No. 3629.

The United Civic Associations, Borough of Queens, New York City, May 24, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, City Hall, New York City:

Dear Sir—At our regular meeting, on the 23d inst., the secretary was directed to write you that the United Civic Association of Queens are opposed to the proposed new Building Code, and to request that a day be set to give a Committee of Citizens of Queens an opportunity to present their objections to the proposed measure; also that Messrs. Ross F. Tucker, Jas. J. O'Brien and Elmer DeCamp were appointed a Committee to represent the United Civic Association before your Board.

Very truly yours, JOHN L. STREEVER, Secretary.

No. 3630.

Wait & Foster, Attorneys and Counsellors at Law, 38 Park row, New York, June 1, 1911.

Hon. President, Board of Aldermen, City Hall, City of New York:

Dear Sir—Knowing as you do that I am deeply interested in the concrete industry, and especially in reinforced concrete, I beg to bring to your attention certain proposed amendments to the proposed new Building Code now before the Board of Aldermen, as follows:

Under chapter 9, section 28, I proposed that there be inserted after "exclusive of plastering" the following: "Such partitions to be solid, and constructed either of brick or reinforced concrete, or to be hollow partitions constructed of metal lath applied to metal studding, plastered or hollow terra cotta or approved composition blocks."

Section 29, paragraph 1, after "partition of brick," insert "partition constructed of metal studding covered with metal lath and plaster."

Section 30, paragraph 1, after "walls of brick," insert "same as above."

Section 116, paragraph 12, for "one pound per square foot of floor area" substitute "3-10 pound per square foot of floor area." (Note—This requirement of 3-10 pound per square foot has been acceptable to the City, Ordinances and Building Department for many years, and has been approved after thorough tests.)

Section 116, paragraph 13, omit remainder of paragraph after the words "openings smaller than six square inches."

Section 116, paragraph 14, change "7-10 of one inch" to "5-10 of one inch;" also changed "4½-inch slab" to read "4-inch slab."

Section 116, paragraph 18, add to this paragraph "recticulated or meshed steel of weight of 2-10 pound per square foot."

Section 120, paragraph 1, height of metal lath and plaster partitions 2 inches thick is limited to twelve feet. This should be increased to sixteen feet.

To builders, contractors and men familiar with reinforced concrete construction the justice and merit of these criticisms will be understood. They are in accordance with what has been good practice in the past, and nothing has occurred, no failures reported and no conditions presented that would warrant the radical changes which are proposed in this new Building Code.

To one familiar with the work it is apparent that some influences are at work not in sympathy with reinforced concrete construction, or that the Code has been framed by people and interests not thoroughly conversant with the best practice in reinforced concrete construction.

The interests that I represent demand that the above changes be effected in substance, and I respectfully request your consideration of these matters in connection with the proposed new Building Code. Respectfully yours, JOHN C. WAIT.

Which were severally referred to the Committee on Buildings.

COMMUNICATIONS FROM CITY, COUNTY AND BOROUGH OFFICERS.

The President laid before the Board the following communication from Acting Chief of the Bureau of Licenses:

No. 3631.

Mayor's Office, Bureau of Licenses, City Hall, New York, May 23, 1911.
To the Honorable Board of Aldermen, City Hall, New York, N. Y.:

Gentlemen—I respectfully request that special revenue bonds be issued in the amount of $700 to pay the salary of a Stenographer-Typewriter in this Bureau from June 1 to December 31, 1911. The position was recently established by the Board of Estimate and Apportionment and the Board of Aldermen, but the money to pay the salary has not been appropriated.

At the present time we are employing a temporary Stenographer, whom we are paying out of the Contingency Fund. Under the Civil Service rules we cannot retain him after June 1 of this year.

Will you kindly take the necessary action to authorize the issuance of special revenue bonds to pay the salary of a regularly appointed man from the Civil Service list.

Respectfully, W. B. F. ROGERS, Deputy and Acting Chief.

The work of the Board of Estimate and Apportionment has greatly increased in the last few years. This, with the increased responsibilities devolving upon the staff of the Board, seem to justify the additional grades and salary increases.

WM. A. PRENDERGAST, Comptroller; GEORGE McANENY, President, Borough of Manhattan; ALFRED E. STEERS, President, Borough of Brooklyn; Committee on Standardization of Salaries and Grades.

The President of the Board of Aldermen moved as an amendment that the salary of the position of Engineer in Charge of the Division of Franchises be fixed at $7,500 per annum instead of $7,000 per annum as recommended in the report, that the request to the Board of Aldermen for an authorization of special revenue bonds be increased accordingly, and that the Secretary be authorized to request the Board of Aldermen for an issue of special revenue bonds in the sum of $8,044.20 instead of $7,752.50, which amendment was accepted.

The work of the Board of Estimate and Apportionment has greatly increased in the last few years. This, with the increased responsibilities devolving upon the staff of the Board, seem to justify the additional grades and salary increases.

We recommend the adoption of the attached resoutions recommending the establishment and requesting the Board of Aldermen to approve of $7,752.50 in special revenue bonds. Respectfully,

WM. A. PRENDERGAST, Comptroller; George McANENY, President, Borough of Manhattan; ALFRED E. STEERS, President, Borough of Brooklyn; Committee on Standardization of Salaries and Grades.

Board of Estimate and Apportionment, City of New York.

The following is an extract of minutes of meeting held May 25, 1911, relative to the establishment of various grades of positions in the office, Board of Estimate and Apportionment, and an issue of special revenue bonds to provide the necessary means for making various increases in said positions and other positions in the office of the said Board:

"The President of the Board of Aldermen moved as an amendment that the salary of the position of Engineer in Charge of the Division of Franchises be fixed at $7,500 per annum, instead of $7,000 per annum, as recommended in the report; that the request to the Board of Aldermen for an authorization of special revenue bonds be increased accordingly; that the Secretary be authorized to request the Board of Aldermen for an issue of special revenue bonds in the sum of $8,044.20, instead of $7,752.50, which amendment was accepted."

No. 3636.

Whereas, The Board of Estimate and Apportionment, at a meeting held May 25, 1911, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the office of the Clerk of the position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 5, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—In reference to a resolution of the Board of Aldermen on April 11, 1911, requesting a change in title from Messenger to Custodian of Records for Francis W. Weeks, employed in the Brooklyn office of the City Clerk, we report as follows:

Mr. Weeks was appointed as a Messenger, at $1,000 per annum, on May 1, 1876, in the old City of Brooklyn. At consolidation he was transferred at $1,200 per annum. In January, 1910, his compensation was increased to $1,350 per annum, the present rate. The City Clerk states that Mr. Weeks is in charge of all the records in the Brooklyn office, and that the proposed title is to conform to his work. No change in compensation is involved.

To comply with the request, establishment, pursuant to the provisions of section 56 of the Greater New York Charter, is necessary.

We recommend the adoption of the attached resolution approving of establishment for the requested title, at the present rate of compensation.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

The President laid before the Board the following communications from the Commissioner of Public Charities:

No. 3638.

Department of Public Charities of The City of New York, Foot of East 26th st., June 5, 1911.

To the Honorable, The Board of Aldermen:

Gentlemen—We would respectfully request that special revenue bonds to the amount of three thousand eight hundred dollars ($3,800), be issued to pay the salaries of the following additional help from July 1, 1911, at the Children's Bureau in Brooklyn, so that the efficiency of the Department may be increased:

First—By a proper supervision and control of reinvestigation work, which would effect a material decrease in the number of children who are public charges.

Second—A careful and systematized "follow-up" of delinquent payers would result in an increase of money received in partial support of committed children.

The Commissioners of Accounts, in reporting on the system as installed by them in October, 1910, state as follows:

"While our examination has not as yet been completed, it is already apparent that one of the chief causes of the chaotic condition found to exist is the lack of an adequate clerical force to keep the work up to date."

This application is to supply the adequate force as mentioned by the Commissioners of Accounts and is as follows:

Superintendent, 1 at the rate of $2,400 per annum instead of 1 Clerk (Acting Superintendent), at $1,800 per annum (increase for six months)..	$300 00
Stenographer and Typewriter, 1 at $600 per annum	300 00
Clerk, 1 at the rate of $600 per annum.....	300 00
Cashier, 1 at the rate of $1,000 per annum	500 00
Examiners of Charitable Institutions, 4 at the rate of $1,200 per annum, each	2,400 00
Total	$3,800 00

Respectfully yours, M. J. DRUMMOND, Commissioner.

To the Honorable, The Board of Aldermen:

Gentlemen—We would respectfully request that special revenue bonds to the amount of seven hundred and fifty dollars ($750) be issued to pay the salaries of two (2) Trained Nurses, at the rate of $750 per annum each, from July 1, at the Metropolitan Hospital, Blackwells Island; these Nurses to do "follow-up" work in the way of ascertaining facts about the home life of patients in the hospital, in order to supplement the medical treatment that they receive while in the hospital.

I might add that there is sufficient money in the $50,000 appropriated by the Board of Estimate and Apportionment for additional salaries for employees of this Department for the year 1911 to pay for these Nurses, if the accruals can be used for said purposes. Respectfully yours,

M. J. DRUMMOND, Commissioner.

The President laid before the Board the following communication from the Clerk of the Court of Special Sessions:

No. 3640.

Court of Special Sessions of the City of New York, Office of the Chief Clerk, Criminal Courts Building, Corner Franklin and Centre Sts., New York, June 2, 1911.

To Honorables, Board of Aldermen of The City of New York:

Dear Sirs—In a resolution adopted by your honorable Board on April 18, wherein you authorized the issuance of $2,500 of special revenue bonds for the purpose of furnishing, equipping and making alterations in the new offices of the Probation Department, in the Ashland Building, 24th st. and 4th ave., which is a branch of this Court, it is provided that the proceeds of the bonds should be used by the President of the Borough of Manhattan.

Now inasmuch as the request was originally made by this Court, and we desire to furnish and equip the offices ourselves, and I am sure that there has been some error, I will ask your honorable Board to amend that resolution by striking out "the proceeds whereof to be used by the President, Borough of Manhattan," and insert instead "the proceeds whereof to be used by the Court of Special Sessions."

Respectfully, FRANK W. SMITH, Chief Clerk.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Corporation Counsel:

No. 3641.

Law Department, Office of the Corporation Counsel, New York, June 5, 1911.

To the Honorable, The Board of Aldermen:

Sirs—I feel that the City should take an active part in the litigation now pending between The City of New York and the Passaic Valley Sewerage Commissioners in the Supreme Court of the United States, in which a Commissioner has just been appointed for the taking of testimony. In order that such action may be taken by this office, it is desirable that I should retain special counsel, especially experienced in the sanitary and scientific questions involved, to aid the Assistant in my Department whom I have assigned to the case, and that I should employ competent experts to testify in behalf of the City.

I respectfully ask, therefore, for an issue of special revenue bonds in the sum of $5,000 to defray the expenses in connection with this litigation, and I request that in accordance with the provisions of paragraph 8 of section 188 of the Charter, your Board take the necessary action. Respectfully,

ARCHIBALD R. WATSON, Corporation Counsel.

The President laid before the Board the following communications from the President, Borough of Richmond:

No. 3642.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, June 2, 1911.

Board of Aldermen, City Hall, New York:

Gentlemen—We would ask that special revenue bonds in the amount of $5,000 be authorized for the work we are now organizing, that of locating, recording and mapping subsurface structures. Our organization for this work would be approximately as follows, aggregating $10,000 per annum:

1 Draftsman at $1,800	$1,800 00
1 Draftsman at $1,500	1,500 00
1/2 Draftsman at $1,650	825 00
1 Transitman at $1,500.....	1,500 00
1 Laborer at $900.....	900 00
1/12 Field Party, at $7,650	840 00
1/6 Field Party at $6,350	1,060 00
1/6 Supervising Engineer, at $2,700	450 00
1/10 Supervising Draftsman at $2,000	200 00
Filing cases, supplies and contingencies, at $925	925 00
Total	$10,000 00

We shall ask that appropriation be granted in the Departmental Budget for 1912 for carrying on the work during that year, but we wish to start our Bureau in full action on July 1 of this year, and as no appropriation has been made for this purpose, nor have we moneys that can be transferred to it, we have to ask for this special issue for this year. Yours very truly,

GEORGE CROMWELL, President of the Borough, by Louis L. Tribus.

No. 3643.

The City of New York, Office of the President of the Borough of Richmond, Borough Hall, New Brighton, New York City, June 2, 1911.

Board of Aldermen, City Hall, New York City:

Gentlemen—We would ask for an issue of special revenue bonds in the sum of $6,000, with which to purchase four horse-drawn street flushing machines for the use of our Bureau of Street Cleaning.

These machines would be so arranged that we could use either fresh or salt water, preferably fresh water; but in case of shortage in supply of fresh water, salt water could be used instead.

Due to the dust raising, we have had to dispense with machine street sweeping, and the hand brooms in constant service do not as thoroughly clean the streets from offensive materials as is desired, particularly during the hot season.

Flushing by machine, following sweeping, will cleanse and remove street material which otherwise would remain in place. Our sewers also are so guarded with catch basins that practically no disadvantage would follow, or choking of the sewers.

With these facts before you we would ask for the bond issue as noted.

Yours respectfully, GEORGE CROMWELL, President of the Borough.

Riis Neighborhood Settlement and the Little Mothers' Aid Association.

I also transmit, for the information of the Board of Aldermen, copy of communication from Mr. Jacob A. Riis, president of the Jacob A. Riis Neighborhood Settlement, relative thereto. Yours very truly, JOSEPH HAAG, Secretary.

Resolved, That the Board of Estimate and Apportionment hereby requests the Board of Aldermen to recommend to the Board of Estimate and Apportionment the authorization of an issue of six hundred dollars ($600) special revenue bonds, pursuant to the provisions of subdivision 8 of section 188 of the Greater New York Charter, to provide means for the erection of fire escapes by the Department of Parks, Borough of The Bronx, on the buildings in Pelham Bay Park occupied as summer houses by the Jacob A. Riis Neighborhood Settlement and the Little Mothers' Aid Association.

A true copy of resolution adopted by the Board of Estimate and Apportionment June 1, 1911. JOSEPH HAAG, Secretary.

The Jacob A. Riis Neighborhood Settlement, 48 and 50 Henry St., New York, May 29, 1911.

Hon. WILLIAM J. GAYNOR, Mayor, Chairman of the Board of Estimate and Apportionment:

Dear Sir—The Jacob A. Riis Settlement, of which I am the president, is a tenant of the Park Department, occupying the house on Twin Island in Pelham Bay Park as a summer vacation house for our mothers and children. We have just been served with notice that the Department of Buildings demands that fire escapes be put on the house, and we will be unable to occupy it this summer unless the order is obeyed. Under our lease we make repairs and are at this moment expending over $400 on the house; but fire escapes are not repairs, nor is there any claim to that effect by the Park Department, only regrets that there is no money appropriated for that purpose.

We cannot afford to put up these fire escapes. The cost, according to an estimate made by the Department of Buildings to Mr. Higgins, will be about $450, and we have not the money Much less can we, or The City of New York, afford to let the five hundred mothers and children whom we send there from the tenements of the lower East Side in July and August be debarred from this, their only, escape from the hot streets in a bad season. It will be a case of life or death to some of them.

Hence I respectfully ask in their behalf that the Board of Estimate and Apportionment will authorize at once the expenditure by the Department of Parks of The Bronx, for the purpose of building fire escapes on the Twin Island house, the sum of $450, or as much of that sum as shall be needed. I ask this with the knowledge of the Department of Parks, and in this perhaps unusual way, in order that the emergency may be made clear to the Board. In three weeks our parties should begin to go up to Twin Island. Sincerely yours, (Signed) JACOB A. RIIS.

In connection therewith we report as follows:

Mr. Miller was appointed on May 1, 1904, as a Hospital Clerk at $780 per annum. On July 1, 1906, he was increased to $900 and on January 1, 1910, to the present rate. Whereas, The Board of Estimate and Apportionment at a meeting held June 1, 1911, adopted the following resolution:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Armory Board of the grade of position, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Secretary	$4,500 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salary of said position as set forth therein.

Department of Finance, City of New York, Bureau of Municipal Investigation and Statistics, May 9, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—In reference to a request of the Secretary of the Armory Board for the establishment in the Board, pursuant to the provisions of section 56 of the Greater New York Charter, of the grade of Secretary at $4,500 per annum, we report as follows:

The position of Secretary at $2,500, the present rate, was established in 1902. Six new armories have since been built and three have been enlarged. At present, the Second Battery Armory is nearing completion; the Twenty-second Regiment Engineers Armory is in course of construction, and a new armory for the Eighth Artillery District in The Bronx is under consideration. The increase in armories has added largely to the duties of the Secretary.

In connection with the Twenty-second Armory, the Secretary is preparing drawings and specifications for the necessary furnishings and finishings, thereby saving the five per cent. commission formerly paid the architect for such work. This plan is to be followed in future, wherever possible. Work for the standardization of coal has been done by the Secretary, with the result that it is estimated about $7,000 will be saved this year in the fuel cost for the armories. In addition, the Secretary now has taken up the matter of sundry supplies, with a view to standardization.

Repair work in the armories now is done under the supervision of the Secretary, at a material saving to the City. The voucher and office work, it is stated, has increased by about 60 per cent. since the present grade was established, while Budget appropriations for repairs and supplies have grown from $96,477.98 in 1902 to $173,523 in 1911. In addition, approximately $1,000,000 in corporate stock is expended each year under the supervision of the Secretary.

The present incumbent has held elective positions in the City and County governments at salaries greatly in excess of the proposed rate, and has demonstrated superior administrative and executive ability.

We recommend the adoption of the attached resolution granting the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; JOHN PURROY MITCHEL, President, Board of Aldermen; Select Committee.

Whereas, The Board of Estimate and Apportionment at a meeting held June 1, 1911, adopted by the following resolution:

Resolved, That the Board of Estimate and Apportionment, pursuant to the provisions of section 56 of the Greater New York Charter, hereby recommends to the Board of Aldermen the establishment in the Department of Bellevue and Allied Hospitals of the grades of positions, in addition to those heretofore established, as follows:

Title.	Rate Per Annum.	Number of Incumbents.
Resident Obstetrician	$1,200 00	1
Resident Obstetrician	900 00	1

Resolved, That the Board of Aldermen hereby approves of and concurs in the above resolution and fixes the salaries of said position as set forth therein.

Department of Fiannce, City of New York, Bureau of Municipal Investigation and Statistics, May 29, 1911.

To the Board of Estimate and Apportionment:

Gentlemen—On April 19, 1911, the Board of Trustees of Bellevue and Allied Hospitals requested the establishment, pursuant to the provisions of section 56 of the Greater New York Charter of the grades of positions of Resident Obstetrician, at $1,200 per annum, and Resident Obstetrician at $900 per annum. In connection therewith we report as follows:

The Board of Trustees has planned to open a school for midwives in the old Emergency Hospital, 223 E. 26th st. The school will take patients and will be in charge of the two Obstetricians for whom the grades are requested. Patients also will be attended in their homes by an Obstetrician, accompanied by a pupil midwife.

The Board of Trustees states the following:

In 1910 over 52,000 births in The City of New York were attended by midwives. The great majority of these midwives are ignorant and uncleanly, many of them being unable to read or write. From 25 to 40 per cent. of the babies born under their care suffer from ophthalmia. The Board of Health has obtained adequate power to regulate and control the practice of midwives, but there is no place in New York City, nor anywhere in the country, where they can be properly trained. In all the countries of Europe there have been for many years hospital schools for the training of midwives.

We recommend the adoption of the attached resolution approving the request.

Respectfully,

WM. A. PRENDERGAST, Comptroller; FRANCIS P. BENT, Acting President, Board of Aldermen; Select Committee.

The President laid before the Board the following communication from the Public Service Commission:

No. 3650.

State of New York, Public Service Commission for the First District, Tribune Building, 154 Nassau st., New York, June 2, 1911.

P. J. SCULLY, Clerk to the Board of Aldermen, City Hall, New York City:

Dear Sir—I beg to acknowledge receipt of a copy of resolution adopted by the Board of Aldermen April 25, 1911, requesting the Public Service Commission to require the Metropolitan Street Railway Company to switch the cars of its Broadway-Amsterdam Avenue Line on Amsterdam ave., or near the corner of Amsterdam ave. and 125th st., and to discontinue the use of 125th st. at said point as a switching and storage place for these cars.

A thorough investigation was made of the method of operating at that point. During the numerous periods of observation, no storing was seen and no unnecessary noise was heard. On May 3, at 9 p. m., two northbound cars arrived at 125th st. and Amsterdam ave., while two cars were still in 125th st., and one had just been sent out. These two cars were held on Amsterdam ave. until the two at the crossover were sent out. This group of five cars was the greatest number collected at any one time, and the period was only a very few minutes. Our Transportation Engineer makes the following statement covering the matter:

"The stretch of track on 125th st. between Amsterdam ave. and Broadway is a constituent part of the Broadway-Amsterdam Avenue Line of the Metropolitan Street Railway Company.

"The upper terminal point of this line is at Broadway and 125th st. The cars are therefore required to traverse 125th st. From our Inspector's investigation, it appears that he was unable to confirm the statement of the alleged storing of cars.

"During certain hours of the day, a few cars may be on 'stand time' on the tracks near Broadway. This is probably what has been designated as storing of cars. Such condition, of course, is essential for the operation of the line, and cannot reasonably be complained of.

"What is desired, apparently, is to transfer the terminal of this line from 125th st. and Broadway to 125th st. and Amsterdam ave., thus simply changing the switching point from one point to another and in effect shortening the route.

"Our investigation does not seem to justify any such action."

Very truly yours, TRAVIS H. WHITNEY, Secretary.

Which was ordered on file.

The President laid before the Board the following communication from the Comptroller:

No. 3651.

City of New York, Department of Finance, Comptroller's Office, June 5, 1911.

To the Honorable, the Board of Aldermen:

Gentlemen—Section 900 of the amended Greater New York Charter provides as follows: "It shall be the duty of the Comptroller of said City to prepare and submit to the Board of Aldermen, at least four weeks before its annual meeting in each and every year, for the purposes of imposing the annual taxes, a statement setting forth the amounts by law authorized to be raised by tax in that year, on account of the Corporation of The City of New York, as hereby constituted, or for City purposes within said City as created by this act, and purposes for which said City is liable, and on account of the Counties of New York, Kings, Queens and Richmond, and also an estimate of the probable amount of receipts into the City Treasury during the then current year from all sources of revenue of the general funds, including surplus revenue from the Sinking Funds of the Mayor, Aldermen and Commonalty of The City of New York and of any of the municipal and public corporations, or parts of municipal and public corporations by this act consolidated with the municipal corporation known as the Mayor, Aldermen and Commonalty of The City of New York, other than the surplus of revenues of any such Sinking Funds for the payment of interest on the City Debt of the municipal corporation known as the Mayor, Aldermen and Commonalty of The City of New York, or the like debts of the municipal and public corporations by this act consolidated as aforesaid, and the said Board of Aldermen is hereby authorized and directed to deduct the total amount of such estimated receipts from the aggregate amount of all the various sums which by law they are required to order and caused to be raised by tax in said year, for the purposes aforesaid, and to cause to be raised by tax only the balance of such aggregate amount after making such deductions."

County officers and the other County charges and expenses in the Counties of New York, Kings, Queens and Richmond, respectively, and the Board of Aldermen is hereby authorized and directed to levy upon and collect from the taxable property within each of said Counties, respectively, the sum or sums so necessary to be raised to pay the salaries of County officers and other County charges and expenses of such County; to the end that each of said Counties shall ultimately bear and pay all expenses necessary to be incurred within the County for County as distinguished from City purposes."

THE CITY OF NEW YORK.

FOR CHARITABLE INSTITUTIONS.

CONDITIONS GOVERNING PAYMENTS TO CHARITABLE INSTITUTIONS.

The appropriations in this Budget are made subject to the following conditions, and acceptance of moneys by an institution shall be an acceptance of such conditions:

1. The accounts and records of all charitable institutions receiving public moneys shall be so kept as to show receipts from all sources, all expenditures, population, addresses of parents, guardian or nearest relatives of inmates and such other information as shall be designed to facilitate inquiry into their financial inability to make provision for dependents in the institution, and shall be in such form as shall be satisfactory to the Comptroller.

2. Moneys received from the City Treasury shall be used by such institutions for recurring expenses of "care, support, education and maintenance."

3. All institutions receiving public moneys and all their books of record and accounts relating to all funds and from whatsoever source received shall at all reasonable times be open to the visitation, inspection and examination of duly authorized representatives of the Department of Finance, and at all proper times the Department of Public Charities shall have access to the record of inmates.

4. All institutions receiving public moneys shall, not later than March 31 of each year, submit to the Comptroller an annual report covering the period of the preceding calendar year, showing receipts from all sources and expenditures for all purposes in such form as shall be satisfactory to the Comptroller.

5. Upon its appearing to the satisfaction of the Comptroller that it would be to the public interest to withhold payments to any charitable insitution for which an apportionment has been made, he shall, in his discretion, suspend payments and give written notice to such institution of his intention to apply to the Board of Estimate and Apportionment for authority to cease making further payments, and, upon the determination of said Board that such payments shall terminate, the right of any such institution to receive payment for services rendered thereafter shall thereupon end.

6. Where apportionments are made upon a per capita basis for inmates of private charitable institutions, there will be no payments unless the inmates shall have been accepted by the Commissioner of the Department of Public Charities as proper charges against the City; and except in emergency cases the Commissioner of Charities shall not accept as proper charges persons capable of paying for their own support, or for whose care adequate provision can be made in public hospitals.

In determining the acceptance of patients, in private hospitals as proper charges, the Commissioner of Charities shall first consider the nature of the services actually rendered to the patients by the hospitals. The records of the institutions and the bed-card notes showing the treatment given shall be received as the essential evidence in deciding acceptances or rejections. *The City shall not be liable for any payment to charitable institutions in excess of the apportionment which may have been made to such institutions, notwithstanding the acceptances of the Commissioner of Charities or any per capita rates of payment that may have been fixed for the inmates thereof.*

7. All institutions receiving money from the City are required to state specifically the amount so received, as from the City Treasury, in their printed annual reports.

8. No money shall be paid to any private charitable institution which pays any salary to or gives any consideration, financial or of any kind, for services to, or that has any business dealing with, or secures goods or merchandise, directly or indirectly, from any officer or trustee or member of its Board of Managers.

9. That charitable institutions for children now carried in the Budget and not sending their inmates to the Public Schools, and not sharing in the Corporate School Fund, and not receiving teachers and school supplies from the Board of Education, but giving in their own buildings secular education to the children resident in the institutions for five (5) hours daily for a period equal to the public school year, shall be paid a per capita of 7 cents per day, five school days in the week, for each child receiving such instruction of five years of age and over during ten months in the year, except that for abnormal or atypical children a special ruling may be made by the Comptroller. Institutions receiving money under this section shall be under the general supervision of the Board of Education, as required by the general conditions relating to institutions receiving corporate school money, as provided in section 1154.

10. No dependent child under 16 years of age shall be accepted as a proper charge upon the City, and no money will be paid for the care, support, maintenance or education of such child unless it shall have been lawfully committed to a suitable private charitable institution having its own plant and equipment for the proper protection and care of children, under the supervision of the State Board of Charities and has been placed in this Budget by the Board of Estimate and Apportionment.

This order has no relation to the class of children of such mental and physical condition as those cared for in the City Institution at Randall's Island.

11. The rates of payments to private charitable institutions, unless otherwise specially provided for, are fixed for the various classes of inmates as follows: Provided that where the Comptroller finds, after proper investigation, that the per capita rates hereinafter provided are too high, he is hereby authorized, on the approval of the Board of Estimate and Apportionment, to reduce such per capita rate or rates for any or all institutions.

A. E. PALMER, Secretary, Board of Education.

To the Board of Education:

The Committee on Special Schools, to which was referred by the Board of Education on May 10, 1911 (see Journal, page 721), a preamble and resolution adopted by the Board of Aldermen on May 2, 1911, transmitting a petition from the graduates of evening elementary schools in the Brownsville section of Brooklyn for the establishment of an evening high school in the centre of said section, the resolution of the Board of Aldermen requesting the Board of Education to consider said petition, respectfully reports that it is of the opinion that it would be unwise at this time to change the organization of the New Lots Evening High School, conducted in Public School 149, Sutter ave., Vermont and Wyona sts., as the same has been successful and takes care of the needs of that section, the building in which it is conducted being particularly well adapted for the purposes of an evening high school.

Resolved, That the Board of Aldermen be notified to the foregoing effect.

A true copy of report and resolution adopted by the Board of Education on May 24, 1911. A. E. PALMER, Secretary, Board of Education.

Which was ordered on file.

No. 3659.

Department of Education, City of New York, Office of School Districts 2 and 3, P. S. 65, Eldridge St., Manhattan, New York, May 31, 1911.

Hon. JOHN PURROY MITCHEL, President, Board of Aldermen, 51 Chambers St., New York:

My Dear Sir—Public School 2, situated on Henry St., near Pike, Borough of Manhattan, will, on November 13, 1911, celebrate the one hundredth anniversary of its establishment. It is the first school in the city that has reached its hundredth birthday upon its original site.

A Volunteer Committee of former pupils of the school, in co-operation with a Special Committee of the Board of Education, is arranging for a suitable celebration for an event of such civic and historic importance. The Finance Committee of the Board of Education reports "no funds available," in reply to an application for an appropriation to meet the expenses of suitable decorations, printing, music, etc.

At the last meeting of the Executive Committee of the Centennial Celebration of Public School 2 I was rquested to call upon you to ascertain if the Board of Aldermen could appropriate a sum sufficient for the purpose, in order fittingly to mark an event of such historic and civic importance. Unfortunately, illness and death in my family have made such encroachments upon my time that I cannot be spared from my work long enough to call upon you. Will you, therefore, consider this as an official request, and will you notify me as to your power and your willingness to aid the Committee by giving it your financial as well as official support?

Yours very truly, JULIA RICHMAN, District Superintendent.

Which was referred to the Committee on Finance.

The President laid before the Board the following communication from the Department of Public Charities:

Reports of Committee on Parks—

No. 578.

The Committee on Parks, to which was referred on March 15, 1910 (Minutes, page 1180), the annexed resolution requesting that certain land in the Borough of Manhattan, known as "Canary Island," be made a playground and athletic field, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary, for the reason that the section in question is really in need of a playground and field as suggested.

It, therefore, recommends that the said resolution be adopted:

Whereas, A certain parcel of land commonly known as "Canary Island," extending northerly from 136th st. to 140th st., and easterly from 5th ave. to the Harlem River, Borough of Manhattan, believed to be owned by The City of New York, one portion of which is now being used for the approach of the new bridge and one portion as an "athletic field," all of which ground was created by the dumping of ashes and other fill from time to time; and

Whereas, The children of this densely populated section of the City have no public playground, and are subjected to the loss of life or limb by using the public streets and highways for the purpose; be it

Resolved, That we recommend that this property be turned over to the Park Department for a playground and athletic field, similar to those maintained in other parts of the City; and be it further

Resolved, That the Board of Estimate and Apportionment be and they are hereby requested to take the necessary action to authorize the use of this property for the purpose above stated.

No. 3095.

The Committee on Parks, to which was referred on March 21, 1911 (Minutes, page 104), the annexed preamble and resolutions recommending the acquisition of certain land in Manhattanville for playground purposes, respectfully

REPORTS:

That, having examined the subject after a well attended public hearing thereon of residents of the section particularly affected and from whom was heard a strong desire for the improvement, it recommends that the said preamble and resolutions be adopted.

Whereas, Morningside Park in the Borough of Manhattan, City of New York, was used during the season of 1909 and 1910 as a playground and field for boys and young men, with the consent of the Park Commissioner of The City of New York; and

Whereas, Said park is not suited for such purposes and during said time on account of said uses was practically destroyed by the breaking of limbs of trees, the uprooting of bushes and the total destruction of most of the grass and railings around said park; and

Whereas, Said park is one of natural beauty and of such peculiar shape and character as to permit only of its use by women and children and persons who desire to walk through it or find rest therein; and

Whereas, The great majority of the householders and freeholders along said park have protested and do protest against the destruction of said park and against its use as a public playground, the same being a public nuisance; and

Whereas, In the same Aldermanic District there is a suitable piece or parcel of land in Manhattanville now the property of the Manhattan College which would make a proper playground for the congested district of Manhattanville and for all others who might desire the use of such playground; and

Whereas, There are no parks or places of recreation of that character anywhere within the vicinity of the grounds of said Manhattan College; therefore be it

Resolved, That the Board of Aldermen of The City of New York recommend to the Commissioner of Parks of The City of New York that Morningside Park be not hereafter used for the purposes of a playground; be it further

Resolved, That the Board of Estimate and Apportionment of The City of New York and the Commissioner of Parks of The City of New York communicate with the proper persons with a view to the acquisition and purchase by The City of New York of the said grounds of the Manhattan College for the purposes heretofore recited; be it further

Resolved, That the President of the Board of Aldermen communicate this resolution to his Hoonr the Mayor of The City of New York and to the Honorable Commissioner of Parks.

ALEXANDER S. DRESCHER, EDWARD BRADY, JOHN J. MEAGHER, WILLIAM FINK, THOMAS J, McALEER, JOHN F. WALSH, JOHN J. HICKEY, COURTLANDT NICOLL, THOMAS F. BALDWIN, Committee on Parks.

Which report was accepted.

No. 3598.

The Committee on Finance, to which was referred on May 23, 1911 (Minutes, page 432), the annexed request for $70,000 special revenue bonds for replenishing street repavement fund, Borough of Manhattan, respectfully

REPORTS:

That, having examined the subject, it believes the proposed improvement to be necessary. The details are set forth in the letter of request and in the supplemental statement hereto attached. No public demand is more insistent than that the streets be kept in repair, and this resolution furthers such action.

It therefore recommends that the accompanying resolution be adopted.

Resolved, That in pursuance of the provisions of subdivision 8 of section 188 of the Greater New York Charter, the Board of Estimate and Apportionment be and it is hereby requested to authorize the Comptroller to issue special revenue bonds to the amount of seventy thousand dollars ($70,000), the proceeds whereof to be used by the President, Borough of Manhattan, for the purpose of replenishing Street Repavement Fund.

City of New York, Office of the President of the Borough of Manhattan, City Hall, May 23, 1911.

To the Honorable Board of Aldermen:

Gentlemen—I have the honor to request your authority for an issue of special revenue bonds in the amount of $70,000 for the purpose of replenishing the fund established two years ago for the repair of street pavements in the Borough of Manhattan, where the period of maintenance covered by contracts has not expired, and where the contractors have failed to meet the contract requirements. It becomes necessary for me to procure authority for such an issue before the adjournment of your Board, for the reason that the present contracts and available funds will become exhausted in a month or two if the present rate of repair is maintained.

The past winter was unusually harmful to the sheet asphalt, and particularly so in the streets covered by these abandoned contracts, upon which the pavements are all old and without any foundation for the asphalt but the old stone blocks. It will therefore be necessary to lay during the year a much larger yardage of repairs than was originally estimated. This fact, coupled with a large and unexpected increase in the price of the repair work, is responsible for the insufficiency of the present appropriations.

The estimated cost of keeping these abandoned streets in proper repair from the time the present funds are exhausted until the end of the present year, is as follows:

Streets abandoned by the Atlantic Alcatraz Asphalt Co.	$17,975 00
Streets abandoned by the Fruin-Bambrick Paving Co.	22,162 00
Streets abandoned by the Warren-Scharf Asphalt Paving Co.	35,100 00
Total	$75,237 00

There is, however, an unused balance in the fund of about $4,000, which is available for use during the balance of the coming year; and it is accordingly believed that the amount asked for will be sufficient to provide for the satisfactory repair of the streets in question until the end of the year. Respectfully,

E. V. FROTHINGHAM, Acting President of the Borough of Manhattan.

City of New York, Office of the President of the Borough of Manhattan, City Hall, June 5, 1911.

Committee on Finance, Board of Aldermen:

Gentlemen—At your suggestion I submit with this a detailed statement in support of the request made by me under date of May 23 for an issue of special revenue bonds in the amount of $70,000 to replenish the fund for the repair of "abandoned" streets. The statement shows the estimate in detail for the various streets covered by the contracts which have been abandoned. Respectfully,

E. V. FROTHINGHAM, Acting President of the Borough of Manhattan.

REPORTS OF STANDING COMMITTEES, RESUMED.

Report of Committee on Parks—

No. 3665.

The Committee on Parks, in deference to a widespread agitation in regard to acquiring premises at Coney Island for park purposes, respectfully

REPORTS:

That, although New York City is the largest seaport in the world, it has undoubtedly a smaller area of seaside parks than any other of the large cities. New York has only one park on the ocean front and that is Seaside Park, which was acquired by Kings County over thirty (30) years ago for the sum of $23,377.

From 1898 to 1909 the cost of street opening proceedings confirmed amounted to $58,503,812.17—of this sum the City at large paid $26,094,606.36; the City has just appropriated $8,690,000 of corporate stock for a filtration plant to be located at Jerome Reservoir, and also $2,800,000 has been appropriated to the Ulster and Delaware Railroad in order to remove their tracks from the Ashokan Reservoir site. It is also proposed to appropriate $9,000,000 for the extension of 7th ave., in Manhattan.

Should a City which can afford these untold millions for relieving traffic and opening streets, the benefits for which are at the best mostly local, neglect the present opportunity of acquiring an extension to the only seaside park it possesses, especially when Providence has, by destroying by fire the many buildings formerly occupying this site, made it possible for the City to acquire this property cheaper now than it ever could before or probably will be able to in the future.

Less than two years ago the public demand for a seaside park where the poor of the City could enjoy the advantages of bathing, etc., was so great that the members of the Board of Estimate and Apportionment were on the verge of appropriating about $5,000,000 to acquire a park at Rockaway Beach. This appropriation had the hearty approval of practically all the charitable societies in the City, and it was also indorsed by all public spirited citizens. If it was not for the cloud then on the title of this proposed Rockaway Beach Park, the United States Government claiming the property, the City would probably now be enjoying the benefits of a large seaside park.

The recent fire at Coney Island which destroyed Dreamland Park, extended from W. 5th st. to W. 10th st. and from Surf ave. to the Atlantic Ocean. This burned district has a frontage of approximately 1,200 feet on Surf ave. and a depth of approximately 900 feet to the ocean. It contains about 24 acres, and its assessed valuation for the year 1911 amounts to about $2,000,000. This property adjoins the west side of Seaside Park or Concourse lands.

The Concourse lands are located at the foot of Ocean parkway and now consist of Seaside Park, which is north of Surf ave., and a stretch of beach south of Surf ave. between W. 5th st. and Ocean parkway, and also a triangular piece of beach containing about three acres on the east side of the parkway.

The Concourse lands originally contained a strip of land along the ocean front 1,000 feet wide and extending 1,500 feet east of and 1,250 feet west of Ocean parkway, and were acquired pursuant to an act of the Legislature passed May 25, 1874, (chapter 583), and acts amendatory thereto (chapter 489, Laws of 1875, and chapter 352, Laws of 1876). These lands were acquired in fee simple absolute, in connection with the acquisition of Ocean parkway, at a cost to the County of Kings of $23,377. Since this land was acquired the high water line of the ocean has gradually worked inland until now there is left as upland only 27 acres of the original tract of 63 acres. The north line of the Concourse lands at the present time is marked by Sea Breeze ave., which was opened and improved as a public highway in the year 1891.

During the past few years attempts have been made by large property holders north of Sea Breeze ave. and east of Ocean parkway to have Sea Breeze ave. closed. These property owners have secured from the State grants of land under water with the intention of refilling and developing the land which had been acquired by the public as a part of the Concourse lands.

These letters patent gave to the grantees the right to fill in and erect substantial structures on a portion of the land which the City had acquired in fee simple absolute as Concourse lands, extending from a line parallel with Ocean parkway and 417 feet easterly therefrom to the eastern limit of the Concourse land at E. 5th st. By the terms of the grant, The City of New York has "the privilege" at any time to acquire (again) the premises described therein, upon paying the patentees the amount paid by them to the State for the interests acquired, together with the expenses necessarily incurred in acquiring the patent, which costs were fixed at the sum of $350, and plus the value of improvements made on said premises. A portion of the land so granted may be reclaimed upon the payment of a proportionate amount of the above mentioned costs, etc. The City is also privileged at any time to acquire the interest in so much of the lands under water as may be required by said City for the purposes of reconstructing, rebuilding and maintaining Sea Breeze ave. within the former uplands of The City of New York before the erosion thereof by the ocean, without payment to grantees of any compensation therefor.

It seems that this grant by the State of land which the City had acquired in fee simple absolute as park lands is of little value.

We have witnessed during the last few years real estate speculators reclaiming hundreds of acres of land along Gravesend Bay, Sheepshead Bay, Jamaica Bay and along the shore of Rockaway. At the present time the owners of Manhattan Beach are reclaiming, at a reasonable cost, the many acres of shore front which were washed away by the action of the tide at the same time that the 36 acres of Concourse lands were washed away. As real estate men are able to make millions of dollars by filling in land along the ocean, we believe it is the duty of the City to reclaim those portions of Sea Breeze ave. and the Concourse lands now under water. For a number of years past this portion of the shore which belongs to the City and which should be enjoyed by the public, has been a source of large revenue to private interests because of the inaction of the City in caring for and developing it.

The extent of the shore front now owned by the City is about 2,750 feet, the addition of the proposed park area adjoining this City property covers about 1,200 feet of shore front, which together make nearly 4,000 feet that could be developed into a fine seaside park.

There is more necessity now than ever before for an addition to the present beach, as the large bathing pavilion now in course of construction by The City of New York will bring many additional thousands of people to this public beach, which on nearly every warm day is already crowded to its full capacity.

We believe it is the duty of the City authorities to secure all available property along the shore front that is at all suitable for park purposes. The fact that this burnt area adjoins the present park lands seems to make it imperative that the City should acquire it as an addition to the park. There can be no question as to the public need for such park space. The matter of seaside parks has been the subject of much debate in the Board of Public Improvements since the early years of consolidation of Greater New York, when the entire waterfront from Sea Gate to Brighton Beach was proposed.

We would, therefore, respectfully recommend the acquisition of this area south of Surf ave. and extending from W. 5th st. to W. 10th st., which contains about 24 acres.

We would also suggest that the Board of Aldermen recommend to the Board of Estimate and Apportionment that an Engineer be employed to draw up plans and report upon the best method and the approximate cost for reclaiming the City land which has been washed away by the tides. If the Engineer reports that desirable results may be obtained at an expenditure that will not be prohibitive, steps should be taken to reclaim and develop this land, together with the new proposed lands, if acquired.

ALEXANDER S. DRESCHER, JOHN J. HICKEY, THOMAS F. BALDWIN, WILLIAM FINK, EDWARD BRADY, THOMAS J. McALEER, JOHN J. REARDON, HENRY H. CURRAN, COURTLANDT NICOLL, Committee on Parks.

In connection herewith Alderman Dowling introduced the following resolution:

Resolved, That the Board of Estimate and Apportionment be and is hereby requested to take the necessary steps to acquire for park purposes, the land at Coney Island south of Surf ave. and extending from W. 5th to W. 10th sts., and other available beach property, and that in connection therewith it is further requested to initiate such action as may be required to reclaim lands, now the property of the City, on Coney Island beach, which also may be made available for beach and park purposes.

Alderman Downing moved that the whole matter be referred to the Committee on Parks with instructions to hold a public hearing.

The Vice-Chairman put the question whether the Board would agree with said motion.

Which was decided in the negative by the following vote:

Affirmative—Aldermen Bolles, Boschen, Brush, Callaghan, Coleman, Curran, Dotzler, Downing, Dujat, Ehntholt, Esterbrook, Fagan, Finley, Folks, Hamilton, Mulhearn, Nicoll, Potter, Schloss, Volkmann, Van Nostrand, Weston, Willard; President Miller, by Thomas W. Whittle, Commissioner of Public Works; the Vice-Chairman—25.

Negative—Aldermen Baldwin, Barton, Brady, Campbell, Carberry, Cornell, Cunningham, Delaney, Desmond, Dowling, A. S. Drescher, W. Drescher, Fink, Finnigan, Hannon, Heffernan, Hoertz, Kenney, Levine, Loos, McAleer, McCann, Reardon, Ruff, Snell, Stapleton, Towen, Walsh, Wendel, White—31.

The resolution was then adopted.

Alderman Dowling called up General Order 116, being a report and resolution as follows:

No. 3378.

The Committee on Public Letting, to which was referred on April 18, 1911 (Minutes, page 168), a request from the Commissioner of Records of Kings County for permission to purchase steel map and filing cases without public letting, at a cost not to exceed $1,500, respectfully

REPORTS:

That, having examined the subject, it believes the proposed permission to be necessary. This work can be done at less cost to the City without advertisement than if specifications were prepared and sealed bids solicited.

It, therefore, recommends that the said resolution be adopted.

Office of the Commissioner of Records of the County of Kings, Hall of Records, Borough of Brooklyn, City of New York, May 8, 1911.

Committee on Public Letting, Board of Aldermen of City of New York, Borough of Manhattan, N. Y.:

Gentlemen—I respectfully ask your favorable consideration of resolution No. 3378, which authorizes and empowers the Commissioner of Records of the County of Kings to purchase in open market, instead of by contract at public letting, for the storage, care and preservation of maps and records, five (5) steel map and filing cases, to be installed in his office, and to make such necessary alterations in old steel cases now in said office as may be required, at a cost not to exceed the sum of one thousand five hundred dollars ($1,500).

The purchase, installation and alteration of said cases are to be made with the approval and under the supervision of the President of the Borough of Brooklyn.

The principal details of the work contemplated are as follows:

Construct and install one (1) combination metal case for old filed maps, also for maps, plans and drawings.

This case to be 15 feet 3 inches long, 7 feet 8½ inches high, and 2 feet 10 inches deep—to contain 224 pigeon holes for maps and 56 drawers for plans, etc.

Construct and install one (1) combination plan and bookcase, to be 38 inches wide, 6 feet 8 inches high, and 21 inches deep.

The above cases to be provided with metal curtains.

The present bookcase to be moved to another position and fitted into place, with such alterations as are necessary.

Metal backs to be fitted to three cases already installed.

Alter four (4) filing cases (total length about 12 feet, height about 6 feet), so as to permit installation of steel curtains over front, similar in construction and design to those on bookcases in same room.

Construct and install steel curtains for same.

Alter map tubes and drawers underneath the same, by removing 143 tubes (the lower 11 rows) and four (4) drawers underneath and install in place thereof nine (9) drawers 5½ feet long, 3¼ inches high, and 26 inches deep (from front to back), same to run in grooves or on ball bearings.

Alter case containing map tubes and drawers and the case adjoining thereto on the right containing cupboards and drawers (total width of both cases about 7¼ feet and height about 6 feet), so as to permit installation of steel curtains over front, similar in construction and design to those mentioned in the first four filing cases mentioned above.

Construct and install steel curtains for same.

Alter present closets (together, about 2¾ feet wide and 6 feet high), and to install in place thereof one (1) tier of book rollers, 1½ feet wide and 5½ feet high, similar in construction and design to those now in position in the bookcases adjoining, and to install steel curtain in front of same, of similar construction and design as those already in position; to install underneath said book roller case one (1) drawer 1½ feet wide and 8 inches high, to conform with drawers in adjoining cases.

Construct and install in remaining space of present closets (about 14 inches in width and 6 feet in height), a closet with sheet steel door—said closet to begin at present base and to be the full height of present closets.

Construct and install one (1) steel drawer for table, of same size and similar in every way to present drawer, to be placed directly under present drawer, said drawer being about 6 feet long, 4 inches high and the full depth of the table (about 4 feet).

There are other minor alterations to be made and which have not been shown herein.

All necessary work in moving cases now on the floor, for the purpose of installing new work, to be done by the contractor.

All alterations required are to be made to conform with present design of cases.

The necessity for new metal cases to take the place of the old wooden cases is evident from the fact of the constantly increasing number of old filed maps being copied for the Register by the Commissioner of Records, who is responsible for their preservation and for facilities for the convenient examination of the same.

The pressing need for additional storage for maps and plans pertaining to the work of the office of Commissioner of Records, which are accumulating beyond the capacity of the present cases, determines that these cases should be purchased and installed and such necessary alterations made without delay, and that it would be for the best public interest to have same provided for in open market, instead of by contract at public letting, to the end that said maps and records may be cared for and preserved for public use.

These plans are referred to hourly by the public. At present many of them must be kept in folded form for lack of room, and in that shape easily become torn and mutilated, requiring frequent copying to preserve the information shown thereon.

Thanking you for your attention in the matter, I remain,

Yours respectfully,

LEWIS M. SWASEY, Commissioner of Records of the County of Kings.

Resolved, That, pursuant to the provisions of section 419 of the Charter of The City of New York, the Board of Aldermen, deeming it for the public interest, hereby authorizes and empowers the Commissioner of Records of the County of Kings to purchase, in open market, instead of by contract at public letting, for the storage, care and preservation of maps and records, five steel map and filing cases, to be installed in his office, and to make such necessary alterations in old steel cases now in said office, as may be required, at a cost not to exceed the sum of one thousand five hundred dollars ($1,500).

The purchase, installation and alteration of said cases are to be made with the approval and under the supervision of the President of the Borough of Brooklyn.

JAMES J. SMITH, JOHN J. REARDON, JOHN DIEMIER, JOHN McCANN, FRANCIS P. BENT, MAX S. LEVINE, Committee aon Public Letting.

The Vice-Chairman put the question whether the Board would agree to accept such report and adopt said resolution.

Which was decided in the affirmative by the following vote:

Affirmative—Aldermen Baldwin, Barton, Becker, Bolles, Boschen, Brady, Brush, Callaghan, Campbell, Carberry, Coleman, Cornell, Cunningham, Curran, Delaney, Desmond, Diemer, Dotzler, Dowling, Downing, A. No. 3670.

By President McAneny—

City of New York, Office of the President of the Borough of Manhattan, City Hall, June 5, 1911.

To the Honorable Board of Aldermen:

Gentlemen—I have the honor to request your authority for an issue of special revenue bonds in the amount of $215,000 to be used during the present year for the repair of street pavements other than stone block, upon which the period of maintenance by the original contractor has expired. It becomes necessary for me to procure authority for such an issue before the adjournment of your Board, for the reason that the present contracts and available funds for such work will become exhausted by the end of July if the present rate of repair is continued.

The appropriation for this purpose in the Budget of 1910 was $175,000. The amount actually expended by me during that year was between $314,000 and $315,000, the deficiency in the appropriation being made up by the transfer of moneys saved under other appropriations. The appropriation in the Budget for the present year was $317,000, being slightly in excess of the amount actually expended in 1910. The past winter, however, was unusually harmful to the asphalt pavements, and particularly so to the many miles of sheet asphalt laid upon the old stone block foundation. It will therefore be necessary to lay during the year a much larger yardage of repairs than was originally estimated. This fact, coupled with an unexpected increase in the price of the sheet asphalt repair work, from 77 cents to 97 cents a yard, is responsible for the insufficiency of the present appropriation.

The amount of the existing contract for sheet asphalt repair is 270,000 square yards, of which there had been laid up to the first of June 235,000 yards. It is estimated that the balance of 35,000 yards will be exhausted by the middle of July, and that there will be needed for the balance of the year 175,000 yards.

The amount of the existing contract for asphalt block repair is 20,000 square yards, of which there had been laid up to the first of June 17,500 yards. It is estimated that the balance of 2,500 yards will be exhausted by the first of July, and that there will be needed for the balance of the year 20,000 yards.

The total estimated cost of the above items is $222,280. There is, however, an unused balance in the present appropriation of $6,540; and it is accordingly believed that the amount asked for will be sufficient provision until the end of the present year. Respectfully,

GEORGE McANENY, President of the Borough of Manhattan.

By the same—

City of New York, Office of the President of the Borough of Manhattan, City Hall, June 6, 1911.

To the Honorable, the Board of Aldermen of The City of New York:

Gentlemen—This Department has received numerous complaints during the last three or four months from merchants and citizens against the low awnings now permitted under the Code of Ordinances. Section 263 provides that awnings may be constructed and maintained at a height not less than six feet above the sidewalks. This has been demonstrated to be entirely too low, and it is the opinion of the Department that the ordinance should be amended so as to limit the height above the sidewalk to seven feet six inches. I therefore submit an ordinance covering such an amendment, and urge its adoption by your Board. Respectfully,

E. V. FROTHINGHAM, Acting President of the Borough of Manhattan.

AN ORDINANCE to amend section 263, article 10, part 8, of the General Ordinances relating to drop awnings.

Be It Ordained by the Board of Aldermen of The City of New York as follows:

Section 1. Section 263 of article 10 of the Ordinances of The City of New York is hereby amended so that the fifth paragraph shall read as follows:

Drop-awnings, without certical supports, may be permitted within the stoop-lines, but in no case to extend beyond six feet from the house-line, and to be at least (six) *seven* feet *six inches* in the clear above the sidewalk.

The electrical equipment to be installed, if any, by the Company for the operation of the railroad within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Tenth—The work of construction of the tracks hereby authorized shall be done in such manner as shall not substantially interfere with the ordinary use of any street or avenue as a public highway.

Eleventh—Cars may be operated upon said tracks by steam locomotives, which shall be housed or boxed so as to conform with the type commonly known as the dummy engine, or by any other motive power which may be approved by the Board and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York, provided, however, that the Board, upon giving to the grantee one year's notice, may require the Company to operate its railroad upon the whole or any portion of the tracks hereby authorized by such system of electric power as may be designated by the Board, and the Company shall thereupon discontinue the use of steam locomotives from such tracks.

Twelfth—Neither passengers nor vehicles shall be prevented from crossing the tracks hereby authorized by the occupation of such tracks by cars or trains operated thereon, for a greater period than five consecutive minutes at any time, and the aggregate of such periods shall not exceed ten minutes in any hour between 7 o'clock a. m. and 6 o'clock p. m.

Thirteenth—Should the Company be allowed to operate at the same grade as the streets and avenues, the Company shall station flagmen at such points as shall be necessary to exclude pedestrians and vehicles from the tracks at all times when cars or trains shall be operated thereon. Should it seem necessary in the opinion of the Board at any time during the term of this contract, that gates be erected, maintained and operated across any of the streets or avenues for the purpose of excluding pedestrians and vehicles from the tracks hereby authorized, then the Company shall erect, maintain and operate such gates as may be designated, upon thirty days' notice by the Board to the Company.

Fourteenth—As long as said tracks or any portion thereof remain in any street or avenue, the Company shall set the curbs, pave the roadways and sidewalks and keep in permanent repair that portion of the surface of the streets and avenues in which said railroad is constructed, between its tracks, the rails of its tracks for a distance of two (2) feet beyond the rails on either side thereof under the supervision of the local authorities whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs after the expiration of thirty (30) days' notice to do so from the President of the Borough of Brooklyn, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

Fifteenth—Should the Company be allowed to operate at the same grade as the streets and avenues, it shall at all times keep the streets and avenues upon which the said railroad is constructed, between its tracks, the rails of its track and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the Commissioner of Street Cleaning, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Sixteenth—Should the grades or lines of the streets and avenues in which the railroad is hereby authorized be changed at any time after the railroad has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Seventeenth—It is agreed that the right hereby granted to operate a railroad shall not be in preference or in hindrance to public work of the City, and should the said railroad in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Eighteenth—Any alterations to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railroad, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Nineteenth—Said railroad shall be constructed and operated in the latest approved manner of street railroad construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railroad equipment, including rolling stock and railroad appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time the rights hereby granted shall cease and determine.

Twentieth—The rates for carrying property upon the tracks hereby authorized shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company, and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no rates in excess of those fixed shall be charged for such service.

Twenty-first—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railroad constructed and operated under this contract and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-second—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board, acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railroad constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-third—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time; and upon failure of the Company to remedy such default within a reasonable time the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250), as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Twenty-fourth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railroad authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Twenty-fifth—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of rights conferred hereby, shall deposit with the Comptroller of the City the sum of Five Thousand dollars ($5,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all of the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at reasonable rates, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railroad, and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions, or compliance with such orders or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the obstruction of traffic, the maintenance of gates and flagmen, the Company shall pay a penalty of fifty dollars ($50) per day for each day of violation, all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing appears, in the judgment of the Board, to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of five thousand dollars ($5,000), and in default thereof, this contract shall be cancelled and annulled at the option of the Board, acting on behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Twenty-sixth—The grant of this privilege is subject to whatever right, title or interest the owners of abutting property or others may have in and to the streets and avenues in which the Company is hereby authorized to operate.

Twenty-seventh—The Company hereby agrees that it will not institute any proceedings to acquire by condemnation any land, property, appurtenances or rights pursuant to any law, unless and until permitted to do so by resolution of the Board, otherwise this grant shall cease and determine.

Twenty-eighth—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Twenty-ninth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other Board, authority, officer or officers, then and in such case such other Board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3—Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the Laws of the State of New York.

Sec. 4—This grant is also upon the further and express condition that the provisions of Article 5 and other provisions of the Railroad Law, pertinent hereto, shall be strictly complied with by the Company.

Sec. 5—The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms, conditions and requirements in this contract fixed and contained.

Whereas, This Board has made inquiry as to the money value of the franchise or right applied for, and proposed to be granted to the Richmond Light and Railroad Company, and the adequacy of the compensation proposed to be paid therefor; now, therefore, it is

Resolved, That the following form of the resolution for the grant of the franchise or right applied for by the Richmond Light and Railroad Company, containing the form of proposed contract for the grant of such franchise or right, be hereby introduced and entered in the minutes of this Board, as follows, to wit:

Resolved, That the Board of Estimate and Apportionment hereby grants to the Richmond Light and Railroad Company the franchise or right fully set out and described in the following form of proposed contract for the grant thereof, embodying all the terms and conditions, including the provisions as to rates, fares and charges upon and subject to the terms and conditions in said proposed form of contract contained, and that the Mayor of the City of New York be and he hereby is authorized to execute and deliver such contract in the name and on behalf of The City of New York, as follows, to wit:

PROPOSED FORM OF CONTRACT.

This contract made this day of 1911, by and between The City of New York (hereinafter called the City), party of the first part, by the Mayor of said City, acting for and in the name of said City, under and in pursuance of the authority of the Board of Estimate and Apportionment of said City (hereinafter called the Board), and the Richmond Light and Railroad Company (hereinafter called the Company), party of the second part, witnesseth:

In consideration of the mutual covenants and agreements herein contained, the parties hereto do hereby covenant and agree as follows:

Section 1. The City hereby grants to the Company, subject to the conditions and provisions hereinafter set forth, the right and privilege to construct, maintain and operate a double track street surface railway, as an extension to its present railway, with the necessary wires and equipment, for the purpose of conveying persons and property in the Borough of Richmond, in The City of New York upon the following route, to wit:

Beginning at and connecting with the existing tracks of the Company in New York avenue at or near its intersection with a private street known as Wadsworth avenue; thence by double track southwesterly in and upon said Wadsworth avenue to Tompkins avenue; thence across said Tompkins avenue to a private right-of-way; thence in a southerly direction along said private right-of-way to Sea avenue; thence across Sea avenue to a private right-of-way; thence southerly along said private right-of-way to Florida avenue; thence along Florida avenue to Richmond avenue; thence across Richmond avenue to Ocean avenue and there connecting with the existing tracks of the Company.

And to cross such other streets and avenues, named and unnamed, as may be encountered in said route.

The said route with turnouts, switches and crossovers hereby authorized is shown upon a map entitled:

"Map showing proposed alteration in the Richmond Light and Railroad Company, in the Borough of Richmond, to accompany petition dated January 6, 1911, to the Board of Estimate and Apportionment, City of New York," —and signed by S. F. Hazelrigg, Vice-President, and Walter E. Pettigrew, Engineer; a copy of which is attached hereto, is to be deemed a part of this contract, is to be construed with the text thereof, and is to be substantially followed, provided that deviations therefrom and additional turnouts, switches and crossovers which are consistent with the foregoing description, and the other provisions of this contract may be permitted by resolution of the Board.

Sec. 2. The grant of this privilege is subject to the following conditions, which shall be complied with by the Company:

First—The consent in writing of the owners of half in value of the property bounded on said streets and avenues to the construction and operation of said railway shall be obtained by the Company within three (3) months from the signing of this contract by the Mayor, and a copy of such consents shall be filed with the Board within such time, or in the event that such consents cannot be obtained within such time, the Company shall, within said three (3) months or within one (1) month thereafter make application to the Appellate Division of the Supreme Court for the appointment of Commissioners in the manner provided by the Railroad Law to determine if said railway ought to be constructed; otherwise this grant shall cease and determine.

Second—The said right to construct, maintain and operate said railway shall be held and enjoyed by the Company from the date upon which this contract is signed by the Mayor until* with the privilege of renewal of said contract for the further period of twenty-five (25) years, upon a fair revaluation of such right and privilege.

If the Company shall determine to exercise its privilege of renewal it shall make application to the Board, or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two (2) years and not later than one (1) year before the expiration of the original term of this contract. The determination of the revaluation shall be sufficient if agreed to in writing by the Company and the Board, but in no case shall the annual rate of compensation to the City be fixed at a less amount than the sum required to be paid during the last year prior to the termination of the original term of this contract.

If the Company and the Board shall not reach such agreement on or before the day one (1) year before the expiration of the original term of this contract, then the annual rate of compensation for such succeeding twenty-five (25) years shall be reasonable, and either the City (by the Board) or the Company shall be bound upon request of the other to enter into a written agreement with each other fixing the rate of such compensation at such amount as shall be reasonable, but in no case shall the annual rate so fixed be less than the sum required to be paid for the last year prior to the termination of the original term of this contract, and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such annual rate and at such amount as shall be determined by three disinterested freeholders selected in the following manner:

One disinterested freeholder shall be chosen by the Board; one disinterested freeholder shall be chosen by the Company; these two shall choose a third disinterested freeholder, and the three so chosen shall act as appraisers and shall make the revaluation aforesaid. Such appraisers shall be chosen at least six (6) months prior to the expiration of this original contract, and their report shall be filed with the Board within three (3) months after they are chosen. They shall act as appraisers and not as arbitrators. They may base their judgment upon their own experience and upon such information as they may obtain by inquiries and investigations, without the presence of either party. They shall have the right to examine any of the books of the Company and its officers under oath. The valuations so ascertained, fixed and determined shall be conclusive upon both parties, but no annual sum shall, in any event, be less than the sum required to be paid for the last year of the original term of this contract. If in any case the annual rate shall not be fixed prior to the termination of the original term of this contract, then the Company shall pay the annual rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of any excess of the annual rate then determined over the previous annual rate. The compensation and expenses of the said appraisers shall be borne jointly by the City and the Company, each paying one-half thereof.

Third—The Company shall pay to the City for the privilege hereby granted, the following sums of money:

(a) The sum of five hundred dollars ($500) in cash within sixty (60) days after the date on which this contract is signed by the Mayor, and before anything is done in exercise of the privilege hereby granted.

(b) During the first term of five (5) years an annual sum which shall in no case be less than four hundred and seventy-five dollars ($475), and which shall be equal to three (3) per cent. of its gross annual receipts if such percentage shall exceed the sum of four hundred and seventy-five dollars ($475).

During the second term of five (5) years an annual sum which shall in no case be less than eight hundred and seventy-five dollars ($875), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of eight hundred and seventy-five dollars ($875).

During the third term of five (5) years an annual sum which shall in no case be less than nine hundred and seventy-five dollars ($975) and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of nine hundred and seventy-five dollars ($975).

During the fourth term of five (5) years an annual sum which shall in no case be less than one thousand and seventy-five dollars ($1,075) and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of one thousand and seventy-five dollars ($1,075).

During the remaining term, expiring* an annual sum which shall in no case be less than one thousand one hundred and seventy-five dollars ($1,175), and which shall be equal to five (5) per cent. of its gross annual receipts, if such percentage shall exceed the sum of one thousand one hundred and seventy-five dollars ($1,175).

As the Company is operating both railway and electric light and power properties, it is agreed that the gross annual receipts mentioned above shall be the portion of the gross receipts from the railway property of the Company, as distinguished from the electric light and power property, as shall bear the same proportion to the whole gross receipts from such railway property as the length of the extension hereby authorized shall bear to the entire length of the railway of the Company in operation within the limits of the City.

The annual charges shall commence from the date upon which this contract is signed by the Mayor.

All annual charges as above shall be paid into the treasury of the City on November 1 of each year and shall be for the amount due to September 30 next preceding. Provided that the first annual payment shall be only for that proportion of the first annual charge as the time between the date upon which this contract is signed by the Mayor and September 30 following shall bear to the whole of one year.

Whenever the percentage required to be paid shall exceed the minimum amount as above, then such sum over and above such minimum shall be paid on or before November 1 in each year for the year ending September 30 next preceding.

The annual charges herein provided are intended to include the percentages of gross receipts now required to be paid by railway companies to the City, pursuant to the Railroad Law as amended.

The sum of five hundred dollars ($500) which is hereinbefore required to be paid to the City by the Company within sixty (60) days after the date on which this contract is signed by the Mayor shall not be considered in any manner in the nature of a tax, but such payment shall be made in addition to any and all taxes of whatsoever kind or description, now or hereafter required to be paid by any ordinance of the City, or resolution of the Board, or any law of the State of New York.

Fourth—The annual charges or payments shall continue throughout the whole term of this contract (whether original or renewal), notwithstanding any clause in any statute or in the charter of any other railway or railroad company providing for payment for railway or railroad rights or franchises at a different rate, and no assignment, lease or sublease of the rights or privileges hereby granted (whether original or renewal), or of any part thereof, or of any of the routes mentioned herein, or of any part thereof, shall be valid or effectual for any purpose unless the said assignment, lease or sublease shall contain a covenant on the part of the assignee or lessee that the same is subject to all the conditions of this contract; and that the assignee or lessee assumes and will be bound by all of said conditions, and especially said conditions as to payments, anything in any statute or in the charter of such assignee or lessee to the contrary notwithstanding, and that the said assignee or lessee waives any more favorable conditions created by such statute or its charter, and that it will not claim by reason thereof or otherwise exemption from liability to perform each and all of the conditions of this contract.

Fifth—Nothing in this contract shall be deemed to affect in any way the right of the City to grant to any individual or other corporation a similar right or privilege upon the same or other terms and conditions, over the route hereinbefore described.

The use of the railway constructed by the Company under this contract, including the tracks, wires and other equipment or any structures used in connection therewith, in streets and avenues and private property hereinbefore described shall be permitted by the Company, to any individual or corporation to which the City may have granted, or may hereafter grant, the right or privilege to use such streets and avenues for street railway purposes, upon payment of an annual sum by such individual or corporation to the Company, which shall equal the legal interest on such proportion of the actual cost of the construction of such railway and structures, and additions and betterments thereto, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same; and also such proportion of the cost of keeping the tracks and electrical equipment in repair, and the cost of additions and betterments thereto, such proportion of laying and repairing of pavement and removal of snow and ice and all other duties imposed upon the Company by the terms of this contract in connection with the maintenance or the operation of said railway so used, as the number of cars operated by such individual or corporation shall bear to the number of cars operated by the companies then using the same, together with the actual cost of the power necessary for the operation of the cars thereon of such individual or corporation. Provided, however, that if in the opinion of the Company, the legal rate of interest upon the cost of such railway shall be an insufficient sum to be paid for the use of such tracks, it may appeal to the Board and the Board may fix a percentage upon the cost to be paid to the Company, at a sum in excess of the legal rate of interest, if, in its opinion, such action is justified.

The Company shall not at any time oppose, but shall, upon the request of the Board, consent to the construction or operation of any street surface railway which may necessitate the use of any portion of the railway which shall be constructed by the Company, pursuant to this contract.

Sixth—The rights and privileges hereby granted shall not be assigned, either in whole or in part or leased or sublet in any manner, nor shall the title thereto, or right, interest or property therein, pass to or vest in any other person or corporation whatsoever, either by the act of the Company or by operation of law, whether under the provisions of the statutes relating to the consolidation or merger of corporations or otherwise, without the consent of the City, acting by the Board, evidenced by an instrument under seal, anything herein contained to the contrary thereof in any wise notwithstanding, and the granting, giving or waiving of any one or more of such consents shall not render unnecessary any subsequent consent or consents.

Seventh—Upon the termination of this original contract, or if the same be renewed, then at the termination of the said renewal term, or upon the termination of the rights hereby granted for any cause, or upon the dissolution of the Company before such termination, the tracks and equipments of the Company constructed, pursuant to this contract, within the streets and avenues shall become the property of the City without cost, and the same may be used or disposed of by the City for any purpose whatsoever, or the same may be leased to any company or individual.

If, however, at the termination of this contract as above, the Board shall so order by resolution, the Company shall, upon thirty (30) days' notice from the Board remove any and all of its tracks and other equipment constructed pursuant to this contract and the said streets and avenues shall be restored to their original condition at the sole cost and expense of the Company.

Eighth—The Company shall commence construction of the railway herein authorized within three (3) months from the date upon which the consents of the property owners are filed with the Board or from the date of the order of the Appellate Division of the Supreme Court made pursuant to Section 174 of the Railroad Law confirming the determination of the commissioners appointed thereunder, that such railway ought to be constructed and shall complete the construction and place the same in full operation within three (3) months from the date of filing such consents or the date of such order, otherwise this right shall cease and determine, and all sums paid, or which may be deposited with the Comptroller of the City, as hereinafter provided, shall thereupon be forfeited to the City; provided that the period for commencement and the period for completion and placing the railway in full operation may be extended by the Board, but the total extension of time for either of such periods shall not exceed in the aggregate six (6) months; and provided, further, that when the commencement or completion of said construction shall be prevented by legal proceedings in any court or by works of public improvement, or from other causes not within the control of the Company, the time for the commencement or completion of such construction may be extended for the period of such prevention, but no delay shall be allowed for unless the court proceedings shall be diligently prosecuted by the Company, and provided, further, that in no case shall such delay be deemed to begin until the Company shall have given written notice to the Board of any such court proceedings or other occasion of delay, and deliver to the Board copies of any injunction or other orders, and the papers upon which the same shall have been granted, and unless upon the request of the Board the Company shall, in writing, consent that the Board either in its own name as a party, or in the name of the City as a party, may intervene in any such proceedings.

Ninth—Said railway shall be constructed and operated in the latest approved manner of street railway construction and operation, and it is hereby agreed that the Board may require the Company to improve or add to the railway equipment, including rolling stock and railway appurtenances, from time to time, as such additions and improvements are necessary, in the opinion of the Board. Upon failure on the part of the Company to comply with the direction of the Board within a reasonable time, the rights hereby granted shall cease and determine.

Tenth—Said railway shall be constructed, maintained and operated subject to the supervision and control of all the authorities of the City who have jurisdiction in such matters, as provided by the Charter of the City.

No construction upon said railway shall be commenced until written permits have been obtained from the proper City officials.

In any permits so issued such officials may also impose such conditions, as a condition of the granting of the same, as are necessary for the purpose of protecting any structures, in the streets and avenues, over which such officials have jurisdiction and the Company shall comply with such conditions.

The electrical equipment to be installed by the Company for the operation of the railway within the limits of the City, whether the same be upon streets and avenues or upon private property, shall be constructed and maintained under the supervision and control of the Commissioner of Water Supply, Gas and Electricity.

Eleventh—Said railway may be operated by overhead electric power substantially similar to the overhead electric system now in use by street surface railways in the Borough of Richmond, or by any other motive power, except locomotive steam power or horse power, which may be approved by the Board, and consented to by the abutting property owners, in accordance with the provisions of law, and by the Public Service Commission for the First District of the State of New York.

Twelfth—The rate of fare for any passenger upon said railway shall not exceed five (5) cents and the Company shall not charge any passenger more than five (5) cents for one continuous ride, from any point on its road or on any road, line or branch operated by it or under its control to any other point thereof, or any connecting branch thereof within the limits of the City.

The Company shall carry free upon the railway hereby authorized during the term of this contract all members of the Police and Fire Departments of the City, when such employees are in full uniform.

Thirteenth—No cars shall be operated upon the railway hereby authorized, other than passenger cars, cars for the transportation of express matter, mail matter and cars necessary for the repair or maintenance of the railway, and no freight cars shall be operated upon the tracks of said railway.

The rate for the carrying of such property over the said railway upon the cars of the Company shall in all cases be reasonable in amount, subject to the control of the Board, and may be fixed by the Board after notice to the Company and a hearing had thereon, and when so fixed such rates shall be binding upon the Company, and no greater sum shall be charged for such services than provided for by it.

Fourteenth—The Company shall attach to each car run over the said railway proper fenders and wheel-guards, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Fifteenth—All cars which are operated on said railway shall be heated during the cold weather, in conformity with such laws and ordinances as are now in force, or may hereafter, during the term of this contract, be enacted or adopted by the State or City authorities, or as may be required by resolution of the Board.

Sixteenth—All cars operated on said railway shall be well lighted by electricity, or by some lighting system equally efficient, or as may be required by resolution of the Board.

Seventeenth—Cars on the said railway shall run at intervals of not more than thirty (30) minutes both day and night, and as much oftener as reasonable convenience of the public may require, or as may be directed by the Board.

Provided, however, that the Company shall not be required to operate its cars between the hours of 1 o'clock a. m. and 5 o'clock a. m. each day, unless the Board shall determine after a hearing had thereon that public convenience requires the operation of cars during said hours.

Eighteenth—The Company, so long as it shall continue to use any of the tracks upon the streets and avenues in which said railway shall be constructed, shall, if required by the President of the Borough of Richmond, cause to be watered at least three (3) times every twenty-four (24) hours when the temperature is above thirty-five (35) degrees Fahrenheit, the entire width of the streets and avenues, except when the width of such streets and avenues shall exceed sixty (60) feet between curb lines, in which case the Company shall cause to be watered only sixty (60) feet in width of such roadway, and the Company shall provide for such purpose at least one tank car, the capacity of which shall be sufficient to water such streets and avenues in a satisfactory manner.

Provided, however, that the Company may, with the approval of the City official having jurisdiction over such matters, oil that portion of the surface of the streets and avenues between the tracks, the rails of the tracks and two (2) feet beyond the rails on each side thereof, at least twice each summer season, in such manner as may be necessary to prevent the rising of dust, and if the Company shall so oil such portions of the surface of the streets and avenues, then the Company shall not be required to water such streets and avenues as herein provided.

Nineteenth—The Company shall at all times keep the streets and avenues upon which the said railway is constructed, between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails, on either side thereof, free and clear from ice and snow; provided, however, that the Company shall, at the option of the President of the Borough, enter into an agreement for each winter season, or part thereof, to clean an equivalent amount of street surface from house line to house line.

Twentieth—As long as said railway, or any portion thereof, remains in any street or avenue, the Company shall pave and keep in permanent repair that portion of the surface of the street or avenue in which the said railway is constructed between its tracks, the rails of its tracks and for a distance of two (2) feet beyond the rails on either side thereof, under the supervision of the local authorities, whenever required by them to do so, and in such manner as they may prescribe. In case of the neglect of the Company to make pavement or repairs after the expiration of thirty (30) days' notice to do so from the President of the Borough of Richmond, said President may make the same at the expense of the Company. And the City shall have the right to change the material or character of the pavement of any street or avenue, and in that event the Company shall be bound to replace such pavement in the manner directed by the proper City official, at its own expense, and the provisions as to repairs herein contained shall apply to such renewed or altered pavement.

The Company shall cause to be paved a strip sixty-four (64) feet in width across the entire roadways of New York and Tompkins avenues at their intersections with Wadsworth avenue, and a strip sixty (60) feet in width across the entire roadway of Richmond avenue at its intersection with Ocean avenue. The precise location of such pavement and the kind and character of the same shall be as determined by the President of the Borough of Richmond, and the work shall be done in the manner directed by said President.

Twenty-first—Any alteration to the sewerage or drainage systems, or to any other subsurface or to any surface structures in the streets, required on account of the construction or operation of the railway, shall be made at the sole cost of the Company, and in such manner as the proper City officials may prescribe.

Twenty-second—It is agreed that the right hereby granted to operate a street surface railway shall not be in preference or in hindrance to public work of the City, and should the said railway in any way interfere with the construction of public works in the streets and avenues, whether the same is done by the City directly or by a contractor for the City, the Company shall, at its own expense, protect or move the tracks and appurtenances in the manner directed by the City officials having jurisdiction over such public work.

Twenty-third—Should the grades or lines of the streets and avenues in which the railway is hereby authorized be changed at any time after the railway has been constructed and during the term of this contract, the Company shall, at its own expense, change its tracks and appurtenances to conform with such new grades and lines, and during the construction of any public improvement upon said streets and avenues the Company shall take care of and protect the tracks and appurtenances at its own expense, all to be done subject to the direction of the City official having jurisdiction over the construction of such change.

Twenty-fourth—The Company covenants and agrees to abandon and relinquish and does hereby abandon and relinquish to the City all its

If the Company shall fail to secure the approval of the Public Service Commission or shall fail for any other reason to comply with the provisions of this subdivision within the time stipulated this contract shall be void and of no effect, and the grant made herein shall thereupon cease and determine. Provided, however, the Board may extend said period for a period or periods not exceeding in the aggregate six months.

Twenty-fifth—Should the City at any time during the term of this contract lay out and acquire a street of sixty-four (64) or more feet in width, between New York avenue and Tompkins avenue, the lines of which shall approximately correspond with the proposed street shown upon the map hereinbefore described, and made a part of this contract, as Wadsworth avenue, then the Company shall, on one year's notice, alter the position of the curbs in said Wadsworth avenue to such position as shall be directed by the municipal authorities having jurisdiction and the Company shall cause to be paved the entire portion of the roadway between the new curb lines of said Wadsworth avenue which is not now paved under the supervision of the municipal authorities having jurisdiction in such matters and such authorities shall designate the kind and character of the pavement to be laid.

Should the City at any time during the term of this contract lay out a new street along all or any portion of the railway hereby authorized, between the northerly line of Richmond avenue and the westerly line of Tompkins avenue, then the Company shall convey or cause to be conveyed the free and clear title to all of that portion or portions of land now claimed to be owned by the Company and shown upon the map hereinbefore described and made a part of this contract, which shall lie within the lines of such new street or any portion of the same as may be laid out by the City, and should the City at any time during the term of this contract lay out the portion of such new street immediately north of Richmond avenue, then the Company shall convey or cause to be conveyed the free and clear title to all of those two triangular pieces or parcels of land, one of which lies immediately south of the property of the Company, as shown upon said map and between the easterly line of Florida avenue and the easterly line of such new street, being shown upon the hereinbefore described map as Parcel A, and the other of which has a frontage on Richmond avenue and lies between the westerly side of Florida avenue and the westerly side of such new street, being shown upon said map as Parcel B.

The conveyances hereinabove required shall be executed within thirty (30) days of the date of the approval by the Mayor of the resolution of the Board of Estimate and Apportionment adopting the map laying out such new street or streets.

The Company hereby agrees that if the City is, or shall become, entitled to acquire, and shall at any time during the term of this contract acquire or otherwise come into the possession of any of the property on which railway tracks shall be constructed on that portion of the route described herein as private property, no compensation shall be awarded for the right to have railway tracks thereon.

When the City shall have acquired or come into possession of any property, as provided above, then the rights hereby granted in the streets and avenues shall be extended to cover such property and all the terms and conditions of this contract shall be applicable thereto.

Twenty-sixth—The Company shall submit to the Board a report not later than November 1 of each year for the year ending September 30 next preceding, and at any other time, upon request of the Board, which shall state:

—and such other information in regard to the business of the Company as may be required by the Board.

Twenty-seventh—The Company shall at all times keep accurate books of account of the gross receipts from all sources within the limits of the City, and shall, on or before November 1 of each year, make a verified report to the Comptroller of the City of the business done by the Company, for the year ending September 30 next preceding, in such form as he may prescribe. Such report shall contain a statement of such gross receipts, the total miles in operation within the limits of the City and the miles of railway constructed and operated under this contract, and such other information as the Comptroller may require. The Comptroller shall have access to all books of the Company for the purpose of ascertaining the correctness of its report, and may examine its officers under oath.

Twenty-eighth—In case of any violation or breach or failure to comply with any of the provisions herein contained, or with any orders of the Board, acting under the powers herein reserved, the franchise or consent herein granted may be forfeited by a suit brought by the Corporation Counsel, on notice of ten (10) days to the Company, or at the option of the Board by resolution of said Board, which said resolution may contain a provision to the effect that the railway constructed and in use by virtue of this contract shall thereupon become the property of the City without proceedings at law or in equity. Provided, however, that such action by the Board shall not be taken until the Board shall give notice to the Company to appear before it on a certain day not less than ten (10) days after the date of such notice, to show cause why such resolution declaring the contract forfeited should not be adopted. In case the Company fails to appear, action may be taken by the Board forthwith.

Twenty-ninth—If the Company shall fail to give efficient public service at the rates herein fixed, or fail to maintain its structures and equipment as herein provided in good condition throughout the whole term of this contract, the Board may give notice to the Company specifying any default on the part of the Company, and requiring the Company to remedy the same within a reasonable time, and upon failure of the Company to remedy such default within a reasonable time, the Company shall, for each day thereafter during which the default or defect remains, pay to the City the sum of two hundred and fifty dollars ($250) as fixed or liquidated damages, or the Board, in case such structures or equipment which may affect the surface of the streets shall not be put in good condition within a reasonable time after notice by the Board as aforesaid shall have the right to make all needed repairs at the expense of the Company, in which case the Company shall pay to the City the amount of the cost of such repairs, with legal interest thereon, all of which sums may be deducted from the fund hereinafter provided for.

Thirtieth—The Company shall assume all liability to persons or property by reason of the construction or operation of the railway authorized by this contract, and it is a condition of this contract that the City shall assume no liability whatsoever to either persons or property on account of the same, and the Company hereby agrees to repay to the City any damage which the City shall be compelled to pay by reason of any acts or default of the Company.

Thirty-first—This grant is upon the express condition that the Company, within thirty (30) days after the signing of this contract by the Mayor, and before anything is done in exercise of the rights conferred hereby, shall deposit with the Comptroller of the City the sum of one thousand dollars ($1,000), either in money or securities, to be approved by him, which fund shall be security for the performance by the Company of all the terms and conditions of this contract and compliance with all orders of the Board acting under the powers herein reserved, especially those which relate to the payment of the annual charges for the privilege hereby granted, the rendering of efficient public service at the rates herein fixed, the repairs of the street pavement, the removal of snow and ice, the quality of construction of the railway and the maintenance of the property in good condition throughout the whole term of this contract, and in case of default in the performance by the Company of such terms and conditions or compliance with such orders, or either or any of them, the City shall have the right to cause the work to be done and the materials to be furnished for the performance thereof after due notice, and shall collect the reasonable cost thereof from the said fund without legal proceedings; or after default in the payment of the annual charges, shall collect the same, with interest, from the said fund after ten (10) days' notice to the Company; or in case of failure to observe the said terms and conditions of this contract and orders of the Board acting hereunder, relating to the headway, heating and lighting of cars, fenders and wheel guards, the Company shall pay a penalty of fifty dollars ($50) per day for each day of violation, and the further sum of ten dollars ($10) per day for each car that shall not be properly heated, lighted or supplied with fenders or wheel guards, in case of a violation of the provisions relating to those matters, all of which sums may be deducted from said fund.

The procedure for the imposition and collection of the penalties in this contract shall be as follows:

The Board, on complaint made, shall give notice to the Company, directing its President, or other officer, to appear before the Board on a certain day not less than ten (10) days after the date of such notice, to show cause why the Company should not be penalized in accordance with the foregoing provisions. If the Company fails to make an appearance, or, after a hearing appears in the judgment of the Board to be in fault, said Board shall forthwith impose the prescribed penalty, or where the amount of the penalty is not prescribed herein, such amount as appears to the Board to be just, and without legal procedure direct the Comptroller to withdraw the amount of such penalty from the security fund deposited with him. In case of any drafts made upon the security fund the Company shall, upon ten (10) days' notice, pay to the City a sum sufficient to restore said security fund to the original amount of one thousand dollars ($1,000), and in default thereof this contract shall be cancelled and annulled at the option of the Board, acting in behalf of the City. No action or proceeding or right under the provisions of this contract shall affect any other legal rights, remedies or causes of action belonging to the City.

Thirty-second—The words "notice" or "direction," wherever used in this contract, shall be deemed to mean a written notice or direction. Every such notice or direction to be served upon the Company shall be delivered at such office in the City as shall have been designated by the Company, or if no such office shall have been designated, or if such designation shall have for any reason become inoperative, shall be mailed in the City, postage prepaid, addressed to the Company at the City. Delivery or mailing of such notice or direction as and when above provided shall be equivalent to direct personal notice or direction, and shall be deemed to have been given at the time of delivery or mailing.

Thirty-third—The words "streets or avenues," and "streets and avenues," wherever used in this contract, shall be deemed to mean "streets, avenues, highways, driveways, concourses, boulevards, bridges, viaducts, public places or any other property to which the City has title or over which the public has an easement," encountered in the route hereinabove described, and upon or in which authority is hereby given the Company to construct a railway.

Thirty-fourth—If at any time the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned, shall be transferred by law to any other board, authority, officer or officers, then and in such case such other board, authority, officer or officers, shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

Sec. 3. This grant is also upon the further and express condition that the provisions of article 5, and the other provisions of the Railroad Law pertinent hereto shall be strictly complied with by the Company.

Sec. 4. Nothing in this contract shall be construed as in any way limiting the present or future jurisdiction of the Public Service Commission under the laws of the State of New York.

Sec. 5. The Company promises, covenants and agrees on its part and behalf to conform to and abide by and perform all the terms and conditions and requirements in this contract fixed and contained.

In witness whereof, the party of the first part, by its Mayor, thereunto duly authorized by the Board of Estimate and Apportionment of said City, has caused the corporate name of said City to be hereunto signed and the corporate seal of said City to be hereunto affixed, and the party of the second part by its officers thereunto duly authorized, has caused its corporate name to be hereunto signed and its corporate seal to be hereunto affixed, the day and year first above written.

THE BUILDINGS AND APPURTENANCES thereto will be sold to the highest bidder, who must pay cash or certified check, drawn to the order of the Comptroller of The City of New York, and must also give a certified check or cash in half the amount of the purchase price as security for the faithful performance of the terms and conditions of the sale. Where the amount of the purchase price does not equal or exceed the sum of $50, the sum of $50 shall be the amount of the security to be deposited. This security may at any time after the expiration of the contract period be applied by the City to the cost of completing any of the work required under the contract, but unfinished at the expiration of the contract period.

The purchaser shall not lease, occupy, cause or permit the building or buildings, etc., purchased by him to be used or occupied for any purpose other than that of their speedy removal, nor shall he collect any rental or other revenue for the use of either the land or the buildings, etc., situated thereon. The breach of either or any of these conditions shall forthwith void the sale and cause immediate forfeiture of the purchase money and the security deposited for the faithful performance of the conditions of the sale. The placing therein or permitting the occupancy of any such building by any tenant free, for rent or otherwise, excepting the necessary watchmen or the workmen engaged in the actual demolition thereof, shall of itself be a breach of the above conditions of sale.

The sale will be as of the condition of the property on date of delivery thereof to the purchaser. The City of New York will not be responsible for any change or loss which may occur in the condition of the buildings, or their appurtenances, between the time of the sale thereof and the time of delivering possession to the purchaser, after being properly vacated of all tenants. The sale and delivery to purchaser will be made as nearly together as the circumstance of vacating the structures of their tenants will permit.

All the material of the buildings, sheds, walks, structures and cellars of whatsoever nature, with their exterior and interior fixtures, appurtenances and foundations of all kinds, except the exterior walls of the buildings and their foundations and the sidewalks and curb in front of said buildings, extending within the described area shall be torn down and removed from the premises. None of the dirt, debris or waste resulting from demolition shall be allowed to remain on the premises, except old mortar or plaster only, which may be left, but not higher at any point than two feet below the curb opposite that point. The exterior walls and their foundations shall be taken down only to a plane whose elevation shall be the level of the curb in front of the building. Where there is no curb the elevation of the surrounding ground shall be considered curb level. All wells, cesspools, sinks, etc., existing on the property must be filled to the level of the surrounding ground with clean earth.
