The lessee shall have the right to use the dumping board now erected on said premises, together with the existing ramp or approach thereto.

TERMS AND CONDITIONS OF SALE.

The upset price of the parcel offered for sale will be announced by the auctioneer at the time of sale, and no bid will be received which shall be less than the upset price. The auctioneer's fee of Twenty-five dollars (\$25) must be paid by the purchaser at the time of sale.

The purchaser will be required at the time of the sale to pay, in addition to the auctioneer's fee, namely, Twenty-five Dollars (\$25), to the Department of Docks and Ferries twenty-five per cent. (25%) of the amount of the annual rent bid as security for the execution of the lease, which twenty-five per cent. (25%) will be applied to the rent first accruing under the lease, when executed, or will be forfeited to the Department of Docks and Ferries if the purchaser neglects or refuses to execute the lease with good and sufficient surety to be approved by the Commissioner of Docks within ten (10) days after being notified that the lease is prepared and ready for execution, at the office of the Department of Docks and Ferries, Pier "A," foot of Battery pl., North River.

The Department expressly reserves the right to resell the lease of the premises bid for by those failing, refusing or neglecting to comply with these terms and conditions, the party so failing, refusing or neglecting to be liable to The City of New York for any deficiency resulting from or occasioned by such resale.

The term for which the lease is sold will commence at the date mentioned in this advertisement, namely, Oct. 1, 1918, and rent will be payable from that date.

The lessee will be required to reconstruct the dumping board now erected on said premises, and to erect over it within 120 days from the date of the commencement of the lease a corrugated metal shed with steel supports, and to furnish to the Commissioner of Docks a full complete and detailed statement, verified on oath, of the cost of reconstructing such dumping board and erecting such shed.

No dredging will be done prior to the commencement of the lease in the slip or basin or water immediately adjacent to the premises, and the premises and the structures thereon must be taken in the condition in which they are at the commencement of the term of the lease, and no claim or demand that the premises or property or any structures thereon are not in suitable and tenable condition at the commencement of the term will be allowed by the Commissioner of Docks.

The lease shall contain the following terms and conditions:

The rent shall be paid in four equal quarterly payments in advance.

All dumping boards erected or maintained under the provisions of the lease shall extend from a line parallel to and about 18 feet north of the south line of the pier to a line parallel

to and about 18 feet south of the southerly line of the pier, in all a distance of about 36 feet.

All ramps, runways, approaches, dumping boards, sheds and all other structures erected under the provisions of the lease shall be constructed in accordance with plans and specifications to be submitted to and approved by the Chief Engineer of the Department of Docks and Ferries and shall be erected under his direction and supervision.

All such structures shall be and become the property of The City of New York at the expiration or sooner termination of the lease.

The lessee will be required to agree that he will at all times do such dredging from time to time during the term of the lease as may be considered by the Commissioner of Docks necessary and proper to be done in the half slip or water adjacent to the southerly side of the pier.

All repairs, maintaining, rebuilding or painting required or necessary in the opinion of the Commissioner of Docks to be done to or upon the premises leased, or the structures thereon, including the metal shed, shall be done by and at the sole cost and expense of the lessee to the satisfaction of the Commissioner of Docks.

If, by reason of total or partial destruction from any cause, the premises hereby leased, or the structures thereon, including the metal shed, shall require to be rebuilt, the same shall be so rebuilt under the direction of the Commissioner of Docks in like manner and similar to the premises destroyed by, and at the expense of, the lessee and in accordance with plans and specifications submitted to and approved by the Commissioner of Docks.

In case the lessee shall make default or shall neglect to make repairs or rebuilding or do such painting or dredging for the space of ten days after notice so to do shall have been given by the Commissioner of Docks, or any proper officer, agent or employee of the Department of Docks and Ferries, then the lease shall be null and void and the lessee shall pay to The City of New York such damages as it may have sustained, or the Commissioner of Docks may, at his option, make such repairs and rebuilding or do such dredging or painting, and the full cost and expense thereof shall and will be paid by the lessee, on demand, to The City of New York, and no claim for damages or for reduction of rent shall be made by the lessee by reason thereof.

No claim or demand will be considered or allowed by the Department for any loss or depreciation from use of said premises or otherwise resulting from or occasioned by any delay on account of or by reason of the premises or any part thereof being occupied for or on account of any repairs, rebuilding, painting or dredging.

The lessee will be required, upon the execution of the lease, to furnish a bond executed by a guaranty or surety company, to be approved by the Commissioner of Docks, in double the amount of the annual rent bid, for the faithful performance of all the covenants and conditions of the lease. In the event that the Commissioner of Docks shall, during the term of said lease, for any reason whatsoever, deem it advisable that other surety or sureties should be substituted in lieu of the surety or sureties upon the bond, then, and in such event, the lessee shall and will, whenever so ordered by the Commissioner of Docks, furnish a new bond with such surety or sureties as may be approved by him in lieu of the bond originally furnished.

The lessee will be required to agree that he will at all times keep posted in at least two conspicuous places upon the pier, printed in large type, so that the same can be readily seen by passersby on Avenue A, the prices to be charged to the public for the privilege of dumping, and that the maximum prices to be charged to the public shall be as follows:

- For single dump carts, not exceeding 40 cents.
- For single trucks, not exceeding 50 cents.
- For double trucks, not exceeding 70 cents.
- Rubbish and light material, 20 cents additional per truck.

—It being understood and agreed that the establishment of such maximum or limiting prices does not prevent the lessee, at his option, from charging lower rates, and that, during the life of the lease, the Commissioner of Docks may, in his discretion, increase but not decrease said maximum or limiting prices, but such prices shall only be increased after the establishment of justifying facts as to market conditions at a public hearing before him.

The lessee will be required to agree that he will at all times during the term of the lease keep true and correct books of account, showing moneys received, the quantity of material dumped and where disposed of, the rates charged therefor and the names of persons using the dump, and the said books of account shall at all times during the term of the lease be open to inspection by the Commissioner of Docks or his authorized representative.

The lessee will be required to agree that he will at all times during the term of the lease continue to operate a dumping board on the premises leased, and that said dumping board shall be public to all, and that no application for dumping privileges shall be refused until the maximum capacity of the board is reached, and that there shall be no discrimination in price charged either by special rate or rebate.

The premises demised, or any part thereof, shall not be used as a stable, nor for the storing or storage of rags, barrels, boxes or refuse of any kind, and the premises shall at all times be kept in a clean and sanitary condition, to the satisfaction of the Commissioner of Docks.

The establishment of violation of any of the terms and conditions herein contained, as fact in the judgment of the Commissioner of Docks, shall be sufficient ground for the cancellation of the lease, and in such event the lessee shall make no claim of any kind whatsoever for damages against The City of New York.

The lessee will be required to agree that if at any time during the term hereby created the Commissioner of Docks shall determine to proceed with the work of building or rebuilding wharves, piers, bulkheads, basins, docks or slips within a section or district of the waterfront which shall include the premises hereinbefore described, according to any plan or plans now adopted and approved, or which may hereafter be adopted and approved, and pursuant to any existing or future law, and if the said Commissioner of Docks shall determine that for the purpose of such building or rebuilding it will be necessary to terminate the interest of the lessee in the property hereby leased, or any part thereof, then upon service upon the lessee of written notice from the Commissioner of Docks to that effect, the interest of the lessee in the said property or part thereof, shall be thereby terminated and the rent hereby reserved shall cease from the date specified in said notice, and no claim for damages or compensation in favor of the lessee by reason of the termination of such interest, or to, or on account of any construction or improvement that may have been erected by the lessee shall, at any time, be made by the lessee or by any person or persons whomsoever.

The remaining terms and conditions of the lease shall be similar to those contained in leases of wharf property now used by the Department of Docks and Ferries, copies of which may be seen and examined at the office of the Department, Pier "A," foot of Battery pl., North River, Borough of Manhattan.
