Sec. 2. Within sixty days after the performance and completion of such labor, or the final furnishing of such materials, the contractor, sub-contractor, laborer, or person furnishing the same, shall file a notice in writing in the office of the clerk of the county where the property is located, specifying the amount of the claim and the person against whom the claim is made, the name of the owner or of the party in interest as aforesaid of the premises, lot, parcel, or farm of land, together with a description of said lot, parcel, or farm of land. The county clerk shall enter the particulars of such notice in a book to be kept in his office to be called the "lien docket," which shall be suitably ruled in columns headed "claimants," "against whom claimed," "owners and parties in interest," "amount claimed," and the date of filing of the notice, hour and minute, what proceedings have been had, the names of the owners and parties in interest, and the persons against whom the claim is made shall be entered in said book in alphabetical order. A fee of ten cents shall be paid to said clerk on filing such notice, and no lien shall attach to said land, well, tank, or other receptacle or appurtenances or appliances unless said notice shall be filed by said clerk, and when so filed said notice shall thereafter operate as an incumbrance upon said property.

Sec. 3. Whenever the labor performed or materials furnished shall be upon the credit of any contractor who shall have made a contract therefor with the owner of the property, or such party in interest as aforesaid, whether such contract shall be oral or in writing, or express or implied, or for any specified sum or otherwise, or on the credit of any sub-contractor or the assignee of any contractor or sub-contractor, the provisions of this act shall not oblige the owner or party in interest as aforesaid to pay for or on account of any such labor or materials any greater sum or amount than the price stipulated and agreed to be paid therefor by said contract, or the value of such labor and materials except as in the next section provided.

Sec. 4. At the time of the filing of said notice prescribed by the second section of this act, the person filing said notice may serve upon the said owner or party in interest as aforesaid a written notice specifying the amount of the claim, the name of the person against whom the claim is made, and for what labor or materials the claim is made, which said notice shall be served by delivering the same to such owner or party in interest as aforesaid personally, or if there shall be two or more of such owners or parties in interest, to either or any one of them, or by leaving the same at the place of residence of such owner or party in interest, or if there be two or more, of either or any one of them, or in case said owner or party in interest shall have no place of residence within the

county where such property as aforesaid shall be situated, then by mailing said notice to said owner or party in interest, securely inclosed in a sealed envelope directed to said owner or party in interest at his post-office address, with the postage prepaid thereon, and from the time of the service of such notice as aforesaid, such owner or party in interest shall be liable to said claimant to the amount then due or owing to the contractor, sub-contractor, or assignee of such contractor or sub-contractor, upon whose credit such labor shall be performed or materials furnished as hereinbefore provided. And in any case, whether the notice above prescribed shall or shall not be served as above provided upon such owner or party in interest as aforesaid, if such owner or party in interest as aforesaid shall pay, or cause to be paid, to any contractor, sub-contractor, or assignee, or any other person, any money or other valuable thing for the purpose of avoiding, or with intent to avoid, any of the provisions of this act, when the amount still due or to grow due to said contractor, sub-contractor, or assignee shall be insufficient to satisfy the demands made in conformity with the provisions of this act, the owner or other party in interest as aforesaid shall be liable for the amount that would have been due or owing to said contractor, sub-contractor, or assignee at the time of the filing of the notice in the second section of this act, in the same manner as if no such payment had been made.

Sec. 5. Any contractor, sub-contractor, mechanic, laborer, or other person performing any work or furnishing any materials as above provided, or the assignee of any such person or persons, may, after such labor has been performed or materials furnished, and the filing of the notice provided by the second section of this act, when the amount of the claim exceeds fifty dollars, bring an action in the supreme court in the county in which the property is situated, or in the county court of said county, to enforce such lien, which action shall be commenced, and the proceedings therein conducted, and judgment entered in the same manner and to the same effect as in actions brought in said courts to enforce liens, provided by chapter four hundred and two of the laws of eighteen hundred and fifty-four, and the several acts amending the same, and the said courts shall have full power to adjust and enforce all the rights and equities between any or all of the parties to such actions, and enforce or protect the same by any of the remedies usual in said courts.

Sec. 6. When the amount of the lien claimed is two hundred dollars or under, the claimant may commence his action in a justice's court of the town or city in which the premises are located, which action shall be commenced, and the proceedings therein conducted, and the judgment entered and transcript filed in the same manner and with the effect as in actions commenced in justice's courts to enforce liens pursuant to said chapter four hundred and two of the laws of eighteen hundred and fifty-four, and the several acts amending the same.

Sec. 7. Costs and disbursements, in actions to enforce liens provided for by this act, shall be allowed to either party upon the principles and by the same rules as are now allowed by law in actions for relief arising on contract, and shall be included in the judgment recovered therein, and the expenses incurred in serving the notice by which such actions shall be commenced by publication may be allowed in justice's courts, and added to the amount of costs now allowed in said courts. When the action is brought in the supreme court, or in a county court, such direction shall be made in the discretion of the court as to the payment of costs as shall be just and equitable, and the judgment entered shall specify to whom and by whom the costs are to be paid.

Sec. 8. A transcript of every judgment rendered under this act shall be furnished by the clerk of the county where rendered and docketed to the successful party, who may file the same with the county clerk of any other county, and the same shall thereafter be a lien on the real property in the county where the same is filed and docketed, of every person against whom the same is rendered, if for twenty-five dollars or upwards, exclusive of costs, in like manner and to the same extent, and enforceable by execution in the same manner as in other actions for the recovery of money arising on contract.

Sec. 9. Whenever any judgment shall be entered in any such action as aforesaid, execution shall thereupon issue for the enforcement and collection of such judgment in the same manner as executions are issued upon other judgments in actions on contract for the payment of money only, except that when the judgment is in favor of the claimant the execution shall direct the officer to sell the right, title, and interest which the owner or other party in interest had in the premises at the time of filing the notice prescribed by the second section of this act, and if the same shall be insufficient to satisfy said judgment, then to collect such deficiency as shall remain out of the personal property of such owner or party in interest, or if there be two or more, of either of them, or if sufficient personal property cannot be found, then out of the real property of such owner or party in interest, or if there be two or more, of either of them, in the county to which said execution is issued, on the day such judgment was docketed in said county, or on any day thereafter. But no such deficiency shall be collected out of any real property, unless such deficiency shall amount to or exceed the sum of twenty-five dollars.

Sec. 10. Every lien created under the provisions of this act shall continue until the expiration of six months from the time of filing the notice prescribed in the second section of this act, unless sooner discharged by the court or some legal act of the claimant in the proceedings; but if within such period of six months proceedings are commenced to enforce or foreclose such lien, then such lien shall continue until judgment shall be rendered thereon, and for one year thereafter such lien shall also continue during the pendency of an appeal, and for one year after the determination thereof. When a judgment is rendered as aforesaid, it may be docketed in any county of this state, and enforced as if obtained in an action in a court of record.

Sec. 11. Appeals from judgments rendered pursuant to this act may be taken by either party in the same manner, within the same time, and subject to the same rules and course of procedure as in appeals taken in civil actions arising on contract, and with like costs and disbursements, and the judgment thereon shall be enforced as judgments on appeal are now enforced and collected. Such appeal shall be had and taken only in the proceeding or action wherein judgment shall be given or rendered, but such appeal shall not operate as a stay of proceedings or in any manner to affect the foreclosure or action of any other claimant or claimants then pending.

Sec. 12. The liens created by virtue of the provisions of this act shall be paid and settled according to priority of notice filed with the county clerk as directed by the second section of this act.

Sec. 13. All liens created by this act may be discharged as follows: First, by filing with the county clerk a certificate of the claimant, or his successor in interest, acknowledged or proved in the same manner as a conveyance of real estate, stating that the lien has been paid or discharged; second, by depositing with the justice before whom, or the clerk of the court in which proceedings shall be commenced to enforce or foreclose said lien, a sum of money equal to double the amount claimed, which money shall thereupon be held subject to the determination of such proceedings; or third, by an entry of the county clerk, made in the book of liens, that the proceedings on the part of the claimant have been dismissed by the court, or a judgment rendered against the said claimant.

DEPARTMENT OF
PUBLIC CHARITIES AND CORRECTION,
No. 66 THIRD AVENUE.

TO CONTRACTORS.

SEALED BIDS OR ESTIMATES FOR REPAIRING the engine and boilers of Steamboat Bellevue, will be received at the office of the Department of Public Charities and Correction, in the City of New York, until 9 o'clock A. M., of Thursday, the 15th day of July, 1880. The person or persons making any bid or estimates shall furnish the same in a sealed envelope, indorsed "Bid or Estimate" for repairing the engine and boiler, and with his or their name or names, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the head of said Department and read.

The award of the contract will be made as soon as practicable after the opening of the bids.

The entire work will be required to be finished within twenty (20) days after the date of the contract.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract by his or their bond, with two sufficient sureties, in the penal sum of an amount equal to one-half of the amount of the bid.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same; the names of all persons interested with him or them therein; and if no other person be so interested, it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud; and that no member of the Common Council, Head of a Department, Chief of a Bureau, Deputy thereof or Clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect, that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties, for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion, and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities, as bail, surety and otherwise; and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 27 of chapter 8 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept to contract within forty-eight (48) hours after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned the same, and as in default to the Corporation, and the contract will be readvertised and relet as provided by law.

Bidders are cautioned to examine the specifications for particulars of the work required, before making their estimates.

Bidders will state the price for repairing the engine and boilers, by which the bids will be tested.

Bidders will write out the amount of their estimate in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller issued on the completion of the contract, or from time to time as the Commissioners may determine.

Bidders are informed that no deviation from the specifications will be allowed, unless under the written instruction of the Commissioners of Public Charities and Correction.

The Department of Public Charities and Correction reserves the right to decline any and all bids or estimates if deemed to be for the public interest, and to accept any bid or estimate as a whole, or for any one or more articles included therein. No bid or estimate will be accepted from, or a contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The form of the agreement, including specifications, and showing the manner of payment, can be obtained at the office of the Department.
