Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution by the Board of Education, of a renewal of the lease to the City, from the Cord Meyer Company, of the premises on the northwest corner of First street and Jackson avenue, Woodside, Borough of Queens, for a period of two years from August 15, 1906, at an annual rental of four hundred and eighty dollars (\$480), payable quarterly, and water tax, otherwise upon the same terms and conditions as contained in the existing lease; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Street Cleaning, relative to a lease of premises at No. 1064 Washington avenue, Borough of The Bronx:

New York, May 16, 1906.

*Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Commissioners of the Sinking Fund:*

SIR—I request the consent and approval of your Board for a lease, pursuant to section 541 of the Charter, from Mrs. Mary J. Rooney (John J. Devins, residing at No. 977 Tinton avenue, attorney in fact) of the first floor and half of the cellar of the premises known as No. 1064 Washington avenue, in the Borough of The Bronx, for a term from the date of occupancy to the 1st day of May, 1909, at an annual rental of \$300, payable quarterly; the lessor to make all necessary alterations and to put the premises in good repair and suitable condition for use by this Department as a section station, including the installation and inclosure of proper toilet facilities, and to pay for the Croton water used on the premises during the term of the lease.

The measurement of the first floor is 30 feet 3 inches wide by 19 feet 6 inches in depth.

This proposed lease is intended to be substituted for the lease from Patrick J. Byrnes of the store and basement of No. 747 East One Hundred and Sixty-seventh street. Several attempts during the past four months have been made to get Mr. Byrnes to declare whether he was willing or not to renew the lease of said premises, but without effect, the result being that we are still in possession of the premises leased from him, but on a month to month basis, as he has sold the property, and the agent of his vendee is unwilling to renew the lease, except for a term of one year, with the right to terminate on thirty days' notice.

Respectfully,  
JOHN McG. WOODBURY, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolution:

May 21, 1906.

*Hon. HERMAN A. METZ, Comptroller:*

SIR—Honorable John McGaw Woodbury, Commissioner of the Department of Street Cleaning, in a communication under date of May 16, 1906, addressed to the Commissioners of the Sinking Fund, requests a lease of the first floor and half of the cellar of the premises known as No. 1064 Washington avenue, Borough of The Bronx, for a period from the date of occupation to May 1, 1909, at an annual rental of \$300, which is to take the place of the store and basement of the premises, No. 747 East One Hundred and Sixty-seventh street, Borough of The Bronx, which is now used as a section station in that locality.

I have had an examination made of the premises and find that the rent asked of \$200 per annum is reasonable, and I would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the first floor and half of the cellar of the premises known as No. 1064 Washington avenue, Borough of The Bronx, for a period from the date of occupation to May 1, 1909, at an annual rental of \$300, payable quarterly, the lessor to make all necessary alterations and to put the premises in good repair and in suitable condition for the use of the Department of Street Cleaning, including the installation and inclosure of proper toilet facilities, and to pay for the Croton water used on the premises during the term of the lease, and also to remove any partitions that may be desired. Lessor, Mary J. Rooney.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

H. A. METZ, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City, from Mary J. Rooney, of the first floor and half of the cellar of the premises known as No. 1064 Washington avenue, Borough of The Bronx, for a period from the date of occupation to May 1, 1909, at an annual rental of three hundred dollars (\$300), payable quarterly; the lessor to make all necessary alterations; put the premises in good repair and suitable condition for the use of the Department of Street Cleaning, including the installation and inclosure of proper toilet facilities; pay for the Croton water used on the premises during the term of the lease, and also to remove any partitions that may be desired; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Street Cleaning, relative to leases of premises at No. 10 Franklin street and No. 217 Hester street, Borough of Manhattan.

New York, May 10, 1906.

*Hon. GEORGE B. McCLELLAN, Mayor, Chairman, Board of Sinking Fund Commissioners:*

SIR—I request the consent and approval of your Board for a lease from Diedrich Knabe (residing at No. 863 West End avenue, Borough of Manhattan), of the front store of the premises known as No. 217 Hester street, in the Borough of Manhattan, City of New York, from May 16, 1906, to May 1, 1909, at the annual rental of \$720, payable quarterly; the lessor to put in a new toilet, paint the walls, kalsomine the ceilings, put in new front windows, to set aside sufficient room in the basement for the storage of tools and coal and to put the premises in good tenable repair and condition and to pay for the Croton water used on the premises. The City to keep the premises in repair. The dimensions of the store are 20 feet by 42 feet.

The purpose of this lease is to provide for a section station instead of the one at No. 10 Franklin street, Manhattan, leased from Colombo & Rapuzzi, who now, at the last moment, refuse to enter into a renewal of the lease which expires on the 16th inst.

The appropriation applicable to this lease is entitled Supplies, Rents and Contingencies, Boroughs of Manhattan, The Bronx and Brooklyn.

Respectfully,

JOHN McG. WOODBURY, Commissioner.

In connection therewith the Comptroller presented the following report and offered the following resolutions:

May 21, 1906.

*Hon. HERMAN A. METZ, Comptroller:*

SIR—Honorable John McGaw Woodbury, Commissioner of the Department of Street Cleaning, in a communication addressed to the Commissioners of the Sinking Fund under date of May 10, 1906, requests a lease of the store of the premises known as No. 217 Hester street, in the Borough of Manhattan, for a period from May 16, 1906, to May 1, 1909, at an annual rental of \$720, which is to take the place of the premises formerly occupied for that section station at No. 10 Franklin street, in the Borough of Manhattan, the lessors having refused to renew the lease.

After an examination of the premises in question I report that the store in question is about 20 by 42 feet, including a portion of the rear court used for toilet room and small storeroom. The Street Cleaning Department has been in possession of the premises since May 16, 1906, when the Franklin street lease expired. The owner has already put in a new floor, double show windows, front gratings, toilet and sink, has repaired plastering wherever broken and has painted the premises inside and out. The store is located on the north side of Hester street, twelve feet east of Centre street.

The rent asked, \$720 a year, while full value cannot, in view of the repairs and alterations made, be considered excessive. I would therefore respectfully recommend that the Commissioners of the Sinking Fund adopt a resolution authorizing a lease of the store of the premises known as No. 217 Hester street, in the Borough of Manhattan, for a period from May 16, 1906, to May 1, 1909, at an annual rental of \$720, payable quarterly, the lessor to put in a new toilet, paint the walls, kalsomine the ceilings, put in new front windows, to set aside sufficient room in the basement for the storage of tools and coal and to put the premises in good tenable repair and condition and to pay for the Croton water used on the premises; the City to keep the premises in repair and the premises in repair. Lessor, Diedrich Knabe.

I would further respectfully recommend that the Commissioners of the Sinking Fund rescind their resolution of February 21, 1906, as amended April 4, 1906, authorizing the renewal of the lease of the premises No. 10 Franklin street, in the Borough of Manhattan.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board at meeting held February 21, 1906, and as amended by resolution adopted April 4, 1906, authorizing a renewal of the lease of premises at No. 10 Franklin street, Borough of Manhattan, for the use of the Department of Street Cleaning, be and the same is hereby rescinded.

Resolved, That the Commissioners of the Sinking Fund hereby approve of and consent to the execution, by the Commissioner of Street Cleaning, of a lease to the City from Diedrich Knabe, of the store of premises known as No. 217 Hester street, in the Borough of Manhattan, for a period from May 16, 1906, to May 1, 1909, at an annual rental of seven hundred and twenty dollars (\$720), payable quarterly; the lessor to put in a new toilet, paint the walls, kalsomine the ceilings, put in new front windows, to set aside sufficient room in the basement for the storage of tools and coal and to put the premises in good tenable repair and condition and also to pay for the croton water used on the premises; the City to keep the premises in repair; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented a report recommending a lease of the north portion of the second floor of the Barclay Building, No. 299 Broadway, Borough of Manhattan, together with the suite of rooms on the third floor known as Nos. 319 to 322 inclusive, for the use of the Bureau for the Collection of Assessments and Arrears, Department of Finance.

On motion, the matter was laid over.

The Comptroller presented the following report and offered the following resolution relative to an amendment to resolution authorizing a renewal of the lease of premises on the north side of Third street, Williamsbridge, Borough of The Bronx, for the use of the Fire Department. (See page .)

May 21, 1906.

*Hon. HERMAN A. METZ, Comptroller:*

SIR—The Commissioners of the Sinking Fund, at their meeting held May 1, 1906, authorized a renewal of the lease of premises on the northerly side of Third street, Williamsbridge, for the use of the Fire Department, for a period of one year from June 1, 1906, at an annual rental of \$600, lessor, Michael Brennan.

The lessor of the premises called at this office and refused to sign the lease unless there was inserted a clause that the City would pay the water tax on the premises, which request, in my opinion, is reasonable. I would therefore respectfully recommend that the Commissioners of the Sinking Fund amend their resolution of May 1, 1906, in relation to the above matter, by inserting the clause, "the City to pay for the water used in the premises."

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board, at meeting held May 1, 1906, authorizing a renewal of the lease to the City of premises on the north side of Third street, Williamsbridge, Borough of The Bronx, for the use of the Fire Department, for a period of one year from June 1, 1906, at an annual rental of six hundred dollars

(\$600), payable monthly, otherwise upon the same terms and conditions as contained in the existing lease, be and the same is hereby amended by adding after the words, "at an annual rental of six hundred dollars (\$600), payable monthly," the words, "the City to pay for the Croton water used on the premises."

The report was accepted and the resolution unanimously adopted.

The Comptroller presented a report of the Appraiser of Real Estate relative to the application of the Hudson Fulton Celebration Commission, for a lease of Room No. 605, in the Tribune Building, No. 154 Nassau street, Borough of Manhattan.

On motion, the matter was laid over.

The following communication was received from the Jamaica Bay Improvement Commission, relative to a lease of rooms in the Mechanics' Bank Building, at the junction of Court, Fulton and Montague streets, in the Borough of Brooklyn:

1. The owner of the Mechanics' Bank Building is the Mechanics' Bank. The lessor is D. & M. Chauncey Real Estate Company, No. 207 Montague street, Brooklyn.

2. Room 913, Mechanics' Bank Building, contains 592 square feet.

3. Terms of rental, six months. This Commission is only applying for a six months' lease.

4. Rental, \$61.67 per month, payable monthly.

5. The owner will make necessary alterations at his own expense.

6. The owner pays water rent.

7. The owner pays for light, heat and janitor service.

8. This lease or some other one is necessary in order that the Commission may have a place in which to hold its meetings, keep its records and do its planning and drafting.

Rooms were sought in several other buildings, but in most of them it was impossible to get a lease for less than one year. The Commission is only appointed for the period ending December 31.

This application is made in the place of one of May 12, 1906, which latter the Commissioners request be withdrawn.

Respectfully,

PHILIP P. FARLEY,

President of the Jamaica Bay Improvement Commission.

In connection therewith the Comptroller presented the following report and offered the following resolution:

May 23, 1906.

*Hon. HERMAN A. METZ, Comptroller:*

SIR—Philip P. Farley, Esq., President of the Jamaica Bay Improvement Commission, in a communication dated May 21, 1906, requests the approval of the Commissioners of the Sinking Fund for a lease of Room No. 913 in the Mechanics' Bank Building, at the junction of Court, Fulton and Montague streets, in the Borough of Brooklyn, containing 592 square feet, for a period of six months at a monthly rental of \$61.67, payable monthly, the owner to make the necessary alterations at his own expense in the way of partitions, and to pay the water rent and taxes and furnish light, heat, elevator and janitor services; the rent to be paid from the \$25,000 appropriation under resolution No. 367 of the Board of Aldermen, adopted April 10, 1906.

At a meeting of the Board of Estimate and Apportionment, held March 2, 1906, there was presented by the Secretary a communication of the City Clerk and the Clerk of the Board of Aldermen, in the matter of providing means for the necessary expense in connection with the general improvement and development of Jamaica Bay in the boroughs of Brooklyn and Queens, and the general improvement of the water front of the boroughs of The Bronx, Brooklyn, Queens, Richmond, etc. (see minutes Board of Estimate and Apportionment, pages 404, 405, 406 and 407). The resolution was adopted by the Board of Estimate and Apportionment, and among other things resolved that the Mayor be requested to limit the time of the report of the Commission to be appointed by him under and pursuant to the resolution of the Commissioners of the Sinking Fund (which was adopted at a meeting of said Commission held December 13, 1905) to December 1, 1906. The Mayor having appointed the Commission and the issue of Corporate Stock having been approved, it is respectfully requested that the Commissioners of the Sinking Fund approve of the request of the President of the Jamaica Bay Improvement Commission and authorize a lease of Room No. 913 in the Mechanics' Bank Building, at the junction of Court, Fulton and Montague streets, in the Borough of Brooklyn, containing 592 square feet, for a period from the date of occupation to December 1, 1906, but not to exceed six months in term, at a monthly rental of \$61.67, payable monthly, the same being reasonable and just; the owner to make all the necessary alterations and erect partitions at his own expense, to pay the water rent and taxes and to furnish light, heat, elevator and janitor service; the rent to be payable from the \$25,000 appropriated under the resolution of the Board of Aldermen adopted at a meeting held April 10, 1906. Lessor, Mechanics' Bank, D. & M. Chauncey Real Estate Company, Agents.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the city, from the Mechanics' Bank, D. & M. Chauncey Real Estate Company, Agents, of Room No. 913 in the Mechanics' Bank Building, at the junction of Court, Fulton and Montague streets in the Borough of Brooklyn, containing 592 square feet, for the use of the Commission appointed by the Mayor, for the purpose of preparing and submitting to the Commissioners of the Sinking Fund, a report upon the general improvement and development of Jamaica Bay, etc., for a period from the date of occupation to December 1, 1906, at a monthly rental of sixty-one dollars and sixty-seven cents (\$61.67), payable monthly; the owner to make all the necessary alterations and erect partitions at his own expense, to pay the water rent and taxes, and to furnish light, heat, elevator and janitor service; the rent to be payable from the appropriation of \$25,000 made for the expenses of said Commission; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interests of the city that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by Sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to an amendment to resolution authorizing a renewal of the lease to the City of the Richmond Building, at the corner of Richmond terrace and York avenue, Borough of Richmond, for the use of the several municipal departments. (See page 494.)

May 22, 1906.

*Hon. HERMAN A. METZ, Comptroller:*

SIR—The Commissioners of the Sinking Fund at their meeting, held April 18, 1906, adopted a resolution authorizing a renewal of the lease of premises occupied by the City in the Richmond Building, at the corner of Richmond terrace and York avenue, in the Borough of Richmond, for the use of the several municipal departments, for a period of two months from May 1, 1906, at a rental of \$3,250 per annum, otherwise it was upon the same terms and conditions as contained in the existing lease. The lessor refused to sign a renewal of the lease unless he receives rental at the rate of \$500 a month for a short period lease, but after negotiation with him, he has agreed to make the lease for a period of three months at \$400 a month, with the privilege of renewal for an additional period of three months, at the rate of \$500 a month, which rent, in my opinion, cannot be considered excessive, in view of the fact that the new Borough Hall Building will be ready soon for occupancy, and if they were compelled to move it would cost a considerable amount to fix up new quarters.

I would therefore respectfully recommend that the resolution adopted by the Commissioners of the Sinking Fund on April 18, 1906, in relation to the above matter, be amended by inserting the clause, "for a period of three months from May 1, 1906 at a rental of \$400 a month, with the privilege of renewal for an additional three months at a rental of \$500 a month," instead of "for a period of two months from May 1, 1906, at a rental at the rate of \$3,250 per annum."

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the resolution adopted by this Board, at meeting held April 18, 1906, authorizing a renewal of the lease to the City of the Richmond Building, at the corner of Richmond terrace and York avenue, Borough of Richmond, for the use of the several municipal departments for a period of two months from May 1, 1906, at a rental at the rate of three thousand two hundred and fifty dollars (\$3,250) per annum, be and the same is hereby amended by inserting the clause "for a period of three months from May 1, 1906, at a rental of four hundred dollars (\$400) a month, with the privilege of a renewal for an additional three months, at a rental of five hundred dollars (\$500) a month," instead of "for a period of two months from May 1, 1906, at a rental at the rate of three thousand two hundred and fifty dollars (\$3,250) per annum."

The report was accepted and the resolution unanimously adopted.

The following communication was received from the President of the Borough of Queens, relative to a lease of premises No. 133 Seventh street, Long Island City:

LONG ISLAND CITY, May 9, 1906.

*Commissioners of the Sinking Fund, City of New York:*

GENTLEMEN—I am desirous of securing the property located at No. 133 Seventh street, Long Island City (First Ward), for the use of the Bureau of Sewers, as a Corporation Yard, and send you herewith copy of proposal from the owner, for a term of three years from the date of occupancy; water tax to be paid by the owner.

Very respectfully,

JOSEPH BERMEL,  
President of the Borough of Queens.

LONG ISLAND CITY, May 4, 1906.

*Mr. JOSEPH DE BRAGGA, Superintendent of Sewers, Borough of Queens:*

DEAR SIR—In reference to the property at No. 133 Seventh street, Long Island City, New York, I will rent it to The City of New York for a Corporation Yard for the sum of three hundred and sixty dollars (\$360), payable monthly.

The property is within two blocks of the present Borough Hall and is 25 by 100; it has a shed 18 by 40 and 15 feet high, with doors large enough for a horse and cart to enter; it also has a driveway on the side, so that a double truck can drive in the premises. The lot is enclosed on all sides with a high board fence; it is assessed by the City for \$4,000.

If the same is acceptable to you, please notify me at once.

Respectfully,

(Signed.) DANIEL SHEA,  
No. 135 Seventh street, Long Island City, N. Y.

In connection therewith the Comptroller presented the following report and offered the following resolution:

May 21, 1906.

*Hon. HERMAN A. METZ, Comptroller:*

SIR—Honorable Joseph Bermel, President of the Borough of Queens, in a communication under date of May 9, 1906, addressed to the Commissioners of the Sinking Fund requests that a lease be entered into of the premises No. 133 Seventh street, Long Island City (First Ward), for the use of the Bureau of Sewers as a Corporation Yard, for a term of three years from the date of occupancy; the water tax to be paid by the owner.

I have had an examination made of the premises, and report as follows:

The lot is 25 by 100 feet, located on the north side of Seventh street, 200 feet west of East avenue, and has on its front an old one-story frame shed 17 by 30 feet; the floor of the shed is in very bad repair. The rental asked by the owner, \$360, was considered high, and after negotiation with him he has agreed to make a three-year lease, with a privilege of renewal for one year, at an annual rental of \$300, which, in my opinion, while full value, is not excessive, and would therefore respectfully recommend that the Commissioners of the Sinking Fund authorize a lease of the premises No. 133 Seventh street, Long Island City, Borough of Queens, for a period of three years from the date of occupation, with the privilege of renewal for an additional one year, at an annual rental of \$300, payable quarterly, the lessor to pay all the taxes levied against the premises. Lessor, Daniel Shea.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from Daniel Shea, of premises No. 133 Seventh street, Long Island City (First Ward), for the use of the President of the Borough of Queens, as a Corporation Yard for the Bureau of Sewers, for a term of three years from the date of occupancy, with the privilege of a renewal for one year, at an annual rental of three hundred dollars (\$300), payable quarterly; the lessor to pay all the taxes levied against the premises; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller be and is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The following communication was received from the Commissioner of Bridges, turning over to the Commissioners of the Sinking Fund that part of First avenue extending along both sides of the approach to the Willis Avenue Bridge from the northerly line of One Hundred and Twenty-fifth street north to the United States bulkhead line, Harlem river, Borough of Manhattan:

May 10, 1906.

To the Board of Commissioners of the Sinking Fund, New York City:

GENTLEMEN—I am informed by the President of the Borough of Manhattan that petitions have been submitted to him requesting the erection of public comfort stations at the Manhattan end of the Willis Avenue Bridge. These comfort stations may be constructed on land under the jurisdiction of the Department of Bridges, but not now required for bridge purposes, and which may, therefore, be transferred to the jurisdiction of the President of the Borough of Manhattan, with the additional land adjoining, and including all of First avenue on either side of the Bridge from One Hundred and Twenty-fifth street to the bulkhead line, Harlem river.

I do hereby certify to the Board of Commissioners of the Sinking Fund that all that part of First avenue extending along both sides of the approach to the Willis Avenue Bridge from the northerly line of One Hundred and Twenty-fifth street north to the United States bulkhead line, Harlem river, in the Borough of Manhattan, is no longer required for bridge purposes, except for the purpose, from time to time, of storing immediately underneath the Bridge viaduct such material, tools and plant as may be necessary for the proper maintenance and repair of the Bridge.

I enclose herewith a map showing the land referred to, and also form of resolution for the transfer to the jurisdiction of the Borough President.

Respectfully,

J. W. STEVENSON,  
Commissioner of Bridges.

The land was accepted and the communication placed on file.

The Comptroller presented the following report and offered the following resolution, relative to an assignment to the President of the Borough of Manhattan, of that part of First avenue extending along both sides of the approach to the Willis Avenue Bridge, from the northerly line of One Hundred and Twenty-fifth street north to the United States bulkhead line, Harlem river, Borough of Manhattan:

May 25, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable James W. Stevenson, Commissioner of the Department of Bridges, in a communication under date of May 10, 1906, addressed to the Commissioners of the Sinking Fund, states that he is informed by the President of the Borough of Manhattan that petitions have been submitted to him requesting the erection of public comfort stations at the Manhattan end of the Willis Avenue Bridge, and that these comfort stations may be constructed on land under the jurisdiction of the Department of Bridges, but not now required for bridge purposes, and which may therefore be transferred to the jurisdiction of the President of the Borough of Manhattan, and certifies in said communication to the Board of the Commissioners of the Sinking Fund that all that part of First avenue extending along both sides of the approach to the Willis Avenue Bridge, from the northerly line of One Hundred and Twenty-fifth street north to the United States bulkhead line, Harlem river, in the Borough of Manhattan, is no longer required for bridge purposes, except for the purpose from time to time of storing immediately underneath the bridge viaduct such materials, tools and plant as may be necessary for the proper maintenance and repair of the bridge.

The matter was transmitted to Honorable John F. Ahearn, President of the Borough of Manhattan, in a communication from this office under date of May 16, 1906, in order to determine whether such property was desired by his Department, and in reply thereto under date of May 19, 1906, he states:

"Application has been made by residents of the locality to construct public comfort stations at the approach to the Willis Avenue Bridge, on First avenue. It is therefore requested that jurisdiction of First avenue, between the points above indicated, be transferred to this department as soon as possible."

I would therefore respectfully recommend that the Commissioners of the Sinking Fund assign for the purposes of a public street, all that part of First avenue extending along both sides of the approach to the Willis Avenue Bridge, from the northerly line of One Hundred and Twenty-fifth street north to the United States bulkhead line, Harlem river, in the Borough of Manhattan, heretofore used for bridge purposes, it

being intended that the same shall be under the jurisdiction and control of the President of the Borough of Manhattan. There is to be excepted, however, from the foregoing assignment the right to the use by the Commissioner of the Department of Bridges of the space immediately underneath the bridge viaduct for the purposes, from time to time, of storing such materials, tools and plant as may be necessary for the proper maintenance and repair of the bridge.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Whereas, The Armory Board, at meeting held May 21, 1906, adopted the following resolution:

"Resolved, That the Armory Board does hereby approve the bill and expense of Fred Thomass, surveyor, amounting to seventy-five dollars (\$75), in full, as per accompanying voucher, for survey of extension to the Thirteenth Regiment Armory, in the Borough of Brooklyn; that the Commissioners of the Sinking Fund be requested to concur in the same, and authorize the Comptroller to issue bonds to provide funds therefor."

Resolved, That the Commissioners of the Sinking Fund hereby concur in said resolution, and that for the purpose of providing means for the payment thereof, the Comptroller be and is hereby authorized and directed, pursuant to the provisions of chapter 212 of the Laws of 1898, to issue Corporate Stock of The City of New York in the manner provided by section 169 of the Greater New York Charter, to the amount of seventy-five dollars (\$75), the proceeds whereof to be applied to the payment of the expenses aforesaid.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Armory Board requesting an issue of Corporate Stock, amounting to \$3,500, to provide means for competitive designs for the proposed armory for the Second Battery, N. G., N. Y. (See page—):

The following communication was received from the President of the Borough of Manhattan, turning over to the Commissioners of the Sinking Fund certain portions of the subsurface of Delancey street, lying between a line drawn parallel with the westerly line of Norfolk street and distant 25 feet westerly therefrom and the easterly line of Essex street extended, in the Borough of Manhattan:

May 16, 1906.

Hon. HERMAN A. METZ, Comptroller, The City of New York:

DEAR SIR—Pursuant to the request in your letter of April 11, herewith is transmitted a certificate signed by the Borough President transferring to the Sinking Fund Commission certain portions of the subsurface of Delancey street lying between a line drawn parallel with the westerly line of Norfolk street and distant twenty-five (25) feet westerly therefrom, and the easterly line of Essex street extended.

Yours respectfully,  
BERNARD DOWNING,  
Secretary, Borough of Manhattan.

To the Board of Commissioners of the Sinking Fund:

Whereas, The officers of The City of New York have for a long time found great difficulty in securing a proper approach to the terminal of the Williamsburg Bridge in the Borough of Manhattan, at or in Delancey street, so as at the same time to preserve and improve Delancey street as widened at its easterly end where it meets the said bridge; and

Whereas, Certain proceedings have been taken resulting in the widening of Delancey street and in the construction of the said bridge, and for the erection of a terminal station or approach thereto; and

Whereas, Certain action has been taken upon this subject and particularly by the Board of Estimate and Apportionment at its meetings held June 23, July 7, July 14, September 21 and September 29, 1905, from which it would appear that certain open space forming a part of public streets at or near the terminus of the said bridge in Delancey street should be used only for street purposes, while the subsurface of the street is not needed for street purposes and can be used for terminal purposes connected with the operation of the said bridge without interfering with the use of the surface of the street for street purposes;

Now therefore do I certify to the Board of Commissioners of the Sinking Fund that the subsurface of the streets or parts thereof hereinafter described is no longer required for street purposes, except that it shall continue to be used so far as is necessary for the maintenance of such sewers, water, gas and other mains, pipes and conduits as may be now laid therein, or as it may be hereafter necessary to lay or place therein, with proper access thereto for alteration or repairs, and for such other and further purposes as may properly come under the jurisdiction of the President of the Borough of Manhattan with regard to such matters.

The streets or parts thereof referred to herein are described as follows:

The subsurface of that part of Delancey street lying between a line drawn parallel with the westerly line of Norfolk street and distant twenty-five (25) feet westerly therefrom and the easterly line of Essex street extended.

This certificate is issued only on condition that all applications for permits to make openings in the surface of that portion of Delancey street described above shall be made to the President of the Borough of Manhattan.

JOHN F. AHEARN,  
President of the Borough of Manhattan.

The property was accepted and the communication ordered on file.

The Comptroller presented the following report and offered the following resolution, relative to an assignment to the Department of Bridges, for the purpose of an approach to the westerly end of the Williamsburg Bridge, the subsurface of Delancey

street, between a line 25 feet westerly from the westerly side of Norfolk street and parallel therewith and the easterly side of Essex street in the Borough of Manhattan.

May 18, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Board of Estimate and Apportionment at its meeting held April 6, 1906, adopted the following resolution:

"Resolved, That the Board of Estimate and Apportionment of The City of New York hereby determines that the subsurface of Delancey street, between a line 2 feet westerly from the westerly side of Norfolk street and parallel therewith, and the easterly side of Essex street, in the Borough of Manhattan, is not necessary for street purposes, except for the maintenance of such sewers, water mains, gas mains and other subsurface structures as may be laid therein; and be it further

"Resolved, That it is the sense of the Board of Estimate and Apportionment that the subsurface of such portion of Delancey street should be turned over to the Department of Bridges by the Commissioners of the Sinking Fund, to be used for the construction of an underground terminal for the Williamsburg Bridge."

A similar situation occurred last year when it was determined that the subsurface of Delancey street from the easterly line of Clinton street to a line drawn parallel thereto, distant 25 feet westerly from the westerly line of Norfolk street, in the Borough of Manhattan, was not necessary for public purposes, and the Corporation Counsel was requested under date of October 4, 1905, for an opinion in regard to the legal feasibility of the proposition and the method of procedure which should be taken by the Commissioners of the Sinking Fund in regard to the matter, and in answer thereto under date of December 21, 1905, he stated:

"The situation thus is that the part of the street, that is, the subsurface, is not necessary for street purposes and may therefore be diverted to other purposes. The power to make this determination, however, is not in the Board of Estimate and Apportionment, but in the Board of Commissioners of the Sinking Fund.

"It is provided in Section 205 of the Charter as follows:

"The Commissioners of the Sinking Fund shall have power to assign to use for any public purposes, any city property for whatsoever purposes originally acquired, which may be found by the Department having control thereof to be no longer required for such purpose."

"The President of the Borough of Manhattan should, therefore, certify to the Board of Commissioners of the Sinking Fund that he has found the subsurface to be no longer required for street purposes, except that it shall continue to be used, so far as necessary, for sewers, water, gas and other mains, pipes and conduits, such as are customary in the public streets in this city."

The President of the Borough of Manhattan, in a communication under date of May 16, 1906, certified to the Commissioners of the Sinking Fund that the subsurface of the street, or part thereof, above described in the resolution, is no longer required for street purposes, except that it shall continue to be used, so far as necessary, for the maintenance of such sewers, water, gas and other mains, pipes and conduits as may now be laid therein, or as may hereafter be necessary to lay or place therein, with proper access thereto, for alteration or repairs, and for such other and further purposes as may properly come under the jurisdiction of the President of the Borough of Manhattan with regard to such matters.

Honorable James W. Stevenson, Commissioner of the Department of Bridges, in a communication under date of March 5, 1906, states that a careful study of the problem of constructing a subway station at the Manhattan terminal of the Williamsburg Bridge approach shows that the limits fixed by the resolution adopted by the Commissioners of the Sinking Fund on December 27, 1905, in regard to the subsurface of Delancey street from the easterly line of Clinton to a line drawn parallel thereto distant 25 feet westerly from the westerly line of Norfolk street, in the Borough of Manhattan, should be extended 50 feet westerly along Delancey street to a line 75 feet westerly of Norfolk street and parallel thereto. This is necessary in order to insure the greater safety and convenience to the passengers who will use the subway station at the Manhattan end of the Williamsburg Bridge.

I would therefore respectfully recommend that the Commissioners of the Sinking Fund assign to the Department of Bridges for the purpose of an approach to the westerly end of the bridge known as the Williamsburg Bridge, at or in Delancey street, the subsurface of Delancey street, between a line 25 feet westerly from the westerly side of Norfolk street and parallel therewith, and the easterly side of Essex street extended, in the Borough of Manhattan.

There is to be excepted from the above assignment, however, the right of use by the President of the Borough of Manhattan to said subsurface of the street, or parts thereof, assigned, for the maintenance of such sewers, water, gas and other mains, pipes and conduits as may now be laid therein, or as may hereafter be necessary to lay or place therein, with proper access thereto, for alteration or repairs and for such other and further purposes as may properly come under the jurisdiction of the President of the Borough of Manhattan with regard to such matters; and the further exception that all applications for permits to make openings in the surface of that portion of Delancey street heretofore described, shall be made to the President of the Borough of Manhattan.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Whereas, The President of the Borough of Manhattan has certified to the Commissioners of the Sinking Fund, under date of May 16, 1906, that certain parts of the subsurface of Delancey street heretofore described, are no longer required for street purposes; now therefore be it

Resolved, By the Board of the Commissioners of the Sinking Fund, that it does hereby assign to use for purposes of an approach to the westerly end of the bridge known as the Williamsburg Bridge, at or in Delancey street, the subsurface of Delancey street, between a line 25 feet westerly from the westerly side of Norfolk street and parallel therewith, and the easterly side of Essex street extended, in the Borough of Manhattan, it being intended that the subsurface of Delancey street within the said boundaries shall be under the jurisdiction and control of the Commissioner of Bridges, for the purposes of an approach to the said bridge.

There is to be excepted from the foregoing assignment, however, the right of use by the President of the Borough of Manhattan to said subsurface of the street, or parts thereof, assigned, for the maintenance of such sewers, water, gas and other mains, pipes and conduits as may now be laid therein, with proper access thereto, for alteration or repairs and for such other and further purposes as may properly come under the jurisdiction of the President of the Borough of Manhattan with regard to such matters; and the further exception that all applications for permits to make openings in the surface of that portion of Delancey street heretofore described, shall be made to the President of the Borough of Manhattan.

The report was accepted and the resolution unanimously adopted.

A communication was received from the Secretary of the Board of Estimate and Apportionment, transmitting a certified copy of resolution adopted by the Board of Estimate and Apportionment at meeting held May 25, 1906, authorizing a conveyance to the New York Central and Hudson River Railroad Company, pursuant to chapter 584 of the Laws of 1905, subject to the concurrence of the Commissioners of the Sinking Fund, of certain strips of land contiguous to the right of way of the Spuyten Duyvil and Port Morris Railroad, in the Borough of The Bronx, in consideration of the payment of the sum of \$40,479.

On motion of the Chairman of the Finance Committee Board of Aldermen, the matter was laid over.

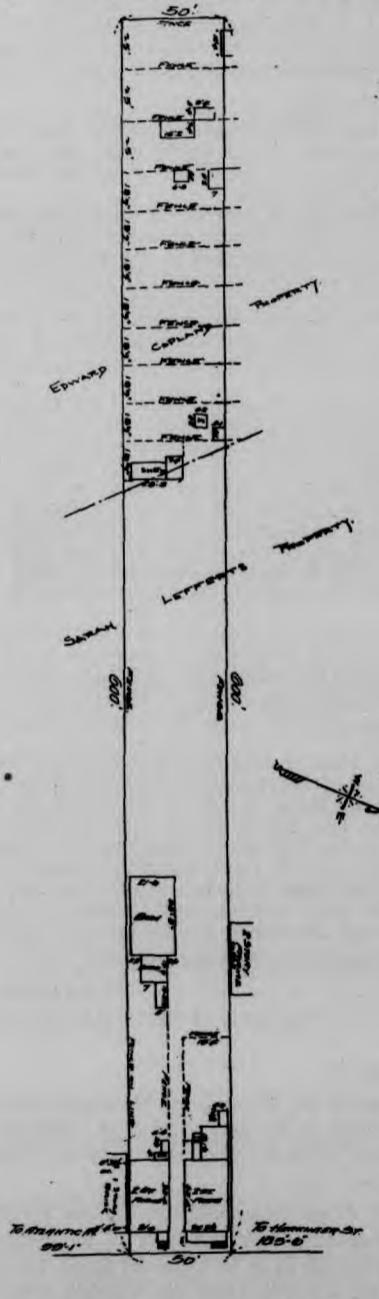

The following petition was received from Emma C. Bowen, for a release or quit-claim of the City's interest in a portion of the roadbed of the old Brooklyn and Jamaica Railroad, in the Borough of Brooklyn.

To the Sinking Fund Commissioners of The City of New York:

The petition of Emma C. Bowen (formerly Emma C. Thomas), of the Borough of Queens, of The City of New York, County of Queens and State of New York, respectfully shows that she is the owner in fee and in possession of the premises more fully hereinafter described, subject to whatever rights may be held by The City of New York in and to said premises; that she acquired title thereto by deed from Samuel Clark Bowen, dated September 21, 1901, and recorded in the office of the Register of the County of Kings in Liber 52 of Conveyances, at page 2, Section 6, Block 1706, September 24, 1901.

That in searching the title thereof it is discovered that the whole or major portion of said premises were once a part of the lands of the Brooklyn and Jamaica Railroad, and that it is advisable to obtain a deed from The City of New York to remove a possible cloud on title.

Therefore the petition is desirous of obtaining a release from The City of New York of all its right, title and interest in and to so much of the premises now owned by the petitioner as was formerly comprised within the Brooklyn and Jamaica Railroad, in all that certain plot, piece or parcel of land situate, lying and being in the Borough of Brooklyn of The City of New York, bounded and described as follows, to wit: Beginning at a point on the westerly side of Schenectady avenue, distant one hundred and eighty-five (185) feet six (6) inches southerly from the corner formed by the intersection of the westerly side of Schenectady avenue with the southerly side of Herkimer street; running thence westerly parallel with Herkimer street six hundred (600) feet; thence southerly parallel with Herkimer street six hundred (600) feet to the westerly side of Schenectady avenue, and thence northerly along the westerly side of Schenectady avenue fifty (50) feet to the point or place of beginning.

Wherefore your petitioner asks that your Honorable Body authorize and empower the proper officers of The City of New York to make a conveyance of the property herein lastly described to your petitioner.

Dated Brooklyn, N. Y., March 16, 1906.

EMMA C. BOWEN.

State of New York, County of Queens, ss.:

On this 16th day of March, in the year one thousand nine hundred and six, before me personally came Emma C. Bowen, to me known and known to me to be the individual described in and who executed the foregoing instrument, and she thereupon duly acknowledged to me that she executed the same.

Notary Public, Queens County, New York.

In connection therewith the Comptroller presented the following report, with certificate of the Corporation Counsel, and offered the following resolution:

May 16, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Emma C. Bowen, in a verified petition under date of March 16, 1906, received in this office on April 9, 1906, requests a release of all the right, title and interest of The City of New York to all that portion of the old Brooklyn and Jamaica Railroad located within the lines of property on the westerly side of Schenectady avenue, distant

185 feet 6 inches southerly from the southwesterly corner of Schenectady avenue and Herkimer street, in the Borough of Brooklyn, size 50 feet on Schenectady avenue, with a depth of 600 feet. The property is known on the tax maps as Lot No. 55, in Block 1706, Section 6, of the Borough of Brooklyn, City of New York.

The petitioner states that she is the owner in fee and in possession of the premises and that she acquired title thereto by deed from Samuel Clark Bowen, dated September 21, 1901, and recorded in the office of the Register of the County of Kings in Liber 52 of Conveyances, at page 2, Section 6, Block 1706, September 24, 1901. The petitioner further states that in searching the title to the property it was discovered that the whole or major portion of the premises was once a part of the lands of the Brooklyn and Jamaica Railroad, and that a deed is requested from the City to remove a possible cloud on the title.

The matter of the application for a release of a portion of the old Brooklyn and Jamaica Railroad, in the Borough of Brooklyn, has been passed upon by the Corporation Counsel in opinions written by him in several instances, more particularly in the matter of Florence S. Clark and Elizabeth H. Sprague for a release of a portion of the old road, he stated in an opinion under date of March 22, 1905, which was presented at a meeting of the Commissioners of the Sinking Fund held May 10, 1905 (see Sinking Fund Minutes, 1905, page 495), that

"This application is precisely similar to that of Caroline Diefenbach, concerning which I rendered you an opinion July 26, 1904. I there pointed out that the property for which a quit-claim deed was asked was, prior to the year 1854, part of the roadbed of the Brooklyn and Jamaica Railroad; that, by chapter 475 of the Laws of 1855, the Common Council of the City of Brooklyn was authorized to widen and extend Atlantic avenue and to widen Schuyler street; that under this statute the City was authorized to accept from the Brooklyn and Jamaica Railroad Company the cession of a strip of land 50 feet in width, owned by the said railroad company, extending from the westerly side of Franklin avenue to the easterly side of said city, and when so ceded it was declared that the City should own and hold said strip of land in fee simple absolute; that the value and effect of this statute and the agreement and the cession of land which it confirmed was considered in the case of Heard vs. The City of New York (60 N. Y., 242), and that it was there held that the conveyances made to the City of Brooklyn were effectual only as a relinquishment of the rights of the railroad company to the use of the lands, and that thereupon and upon the abandonment of the use, the owners of the fee were entitled to re-enter and to take possession; that the immediate effect of this decision was that a judgment of ejectment from the part of the strip in question, which had been occupied and improved by the City as a part of Atlantic avenue, was entered against the defendant, and that the land was subsequently acquired for street purposes through condemnation proceedings.

"In view of the decision cited I advised you then that the interest of the City in the land formerly forming the part of the roadbed of the Brooklyn and Jamaica Railroad, which was contained in the premises described, was merely nominal."

I would therefore respectfully recommend that the matter be referred to the Corporation Counsel for his opinion as to whether the interest of the City in the premises is material or merely nominal and a cloud upon the title of a private owner. If he should certify that the interest of the City of New York in the property herein-after described is merely nominal and a cloud upon the title of a private owner, the Commissioners of the Sinking Fund, pursuant to section 205 of the Amended Greater New York Charter, may properly authorize a release or quit-claim for a nominal consideration to Emma C. Bowen of all the right, title and interest of the City of New York in and to all that portion of the old Brooklyn and Jamaica Railroad within the lines of the following described property:

Beginning at a point on the westerly side of Schenectady avenue distant 185 feet 6 inches southerly from the corner formed by the intersection of the westerly side of Schenectady avenue with the southerly side of Herkimer street; running thence westerly parallel with Herkimer street 600 feet; thence southerly parallel with Schenectady avenue 50 feet; thence easterly parallel with Herkimer street 600 feet to the westerly side of Schenectady avenue, and thence northerly along the westerly side of Schenectady avenue 50 feet to the point or place of beginning.—upon the condition that the petitioner shall produce evidence that all the taxes, assessments and water rates now a lien upon said premises, or any portion thereof, or any sale for the non-payment of taxes, assessments or water rates shall have been paid before receiving such release from the City.

I would further recommend that if the Corporation Counsel shall decide that the interest of the City is not material and purely a cloud upon the title, that the interest of the City be appraised at the sum of \$1, and that the expense of such release, examination, etc., be fixed at \$200, to be paid by the petitioner before the delivery of the release.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

NEW YORK, May 24, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—I have received, under date May 16, 1906, communication signed N. Taylor Phillips, Deputy Comptroller, transmitting for my consideration an application made to the Commissioners of the Sinking Fund by Emma C. Bowen, for a release of a portion of the Brooklyn and Jamaica Railroad, in the Borough of Brooklyn, together with a report made to the Comptroller on the subject by the Bureau of Real Estate in the Department of Finance. I am requested to advise the Comptroller whether the interest of the City of New York in this piece of property is material or simply nominal and a mere cloud upon the title of a private owner. If the latter, I am asked to so certify that the matter may be presented to the Commissioners of the Sinking Fund, pursuant to section 205 of the Amended Greater New York Charter.

This application is precisely similar to that of Caroline Diefenbach concerning which an opinion was rendered by the Corporation Counsel to the Comptroller on July 26, 1904. In that opinion I held upon the authority of the case of Heard against The City of Brooklyn (60 N. Y., 242), that the interest of the City in the land formerly forming the roadbed of the Brooklyn and Jamaica Railroad was not material, and I would respectfully refer you thereto for an extended statement of the reasons leading to the conclusions reached. In pursuance of said opinion and of the opinion subsequently rendered in the Matter of the Application of Florence S. Clark and Elizabeth H. Sprague, bearing date March 22, 1905, I now certify that the interest of the City of New York in that portion of the land in the Borough of Brooklyn formerly occupied by the old Brooklyn and Jamaica Railroad included within the property of the petitioner is a mere cloud upon the title of a private owner. Said property is bounded and described as follows:

Beginning at a point on the westerly side of Schenectady avenue distant 185 feet 6 inches southerly from the corner formed by the intersection of the westerly side of Schenectady avenue with the southerly side of Herkimer street; running thence westerly parallel with Herkimer street 600 feet; thence southerly parallel with Schenectady avenue 50 feet; thence easterly parallel with Herkimer street 600 feet to the westerly side of Schenectady avenue, and thence northerly along the westerly side of Schenectady avenue 50 feet to the point or place of beginning.

I transmit herewith a proper form of release, certified by me as to form, together with two copies thereof.

Respectfully yours,

G. L. STERLING,  
Acting Corporation Counsel.

Resolved, That pursuant to the provisions of section 205 of the Amended Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize a release or quit-claim to Emma C. Bowen, of all the right, title and interest of the City of New York in and to all that portion of the old Brooklyn and Jamaica Railroad in the Borough of Brooklyn within the lines of the following described property.

Beginning at a point on the westerly side of Schenectady avenue, distant 185 feet 6 inches southerly from the corner formed by the intersection of the westerly side of Schenectady avenue with the southerly side of Herkimer street; running thence westerly parallel with Herkimer street 600 feet; thence southerly parallel with Schenectady

tady avenue 50 feet; thence easterly parallel with Herkimer street 600 feet to the westerly side of Schenectady avenue, and thence northerly along the westerly side of Schenectady avenue 50 feet to the point or place of beginning,  
—the Corporation Counsel having certified under date of May 24, 1906, that whatever interest the City may have in the property is a mere cloud upon the title of a private owner; and be it further

Resolved, That the interest of The City of New York in and to the same be and is hereby appraised at the nominal sum of \$1, and the expense of such release, examination, etc., be and is hereby fixed at \$200, to be paid by the petitioner and evidence produced that all taxes, assessments and water rates, now a lien upon said premises or any portion thereof, or any sale for the non-payment of taxes, assessments and water rates have been paid before the execution and delivery of such release.

The report was accepted and the resolution unanimously adopted.

The following petition was received from Julius B. Garfunkel, Moses Siegler and Nathan Rosenzweig, for a release or quit-claim of the City's interest in a portion of the old Hunterfly road, in the Borough of Brooklyn:

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

The petition of Julius B. Garfunkel, Moses Siegler and Nathan Rosenzweig respectfully shows:

That they are the absolute owners in fee simple of the premises situate at the southwesterly corner of Riverdale avenue (formerly Rapelye) and Thatford avenue; running thence westerly along the southerly side of Riverdale avenue one hundred (100) feet; thence southerly, parallel with Thatford avenue, one hundred and fifty (150) feet; thence easterly, parallel with Riverdale avenue, one hundred (100) feet to the westerly side of Thatford avenue, and thence northerly, along the westerly side of Thatford avenue, one hundred and fifty (150) feet to the point or place of beginning, and shown on the accompanying diagram.

The old Hunterfly road runs through the said premises and that portion of the said premises which is marked "A" on the said diagram lies in the bed of the said road.

That your petitioners are in possession of the whole of said plot, and their predecessors in title have for years been in possession of the same.

The entire premises are enclosed with a fence and there is a building erected upon the southwest corner of Riverdale and Thatford avenues.

That the easterly and westerly boundary lines of the said old Hunterfly road are shown by the dotted lines upon the said diagram.

That the Hunterfly road at this point has not been used as a public highway for over thirty years.

Chapter 321 of the Laws of 1869 provided for the laying out and improvement of a street now called Rockaway avenue, and this street was opened and improved in the following year, by reason of which travel over this part of the Hunterfly road down to its intersection with New Lots road was diverted at once to Rockaway avenue.

That portions of this road to the north and south of the premises above described have long been enclosed and occupied by the owners of the adjoining lots, and that the late City of Brooklyn, and its successor, The City of New York, have released their interest in a greater part thereof in that locality to the abutting owners for a nominal consideration, upon their application therefor.

That the interest of The City of New York in that portion of said plot which lies in this old road is not of substantial value, and your petitioner is informed and believes, that in an application similar to this the City has appraised its like interest at a nominal sum; and

Therefore, your petitioners pray that all the right, title and interest of The City of New York in and to such parts or portions of the old Hunterfly road as lie within the lines of the premises above described, and shown upon the accompanying diagram, may be offered for sale according to law, and that the interest of the City herein and the expenses of such sale, examinations, conveyances, etc., be appraised and fixed.

Dated Brooklyn, N. Y., April 23, 1906.

Respectfully,

JULIUS B. GARFUNKEL.  
MOSES SIEGLER.  
NATHAN ROSENZWEIG.

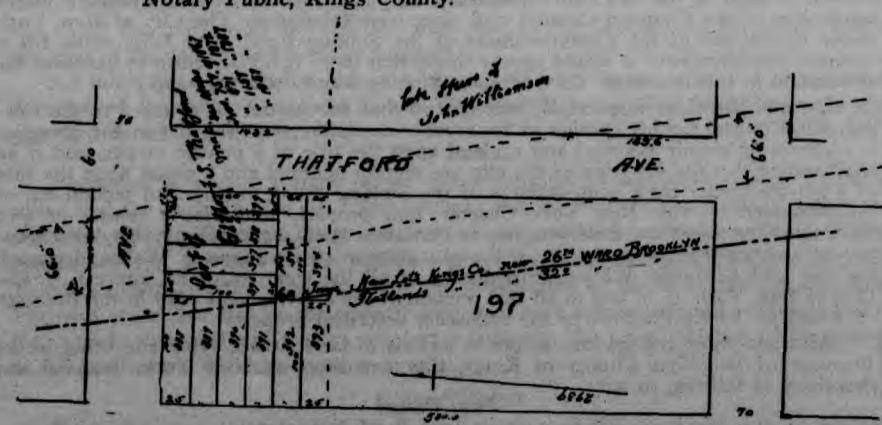

City and State of New York, County of Kings, ss.:

Julius B. Garfunkel, Moses Siegler and Nathan Rosenzweig, being each duly sworn, depose and say: That they are the petitioners above named; that they have read the foregoing petition and know the contents thereof; that the same is true of their own knowledge, except as to the matters therein stated to be alleged on information and belief, and as to those matters they believe it to be true.

JULIUS B. GARFUNKEL.  
MOSES SIEGLER.

In connection therewith the Comptroller presented the following report, with certificate of the Corporation Counsel, and offered the following resolution:

Hon. HERMAN A. METZ, Comptroller:

SIR—Julius B. Garfunkel, Moses Siegler and Nathan Rosenzweig, in a verified petition under date of April 23, 1906, addressed to the Commissioners of the Sinking Fund, which is hereto attached and forms part of this report, request a release of the City's interest to all that portion of the old Hunterfly road within the lines of property owned by them in the Borough of Brooklyn, situated on the southwesterly corner of Riverdale avenue and Thatford avenue.

The petitioners state that they are the owners of the property in fee simple, and that the old Hunterfly road runs through the said premises, and that the portion of the premises which is marked "A" on the diagram annexed to the petition lies in the bed of the said old road, and that the petitioners are in possession of the whole of the plot, and that their predecessors in title have for years been in possession of the same, and further, that the entire premises are enclosed with a fence and there is a building erected thereon. That the easterly and westerly boundary lines of the said Hunterfly road are shown by the dotted lines upon the diagram annexed to the petition, and that the Hunterfly road at this point has not been used as a public highway for over thirty years. It appears, however, that, pursuant to chapter 321 of the Laws of 1869, it provided for the laying out and improvement of a street now called Rockaway avenue, and this street was opened and improved in the following year, by reason of which travel over the part of the Hunterfly road in question down to its intersection with New Lots road was diverted at once to Rockaway avenue.

The matter of the release of the interest of the City to the Hunterfly road has heretofore been passed upon by the Corporation Counsel in opinions written by him many times; more particularly in the opinion in the matter of the application of Cecil Wagner for a release of a portion of the old Hunterfly road in the Borough of Brooklyn, which was presented to the Commissioners of the Sinking Fund on August 12, 1904, he stated:

"I \* \* \* certify that the interest of The City of New York in that portion of the old Hunterfly road, in the Borough of Brooklyn, which is included within the property of the petitioner, is a mere cloud on the title of a private owner." (See minutes Sinking Fund, 1904, page 689.)

I would respectfully recommend that the matter be referred to the Corporation Counsel for his opinion as to whether the interest of the City to that portion of the old Hunterfly road, in the Borough of Brooklyn, included within the lines of property hereinabove described, is material or nominal and a mere cloud upon the title of a private owner. If he should certify that the interest of the City is nominal and a mere cloud upon the title of a private owner, pursuant to section 205 of the Amended Greater New York Charter, the Commissioners of the Sinking Fund may properly authorize a release or quit-claim for a nominal consideration to Julius B. Garfunkel, Moses Siegler and Nathan Rosenzweig of all the right, title and interest of The City of New York in and to all that portion of the old Hunterfly road, in the Borough of Brooklyn, included within the lines of the following described property:

Beginning at the corner formed by the intersection of the southerly side of Riverdale avenue with the westerly side of Thatford avenue, running thence westerly along the southerly side of Riverdale avenue 100 feet; thence southerly parallel with Thatford avenue 150 feet; thence easterly and parallel with Riverdale avenue 100 feet to the westerly side of Thatford avenue; thence northerly along the westerly side of Thatford avenue 150 feet to the point or place of beginning, specifically reserving to the City any portion of the above described property which may lie in the bed of either Riverdale avenue or Thatford avenue as now laid out, —upon the condition that the petitioner shall produce evidence that all the taxes, assessments and water rates now a lien upon the premises, or any part thereof, or any sale for the non-payment of taxes, assessments or water rates upon said property, shall have been paid before receiving such release from the City.

I would also recommend that if the Corporation Counsel shall decide that the interest of The City of New York is not material and a mere cloud upon the title of a private owner, that the interest of the City be appraised at the nominal sum of \$1, and that the expense of such release, examination, etc., be fixed at \$100, to be paid by said petitioner before the delivery of such release.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

H. A. METZ, Comptroller.

NEW YORK, May 24, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—I received your communication of May 10, 1906, transmitting for my consideration an application made to the Commissioners of the Sinking Fund by Julius B. Garfunkel, Moses Siegler and Nathan Rosenzweig, for a release of a portion of the old Hunterfly road, in the Borough of Brooklyn, together with a report made to you on the subject by the Bureau of Real Estate in the Department of Finance. You ask me to advise you whether the interest of The City of New York in this piece of property is material or simply nominal, and a mere cloud upon the title of a private owner. If the latter, you ask me so to certify that the matter may be presented to the Commissioners of the Sinking Fund pursuant to section 205 of the Amended Greater New York Charter.

This old road is one of the highways in the former City of Brooklyn, which have long since been closed to public use and have been under the control of private ownership. I have heretofore on several occasions in communications to the Comptroller, passed upon its status as regards the interest of the city therein, and in each case have certified that such interest was a mere cloud upon the title of a private owner. Referring you to such communications for the reasons leading to such conclusion I now certify that the interest of The City of New York in that portion of the old Hunterfly road in the Borough of Brooklyn which is included within the property of the petitioner hereinabove described, is a mere cloud on the title of a private owner, to wit:

Beginning at the corner formed by the intersection of the southerly side of Riverdale avenue with the westerly side of Thatford avenue, running thence westerly along the southerly side of Riverdale avenue 100 feet; thence southerly parallel with Thatford avenue 150 feet; thence easterly and parallel with Riverdale avenue 100 feet to the westerly side of Thatford avenue; thence northerly along the westerly side of Thatford avenue 150 feet to the point or place of beginning, specifically reserving to the City any portion of the above described property which may lie in the bed of either Riverdale avenue or Thatford avenue as now laid out.

I transmit herewith a proper form of release, certified by me as to form, together with two copies thereof.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

Resolved, That pursuant to the provisions of section 205 of the Amended Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize a release or quit-claim to Julius B. Garfunkel, Moses Siegler and Nathan Rosenzweig, of all the right, title and interest of The City of New York in and to all that portion of the old Hunterfly road in the Borough of Brooklyn included within the lines of the following described property:

Beginning at the corner formed by the intersection of the southerly side of Riverdale avenue with the westerly side of Thatford avenue, running thence westerly along the southerly side of Riverdale avenue 100 feet; thence southerly parallel with Thatford avenue 150 feet; thence easterly and parallel with Riverdale avenue 100 feet to the westerly side of Thatford avenue; thence northerly along the westerly side of Thatford avenue 150 feet to the point or place of beginning, specifically reserving to the City any portion of the above described property which may lie in the bed of either Riverdale avenue or Thatford avenue as now laid out, —the Corporation Counsel having certified under date of May 24, 1906, that whatever interest the City may have in the property is a mere cloud upon the title of a private owner; and be it further

Resolved, That the interest of The City of New York in and to the same be and is hereby appraised at the nominal sum of \$1.00 and the expense of such release, examination, etc., be and is hereby fixed at \$100, to be paid by the petitioner and evidence produced that all taxes, assessments and water rates now a lien upon the premises, or any part thereof, or any sale for the non-payment of taxes, assessments and water rates upon said property have been paid before the execution and delivery of such release.

The report was accepted and the resolution unanimously adopted.

The following petition was received from Benjamin Welles and John A. Taylor for a release or quit-claim of the City's interest in a portion of the old Gowanus road, in the Borough of Brooklyn:

To the Honorable the Commissioners of the Sinking Fund of New York:

The petition of Benjamin Welles, of Islip, N. Y., and John A. Taylor, of No. 159 South Oxford street, Borough of Brooklyn, City of New York, executors of and trustees under the last will and testament of Benjamin S. Welles, deceased, and the said Benjamin Welles individually, respectfully shows:

1. That your petitioners are in possession, under claim of ownership, of all those certain three tracts of land shown on the diagram hereto annexed, consisting of three parcels, which are respectively designated thereon by the numbers 1, 2 and 3. This property is designated on the land map of the County of Kings as follows:

Parcel 1—Section 3, Block number 668, lots 1 and 53.

Parcel 2—Section 3, Block number 672, lot 1.

Parcel 3—Section 3, Block number 676, lots 42, 48 and 49.

2. That a portion of each of said tracts marked 1, 2 and 3 on said diagram, lie in the bed of an old road known as the Gowanus road, which was formerly a public highway. That many years ago said old Gowanus road was closed and ceased to be a public highway, and the lands which lie within the boundaries of said road are occupied by adjoining owners. That when said road was discontinued your petitioners are informed and believe that the adjoining owners went into possession of such parts of said road as lay in front of their respective lands.

3. Your petitioners further allege that they have a perfect record title to the balance of each of said tracts so marked 1, 2 and 3 on the annexed diagram, their title thereto coming to them by virtue of the last will and testament of Benjamin S. Welles, deceased, which was proved in the office of the Surrogate of the County of Suffolk, in the State of New York, and letters testamentary issued to your petitioners by said Surrogate on the 6th day of April, 1904, and your petitioners' testator had title in him to all land lying in this portion of the old Gowanus road from the former owners of the abutting property, by virtue of the last will and testament of Katherine Welles, dated October 25, 1851, proved January 24, 1859, and recorded in the office of the Surrogate of the County of New York, in Liber 126 of Wills at page 197. That this portion of the old road has been included in the annual assessment roll and taxes have been levied thereon, and your petitioners and their predecessor in title have paid taxes on this portion of the old road ever since the same was abandoned as a highway.

4. For the purpose of perfecting the title of your petitioners beyond question to the land lying in this old road, your petitioners desire a quit-claim deed from The City of New York. The interests therein, if any, of The City of New York is not of substantial value, and your petitioners are informed and believe that in applications similar to this relating to property in other parts of the same road, the City has appraised the like interest at a nominal sum.

5. The description of the property of your petitioners abutting upon said old Gowanus road and through which the same passes, is as follows:

All those three certain lots, pieces or parcels of land, situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows, to wit:

*First Parcel.*

Beginning at a point formed by the intersection of the northerly side of Thirtieth street and the easterly side of Third avenue, and running thence easterly along the northerly side of Thirtieth street, three hundred and fifty (350) feet; thence northerly at right angles with Third avenue, one hundred feet (100) feet and two (2) inches to the middle line of the block between Twenty-ninth and Thirtieth streets; thence westerly along the middle line of the block and parallel with Thirtieth street, three hundred and fifty (350) feet to the easterly side of Third avenue, and thence southerly along the easterly side of Third avenue, one hundred (100) feet and two (2) inches to the point or place of beginning, be the said several dimensions more or less.

*Second Parcel.*

Beginning at a point formed by the intersection of the northerly side of Thirty-first street and the easterly side of Third avenue, and running thence easterly along the northerly side of Thirty-first street, three hundred and fifty (350) feet; thence northerly at right angles with Third avenue one hundred (100) feet and two (2) inches to the middle line of the block between Thirtieth and Thirty-first streets; thence westerly along the middle line of the block and parallel with Thirty-first street, three hundred and fifty (350) feet to the easterly side of Third avenue, and thence southerly along the easterly side of Third avenue, one hundred (100) feet and two (2) inches to the point or place of beginning, be the said several dimensions more or less.

*Third Parcel.*

Beginning at a point formed by the intersection of the northerly side of Thirty-second street and the westerly side of Fourth avenue, and running thence westerly along the northerly side of Thirty-second street, three hundred and ten (310) feet; thence northerly at right angles with Fourth avenue one hundred (100) feet and two (2) inches to the middle line of the block between Thirty-first and Thirty-second streets; thence easterly along the middle line of the block and parallel with Thirty-second street, three hundred and ten (310) feet to the westerly side of Fourth avenue, and thence southerly along the westerly side of Fourth avenue, one hundred (100) feet and two (2) inches to the point or place of beginning, be the said several dimensions more or less.

Therefore your petitioners pray that all the right, title and interest of the City of New York in and to that part of the old Gowanus road included within the boundary of the parcels above described may be released to your petitioners. That the interest of The City of New York therein and the expense of such release, etc., be appraised and fixed. That a sale by auction be dispensed with, and your petitioners allowed to purchase said interest in such manner and upon such terms as in the judgment of the Commissioners of the Sinking Fund of The City of New York shall seem proper pursuant to the provisions of section 205, chapter 446 of the Laws of 1901, and your petitioners will ever pray.

Dated New York City, April 19, 1906.

Benjamin Welles and John A. Taylor, being each for himself duly sworn, says that he is the petitioner in the above entitled application; that he has read the foregoing petition and knows the contents thereof, and that the same is true of his own knowledge except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true.

Sworn to before me this 19th day of April, 1906.

Notary Public Kings County.

Certificate filed in New York County.

In connection therewith the Comptroller presented the following report, with certificate of the Corporation Counsel, and offered the following resolution:

Hon. HERMAN A. METZ, Comptroller:

SIR—Benjamin Welles and John A. Taylor, in a verified petition under date of April 19, 1906, addressed to the Commissioners of the Sinking Fund, states that they are in possession and under a claim of ownership to all those certain three tracts of land shown on the diagram attached to the petition, consisting of three parcels, which are respectively designated thereon by the numbers 1, 2 and 3, and known on the land map of the County of Kings as follows:

Parcel 1, section 3, Block 668, Lots Nos. 1 and 53.

Parcel 2, section 3, Block 672, Lot No. 1.

Parcel 3, section 3, Block 676, Lots Nos. 42, 48 and 49.

They further state that a portion of said tracts lie in the bed of the old road known as the old Gowanus road, which was formerly a public highway and many years ago was closed and ceased to be a public highway, and the lands which lie within the boundaries of said road are occupied by the adjoining owners, and that when the said road was discontinued the petitioners are informed and believe that the adjoining owners went into possession of such part of said road as lay in front of their respective lands.

They further allege that they have a perfect record title to the balance of each of the said tracts on the annexed diagram, their title thereto coming to them by virtue of the last will and testament of Benjamin S. Wells, deceased, which was proved in the office of the Surrogate of the County of Suffolk in the State of New York, and letters testamentary issued to the petitioners by said Surrogate on April 6, 1904, and that the petitioners' testator had title to all of the land lying within the portion of the old Gowanus road from the former owners of the abutting property, and that a portion of the old road has been included in the annual assessment roll and taxes have been levied thereon, and that the petitioners and their predecessors in title have paid taxes on this portion of the old road ever since the same was abandoned as a highway.

The statements made in the petition have been confirmed by this Bureau, and "in view of the opinion of the Corporation Counsel frequently expressed in previous cases that the old Gowanus road was a Dutch road and upon its abandonment title to the same reverted to the government; that the interests of The City of New York in the land included within the limits are very slight and in no way substantial, and that a nominal sum would be sufficient for a quit claim deed, and in view of the fact that similar releases to the one above requested and made by the City of Brooklyn under resolutions of the Common Council, and since consolidation by The City of New York under resolutions of the Commissioners of the Sinking Fund, have been made for a nominal consideration," it would appear to me that there is no objection to granting the application in this instance. (See Minutes Sinking Fund, 1901, page 419.)

I would therefore respectfully recommend that this matter be referred to the Corporation Counsel for his opinion as to whether the interests of the city in the premises is material or merely nominal and a cloud upon the title of a private owner, and if he shall certify that the interests of the city are merely nominal and a cloud upon the title of a private owner the Commissioners of the Sinking Fund, pursuant to section 204 of the Amended Greater New York Charter, may properly authorize a release or quit claim deed for a nominal consideration to Benjamin Welles and John A. Taylor, executors of and trustees under the last will and testament of Benjamin S. Welles, deceased, and the said Benjamin Welles, individually, of all the right, title and interest of The City of New York in and to all that portion of the old Gowanus road in the Borough of Brooklyn within the lines of the following described property:

All those three certain lots, pieces or parcels of land situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows, to wit:

*First Parcel.*

Beginning at a point formed by the intersection of the northerly side of Thirtieth street and the easterly side of Third avenue, and running thence easterly along the northerly side of Thirtieth street 350 feet; thence northerly at right angles to Third avenue 100 feet 2 inches to the middle line of the block between Twenty-ninth and Thirtieth streets; thence westerly along the middle line of the block and parallel with Thirtieth street 350 feet to the easterly side of Third avenue; thence southerly along the easterly side of Third avenue 100 feet 2 inches to the point or place of beginning, be the said several dimensions more or less.

*Second Parcel.*

Beginning at a point formed by the intersection of the northerly side of Thirty-first street and the easterly side of Third avenue; running thence easterly along the northerly side of Thirty-first street 350 feet; thence northerly at right angles with Third avenue 100 feet 2 inches to the middle line of the block between Thirtieth and Thirty-first streets; thence westerly along the middle line of the block and parallel with Thirty-first street 350 feet to the easterly side of Third avenue; thence southerly along the easterly side of Third avenue 100 feet 2 inches to the point or place of beginning, be the said several dimensions more or less.

*Third Parcel.*

Beginning at a point formed by the intersection of the northerly side of Thirty-second street and the westerly side of Fourth avenue; running thence westerly along the northerly side of Thirty-second street 310 feet; thence northerly at right angles with Fourth avenue 100 feet 2 inches to the middle line of the block between Thirty-first and Thirty-second streets; thence easterly along the middle line of the block and parallel with Thirty-second street 310 feet to the westerly side of Fourth avenue; thence southerly along the westerly side of Fourth avenue 100 feet 2 inches to the point or place of beginning, be the said several dimensions more or less, —upon the condition that the petitioners shall produce evidence that all the taxes, assessments and water rates now a lien upon said premises, or any portion thereof, or any sale for the non-payment of taxes, assessments and water rates, have been paid before receiving such release from the city.

I would further recommend that if the Corporation Counsel shall decide that the interests of the city are not material and purely a cloud upon the title of a private owner, that the interests of the city be appraised at the sum of \$1, and the expense of such release, examination, etc., be fixed at the sum of \$600, to be paid before receiving such release from the city.

Respectfully submitted for approval,

SIR:—I have received your communication of May 10, 1906, transmitting for my consideration an application made to the Commissioners of the Sinking Fund by Benjamin Welles and John A. Taylor, for a release of a portion of the old Gowanus road in the Borough of Brooklyn, together with a report made to you on the subject by the Bureau of Real Estate of the Department of Finance. You ask me to advise you whether the interest of The City of New York in this piece of property is material or simply nominal and a mere cloud upon the title of a private owner. If the latter, you ask me so to certify that the matter may be presented to the Commissioners of the Sinking Fund pursuant to section 205 of the amended Greater New York Charter.

The status of this old road has been frequently passed upon by the Corporation Counsel in opinions delivered to the Comptroller. In each case passed upon, it has been held that the interest of the City in the premises under consideration was a mere cloud upon the title of a private owner. I respectfully refer you to the various opinions heretofore rendered upon the subject and I now certify that the interest of The City of New York of, in and to all of that portion of the old Gowanus road in the Borough of Brooklyn within the lines of the following described property is a mere cloud upon the property of a private owner, to wit:

*Third Parcel.*

Beginning at a point formed by the intersection of the northerly side of Thirty-second street and the westerly side of Fourth avenue; running thence westerly along the northerly side of Thirty-second street 310 feet; thence northerly at right angles with Fourth avenue 100 feet 2 inches to the middle line of the block between Thirty-first and Thirty-second streets; thence easterly along the middle line of the block and parallel with Thirty-second street 310 feet to the westerly side of Fourth avenue; thence southerly along the westerly side of Fourth avenue 100 feet 2 inches to the point or place of beginning, be the said several dimensions more or less.

I transmit herewith proper form of release, duly approved by me as to form, together with two copies thereof.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

The report was accepted and the resolution unanimously adopted.

The following petition was received from Samuel J. Krooks for a release or quit-claim of the City's interest in a portion of old East Broadway (now Church avenue), Borough of Brooklyn.

*In the Matter of*

The application of Samuel J. Krooks for a quit-claim deed of premises forming part of the old road lately known as East Broadway, in the Twenty-ninth Ward of the Borough of Brooklyn, City of New York.

To the Comptroller and to the Sinking Fund Commissioners of The City of New York: The petitioner shows:

1. That he is the owner in fee of the premises situate on the north side of the old road formerly known as the old road leading from Flatbush to New Lots and later as East Broadway, in the Borough of Brooklyn, lying between Flatbush and Bedford avenue, and in the block number 5089, in section 16 on the land map of Kings County. That said premises were conveyed to your petitioner by Emily M. Herbold by deed dated April 2, 1906, and recorded in the Kings County Register's office on the 19th day of April, 1906.

2. That said premises had been heretofore conveyed to John Herbold in May, 1894, by John J. Drake and wife by deed conveying the easterly portion thereof, and which were thereafter conveyed to Emily M. Herbold by deed dated August 27, 1902, and recorded in said Register's office in Liber 27, page 457, Section 16, Block 5089. That the westerly portion of said plot was conveyed to Emily H. Herbold by deed dated April 26, 1893, and recorded in Liber 2182, page 493, Section 16, Block 5089, and that the premises were thereafter vested in your petitioner as aforesaid and have ever since so remained.

3. That the premises owned by your petitioner are known on the Assessor's tax map of the Borough of Brooklyn as Ward 29, Block 375, Lot

4. That the premises in said first mentioned deed are bounded and described as follows: All those certain lots, pieces or parcels of land, situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows, viz.:

Beginning at a point in the northerly side of East Broadway as the same is now laid out and opened where the division line between the land hereby conveyed and land formerly of Allego intersects East Broadway; thence northerly two hundred and nine (209) feet and nine (9) inches to land late of Helen Martense; thence westerly along said land of late Helen Martense fifty-five (55) feet and two (2) inches; thence southerly two hundred and seventeen (217) feet and three (3) inches to a point on the northerly side of East Broadway distant fifty-five (55) feet and six (6) inches westerly from said land of Allego; thence easterly along the northerly side of East Broadway fifty-five (55) feet and six (6) inches to the point or place of beginning.

And also all that certain other piece or parcel of land, situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, bounded and described as follows:

Beginning at a point on the northerly side of East Broadway distant fifty-five (55) feet and six (6) inches westerly from land late of Allego; thence northerly two hundred and seventeen (217) feet and three (3) inches to land late of Helen Martense at a point distant fifty-five (55) feet and two (2) inches westerly from said land of Henry Allego; thence westerly along said land late of Helen Martense one hundred and ten (110) feet and four (4) inches to land now or late of Henry Stryker; thence southerly along said land two hundred and two (202) feet and five (5) inches to East Broadway; thence southeasterly along East Broadway twenty-one (21) feet and nine (9) inches; thence easterly still along East Broadway ninety-two (92) feet and six (6) inches to the point or place of beginning. Together with the right, title and interest in and to the land in East Broadway to the centre thereof, in front of and adjoining said premises.

5. That The City of New York has completed condemnation proceedings for the opening of Church avenue, from Flatbush avenue easterly to Brooklyn avenue, according to the new lines of Church avenue, as laid down on the Town Survey Commission Map of Kings County, which is the official map of The City of New York for that section. That pursuant thereto the title to Church avenue became vested in The City of New York on the 29th day of April, 1903, and Church avenue is now being fully improved accordingly, including change of car tracks to centre of the new avenue and on the new grade, curbing, grading, asphaltating roadway and concrete sidewalk.

6. That, as will more fully appear by reference to the survey annexed hereto, the lines of Church avenue did not correspond with those of the old road, but for a large part of the distance being much wider, including in the opening of the avenue all of the old road and additional land to make up the required width. That in front of the premises of your petitioner the old road curved so that there was a strip of the old road left lying north of the northerly line of the new avenue and between that and the front of the premises of your petitioner.

7. That The City of New York, by the opening of Church avenue, which has practically absorbed the old road and has been substituted therefor, has abandoned as a road so much thereof as is not included in the new avenue as has been the case heretofore with Fulton avenue and many others, in which cases it has been the custom of the City to grant releases of its interest in the residue of the old roads.

8. That in further confirmation of the abandonment by the City of this strip of the old road for roadway, a very large assessment has been levied as an assessment for benefit on the piece of the old road (of which the strip in question forms part) lying just north of the northerly side of the new avenue and known on the benefit map in said opening of Church avenue as assessment number fifteen (15).

Wherefore, for the purpose of removing any cloud upon the title, your petitioner prays that the right, title and interest of The City of New York in and to the premises above described may be released to your petitioners; that a sale at auction may be dispensed with and the petitioner be allowed, upon payment of the taxes and assessments thereon duly apportioned, to obtain a quit-claim deed on such terms and conditions as may be proper.

The premises for which a quit-claim deed is sought are more particularly bounded and described as follows: All that certain piece or parcel of land, situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, and being that portion of the old road formerly known as the old road from Flatbush to New Lots and later known as East Broadway, lying in front of and adjoining the premises of Samuel J. Krooks to the northerly side of Church avenue as recently opened and more particularly bounded and described as follows:

Beginning at a point on the northerly side of the old road aforesaid where the same would be intersected by the easterly line of land of Stryker; thence running southeasterly along the northerly line of East Broadway aforesaid twenty-one and seventy-five hundredths (21.75) feet to a corner; thence easterly still along the northerly side of East Broadway aforesaid one hundred and forty-eight (148) feet to the westerly line of land formerly of Allego; thence southerly and in continuation of said westerly line thirty-two and fifty-nine hundredths (32.59) feet to the northerly side of Church avenue; thence westerly along the same one hundred and sixty-eight and three hundredths (168.03) feet to a point where said northerly side of Church avenue

would be intersected by the easterly boundary line of land of Stryker or a continuation thereof and thence northerly along said last mentioned line thirty-one and twenty-eight hundredths (31.28) feet to the point or place of beginning.

Dated Brooklyn, May, 1906.

SAMUEL J. KROOKS, Petitioner.

City and State of New York, Borough of Brooklyn, County of Kings, ss.:

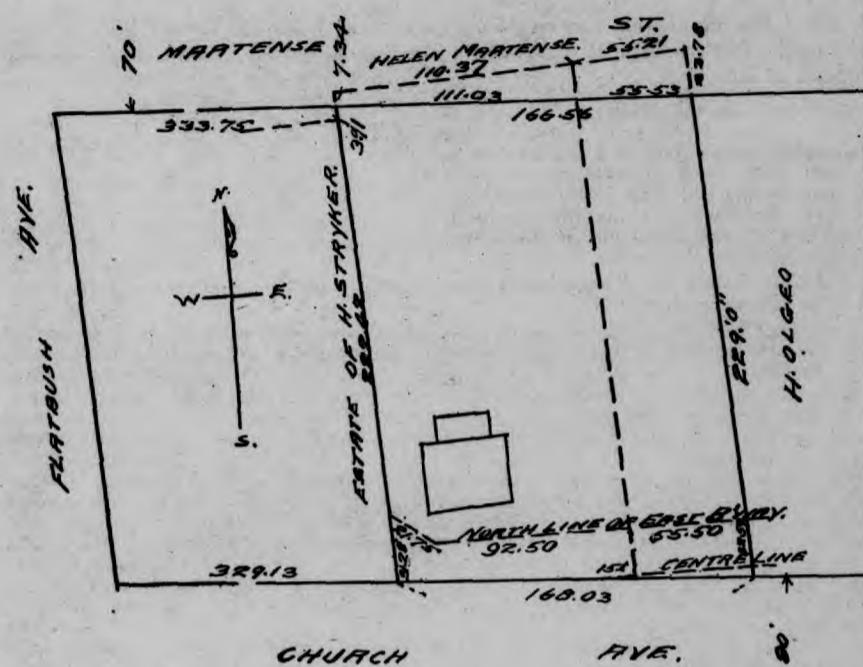

Samuel J. Krooks, being duly sworn, deposes and says that he is the petitioner named in the foregoing petition subscribed by him; that he has read the same and knows the contents thereof, and that the same is true of his own knowledge, except as to the matters therein stated to be alleged upon information and belief, and that as to those matters he believes it to be true.

SAMUEL J. KROOKS.

Sworn to before me this 1st day of May, 1906.

FRANCIS P. BROPHY,

Commissioner of Deeds for The City of New York.

In connection therewith the Comptroller presented the following report, with certificate of the Corporation Counsel, and offered the following resolution:

Hon. HERMAN A. METZ, Comptroller:

May 12, 1906.

SIR—Samuel J. Krooks, Esq., in a verified petition addressed to the Commissioners of the Sinking Fund, under date of May 1, 1906, which is hereto annexed and forms part of this report, requests a release of the City's interest in and to the property formerly in the bed of East Broadway, fronting on the northerly side of East Broadway and being the property between East Broadway (now Church avenue) as previously laid out and Church avenue as presently laid out, in the Borough of Brooklyn.

The petitioner states that he is the owner in fee of the premises situate on the northerly side of the old road formerly known as the old road leading from Flatbush to New Lots and later as East Broadway, in the Borough of Brooklyn, lying between Flatbush and Bedford avenues and in Block 5089 in Section 16 on the land map of Kings County; that the said premises were conveyed to the petitioner by Emily M. Herbold by deed dated April 2, 1906, and recorded in the Kings County Register's office on April 19, 1906; that the premises are known on the assessor's tax map of the Borough of Brooklyn and are situated in Block 375 in Ward Twenty-nine. That the premises had been heretofore conveyed to John Herbold in May, 1894, by John J. Drake and wife by deed conveying the easterly portion thereof, and which were thereafter conveyed to Emily M. Herbold by deed dated August 27, 1902 and recorded in the Register's office of Kings County in Liber 27, page 457, Section 16, Block 5089. The westerly portion of said plot was conveyed to Emily M. Herbold by deed dated April 26, 1893, and recorded in Liber 2182, page 493, Section 16, Block 5089.

The petitioner further states that, as will more fully appear by reference to the survey annexed to the petition, the lines of Church avenue did not correspond with those of the old road, but for a large part of the distance being much wider, including in the opening of the avenue all of the old road and additional land to make up the required width. That in front of the premises of the petitioner the old road curved so that there was a strip of the old road left lying north of the northerly line of the new avenue and between that and the front of the premises of the petitioner; and further, that in confirmation of the abandonment by the City of this strip of the old road a large assessment has been levied as an assessment for benefit on the piece of the old road (of which the strip in question forms part) lying just north of the northerly side of the new avenue and known on the benefit map in said opening of Church avenue as Assessment No. 15.

The Board of Public Improvements of The City of New York, on the 15th day of March, 1889, instituted proceedings for the opening and extending of Church avenue between Flatbush and Brooklyn avenues, in the Borough of Brooklyn, and at that meeting directed that the entire cost and expense of such proceedings be assessed upon the property deemed to be benefited thereby. At a meeting held on December 19, 1902, the Board of Estimate and Apportionment directed that 55 per cent. of the cost and expense of such proceedings be borne and paid for by the City, and, under an order of the Supreme Court, Commissioners were appointed. On April 28, 1903, an order was entered confirming the report of the Commissioners.

The opening of Church avenue from Flatbush avenue to Brooklyn avenue leaves a part of old East Broadway extending from a point 87.14 feet east of Flatbush avenue to a point midway between Bedford avenue and Rogers avenue, north of the present line of Church avenue. In other words, for this distance the property fronting on what was the northerly line of old East Broadway would have only a right of easement across to what is now Church avenue, and from Rogers avenue east to Brooklyn avenue, the owners of the property fronting on the south side of old East Broadway would have only the right of easement across to the northerly side of what is now Church avenue. Each and every one of the property owners fronting along the property herein described, in order to have a perfect title, will request the Commissioners of the Sinking Fund for a release of the City's interest in and to the old East Broadway from Rogers avenue to Brooklyn avenue, and a release of the City's interest to old East Broadway from a point 87.14 feet east of Flatbush avenue to midway between Bedford and Rogers avenues.

The Commissioners of the Sinking Fund, at a meeting held November 30, 1904 (see Minutes, Sinking Fund, 1904, page 892), in the matter of the petition of the Flatbush Volunteer Firemen's Association for a release of a portion of the old road formerly known as East Broadway, in the Borough of Brooklyn, authorized a release of the interest of The City of New York in the old East Broadway between the present Church avenue and the old line of East Broadway, for consideration of \$5 per lot (or 25 cents a running foot front, irrespective of depth), each lot to be 20 feet in width, and the additional \$100 for the cost and expense for the preparation of the papers. I am of the opinion that the sum charged should be made for a release of the property in question.

The Corporation Counsel, in an opinion under date of October 8, 1904, in regard to the petition hereinbefore referred to of the Volunteer Firemen's Association, refers to section 205 of the Amended Greater New York Charter as revised, which reads in part as follows:

"That the Commissioners of the Sinking Fund shall have power to sell and convey the right, title and interest of the City in and to lands lying within any street, avenue, highway, alley, lane or public place or square that has been discontinued and closed, on such terms and conditions and for such consideration as in the judgment of the said Commissioners of the Sinking Fund shall seem proper, provided the said Commissioners of the Sinking Fund shall first determine that said lands or the part thereof so sold and conveyed are not needed for any public use,"—and concludes his opinion by stating that "no certificate of the Corporation Counsel is necessary in such a case, the matter resting entirely in the discretion of the Commissioners of the Sinking Fund after the passage of a resolution by that body determining that the lands to be sold or conveyed are not needed for any public use. In the present case such a resolution may apply on general terms to all the land in the former old road vacated by the opening of Church avenue, between the points indicated, or it may refer simply to that portion of said lands intended to be sold or conveyed."

The petition in question is similar to the application of James Gray for a release of the City's interest in and to property formerly in the bed of East Broadway, on the southerly side thereof, which was presented to the Commissioners of the Sinking Fund on December 27, 1905 (see Sinking Fund Minutes, 1905, page 1254), when the Corporation Counsel rendered an opinion along the same lines as heretofore mentioned.

I would respectfully recommend that this matter be referred to the Corporation Counsel for his opinion as to whether the interest of the City in the following described property, in the Borough of Brooklyn:

All that certain piece or parcel of land situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, and being that portion of the old road formerly known as the old road from Flatbush to New Lots and later known as East Broadway, lying in front of and adjoining the premises of Samuel J. Krooks to the northerly side of Church avenue as recently opened and more particularly bounded and described as follows:

Beginning at a point on the northerly side of the old road aforesaid where the same would be intersected by the easterly line of land of Stryker; thence running southeasterly along the northerly line of East Broadway aforesaid twenty-one and seventy-five hundredths (21.75) feet to a corner; thence easterly still along the northerly side of East Broadway aforesaid one hundred and forty-eight (148) feet to the westerly line of land formerly of Allego; thence southerly and in continuation of said westerly line thirty-two and fifty-nine hundredths (32.59) feet to the northerly side of Church avenue; thence westerly along the same one hundred and sixty-eight and three hundredths (168.03) feet to a point where said northerly side of Church avenue would be intersected by the easterly boundary line of land of Stryker or a continuation thereof, and thence northerly along said last mentioned line thirty-one and twenty-eight hundredths (31.28) feet to the point or place of beginning.

—is material or merely nominal and a cloud upon the title of a private owner, or if the Corporation Counsel is of the opinion that no certificate of his is necessary in this case, pursuant to section 205 of the amended Greater New York Charter, and that a release may be given for such consideration as in the judgment of the Commissioners of the Sinking Fund shall seem proper, I would respectfully recommend that the interest of the City be appraised at the nominal sum of \$42 (the premises averaging 168.03 feet frontage, at the rate of 25 cents a running foot), and that the expense of such release, examination, etc., be fixed at the sum of \$100, to be paid by said petitioner before the delivery of such release.

I would further recommend that such release be given only upon the condition that the petitioner shall produce evidence that the taxes, assessments and water rates now a lien against the property heretofore described as owned by the petitioner, including the portion which he requests to be released by the City, or any portion thereof, or any sale for the non-payment of taxes, assessments and water rates upon said property shall have been paid before receiving such release from the City.

Respectfully submitted for approval,

MORTIMER J. BROWN,

Appraiser of Real Estate, Department of Finance.

NEW YORK, May 21, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—I have received your communication of May 11, 1906, transmitting for my consideration an application made to the Commissioners of the Sinking Fund by Samuel J. Krooks, for a release of a portion of old East Broadway, now Church avenue, in the Borough of Brooklyn, together with a report made to you on the subject by the Bureau of Real Estate, in the Department of Finance, and you ask to be advised whether the interest of The City of New York in this piece of property is material or nominal and a mere cloud upon the title of a private owner.

This application is precisely similar to that of the Volunteer Firemen's Association, concerning which I rendered an opinion to the Comptroller on October 8, 1904, and to the application of James Gray, concerning which I delivered an opinion to the Comptroller on December 27, 1905. I would respectfully refer you to the contents of those opinions as applying to the present application and would advise you that in pursuance of the provisions of section 205 of the Greater New York Charter, it is competent for the Commissioners of the Sinking Fund to sell and convey the premises in question, provided said commissioners shall first determine the said lands or a part thereof so sold and conveyed are not needed for any public use.

In accordance with your request, I transmit herewith a proper form of conveyance, approved by me as to form together with two copies thereof.

Respectfully yours,

G. L. STERLING,

Acting Corporation Counsel.

Resolved, That pursuant to the provisions of section 205 of the Amended Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize a release or quit claim to Samuel J. Krooks, of all the right, title and interest of The City of New York in and to the following described property in the Borough of Brooklyn:

All that certain piece or parcel of land, situate, lying and being in the Borough of Brooklyn, County of Kings, City and State of New York, and being that portion of the old road formerly known as the old road from Flatbush to New Lots and later known as East Broadway, lying in front of and adjoining the premises of Samuel J. Krooks, to the northerly side of Church avenue as recently opened and more particularly bounded and described as follows:

Beginning at a point on the northerly side of the old road aforesaid where the same would be intersected by the easterly line of land of Stryker; thence running southeasterly along the northerly line of East Broadway aforesaid twenty-one and seventy-five hundredths (21.75) feet to a corner; thence easterly still along the northerly side of East Broadway aforesaid one hundred and forty-eight (148) feet to the westerly line of land formerly of Allego; thence southerly and in continuation of said westerly line thirty-two and fifty-nine hundredths (32.59) feet to the northerly side of Church avenue; thence westerly along the same one hundred and sixty-eight and three hundredths (168.03) feet to a point where said northerly side of Church avenue would be intersected by the easterly boundary line of land of Stryker or a continuation thereof, and thence northerly along said last mentioned line thirty-one and twenty-eight hundredths (31.28) feet to the point or place of beginning.

Resolved, That the interest of The City of New York in and to the same be and is hereby appraised at the nominal sum of \$42 (the premises averaging 168.03 feet frontage at the rate of twenty-five (25) cents per running foot) and that the expense of such release, examination, etc., be and is hereby fixed at the sum of \$100, to be paid

by the petitioner and evidence produced that all taxes, assessments and water rates, now a lien against the property described in the petition as owned by the petitioner, including the portion hereby authorized to be released, or any portion thereof, or any sale for the non-payment of taxes, assessments and water rates upon said property have been paid before the execution and delivery of such release; and be it further

Resolved, That the Commissioners of the Sinking Fund hereby determine that the above mentioned property is not needed for public use.

The report was accepted and the resolution unanimously adopted.

The following petition was received from Helen Sanders, for a release or quit claim of the city's interest in a portion of the old Flatbush plank road in the Borough of Brooklyn:

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

The petition of Helen Sanders, residing at No. 507 East Seventh street, in the Borough of Brooklyn, City of New York, respectfully shows:

That your petitioner is the owner in fee simple of a certain parcel of land shown on the diagram hereto annexed and known and designated upon the assessment map of the County of Kings as Lot No. 27 in Block 7812 of the Thirty-second Ward. That that portion of said tract of land designated as "A" on said diagram lies in the bed of the old road leading from Flatbush to Flatlands, which was formerly a public highway.

That many years ago said old road leading from Flatbush to Flatlands was closed and ceased to be a public highway, and the lands which lie within the boundary of said road were fenced in and occupied by adjoining owners, and houses and buildings erected thereon. That when said road was so discontinued your petitioner is informed and believes the adjoining owners went into possession of such part of said road as lay in front of their respective land.

Your petitioner further alleges that she has a perfect record title to the balance of said tract designated as "B" on the annexed diagram and also deeds of conveyance to her of all land marked "A" on the annexed diagram lying within the line of said old road from former owners of the abutting property.

For the purpose of perfecting her title beyond question to that part of her said land lying within the lines of said old road, your petitioner desires a quit-claim deed from The City of New York. The interest of The City of New York is not of substantial value but is merely a cloud upon the title of your petitioner, and your petitioner is

thereof; that the same is true of her own knowledge, except as to the matters therein stated to be alleged upon information and belief, and as to such matters she believes it to be true.

HELEN SANDERS.

Sworn to before me this 2d day of April, 1906.

EDWARD BULL,

Notary Public, Kings County, N. Y.

In connection therewith the Comptroller presented the following report, with certificate of the Corporation Counsel, and offered the following resolution:

May 9, 1906.

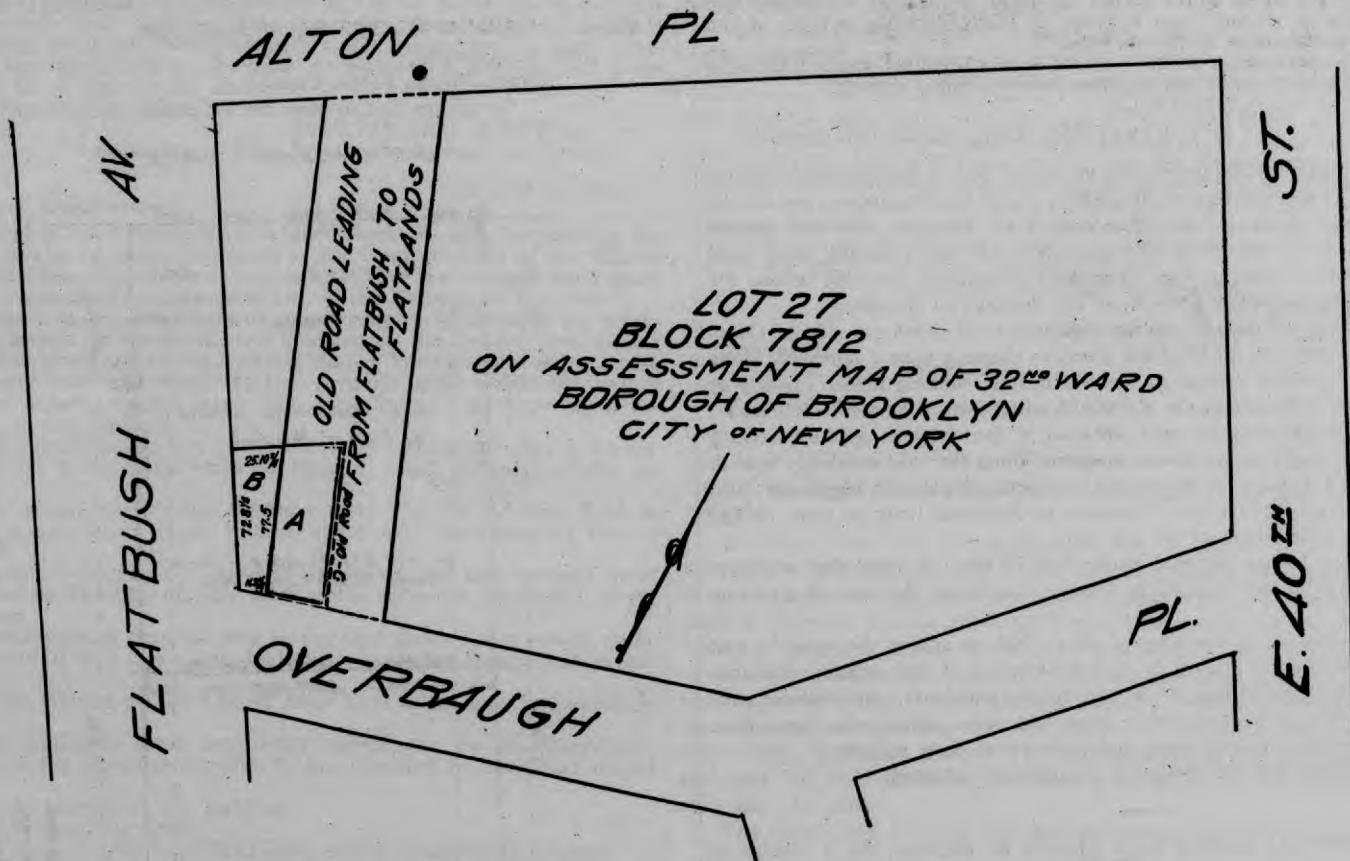

Hon. HERMAN A. METZ, Comptroller:

SIR—Helen Sanders, in a verified petition under date of April 2, 1906, addressed to the Commissioners of the Sinking Fund, requests a release or quit-claim from The City of New York of all the right, title and interest of said City in and to certain lands situate, lying and being in the Thirty-second Ward of the Borough of Brooklyn, being a portion of the old Flatbush Plank road, leading from Flatbush to Flatlands, said property being situate on the northeasterly corner of Overbaugh place and Flatbush avenue, in the Borough of Brooklyn, and known as Lot. No. 27 in Block 7812 on the assessment map of the Thirty-second Ward of the Borough of Brooklyn, City of New York.

The petitioner states that she is the owner in fee of said property, and that the portion of said tract of land designated as "a" on the diagram attached to the petition lies in the bed of the old road leading from Flatbush to Flatlands, which was formerly a public highway, and that many years ago said old road was closed and ceased to be a public highway, and the lands which lie within the boundary of said road were fenced in and occupied by adjoining owners and houses and buildings erected thereon, and that such road was discontinued, and that the petitioner is informed and believes that the adjoining owners went into possession of such part of said road as lay in front of their respective land.

The petitioner further states that she has a perfect record title to balance of said tract designated as "b" on the diagram attached to the petition, and also deeds of conveyance to her of the land marked "a" on said diagram lying within the lines of said old road from the former owners of the abutting property.

The status of this old road has been passed upon by the Corporation Counsel in opinions written by him several times during the past few years, and more particularly in the application of Clement V. Moore for a release of a portion of the old Flatbush

Map of Part of Old Lot No. 40  
of the Common Lands  
of the Late  
Town of Gravesend  
31st Ward, Boro. of Brooklyn.  
Property of Richard K. Haldane.

informed and believes that in applications similar to this relating to property in other parts of this same road the City has appraised its like interest at a nominal sum.

That the entire tract of land marked "A" and "B" on the annexed diagram is bounded and described as follows:

Beginning at the corner formed by the intersection of the northerly side of Overbaugh place with the easterly side of Flatbush avenue, running thence northerly along the said easterly side of Flatbush avenue 72 feet 8 1/4 inches; running thence easterly 25 feet 10 1/4 inches to the westerly side of the old road leading from Flatbush to Flatlands; running thence southwesterly along the said old road 77 feet 5 inches to the northerly side of Overbaugh place and running thence westerly along the said northerly side of Overbaugh place 11 feet 3 1/4 inches to the corner, the point or place of beginning.

Also all that part of the said old road leading from Flatbush to Flatlands lying in front of and adjoining the premises above described to the centre line of said old road.

Wherefore your petitioner prays that all the right, title and interest of The City of New York in and to all that part of said old road leading from Flatbush to Flatlands included within the boundary of the lands and premises above described be released to your petitioner. That the interest of The City of New York and the expenses of such release be appraised and fixed, that a sale by auction be dispensed with and your petitioner be allowed to purchase said interest in such manner and upon such terms as to the Commissioners of the Sinking Fund of The City of New York may seem proper, pursuant to the provisions of section 205, chapter 466 of the Laws of 1901.

And your petitioner will ever pray.

Dated April 2, 1906.

HELEN SANDERS, Petitioner.

AUGUSTIN S. HART,  
Attorney for Petitioner,  
No. 175 Remsen Street, Brooklyn, N. Y.

State of New York, City of New York, County of Kings, ss.:

Helen Sanders being duly sworn deposes and says: That she is the petitioner in the foregoing petition named; that she has read said petition and knows the contents

Plank road, in the Borough of Brooklyn, he stated in an opinion under date of June 9, 1905:

"This application is precisely similar to several others affecting the same old road which have been passed upon by me. I have in each instance decided that the interests of the City in the property affected was a mere cloud upon the title of a private owner."

(See Minutes, Sinking Fund, 1905, page 656.)

The old Flatbush Plank road has long since been closed for public use as a highway by a resolution of the Commissioners of Highways of the town of Flatlands, May 11, 1894, and is now entirely included within the boundaries of property under private ownership, except where it crosses open streets.

I would therefore respectfully recommend that the application be transmitted to the Corporation Counsel for his opinion as to whether the interests of the City in the property hereinafter described is material or nominal and a mere cloud upon the title of a private owner, and if he should certify that the interests of the City are nominal and a mere cloud upon the title of a private owner, the Commissioners of the Sinking Fund, pursuant to section 205 of the Amended Greater New York Charter, may properly authorize a release or quit claim for a nominal consideration to Helen Sanders of all the right, title and interest of The City of New York in and to all that portion of the old Flatbush Plank road leading from Flatbush to Flatlands included within the boundaries of the following described property in the Borough of Brooklyn:

Beginning at the corner formed by the intersection of the northerly side of Overbaugh place with the easterly side of Flatbush avenue; running thence northerly along the said easterly side of Flatbush avenue 72 feet 8 1/4 inches; running thence easterly 25 feet 10 1/4 inches to the westerly side of the old road leading from Flatbush to Flatlands; running thence southwesterly along the said old road 77 feet 5 inches to the northerly side of Overbaugh place, and running thence westerly along the said northerly side of Overbaugh place 11 feet 3 1/4 inches to the corner, the point or place of beginning; also all that part of the old road leading from Flatbush to Flatlands lying in front of and adjoining the premises to the centre of the old road,

—upon the condition that the petitioner shall produce evidence that all the taxes, assessments, water rates and sales against the same have been paid or released before the delivery of the release by the City.

I would also further recommend that the interests of the City be appraised at the nominal sum of \$1, and that the expense of such release, examination, etc., be fixed at the sum of \$100, to be paid by said petitioner before the execution and delivery of such release, provided proper evidence is shown as to the payment of all taxes and assessments against the property.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

NEW YORK, May 16, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—I have received your communication of May 9, 1906, transmitting for my consideration an application made to the Commissioners of the Sinking Fund by Helen Sanders for a release of a portion of the old Flatbush plank road, in the Borough of Brooklyn, together with a report made to you on the subject by the Bureau of Real Estate of the Department of Finance. I am asked to advise you whether the interest of The City of New York in this piece of property is material or simply nominal and a mere cloud upon the title of a private owner. If the latter, you ask me to so certify that the matter may be presented to the Commissioners of the Sinking Fund, pursuant to section 205 of the amended Greater New York Charter.

This application is precisely similar to several others affecting the status of the same old highway upon which the Corporation Counsel has rendered opinions to the Comptroller. In each instance, it has been decided that the interest of the City in the property affected was a mere cloud upon the title of the private owner.

I would respectfully refer you to the several opinions referred to and particularly to one rendered concerning the application of Herman V. Moore, on June 9, 1905. For the reason stated therein, I hereby certify that the interest of the City in that portion of the old Flatbush plank road leading from Flatbush to Flatlands, included within the following described property in the Borough of Brooklyn, is a mere cloud upon the title of a private owner, to wit:

Beginning at the corner formed by the intersection of the northerly side of Overbaugh place with the easterly side of Flatbush avenue; running thence northerly along the said easterly side of Flatbush avenue 72 feet 8 1/4 inches; running thence easterly 25 feet 10 3/4 inches to the westerly side of the old road leading from Flatbush to Flatlands; running thence southwesterly along the said old road 77 feet 5 inches to the northerly side of Overbaugh place, and running thence westerly along the said northerly side of Overbaugh place 11 feet 3 1/4 inches to the corner, the point or place of beginning; also all that part of the old road leading from Flatbush to Flatlands lying in front of and adjoining the premises to the centre of the old road.

I have prepared a proper release of the interest in said premises which I transmit herewith, duly approved as to form by me, together with two copies thereof.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

Resolved, That, pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund, by unanimous vote, hereby authorize a release or quit-claim to Helen Sanders, of all the right, title and interest of The City of New York in and to all that portion of the old Flatbush plank road in the Borough of Brooklyn leading from Flatbush to Flatlands, included within the boundaries of the following described property in the Borough of Brooklyn:

Beginning at the corner formed by the intersection of the northerly side of Overbaugh place with the easterly side of Flatbush avenue; running thence northerly along the said easterly side of Flatbush avenue 72 feet 8 1/4 inches; running thence easterly 25 feet 10 3/4 inches to the westerly side of the old road leading from Flatbush to Flatlands; running thence southwesterly along the said old road 77 feet 5 inches to the northerly side of Overbaugh place, and running thence westerly along the said northerly side of Overbaugh place 11 feet 3 1/4 inches to the corner, the point or place of beginning; also all that part of the old road leading from Flatbush to Flatlands lying in front of and adjoining the premises to the centre of the old road,

—the Corporation Counsel having certified under date of May 16, 1906, that whatever interest the City may have in the property is a mere cloud upon the title of a private owner; and be it further

Resolved, That the interest of The City of New York in and to the same be and is hereby appraised at the nominal sum of \$1, and the expense of such release, examination, etc., be and is hereby fixed at \$100, to be paid by the petitioner, and evidence produced that all taxes, assessments and water rates and sales against the same have been paid or released before the execution and delivery of such release.

The report was accepted and the resolution unanimously adopted.

The following petition was received from Richard K. Haldane, for a release or quit-claim of the City's interest in property located at Gravesend, Borough of Brooklyn, fronting on Neptune avenue, between Twenty-seventh and Twenty-eighth streets, and extending from the old high water line between Neptune and Mermaid avenues out to the southerly side of Neptune avenue:

To the Honorable the Commissioners of the Sinking Fund of The City of New York:

The petition of Richard K. Haldane respectfully shows:

First—That under section 205 of the Charter of The City of New York it appears that your Honorable Board has power to adjust conflicts of interest in which The City of New York is one of the parties thereto. Therefore, I, the owner of the premises hereinafter described, without waiving any of my rights in and to the said premises, and not hereby admitting any of the claims of The City of New York, now or heretofore made, ask that by sale, without the necessity of public auction, at terms to be agreed upon, you will release any and all interest (if any), by deed, which The City of New York now has or claims to have in a certain piece of property located in the Borough of Brooklyn, City of New York, and bounded and described as follows:

All that part of old Lot No. 40, on map of the common lands of the late Town of Gravesend, surveyed 1878, by William Kowalski, lying between the old high-water line of Gravesend Bay on the south and the present high-water line of the said bay, viz., the northerly side of Neptune avenue, on the north, and bounded on the easterly side thereof by West Twenty-seventh street and on the westerly side by West Twenty-eighth street, excepting, however, therefrom the land lying in said Neptune avenue, West Twenty-seventh street and West Twenty-eighth street. That a survey of the property sought to be released is hereto annexed and made a part of this petition.

That a portion of said property was formerly land under the waters of Gravesend Bay and was filled in and reclaimed by the petitioner, acting under a grant made by the State of New York, and which said grant is recorded in the office of the Register of the County of Kings, in Section 21, Liber 4, page 321, of Conveyances, on November 9, 1897, and which said grant conveys to the Roman Catholic Orphan Asylum Society of the City of Brooklyn the said lands under water, the said Society being the grantors of your petitioner by the following description, viz.:

All that certain piece or parcel of land under waters of Gravesend Bay in front of and adjacent to the upland of said above-named grantee at Coney Island, in The City of Brooklyn, described as follows, to wit:

Commencing at a point formed by the intersection of the westerly line of old Lot No. 39 of the common lands of the Town of Gravesend with the mean high-water line of Gravesend Bay, said point being distant northerly 450 3-100 feet measured along the westerly line of old Lot No. 39 from the northerly line of Mermaid avenue; thence south 89 degrees, 30 minutes, 30 seconds west along the mean high-water line of Gravesend Bay 297 62-100 feet to easterly line of old Lot No. 41 of common lands of Town of Gravesend; thence northerly along the continuation of said easterly line of

old Lot No. 41, 485 35-100 feet; thence northerly 89 degrees, 30 minutes, 30 seconds east parallel with the northerly line of Mermaid avenue 133 44-100 feet; thence northerly 57 degrees, 53 minutes, 30 seconds east 123 23-100 feet to the continuation of the westerly line of old Lot No. 39 of common lands of Town of Gravesend; thence southerly along said continuation of said westerly line of said old Lot No. 39, 550 43-100 feet, to the point or place of beginning, containing 3 31-100 acres.

That said premises were duly conveyed to your petitioner by the said Roman Catholic Orphan Asylum Society of The City of Brooklyn on or about the 4th day of May, 1905, by deed recorded in the Register's Office of the County of Kings, on said day, in Section 21, Blocks 7012 and 7053, and that since said date your petitioner has remained in possession thereof and has conveyed by full covenant warranty deeds certain portions of the said property to various parties. That he is now seized of a plot on the southerly side of Neptune avenue which is about 160 feet in width along the said avenue by 100 feet deep on each side. That your petitioner desires to obtain a quit-claim deed from The City of New York, in order that such deed may enure to the benefit of the grantees of the various lots conveyed by your petitioner since he has acquired the title to the said premises by the deed from the Roman Catholic Orphan Asylum Society hereinbefore referred to.

That the high-water mark has been shifted to its present position and the increase of land has come about by such imperceptible degrees that although persons may be able to perceive from time to time that the land has increased on the water line they could not perceive the progress of the accumulation at the time it was made.

That the petitioner claims that he has good title in fee simple absolute to all of said premises as they now exist and shown on the survey hereto attached.

That all the legal taxes, assessments and water rates against said premises have been paid to date.

That the property in question could never avail The City of New York for any purpose of navigation or dockage by reason of the fact that it has long since been reclaimed and filled in.

Wherefore, your petitioner prays and petitions your Honorable Board that a quit-claim deed be authorized and directed to be made, executed and issued unto your petitioner by The City of New York, which shall dispose of the apparent cloud upon the title of your petitioner which now unjustly and inequitably exists by reason of the matters hereinbefore shown, and your petitioner will ever pray.

RICHARD K. HALDANE, Petitioner.

Richard K. Haldane, being duly sworn, says that he has read the foregoing petition and knows the contents thereof, and that the same is true of his own knowledge, except as to the matters therein stated to be alleged on information and belief, and that as to those matters he believes it to be true.

GRAVESEND BAY

In connection therewith the Comptroller presented the following reports, with opinion of the Corporation Counsel:

Hon. HERMAN A. METZ, Comptroller:

SIR—Richard K. Haldane, Esq., in a verified petition under date of April 25, 1906, addressed to the Commissioners of the Sinking Fund, requests a release of the interest of The City of New York in certain property lying between the old high water line of Gravesend Bay on the south and the present high water line of the said Gravesend Bay.

The petitioner states that he is the owner of certain property bounded by the northerly side of Neptune avenue on the north and bounded on the easterly side thereof by West Twenty-seventh street, and on the westerly side by West Twenty-eighth street, excepting therefrom any land appurtenant to said property lying within the bed of Neptune avenue, West Twenty-seventh street and West Twenty-eighth street, in the Borough of Brooklyn, as now laid out. The petitioner states that, under section 205 of the Greater New York Charter, it appears that the Commissioners of the Sinking Fund have power to adjust conflicts of interest in which The City of New York is one of the parties thereto, and he therefore asks that a

April 26, 1906.

sale be made, without the necessity of public auction, at terms to be agreed upon, for a release of the interest of The City of New York to the property in question. A portion of the property in question was formerly land under the waters of Gravesend Bay, and was filled in and reclaimed by the petitioner, acting under a grant made by the State of New York, and which said grant is recorded in the office of the Register of the County of Kings in Section 21, Liber 4, page 321, of Conveyances, on November 9, 1897, and which said grant conveyed to the Roman Catholic Orphan Asylum Society of the City of Brooklyn the said lands under water, the said society being the grantors of the petitioner who conveyed to the petitioner on or about May 4, 1905, by deed recorded in the Register's office of the County of Kings on said date, in Section 21, Blocks 7012 and 7053, and that since that date the petitioner has remained in possession thereof. That the high water mark has been shifted to its present position and the increase of land has come about by such imperceptible degrees that although persons may be able to perceive from time to time that the land has increased on the water line they could not perceive the progress of the accumulation at the time it was made.

The petitioner claims that he has good title in fee simple absolute to all of said premises as they now exist and shown on the survey attached to the petition, and that all the taxes, assessments and water rates against said premises have been paid to date; and further, that the property could never avail The City of New York for any purpose of navigation or dockage, by reason of the fact that it has long since been reclaimed and filled in. The property in question is in Block 7012 on the land map of the County of Kings, and is presently known on the tax map as Lot No. 7 in Block 694, Ward Thirty-one, volume 5, and is assessed against private owners in the amount of \$1,600.

I would therefore respectfully recommend that the matter be referred to the Corporation Counsel for his opinion as to the following points:

1. Is the property which the petitioner desires released, which was formerly land under water in Gravesend Bay, the property of The City of New York, as successor to the old town of Gravesend, who obtained said rights under the Dongan Charter?

2. Did the filling in of the lands from the old high water line up to the present high water line of 1906 by the petitioner or his predecessors in title give him any fee between these two points, or is The City of New York, as such successor, the owner of the land, and if so, is the interest of the City material, or is it nominal to the property bounded and described as follows:

Beginning at a point on the easterly side of West Twenty-eighth street, which said point intersects the former high water mark of Gravesend Bay; thence northerly along the easterly side of West Twenty-eighth street to the corner formed by the intersection of the easterly side of West Twenty-eighth street with the southerly side of Neptune avenue; thence easterly along the southerly side of Neptune avenue 237.62 feet to the corner formed by the intersection of the southerly side of Neptune avenue with the westerly side of West Twenty-seventh street; thence southerly along the westerly side of West Twenty-seventh street to the former high water mark of Gravesend Bay 297.62 feet to the point or place of beginning, said property being situate in Block 7012 on the land map of the County of Kings.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

NEW YORK, May 16, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—I am in receipt of your communication dated April 26, 1906, transmitting for my consideration and advice an application made to the Commissioners of the Sinking Fund by Richard K. Haldane, for release of property between the old high water mark and the present high water mark of Gravesend Bay, in the Borough of Brooklyn.

The petitioner states that he is the owner of certain property bounded by the northerly side of Neptune avenue on the north, and bounded on the easterly side thereof by West Twenty-seventh street and on the westerly side by West Twenty-eighth street, excepting therefrom any land appurtenant to said property lying within the bed of Neptune avenue, West Twenty-seventh street and West Twenty-eighth street, in the Borough of Brooklyn, as now laid out.

Inclosed with said communication was a report made to you by Mortimer J. Brown, Appraiser of Real Estate in the Department of Finance, which recited the facts set forth in the petition.

I am requested to advise you whether the interest of The City of New York in this piece of property is material or simply nominal and a mere cloud upon the title of the private owner.

The property formerly owned by the Town of Gravesend, and then by the City of Brooklyn, is now owned by The City of New York as the successor corporation of the former City of Brooklyn.

It is admitted in the petition that the title to the land under water sought to be acquired was in the State of New York from high water out when the application was made.

In my judgment, the interest of The City of New York in the land in question is material.

This application is similar to those now under investigation by this Department for an agreed case with the Attorney General, to be submitted to the Court for its consideration.

I return herewith the petition of Mr. Haldane.

Respectfully yours,

G. L. STERLING, Acting Corporation Counsel.

May 29, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund received a petition from one Richard K. Haldane for a release of property located at Gravesend, in the Borough of Brooklyn, fronting on Neptune avenue, between West Twenty-seventh and West Twenty-eighth streets, and extending from the old high water mark, between Neptune and Mermaid avenues, out to the southerly side of Neptune avenue.

This matter was transmitted to the Corporation Counsel for his opinion, and he has reported in a communication under date of May 16 that the City's interest is material and not nominal, and further states that this application is similar to those now under investigation by his Department for an agreed case with the Attorney General, to be submitted to the Court for its consideration.

Mr. Haldane's attorney, John O. Farrell, Esq., has been notified that the City's interest is material and not nominal, and that the property would have to be sold at public auction to the highest bidder.

I would respectfully request that all the papers in the case be presented to the Commissioners of the Sinking Fund and that they be printed in the Minutes of the Sinking Fund for future reference.

Respectfully submitted,  
MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Which was ordered printed in the minutes for future reference as recommended.

The following communication was received from the Justice of the Twelfth District Municipal Court relative to the designation of premises on the southwest corner of Ninety-sixth street and Broadway, Borough of Manhattan, as the place where the said Court shall be held on and after June 6, 1906.

NEW YORK, May 28, 1906.

N. TAYLOR PHILLIPS, Esq., Secretary, Commissioners of the Sinking Fund:

My Dear Sir—Will you kindly prepare and present at the next meeting of the Commissioners of the Sinking Fund a resolution designating the premises at No. 2555 Broadway, southwest corner of Ninety-sixth street, which were leased some months ago for the use of this Court, and into which the Superintendent of Public Buildings and Offices is about to remove our chattels, as the place for holding the sessions of the Municipal Court of The City of New York, Borough of Manhattan, Twelfth District, on and after June 6, 1906.

Very truly yours,

ALFRED P. W. SEAMAN, Justice.

In connection therewith the Comptroller presented the following report and offered the following resolution:

June 1, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—Honorable Alfred P. W. Seaman, Justice, presiding over the Twelfth District Municipal Court, in a communication under date of May 28, 1906, addressed to the Secretary of the Commissioners of the Sinking Fund, requests that a resolution be adopted designating the premises at No. 2555 Broadway, on the southwest corner of Ninety-sixth street, which were leased some months ago for the use of his Court, as a place for holding the sessions of the Twelfth District Municipal Court, City of New York, Borough of Manhattan, on and after June 6, 1906.

The Commissioners of the Sinking Fund at their meeting held December 13, 1905, authorized a lease of the premises requested to be designated for Court purposes, and I would therefore respectfully recommend that the Commissioners of the Sinking Fund, pursuant to the provisions of section 205 of the Amended Greater New York Charter, designate the northerly portion of the second floor in the building on the southwesterly corner of Ninety-sixth street and Broadway, in the Borough of Manhattan, as a place for holding the sessions of the Twelfth District Municipal Court, in the Borough of Manhattan, City of New York, on and after June 6, 1906.

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That pursuant to the provisions of section 205 of the amended Greater New York Charter, the Commissioners of the Sinking Fund hereby designate the premises on the southwest corner of Ninety-sixth street and Broadway, Borough of Manhattan, as the place for holding the sessions of the Twelfth District Municipal Court of New York, Borough of Manhattan, on and after June 6, 1906.

The report was accepted and the resolution unanimously adopted.

The Comptroller presented the following report and offered the following resolution, relative to a renewal of the lease of premises in the rear of the Sixty-ninth Precinct Station House, West Eighth street, near Surf avenue, Coney Island, Borough of Brooklyn, for the use of the Police Department:

June 1, 1906.

Hon. HERMAN A. METZ, Comptroller:

SIR—The Commissioners of the Sinking Fund, at a meeting held December 27, 1905, authorized a renewal of the lease of premises in the rear of the Sixty-ninth Precinct Station House, on West Eighth street, near Surf avenue, Coney Island, Borough of Brooklyn, for a period of one year from April 15, 1906, at an annual rental of \$300 and upon the same terms and conditions as contained in the existing lease.

The lessor of the premises refuses to execute the lease at the rental previously paid unless the City will make repairs, pay the water rent and remove the manure from the premises, which conditions, in my opinion, are reasonable. I would therefore respectfully recommend that the Commissioners of the Sinking Fund amend their resolution of December 27, 1905, in relation to the above matter, by inserting the clause, "the City to make the necessary repairs, pay the water rent for the premises leased and remove the manure from the premises."

Respectfully submitted for approval,

MORTIMER J. BROWN,  
Appraiser of Real Estate, Department of Finance.

Approved:

H. A. METZ, Comptroller.

Resolved, That so much of the resolution adopted by this Board at meeting held December 27, 1905, as relates to a renewal of the lease to the City of premises in the rear of the Sixty-ninth Precinct Station House, on West Eighth street, Coney Island, for the use of the Police Department (paragraph 1), be and the same is hereby rescinded.

Resolved, That the Comptroller be and is hereby authorized and directed to execute a renewal of the lease to the City of premises in the rear of the Sixty-ninth Precinct Station House, on West Eighth street, near Surf avenue, Coney Island, Borough of Brooklyn, for the use of the Police Department, for the term of one year from April 15, 1906, at an annual rental of three hundred dollars (\$300), and upon the same terms and conditions as contained in the existing lease, except that in the renewal it is to be provided that the City make the repairs deemed necessary to the premises, pay the water rent and provide for the removal of the stable manure from the premises; lessor, Mrs. Katherine Bauer; the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interest of the City that such lease be made.

The report was accepted and the resolutions severally unanimously adopted.

The Comptroller presented the following statement and offered the following resolution relative to the refunding of Croton water rents paid in error.

The Comptroller presented the following report and offered the following resolution relative to a renewal of the lease of premises at No. 296 Broadway, Borough of Manhattan, for the use of the Department of Finance:

May 29, 1906.

*Hon. HERMAN A. METZ, Comptroller:*

SIR—The lease of the third loft of the premises No. 296 Broadway, Borough of Manhattan, occupied by the Finance Department, expired on February 1, 1906, but the said premises were not vacated until May 1, 1906, when the contents of the loft were removed to the new Hall of Records.

In view of the fact that the existing lease contains a privilege of renewal, I would respectfully recommend that the Commissioners of the Sinking Fund authorize a renewal of the lease of the third loft of the building No. 296 Broadway, Borough of Manhattan, for a period of three months from February 1, 1906, at an annual rental of \$1,600, payable quarterly, otherwise upon the same terms and conditions as contained in the existing lease. The report was accepted and the resolution unanimously adopted.

The following communication was received from the Armory Board, relative to bill of Charles A. Mapes for making a survey of the armory site for the Second Battery, N. G., N. Y., the Borough of The Bronx:

Hon. Bird S. Coler, President of the Borough of Brooklyn, appeared before the Board and stated that as both he and the Dock Commissioner have been working along independent lines with reference to plans for improving the water front of the proposed new wholesale market in the Eighth Ward of the Borough of Brooklyn, he would like, before any favorable action is taken by the Board, an opportunity to file his set of plans, and that the Board consider them both at the same time.

Mr. Coler was informed that when the matter was before the Board for consideration he would be heard on the subject.

## BOROUGH OF THE BRONX.

### MINUTES OF LOCAL BOARD OF MORRISANIA, TWENTY-FOURTH DISTRICT.

Pursuant to call by President Haffen, the members of the Local Board of Morrisania, Twenty-fourth District, Borough of The Bronx, met at the office of the President of the Borough of The Bronx on Thursday, May 24, 1906, at 2 p. m., in the Municipal Building, Crotona Park, One Hundred and Seventy-seventh street and Third avenue.

Present—President Haffen, Alderman Murphy, Alderman Harnischfeger.

Alderman O'Neil appeared after Petition No. 265 was considered.

Absent—Alderman Morris and Alderman Kuntze.

#### Hearings.

No. 260. Paving with asphalt blocks on concrete foundation East One Hundred and Seventy-fourth street, between Third avenue and Park avenue, and setting curb where necessary.

Petition of D. Pohndorf and twelve others was read. No one appeared in opposition.

Laid over awaiting report of the Chief Engineer as to the estimated cost of the proposed work and the assessed value of the real estate included within the probable area of assessment.

No. 261. Paving with block asphalt on a concrete foundation Fairmont place, between Southern boulevard and Prospect avenue, and setting curb where necessary.

Petition of John R. Peterson and fifteen others was read. No one appeared in opposition.

Laid over awaiting report of the Chief Engineer.

No. 262. Paving with asphalt block on a concrete foundation, St. Paul's place, from Webster avenue to Fulton avenue, and setting curb where necessary.

Petition of Peter Oellerich and Thos. F. Somers was read. No one appeared in opposition.

Laid over awaiting report of the Chief Engineer.

No. 263. Paving with asphalt blocks on concrete, Anna place, between Brook avenue and Webster avenue, and setting curb where necessary.

Petition of Albert J. Schwarzer and five others was read. No one appeared in opposition.

Laid over awaiting report of the Chief Engineer.

No. 264. Paving with asphalt block on concrete foundation Prospect avenue, from Tremont avenue to East One Hundred and Eighty-ninth street, and setting curb where necessary.

Petition of Henry M. Powell and three others was read. No one appeared in opposition to this improvement.

Laid over awaiting report of the Chief Engineer.

No. 265. Paving with block asphalt on a concrete foundation Cambreleng avenue, from One Hundred and Eighty-second street to St. John's College property.

Petition signed by Wm. Stonebridge, No. 951 East One Hundred and Eighty-fourth street, was presented to the Local Board, and it was found that it was defective, in view of the fact that it did not ask for the setting of curb stones, and furthermore, it appeared that Mr. Stonebridge did not say whether he owned any property on said Cambreleng avenue.

The petition signed by A. Limbacher, William Scholermann, John O'Leary, John Murphy, Edmund T. Wolf, Emil W. Boetscher and Henry A. Kennedy, representing an ownership of 328 feet on Cambreleng avenue, was also presented to the Board. This petition was found to be filled out correctly, it having included in it the setting of curb where necessary.

Mr. Charles T. Bell appeared in opposition to this improvement and stated that when this subject was disposed of last year by the Local Board the owners believed that it would not be presented again for some time; that the paving of this avenue at this time would bring no benefit to the abutting owners, but would impose a positive hardship. He asked that the petition be laid over for some future time.

Mr. Wm. Scholermann appeared and stated he was in favor of the improvement, as he believed the property was ripe for this improvement. He also informed the Board that there were a good many owners in favor of this improvement, but they did not want to put themselves on record.

Alderman O'Neil appeared at this time.

William Stonebridge stated that he appeared in behalf of John O'Leary, who, he said, was in favor of the improvement, and that he (Mr. Stonebridge) had been trying to get this improvement since 1896.

On motion the matter was laid over for executive session.

No. 266. Paving with asphalt blocks on a concrete foundation East One Hundred and Eighty-ninth street, from Third avenue to the Southern boulevard, and setting curb where necessary.

Petition was signed by Congetto Cimillo, No. 1477 Arthur avenue, alleging to own two lots on One Hundred and Eighty-ninth street.

The other two signers, namely, Wm. Stonebridge, No. 951 East One Hundred and Eighty-fourth street, and Con. C. Mormiano, No. 2329 Arthur avenue, it appeared, were not owners of any property on One Hundred and Eighty-ninth street.

Mr. Charles T. Bell appeared in opposition, and said his reasons for opposing it were the same as he stated in connection with petition No. 265.

Mr. Martin C. Dyer also appeared in opposition on behalf of owners of land on that street, namely:

Mary Heigh, 90 feet; Mr. Carr, 75 feet; A. C. Dyer, 120 feet; St. Joseph's Institute, over 500 feet; T. J. Phelen, 400 feet, and St. John's College, 500 feet, making a total of 1,685 feet in opposition.

Mr. Dyer also objected to petitions being considered that were signed by people who did not own property on the line of the street.

President Haffen at this point examined the petition and found only one signer who owned any property on the line of the street, and recited the fact to the Board.

On motion of Alderman Murphy, duly seconded by Alderman Harnischfeger, the petition was denied.

After the matter was disposed of Mr. Wm. Stonebridge made a remark to the effect that he knew that the petition would be thus disposed of, because the matter was fixed before the meeting.

Alderman O'Neil called President Haffen's attention to this remark and said he, on behalf of the Board, resented any such statement being made. He further said that he had not arrived at the meeting until a number of petitions were disposed of.

Alderman Harnischfeger asked that if Mr. Stonebridge made any further remarks of that character that the sergeant-at-arms be requested to escort the gentleman to the door. Quiet was here restored and the regular business of the Board proceeded with.

No. 267. Paving with block asphalt on a concrete foundation Beaumont avenue, from East One Hundred and Eighty-second street to East One Hundred and Eighty-ninth street, and setting curb where necessary.

Petition signed by Wm. Stonebridge, No. 951 East One Hundred and Eighty-fourth street, was denied.

There were no other names attached to this petition, and it appeared that Mr. Stonebridge did not own any property on Beaumont avenue.

No. 268. Constructing sewers and appurtenances in East One Hundred and Eighty-ninth street, between Park avenue (East) and Third avenue.

Petition signed by William Stonebridge and three others was read.

From the petition it appeared doubtful whether more than one owner represented 25 feet on One Hundred and Eighty-ninth street. Two of the petitioners stated that they did not own any property on said street.

Total estimated cost, \$800. Assessed value of the property, with improvements, included within the probable area of assessment is \$14,700.

M. C. Dyer appeared in opposition and stated that he did not believe that it was necessary to construct this sewer.

On motion of Alderman Murphy the petition was laid over.

No. 269. Laying out on the map of the City an extension of Goble place, from Inwood avenue to Jerome avenue, 50 feet in width.

Petition of Ellen T. Linden and others was read.

Mr. J. F. Linden appeared and spoke in favor of the petition, stating that owing to this street having no outlet they were unable to obtain any bank loan on the property.

Report of the Chief Engineer was also submitted to the Board with a map.

On motion the Board respectfully recommended that the matter be forwarded to the Board of Estimate and Apportionment for its approval.

No. 270. Acquiring title to Trafalgar place, from One Hundred and Seventy-fifth street to One Hundred and Seventy-sixth street.

Petition of Bartley McGowan and two others was read. Mr. Charles Knobel appeared in favor. No opposition. Map for filing was forwarded April 6, 1906.

On motion, duly seconded, the Board unanimously resolved that proceedings be initiated for this improvement.

No. 271. Acquiring title to Beck street, from Intervale avenue to Tiffany street, Borough of The Bronx.

Petition of Elmore Realty Company, by W. M. Wechsler, secretary, owners of entire frontage on both sides of Beck street, between Intervale avenue and Tiffany street, was read. Map filed in Register's office January 16, 1894.

On motion, duly seconded, the Board unanimously resolved that proceedings be initiated for this improvement.

No. 272. Acquiring title to Fox street, from Intervale avenue to Barretto street, and Simpson street, from Barretto street.

Petition of Elmore Realty Company, by W. Wechsler, secretary, was read.

There being no opposition, and the petitioners being owners of the entire frontage on west side of Fox street, between Intervale avenue and Dongan street, also entire frontage on east side of Fox street, between Tiffany street and Barretto street, the Board, on motion, duly seconded, unanimously

Resolved, That this Board does hereby initiate proceedings for this improvement.

No. 273. Laying out Putnam avenue, West, from West Two Hundred and Thirty-third street to West Two Hundred and Thirty-fourth street, at a width of 60 feet.

Petition of Max Marx, owner of Lots Nos. 17 and 26 in Block 3269, all of Lot No. 104 in Block 3267, all of Lot No. 120 in Block 3267, was read. Also report of the Chief Engineer.

A representative from Mr. Joseph Flannery stated that the owner might cede the land after the street was laid out on the map. He was notified that this was not probable because the same owner had asked that the City acquire title to this same avenue at a width of 60 feet. Laid over.

Petition signed by Max Marx, owner of 611 feet on East Two Hundred and Thirty-fifth street.

Mr. C. C. Ferris appeared in opposition.

On motion, duly seconded, the petition was laid over, as the Chief Engineer reported "that if the necessity exists to lay out this street between West Two Hundred and Thirty-fourth street and West Two Hundred and Thirty-fifth street, from Putnam avenue, West, to Kingsbridge avenue, it should not be located as the petitioner requests, because it will make the proceeding unnecessarily expensive. A shifting southwardly would avoid the acquiring of two two-story buildings."

Petition signed by Max Marx, owner of 290 feet on Putnam avenue, West.

Opposition by George Van Cortlandt, by Philbin, Beekman & Mackin, who requested time to file a brief in opposition.

The Chief Engineer reported "that this matter was considered by former Boards and no action taken, because the blocks between Broadway and the New York and Putnam Railway are very narrow and the expense of regulating and grading, etc., will be very great on account of the railroad crossings where the embankment would reach to a height of over 20 feet."

"In addition, I wish to say that there are nine houses on the line between West Two Hundred and Thirtieth and West Two Hundred and Thirty-third streets.

"I beg to recommend, therefore, that, if the petitioner cannot give very good reasons to the Local Board of the necessity of laying out Putnam avenue West, from Two Hundred and Thirtieth street to Two Hundred and Thirty-third street, the petition be denied."

Laid over indefinitely.

The length of the extension is about 760 feet, and about one-third of the frontage was represented on the petition.

Dr. Becker, H. M. Greene and others appeared in favor.

Daniel Brady appeared in opposition owing to the heavy assessments that he thought would be levied on adjacent property.

## BOARD OF ESTIMATE AND APPORTIONMENT.

PUBLIC NOTICE IS HEREBY GIVEN that at a meeting of the Board of Estimate and Apportionment, held May 25, 1906, the following petition was received and was referred to the Bureau of Franchises.

To the Honorable the Board of Estimate and Apportionment of The City of New York:

The petition of Conron Bros. Company respectively shows:

1. The said Conron Bros. Company is a corporation duly organized and existing under the laws of the State of New York, having for its principal place of business No. 40 Tenth avenue, in The City of New York, and is operating a plant at that point for artificial refrigeration for itself and a few others in the same block, and has been doing so for a period of three years.

2. The said Conron Bros. Company petitions your Honorable Board to grant a license to lay a conduit not more than twelve inches in diameter, to contain refrigerating pipes, extending across Thirteenth street, about one hundred feet east of Tenth avenue; also a pipe to cross Washington street about the middle of the block and about one hundred feet north of Thirteenth street, the said pipes to be laid under the surface of the streets.

3. That said pipes are to be used to convey brine, ammonia or other refrigerating medium, to connect with other pipes of Conron Bros. Company at the terminal points for the purpose of supplying to such customers as may desire the same refrigeration for properly insulated compartments for the preservation of meats and other perishable goods.

4. That the said district through which it is proposed to lay said pipes is largely devoted to the meat and produce trade, and for the proper carrying on of which it is necessary to have refrigeration, and that this company has been requested by persons engaged in said business along said route, to extend its lines and to supply such persons with refrigeration.

5. That should said permit be granted, your petitioners will supply to all persons providing proper compartments of boxes and requiring the same, refrigeration at reasonable prices, and will save the City harmless from any loss or damage to any sewer, gas or water pipe, or from any cause that may arise from the exercise of the privilege so obtained by it, and will furnish such indemnity or security as the City may require to insure the faithful compliance with the conditions that it may see fit to impose upon your petitioners conditioned to the license applied for.

6. This company desires that the said franchise may continue for a period of ten years from the date of granting the same, and the company offers to pay to the City as a reasonable compensation or tax therefor annually a sum equal to  $\frac{1}{2}$  per cent. on the gross amount of receipts derived from the customers supplied by pipes to be laid under the proposed franchise. The company further offers that the percentage of its gross receipts to be paid for said franchise after the period of five years shall be increased to 5 per cent. during the remainder of the term.

7. This company further petitions that it may have the right or option, at the expiration of the said term of ten years, to a further term of ten years upon paying a like tax of 5 per cent. upon the gross receipts as above specified.

8. That said proposed line will not interfere with any fixtures or appurtenances forming part of the water mains, sewers, conduits, subways or sub-pavement fixtures of any kind, or of any sub-structures existing by virtue of any franchise heretofore granted, all of which appears from the map herewith submitted. The company will do all work under the said franchise under the directions of the proper officers and departments of the City Government and will comply with all the requirements thereof.
