Farley, O'Keefe, Paulding, Robbins, Sachs and Stern, Trustees. Excused—Mr. Drummond.

Reports of Committees.

Mr. Paulding, on behalf of the Committee on Supplies, reported that he had examined the bids received on December 19, lines 101 to 373, inclusive, and had found in most instances that the lowest bids appeared to be fair and reasonable, exceptions being lines 109a, 215, 216, 217, 234, 321, 324, 332 and 339. He recommended that these lines be rejected and re-advertised for, excepting line 109a, this to be rejected only. In the case of tie bids, he recommended that contracts be awarded as follows: Line 105 to John Bellman, lines 119 and 126 to Park and Tilford; lines 136 and 150 to Francis H. Leggett and Company; line 188 to J. F. Gylsen; line 201 to Burton and Davis; line 230 to Robert F. Ferguson; line 276 to Bloomingdale Brothers; line 281 to H. T. Dakin; line 286 to Frank Richards and Gardner Company. On motion, duly seconded and carried, these recommendations were adopted and contracts awarded accordingly; and it was

Resolved, To advertise in March, 1911, for bids for the supply of milk for the second six months of that year, and to advertise for bids for the supply of ice for the second six months of the year in the spring of 1911.

Communications.

A communication, dated December 23, was received from Miss Jane Nash, Supervising Nurse at Fordham Hospital, relative to the hearing held at last meeting on the charges preferred against Mrs. Elizabeth Wilson. After consideration, it was resolved to authorize the General Medical Superintendent to transfer Mrs. Wilson from Fordham Hospital to some other bureau in this Department at his discretion.

A communication was received from the John H. Parker Company, protesting against the limited extension of time of three months granted to them on their contract for the laundry building of the new Bellevue Hospital. This communication was referred to the Building Committee for recommendation.

The Secretary submitted a communication received from the relatives of the late Dr. Samuel Alexander, thanking the Board for memorial resolutions adopted at a previous meeting.

A communication, dated December 27, was received from Dr. Joseph D. Bryant, Visiting Surgeon to the Third Division of Bellevue Hospital, explaining his absence during the month of December.

Unfinished Business.

The General Medical Superintendent reported that Dr. Gregory had expressed regret at the decision not to make the changes which he had proposed in the stairway leading from the covered passageway to the psychopathic pavilion in order that patients could be carried up and down these stairs on stretchers when necessary.

Referred to Mr. Farley and Dr. Smith with power.

New Business.

Upon the recommendation of the President and General Medical Superintendent, it was resolved to appoint Dr. William Carr, now Consulting Dentist to Bellevue Hospital, as Oral Surgeon to the Dental Department of Bellevue Hospital.

The President recommended that Authority be given the General Medical Superintendent to purchase nursing and other books for the training schools of the allied hospitals, and this recommendation was approved and the General Medical Superintendent authorized to spend a sum not exceeding \$200 per annum for this purpose.

It was resolved to request Dr. S. S. Goldwater to prepare a report on the status of the plans of the new Bellevue Hospital as of December 31, 1910.

Consideration was given to the question of the facilities for open air treatment in

the new Bellevue Hospital, and it was resolved to order that all future sections of the hospital should have provision for an open-air ward on the roof; and it was further resolved, that the plans for Pavilions L and M should be changed in order that the patients who may use the roof will be able to see the view which could be obtained therefrom were it not for the high wall which surrounds it. As this will necessitate either raising the roof or lowering the wall, it was resolved, that a wire guard protection of a sufficient height should be constructed on the roof; it was further resolved, that the small balconies should not be limited to the four floors as already planned, but should be placed on every floor, not only on the front of the building, but also on the side; and it was further

Resolved, To request the architects to submit an estimate of the cost of incorporating these changes in Pavilions A and B, so that it could be included in the next corporate stock Budget if considered desirable.

Resolved, That the next meeting of the Trustees should be held on Tuesday, January 10, 1911.

Meeting adjourned.

J. K. PAULDING, Secretary.

#### Franchise Matters.

PUBLIC NOTICE IS HEREBY GIVEN THAT at the meeting of the Board of Estimate and Apportionment held this day the following proceedings were had:

Whereas, The New York Cahill Telharmonic Company has, under date of May 10, 1907, made application to this Board for the grant of the right, privilege or franchise to lay, construct, maintain and operate wires and other electrical conductors in the streets of the City of New York, for the purpose of distributing music electrically, and

Whereas, Sections 72, 73 and 74 of the Greater New York Charter, as amended by Chapters 629 and 630 of the Laws of 1905, provide for the manner and procedure of making such grants, and

Whereas, In pursuance of such laws this Board adopted a resolution on May 24, 1907, fixing the date for a public hearing thereon, as June 7, 1907, at which citizens were entitled to appear and be heard, and publication was had for at least two (2) days in the New York Tribune and New York Herald, newspapers designated by the Mayor, and in the City Record for ten (10) days immediately prior to the date of hearing, and the public hearing was duly held on such day, and

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for and proposed to be granted to the New York Cahill Telharmonic Company and the adequacy of the amount of compensation to be paid therefor; now, therefore, it is

Resolved, That the following form of resolution for the grant of the franchise or right applied for by the New York Cahill Telharmonic Company, containing the form of proposed contract for the grant of such franchise or right be hereby introduced and entered in the minutes of this Board as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the New York Cahill Telharmonic Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates and charges, upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of the City of New York be and he is hereby authorized to execute and deliver such contract, in the name and on behalf of the City of New York, as follows, to wit:

Proposed Form of Contract.

This contract, made this . . . day of . . . 19 . . . by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the New York Cahill Telharmonic Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained the parties hereto do covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to lay, construct, maintain and operate suitable wires or other electrical conductors in conduits under the streets and avenues within the territory comprised in the Borough of Manhattan and that part of the Borough of The Bronx west of the Bronx River, for the purpose of operating a telharmonic system within the said territory; that is, a system for the generation and distribution of music electrically, and for no other purpose whatsoever.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The said right and privilege to lay, erect, construct and maintain the wires or other electrical conductors in conduits for the purpose aforesaid shall be held and enjoyed by the Company for the term of twenty-five (25) years from the date upon which this contract is signed by the Mayor, with the privilege of renewal of said contract for a further period of

twenty-five (25) years upon a fair revaluation of said right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than three (3) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract. If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound, upon request of the other, to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders, selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company. These two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuation so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall in any event be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Second—The Company shall pay to the City for the privilege hereby granted the following sums of money:

(a) The sum of five thousand dollars (\$5,000) in cash within three (3) months after the date on which this contract is signed by the Mayor and before anything is done in exercise of the privilege hereby granted, and the further sum of five thousand dollars (\$5,000) within twelve (12) months after the date upon which this contract is signed by the Mayor.

(b) During the first term of five (5) years an annual sum which shall in no case be less than two thousand five hundred dollars (\$2,500) and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of two thousand five hundred dollars (\$2,500).

During the second term of five (5) years an annual sum which shall in no case be less than five thousand dollars (\$5,000) and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of five thousand dollars (\$5,000).

During the third term of five (5) years an annual sum which shall in no case be less than seven thousand five hundred dollars (\$7,500) and which shall be equal to three (3) per cent. of its gross annual receipts, if such percentage shall exceed the sum of seven thousand five hundred dollars (\$7,500).

During the fourth term of five (5) years an annual sum which shall in no case be less than ten thousand dollars (\$10,000) and which shall be equal to four (4) per cent. of its gross annual receipts, if such percentage shall exceed the sum of ten thousand dollars (\$10,000).

During the remaining term of five (5) years an annual sum which shall in no case be less than fifteen thousand dollars (\$15,000) and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of fifteen thousand dollars (\$15,000).

The gross receipts mentioned above shall be the gross receipts of the Company from all sources within the Borough of Manhattan and the portion of the Borough of The Bronx west of the Bronx River.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year, and shall be for the amount due to September 30 next preceding. Provided, that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentages required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 of each year for the year ending September 30 next preceding.

Any and all payments to be made by the terms of this contract to the City by the Company shall not be considered in any manner in the nature of a tax, but such payments shall be made in addition to any and all taxes of whatsoever kind or description now or hereafter required to be paid by any ordinance of the City or resolution of the Board or any law of the State of New York.

Third—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other company providing for payments for similar rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof, or otherwise, exemption from liability to perform each and all of the conditions of this contract.

This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Fourth—The rights and privileges hereby granted shall not be assigned, either in whole or in part, or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, nor shall the Company in any manner consolidate or pool its stock, business or interests or enter into any agreement for a division of business, interest or territory, or to prevent competition or a reduction in rates, or acquire, own or make use of or in any manner exercise control over any of the rights, privileges, franchises or stock, or use, own, control or operate any of the property, works, plants or appliances of any such person or corporation without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents. This provision, however, shall not apply to the making of a mortgage, but shall apply to a sale under foreclosure.

Fifth—Upon the termination of this original contract, or, if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the wires, electrical conductors and other property of the Company within the streets and avenues of the City constructed pursuant to this contract for the generation and distribution of music electrically, shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual. If, however, at the termination of this contract, as above, the Board shall so order by resolution, the Company shall on thirty (30) days' notice from the Board remove any and all of its wires, electrical conductors and other property, or any portion thereof constructed pursuant to this contract, and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Sixth—Said telharmonic system shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said telharmonic system shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction, and the Company shall comply with such conditions.

Seventh—All wires or other electrical conductors of the Company laid pursuant to this contract shall be placed in ducts, conduits or subways (referred to in this paragraph as subways). Such subways shall be leased from the company or companies having control thereof under the provisions of law, or from the City should it succeed to the rights of such company or companies. If the City shall construct or acquire subways for electrical conductors in the Borough of Manhattan or the portion of the Borough of the Bronx west of the Bronx River the Company hereby agrees to lay its wires and electrical conductors in such subways, and the City agrees to lease to the Company such space as may be required for its telharmonic system herein authorized.

Eighth—The Company shall file with the Board, on the first day of November in each year, a map or plan upon which shall be plainly indicated the number of wires which are used by the Company on the thirtieth day of September next preceding, and the streets and avenues in which the same are located and also those which were put in use during the preceding year.

Ninth—The Company shall commence the construction of its lines of the distributing of music hereunder within nine (9) months from the date of the signing of this contract by the Mayor and within five (5) years thereafter shall either have in operation not less than 2,500 music outlets or else shall have not less than \$500,000 invested in plant in The City of New York, otherwise the Board may, after three (3) months' notice and if the default is not remedied in such three (3) months, declare all rights under this contract forfeited.

Tenth—The Board may, by resolution, direct the Company to install, free of charge, music outlets and necessary appurtenances thereto in any or all of the free wards of Bellevue and Allied Hospitals, situated in the portion of the City for which a franchise is hereby granted. Upon the application of the Board of Education to the Board, the Board may, by resolution, direct the Company to install, at one-half its usual rates for such installation, music outlets and necessary appurtenances thereto, in the assembly halls in public schools within the territory of The City of New York for which a franchise is hereby granted. Upon notice by the Board to the Company that such resolutions have been adopted, the Company shall install such apparatus, provided that the Company shall not be required to extend its wires for the purpose of connecting with such schools a distance greater than in any case one thousand (1,000) feet, and provided further, that no more than ten (10) schools need be equipped by the Company in any one year, but any school situated within a block bounded by portions of streets or avenues in which the Company has its wires shall be equipped when so ordered by the Board in addition to the ten (10) schools which may be required to be equipped in any one year, and provided further that the Company shall not be required to install more than ten (10) music outlets in any one hospital or school. Upon notice of the Board to the Company that a resolution directing such installation has been adopted by the Board, the Company shall install such apparatus and shall furnish music in Bellevue and Allied Hospitals free of charge, and in public schools at one-half the regular rates charged by the Company for similar service.

Eleventh—It is agreed that the Board shall have absolute power to regulate all charges or rates for services rendered by the Company to subscribers, pursuant to this contract, provided such rates shall be reasonable and fair.

Twelfth—The Company shall not require nor receive from its subscribers any deposit or advance payment in excess of the cost to it of apparatus leased or furnished to the subscriber on his premises and of what is reasonably necessary to insure payment of current bills, and on such amounts so paid the Company shall pay interest at the statutory rate whenever such money is held for more than one month. Unpaid bills shall never be charged against property unless due from the owner thereof, and no person not himself in arrears shall be denied service because any previous occupant of the same premises is in arrears to the Company for service.

Thirteenth—The wires of the Company shall be employed for no other purpose than those explicitly set forth herein, and the Company binds itself not to lay, use, lease or operate wires for illegal purposes.

Fourteenth—The Company shall assume all liability to persons or property by reason of the construction or operation of the system author-

ized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or defaults of the Company.

Fifteenth—It is a condition of this contract that the Company shall bear the entire expense of all work undertaken by reason of this grant. Sixteenth—If the Company shall fail to give efficient public service and maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give written notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time, and upon failure of the Company to remedy said default within a reasonable time the Company shall for each day thereafter during which the default continues, pay to the City a sum of fifty dollars (\$50), as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets and avenues, shall not be put in good condition within a reasonable time after notice by the Board as aforesaid, shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided.

Seventeenth—If, for a period of three (3) consecutive months, the telharmonic system of the Company shall not be operated, or if the same shall not be operated for a period of six (6) months out of any consecutive twelve (12) months, the Board may, after three (3) months' notice and failure by the Company to give to the Board satisfactory security for the future against further breach, declare the right and franchise and this contract terminated without further proceedings in law or in equity, provided that in case of the destruction by fire or otherwise of any of the Company's central stations or of the machinery thereat, the Company shall be allowed a year in which to restore, rebuild or replace the same, unless the Board shall extend such time for a further period for cause shown.

Eighteenth—The Company shall at all times keep accurate books of account and shall, on or before November 1 in each year, make a verified report to the Comptroller of the City of the business done by the Company pursuant to this contract for the year ending September 30 next preceding. Such report shall contain a statement of the gross receipts received from the operation of the telharmonic system hereby authorized from all subscribers served by the Company, together with such other information and in such form and detail as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report and may examine its officers under oath.

Nineteenth—The Company shall submit to the Board a report not later than November 1 of each year, for the year ending September 30 next preceding, and at any other time upon request of the Board, which shall state:

1. The amount of stock issued, for cash, for property.

9. The average rate per annum of interest on funded debt.
10. Statement of dividends paid during the year.
11. Total amount expended for same.
12. The names of the directors elected at the last meeting of the corporation held for such purpose.
13. Location, value and amount paid for real estate owned by the Company as by last report.

15. Number of subscribers served by the Company.

17. Amounts paid by the Company for damage to persons or property on account of construction and operation.
18. Total expenses of operation.

—and such other information in regard to the business of the Company as may be required by the Board.

For failure to comply with the foregoing the Company shall pay a penalty of one hundred dollars (\$100) per day until such statement is rendered, which may be collected by the Comptroller without notice.

Twentieth—This grant is upon the express condition that the Company, within three (3) months after the execution of this contract, and before anything is done in exercise of the rights conferred thereby, shall deposit with the Comptroller of the City the sum of five thousand dollars (\$5,000), either in money or securities to be approved by him, which fund shall be security for the performance by the Company of all the terms and conditions of the contract, especially those which relate to the payment of the annual charges for the privilege hereby granted, in default of which payment of the annual charge the City shall collect same with interest from the said fund after ten (10) days' notice to the Company. In case of failure of the Company to comply with the terms of this contract relating to the filing of annual statements and the commencement and increase of construction, or its neglect or refusal to comply with any demand or direction of the Board or other municipal officials, made pursuant to the terms of this contract, or under the authority of any laws or ordinances now or hereafter in force, in such case, and in any of the events the Company shall pay to the City a penalty of one thousand dollars (\$1,000) for each violation, and in case of any violation of the provisions relating to the illegal use of wires, the Company shall pay to the City for each violation a penalty of not less than one hundred dollars (\$100) and not more than five hundred dollars (\$500), to be fixed by the Board.

The procedure for the imposition and collection of the penalties provided in the grant shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President or other officer to appear before the Board on a certain day, not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing, appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or, where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of five thousand dollars (\$5,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other

legal rights, remedies or causes of action belonging to the City.

Twenty-first—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board, acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board, by resolution of said Board, which said resolution may contain a provision to the effect that the wires, electrical conductors and other property within the streets and avenues of the City constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-second—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

#### NOTICE TO BIDDERS AT SALES OF OLD BUILDINGS, ETC.

**TERMS AND CONDITIONS UNDER WHICH BUILDINGS, ETC., WILL BE SOLD FOR REMOVAL FROM CITY PROPERTY.**

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or a certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The plan of the building or buildings, or the plan of the site, shall be the basis of the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in

the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers in the Borough in which the buildings are situated, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances, or any part thereof, within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the cost and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.
