## THE CITY OF NEW YORK.

## FOR CHARITABLE INSTITUTIONS.

## Conditions Governing Payments to Charitable Institutions.

The appropriations in this Budget are made subject to the following conditions:

1. The accounts and records of all charitable institutions receiving public moneys shall be so kept as to show all receipts, disbursements and population in such form as shall be satisfactory to the Comptroller. Records must show the addresses of parents, guardians or nearest relatives of inmates and other information designed to facilitate inquiry into their financial inability to make provision for dependents in the institutions.
2. Moneys received from the City Treasury shall be used by such institutions for recurring expenses of "care, support, education and maintenance."
3. All institutions receiving public moneys and all their books of record and accounts shall at all reasonable times be open to the visitation, inspection and examination of duly authorized representatives of the Department of Finance and at all proper times the Department of Public Charities shall have access to the record of inmates.
4. Upon its appearing to the satisfaction of the Comptroller that it would be to the public interest to withhold payments to any charitable institution for which an apportionment has been made, he shall in his discretion suspend payments and give written notice to such institution of his intention to apply to the Board of Estimate and Apportionment for authority to cease making further payments, and upon the determination of said Board that such payments shall terminate, the right of any such institution to receive payment for services rendered thereafter shall thereupon end.
5. Except where appropriations are made in bulk and not upon the per capita basis, no payment shall be made for inmates of private charitable institutions unless the same shall have been accepted by the Commissioner of the Department of Public Charities as proper charges upon the City. Except in emergency cases in hospitals, the Commissioner of Charities shall not accept as proper charges against the City inmates capable of paying for their own support or for whose care adequate provision can be made in public hospitals. *The City shall not be liable for any payment to charitable institutions in excess of the apportionment which may have been made to such institutions, notwithstanding any per capita rates of payment that may have been fixed for the inmates thereof.*
6. All institutions receiving money from the City are required to state specifically the amount so received, as from the City Treasury, in their printed annual reports.
7. No money shall be paid to any private charitable institution which pays any salary to or gives any consideration, financial or of any kind, for services to, or that has any business dealing with, or secures goods or merchandise, directly or indirectly, from any officer or trustee or member of its Board of Managers.
8. That charitable institutions for children now carried in the Budget and not sending their inmates to the Public Schools, and not sharing in the Corporate School Fund, and not receiving teachers and school supplies from the Board of Education, but giving in their own buildings secular education to the children resident in the institutions, shall be paid a per capita of 7 cents per day, five school days in the week, for each child receiving such instruction of four years of age and over during ten months in the year. This money to be paid under the authorization of section 230 of the Charter, but under the general conditions relating to institutions receiving Corporate School money, as provided in section 1154.
9. Magistrates are requested to transfer dependent, and, when judicious, no proper guardianship children, and all cases coming to their attention in the courts where no crime is proven against the child to the Commissioner of Charities, who can commit to institutions. Magistrates are earnestly requested not to commit a dependent child to an institution on a court commitment.
10. The Commissioner of Charities is instructed to take such steps, either by appeal to the national authorities or by proper bills to the Legislature, as to provide

that the children of emigrants abandoned within one year after arrival in this City be returned to the country whence they came.

11. In determining the acceptance of patients in private hospitals as proper charges (see Rule 5) the Commissioner of Charities shall first consider the nature of the service actually rendered to the patients by the hospitals. The records of the institutions and the bed-card notes showing the treatment given shall be received as the essential evidence in deciding acceptances or rejections.

12. No dependent child under 16 years of age shall be accepted as a proper charge upon the City and no money will be paid for the care, support, maintenance or education of such child unless it shall have been lawfully committed to a suitable private charitable institution having its own plant and equipment for the proper protection and care of children, under the supervision of the State Board of Charities, and has been placed in this Budget by the action of the Board of Estimate and Apportionment.

This order has no relation to the class of children of such mental and physical condition as those cared for in the City Institution at Randall's Island.

13. The rates of payments to private charitable institutions, unless otherwise specially provided for, are fixed for the various classes of inmates as follows:

## BOROUGH OF RICHMOND.

## LOCAL BOARD, STATEN ISLAND DISTRICT.

Meeting, November 26, 1907, 10.30 a. m.

Present—Aldermen Collins, Rendt and Cole, and President Cromwell.

The minutes of the meeting held November 12, 1907, were approved.

## Petition 787.

To open Curtis place, Ward 1, as laid out on the map or plan of The City of New York; and to regulate and grade. First hearing.

Petitioners, representing residence properties fronting on the street, urged action on account of the dangerous and ungraded condition of the street. Opposed by owners of property with side frontage and not using the street. On motion of Alderman Collins, laid over; and, on motion of President Cromwell, referred to the Commissioner of Public Works to report.

## Petition 786.

To pave, gutter and curb Crescent avenue, Ward 1. Second hearing.

Property owners represented in support of petition. No opposition appeared. Commissioner Tribus recommended two resolutions, one to cover the street from Jersey street to Westervelt avenue, and the other from Westervelt avenue to Daniel Low terrace, as the title of the City in the latter part had not been definitely fixed. On motion of Alderman Collins, laid over.

## Petition 785.

To open Highland avenue, from Amboy road to Boulevard, Ward 5, at a width of 50 feet. Second hearing.

Commissioner Tribus reported that the expense of opening and improving would be greater than the petitioners would probably stand at this time, and that President Cromwell had had personal correspondence with one of them on the subject, and recommended that no action be taken at present. Laid over.

## Petition 777.

To pave and curb parts of Haven Esplanade, Frelinghuysen and Barrett Boulevard, Ward 1. Second hearing.

Commissioner Tribus reported that improvement would necessitate establishment of official grades, which were not yet ready and would entail radical changes and great expense, and recommended that no action be taken at present. Laid over.

## Petition 778. (Resolution 122.)

To drain lands east of Jewett avenue, opposite Washington place, Ward 1, and to construct storm water sewer. Third hearing.

Commissioner Tribus recommended separate resolutions for the filling in and drainage of the holes in the low land and for the sewer. Property owners pointed

out on a map how they thought surface water could be taken from that part of Jewett avenue by a slight change of grade, without the heavy expense of a sewer as planned, and President Cromwell stated that he and the Commissioner would examine the situation together.

The owner of the "Iron Mine" property said that he would fill in and drain the hollows complained of; and, with that understanding, the following resolution was moved by Alderman Collins and was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond, etc.,

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To fill in and drain lands on east side of Jewett avenue, opposite Washington place, in the First Ward of the Borough of Richmond, and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Aldermen Collins, Rendt, Cole, and President Cromwell.

Negative—None.

#### Petitions 781. (Resolutions 123 and 124.)

To construct a sanitary sewer in Richmond turnpike, between Louis street and Eddy street, Wards 1 and 2, Sewer Districts 1 E and 2. Second hearing.

Commissioner Tribus reported that two resolutions would be necessary, as the property of petitioners to be drained was situated on two different watersheds; and the following two resolutions were moved by Alderman Collins and were adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond, etc.,

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct a temporary sewer in Richmond turnpike, from the existing sewer at Louis street for about twelve hundred and fifty (1,250) feet in a southerly direction, in the First and Second Wards of the Borough of Richmond, and in Sewer District No. 1 E, with the necessary appurtenances, and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Aldermen Collins, Rendt, Cole, and President Cromwell.

Negative—None.

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond, etc.,

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct a temporary sanitary sewer in Richmond turnpike, from a point about six hundred and eighty (680) feet northerly from Eddy street to and through Eddy street to Bertha place, and through Bertha place to a point about five hundred and eighty (580) feet in a southerly direction therefrom, in the Second Ward of the Borough of Richmond, and in Sewer District No. 2, with the necessary appurtenances, and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Aldermen Collins, Rendt, Cole, and President Cromwell.

Negative—None.

#### Petition 779. (Resolution 125.)

To construct sanitary sewer in Cherry lane, from Marianna street to Palmer's run, Ward 1. Second hearing.

The following resolution was moved by Alderman Collins, and was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond, etc.,

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To construct a temporary sanitary sewer in Cherry lane, from the existing sewer at Marianne street to a point near Palmer's run, in the First Ward of the Borough of Richmond, and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Aldermen Collins, Rendt, Cole, and President Cromwell.

Negative—None.

#### Petition 782.

To construct a sewer in Winant street, Ward 3. Second hearing.

Petitioners asked for information, and Commissioner Tribus explained the difficulty of planning a temporary sewer in that locality.

#### Petition 775. (Resolution 126.)

To pave and repair sidewalks in Prospect street, Ward 1. Third hearing.

The following resolution was moved by Alderman Collins and was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond, etc.,

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To pave or repair the sidewalks with either natural or artificial stone wherever the same are not now paved or are out of repair on the north side of Prospect street, between Elizabeth street and Broadway, in the First Ward of the Borough of Richmond, and to do such other work as may be necessary to the completion of the work described.

Affirmative—Aldermen Collins, Rendt, and Cole; President Cromwell.

Negative—None.

The minutes of the meeting of November 26 were approved.

#### Petition 787.

To open Curtis place, Ward One, as laid out on the map or plan of The City of New York; to regulate and grade. Second hearing.

Petitioners asked that another hearing be given, as they believed that a large part of the property quoted in opposition at the preceding meeting would approve the petition. Laid over.

#### Petition 786 (Resolution 127).

To pave, gutter and curb Crescent avenue, Ward One. Third hearing.

Protest against improvement was made by one owner, with side frontage at the corner of Jersey street. Petitioners presented a map, showing all properties with frontage on street; affidavit of mailing of notices of hearing to every owner of property within area of assessment; many additional signatures to petition; and affidavits of continued use of the street as a public thoroughfare for twenty years for its entire length, from Jersey street to Daniel Low terrace.

In view of the last, Commissioner Tribus withdrew his recommendation that the two parts of the street be covered by separate resolutions, and the following resolution was moved by Alderman Collins, and was adopted:

Whereas, A petition for a local improvement described below has been received by the President of the Borough of Richmond, etc.;

Resolved, That this Board does hereby initiate proceedings for the said local improvement, to wit:

To regulate and grade Crescent avenue, between Jersey street and Daniel Low terrace, in the First Ward of the Borough of Richmond, and to pave the roadway thereof with macadam pavement, and to lay gutters of vitrified brick on concrete foundation for a width of four feet on both sides, and to set artificial stone and blue-stone curb, and to construct culverts and drains wherever necessary, and to do such other work as may be necessary to the completion of the work described; and it is hereby

Resolved, That a copy of this resolution be transmitted forthwith to the Board of Estimate and Apportionment for its approval.

Affirmative—Aldermen Collins and Rendt, President Cromwell.

Negative—None.

#### Petition 788.

To open Park place, Far View avenue and Bay View avenue, in Hamilton Park, Ward One, as laid out on the property map of the Mutual Life Insurance Company of New York. First hearing.

Petitioners stated that they had been informed that the streets must be opened as laid out on the map or plan of The City of New York, and not on a property map, and that assessable improvements should also be petitioned for, and offered to amend their petition accordingly.

President Cromwell advised that the petition be referred to the Commissioner, and that petitioners consult him and file a new petition later; and Commissioner Tribus laid before the Board a tentative map of part of the street layout of the district, not yet completed. Referred to the Commissioner of Public Works to report.

#### Petition 714.

To construct sewer in First avenue, Ward One. Second hearing.

Commissioner Tribus laid before the Board a partial report, showing the plan of drainage to be adopted.

On motion, the Board adjourned.

MAYBURY FLEMING, Secretary.

#### GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department, at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in or in the performance of the same, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be enclosed in the envelope containing the bid or estimate, but should be either enclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
