BOARDS OF LOCAL IMPROVEMENTS.

FIRST DISTRICT, BOROUGH OF RICHMOND.

Meeting held in the Borough Office, September 20, 1898, at 10 o'clock A. M.

The roll was called and the following members answered to their names:
George Cromwell, President, in the chair, Councilmen Bodine and O'Grady and Alderman Vaughan.

Minutes of the meeting of September 2 were read and approved.

Alderman Vaughan offered the following resolution, which was unanimously adopted:
Whereas, The Atlantic Terra Cotta Company, a corporation incorporated under the laws of the State of New York, has established an extensive terra-cotta plant in the Borough of Richmond, which will employ a large number of men and do an extensive business; and

Whereas, Said company has made application to this Board for permission to lay and construct across Broadway, in the Fifth Ward of the borough, a railroad spur connecting the tracks of the Staten Island Rapid Transit Railroad Company with the factory of said Atlantic Terra Cotta Company; now, therefore, be it

Resolved, That the Board of Local Improvements of the First District in the Borough of Richmond hereby recommends to the Board of Public Improvements that permission be granted to said company to construct the said railroad spur.

Councilman O'Grady offered the following resolution which was unanimously adopted:
Whereas, It appears from a supplementary petition received from the residents on St. Mark's place concerning the repaving of that street with asphalt that the petitioners are opposed to making the improvement if it necessitates a direct assessment upon themselves; and

Whereas, It appears that there is no available general fund at this time from which payment for the work can be made; now, therefore, be it

Resolved, That the petition originally received for the improvement be held in abeyance by this Board until such time as a repaving fund has been established for improvements in this borough.

Councilman O'Grady offered the following resolution, which was unanimously adopted:
Resolved, That it be referred to the Corporation Counsel for his opinion as to whether First street, between Lafayette avenue and Franklyn avenue, in the First Ward of the Borough of Richmond, is or is not a public street.

Communication from Henry P. Morrison, Esq., Deputy Commissioner and Chief Engineer, was read by the Secretary concerning the laying of a sewer in Tompkins avenue in the Fourth Ward of the borough.

Alderman Vaughan offered the following resolution which was unanimously adopted:
Whereas, Certain residents of the Borough of Richmond owning property in the Fourth Ward of said borough, situated on Tompkins avenue, Sea avenue and Burgher street, in said Ward, have petitioned this Board for the construction of a sewer for the relief of the properties owned by them; and

Whereas, It appears to this Board that the construction of such sewer is a necessary improvement; therefore be it

Resolved, That the Board of Local Improvements of the First District in the Borough of Richmond hereby recommends to the Board of Public Improvements that a sewer be laid through Tompkins avenue, from such point between stations A and F as indicated on a certain map or plan marked "A" now on file in the office of the President of the borough, as will afford relief for the houses that now stand or may be hereafter erected on that avenue, and extend thence along Tompkins avenue to station L at the intersection of the Staten Island Rapid Transit Railroad with Tompkins avenue, thence parallel with the line of the railroad to station M, and thence to the Fingerboard road sewer; and be it further

Resolved, That such sewer be laid at a depth which will permit the connection with it of the private sewer in Sea avenue and Duer avenue.

Councilman Bodine offered the following resolution which was unanimously adopted:
Resolved, That the Board of Local Improvements of the First District of the Borough of Richmond hereby recommends to the Board of Public Improvements the early adoption of a general plan for the sewerage of that part of the Borough of Richmond situated in the Fourth Ward of the said borough, in the vicinity of Richmond avenue, Tompkins avenue, Sea avenue and Burgher street, in the said Ward, in accordance with the provisions of section 440 of the Charter of The City of New York.Alderman Vaughan offered the following resolution which was unanimously adopted:
Whereas, It has come to the knowledge of this Board that the highways of the Borough of Richmond are in many places in a dangerous condition and greatly out of repair; and

Whereas, This Board is informed by the Deputy Commissioner and Chief Engineer of the borough that this state of affairs can only be remedied by the establishment of a fund available for this borough, such as has heretofore existed in The City of New York for the repair and the renewal of pavement; now, therefore, be it

Resolved, That the Board of Local Improvements of the First District of the Borough of Richmond hereby recommends to the Board of Public Improvements that such a fund be established for this borough as speedily as possible.

On motion, the meeting adjourned.

DEPARTMENT OF PARKS.

DEPARTMENT OF PARKS, ARSENAL, CENTRAL PARK, BOROUGH OF MANHATTAN, CITY OF NEW YORK, September 30, 1898.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES, WITH THE title of the work and the name of the bidder or bidders indorsed thereon, will be received by the Park Board, at its offices, Arsenal Building, Sixty-fourth street and Fifth avenue, Central Park, New York City, until 11 o'clock A. M. of

THURSDAY, OCTOBER 13, 1898.

for the following work in the Borough of Manhattan: FOR REGULATING AND PAVING WITH ASPHALT PAVEMENT, ON PRESENT MACADAM PAVEMENT, THE CARRIAGEWAY OF "THE PLAZA" AT FIFTY-NINTH STREET AND FIFTH AVENUE, IN THE CITY OF NEW YORK.

The Engineer's estimate of the work to be done and by which the bids will be tested, is as follows:

(1) 3,700 square yards of pavement of asphalt.

(2) 25 lineal feet of new bluestone curb, straight and curved, 5 inches thick, to furnish and set.

N. B.—As the above-mentioned quantities, though stated with as much accuracy as is possible in advance, are approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

Bidders are particularly cautioned that in no case will they be permitted to use materials either in quantity or quality different from those specified in the annexed form of agreement; and also that a provision in the contract requires the maintenance of the pavement in good condition for the period of Five Years from the final completion and acceptance thereof, and authorizes the certain sum of fifteen per cent. of the whole of the moneys accruing for the asphalt pavement to be retained for said maintenance. See Covenant (K).

The time allowed for the completion of the whole work will be twenty consecutive working days.

It being understood that the time so allowed refers to consecutive working days, and not to the aggregate time of such Inspectors as may be appointed on the work, and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the completion thereof has expired, are, by a clause in the contract, fixed and liquidated at Twenty Dollars per day. See paragraph (E) of the contract.

The successful bidder will be strictly held to the time allowed for the completion of the work and to the conditions of the specifications.

Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not at any time after the submission of an estimate, dispute or complain of such statement or estimate, nor assert that there was any misunderstanding in regard to the depth or character of the excavation to be made or the nature or amount of the work to be done.

Bidders will be required to complete the entire work to the satisfaction of the Commissioners of Parks and in substantial accordance with the specifications hereunto annexed and the plans therein referred to. No extra compensation beyond the amount payable for the classes of work before

drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimates and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Park Board reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received, but the contracts when awarded will be awarded to the lowest bidders.

Blank forms for proposals and information relative thereto can be had at the office of the Park Board, Arsenal, Central Park.

AUGUST MOEBUS,

5. Furnishing and setting bluestone edging around tree-plots and adjoining walks.
6. Furnishing materials and labor and erecting complete lavatory, including cement floor and steps.
7. Furnishing and laying sod on lawns and tree-plots.

N. B.—The above "schedule" is intended to fully cover all the work contemplated in the agreement, and though stated with as much accuracy as is possible in advance, bidders will be required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received.

Bidders are particularly cautioned that in no case will they be permitted to use materials, either in quantity or quality, different from those specified in the annexed form of agreement; and also that a provision in the contract requires the maintenance of the asphalt pavement in good condition for a period of five years from the final completion and acceptance thereof.

Bidders must satisfy themselves by personal examination of the location of the proposed work, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate dispute or complain of such statement or estimate, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

Bidders will be required to complete the entire work to the satisfaction of the Commissioners of Parks, and in substantial accordance with the specifications hereto annexed. No extra compensation beyond the amount payable for the several classes of work before enumerated which shall be actually performed, at the prices therefor to be specified by the lowest bidder, shall be due or payable for the entire work.

The bidder must deposit with the Commissioners of Parks at least two (2) days before making his bid, samples of materials he intends to use, as follows:

- 1st. Specimens of mastic of rock asphalt, refined bitumen and grit.
- 2d. Specimens of asphaltum and of asphaltic cement.
- 3d. A statement of the elements of the composition of the bituminous cements used in the composition of the paving surface.
- 4th. Specimens of sand intended to be used.
- 5th. Specimens of pulverized carbonate of lime intended to be used. And such specimens must be furnished to the Department of Parks as often as may be required during the progress of the work.
- 6th. Specimens of the asphaltic rock, with a certificate or other evidence that it is of even fabric, and a product of the first quality, and from the mines hereinafter designated.

No bid will be received or considered unless the deposits of materials referred to above are made with the Commissioners of Parks within the time prescribed, nor unless they conform to the requirements of the specifications.

Work or materials not specified, and for which a price is not named in the contract will not be allowed for.

The amount of security required is Three Thousand Dollars.

Bidders are informed that no deviation from the plans and specifications will be allowed, unless a written permission shall previously have been obtained from the Commissioners of Parks.

The contractor is required to notify the Engineer, in writing, forty-eight hours prior thereto, of the date he intends to actually begin work.

The time stipulated for the completion of the whole work is sixty (60) consecutive working days, and the damages to be paid by the contractor for each day that the contract, or any part thereof, may be unfulfilled after the time fixed for the completion thereof has expired, are, by a clause in the contract, fixed and liquidated at Twenty Dollars per day. See paragraph (E) of contract.

The successful bidder will be strictly held to the time allowed for the completion of the work and to the conditions of the specifications.

Bidders are specially notified that the Commissioners of Parks reserve the right to determine the time and places for commencing and prosecuting the work, and that postponement or delay on the whole or any part thereof, occasioned by the precedence of other contracts, which may be either let or executed before or after the execution of the contract for this work, cannot

constitute a claim for damages, nor for a reduction of the damages fixed for delay in completing the work beyond the time allowed.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety; the adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

N. B.—The prices must be written in the estimate and also stated in figures, and all estimates will be considered as informal which do not contain bids for all items for which bids are herein called, or which contain bids for items for which bids are not herewith called for. Permission will not be given for the withdrawal of any bid or estimate. No bid will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The Park Board reserves the right to reject any or all the bids received in response to this advertisement if it should deem it for the interest of the City so to do, and to readvertise until satisfactory bids or proposals shall be received, but the contracts when awarded will be awarded to the lowest bidders.

Blank forms for proposals for the several contracts and information relative thereto can be had at the office of the Park Board, Arsenal, Central Park.

SEALED BIDS OR ESTIMATES FOR INSTALLING three elevators on Blackwell's Island, in conformity with plans and specifications, will be received at the office of the Department of Correction, No. 148 East Twentieth street, in The City of New York, until 10 o'clock A. M. of

MONDAY, OCTOBER 10, 1898.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Installing Three Elevators on Blackwell's Island," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the Commissioner, or his duly authorized agent, of said Department, and read.

THE COMMISSIONER OF THE DEPARTMENT OF CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 470, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of SEVEN THOUSAND (\$7,000) Dollars each.

Each bid or estimate shall contain and state the name and place of residence or place of business of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders or freeholders, or security, trust or deposit companies in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he

is a householder or freeholder in The City of New York and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either currency or a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The work must conform in every respect to the plans and printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The form of the contract, including specifications, and plans, and showing the manner of payment, will be furnished at the office of the Department, No. 148 East Twentieth street, New York City, and Horgan & Slatery, No. 1 Madison avenue, New York City, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner of the Department of Correction will insist upon its absolute enforcement in every particular.

DEPARTMENT OF DOCKS AND FERRIES.

DEPARTMENT OF DOCKS AND FERRIES,
PIER "A," NORTH RIVER.

TO CONTRACTORS.

(No. 638.)

PROPOSALS FOR ESTIMATES FOR DREDGING
NORTH OF WEST THIRTY-FOURTH
STREET, ON THE NORTH RIVER, BOR-

OUGH OF MANHATTAN.

ESTIMATES FOR DREDGING NORTH OF
West Thirty-fourth street, on the North river, will be received by the Board of Commissioners at the head of the Department of Docks and Ferries, at the office of said Department, on Pier "A," foot of Battery place, North river, in The City of New York, until 11 o'clock A. M. on

FRIDAY, SEPTEMBER 30, 1898,

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract in the manner prescribed and required by ordinance, in the sum of Fourteen Thousand Dollars.

The Engineer's estimate of the quantities of material necessary to be dredged is as follows:

Mud dredging, not to exceed 200,000 cubic yards.

N. B.—Bidders are required to submit their estimates upon the following express conditions, which shall apply to and become a part of every estimate received:

(1) Bidders must satisfy themselves, by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantities, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

(2) Bidders will be required to complete the entire work to the satisfaction of the Department of Docks and Ferries, and in substantial accordance with the specifications of the contract. No extra compensation beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor, per cubic yard, to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under this contract is to be commenced within five days after receiving a notification from the Engineer-in-Chief of the Department of Docks and Ferries that any part or portion of the dredging herein mentioned is required. The dredging to be done under this contract will be in slips or portions of slips between the southerly side of West Thirty-fourth street and the southerly side of West One Hundred and Fifty-ninth street, on the North river, and is to be done from time to time, and in such quantities and at such times as may be directed by the Engineer. And all the work under this contract is to be fully completed on or before the 1st day of March, 1899.

The damages to be paid by the contractor for each day that the contract, or any part thereof that may be ordered or directed by the Engineer, may be unfulfilled after the time fixed for the fulfillment thereof has expired, are, by a clause in the contract, determined, fixed and liquidated at Fifty Dollars per day.

Bidders will state in their estimates a price per cubic yard for doing such dredging, in conformity with the approved form of agreement and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned it and as in default to The City of New York, and the contract will be readvertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence, the names of all persons interested with them therein, and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any consultation, connection or agreement with, and the amount thereof has not been disclosed to, any other person or persons making an estimate for the same purpose and is not higher than the lowest regular market price for the same kind of labor or material, and is in all
