DEPARTMENT OF DOCKS.

At a meeting of the Board of Docks held June 5, 1878.

Present—The full Board.

The minutes of the meeting held 29th May, were read and approved.

A communication was received from the Captain of the Port stating that he has no knowledge of the pier at Twenty-third street, East river, having been used for the purpose of loading or unloading vessels regularly employed in foreign commerce and having a draft of more than 18 feet; and, being read,

On motion, the application of the Manhattan Beach Railroad Company was taken from the table and placed on file, and the following resolution adopted.

Resolved, That permission be and is hereby granted to the Manhattan Beach Railroad Company to erect and maintain on the outer end of pier at Twenty-third street, East river, an open shed, with tight roof, about 75 feet by 25 feet, as a shelter for passengers and for the protection of property received and discharged thereat, the said shed to be constructed subject to the regulations of the Superintendent of Buildings as required by chapter 249, Laws of 1875, and in accordance with the directions of the Engineer-in-Chief of this Department, and to become the property of the city when so erected.

A communication was received from Superintendent Butler, stating that a quantity of lumber encumbered the bulkhead at Thirty-first street, East river, owned by E. Russell & Co., which said owners had refused to remove, although repeatedly notified by him so to do; and, being read, on motion, the Secretary was directed to notify the owners of said lumber to remove it from said bulkhead without further delay, and in case of failure so to do, this Department will take proceedings to effect that object.

A communication was received from Thos. E. Broadway, surety on lease to "Oceanic Steam Navigation Co.," of Piers, new 44 and 45, North river, etc., dated June 8, 1874, requesting that action be taken whereby he may be relieved from the position of surety; and, being read, on motion, the Secretary was directed to advise, in reply, that this Department has no power to grant his request, and to refer him to the communication addressed to his counsel, on March 13 last, in answer to a similar application.

An application was received from Richard Heckscher, Jr., to place a small platform for discharging ice at pier at Twenty-third street, East river; and, being read,

On motion, it was

Resolved, That permission be and is hereby granted to Richard Heckscher, Jr., to erect a small platform at the lower end of pier at Twenty-third street, East river, for the purpose of discharging ice, provided he shall first file in this Department the consent in writing of the lessee of said pier to the erection of the same, and to construct it under the supervision of the Engineer-in-Chief of this Department; said platform to be removed when not in use, or whenever it shall be so requested by the Harbor Master of the District, the Department reserving the right to revoke this permission at any time.

A communication was received from the New York, Lake Erie, and Western Railroad Company, requesting that an abatement of rent in the sum of \$3,750 be allowed by this Department of the rent due 1st May last, for Pier 30 and one-half of the bulkhead between Piers 30 and 31, North river, in consequence of said premises being occupied by this Department in the work of improving the waterfront at that point in accordance with the new plans adopted; and, being read,

On motion, the Secretary was directed, in reply, to call attention to the communication from this Department to the Erie Railway Company, under date, July 14, 1875, in reference to the proposed lease of the wharf property, when improved, at the foot of Chambers street, North river, and to state that, as the Erie Railway Company could not be called upon by this Department to pay any increased rent until the completion of the piers therein referred to, and in view of the probability that the Company would occupy and use, for a considerable time, a large portion of the premises so improved, subject only to the smaller rent now in force, as stated in said communication, the Commissioners are of the opinion that the claim for a rebate of the rent due 1st May last in the sum of \$3,750 is not well founded, and cannot be allowed by this Department.

A communication was received from S. L. Merchant & Co., offering to sell to the Department English Portland cement, to arrive, at \$2.45 per barrel; also from Jackson & Wilson, offering to sell 1,000 barrels "Taylor's" Portland cement, barrels to be returned, at \$2.50 per barrel; and, being read, were,

A communication was received from Department of Public Charities and Correction, requesting that repairs be made to the Store House Dock, Blackwell's Island, new piles, etc., being required; and being read, was,

A report was received from the Engineer-in-Chief in reference to the amount of dredging required at Piers 27 and 28, East river, to secure a depth at low water of twenty feet; and, being read,

Resolved, That the owner or owners of Piers 27 and 28, East river, be and are hereby notified to dredge the slips adjacent thereto, to such depth as may be required to float the vessels berthed thereat, complaint having been made to this Department that ships ground while loading, and the Engineer-in-Chief reporting that 39,000 cubic yards of mud should be removed to secure a depth of about 20 feet.

A communication was received from John M. C. Scully, contractor, for furnishing riprap and broken stone, inclosing an affidavit by him, wherein it is stated that one Patrick H. On motion, placed on file.

Walsh to sink a crib and repair platform between Forty-fifth and Forty-sixth streets, East river; and, being read, was, on motion, laid on the table, and the applicants requested to forward to this Department the water grant, if any has been issued by the city, to the premises sought to be improved.

JURORS.

NOTICE IN RELATION TO JURORS FOR STATE COURTS

OFFICE OF THE COMMISSIONER OF JURORS,
NEW COUNTY COURT-HOUSE,
NEW YORK, June 1, 1877.

APPLICATIONS FOR EXEMPTIONS WILL BE heard here, from 9 to 4 daily, from all persons hitherto liable or recently serving who have become exempt, and all needed information will be given.

Those who have not answered as to their liability, or proved permanent exemption, will receive a "jury enrollment notice," requiring them to appear before me this year. Whether liable or not, such notices must be answered (in person, if possible, and at this office only) under severe penalties. If exempt, the party must bring proof of exemption; if liable, he must also answer in person, giving full and correct name, residence, etc., etc. No attention paid to letters.

Persons "enrolled" as liable must serve when called or pay their fines. No mere excuse will be allowed or interference permitted. The fines, received from those who, for business or other reasons, are unable to serve at the time selected, pay the expenses of this office, and if unpaid will be entered as judgments upon the property of the delinquents.

All good citizens will aid the course of justice, and secure reliable and respectable jurors, and equalize their duty by serving promptly when summoned, allowing their clerks or subordinates to serve, reporting to me any attempt at bribery or evasion, and suggesting names for enrollment. Persons between sixty and seventy years of age, summer absentees, persons temporarily ill, and United States and District Court jurors are not exempt.

Every man must attend to his own notice. It is a misdemeanor to give any jury paper to another to answer. It is also punishable by fine or imprisonment to give or receive any present or bribe, directly or indirectly, in relation to a jury service, or to withhold any paper or make any false statement, and every case will be fully prosecuted.

THOMAS DUNLAP, Commissioner,
County Court-house (Chambers street entrance)
