BOARD OF RAPID TRANSIT RAILROAD COMMISSIONERS FOR THE CITY OF NEW YORK TO THE PENNSYLVANIA, NEW YORK AND LONG ISLAND RAILROAD COMPANY.
Certificate, 1902.

The Board of Rapid Transit Railroad Commissioners for The City of New York does hereby certify as follows:

Whereas, The Pennsylvania, New York and Long Island Railroad Company (which is hereinafter called *the Tunnel Company*) is a railroad corporation, which has been duly incorporated under the laws of the State of New York for the purpose, so declared in its articles of association, of constructing and operating a tunnel railroad in The City of New York (which city is hereinafter called *the City*) to be connected with any railroad or railroads within the State of New York or any adjoining State, and thereby forming a continuous line for the carriage of passengers and property between a point or points within, and a point or points without, the city, and, more particularly, a tunnel railroad to be connected with the railroad of the Pennsylvania, New Jersey and New York Railroad Company in the State of New Jersey (being a State adjoining the State of New York) and the railroad of the Long Island Railroad Company (being a railroad within the State of New York extending from within the city to points without the same), and thus forming a continuous line for the carriage of passengers and property between points on the line of the railroad of the Tunnel Company within the city and points along the line of the railroad of the Pennsylvania, New Jersey and New York Railroad Company, the Pennsylvania Railroad Company and connections between Jersey City and Trenton in the State of New Jersey, between Morrisville and Philadelphia, and between Philadelphia and Pittsburg, in the State of Pennsylvania, and various other points in the States of New Jersey, Pennsylvania and Ohio, and other States, and also between such points on the said line of the railroad of the Tunnel Company and points in Long Island without the city; and

Whereas, The Board, by a concurrent vote of at least six of its members, has fixed and determined the locations and plans of construction of such railroad of the Tunnel Company upon such routes and of such tracks and facilities, the times within which they shall be respectively constructed, and the compensation to be paid therefor to the City by the Tunnel Company; and

Whereas, The Board, by such concurrent vote, has prescribed such terms, conditions and requirements as to the Board appear to be just and proper for the grant hereby made to the Tunnel Company, including the terms, conditions and requirements provided by the Rapid Transit Act, and has included among them a provision that the Tunnel Company shall, from the time of the commencement of the operation of such railroad under such determination, annually pay to the City a sum or rental for a period of twenty-five years, beginning with such operation, and also providing for a readjustment of the amount of such sum or rental at the expiration of such period and at intervals thereafter of twenty-five years—

If it shall appear that any consent herein required is not necessary, the Board shall have power to waive the same, and in such case the franchise hereby granted shall be deemed as effectually granted as if the consent were given. So also if the Tunnel Company shall surrender or waive any right for which a consent cannot or shall not be obtained, then and in such case the Board shall have power to waive the procurement by the Tunnel Company of such consent; and in such case, the franchise hereby granted shall, except as to such right, be deemed as effectually granted as if all the consents aforesaid should have been obtained.

The franchise hereby granted shall, if the Board shall so determine, become void, unless within one year after the time of the acceptance of its certificate by the Tunnel Company, that Company shall further, and in due and lawful form, obtain the consent of the owners of one-half in value of the property bounded on each portion of the streets or avenues under or through which the Railroad, or any part of the routes thereof, runs, to the construction and operation of the Railroad, or such part thereof, or in case the consent of such property owners cannot be obtained, then the determination of commissioners to be appointed pursuant to law by the Appellate Division of the Supreme Court, in the First Department or the Second Department (as the case may be), that such portion of the Railroad ought to be constructed and operated, the said determination of such Commissioners, when confirmed by the Appellate Division which shall have appointed such Commissioners, to be taken in lieu of such consent of property owners; provided, however, and it is expressly stipulated, that the Board shall have power, upon reasonable cause shown, to extend by written certificate either of the periods hereinbefore in this article prescribed. Provided, further, however, that the total period of any such extension or extensions allowed for obtaining the consents prescribed in the sub-paragraphs Nos. 1, 2, 3 and 4, above contained in this article, shall not exceed three years, and that the total period of any such extension or extensions allowed for obtaining the consents of owners of property, or in lieu thereof, the determination of Commissioners confirmed by the Appellate Division, shall not exceed five years.

If the Tunnel Company shall be diligent in prosecuting applications for the consents aforesaid, and shall not have secured the same other than such, if any, as shall have been so waived within the period of one year after its acceptance as aforesaid of this franchise, then and in such case the Tunnel Company shall, after a written notice of three months to the Board, be released from its obligations hereunder, unless within such three months such consents shall have been given.

III.

The Tunnel Company shall begin the construction of the Railroad within three months after it shall have obtained the consents aforesaid, or such of them as shall be necessary as aforesaid and shall not have been waived as aforesaid, and shall complete the construction of the Railroad and begin its operation within five years after such construction shall be begun, except that portion thereof described in Paragraph 1 of the grant herein contained, consisting of two tracks beginning at the boundary line between the States of New York and New Jersey under the Hudson river, and running easterly under the said river, under Thirty-first street in Manhattan Borough, under the East river and under private property in Queens Borough, crossing under intermediate streets and avenues and reaching the surface near Thompson avenue, which portion shall be constructed within ten years after the completion of the remainder of the Railroad.

Provided, however, that if it shall be found by the Tunnel Company that the construction of either or both of the sections of its lines on Thirty-first street, east of Seventh avenue and west of Ninth avenue, is not necessary to the efficient and proper operation of the Railroad, then the Tunnel Company shall have the right, upon one year's written notice to the Board at any time prior to the expiration of said ten years, to relinquish and surrender its right to construct and operate either or both of said sections and shall thereupon be relieved from all obligations respecting the same.

In case the Tunnel Company, within the period of three months after it shall have obtained the consents necessary as aforesaid, shall not have begun the actual construction of the Railroad, or if, after having begun such construction, it shall suspend the same prior to the completion thereof for a period exceeding three months, or if it shall not complete such construction and begin the operation of the Railroad (except the portion thereof excepted in the first paragraph of Article III. hereof) within the said period of five years, or shall not complete the construction and begin the operation of such excepted portion within ten years after the completion of the remainder, then and in either of such cases the Board, upon a written notice to be delivered to the Tunnel Company not less than three months before the action of the Board, may annul the franchise hereby granted as to any part of the Railroad not then completed and in operation; provided, however, that the Board shall have the power, upon reasonable cause shown, to extend by written order any of the periods in this article prescribed. Provided further, however, that such extension or extensions shall not in all exceed five years; and provided further, that additional time shall be allowed by way of extension of any period for such commencement of construction or for the completion thereof, or for the commencement of operation of the Railroad equal to the total period of delay caused by injunction or by necessary proceedings for condemnation of real estate, easements or other property, so far as such proceedings shall necessarily prevent the Tunnel Company from prosecuting such construction, but no delay to be so allowed for unless, during the same, such proceedings shall be diligently prosecuted by or for the Tunnel Company; and provided further, that in no case shall such delay be deemed to begin until the Tunnel Company shall have given written notice to the Board of the injunction or other occasion of delay and delivered to the Board copies of the injunction or other orders and of the papers upon which the same shall have been granted, and unless, upon the request of the Board, the Tunnel Company shall, in writing, consent that the Board, either in its own name as a party or in the name of The City of New York as a party, may intervene in any such injunction proceedings or other suit or proceeding, and provided further, that in case of annulment of any part of the franchise the Tunnel Company shall have no right to any return of payments which it shall have made to the City by way of rental or otherwise.

IV.

The Tunnel Company shall pay to the City for the rights, franchises and licenses hereinbefore given to construct and maintain its said railways under the beds of the Hudson river and East river, outside of pierhead lines (or so much of the railroad as shall be thereunder), the sum of one hundred dollars (\$100) for each river for each year, beginning on the date on which the Tunnel Company shall first commence the actual operation of the railroad (but such date not to be later than the last day on which the Tunnel Company shall be bound to begin such operations), and ending on the day twenty-five (25) years next thereafter.

The Tunnel Company shall pay to the City for the rights, franchises and licenses hereinbefore given to construct and maintain its said railways under the docks and bulkheads belonging to the City (and including all space occupied between any pier-

head line and the part nearest thereto of the street or avenue under which any such railway shall be laid, for each year beginning on the date on which the Tunnel Company shall first commence the actual operation of the railroad (but such date not to be later than the last day on which the Tunnel Company shall be bound to begin such operation) and ending on the day ten (10) years next thereafter, a sum equal to fifty cents (\$0.50) per linear foot of single railway track then constructed, or which the Tunnel Company shall be bound to have then constructed, under such docks and bulkheads, and the sum of one dollar (\$1) per annum per linear foot of such tracks for the period beginning on the last day of the said period of ten (10) years and ending on the day fifteen (15) years next thereafter.

The Tunnel Company shall pay to the City for the rights, franchises and licenses in, under, on or above streets or avenues herebefore granted the sum of fifty cents (\$0.50) per annum for each linear foot of single railway track which shall be then constructed or which the Tunnel Company shall be bound to have then constructed, under any streets or avenues or parts of streets or avenues (but excluding Thirty-first and Thirty-third streets between Seventh and Eighth avenues and between Eighth and Ninth avenues) within Manhattan Borough during the period beginning on the day when the Tunnel Company shall first commence actual operation of the railroad (but not later than the last day on which the Tunnel Company shall be bound to begin such operation) and ending on the day ten (10) years next thereafter; and the sum of one dollar (\$1) per annum for each linear foot of such tracks during the period beginning on the last day of such period of ten (10) years and ending on the day fifteen (15) years next thereafter, and shall during such periods annually pay to the City for the rights, franchises and licenses herebefore granted in, under, on or above opened streets or avenues in Queens Borough for each linear foot of single railway track there constructed at a rate equal to one-half the rate prescribed for streets and avenues in Manhattan Borough as aforesaid.

The Tunnel Company shall pay to the City for such underground portions of Thirty-first street and Thirty-third street in Manhattan Borough between Seventh and Eighth avenues and between Eighth and Ninth avenues the sum of fourteen thousand dollars (\$14,000) per annum, such rental to begin on the date of the commencement of construction therein by the Tunnel Company (but such date not to be later than the last day on which the Tunnel Company shall be bound to begin such construction) and to continue during the period of ten (10) years next thereafter and the sum of twenty-eight thousand dollars (\$28,000) per annum for the period of fifteen (15) years next after such first period of ten (10) years.

The Tunnel Company shall pay to the City for the use of the underground portions of Thirty-third street and Fourth avenue which shall be occupied for station purposes as aforesaid at the rate of eleven hundred and forty dollars (\$1,140) per annum beginning at the date of commencement of the actual operation of the railroad (but such date not to be later than the last day on which the Tunnel Company shall be bound to begin such operation) and to continue during the period of ten (10) years next thereafter, and the sum of two thousand two hundred and eighty dollars (\$2,280) per annum for the period of fifteen (15) years next after such first period of ten (10) years.

All such payments shall be made to the Comptroller of the City in equal payments at the end of each quarter year on the first days of January, April, July and October in each year.

The amounts to be paid by the Tunnel Company as aforesaid shall be readjusted at the end of the first period of twenty-five (25) years, and shall thereafter be readjusted at intervals of twenty-five (25) years. The amounts to be paid by the Tunnel Company at the end of the first period of twenty-five (25) years shall be determined as follows, to wit: Each such determination shall be had upon the application of either the Tunnel Company or the Board or any authority which shall be authorized by law to act for the City in place of the Board. Such application shall be made at any time not earlier than two years and not later than one year before the expiration of the preceding period of twenty-five years. The determination shall be sufficient if agreed to in writing by the Tunnel Company and the Board or such other authority in its place. If the Tunnel Company and the Board or such other authority in its place for the City shall not reach such agreement on or before the day one year before the expiration of such preceding twenty-five years period, then the rate of compensation for such succeeding twenty-five years period shall be reasonable; and either the City (by the Board or such other authority in its place) or the Tunnel Company shall be bound, upon request of the other, to enter into a written agreement with such other fixing the rate of such compensation at such amount, as shall be reasonable; and if the parties shall not forthwith agree upon what is reasonable, then the parties shall enter into a written agreement fixing such rate at such amount as shall be determined by the Supreme Court of the State of New York; and either party may in such case apply to the said Court to fix such rate. If, in any case, the rate shall not be fixed prior to the commencement of such succeeding twenty-five years period, then the Tunnel Company shall pay the rate theretofore prevailing until the new rate shall be determined, and shall then make up to the City the amount of the excess of the rate then determined over the previous rate. Nothing herein contained shall be deemed to determine or affect the basis of any such readjustment of amounts to be paid, it being intended that such basis shall be completely open to either the City or the Tunnel Company whenever any such readjustment is to be made, except that any such readjusted amount shall never be less than the corresponding amount provided herein.

V.

The Tunnel Company shall pay to the City for its terminal facilities herebefore described on the portions of Thirty-second street between the westerly line of Seventh avenue and the easterly line of Eighth avenue, and between the westerly line of Eighth avenue and the easterly line of Ninth avenue, at the rate of Thirty-six thousand dollars (\$36,000) per annum, payable in quarter-yearly instalments at the end of each quarter; such payment to begin on the day when the Tunnel Company shall begin the use of such portions of Thirty-second street or any part thereof or shall enter thereon for purposes of construction or otherwise, and such rate to continue for the period of twenty-five years next thereafter, and thereupon to be readjusted, and thereafter to be readjusted at intervals of twenty-five years, in manner provided in Article IV. hereof with respect to the payments therein provided for. Provided, however, and it is expressly agreed that, if the City or any of the said authorities of the City shall be or become authorized by law to convey to the Tunnel Company the fee simple of such portions of Thirty-second street, then and in such case the City or its authorities so authorized by law shall thereupon convey to the Tunnel Company by deed good in law for the conveyance of such fee simple thereof, reciting the payment of a consideration of seven hundred and eighty-eight thousand six hundred dollars (\$788,600), and in such case, the Tunnel Company shall pay therefor to the City or the Comptroller thereof the amount of the consideration so recited, and upon such conveyance and payment the obligation of the Tunnel Company to make annual payments for terminal facilities on such portions of Thirty-second street shall cease.

VI.

The railways forming part of the railroad, where the same shall occupy parts of streets or avenues, shall be in tunnel or tunnels under the streets or avenues, except that from the point, or points, where they come to the surface near Thompson avenue, in Queens Borough, to the eastern terminus of said railroad, where they are constructed on private property, said railways may be placed on, or above, or under the surface, and may be covered or open as the Tunnel Company may see fit.

The Tunnel Company may construct the railways in tunnels containing one or more tracks, as it may find most advantageous.

No part of the structure of the Railroad, except its terminals or stations, and except on the portion of Thirty-second street west of Ninth avenue where the Tunnel Company is authorized to construct and operate four tracks, shall approach within five (5) feet of the exterior line of any street or avenue, unless the abutting property shall be owned by the Tunnel Company or unless the owner or owners of the property so abutting shall consent. The tunnel or tunnels, except as hereinbefore limited, may be placed in such places under the streets or avenues as may be found most convenient. The uppermost part of any tunnel or of the said station at Thirty-third street and Fourth avenue shall not approach nearer than nineteen (19) feet to the surface of any street or avenue, except the portion of Thirty-second street to be closed as aforesaid, and except that under the roadways of Thirty-first street, between Seventh avenue and Eighth avenue, and between Eighth avenue and Ninth avenue, and of Thirty-third street, between Seventh avenue and Eighth avenue, and between Eighth avenue and Ninth avenue, the top of the tunnel may come within not less than thirty (30) inches to the surface of the roadway, and except that under the sidewalks on the south side

of such portions of Thirty-first street and on the north side of such portions of Thirty-third street, the uppermost part of the tunnel may come within not less than five (5) feet of the surface of the sidewalk, and except that under the sidewalks on the north side of such portions of Thirty-first street and on the south side of such portions of Thirty-third street the uppermost part of the tunnel may come to any point below the surface of the sidewalk, and except as may be necessary upon the approach to the surface at or near Thompson avenue, in Queens Borough.

Provided, however, and it is expressly stipulated, that the Tunnel Company shall in the course of construction, at its own expense, maintain and care for all underground structures; and any necessary interference with underground structures shall be subject to reasonable regulation by the department of the government of the City in control or charge thereof.

The Tunnel Company shall make good to the City all damage which shall be done to the property of the City, and shall make good to every owner of property abutting upon the Railroad, or which shall be injured by the work of construction or by operation thereof, all damage which shall be done to such abutting or injured property through any fault or negligence of the Tunnel Company, or successor thereof, or of any contractor, sub-contractor or other person, in the course of any employment upon the construction or operation of the Railroad, or any part thereof. The Tunnel Company shall indemnify the City against any damage for which the City shall be adjudged liable in favor of owners of property on Thirty-second street, between Seventh and Tenth avenues, by reason of the closing as aforesaid of that street between Seventh and Eighth and between Eighth and Ninth avenues.

The Tunnel Company shall at all times keep paved with smooth pavement in such manner as may be reasonably required by the municipal authorities having care of the streets, and shall at all times keep in thoroughly good condition, the portions of Thirty-first and Thirty-third streets between Seventh and Eighth avenues and between Eighth and Ninth avenues.

The method of construction shall be generally as follows: The tunnels under rivers, streets and avenues shall be constructed in whole or part of masonry or of steel or of iron or any two or more thereof combined. Excavations necessary in the course of construction by the Tunnel Company shall be made without disturbing the surface of the streets or avenues, except the portions of Thirty-first street, Seventh avenue, Thirty-third street, Eighth avenue and Ninth avenue, immediately in front of the terminal station aforesaid, and except in Queens Borough. Provided, however, that the Board may, wherever elsewhere local conditions make excavations from the surface necessary for efficient construction, grant the right to make such excavations from the surface, subject to such conditions as the Board may prescribe.

The tracks shall be constructed of the most approved plan so as to avoid noise or tremor.

All plans for, and the method of doing, the work shall from time to time be subject to the approval of the Board. All necessary permits for opening of streets and other necessary departmental permits shall be granted by the President of the proper borough or other officer as provided by law.

VII.

The power to be used shall be electricity or such other power (not involving combustion in the tunnel) as may be approved by the Board.

VIII.

The plan and profile of the railroad herewith attached are to be deemed a part of this franchise and to be construed with the text hereof. The same shall be substantially followed, but deviations therefrom not inconsistent with the other provisions hereof may be permitted by the Board.

IX.

The Tunnel Company shall have no power to carry on merely local traffic unless with the approval of the Board and the Board of Aldermen and Mayor of the City and for such additional consideration to be paid to the City as they shall prescribe. Local traffic shall be deemed to include the carriage of passengers or freight between the terminal station of the Tunnel Company and any point in The City of New York within five miles of said terminal station, or between stations within said limits.

X.

The railroad shall be diligently and skillfully operated with due regard to the convenience of the traveling public, so long as the franchise hereby granted shall remain in force.

XI.

The City shall have a lien upon the franchise and real property of the Tunnel Company under the said rivers, streets and avenues to secure the payment of such compensation and rental. In case of any failure to make such payments as herein prescribed the lien aforesaid may be enforced by the Board or by any authority which shall be authorized to act for the City in place of the Board, either by entry, foreclosure or other proper proceeding and by sale of such franchise and real property.

The Board may, in its own name, or in the name and behalf of the City, bring action for the specific performance, or may apply by mandamus to compel the performance by the Tunnel Company of the duties and obligations hereby imposed upon the said company, or any of them. And the Board may, in behalf or in the name of the City, bring action or proceedings to recover possession of any part of the property of the City to be used by the Tunnel Company as aforesaid, or to enforce the said lien of the City, or to enforce any part of this contract in the manner provided by section 9 of the Rapid Transit Act, or any other proper action or proceeding.

XII.

The Tunnel Company will not at any future time oppose—but shall at any time upon the request of the Board consent to—the construction of any rapid transit railroad over, along or under any portion of any of the said streets or avenues to be occupied by the railroad of the Tunnel Company aforesaid, where the same shall not actually interfere with the structure of the Tunnel Company as herein authorized.

XIII.

The City, the Board, and all duly authorized representatives of the City, shall have the right at all reasonable times to inspect the railroad and any part thereof, and to enter thereon when necessary for the examination, supervision or care of any property of the City or for any proper purpose. Nothing in this franchise shall be deemed to diminish or affect the sanitary or police jurisdiction which the public authorities shall lawfully have over property in the City. The City shall have the right to use the tunnel of the railroad for police and fire, telegraph and telephone wires, to such extent as is not inconsistent with the purposes of this franchise.

XIV.

The Tunnel Company shall, from time to time, maintain and strengthen all parts of the railroad which shall be under any street or avenue so that the same shall safely support any structure superimposed or which shall be superimposed thereon by the City or under its authority or under any other public authority.

XV.

The Tunnel Company shall have the right to grant, convey, mortgage, assign or transfer the franchise hereby granted, provided, however, that every grantee, assignee or transferee thereof, not including, however, a mortgagee or mere lienor but including any purchaser upon foreclosure of or under or by virtue of any provision of any mortgage or lien, shall be a corporation subject to the laws of the State of New York, and shall, upon accepting the grant, assignment or transfer and before such grant, assignment or transfer shall be valid, assume and agree to perform all of the obligations which by the provisions hereof are assumed by the Tunnel Company and that no such grant, conveyance, assignment or transfer shall relieve the Tunnel Company of its obligations hereunder.

XVI.

If, at any time, the powers of the Board or any other of the authorities herein mentioned or intended to be mentioned shall be transferred by law to any other board, authorities, officer or officers, then and in such case such other board, authorities, officer or officers shall have all the powers, rights and duties herein reserved to or prescribed for the Board or other authorities, officer or officers.

In witness whereof this certificate has been prepared by the Board of Rapid Transit Railroad Commissioners for The City of New York by and upon the concurrent vote of at least six of the members of the said Board, and is now attested by its seal and by the signature of its President, who is its presiding officer, and by the signature of its secretary, this day of October, 1902.

Details of this passageway are to be substantially in conformity with Drawing No. 770; provided, that any additional cost incident to such change be borne by the contractor, and no part by the City.

The Chief Engineer reported that he had had conferences with Lewis L. Delafield, counsel for the Sailors' Snug Harbor, and John Wanamaker, as to the right of way under property between Eighth and Ninth streets. He presented the following letters on this subject:

NEW YORK, August 1, 1902.

In re Easement of Property, between Eighth and Ninth Streets on Fourth Avenue.
LEWIS L. DELAFIELD, Esq., 1 Nassau Street:

MY DEAR SIR—In order that there may be no misunderstanding, I beg leave to repeat, as I understand it, the substance of our conversation this morning in regard to the acquisition of the easement under the block between Eighth and Ninth streets, said property being owned by Sailor's Snug Harbor and Mr. John Wanamaker, except the two lots at the corner of Eighth street and Fourth avenue, which lots are to be acquired by Mr. Wanamaker.

Provided that the roof is to be constructed so as to furnish a physically sufficient and lawful support for a fourteen-story building, and that matters be so arranged that access can be had from the building to the street for sewer, gas, electricity, steam and water connections, that you are prepared to recommend to the estate of the Sailor's Snug Harbor and Mr. John Wanamaker for the use of the easement under the above-mentioned property, as shown on the Rapid Transit Map, that an offer of \$241,000 be accepted. Should, however, the City order the building of a subway beneath the station so as to connect the two platforms, that you would also recommend that the above-mentioned price be reduced by the amount of the actual cost of said subway.

(Signed) Very truly yours,
WM. BARCLAY PARSONS, Chief Engineer.
