## BOARD OF EXAMINERS.

December 30, 1902.

Present—Messrs. Francis C. Moore, William J. Fryer, Warren A. Conover, Cornelius O'Reilly, William C. Smith, Acting Chief Charles D. Purroy and A. F. D'Oench, Chairman.

Meeting called to order at 3 p. m.

Minutes of meeting of the 23d instant read, and on motion approved.

Appeal No. 364, New Building No. 667 of 1902, northwest corner of Avenue D and East Seventh street, Manhattan; Alfred E. Badt, architect and appellant. It is respectfully requested that permission be granted to dispense with the brick partition walls in the front and rear portions of this house, and there to provide instead steel beams for the support of the floor beams, as shown.

It will be observed that brick partition walls are provided and that the steel beams in question are over only one room, both front and rear.

Mr. C. B. Myers and Mr. G. Wills appeared before the Board.

On motion, laid over.

Appeal No. 365, New Building No. 713 of 1902, Nos. 78 and 80 Broad street, Manhattan; Frank Freeman, architect and appellant.

Objection 1—As the party walls are being increased in height the same should be lined to make them conform to the provisions of sections 32, 38 and 39 of the Code.

Reply—As new iron columns and steel girders are being placed closer to the party wall and side walls of the building than they are at present, and in such manner that the party wall and side wall will carry no more weight when carried up than they do at present, therefore, your Board is requested to permit the walls to be carried up without being lined, as required by sections 32, 38 and 39 of the Code.

Objection 2—The new front and rear bearing walls have excessive openings and should be increased in thickness. (Section 28 of the Code.)

Objection 3—The walls of the extension on the east side and on the rear should be increased in thickness to conform to the provisions of section 32 of the Code.

Reply—As these walls as shown by the plans are of ample strength and are not bearing walls your Board is respectfully requested to grant a permit for them to be built as shown on plans.

Objection 4—Fire-escapes are required. (Section 103 of the Code.)

Reply—Fire-escapes will be provided as required by section 103 of the Code.

Mr. Freeman appeared before the Board.

On motion, Part 1 of appeal approved, Parts 2 and 3 denied.

The Chairman presented a communication from the Fire Department, dated the 29th instant, which was ordered placed on file.

Mr. D'Oench then announced the termination of his three years' term of service as representative of the New York Chapter of the American Institute of Architects, and introduced Mr. Walter Cook as his successor.

Adjourned.

JAMES GAFFNEY, Clerk.

Each bid or estimate shall contain the name and place of residence of the person making the same, the names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below. No bid or estimate will be considered unless as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contracts must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done.
