APPROVED PAPERS.

FOR THE WEEK ENDING JANUARY 4, 1908.

No. 627.

AN ORDINANCE amending sections 277 and 280 of the Code of Ordinances of The City of New York, adopted October 30, 1906, and approved November 8, 1906, relating to Surveyors' fees.

Be it Ordained by the Board of Aldermen of The City of New York as follows: Section 1. Section 277 of the Code of Ordinances of The City of New York, adopted October 30, 1906, and approved November 8, 1906, hereby is amended so as to read as follows:

Sec. 277. The City Surveyors employed by any Borough President shall receive compensation for their services as follows, and no Surveyor's bill shall be paid unless the same be first certified by the Borough President employing him:

For a preliminary survey in regulating a street or avenue or for making a country road, for the first line of levels five cents per linear foot, measuring through the centre of the street, avenue or road, and for each additional line of levels one and one-half cents per linear foot, to be measured in the same manner.

For grading, when done alone, eight cents per linear foot, measuring through the centre of the street or avenue.

For grading and setting curb and gutter, when done under the same contract, twelve cents per linear foot, measuring through the centre of the street or avenue.

For grading and setting curb and gutter and flagging or paving, when done under the same contract, fourteen cents per linear foot, measuring through the centre of the street or avenue.

For setting curb and gutter alone four cents per linear foot along the line of the work done.

For setting curb and gutter and flagging or paving, when done under the same contract, but not in connection with the grading, twelve cents per linear foot, measuring through the centre of the street or avenue.

For flagging, when done alone, five cents per linear foot along the line of the work done.

For fencing, including preliminary survey, five cents per linear foot.

For making a country road fourteen cents per linear foot, measuring through the centre of the road.

For establishing a new grade line one and one-half cents per linear foot, measuring along the line.

For making the necessary surveys and furnishing all necessary copies of damage maps in street opening proceedings, three cents per linear foot, measuring along the exterior line of the street or avenue, and along all interior boundary lines of each parcel included within said street or avenue lines; and for assessment lists and maps for street openings or other improvements, three cents per linear foot of map front; and for every additional copy of list and map required, two cents per linear foot of map front.

A Surveyor employed by one of the Borough Presidents to make a survey, the compensation for which is not otherwise provided, shall receive such compensation as shall be agreed upon in writing between the Surveyor and said Borough President,

before the survey or work be undertaken, and after the completion of the said survey or work the Surveyor's bill shall be certified by the Borough President in accordance with the terms of such agreement.

Sec. 2. Section 280 of said Code of Ordinances hereby is amended so as to read as follows:

Sec. 280. A Surveyor shall be entitled to receive fifteen dollars for every certificate for payment to a contractor on any work done by contract made upon public advertising and letting, which shall be paid by the Borough President making the contract, and except as herein otherwise provided, no Surveyor shall be entitled to any payment for a certificate to a contractor.

The amount so paid for a certificate shall be deducted from the payment to be made to the contractor on account of the work certified to be done.

Sec. 3. All ordinances and parts of ordinances inconsistent herewith hereby are repealed.

Sec. 4. This ordinance shall take effect immediately.

Adopted by the Board of Aldermen, December 10, 1907.

Received from his Honor the Mayor, December 31, 1907, without his approval or disapproval thereof; therefore, as provided in section 40 of the Greater New York Charter, the same took effect as if he had approved it.

On reading and filing report of the Chief Clerk, Ordered, That all bids received for making and completing alterations and repairs to the Forty-ninth Precinct station house be and the same are hereby rejected, the Commissioner deeming it for the interest of the City so to do.

Ordered, That the contract for making and completing alterations and repairs to the Fifty-fourth Precinct station house, in accordance with specifications therefor, be and the same is hereby awarded to Neptune B. Smyth, No. 1123 Broadway, for the sum and price of \$4,100, he being the lowest bidder therefor, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That the contract for making and completing alterations and repairs to the Fifty-ninth Precinct station house, in accordance with specifications therefor, be and the same is hereby awarded to the Inter-City Contracting Company, No. 309 Broadway, for the sum and price of \$4,500, they being the lowest bidders, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That the contract for making and completing alterations and repairs to the Sixty-second Precinct station house, in accordance with specifications therefor, be and the same is hereby awarded to the Inter-City Contracting Company, No. 309 Broadway, for the sum and price of \$3,395, they being the lowest bidders, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

Ordered, That the contract for making and completing alterations and repairs to the Seventy-fourth Precinct station house, in accordance with specifications therefor, be and is hereby awarded to Alexander Muether, No. 17 Prospect street, Long Island City, for the sum and price of \$3,580, he being the lowest bidder, and that the Police Commissioner execute such contract on the approval of sureties by the Comptroller.

On reading and filing eligible list of the Municipal Civil Service Commission, dated December 24, 1907.

Ordered, That the following named Patrolmen, those names appear on such eligible list, be and are hereby promoted to the rank of Sergeant of Police in the Police Department of the City of New York:

Robert J. Mahon, and John D. Tomford.

Charles J. Fahey having, on or about the 29th day of October, 1907, been dismissed from the Police Force in the Police Department of the City of New York, in which Police Force he then held the rank of Lieutenant of Police, and having thereafter applied to the Mayor of the City of New York, under chapter 723 of the Laws of 1907, by a written application setting forth the reasons for demanding such rehearing for a rehearing of the charges upon which he had been dismissed, such dismissal not having been for insubordination, conduct unbecoming an officer or member, cowardice or intoxication, and having waived in writing all claims against the City of New York for back pay; and the Mayor of the City of New York having, in writing, consented to such rehearing, stating the reasons why such charges should be reheard; and such application for a rehearing having been made within one year from the date of said Charles J. Fahey's removal;

Now, having reheard the said charges and having determined from the evidence that said Charles J. Fahey was illegally or unjustly dismissed; it is

Ordered, That the said Charles J. Fahey be and he hereby is reinstated as a Lieutenant of Police in the Police Force in the Police Department of the City of New York.

On reading and filing recommendation of the Third Deputy Commissioner, dated December 23, 1907.

Ordered, That the fine of three days' pay imposed upon John Ahearn, Patrolman, Third Sub-Precinct, on August, 13, 1907, be and is hereby remitted.

Having investigated the financial condition of Minnie J. Fitzpatrick, and as a result of such investigation and from the evidence now before me being of the opinion that the said Minnie J. Fitzpatrick does not need for her support the pension heretofore granted her;

Now, under authority vested in me by section 356 of the Greater New York Charter, it is

Ordered, That the pension heretofore granted to Minnie J. Fitzpatrick on or about the 21st day of February, 1901, and increased on or about the 30th day of December, 1905, be and the same is reduced to \$300 per annum.

Granted.

Petition for pension of Rachel P. Haggarty, widow of John W. Haggarty, pensioner, and pension of \$300 per annum awarded.

Petition for pension of Agnes G. Dundon, widow of John J. Dundon, Patrolman, and pension of \$300 per annum awarded.

New York, December 11, 1907.

The Board met pursuant to adjournment.

Present—Commissioners Thomas Darlington, M. D., President; Alvah H. Doty, M. D., Health Officer of the Port; Arthur J. O'Keeffe, First Deputy Police Commissioner for the Police Commissioner.

The minutes of the last meeting were read and approved.

Communication from the Assistant Corporation Counsel, recommending the discontinuance of the suits named in his report.

Sanitary Bureau.

The following communications were received from the Sanitary Superintendent:

First—Weekly reports of the Sanitary Superintendent. Ordered on file.

Second—Weekly reports from the Willard Parker, Reception, Riverside and Kingston Avenue hospitals. Ordered on file.

Third—Certificates in respect to the vacation of premises at No. 91 Prospect avenue, northeast corner Railroad avenue and West Sixteenth street, No. 287 West Fifteenth street (front and rear), and No. 274 Fifty-sixth street, Borough of Brooklyn.

On motion the following preambles and resolutions were adopted:

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 91 Prospect avenue, in the Borough of Brooklyn, has become dangerous to life, and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants.

Ordered, That all persons in said building situated on lot No. 91 Prospect avenue, in the Borough of Brooklyn, be required to vacate said building on or before December 17, 1907, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot, northeast corner of Railroad avenue and West Sixteenth street, in the Borough of Brooklyn, has become dangerous to life and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on lot, northeast corner of Railroad avenue and West Sixteenth street, in the Borough of Brooklyn, be required to vacate said building on or before December 17, 1907, for the reason that said building is dangerous to life, and is unfit for human habitation because of defects in the plumbing thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 2875 West Fifteenth street (front and rear), in the Borough of Brooklyn, has become dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on lot No. 2875 West Fifteenth street (front and rear), in the Borough of Brooklyn, be required to vacate said building on or before December 17, 1907, for the reason that said building is dangerous to life and is unfit for human habitation because of defects in the drainage thereof, and because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Whereas, The Sanitary Superintendent has certified to this Board that the building situated upon lot No. 274 Fifty-sixth street, in the Borough of Brooklyn, has become dangerous to life and is unfit for human habitation because of the existence of a nuisance on the premises which is likely to cause sickness among its occupants;

Ordered, That all persons in said building situated on lot No. 274 Fifty-sixth street, in the Borough of Brooklyn, be required to vacate said building on or before December 17, 1907, for the reason that said building is dangerous to life, and is unfit for human habitation because of the existence of a nuisance on the premises likely to cause sickness among its occupants.

And further, that this order be affixed conspicuously on the front of and in said building and be served as the law requires, under the direction of the Sanitary Superintendent.

Fifth—Report on compliance with certain orders to vacate premises, etc.

On motion, it was

Resolved, That the following orders be and are hereby rescinded, for the reason that the causes for the same have been removed:

Mortimer Denyse, December 2, 1907.

A copy of a resolution adopted by the Board of Estimate and Apportionment December 6, 1907, directing the heads of the various departments, bureaus and divisions of the City government not to incur any new or additional indebtedness payable from the funds provided by the issue of Corporate Stock, heretofore authorized, without the approval of the Board of Estimate and Apportionment, until further notice, was received and ordered on file.

Report of the Select Committee of the Board of Estimate and Apportionment, consisting of the Comptroller and the President of the Board of Aldermen, to which was referred the request of the Board of Health for an appropriation of \$175,000 for the purpose of prosecuting additional work attendant upon the preservation of the milk supply of The City of New York was received and ordered on file.

Report of the Select Committee of the Board of Estimate and Apportionment, consisting of the Comptroller and the President of the Board of Aldermen, to which was referred the request of the Board of Health for an appropriation of \$5,000 for the purpose of meeting necessary expenses in the abatement of nuisances in the Boroughs of Queens and Richmond, was received and ordered on file.

On recommendation of the General Medical Officer the following preambles and resolution were adopted:

Whereas, At the present time there is an unusual increase in the number of cases of contagious diseases in The City of New York; and

Whereas, The demands made upon the Department of Health for the care of such cases is most extraordinary for this season of the year; the number of cases at the time being more than double those of last year; and

Whereas, The hospitals under the jurisdiction of the Department of Health are now almost full to the limit of their capacity; and

Whereas, Immediate provision must be made for receiving and caring for additional cases of contagious disease by the erection of temporary buildings at the various hospital plants under the jurisdiction of the Department of Health; now therefore be it

Resolved, That the Board of Aldermen be and are respectfully requested to authorize the purchase, without public letting, of portable houses, lumber and building materials sufficient to construct eight temporary frame buildings at a cost not to exceed \$12,000.

Report of a regular meeting of the Medical Board of the Willard Parker and Riverside Hospitals, held November 12, 1907, was received and approved, and ordered on file.

Stipulation of James MacArthur relative to the occupancy of the Morgue building attached to the Kingston Avenue Hospital, Borough of Brooklyn, was received and ordered on file.

Report recommending an extension of time to July 31, 1907, for the execution of contract awarded to Fiss, Doerr & Carroll Horse Company for the completion of the contract executed November 24, 1906, for furnishing twenty horses to the Department of Health, was received, and, on motion, it was

Resolved, That an extension of time to include July 31, 1907, be and the same is hereby granted to Fiss, Doerr & Carroll Horse Company for the completion of the contract executed November 24, 1906, for furnishing twenty horses to the Department of Health.

On recommendation of the President it was

Resolved, That the Sanitary Superintendent of this department be and he hereby is directed to cause the horses belonging to the Department of Health used in the production of antitoxin, now stabled at the hospitals of the New York-American Veterinarian College, No. 337 East Fifty-seventh street, Borough of Manhattan, to be removed to the stable belonging to the department located at the foot of East Sixteenth street, in the Borough of Manhattan, said removal to take place on or before December 31, 1907.

On motion, the following preamble and resolution were adopted:

Whereas, The incidental expenses contingent to the Department of Health have recently been augmented by reason of the supervision and inspection of raw milk coming into The City of New York from farms located in six different States; and the incidental expenses of said Department have also been augmented by reason of the increased examinations and inspections under the Pure Food Law, and such examinations and inspections have necessarily involved increased expenditures from the contingent account of this Department; therefore be it

Resolved, That the Board of Aldermen be and is hereby requested to adopt a resolution substantially as follows:

"Resolved, That for the purpose of defraying any minor or incidental expense contingent to the Department of Health, the Secretary of the Board of Health of the Department of Health may, by requisition, draw upon the Comptroller of The City of New York for a sum not exceeding five thousand dollars (\$5,000); the Secretary of the Board of Health of the Department of Health may, in like manner, renew the draft as often as the Board of Health may deem it necessary, to the extent of the appropriation set apart for contingencies of the Department of Health, but no such renewal shall be made until the sum paid upon the preceding draft shall be accounted for to the Comptroller by the transmittal of a voucher, or vouchers, certified by the Commissioners of the Board of Health, covering the expenditure of money paid thereon."

The fund created by this authority shall be accounted for separately and distinctly from the fund created by resolution of this Board, adopted June 26, 1906, and approved by the Acting Mayor July 3, 1906.

Report of an inspection of the Kings County Iron Foundry, North Thirteenth and Berry streets, Borough of Brooklyn, dated December 9, 1907, was received and referred to Commissioner O'Keeffe.

Commissioner O'Keeffe submitted as supplemental to the action taken by the Board at a meeting held November 20, 1907, requesting the President to confer with the District Attorney with a view to extending the investigation now being conducted by the District Attorney in the matter of the alleged payment of money for permits to keep and slaughter poultry in The City of New York, the following preambles and resolution, which were adopted:

Whereas, William E. Studdiford, M. D., a Medical Inspector in the employ of the Department of Health, assigned to duty as Assistant to the General Medical Officer of the Department of Health, has informed this Board that it is common rumor that members of the poultry trust, so-called, consisting of certain persons in The City of New York to whom permits to keep and slaughter poultry have been issued by the Board of Health, were paying monthly tribute of \$100 each to some person or persons unnamed for the alleged purpose of furnishing protection to the said members of the poultry trust; and

Whereas, Alonzo Blauvelt, M. D., Assistant Sanitary Superintendent of the Department of Health, assigned to duty in the Borough of Manhattan, says that it is common rumor through the Department that tribute is being paid by citizens who had business in the Department of Health, and that a charge of \$2,000 or thereabouts is being made and collected by some person or persons in the employ of the Department of Health, for the issuance of chicken slaughter house permits, and also alleges that the tribute is paid in the liquor store of one Hirsh on the northwest corner of Fifty-fourth street and Sixth avenue, Borough of Manhattan, and that the said Hirsh is reputed to be the collector of this money, and to have large influence in the Department of Health; therefore be it

Resolved, That the President of this Board be and is hereby requested to lay all these facts, together with such information that is in his possession, before the District Attorney of the County of New York; that he request the District Attorney to subpoena all the persons named in these resolutions, and that he set on foot a thorough investigation of these rumors by John Doe proceedings, or such other proceedings as the District Attorney may see best, to the end that all person or persons who may be found guilty of any violation of law in connection with the collection or payment of tribute to any person in the employ of the Department of Health or acting for an employee of the Department of Health, may receive such punishment as provided by law.

The president stated that he had laid all the matters referred to in the above preamble and resolution before the District Attorney with the request that he cause an investigation of the rumors to be made, and that the District Attorney had expressed his unwillingness to commence proceedings until a thorough investigation had been made by the Department of Health. The Sanitary Superintendent stated that Mr. Hirsh, whose name is mentioned in the above resolution, had appeared before the District Attorney and given evidence regarding his alleged connection with the collection of tribute; also that as the result of the investigation made by the District Attorney's office and officials of the Department of Health, Wallace M. Gill, formerly an Inspector of Foods (meat), in the employ of the Department of Health, dismissed by the Board November 20, 1907, upon charges of misconduct and of conduct unbecoming an employee of the Department of Health of the City of New York, had been indicted by the Grand Jury and was now awaiting trial under said indictment.

Resolved, That permit No. 9712, issued by this Board to David Blumberg, February 16, 1898, to slaughter cattle, sheep, lambs and calves at the premises on the northwest corner of Dumont and Christopher avenues, Borough of Brooklyn, be, and the same is hereby revoked.

The application of Herman Reinheimer for the approval of the site on the north side of Tilden street, 300 feet east of Barnes avenue, Williamsbridge, in the Borough of The Bronx, for the location of a cow stable, was received, and on recommendation of the Sanitary Superintendent, it was

Resolved, That the site on the north side of Tilden street, 300 feet east of Barnes avenue, Williamsbridge, Borough of The Bronx, upon which Herman Reinheimer proposes to locate a cow stable, be, and the same is hereby approved.

The application of Herman Reinheimer for the approval of plans and specifications for the erection of a cow stable on the site on the north side of Tilden street, 300 feet east of Barnes avenue, Williamsbridge, Borough of The Bronx, was received and on motion, it was

Resolved, That the plans and specifications for the erection of a cow stable on the site on the north side of Tilden street, 300 feet east of Barnes avenue, Williamsbridge, Borough of The Bronx, submitted by Herman Reinheimer, be and the same are disapproved.

The application of Eichele Brothers for the approval of the site on the north side of old South road, about 275 feet west of Centreville avenue, Aqueduct, Borough of Queens, for the location of a cow stable, was received, and on motion, it was

Resolved, That the site on the north side of old South road, about 275 feet west of Centreville avenue, Aqueduct, Borough of Queens, upon which Eichele Brothers propose to locate a cow stable, be and the same is hereby approved.

BOARD OF CITY RECORD.

Mayor's Office, City Hall, New York City, }
Tuesday, 11 a. m., November 26, 1907. }

The Board of City Record met this day.
There were present the Honorable George B. McClellan, Mayor; Honorable F. K. Pendleton, Corporation Counsel, and Honorable Herman A. Metz, Comptroller.

The Chair announced that the purpose of the meeting was for the opening of bids for the publication of the CITY RECORD during the year 1908.

Before opening the bids the following resolution was adopted by concurrent vote of the Board:

Resolved, That, as a basis of computation in awarding the contract for publication of the CITY RECORD during the year 1908, the Supervisor shall take the pages and composition of the CITY RECORD from November 1, 1906, to and including October 31, 1907, and the Registry and Enrollment, the same being approximately as follows:

Paper, 5,000 reams.
Ordinary composition, 69,000,000 ems.
Tabular composition, 156,200,000 ems.
Registry, 13,800,000 ems.
Collating, 13,800,000 ems.
Enrollment, 25,000,000 ems.
Standing matter, 98,504,000 ems.
Alterations, 5,300 hours.
Presswork, 20,500 tokens.

Bids for the publication of the CITY RECORD during the year 1908 were received from

The Wynkoop, Hallenbeck, Crawford Company.
The Martin B. Brown Company.
The Mail and Express Company.

The following resolution was then adopted by concurrent vote of the Board:

Resolved, That the bids or estimates received and opened this day "For furnishing all the materials and plant and doing all the work necessary and proper to print, furnish, fold, bind and distribute the CITY RECORD for and during the year 1908" be referred to the Supervisor for tabulation and report to this Board.

Upon motion, the Board then adjourned subject to the call of the Chair.

PATRICK J. TRACY, Secretary.

BOARD OF CITY RECORD.

Mayor's Office, City Hall, New York City, }
Thursday, 11.30 a. m., December 5, 1907. }

The Board of City Record met this day.

There were present the Honorable George B. McClellan, Mayor; Honorable F. K. Pendleton, Corporation Counsel, and Honorable Herman A. Metz, Comptroller.

The Chair announced that the Board had received communications from the Lithographers' Association No. 1 and the Newspaper Deliverers' Union No. 9463, requesting that representatives of the two organizations be permitted to speak before the Board in reference to awarding the contracts for City printing to the Martin B. Brown Company.

The representatives of the Lithographers' Association protested against the awarding of such contracts to the Martin B. Brown Company upon the ground that that company sublet part of the work to a firm of lithographers who did not observe the eight-hour day or the prevailing rate of wages law; and the representative of the Newspaper Deliverers' Union opposed the award of the contract for printing the CITY RECORD to the Brown Company for the reason that boys were now engaged by the Brown Company for distributing the CITY RECORD, and suggested that such work should be done by members of the Newspaper Deliverers' Union, who should receive the prevailing rate of wages.

Without objection, the matter of awarding the contract for the publication of the CITY RECORD during the year 1908 was referred to the Comptroller for investigation.

Bids for supplying printed, lithographed and stamped forms for the various City departments for the year 1908 were received from

William P. Mitchell.
The J. W. Pratt Company.
The Henry T. Solfeisch Company.
Clarence S. Nathan.
The Dana T. Bennett Company, Inc.
Ed. Cramer.
John Cassidy Company.
The Martin B. Brown Company.

The following resolution was then adopted by concurrent vote of the Board:

Resolved, That the bids or estimates received and opened this day for "Supplying printed, lithographed or stamped forms, pamphlets, printed blanks, etc., for the use of the courts and the departments and bureaus of the government of The City of New York during the year 1908" be referred to the Supervisor of the City Record for tabulation and report to this Board.

Upon motion, the Board then adjourned subject to the call of the Chair.

PATRICK J. TRACY, Secretary.

BOARD OF CITY RECORD.

Mayor's Office, City Hall, New York City, }
Tuesday, 2 p. m., December 10, 1907. }

The Board of City Record met this day.

There were present the Honorable George B. McClellan, Mayor; Honorable F. K. Pendleton, Corporation Counsel, and Honorable Herman A. Metz, Comptroller.

The report of the Bureau of Municipal Investigation and Statistics relative to certain protests alleging violations of the Labor Law by City Record contractors was submitted by the Comptroller with the recommendation that the protests having been withdrawn no further action be taken with regard to the same. The report and copies of the letters of withdrawal of such protests were ordered placed on file.

The Supervisor presented a tabulation of bids received and opened by the Board November 26, 1907, for the publication of the CITY RECORD during the year 1908, and the following resolution was thereupon adopted by concurrent vote of the Board:

Resolved, That the contract for "Furnishing all the materials and plant and doing all the work necessary and proper to print, furnish, fold, bind and distribute the City Record for and during the year 1908" be and is hereby awarded under the terms of the specifications on which bids were submitted at a meeting held November 26, 1907, to the lowest bidder, the Martin B. Brown Company, at the prices given in its estimate as submitted to and accepted by this Board; and

Resolved, That the Supervisor of the City Record be and hereby is directed to notify the said contractor of the award of this contract; and be it further

Resolved, That the party to whom this contract has been awarded be required to furnish securities acceptable to the Comptroller in time for the final execution of this contract within the specified time from the receipt of the notice of this award.

The Supervisor then presented a tabulation of the bids received and opened by the Board December 5, 1907, for supplies of printed, lithographed and stamped forms, etc., for the year 1908. The following resolution was adopted by concurrent vote of the Board:

Resolved, That the contracts for "Supplying printed, lithographed or stamped forms, pamphlets, printed blanks and stationery, including letter and writing paper and envelopes with printed headings or indorsements, etc., for the use of the Courts and Departments and Bureaus of the Government of The City of New York during the year 1908" be and are hereby awarded under the terms of the specifications on which bids were submitted at a meeting of the Board of City Record held December 5, 1907, to the lowest bidders as named below at the prices given in their respective estimates as submitted to and accepted by this Board; and

Resolved, That the Supervisor of the City Record be and hereby is directed to notify the said contractors of the award of these contracts; and be it further

Resolved, That the parties to whom these contracts have been awarded be required to furnish securities acceptable to the Comptroller in time for the final execution of these contracts within the specified time from the receipt of the notice of this award.

The successful bidders are as follows:

The Comptroller submitted a report relative to the question of Borough papers in Queens Borough, which was referred to him by the Board, for investigation, at a previous meeting. The report, which was ordered printed in the minutes and placed on file, is as follows:

City of New York,
Bureau of Municipal Investigation and Statistics,
December 10, 1907.

Hon. HERMAN A. METZ, Comptroller:

Sir—The newspapers designated to publish the borough advertising for the Borough of Queens, as of January 1, 1906, were as follows:

Long Island Star.	Long Island Farmer.
Queens Borough Advertiser.	Jamaica Standard.
Flushing Journal.	Long Island Democrat.
Flushing Daily Times.	Rockaway News.

As the result of a report made by you to the Board of City Record on City advertising, this list, on June 19, 1906, was reduced to the following:

Long Island Star, First and Second Wards.
Flushing Daily Times, Third Ward.
Long Island Farmer, Fourth Ward.
Rockaway News, Fifth Ward.

On June 20, 1906, the Flushing Evening Journal was substituted on this list for the Flushing Daily Times as the newspaper to publish matters pertaining to the Third Ward of the Borough of Queens. This is the only change in said list up to the present time.

In addition to advertisements received by publications in the Borough of Queens under the designation as borough papers, said papers and others in the borough receive advertisements from the Bureau of Elections and from other departments under special designation.

The claimants' ledger of the Department of Finance shows that the following publications have submitted bills to the amounts set opposite each for the years 1906 and 1907:

	1906.	1907.
Long Island Star.....	\$3,991 16	\$3,748 35
Long Island Farmer.....	2,417 00	1,712 80
Long Island Democrat.....	393 40	258 80
Flushing Daily Times.....	2,512 76	301 40
Flushing Evening Journal.....	1,373 60	950 60
Queens Borough Advertiser or Press.....	208 00	463 50
Jamaica Standard	790 14	2,671 56
Rockaway News	476 00	357 60

The principal publications and the amounts of their bills for 1904 and 1905 are the following:

	1904.	1905.
Long Island Star	\$2,087 10	\$3,692 20
Long Island Farmer.....	1,009 38	2,251 70
Flushing Evening Journal.....	1,130 40	1,360 80
Jamaica Standard	737 80	3,773 18

Yours respectfully,
(Signed) CHARLES S. HERVEY,
Supervising Statistician and Examiner.

Approved:

(Signed) H. A. Metz, Comptroller.

Upon motion, the Board then adjourned, subject to the call of the Chair.

PATRICK J. TRACY, Secretary.

Dr. S. T. Armstrong, the General Medical Superintendent, reported as follows:
From November 17 to November 30, inclusive, sixty-five operations were performed at Bellevue Hospital, twenty at Gouverneur Hospital, twenty at Harlem Hospital, and nine at Fordham Hospital, at all of which the Attending Surgeons or their Assistants were present.

On November 30, while a Bellevue Hospital ambulance was returning with a patient suffering from gas poisoning, the horse on being turned into Twenty-sixth street, near Third avenue, slipped and fell on the asphalt, breaking a foreleg. He had to be shot and it did not appear from the investigation that any blame attached to the driver.

Newspapers reported that Magistrate Crane had censured the hospitals of this Department for the improper return of a woman prisoner to his court. This prisoner was transferred by order of the Attending Physician, Dr. Edwin Sternberger, who reported that he used his best judgment in the matter and believed that the woman was in condition to go to court.

Several newspapers also contained a criticism in regard to the discharge of a patient named Manheimer. This patient was discharged on the insistence of his relatives and against the advice of the Attending Surgeon.

The question of a carriage to go from the elevated railroad to Gouverneur Hospital has been investigated and it is recommended that such a carriage be not pur-

chased because no other hospitals in the City supply their Attending Physicians with means of transportation. Furthermore, there is no money available for the purchase of an additional carriage nor can it be handled in the ambulance house.

It is recommended that the action of the Board of Trustees at its meeting, held on November 20, regarding Inspector L. E. Bonnaud, at Gouverneur Hospital, be rescinded because the contractor will not complete his work as required, and it is deemed important to have an inspector on the grounds.

This office is frequently in receipt of requests from attorneys and others to send transcripts of the records showing injuries and treatment of those admitted to the wards. In some instances these patients are still in the hospital and it is evident that the attorneys have had their attention attracted to the patient by the newspaper reports and have had their emissaries come to the hospital in the guise of friends who wish to visit the patient. It is recommended that the Corporation Counsel be requested to give an opinion as to whether, under section 834 of the Code, this hospital has any right to disclose the disease or injury for which any patient is treated without the written consent of such patient.

On motion, duly seconded, it was

Resolved, That the matter of the patients who are prisoners be referred to the President and the General Medical Superintendent in order that they may, if possible, provide a ward in which convalescent alcoholic cases may be detained for a longer period than is possible at present.

On motion, duly seconded, it was

Resolved, That, upon the recommendation of the General Medical Superintendent, no carriage be purchased for the use of the Attending Physicians at Gouverneur Hospital.

On motion, duly seconded, it was

Resolved, That the action of the Board of Trustees at its meeting of November 20, regarding Mr. L. E. Bonnaud, Inspector of Construction, be rescinded, and that the services of Mr. Bonnaud be continued at Gouverneur Hospital while the work of the contractor is in progress.

On motion, duly seconded, it was

Resolved, That a printed form be prepared for the signature of patients desiring to employ the services of a lawyer in accident cases, the consent of the patient to be insisted upon in each case and the signature of witnesses to be affixed.

Reports of Committees.

Mr. Stern from the Committee on the Care of the Insane reported that he was informed that the night rest of the male attendants in the psychopathic ward was much disturbed by noise, and on motion, duly seconded, it was

Resolved, That the matter be referred to the General Medical Superintendent for attention.

Dr. Brannan, to whom was referred the requisition for surgical instruments for Harlem Hospital, recommended that no action be taken on the requisition on account of the lack of funds.

Mr. Paulding of the Bellevue Hospital Conference Committee recommended the appointment of the following, and on motion, duly seconded, it was

Resolved, That they be appointed to the positions named, all nominations having been approved by the Bellevue Hospital Medical Board:

Dr. John H. Erling, Assistant Surgeon to Out Patients, Genito-urinary, Second Division.

Dr. John S. Kreshover, Assistant Surgeon to Out Patients, Genito-urinary, Third Division.

Dr. H. L. Hooker, Assistant Surgeon to Out Patients, First Division.

Dr. George F. Kleeman, Assistant Surgeon to Out Patients, First Division.

Dr. J. W. Amey, Physician to Out Patients, tubercular, Third Division.

Dr. R. A. Fraser, Assistant Physician to Out Patients, tubercular, First Division.

Dr. Henry Pearson, Anaesthetist, Second Division.

Dr. Rolfe Lloyd, Assistant Physician to Out Patients, Second Division.

Communications.

A communication dated November 23 was received from the Hon. George B. McClellan, Mayor, directing that no bids be opened or contracts awarded without his authority.

On motion, duly seconded and carried, this communication was placed on file.

A communication dated November 14 was received from Messrs. McKim, Mead & White, together with a statement from their engineers, Messrs. Mailloux & Knox, regarding an additional floor outlet in the wards of Pavilions A and B of the new Bellevue Hospital.

On motion, duly seconded, it was

Resolved, That, upon the recommendation of the architects, this additional floor outlet be authorized by the Board of Trustees.

A communication dated November 29 was received from Messrs. McKim, Mead & White, regarding temporary heat in Pavilions A and B.

On motion, duly seconded, it was

Resolved, That the John H. Parker Company be urged to impress upon the sub-contractors the importance of heating Pavilions A and B at the earliest possible date so that there may be no damage to the woodwork.

A communication dated November 18 was received from Mr. R. F. Almirall with an estimate from the Thomas Crimmins Contracting Company for continuing and connecting the road above the coal vault at Fordham Hospital to the road running through the college property.

On motion, duly seconded, it was

Resolved, Not to take action in the matter for the present on account of lack of funds and the necessity of obtaining the consent of the college authorities for the use of the road on their property.

A communication dated November 25 was received from Mr. R. F. Almirall regarding the dampproofing in the elevator pit at Fordham Hospital, and

On motion, duly seconded, it was

Resolved, That the architect be requested to dispose of the matter of the defective dampproofing in as satisfactory a manner as possible.

A communication dated November 27, was received from Messrs. Parish & Schroeder regarding the electrical work in the Training School for Women Nurses.

On motion, duly seconded, it was

Resolved, That directions be given to proceed at once with the electrical work and that the President be authorized to sign the special order for the additional electric work at a cost of \$5,200.

A communication dated November 30 was received from the John H. Parker Company complaining of not receiving payment for the work on Pavilions A and B and the Training School for Women Nurses and being prevented for that reason from making better progress.

On motion, duly seconded, it was

Resolved, That a copy of this letter be forwarded to the Comptroller requesting him to afford whatever facilities are possible to expedite the completion of the buildings.

A communication dated November 9 was received from Messrs. Byrne & Murphy, giving reasons for the delay in the plumbing work of Pavilions A and B.

On motion, duly seconded, it was

Resolved, That this communication be referred to the architects, Messrs. McKim, Mead & White, for information and advice.

A communication dated November 23 was received from the Department of Finance, in reference to a voucher filed in that Department in favor of the Thomas Crimmins Contracting Company amounting to \$8,183 on account of contract for excavation and masonry at the new Fordham Hospital.

On motion, duly seconded, this communication was referred to the architect, Mr. R. F. Almirall, for information and report.

A communication dated November 14 was received from Messrs. Kelly & Kelley, regarding the incomplete work on their contract for the grounds at the new Harlem Hospital.

On motion, duly seconded, it was

Resolved, That a copy of this letter be sent to the architect, Mr. J. H. Freedlander, for an opinion in the matter.

A communication was received from the New York City Visiting Committee of the State Charities Aid Association with memoranda in regard to changing the length of the course of training for nurses.

On motion, duly seconded, it was Resolved, That this communication with enclosures be referred to the Committee on Training Schools.

A communication dated November 23 was received from Dr. James Alexander Miller, requesting the privilege of desk room in the Pathological Laboratory for Miss Reed, who is helping him in blood studies with patients in the Out Patient Department.

On motion, duly seconded, it was Resolved, That this privilege be granted, the approval of Dr. Norris, Director of Laboratories, having been obtained.

A communication dated November 2 was received from Dr. Irving S. Haynes, Secretary of the Medical Board of Harlem Hospital, informing the Board that he approves of the proposed rule governing medical appointments.

On motion, duly seconded, and carried, this communication was placed on file. A communication dated November 18 was received from George M. Creevey, M. D., resigning his position as anaesthetist to Bellevue Hospital.

On motion, duly seconded, it was Resolved, That this resignation be accepted with regret.

Unfinished Business.

On motion, duly seconded, it was Resolved, That the Secretary communicate further with the Medical Boards on the proposed rule governing medical appointments already communicated to them.

New Business.

Mr. Paulding spoke of the condition of the patients' clothing when returned to them on discharge from the hospital, and

On motion, duly seconded, it was Resolved, That the matter of providing a better system be referred to him.

Dr. Brannan reported receipt of a letter from a patient complaining of the loss of clothing. As this loss was evidently due to theft it was, on motion, duly seconded,

Resolved, to appoint a better paid employee in charge of the clothing of alcoholic patients, while the special case complained of was referred to Dr. Brannan with power to act.

The President appointed the following Committees to visit the hospitals during the month of December:

Gouverneur Hospital—Messrs. Tack and Robbins.

Harlem Hospital—Messrs. Stern and Paulding.

Fordham Hospital—Messrs. Tierney and Sachs.

On motion, the Board adjourned.

J. K. PAULDING, Secretary.

PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

FRIDAY, AUGUST 16, 1907,

AT 320 BROADWAY,

BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Commissioner John E. Eustis, Acting Chairman; Commissioners William McCarroll, Milo R. Maltbie, Secretary Travis H. Whitney. There were also present, Counsel Abel E. Blackmar, Chief Engineer George S. Rice.

The Secretary presented a communication from F. D. Rhodes asking for copies of various documents, with a report by the Chief Engineer thereon.

On motion, the matter was referred to the Counsel.

The Secretary presented a request from the Lawyers' Surety Company, asking the return of a bond for which a new one had been substituted.

On motion, the matter was referred to the Counsel.

The Secretary presented the following communication from the Counsel to the Commission in the matter of the Ninety-sixth street situation:

August 14, 1907.

Public Service Commission for the First District, TRAVIS H. WHITNEY, Esq., Secretary:

DEAR SIR—The necessity of a plan to relieve the congested condition at the Ninety-sixth street station of the Rapid Transit Railway, in the Borough of Manhattan, was discussed by the Rapid Transit Board in the fall of 1906, and the Chief Engineer, on November 15, 1906, made a report to the Board which is printed at page 4454 of the minutes. The engineering problem was later worked out between the Board and the Interborough Company, and in consultations between the respective Engineers, and on or about April 3, 1907, the Chief Engineer of the Rapid Transit Board reported an estimate of the cost of the additions to be about \$850,000 (Minutes, 4808).

The Counsel to the Rapid Transit Board, in an opinion dated April 15, 1907, at page 4846 of the minutes, stated that the proposed addition involved a change in routes and general plan of the subway and could only be made on obtaining the same consents as are required for an original adoption of routes and plan. Thereafter the Counsel and Chief Engineer were authorized to prepare a form of resolutions, with maps and plans, for amending the original route and plan of the Rapid Transit Railroad between Ninety-sixth and One Hundred and Third streets on Broadway.

At the last meeting of the Board, on June 27, 1907, a resolution was passed, seven votes concurring, for the modification of the route and plan necessary for the additions at Ninety-sixth street. This modification proposed by the resolution under the law must have the following consents and approvals:

1. The consent of the Board of Estimate and Apportionment;
2. The consent of the Mayor;
3. The consent of the majority in value of the property along the portion of Broadway included in the proposed route, or of the Appellate Division in lieu thereof.

It is now, therefore, necessary for the Public Service Commission for the First District, as the successor of the Board of Rapid Transit Railroad Commissioners, to transmit this resolution to the Board of Estimate and Apportionment for its approval. I accordingly submit herewith a draft of a communication to be addressed to the Board of Estimate and Apportionment for this purpose, and a resolution authorizing the officers of the Commission to sign and transmit the same.

At the same meeting on June 27, 1907, the same being the last meeting held by the Rapid Transit Board, a resolution was passed (Minutes, page 5024) authorizing the officers of the Rapid Transit Board to execute an agreement modifying the contract for the construction and operation of a rapid transit railroad for additional tracks at Ninety-sixth street. This proposed contract was later duly executed by the President and Secretary of the Board of Rapid Transit Railroad Commissioners and was transmitted to the Corporation Counsel for his approval as to the form of the same. Such approval has now been given and the contracts returned to your office.

It becomes necessary now also to transmit this contract for the additional work at Ninety-sixth street to the Board of Estimate and Apportionment with a requisition pursuant to section 37 of the Rapid Transit Act, for a further issue of Bonds to the amount of \$850,000, the estimated cost of executing the same.

I accordingly send you herewith a draft of a communication to be addressed to the Board of Estimate and Apportionment, transmitting the said proposed supplemental contract and making the requisition aforesaid, together with a draft of the resolution authorizing the Chairman and Secretary to execute and to transmit the same.

Very truly yours,
(Signed) ABEL E. BLACKMAR,
Counsel to the Commission.

The Secretary then presented the following resolution, which was moved and duly seconded:

Resolved, That the Chairman and the Secretary be and they are hereby authorized to execute and transmit a communication, herewith presented, to the Board of Estimate and Apportionment, requesting their approval to the change of routes and general plan already authorized by the Board of Rapid Transit Commissioners by

resolution adopted June 27, 1907, for additional tracks near Ninety-sixth street on Broadway, in the Borough of Manhattan, City of New York.

Ayes—Commissioners McCarroll, Maltbie, Eustis.

Nays—None.

Carried.

The communication referred to in the above resolution and read before its adoption was as follows:

August 1258, 1907.

To the Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The Board of Rapid Transit Railroad Commissioners for The City of New York heretofore and on or about the 4th day of February, 1897, adopted certain routes and general plan for a rapid transit railroad in The City of New York, and submitted the same to the Common Council of The City of New York, as then constituted, together with a report with respect to a then proposed rapid transit railway in the said City.

The said routes and general plan were afterwards duly approved by the municipal authorities and by the Appellate Division of the Supreme Court for the First Judicial Department, and on the 21st day of February, 1900, a contract for the construction and operation of said rapid transit railroad was duly made with John B. McDonald. On or about the 10th day of July, 1902, the said John B. McDonald assigned the operating part of the said contract to the Interborough Rapid Transit Company, which company guaranteed the performance by the said John B. McDonald as such contractor of other provisions of the said contract.

The said Interborough Rapid Transit Company desires, and the said Board of Rapid Transit Railroad Commissioners having duly made inquiries and investigation proper in the premises, approved, on June 27, 1907, prior to its going out of office as hereinafter set forth, an addition to the routes and general plan for the said railroad with respect to additional tracks near Ninety-sixth street, and determined and established the said addition by resolutions adopted on the 27th day of June, 1907, by the concurrent vote of seven of its members. The said resolutions and the addition to the routes and general plan therein mentioned are now submitted to your Honorable Body for approval.

The proposed addition consists briefly of the following:

An additional track extending along the easterly side of Broadway, from a point near the centre line of Ninety-sixth street to a point about seventy-five feet north of the northerly line of One Hundred and Second street.

Also two additional tracks extending along the westerly side of Broadway, from a point near the centre line of Ninety-sixth street northerly to a point near the centre line of One Hundred and First street.

And also spurs or connections to unite the said three additional tracks or any one or more of them with any of the other tracks constructed upon this route.

The additional tracks, spurs and connections to be provided for, above briefly described, are to be built (except where the same curve to unite with or diverge from any of the four tracks constructed upon the route) between the walls of the railroad or subway and the easterly and westerly sides of Broadway, respectively.

The reasons for this proposed addition to the said route heretofore adopted, are, that it seems to be impracticable under the present route to increase the train service at or about Ninety-sixth street so as efficiently and safely to provide for the great increase of traffic crossing the junction and tracks at or about the Ninety-sixth street express and local station. As shown by the report of the Chief Engineer of the Board of Rapid Transit Railroad Commissioners, bearing date November 15, 1906, and transmitted to the said Board, it appears that the conditions of train movement under the present schedule of trains running into Ninety-sixth street station are as follows:

"On both the Broadway and Lenox avenue branches, southbound trains during what are termed the 'rush hours' are run on a two-minute schedule, trains being alternately local and local express trains, the latter being trains that continue as express trains only south of Ninety-sixth street. This provides for the arrival of a train at Ninety-sixth street every minute from the north. Half of these trains, the Broadway express and the Lenox locals, have to cross over in order to reach their proper running tracks to and south of Ninety-sixth street. This results in a congestion of trains waiting to enter the station, sometimes as far north as One Hundred and Sixteenth street, on Broadway. As a result of these conditions, it is impracticable to increase the train service at Ninety-sixth street; in fact, an efficient service cannot now be obtained from the present running interval."

The proposed addition to the route and the additional tracks hereby provided for have been the result of a careful investigation of the conditions both by the Board of Rapid Transit Railroad Commissioners and by the Interborough Rapid Transit Company, and a consultation between the Engineers employed by the Board and by the said company, and the effect of the said addition and the tracks proposed thereunder will be a great increase in the facilities and in the safety and convenience of operating the trains. The character of the improvement tersely stated is the elimination of all grade crossings, and the effect will be a great increase in the train service.

The Board of Rapid Transit Railroad Commissioners, after adopting the resolution herewith transmitted on the 27th day of June, 1907, went out of office, being abolished by chapter 429 of the Laws of 1907, and the said act further provides that the Public Service Commission for the First District, as created by the said act, should have and exercise all powers heretofore conferred upon the Board of Rapid Transit Railroad Commissioners under chapter 4 of the Laws of 1891, and acts amendatory thereto, and that all the powers and duties of the Board of Rapid Transit Railroad Commissioners conferred and imposed by any statute of this State, should be exercised and performed by the Public Service Commission for the First District.

In pursuance of such authority, the Public Service Commission for the First District transmits to you herewith the annexed certified copies of the said resolution and addition to the routes and general plan adopted as aforesaid on the 27th day of June, 1907, and the drawing therein referred to, and the same are now submitted to your Honorable Body for approval, and such approval and consent thereto is hereby requested.

In witness whereof, the Public Service Commission for the First District has caused its seal to be hereto affixed and these presents to be signed by its Chairman and Secretary, this day of August, nineteen hundred and seven.

[SEAL]

WILLIAM R. WILLCOX, Chairman.
TRAVIS H. WHITNEY, Secretary.

The following resolution was then read, moved and duly seconded:

Resolved, That the Chairman and the Secretary be and they are hereby authorized to submit to the Board of Estimate and Apportionment the proposed supplemental contract with John B. McDonald and Interborough Rapid Transit Company, approved June 27, 1907, by the Board of Rapid Transit Railroad Commissioners, and also to make requisition upon the said Board of Estimate and Apportionment pursuant to section 37 of the Rapid Transit act (as amended by chapter 607 of the Laws of 1906) for a further issue of bonds to the amount of eight hundred and fifty thousand dollars (\$850,000), said sum being the amount heretofore reported by the Chief Engineer of the late Board as sufficient to meet the requirements of such contract, in addition to all obligations heretofore incurred and to be satisfied on bonds issued under the authority of the said section; be it further

Resolved, That the Chairman and the Secretary be and they are hereby authorized to execute and transmit for the purpose aforesaid the communication to the Board of Estimate and Apportionment herewith presented.

Ayes—Commissioners McCarroll, Maltbie, Eustis.

Nays—None.

Carried.

The communication referred to in the foregoing resolution and read before its adoption was as follows:

August 1907.

Board of Estimate and Apportionment of The City of New York:

GENTLEMEN—The Public Service Commission for the First District hereby makes requisition on your Honorable Body, pursuant to section 37 of the Rapid Transit act for an issue of bonds by the said City to the amount of \$850,000, for the purpose of providing necessary means for the construction at the public expense of a certain ex-

tension of the Rapid Transit Railway in the Borough of Manhattan, from a point at or near the intersection of Broadway with West Ninety-sixth street, and running thence northerly along and under Broadway to a point on Broadway between One Hundred and First street and One Hundred and Second street.

The said Public Service Commission for the First District also submits herewith a proposed supplemental contract to be entered into with John B. McDonald and the Interborough Rapid Transit Company for the construction of the said extension, and requests your Honorable Body to consent thereto and to prescribe a limit to the amount of bonds available for the purpose of such construction, which shall be sufficient to meet the requirements of such contract.

The Rapid Transit Board on January 14, 1897, and February 4, 1897, adopted certain routes and general plan for a rapid transit railroad in The City of New York.

The said routes and general plan were afterward duly approved by the Municipal authorities, and were duly consented to by Commissioners appointed by the Appellate Division of the Supreme Court, which consent was duly confirmed by the said Appellate Division in lieu of the consent of the owners of a majority in value of the property along the said route.

On or about February 21, 1900, The City of New York did, by the Rapid Transit Board, enter into a certain contract with John B. McDonald for the construction and operation of said rapid transit railroad.

On or about July 10, 1902, the said John B. McDonald, with the written consent of the Rapid Transit Board, concurred in by six members thereof, duly assigned the right or obligation to maintain and operate the said rapid transit railroad for the term of years specified in the said contract, and all rights included in the leasing provisions of the said contract, together with the obligation to provide equipment for the said railroad, unto the Interborough Rapid Transit Company, which company also guaranteed the performance by the said John B. McDonald as such contractor of other provisions of his said contract.

The Board of Rapid Transit Railroad Commissioners adopted a resolution on the 27th day of June, 1907, for modifying the routes and general plan theretofore adopted as aforesaid, so as to provide for additional tracks near Ninety-sixth street, and a certified copy of the said resolution for modifying the said routes and addition to the same was transmitted to the Board of Estimate and Apportionment of The City of New York, with a request for its consent and approval of the same on the day of August, 1907, by the Public Service Commission for the First District, acting as the successor and in place of the Board of Rapid Transit Railroad Commissioners, under authority of chapter 429 of the Laws of 1907.

The work now proposed is extra work, under the contract of February 21, 1900, in pursuance of said routes and plan as so modified, and as such is provided for in that instrument. The said contract expressly provides that the Rapid Transit Board, or its successor, shall have the right for any section of the railroad to require additional work to be done or additional materials to be furnished, or both. If such additional work or materials shall be required, then the reasonable value thereof shall be additionally paid to the contractor.

The contract further provides that the reasonable value of any additional work or material required by the Board shall be determined in the first instance by the Chief Engineer, subject to an appeal by either the contractor or the City to a Board of Arbitration. The composition and mode of procedure of such Board of Arbitration are fully provided for in the said contract. All payments made for additional work are to be included in the cost of the construction, and the rent payable upon the contract is a percentage upon the total cost.

In this supplemental contract it is proposed to make to the said routes additions, briefly described, as follows:

An additional track extending along the easterly side of Broadway, from a point near the centre line of Ninety-sixth street to a point about seventy-five feet north of the northerly line of One Hundred and Second street.

Also two additional tracks extending along the westerly side of Broadway, from a point near the centre line of Ninety-sixth street northerly to a point near the centre line of One Hundred and First street.

And also spurs and connections to unite the said three additional tracks or any one or more of them with any of the other tracks constructed upon the route.

The additional tracks, spurs and connections to be provided for, above briefly described, are to be built (except where the same curve to unite with or diverge from any of the four tracks constructed upon the route) between the walls of the railroad or subway and the easterly and westerly sides of Broadway, respectively.

The estimated cost of the extension is \$850,000, as made by the Chief Engineer of the Board of Rapid Transit Railroad Commissioners. It will thus be seen that the proposed extension will involve an additional cost to the City of \$850,000. Under the terms of the proposed supplemental contract, the amount of the additional payment to the contractor is to be determined in the manner provided for in the said contract of February 21, 1900, that is to say, by the Chief Engineer of the Rapid Transit Board or its successors, subject to an appeal to arbitrators.

The proposed agreement has been approved as to form by the Corporation Counsel of The City of New York.

The Rapid Transit act as originally passed provided that bonds to be issued for construction should not bear a higher rate of interest than 3½ per cent. This act was amended at the last session of the Legislature, so as to provide for the issue of bonds for construction purposes at a rate of interest to be fixed by the Commissioners of the Sinking Fund.

The proposed supplemental contract now transmitted expressly provides that the additional cost to the City for the proposed extension shall be included in the total cost of the construction of the railroad in determining the amount of rental to be paid, and that in computing such rental the interest actually paid by the City on bonds heretofore issued or that may hereafter be issued for construction, shall be the basis of computation, notwithstanding the rate of interest so paid may exceed 3½ per cent.

The Board of Rapid Transit Railroad Commissioners was abolished by chapter 429 of the Laws of 1907, which further provided that the Public Service Commission for the First District, as created by the said act, shall have and exercise all powers heretofore conferred upon the Board of Rapid Transit Railroad Commissioners, under chapter 4 of the Laws of 1891, entitled "An act to provide for rapid transit railways in cities of over one million inhabitants," and acts amendatory thereto, and it is herein further provided that all of the powers and duties of the Board of Rapid Transit Railroad Commissioners conferred and imposed by any statute of this State, are directed to be exercised and performed by the Public Service Commission of the First District.

By that act, it is provided that wherever the term "Board of Rapid Transit Commissioners" occurs in any law, contract or document, or whenever in any law, contract or document reference is made to such Board, such term or reference shall be deemed to refer to and include the Public Service Commission as established by the said chapter 429 of the Laws of 1907, so far as such law, contract or document pertains to matters which are within the jurisdiction of the said Public Service Commission.

In pursuance, therefore, of the said act, and of the authority thereby conferred and directed to be exercised, the Public Service Commission for the First District herewith submits the said proposed supplemental contract for the said tracks at Ninety-sixth street, to be entered into with John B. McDonald and the Interborough Rapid Transit Company, and requests your Honorable Body to consent thereto, and to prescribe the limit to the amount of bonds available for the purpose of such construction, which shall be sufficient to meet the requirements of such contract.

In witness whereof, the Public Service Commission for the First District has caused its seal to be hereto annexed and these presents to be witnessed by the Chairman and Secretary this day of August, nineteen hundred and seven.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

[SEAL.]

By WILLIAM R. WILLCOX, Chairman.
TRAVIS H. WHITNEY, Secretary,

Commissioner Eustis presented a report from the Chief Engineer on the matter of the pipe galleries in contract 9-0-3, section of the Brooklyn loop lines, and, on motion, duly seconded, it was referred to the Committee of the Whole.

The Commission then went into the Committee of the Whole.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
MONDAY, AUGUST 19, 1907.

AT 320 BROADWAY,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox; Commissioners Edward M. Bassett, Milo R. Maltbie, John E. Eustis, Secretary Travis H. Whitney. There was also present, George S. Rice, Chief Engineer.

The Secretary stated that the Counsel had transmitted certain additional rules of procedure for adoption by the Commission. The Secretary then presented proposed Rule No. 22, as follows:

2198

RULE XXII.

GOVERNING APPLICATIONS FOR THE PERMISSION AND APPROVAL OF THE COMMISSION FOR THE CONSTRUCTION OF A RAILROAD OR OF A STREET RAILROAD OR AN EXTENSION OF A RAILROAD OR OF A STREET SURFACE RAILROAD NOT WHOLLY WITHIN THE LIMITS OF ANY CITY OR VILLAGE, OR FOR THE EXERCISE OF A FRANCHISE OR RIGHT NOT THERETOFORE LAWFULLY EXERCISED.

First—The application for such permission and approval shall be by petition verified by the president or other officer of the corporation, containing the matter hereinbelow required and asking that the Commission determine that such construction or the exercise of such franchise is necessary or convenient for the public service and give its permission and consent thereto.

Second—With the petition shall be filed all documents required by the provisions of Rule XXI to be filed in proceedings under such rule, and any other documents or certified copies of records evidencing the franchise or right in question and its nature and extent, or extending, modifying or changing any of the purposes or powers of the applicant corporation.

Third—The petition shall

- Show whether in a proper case the consent of the abutting property owners has been obtained and recorded, and if recorded, the time and place thereof.
- Show whether the company has prior to June 6, 1907, received any certificate of public convenience and a necessity for any purpose, and if so a certified copy of the same should be annexed.
- If the application is for permission to exercise a franchise or right not theretofore lawfully exercised, the reason why said franchise or right has not been theretofore exercised.
- Any other matter pertinent to the application.

Fourth—If any of the documents herein required have been already filed with the Commission, duplicates need not be filed, but the petition shall show that they have already been filed, and the date of filing. All copies of documents filed shall be printed or typewritten and so far as practicable shall be upon paper eight by eleven inches in size and bound on the left edge.

Fifth—Upon filing such petition the Commission shall fix a time and place for a hearing thereon, giving the applicant ten days' notice thereof, either personally or by mail, and the applicant shall publish at least three days prior to such hearing a notice of such application and hearing, setting forth specifically the route of the railroad or street railroad or the extension thereof which it is proposed to construct, or the nature of the franchise or right which it is proposed to exercise, or such other matter as the Commission may require, in such newspapers and at such times as the Commission may direct. The Commission may at the request of the applicant or of its own motion prescribe a shorter notice for such hearing and modify the directions for publication accordingly. The Commission may at the hearing or any adjourned session require the applicant to file any other documents or records and to produce any evidence or proof which the Commission may deem pertinent to the application.

Sixth—At the hearing proof must be made by the applicant to the satisfaction of the Commission of full compliance with all provisions of law, respecting its organization and its right to construct the railroad, street railroad or extension, and its right to exercise such franchise or right, and that the construction and operation of the railroads or street railroad or extension or the exercise of the franchise or right, is necessary or convenient for the public service. If the application is for the extension of a street surface railroad beyond the limits of any city or incorporated village, the applicant must show whether it will be practically parallel with a street surface railroad already constructed and in operation. In all cases, proof must be made of the bona fides of the enterprise and of the financial ability of the applicant to construct the railroad, street railroad or extension or to operate or use the franchise or right in such way as to benefit the public service.

It was moved and duly seconded that Rule No. 22 be adopted.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary then presented proposed Rule No. 23, as follows:

RULE XXIII.

GOVERNING APPLICATIONS UNDER SECTION 54 OF THE PUBLIC SERVICE COMMISSIONS LAW.

First—The applications shall be by petition verified by the president or other officer of the corporation, containing the matter hereinbefore required and asking that the Commission give the approval, permission or consent which the applicant desires.

Second—With the petition shall be filed the following papers:

- A copy certified by the Secretary of State and County Clerk, or other officer with whom the same are by law required to be filed, of the Articles of Association of the corporations which are parties to the proposed assignment, transfer, lease, contract or agreement, or which propose to be parties to the purchase, sale, acquisition or taking or holding the capital stock.
- Duly certified copies of all certificates, statements or other documents which modify, extend or change the purpose or powers of such corporations, or any of them.
- A form of the proposed instrument of assignment, transfer, lease, contract or agreement which shall contain a detailed description of the franchise or rights referred to or affected by such proposed assignment, transfer, lease, contract or agreement.
- If the application is made for authority to hold stock as collateral, a certified copy of the certificate of organization of the proposed pledges.

Third—The petition shall contain a full and complete statement of the reasons for such assignment, transfer, lease, contract and agreement and the purposes thereof. If the petition asks for the authorization of the Commission of the purchase or acquisition, or taking or holding by a railroad corporation or street railroad corporation of any part of the capital stock of a like corporation or common carrier, or for a stock corporation to take or hold more than ten per centum of the capital stock of a railroad or street railroad corporation or a common carrier as collateral security, the petition shall contain a full statement of the proposed transaction and the reasons therefor. The petition shall contain any other statement or information which may be pertinent to the application.

Fourth—If any of the documents hereinabove required have been already filed with the Commission, duplicates need not be filed, but the petition shall show that they have already been filed and the date of filing. The Commission may, in its discretion, dispense with filing any of the foregoing papers. All papers filed should be printed or typewritten on paper eight by eleven inches in size, and bound on the left edge.

Fifth—On filing the said petition, the Commission may grant the application ex parte and give its consent, permission, authorization or approval as the case may be, or it may fix a time and place for hearing the application, and the applicant shall give such notice thereof either by publication thereof or service upon specified persons, or both, as the Commission may direct.

Sixth—At the hearing proof must be made that such assignment, transfer, lease, contract or agreement or the purchase or acquisition of stock, as the case may be, is for the benefit of the public service.

It was moved and duly seconded that Rule No. 23 be adopted.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

2093

The Secretary presented proposed Rule No. 24 for adoption by the Commission:

RULE XXIV.

GOVERNING APPLICATIONS UNDER SECTION 55 OF THE PUBLIC SERVICE COMMISSIONS LAW, FOR THE APPROVAL OF THE ISSUE OF STOCK, BONDS, NOTES AND OTHER EVIDENCE OF INDEBTEDNESS.

First—All applications shall be by petition verified by the president or other officer of the corporation, containing the matter hereinbelow required and asking for an order authorizing the issue desired.

Second—With the petition shall be filed

- (a) A copy of the Certificate of organization of the petitioning corporation, certified by the Secretary of State and the County Clerk.
- (b) Duly certified copies of all certificates, statements or records which modify, change or extend the purposes or powers of such corporation, showing when and where such documents were filed or entered.
- (c) Duly certified copies of any certificate, record or order required by law to be made or filed in order to authorize the corporation to exercise any of its franchises or rights.
- (d) If the application is in regard to an increase or reduction of capital stock, a certificate of the proceedings at the meeting of the stockholders, or the unanimous consent thereof.
- (e) If the application is in regard to a mortgage, proof of the consent of the stockholders under the statute.

Third—The petition shall contain

- (a) A sworn statement in detail of the financial condition of the company, giving the amount and kinds of the capital stock outstanding and the rate and amount of dividends declared thereon during the past five years, the outstanding indebtedness, whether and how secured, and if secured by mortgage or pledge, a copy of the instrument shall be annexed to the petition, a description of the road, and in general terms of its equipment, and a statement of the cost of its existing property. It shall contain a statement of the amount of any of its stock held by other corporations and their names and the amount held by each.
- (b) A statement of the amount and kind of stock which the corporation desires to issue, and, if preferred, the rate of dividends secured to be paid by it, and whether cumulative, a statement of the amount of bonds, notes and other evidence of indebtedness which the corporation desires to issue, the terms, the rate of interest and whether and how to be secured, and if to be secured by a mortgage or pledge, the terms thereof.
- (c) A statement of the use to which the capital to be secured by the issue of such stock, bonds, notes or other evidence of indebtedness is to be put with a definite statement of how much is to be used for the acquisition of property, how much for the construction, completion, extension or improvement of facilities, how much for the improvement of its service, how much for the maintenance of its service, and how much for the discharge or refunding of its obligations.
- (d) A statement in detail of the property which is to be acquired, with its value, a detailed description of the construction, completion, extension or improvement of facilities set forth in such a manner that an estimate may be made of its cost, a statement of the character of the improvement of its service proposed, and of the reasons why the service should be maintained from its capital; if it is proposed to discharge or refund its obligations, a statement of the nature and description of such obligations, including their par value and the amount for which they were actually sold and the application of the proceeds.
- (e) A statement showing whether any contracts have been made for the acquisition of such property, or for such construction, completion, extension or improvement of facilities, or for the disposition of any of the stock, bonds, notes or evidence of indebtedness which it is proposed to issue or the avails thereof, and if any such contracts have been made, copies thereof should be annexed to the petition.
- (f) A statement showing whether any of the outstanding stock or bonds or other obligations of the company have been issued or used in capitalizing any franchise or any right to own, operate or enjoy any franchise or any contract for consolidation or lease, and, if so, the amount thereof and the franchise, right, contract or lease so capitalized.
- (g) If the stock is to be issued by a corporation formed by the merger or consolidation of two or more other corporations, the petition shall contain a complete statement of the financial condition of the corporations so consolidated, of the kind required by subdivision (a) hereinabove set forth, and of their capital stock at the par value thereof.
- (h) The petition shall contain a statement of any other facts pertinent to the application.

Fourth—If any of the documents have been filed with the Commission, duplicates need not be filed, but the time of filing shall be given. All papers should be printed or typewritten, and so far as practicable be on paper eight by eleven inches in size and bound on the left edge.

Fifth—On receipt of the petition, the Commission shall fix a time and place for a hearing thereon, and shall give to the applicant not less than ten days' notice thereof, either personally or by mail; the applicant shall publish a notice of the application and the time and place of the hearing, in such newspapers and at such times as the Commission shall direct. The Commission may prescribe the terms and contents of such publication. The Commission may, at the request of the applicant or on its own motion, prescribe a shorter notice for such hearing and modify its directions for publication accordingly.

Sixth—At the hearing the applicant shall produce such witnesses and furnish such books, papers, documents and contracts as the Commission shall at any time before final decision on the application require, and must establish to the satisfaction of the Commission that the proposed issue of stocks, bonds, notes or other evidence of indebtedness is for the benefit of the public service.

It was moved, and duly seconded, that proposed Rule No. 24 be adopted.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary presented a communication from L. H. Pink on the matter of the electrification of downtown horse cars, transmitting a copy of a petition from East Side citizens to the Board of Estimate, requesting the investigation of the validity of franchises of those lines; also transmitting certain data with regard to these franchise rights. It was pointed out that this subject was already under investigation and, on motion, duly seconded, the communication was referred to Chairman Willcox.

Public Service Commission for the First District, TRAVIS H. WHITNEY, Esq., Secretary:

DEAR SIR—I am in receipt of your letter of August 12 inquiring as to the provision of section 23 of the Public Service Commissions Law, respecting notice of corporations to the Commission of the receipt of certified copies of orders, and referring to a letter of William Greenough, said to be an attorney for the New York, New Haven and Hartford Railroad.

I think that in the case of such a corporation, the notification to the Public Service Commission of the receipt of its order given by the corporation to which it is addressed must be signed by a person or officer duly authorized, and should be acknowledged by him in the form prescribed by law for the acknowledgment of deeds by corporations to be used in this State. I think, however, that the provision for acknowledgment is merely directory, and that a communication admitting the receipt of an order, if signed by the President, Secretary or General Manager of the corporation, may be accepted by you without acknowledgment, if you wish to do so, but I do not think an attorney can be presumed to have any authority to admit receipt of such orders except, perhaps, after proceedings before the Commission have been instituted, in which he has entered formal appearance, and that in his case a formal acknowledgment of the notification should be required.

It will not be proper for you to state to Mr. Greenough that such notification may be sent to the Public Service Commission by mail. It is the duty of the railroad company to give the notification to the Commission required by the section of the law, and it is not material how the notice is transmitted, provided it is received, but you may not authorize any corporation to commit its required notification to the risk of the mails.

Very truly yours,
(Signed) ABEL E. BLACKMAR,
Counsel to the Commission.

The Secretary presented a communication from Mr. Blackmar as to questions raised by Henry S. Livingston, in a letter to the Commission, as to the right of the New York Central Railroad to charge more than five cents within the city limits.

On motion, it was ordered that the communication and letter be filed.

1381

The Secretary presented the following communication from the Long Island Railroad Company, which, on motion, duly seconded, was referred to the Committee of the Whole:

1157

LONG ISLAND RAILROAD COMPANY,
Law Department, No. 128 Broadway,
NEW YORK, August 14, 1907.

Hon. TRAVIS H. WHITNEY, Secretary, Public Service Commission, First District,
No. 320 Broadway, New York City:

DEAR SIR—Referring to your letter of August 3d, transmitting copy of resolution of the Public Service Commission, dated August 2, 1907, and to your conference yesterday with our secretary, Mr. Frank E. Haff, and myself, as to just what would be required of us in compliance with the resolution referred to, I beg to inquire whether in view of the fact that the Long Island Railroad Company is a steam surface railroad, incorporated in 1834, under a special act of the Legislature of that year, and operating throughout the territory over which your Commission has jurisdiction, upon a private right of way, and not along or upon public streets and highways, it will not be entirely satisfactory to you, if we omit from among the other documents to be supplied to the Commission in compliance with its resolution, deeds and other documents in the chain of our title. I make this suggestion in view of your statement to us that the primary object of your Board in asking public service corporations for the data and information called for by the resolution, is to procure accurate and complete information as to franchises owned and operated by the various railroad companies.

As explained to you yesterday, it will be not only a difficult but an extremely burdensome and expensive task for us to supply certified copies of deeds for our right of way and property, and in view of the purpose of your inquiry, may I be permitted to respectfully suggest that it would not enlighten or aid the Commission for us to do so?

Will you be kind enough to take the matter up with the members of your Board and let me know whether the filing by the Long Island Railroad Company with your Board, of such data and documents asked for, as are applicable to our company, exclusive of the deeds of its property, will not be entirely satisfactory?

Awaiting your reply, and thanking you for the courtesy extended to us yesterday, I beg to remain,

Yours truly,
(Signed) JOSEPH F. KEANY, Attorney.

The Secretary presented a resolution drafted by the Counsel to the Commission as to subcontractors of the Cranford Company, as follows:

"Whereas, The Cranford Company, contractor for Section 9-0-3 Brooklyn loop lines, has advised this Commission that it is about to enter into a contract with the American Bridge Company, No. 42 Broadway, New York, to furnish and deliver riveted structural steel work and also fabricated beams, and with the Carnegie Steel Company, Pittsburgh, Pa., to furnish steel sheet piling, and also with the United Building Material Company, No. 320 Broadway, New York, for cement known as 'Giant Portland Cement,' subject to the test and acceptance of the representative of this Commission:

"Resolved, That the Public Service Commission for the First District approves of the American Bridge Company, the Carnegie Steel Company and the United Building Material Company as such proposed subcontractors."

It was moved and duly seconded that the resolution be adopted.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary presented a memorandum calling attention to the provision contained in section 66, paragraph 6 of chapter 429 of the Laws of 1907, in relation to the filing by gas and electric corporations of a statement showing in detail how each franchise stated to be owned by the person or corporation was acquired.

2200

It was moved and duly seconded, that the communication and the form of reports from gas and electric companies be referred to a Committee of One, to be taken up with the Counsel.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Commissioner Maltbie was appointed as such Committee.

The Secretary presented a report from Mr. Norton, as to lack of adequate ticket sellers in the Grand Central station of subway on the night of August 18, 1907.

On motion, it was ordered on file.

The Secretary presented a report from Mr. Norton, of short circuit and fire in subway car at Fourteenth street station, August 19, 1907, at 7:48 a. m.

On motion, duly seconded, it was referred to Chairman Willcox's Committee.

The Secretary presented the following reports from the Chief Engineer, giving observations of subway traffic on Sunday, August 4, 1907, accompanied by blue prints of tables, etc. On motion, duly seconded, the matter was referred to Chairman Willcox, to be taken up in connection with an inquiry already in progress on the same subject:

1458
NEW YORK, August 16, 1907.

Hon. Wm. R. Willcox, Chairman, Public Service Commission for the First District:
DEAR SIR—Herewith are two copies of a report on Subway traffic observation taken Sunday, August 4, 1907, together with blue prints of charts, tables, etc.

The report indicates generally that the express service on Sundays is adequate for the larger part of the day, but is not sufficient during the rush hours, and especially during the evening.

The local service is sufficient at all hours during the day. The conditions can be improved by an increase in the car make-up of the trains, and in the number of trains per hour during the crowded period.

Respectfully,
(Signed) GEORGE S. RICE, Chief Engineer.

NEW YORK, August 16, 1907.

Mr. Geo. S. Rice, Chief Engineer:

DEAR SIR—Herewith are three copies of a report of Assistant Engineer James P. Locke, relative to subway traffic observations taken Sunday, August 4, 1907, and three (3) sets of blue prints of the charts and tables referred to therein, except the tabulation of the time observations showing the length of stops at each station, etc. These tabulations are now being prepared and will be transmitted as soon as completed.

The observations show the service is inadequate during the following periods:

1. Lenox Avenue Expresses—On downtown trains leaving Ninety-sixth street, between 10 and 11 a. m. On downtown trains leaving Grand Central station between 9 and 11 p. m. On uptown trains leaving Brooklyn Bridge, Grand Central station and Ninety-sixth street stations, between 9 and 12 p. m.

2. Broadway Expresses—On downtown trains leaving Ninety-sixth street, between 7 and 9 p. m. On downtown trains leaving Grand Central station between 3 and 4 p. m., and between 8 and 11 p. m. On uptown trains leaving Brooklyn Bridge station, between 10 and 12 p. m., and on uptown trains leaving Ninety-sixth street station between 2 and 3 p. m.

3. All Local Trains—The service on all local trains is fully adequate.

The crowded conditions prevalent during the above mentioned periods of inadequate service could easily be eliminated if the six-car ten-train per hour schedule were maintained until twelve o'clock Sunday night.

Respectfully,
(Signed) D. L. TURNER, General Inspector of Stations.

NEW YORK, August 15, 1907.

Mr. D. L. Turner, General Inspector of Stations:

DEAR SIR—I have to submit the following report on subway traffic observations taken on Sunday, August 4, 1907:

Observations were made at each of the following stations:

Brooklyn Bridge, Grand Central and Ninety-sixth Street Stations, from 10 p. m., Saturday, August 3, to 2 a. m., Monday, August 5. At each station observations were made of the downtown local and express and uptown local and express trains.

The destination, number of first car, time of arrival and departure of each train, and the load condition of each car in every train were recorded.

The time observations have been tabulated in such form as to show the length of stop at each of the three stations, and the running time of each train between stations. The load condition observations have been plotted so as to show graphically for each hour the average loading of each car of an average train, and the average train loading for each hour. There are also four sheets showing in tabular form the increase and decrease in number of scheduled and observed trains from March, 1906, when previous observations were taken:

Chart No. 1.

This shows the average train loading of each line for every hour in the day (Sunday):

Lenox Avenue Expresses—Downtown trains leaving Ninety-sixth street show full and one-third more passengers standing than sitting between 10 and 11 a. m. Trains leaving Grand Central Station between 9 and 11 p. m. show all seats occupied and from one-third to two-thirds more people standing.

Uptown trains leaving Brooklyn Bridge, Grand Central and Ninety-sixth street show all seats occupied and one-third as many people standing as were sitting from 9 to 12 p. m.

Broadway Expresses—Downtown trains leaving Ninety-sixth street had all seats occupied and one-third as many people standing as sitting between 7 and 9 p. m. Leaving Grand Central Station all seats were occupied and one-third as many people standing as sitting between 3 and 4 p. m., and from 8 to 11 p. m. one-third to two-thirds as many people standing as sitting.

Uptown trains leaving Brooklyn Bridge between 10 and 12 p. m. had all seats occupied and one-third as many people standing as sitting; also trains leaving Ninety-sixth street between 2 and 3 p. m. were full and had one-third as many people standing as sitting.

Charts Nos. 2 and 3.

Car loading of Broadway and Lenox avenue expresses:

These charts show in more detail the average load conditions of each car in an average train for the different hours of the day.

Chart No. 2, Broadway Expresses.

Southbound—Between 10 and 11 a. m. an average train leaving Ninety-sixth street shows one-third as many people standing as sitting in the third car. This standing was unnecessary, as the last car averaged only two-thirds full, and passengers could have found seats by going back. Between 7 and 9 p. m. the cars were all filled and from one-third to two-thirds as many people were standing as sitting in the majority of cars. Between 7 and 8 p. m. the number of trains was reduced from ten to nine, and between 8 and 9 o'clock p. m. still further reduced to seven trains. Between 8 and 9 p. m. trains were reduced from six to five. During these same hours (7 to 9 p. m.) and 9 to 10 p. m., the cars were more crowded leaving Grand Central than at Ninety-sixth street; also between 2 and 4 in the afternoon passengers were obliged to stand on trains southbound from Grand Central Station.

Northbound—Between 10 and 12 p. m. passengers had to stand from Brooklyn Bridge to Grand Central. Leaving Grand Central and Ninety-sixth street, cars were full but not crowded. At Ninety-sixth street between 2 and 4 p. m. cars had passengers standing.

Chart No. 3, Lenox Avenue Expresses.

Southbound—Passengers standing in trains leaving Ninety-sixth street between 9 and 11 a. m. and 10 and 11 p. m., five-car trains. Leaving Grand Central Station, passengers standing in trains from 8 to 12 p. m. Between 9 and 10 p. m. the number of trains was reduced and the number of cars reduced from six to five in each train.

Northbound—Passengers standing in trains leaving Brooklyn Bridge, Grand Central and Ninety-sixth street from 9 to 12 p. m. Number of trains reduced from ten to eight between 9 and 10 p. m., and to seven between 10 and 11 p. m., and increased to eight again between 11 and 12 p. m. Six-car trains reduced to five cars between 10 and 11 p. m.

Charts Nos. 4, 5, 6 and 7—Local Service, Broadway and Lenox Avenue.

These charts show the local cars seldom were more than two-thirds full and the trains averaged below two-thirds of their seating capacity during the entire day.

On all of the charts submitted the figures in the upper right hand corner of each square show actual number of trains observed in the different hours. The figures in upper left hand corner of Ninety-sixth Street Station squares show scheduled number of trains at Ninety-sixth street (obtained from the Interborough Company).

The express service, while adequate for the larger part of the day, was not sufficient in the rush hours, and especially during Sunday evening.

If the six-car, ten-train per hour schedule were maintained until 12 o'clock Sunday night, most, if not all, of the standing would be avoided.

Comparing this year's results with those obtained in March, 1906, it is seen that while the local schedule has been reduced, the service is still fully adequate. The express schedule has been materially increased, but is not yet sufficient.

Respectfully,
(Signed) JAMES P. LOCKE, Assistant Engineer.

On motion, the session resolved itself into the Committee of the Whole.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
TUESDAY, AUGUST 20, 1907,
AT 320 BROADWAY,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners William McCarroll, John E. Eustis, Secretary Travis H. Whitney. There was also present, George S. Rice, Chief Engineer.

The Secretary presented the following communications in connection with proposed changes of grade in the subway:

2092
"August 19, 1907.

The Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—I submit herewith drawing No. 4, Section 9-0-2 of the Brooklyn loop lines, showing proposed slight changes in grade on Centre street, between Worth and Walker streets, with copy of correspondence in reference thereto.

This suggested change in grade is principally due, as you will see by reference to the profile and cross-section at White street, to the depression of the east side of Centre street at White street where there is a very bad grade condition. By reference to the correspondence referred to, you will note that this matter has been submitted to the Chief Engineer of the Department of Highways, and also to the Degnon Contracting Company who are concerned in doing the work.

The entire street surface on Centre street will be disturbed at these points independent of this change of grade, and the Degnon Contracting Company have expressed their willingness to restore the street surface on the new lines without any extra claim, for the reason that, while it will necessitate some slight changes in the cross streets adjacent to Centre street, it will give the contractors more headroom to handle pipes, surface railroad tracks, etc.

Chief Engineer Tillson of the Highway Department, who approves of this change, suggests that these plans be first submitted to the Board of Estimate and Apportionment for their approval, and I consider this advisable.

I will, therefore, recommend that these changes in the grade be made as indicated.

Respectfully yours,
(Signed) GEO. S. RICE, Chief Engineer.

THE DEGNON CONTRACTING COMPANY, }
No. 60 WALL STREET, } 2092
NEW YORK, August 2, 1907.

GEORGE H. CLARK, Esq., Division Engineer, No. 122 Liberty Street, City:

DEAR SIR—Replying to your letter of July 24, I return you herewith with my approval, one blue print of your drawing No. 4-9-0-2, showing proposed changes in grade of Centre street and cross streets. We beg to say that we are willing to accept the proposed changes of grades shown on the drawing, without making any claim for extra work, provided we are released from any liability for damage to property or other damage on account of said changes.

Yours very truly,
(Signed) H. C. SANFORD, Chief Engineer.

August 5, 1907.

DEGNON CONTRACTING COMPANY, Mr. H. C. SANFORD, Chief Engineer, No. 60 Wall Street, City:

DEAR SIR—I beg to acknowledge receipt of your letter of August 2, accompanied by a blue print of my drawing, 4-9-0-2, showing proposed changes of grade in Centre street and cross streets. It is my understanding that if this change in the grade is effected, you will comply with the terms of the contract between your Company and the City regarding the restoration of sidewalks, entrances and buildings, etc., to the same condition or to as nearly the same condition as local conditions will permit, as existed at the time of your signing the contract. As I understand your letter, the words "provided we are released from any liability for damage to property or other damage on account of said changes" is intended to cover any claims that the owners or tenants of property might have on account of inconvenience of access to their property due to raising of the grade, and in no way relates to details of restoring the existing conditions. Will you please advise me in writing whether my understanding of the matter agrees with yours.

Yours very truly,
(Signed) GEO. HALLETT CLARK,
Engineer, First Division.

THE DEGNON CONTRACTING COMPANY, }
No. 60 WALL STREET, }
NEW YORK, August 16, 1907.

GEORGE H. CLARK, Esq., Division Engineer, Public Service Commission, No. 120 Liberty Street, City:

DEAR SIR—Replying to your letter of August 5, in reference to proposed change in grade in Centre street and cross streets, as shown on your drawing 4-9-0-2, beg to say that your understanding of my letter of August 2 in reference to damage to property is correct and is intended to cover any claims that owners or tenants or others might make on account of permanent inconvenience of access to their properties or of altered conditions due to the change in grade.

Yours very truly,
(Signed) H. C. SANFORD, Chief Engineer.

NEW YORK, August 17, 1907.

Mr. GEORGE S. RICE, Chief Engineer:

DEAR SIR—I hand you herewith letter of the Degnon Contracting Company, H. C. Sanford, Chief Engineer, dated August 2, and copy of letter of the Degnon Contracting Company, H. C. Sanford, Chief Engineer, dated August 16, and copy of letter from me to Degnon Contracting Company dated August 5, relative to drawing 4-9-0-2, plan and profile and cross section, showing proposed change of grade, etc., also inclose blue print of said drawing, same bearing approval of H. C. Sanford of the Degnon Contracting Company; also inclose letter from G. W. Tillson, Chief Engineer, to the President of the Borough of Manhattan, relative to the proposed change of grade on Centre street as indicated on drawing. I also inclose tracing of said drawing for your approval. I have been over this matter in detail with Mr. Craven.

Yours respectfully,
(Signed) GEO. HALLETT CLARK,
Engineer, First Division.

PRESIDENT OF THE BOROUGH OF MANHATTAN,
OFFICES, COMMISSIONER OF PUBLIC WORKS,
BUREAU OF HIGHWAYS, CHIEF ENGINEER, NOS. 13 TO 21 PARK ROW,
NEW YORK, August 14, 1907.

Mr. GEORGE HALLETT CLARK, Engineer, First Division, Public Service Commission:

DEAR SIR—I have received the blue prints regarding the proposed change of the grade on Centre street and the cross streets proposed for the subway and would say that those submitted first and shown on blue print dated July 24, 1907, are advisable and will make an improvement on the street. The later changes I have not had an opportunity to attend yet. I think all such changes should go to the Board of Estimate and Apportionment unless the Public Service Commission has special rights to change grades.

Yours truly,
(Signed) GEO. W. TILLSON, Chief Engineer.

Commissioner Eustis—"How did this change come to be suggested, Mr. Rice?"
Mr. Rice—"It came in connection with the construction of the work" (explaining on blue print submitted).

Commissioner McCarroll—"Does that alter the contract, Mr. Rice?"
Mr. Rice—"No, sir."

Commissioner Eustis—"It is a change of grade, and I move it be sent to the Board of Estimate for their consideration."
 Ayes—Commissioners Willcox, McCarroll, Eustis.
 Nays—None.

 It was moved and duly seconded that a copy of the complaint be sent to the Kings County Lighting Company to make answer.
 Ayes—Commissioners Willcox, McCarroll, Eustis.
 Nays—None.
 Carried.

The Secretary presented a communication from J. B. Manter, complaining of the quality of gas supplied in the vicinity of Bushwick avenue and Decatur street, Brooklyn.

On motion, duly seconded, it was referred to the company for answer.

The Secretary presented a communication from Hermann G. Friedmann, dated August 13, 1907, making complaint on behalf of the South Bronx Property Owners' Association, against the use of soft coal by the New York, New Haven and Hartford Railroad Company, and asking the Commission to take steps toward putting a stop to this practice. On motion, duly seconded, it was referred to the Counsel.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT, WEDNESDAY, AUGUST 21, 1907, AT 320 BROADWAY, BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Commissioner Milo R. Maltbie, Acting Chairman; Commissioners Edward M. Bassett, John E. Eustis, Secretary Travis H. Whitney.

The Secretary presented the following communication from the Secretary of the State Civil Service Commission, which, on motion, was ordered filed:

1334
 ALBANY, N. Y., August 20, 1907.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, First District, New York:

DEAR SIR—I have to inform you that the following resolution was adopted by the State Civil Service Commission at a meeting held August 14, 1907:

Resolved, That all persons holding positions in the competitive class in the employ of the Board of Rapid Transit Railroad Commissioners on June 30, 1907, who were transferred from the Municipal Civil Service of The City of New York to the Civil Service of the State under the provisions of paragraph 2 of section 84 of chapter 429, Laws of 1907, and by resolution of the State Civil Service Commission adopted July 8, 1907, are hereby declared to be eligible for retransfer, up to July 1, 1908, to similar positions in the Municipal Civil Service of The City of New York in accordance with the rules which would apply if they had remained in the Municipal Civil Service.

The foregoing resolution was adopted at the request of Secretary Spencer of the Municipal Civil Service Commission for a ruling on the question of transfers from your Department to positions in the City service.

Yours very respectfully,
 (Signed) JOHN C. BIRDSEYE, Secretary.

The Secretary presented the following communication from Mr. Henry Gilsey, Jr., with reference to the Long Island Railroad Company:

NEW YORK, August 20, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission, First District, No. 320 Broadway, New York City:

1250
 DEAR SIR—The Board of Rapid Transit Railroad Commissioners for the City of New York did, on June 22, 1907, by certificate dated that day, grant to the Long Island Railroad Company a franchise for the construction and operation of two short cut-offs connecting points on its present system. This certificate and franchise were duly accepted by the Company, as required by the franchise, on June 25, 1907, and was duly approved and consented to by the Board of Estimate and Apportionment of the City on July 8, 1907. The resolution of approval and consent was duly approved by the Mayor on July 15, 1907.

Paragraph IX of the said certificate at page 24 of the printed pamphlet, inclosed herewith, provides as follows:

"These franchises are granted upon the express condition that the Railroad Company within sixty (60) days after the date on which they are accepted by the Railroad Company, or such other period as shall be prescribed by the Board, and before anything is done in exercise of the rights conferred hereby, shall file with the Comptroller of the City a bond in the penal sum of five thousand dollars (\$5,000) in a form to be approved by the Board. Such bond shall be executed by the Railroad Company and by a surety or sureties approved by the Board. The Railroad Company may, at its option, in lieu of such bond, deposit with the Comptroller the sum of five thousand dollars (\$5,000), either in moneys or securities approved by the Board. The said bond and the moneys or securities deposited in lieu thereof shall be security for the performance by the Railroad Company of all the terms and conditions of the franchise hereby granted, especially those terms and conditions which relate to the annual payments to be made to the City as hereinbefore provided."

I understand that you have among the records turned over to you by the Rapid Transit Board three identical originals of this certificate of franchise.

As the certificate and franchise were accepted by the Company on June 25, 1907, the time within which the bond must be filed with the Comptroller of the City expires on August 24, 1907. On behalf of the Long Island Railroad Company I inclose its bond in the penal sum of five thousand dollars (\$5,000), executed by that Company and by the American Surety Company of New York as surety. If the form of this bond be satisfactory to the Commission I would be glad if its approval be indorsed upon the bond, in order that we may file it with the Comptroller within the time required by the certificate.

Yours very truly,
 (Signed) HENRY GILSEY, JR.

In connection therewith the Secretary also presented the following letter from the Counsel, Mr. A. E. Blackmar:

1250
 NEW YORK, August 20, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission for the First District:

DEAR SIR—I am in receipt of your letter of August 12, transmitting a bond of the Long Island Railroad Company, in the sum of five thousand dollars (\$5,000), executed by that Company and the American Surety Company as surety. This is in the matter of the Montauk and Glendale cut-off, and is the bond required to be filed by the Company, in pursuance of the certificate granted by the Board of Rapid Transit Railroad Commissioners June 22, 1907, and which is referred to at pages 5011-12 of the minutes of such Board.

I have examined the bond herewith submitted and the same seems to me correct in form.

I return herewith the bond and papers which you have transmitted to me with the same, together with a draft of a resolution which I would suggest be adopted by the Commission.

Yours very truly,
 (Signed) ABEL E. BLACKMAR,
 Counsel to the Commission.

The resolution suggested by the Counsel was then presented, moved and duly seconded, as follows:

Resolved, That the bond of the Long Island Railroad Company, as principal, and the American Surety Company, as surety, in the sum of five thousand dollars (\$5,000)

to The City of New York, bearing date the 10th day of August, 1907, submitted to the Public Service Commission for the First District by the said Long Island Railroad Company under and in pursuance of the terms of a certain certificate of the Board of Rapid Transit Railroad Commissioners bearing date June 22, 1907, and referred to in paragraph designated "IX" of such certificate, be approved as to form, and that the American Surety Company, as surety on such bond, be and it hereby is also approved by the Public Service Commission for the First District.

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Commissioner Bassett—"I was made the Chairman of a Committee to look into the operation of cars, and for some time this committee has been pursuing its investigations. One of the first matters to which its attention was brought, was that certain lines of trolley cars that cross the bridge cause more stoppages and impediments to travel than other lines do, and one of the lines which appears to cause an unusual amount of delay on the trolley service across the bridge has been the Smith street line of the Coney Island and Brooklyn Railroad. Our desire being to minimize the delays as much as possible, we took up that matter, and for some time have been looking into it. In that connection I propose this resolution:"

2009

The Secretary then presented the following resolution of Commissioner Bassett:

ORDER NO. 19.

Resolved, That a hearing be had on the 4th day of September, 1907, at 2.30 o'clock in the afternoon, at the rooms of the Commission, Tribune Building, New York City, to inquire whether the equipments and appliances of the said Coney Island and Brooklyn Railroad Company are unsafe, improper or inadequate, and to determine whether the following additional equipments and appliances are just, reasonable, safe, adequate and proper to be used in the transportation of passengers and property, viz:

- To provide ten new combination cars.
- To provide fifty fifty-horsepower equipments for its cars.
- To provide and equip its cars with 275 new circuit breakers.
- To provide and equip its cars with new gear pans.
- To provide two good and sufficient headlights for every car.
- To place car numbers conspicuously in the middle of the outside of the platform of closed cars.

—and if such new and additional equipment be found to be just, reasonable, safe, adequate and proper, to determine the time in which they should be provided.

All to the end that the Commission may make such order or orders in the premises as shall be just and reasonable; further

Resolved, That the Coney Island and Brooklyn Railroad Company be given at least ten days' notice of such hearing by service upon it either personally or by mail of a certified copy of these resolutions, and that at such hearing the said street railroad corporation be afforded all reasonable opportunity of presenting evidence and examining and cross-examining witnesses as to the matters and things hereinabove set forth.

Commissioner Bassett—"It is proper to say, Mr. Chairman, that this is not intended to close the matter of the committee's looking into both this line and other lines that cross the Brooklyn Bridge, with the idea of doing everything possible to minimize the delays. The Secretary suggests that we state we have already made an investigation on this point, and have had the matter quite thoroughly looked into."

It was moved, and duly seconded, that the resolution as read be adopted.

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

1314

Acting Chairman Maltbie presented the bill of Alfred E. Forstall, amounting to five hundred dollars (\$500), for laying out system for testing gas meters and the forms required to keep the records of such tests, according to the agreement under which he was retained.

The following was thereupon moved, and duly seconded:

Resolved, That the said bill be approved for payment.

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

Carried.

1340

Commissioner Bassett moved the following resolution, which was duly seconded: Resolved, That the Counsel be requested to give his opinion within two months, as to whether The City of New York is at liberty now to use, without first obtaining the consent of any other person, the two tracks now in course of construction, extending along Flatbush avenue extension to Lafayette avenue, and intended to be a part of the so-called Brooklyn subway loop; and similarly the two tracks now in course of construction extending along Flatbush avenue, from Fourth avenue to Flatbush avenue extension, and intended to be part of the Fourth avenue route.

Ayes—Commissioners Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Commissioner McCarroll entered the meeting at this point.

Commissioner McCarroll, to whom had been assigned the duty of investigating the matter of a Special Accountant to examine the books and records of the Brooklyn Rapid Transit in connection with the investigation now under way, made a report and suggested the name of John R. Sparrow. The following was thereupon moved, and duly seconded:

Resolved, That John R. Sparrow be retained as Special Accountant in the matter of the examination of the books and accounts of the Brooklyn Rapid Transit; that he be paid at the rate of five dollars per hour; that he be authorized to have assist him Senior Assistants at not to exceed fifteen dollars per day, and Junior Assistants at not to exceed ten dollars per day.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

2262

The Secretary presented the request of the general manager of the New York and Queens Electric Light and Power Company, that the time of the company to file its report be extended. The following was thereupon moved, and duly seconded:

Resolved, That the time of the New York and Queens Electric Light and Power Company to file its report be fixed at November 1, 1907.

Ayes—Commissioners McCarroll, Bassett, Maltbie, Eustis.

Nays—None.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

FRIDAY, AUGUST 23, 1907,

AT 320 BROADWAY,

BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners Edward M. Bassett, Milo R. Maltbie, John E. Eustis, Secretary Travis H. Whitney. There was also present, George S. Rice, Chief Engineer.

The Secretary presented a notice from the Superintendent of Incumbrances, complaining of a shanty and iron railing on the sidewalk and street at One Hundred and Fifty-seventh street, between Broadway and Audubon avenue. On motion, duly seconded, the complaint was referred to the Chief Engineer.

The Secretary presented a communication from George S. Rice, Chief Engineer, which, on motion, was referred to the Committee of the Whole, and was as follows:

1079

NEW YORK, August 21, 1907.

The Hon. WM. R. WILLCOX, Chairman, Public Service Commission, for the First District:

DEAR SIR—I am handing you a memorandum, hurriedly prepared, showing the amount of requisition passed for payment to John B. McDonald, contractor, on Contract No. 1; also a memorandum of a claim presented by the Rapid Transit Subway Construction Company for extra work on sections 1 to 14, inclusive. I will say in connection with the latter, that I have all these claims in detail, and they are now under consideration by me, and I expect to be able to report on them in about four weeks.

In connection with the extra claim above referred to, there is also a claim for ducts under the contract, and for both of these claims I have a large amount of detail matter in the form of bills from the contractor. These require careful consideration and investigation before I can report on them to the Commission as to what, in my opinion should be paid or not be paid, and a great many of them will undoubtedly have to go to arbitration as provided in the contract.

In view of these large claims by the Contractor, and the fact that there are some abatements to be made in accordance with the terms of the contract for work not done, I would advise that no further payments be made under this contract until everything has been properly adjusted.

Very truly yours,

(Signed) GEORGE S. RICE, Chief Engineer.

MEMORANDUM.

There is a large number of bills and items included in this amount, as per statement in detail, which are to be considered before the Chief Engineer can pass requisitions on this account, and only after an entire revision of the estimates.

The contractors have presented additional claims on Contract No. 1, amounting to \$7,905,631.25, as per schedule annexed:

The amount as per Statement "F" of this schedule is an authorized extra by the Board.

The amount as per Statement "I" I consider a proper claim.

The amount as per Statement "J" is a proper claim, but is excessive.

The amount as per Statement "K" I believe is a proper claim, but subject to adjustment.

The amount as per Statement "L" is also a proper claim; and also the amount as per Statement "P."

All the other claims in this schedule are questionable, but are now being considered. It will take some little time, at least three or four weeks, to fully adjust this matter.

The above does not include "extras" for ventilation.

The Secretary presented the following opinion of the Counsel, which, on motion, was ordered on file:

August 22, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission for the First District.

DEAR SIR—I am in receipt of your letter of August 12, transmitting an application made by Mr. Burton Thompson for the privilege of putting a window in the subway wall at building No. 1 Wall Street. He apparently makes his application on behalf of a corporation known as the "No. 1 Wall Street Corporation." On June 12, 1907, he made a similar application to the Board of Rapid Transit Railroad Commissioners.

The No. 1 Wall Street Corporation, under a contract with the Board of Rapid Transit Railroad Commissioners, which appears at page 4364 of the Minutes in October last, appears to have an entrance from its building to the Rector street station of the subway, constructed under the Brooklyn-Manhattan contract, known as Contract No. 2. The contractor, the Rapid Transit Subway Construction Company, and the assignee of the lease portion of that contract, namely, the Interborough Rapid Transit Company, are also parties.

Your inquiry is as to what procedure should be followed in applications for windows of this character, and includes the question whether it is necessary for the Interborough Rapid Transit Company first to consent before the consent of the Commission is given.

I have no doubt that before a show window or any window of the character desired by this applicant can be constructed in the wall of the subway structure the consent of the lessee, in this case the Interborough Rapid Transit Company, is essential. I think, also, inasmuch as the Brooklyn-Manhattan contract is not yet entirely completed, that the consent of the contractor for construction, the Rapid Transit Subway Construction Company, would also be essential.

As to procedure, I suggest that the consent of these corporations should be required prior to an application being made to this Commission for its consent and approval, though it would be practicable, if the terms of the application were satisfactory, to pass a resolution approving the application and stating specifically that the same should be subject to the consent of the Interborough Rapid Transit Company and the Rapid Transit Subway Construction Company, which in each case should be acknowledged and filed with the Commission.

I find that in the case of previous applications, after investigation by the Standing Committee on Plans and Contracts of the late Board, it was suggested that applicants should pay a uniform rate of one dollar per square foot per month for show window space, the owner of the window to pay all expenses of installation and the work to be done in accordance with plans approved by the Chief Engineer of the Board; that the terms should be subject to renewal annually, and the privilege subject to revocation by the Board on sixty days' notice in writing, and that the owners of the show windows save the City harmless from any and all injury which might be sustained to said show windows or premises in the rear of the same, or in any building erected thereon, by reason of anything of any nature or kind whatsoever happening to said premises by reason of such show windows fronting on the subway. The consent of the Interborough Rapid Transit Company was also required, inasmuch as that company had called the attention of the Board to the provision of the Brooklyn-Manhattan contract, page 169, denying in general advertising privileges to that company, and suggesting that it was not consistent to grant such privileges to exceptional property owners.

I am now advised by the Chief Engineer that no show window privileges of this description have ever been granted, though in cases where property owners conveyed property or rights to the City some such privileges have been obtained.

Very truly yours,

(Signed) ABEL E. BLACKMAR, Counsel to the Commission.

Commissioner Bassett presented the following report from the Committee on Surface of Fulton Street and Flatbush Avenue:

The street surface work connected with the Brooklyn subway, from Fulton street at Borough Hall station through Flatbush avenue to the Long Island station, referred to this committee, was begun on Wednesday, July 18. At that time, although the subway for almost the entire distance of Fulton street was completed and considerable

progress had been made in paving and finishing the surface, the following objectionable features remained:

(1) In front of the Hall of Records on Fulton street large piles of material had accumulated and the sidewalk was in bad condition. At the intersection of Willoughby and Fulton streets several large openings existed which were in the way of traffic, and almost all of the street at this point was planked over and had not been back filled.

(2) Between Court street and Smith street large piles of paving stones and other material impeded traffic.

(3) The Smith street crossing was in bad shape owing to the work of the Coney Island and Brooklyn Railroad.

(4) At Hoyt street station large clumsy bridges encumbered the sidewalks on both sides of Hoyt street. Part of the sidewalk between Hoyt street and Elm place was not paved, most of the street remained planked over and had not been back filled. On the north side of the street another bridge encumbered the sidewalk and Duffield street was full of material.

(5) At intersection of Gold street and DeKalb avenue a large space still remained planked over and had not been back filled, by reason of misunderstandings between the subway contractors and the railway companies. The DeKalb avenue shaft was also located at this intersection and will remain, owing to the siding at this point, and was planned to take care of the Flatbush avenue excavating.

(6) At Bond street a large opening existed, running for some distance up the street, which was held open on account of the Edison Company's work.

(7) Approaching Hanover place the work was in bad condition, sidewalks and vaults being uncompleted and littered with material and the street being unpaved and in most places planked over. Hanover place was encumbered with old building material, some of which the property owners claimed had been there for months, and although the subway was roofed over for 200 feet east of Hanover place, no finishing had been attempted whatsoever.

(8) From Nevins street to State street the entire length of Flatbush avenue was given over to the subway contractors, including the adjacent side streets, and only the minimum allowable space was given to traffic and to property owners.

(9) At the Long Island station excavating had just begun, so that conditions at this point were not serious.

(10) Our first effort was to give immediate relief to Fulton street from Borough Hall station to Hanover place by compelling the contractors and various corporations to agree on minor points causing delays, by forcing completion of many small items of work that were keeping large portions of the street impassable, and by causing the contractors to clear up useless materials and reset the pavements over the whole. This work was completed by August 6. The paving as now relaid is not in perfect condition and should be improved.

A careful observation of that portion of the subway which yet remains to be completed clearly shows that a similar cleaning-up process can be carried on at Flatbush avenue, from a point 100 feet south of the intersection of Nevins street to the end of State street, and while this work cannot be done with the rapidity of the Fulton street work, there is no reason why by October 1 this section cannot be put into exactly the condition of Fulton street at the present time.

This will afford a great deal of relief, both to upbound department store traffic, through Livingston street and Schermerhorn street, and also to the property owners in the immediate neighborhood, who have suffered more and longer than any others along the subway.

This work should be immediately pushed with the following aims in view:

Complete opening up of Nevins street to through traffic direct to Fulton street; the opening up of Livingston street through to Lafayette avenue and the absolute completion of the new trolley lines through these streets at not later than September 25, the paving over the sidewalks and streets of Flatbush avenue for the entire distance, and removal therefrom of all building materials, as also from the adjoining side streets.

After careful study of all the conditions which govern the completion of this work, including the completion of the subway proper, the work of the Sewer and Water Departments, and of the telephone, gas and electric light companies, we are confident that there is no reason why this work cannot be accomplished. It also seems necessary to open up Nevins street immediately on account of the narrowness of the thoroughfare, but the contractors should be allowed to use the other side streets until October 1 in order that they will have no obstruction to the rapid completion of the work; providing, however, that a free passageway for teams should always be open.

The cleaning up of Fulton street, which to-day is practically accomplished, followed by the cleaning up of Flatbush avenue in the section mentioned by October 1, will leave but two sections, namely, the intersection of Flatbush avenue and Fulton street and the Long Island station, to be completed. At Flatbush avenue and Fulton street, owing to the great difficulty of the work, the delay will be longest, and the work at the Long Island station, owing to its rather open location, will not afford serious inconvenience; and both of these points are well taken care of by the work of the contractors and the engineers and are being pushed with consistent vigor.

We submit with the report a number of proposed resolutions to advance the work of clearing up Flatbush avenue.

Dated, New York, August 22, 1907.

Respectfully submitted,

(Signed) E. M. BASSETT,
WILLIAM McCARROLL.

1003

Commissioner Bassett presented the following resolution:

Resolved, That the Rapid Transit Subway Construction Company be required to remove all material from Nevins street at once and allow that street to be kept entirely open for traffic, and that a direct passageway from Nevins street to Fulton street wide enough to permit two trucks to pass each other shall immediately be planked over and kept open;

And further, That the said company be required to forthwith remove the boiler plant from the middle of Livingston street to some point preferably to the south and out of the way of the proposed new Livingston street surface line;

And further, That the said company be required to complete on or before October 1, 1907, the work upon the surface of Flatbush avenue from a point approximately 100 feet south of Nevins street to State street; that all back filling, sidewalks, curbs and street paving be completed by that date with the exception of the shafts at Livingston street and Lafayette avenue, which are to be neatly enclosed, and a ventilating opening at Lafayette avenue, the work upon which is confined to a smaller space;

And further, That said company be required to employ night shifts of workmen, if necessary so to do, to complete this work by October 1, 1907;

And further, That after October 1, 1907, all material of any sort shall be removed from Flatbush avenue from a point approximately 100 feet from Nevins street (except that the space at Journeay & Burnham's former store may be used as long as that is vacant), and also the following side streets: Livingston street, Third avenue, Schermerhorn street, Lafayette avenue, Rockwell place, and that these streets shall be and remain entirely clear as to sidewalks, car tracks and pavements.

Commissioner Bassett here stated that the Commission had power to enforce this clearing-up process and that the only probable cost to the Commission would be in the removal of the boiler plant.

George S. Rice stated that when the contractor commenced on that work he submitted a plan and secured a permit to put his plant where it is in the street.

Commissioner Bassett stated that the street is under the Commission's control, and now that Livingston street has been widened the plant stands exactly where the new trolley tracks are to be laid, and this resolution is virtually a command to a contractor of ours to do certain work.

It was moved, and duly seconded, that the report be received and that the resolutions be adopted.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Commissioner Bassett then presented the following resolution:

Resolved, That the Nassau Electric Railway Company be required to complete all of its work on the new Livingston street-Lafayette avenue surface line, including the laying of tracks, erecting of poles or stringing of wires, and the relaying of all street pavement from a point approximately 200 feet from Flatbush avenue on Liv-

ington street through Flatbush avenue and to a point approximately 200 feet from Flatbush avenue on Lafayette avenue, on or before September 25, 1907.

It was moved and duly seconded that the resolution be adopted.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Resolved, That no street openings of any sort shall, while subway construction is going on, be made in Fulton street or Flatbush avenue, after the pavement is once reset over the subway, without a special permit from this Commission.

It was moved and duly seconded that the resolution be adopted.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Commissioner Bassett—"I have another matter. It is this matter of the bill due to Mr. Flagg, as clerk for a condemnation commission. This has been referred to us for payment, and I was asked to look into it. A resolution was passed July 18, one year ago, appointing Mr. Flagg as Secretary of this commission at one hundred dollars per month, the sum to be paid by our predecessors. Under the law the Commission is given the power of appointing its own assistants of this sort. The bill comes to us after taxation by the Court and we must pay it. We can be compelled to pay it. I want to bring up the subject of condemnation. There are two condemnation proceedings; one of these has been sitting three years, the other sitting over one year. It would be entirely improper for me to say that they are sitting too long. The Commission has power under the law, subject to the Court, and it does seem to me that this Board, at the beginning of our work, should examine the subject of condemnations as long as we must pay them. In the matter of these clerks' fees, regardless of meetings held or not, it is extravagance, and if possible for us to do it, I should like to see it stopped. These clerks do virtually nothing. They draw twelve hundred dollars a year for the small amount of work they do. It seems to me it is improper. Perhaps it does not lie in our power, but we can memorialize those who have the power. I wish, therefore, to submit the following resolution:

Resolved, That a Committee of One be appointed to inquire into the subject of condemnations, the expense of which is paid by this Commission, with a view to saving both time and money wherever the ability to do so lies in this Commission."

It was moved and duly seconded that the resolution be adopted:

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

Commissioner Bassett was thereupon appointed as such Committee.

The following was moved, and duly seconded:

Resolved, That the State Civil Service Commission be requested to hold an examination for Investigators or Transit Inspectors, and that twenty be appointed at twelve hundred dollars (\$1,200) per year, work to begin immediately after the list is completed.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The following was moved, and duly seconded:

Resolved, That the State Civil Service Commission be requested to hold an examination for Librarian and Statistician and that it be informed that one will be appointed at three thousand dollars (\$3,000) per year, to take effect immediately upon appointment.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The following was moved, and duly seconded:

Resolved, That the Commission provisionally appoint, and does hereby appoint, Robert H. Whitten, at three thousand dollars (\$3,000) per year, as Librarian and Statistician, to take effect September 15, 1907, to hold office until appointment can be made from the list of Librarian and Statistician as established by the State Civil Service Commission.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
MONDAY, AUGUST 26, 1907,
AT TRIBUNE BUILDING, 154 NASSAU STREET,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners William McCarroll, Edward M. Bassett, Milo R. Maltbie, Secretary Travis H. Whitney.
At this, the first meeting of the Commissioners in their new offices, Commissioner McCarroll, on behalf of himself and Commissioners Bassett, Maltbie and Eustis, presented a gavel to the Chairman.

Commissioner Bassett, to whom had been referred the matter of inquiry of the Long Island Railroad Company, relative to the furnishing of copies of all deeds under the order calling for documents, made a report and recommendation.

On motion, duly seconded, it was

Resolved, That the report of Commissioner Bassett be received, and the recommendations therein contained be adopted.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie.

Nays—None.

Carried.

The report and recommendation were as follows:

Report of Committee on Request of Long Island Railroad Company to Omit Furnishing Copies of Deeds—Presented August 26, 1907, and adopted.

On August 19, 1907, the undersigned was appointed a Committee of One to investigate the report upon the subject matter of the letter dated August 14, 1907, from the Long Island Railroad Company, a copy of which is attached. I have taken up the matter personally with Messrs. Keany and Haff of the Long Island Railroad Company. It appears that the deeds to that company within Greater New York would number about two thousand. These are practically all deeds of the fee simple of land. Probably this is a larger number than run to any other corporation in this City, certainly larger than any number in the Boroughs of Brooklyn and Queens. After hearing their statement, I told them that I did not think the Commission would be willing to make an exception in their case, although we appreciated that it placed an especially large task upon them. The discussion was then limited to determining an order in which various deeds should be provided, for instance, deeds of lands now within streets, deeds of easements, etc., but as nearly every deed conveys property now within mapped street lines, even though the street may not be opened, it would seem to make an unnecessary amount of labor to differentiate between the classes of deeds. Most of these deeds will need to be procured from the Queens County Clerk's office, which is about four months behind in its work. The Kings County Register's office is even more behind. I pointed out that the respective Clerks would charge as much for preparing and certifying copies as they would for certifying them alone. This being the case they thought that it would be best to throw the entire task upon the Queens County Clerk and the Kings County Register, and pay the legal fees. If they do this, it will require considerably more than a month to comply with our order in this regard.

It was brought out in the course of the conference that on Atlantic avenue this corporation operates under a lease, and has no deeds. The deeds will be found to run to the Brooklyn and Jamaica Railroad Company, beginning about 1832. The Atlantic Avenue Railroad Company, now under control of the Brooklyn Rapid Transit, and the

Nassau Electric Railroad Company, under the same control, have to do with the title along Atlantic avenue, and in the course of time request should be made upon these three companies for information.

I therefore report that, in my opinion, the Commission should not comply with the request of the Long Island Railroad Company, but should, from time to time, as it may be found necessary, extend the time for supplying these deeds upon proof being furnished that the order of this Commission is being complied with by them as rapidly as possible.

Respectfully submitted,
(Signed) E. M. BASSETT.

Dated August 26, 1907.

Mr. Blackmar, Counsel to the Commission, presented to the Commission a communication recommending the appointment of Jacob Arthur Segal as Law Clerk.

On motion, duly seconded, it was

Resolved, That Jacob Arthur Segal be appointed as Law Clerk in the office of the Counsel to this Commission and that his salary be fixed at sixty dollars (\$60) per month.

Ayes—Commissioners Willcox, McCarroll, Bassett, Maltbie.

Nays—None.

Carried.

The Secretary presented a preliminary report with blue prints from George S. Rice, Chief Engineer in charge of rapid transit work, upon the traffic observations on the Brooklyn Bridge, between July 22 and 29, 1907, inclusive, which, on motion, duly seconded, was referred to the Committee on Brooklyn Bridge.

The Secretary presented a report from George S. Rice, Chief Engineer, in charge of rapid transit work, containing observations upon the operation of Broadway surface cars, which, on motion, was ordered filed.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
TUESDAY, AUGUST 27, 1907,
AT TRIBUNE BUILDING, 154 NASSAU STREET,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners Edward M. Bassett, Milo R. Maltbie, John E. Eustis, Secretary Travis H. Whitney. There was also present, George S. Rice, Chief Engineer.

The Secretary submitted a communication sent to the Public Service Commission for the Second District, and their reply, which, on motion, were ordered filed, and which were as follows:

August 19, 1907.

Public Service Commission for the Second District, Albany, New York:

GENTLEMEN—If it is consistent with your views, the Public Service Commission for the First District would be pleased to receive the originals of the preliminary report and the annual report for the year ending June 30, 1906, of the following companies operating within the territory of this Commission:

New York Edison Company.
United Electric Light and Power Company.
Brush Electric Illuminating Company.
Long Acre Electric Light and Power Company.
Consolidated Gas Company.
New Amsterdam Gas Company.
New York Mutual Gas Light Company.
Northern Union Gas Company.
Standard Gas Light Company.
Central Union Gas Company.
Astoria Light, Heat and Power Company.
Edison Electric Illuminating Company of Brooklyn.
Brooklyn Union Gas Company.
Flatbush Gas Company.
Richmond Hill and Queens Gas Light Company.
Jamaica Gas Light Company.
Newtown Gas Company.
Kings County Lighting Company.
Brooklyn Borough Gas Company.
New York and Queens Gas Company.
New York and Queens Electric Light and Power Company.
Richmond Light and Railroad Company.
New York and Richmond Gas Company.
Bronx Gas and Electric Company.
Amsterdam Electric Light, Heat and Power Company.
Kings County Electric Light and Power Company.
Bowery Bay Electric Light and Power Company.
The Woodhaven Gas Light Company.

In the case of the Westchester Lighting Company and the Queens Borough Gas and Electric Company, which operate in the territories of both Commissions, the Public Service Commission for the First District would be pleased to have verified copies of such reports. The Commission would also like to secure verified copies of the minutes of the former Commission of Gas and Electricity in so far as they relate to matters affecting this district, and a copy of the testimony taken by the Commission on the occasion of its investigation into the price, etc., of gas in New York City, a copy of the testimony in the matter of the application of the Kings County Electric Light and Power Company to increase its capital stock, and in the matter of the application of the Brooklyn Borough Gas Company to issue bonds.

Very truly yours,
(Signed) TRAVIS H. WHITNEY, SECRETARY.

The Secretary presented the following communication from the Counsel to the Commission, which, on motion, duly seconded, was referred to Commissioner Bassett for thorough investigation:

August 23, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission for the First District:

DEAR SIR—I am in receipt of your two letters of August 16 and 20, transmitting letters of the Realty Associates, bearing date respectively August 12 and 19, asking that for their use in taking down the front part of their building, at No. 605 Fulton street, under a contract which they have with the City to take down the same, in preparation for the City's extension of Flatbush avenue, the subway contractor, under the Brooklyn-Manhattan contract in Fulton street, be required by the Commission to plank over his excavation in front of their building, and also asking the Commission's permission to bridge the subway excavation at that point for the same purpose. They also state that the decking over and bridging is necessary because they cannot take their material out and in except at the front. With this letter you transmit a report of Mr. Norton, Assistant Secretary, which indicates that he has looked into the matter and considers that the request of the Realty Associates may possibly be reasonable, but says that the expense of the work demanded may, if required, be extra work to be paid for under the contract, and added to the cost of the subway upon which rental is computed.

You ask my opinion as to the powers of the Commission in this matter.

I find that by the terms of the Brooklyn-Manhattan contract under which this work is being done, the City assures to the contractor the right to construct, according to the contract, free from the claim or interference of abutting property owners. The contract provides that between the Borough Hall and Flatbush avenue before construction is begun the contractor shall furnish to the Engineer and receive his approval thereto, a plan indicating his method of procedure. This plan was duly submitted and approved by the late Chief Engineer, Mr. Parsons, as I am informed by our Engineer,

and it did not provide for covering the excavation at this point or for the support of any roadway sufficient to hold up trucks and traffic in building materials of this description. At this point the elevated railroad pillars have to be supported, and the plan above mentioned, which has been approved, has been worked out in careful detail.

My opinion is that any requirement now by the Commission that the contractor cover or bridge the subway excavation at this point for the purposes of the Realty Associates will be extra work necessary to be paid for as such under the terms of the contract, and that the contractor is not bound under the contract to vary the plan of construction which has been properly approved, in order to give access to the property of the Realty Associates, for the purposes they mention. It is, however, within the power, no doubt, of the Commission, to require the work to be done under the direction of the Chief Engineer as extra work, if it seems fit to do so.

I have been aided in this matter by a report of the Chief Engineer furnished to me at my request, as to the situation at this point. The same is herewith submitted to you, and it appears from that report that there is reason to think that the facts have not been fully set forth to the Commission by the Realty Associates, and that the direction to the contractor which they ask for is not really necessary.

In regard to their request for permission to bridge over the sidewalk in their letter of August 19, which they say was stopped by the contractor, who required that they should first give a guaranty against injury or damage resulting from their work, it appears that the request of the contractor was that they should state in writing that they would be responsible for the safety of their own work, and that they should not place any load upon the timber work of the subway. They refused to write such a letter, stating that they had given a bond to the City, and that that was the only obligation that they would assume.

I think that such a bond to the City does not sufficiently indemnify the contractor in the prosecution of the work which has been committed to him by the City, in the construction of the subway in Fulton street, and that unless the Commission is disposed to require the extra work necessary to be done by the contractor for the covering of his excavations and making the same sufficient to support the additional weight required, it should not authorize the Realty Associates to construct or maintain a bridge or covering of the character requested.

Very truly yours,
(Signed) ABEL E. BLACKMAR,
Counsel to the Commission.

1003
August 22, 1907.

ABEL E. BLACKMAR, Esq., Counsel to the Commission:

DEAR SIR—In accordance with your request, I have had an examination made into the matter of planking over the street in front of property Nos. 605 and 607 Fulton street, as requested by Mr. Clifford S. Kelsey, Second Vice-President of the Realty Associates of Brooklyn.

Mr. Noble, Division Engineer in charge of the work in Brooklyn, has submitted a report, copy of which I inclose, wherein he states that the conditions as presented by Mr. Kelsey are misrepresented. You will see by Mr. Noble's report that not only can the building be approached from the rear and side, but that the work of demolition is already in progress. Material can be removed through the rear of the building, which opens on Hudson avenue, or it can be taken through Flatbush avenue extension to DeKalb avenue. The new material can be brought in by both of these ways.

I do not think it will be necessary to plank over the subway on Fulton street, nor will it be advisable, in my opinion, to underpin the street and the elevated structure.

Yours very truly,
(Signed) GEORGE S. RICE, Chief Engineer.

The Secretary presented the following communication from Chief Engineer Rice, and, on motion, duly seconded, it was referred back to the Chief Engineer for a report in detail as to the facts and the question of price:

1532
August 22, 1907.

HON. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—I have received a letter from Mr. E. P. Bryan, President of the Interborough Rapid Transit Company, informing me of the willingness of his company to construct additional stairways on the east platform of the One Hundred and Thirty-seventh and One Hundred and Forty-fifth street and Broadway stations in accordance with our plans T-339 & 329 and T-330, provided the Commission will pay for this work as an extra under Contract No. 1. The Interborough Company's estimate of the cost of the work in accordance with the above-mentioned plans is, for the One Hundred and Forty-fifth street stairway, \$16,000; for the One Hundred and Thirty-seventh street stairway, \$3,650; total, \$19,650.

The large cost of the work at the One Hundred and Forty-fifth street station is due to the fact that the additional stairway will have to be constructed entirely outside of the present station structure, thereby requiring an enlargement of the station. The work at the One Hundred and Thirty-seventh street station can be done entirely within the station, the stairway reaching the street surface through an opening to be made in the vault light work. One print each of the above-mentioned plans is transmitted herewith.

Respectfully,
(Signed) GEORGE S. RICE, Chief Engineer.

The Secretary presented the following communication from the Assistant Deputy Comptroller, which, on motion, was ordered filed:

2063
August 19, 1907.

HON. BION L. BURROWS, Secretary, Rapid Transit Railroad Commission:

DEAR SIR—I beg to advise you that on August 8, 1907, the sum of six thousand dollars (\$6,000) was deposited to the credit of Rapid Transit Fund No. 2, authorized January 25, 1907, pursuant to section 10, chapter 4, Laws of 1891, and section 7, chapter 752, Laws of 1894, as amended.

Respectfully,
(Signed) T. L. SMITH,
Assistant Deputy Comptroller.

The Secretary presented the following communication from the Secretary of Water Supply, which, on motion, duly seconded, was referred to the Chief Engineer for report:

1383
NEW YORK, August 21, 1907.

President, Public Service Commission, No. 320 Broadway, City:

SIR—Inclosed you will find our request for the transfer of Mr. James E. Beswick, No. 131 East Seventeenth street, at present employed in your Department as Assistant Engineer.

We shall appreciate very much your favor in granting this transfer and returning the same to us.

Respectfully yours,
BOARD OF WATER SUPPLY,
Per THOMAS HASSETT, Secretary.

The Secretary brought up the matter of changing certain weekly salaries to a monthly basis, and, after discussion, the following was moved and duly seconded:

Resolved, That the salary of Office Boy to this Commission be changed from \$5 per week to \$30 per month, and that the salary of Adolph Moss, in the employ as Office Boy to this Commission, date back to the time of his appointment.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

On motion, duly seconded, it was

Resolved, That the salary of the Telephone Operator to this Commission be changed from \$15 per week to \$60 per month, and that the salary of Katherine B. Mullins, as Telephone Operator, date back to the date of her appointment.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE
PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,
THURSDAY, AUGUST 29, 1907,
AT TRIBUNE BUILDING, 154 NASSAU STREET,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners Edward M. Bassett, Milo R. Maltbie, John E. Eustis, Secretary Travis H. Whitney.

On motion, duly seconded, it was

Resolved, That the Secretary has charge of all purchases and that all requisitions for supplies be made on the Secretary, and that no purchasing orders be issued except upon the signature of the Secretary, who must submit such orders to the Commission before their issuance.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary presented the following communication from Bird S. Coler, President of the Borough of Brooklyn, which, on motion, duly seconded, was referred to the Committee on Flatbush Avenue and Fulton Street:

2002
BROOKLYN, August 22, 1907.

The Honorable the Public Service Commission, First District:

GENTLEMEN—In carrying out the improvements on Livingston street, between Court street and Flatbush avenue, it has not been found possible to lay the new asphalt block pavement at the easterly end of the work in the vicinity of Flatbush avenue to the extent provided in the contract plan, from the fact that the street is opened and subway construction is incomplete at this location.

The contractors for this paving have requested that the work done by them on Livingston street be accepted and that the contract be closed.

Aside from the necessity of completing this improvement and opening the street for vehicular traffic, the more important question of the operation over the Nassau Electric Railroad Company's tracks through Livingston street and Flatbush avenue to and through Lafayette avenue to Fulton street is of primary importance. Under the permits for the construction of this line recently issued by me and limited to a period of forty-five days, so as to insure the rapid completion of the railroad work, it is important that arrangements should be made so that the railroad company may complete their trackage at the earliest possible date.

For this purpose I would request that steps be taken to insure the rapid completion of the subway and the surfacing of the street at the location named, that is, from about the north line of Livingston street to the southerly side of Lafayette avenue, and I believe that your Commission may find the means by which the contractors for the subway construction will be required to concentrate their efforts on this section of the delayed work so that car and vehicular traffic would find an outlet through Lafayette avenue and Livingston street at an early date.

Very truly yours,
(Signed) BIRD S. COLER,
President, Borough of Brooklyn.

The Secretary presented the following communication from E. W. Winters, which, on motion, duly seconded, was referred to the Committee on Fulton Street and Flatbush Avenue:

1003
BROOKLYN, August 26, 1907.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, No. 154 Nassau Street, New York City:

DEAR SIR—I beg to acknowledge receipt of copy of resolution adopted by the Public Service Commission of the First District requiring the new tracks in Lafayette avenue and Livingston street to be completed ready for operation on or before September 25, 1907.

I have to-day personally examined the situation with our Chief Engineer and find the conditions under which this work is being and will have to be done such as to make it highly improbable of completion by the date named.

In Lafayette avenue our forces can only work upon one track at a time in order to leave sufficient room in the street for public traffic while the work is in progress.

In Livingston street, on account of our being required by the City to put the conduit feeder lines between the tracks in the centre of the street instead of the side, as is usually done, no track can be laid until the conduit work is out of the way. This is being pushed as rapidly as possible. When track laying begins the traffic requirements of the street are such as to make it there also impracticable to lay more than one track at a time, as the large amount of material to be handled in preparing the grade, etc., will require the occupation of all the spare room outside of the single track space that can be reserved for public use.

Be assured that we shall diligently prosecute this work and bring it to completion at the earliest possible date. I fear, however, that with our best efforts 15 or 20 days' more time will be required than is allowed in the resolution of the Commission.

Yours truly,
(Signed) E. W. WINTERS.

On motion, the communication was referred to the Committee on Fulton Street and Flatbush Avenue.

The Secretary presented the following communication, which, on motion, was ordered spread upon the minutes:

EDWIN F. COREY,
Notary Public, New York County.

The Secretary presented a complaint on behalf of the Sunnyside Taxpayers' Association of the First Ward of Queens, calling attention to the failure of the Pennsylvania and Long Island Railroad Company, through the Degnon Terminal and Improvement Company, to maintain or to construct certain viaducts over the freight yard as continuations of certain streets.

On motion, duly seconded, the complaint was referred to the Committee of the Whole.

The Secretary presented a communication from Samuel Hellinger, attorney at No. 309 Broadway, setting forth certain allegations as to the operation of electric vehicles by the New York Transportation Company, particularly through East Ninetieth street.

On motion, duly seconded, this was referred to the Committee of the Whole.

The Secretary presented a communication from Martin Green, making complaint that the Sea Gate trolley cars do not make close connections with the elevated express trains from the Luna Park depot at Coney Island.

On motion, duly seconded, this matter was referred to a Committee of One to investigate.

The Chairman appointed Commissioner Bassett as such Committee.

The Secretary presented a communication from Henry S. Concklin, Assistant Solicitor of the Title Guarantee and Trust Company, inquiring as to the rights of the Brooklyn Rapid Transit Company, of the Brooklyn and Brighton Beach Railroad Company, to occupy certain portions of Lefferts place and to erect a certain platform.

On motion, this was referred to a Committee of One, and the Chairman appointed Commissioner Bassett as such Committee.

The Secretary offered a memorandum with regard to the records of accidents by the companies upon whom the order of the Commission was served, as follows:

"The average delay of each company in recording accidents, covering the six days, August 12 to 17, inclusive, from the exact time of the happening of the accident to the telephonic report to this office was as follows:

Brooklyn Heights Railroad Company, 1 hour and 12 minutes.
Coney Island and Brooklyn Railroad Company, 1 hour and 15 minutes.
Interborough Rapid Transit Company, 2 hours and 15 minutes.
New York Central and Hudson River Railroad, 1 hour and 53 minutes.
New York City Interborough Railway Company, 53 minutes.
New York City Railway Company, 2 hours and 23 minutes.
New York and Queens County Railroad Company, 1 hour and 7 minutes.
Union Railway of New York City, 2 hours and 43 minutes."

The average delay of all companies reporting was 1 hour and 41 minutes.

Thereupon the following resolution, offered by Commissioner Eustis, was moved and duly seconded:

Resolved, That the Secretary be directed to write to the corporations that have failed to comply with Rule 4 in not reporting accidents immediately, calling their attention to their delay and asking them to explain why they have been so delinquent.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary called attention to a report of accident occurring on August 24, at 12 o'clock at night, on the lines of the Richmond Light and Railroad Company, in which, by a report of the company, a passenger while pulling down a curtain lost her balance and fell off the car, the rear trucks passing over her body. An Inspector was sent who reports that witnesses who were on the car at the time testified that the car was going down grade at the highest speed, which had not slackened when it reached the curve where the woman was thrown out; that she was not lowering a curtain, but was standing between seats because the car was crowded and the lurch of the car threw her out.

On motion, the matter was referred to the Committee of the Whole.

The Secretary presented a communication from Frank S. Rutherford, President of the Raritan Bay Park Association, making complaint against the operation and fares of the Staten Island Railway Company. On motion, duly seconded, the communication was referred to Commissioner McCarroll as a Committee on Richmond Transit Matters.

The Secretary presented a communication from Edgar N. Atkin, Chief of the Board of Claims of the New York Edison Company, inquiring whether the form of reports of accidents submitted with the communication was satisfactory.

On motion, duly seconded, this was referred to Commissioner Maltbie.

The Secretary presented the following resolution relative to certain plans for condemnation, and it was moved and duly seconded that the resolution be adopted:

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The resolution was as follows:

Whereas, The Chief Engineer has made and submitted to this Commission three similar maps or plans, consisting of two sheets, of certain parcels of property at or

near the southeast corner of Walker and Centre streets, in The City of New York, Borough of Manhattan, required for the construction, maintenance and operation of a part of the proposed Brooklyn loop lines of the Rapid Transit Railroad to be constructed by the Degnon Contracting Company in pursuance of the contract heretofore made between it and The City of New York, acting by the Board of Rapid Transit Railroad Commissioners (whose powers have been by chapter 429 of the Laws of 1907, devolved upon this Commission), and bearing date the 9th day of May, 1907, said parcels of property consisting of certain lots designated on said maps or plans as follows: Lot No. 3, Lot No. 4, Lot No. 5, Lot No. 7, Lots Nos. 8 and 9, and Lots Nos. 10 and 11; and

Whereas, Upon one of the sheets of each of said maps or plans so made there has by authority of this Commission been placed a memorandum as part thereof clearly indicating the particular estate or estates, rights, terms, privileges, franchises or easements to be acquired or extinguished for the purposes of such construction, maintenance and operation in relation to said parcels of property shown upon said maps or plans, such memorandum being substantially in the form following, to wit:

"Public Service Commission for the First District—Memorandum indicating the particular estates, rights, terms, privileges, franchises or easements to be acquired or extinguished in relation to each and every piece or parcel of property described upon these maps or plans, August 29, 1907.

A permanent and perpetual underground right, easement and right of way, and also a temporary right or easement for the construction, maintenance and operation in perpetuity of a rapid transit railroad in accordance with the routes adopted by said Board of Rapid Transit Railroad Commissioners by resolution adopted on the 25th day of May, 1905, and approved by the Board of Estimate and Apportionment of The City of New York on the 14th day of July, 1905, and approved by the Mayor of The City of New York on the 28th day of July, 1905, and consented to by an order of the Appellate Division of the Supreme Court, First Judicial Department, made and entered on or about the 12th day of March, 1907, which railroad is described in the said contract for the construction thereof, made by The City of New York, acting by the said Board of Rapid Transit Railroad Commissioners, and the Degnon Contracting Company, dated May 9, 1907, the subway or subways for said railroad to be constructed substantially as shown in said contract, and upon these maps or plans the same being marked Public Service Commission for the First District, Chief Engineer's Office, Route 9-0-2, Drawing Nos. 9 and 10, August 21, 1907, George S. Rice, Chief Engineer, as follows:

Lot No. 3, the extreme top of said subway or structure to be not less than 2 feet below the present grade of Centre street, at its intersection with Walker street; and the base of the rails of said railroad to be not less than 19 feet 3 inches below the present grade of Centre street at its intersection with Walker street.

Parcels of land on either side of said permanent and perpetual underground right, easement and right of way, hereinabove described and within lines distant not more than 10 feet therefrom on either side, said parcels of land, however, being wholly within said Lots No. 3, No. 4, No. 5, No. 7, Nos. 8 and 9 and Nos. 10 and 11; and also the land and space over and above said permanent and perpetual underground right, easement and right of way and over and above said parcels of land next hereinabove described, said land and space, however, not to extend above the ceiling of any basement below the first floor of any building standing over and above any of said premises hereinabove described. The said premises subject to such temporary right or easement, including the said land and space next hereinabove described, are shown on these maps and plans in yellow.

Such permanent rights and easements include the right to permanently and perpetually maintain and operate a railroad through said subway, so to be constructed in accordance with the provisions of chapter 4 of the Laws of 1891, and its amendments, and the provisions for the operation of said railroad lawfully made pursuant thereto, and the right at reasonable times and in a reasonable manner to enter upon the said premises, so far as may be necessary for the construction, maintenance and operation of said railroad. Such temporary right and easement includes the right until December 1, 1909, to enter upon and occupy, for the purposes of construction of said railroad and the support of adjacent and superimposed buildings, said parcels of land and said space hereinabove described and shown on these maps or plans in yellow.

Adopted and approved by the Commission on the 29th day of August, 1907."

Now, therefore, it is

Resolved, That the said maps or plans so made and prepared and the said memoranda be and the same hereby are approved and adopted; that a certificate of such approval and adoption and of the approval and adoption of the said memoranda be written upon each of said maps or plans and signed by this Commission and by a majority of the Commissioners, and that one copy thereof, including said memorandum, shall be filed in the office of the President of the Borough of Manhattan, there to remain as a public record, and it is further

Resolved, That the other two of said maps or plans and memoranda be forthwith transmitted to the Counsel to the Corporation with a copy of this resolution, and that he be and is hereby directed to take legal proceedings to acquire for The City of New York the said permanent and perpetual underground right, easement and right of way and said temporary rights or easements aforesaid.

The Secretary presented the following order for adoption by the Commission:

ORDER NO. 10.

2003

In the Matter of the Hearing of the Commission on the Question of the Adequacy of the Service and Equipment of the New York City Railway Company in the Respects Hereinbelow Mentioned.

It is hereby

Ordered, That a hearing be had on the 16th day of September, 1907, at 2 o'clock in the afternoon, and at any time or times to which the same may be adjourned, at the rooms of the Commission at No. 154 Nassau street, Borough of Manhattan, City and State of New York, to inquire whether the service and equipment of the New York City Railway Company, in respect to the transportation of persons in the First District, is unjust, unreasonable, improper or inadequate, and if so found to be, to determine whether the following increase in the service and change in the equipment would be just, reasonable, adequate and proper to be put in force, observed and used in the transportation of persons in the said First District, namely:

(1) To increase the present service on the Madison and Fourth avenue line, from One Hundred and Sixteenth street to Astor place and Broadway, by running thirty (30) additional cars south from One Hundred and Sixteenth street to Astor place and Broadway, between the hours of 6 o'clock and 9 o'clock a. m. daily, except Sundays.

(2) To increase the present service on the Madison and Fourth avenue line, from One Hundred and Thirty-fifth street to Astor place and Broadway, by running twenty (20) additional cars south from One Hundred and Thirty-fifth street to Astor place and Broadway, between the hours of 6 o'clock and 9 o'clock a. m. daily, except Sundays.

(3) To increase the present service on the Madison and Fourth avenue line from the Brooklyn Bridge by running twenty (20) additional cars north from the Brooklyn Bridge, between the hours of 6 o'clock and 8 o'clock a. m., daily, except Sundays.

(4) To increase the present service on the Madison and Fourth avenue line from Astor place and Broadway by running forty (40) additional cars north from Astor place and Broadway, between the hours of 4.30 and 7 o'clock p. m. daily, except Sundays.

(5) To increase the present service on the Madison and Fourth avenue line from Astor place and Broadway by running thirty (30) additional cars north from Astor place and Broadway, between the hours of 7 o'clock and 12 o'clock p. m. daily, except Sundays.

(6) To increase the present Sunday service on the Madison and Fourth avenue line by running forty (40) additional cars over said line during the day.

(7) To require that destination signs showing the route and all points of destination of the cars should be provided and conspicuously displayed upon each car run over the Madison and Fourth avenue line.

(8) To require that signs giving the "run" number of the cars should be provided and conspicuously displayed upon each car run over the Madison and Fourth avenue line.

All to the end that the Commission may make such order or orders in the premises as shall be just and reasonable; further

Ordered, That the New York City Railway Company be given at least ten days' notice of such hearing by service upon it either personally or by mail of a certified copy of this order, and that at such hearing the said street railroad corporation be afforded all reasonable opportunity of presenting evidence and examining and cross-examining witnesses as to the matters hereinabove set forth.

It was moved, and duly seconded, that the foregoing order be approved.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary presented the following order for adoption by the Commission:

ORDER NO. 11.

2004

In the Matter of the Hearing of the Motion of the Commission on the Question of the Service of the Brooklyn Rapid Transit Company, the Brooklyn Heights Railroad Company, the Brooklyn, Queens County and Suburban Railroad Company, the Coney Island and Gravesend Railway Company, the Nassau Electric Railroad Company, as to the Matters and Things Hereinbelow Set Forth.

It is hereby

Ordered, That a hearing be had on the 17th day of September, 1907, at 2 o'clock in the afternoon, and at any time or times to which the same may be adjourned, at the rooms of the Commission at No. 154 Nassau street, Borough of Manhattan, City and State of New York, to inquire whether the regulations, practices and service of the above named street railroad corporations in respect to the transportation of cars for the reception and removal of ashes in the County of Kings are unjust, unreasonable and improper, and if so found to be, to determine whether it would be just, reasonable and proper to require the said Brooklyn Rapid Transit Company, the Brooklyn Heights Railroad Company, the Brooklyn, Queens County and Suburban Railroad Company, the Nassau Electric Railroad Company, and the Coney Island and Gravesend Railway Company to cease and desist from moving over any of their lines or the lines operated or controlled by them, in the County of Kings, State of New York, cars provided or used for the removal of ashes or other waste material during the hours between 6 o'clock in the forenoon and 8 o'clock at night.

All to the end that the Commission may make such order or orders in the premises as shall be just and reasonable; further

Ordered, That the Brooklyn Rapid Transit Company, the Brooklyn Heights Railroad Company, the Brooklyn, Queens County and Suburban Railroad Company, the Nassau Electric Railroad Company, and the Coney Island and Gravesend Railway Company be given at least ten days' notice of such hearing by service upon them either personally or by mail of a certified copy of this order, and that at such hearing the street railroad corporations be afforded all reasonable opportunity for presenting evidence and examining and cross-examining witnesses as to the matters and things hereinabove set forth.

It was moved, and duly seconded, that the foregoing order be approved.

Ayes—Commissioners Willcox, Bassett, Maltbie, Eustis.

Nays—None.

Carried.

The Secretary presented the following order for adoption by the Commission:

ORDER NO. 12.

2005

In the Matter of the Inspection and Examination of the Accounts, Records and Memoranda Kept by the Interborough Metropolitan Company.

It is

Ordered, That Marvyn Scudder, who is employed by this Commission as an Accountant, be designated and is hereby directed to inspect and examine the accounts, records and memoranda kept by the Interborough Metropolitan Company and all books of original entry, all ledgers, all balance sheets and any and all other books showing or purporting to show the assets and liabilities of the corporation.

And the said Interborough Metropolitan Company is hereby directed and required to afford the said Marvyn Scudder access to all such accounts, records and memoranda; it is further

Ordered, That this order shall take effect forthwith and continue in force for a period of six months from the date hereof, and that said corporation is required to notify this Commission within five days from the date of service hereof whether the terms of this order are accepted and will be obeyed.

It was moved, and duly seconded, that the foregoing order be approved.

The Secretary presented the following communication from Chief Engineer Rice:

1383

August 30, 1907.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission:

DEAR SIR—I return you herewith request from the Board of Water Supply for the transfer of James E. Beswick, Assistant Engineer to that Department. I have approved this request, and recommend that the same be consented to by the Public Service Commission and returned to the Board of Water Supply for transmission to the Municipal Civil Service Commission for its approval.

Yours very truly,

(Signed) GEORGE S. RICE, Chief Engineer.

On motion, duly seconded, the above request was approved.

The Secretary presented the following communication from the Secretary of the Degnon Contracting Company, which on motion was ordered on file.

NEW YORK, August 28, 1907.

Public Service Commission, No. 320 Broadway, City:

GENTLEMEN—Complying with the condition named in our contract for the construction of 9-0-2 of the Brooklyn Loop Lines, we beg to request your permission to sublet the construction of the off-line sewers through Park, Mott, Canal, Baxter and Grand streets to James Pilkington.

Yours very truly,

(Signed) N. J. HAYWOOD, Secretary.

The Secretary presented the following complaint against the Edison Electric Light Company which, on motion, duly seconded, was referred to the Committee of the Whole:

VOGLER & VOGLER,
No. 920 COLUMBUS AVENUE,
NEW YORK, August 20, 1907.

2734

To the Members of the Board of Utilities, Tribune Building, New York City:

GENTLEMEN—We desire to formally protest against the action of the Edison Electric Lighting Company in having discontinued our lighting service this day; the

company contends that we shall sign a one (1) year contract at the increased rates, this we decline to do; while we admit their right to increase the rates, we deny their right to compel us to bind ourselves by yearly contract, should your board see its way clear to grant us a hearing by counsel in this matter, we assure you that our statements of the case will meet with your entire approval.

Respectfully,

(Signed) VOGLER & VOGLER.

The Secretary presented the following communication from the Vice-President of the Fidelity Development Company. On motion, duly seconded, it was referred to Commissioner Eustis, and a copy was ordered sent to the company:

1575

NEW YORK, September 3, 1907.

Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission of the First District of New York, Tribune Building, New York:

DEAR SIR—The Fidelity Development Company owns the property known as Morris Park, situated in the Borough of The Bronx, New York City. The property is bounded on the southwesterly side (the City side) by Bronxdale avenue (Bear Swamp road), and the main avenue of approach to it from the City is Morris Park avenue, which terminates at Bronxdale avenue, as above.

A portion of the Morris Park Race Track grounds has been cut up in the course of development, but the large portion of it still remains as a race track, and is to be used on Friday and Saturday of this week for automobile races.

The Union Railway Company holds franchises and operates electric surface cars on Morris Park avenue and on Bronxdale avenue.

About two years ago or so the Union Railway Company apparently abandoned its lines on Bronxdale avenue, since the overhead wires have been taken down, and no cars have been run on that avenue since that time.

A desultory service was maintained, however, up and down Morris Park avenue, a car being run every once in a while. Last year the City began the work of widening Morris Park avenue to one hundred feet, and that work is in progress now. The Union Railway Company thereupon tore up its tracks, and has relaid only one of them in the middle of the road, and maintains a car running back and forth on the same as a shuttle, but without connecting the same with the main line which runs up from the One Hundred and Seventy-seventh street station of the subway and turns up the White Plains road.

The result is that a passenger wishing to go from the One Hundred and Seventy-seventh street station to the head of Morris Park avenue must take the car up West Farms road to a point on Morris Park avenue, get off there, walk about a block, get the shuttle at Morris Park avenue, go on that for about four blocks, get off and walk the rest of the distance, about a block and a half or so to the point adjoining the Morris Park grounds at which the car line formerly terminated.

In view of the large crowds expected at the Morris Park track on Friday and Saturday of this week to attend the automobile races, application was made last week to the president of the Union Railway Company, Mr. Maher, for the maintenance of the old service direct from One Hundred and Seventy-seventh street to the race track. Various promises were received from Mr. Maher from day to day to the effect that the work would be done, etc., etc., and arrangements for the race meet were made accordingly. This morning, however, two days before the race meet Mr. Maher states over the telephone that the work cannot be done, that the street is in the hands of the City Contractors, etc.

The condition is one of peculiar and aggravated oppression. There is no way of getting to the track from the City except by way of the Morris Park avenue cars; the Morris Park avenue cars are on the street, but they do not connect at either end. The railroad officials claim the street is in the hands of the City Contractors, yet they find no difficulty in running on part of this street. We naturally depend upon having this transportation; without it our race meet must be a complete failure.

We believe this is a case for the exercise of the discretion lodged in your Commission by the statute creating the same, and respectfully request an order to be issued to the Union Railway Company directing said company to immediately connect up its lines on Morris Park avenue and restore the surface in full, and to give complete service from One Hundred and Seventy-seventh street to the Morris Park Race Track gates on the days of Friday and Saturday, September 6 and 7.

Requesting your prompt consideration of this and thanking you in advance for any kindness you may be able to extend to us in this most urgent matter, we beg to remain,

Truly yours,

(Signed)

FIDELITY DEVELOPMENT COMPANY,

By JOSEPH M. NOBLE, Vice-President.

The Secretary presented the following order by the Committee of the Whole on the Metropolitan Securities Company:

2000

ORDER No. 17.

In the Matter of the Inspection and Examination of the Accounts, Records and Memoranda Kept by the Metropolitan Securities Company.

It is ordered, That Marvyn Scudder, who is employed by this Commission as an Accountant, be designated and is hereby directed to inspect and examine the accounts, records, and memoranda kept by the Metropolitan Securities Company, and all books of original entry, all ledgers, all balance sheets, and any and all other books showing or purporting to show the assets and liabilities of the corporation.

And the said Metropolitan Securities Company is hereby directed and required to afford to said Marvyn Scudder access to all such accounts, records and memoranda; it is further

Ordered, That this order shall take effect forthwith and continue in force for a period of six months from the date hereof, and that said corporation is required to notify this Commission within five days from the date of service hereof whether the terms of this order are accepted and will be obeyed.

It was moved and duly seconded that the order be approved.

Ayes—Commissioners Willcox, Bassett, Eustis.

Nays—None.

Carried.

Commissioner Bassett stated that he had been appointed to take charge of a hearing on an order to show cause, served on the Coney Island and Brooklyn Railroad Company, which hearing would commence at 2.30 o'clock, Thursday afternoon, September 4.

Chairman Willcox announced that the general hearing would be at the Aldermanic Chamber at 2 o'clock, Thursday afternoon, September 4.

The Secretary presented the following communication from Chief Engineer Rice, relative to the question whether the City should pay for various ducts, which, on motion, was referred to the Counsel:

2189

August 28, 1907.

The Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission for the First District:

DEAR SIR—In the contract with John B. McDonald of February 21, 1900, there was no provision made, either in the contract or plan, for the construction of the Rapid Transit ducts which are now used for the cables forming a part of the equipment of the railroad.

It was, however, subsequently decided to increase the width of the tunnel and build, in the side walls thereof, ducts for the installation of the power cables. The question then arose as to whether the cost of building these ducts in the side walls of the tunnel should be charged against construction or should be a part of the equipment of the railroad.

In the Supreme Court, Appellate Division, First Department, February, 1903, a decision was rendered practically to the effect that the construction of these ducts in the side walls of the tunnel should be paid for as a part of the construction of the railroad, and in accordance with this decision certain payments have been made already on these ducts.

I now have under consideration a requisition from the contractor for the payment for Rapid Transit ducts, and also a statement, in detail, from the contractor of the cost of same, and shall in due time report to the Commission my determination as to the amount to be paid.

In addition to the payment, however, for ducts built in the walls of the tunnel, the contractor has submitted a bill for payment of a large number of ducts built in the street entirely independent of the construction of the railroad itself. The former counsel of the Rapid Transit Railroad Commissioners had always expressed a doubt as to whether these lines of ducts built in the street independently of the construction of the railroad itself should be paid for as construction, but was inclined to the opinion that they did not form a part thereof but belonged to equipment. Before reporting on this part of the claim of the contractor, I would respectfully suggest that this question be submitted to your counsel for decision. I can explain to Mr. Blackmar all the different conditions under which these ducts were laid, and will be pleased to do so.

The decision of the Appellate Division of the Supreme Court referred to will be found in Volume IV of the Minutes of 1903, beginning on page 1988.

Yours very truly,

(Signed) GEORGE S. RICE, Chief Engineer.

Commissioner Eustis moved the following, which was duly seconded:

Whereas, The Degnon Contracting Company, contractor for section 9-0-2 of the Brooklyn Loop lines, has advised this Commission that it is about to enter into a contract with James Pilkington, to construct the off-line sewers through Park, Mott, Canal, Baxter and Grand streets;

Resolved, That the Public Service Commission for the First District approves of James Pilkington as such proposed subcontractor.

Ayes—Commissioners Willcox, Bassett, Eustis.

Nays—None.

The Secretary presented the following communication from the President of the Brooklyn Rapid Transit Company, which, on motion, was ordered filed:

1003

BROOKLYN, August 30, 1907.

Mr. TRAVIS H. WHITNEY, Secretary, Public Service Commission, No. 154 Nassau street, New York City:

DEAR SIR—I beg to acknowledge receipt of your favor of the 27th inst., enclosing certified copy of resolution adopted by the Public Service Commission relative to street openings on Fulton street and to say in reply that the regulation of the Commission therein will be respected by the companies of this system enjoying privileges in said street.

Yours truly,

(Signed) E. W. WINTER, President.

The Secretary presented the following communication from the Counsel, which on motion, duly seconded, was referred to the Committee of the Whole:

2046

August 31, 1907.

TRAVIS H. WHITNEY, Esq., Secretary, Public Service Commission for the First District:

DEAR SIR—I am in receipt of your letter of August 13 transmitting a petition from the Civic League of The Bronx, making certain complaints as to the New York Central and subsidiary companies.

You request that I have a form of order prepared to be used in transmitting complaints to the companies complained of. Under Rule VI of the Commission, the name and address of a complainant is required to be given in the complaint, together with the name and address of his attorney, if any. This is important because by Rule VIII a copy of the answer is required to be served by the company upon the complainant.

Herewith I enclose you a form of order which I have prepared pursuant to the Public Service Commission Law, section 48, subdivision 2. I think this order should be in each case passed by the Commission, and that the same should be served as provided by section 23 of the Act, by delivery of a certified copy, and that accompanying the same a copy of the complaint should be forwarded to the company.

In regard to this particular complaint of the Civic League of The Bronx I desire to say that the address of the League is not given as required by the rule above mentioned, and that the petition is addressed to the Public Service Commissioners, Second District.

Very truly yours,

(Signed)

ABEL E. BLACKMAR,
Counsel to the Commission.

The form of order above mentioned was as follows:

STATE OF NEW YORK.

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT.

Complainant,

vs.

Defendant.

This matter, coming on upon the complaint of

by which it appears that said complainant is aggrieved by acts done or omitted to be done by , said defendant, and set forth in said complaint, which are claimed to be in violation of some provision of law, or of the terms and conditions of defendant's franchise, or of an order of this Commission:

Now, upon reading and filing the said complaint, it is

Ordered, That a copy of the said complaint be forwarded to said defendant, and that the matters therein complained of be satisfied or the charges in said complaint set forth be answered by said defendant within ten days after service upon it of this order, exclusive of the day of service.

State of New York, County of New York, ss.:

I, Travis H. Whitney, Secretary of the Public Service Commission for the First District, do hereby certify that I have compared the above with the original order adopted by said Commission, and that it is a correct transcript therefrom and of the whole of the original.

In testimony whereof, I have hereunto set my hand and affixed the seal of the Commission this day of , nineteen hundred and seven.

[SEAL]

Secretary.

Commissioner Bassett moved the following resolution, which was duly seconded: Whereas, The contractor, the Degnon Contracting Company, has made requisition on this Commission, dated August 14, 1907, for work done and materials furnished under contract dated April 27, 1907, for the construction of Section 9-0-2 of the Brooklyn Loop Lines of the Rapid Transit Railroad of The City of New York, to the 1st day of August, 1907, amounting to thirty-nine thousand three hundred and thirty dollars (\$39,330); and

Whereas, George S. Rice, Chief Engineer, has certified that the work done and the materials furnished have been done and furnished in accordance with the terms of the contract, that the value has been ascertained relatively to the contract value of the whole work, and that no certificate has been previously made for such work and materials:

Resolved, That this Commission hereby approves the said requisition and directs that a voucher in due form be drawn on the Comptroller for the said amount.

Ayes—Commissioners Willcox, Bassett, Eustis.

Nays—None.

Carried.

TRAVIS H. WHITNEY, SECRETARY.

PROCEEDINGS OF THE

PUBLIC SERVICE COMMISSION FOR THE FIRST DISTRICT,

THURSDAY, SEPTEMBER 5, 1907.

AT TRIBUNE BUILDING, 154 NASSAU STREET,
BOROUGH OF MANHATTAN, CITY OF NEW YORK.

There were present—Chairman William R. Willcox, Commissioners Edward M. Bassett, John E. Eustis, Secretary Travis H. Whitney.

After some discussion it was moved, duly seconded and carried, that William Elliott, Fred Eisen, No. 178 Van Buren street, Van Nest, The Bronx, New York City, and George Donnelly, of No. 2714 Creston avenue, The Bronx, New York City, be appointed provisionally as Traffic Inspectors, at one hundred dollars (\$100) per month.

It was moved and carried that there be authorized the appointment of five Senior Clerks, to be paid at the rate of one hundred dollars (\$100) per month.

The Secretary presented the matter of form of annual reports of corporations and the question as to whether the report for the period ending June 30, 1907, should be filed with this Commission. It was moved and carried that the various companies in this district be required to file such reports with this Commission.

Commissioner Bassett moved the following resolution, which was duly seconded:

Resolved, That all important changes or additions in subway work, even where in the discretion of the Chief Engineer under existing contracts, be referred to this Board before being officially authorized.

Ayes—Commissioners Willcox, Bassett, Eustis.

Nays—None.

Carried.

The Secretary presented a communication from F. W. Stevens, Chairman of the Public Service Commission for the Second District, and after some discussion the matter, on motion, duly seconded, was referred to Mr. Bassett to draft an appropriate reply. The letter was as follows:

1186

ALBANY, September 3, 1907.

Hon. WILLIAM R. WILLCOX, Chairman, Public Service Commission, First District, Tribune Building, No. 154 Nassau Street, New York City:

DEAR SIR—We enclose copies of Circulars 12, 13 and 14, and Forms 1 and 2, in relation to the inspection, testing and washing of locomotive boilers.

We note that this class of work is almost entirely confined to the Second District, there being 5,500 locomotive boilers to inspect in this district and only about 40 in the First District, divided as follows:

The following companies operate locomotives in both districts:

Delaware, Lackawanna and Western Railroad Company.

New York Central and Hudson River Railroad Company.

Long Island Railroad Company.

New York, New Haven and Hartford Railroad Company.

The following roads operate wholly in the First District:

Brooklyn Elevated Union Railroad Company, 7 locomotives;
Interborough Rapid Transit Company, 2 locomotives.
Staten Island Rapid Transit Railway Company, Staten Island Railway Company, Baltimore and New York Railway Company, 30 locomotives.

We have received some requests from the railway companies involved asking whether reports are to be made to the First or Second District Commission, and we would like to have your suggestion as to the best method of handling the subject. There are so few locomotives operating in your district that our Inspector can easily handle them for you without extra expense. It occurs to us that a satisfactory method would be to have the State Boiler Inspector, Mr. G. P. Robinson, report to your Commission regarding locomotives in the First District, as you may not care to engage a separate Inspector for the small amount of work involved.

We will, of course, be glad to co-operate cordially with you in any direction you may suggest.

Yours very truly,
(Signed) F. W. STEVENS, Chairman.
TRAVIS H. WHITNEY, Secretary.

The President stated that a hearing having been asked in the matter of the ordinance prohibiting the use of chains on automobile tires in the parks and parkways, opportunity would now be afforded any person desiring to be so heard to express their views. The President further stated that the Board, in adopting said ordinance, acted advisedly, and suggested that it would save time to omit any argument as to the legal phase of the question, and limit the hearing to questions affecting the expediency or operation of the ordinance, and its effect upon the use of the park drives by pleasure vehicles.

The following persons appeared and were heard:

Charles Thaddeus Terry, representing the American Automobile Association, and the National Association of Automobile Manufacturers;

Melvin Bender, representing the New York State Automobile Association;

W. W. Niles, representing the Law and Ordinance Committee of the Automobile Club of America;

DEPARTMENT OF DOCKS AND FERRIES.

FILLING PRIVILEGE.

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Docks at Pier "A," foot of Battery place, in the City of New York, until 12 o'clock noon on

MONDAY, JANUARY 13, 1908.

FOR THE RIGHT TO DUMP AND FILL IN BEHIND THE BULKHEAD WALL RECENTLY BUILT OR TO BE BUILT ON THE NORTHERLY PART OF THE NEW BELLEVUE SECTION ON THE EAST RIVER, BOROUGH OF MANHATTAN.

TERMS AND CONDITIONS OF SALE.

The work to be done is to fill in with suitable material, as hereinafter described, the area behind the new bulkhead wall extending from the present line of the filling, which is about the southerly side of East Twenty-eighth street, northerly a distance of about 241 feet to a line which is about 17 feet southerly from the southerly side of West Twenty-ninth street, at which point, or as near thereto as possible, it is the intention to build a temporary bulkhead, and extending from the rear of the bulkhead wall, when it is completed, inshore a distance of from about 170 feet to 265 feet to an old crib bulkhead.

The exact limits of the basin to be filled under this agreement may be seen on a map at Pier "A," together with the soundings and other data used, the said map being a part of this agreement.

The filling will be brought to a grade level with the top of the coping of the bulkhead wall, and will extend inshore on a regular grade to the level of the filling or crib bulkhead adjacent.

It is estimated that the area outlining the above-described limits will create a basin to be filled in, under this agreement, whose cubical contents in net void space is equal to about 43,200 cubic yards.

Bidders will state in writing a lump sum price which they agree to pay for the privilege of filling in the void space behind the bulkhead wall, built or to be built on the northerly part of the New Bellevue section, as described above, and as appears in detail on the map at Pier "A," and which becomes a part of the contract or agreement.

In the estimated amount given, the amount in cubic yards is arrived at without placing any allowance for shrinkage, settlement, swelling of the material or penetration into the mud.

The Department is not bound in any way by such estimate, and bidders must satisfy themselves of the actual quantity required to fill in the above-described area by examination of the premises or such other means as they may prefer, the intention of the Department being to fill in the whole of the said premises behind the bulkhead wall within the above-described limits, and no allowance will be made to the purchaser from the purchase price on account of any discrepancy which may be found between the above-estimated quantity and the actual amount of filling required. The purchaser will be required to place the filling in accordance with the following specifications:

All the filling shall, unless otherwise directed, be placed directly in the rear of the bulkhead wall and carried from the bulkhead wall toward the shore until the bank of same has been carried out at the finished grade for a distance of about 30 feet from the face of the bulkhead wall, at which time, if so directed by the Engineer, the filling shall be started at the bank and carried outshore toward the bulkhead wall.

All material must be dumped and filled in only in such manner, at such points and in such order of procedure and at such times and seasons as may, from time to time, be directed, and the work of filling in may be entirely suspended for such periods of time as may be directed by the Engineer. The purchaser shall have no claim for damage or for any allowance from the purchase money on account of such suspension of the work.

All directions must be given by the Engineer, and wherever the word Engineer is used in these specifications it refers to and designates the Engineer-in-Chief of the Department of Docks and Ferries, or such officer or employee as may be designated by him.

Rip rap stone coming directly on or against the bulkhead wall must be deposited carefully in such manner as will not injure the same.

All the filling, except as otherwise specified herein, shall be of ashes, cellar dirt, broken stone, etc., entirely free from garbage or any organic matter objectionable in the opinion of the Engineer.

At any section of the bulkhead wall the filling shall be brought up level with the under side of the backing log of the bulkhead wall at such section, and no higher, unless otherwise directed.

The filling shall be commenced within five days after the date of the receipt of a notification from the Engineer that the work, or any part of it, is ready to be begun. The Department reserves the right of ordering the contractor to deposit not less than 100 cubic yards per day, as directed by the Engineer, and the whole amount of the filling called for to bring the above-described basin up to grade, shall be completed within four hundred and thirty-two calendar days from the date of the receipt of said notification. At the expiration of this time this agreement shall be considered closed unless a further extension of time shall be given by the Commissioner of Docks. If at any time during the progress of the work it shall be deemed necessary to order the suspension of the whole or any part of the filling, the time for completing said filling shall be extended as much as it may have been delayed by such suspension.

In case the purchaser at any time does not proceed with the work of filling in to the satisfaction of the Commissioner of Docks, the said Commissioner will at once terminate the privilege of filling in and proceed to have the remainder of the filling in done by other parties in such way and manner as he deems proper, and any loss which may result therefrom shall be charged against the principal and his surety.

The purchaser shall, during the work of filling in, and at all times until the completion thereof, take all necessary precautions and place proper guards for the prevention of accidents, and put up and maintain at night sufficient lights, and he shall indemnify and save harmless The City of New York from all damages and costs to which it may be put by reason of injury to the person or property of another resulting from negligence or carelessness in the performance of the work or guarding the same, to which the surety is also bound.

No bid or estimate will be considered unless accompanied by a certified check drawn to the order of the Commissioner of Docks, or money to the amount of twenty-five per centum of the amount of the bid, which amount shall be applied in the case of the successful bidder to the first one-quarter of the amount of the filling to be deposited; twenty-five per centum to be paid when the first one-quarter of filling has been completed; twenty-five per centum additional when one-half the filling has been completed, and the balance, twenty-five per centum, when three-quarters of said filling has been completed.

A surety or guarantee company, duly authorized by law to act as surety, to be approved by the Commissioner of Docks, will be required to enter into a bond or obligation jointly and severally with the purchaser, in the sum of double the amount of the purchase price as security for the satisfactory performance of said work, in accordance with the terms and conditions hereof.

J. A. BENSEL,
Commissioner of Docks.

Dated The City of New York, January 2, 1908.

See General Instructions to Bidders on the last page, last column, of the "City Record."

OFFICE OF THE DEPARTMENT OF DOCKS AND FERRIES, PIER "A," FOOT OF BATTERY PLACE, NORTH RIVER, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS WILL BE RECEIVED BY the Commissioner of Docks at Pier "A," foot of Battery place, in the City of New York, until 12 o'clock noon of

WEDNESDAY, JANUARY 15, 1908.

FOR A LEASE FOR A TERM OF FIVE YEARS, BEGINNING ON A DATE TEN DAYS AFTER SAID LEASE SHALL BE APPROVED BY THE COMMISSIONERS OF THE SINKING FUND, OF THE RIGHT TO USE AND OCCUPY THE INSHORE OR MOST EASTERLY DUMP ON THE NORTHERLY SIDE OF THE PIER AT THE FOOT OF WEST THIRTIETH STREET, NORTH RIVER, BOROUGH OF MANHATTAN, TOGETHER WITH THE RIGHT TO USE THE RAMP OR APPROACH THERETO.

It being understood that the lessee shall not in any way interfere with the operation of the Department of Street Cleaning dumps on the northerly side of said pier.

The lessee shall make all repairs to the dumping board above described.

All repairs to that portion of the ramp or approach extending from the easterly end thereof to the westerly end of the inshore dumping board shall be made by the Department of Street Cleaning, but one-half of the cost thereof, as shown by the books and accounts of the Department of Street Cleaning shall be borne by the lessee.

The lessee shall covenant and agree that he will at all times do such dredging from time to time during the term of said lease as may be considered necessary or proper by the Commissioner of Docks to a depth of at least 20 feet at mean low water, in the basin or slips or water adjacent at the northerly side of said pier, commencing at the bulkhead line and extending outshore to the westerly end of the inshore or most easterly dumping board.

The Commissioner of Docks expressly reserves the right to reject any and all bids; should a bid, however, be accepted, the said Commissioner will prepare a form of lease and transmit same to the Commissioners of the Sinking Fund, with a recommendation that said lease be approved by said Commissioners. The said form of lease shall contain the usual terms, conditions and covenants at present embodied in leases of wharf property now used by this Department.

No bid will be considered unless accompanied by a certified check payable to order of Department of Docks and Ferries, or cash in the sum of \$500 as security for the execution of the lease, which \$500 will be applied to the payment of the rent first accruing under the lease, when executed, or will be forfeited to the Department if the purchaser neglects or refuses to execute the lease, and the successful bidder will be required to agree that he will, upon three days' notice so to do, execute a lease, the form of which may be seen and examined upon application to the Secretary, at the office of the Department, Pier "A," Battery place; and also to furnish a bond or obligation in the sum of double the annual rent for the faithful performance of all the covenants and conditions of the lease, the sureties on bond to be approved by the Commissioner of Docks.

J. A. BENSEL,
Commissioner of Docks.

Dated December 31, 1907.

See General Instructions to Bidders on the last page, last column, of the "City Record."

BOARD OF ESTIMATE AND APPORTIONMENT.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on December 20, 1907, the following resolutions were adopted:

Whereas, the Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Grandview avenue, between Metropolitan avenue and Stanhope street, and between Linden street and Forest avenue, in the Borough of Queens, City of New York; and

Whereas, the Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding;

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at a point on the southerly line of Metropolitan avenue where it is intersected by the prolongation of a line midway between Amory street and Grandview avenue, as laid out between Metropolitan avenue and Amory street, and running thence southeastwardly along the said line midway between Grandview avenue and Amory street and the prolongation of the said line to the center line of Stanhope street; thence southwestwardly along the center line of Stanhope street to the intersection with the prolongation of a line midway between Grandview avenue and Amory street as laid out between Stanhope street and Ralph street; thence southeastwardly along the said line midway between Grandview avenue and Amory street and the prolongation of the said line to the intersection with a line which is the bisector of the angle formed by the intersection of the westerly line of Forest avenue and the northeasterly line of Grandview avenue; thence southeastwardly along the said bisecting line to a point distant 100 feet northeasterly from the northeasterly line of Grandview avenue, the said distance being measured at right angles to the line of Grandview avenue; thence southeastwardly and parallel with Grandview avenue to the easterly line of Forest avenue; thence easterly at right angles to the line of Forest avenue a distance of 100 feet; thence southwardly and parallel with Forest avenue to a point distant 100 feet southerly from the southerly line of Palmetto street; thence westwardly and southwestwardly and always distant 100 feet from Palmetto street to the intersection with the prolongation of a line midway between Grandview avenue and Fairview avenue; thence northwardly along the said line midway between Grandview avenue and Fairview avenue and the prolongations of the said line to the intersection with a line at right angles to Metropolitan avenue and passing through a point on the southerly line of Metropolitan avenue midway between Grandview avenue and Starr street; thence northwardly along the said line at right angles to Metropolitan avenue to a point distant 100 feet northerly from the northerly line of Metropolitan avenue; thence easterly and parallel with Metropolitan avenue to the intersection with a line at right angles to Metropolitan avenue, and passing through the point described as the point of beginning; thence southwardly along the said line at right angles to Metropolitan avenue to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 17th day of January, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all per-

sons affected thereby to be published in the City Record for ten days prior to the 17th day of January, 1908.

NOTICE IS HEREBY GIVEN THAT AT the meeting of the Board of Estimate and Apportionment, held on December 6, 1907, the following resolutions were adopted:

Whereas, The Board of Estimate and Apportionment of The City of New York is considering the advisability of instituting proceedings to acquire title to the lands and premises required for the opening and extending of Seaman avenue, from Two Hundred and Fifteenth street to Two Hundred and Eighteenth street, in the Borough of Manhattan, City of New York; and

Whereas, The Board of Estimate and Apportionment is authorized and required at the time of the adoption of the resolution directing the institution of proceedings to acquire title to the lands required for the foregoing improvement to fix and determine upon an area or areas of assessment for benefit for said proceeding.

Resolved, That the Board of Estimate and Apportionment, in pursuance of the provisions of section 980 of the Greater New York Charter, hereby gives notice that the following is the proposed area of assessment for benefit in this proceeding:

Beginning at the intersection of a line midway between Seaman avenue and Isham street with a line distant 100 feet southerly from and parallel with the southerly line of West Two Hundred and Fifteenth street, the said distance being measured at right angles to the line of West Two Hundred and Fifteenth street, and running thence northwardly along the said line midway between Seaman avenue and Isham street to the northerly line of West Two Hundred and Eighteenth street; thence northwardly at right angles to the northerly line of West Two Hundred and Eighteenth street a distance of 100 feet; thence eastwardly along a line parallel with West Two Hundred and Eighteenth street to its intersection with a line at right angles to the northerly line of West Two Hundred and Eighteenth street, and passing through a point on the said northerly line of West Two Hundred and Eighteenth street where it is intersected by the prolongation of a line distant 165 feet easterly from the easterly line of Park Terrace West, the said distance being measured at right angles to the line of Park Terrace West; thence southwardly at right angles to the line of West Two Hundred and Eighteenth street to the aforesaid point on the northerly line of the said West Two Hundred and Eighteenth street; thence southwardly along a line distant 165 feet easterly from and parallel with the easterly line of Park Terrace West, and along the prolongation of the said line, to the intersection with a line distant 100 feet south of and parallel with the southerly line of West Two Hundred and Fifteenth street, the said distance being measured at right angles to the line of West Two Hundred and Fifteenth street; thence westwardly and parallel with the southerly line of West Two Hundred and Fifteenth street to the point or place of beginning.

Resolved, That this Board consider the proposed area of assessment at a meeting of the Board to be held in The City of New York, Borough of Manhattan, in the City Hall, on the 10th day of January, 1908, at 10.30 a. m., and that at the same time and place a public hearing thereon will then and there be had.

Resolved, That the Secretary of this Board cause these resolutions and a notice to all persons affected thereby to be published in the City Record for ten days prior to the 10th day of January, 1908.

No. 18. EXTRA WORK IN CONNECTION WITH THE REGULATING, GRADING, ETC., OF VERNON AVENUE, FROM TENTH STREET TO ONE HUNDRED FEET NORTH OF NOTT AVENUE, IN THE CONSTRUCTION, RAISING AND RESETTING OF MANHOLES AND RECEIVING BASINS AND APURTANCES.

Area of assessment includes all the several houses and lots of ground, vacant lots, pieces and parcels of land situated on—

Both sides of Vernon avenue, from a point about one hundred feet south of Eleventh street to Nott avenue; both sides of Hancock street, from Twelfth street to a point about one hundred and thirty-six feet north of Twelfth street; both sides of Eleventh and Twelfth streets, extending about four hundred and twenty-five feet east of Vernon avenue; both sides of Division street, extending about one hundred and eight feet west of Vernon avenue; east side of Vernon avenue, from Nott avenue to Thirteenth street; south side of Thirteenth street, extending about one hundred and forty-six feet east of Hamilton street.

The Board of Assessors has levied and assessed the foregoing assessments in twenty equal annual installments:

The "Fifth Installment" in each case is now due and payable, and hereafter for fifteen years an amount equal to one of the aforesaid annual installments with interest shall be assessed upon the lots or parcels of land benefited by said improvements. These assessments were confirmed by the Board of Revision of Assessments on December 29, 1903, and the "Fifth Installment," entered on December 29, 1907, in the Record of Titles of Assessments, kept in the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents.

Unless the amount of the fifth installment in each case shall be paid within sixty days after said date of entry, interest shall be charged, collected and received thereon as provided in section 1019 of the Greater New York Charter.

Said section provides that "If any such assessment shall remain unpaid for the period of sixty days after the date of entry thereof in the said Record of Titles of Assessments, it shall be the duty of the officer authorized to collect and receive the amount of such assessment to charge, collect and receive interest thereon at the rate of seven per centum per annum, to be calculated to the date of payment from the date when such assessment became a lien, as provided by section 150 of this act."

Section 150 of this act provides * * * "An assessment shall become a lien upon the real estate affected thereby ten days after its entry in the said record." * * *

The above assessments are payable to the Collector of Assessments and Arrears, at the Bureau for the Collection of Assessments and Arrears of Taxes and Assessments and of Water Rents, at the Hackett Building, No. 51 Jackson avenue, Long Island City, Borough of Queens, between the hours of 9 a. m. and 2 p. m., and on Saturdays from 9 a. m. until 12 m., and all payments made thereon on or before February 27, 1908, will be exempt from interest, as above provided, and after that date will be subject to a charge of interest at the rate of seven per centum per annum from the date when above assessments became liens to the date of payment.

DEPARTMENT OF STREET CLEANING.

MAIN OFFICE OF THE DEPARTMENT OF STREET CLEANING, ROOM 1403, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Street Cleaning at the above office until 12 o'clock m. on

FRIDAY, JANUARY 10, 1908. Boroughs of Manhattan, The Bronx and Brooklyn.

CONTRACT FOR FURNISHING AND DELIVERING:

- No. 1. IRON AND STEEL.
- No. 2. HARNES-MAKERS' SUPPLIES.
- No. 3. MISCELLANEOUS SUPPLIES.
- No. 4. PLUMBING SUPPLIES.
- No. 5. MALLEABLE IRON CASTINGS.
- No. 6. SCRAPER STEEL.
- No. 7. HARDWARE.
- No. 8. CARRIAGE BOLTS AND NUTS.
- No. 9. MACHINE BOLTS AND NUTS.
- No. 10. LEATHER.
- No. 11. LUMBER.

The times for the delivery of the supplies and the completion of the contracts will be as follows: Harness-makers' Supplies, Scraper Steel,

Hardware, Carriage Bolts and Nuts, Machine Bolts and Nuts, sixty (60) days; for Iron and Steel, Miscellaneous Supplies, Malleable Iron Castings, ninety (90) days, and for Leather and for Lumber, the year 1908, as required.

The amount of security is fifty per cent. (50%) of the amount of the bid or estimate.

For the purpose of proper inspection of the supplies to be furnished under each of the above contracts, a Special Inspector will be appointed by the Commissioner of Street Cleaning, and the compensation of this Inspector is to be paid by the contractor under each contract at the rate of 2 1/2 per cent. of the total amount of each contract.

In making a bid for any one of the above contracts, this amount of 2 1/2 per cent. for compensation of the Special Inspector should be taken into account, but must not be distributed among the prices of the several items. It must be added by the bidder at the foot of his bid, as a separate and distinct item, thus: "Compensation of Special Inspector at 2 1/2 per cent."—then extending this amount as 2 1/2 per cent. of the total of his extended prices.

The bidder will state the price of each item or article contained in the specifications or schedules herein contained or hereto annexed, per pound, per hundred pounds, ton, dozen, gallon, yard or other unit of measure, by which the bids will be tested. The extensions must be made and footed up, as the bids will be read from the total for each class and awards made to the lowest bidder on each class.

Delivery will be required to be made at the time and in the manner and in such quantities as may be directed.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13 to 21 Park row.

FOSTER CROWELL,
Commissioner of Street Cleaning.

MAIN OFFICE OF THE DEPARTMENT OF STREET CLEANING, ROOM 1403, NOS. 13 TO 21 PARK ROW, BOROUGH OF MANHATTAN, THE CITY OF NEW YORK.

SEALED BIDS OR ESTIMATES WILL BE received by the Commissioner of Street Cleaning at the above office until 12 o'clock m. on

THURSDAY, JANUARY 9, 1908, Borough of The Bronx.

CONTRACT FOR FURNISHING ALL THE LABOR AND MATERIALS REQUIRED FOR LOADING AND TRIMMING DECK SCOWS AND OTHER VESSELS OF THE DEPARTMENT, AND FOR THE PRIVILEGE OF SORTING AND PICKING OVER AND APPROPRIATING CERTAIN REFUSE.

The time for the completion of the work and the full performance of the contract is by or before one year.

The amount of security required is Three Thousand Dollars.

The period of this contract will be one (1) year of fifty-two (52) weeks, beginning on the Monday following the date of the contract.

Bidders will write out the price in their bids or estimates, in addition to inserting the same in figures, and this price will be the compensation to be paid to The City of New York by the contractor per week in advance for the privilege and work at all the dumps and at dumps to be provided and maintained by the contractor at his own cost and expense.

Each bid or estimate must be accompanied by a certified check on a solvent banking corporation in The City of New York, payable to the order of the Comptroller of The City of New York, for five per centum (5%) of the amount for which the bidder proposes to perform the work for one year.

From the bids or estimates so received the Commissioner may select the bid, the acceptance of which will, in his judgment, best secure the efficient performance of the work, or he may reject any or all of said bids.

Blank forms and further information may be obtained at the office of the Department of Street Cleaning, the Borough of Manhattan, Nos. 13 to 21 Park row.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands, tenements and hereditaments required for the opening and extending of EAST TWO HUNDRED AND THIRTY-THIRD STREET (although not yet named by proper authority), from Bronx river to Hutchinson river; also the PUBLIC PLACE at the intersection of East Two Hundred and Thirty-third street with Morris Park avenue, and the PUBLIC PLACE at the eastern terminus of East Two Hundred and Thirty-third street and Hutchinson river, in the Twenty-fourth Ward, Borough of The Bronx, The City of New York, as amended by an order entered herein discontinuing the above-entitled proceeding, so far as the same affects that part of East Two Hundred and Thirty-third street lying between the westerly side of Baychester avenue and Hutchinson river.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in The City of New York, on or before the 10th day of January, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 13th day of January, 1908, at 2 o'clock p. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have

been deposited in the Bureau of Street Openings in the Law Department of The City of New York, Nos. 90 and 92 West Broadway, in the Borough of Manhattan, in said City, there to remain until the 20th day of January, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises, situate, lying and being in the Borough of The Bronx, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at a point formed by the intersection of a line parallel to and distant 1,500 feet southerly from the southerly line of East Two Hundred and Thirty-third street with the centre line of the Bronx river; running thence northerly along the centre line of the Bronx river to its intersection with a line parallel to and distant 1,500 feet northerly from the northerly line of East Two Hundred and Thirty-third street; thence easterly along said parallel line to its intersection with a line parallel to and distant 500 feet easterly from the easterly line of Baychester avenue; thence southerly along said last-mentioned parallel line to its intersection with the easterly prolongation of a line parallel to and distant 1,500 feet southerly from the southerly line of East Two Hundred and Thirty-third street; thence westerly along said prolongation and parallel line to the point or place of beginning; as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, First Department, at a Special Term thereof, Part III., to be held in the County Court House in the Borough of Manhattan, in The City of New York, on the 27th day of February, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

SECOND DEPARTMENT.

In the matter of the application of The City of New York, relative to acquiring title, wherever the same has not been heretofore acquired, to the lands and premises required for the opening and extending of WILBUR AVENUE (although not yet named by proper authority), from Academy street to Van Alst avenue, in the First Ward, Borough of Queens, in The City of New York.

WE, THE UNDERSIGNED COMMISSIONERS of Estimate and Assessment in the above-entitled matter, hereby give notice to all persons interested in this proceeding, and to the owner or owners, occupant or occupants of all houses and lots and improved and unimproved lands affected thereby, and to all others whom it may concern, to wit:

First—That we have completed our supplemental and amended estimate and assessment, and that all persons interested in this proceeding, or in any of the lands, tenements and hereditaments and premises affected thereby, and having objections thereto, do present their said objections, in writing, duly verified, to us at our office, No. 252 Jackson avenue, in the Borough of Queens, in The City of New York, on or before the 18th day of January, 1908, and that we, the said Commissioners, will hear parties so objecting, and for that purpose will be in attendance at our said office on the 22d day of January, 1908, at 11 o'clock a. m.

Second—That the abstracts of our said supplemental and amended estimate and assessment, together with our damage and benefit maps, and also all the affidavits, estimates, proofs and other documents used by us in making the same, have been deposited in the Bureau of Street Openings in the Law Department of The City of New York, No. 252 Jackson avenue, in the Borough of Queens, in said City, there to remain until the 28th day of January, 1908.

Third—That the limits of our assessment for benefit include all those lands, tenements and hereditaments and premises situate, lying and being in the Borough of Queens, in The City of New York, which, taken together, are bounded and described as follows, viz.:

Beginning at the point of intersection of the northwesterly line of Academy street with the middle line of the blocks between Jane street and Wilbur avenue; running thence northwesterly along said middle line of the blocks to its intersection with the southeasterly line of Van Alst avenue; thence northeasterly along the southeasterly line of Van Alst avenue to its intersection with the middle line of the blocks between Paynter avenue and Wilbur avenue; thence southeasterly along the last-mentioned middle line of the blocks to its intersection with the northwesterly line of Academy street; thence southwesterly along the northwesterly line of Academy street to the point or place of beginning; excepting from said area all streets, avenues and roads or portions thereof heretofore legally opened, as such area is shown upon our benefit maps deposited as aforesaid.

Fourth—That, provided there be no objections filed to either of said abstracts, our final report herein will be presented for confirmation to the Supreme Court of the State of New York, Second Department, at a Special Term thereof for the hearing of motions, to be held in the County Court House in the Borough of Brooklyn, in The City of New York, on the 9th day of April, 1908, at the opening of the Court on that day.

Fifth—In case, however, objections are filed to either of said abstracts of estimate and assessment, the notice of motion to confirm our final report herein will stand adjourned to the date to be hereafter specified, and of which notice will be given to all those who have theretofore appeared in this proceeding, as well as by publication in the CITY RECORD and in the corporation newspapers, pursuant to sections 981 and 984 of the Greater New York Charter, as amended by chapter 658 of the Laws of 1906.

PROPOSALS FOR BIDS AND ESTIMATES FOR THE CITY OF NEW YORK.

NOTICE TO CONTRACTORS.

GENERAL INSTRUCTIONS TO BIDDERS.

The person or persons making a bid or estimate for any services, work, materials or supplies for The City of New York, or for any of its departments, bureaus or offices, shall furnish the same in a sealed envelope, indorsed with the title of the supplies, materials, work or services for which the bid or estimate is made, with his or their name or names and the date of presentation to the President or Board or to the head of the Department at his or its office, on or before the date and hour named in the advertisement for the same, at which time and place the estimates received will be publicly opened by the President or Board or head of said Department and read, and the award of the contract made according to law as soon thereafter as practicable.

Each bid or estimate shall contain the name and place of residence of the person making the same, and names of all persons interested with him therein, and, if no other person be so interested, it shall distinctly state that fact; also, that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Board of Aldermen, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of The City of New York is, shall be or become interested, directly or indirectly, as contracting party, partner, stockholder, surety or otherwise in the performance of the contract, or in the supplies, work or business to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated herein are in all respects true.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, or of a guaranty or surety company duly authorized by law to act as surety, and shall contain the matters set forth in the blank forms mentioned below.

No bid or estimate will be considered unless, as a condition precedent to the reception or consideration of any proposal, it be accompanied by a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the bond required, as provided in section 420 of the Greater New York Charter.

The certified check or money should not be inclosed in the envelope containing the bid or estimate, but should be either inclosed in a separate envelope addressed to the head of the Department, President or Board, or submitted personally upon the presentation of the bid or estimate.

For particulars as to the quantity and quality of the supplies, or the nature and extent of the work, reference must be made to the specifications, schedules, plans, etc., on file in the said office of the President, Board or Department.

No bid shall be accepted from or contract awarded to any person who is in arrears to The City of New York upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the City.

The contract must be bid for separately. The right is reserved in each case to reject all bids or estimates if it is deemed to be for the interest of the City so to do.

Bidders will write out the amount of their bids or estimates in addition to inserting the same in figures.

Bidders are requested to make their bids or estimates upon the blank forms prepared and furnished by the City, a copy of which, with the proper envelope in which to inclose the bid, together with a copy of the contract, including the specifications, in the form approved by the Corporation Counsel, can be obtained upon application therefor at the office of the Department for which the work is to be done. Plans and drawings of construction work may also be seen there.
