—will be received at the Department of Public Charities
and Correction, in the City of New York, until 9 o'clock
A. M. of Friday, December 2, 1887. The person
or persons making any bid or estimate shall furnish the
same in a sealed envelope, addressed to the Department
for Groceries, Dry Goods, Lime and Cement, with
his or their name or names, and the date of presen-
tation, to the head of said Department, at the said
office, on or before the day and hour above named, at
which time and place the bids or estimates received will
be publicly opened by the President of said Department
and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION
RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTI-
MATES IF DEEMED TO BE FOR THE PUBLIC INTEREST,
AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF
1882.

No bid or estimate will be accepted from, or contract
awarded to, any person who is in arrears to the Cor-
poration upon debt or contract, or who is a defaulter, as
surety or otherwise, upon any obligation to the Corpora-
tion.

The award of the contract will be made as soon as
practicable after the opening of the bids.
Delivery will be required to be made from time to
time, and in such quantities as may be directed by the
said Commissioners.

Any bidder for this contract must be known to be en-
gaged in and well prepared for the business, and must
have satisfactory testimonials to that effect; and the
person or persons to whom the contract may be awarded
will be required to give security for the performance of
the contract by his or their personal assets, or by the
sureties, in the total amount of fifty (50) per cent of the
ESTIMATED amount of the contract.

Each bid or estimate shall contain and state the name
and place of residence of each of the persons making the
same; the names of all persons interested with him or
them therein; and if no other person is so interested, it
shall distinctly state that fact; also it is made without
any connection with any other person making an estimate
for the same purpose, and is in all respects fair and with-
out collusion or fraud; and that no member of the Com-
mon Council, Head of the Department, Chief of a Bureau,
Deputy thereof or Clerk therein, or other officer of the
Corporation is directly or indirectly interested therein,
or in the supplies or work to which it relates, or in any
portion of the profits thereof. The bid or estimate must
be verified by the oath, in writing, of the party or parties
making the estimate, that the several matters stated
therein are in all respects true. Where more than one
person is interested, it is requisite that the verification be
made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the con-
sent, in writing, of two householders or freeholders in
the City of New York, with their respective places of
business or residence, to the effect that if the contract be
awarded to the person making the estimate, they will, on
its being so awarded, become bound as his sureties for
his faithful performance; and that if he shall omit or
refuse to execute the same, they shall pay to the Corpora-
tion any difference between the sum to which he would be
entitled on its completion and that which the Corporation
may be obliged to pay to the person or persons to whom
the contract may be awarded.

The amount in each case to be calculated upon the esti-
mated amount of the work by which the bids are tested.
The consent above mentioned shall be accompanied by
the oath or affirmation, in writing, of each of the two
signing the same that he is a householder or freeholder in
the City of New York, and is worth the amount of the security
required for the completion of the contract, and that he
has no other debt or liability, and over and above that he
has offered himself as a surety in good faith and with the
intention to execute the contract required by section 12
of chapter 7 of the Revised Ordinances of the City of New
York, if the contract shall be awarded to the person or
persons for whom he consents to become surety. The
adequacy and sufficiency of the security offered to be ap-
proved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompa-
nied by either a certified check upon one of the State or
National Banks of the City of New York, drawn to the
order of the Comptroller, or money to the amount of
five per centum of the amount of the security required
for the faithful performance of the contract, or a check
or money must not be enclosed in the sealed envelope
containing the estimate, but must be handed to the officer
or clerk of the Department who has charge of the Esti-
mate-box, and no estimate can be deposited in said box
until such check or money has been examined by said
officer or clerk and found to be correct. All such deposits,
except that of 1887, successful bidder, will be returned
to the persons making the same, within three days after

the contract is awarded. If the successful bidder shall
refuse or neglect, within five days after notice that the
contract has been awarded to him, to execute the same,
the amount of the deposit made by him shall be forfeited
and retained by the City of New York, as liquidated
damages for such neglect or refusal; but if he shall exe-
cute the contract within the time aforesaid, the amount
of his deposit will be returned to him.

Should the person or persons to whom the contract may
be awarded neglect or refuse to accept the contract
within five days after written notice that the same has
been awarded to his or their bid or proposal, or should
they accept, but do not execute the contract and give
the proper security, he or they shall be considered as
having abandoned it, and as in default to the Corpora-
tion; and the contract will be re-advertised and let as
provided by law.

The quality of the articles, supplies, goods, wares, and
merchandise must conform in every respect to the sam-
ples of the same on exhibition at the office of the said
Department. Bidders are cautioned to examine the
specifications for particulars of the articles, etc., re-
quired, before making their estimates.

Bidders will state the price for each article, by which
the bids will be tested.

Bidders will write out the amount of their estimate in
addition to inserting the same in figures.

Payment will be made by a requisition on the Com-
ptroller, in accordance with the terms of the contract, or
from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the speci-
fications will be allowed, unless under the written instruc-
tion of the Commissioners of Public Charities and Correc-
tion.

No bid or estimate will be accepted from, or a contract
awarded to, any person who is in arrears to the Corpora-
tion upon debt or contract, or who is a defaulter, as
surety or otherwise, upon any obligation to the Corpora-
tion.

The form of the agreement, including specifications, and
showing the manner of payment, can be obtained at the
office of the Department.

PUBLIC NOTICE AS TO WATER RATES.

PUBLIC NOTICE IS HEREBY GIVEN THAT

in compliance with the provisions of chapter 359,
Laws of 1887, amending sections 120 and 121 of the New
York City Consolidation Act of 1882, passed June 9, 1887,

the following changes are made in charging and collect-
ing water rents:

NOTICE TO CROTON WATER

CONSUMERS.

NUMEROUS APPLICATIONS HAVE BEEN

made to this Department by citizens claiming
reductions or rebates on bills for water supplied through
meters, on the alleged ground of leakage caused by de-
fective plumbing and worn-out service pipes, or by waste-
ful use of water by tenants allowing the faucets to be
turned on in full force in water-closets, sinks, etc., with-
out the knowledge or consent of the owners of the prem-
ises.

The main object of the use of water-meters is to enable
this Department to detect and check the useless and un-
warrantable waste of an element so valuable and essential
to the health and comfort of all the citizens, and this ob-
ject can only be accomplished by enforcing payment for
the water used.

Under the law all charges for water supplied through
meters are a lien against the respective premises, and the
law therefore holds the owner of the premises respon-
sible for the amount of water used or wasted.

Notice is therefore given to all householders that, in all
further applications for reduction of water rents, no
allowance will be made on account of waste of water
occurring through leaks from defective service pipes or
plumbing, or wasteful use of water by tenants or occu-
pants of buildings, though such leakage or waste may
have occurred without the knowledge or consent of the
owners of the buildings.

House-owners are further notified that whenever their
premises become vacant, and are likely to remain vacant,
they must notify this Department in writing, and that
unless this requirement is complied with no deductions in
extra water rents will be allowed for any portion of one
year.

JOHN NEWTON,
Commissioner of Public Works.
