74-41 Arenas, Auditoriums, Stadiums or Trade Expositions

(a) In C4, C6, C7 or C8 Districts or any #Manufacturing District#, the City Planning Commission may permit arenas, auditoriums or stadiums with a capacity in excess of 2,500 seats, or trade expositions with a rated capacity in excess of 2,500 persons, provided that the following findings are made:

- (a)(1) that the principal vehicular access for such #use# is not located on a local #street# but is located on an arterial highway, a major #street# or a secondary #street# within one-quarter mile of an arterial highway or major #street#;
- (a)(2) that such #use# is so located as to draw a minimum of vehicular traffic to and through local #streets# in nearby residential areas;
- (a)(3) that such #use# is not located within 200 feet of a #Residence District#;
- (a)(4) that adequate reservoir space at the vehicular entrance, and sufficient vehicular entrances and exits, are provided to prevent traffic congestion;
- (a)(5) that vehicular entrances and exits for such #use# are provided separately and are located not less than 100 feet apart; and
- (a)(6) that due consideration has been given to the proximity of bus and rapid transit facilities to serve such #use#.

(b) In C4, C6, C7 or C8 Districts or any #Manufacturing District# in the Community Districts listed below, the City Planning Commission may permit an indoor arena with a maximum seating capacity of 6,000 within 200 feet of a #Residence District#, and in conjunction with such arena, permit modifications of the provisions of Sections 32-64 (Surface Area and Illumination Provisions), 32-655 (Height of Signs in all other Commercial Districts), and 36-62 (Required Accessory Off-street Loading Berths), provided that the following findings are made:

- (1) findings (1), (2), (4), (5) and (6) of paragraph (a) of this Section are met;
- (2) that open space surrounding such arena will be located and arranged to provide adequate pedestrian gathering areas to minimize disruption to the surrounding areas;

(3) the arena includes noise attenuation features and measures which serve to reduce arena-related noise in the surrounding area, including at nearby #residences#.

(4) where Sections 32-64 (Surface Area and Illumination Provisions) and 32-655 (Height of Signs in all other Commercial Districts) are modified, a #signage# plan has been submitted showing the location, size, height and illumination of all #signs# on the #zoning lot#, and the Commission finds that all such #signs# and any illumination from or directed upon such #signs# are located and arranged so as to minimize any negative effects from the arena #use# on nearby #residences#, and

(5) where Section 36-62 (Required Accessory Off-street Loading Berths) is modified, a loading plan has been submitted that addresses the operational needs of all servicers of the arena and shows the number, location and arrangement of all loading berths on the #zoning lot#, and the Commission finds that such loading plan is adequate to address the loading demand generated by the arena #use# and has received assurances that the arena operator will implement such plan in accordance with its terms.

(i) Community District 7 in the Borough of the Bronx

The City Planning Commission may prescribe appropriate conditions and safeguards to minimize adverse effects on the character of the surrounding area, including limitations on #signs# or requirements for soundproofing of arenas or auditoriums, shielding of floodlights, screening of open #uses# or surfacing all access roads or driveways.

NOTICE

On Wednesday, October 9th, at 10:00 A.M., in Spector Hall, at the Department of City Planning, 22 Reade Street, in Lower Manhattan, a public hearing is being held by the City Planning Commission in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning a special permit, zoning map and text amendments and a disposition of city owned property for the Kingsbridge Armory in the Bronx, Community Board 7. The Special Permit would facilitate an approximately 5,800 seat capacity arena. The zoning map amendment would rezone an existing R6, along Kingsbridge Road between Jerome Avenue and Reservoir Ave to a C4-4 district. The zoning text amendment would allow by a special permit an indoor arena with a rated capacity in excess of 2,500 persons, but not greater than 6,000 persons, to be located within 200 feet of a residential district, and allow modifications of certain signage and loading berth requirements in Community District 7, in the Borough of the Bronx. The application also includes the disposition of City-owned properties (Block 3247, Lots 10 and part of Lot 2) restricted to the approval of the Special Permit.

Comments are requested on the DEIS and will be accepted until Monday, October 21, 2013. The lead agency is the Office of the Deputy Mayor for Economic Development.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 13DME013X.

NOTICE OF PUBLIC HEARING

Subject: Opportunity to comment on proposed amendments to rule 101-07, rule 103-01, and rule 103-05 relating to boiler inspection and reporting deadlines

Date/Time: **November 8, 2013 / 10:00 A.M.**

Location: Department of Buildings
280 Broadway, 4th Floor
New York, NY 10007

Contact: Robert Daly, P.E.
Director
Central Inspections Boiler Division
New York City Department of Buildings
280 Broadway, 4th floor
New York, NY 10007

Proposed Rule Amendment

Pursuant to the authority vested in the Commissioner of Buildings by Sections 643 and 1043 of the New York City Charter and Article 303 of Title 28 of the New York City Administrative Code, and in accordance with Section 1043 of the Charter, the Department of Buildings proposes to amend Section 101-07, Section 103-01, and Section 103-05 of Chapter 100 of Title 1 of the Rules of the City of New York.

Instructions

- Prior to the hearing, you may submit written comments about the proposed amendment to Mr. Daly by mail or electronically through the NYC

Rules website at <http://www.nyc.gov/nycrules> by November 8, 2013.

- To request a sign language interpreter or other reasonable accommodation for a disability at the hearing, please contact Mr. Daly by October 22, 2013.
- Written comments and a summary of oral comments received at the hearing will be available until December 9, 2013 between the hours of 9:00 A.M. and 5:00 P.M. at the Office of the Commissioner, Department of Buildings, 280 Broadway, 7th floor, New York, NY 10007.

STATEMENT OF BASIS AND PURPOSE

The following rule amendments are proposed pursuant to the authority of the Commissioner of Buildings under Section 643 and 1043(a) of the New York City Charter and Article 303 of Title 28 of the New York City Administrative Code. Article 303 requires annual inspections of boilers. Section 28-303.4 authorizes the Commissioner to set the inspection cycle, and section 28-303.7 allows rules regarding the filing of inspection reports.

With the proposed amendments to these rules regarding the annual inspection cycles for boilers, the Department is addressing some administrative issues that affect the deadlines for inspection and submitting reports for high-pressure and low-pressure boilers. The proposed amendments would do the following:

- Allow the current inspection cycle that started on January 1, 2013, as a result of the 2012 inspection cycle extension due to Hurricane Sandy, to end on December 31, 2013. All subsequent inspection cycles for years after 2013 will start on January 1 and end on December 31 of the calendar year. These changes would establish the same annual inspection cycle that was used prior to the Department's cycle change in 2009.
- Create a conventional annual inspection cycle within a single calendar year that makes it easier for boiler owners to follow. These amendments will make it administratively easier for boiler owners and Department staff to identify the particular inspection cycle that the inspections and/or violations were filed and/or issued.
- Allow the Department to more easily calculate fees. The Department charges monthly late fees for inspection reports filed after the inspection cycle deadline. Adjusting the annual boiler inspection cycle period to start on January 1 and end on December 31 would allow the Department to more easily calculate and determine when it should assess monthly late fees.
- Make sure that the boiler owner is properly filing records with the Department that are consistent with the active boilers present in the building. These amendments will allow inspection records to be maintained more accurately and the Department to account for boilers in use in city buildings.
- Alert the Department to the dangerous conditions caused by unregistered boilers. The Department deems unregistered boilers to be a dangerous condition that could threaten the life and safety of building occupants. These amendments allow the Department to be more aware of unregistered boilers by requiring inspectors to immediately notify the Department upon discovering an unregistered boiler during an inspection.
- Add to the low pressure boiler rule a provision regarding expired inspections that is in the high pressure boiler rule.

"Shall" and "must" denote mandatory requirements and may be used interchangeably in the rules of this department, unless otherwise specified or unless the context clearly indicates otherwise.

New text is underlined; deleted material is in [brackets].

This rule was not included in the agency's most recent regulatory agenda as it was not contemplated at the time the agenda was published.

Section 1. Subparagraph (ii) of paragraph 5 of subdivision (c) of section 101-07 of title 1 of the rules of the city of New York is amended to read as follows:

(ii) [Effective January 1, 2009, periodic] Periodic boiler inspections required by section 28-303.2 of the Administrative Code shall be performed in compliance with the following requirements:

§2. Clause (B) of subparagraph (ii) of paragraph 5 of subdivision (c) of section 101-07 of title 1 of the rules of the city of New York is amended to read as follows: (B) A low pressure boiler annual inspection must be conducted between [November 16th of the preceding calendar year through November 15th] January 1st and December 31st of the calendar year for which an owner submits the report [is being submitted at a date that follows the preceding annual inspection by 6 months or more]. Low pressure boiler annual inspections must be conducted at least six months apart. The inspector must verify that a valid department-issued boiler number is affixed to the boiler and such number must be used in all correspondence between the inspector and the department. If an inspection reveals any dangerous condition in a boiler that threatens life or safety and that requires an immediate shut down of the boiler, or reveals an unregistered boiler, the inspector must immediately notify the boiler division at the department of

the condition via fax or email at the number or address provided on the department's website, <http://www.nyc.gov/buildings>.

§3. Paragraphs 1, 3 and 4 of subdivision (c) of section 103-01 of title 1 of the rules of the city of New York are amended to read as follows:

- (1) Filing deadline. For the low pressure boiler annual inspection report or any part [thereof] of that report, forty-five (45) days from the inspection date [of the inspection, but in no event later than December 31st of each calendar year].
- (3) Inspection cycle. [November 16th of the preceding calendar year] January 1st through [November 15th] December 31st of the calendar year for which the report is being submitted. Annual inspections must be at least six (6) months apart.
- (4) Late filing. An inspection report or any part [thereof that is] of that report filed after the forty-five (45) day filing deadline but in no event more than twelve (12) months from the date of the inspection.

§4. Paragraph 1 of subdivision (d) of section 103-01 of title 1 of the rules of the city of New York is amended to read as follows:

- (1) Inspection and report filing. An owner [shall] must comply with the inspection requirements and [shall] must file low pressure boiler annual inspection reports [as provided for in §101-07] pursuant to Article 303 of Title 28 of the Administrative Code and in accordance with Section 101-07 of this chapter.

§5. Subdivisions (e), (f) and (g) of section 103-01 of title 1 of the rules of the city of New York are relettered as subdivisions (f), (g) and (h), respectively, and a new subdivision (e) is added to read as follows:

(e) Acceptance of filings. Inspection reports filed after the forty-five (45) day filing deadline but within twelve (12) months of the inspection date will be considered late filings and will be subject to the appropriate civil penalties as set forth in subdivision (f) of this section. Reports filed after such twelve (12) month period will be considered expired. In such cases, owners will be subject to the appropriate civil penalties for failure to file an inspection report, as set forth in subdivision (f) of this section, and the department will require a new inspection to be performed for the current inspection cycle and a new report filed in accordance with this section.

§6. Paragraphs 5 and 8 of subdivision (c) of section 103-05 of title 1 of the rules of the city of New York are amended to read as follows:

- (5) Inspection cycle. [November 16th of the preceding calendar year] January 1st through [November 15th] December 31st of the calendar year for which an owner submits the report [is being submitted].
- (8) Late filing. An inspection report or any part [thereof that is] of that report filed after the forty-five (45) day filing deadline but in no event more than twelve (12) months from the date of the inspection.

§7. Paragraph 5 of subdivision (e) of section 103-05 of title 1 of the rules of the city of New York is amended to read as follows:

- (5) The inspector [shall] must verify that a valid department-issued boiler number is affixed to the boiler, and [such] this number [shall] must be used in all correspondence between the inspector and the department. If an inspection reveals any dangerous condition in a boiler that threatens life or safety and that requires an immediate shutdown of the boiler, or reveals an unregistered boiler, the inspector [shall] must immediately notify the department's boiler division of the condition via fax or email at the number or address provided on the department's website, <http://www.nyc.gov/buildings>.

§8. Subdivision (f) of section 103-05 of title 1 of the rules of the city of New York is amended to read as follows:

(f) Acceptance of filings. Inspection reports filed after the forty-five (45) day filing deadline but within twelve (12) months of the date the inspection was conducted [shall] will be considered late filings [upon payment of] and will be subject to the appropriate civil penalties as set forth in subdivision [(i)] [(j)] of this section. Reports filed after such twelve (12) month period [shall] will be [deemed] considered expired. In such cases, [the appropriate civil penalties shall be paid,] owners will be subject to the appropriate civil penalties for failure to file a report as set forth in subdivision [(j)] of this section, and the department will require a new inspection [shall] to be performed for the current inspection cycle and a new report filed in accordance with this section.

PROBATION

NOTICE

Notice of Concept Paper

The Department of Probation (DOP) will release the IMPACT (Intensive Mentoring/Parents and Children Together) Program Concept Paper on October 11, 2013. This concept paper is the precursor to a forthcoming Request for Proposals (RFP) to provide community-based services to meet the specialized needs of adolescents sentenced to probation primarily through Adult Criminal Court. IMPACT will primarily help youth sentenced as Juvenile Offenders (JOs) or Youth Offenders (YOs) address issues related to their wrongdoing through two components - family services and mentoring. DOP will seek an appropriately qualified provider to deliver the IMPACT program to eligible youth on Probation. All responses to this ad are due by November 8, 2013 and should be directed to: NYC Department of Probation, Eileen Parfrey-Smith, Agency Chief Contracting Officer, 33 Beaver Street, 21st Floor, New York, NY 10004 or acco@probation.nyc.gov.

READER'S GUIDE

The City Record (CR) is published each business day and includes notices of proposed New York City procurement actions, contract awards, and other procurement-related information. Solicitation notices for most procurements valued at or above \$100,000 for information technology and for construction and construction related services, above \$50,000 for other services, and above \$25,000 for other goods are published for at least one day. Other types of procurements, such as sole source, require notice in The City Record for five consecutive days. Unless otherwise specified, the agencies and offices listed are open for business Monday through Friday from 9:00 A.M. to 5:00 P.M., except on legal holidays.

NOTICE TO ALL NEW YORK CITY CONTRACTORS

The New York State Constitution ensures that all laborers, workers or mechanics employed by a contractor or subcontractor doing public work are to be paid the same wage rate that prevails in the trade where the public work is being done. Additionally, New York State Labor Law §§ 220 and 230 provide that a contractor or subcontractor doing public work in construction or building service must pay its employees no less than the prevailing wage. Section 6-109 (the Living Wage Law) of the New York City Administrative Code also provides for a "living wage", as well as prevailing wage, to be paid to workers employed by City contractors in certain occupations. The Comptroller of the City of New York is mandated to enforce prevailing wage. Contact the NYC Comptroller's Office at www.comptroller.nyc.gov, and click on Prevailing Wage Schedules to view rates.

CONSTRUCTION/CONSTRUCTION SERVICES OR CONSTRUCTION-RELATED SERVICES

The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed to the City's prestige as a global destination.

VENDOR ENROLLMENT APPLICATION

New York City procures approximately \$17 billion worth of goods, services, construction and construction-related services every year. The NYC Procurement Policy Board Rules require that agencies primarily solicit from established mailing lists called bidder/proposer lists. Registration for these lists is free of charge. To register for these lists, prospective suppliers should fill out and submit the NYC-FMS Vendor Enrollment application, which can be found online at www.nyc.gov/selltonyc. To request a paper copy of the application, or if you are uncertain whether you have already submitted an application, call the Vendor Enrollment Center at (212) 857-1680.

SELLING TO GOVERNMENT TRAINING WORKSHOP

New and experienced vendors are encouraged to register for a free training course on how to do business with New York City. "Selling to Government" workshops are conducted by the Department of Small Business Services at 110 William Street, New York, NY 10038. Sessions are convened on the second Tuesday of each month from 10:00 A.M. to 12:00 P.M. For more information, and to register, call (212) 618-8845 or visit www.nyc.gov/html/sbs/nycbiz and click on Summary of Services, followed by Selling to Government.

PRE-QUALIFIED LISTS

New York City procurement policy permits agencies to develop and solicit from pre-qualified lists of vendors, under prescribed circumstances. When an agency decides to develop a pre-qualified list, criteria for pre-qualification must be clearly explained in the solicitation and notice of the opportunity to pre-qualify for that solicitation must be published in at least five issues of the CR. Information and qualification questionnaires for inclusion on such lists may be obtained directly from the Agency Chief Contracting Officer at each agency (see Vendor Information Manual). A completed qualification questionnaire may be submitted to an Agency Chief Contracting Officer at any time, unless otherwise indicated, and action (approval or denial) shall be taken by the agency within 90 days from the date of submission. Any denial or revocation of pre-qualified status can be appealed to the Office of Administrative Trials and Hearings (OATH). Section 3-10 of the Procurement Policy Board Rules describes the criteria for the general use of pre-qualified lists. For information regarding specific pre-qualified lists, please visit www.nyc.gov/selltonyc.

NON-MAYORAL ENTITIES

The following agencies are not subject to Procurement Policy Board Rules and do not follow all of the above procedures: City University, Department of Education, Metropolitan Transportation Authority, Health & Hospitals Corporation, and the Housing Authority. Suppliers interested in applying for inclusion on bidders lists for Non-Mayoral entities should contact these entities directly at the addresses given in the Vendor Information Manual.

PUBLIC ACCESS CENTER

The Public Access Center is available to suppliers and the public as a central source for supplier-related information through on-line computer access. The Center is located at 253 Broadway, 9th floor, in lower Manhattan, and is open Monday through Friday from 9:30 A.M. to 5:00 P.M., except on legal holidays. For more information, contact the Mayor's Office of Contract Services at (212) 341-0933 or visit www.nyc.gov/mocs.

ATTENTION: NEW YORK CITY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES

Join the growing number of Minority and Women-Owned Business Enterprises (M/WBEs) that are competing for New York City's business. In order to become certified for the program, your company must substantiate that it: (1) is at least fifty-one percent (51%) owned, operated and controlled by a minority or woman and (2) is either located in New York City or has a significant tie to New York City's business community. To obtain a copy of the certification application and to learn more about this program, contact the Department of Small Business Services at (212) 513-6311 or visit www.nyc.gov/sbs and click on M/WBE Certification and Access.

PROMPT PAYMENT

It is the policy of the City of New York to pay its bills promptly. The Procurement Policy Board Rules generally require that the City pay its bills within 30 days after the receipt of a proper invoice. The City pays interest on all late invoices. However, there are certain types of payments that are not eligible for interest; these are listed in Section 4-06 of the Procurement Policy Board Rules. The Comptroller and OMB determine the interest rate on late payments twice a year: in January and in July.

PROCUREMENT POLICY BOARD RULES

The Rules may also be accessed on the City's website at www.nyc.gov/selltonyc

HOW TO READ CR PROCUREMENT NOTICES

Procurement notices in the CR are arranged by alphabetically listed Agencies, and within Agency, by Division if any. The notices for each Agency (or Division) are further divided into three subsections: Solicitations, Awards; and Lists & Miscellaneous notices. Each of these subsections separately lists notices pertaining to Goods, Services, or Construction.

Notices of Public Hearings on Contract Awards appear at the end of the Procurement Section.

At the end of each Agency (or Division) listing is a paragraph giving the specific address to contact to secure, examine and/or to submit bid or proposal documents, forms, plans, specifications, and other information, as well as where bids will be publicly opened and read. This address should be used for the purpose specified unless a different one is given in the individual notice. In that event, the directions in the individual notice should be followed.

The following is a SAMPLE notice and an explanation of the notice format used by the CR.
