### APPROVED PAPERS.

*Ordinances, resolutions, etc., approved by the Mayor during the Week ending September 11, 1880.*

Resolved, That the "Prall New York Heating Company" be authorized and empowered to lay pipes within the lines of the streets and avenues of the City of New York, for conveying hot water or steam for the purpose of supplying heat and power to the inhabitants of the city, under the following terms, conditions, and restrictions, viz.:

1. The said company shall pay to the city the entire cost of restoring any street (filling in any excavation that shall be made, ramming down the earth so filled in, and carting away the surplus earth) and replacing any pavement or sidewalk which shall have been disturbed by or for the purposes of the said company, and the said restoring and replacing shall be done by the Department of Public Works; and in all cases where the pavements or sidewalks are to be so disturbed a permit therefor shall be obtained from the Commissioner of Public Works. Before taking out any such permit the said company shall deposit with the Chamberlain of the city a sum of money sufficient, in the opinion of the said Commissioner, to defray the entire cost of restoring the street, and replacing the pavement or sidewalk so disturbed, and maintaining it in good order and condition for the period of one year; and the certificate of the Commissioner of Public Works as to such estimated cost shall be final and conclusive, and the cost as thus certified shall be paid by the company, as above provided, before commencing the work.

2. The mains and service-pipes shall be laid under such regulations, conditions and restrictions as the Commissioner of Public Works may from time to time establish, and under such part of the roadway or sidewalk as he may prescribe; and in laying said pipes the company shall not disturb or interfere with any sewers, water-pipes, gas-pipes or other pipes without first obtaining the consent of the said Commissioner. And the decision of the said Commissioner shall be final and conclusive as to any disturbance or interference with said pipes, and the said company shall pay the entire cost of any disturbance or interference with said pipes which shall have been authorized by the Commissioner of Public Works, and shall be liable for any damage or injury which may result to any sewer or pipe from any work done by or for the said company. And the said company shall, if so required to do by the Commissioner of Public Works, give a bond with sureties to be approved by the Comptroller of the city, to secure the city against any claim for damage or injury which may result to any sewer, water-pipe, gas-pipe or other pipe in consequence of any disturbance or interference by the said company, which may have been authorized by the Commissioner of Public Works, and should the said company be enjoined or interfered with by the courts, as to any disturbance or interference with any sewer, water-pipes, gas-pipes or other pipes, which may have been authorized by the said Commissioner, the city shall not be liable to the Prall New York Heating Company for any delay or injury resulting to the said company from such interference or legal proceeding.

3. The Commissioner of Public Works may at any time revoke any permit in so far as any work authorized by it may not have been completed, if the regulations, conditions and restrictions prescribed for the work shall not have been fully complied with, and the said Commissioner may require the said company to make any work already done conform to such regulations, conditions and restrictions.

4. The said Commissioner may at any time refuse to grant new permits until all the conditions and requirements imposed upon the company shall have been fully complied with.

5. If at any time the Commissioner of Public Works shall direct any changes to be made in the location or arrangement of any of the said pipes for the purpose of laying, altering or removing any sewer or water pipes, or doing any other public work, such changes shall be made by the said company at their own expense, under the direction of the said Commissioner.

6. The pipes of the said company shall be maintained in such good order and condition as shall prevent the escape of water or steam, and in case of any defect in the said pipes, such defect shall be forthwith repaired by the said company.

7. If the said company shall neglect or refuse to do any work herein provided to be done by it, or to maintain its pipes in good order and condition, the Commissioner of Public Works may cause such work to be done, and the expense and cost thereof shall be paid to the city by the said company.

8. In case the laying of any of the pipes of the said company shall interfere with any vaults or other private property, the consent of the owners thereof shall be obtained by the company before laying their pipes, or doing any work in or through such vaults or private property.

9. Whenever, at any time, any permit shall be granted to open the streets, pavements, or sidewalks, for the purpose of laying mains of the company, a sum equal to twenty cents per lineal foot of trench to be opened under such permit shall be paid to the city by the company; and whenever a permit is obtained to open the streets, pavement or sidewalk, for laying service-pipes, or for repairs, a sum equal to five cents per lineal foot of trench shall be paid to the city by the company.

10. The said company shall annually pay into the City Treasury three per centum of the gross receipts of the said company during the year for conveying, furnishing or supplying hot water, steam, heat or power for any purpose or to any person or corporation in the said city.

11. The said company shall furnish all the hot water and steam required by the city for any purpose in the streets and avenues or parts thereof in which the pipes of the company shall be laid, or for use in any building now or hereafter located thereon, which shall be occupied for city or State purposes, at the actual cost to the said company of supplying such hot water or steam, and ten per centum advance on the actual cost of supplying the same, but in no case more than is charged to the most favored customers. And the said company shall not be required to pay a tax on receipts resulting from the supplying of hot water or steam by the said company to buildings which shall be occupied for city or State purposes. And the said company shall authorize the city to use, for public purposes, without royalty, any of their patented appliances or apparatus for the use of the steam or hot water supplied by the company which the said company shall authorize or license any persons to use. The city shall not be chargeable for any water or steam so furnished unless the same shall have been supplied on the written order of a duly authorized officer or board, specifying the period of time during which the same is to be furnished.

12. Any power or duty herein prescribed to be possessed, or exercised by, or imposed upon any officer or department of the city government, or the Common Council, shall be possessed and exercised by such other officer, department, board, or other city authority as may by law from time to time be vested with the same power or duty, or have authority or jurisdiction in relation thereto.

13. The said company shall pay to the city all damages, costs, or charges for which the city may be held liable by reason of any injury or damage which may result from the laying or use of the said pipes, but in no case shall the city be liable for any injury or damage to the pipes, connections, or fixtures laid or maintained by the said company.

14. The said company, before laying any pipes in any street or avenue, shall give a bond to the city in the penal sum of fifty thousand dollars (\$50,000), with sureties to be approved by the Comptroller of the city, that the said company will fully comply with all the terms, conditions, limitations, and restrictions herein contained; and the Comptroller of the city may from time to time require other or additional sureties, to be approved by him, to be furnished by the said company, and from time to time may require bonds in such further amounts, and with sureties to be approved by him, as he may deem requisite fully to secure, without recourse to the aforesaid bonds in the sum of fifty thousand dollars, the payment of any claims existing at the time when such additional bond is required, either on the part of the city against the said company, or on the part of any person or corporation against the city, for damages arising from the laying or use of the pipes of the said company, or from any act, omission, or neglect of the said company, its agents or employees.

15. The said company shall be restricted to a district of not more than one square mile for the putting down of their first plant, and the Commissioner of Public Works shall satisfy himself of the

public utility and benefit of their system before granting permits to extend the work beyond the said area of one square mile.

16. If, within six years after the granting of this franchise, the said company shall not have constructed the apparatus, and laid the pipes and mains necessary to supply the steam required by the houses and buildings on twenty-five miles of streets, then this grant shall cease and expire so far as any further extension of the system is concerned.

17. The term "city" as used in the foregoing conditions shall be construed to mean the Mayor, Aldermen, and Commonalty of the City of New York.

Adopted by the Board of Aldermen, August 10, 1880.

#### JURORS.

#### NOTICE IN RELATION TO JURORS FOR STATE COURTS

OFFICE OF THE COMMISSIONER OF JURORS,  
NEW COUNTY COURT-HOUSE,  
NEW YORK, July 1, 1880.

**APPLICATIONS FOR EXEMPTIONS WILL BE**  
heard here, from 9 to 4 daily, from all persons hitherto  
liable or recently serving who have become exempt, and  
all needed information will be given.

Those who have not answered as to their liability, or  
proved permanent exemption, will receive a "jury enroll-  
ment notice," requiring them to appear before me this  
year. Whether liable or not, such notices must be an-  
swered (in person, if possible, and at this office only) under  
severe penalties. If exempt, the party must bring proof of  
exemption; if liable, he must also answer in person, giving  
full and correct name, residence, etc., etc. No attention  
paid to letters.

Persons "enrolled" as liable must serve when called  
or pay their fines. No mere excuse will be allowed or  
interference permitted. The fines, received from those  
who, for business or other reasons, are unable to serve at  
the time selected, pay the expenses of this office, and if  
unpaid will be entered as judgments upon the property of  
the delinquents.

All good citizens will aid the course of justice, and  
secure reliable and respectable juries, and equalize their  
duty by serving promptly when summoned, allowing their  
clerks or subordinates to serve, reporting to me any attempt  
at bribery or evasion, and suggesting names for enrollment.  
Persons between sixty and seventy years of age, summer  
absentees, persons temporarily ill, and United States and  
District Court jurors are not exempt.

Every man must attend to his own notice. It is a mis-  
demeanor to give any jury paper to another to answer.  
It is also punishable by fine or imprisonment to give or  
receive any present or bribe, directly or indirectly, in re-  
lation to a jury service, or to withhold any paper or make  
any false statement, and every case will be fully pro-  
secuted.

THOMAS DUNLAP, Commissioner,  
County Court-house (Chambers street entrance).

and place the bids or estimates received will be publicly  
opened by the head of said Department and read.

The Department of Public Charities and Correction re-  
serves the right to decline any and all bids or estimates if  
deemed to be for the public interest, and to accept any  
bid or estimate as a whole, or for any one or more articles  
included therein. No bid or estimate will be accepted  
from, or a contract awarded to, any person who is in  
arrears to the Corporation upon debt or contract, or who  
is a defaulter, as surety or otherwise, upon any obligation  
to the Corporation.

The award of the contract will be made as soon as  
practicable after the opening of the bids.

Delivery will be required to be made on award of con-  
tract.

Any bidder for this contract must be known to be en-  
gaged in and well prepared for the business, and must  
have satisfactory testimonials to that effect; and the  
person or persons to whom the contract may be awarded  
will be required to give security for the performance of  
the contract by his or their bond, with two sufficient sure-

timated amount of the contract.

and place of residence of each of the persons making the  
same; the names of all persons interested with him or  
them therein; and if no other person be so interested, it  
shall distinctly state that fact; that it is made without any  
connection with any other person making an estimate for  
the same purpose, and is in all respects fair and without  
collusion or fraud; and that no member of the Common  
Council, Head of a Department, Chief of a Bureau, Deputy  
thereof or Clerk therein, or other officer of the Corpora-

tion, is directly or indirectly interested therein, or in the  
supplies or work to which it relates, or in any portion of  
the profits thereof. The bid or estimate must be verified  
by the oath, in writing, of the party or parties making the  
estimate, that the several matters stated therein are in all  
respects true. Where more than one person is interested,  
it is requisite that the verification be made and subscribed  
by all the parties interested.

Each bid or estimate shall be accompanied by the con-  
sent, in writing, of two householders or freeholders in the  
City of New York, with their respective places of busi-  
ness or residence, to the effect, that if the contract be  
awarded to the person making the estimate, they will, on  
its being so awarded, become bound as his sureties for its  
faithful performance; and that if he shall omit or refuse  
to execute the same, they shall pay to the Corporation any  
difference between the sum to which he would be entitled  
on its completion, and that which the Corporation may be  
obliged to pay to the person or persons to whom the con-  
tract may be awarded at any subsequent letting; the  
amount in each case to be calculated upon the estimated  
amount of the work by which the bids are tested. The  
consent above mentioned shall be accompanied by the  
oath or affirmation, in writing, of each of the persons sig-  
ning the same that he is a householder or freeholder in the  
City of New York, and is worth the amount of the security  
required for the completion of this contract, over and  
above all his debts of every nature, and over and above  
his liabilities, as bail, surety, or otherwise; and that he  
has offered himself as a surety in good faith and with the  
intention to execute the bond required by section 27 of  
chapter 8 of the Revised Ordinances of the City of New  
York, if the contract shall be awarded to the person or  
persons for whom he consents to become surety. The  
adequacy and sufficiency of the security offered to be ap-  
proved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may  
be awarded neglect or refuse to accept to contract within  
forty-eight (48) hours after written notice that the same  
has been awarded to his or their bid or proposal, or if he  
or they accept but do not execute the contract and give  
the proper security, he or they shall be considered as  
having abandoned it and as in default to the Corporation,  
and the contract will be re-advertised and re-let as pro-  
vided by law.

Bidders are cautioned to examine the specifications for  
particulars of the ice required, before making their esti-  
mates.

Bidders will state the price for each article by which  
the bids will be tested.

Bidders will write out the amount of their estimate in  
addition to inserting the same in figures.

Payment will be made by a requisition on the Com-  
ptroller, issued on the completion of the contract, or from  
time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the speci-  
fications will be allowed, unless under the written instruc-  
tion of the Commissioners of Public Charities and Correc-  
tion.

The Department of Public Charities and Correction re-

making their estimates.

fications will be allowed, unless under the written instruc-  
tion of the Commissioners of Public Charities and Correc-

The Department of Public Charities and Correction re-  
serves the right to decline any and all bids or estimates if  
deemed to be for the public interest, and to accept any  
bid or estimate as a whole, or for any one or more articles  
included therein. No bid or estimate will be accepted  
from, or a contract awarded to, any person who is in arrears  
to the Corporation upon debt or contract, or who is a  
defaulter, as surety or otherwise, upon any obligation to  
the Corporation.

#### DEPARTMENT OF PUBLIC PARKS.

DEPARTMENT OF PUBLIC PARKS,  
36 UNION SQUARE,  
NEW YORK CITY, Sept. 1, 1880.

#### TO CONTRACTORS.

**SEALED BIDS OR ESTIMATES FOR LAYING**  
Neufchatel or Trinidad asphalt pavement on the  
Mall and Concert ground in the Central Park, will be  
received at the office of this Department until Wednesday,  
September 15, 1880, at 9 o'clock A. M., at which time such  
bids or estimates will be publicly opened by the head of  
said Department and read.

Each bid or estimate must be enclosed in a sealed  
envelope, endorsed with the name or names of the person  
or persons presenting the same, the date of its presenta-  
tion, and a statement of the work to which it relates.

Bidders are required to state in their estimates, under  
oath, their names and places of residence; the names of  
all persons interested with them therein; and if no other  
person be so interested, they shall distinctly state the  
fact; also, that it is made without any connection with any

other person making any bid or estimate for the same work; and that it is in all respects fair and without collusion or fraud; and also that no member of the Common Council, head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. Where more than one person is interested, it is requisite that the verification be made and subscribed by all parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of said work by which the bids are tested.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, and stated in the proposals, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; that he has offered himself as a surety in good faith, and with an intention to execute the bond required by section 27, article 2, chapter 8 of the Revised Ordinances of 1859, if the contract shall be awarded to the person or persons for whom he consents to become surety.

The adequacy and sufficiency of the sureties offered to be determined by the Comptroller.

The contract for the work, if awarded at all, will be awarded to the lowest bidder, whose proposal, considering the price, quality, and durability of the pavement which he offers to lay, will, in the opinion of the Department, be most advantageous to the city.

But the Department reserves the right to reject all the bids received in response to this advertisement if it shall deem it for the interest of the city so to do, and to re-advertise until a satisfactory proposal shall be received. But the contract, when awarded, will be awarded to the lowest bidder with adequate security, for the particular kind of pavement which shall be adopted by the Department.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract, within forty-eight hours after written notice that the same has been awarded to his or their bid or estimate; and in case of neglect or refusal so to do, he or they will be considered as having abandoned it and as in default to the corporation.

The work to be done is the grading and paving of such portions of the walks and foot-paths in said park as the Commissioners of said Department shall designate on the map and ground, and is estimated to amount to about—

110,000 square feet.

This estimate is only approximate, and not to be held as entitling the contractor to any claim for damages, should the actual amount of work be greater or less. He understands that he contracts with reference to the actual amount of space to be paved or repaved, so designated on the map or plan of the park and on the ground. Each bidder must furnish with his bid or estimate full and complete specifications for the work, showing the mode of making and laying the pavement he proposes to lay. A copy of the specifications, furnished by the bidder to whom the contract may be awarded, will be annexed to and form part of the contract.

Bidders will state in writing and also in figures, a price per square foot for laying the pavement. This price is to cover the furnishing of all the necessary materials, tools and labor, the removal of old walks (where there are any), the excavation and grading of the bed for the pavement, and the full and entire performance of the whole work set forth in the contract and specifications. The time in which to complete the whole work will be named in the bid, and attention is called to the claim of the contract, by which the damages for delay beyond that time are fixed and liquidated at \$100 per day.

The amount in which security is required for the performance of the work is ten thousand dollars.

The form of the contract which the successful bidder will be required to execute with reference to which all bids must be made, can be seen at the office of the Department. Further information as to the nature and amount of the work, the forms of proposals, etc., can be obtained at the same office.
