An application by SLG Assets, Inc., pursuant to Sections 197-c and 201 of the New York City Charter affecting five lots between Murdock Court and Shore Parkway within the Special Ocean Parkway District (OP). The applicant seeks a zoning map amendment to change the project area from R5 to R7X/C2-4, and a zoning text amendment to establish a coterminous Mandatory Inclusionary Housing (MIH) area. These actions would enable a 9-story building with 21 units (approximately 5 affordable, pursuant to MIH Option 1) and 706 square feet (sf) of commercial space on a triangular corner site on the south side of Nixon Court. The development would provide 8 accessory parking spaces on the ground floor, and a 30-foot front yard to comply with OP regulations.

06923Y0162-MAINTENANCE SERVICE OF 2 XEROX NUVERA MICR 100 & 144 PRINTERS, INCLUDING 3X7 EXTENDED SERVICE - Request for Information - PIN# 06923Y0162 - Due 11-30-22 at 4:00 P.M.

Office of Information Technology Services of the Department of Social Services, is requesting a Sole Source procurement, for maintenance of two Xerox Nuvera MICR 100 & 144 Printers. The period of service is 1/1/2023 - 12/31/2023. The amount requested for FY'23 is \$210,758.81.

Maintenance for MICR machines is needed, because they are being utilized for printing of MICR line on the checks, and the line is expected to be of a certain guaranteed quality that is pre-approved by banks. Therefore, it is imperative that these printers are being serviced and maintained efficiently so that we do not have to manually program these machines in order to complete any printing task; this reduces the risk of error because of the necessary parameters (e.g., page imposition, page ordering and trimming) and these are set automatically when a job enters the workflow. It also maximizes productivity by enabling prints to be output to stack carts at full rates print speed and is also cost-effective without the need for multiple, dedicated in-line finishing devices.

Xerox Corporation, is the sole source provider for Service and Maintenance for NYC HRA Xerox Nuvera 288 printers.

AGENCY RULES

ENVIRONMENTAL PROTECTION

■ NOTICE

Notice of Adoption of Final Rule

NOTICE IS HEREBY GIVEN, pursuant to the authority vested in the Commissioner of the Department of Environmental Protection ("DEP" or the "Department") by section 1043 of the New York City Charter and section 24-105 of the Administrative Code that the Department promulgates and adopts a rule to update penalties for certain violations of Chapter 1 of Title 15 of the Rules of the City of New York (RCNY), also known as the Asbestos Control Program Rules.

Statement of Basis and Purpose of Final Rule

On May 27, 2022, amendments to DEP's Asbestos Control Program Rules (15 RCNY Chapter 1) went into effect. Some of these amendments necessitate changes to the Air Asbestos Penalty Schedule (15 RCNY Chapter 53), which sets forth penalties for violations of the Asbestos Control Program Rules. These penalties may be imposed at hearings held at the Office of Administrative Trials & Hearings (OATH).

The rule makes the following changes to the Air Asbestos Penalty Schedule:

- The description of the penalty for section 1-01(e) of Chapter 1 of Title 15 of the Rules is amended to reflect that the false statement may be made to individuals or to city agencies.
- The description of the penalty for section 1-27(c) of Chapter 1 of Title 15 of the Rules is amended to reflect that the emergency project notification must be filed through the ARTS E-File system.
- Penalties are added for newly added sections 1-28(g), 1-92(c), 1-105(b)(16), and 1-106(p) of Chapter 1 of Title 15 of the Rules.
- The description of the penalty for section 1-37(e) of Chapter 1 of Title 15 of the Rules is amended to reflect that the air sampling equipment must be properly labeled, as well as inspected.
- Penalties are added for the newly added subdivisions (1), (2), and (3) of section 1-61(h) of Chapter 1 of Title 15 of the Rules, related to the use of ladders and scaffolds and the protection of walking and working surfaces to prevent tripping and falls.
- Separate penalties are added for each of the four subsections of section 1-92 of Chapter 1 of Title 15 of the Rules, related to violations of workplace entry and log requirements, as the four subsections have different requirements.
- The descriptions of the penalties for sections 1-107(n) and 1-108(i) of Chapter 1 of Title 15 of the Rules are amended to reflect the newly added requirement that the inspection be documented.
- The description of the penalty for section 1-110(b) of Chapter 1 of Title 15 of the Rules is amended to reflect the requirements added to the section regarding required submissions before controlled demolition takes place.
- A typo in the section number for section 24-136.1(h) is corrected. While this section is found in the Administrative Code, it is enforced by the Asbestos Control Program so it is found in the Asbestos Penalty Schedule.

A public hearing on the proposed rule was held on October 20, 2022. No comments were received.

PUBLIC NOTICE

Federal Emergency Management Agency
In accordance with 44 CFR §9.8 for Executive Orders 11988 & 11990 Proposed Stormwater Resiliency Measures East Harlem, New York County, New York

NOTIFICATION IS HEREBY GIVEN to the public of the intent of the Department of Homeland Security-Federal Emergency Management Agency (DHS-FEMA), to provide Federal funding to the New York City Department of Environmental Protection (NYCDEP) as Subrecipient for financial assistance to install flood control measures, including nature-based detention and retention basins, at eight locations within the Clinton Houses public housing development in the Manhattan neighborhood of East Harlem. Funds are being requested through the Building Resilient Infrastructure and Communities (BRIC) grant program. The purpose of the BRIC grant program is to proactively invest in hazard mitigation projects, reducing the risks that communities face from disasters and natural hazards. This notification is given in accordance with Executive Order (EO) 11988 (Floodplain Management), EO 11990 (Protection of Wetlands), the Federal Coastal Zone Management Act, and 44 CFR Part 9, regulations for implementing EO 11988 and EO 11990.

The proposed project entails the installation of eight sites with green infrastructure interventions at the Clinton Houses development. These interventions will include infiltration-based stormwater system units placed under and above existing open spaces such as basketball courts, parking lots, and other locations. A conveyance system comprising of inlets, perforated pipes, spreader tanks and small bioretention nature-based channels will be utilized to route the rainfall runoff from the Clinton Houses development and surrounding streets into the eight sites. Several sites may also include "water squares," which will allow for water to be stored above ground (up to one foot) in the proposed locations. These sites will be integrated into the community as multi-functional open spaces able to store excessive rainfall runoff while incorporating green infrastructure and nature-based designs.

This action would take place within the 100-year floodplain per the current preliminary flood insurance rate map, which means that the action has the potential to affect, or be affected by, the floodplain. Alternatives considered include: 1) taking no action and 2) the proposed alternative to install the green infrastructure at the Clinton Houses development. FEMA, has determined that the proposed alternative is the most practicable to combat the increasing threat of stormwater flooding that is known to impact this community. FEMA has also determined that investment of funds to reduce flood risk is in the public interest. Potential impacts to water quality or aquatic habitat are anticipated to be negligible during construction and minimized through best management practices and conservation measures incorporated from resource agency recommendations and required regulatory permits.

Comments about this project, potential alternatives, and floodplain impacts may be submitted in writing within 15 days of the date of this publication to: FEMA Region 2, Attn: Environmental Planning and Historic Preservation, 26 Federal Plaza, New York, NY 10278, or via email, to FEMAR2COMMENT@fema.dhs.gov. If substantive comments are received, FEMA will evaluate and address the comments as part of the environmental documentation for this project.
