HHS ACCELERATOR

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York ("PPB Rules"), vendors must first complete and submit an electronic prequalification application using the City's Health and Human Services (HHS) Accelerator System. The HHS Accelerator System is a web-based system maintained by the City of New York for use by its human services Agencies to manage procurement. The process removes redundancy by capturing information about boards, filings, policies, and general service experience centrally. As a result, specific proposals for funding are more focused on program design, scope, and budget.

Important information about the new method

- Prequalification applications are required every three years.
- Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete.
- Prequalification applications will be reviewed to validate compliance with corporate filings, organizational capacity, and relevant service experience.
- Approved organizations will be eligible to compete and would submit electronic proposals through the system.

The Client and Community Service Catalog, which lists all Prequalification service categories and the NYC Procurement Roadmap, which lists all RFPs to be managed by HHS Accelerator may be viewed at http://www.nyc.gov/html/hhsaccelerator/html/ roadmap/roadmap.shtml. All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding.

Participating NYC Agencies

HHS Accelerator, led by the Office of the Mayor, is governed by an Executive Steering Committee of Agency Heads who represent the following NYC Agencies:

Administration for Children's Services (ACS)

Department of Consumer Affairs (DCA)

Department of Corrections (DOC)
Department of Health and Mental Hygiene (DOHMH)

Department of Homeless Services (DHS)

FRIENDLY VISITING AND WEEKEND HOME DELIVERED MEALS - Sole Source - Available only from a single source -PIN# 12517S0003 - Due 9-29-16 at 9:30 A.M

This notice is for informational purposes only. The NYC Department for the Aging (DFTA) intends to enter into a sole source contract with Citymeals on Wheels Inc. (CMOW), for three years from 7/1/16 to 6/30/19, to implement a Friendly Visiting (FV) program as part of the NYC Thrive behavioral health program and to help support a weekend home-delivered meals program for homebound seniors. The FV program is being targeted to isolated, largely homebound seniors who are served through the Department's contracted case management and home delivered meals providers.

CMOW has the existing capacity to carry out a friendly visiting program embedded in case management and home delivered meals programs spread across the City. CMOW's work with DFTA-funded case management and home delivered meals providers means that they are deeply familiar with the homebound clients served by those programs, and these are the very clients to be served through the friendly visiting program. CMOW's experience is also unique in the fact that it already runs a friendly visiting program in which a significant portion of case management and home delivered meals programs currently participate, so that the infrastructure and the programmatic know-how already exist and can serve as a solid foundation for the ThriveNYC expansion.

The Pier 1 Terrace Concession offers a unique opportunity to cater to a wide variety of customers from its premier location, at the confluence of DUMBO, Brooklyn Heights, and Downtown Brooklyn. BBP is seeking a concessionaire tenant who will build-out, operate, and maintain the concession at the highest standards, making a significant improvement to the quality and ambiance of the Park.

The selected respondent ("licensee") will be responsible for the implementation of capital improvements necessary to create a suitable space for the concession ("licensed premises") and the ongoing day-to-day operation of the concession. The concession will operate pursuant to a license agreement between BBP and the licensee. The initial term will be for 10 years, with one three-year renewal option granted at BBP's sole discretion.

BBP reserves the right to postpone or cancel this RFP or reject all proposals, if in its judgment it deems it to be in the best interest of BBP to do so.

Respondents are advised that BBP has the option of selecting the respondent without conducting discussions or negotiations. Therefore, respondents should submit their best proposals initially, since discussions or negotiations may not take place.

Respondents are also advised that the award of this concession is subject to applicable provisions of Federal, State, and Local laws and executive orders requiring affirmative action and equal employment opportunity.

All RFP submission materials become the property of BBP. Proposal submission material will generally be made available for inspection and copying by interested parties upon written request, except when exempted from disclosure under the New York State Freedom of Information Law.

BBP is subject to the New York State Freedom of Information Law, which governs the process for the public disclosure of certain records maintained by BBP. (See Public Officers Law, Sections 87 and 89). Individuals or firms that submit proposals to BBP may request that BBP except all or part of such a proposal from public disclosure, on the grounds that the proposal contains trade secrets, proprietary information, or that the information, if disclosed, would cause substantial injury to the competitive position of the individual or firm submitting the information. Such exception may extend to information contained in the request itself, if public disclosure would defeat the purpose for which the exception is sought. The request for such an exception must be in writing and state, in detail, the specific reasons for the requested exception. It must also specify the proposal or portions thereof for which the exception is requested.

If BBP grants the request for exception from disclosure, BBP shall keep such proposal or portions thereof in secure facilities.

BBP shall not be liable for any costs incurred by respondents in the preparation of proposals or for any work performed in connection therein.

Respondents should be aware that this concession will be developed and operated pursuant to a license agreement issued by BBP. In the event the license agreement is terminated for cause, BBP will not consider proposals for reimbursement of licensee's unamortized capital improvement costs as of the date of termination.

A respondent may submit a modified proposal to replace all or any portion of a proposal submitted up until the proposal submission deadline. BBP will only consider the latest version of the proposal. Late proposals and late modifications will not be considered for evaluation, unless accepted by BBP. Respondents may withdraw their proposals from consideration at any time before the proposal submission deadline by submitting written notice to BBP. A respondent may not withdraw its proposal before the expiration of Forty-Five (45) calendar days after the date of the opening of proposals; thereafter a respondent may only withdraw its proposal by submitting written notice to BBP in advance of an actual grant of a concession.

Technical addenda issued by BBP will be the only authorized method for communicating clarifying information to all potential respondents. Respondents should contact BBP before submitting a proposal to verify that they have received any addenda issued. Respondents shall acknowledge the receipt of any addenda in their proposal submissions.

AGENCY RULES

HOUSING PRESERVATION AND DEVELOPMENT

■ NOTICE

Notice of Adoption of Rules Governing RPTL Section 421-a(8) Prevailing Wage Requirements for Building Service Workers

NOTICE IS HEREBY GIVEN that pursuant to the authority vested in the Commissioner of the Department of Housing Preservation and Development by Section 1802 of the City Charter and Section 421-a of the New York State Real Property Tax Law, and in accordance with the requirements of Section 1043 of the New York City Charter, the Department of Housing Preservation and Development is adding a new Chapter 50 to Title 28 of the Rules of the City of New York to implement the prevailing wage requirement for building service employees in buildings receiving tax benefits under New York State Real Property Tax Law Section 421-a (the "421-a Statute") enacted by the State Legislature by Chapter 618 of the Laws of 2007 and further amended by Chapter 15 of the Laws of 2008 and Chapter 20 of the Laws of 2015.

A notice of proposed rule making was published in the City Record on July 5, 2016. A public hearing was held on August 9, 2016.

Statement of Basis and Purpose of Rules

The 421-a Statute provides real property tax exemptions for eligible new multiple dwellings. In New York City, HPD determines eligibility for these exemptions and is responsible for ensuring that applicants for the exemption comply with the exemption's eligibility requirements, including the requirement that the applicant's building service employees receive a prevailing wage. HPD is adopting a new Chapter 50 of Title 28 of the Rules of the City of New York to implement the prevailing wage requirement.

Subdivision 8 of the 421-a Statute, which contains the prevailing wage requirement, applies to all multiple dwellings receiving tax benefits pursuant to the 421-a Statute whose construction began after December 27, 2007, and that contain fifty or more dwelling units. Such buildings must pay the prevailing wage to all building service employees unless HPD certifies that at initial occupancy (1) at least 50% of the dwelling units were affordable to individuals or families with a gross household income at or below 125% of Area Median Income and (2) that any such units in rental buildings will be subject to restrictions to ensure that they will remain affordable for the entire 421-a benefit period.

When the building service employees' prevailing wage requirement was first enacted in 2007, it lacked an enforcement mechanism. Chapter 20 of the Laws of 2015 corrected that omission by providing enforcement authority to the fiscal officer which, in New York City, is the Comptroller.

Chapter 20 of the Laws of 2015 also articulated the fiscal officer's enforcement powers, including conducting investigations to determine the prevailing wage for building service employees, holding related hearings, and issuing rules necessary for the proper execution of the duties, responsibilities and powers conferred upon the fiscal officer by Chapter 20.

The Comptroller's hearing practice and procedure are covered by existing rules codified at Chapter 2 of Title 44 of the Rules of the City of New York.

HPD's rules:

 Provide that the prevailing wage and supplement rates for the various classifications set forth in the Comptroller's annual Labor Law Section 230 Prevailing Wage Schedules for Building Service Employees apply to building service employees in buildings subject to the 421-a building service employees prevailing wage requirements.

- Determine how the obligation to pay prevailing supplements may be discharged.
- Establish the applicable prevailing wage and supplement rate for apprentices.
- Provide that after receiving from the Comptroller either an
 executed stipulation of settlement or a report and recommendation,
 accompanied by the complete hearing record, concerning compliance
 with the building service employees prevailing wage requirement,
 HPD can issue an order that either adopts, in whole or in part,
 or rejects the report and recommendation, or that approves any
 stipulation of settlement between or among the parties.
- Provide that those found to have violated the building service employees prevailing wage requirement must be directed to pay to the Comptroller (a) wages and supplements found to be due for work performed no more than two years from the earlier of the complaint filing date or the investigation commencement date, and (b) interest at an annual rate of not less than 6% and not more than the rate then prescribed by the superintendent of banks pursuant to Banking Law Section 14-a on all wages and supplements found to be due. The factors to be considered in determining such interest rate are also established by the adopted rules.
- Direct HPD to revoke all 421-a benefits when (a) an applicant fails to make the payments the Comptroller required by an order within 120 days of receiving the order, (b) two orders determining a willful failure to pay the prevailing wage for the same multiple dwelling have been issued within a six year period, or (c) an order determines a willful failure to pay the prevailing wage that involves a falsification of payroll records or the kickback of wages or supplements.

HPD's authority for these rules is found in Sections 1043 and 1802 of the New York City Charter and Section 421-a of the Real Property Tax Law.

New material is underlined.

NOTICE OF ADOPTION OF FINAL RULES GOVERNING REGISTRATION REQUIREMENTS FOR RECYCLING PROCESSING FACILITIES IN NEW YORK CITY THAT RECEIVE AND PROCESS RECYCLABLE MATERIALS

NOTICE IS HEREBY GIVEN in accordance with the requirements of Section 1043 of the New York City Charter and pursuant to the authority vested in the Commissioner of the Department of Sanitation by Sections 753 of the New York City Charter and Sections 16-130 and 16-463 of the New York City Administrative Code that the Department adopts the following rules governing registration requirements for recycling processing facilities in New York City that receive and process recyclable materials. The Department published a Notice of Opportunity to Comment on the proposed rules in the City Record on May 10, 2016. On June 16, 2016 the Department held a public hearing on the proposed rules.

Statement of Basis and Purpose of Rule

Section 16-130(b) of the Administrative Code of the City of New York authorizes the Sanitation Commissioner to establish one or more classes of permits for solid waste facilities that receive, process, and store materials consisting of solid waste and recyclable materials. In addition, Section 16-463 authorizes broad oversight over recycling processing facilities that handle paper and cardboard, metal, glass and plastic, as well as scrap metal, including refrigerant containing items. Some facilities operating in New York City limit their operations to the receipt, process and storage of recyclable materials.

Currently, recycling processing facilities are either registered or permitted by the New York State Department of Environmental Conservation as source-separated non-putrescible solid waste recycling recovery facilities or licensed by the New York City Department of Consumer Affairs as scrap metal processors. A recycling processing facility is defined as a facility where recyclable materials, other than organic waste, are delivered separately from solid waste or where source-separated recyclable materials, other than organic waste, are processed for the purpose of reuse or sale. Section 16-463 authorizes the Department to provide broad oversight of facilities that handle such materials and to promulgate rules that regulate such facilities.

This rule requires recycling processing facilities to register with the Department and allow for the inspection of site operations to ensure that recyclable materials are effectively processed and accurate records are maintained to capture the flow of recyclable materials handled and processed within the facility. To further this goal, recycling processing facilities will be required to submit quarterly reports to the Department summarizing the handling of such materials within the target period. This will allow the Department to more accurately determine the recycling diversion rate within New York City.

DSNY's authority for these rules is found in Sections 753 and 1043(a) of the New York City Charter and Sections 16-130 and 16-463 of the New York City Administrative Code.

NOTE:

The National Oilheat Research Alliance (NORA) will resume full operations in 2015 with the fee expanding to #4 heating oil. This fee will apply to heating oil invoices only. The fee collections began January 1, 2015. All other terms and conditions of these awards remain the same. Please contact this office if you have any questions.

The Bio-Diesel Blender Tax Credit was reinstated for 2014. As of January 1, 2015, the Bio-Diesel Blender Tax Credit has been rescinded for \$1.00 per gallon on B100. Therefore, for deliveries after January 1, 2015, the contractor will be collecting additional fees which will be shown as a separate line item on the invoice. The additional fee for items will range from \$0.05 for B5 to \$0.20 for B20 per gallon, varying on the percentage of biodiesel to be used. Should the tax credit be extended, this additional fee will be discontinued and removed from the invoice.

Federal excise taxes are imposed on taxable fuels, (i.e., gasoline, kerosene, and diesel), when removed from a taxable fuel terminal. This fuel excise tax does not include Leaking Underground Storage Tank (LUST) tax. LUST tax applies to motor fuels for both diesel and gasoline invoices. Going forward, LUST Tax will appear as an additional fee at the rate of \$0.001 per gallon and will be shown as a separate line item on your invoice.

REMINDER FOR ALL AGENCIES:

Please send inspection copy of receiving report for all gasoline (E85, UL & PREM) delivered by tank wagon to OCP/Bureau of Quality Assurance (BQA), 1 Centre Street, 18th Floor, New York, NY 10007.

CITY OF NEW YORK COMMUNITY DEVELOPMENT BLOCK GRANT DISASTER RECOVERY

NOTICE OF PROPOSED ACTION PLAN AMENDMENT

TO RESIDENTS, BUSINESS OWNERS, GROUPS, COMMUNITY BOARDS AND AGENCIES:

New York City has completed a proposed amendment to its plan for the \$4.21 billion in Federal disaster aid from the Department of Housing and Urban Development (HUD) to help with recovery from Hurricane Sandy. The proposed Community Development Block Grant – Disaster Recovery (CDBG-DR) Action Plan Amendment 12 contains the following changes:

General

- Reallocates funding across program areas to fund the completion of the Build it Back and Business Loan and Grant Programs.
- Funding transferred to Housing for capital projects will be fully replaced with City Capital dollars already committed as part of the September 2016 Capital Commitment Plan. All current planned projects will move forward without delays or gaps in funding (\$350 million). Certain disaster response expenses, incurred by the City in prior fiscal years, will no longer be reimbursed with CDBG-DR funding (\$150 million).
- Updates need assessments and funding justifications to reflect the reallocation of funds.
- Updates program descriptions where needed to provide clarifying detail or current project status and information.

Housing

- Reallocates \$500 million to the Single Family Build it Back program to serve all eligible applicants.
- Updates Single Family Build it Back program description, explaining program pathways, additional benefits and needs
- Reduces Temporary Disaster Assistance Program (TDAP) allocation by \$10 million to reflect eligible population needs.
- Creates a new program benefit for TDAP to allow arrears payments to be made to landlords on behalf of beneficiaries that experience a gap in subsidy while transitioning from the program to Section 8 rental assistance.
- Reallocates \$9 million to NYCHA's Program Allocation from the City's Planning and Administration funding.
- Creates a new workforce development program targeting NYCHA residents.

Business

- Reallocates \$10 million to the Hurricane Sandy Business Loan and Grant Program to serve all eligible applicants.
- Reallocates \$12 million from the Restoration of Saw Mill Creek Marsh and \$15 million from the Rockaways Commercial Corridor Resiliency programs to fund needs in other program areas. Both programs will move forward with other sources of funding, including Capital funds the City is providing as part of the September 2016 Capital Commitment Plan.

 Updates the program description of the Coney Island Resiliency Improvements program, which was formerly referred to as the Coney Island Green Infrastructure Improvements program.

Infrastructure and Other City Services (IOCS)

- Updates the overall IOCS allocation from \$755 million to \$419 million in order to fund needs in other program areas. CDBG-DR funding has been reduced across all IOCS program areas, however, all projects previously identified either have already occurred and will now be funded with City funds instead of CDBG-DR, or will move forward with City funding, including Capital funds the City is providing as part of the September 2016 Commitment Plan. (Note: A version of this notice appearing in newspapers on September 23, 2016 incorrectly indicates that the remaining IOCS allocation is \$434 million.)
- Reorganizes chapter to clarify where CDBG-DR funds have been committed and removes detail for programs that are no longer anticipated to receive CDBG-DR funding.

Resiliency

 Reallocates \$152 million from the Coastal Protection program to fund needs in other program areas. The Raise Shorelines and Red Hook Integrated Flood Protection System programs will move forward with other sources of City funding, including Capital funds the City is providing as part of the September 2016 Capital Commitment Plan.

Planning and Administration

 Describes efforts to apply lessons learned and to develop tools for preparedness for future disasters.
