BOARD OF ARMORY COMMISSIONERS.

NEW YORK, October 7, 1892.

A meeting of the Armory Board was held this day, at 10.30 o'clock A.M., at the office of the Mayor.

Present—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, and Brigadier-General Louis Fitzgerald.

The minutes of the meeting of August 11 were read and approved.

The President of the Department of Taxes and Assessments presented an application and affidavit from P. Gallagher for payment to him of \$9,221.86 on account of his contract for the erection of the Seventy-first Regiment Armory, with the Architect's certificate that the work has been performed in accordance with the contract and specifications.

A report was received from the Clerk of the Works in regard to the delay on the part of the contractor with the prosecution of his work on the Seventy-first Regiment Armory.

The President of the Department of Taxes and Assessments stated that he had urged the contractor to hasten the work; that there was no report on file from the Architect in regard to the delay, and that the delay was an expense to the City in the matter of rent, and that he was unwilling to recommend the payment of any further estimates until information was received from the Architect and contractor explaining the cause of delay, and offered the following:

Whereas, The work as provided for under a contract with P. Gallagher, for the construction of a building to be used as an armory for the Seventy-first Regiment and Second Battery, is being delayed to the great inconvenience of these military organizations, and incurring additional expense to the City in the item of rent in providing temporary quarters for them, and inasmuch as there are no reports from the Architect relative to the failure of the contractor to proceed with this work;

Resolved, That the Architect be directed to report to this Board forthwith the cause of this delay; why he has failed reporting it, and what measures can be taken to compel the contractor to proceed with his work, and if he is unable to suggest such measures that the City may take steps to declare the contract abandoned and the work relet.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, and Brigadier-General Louis Fitzgerald.

A communication was received from Col. John T. Camp, of the Twenty-second Regiment, making requisition for improvements and additions to the new armory.

Which was laid over.

The application for final payment to J. P. Leo, for professional services as Architect, laid over at the last meeting, was called up. Debate was had thereon, whereupon General Fitzgerald offered the following:

Whereas, Simultaneously with this application for final payment to the Architect, and accepting the Twenty-second Regiment Armory as fully and satisfactorily completed, there is presented to this Board an application by the commanding officer of the regiment, for a large number of additions and alterations to the armory, and the question arises whether these additions and alterations are not really omissions;

Resolved, That the requisition this day received from the Colonel of the Twenty-second Regiment for work to be done to the armory of that regiment, be referred to the Clerk of the Works, with directions that he report in writing to this Board, whether the work as called for in said requisition should have been covered by the original specifications and contract for the erection of said armory, and included in the contract cost for the same, and if they were so necessary, why and for what reason they were omitted, with an estimate of their cost at this time.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, and Brigadier-General Louis Fitzgerald.

The Mayor stated that in accordance with the action of this Board, had on June 3, 1892, under authority of chapter 330 of the Laws of 1887, designating a site for an armory for the Sixty-ninth Regiment, fronting on Third avenue, between Sixth and Seventh streets, a copy of said action, together with a survey, map or plan, field notes and explanatory remarks, had been transmitted to the Commissioners of the Sinking Fund, with the request that the Commissioners of the Sinking Fund approve or disapprove the same, as by law provided.

That the subject was referred to the Comptroller for his consideration, as by law his approval is necessary. That at the last meeting of the Sinking Fund Commissioners the subject was taken up, the Comptroller recommending another site. A vote being taken upon the approval of the site recommended by this Board, it was defeated, lacking the affirmative vote of the Comptroller as necessary for approval.

Whereupon, the Commissioner of Public Works offered the following:

Whereas, Upon the application of the commandant of the Sixty-ninth Regiment this Board selected a site for an armory for said regiment, as shown and described by the map, field notes and explanatory remarks, adopted by the unanimous vote of this Board on June 3, 1892, and transmitted such map and field notes to the Sinking Fund Commissioners for approval, as by law provided;

Whereas, By failure to secure the necessary vote, that of the Comptroller being lacking, the site designated by this Board did not receive the approval, as by law necessary;

Resolved, That this Board adheres to its action of June 3, 1892, and reaffirms its judgment in the selection of the site as then designated as the most advantageous and desirable upon which to erect an armory for the Sixty-ninth Regiment, N. G., S. N. Y.

Which was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, and Brigadier-General Louis Fitzgerald.

On motion, adjourned, to meet Friday, October 14, at 10.30 A.M.

E. P. BARKER, Secretary.

BOARD OF ARMORY COMMISSIONERS,
NEW YORK, October 14, 1892.

A meeting of the Armory Board was held this day, at 10.30 A.M., at the office of the Mayor.

Present—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, and Brigadier-General Louis Fitzgerald.

The following communication was received.

NEW YORK CITY, October 13, 1892.

The Board of Armory Commissioners, New York City:

GENTLEMEN—I have received from your Secretary a copy of a resolution passed by you on the 7th of October, relative to the progress of the work upon the new Seventy-first Regiment Armory.

In answer I beg to say that the delay in the prosecution of the work has been caused by the loss of time made necessary by the change in the subletting of the contract for the granite, and I am glad to be able to report that, during the last week, a boat with four hundred tons of granite has arrived and been delivered at the site and that it is now being set in the building, another boat is on the way and still another boat is being loaded.

At the works of the iron contractors in Paterson, N. J., the work is being progressed day and night and nearly all of the large trusses for the battery drill-room are ready to be set in position.

I am, very respectfully, your obedient servant,

JOHN R. THOMAS, Architect.

The Architect appeared before the Board and made a statement regarding the delay in the work. He was notified that the Board would expect from him a compliance with the contract, directing him to make reports monthly regarding the progress of the work.

The President of the Department of Taxes and Assessments called up the estimate of the contractor for erecting the Seventy-first Regiment Armory, amounting to \$9,221.86 for work done, and laid over at the last meeting, and moved that inasmuch as the Architect reports that he has assurances that the work will now progress more rapidly, that the estimate of the contractor, laid over at the last meeting, be approved and ordered paid, and that the contractor be notified that unless the work progresses more rapidly than it has done during the past two months, that action will be taken to declare the contract abandoned and the work relet.

Which motion was adopted by the following vote:

Ayes—The Mayor, the President of the Department of Taxes and Assessments, the Commissioner of Public Works, and Brigadier-General Louis Fitzgerald.

The following communication was received from Captain Charles F. Roe, which was referred to the Committee on Plans:

TROOP "A," NATIONAL GUARD, S. N. Y.,
No. 136 WEST FIFTY-SIXTH STREET,
NEW YORK, October 14, 1892.

To the Armory Board:

Very respectfully, your obedient servant,

CHARLES F. ROE, Captain.

On motion, adjourned.

DEPARTMENT OF PUBLIC CHARITIES AND CORRECTION,
No. 66 Third Avenue,
NEW YORK, October 11, 1892.

TO CONTRACTORS.

MATERIALS AND WORK REQUIRED FOR CONSTRUCTING TWO BRICK PAVILIONS FOR THE NEW YORK CITY ASYLUM FOR THE INSANE ON WARD'S ISLAND.

(No. 22.)

SEALED BIDS OR ESTIMATES FOR THE aforesaid work and materials, in accordance with the specifications and plans, will be received at the office of the Department of Public Charities and Correction, No. 66 Third Avenue, in the City of New York, until Wednesday, October 26, 1892, until 10 o'clock A. M. The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for two Brick Pavilions for Insane Asylum, Ward's Island," and with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department and read.

THE BOARD OF PUBLIC CHARITIES AND CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 64, CHAPTER 410, LAWS OF 1882.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter,

as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, each in the penal amount of THIRTY-FIVE THOUSAND (\$35,000) DOLLARS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the supplies by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered is to be approved by the Comptroller of the City of New York.

No bid or estimate will be received or considered unless accompanied by either a certified check upon one of the State or National banks of the City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by the City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept, but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.

The forms of the contract, including specifications, and showing the manner of payment, can be obtained at the office of the Architect, Leopold Eidlitz, No. 150 Fifth avenue, New York City, and bidders are cautioned to examine each and all of their provisions carefully, as the Board of Public Charities and Correction will insist upon their absolute enforcement in every particular.

DEPARTMENT OF PUBLIC WORKS,
COMMISSIONER'S OFFICE,
NO. 31 CHAMBERS STREET,
NEW YORK, August 14, 1892.

TO OWNERS OF LANDS ORIGINALLY ACQUIRED BY WATER GRANTS.

ATTENTION IS CALLED TO THE RECENT act of the Legislature (chapter 449, Laws of 1889), which provides that whenever any streets or avenues in the city, described in any grant of land under water, from the Mayor, Aldermen and Commonalty containing covenants requiring the grantees and their successors to pave, repave, keep in repair or maintain such streets, shall be in need of repairs, pavement or repavement, the Common Council may, by ordinance, require the same to be paved, repaved or repaired, and the expense thereof to be assessed on the property benefited; and whenever the owner of a lot so assessed shall have paid the assessment levied for such paving, repaving or repairing, such payment shall release and discharge such owner from any and every covenant and obligation as to paving, repaving and repairing, contained in the water grant under which the premises are held, and no further assessment shall be imposed on such lot for paving, repaving or repairing such street or avenue, unless it shall be petitioned for by a majority of the owners of the property (who shall also be the owners of a majority of the property in frontage) on the line of the proposed improvement.

The act further provides that the owner of any such lot may notify the Commissioner of Public Works, in writing, specifying the ward number and street number of the lot that he desires, for himself, his heirs and assigns, to be released from the obligation of such covenants, and elects and agrees that said lot shall be thereupon liable to be assessed as above provided, and thereupon the owner of such lot, his heirs and assigns shall thenceforth be relieved from any obligation to pave, repair, uphold or maintain said street, and the lot in respect of which such notice was given shall be liable to assessment accordingly.

The Commissioner of Public Works desires to give the following explanation of the operation of this act: When notice, as above described, is given to the Commissioner of Public Works, the owner of the lot or lots therein described, and his heirs and assigns, are forever released from all obligation under the grant in respect to paving, repaving or repairing the street in front of or adjacent to said lot or lots, except one assessment for such paving, repaving or repairs, as the Common Council may, by ordinance, direct to be made thereafter.

No street or avenue within the limits of such grants can be paved, repaved or repaired until said work is authorized by ordinance of the Common Council, and when the owners of such lots desire their streets to be paved, repaved or repaired, they should state their desire and make their application to the Board of Aldermen and not to the Commissioner of Public Works, who has no authority in the matter until directed by ordinance of the Common Council to proceed with the pavement, repavement or repairs.
