On motion of Alderman Smith, further reading was dispensed with and the minutes were approved as printed.

MOTIONS, ORDINANCES AND RESOLUTIONS.

Alderman Dowling asked and obtained unanimous consent to introduce the following:

No. 2831.

Whereas, The mystery of the ages has been solved, and the search for the North Pole, that elusive goal of the nations, fraught with deeds of desperate daring, disappointment, disaster, during the past three centuries, has at last been crowned with success by the intrepidity, foresight and marvellous endurance of our fellow citizen, Frederick A. Cook, M.D., LL.D.

Resolved, That in recognition of this most admirable achievement, accomplished on April 21, 1908, which has already been enthusiastically acclaimed in other lands, where honors have been showered on the brave man who first planted the Stars and Stripes on “the roof of the world,” the Aldermen of The City of New York deem it proper to extend to the premier explorer of the twentieth century a public welcome in the form of a reception in the Aldermanic Chamber, which shall be memorable, marking a lofty civic sense of what is due to work well done and as an encouragement to such enterprise in others who may in like manner reflect glory on the City which is proud of such sons.

Resolved, That as a further mark of distinction and as a lasting token of our admiration for and pride in this scion of the Empire City, at the reception to be accorded him as herein determined, the freedom of The City of New York be conferred on Frederick A. Cook, together with a copy of this Preamble and Resolutions, suitably engrossed and duly authenticated by the autograph signatures of his Honor the Mayor, the President of the Board of Aldermen, the Board of Aldermen and the City Clerk.

Which was unanimously adopted.

MESSAGES FROM HIS HONOR THE MAYOR.

The President laid before the Board the following message from his Honor the Mayor:

No. 2832.

City of New York, Office of the Mayor.
September 22, 1909.

To the Honorable the Board of Aldermen of The City of New York:

Gentlemen—I desire to recall to the attention of your honorable Board the resolution of the Board of Estimate and Apportionment, passed July 2, 1909, in regard to the fixing of grades of a chief inspector and inspectors of taxicabs. I am informed that this resolution, immediately after its passage in the Board of Estimate and Apportionment, was transmitted to you for action.

I hope that your honorable Board will take this matter up and consider the same at your earliest convenience.

It is my duty to further suggest to your honorable Board that when you decide on the number of taxicab inspectors you also take up the question of providing means for me to pay their salaries and necessary expenses until the 1st of January, 1910.

I further desire to call to your attention the necessity of some action in regard to inspectors of dancing academies.

I furthermore recall to your attention my letter to your honorable Board, dated May 10, 1909, transmitting my veto message forwarded to the Governor, on Senate bill, printed No. 1042, int. No. 854, entitled:

“An act to amend the Greater New York charter in relation to regulating the sale in the public streets of the City of New York of tickets of admission to places of amusement.”

You will remember that in the last paragraph of my veto message on this Senate bill I stated that the Board of Aldermen was entirely capable of handling the situation, and that action would be taken by the Board to meet the existing difficulties.

I hope that this question also will be taken up very soon by you.

Respectfully,

GEO. B. McCLELLAN, Mayor.

Which was referred to the Committees on Salaries and Offices and Laws and Legislation.

PETITIONS AND COMMUNICATIONS.

No. 2833.

Twenty-eighth Ward Taxpayers' Protective Association,
Brooklyn, N. Y., September 20, 1909.

Board of Aldermen, New York:

Gentlemen—Enclosed herewith please find resolution adopted at our last meeting. We sincerely hope that you will look into this matter, and grant our request for the people in Greater New York.

Thanking you in advance, and hoping to hear from you favorably, I remain,
Yours very truly,

J. A. ESTRUP, Secretary.

Whereas, It has come to our notice that the proprietors of bathing pavilions at Coney Island have during the latter part of the past summer charged exorbitant rates, which action we deem to have been unreasonable and unfair to the general public; and

Whereas, We believe that the Board of Aldermen of The City of New York and other proper City officials should do all in their power to provide proper relief against such further imposition in the future, and that a large public bath should be erected at the expense of The City of New York upon its property at Coney Island; therefore be it

Resolved, That the Twenty-eighth Ward Taxpayers' Protective Association does hereby favor, approve and endorse any and all proper and reasonable action now taken or to be hereafter taken by our public officials seeking and tending to provide and maintain a public bath at Coney Island in the immediate future for use next summer, and further that our Secretary be and he hereby is instructed to forward a copy of this resolution to the Mayor of The City of New York, Board of Aldermen and Board of Estimate and Apportionment.

Which was referred to the Committee on Affairs of Boroughs.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from the President, Borough of Richmond:

No. 2834.

Local Board, Staten Island District,
Borough Hall, New Brighton,
New York City, September 21, 1909.

P. J. SCULLY, Esq., Clerk, Board of Aldermen, City Hall, New York City:

Dear Sir—I beg to enclose herewith copy of resolution adopted by the Local Board of the Staten Island District on the 14th inst., recommending to your Board the changing of the name of the street heretofore known as Sarah Ann street, extending from Richmond turnpike to Washington street, and Richmond road, extending from William street to Vanderbilt avenue, in this Borough, to Van Duzer street.

Yours very truly,

MAYBURY FLEMING, Secretary.

Resolved, That the Local Board of the Staten Island District recommends to the Board of Aldermen of The City of New York that the name of the street heretofore known as Sarah Ann street, extending from Richmond turnpike to Washington street, and Richmond road, extending from William street to Vanderbilt avenue, in the Borough of Richmond, be changed to the name of Van Duzer street, so as to make said Van Duzer street continuous from Richmond turnpike to Vanderbilt avenue, and perpetuate an historic name.

Adopted by the Local Board of the Staten Island District on the 14th day of September, 1909. Alderman Collins, Alderman Rendt, Alderman Cole and President Cromwell being present and voting in favor thereof.

Attest:

Maybury Fleming, Secretary.

Approved this 21st day of September, 1909.

GEORGE CROMWELL, President of the Borough of Richmond.

Which was referred to the Committee on Streets, Highways and Sewers.

The President laid before the Board the following communication from the Board of Estimate and Apportionment:

No. 2835.

Board of Estimate and Apportionment,
Office of the Chief Engineer, No. 277 Broadway,
September 17, 1909.

Hon. PATRICK F. MCGOWAN, President of the Board of Aldermen:

Sir—His Honor the Mayor having instructed me to conduct a series of tests of cinder concrete and other fireproofing materials to determine not only their strength, but their fire-resisting qualities, I applied to the Board of Estimate and Apportionment for an appropriation of \$30,000 to cover the expense of these tests. The matter was presented to the Board at the meeting held on this date, but it seemed to be the opinion of the Board, that, although it was hoped that the information obtained would be of permanent value, there was some doubt as to the propriety of an issue of Corporate Stock to meet the expense, and it was suggested that the necessary funds should be raised by an issue of Special Revenue Bonds.

Under these circumstances I have prepared a resolution recommending such an issue of Special Revenue Bonds, and if you can consistently do so, I beg to ask if you will not have this resolution presented to the Board of Aldermen at its next meeting.

Respectfully,

NELSON P. LEWIS, Chief Engineer.

Resolved, That, in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue Special Revenue Bonds to the amount of thirty thousand dollars (\$30,000) to meet the expenses of tests of cinder concrete and other fire-resisting materials, such tests to be conducted under the supervision of the Chief Engineer of the Board of Estimate and Apportionment in accordance with instructions of his Honor the Mayor.

Which was referred to the Committee on Finance.

CORPORATION SALE OF BUILDINGS AND APPURTENANCES THERETO ON CITY REAL ESTATE BY SEALED BIDS.

AT THE REQUEST OF THE PRESIDENT of the Borough of Brooklyn, public notice is hereby given that the Commissioners of the Sinking Fund, by virtue of the powers vested in them by law, will offer for sale by sealed bids all the buildings, parts of buildings, etc., standing upon property owned by The City of New York, acquired by it for street opening purposes, in the

Borough of Brooklyn.

Being all the buildings, parts of buildings, etc., standing within the lines of Brooklyn avenue, between Linden avenue and Church avenue, all of which are more particularly described on a certain map on file in the office of the Collector of City Revenue, Department of Finance, Room 141, No. 280 Broadway, Borough of Manhattan.

Pursuant to a resolution of the Commissioners of the Sinking Fund, adopted at a meeting held June 23, 1909, the sale by sealed bids of the above-described buildings and appurtenances thereto will be held by direction of the Comptroller on

FRIDAY, OCTOBER 8, 1909,

at 11 a. m., in lots and parcels and in the manner and form as follows:

Parcel No. 1. Two-story frame house and out-house and fences.
Sealed bids (blank forms of which may be obtained upon application) will be received by the Comptroller at the office of the Collector of City Revenue, Room 141, No. 280 Broadway, Borough of Manhattan, until 11 a. m. on October 8, 1909, and then publicly opened for the sale for removal of the above-described buildings and appurtenances thereto, and the award will be made to the highest bidder within twenty-four hours, or as soon as possible thereafter.

Each and every bid must be accompanied by a deposit of cash or certified check in a sum equal to 25 per cent. of the amount of the bid, except that a minimum deposit of \$50 will be required with all bids.

Deposits of unsuccessful bidders will be returned within twenty-four hours after successful bidders have paid purchase price in full and given security, and those of successful bidders may be declared forfeited to The City of New York by the Comptroller upon the failure of the successful bidder to further comply with the requirements of the terms and conditions of the sale as set forth hereinafter.

The successful bidder will be required to pay the purchase money and deposit the required security within twenty-four hours of the receipt of notification of the acceptance of his bid.
The Comptroller reserves the right to reject any and all bids and to waive any defect or informalities in any bid, should it be deemed in the interest of the City to do so.

All bids must state clearly (1) the amount of the bid, (2) the full name and address of the bidder.

All bids must be inclosed in properly sealed envelopes marked "Proposals to be opened October 8, 1909," and must be delivered or mailed in time for their delivery prior to 11 a. m. of that date to the Collector of City Revenue, Room 141, No. 280 Broadway, New York City, from whom any further particulars regard-

ing the buildings to be disposed of may be obtained.

The buildings will be sold, for removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of fifty dollars the sum of fifty dollars shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the sidewalk and curb in front of said buildings, extending within the described area and down to the level of the cellar bottom, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point; also the foundation walls of all classes shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Brooklyn, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls, are to be taken down and removed. The walls shall be made permanently self-supporting, beam-holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of The City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That, while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

H. A. METZ, Comptroller.
City of New York, Department of Finance, Comptroller's Office, September 21, 1909.

The buildings will be sold for immediate removal only, subject to the following

TERMS AND CONDITIONS.

The buildings and appurtenances thereto will be sold to the highest bidder, who must pay cash or a certified check drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of \$50, the sum of \$50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings or their appurtenances between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings extending within the described area, shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than 2 feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.

The purchaser at the sale shall also withdraw and remove all abandoned water taps and old service mains, and in place thereof cause to be inserted a brass plug in the main water pipe in the street, in compliance with the rules and regulations of the Department of Water Supply, Gas and Electricity, and furnish the Department of Finance with a certificate from the Department of Water Supply, Gas and Electricity that this has been performed.

The purchaser at the sale shall also remove all house sewer connections to the main sewer in the street, and the opening of the main sewer in street shall be properly closed in compliance with the directions of the Bureau of Sewers, Borough of Manhattan, and furnish the Department of Finance with a certificate from the Bureau of Sewers that the work has been properly performed.

The permit for all opening in the street to be obtained by and at the expense of the purchaser of the building.

Failure to remove said buildings, appurtenances or any part thereof within thirty days from the day of possession will work forfeiture of ownership of such buildings, appurtenances, or portion as shall then be left standing, together with all moneys paid by said purchaser on account thereof at the time of the sale, and the bidder's assent to the above conditions being understood to be implied by the act of bidding, and The City of New York will, without notice to the purchaser, cause the same to be removed, and the costs and expense thereof charged against the security above mentioned.

The work of removal must be carried on in every respect in a thorough and workmanlike manner, and must be completed within thirty days from the day of possession, and the successful bidder will provide and furnish all materials of labor and machinery necessary thereto, and will place proper and sufficient guards and fences and warning signs by day and night for the prevention of accidents, and will indemnify and save harmless The City of New York, its officers, agents and servants, and each of them, against any and all suits and actions, claims and demands of every name and description brought against it, them or any of them, and against and from all damage and costs to which it, they or any of them be put by reason of injury to the person or property of another, resulting from negligence or carelessness in the performance of the work, or in guarding the same, or from any improper or defective materials or machinery, implements or appliances used in the removal of said buildings.

Where party walls are found to exist between buildings purchased by different bidders, the materials of said party walls shall be understood to be equally divided between the separate purchasers.

Party walls and fences, when existing against adjacent property not sold, shall not be taken down. All furrings, plaster, chimneys, projecting brick, etc., on the faces of such party walls are to be taken down and removed. The walls shall be made permanently self-supporting, blem holes, etc., bricked up, and the wall pointed and made to exclude wind and rain and present a clean exterior. The roofs of adjacent buildings shall be properly flashed and painted and made watertight where they have been disturbed by the operations of the contractor.

The Comptroller of the City of New York reserves the right on the day of sale to withdraw from sale any of the buildings, parts of buildings and machinery included therein, or to reject any and all bids; and it is further

Resolved, That while the said sale is held under the supervision of the Commissioners of the Sinking Fund, the Comptroller is authorized to cause the sale to be advertised and to direct the sale thereof as financial officer of the City.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
