The undersigned, citizens of the City and County of New York, respectfully petition for a repeal of section 244 of the miscellaneous ordinances contained in the "Revised 1880" Corporation Ordinances of the City of New York. We ask for its immediate repeal.

To permit what is prohibited by said ordinance, is allowing us citizens who have ever taken profound interest in the dissemination and propagation of contrivances tending to reasonable and salutary amusements and pleasurable occupations, a boon and benefit, and a right, at once desirable, and particularly healthful to young folks. We want in one or two convenient places in this city the contrivances known as the flying horse or horses or whirlingig or roundabout for public amusement.

We seriously call attention to the fact, that notwithstanding said ordinance quite a number of such flying-horse contrivances are in full operation and made a business of in this city.

GENTLEMEN—The petition of the undersigned respectfully shows:

That your petitioners are owners and occupants of houses and premises fronting on First avenue, between Seventieth and Sixty-ninth streets, and also fronting on Seventieth street, between First and Second avenues.

That the plot of land on the west side of First avenue, between Seventieth and Seventy-first streets, and running west along Seventieth and Seventy-first streets about 100 feet, is vacant property; that the same forms a large hollow about eight feet deep, below the level of the street; that after every rain the said hollow is completely filled with water; that people in the neighborhood throw ashes, garbage and other offensive matters, in the hollow and puddles thus formed, causing the same to present a very unsightly and offensive appearance, and to become a nuisance, detrimental to the health and comfort of the neighboring inhabitants; that the said lots are unfenced, so that there is always great danger of pedestrians and children falling in the hollow while passing the same, especially on dark nights.

Your petitioners therefore respectfully pray that your Honors will pass the necessary resolutions compelling the owner or owners of said lots to have them properly fenced in as required by law.

Whereas, The State and City of New York owe their proud pre-eminence, in population, commerce and wealth, to the beneficent operations of the canals of the State; and

Whereas, Statistics demonstrate that the volume of business transacted on the canals has steadily increased notwithstanding the multiplication of railroads, and that the canals are not only an exceedingly important commercial factor in our prosperity in its own exceedingly large contributions to the commerce of our City and State, but of great advantage to our citizens in controlling and regulating the freight on the railroads, and thus protecting the people from extortionate charges by those corporations; therefore be it

Resolved, That we urge our citizens to make use of every reasonable effort to secure the adoption of the Amendment to the State Constitution which is to be submitted to the voters at the election in November, providing for the maintenance of the canals free of tolls.

Resolved, That the freedom of the canals is an absolute necessity for the retention of the commerce which is now seeking an outlet to the sea by way of the Mississippi river, the Welland canal and rival seaport cities. This commerce once lost can never be recovered, and thus the vital interests of this city would be irreparably damaged.

COMMUNICATIONS FROM THE DEPARTMENTS AND CORPORATION OFFICERS RESUMED.

The President laid before the Board the following communication from the Clerk to the Common Council:

OFFICE OF THE BOARD OF ALDERMEN,
No. 8 CITY HALL,
New York, September 30, 1882.

To the Hon. the Common Council of the City of New York:

GENTLEMEN—Herewith I respectfully transmit a letter received by me from Elliot Sandford, Esq., of counsel for plaintiffs, in the suit of Orlando B. Potter and others, brought to test the constitutionality of the act of the Legislature of the State providing for the removal of the Distributing reservoir at Fifth avenue, Fortieth and Forty-second streets, not only without the consent, but against the most earnest remonstrance of the Common Council of this city. The letter from Mr. Sandford explains itself. The accompanying copy of the opinion of Judge Macomber so clearly defines, defends and establishes the rights of the Corporation as proprietors, that I bespeak for it the earnest attention of your Honorable Body.

I also take leave to suggest to your Honorable Body the propriety of taking appropriate action in recognition of the great service, voluntarily and gratuitously rendered to the Corporation and the people of this city, by Mr. Potter and his associates, in prosecuting the suit to a favorable conclusion.

Very respectfully,

FRANCIS J. TWOMEY, Clerk Common Council.

No. 95 NASSAU STREET, NEW YORK CITY,
September 27, 1882.

FRANCIS J. TWOMEY, Esq.,

Clerk of the Common Council of the City of New York:

SIR—As one of the counsel in the case, I send you herewith the very able and elaborate opinion of Honorable F. A. Macomber, Judge of the Supreme Court, delivered in the action instituted by Orlando B. Potter and others, relative to the removal of the distributing reservoir. The injunction sought by them against its removal was granted by the Court, and the title by which the Corporation holds the premises in question is very fully and clearly stated. It appeared on the trial by testimony of experts that the land of which the City would have been deprived, if this action had not been brought, was worth between \$3,000,000 and \$4,000,000, exclusive of the reservoir.

The decision of the Court is a valuable expression of the title of the Corporation to the vacant lands granted by the Dongan Charter, of which Reservoir square is a part, and it is worthy of being noted on the records of the Corporation.

Yours, etc.,

ELLIOT SANDFORD, of Counsel for Plaintiffs.

SUPREME COURT.

WILLIAM H. WEBB, ORLANDO B. POTTER, NATHAN C. ELY, etc., etc.,
Plaintiffs,

against

THE MAYOR, ALDERMEN AND COMMONALTY OF THE CITY OF NEW YORK; HUBERT O. THOMPSON, Commissioner of Public Works of the City of New York; ALLAN CAMPBELL, Comptroller of the City of New York, and EDWARD NORTH, DANIEL STANBURY, SAMUEL CONOVER and JOHN R. LYDECKER, Assessors, composing the Board of Assessors of the City of New York, etc.,
Defendants.

New York Special Term, June, 1882.

Messrs. Coe & Potter, attorneys; Mr. John F. Dillon, Mr. Edward Fitch, and Mr. Elliot Sandford, of Counsel for plaintiffs.

Mr. William C. Whitney, Counsel to the Corporation; Mr. David J. Dean, Mr. Joshua M. Van Cott, Mr. W. Hartwell, and Charles B. Hart, for defendants.

The plaintiffs bring themselves within the provisions of chapter 531 of the Laws of 1881, entitled, "An act for the protection of Taxpayers," by which persons who are taxpayers in municipal corporations may bring and maintain actions to prevent the officers of such corporations from executing or performing illegal acts.

The object of this action is to restrain the defendants from carrying into effect the provisions of chapter 456 of the Laws of 1881, on the ground that such act is unconstitutional. That law is entitled, "An act for the removal of the reservoir situate in the City of New York, between Fortieth and Forty-second streets." By the first section thereof, the reservoir is declared to be abandoned, and the Commissioner of Public Works of the city is directed within six months from the passage of the act to remove the pipes which connect with the reservoir, and to lay a main in Fifth avenue, between Fortieth and Forty-second streets, so as to connect the mains now leading in and out of the reservoir. By the same section the commissioner is directed to remove the structure and grade the ground now occupied by the reservoir to the level of the adjacent streets in a suitable manner, for the purpose of a park, all of which is to be accomplished within a year from the passage of the act.

By the second section, the cost and expenses of the removal of the pipes and the laying of the new main, are directed to be raised by tax upon the real and personal property of the city which may be included in the tax levy of the years 1881 and 1882. The cost of removal of the structure, and of grading the ground occupied by it, is directed to be paid by the owners of property bounded by the westerly side of Sixth avenue and southerly side of Thirty-seventh street, and easterly side of Madison avenue, and the northerly side of Forty-fifth street.

By the third section the comptroller of the city was authorized to pay the cost and expense of the improvement, and in order to make the same he was authorized and empowered and directed to issue revenue bonds of the city which should bear such a rate of interest as the Comptroller should deem proper, not exceeding, however, six per cent. per annum, which should be sold at not less than par.

By the fourth section the land occupied by the reservoir, together with the adjacent land lying west thereof, known as Reservoir square, was directed to be converted into a public park, to be laid out by and under the control and management of the Park Commissioners, and kept and maintained by them as one of the public parks of the City of New York.

The fifth section prohibited the use of such park for military parades, drills, inspections or reviews of any kind.

It is claimed, and I think justly, that the act in question is unconstitutional because it was passed in violation of the sixteenth section of the third article of the Constitution of the State, which declares "that no private or local bill which shall be passed shall embrace more than one subject, and that shall be expressed in the title." By the title of the act, the only subject mentioned is the removal of the reservoir, while the body of the act itself, though providing for such removal, is directed mainly to the establishment of a public park in the city of New York. Undoubtedly if the act had been entitled An Act for Converting the Reservoir into a Public Park, the demolition of the structure itself might have been necessarily implied by the very terms of the act. But the converse of this is by no means true. So far as the title of the act informs us the ultimate purpose for which the structure should be removed might be the erection of a government building, or the parcelling out of the land among the adjacent owners.

But it is contended on the part of the defendants that though the act may be unconstitutional and void in so far as it attempts to establish a public park, yet it may be saved for the purposes for which it is properly entitled. It is true that a portion of the act follows legitimately its title, and hence if the mere destruction of the masonry composing the reservoir was in the line of legitimate legislation, the act would not be open to this objection. The general rule that that portion of a statute which is constitutional shall be saved though a part of it is unconstitutional, admits of this qualification: namely, that the legislation shall seem, upon its face at least, to be proper and intelligent. This is so stated by Judge Cooley in his work on Constitutional Limitations, in language adopted in the Court of Appeals, in the case of *The People against Briggs*, 50 N. Y., 566, as follows: "But if the act is broader than the title, it may happen that one part of the act can stand because

indicated by the title, while as to the object not indicated by the title it must fail. Some of the State Constitutions, it will be observed, have declared that this shall be the rule; but the declaration was unnecessary, as the general rule, that so much of the act as is not in conflict with the constitution must be sustained, would have required the same declaration by the courts. If by striking from the act all that relates to the object not indicated by the title, that which is left is complete in itself, sensible, capable of being executed, and wholly independent of that which is rejected, it must be sustained as constitutional. The principal questions in each case will therefore be whether the act is in truth broader than the title; and, if so, then whether the other objects in the act are so intimately connected with the one indicated by the title that the portion of the act relating to them cannot be rejected and leave a complete and sensible enactment which shall be capable of being executed."

The passage quoted has special application to this case. Without the provisions relating to a public park and the means of paying the expenses of making the same, no intimation of which is made in the title of the act, there remains only the statute enacted for the purpose of the destruction of valuable property. No claim is made that the reservoir is a nuisance in that its maintenance may endanger life, limb or health. It does not, therefore, come within the rule above stated, that the part of the act which may be saved from this constitutional objection shall be intelligent; or, as Judge Cooley puts it, "sensible." Suppose, for instance, that the act had required the Commissioner of Public Works of the City of New York to demolish the statue in Union Square. Could it be claimed that the act was in the line of legitimate legislation and intelligent? Clearly it could not. This is by no means a technical objection. A constitutional objection cannot be technical. In civil cases, there are no degrees in offenses against the organic law.

I am, therefore, of the opinion that the act in question is open to the objection that it is contrary to the constitutional provision above referred to, and that for this reason the defendants should be restrained from carrying its provisions into effect.

But a more interesting question is presented by the claim made in behalf of the plaintiffs that the act is unconstitutional because it violates the rights of property of the City of New York. The land which is covered by the reservoir, together with the land west of it, known as Reservoir Square, was granted in fee simple to the city by what is known as the "Dongan Charter," in 1686. That charter is substantially embraced in the Montgomerie Charter, so called, of 1730. The third section of the Dongan Charter is as follows: "And I do by these presents give and grant unto the said Mayor, Aldermen and Commonalty of the said city of New York all the waste, vacant, unpatented and unappropriated lands lying and being within the said city of New York, and on Manhattan Island aforesaid, extending and reaching to low water mark in and by and through all parts of the said City of New York and Manhattan Island aforesaid, together with all rivers, rivulets, coves, creeks, ponds, water and water courses in the said city and island, or either of them, not heretofore given or granted by any of the former governors, lieutenants or commanders-in-chief under their or some of their hands and seals or seal of the province, or by any of the former mayors or deputy mayors and aldermen of the said City of New York." By the 6th section it is provided that "the Mayor, Aldermen and Commonalty of New York be and shall be forever hereafter persons able and in law capable to have, get, receive and possess lands, tenements, rents, liberties, jurisdiction, franchises and hereditaments to them and their successors in fee simple or for a term of life, lives or years, or otherwise. * * * And also to give, grant, let, set and assign the same lands, tenements, hereditaments, goods and chattels: and to do and execute all other things about the same, by the name aforesaid."

The same power is reiterated and re-stated in the 12th section and in the 14th section. The same rights were re-stated in the 36th and 37th sections of the Montgomerie Charter. The last charter was confirmed by the Colonial Legislature in 1732, and again by the constitutions of 1777, of 1821 and of 1846.

The lands in question therefore are owned by the city in fee simple absolute. This was so held in the case of Furman against New York, 5 Sandford, S. C., 16, and in the same case, 10 N. Y., 567. If, therefore, the legislature has undertaken by its acts to destroy the property of this corporation, or to deprive the city of its use, without just compensation, it has violated a fundamental law of the state. Chancellor Kent (city charter in Kent's notes), in commenting upon the provisions of the ancient charters of the city, says: "It may not be amiss to state here, once for all, that it is an acknowledged and settled principle that no vested right of property, whether it belongs to private individuals or be in the shape of a corporate franchise, can ever be lawfully taken away without some default or forfeiture to be ascertained by a fair trial and pronounced by judicial decree. The English statute of Magna Charta established as a great principle the sanctity of rights and privileges then existing or thereafter to be lawfully procured; and that principle was intended to be of general and perpetual application. It provided that the city of London, and all other cities, should have all their liberties and free customs; and that no freemen should be disseized of his freehold or liberties or free customs but by lawful judgment of his peers or by the law of the land. Corporate franchises in this country rest on a basis which ought to be at least as solid as Magna Charta, for they are founded on grants which are contracts, and 'no state,' says the constitution of the United States, 'can pass any law impairing the obligation of contracts.'"

I perceive no difference between the tenure of property thus held by the city and the proprietary rights of natural persons or private corporations. This privilege, however, is peculiar in this state to the City of New York. Its corporate name is the same that it has had for upwards of two hundred years, long antedating the organization of the state as an independent political entity. And while it was doubtless competent, when the British rule ceased, for the State to take from the City of New York its property rights and privileges, as an episode of the revolution, it is sufficient to say that it did not see fit to do so. Having once recognized such rights by the organic law of 1777, and having become, ten years afterwards, amenable to the provisions of the constitution of the United States, by which it was prohibited to pass any law impairing the obligations of contracts, it is not, in my judgment, competent for the State, under cover of exercising political powers, to take away from the city any vested rights of property. It seems to me that such rights are as indestructible by legislative act as are the property rights of citizens.

Nor is this property, with other real estate owned by the city, held in trust for any person, nor is it stamped with any mere political trust of which the city may be deprived and thus its claim to the right to the possession of the property destroyed. The title to the land rests somewhere, and as has been shown above, so far as the records extend, no one claims it except the city itself. No one has been in possession of it except the city. So that, no possessory rights have been acquired by any person adverse to the city. Hence, I say, that the complete title of the city to the lands in question is not merely inferentially saved, but is expressly saved to the city by the 13th section of article first of the State Constitution, which says that "The entire and absolute property is vested in the owners according to the nature of their respective estates." The idea of a trust under such circumstances, it seems to me, involves a contradiction in terms. How can a trust be attached to a title in fee simple of land? In trust for whom? If for anybody other than the municipal corporation, it would be the inhabitants of Manhattan Island. But the Mayor, Aldermen and Commonalty, the entity which owns the title of the real estate, are the people of Manhattan Island. The owner, then, and the cestui que trust are the same, and that a person should hold anything in trust for himself is a legal solecism.

It seems to me that the weight of authority is to the effect, that the property which New York holds in its proprietary or private character, though originally derived from the power claiming the ultimate title, and which concerns the private advantage of the corporation, as a distinct legal personality, is stamped with so many of the rights and powers of natural persons or private corporations as that the city cannot be deprived of this reservoir without due process of law and without just compensation. It admits of no doubt that the legislature may change, modify, enlarge or restrain the powers of a corporation which it has created. But wherever this is done, and a municipal corporation is relieved of the privilege and duty of maintaining a jurisdiction over property and property rights, care has invariably been taken to restore to the original owner or proprietor the rights which the municipal corporation were for a time permitted to exercise. (Ferret agt. Taylor, 9 Cranch, 52; 2 Kent's Commentaries, 257; Dartmouth College case, 4 Wheat, 604; People agt. Detroit, 28 Mich., 228; Bailey agt. Mayor, etc., of New York, 3 Hill, 531; People agt. Fields, 58 N. Y., 591; People agt. Ingersoll, id. 1; Maximilian agt. New York, 62 N. Y., 160.)

Mr. Justice Cooley's language in the Detroit Park case is: "The constitutional principle that no person shall be deprived of property without due process of law, applies to artificial persons as well as natural, and to municipal corporations in their private capacity as well as to corporations for manufacturing and commercial purposes, and when a local convenience or need is to be supplied in which the people of the State at large, or any portion thereof outside of the city limits, are not concerned, the State can no more, by process of taxation, take from the individual citizens the money to purchase it than they could, if it had been procured, appropriate it to the State use. To this extent the corporate rights appear to us to be a clear and undoubted exception to the general power of control which is vested in a State." The Court there held that the city of Detroit had a right to decide for itself whether or not it would purchase a public park, and that an act to compel the city to purchase it against its will was held to be unconstitutional. See also Montpelier agt. East Montpelier, 29 Vermont, where Isham, J., says: "It has uniformly been held that towns and other public corporations may have private rights and interests vested in them under their charter, and as to those rights they are to be regarded and protected the same as if they were the rights and interests of individuals or private corporations, and grants of property in trust for other than corporate and municipal use (that is as we understand for private as distinguished from public purposes) are no more the subject of legislative control than are the private and vested rights of individuals." (See also Savings Society agt. Philadelphia, 31 Pa., St. 183; People agt. Bachellor, 53 N. Y., 128, 141; Bailey agt. Mayor, etc., supra; Aldrich agt. Tritt, 11 Rho. Is., 141; Weisner agt. Village of Douglass, 64 N. Y., 91.)

The learned counsel for the defendants do not claim that the Legislature may deprive the city of property which it owns in fee, but they argue that the Legislature may direct what use such property shall be put to by the city, and may prescribe what department of the corporation shall manage it. Within certain limits this contention may be conceded to be correct. Indeed, in the exercise of its superintending and governmental powers, as *parens patriae*, the Legislature doubtless may designate the particular instrument in the varied and somewhat complex machinery of this vast municipality, for discharging its duties and for the protection of its rights. But I cannot assent

to the proposition, that the State may absolutely and unqualifiedly direct the use which shall be made by the city of its property held in fee, when the use named, by necessary intendment, and the mode adopted of changing an old public use to another, involves a denial of all the essentials entering into proprietorship.

The case of *Darlington vs. the Mayor, etc.* (31 N. Y. 164), decided only the question which was before the Court, namely, that the act of 1855 for compensating parties whose property may be destroyed in consequence of mobs or riots, was constitutional, and that judgments rendered against the city of New York for such cause, have the same force against the property of the city as judgments rendered for any other cause of action. It seems to me, regarding only the thing there actually adjudged, instead of this being an authority against the relief sought by the plaintiffs, that it is directly in the line of the views hereinbefore expressed, because it decides that the property which the city holds as proprietor or absolute owner, is liable to satisfy judgments against the city, while the property held for strictly public uses is not. It is frequently said that the power to alienate property is a test of ownership; but it is hardly as certain a test as the liability of that property to be taken away, *in invitum*, by execution.

The other cases cited by the defendants' counsel, though involved in one way or another in the question so elaborately argued, do not, in view of the grounds selected for my decision, require special comment.

Judgment must be ordered for the plaintiffs.

In connection therewith, the President offered the following:

Whereas, Orlando B. Potter, William H. Webb and Nathan C. Ely, under the provisions of chapter 531 of the Laws of 1881, entitled "An act for the protection of tax-payers," voluntarily assumed the duty of testing the constitutionality of the act of the Legislature directing the removal of the Forty-second street reservoir, and the conversion of the private property of the City, worth upwards of three millions of dollars, to public use without compensation; and

Whereas, By the decision of the Hon. Francis J. Macomber, Justice of the Supreme Court, in said cause, they have established the principle, so important to our welfare, that the property-rights of the City of New York are protected by the Constitution and are indestructible by Legislative fiat, and have prevented the destruction of a very important part of the system by which water is distributed to our city; and

Whereas, Such action was opposed by the officers of the Corporation whose duty it was, under the resolutions heretofore passed by this Common Council in reference to said reservoir, to maintain the property-rights and franchises of this Corporation;

Resolved, That the thanks of this Corporation be and they are hereby tendered to Messrs. Orlando B. Potter, William H. Webb and Nathan C. Ely for their successful advocacy of the rights of our City, and the important service they have rendered thereby.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative unanimously.

MOTIONS AND RESOLUTIONS AGAIN RESUMED.

By Alderman Finck—

Resolved, That the Commissioner of Public Works be and he is hereby directed and required to comply with the instructions contained in a preamble and resolution passed, notwithstanding the objections of his Honor the Mayor, April 6, 1880, which required the said Commissioner to take immediate measures for opening, and keeping open constantly, the mains leading to and from the Murray Hill reservoir, at Fifth avenue, between Fortieth and Forty-second streets, in order to maintain therein a full head of water and constant supply therefrom equal to its greatest capacity, and not to lessen the supply of water from that source, without the consent of the Common Council first had and obtained.

The President put the question whether the Board would agree with said resolution.

Which was decided in the affirmative.

DEPARTMENT OF PUBLIC PARKS,
36 UNION SQUARE,
NEW YORK, September 25, 1882.

POLICE UNIFORMS.

PROPOSALS, IN SEALED ENVELOPES, WILL be received at the office of the Department of Public Parks, No. 36 Union Square, New York City, until Wednesday, the 11th day of October, 1882, at the hour of half-past nine o'clock A. M., when they will be publicly opened and read, for furnishing uniforms for the Police Force of the Department.

The number and kind of uniforms required is as follows:

83 uniform overcoats for winter wear.
83 pairs of uniform pants for winter wear.
The material to be of the best quality heavy weight West Point Cadet grey mixed cloth.

The time for the completion of the work of furnishing said uniforms will be thirty days (30) after the date of the contract.

The amount of security required is \$1,000.

Each proposal must state, both in figures and in writing, a price for each article of uniform, and must be accompanied by two samples of the cloth proposed to be furnished.

Bidders are required to state in their proposals their several names and places of residence, the names of all persons interested with him or them therein; and if no other person be so interested, they shall distinctly state that fact; also that the bid is made without any connection with any other person making any estimate for the same purpose, and that it is in a respects fair, and without collusion or fraud; and also that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested in said proposal or estimate, or in the work or supplies to which it relates, or in any portion of the profits thereof; which proposals must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each proposal or estimate shall be accompanied by the consent, in writing, of two householders or freeholders of the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above-mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the Estimate Box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

The Department reserves the right to reject any or all proposals, if deemed for the interest of the city.

Forms of proposals and the terms of the contract (including the specifications), settled as required by law, may be obtained at the office of the Secretary as above.

The envelope inclosing the proposal must be addressed to the Department of Public Parks, and indorsed "Proposals for Police Uniforms," and shall also be indorsed with the name or names of the person or persons presenting the same and the date of presentation.

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for Groceries, etc.," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, at such times and in such quantities as may be directed by the said Department.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the per-

son or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal amount of fifty (50) per cent. of the estimated amount of the contract.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them thereon; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is required that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded in any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the national banks of the City of New York, drawn to the order of the Comptroller, or money, to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the Estimate-book, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to him, or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

The quality of the articles, supplies, goods, wares, and merchandise must conform in every respect to the samples of the same respectively, at the office of the said Department. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required, before making their estimates.

Bidders will state the prices for each article, by which the bids will be tested.

Bidders will write out the amount of their estimate, in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, issued on the completion of the contract, or from time to time, as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.

117 AND 119 DUANE STREET,
NEW YORK, September 28, 1882.

TO CONTRACTORS.

PROPOSALS FOR ESTIMATES FOR DREDGING AT THE FOOT OF EAST TWENTY-FIFTH STREET, EAST RIVER.

ESTIMATES FOR DREDGING ON BOTH SIDES and at the outer end of the Pier at the foot of East Twenty-fifth street, East river, will be received by the Board of Commissioners at the head of the Department of Docks, at the office of said Department, Nos. 117 and 119 Duane street, in the City of New York, until 12 o'clock M. of

WEDNESDAY, OCTOBER 11, 1882.

at which time and place the estimates will be publicly opened by the head of said Department. The award of the contract, if awarded, will be made as soon as practicable after the opening of the bids.

Any person making an estimate for the work, shall furnish the same in a sealed envelope to said Board, at said office, on or before the day and hour above named, which envelope shall be indorsed with the name or names of the person or persons presenting the same, the date of its presentation, and a statement of the work to which it relates.

The bidder to whom the award is made shall give security for the faithful performance of the contract, in the manner prescribed and required by ordinance, in the sum of One Thousand Dollars.

The Engineer's estimate of the quantity of material necessary to be dredged, in order to secure at the premises mentioned the depth below mean low water named in the specifications, is 10,000 cubic yards.

N. B.—As the above mentioned quantity, though stated with as much accuracy as is possible, in advance, is approximate only, bidders are required to submit their estimates upon the following express conditions, which shall apply to and become part of every estimate received:

1st. Bidders must satisfy themselves by personal examination of the location of the proposed dredging, and by such other means as they may prefer, as to the accuracy of the foregoing Engineer's estimate, and shall not, at any time after the submission of an estimate, dispute or complain of the above statement of quantity, nor assert that there was any misunderstanding in regard to the nature or amount of the work to be done.

2d. Bidders will be required to complete the entire work to the satisfaction of the Department of Docks, and in substantial accordance with the specifications of the contract. No extra compensation, beyond the amount payable for the work before mentioned, which shall be actually performed, at the price therefor per cubic yard to be specified by the lowest bidder, shall be due or payable for the entire work.

The work to be done under the contract is to be commenced within five days after the date of the contract, and the entire work is to be fully completed on or before the 31st day of October, 1882, and the damages to be paid by the contractor for each day that the contract may be unfulfilled after the time fixed for fulfillment has expired, Sundays and holidays not to be excepted, are, by a

clause in the contract, fixed and liquidated at fifty dollars per day.

All the material excavated is to be removed by the contractor, and deposited, in all respects, according to law, and any material dredged, not so deposited, shall not be paid for.

Bidders will state in their estimates a price per cubic yard for doing such dredging, in conformity with the approved form of contract and the specifications therein set forth, by which price the bids will be tested. This price is to cover all expenses of every kind involved in or incidental to the fulfillment of the contract, including any claim that may arise through delay, from any cause, in the performing of the work thereunder.

Bidders will distinctly write out, both in words and in figures, the amount of their estimates for doing this work.

The person or persons to whom the contract may be awarded will be required to attend at this office with the sureties offered by him or them, and execute the contract within five days from the date of the service of a notice to that effect; and in case of failure or neglect so to do, he or they will be considered as having abandoned it, and as in default to the Corporation; and the contract will be re-advertised and relet, and so on until it be accepted and executed.

Bidders are required to state in their estimates their names and places of residence; the names of all persons interested with them therein; and if no other person be so interested, the estimate shall distinctly state the fact; also that the estimate is made without any connection with any other person making an estimate for the same work, and that it is in all respects fair, and without collusion or fraud; and also, that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof, or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof; which estimate must be verified by the oath, in writing, of the party making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded to the person or persons making the estimate, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance; and that if said person or persons shall omit or refuse to execute the contract, they will pay to the Corporation of the City of New York, any difference between the sum to which he would be entitled on its completion, and that which said Corporation may be obliged to pay to the person to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work to be done, by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or money, to the amount of the five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be enclosed in the sealed envelope containing the estimates, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be received or considered unless accompanied by either a certified check upon one of the National Banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of security required for the faithful performance of the contract.

Such check or money must not be enclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk, and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same, within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by the City of New York, as liquidated damages for such neglect or refusal; but, if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instructions of the Engineer-in-Chief.

No estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation, upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The right to decline all the estimates is reserved, if deemed for the interest of the Corporation of the City of New York.

Bidders are requested, in making their bids or estimates, to use the blank prepared for that purpose by the Department, a copy of which, together with the form of the agreement, including specifications, and showing the manner of payment for the work, can be obtained upon application therefor at the office of the Department.

DEPARTMENT OF DOCKS,
Nos. 117 and 119 DUANE STREET,
NEW YORK, April 22, 1882.

RULES AND REGULATIONS ESTABLISHED for the government and proper care of piers, bulkheads, slips, and other wharf property, under the provisions of subdivision 7 of section 6 of chapter 574 of the Laws of 1871, by the Board of the Department of Docks, and published, to take effect on and after

MAY 1, 1882.

The said subdivision 7, among other things, provides as follows:

"The violation of or disobedience to any rule, regulation, or order of said Board shall be a misdemeanor, punishable by a fine not exceeding five hundred dollars, or by imprisonment not exceeding thirty days, or by both such fine and imprisonment, on complaint of said Board."

And every person guilty of a violation of or disobedience to any of the following rules or regulations, in addition to the penalties thereby fixed and imposed, to be recovered in civil actions, is liable to be prosecuted for a misdemeanor and to be punished by such fine and imprisonment, or by both.

No. 1.—No piles shall be driven, nor shall any platform be erected, nor shall any filling-in of any kind be made on any part of the water-front of the city, without a written permit therefor being first had and obtained from the Board, under a penalty of two hundred and fifty dollars, for every such offense, to be recovered from the owner, lessee, or occupant of any pier or bulkhead, or of any water-front property or right, who shall cause or permit any such work to be done upon his premises before such permit therefor has been obtained, and under the further penalty of fifty dollars for each and every day which shall elapse before any piles so driven, or platform so erected, or material so filled-in, without such permit being first obtained, shall be removed, after the expiration of the time which may be allowed for such removal, by a notice served upon such owner, lessee, or occupant, by the Corporation Wharfinger for the district, to be also recovered from such owner, lessee, or occupant.

No. 2.—No shed, building, office, tally-house, or other structure shall be erected, nor shall any derrick, hoisting-mast, coal-hopper, sign, or advertising device, or other erection or obstruction of any kind be placed or

maintained upon any pier, bulkhead, or other wharf structure, nor upon any reclaimed land, without a written permit therefor being first had and obtained from the Board; and if the owner, lessee, or occupant of any such premises, or the owner, lessee, or agent, of any such structure, erections, or obstructions, shall fail to comply with a notice served by the Corporation Wharfinger for the district to remove any such structure, erection, or obstruction, after the expiration of the time allowed by such notice for the removal, such owner, lessee, occupant or agent, shall forfeit and pay a penalty of twenty-five dollars per day for each and every day, which shall elapse before any such structure, erection or obstruction, shall be removed, after the expiration of the time or the removal thereof specified in said notice.

No. 3.—No cargo shall be discharged from any vessel upon any bulkhead or wharf structure, at which such vessel is being unladen, after service by the Corporation Wharfinger for the district, upon the owner, consignee, master, or other officer, or stevedore, of such vessel, of a notice that such bulkhead or structure will be endangered by the placing of additional cargo thereon, under a penalty of two hundred and fifty dollars for every such offense, and a further penalty equal in amount to the damages of every description which shall be caused by the further discharging of cargo upon such bulkhead or wharf structure, after the service of the said notice, both of such penalties to be recovered from such owner, consignee, master or other officer or stevedore, severally and respectively.

No. 4.—All goods, merchandise, and materials of every kind, landed or placed on any pier, bulkhead, or other wharf structure, or upon reclaimed land, must be removed therefrom without unnecessary delay, and within twenty-four hours after the Corporation Wharfinger for the district shall have served upon the owner, shipper or consignee, of such cargo, a notice to remove the same, under a penalty of fifty dollars per day for each and every day, during which any part of said cargo shall remain upon such pier, bulkhead, structure, or land, after the expiration of the said twenty-four hours, to be recovered from such owner, shipper, or consignee, severally and respectively.

No. 5.—All goods, merchandise and materials of every kind encumbering any pier, bulkhead or other wharf structure, or reclaimed land, after the time designated for the removal thereof shall have expired, will be liable to be removed by the Board to any warehouse or yard, at the sole risk and expense of the owner of any such property, and all expense incurred for such removal and storage or otherwise, shall be and become a lien thereon, and such goods, merchandise and materials will not be delivered to the owner until the expense of such removal and storage has been paid.

No. 6.—No person shall construct or maintain any engine-house, tally-house, or other small structure, under a permit of the Board, on any unshedded pier, or other wharf structure, unless the same be placed on wheels so as to admit of easy removal thereupon when required, and to prevent the accumulation of dirt or refuse thereunder, under a penalty of twenty-five dollars per day for each and every day which may elapse before the discontinuance of such offense.

No. 7.—No vessel of any kind shall be loaded or discharged by horse power, nor shall stones or similar cargo be discharged from any vessel, upon any pier, bulkhead or other wharf structure, unless proper planking be provided to protect the surface of such pier, bulkhead or other wharf structure from injury consequent upon the travel of the horse, or the throwing of the stones or similar cargo thereupon, under a penalty of five dollars a day for each horse so employed, and of twenty-five dollars for each offense of discharging such stones or like cargo, upon such pier, bulkhead, or other wharf structure, to be recovered from the owner, consignee, master or stevedore of any such vessel, severally and respectively; and if such penalty be recovered for using horses, or discharging stones or similar cargo, upon wharf property belonging to the Corporation, under lease, it shall be paid to the lessee thereof, but if such penalty be recovered for using horses, or discharging stones or similar cargo, upon wharf property not owned by the Corporation, it shall be paid to the owner thereof.

No. 8.—No sand shall be discharged from any vessel unless canvas or similar material be extended from the vessel's side to the bulkhead or wharf structure at which such vessel is being unladen, to prevent the falling of the sand into the water, and if the surface of any such wharf structure is not sufficiently tight to prevent the sand dumped thereon from going through into the water, then no sand shall be discharged thereon from any vessel, unless canvas or similar material be first laid thereon to receive the sand, under a penalty of twenty-five dollars for each offense, to be recovered from the owner, consignee, master or stevedore of any such vessel, severally and respectively; and if such penalty be recovered on account of sand discharged upon wharf property belonging to the Corporation, under lease, it shall be paid to the lessee thereof, but if such penalty be recovered on account of sand discharged upon wharf property not owned by the Corporation, it shall be paid to the owner thereof.

No. 9.—The owners, lessees and occupants of every pier, wharf and bulkhead in the City of New York shall keep the same in good repair, and the slips adjacent thereto properly dredged; and whenever, in the judgment of the Board, it shall be necessary so to do, written notices, signed by the President or Secretary of said Board, shall be served upon the owners, lessees or occupants, or collector of wharfage of any such pier, wharf or bulkhead, or the slip adjoining the same, on or in which repairs or dredging are required by said Board, specifying the nature and extent of the repairs or dredging so required, and the time within which such repairs must be made, or such dredging done; and in case the owners, lessees or occupants so notified, fail to comply with the terms and requirements of such notice, they shall forfeit and pay a penalty of fifty dollars per day for every day which shall elapse before they comply with such notice.

No. 10.—No ashes, refuse, offal, fruit, vegetables or any other substances, shall be thrown into the waters surrounding or adjacent to any pier or bulkhead, or any other part of the water-front of the city, under a penalty of twenty-five dollars for every such offense, to be recovered from the owner, lessee, or occupant, severally and respectively, of any pier, bulkhead, wharf structure, or other property, from which any such substance shall be thrown, or from the person actually throwing the same; or if any such substance be thrown from any vessel lying in waters within the jurisdiction of the Department, whether berthed or not, then such penalty to be recovered from the owner, consignee, or master of such vessel, severally and respectively.

No. 11.—No snow or ice shall be dumped into the waters adjacent to the water-front of the city, except from the piers, bulkheads and other places designated from time to time, by the Board, for such dumping, under a penalty of twenty-five dollars for each offense, to be recovered from the owner, lessee or occupant of any pier, bulkhead or other wharf property, from which any such snow and ice shall be dumped, or from the person actually dumping the same, severally and respectively.

No. 12.—All lumber, brick, or other material in bulk discharged on any bulkhead not shedded, shall be at once removed, or, if not so removed, shall be placed at least twenty feet from the edge of the bulkhead, pending removal, under a penalty of fifty dollars per day, for each and every day such lumber, brick, or other material shall remain on the bulkhead, to be recovered from the owner or consignee of such lumber, brick or other material, or from the person placing, or causing the same to be placed, on such bulkhead, severally and respectively.

No. 13.—The charges for wharfage and dockage of all vessels admitted to any of the piers or bulkheads constructed under the new plans adopted by the Department shall be at the same rates as are now, or shall hereafter be fixed and established by laws of this State, until otherwise ordered by the Board.

No. 14.—The term "Board," when used in the foregoing rules and regulations, shall be taken to mean "The Board of the Department of Docks of the City of New York," and the term "Corporation," when so used, shall be taken to mean "The Mayor, Aldermen and Commonalty of the City of New York."
