**CITY PLANNING COMMISSION**

---

■ PUBLIC HEARINGS

---

The City Planning Commission will hold a public hearing accessible both in-person and remotely via the teleconferencing application Zoom, at 10:00 A.M. Eastern Daylight Time, on Wednesday, August 7, 2024, regarding the calendar items listed below. The public hearing will be held in person in the NYC City Planning Commission Hearing Room, Lower Concourse, 120 Broadway, New York, NY. Anyone attending the meeting in-person is encouraged to wear a mask.

The meeting will be live streamed through Department of City Planning’s (DCP’s) website and accessible from the following webpage, which contains specific instructions on how to observe and participate, as well as materials relating to the meeting: <https://www.nyc.gov/site/nycengage/events/city-planning-commission-public-meeting/461620/1>.

Members of the public attending remotely should observe the meeting through DCP’s website. Testimony can be provided verbally by joining the meeting using either Zoom or by calling the following number and entering the information listed below:

877 853 5247 US Toll-free  
888 788 0099 US Toll-free

253 215 8782 US Toll Number  
213 338 8477 US Toll Number

Meeting ID: **618 237 7396**  
[Press # to skip the Participation ID]  
Password: 1

To provide verbal testimony via Zoom please follow the instructions available through the above webpage (link above).

Written comments will also be accepted until 11:59 P.M., one week before the date of the vote. Please use the CPC Comments form that is accessible through the above webpage.

Please inform the Department of City Planning if you need a reasonable accommodation, such as a sign language interpreter, in order to participate in the meeting. The submission of testimony, verbal or written, in a language other than English, will be accepted, and real time interpretation services will be provided based on available resources. Requests for a reasonable accommodation or foreign language assistance during the meeting should be emailed to [AccessibilityInfo@planning.nyc.gov] or made by calling (212) 720-3508. Requests must be submitted at least five business days before the meeting.

**ARTICLE II**  
**RESIDENCE DISTRICT REGULATIONS**

**Chapter 3**  
**Residential Bulk Regulations in Residence Districts**

\* \* \*

**23-443 [COY HO Section Numbers]**  
**Special provisions for certain community districts**

\* \* \*

(b) Borough of Brooklyn

For the purposes of applying the #street wall# location as well as the height and setback provisions of Sections 23-431 and 23-432, respectively, where the Administrative Code establishes restrictions on the location of #buildings# on lots fronting upon and within 30 feet of Eastern Parkway in Community Districts 8 and 9 in the Borough of Brooklyn, lines drawn 30 feet north of and 30 feet south of, and parallel to, Eastern Parkway shall be considered the northern and southern #street lines# of Eastern Parkway.

(1) Community District 8

For the purposes of applying the #street wall# location as well as the height and setback provisions of Sections 23-431 and 23-432, respectively, where the Administrative Code establishes restrictions on the location of #buildings# on lots

fronting upon and within 30 feet of Eastern Parkway lines drawn 30 feet north of and 30 feet south of, and parallel to, Eastern Parkway shall be considered the northern and southern #street lines# of Eastern Parkway.

(2) Community District 9

(i) For the purposes of applying the #street wall# location as well as the height and setback provisions of Sections 23-431 and 23-432, respectively, where the Administrative Code establishes restrictions on the location of #buildings# on lots fronting upon and within 30 feet of Eastern Parkway lines drawn 30 feet north of and 30 feet south of, and parallel to, Eastern Parkway shall be considered the northern and southern #street lines# of Eastern Parkway.

(ii) Notwithstanding any other provisions of this Resolution, except as provided in this section, in #Mandatory Inclusionary Housing areas# within the portion of Community District 9 in the Borough of Brooklyn, on the #block# bounded by Montgomery Street, Washington Avenue, Sullivan Place, and Franklin Avenue, the highest projection of any #building or other structure# hereafter constructed or of any existing #building or other structure# hereafter relocated, #enlarged# or reconstructed shall not penetrate the imaginary inclined plane, rectangular in shape, with dimensions as follows:

(a) Along a line at an elevation of 85 feet above the level of the #base plane#, beginning at the point along the center line of Sullivan Place, distant 120 feet, 4 inches east of the center line of Washington Avenue and parallel to Sullivan Street, and extending to Montgomery Street at an angle of 83°17'38", then rising eastward perpendicularly to such line at a slope of 26°48'21" (5.06 to 10, expressed as a ratio of vertical distance to horizontal distance in feet).

(iii) Parapets, rails, or safety guards may penetrate such inclined plane only to the extent that would otherwise be permitted obstructions pursuant to Section 23-411 and provided that such parapets, rails, or safety guards are at least 50 percent open or 90 percent transparent for the portion above the inclined plane.

\* \* \*

**Chapter 4**  
**Bulk Regulations for Community Facilities in Residence Districts**

\* \* \*

**24-56 [COY HO Section Numbers]**  
**Special Height and Setback Provisions for Certain Areas**

...

(e) Notwithstanding any other provisions of this Resolution, in #Mandatory Inclusionary Housing areas# within the portion of Community District 9 in the Borough of Brooklyn, on the #block# bounded by Montgomery Street, Washington Avenue, Sullivan Place, and Franklin Avenue, any #building or other structure# hereafter constructed or any existing #building or other structure# hereafter relocated, #enlarged# or reconstructed shall comply with the provisions of Section 23-443(b)(2)(ii), inclusive.

No. 7

CD 9 C 230358 ZSK

IN THE MATTER OF an application submitted by Franklin Ave Acquisition LLC, pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit pursuant to Section 74-533 of the Zoning Resolution to reduce the number of required accessory off-street parking spaces for dwelling units in a development within the Transit Zone, that includes at least 20 percent of all dwelling units as income-restricted housing units, in connection with a proposed mixed-use development on property located at 962-972 Franklin Avenue (Block 1192, Lots 63 and 66), in R8A\* and R8A/C2-4\* Districts.

\*Note: This site is proposed to be rezoned by changing an existing R6A District to R8A and R8A/C2-4 Districts under a concurrent related application (C 230356 ZMK).

Plans for this proposal are on file with the City Planning Commission and may be seen on the Zoning Application Portal at <https://zap.planning.nyc.gov/projects/2022K0423>, or the Department of City Planning, 120 Broadway, 31st Floor, New York, NY 10271-0001.

NOTICE

On Wednesday, August 7, 2024, a public hearing is being held by the City Planning Commission (CPC), accessible in-person and remotely, in conjunction with the above ULURP hearing to receive comments related to a Draft Environmental Impact Statement (DEIS) concerning an application by Franklin Ave. Acquisition, LLC. The Proposed Actions include a zoning map amendment from an R6A district to R8A and R8A/C2-4 districts; a zoning text amendment to Appendix F of the New York City Zoning Resolution (ZR) to map the Project Area as a Mandatory Inclusionary Housing (MIH) area; and a special permit pursuant to ZR section 74-533 to partially waive the parking requirements per ZR section 25-23 to facilitate the development of a 14-story (145-foot-tall excluding mechanical equipment), 471,495 gross square foot (gsf) mixed-used residential and commercial building at 970 Franklin Avenue (Block 1192, Lots 63 and 66) (the Proposed Development Site). The Proposed Project would include 475 dwelling units (DUs) (419,346 gsf), 119 of which would be permanently affordable pursuant to MIH, 8,128 gsf of local retail space, 27,349 gsf of parking area, 2,752 gsf of loading area, and approximately 13,920 gsf of mechanical/storage space. The Proposed Development Site is located on the block bound by Montgomery Street, Franklin Avenue, Sullivan Place, and Washington Avenue, on the eastern

side of the Franklin Avenue subway shuttle right-of-way, in the Crown Heights neighborhood of Brooklyn Community District 9. The anticipated Build Year is 2027.

The public hearing will also consider a modification to the zoning text amendment (ULURP No. N 230357 (A) ZRK).

Written comments on the DEIS are requested and will be received and considered by the Lead Agency through 5:00 P.M. on Monday, August 19, 2024.

For instructions on how to submit comments and participate, both in-person and remotely, please refer to the instructions at the beginning of this agenda.

This hearing is being held pursuant to the State Environmental Quality Review Act (SEQRA) and City Environmental Quality Review (CEQR), CEQR No. 23DCP165K.

**BOROUGH OF MANHATTAN  
No. 8  
60 EAST 93RD STREET**

**CD 8 C 240212 ZSM**

**IN THE MATTER OF** an application submitted by Tabouleh LLC pursuant to Sections 197-c and 201 of the New York City Charter for the grant of a special permit pursuant to Section 74-711 of the Zoning Resolution to modify the maximum permitted lot coverage requirements of Section 23-153 (For Quality Housing Buildings), the rear yard requirements of Section 23-47 (Minimum Required Rear Yards), the inner court requirements of Section 23-87 (Permitted Obstructions in Courts), and minimum required distance between legally required windows and lot lines requirements of Section 23-861 (Minimum Distance Between Legally Required Windows and Walls or Lot Lines), in connection with the proposed alteration, enlargement and conversion of an existing 4-story building to residential use, on property located at 60 East 93rd Street (Block 1504, Lot 45), in an R8B District.

Plans for this proposal are on file with the City Planning Commission and may be seen at 120 Broadway, 31st Floor, New York, NY 10271.

**BOROUGH OF QUEENS  
Nos. 9 – 11  
SOUTH JAMAICA GATEWAY REZONING  
No. 9**

**CD 12 C 240330 HAQ**

**IN THE MATTER OF** an application submitted by the Department of Housing Preservation and Development (HPD):

1. pursuant to Article 16 of the General Municipal Law of New York State for:
  - a. the designation of property located at 106-01 Guy R. Brewer Boulevard (Block 10161, Lots 1, 3 and 9) as an Urban Development Action Area; and
  - b. an Urban Development Action Area Project for such area; and
2. pursuant to Section 197-c of the New York City Charter for the disposition of property located at 106-01 Guy R. Brewer Boulevard (Block 10161, Lots 3 and 9) to a developer to be selected by HPD;

to facilitate the development of a nine-story mixed use building containing approximately 78 Affordable Independent. Residence for Seniors (AIRS) units and community facility space, Borough of Queens, Community District 12.

**No. 10**

**CD 12 C 240328 ZMQ**

**IN THE MATTER OF** an application submitted by Fulcrum Properties LLC, The Briarwood Organization LLC. and the NYC Department of Housing Preservation and Development pursuant to Sections 197-c and 201 of the New York City Charter for an amendment of the Zoning Map, Section No. 14d:

1. changing from an R4 District to an R7A District property bounded by a line 100 feet southeasterly of Tuskegee Airmen Way, a line

midway between Guy R. Brewer Boulevard and Union Hall Street, a line 125 feet southeasterly of Tuskegee Airmen Way, and Union Hall Street;

2. changing from an R5B District to an R7A District property bounded by the southwesterly centerline prolongation of 104<sup>th</sup> Road, a line 105 feet northeasterly of Guy R. Brewer Boulevard, a line perpendicular to the northeasterly street line of Guy R. Brewer Boulevard distant 100 feet south easterly (as measured along the street line) from the point of intersection of the northeasterly street line of Guy R. Brewer Boulevard and the southeasterly street line of Tuskegee Airmen Way, and a line midway between 164<sup>th</sup> Street and Guy R. Brewer Boulevard;
3. changing from an R5D District to an R7A District property bounded by Tuskegee Airmen Way, a line 105 feet northeasterly of Guy R. Brewer Boulevard, the southwesterly centerline prolongation of 104<sup>th</sup> Road, a line midway between 164<sup>th</sup> Street and Guy R. Brewer Boulevard, a line perpendicular to the northeasterly street line of Guy R. Brewer Boulevard distant 100 feet south easterly (as measured along the street line) from the point of intersection of the northeasterly street line of Guy R. Brewer Boulevard and the southeasterly street line of Tuskegee Airmen Way, Guy R. Brewer Boulevard, a line 100 feet southeasterly of Tuskegee Airmen Way, and Union Hall Street; and
4. establishing within the proposed R7A District a C1-4 District bounded by:
  - a. a line 100 feet southeasterly of Tuskegee Airmen Way, a line midway between Guy R. Brewer Boulevard and Union Hall Street, a line 125 feet southeasterly of Tuskegee Airmen Way, and Union Hall Street; and
  - b. Tuskegee Airmen Way, a line 105 feet northeasterly of Guy R. Brewer Boulevard, a line perpendicular to the northeasterly street line of Guy R. Brewer Boulevard distant 100 feet south easterly (as measured along the street line) from the point of intersection of the northeasterly street line of Guy R. Brewer Boulevard and the southeasterly street line of Tuskegee Airmen Way, and a line midway between 164<sup>th</sup> Street and Guy R. Brewer Boulevard;

as shown on a diagram (for illustrative purposes only) dated May 28, 2024, and subject to the conditions of CEQR Declaration E-768.

**CITYWIDE ADMINISTRATIVE SERVICES**

**■ PUBLIC HEARINGS**

**HUMAN CAPITAL LINE OF SERVICE**  
**PROPOSED AMENDMENT TO CLASSIFICATION**

**PUBLIC NOTICE IS HEREBY GIVEN** of a virtual public hearing to amend the Classification of the Classified Service of the City of New York.

A virtual public hearing will be held by the Commissioner of Citywide Administrative Services in accordance with Rule 2.6 of the Personnel Rules and Regulations of the City of New York via Microsoft Teams on August 7, 2024, at 10:00 A.M.

**Topic:** Public Hearing – Civilian Complaint Review Board [054] – NYS Civil Service Commission Proposal

**Meeting link:** <https://www.microsoft.com/microsoft-teams/join-a-meeting>

**Meeting ID:** 282 488 822 67

**Passcode:** nrrnBAY

**Phone Number:** 1 646-893-7101

**Phone Conference ID:** 278 856 178#

For more information go to the DCAS website at <https://www1.nyc.gov/site/dcas/about/public-hearings.page>

**RESOLVED**, that the classification of the Classified Service of the City of New York is hereby amended under the heading of **CIVILIAN COMPLAINT REVIEW BOARD [054]** as follows:

I. To classify the following non-managerial title in the Non-Competitive Class, subject to Rule XI, Part II:

| Title Code Number | Class of Positions   | Annual Salary Range Effective 5/24/2023 |                   |           | Number of Positions Authorized |
|-------------------|----------------------|---|-------------------|-----------|--------------------------------|
|                   |                      | New Hire Minimum +                      | Incumbent Minimum | Maximum   |                                |
| XXXXX             | Data Analyst (CCRB)  |   |                   |           | 10                             |
|                   | Assignment Level I   | \$62,688                                | \$67,603          | \$80,034  |                                |
|                   | Assignment Level II  | \$72,794                                | \$78,501          | \$87,426  |                                |
|                   | Assignment Level III | \$82,281                                | \$88,732          | \$114,887 |                                |

Part II positions are covered by Section 75 of the Civil Service Law Disciplinary procedures after 5 years of service.

+ Employees hired into city service should be paid no less than the “New Hire Minimum” for the applicable title/level. Upon completion of two years of qualified active or inactive service, such employees shall be paid no less than the indicated minimum for the employee’s title/level that is in effect for incumbents on the second anniversary of their original appointment to city service.

**LANDMARKS PRESERVATION COMMISSION**

**■ PUBLIC HEARINGS**

**NOTICE IS HEREBY GIVEN** that pursuant to the provisions of Title 25, chapter 3 of the Administrative Code of the City of New York (Sections 25-303, 25-307, 25-308, 25-309, 25-313, 25-318, 25-320) on Tuesday, July 30, 2024 at 9:30 A.M., a public hearing will be held in the

public hearing room at 1 Centre Street, 9th Floor, Borough of Manhattan, with respect to the following properties, and then followed by a public meeting. Participation by videoconference may be available as well. Please check the hearing page on LPC's website (<https://www.nyc.gov/site/lpc/hearings/hearings.page>) for updated hearing information. The final order and estimated times for each application will be posted on the Landmarks Preservation Commission website the Friday before the hearing. Please note that the order and estimated times are subject to change. An overflow room is located outside of the primary doors of the public hearing room. Any person requiring reasonable accommodation in order to participate in the hearing or attend the meeting should contact Gregory Cala, Community and Intergovernmental Affairs Coordinator, at [gcala@lpc.nyc.gov](mailto:gcala@lpc.nyc.gov) or (212) 602-7254 no later than five (5) business days before the hearing or meeting. Members of the public not attending in person can observe the meeting on LPC's YouTube channel at [www.youtube.com/nyclpc](http://www.youtube.com/nyclpc) and may testify on particular matters by joining the meeting using either the Zoom app or by calling in from any phone. Specific instructions on how to observe and testify, including the meeting ID and password, and the call-in number, will be posted on the agency's website, on the Monday before the public hearing.

**99 Clinton Street, aka 152-156 Remsen Street - Brooklyn Heights Historic District**

**LPC-24-05234** - Block 255 - Lot 25 - **Zoning:** C5-2A/DB  
**CERTIFICATE OF APPROPRIATENESS**

**PROCUREMENT**

*“Compete To Win” More Contracts!*

*Thanks to a new City initiative - “Compete To Win” - the NYC Department of Small Business Services offers a new set of FREE services to help create more opportunities for minority and Women-Owned Businesses to compete, connect and grow their business with the City. With NYC Construction Loan, Technical Assistance, NYC Construction Mentorship, Bond Readiness, and NYC Teaming services, the City will be able to help even more small businesses than before.*

- Win More Contracts, at [nyc.gov/competetowin](https://nyc.gov/competetowin)

*“The City of New York is committed to achieving excellence in the design and construction of its capital program, and building on the tradition of innovation in architecture and engineering that has contributed, to the City’s prestige as a global destination. The contracting opportunities for construction/construction services and construction-related services that appear in the individual agency listings below reflect that commitment to excellence.”*

**HHS ACCELERATOR PREQUALIFICATION**

To respond to human services Requests for Proposals (RFPs), in accordance with Section 3-16 of the Procurement Policy Board Rules of the City of New York (“PPB Rules”), vendors must first complete and submit an electronic HHS Accelerator Prequalification Application using the City’s PASSPort system. The PASSPort system is a web-based system maintained by the City of New York for use by its Mayoral Agencies to manage procurement. Important business information collected in the Prequalification Application is required every three years. Documents related to annual corporate filings must be submitted on an annual basis to remain eligible to compete. Prequalification applications will be reviewed to validate compliance with corporate filings and organizational capacity. Approved organizations will be eligible to compete and would submit electronic proposals through the PASSPort system. The PASSPort Public Portal, which lists all RFPs, including HHS RFPs that require HHS Accelerator Prequalification, may be viewed, at [https://passport.cityofnewyork.us/page.aspx/en/rfp/request\\_browse\\_public](https://passport.cityofnewyork.us/page.aspx/en/rfp/request_browse_public)

All current and prospective vendors should frequently review information listed on roadmap to take full advantage of upcoming opportunities for funding. For additional information about HHS Accelerator Prequalification and PASSPort, including background materials, user guides and video tutorials, please visit <https://www.nyc.gov/site/mocs/hhsa/hhs-accelerator-guides.page>

■ SOLICITATION

*Services (other than human services)*

**ACTUARIAL AUDIT** - Request for Proposals - PIN#01524BUD69500 - Due 9-12-24 at 2:00 P.M.

The New York City Office of the Comptroller “Comptroller”, on behalf of The City of New York (City), is releasing this Request for Proposals (RFP) in order to invite qualified actuarial firms to submit a proposal to provide actuarial experience studies and related review services. Section 96 of the New York City Charter requires that the Comptroller with the approval of the City’s Audit Committee select an independent actuary to review the actuarial assumptions used to calculate contributions to the five (5) actuarially-funded City retirement systems. The contract resulting from this RFP is expected to have a term of four (4) years covering two (2) consecutive engagements covering two (2) biennial periods.

All qualified and interested firms are advised to register to download the Request for Proposal from the Comptroller’s website, <https://comptroller.nyc.gov/services/for-businesses/doing-business-with-the-comptroller/rfps-solicitations/> which fully describes the scope of work, minimum requirements and how to participate. To download the Request for Proposal (RFP), select “RFPs and Solicitations” then select “Actuarial Audit of Employee Contributions for Fiscal Year 2024 and Fiscal Year 2026, Experience Studies of Data Through June 30, 2023 and June 30, 2025, and Related Review Services”. Questions about the Request for Proposal should be transmitted by email to Alison MacLeod at [opportunity@comptroller.nyc.gov](mailto:opportunity@comptroller.nyc.gov).

This Procurement is subject to participation goals for MBE and/or WBE as required by Section 6-129 of the New York City Administrative Code.

Use the following address unless otherwise specified in notice, to secure, examine or submit bid/proposal documents, vendor pre-qualification and other forms; specifications/blueprints; other information; and for opening and reading of bids at date and time specified above.

Comptroller, Alison MacLeod (212) 669-3166

■ INTENT TO AWARD

Human Services/Client Services

MOBILE VISION VAN DEMO PROJECT - Demonstration Project - Other - PIN# 81624D0001 - Due 8-5-24 at 6:00 P.M.

NYC Department of Health and Mental Hygiene intends to pursue a demonstration project with Community Healthcare Network Inc. (CHN) to test and evaluate the feasibility of an innovative approach for mobile van eye care screening services to low-income, adult New Yorkers in underserved communities. This demonstration project aims to evaluate the effectiveness of a mobile Van for Vision Care services, which will include eye exams, immediate care for acute needs, diagnosis, and treatment of common eye problems; and provide referrals to care for advance/longer term issues, as well as insurance screenings.

DOHMH determined that this Demonstration Project will be in the city's best interest, as this is the first time that the city has launched a mobile van eye care services that provides immediate eye care, treatment, and referrals services to adult New Yorkers, specifically in underserved communities. This will align with the Department of Health's mission to protect and promote the health of all New Yorkers. CHN is uniquely positioned to expand access to eye care in low income and underserved communities through their Eyecare Mobile Van. The Term of the contract will be for (3) three years, with no option to renew. The PIN is 25PH007001R0X00.

DOHMH determined that this Demonstration Project will be initiated without soliciting proposals. After research was performed, it was determined that it is not advantageous to the city to procure these services competitively, and it is in the city's best interest to begin preliminary discussion directly with Community Healthcare Network.

CHN is uniquely positioned to expand access to eye care in low income and underserved communities through their Eyecare Mobile Van. At the conclusion of the contract term, based upon the documented results of this project, DOHMH will determine whether to competitively acquire or to discontinue the use of these services.

**SINGLE ROOM OCCUPANCY SUPPORTIVE HOUSING FOR SINGLE ADULTS** - Required/Authorized Source - PIN# 06924R0003013 - AMT: \$3,732,054.75 - TO: Lantern Community Services Inc, 494 8th Ave, 20th Floor, New York, NY 10001.

Sites: 2612 Broadway, New York, NY 10025; 319 West 94th Street, New York, NY 10025; 403 Howard Avenue, Brooklyn, 11233 (321 Units).

☛ jy29

**NAE - CAREERCOMPASS SERVICE AREA I BRONX** - Negotiated Acquisition - Other - PIN# 06924N0036001 - AMT: \$5,842,022.94 - TO: America Works of New York Inc, 228 E 45th St, 16th Fl, New York, NY 10017.

Human Resources Administration (HRA) / Office of Career Services (CS) is requesting a 15 month Negotiated Acquisition Extension (NAE) with America Works of New York, Inc. to continue their Career Pathways Career Compass Program services in Bronx. The program

helps clients find employment, training, or education programs as well as internship and community service opportunities that suit their skills and goals. HRA/CS seek to continue the program as a bridge until the completion of a competitive solicitation for the services. This NAE will ensure continuity of services while assisting clients obtain and maintain employment.

The contract term for this NAE is 4/1/24-6/30/25 with a contract amount of \$5,842,022.94.

This is a NAE with incumbent provider to maintain continuity of career services for HRA clients until the new RFP is processed. Procurement and award are in accordance with Section 3-01(d)(2)(vii) for the reasons set forth herein.

☛ jy29

**NAE + ALLOWANCE - SCATTER SITE 60 UNITS** - Negotiated Acquisition - Other - PIN#06924N0051001 - AMT: \$3,321,945.00 - TO: Harlem Congregations for Community Improvement Inc, 256 West 153rd Street, New York, NY 10039.

HRA/HASA is requesting a one-year extension for FY2025 for the Harlem Congregations for Community Improvement's (HCCI) contract for 60 Scatter Site units. This contract provides permanent housing and supportive services to HASA Clients. HCCI's current contract ends on June 30, 2024. HCCI submitted a proposal for the RFP (EPIN: 06921P0334) for these existing units but did not win their service area. As there was no other proposal submitted for that service area, HCCI's contract is being extended to ensure continuity of housing and services for HASA clients. At this time, the contract must remain with the current provider as the leases cannot be transferred over while in the midst of a competitive process. It is anticipated that a new RFP will be released in late Summer/early Fall. The proposed Negotiated Acquisition Extension (NAE) term will be from July 1, 2024 through June 30, 2025. The contract total is \$3,321,945.00 and includes 25% Allowance funding in the amount of \$664,389.00. This is part of the FY25 timeliness initiative.

This Negotiated Acquisition Extension is necessary to ensure the continuity of critical services provided to HASA clients by incumbent provider Harlem Congregations for Community Improvements. At this time, the contract must remain with the current provider as the leases cannot be transferred over while in the midst of a competitive process. It is anticipated that a new RFP will be released in late Summer/early Fall. Special case is pursuant to PPB Rule 3-01 (d)(2)(vii).

☛ jy29

**JOBS-PLUS SERVICES - EAST HARLEM** - Negotiated Acquisition - Other - PIN#06924N0053001 - AMT: \$685,966.61 - TO: East River Development Alliance, Inc., 12-11 40th Avenue, Long Island City, NY 11101.

Reprocessing 06924N0049 with correct linking contract number-

Human Resources Administration (HRA) / Office of Career Services (CS) is requesting a six (6)-month Negotiated Acquisition Extension (NAE) contract with East River Development Alliance, Inc. (ERDA) d/b/a Urban Upbound, a Jobs Plus Provider for the period January 1, 2024 through June 30, 2024. The value of the contract is \$685,966.61. East River Development Alliance, Inc. (ERDA) d/b/a Urban Upbound, is a Jobs Plus provider who provides career services to all working-age residents in public housing, who may have varying levels of job-readiness, by providing client intake, enrollment, assessment, orientation, career planning and engagement, job readiness, job search assistance and training referrals for educational and social support services, and mental health support. HRA/ Career Services seeks to continue the program as a bridge until the completion of a competitive solicitation for these services. Doing so will ensure continuity of services while assisting clients obtain and maintain employment.

This is a NAE with incumbent provider to maintain continuity of career services for HRA clients until the new RFP is processed. Procurement and award are in accordance with Section 3-01(d)(2)(vii) for the reasons set forth herein.

☛ jy29

**ANTI-EVICTION FULL LEGAL REPRESENT. COMPETITION POOL BRONX** - Competitive Sealed Proposals/Pre-Qualified List - PIN#06924P0003019 - AMT: \$9,287,595.00 - TO: The Bronx Defenders, 360 E 161st St, Bronx, NY 10451-4142.

The Office of Civil Justice (OCJ) was created at DSS/HRA in 2015 when Local Law 61 of 2015 established OCJ as a permanent city governmental office tasked with launching, managing, monitoring and reporting on the City's civil legal services programs and the civil legal needs experienced by New Yorkers. The centerpiece of OCJ's tenant legal services is its implementation of New York City's groundbreaking Universal Access to Counsel (UA) law. In 2017, the City of New York became the first and largest city in the United States to commit to making free legal services available to all tenants facing eviction proceedings in housing court and public housing authority termination

of tenancy proceedings. Under the UA law, OCJ is tasked with establishing programs in partnership with legal services providers that ensure that tenant respondents in New York City Housing Court eviction proceedings and administrative tenancy termination proceedings at the New York City Housing Authority (NYCHA) have access to free legal services at or close to their first scheduled court appearance – full legal representation to tenant respondents whose household incomes are at or below 200 percent of federal poverty guidelines, and brief legal assistance for those at higher income levels.

Judgment is required in evaluating competing proposals, and it is in the best interest of the City to require a balancing of price, quality and other factors.

■ INTENT TO AWARD

*Services (other than human services)*

**NEW YORK COUNTY HEALTH SERVICES REVIEW ORGANIZATIONS INC.** - Negotiated Acquisition - Other - PIN#06924N0066 - Due 7-31-24 at 7:00 P.M.

The Human Resources Administration (HRA) – Home Care Services (HCSP) is requesting a Negotiated Acquisition Extension (NAE) for New York County Health Services Review Organization (NYCHSRO) for the period of 5-1-2024 to 4-30-2025 for \$746,477.00. This will ensure the continuity of services as HRA/HCSP awaits New York State Department of Health (NYSDOH) restructuring. NYCHSRO provides three fulltime equivalent physicians to assist HCSP with developing and reviewing client home care plans citywide, for Medicaid-eligible individuals who are medically and/or physically disabled, frail or elderly in need of home care. The funding source is 50% Federal, 50% State. NYCHSRO was effective in assisting HRA/HCSP with its Home Care Service Plans during the current contract period from May 2023 to April 2024. NYCHSRO submitted all Contract Agency Monthly Financial Reports (CAMFRs) in a timely manner, thus, HRA/HCSP deems the vendor responsible to receive an extension.

Procurement and award are in accordance with PPB Rule Section 3-04(b)(2)(iii) for the reasons set forth herein.

**INFORMATION TECHNOLOGY AND TELECOMMUNICATIONS**

■ INTENT TO AWARD

*Services (other than human services)*

**POLL SITE LANGUAGE ASSISTANCE PROGRAM** - Negotiated Acquisition - Other- PIN# 85824N0004 - Due 8-13-24 at 2:00 P.M.

The City of New York (City), acting by and through the Office of Technology and Innovation (OTI) or the Department of Information Technology and Telecommunications (DoITT), is seeking a vendor to secure interpreters to staff voter interpretation services under the NYC Charter-mandated Poll Site Language Assistance Program.

The contract will replace existing contract with TheBigWord Inc which is due to expire on September 14, 2024. The term of the new contract will be of 3 years. The estimated contract amount is \$3,000,000. Pursuant to PPB Rules section 3-04(b)(2)(i) ("time-sensitive situation"), I have determined that the use of the Negotiated Acquisition Method is justified because it is neither practicable nor advantageous to award the contract by competitive sealed bidding or competitive sealed proposals, due to the fact that there is significant time constraint in order to avoid a gap in services for the Program.

There are a limited number of vendors available and able to provide these specialty language and interpreting services.

**QUEENS CONSTRUCTION SITE SAFETY TRAINING- NEGOTIATED ACQUISITION EXTENSION CONTRACT** - Negotiated Acquisition - Other - PIN# 80124N0021 - Due 8-5-24 at 4:00 P.M.

The NYC Department of Small Business Services is entering into a Negotiated Acquisition Extension Contract with New Immigrant Community Empowerment Inc to provide site safety training in the borough of Queens. Local Law 196 (2017) establishes Site Safety Training requirements for workers at most construction sites in the City of New York. Local Law 196 also requires that an agency designated by the Mayor will develop a program to provide equal access to the training required by Section 3321 of the New York City Building Code. The New York City Department of Small Business Services (SBS) has been designated to provide such a training program and to ensure that these essential safety standards are in place to protect the lives of construction workers and the public consistent with the requirements outlined in the local law. The contract term will be from 7/1/2024 to 6/30/2025, in the amount of \$326,092.00

The Services required under this contract are required to maintain the level of services required to be provided to construction site safety day laborer individuals until a new solicitation can be released and a new contract awarded.

## AGENCY RULES

### RENT GUIDELINES BOARD

#### ■ NOTICE

#### 2024 Apartment & Loft Order #56

June 17, 2024

**Order Number 56 - Apartments and Lofts**, rent levels for leases commencing **October 1, 2024** through **September 30, 2025**.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE NEW YORK CITY RENT GUIDELINES BOARD BY THE RENT STABILIZATION LAW OF 1969, as amended, and the Emergency Tenant Protection Act of 1974, as amended and implemented by Resolution No. 276 of 1974 of the New York City Council, and in accordance with the requirements of Section 1043 of the New York City Charter, that the Rent Guidelines Board (RGB) hereby **adopts** the following levels of fair rent increases over lawful rents charged and paid on **September 30, 2024**. These rent adjustments will apply to rent stabilized apartments with leases commencing on or after **October 1, 2024** and through **September 30, 2025**. Rent guidelines for loft units subject to Section 286 subdivision 7 of the Multiple Dwelling Law are also included in this order.

#### ADJUSTMENT FOR LEASES (APARTMENTS)

Together with such further adjustments as may be authorized by law, the annual adjustment for leases for apartments shall be:

For a **one-year** lease commencing on or after **October 1, 2024** and on or before **September 30, 2025**: **2.75%**

For a **two-year** lease commencing on or after **October 1, 2024** and on or before **September 30, 2025**: **5.25%**

These adjustments shall also apply to dwelling units in a structure subject to the partial tax exemption program under Section 421-a of the Real Property Tax Law, or in a structure subject to Section 423 of the Real Property Tax Law as a Redevelopment Project.

#### ADJUSTMENTS FOR LOFTS (UNITS IN THE CATEGORY OF BUILDINGS COVERED BY ARTICLE 7-C OF THE MULTIPLE DWELLING LAW)

The Rent Guidelines Board **adopts** the following levels of rent increase above the "base rent," as defined in Section 286, subdivision 4, of the Multiple Dwelling Law, for units to which these guidelines are applicable in accordance with Article 7-C of the Multiple Dwelling Law:

For **one-year** increase periods commencing on or after **October 1, 2024** and on or before **September 30, 2025**: **2.75%**

For **two-year** increase periods commencing on or after **October 1, 2024** and on or before **September 30, 2025**: **5.25%**

#### FRACTIONAL TERMS

For the purposes of these guidelines any lease or tenancy for a period up to and including one year shall be deemed a one-year lease or tenancy, and any lease or tenancy for a period of over one year and up to and including two years shall be deemed a two-year lease or tenancy.

#### ESCALATOR CLAUSES

Where a lease for a dwelling unit in effect on May 31, 1968 or where a lease in effect on June 30, 1974 for a dwelling unit which became subject to the Rent Stabilization Law of 1969, by virtue of the Emergency Tenant Protection Act of 1974 and Resolution Number 276 of the New York City Council, contained an escalator clause for the increased costs of operation and such clause is still in effect, the lawful rent on **September 30, 2024** over which the fair rent under this Order is computed shall include the increased rental, if any, due under such clause except those charges which accrued within one year of the commencement of the renewal lease. Moreover, where a lease contained an escalator clause that the owner may validly renew under the Code, unless the owner elects or has elected in writing to delete such clause, effective no later than **October 1, 2024** from the existing lease and all subsequent leases for such dwelling unit, the increased rental, if any,

due under such escalator clause shall be offset against the amount of increase authorized under this Order.

#### SPECIAL ADJUSTMENTS UNDER PRIOR ORDERS

All rent adjustments lawfully implemented and maintained under previous apartment orders and included in the base rent in effect on **September 30, 2024** shall continue to be included in the base rent for the purpose of computing subsequent rents adjusted pursuant to this Order.

#### SPECIAL GUIDELINE

Under Section 26-513(b)(1) of the New York City Administrative Code, and Section 9(e) of the Emergency Tenant Protection Act of 1974, the Rent Guidelines Board is obligated to promulgate special guidelines to aid the State Division of Housing and Community Renewal in its determination of initial legal regulated rents for housing accommodations previously subject to the City Rent and Rehabilitation Law which are the subject of a tenant application for adjustment. The Rent Guidelines Board hereby **adopts** the following Special Guidelines:

For dwelling units subject to the Rent and Rehabilitation Law on **September 30, 2024**, which become vacant after **September 30, 2024**, the special guideline shall be **49%** above the maximum base rent.

#### DECONTROLLED UNITS

The permissible increase for decontrolled units as referenced in Order 3a, which become decontrolled after **September 30, 2024**, shall be **49%** above the maximum base rent.

#### CREDITS

Rentals charged and paid in excess of the levels of rent increase established by this Order shall be fully credited against the next month's rent.

#### STATEMENT OF BASIS AND PURPOSE

The Rent Guidelines Board is authorized to promulgate rent guidelines governing apartment units subject to the Rent Stabilization Law of 1969, as amended, and the Emergency Tenant Protection Act of 1974, as amended. The purpose of these guidelines is to implement the public policy set forth in Findings and Declaration of Emergency of the Rent Stabilization Law of 1969 (§26-501 of the N.Y.C. Administrative Code) and in the Legislative Finding contained in the Emergency Tenant Protection Act of 1974 (L.1974 c. 576, §4 [§2]).

The Rent Guidelines Board is also authorized to promulgate rent guidelines for loft units subject to Section 286 subdivision 7 of the Multiple Dwelling Law. The purpose of the loft guidelines is to implement the public policy set forth in the Legislative Findings of Article 7-C of the Multiple Dwelling Law (Section 280).

**Dated: June 17, 2024**

Nestor Davidson, Chair  
New York City Rent Guidelines Board

#### **EXPLANATORY STATEMENT - APARTMENT ORDER #56**

#### **Explanatory Statement and Findings of the Rent Guidelines Board in Relation to 2024-25 Lease Increase Allowances for Apartments and Lofts under the Jurisdiction of the Rent Stabilization Law<sup>1</sup>**

#### **Summary of Order No. 56**

The Rent Guidelines Board (RGB) by Order No. 56 has set the following maximum rent increases for leases effective on or after October 1, 2024 and on or before September 30, 2025 for apartments under its jurisdiction:

For a one-year lease commencing on or after October 1, 2024 and on or before September 30, 2025: **2.75%**

For a two-year lease commencing on or after October 1, 2024 and on or before September 30, 2025: **5.25%**

#### **Adjustments for Lofts**

For Loft units to which these guidelines are applicable in accordance with Article 7-C of the Multiple Dwelling Law, the Board established the following maximum rent increases for increase periods commencing on or after October 1, 2024 and on or before September 30, 2025.

For one-year increase periods commencing on or after October 1, 2024 and on or before September 30, 2025: **2.75%**

<sup>1</sup> This Explanatory Statement explains the actions taken by the Board members on individual points and reflects the general views of those voting in the majority. It is not meant to summarize all the viewpoints expressed.

For two-year increase periods commencing on or after October 1, 2024 and on or before September 30, 2025: 5.25%

These guidelines apply to all leases and increase periods. Therefore, consistent with guidance from New York State Homes and Community Renewal (HCR), the guidelines apply to vacant apartment and loft units that become occupied during the term of the Order, as well as to renewal leases or periods. No more than one guideline adjustment may be added during the guideline year governed by Order No. 56.

The guidelines do not apply to hotel, rooming house, and single room occupancy units that are covered by separate Hotel Orders.

Special Guideline

Leases for units subject to rent control on September 30, 2024 that subsequently become vacant and then enter the stabilization system are not subject to the above adjustments. Such newly stabilized rents are subject to review by HCR. In order to aid HCR in this review, the Rent Guidelines Board has set a special guideline of 49% above the maximum base rent.

All rent adjustments lawfully implemented and maintained under previous apartment Orders and included in the base rent in effect on September 30, 2024 shall continue to be included in the base rent for the purpose of computing subsequent rents adjusted pursuant to this Order.

Background of Order No. 56

The Rent Guidelines Board is mandated by the Rent Stabilization Law of 1969 (Section 26-510(b) of the NYC Administrative Code) to establish annual guidelines for rent adjustments for housing accommodations subject to that law and to the Emergency Tenant Protection Act of 1974. In order to establish guidelines, the Board must consider, among other things:

- 1. the economic condition of the residential real estate industry in the affected area including such factors as the prevailing and projected (i) real estate taxes and sewer and water rates, (ii) gross operating and maintenance costs (including insurance rates, governmental fees, cost of fuel and labor costs), (iii) costs and availability of financing (including effective rates of interest), (iv) overall supply of housing accommodations and overall vacancy rates;
2. relevant data from the current and projected cost of living indices for the affected area; and
3. such other data as may be made available to it.

The Board gathered information on the above topics by means of public meetings and hearings, written submissions by the public, and written reports and memoranda prepared by the Board's staff. The Board calculates rent increase allowances on the basis of cost increases experienced in the past year, its forecasts of cost increases over the next year, its determination of the relevant operating and maintenance cost-to-rent ratio, and other relevant information concerning the state of the residential real estate industry.

Material Considered by the Board

Order No. 56 was issued following seven public meetings, four public hearings, the Board's review of written, oral, and video submissions provided by the public, and a review of research and memoranda prepared by the Board's staff. Approximately 175 written, oral, and video submissions were received by the Board from many individuals and organizations including public officials, tenants and tenant groups, and owners and owner groups. The Board members were provided with copies of public comments received by the June 11, 2024 deadline. All of the above listed documents were available for public inspection.

Open meetings of the Board were held following public notice on March 28, April 11, April 18, April 25, and May 23, 2024. On April 30, 2024, the Board adopted proposed rent guidelines for apartments, lofts, and hotels.

Public hearings were held on May 30, June 3, June 5 and June 11, 2024. Public hearings were held pursuant to Section 1043 of the New York City Charter and Section 26-510(h) of the New York City Administrative Code. Testimony on the proposed rent adjustments for rent-stabilized apartments and lofts was heard on May 30 from 5:15 P.M. to 8:00 P.M., June 3 from 5:30 P.M. to 9:45 P.M., June 5 from 5:20 P.M. to 9:45 P.M., and June 11 from 5:20 P.M. to 8:35 P.M. Testimony from members of the public speaking at these hearings was added to the public record. The Board heard testimony from approximately 176 apartment tenants and tenant representatives, 12 apartment owners and owner representatives, and 14 public officials. In addition, one speaker read into the record written testimony from a public official.

On June 17, 2024 the guidelines set forth in Order No. 56 were adopted.

A written transcription and/or audio recording and/or video recording was made of all proceedings.

Presentations by RGB Staff and Housing Experts Invited by Members of the Board

Each year the staff of the New York City Rent Guidelines Board is asked to prepare numerous reports containing various facts and figures relating to conditions within the residential real estate industry. The Board's analysis is supplemented by testimony from owner and tenant representatives, housing experts and by various articles and reports gathered from professional publications.

Listed below are invited speakers and the dates of the public meetings at which their testimony was presented:

Table with columns: Meeting Date / Name, Affiliation. Rows include: March 28, 2024: Staff presentation 2024 Income and Expense Study; NYC Department of Housing Preservation and Development (HPD); 1. Lucy Joffe Assistant Commissioner; 2. Elyzabeth Gaumer Chief Research Officer; April 11, 2024: Staff presentation 2024 Income and Affordability Study; Community Preservation Corporation (CDC); 1. Robert Riggs Senior Vice President/Reginal Director; April 18, 2024: Staff presentations 2024 Price Index of Operating Costs; 2024 Mortgage Survey Report; NYS Homes and Community Renewal (HCR); 1. Selected Excerpts from Oral and Written Testimony from Tenants and Tenant Groups<sup>2</sup>

Comments from tenants and tenant groups included:

"Landlords' Net Operating Incomes (NOI) are up 10.4 percent over the previous year. This increase is historic: the 4th highest jump in the past 32 years. The last time the RGB was presented with comparable NOI growth was the 2017 RGB cycle, when the board approved a rent increase that was less than half of last year's adjustment. Over the long term—the last 32 years—landlords' inflation-adjusted NOI went up 48.4 percent citywide, with the highest gains outside of Manhattan. Over this time period, Brooklyn's NOI increased 153 percent... Given the rapid recovery and monumental NOI increases over the long term, paired with difficult conditions faced by low-income tenants, we recommend a rent rollback or a rent freeze."

"The 2023 Housing and Vacancy Survey paints a grim picture for New York City tenants overall: 18% of households making less than \$50,000

2 Sources: Submissions by tenant groups and testimony by tenants.

per year and 13% of all households missed their rent payment at least once in the previous year. 86% of households making under \$25,000 per year and 45% of households making between \$25,000 and \$50,000 per year are severely rent-burdened, paying over half of their income toward rent. As a group, rent stabilized tenants have significantly more difficulty affording their current rent than tenants of market-rate housing: The median household income of rent stabilized tenants in 2023 was 34% lower than that of market-rate tenants: \$60,000 versus \$90,800. Rent stabilized tenants are 50% more likely than market-rate tenants to be food insecure and twice as likely to be very food insecure.”

“From 1990 until 2008, the Board authorized rent increases (inclusive of vacancy allowances) that largely covered operating cost increases and protected landlord net operating income from the effects of inflation. Had the Board authorized increases totaling 12% between 2009 and 2013, the result would have been the same. Instead, the Board authorized a total of 27% in hikes (inclusive of vacancy increases) which effectively bumped rents more than 15% above what was warranted – triggering the highest rent burdens in the modern history of the City. Though the excess rents were mitigated somewhat by successive Boards appointed during the de Blasio administration and the first year of the Adams administration, they still remain well above what a normal competitive market might produce – something absent from New York City for well over a century... The immediate effect – driven by excessive rent guidelines and sixteen years of vacancy deregulation – caused owner net operating incomes to increase by 48.4% since 1990, after adjusting for inflation.”

“Landlords do not need, nor deserve a rent increase this year. If they are hurting, they can claim hardship, and I would be curious to know how many have done or will do so this year... I am sure that you are aware, the number of homeless people in New York City has reached more than 100,000, and surpassed anyone’s description of a housing crisis. This will only get worse with an undeserved increase in rent for landlords this year, particularly among seniors and families.”

“Even a modest rent increase would exacerbate hardships experienced by renters in rent-stabilized units, many of whom are already struggling to make ends meet in the midst of an affordability crisis. In 2022, after several years of declining poverty rates, New York City saw its largest year-over-year increase in poverty in more than a decade when key pandemic-era policies that strengthened the social safety net expired... Taken together, the findings presented here demonstrate that renters in rent-stabilized units experience high levels of poverty and consistently struggle to afford basic needs. These disadvantages are especially pronounced for low-income renters, many of whom face elevated rates of material hardship and spend a majority of their cash income on rent. And the expiration of pandemic-era social safety net policies has only served to exacerbate hardship amidst rapidly rising costs of living. Overall, the data suggest that even a modest rent increase would place painful burdens on a population of renters that is already struggling to make ends meet.”

### Selected Excerpts from Oral and Written Testimony from Owners and Owner Groups<sup>3</sup>

Comments from owners and owner groups included:

“The RGB’s duty is an extension of the intent of the RSL, which is unequivocally stated in the law to “...prevent speculative, unwarranted, and abnormal increases in rents...” When this board reports an 8.5 % commensurate adjustment for a one year lease and a 16% commensurate adjustment for a two year lease, how can an equivalent rent increase be speculative, unwarranted, or abnormal? Especially in light of the fact that the NOI for highly stabilized buildings has been declining annually since 2019. While CHIP and its membership are deeply concerned with the issue of housing affordability, we don’t believe this is the proper forum for that policy discussion. Rent stabilization was never intended to be a housing affordability program, it was intended to prevent speculation and profiteering. The commensurate adjustments calculated by the RGB ensure the intent of the statute is realized by setting forth adjustments that are necessary to keep building revenue in proportion with operating expenses.”

“As a small property owner, I write to express the urgent need for rent increases to cover the rapidly escalating costs we face. The current economic landscape has placed immense financial strain on us, making it increasingly difficult to maintain our properties while meeting our financial obligations... Therefore, I urge the Rent Guidelines Board to consider the plight of small property owners and implement a reasonable 20% rent increase that aligns with the escalating costs of property ownership. Such adjustments are essential to ensure the viability of small property owners, preserve the integrity of rental housing, and uphold the well-being of both landlords and tenants alike.”

“The Rent Guidelines Board must permit a significant increase in rent in New York City to address the critical issues landlords face. Many

landlords are struggling under the burden of maintaining aging buildings while contending with low rent, minimal rent increases, and exorbitant taxes, water bills, and repair costs. This financial strain is becoming unbearable.

The current system heavily favors tenants, often at the expense of landlords who depend on rental income for their livelihood. Landlords are not a social service or nonprofit organization; they provide a crucial service that needs to be economically sustainable. Without fair rent increases, landlords cannot afford necessary repairs and maintenance, which ultimately affects the quality of housing tenants receive. A fair and balanced approach is necessary—one that considers the financial realities of both tenants and landlords.”

“The Rent Guidelines Board must permit a significant increase in rent in New York City to address the critical issues landlords face. Many landlords are struggling under the burden of maintaining aging buildings while contending with low rent, minimal rent increases, and exorbitant taxes, water bills, and repair costs. This financial strain is becoming unbearable.

The current system heavily favors tenants, often at the expense of landlords who depend on rental income for their livelihood. Landlords are not a social service or nonprofit organization; they provide a crucial service that needs to be economically sustainable.”

“Albany, City Hall, and City Council should do more to fund affordable and equitable housing in NYC. But they are not doing their part, and the job of the Rent Guidelines Board is to be a safety net that ensures housing remains solvent in NYC - even if the politicians are not doing their job to solve our crisis. RGB cannot force city or state governments to control costs or introduce new hardship subsidies. The RGB cannot force insurance companies or utility providers to reduce costs. RGB cannot force DOF to more appropriately assess property values. The only thing you, the Rent Guidelines Board, can do is raise rents to sustainable levels. Please do your job and make sure we are funded to maintain the quality of housing NYC deserves. You are the last line between housing providers and bankruptcy.”

### Selected Excerpts from Oral and Written Testimony from Public Officials<sup>4</sup>

Comments from public officials included:

“New York City is facing a housing affordability crisis, making it difficult for working families to remain in our city and resulting in the departure of far too many low- and middle-income families. It is our responsibility to ensure that New Yorkers of all backgrounds and socio-economic statuses can raise their families, live safely, and age with dignity in our great city. Tenants in rent-stabilized apartments cannot afford to absorb rent increases that will undermine their housing security. For the stability of our communities, I implore you to consider the precarious conditions facing many of the City’s nearly one million rent-stabilized tenants and avoid rent increases at a scale that will negatively impact New Yorkers and our neighborhoods.”

“The potential 2 to 4.5 percent hike in rents for one-year leases and 4 to 6.5 percent increase in two-year leases would be devastating for many of our working- and middle-class residents during an unprecedented housing crisis. After 3.25 percent and 3 percent increases for a one-year lease over the past two years, adding another large increase would put thousands of rent-burdened households at-risk of eviction and displacement. I urge the Rent Guidelines Board to protect vulnerable New Yorkers by rejecting these proposed rent increases. Increasing rent by these levels would force many Bronx tenants out of their homes. As we continue to pursue an all-of-the-above strategy to tackle the housing crisis and reduce housing costs, we cannot push rents higher for rent-stabilized tenants. At this critical time, we cannot and should not support any rent increase that will punish our tenants and have lasting consequences for our city.”

“Many of my constituents and New Yorkers across this City are facing an unforgiving affordability crisis. Evictions have nearly tripled in 2023 as compared to 2022, and nearly 80% of New Yorkers making under \$40,000 a year are rent burdened, or paying more than 30% of their income. Absent rent stabilized housing, affordable housing options are slim with HPD’s latest Housing and Vacancy Survey reporting a 1.4% vacancy rate for apartments citywide and apartments that went for less than \$1,100 at a vacancy rate of .39%... We know that our City is worse off when we cannot offer stable housing to New Yorkers with a range of incomes. I am proud to stand in solidarity with tenants and advocates across this City in demanding a rent rollback.”

“Tenants are feeling the squeeze of a decades-long affordability crisis, which has been accelerated by restrictive zoning laws and inadequate tools that have made it harder and harder to build housing. Our team is taking a close look at the preliminary ranges voted on by the Rent Guidelines Board this evening and while the Board has the challenging task of striking a balance between protecting tenants from infeasible

3 Sources: Submissions by owner groups and testimony by owners

4 Sources: Submissions by public officials.

rent increases and ensuring property owners can maintain their buildings as costs continue to rise, I must be clear that a 6.5 percent increase goes far beyond what is reasonable to ask tenants to take on at this time. I know well that small property owners also face growing challenges, and I encourage them to work with the city to utilize our many preservation tools so that, together, we can work to stabilize buildings and neighborhoods, all while keeping tenants in their homes.”

“Over the last three decades, the city’s affordable housing stock has shrunk, losing more than half a million units offering rents under \$1,500 per month, according to the latest Housing and Vacancy Survey. This staggering figure makes clear that there is a dire need to preserve existing affordable housing and expand upon the city’s present supply. This challenge presents itself at a moment when one in three New Yorkers is severely rent burdened, when rents are rising seven times faster than wages, and when New York City is facing record-high homelessness... This Board has a responsibility to our city, and a vote to increase rent—at all—is an abdication of that responsibility. I urge you to vote for a 0% increase for both one- and two-year leases.”

**FINDINGS OF THE RENT GUIDELINES BOARD**

**Rent Guidelines Board Research**

The Rent Guidelines Board based its determination on its consideration of the oral and written testimony noted above, as well as upon its consideration of statistical information prepared by the RGB staff set forth in these findings and the following reports:

1. *2024 Income and Expense Study*, March 2024 (based on income and expense data provided by the Finance Department, the *Income and Expense Study* measures rents, operating costs and net operating income in rent stabilized buildings);
2. *2024 Mortgage Survey Report*, April 2024 (an evaluation of recent underwriting practices, financial availability and terms, lending criteria, building sales data);
3. *2024 Income and Affordability Study*, April 2024 (including employment trends, housing court actions, changes in eligibility requirements and public benefit levels in New York City);
4. *2024 Price Index of Operating Costs*, April 2024 (measuring the price change for a market basket of goods and services which are used in the operation and maintenance of stabilized hotels);
5. *2024 Housing Supply Report*, May 2024 (including information new housing construction measured by certificates of occupancy in new buildings and units authorized by new building permits, tax abatement and exemption programs, and cooperative and condominium conversion and construction activities in New York City); and
6. *Changes to the Rent Stabilized Housing Stock in NYC in 2023*, May 2024 (quantifying events that lead to additions to and subtractions from the rent stabilized housing stock).

The six reports listed above may be found in their entirety on the RGB’s website, nyc.gov/rgb, and are also available at the RGB offices, One Centre St., Suite 2210, New York, NY 10007 upon request.

**2024 Price Index of Operating Costs for Rent Stabilized Apartment Units in New York City**

This year, the PIOC for all rent stabilized apartments increased by 3.9%. Increases occurred in six of the seven PIOC components. Taxes, which carry the highest weight in this year’s Index, increased by 3.2%. The largest proportional increase was seen in Insurance (21.7%). More, moderate increases were seen in Administrative Costs (4.6%), Labor Costs (4.3%), Maintenance (3.5%), and Utilities (1.3%). The Fuel component decreased by 7.1%. The growth in the Consumer Price Index (CPI), which measures inflation in a wide range of consumer goods and services, was lower than the PIOC, rising 3.3% during this same time period.<sup>5</sup> See the table below and Appendix 2 for changes in costs and prices for buildings that contain rent stabilized apartments from 2023-2024.

The “Core” PIOC, which excludes changes in fuel oil, natural gas and steam costs used for heating buildings, is useful for analyzing long-term inflationary trends. The Core PIOC rose by 4.9% this year and was higher than the overall PIOC due to the exclusion of costs in the Fuel component, which declined by 7.1%. Apartments heated by gas increased by 3.8%, and those heated by oil increased by 3.9%. The PIOC for Pre-1974 apartments rose by 3.6%, lower than that for

<sup>5</sup> The average CPI for All Urban Consumers, New York-Northeastern New Jersey for the year from March 2023 to February 2024 (323.6) compared to the average for the year from March 2022 to February 2023 (313.2) rose by 3.3%. This is the latest available CPI data and is roughly analogous to the ‘PIOC year.’

Post-1973 apartments, which increased by 5.3%. The PIOC for hotels increased by 3.3%, and the Loft PIOC increased by 8.6%.

**On April 23, 2024, the staff of the Rent Guidelines Board released a memo to Board members with additional information concerning the 2024 Price Index of Operating Costs. The memo follows:**

**[START OF MEMO]**

This memo provides additional data requested at the April 18, 2024 presentation of the *2024 Price Index of Operating Costs* for the historic weight of the Insurance component. It also provides data separately requested by Board members for additional calculations of commensurate rent adjustments.

**PIOC Weight of Insurance Component, 1996-2024**

| PIOC Report Year | Insurance Weight | PIOC Report Year | Insurance Weight |
|------------------|------------------|------------------|------------------|
| 1996             | 6.63%            | 2011             | 7.28%            |
| 1997             | 6.57%            | 2012             | 6.84%            |
| 1998             | 6.54%            | 2013             | 6.82%            |
| 1999             | 6.43%            | 2014             | 6.90%            |
| 2000             | 6.65%            | 2015*            | 4.88%            |
| 2001             | 6.21%            | 2016             | 4.89%            |
| 2002             | 5.99%            | 2017             | 5.12%            |
| 2003             | 7.09%            | 2018             | 5.13%            |
| 2004             | 8.52%            | 2019             | 5.04%            |
| 2005             | 9.14%            | 2020             | 5.26%            |
| 2006             | 9.41%            | 2021             | 5.61%            |
| 2007             | 8.95%            | 2022             | 6.48%            |
| 2008             | 8.67%            | 2023             | 7.02%            |
| 2009             | 8.23%            | 2024             | 7.21%            |
| 2010             | 7.69%            |                  |                  |

\*First year using RPIE weights. This year, and all subsequent years, are based on the RPIE weight of the calendar year two years prior

<sup>6</sup> Totals may not add due to weighting and rounding.

to the PIOC year (e.g., the 2024 PIOC weight is based on the 2022 calendar year RPIE weight).

At the request of Board members, staff has calculated additional commensurate rent adjustments for buildings containing rent stabilized units built prior to 1974. The table below presents commensurate rent adjustments for all buildings built prior to 1974; by borough; and by the proportion of rent stabilized units within the building. Note that there were not enough units in Staten Island to calculate separate commensurate rent adjustments, and because we could not calculate projections based on individual building types, the “traditional” commensurate is presented only for one-year leases.

To calculate these additional commensurate rent adjustments, staff computed new price relatives for both the Tax and Insurance components that correspond with each of the requested building types.<sup>7</sup> The adjusted overall PIOC relative was then used in conjunction with the unadjusted cost-to-income ratios found for each of these types of buildings in the Real Property Income and Expense data for 2022 (as reported in the *2024 Income and Expense Study*) to calculate new commensurate rent adjustments.<sup>8</sup>

**2024 Price Index of Operating Costs Commensurate Rent Adjustments by Building Type**

| Building Type                      | “Net Revenue”  |                | “CPI-Adjusted NOI” |                | “Traditional” <sup>9</sup> |
|------------------------------------|----------------|----------------|--------------------|----------------|----------------------------|
|                                    | One-Year Lease | Two-Year Lease | One-Year Lease     | Two-Year Lease | One-Year Lease             |
| <b>All Apartments<sup>10</sup></b> | <b>2.75%</b>   | <b>4.75%</b>   | <b>4.0%</b>        | <b>7.0%</b>    | <b>2.5%</b>                |
| All, Pre-74                        | 2.75%          | 5.0%           | 3.75%              | 6.75%          | 2.6%                       |
| Bronx, Pre-74                      | 3.75%          | 7.25%          | 4.5%               | 8.75%          | 3.7%                       |
| Brooklyn, Pre-74                   | 3.0%           | 5.75%          | 4.0%               | 7.75%          | 2.9%                       |
| Manhattan, Pre-74                  | 2.0%           | 4.0%           | 3.0%               | 6.0%           | 2.0%                       |
| Core Manhattan, Pre-74             | 2.0%           | 4.25%          | 3.25%              | 6.0%           | 2.1%                       |
| Upper Manhattan, Pre-74            | 2.0%           | 4.0%           | 3.0%               | 5.25%          | 2.0%                       |
| Queens, Pre-74                     | 3.0%           | 5.5%           | 4.0%               | 7.5%           | 2.9%                       |
| 50%+ Rent Stabilized, Pre-74       | 2.75%          | 5.5%           | 3.75%              | 7.25%          | 2.7%                       |
| 80%+ Rent Stabilized, Pre-74       | 3.0%           | 5.75%          | 4.0%               | 7.5%           | 2.9%                       |
| 100% Rent Stabilized, Pre-74       | 3.25%          | 6.0%           | 4.25%              | 7.75%          | 3.1%                       |

For additional information about the calculation of commensurate rent adjustments, see pages 10-12 (and Endnotes 6-10) of the *2024 Price Index of Operating Costs*.<sup>11</sup>

[END OF MEMO]

**Local Law 63/Income & Expense Review**

The sample size for the Income and Expense (I&E) Study is 15,110 properties containing 702,010 units. This is the 32<sup>nd</sup> year that staff has been able to obtain longitudinal data in addition to cross-sectional data. The RGB staff found the following average monthly (per unit) operating and maintenance (O&M) costs in 2023 Real Property Income and Expense (RPIE) statements for the year 2022:

<sup>7</sup> Note that the weights of each item were unchanged from the overall Pre-1974 PIOC. Therefore, the adjusted PIOC relatives do not account for possible differences in expense patterns in different building types or boroughs.

<sup>8</sup> All other components of the formulas were unchanged (i.e., the Consumer Price Index and the mix of lease terms).

<sup>9</sup> A two-year lease commensurate cannot be reported for the “traditional” commensurate rent adjustment because this formula relies on a projection of costs for the following year, which cannot be calculated for the building types presented in this table.

<sup>10</sup> As originally reported in the *2024 Price Index of Operating Costs*.

<sup>11</sup> <https://rentguidelinesboard.cityofnewyork.us/wp-content/uploads/2024/04/2024-PIOC.pdf>

**Table 2**

| 2022 Average Monthly Operating and Maintenance Costs Per Unit |         |          |                |
|---|---------|----------|----------------|
|   | Pre ‘74 | Post ‘73 | All Stabilized |
| Total   | \$1,137 | \$1,282  | \$1,164        |

Source: *2024 Income and Expense Study*, from 2023 Real Property Income and Expense filings for 2022, NYC Department of Finance.

In 1992, the NYC DOF and RGB staff tested RPIE expense data for accuracy. Initial examinations found that most “miscellaneous” costs were administrative or maintenance costs, while 15% were not valid business expenses. Further audits on the revenues and expenses of 46 rent stabilized properties revealed that O&M costs stated in RPIE filings were generally inflated by about 8%.

Until two years ago, the annual *I&E Study* reported both unaudited O&M expenses, and well as audited expenses (with O&M costs adjusted downwards as based on the results of the 1992 audit). However, since the original audit was conducted over thirty years ago and included a limited number of properties, staff last year began using an alternate methodology to adjust O&M expenses. The RPIE data provided to the RGB by the NYC DOF includes records that have had income and expenses adjusted by the NYC DOF when they consider these figures to be outside of what is reasonable as part of their assessment valuations, including adjustments to expense ratios and vacancy rates. Staff also requested a subset of this data that includes only those properties where no adjustments have been deemed necessary. To calculate an adjustment in costs, staff calculated the difference between the weighted average operating costs among buildings that did not have any NYC DOF assessment adjustments and compared it to the weighted average operating costs found in the main data set. While not a perfect replacement for an updated audit, RGB staff believes it is a more accurate adjustment because it uses current expense data. Average costs among this year’s main data set were 4.41% higher than among the non-adjusted building data set, down from a difference of 4.94% last year. Therefore, this year’s new cost adjustment reduces expenses by 4.41%. Adjustment of the 2022 RPIE O&M cost (\$1,164) by the results of this year’s cost adjustment results in an average monthly O&M cost of \$1,113. As a result, the following relationship between operating costs and residential rental income was suggested by the Local Law 63 data:

**Table 2(a)**

| 2022 Operating Cost to Rent/Income Ratio with Adjusted Costs |                                  |         |                   |         |                     |
|--|----------------------------------|---------|-------------------|---------|---------------------|
|  | Adjusted O&M Costs <sup>12</sup> | Rent    | O&M to Rent Ratio | Income  | O&M to Income Ratio |
| All stabilized   | \$1,113                          | \$1,578 | 0.705             | \$1,769 | 0.629               |

Source: *2024 Income and Expense Study*, from 2023 Real Property Income and Expense filings for 2022, NYC Department of Finance.

**On April 10, 2024, the staff of the Rent Guidelines Board released a memo to Board members with additional information concerning the 2024 Income and Expense Study. The memo follows:**

[START OF MEMO]

Following the release of the *2024 Income & Expense Study*, board members asked two questions about the study. Staff response follows each of the questions below.

*Q1: A Board member asked how the proportion of distressed properties changed around the City from the prior year:*

**Proportion of Distressed Buildings by Location**

|                 | 2023 I&E    | 2024 I&E    | Change      |
|-----------------|-------------|-------------|-------------|
| <b>Citywide</b> | <b>8.8%</b> | <b>9.8%</b> | <b>1.0%</b> |
| Bronx           | 6.8%        | 12.1%       | 5.4%        |
| Brooklyn        | 5.2%        | 7.1%        | 1.8%        |

<sup>12</sup> Overall O&M expenses were adjusted as described above. The unadjusted O&M to Rent ratio would be 0.738. The unadjusted O&M to **Income** ratio would be 0.658.

|               |       |       |       |
|---------------|-------|-------|-------|
| Manhattan     | 12.9% | 10.9% | -1.9% |
| Queens        | 6.5%  | 7.6%  | 1.1%  |
| St. Island    | 7.2%  | 7.5%  | 0.3%  |
| Core Man      | 13.4% | 8.8%  | -4.5% |
| Upper Man     | 11.8% | 14.8% | 2.9%  |
| City w/o Core | 7.1%  | 10.1% | 3.0%  |

Q2: Staff was asked for further information about the original 1992 audit study that for many years was used to adjust data for the Income and Expense Study. Staff was also asked for additional details about the methodology used for the expense adjustment method that replaced the audit study, which was first used in the 2023 Income and Expense Study:

Beginning with the 1992 *Income and Expense Study*, the RGB made adjustments using the audit study conducted by the NYC Department of Finance. The following excerpts from that year’s *Study* explains the audit study in detail:

**“Sample Size and Selection:**

“The specific purpose of this audit study was to gauge the accuracy of income and expense statements filed with the Department of Finance. These I&E statements have been used by the Board for the past three years to measure the operating cost profiles of rent stabilized buildings. It certainly would have been useful to audit all of the 500 buildings in last year’s I&E sample so that we could adjust our estimates of rent and operating costs with some precision. However, the Department of Finance did not have the resources to undertake such an extensive project. A sample size of 50 was agreed upon as a compromise; it was sufficiently large to evaluate the soundness of the I&E data yet not impossibly burdensome and expensive for Finance.

“The pool from which the sample of fifty buildings was drawn consisted of buildings from last year’s I&E sample frame which registered with DHCR. Defining the sample in this way had some practical advantages. Constraining the sample to registered buildings allows us to compare registered (DHCR) rents with rental income reported to the Finance Department.

“The sample size limitation made it impossible to use a complicated cluster sampling scheme as in prior studies. However, we did wish to make sure the sample included a representative mix of building types and sizes. Accordingly, a fairly simple cluster sampling strategy was devised.

“A random selection was made within these parameters. The number of buildings in each category roughly mirrors the actual distribution of rent stabilized buildings.

“The tax block and lot numbers of buildings selected for audits were transmitted to the Finance Department. RGB staff met with Finance personnel to discuss auditing procedures before the fieldwork began. After the audits had commenced, RGB staff looked at DHCR rent rolls for each of the buildings. In the course of scrutinizing the rent data it became apparent that one of the buildings in the sample was rent stabilized in name only. This building was eliminated from the sample and the RGB supplied Finance with two randomly selected replacements.

“Five owners refused to cooperate with the auditors. Four of these buildings were in the 100+ category and one was in the mid-size (20- 99 units) group. The refusals shrank our original fifty building sample to 46. The final sample included 15 small buildings, 24 medium-size buildings and only 7 large buildings.

“It is difficult to say how the non-participation of large buildings affected the results of the study. As we will see, the auditors’ operating cost reductions were much less extensive for large than for smaller buildings. However, large buildings also contain a relatively small portion of the stabilized housing stock (less than 25%). The auditors examined owners’ 1990 Income and Expense filings, most of which contained calendar year 1989 information. Although the RGB would have preferred an audit of the 1991 I&E filings, logistical problems made this impractical. At the time the audits began, many of the 1991 filings were still being used “in the field” or were not yet filed at the Finance Department’s borough offices. In any case, the 1990 filings were perfectly adequate for the purposes of this study, which was primarily to examine the reliability of the I&E statements, NOT to provide precise estimates of rent and operating costs.

**“O&M Costs:**

“In all of the I&E studies to date, we have “weighted” the data to reflect the proportion of rent stabilized UNITS in the housing stock. A simple weighting procedure is also used in this study. The three weights reflect the percentage of units accounted for by each of the building types: 11-19 units (12%), 20-99 units (65%) and 100+ units (23%). Mid-size buildings account for nearly two-thirds of all stabilized units and thus have by far the largest weight.

“... Overall (weighted) O&M expenses were reduced about 8%. Many of the categories were scarcely affected by the auditors’ detective work. Adjusted taxes, labor, fuel, utilities, and insurance are 97% or more of the unadjusted figures. The three categories which account for nearly all of the auditors’ expense reduction are maintenance, administration, and the “miscellaneous” category.

“The auditors provided the RGB with some additional detail on the types and amounts of expense reductions...The largest category was “capitalized expenses;” it accounted for about 43% of all disallowed expenses. Salaries paid to partners or stockholders were also substantial, constituting 26% of the total.<sup>13</sup> Other categories documented by the auditors include unsubstantiated expenses (i.e., no supporting documentation was provided by the owner), mortgage payments, multi-year expenses (e.g. a three-year insurance policy which is expensed in a single year), and income taxes.

“...The practice of including capital expenses in O&M was quite widespread; over half of all the buildings in our sample expensed capital items. Unsubstantiated expenses (20 cases) and partner/stockholder salaries (11 cases) were the next most common types of expense reduction. The other kinds of disallowed expenses were relatively rare, occurring in only a few buildings.

“The amount of expense disallowed by the auditors was inversely correlated with building size. Expenses were adjusted downward by only 2% for the largest buildings, 9% for mid-size buildings and by 13% for the smallest structures. The effect of building size is particularly apparent in two of the expense categories, administration and miscellaneous expenses. Administration expenses were reduced by about 30% for the small and mid-size buildings, but only 4% in the large buildings. The miscellaneous category was adjusted downward by 85% for the smallest buildings but only 11% for the largest.

“Lack of management skills may account for the large reduction in administration expenses in smaller buildings. The very low level of disallowed expenses in the largest buildings may be due partly to superior record keeping. We know, for example, that unsubstantiated expenses were very low in the largest buildings. Unfortunately, it is impossible to separate the effects of bookkeeping from the bias introduced into the sample by the refusal of five owners to cooperate with the auditors. Disallowed expenses might have been much higher had the five non-cooperating buildings been audited. We can only conclude that the data from the largest buildings are inadequate to assess the accuracy of the I&E statements for this class.

**“Income:**

“In addition to reviewing expenses, the auditors also examined the amount of rent and income collected by landlords. Using the owners’ rent rolls as a guide, the auditors made slight revisions, resulting in an upward adjustment in rents of approximately one-half percent. More substantial revisions were made in gross income, which includes rent from apartments, stores, and offices, as well as other sources of income. Gross income was elevated 1.1%.

“Adjustments to income were greatest for the smallest (11-19 unit) buildings. Income was revised upward by about 4%; nearly half of the buildings had adjustments. Medium and large buildings were little changed, with revisions of .7% and .4% respectively.

“With access to DHCR’s rent registration records, RGB staff was able to cross check I&E rent data with 1990 registered rents. Staff entered the DHCR rent rolls into spreadsheets and summed all the rent information by building type. Several adjustments were made to make this information comparable with the I&E data.<sup>14</sup>

13 If these salaries were not disallowed the total reduction in expenses would be 6% rather than the 8% cited previously.

14 The DHCR data was from 1990 while the I&E statements largely cover calendar 1989. To compensate for the temporal differences the DHCR rents were adjusted downward by the RGB rent index. In most cases landlords did not register all of the units in their buildings. To account for these missing units (i.e., to make the DHCR and I&E rent rolls comparable), staff assumed that the rents for unregistered units were equal to registered rents. These were added to the DHCR rent rolls.

“One would expect the adjusted DHCR rent data to exceed the adjusted amount on I&E forms, since the I&E figures include vacancy and collection losses and the DHCR data does not. In fact, this was the case. Dividing the adjusted DHCR rent by the adjusted I&E rent, we found the following differences by building size:

**DHCR Rent as a Proportion of I&E Rent**

|                   |      |
|-------------------|------|
| 11-19 units ..... | 124% |
| 20-99 units ..... | 111% |
| 100+ units .....  | 114% |

“In the case of the mid-size and large buildings the difference is not great. The excess of DHCR rent over I&E rent is 11 to 14%, a gap which can probably be closed by taking into account vacancy and collection losses and slight discrepancies in apartment counts. It is harder to explain away the difference among the smaller buildings (nearly 25%) which persists even AFTER the adjustments made by the auditors.

“The two most likely reasons for the large discrepancy in the small building category are 1) Apartments which are being used for commercial purposes and/or apartment rent mistakenly placed on the commercial income line of the I&E form and, 2) Cash rent and/or owner-occupied apartments not discovered by the auditors or reported on the I&E form.”

Beginning with the 2023 Income and Expense Study, the RGB stopped using the adjustments based on the 1992 audit study and switched to a new method to adjust expenses.

The RPIE data provided to the RGB by the NYC DOF includes records that have had income and expenses adjusted by the NYC DOF when the agency considers these figures to be outside of what is reasonable as part of their assessment valuations, including adjustments to expense ratios and vacancy rates. Staff also requested a subset of this data that includes only those properties where no expense ratio adjustments have been deemed necessary. To calculate an adjustment in costs, staff calculated the difference between the weighted average operating costs among buildings that did not have any NYC DOF assessment adjustments and compared it to the weighted average operating costs found in the main data set, which included all buildings.

RGB staff’s approach now uses current expense data and can do so each year going forward. Moreover, when the original 1992 audit study was conducted, NYC DOF did not explain in detail how to categorize expenses (or exclude ineligible expenses) as well as they have in recent years. Since 2011, NYC DOF’s RPIE instructions have devoted several pages to detailing specific categories for each expense as well as citing specific miscellaneous expenses that are ineligible to be reported in the RPIE.

For the 2024 Income and Expense Study, the NYC DOF reported that of the 15,110 buildings included in the main data set, 5,232 buildings (34.6%) did not have any expense ratio adjustments made to its data. Further, each building size category had similar proportions of buildings without any expense ratio adjustments. Among 11-19 unit buildings, 34.5% did not have any adjustments; among 20-99 units, 34.7% had no adjustments; and among 100+ unit buildings, 34.3% had no expense ratio adjustments.

To calculate the expense adjustment figure, the difference was calculated between the main data set average expenses for all buildings, \$1,164.33, and the non-adjusted data set average expenses, \$1,115.10. Dividing \$1,164.33 by \$1,115.10 results in a difference of 4.41%. Therefore, to calculate the expense adjustment figure, expenses were reduced by 4.41% whenever calculating data reported as using adjusted costs.

For reference, in the 2023 Income and Expense Study, the calculated expense adjustment was 4.94%. The expense adjustment figure will be adjusted annually based on DOF data for each year.

**[END OF MEMO]**

**Forecasts of Operating and Maintenance Price Increases for 2024-25**

In order to decide upon the allowable rent increases for two-year leases, the RGB considers price changes for operating costs likely to occur over the next year. In making its forecasts the Board relies on expert assessments of likely price trends for the individual components, the history of changes in prices for the individual components and general economic trends. The Board’s projections for 2024-25 are set forth in Table 3, which shows the Board’s forecasts for price increases for the various categories of operating and maintenance costs.

**Table 3**

| Year-to-Year Percentage Changes in Components of the Price Index of Operating Costs: Actual 2023-24 and Projected 2024-25 |                     |                               |
|---|---------------------|-------------------------------|
|   | Price Index 2023-24 | Projected Price Index 2024-25 |
| Taxes   | 3.2%                | 3.6%                          |
| Labor Costs   | 4.3%                | 3.8%                          |
| Fuel Oil  | -7.1%               | -6.0%                         |
| Utilities   | 1.3%                | 2.4%                          |
| Maintenance   | 3.5%                | 7.3%                          |
| Administrative Costs  | 4.6%                | 4.8%                          |
| Insurance Costs   | 21.7%               | 15.1%                         |
| <b>Total (Weighted)</b>   | <b>3.9%</b>         | <b>4.4%</b>                   |

Source: 2024 Price Index of Operating Costs.

Overall, the PIOC is expected to grow by 4.4% from 2024 to 2025. Costs are predicted to rise in each component except Fuel, with the largest growth (15.1%) projected to be in Insurance Costs. Other projected increases include Maintenance (7.3%), Administrative Costs (4.8%), Labor Costs (3.8%), and Utilities (2.4%). Taxes, the component that carries the most weight in the Index, is projected to increase by 3.6%, while Fuel is projected to decrease by 6.0%. The table on this page shows projected changes in PIOC components for 2025. The Core PIOC is projected to rise by 5.4%, 1.0 percentage points higher than the overall projected PIOC for rent stabilized apartments.

**Commensurate Rent Adjustment**

Commensurate rent adjustments are a series of formulas that combine various data concerning operating costs, revenues, and inflation into a single measure that determines how much rents would have to change for the net operating income (NOI, or the amount of income remaining after operating and maintenance expenses are paid) of rent stabilized apartments to remain constant.<sup>15</sup> The commensurate formulas provide a set of illustrative one- and two-year renewal rent adjustments that would hypothetically compensate owners for the change in prices measured by the PIOC (in addition to other relevant metrics), while keeping NOI constant.

Note that the commensurate adjustments described below do not constitute staff or Board recommendations for guideline adjustments. The various data points presented in this, and other, Rent Guidelines Board annual research reports (e.g., the *Income and Affordability Study* and the *Income and Expense Study*), supplementary data sources, in addition to public testimony, can all be considered to determine appropriate rent adjustments.

The first commensurate method is called the “Net Revenue” approach, designed to consider the change in the PIOC, and revenue received by owners based on an estimate of tenants who sign either one- or two-year lease renewals.<sup>16</sup> Under the “Net Revenue” formula, a guideline that would preserve NOI in the face of this year’s 3.9% increase in the PIOC is 2.75% for a one-year lease and 4.75% for a two-year lease.

<sup>15</sup> The commensurate rent adjustments were first introduced before deregulation was widespread. At their inception, with little to no deregulation, these formulas largely reflected the rent stabilized stock at large, despite being designed to keep NOI constant in only those units subject to rent stabilization. Note that with deregulation permitted under state law from 1993 through 2019, thousands of buildings now contain both rent stabilized and deregulated units. Because the commensurates were not designed to keep NOI constant in deregulated units (where annual adjustments in rents are subject to changes in the real estate rental market), these formulas will not necessarily keep NOI constant for buildings that contain both rent stabilized and deregulated units.

<sup>16</sup> In a change from prior years, staff is calculating a single formula for this commensurate, which assumes that, after a vacancy, owners will be able to collect the applicable RGB guidelines for renewal leases, as authorized under current NYS law. With the passage of the Housing Stability and Tenant Protection Act in 2019, vacancy allowance increases are no longer permitted, but increases on vacancy leases equal to RGB renewal lease guidelines are permitted. In prior years, the RGB reported two variations of the “Net Revenue” commensurate. One assumed no increase upon vacancy. The other relied on estimates of the revenue owners received on vacant units (from NYS Homes and Community Renewal apartment registration data), in conjunction with the estimated level of turnover (based on NYC Housing and Vacancy Survey data).

The second commensurate method, the “CPI- Adjusted NOI” formula, considers the change in the PIOC, the mix of lease terms, and the effect of inflation on NOI. A guideline that would preserve NOI in the face of the 3.3% increase in the Consumer Price Index and the 3.9% increase in the PIOC is 4.0% for a one-year lease and 7.0% for a two-year lease.<sup>17</sup> Note that in a change from prior years, staff is calculating a single formula for both the “Net Revenue” and “CPI-Adjusted NOI” commensurates, which assumes that, after a vacancy, owners will be able to collect the applicable RGB guidelines for renewal leases, as authorized under current New York State law. See footnote 16 for more details.

The third commensurate method, the “traditional” commensurate adjustment, is the formula that has been in use since the inception of the Rent Guidelines Board and is the only method that relies on both the current PIOC change as well as the PIOC projection for the following year. Note that this commensurate does not account for the mix of lease terms or the effect of inflation on NOI. The “traditional” commensurate yields 2.5% for a one-year lease and 4.0% for a two-year lease. This reflects the increase in operating costs of 3.9% found in the 2024 PIOC and the projection of a 4.4% increase next year.<sup>18</sup>

All of these commensurate methods have limitations. The “Net Revenue” formula does not attempt to adjust NOI by the effect of inflation. The “CPI-Adjusted NOI” formula does not consider that while inflation may change, the debt service portion of NOI may stay constant. As a means of compensating for cost changes, the “traditional” commensurate rent adjustment has two major flaws. First, although the formula is designed to keep owners’ current dollar NOI constant, it does not consider the mix of one- and two-year lease renewals. Since less than three-quarters of leases are renewed in any given year, with a slight majority of leases being renewed having a two- year duration, the formula does not necessarily accurately estimate the amount of income needed to compensate owners for O&M cost changes. A second flaw of the “traditional” commensurate formula (as well as the “Net Revenue” formula) is that it does not consider the erosion of owners’ income by inflation. By maintaining current dollar NOI at a constant level, adherence to the formula may cause NOI to decline over time. However, such degradation is not an inevitable consequence of using the “traditional” commensurate formula.<sup>19</sup>

Finally, it is important to note that only the “traditional” commensurate formula uses the PIOC projection, and that this projection is not used in conjunction with, or as part of, the “Net Revenue” and “CPI-Adjusted NOI” formulas. As stated previously, all three formulas attempt to compensate owners for the adjustment in their operating and maintenance costs measured each year in the PIOC. The “Net Revenue” and the “CPI- Adjusted NOI” formulas attempt to compensate owners for the adjustment in O&M costs by using only the known PIOC change in costs (3.9%). The traditional method differs from the other formulas in that it uses both the PIOC’s actual change in costs as well as the projected change in costs (4.4%).

17 As with the “Net Revenue” commensurate, only one version of the “CPI Adjusted NOI” commensurate will now be calculated (see Endnote 7 for more details). The following assumptions were used in the computation of both the “Net Revenue” and “CPI Adjusted NOI” commensurates: (1) the required change in owner revenue is 65.8% of the 2024 PIOC increase of 3.9%, or 2.6%. The 65.8% figure is the most recent ratio of average operating costs to average income in buildings that contain rent stabilized units; (2) for only the “CPI-Adjusted NOI” commensurate, the increase in revenue due to the impact of inflation on NOI is 34.2% times the latest 12-month increase in the CPI ending February 2024 (3.3%), or 1.1%; and (3) the collectability of these commensurate adjustments is assumed. Also note that the lease adjustments generated by these commensurate formulas are only illustrative—other combinations of one- and two-year guidelines could produce the adjustment in revenue.

18 The “traditional” formula adjusts only owner expenses, not NOI. Expenses are adjusted based on the current PIOC change for the one-year lease commensurate, and by both the current PIOC and the PIOC projection for the two-year lease commensurate.

19 Whether profits will actually decline depends on the level of inflation, the composition of NOI (i.e., how much is debt service and how much is profit), and changes in tax law and interest rates.

**Consideration of Other Factors**

Before determining the guideline, the Board considered other factors affecting the rent stabilized housing stock and the economics of rental housing.

**Effective Rates of Interest**

The Board considered current mortgage interest rates and the availability of financing and refinancing. It reviewed the staff’s 2024 *Mortgage Survey Report* of lending institutions. Table 4 gives the reported rate and points for the past nine years as reported by the mortgage survey.

**Table 4**

| 2024 Mortgage Survey <sup>20</sup><br>Average Interest Rates and Points for<br>New Financing of Permanent Mortgage Loans 2016-2024 |      |      |      |      |      |      |      |      |      |
|--|------|------|------|------|------|------|------|------|------|
|  | 2016 | 2017 | 2018 | 2019 | 2020 | 2021 | 2022 | 2023 | 2024 |
| Avg. Rates   | 4.0% | 4.3% | 4.8% | 4.7% | 4.0% | 3.8% | 3.9% | 6.0% | 7.0% |

**On April 25, 2024, the staff of the Rent Guidelines Board released a memo to Board members with additional information concerning the 2024 Mortgage Survey Report. The memo follows:**

**[START OF MEMO]**

During the discussion of the 2024 *Mortgage Survey Report*, a board member asked for additional sales data: The average price-per-unit of buildings sold by building size and proportion of stabilized units. Data for all buildings constructed before 1974 as well as for buildings of all ages follows:

**Number of Buildings Sold by Proportion Stabilized and Building Size, Pre-1974 only**

| Size        | 50%+ Stab | 80%+ Stab | 100% Stab |
|-------------|-----------|-----------|-----------|
| 6-10 Units  | 171       | 137       | 99        |
| 11-19 Units | 68        | 62        | 32        |
| 20-99 Units | 127       | 102       | 26        |
| 100+ Units  | 1         | 1         | 1         |

**Average Price-per-unit of Buildings Sold by Proportion Stabilized and Building Size, Pre-1974 only**

| Size        | 50%+ Stab | 80%+ Stab | 100% Stab |
|-------------|-----------|-----------|-----------|
| 6-10 Units  | \$273,933 | \$240,991 | \$238,042 |
| 11-19 Units | \$351,438 | \$363,528 | \$404,135 |
| 20-99 Units | \$200,922 | \$192,952 | \$207,575 |

**Number of Buildings Sold by Proportion Stabilized and Building Size, All Building Ages**

| Size        | 50%+ Stab | 80%+ Stab | 100% Stab |
|-------------|-----------|-----------|-----------|
| 6-10 Units  | 187       | 153       | 111       |
| 11-19 Units | 70        | 64        | 33        |
| 20-99 Units | 135       | 110       | 29        |
| 100+ Units  | 3         | 3         | 1         |

20 Institutions were asked to provide information on their “typical” loan to rent stabilized buildings. Data for each variable in any particular year and from year to year may be based upon responses from a different number of institutions.

**Average Price-per-unit of Buildings Sold by Proportion Stabilized and Building Size, All Building Ages**

| Size        | 50%+ Stab | 80%+ Stab | 100% Stab |
|-------------|-----------|-----------|-----------|
| 6-10 Units  | \$289,997 | \$264,070 | \$262,897 |
| 11-19 Units | \$346,873 | \$358,157 | \$397,949 |
| 20-99 Units | \$212,441 | \$207,668 | \$248,122 |

Note: There were too few 100+ buildings to accurately report sales prices.

[END OF MEMO]

On April 17, 2024, the staff of the Rent Guidelines Board released a memo to Board members with additional information concerning the Owner Mortgage Survey. The memo follows:

[START OF MEMO]

This year's Price Index of Operating Costs owner survey asked owners whether they currently carry a mortgage. If they responded yes, they were asked a series of questions, including the date of the current mortgage origination; whether the rate is fixed or adjustable; the average loan-to-value (LTV) ratio; the average debt-service coverage ratio (DSCR); whether their mortgage carries a balloon payment; the number of months until the balloon payment is due; the number of units in the building; and the age of the building.

Of the 617 survey respondents<sup>21</sup>, 55.8% reported carrying a mortgage, while the remaining 44.2% did not. Of respondents reporting their current interest rate<sup>22</sup>, the weighted average interest rate for all buildings is 4.55%, which covers mortgages with origination dates as far back as 1999. However, the vast majority (87.6%) of mortgages have origination dates since 2015. Of these respondents, the weighted average interest rate is 4.44%.

Additional findings follow:

**Whether Building Carries Mortgage by Building Age (Proportion and Count)**

| Building A | % Yes       | % No        |
|------------|-------------|-------------|
| Pre-1974   | 54.8% (297) | 45.2% (245) |

<sup>21</sup> Of the 617 respondents, 87.8% of buildings were built pre-1974 and 12.2% were post-1973. By building size, 53.5% have fewer than 11 units; 10.7% have 11-19 units; 34.0% have 20-99 units; and 1.8% have 100 or more units. By borough, 28.0% are in Manhattan; 12.0% are in the Bronx; 31.4% are in Brooklyn; 26.1% are in Queens; and 2.4% are in Staten Island.  
<sup>22</sup> 91.6% of respondents who reported carrying a mortgage also reported their current interest rate.

|            |                    |                    |
|------------|--------------------|--------------------|
| Post-1973  | 62.7% (47)         | 37.3% (28)         |
| <b>All</b> | <b>55.8% (344)</b> | <b>44.2% (273)</b> |

**Whether Building Carries Mortgage by Building Size (Proportion and Count)**

| Building Size | % Yes              | % No               |
|---------------|--------------------|--------------------|
| < 11 units    | 40.9% (135)        | 59.1% (195)        |
| 11-19 units   | 66.7% (44)         | 33.3% (22)         |
| 20-99 units   | 73.3% (154)        | 26.7% (56)         |
| 100+ units    | 100.0% (11)        | 0.0% (0)           |
| <b>All</b>    | <b>55.8% (344)</b> | <b>44.2% (273)</b> |

**Average Interest Rate, Loan-to-Value Ratio, and DSCR by Building Size<sup>23</sup>**

| Apartments  | Interest Rate | LTV   | DSCR |
|-------------|---------------|-------|------|
| < 11 units  | 4.96%         | 60.7% | 1.33 |
| 11-19 units | 4.74%         | 65.0% | 1.42 |
| 20-99 units | 4.11%         | 65.0% | 1.33 |
| 100+ units  | 4.07%         | 61.1% | 1.44 |

**Fixed/Adjustable/Both Based on Building Size (Proportion and Count)**

| Building Size | Fixed            | Adjustable      | Both <sup>24</sup> |
|---------------|------------------|-----------------|--------------------|
| < 11 units    | 65% (74)         | 26% (29)        | 9% (10)            |
| 11-19 units   | 75% (27)         | 14% (5)         | 11% (4)            |
| 20-99 units   | 86% (115)        | 8% (11)         | 6% (8)             |
| 100+ units    | 91% (10)         | 9% (1)          | 0% (0)             |
| <b>All</b>    | <b>77% (226)</b> | <b>16% (46)</b> | <b>7% (22)</b>     |

**Balloon Payments Based on Building Size (Proportion and Count)**

| Building Size | % Yes              | % No               |
|---------------|--------------------|--------------------|
| < 11 units    | 40.3% (48)         | 59.7% (71)         |
| 11-19 units   | 59.5% (22)         | 40.5% (15)         |
| 20-99 units   | 83.6% (112)        | 16.4% (22)         |
| 100+ units    | 90.9% (10)         | 9.1% (1)           |
| <b>All</b>    | <b>63.8% (192)</b> | <b>36.2% (109)</b> |

<sup>23</sup> Average interest rate based on 315 respondents; LTV ratio based on 182 respondents; and DSCR based on 132 respondents who reported these figures.

<sup>24</sup> Both applies if a building has more than one mortgage and at least one has a fixed rate and another is adjustable.

**Number of Months Until Balloon Payment is Due**

| Number of months | Count      | Proportion    |
|------------------|------------|---------------|
| 1-12 months      | 25         | 14.8%         |
| 13-24 months     | 29         | 17.2%         |
| 25-36 months     | 32         | 18.9%         |
| 37-48 months     | 21         | 12.4%         |
| 49-60 months     | 20         | 11.8%         |
| 60+ months       | 42         | 24.9%         |
| <b>Total</b>     | <b>169</b> | <b>100.0%</b> |

[END OF MEMO]

**Condition of the Rent Stabilized Housing Stock**

The Board reviewed the number of units that are moving out of the rental market due to cooperative and condominium conversion.

**Table 5**

| Number of Cooperative / Condominium Plans <sup>25</sup><br>Accepted for Filing, 2014-2022 |            |            |            |            |            |            |            |            |            |

**On May 28, 2024, the staff of the Rent Guidelines Board released a memo to Board members with additional**

<sup>25</sup> The figures given above for eviction and non-eviction plans include those that are abandoned because an insufficient percentage of units were sold within the 15-month deadline. In addition, some of the eviction plans accepted for filing may have subsequently been amended or resubmitted as non-eviction plans and therefore may be reflected in both categories. HPD-sponsored plans are a subset of the total plans. Some numbers revised from prior years. Data regarding co-op and condo activity in 2023 was not available from the NYS Attorney General's Office as of publication time.

information concerning the 2024 Housing Supply Report. The following is an excerpt from that memo (Page 1):

[START OF MEMO]

*Question 1: Can you provide historic data on the number of affordable housing starts for new construction only?*

The table below provides data on both new construction and preservation projects for affordable housing since 2014. This data is reported by the NYC Department of Housing Preservation and Development, which reports on projects, buildings, and units that began after January 1, 2014, and are counted towards either the Housing New York plan (1/1/2014 – 12/31/2021) or the Housing Our Neighbors: A Blueprint for Housing & Homelessness plan (1/1/2022 – present).

| Year                   | New Construction | % New Construction | Preservation   | % Preservation | Total Affordable Housing Starts |
|------------------------|------------------|--------------------|----------------|----------------|---------------------------------|
| 2014                   | 6,924            | 35%                | 12,699         | 65%            | 19,623                          |
| 2015                   | 7,332            | 35%                | 13,804         | 65%            | 21,136                          |
| 2016                   | 7,262            | 32%                | 15,132         | 68%            | 22,394                          |
| 2017                   | 7,332            | 30%                | 17,488         | 70%            | 24,820                          |

[END OF MEMO]

**Consumer Price Index**

The Board reviewed the Consumer Price Index. Table 6 shows the percentage change for the NY-Northeastern NJ Metropolitan area since 2017.

**Table 6**

| Percentage Changes in the Consumer Price Index<br>for the New York City - Northeastern New Jersey Metropolitan Area, 2017-2024<br>(For "All Urban Consumers") |      |      |      |      |      |      |      |      |
|---|------|------|------|------|------|------|------|------|
|   | 2017 | 2018 | 2019 | 2020 | 2021 | 2022 | 2023 | 2024 |
| 1st Quarter Avg. <sup>26</sup>  | 2.5% | 1.6% | 1.5% | 2.3% | 1.5% | 5.5% | 5.5% | 3.1% |
| Yearly Avg.   | 2.0% | 1.9% | 1.7% | 1.7% | 3.3% | 6.1% | 3.8% | --   |

Source: U.S. Bureau of Labor Statistics.

<sup>26</sup> First Quarter Average refers to the change of the CPI average of the first three months of one year to the average of the first three months of the following year. Some numbers have been revised from prior years.

**Calculation of the Current Operating and Maintenance Expense to Income Ratio**

Each year the Board estimates the current average proportion of the rent roll which owners spend on operating and maintenance costs. This figure is used to ensure that the rent increases granted by the Board compensate owners for the increases in operating and maintenance expenses. This is commonly referred to as the O&M to income ratio.

With current longitudinal income and expense data, staff has constructed an index, using 1989 as a base year. This index is labeled as Table 7. Except for the last three years, this index measures past changes in building income and operating expenses as reported in annual income and expense statements. The second- and third-to-latest years in the table reflect actual PIOC increases and projected rent changes. The last year in the table - projecting into the future - include staff projections for both expenses and rents.

In order to calculate the change in income for the latest three years, staff uses the RGB Rent Index. The RGB Index calculates the change in rent based on the guidelines passed by the Board, as well as the change in rent upon vacancy. The RGB Index is calculated using the adjustments authorized in applicable Apartment and Loft Orders and the change in rents upon vacancy (most recently, 3.56%). Then, in order to represent the same 12-month time period as the change in costs, measured change in income is adjusted to match the same period as measured change in costs. Therefore, the change in rent incorporates seven months of the previous Rent Index (7/12 or 58.3%), plus five months of the most recent Rent Index, (5/12 or 41.7%).

However, this index is not without limitations. First, as noted, for the latest two years of the index, it will continue to rely upon the price index and staff rent and cost projections. Second, while this table looks at the overall relationship between costs and income, it does not measure the specific impact of any change in rent regulation on that relationship.

**Table 7**

| Revised Calculation of Operating and Maintenance Cost Ratio for Rent Stabilized Buildings from 1989 to 2025 |  |                                 |                               |
|---|--|---------------------------------|-------------------------------|
| Year <sup>27</sup>  | Average Monthly O & M Per d.u. <sup>28</sup> | Average Monthly Income Per d.u. | Average O & M to Income Ratio |
| 1989  | \$370 (\$340)                                | \$567                           | .65 (.60)                     |
| 1990  | \$382 (\$351)                                | \$564                           | .68 (.62)                     |
| 1991  | \$382 (\$351)                                | \$559                           | .68 (.63)                     |
| 1992  | \$395 (\$363)                                | \$576                           | .69 (.63)                     |
| 1993  | \$409 (\$376)                                | \$601                           | .68 (.63)                     |
| 1994  | \$415 (\$381)                                | \$628                           | .66 (.61)                     |
| 1995  | \$425 (\$391)                                | \$657                           | .65 (.59)                     |
| 1996  | \$444 (\$408)                                | \$679                           | .65 (.60)                     |

27 The O&M and income data from 2008 to 2011 has been revised from that reported in previous explanatory statements to reflect actual, rather than estimated, expense and income data.

28 Operating and expense data listed through 2020 is based upon unaudited filings with the Department of Finance. Audits of 46 buildings conducted in 1992 suggest that expenses may be overstated by 8% on average. Beginning with 2021 data, expense adjustments were calculated by taking the difference between the weighted average operating costs among buildings that did not have any DOF assessment adjustments and compared it to the weighted average operating costs found in the Finance data set. In 2021, average costs among the main data set were 4.41 percentage points larger than among the non-adjusted building data set. In 2022, average costs among the main data set were 4.41 percentage points larger than among the non-adjusted building data set. Therefore, the cost adjustment for years 2022-2025 reduces expenses by 4.41% See the Local Law 63/Income & Expense Review section above for additional information. Figures in parentheses are adjusted to reflect these findings.

|                    |                   |         |           |

RGB Rent Index for 2022 – 2025.

29 Estimated expense figure includes 2023 expense updated by the PIOC for the period from 3/1/22 through 2/28/23 (8.1%). Income includes the income for 2023 updated by staff estimate based upon guidelines and choice of lease terms for a period from 3/1/22 through 2/28/23 (2.15% -- i.e., the 10/1/21 to 9/30/22 rent projection (1.86%) times (.583), plus the 10/1/22 to 9/30/23 rent projection (2.57%) times (.417)).

30 Estimated expense figure includes 2024 expense updated by the PIOC for the period from 3/1/23 through 2/29/24 (3.9%). Income includes the income for 2024 updated by staff estimate based upon guidelines and choice of lease terms for a period from 3/1/23 through 2/29/24 (2.36% -- i.e., the 10/1/22 to 9/30/23 rent projection (2.57%) times (.583), plus the 10/1/23 to 9/30/24 rent projection (2.08%) times (.417)).

31 Estimated expense figure includes 2024 expense estimate updated by the 2024 PIOC projection for the period from 3/1/24 through 2/28/25 (4.4%). Income includes the income estimate for 2025 updated by staff estimate based upon guidelines and choice of lease terms for a period from 3/1/23 through 2/29/24 (2.70% - i.e., the 10/1/23 to 9/30/24 rent projection (2.08%) times (.583), plus the 10/1/24 to 9/30/25 rent projection (3.56%) times (.417)).

## Changes in Housing Affordability

Per the *2024 Income and Affordability Study*, economic and social indicators in NYC in 2023 showed both strengths and weaknesses as compared with the preceding year. Positive indicators (on an annual average basis) include rising employment levels within NYC businesses, an increase of 2.6% in 2023. The unemployment rate for NYC residents also fell, down 0.5 percentage points from 2022, to 5.2%. Gross City Product (GCP) is also forecasted to increase, rising in inflation-adjusted terms by 2.6% in 2023. Inflation in the NYC metro area also rose at a slower level than in 2022, rising 3.8%, down from 6.1% in the prior year.

Negative indicators (on an annual average basis) include average wages and total wages earned within NYC, which both decreased in real terms in the most recent 12-month period, falling by 6.1% and 2.6%, respectively. Average wages also fell in nominal terms, by 1.8%, although total wages rose by 1.9% in nominal terms. Primarily driven by asylum-seekers entering NYC, sheltered homeless levels (as reported by the NYC Department of Homeless Services (DHS)) rose significantly, increasing 54.9%. Excluding asylum-seekers, sheltered homeless levels also rose, but at a slower rate, 9.5%. Public benefit caseloads also rose in 2023, with the average number of public assistance recipients rising by 12.7%; Supplemental Nutrition Assistance Program (SNAP) recipients rising by 1.3%; and Medicaid enrollees rising by 5.1%. There was also an increase in non-payment filings and non-payment calendared cases in Housing Court, which rose by 23.5% and 34.5%, respectively. The number of residential evictions also rose, increasing 195.4%, to reach 12,139 in 2023. Personal bankruptcy filings in NYC also rose for the first time in four years, increasing 36.7%, and the poverty rate rose 0.3 percentage points in 2022 (the latest available data), to 18.3%.

As compared to 2019 (the last full year preceding the pandemic), economic and social indicators are mixed.

As compared to 2019, in 2023 the unemployment rate is 1.2 percentage points higher, despite overall employment levels that are 0.4% higher. Initial unemployment claims are 9.8% higher, cash assistance caseloads are 43.1% higher, and SNAP caseloads are 13.6% higher. But both inflation-adjusted average and total wages are higher, by 3.5% and 2.7%, respectively. Including asylum-seekers, DHS sheltered homeless levels are 34.8% higher (but excluding asylum-seekers, they are 13.3% lower). In Housing Court, non-payment filings are 24.8% lower and non-payment calendared cases are 24.4% lower. Residential evictions are also 28.6% lower.

The most recent quarter for which there is comprehensive data is the fourth quarter of 2023. As compared to the fourth quarter of 2022,

positive indicators include employment levels, up 1.1% percentage points as compared to 2022; and SNAP caseloads, down 0.1%. Negative indicators include the unemployment rate, up 0.1 percentage points as compared to 2022; Medicaid enrollees, up 8.6%; DHS sheltered homeless levels, up 38.4% including asylum-seekers (and 13.7% excluding asylum-seekers); cash assistance caseloads, up 12.0%; and in Housing Court, the number of non-payment cases filed, up 2.9% and non-payment calendared cases up 6.7%.<sup>32</sup>

---

**On April 17, 2024, the staff of the Rent Guidelines Board released a memo to Board members with additional information concerning the *2024 Income & Affordability Study*.**

**The memo follows:**

**[START OF MEMO]**

At the April 11, 2024 *Income & Affordability Study* (I&A) presentation, questions were asked for which an immediate answer could not be provided. Answers follow.

*Question 1: Can NYS Emergency Rental Assistance Program payments be provided for individual owners?*

The NYS Office of Temporary and Disability Assistance, the agency which administers this program, advises that it cannot provide payment data for owners.

*Question 2: Can the change in the mean household income of quintiles, as reported by the American Community Survey, be provided for the time period of 2019 through 2022?*

The Census Bureau publishes an annual estimate of the mean household income of quintiles for all households within selected geographic areas of the United States (in this case, New York City). Data in the *2024 Income & Affordability Study* was provided both for the time period of 2006 to 2022 (point-to-point, the earliest and latest time periods available for analysis) as well as 2021 to 2022 (point-to-point, the most recent two years of data). Data in the tables below is for each year from 2018 to 2022 in both nominal and inflation-adjusted terms (excluding 2020, for which reliable data is not available). The change in each year (starting in 2019), as well the point-to-point change from 2019 to 2022 (as requested) is also provided. Data is also provided for renter households in New York City for the same time periods, based on data from the American Community Survey's Public Use Microdata Sample (see Footnote 2).

<sup>32</sup> This data is obtained from the Civil Court of the City of New York, which cannot provide exact "quarterly" data. The Court has 13 terms in a year, each a little less than a month long. This data is for terms 10-13, which is from approximately the middle of September through the end of the year. It is compared to the same period of the prior year.

| 2021 <sup>38</sup> | \$8,201         | -14.2%        | \$29,196                 | -8.4%        | \$57,275                 | -8.6%        | \$99,336                 | -6.5%        | \$258,722        | -3.8%       |
| 2022               | \$8,099         | -1.2%         | \$30,417                 | 4.2%         | \$60,784                 | 6.1%         | \$104,050                | 4.7%         | \$270,564        | 4.6%        |
| <b>2019-2022</b>   | --              | <b>-15.3%</b> | --                       | <b>-4.6%</b> | --                       | <b>-3.0%</b> | --                       | <b>-2.1%</b> | --               | <b>0.7%</b> |

33 Note that 2020 data is not available. The percentage change in 2021 is the change between 2019 and 2021.

34 Data for renter households is derived from the American Community Survey's Public Use Microdata Sample (PUMS). Per the Census Bureau, estimates generated using the ACS Public Use Microdata Sample (PUMS) files will be slightly different from the pre-tabulated ACS estimates on data.census.gov because PUMS data include only about two-thirds of the cases used to create estimates on data.census.gov, and contain additional edits and modifications to protect respondent confidentiality. Due to these differences, the estimates provided directly from the Census Bureau (such as the data for all households) is considered more accurate than data from the PUMS.

35 Note that 2020 data is not available. The percentage change in 2021 is the change between 2019 and 2021.

36 Note that 2020 data is not available. The percentage change in 2021 is the change between 2019 and 2021.

37 Data for renter households is derived from the Public Use Microdata Sample (PUMS). Per the Census Bureau, Estimates generated using the ACS Public Use Microdata Sample (PUMS) files will be slightly different from the pre-tabulated ACS estimates on data.census.gov because PUMS data include only about two-thirds of the cases used to create estimates on data.census.gov, and contain additional edits and modifications to protect respondent confidentiality. Due to these differences, the estimates provided directly from the Census Bureau (such as the data for all households) is considered more accurate than data from the PUMS.

38 Note that 2020 data is not available. The percentage change in 2021 is the change between 2019 and 2021.

*Question 3: Can the employment data be expanded upon? Is there data on the number of NYC residents with multiple jobs?*

The 2024 *Income & Affordability Study (I&A)* reported employment statistics from the Current Employment Statistics program, which surveys businesses within New York City and reports on employment, by industry, as based on the location of the business (regardless of where the employee lives). This is the most comprehensive monthly survey with respect to employment within specific industries.

Other sources of employment data are the Local Area Unemployment Statistics program (LAUS, conducted by the Bureau of Labor Statistics) and the Current Population Survey (CPS, conducted by the U.S. Census Bureau for the Bureau of Labor Statistics).<sup>39</sup> The LAUS provides monthly data for NYC residents on the number of persons in the labor force, as well as the number of those in the labor force who are either employed or unemployed. Note that because both the LAUS and CPS survey the resident (and not the business), the number of employed persons is not dependent on the number of jobs held. The number of unemployed persons as a ratio of the labor force is the unemployment rate (as reported in the *I&A*). The table below summarizes LAUS data for NYC from calendar year 2019 through 2023, including the change in employment from year-to-year, and the change from 2019 to 2023.

**Annual LAUS Statistics for NYC Residents, 2019-2023**

| Year             | Employed  | Unemployed | Labor Force | Unemployment Rate | % Change Employed |
|------------------|-----------|------------|-------------|-------------------|-------------------|
| 2019             | 4,092,300 | 168,700    | 4,261,000   | 4.0%              | --                |
| 2020             | 3,576,800 | 498,900    | 4,075,600   | 12.2%             | -12.6%            |
| 2021             | 3,676,400 | 413,900    | 4,090,300   | 10.1%             | 2.8%              |
| 2022             | 3,861,700 | 234,700    | 4,096,500   | 5.7%              | 5.0%              |
| 2023             | 3,935,400 | 216,500    | 4,151,900   | 5.2%              | 1.9%              |
| Change 2019-2023 |           |            |             |                   | -3.8%             |

<sup>39</sup> To read more about the difference between LAUS and CPS estimates of the labor force, refer to <https://www.bls.gov/lau/notescps.htm>.

The CPS also reports data on the labor force, but generally only publishes estimates for the U.S. as a whole. In addition to providing estimates of the number of employed persons, the CPS also provides estimates for the number of employed persons with more than one job. Comparing data from January 2020, January 2023, and January 2024 for the nation as a whole, the proportion of employed persons with more than one job stayed constant, at 5.0% in January 2020, 5.1% in January 2023, and 5.0% in January 2024. While the CPS does not publish data for individual geographies, it is possible to use Public Use Microdata files to calculate estimates for NYC from CPS data. Note that due to small sample sizes, these estimates have a higher margin of error than those for the U.S. as a whole and should be interpreted with caution.<sup>40</sup> Per CPS data for NYC, the proportion of NYC residents with multiple jobs in January 2020 was 3.9%; 2.9% in January 2023; and 3.2% in January 2024. CPS data for the number of employed persons in NYC shows that the estimated number of employed persons in NYC in January 2024 was 0.03% lower than in January 2020.

Note the change in the number of employed persons should be considered in relation to the overall population. The table below summarizes Census Bureau estimates of the population in NYC from April 2020 (the official decennial Census estimate) through July 2023 (from estimates the Census Bureau publishes each July of population). As can be seen in the table below, the population of NYC is estimated to have fallen 6.2% between April 2020 and July 2023 (including those not in the labor force).

**Population and Change, Census Bureau Estimates, New York City and Boroughs, April 1, 2020, and July 1, 2020 to 2023<sup>41</sup>**

<sup>40</sup> CPS data at the local level will have substantially higher margins of error than the nationwide data reported by the BLS for the nation as a whole. For instance, the BLS reports that the statewide unemployment rate for New York in 2022, per the CPS, was 4.4%, with a margin of error of ±0.4% ([https://www.bls.gov/opub/geographic-profile/home.htm#gp22\\_14.f.1](https://www.bls.gov/opub/geographic-profile/home.htm#gp22_14.f.1)). If the proportion of workers within NYS that held multiple jobs were calculated, it would likely have a very similar margin of error. However, as the population of NYC is less than half that of NYS as a whole, the margin of error in NYC would be even higher, however, that exact figure cannot be provided at this time.

| Staten Island | 495,747   | 494,598   | 493,547   | 491,358   | 490,687   | -5,060 (-1.0)       | -1,051 (-0.2)       | -2,189 (-0.4)       | -671 (-0.1)         |

Beginning in 2021, the *NYC Housing and Vacancy Survey (HVS)* also began asking respondents how many jobs they held. Of those that are employed, 5.4% of respondents in the 2021 HVS reported that they held more than one job. This includes 5.5% of those in renter households, and 5.2% of those in owner-occupied households. The proportion in rent stabilized households, 5.9%, is higher than that in market rentals, 5.3%. Data from the 2023 HVS is not available at this time.

Note that additional questions regarding data from the 2023 HVS will be addressed at a later time. Those questions will be forwarded to the NYC Department of Housing Preservation and Development (HPD) and if/when we receive data from HPD, Board members will be updated.

**[END OF MEMO]**

**Buildings with Different Fuel and Utility Arrangements**

The Board was also informed of the circumstances of buildings with different fuel and utility arrangements including buildings that are master metered for electricity and that are heated with gas versus oil (see Table 8). Under some of the Board’s Orders in the past, separate adjustments have been established for buildings in certain of these categories where there were indications of drastically different changes in costs in comparison to the generally prevailing fuel and utility arrangements. This year the Board did not make a distinction between guidelines for buildings with different fuel and utility arrangements under Order 56.

**Table 8**

| Changes in Price Index of Operating Costs for Apartments in Buildings with Various Heating Arrangements, 2023-24, and Commensurate Rent Adjustment |                            |  |
|--|----------------------------|--|
| Index Type   | 2022-23 Price Index Change | One-Year Rent Adjustment Commensurate With O & M to Income Ratio of .658 |
| All Dwelling Units   | 3.9%                       | 2.57%  |
| Pre-1974   | 3.6%                       | 2.37%  |
| Post-1973  | 5.3%                       | 3.49%  |
| Oil Used for Heating   | 3.9%                       | 2.57%  |
| Gas Used for Heating   | 3.8%                       | 2.50%  |

Note: The O&M to Income ratio is from the 2024 *Income and Expense Study*.

**On April 23, 2024, the staff of the Rent Guidelines Board released a memo to Board members with additional information concerning HP Action, HPD Housing Litigation, and HPD Vacate Order Data. The memo follows:**

**[START OF MEMO]**

In March, the staff of the NYC Rent Guidelines Board received a request from Board members for the following data sets:

- Data on HP Proceedings filed in Housing Court
- Data on Vacate Orders issued by the NYC Department of Housing Preservation and Development (HPD)
- Data on HPD litigation cases

The tables on the following four pages summarize the available data requested.

Table 1 summarizes HP Actions from 2002-2023, as reported on ST-30 reports produced by NYC Housing Court. Per Housing Court, “If you have conditions or violations in your home which need to be repaired, including lack of heat and hot water or lack of other services, or have other emergency conditions, you may begin a proceeding against the landlord to force the landlord to make repairs and correct building violations. This is called a HP proceeding.”<sup>42</sup>

Table 2 summarizes HPD Housing Litigation Data, per NYC Open Data, from 2005 through the first quarter of 2024. The table includes data both for buildings that were able to be matched to 2022 NYC Homes and Community Renewal (HCR) registration files (noted as “rent stabilized”) and those that couldn’t be matched to HCR records (noted as “not rent stabilized”). Data for 14 different types of litigation is presented, along with the proportion of buildings in each year that were identified as either “rent stabilized” or “not rent stabilized.” Also included is the total number of actions initiated by HPD and those initiated by tenants (who named HPD as a party to the lawsuit). The definition of each type of litigation can be found at the bottom of the table.

Table 3 summarizes HPD Orders to Repair/Vacate Orders, per NYC Open Data, from 2012 through the first quarter of 2024. The table includes data both for buildings that were able to be matched to 2022 HCR registration files (noted as “rent stabilized”) and those that couldn’t be matched to HCR records (noted as “not rent stabilized”). The table includes data on both vacate orders for entire buildings, as well as partial vacate orders, for fire damage; habitability; and illegal occupancy. Also included is the proportion of buildings in each year that were identified as either “rent stabilized” or “not rent stabilized” and the proportion of buildings for which the vacate order was later rescinded (current as of April 17, 2024).

**Table 1: HP Actions Reported on ST-30 reports produced by NYC Housing Court**

| Year | HP Action by HPD | HP Action by Tenant | HP Action by Landlord | Total  |
|------|------------------|---------------------|-----------------------|--------|
| 2002 | 2,897            | 8,376               | 0                     | 11,273 |
| 2003 | 3,741            | 8,490               | 0                     | 12,231 |
| 2004 | 4,112            | 7,236               | 184                   | 11,532 |
| 2005 | 4,299            | 6,773               | 0                     | 11,072 |
| 2006 | 4,534            | 7,322               | 1                     | 11,857 |
| 2007 | 5,576            | 7,051               | 1                     | 12,628 |
| 2008 | 6,201            | 6,098               | 122                   | 12,421 |
| 2009 | 6,446            | 6,884               | 327                   | 13,657 |
| 2010 | 6,419            | 7,715               | 173                   | 14,307 |
| 2011 | 5,446            | 7,290               | 185                   | 12,921 |
| 2012 | 4,660            | 6,751               | 358                   | 11,769 |
| 2013 | 6,127            | 6,911               | 596                   | 13,634 |
| 2014 | 6,245            | 6,747               | 418                   | 13,410 |

**Definitions:**

**7A Proceedings:** Cases in which HPD seeks the appointment of an administrator for a building based on conditions or acts dangerous to life, health or safety, harassment and/or deprivation of services.

**Access Warrant:** HPD commences cases seeking access warrants when HPD inspectors and/or contractors and crews sent by HPD have been denied access to inspect and/or to repair conditions in a residential building.

**Comprehensive:** Cases in which HPD seeks the correction of all outstanding violations in a building and/or civil penalties for owners' failure to timely certify correction of violations and/or for failure to file a Multiple Dwelling Registration.

**Comprehensive Supplemental:** Cases in which HPD seeks a finding of contempt and/or additional civil penalties against landlords who have failed to comply with orders to correct violations.

**False Certifications:** Cases in which HPD seeks civil penalties against landlords who have falsely certified to HPD that violations were corrected when they had not been.

**Heat and Hot Water:** Cases in which HPD seeks an order to restore and maintain heat and hot water at a residential building and civil penalties.

**Heat and Hot Water Supplemental:** Cases in which HPD seeks a finding of contempt and/or additional civil penalties against landlords who have failed to comply with orders to provide heat and/or hot water.

**CONH:** Before applying to the Department of Buildings for a permit to demolish or reconfigure some buildings, including single room occupancy multiple dwellings and some multiple dwellings in several zoning districts, the owner must obtain a Certification of No Harassment ("CONH") from HPD. The owner submits an application and HPD investigates and determines whether to issue a CONH. If HPD determines that there is reasonable cause to believe that harassment occurred, a hearing is held before the Office of Administrative Trials and Hearing ("OATH"). After OATH issues its findings and recommendations, HPD determines whether to issue a CONH. A finding of harassment prevents the owner from obtaining certain types of demolition and alteration permits for three years in the case of single room occupancy multiple dwelling, or possibly permanently in properties located in certain Special Zoning Districts (unless the owner complies with an affordable housing requirement).

**Tenant Action:** Cases commenced by one or more residential tenants against their landlords (and naming HPD as a party) seeking an order to correct violations and civil penalties for failure to timely correct violations.

**Notes:** Rent Stabilized buildings are buildings that contain at least one stabilized unit. "Not Rent Stabilized" buildings are any buildings that did not match, based on the 2022 HCR building registration file.

\*Current as of April 17, 2024

**Notes:** "Rent Stabilized" buildings are buildings that contain at least one stabilized unit. "Not Rent Stabilized" buildings are any buildings that did not match, based on the BBL registered with HCR, with the 2022 HCR building registration file. HPD issues an Order to Repair/Vacate Order when a property is uninhabitable (either in part or as a whole) due to physical conditions, including lack of essential services, fire damage, illegal occupancy or other serious maintenance conditions. Orders are posted at the address of the registered property owner and filed with the County Clerk's Office. The conditions to be corrected and apartments affected by the Order are listed on the Order. Each record represents an instance where a vacate was issued by HPD.

**[END OF MEMO]**

**On April 29, 2024, the staff of the Rent Guidelines Board released a memo to Board members with additional information concerning 2024 changes to housing laws. The memo follows:**

**[START OF MEMO]**

As part of the New York State budget approved in April 2024, new and amended housing laws were enacted, some of which impact buildings with rent stabilized units. In addition, "good cause" protections for other types of rental units were enacted, as well as programs supporting construction of new housing. Since it appears no State or City agency has publicly released a summary of the changes to the law, the following synthesizes changes to the law based on our reading of news and law firm websites.

- Individual Apartment Improvements for Rent Stabilized Apartments
- Good Cause Protections
- Affordable Neighborhoods for New Yorkers (485-x) Replaces 421-a
- Affordable Housing from Commercial Conversions (467-m)
- Extension for Vested 421-a (16) Projects
- Office to Residential Conversions
- Lifting of Housing Density Limitations

**Individual Apartment Improvements for Rent Stabilized Apartments**

The budget includes certain changes to Individual Apartment Increases ("IAIs") for rent stabilized apartments. The changes establish a two-tier system for IAIs which takes effect on or about six months after passage of the law.

**Tier One:**

- Increases the cap on aggregate cost of IAIs to \$30,000 per apartment performed in a 15-year period, beginning with the first IAI after June 14, 2019. Places no limit on the number of separate IAIs in the 15-year period.
- The Tier One IAI increase is permanent and available for vacant apartments as well as for occupied apartments with written consent in the tenant's primary language.
- Maintains the HSTPA's IAI increase of 1/180th of the IAI cost for buildings with more than 35 apartments and 1/168th of the IAI cost for buildings with 35 or fewer apartments. Accordingly:
  - o For a building with more than 35 apartments, the maximum Tier One IAI rent increase is \$166.67 per month (1/180th of \$30,000).

- o For a building with 35 or fewer apartments, the maximum Tier One IAI increase is \$178.57 per month (1/168th of \$30,000).

*Tier Two:*

- Increases the cap on aggregate cost of IAIs to \$50,000 performed in a 15-year period, beginning with the first IAI after June 14, 2019.
- Tier Two IAI increases are permanent and are only available for vacant apartments.
- Eligibility for the Tier Two increase requires that one of the following two criteria be satisfied, along with receipt of prior certification from DHCR (“the Tier Two Eligibility Criteria”):
  - o The apartment must have been timely registered as “vacant” by no later than December 31st in each of 2022, 2023 and 2024. A landlord may recover costs no more than once under this criterion.
  - o The apartment is vacant following a period of continuous occupancy of at least 25 years that occurred immediately prior to the commencement of the IAI. There is no limit on the number of separate IAIs in the 15-year period under this criterion.

*-OR-*

- The IAI increase is increased to 1/156th of the IAI cost for buildings with more than 35 apartments and 1/144th of the IAI cost for buildings with 35 or fewer apartments. Accordingly:
  - o For a building with more than 35 apartments, the maximum Tier Two IAI increase is \$320.51 per month (1/156th of \$50,000).
  - o For a building with 35 or fewer apartments, the maximum Tier Two IAI increase is \$347.22 per month (1/144th of \$50,000)
- Immediately subsequent to undertaking the IAI, the landlord must submit to DHCR any evidence of the work that DHCR deems necessary and must pay a fee equaling 1% of the amount claimed for the IAI.
- An owner will be ineligible for the Tier Two IAI increase if, within the five-year period prior to filing, any unit within any building owned by any partial or beneficial owner of the building in which the IAI unit is located has been subject to a treble damages award or harassment determination.

The new IAI provisions require DHCR to promulgate new rules and operational bulletins to effectuate the provisions.

**Good Cause Protections**

Good Cause Protections take immediate effect in New York City. The law will subject otherwise unregulated residential apartments to a new form of rent and eviction regulation. At its core, the law requires landlords and owners of covered properties who seek to remove a residential tenant to establish one of the statute’s so-called “good cause” grounds.

- Owners of covered properties are not permitted to evict their tenants for failure to pay outstanding rent that resulted from an “unreasonable” rent increase or for failure to renew an expiring lease that contains an unreasonable rent increase. Rent increases above the lower of 10 percent or the annual percentage change in Consumer Price Index (“CPI”) plus five percentage points are presumed to be unreasonable.
- Among other grounds for “good cause” evictions in the law are: where the tenant has violated a substantial obligation of their tenancy which they have failed to cure; where the tenant is committing a nuisance; where the tenant is using the premises for an illegal purpose; and where the owner seeks in good faith to recover possession of the apartment either for personal use, to withdraw it from the rental market, or to demolish it.
- Among others, exclusions from the Good Cause Eviction Law include:
  - o Units owned by “small landlords,” defined as those who own 10 or fewer units. Where a building is owned by an entity, the statute provides that no one natural person with a direct or indirect ownership can own more than 10 units in order to qualify for this exemption;
  - o Units already covered by state or federal rent regulation;
  - o Units within cooperative and condominium buildings;
  - o Certain luxury units where the rent is 245 percent of the geographic Fair Market Rent as published by HUD;
  - o Units in buildings issued a certificate of occupancy after January 1, 2009 (for a period of 30 years);
  - o Affordable housing units; and
  - o Hotel rooms and other transient use Class B multiple dwellings.

Beginning 120 days after the statute was enacted, all landlords must append a notice to each vacancy and renewal lease setting advising tenants of whether they are covered by the Good Cause Eviction Law and their rights thereunder.

**Affordable Neighborhoods for New Yorkers (485-x) Replaces 421-a**

The 485-x program will provide substantial exemptions from real property taxes for new construction projects and eligible conversions. Unlike 421-a, its previous iteration, many of the requirements are dependent on the size of the project. Those exemptions come with affordability requirements, construction wage requirements, and other provisions that balance multiple interests.

- Construction wage requirements for projects over 100 units, including:
  - o For projects over 150 units in certain geographic areas, one of two options exist, depending on the location of the project:
    - The lesser of (i) an hourly wage of \$72.45, increasing 2.5% every tax year after 7/1/2025, or (ii) 65% of the greatest prevailing wage.
    - The lesser of (i) an hourly wage of \$63.00, increasing 2.5% every tax year after 7/1/2025, or (ii) 60% of the greatest prevailing wage.
  - o For projects over 100 units, that are not subject to the restrictions set forth above, the construction wage requirements set forth an hourly wage of \$40.00, increasing 2.5% every tax year after 7/1/2025
- Affordability requirements for projects vary on the size and location of the projects are as follows:
  - o OPTION A: Up to a three- to five-year construction exemption benefit at 100% exemption, and a 35- or 40-year 100% exemption thereafter
    - Rental projects of 150+ units in certain geographic areas: 25% of units at 60% AMI, with no more than three income bands, where no income band exceeds 100% AMI; and
    - Rental projects of 100+ units, where not restricted as above: 25% of units at 80% AMI, with no more than three income bands averaging 80% or less, where no income band exceeds 100% AMI.
  - o OPTION B: Up to a three-year construction exemption benefit at 100% exemption, a 25-year 100% exemption thereafter, and a benefit equal to the percentage of affordable units for the final 10 years thereafter.
    - Applies to rental projects that contain 6-99 units: 20% of units at 80% AMI, with no more than three income bands averaging 80% or less, where no income band exceeds 100% AMI.
  - o OPTION C: Up to a three-year construction exemption benefit at 100% exemption, and a 10-year 100% exemption thereafter.
    - Applies to rental projects containing 6-11 units, not in Manhattan; and
    - No specified affordability requirements, but requires 50% of all units be subject to rent stabilization.
  - o OPTION D: For homeownership projects, not in Manhattan, that have assessed values of under \$89 per square foot. The projects are given up to a three-year construction exemption benefit at 100% exemption, a 14-year 100% exemption thereafter, and a 25% exemption for the final six years.

**Affordable Housing from Commercial Conversions (467-m)**

The legislation also provides a new tax incentive for conversions of commercial space to new residential dwellings. The benefit runs up to 35 years, and provides enhanced incentives for those projects located in Manhattan south of 96th Street (the “Manhattan Prime Development Area” or “MPDA”).

The overall benefits and requirements are similar to 485-x. 25% of all units must be affordable (5% of those units must be 40% AMI, the weighted average cannot exceed 80% AMI, there must be less than 3 total income bands, and no income band may exceed 100% AMI).

Eligible projects in the MPDA are granted a 100% exemption for up to three years during the construction period, and a 90% exemption of real property taxes for all but the final five years, which phase out 10% for each year.

Eligible projects outside of the MPDA are granted a 100% exemption for up to three years during the construction period, and a 65% exemption of real property taxes for all but the final five years, which phase out 10% for each year.

Projects which commence before July 1, 2026 receive a 35-year benefit, projects commencing before July 1, 2028 receive a 30 year benefit, and projects commencing before July 1, 2031 receive a 25 year benefit.

**Extension for Vested 421-a (16) Projects**

The budget extends the 421-a completion date to June 15, 2031 for new construction or eligible conversions that commenced on or before June 15, 2022. The 421-a is not available for projects that opted into 421-a Affordability Option C or Option G. Additionally, applicants to 421-a seeking an extension must submit a form (dubbed a "Letter of Intent") within 90 days of the date the form is made available on HPD's website.

**Office to Residential Conversions**

Conversion projects must deliver 25 percent of units at a weighted average of 80 percent AMI, with a band at 5 percent of units at 40 percent AMI.

The tax incentive is structured to provide a 90 percent discount off the effective residential tax rate with the following benefit durations:

- A 35-year benefit is available if filed AND receive a permit by June 30, 2026
- A 30-year benefit is available if filed AND receive a permit by June 30, 2028
- A 25-year benefit is available if filed AND receive a permit by June 30, 2031

**Lifting of Housing Density Limitations**

Eliminates the 12 Floor Area Ratio (FAR) cap (i.e., the ratio of the building's square footage to the size of the lot on which it is built) on new residential developments meeting certain requirements, including, among others:

- Certain minimum percentages of new units are subject to permanent affordability requirements
- Such new buildings cannot be located within a historic district or on the same zoning lot as a building subject to the Loft Law
- Compliance with relocation/compensation requirements for existing tenants in buildings to be demolished for construction of new over-12 FAR buildings
- Compliance with "Certificate of No Harassment" requirements under existing city law

[END OF MEMO]

**Adjustments for Units in the Category of Buildings Covered by Article 7-C of The Multiple Dwelling Law (Lofts)**

Section 286, subdivision 7 of the Multiple Dwelling Law states that the Rent Guidelines Board "shall annually establish guidelines for rent adjustments for the category of buildings covered by this article." In addition, the law specifically requires that the Board "consider the necessity of a separate category for such buildings, and a separately determined guideline for rent adjustments for those units in which heat is not required to be provided by the owner and may establish such separate category and guideline."

The increase in the Loft PIOC this year was 8.6%, less than the increase of 9.0% in 2023. Increases in costs were seen in all eight components that make up this index. Insurance Costs saw the highest proportional increase, rising by 21.7%, followed by Administration Costs-Legal, which rose by 7.6%. The remaining six components all rose by lesser proportions, including Labor Costs, which rose by 4.2%; Administrative Costs-Other, 3.9%; Maintenance, 3.4%; Taxes, 3.2%; Utilities, 3.0%; and Fuel, 0.8%. Note that historically Administrative Costs in the Loft Index has been split into two components — Administrative Costs-Legal and Administrative Costs-Other. Therefore, the Loft PIOC has eight components.

This year's guidelines for lofts are for a one-year period **2.75%** and for a two-year period **5.25%**.

**Table 9**

| Changes in the Price Index of Operating Costs for Lofts from 2023-24 |                         |

**Special Guidelines for Vacancy Deccontrolled Units Entering the Stabilized Stock**

Pursuant to Section 26-513(b) of the New York City Administrative Code, as amended, the Rent Guidelines Board establishes a special guideline in order to aid NYS Homes and Community Renewal in determining fair market rents for housing accommodations that enter

the stabilization system. This year, the Board set the guidelines at **49%** above the maximum base rent.

The Board concluded that for units formerly subject to rent control **49%** above the maximum base rent was a desirable minimum increase.

**On June 10, 2024, the staff of the Rent Guidelines Board released a memo to Board members with additional information concerning the calculation of the Special Guideline and Deccontrolled Units Guideline for Apartment and Loft Order #56. The memo follows:**

[START OF MEMO]

One element of our upcoming final vote is the Special Guideline, which is the amount authorized in additional rent over the Maximum Base Rent when a unit converts from rent control to rent stabilization on the turnover of a tenant (as 183 units did in 2023, per data from NYS Homes and Community Renewal). Over the past several Orders, the Board has set the Special Guideline based on the difference between the median rent control rent and the median rent stabilized rent as reported in the NYC Housing and Vacancy Survey (HVS).

In the proposed guidelines for Order #56 that the Board adopted on April 30, 2024, the Board authorized an increase of 27%, which was the amount authorized in the previous two Orders. Basing this year's Special Guideline in a manner consistent with the methodology of previous Orders and using data from the 2023 HVS would yield a 49% increase this year. Please note that in previous years the median rent stabilized rent for all buildings was used. The HVS now calculates the median rent for stabilized units in buildings built prior to 1974. Since rent control units are located in pre-74 buildings, the median rent stabilized rent for units built prior to 1974 was used in calculating the percentage difference of 49%.

[END OF MEMO]

**Increase for Units Receiving Partial Tax Exemption Pursuant to Section 421-A and 423 of the Real Property Tax Law**

The guideline percentages for 421-a and 423 buildings were set at the same levels as for leases in other categories of stabilized apartments.

This Order does not prohibit the inclusion of the lease provision for an annual or other periodic rent increase over the initial rent at an average rate of not more than 2.2 per cent per annum where the dwelling unit is receiving partial tax exemption pursuant to Section 421-a of the Real Property Tax Law. The cumulative but not compound charge of up to 2.2 per cent per annum as provided by Section 421-a or the rate provided by Section 423 is in addition to the amount permitted by this Order.

**Votes**

The votes of the Board on the adopted motion pertaining to the provisions of Order #56 were as follows:

|                                    | Yes | No | Abstentions |
|------------------------------------|-----|----|-------------|
| Guidelines for Apartment Order #56 | 5   | 4  | -           |

**NEW YORK CITY RENT GUIDELINES BOARD**  
**2024 Hotel Order #54**

June 17, 2024

**Order Number 54 - Hotels, Rooming Houses, Single Room Occupancy Buildings and Lodging Houses.** Rent levels to be effective for leases commencing **October 1, 2024** through **September 30, 2025**.

NOTICE IS HEREBY GIVEN PURSUANT TO THE AUTHORITY VESTED IN THE NEW YORK CITY RENT GUIDELINES BOARD BY THE RENT STABILIZATION LAW OF 1969, as amended, and the Emergency Tenant Protection Act of 1974, as amended and implemented by Resolution No. 276 of 1974 of the New York City Council, and in accordance with the requirements of Section 1043 of the New York City Charter, that the Rent Guidelines Board hereby **adopts** the following levels of fair rent increases over lawful rents charged and paid on **September 30, 2024**.

APPLICABILITY

This order shall apply to units in buildings subject to the Hotel Section of the Rent Stabilization Law (Sections 26-504(c) and 26-506 of the N.Y.C. Administrative Code), as amended, or the Emergency Tenant Protection Act of 1974 (L.1974, c. 576 §4 [§5(a)(7)]). With respect to any tenant who has no lease or rental agreement, the level of rent increase established herein shall be effective as of one year from the date of the tenant's commencing occupancy, or as of one year from the date of the last rent adjustment charged to the tenant, or as of **October 1, 2024**, whichever is later. This anniversary date will also serve as the effective date for all subsequent Rent Guidelines Board Hotel Orders, unless the Board shall specifically provide otherwise in the Order. Where a lease or rental agreement is in effect, this Order shall govern the rent increase applicable on or after **October 1, 2024** upon expiration of such lease or rental agreement, but in no event prior to one year from the commencement date of the expiring lease, unless the parties have contracted to be bound by the effective date of this Order.

RENT GUIDELINES FOR HOTELS, ROOMING HOUSES, SINGLE ROOM OCCUPANCY BUILDINGS AND LODGING HOUSES

Pursuant to its mandate to promulgate rent adjustments for hotel units subject to the Rent Stabilization Law of 1969, as amended (§26-510(e) of the N.Y.C Administrative Code), the Rent Guidelines Board hereby **adopts** the following rent adjustments:

The allowable level of rent adjustment over the lawful rent actually charged and paid on **September 30, 2024** shall be:

- 1) Residential Class A (apartment) hotels - **0%**
- 2) Lodging houses - **0%**
- 3) Rooming houses (Class B buildings containing less than 30 units) - **0%**
- 4) Class B hotels - **0%**
- 5) Single Room Occupancy buildings (MDL section 248 SRO's) - **0%**

ADDITIONAL CHARGES

It is expressly understood that the rents collectible under the terms of this Order are intended to compensate in full for all services provided without extra charge on the statutory date for the particular hotel dwelling unit or at the commencement of the tenancy if subsequent thereto. No additional charges may be made to a tenant for such services, however such charges may be called or identified.

STATEMENT OF BASIS AND PURPOSE

The Rent Guidelines Board is authorized to promulgate rent guidelines governing hotel units subject to the Rent Stabilization Law of 1969, as amended, and the Emergency Tenant Protection Act of 1974, as

amended. The purpose of these guidelines is to implement the public policy set forth in Findings and Declaration of Emergency of the Rent Stabilization Law of 1969 (§26-501 of the N.Y.C. Administrative Code) and in the Legislative Finding contained in the Emergency Tenant Protection Act of 1974 (L.1974 c. 576, §4 [§2]).

**Dated: June 17, 2024**

Nestor Davidson, Chair  
 New York City Rent Guidelines Board

**EXPLANATORY STATEMENT - HOTEL ORDER #54**

**Explanatory Statement and Findings of the Rent Guidelines Board in Relation to 2024-25 Lease Increase Allowances for Hotels under the Jurisdiction of the Rent Stabilization Law**

Explanatory Statement and Findings of the Rent Guidelines Board Concerning Increase Allowances for Hotel Units Under the Jurisdiction of the Rent Stabilization Law, Pursuant to Hotel Order Number 54, Effective October 1, 2024 through and including September 30, 2025.<sup>43</sup>

Pursuant to the authority vested in it by the Rent Stabilization Law of 1969 and the Emergency Tenant Protection Act of 1974, implemented by Resolution Number 276 of 1974 of the New York City Council, and extended by the Housing Stability and Tenant Protection Act of 2019, it is the responsibility of the Rent Guidelines Board to establish guidelines for hotel increases. Hotel Order Number 54, adopted on June 17, 2024, applies to stabilized hotel units occupied by non-transient tenants.

Hotel Order Number 54 provides for an allowable increase of **0%** over the lawful rent actually charged and paid on September 30, 2024 for rooming houses, lodging houses, Class B hotels, single room occupancy buildings, and Class A residential hotels. The Order does not limit rental levels for commercial space, non-rent stabilized residential units, or transient units in hotel stabilized buildings during the guideline period. The Order also provides that for any dwelling unit in a hotel stabilized building which is voluntarily vacated by the tenant thereof, the rent charged for a new tenancy may not exceed the rent charged on September 30, 2024.

**DEFINITIONS**

For the purpose of determining the appropriate classification of a hotel stabilized unit, the Board has set its definitions as follows:

- Residential hotels are “apartment hotels” which are designated as Class A multiple dwellings on the Certificate of Occupancy.
- Rooming houses are Class B multiple dwellings having fewer than thirty sleeping rooms as defined in Section 4(13) of the Multiple Dwelling Law.
- A single room occupancy building is a Class A multiple dwelling which is either used in whole or in part for single room occupancy or as a furnished room house, pursuant to Section 248 of the Multiple Dwelling Law.
- A Class B hotel is a hotel, which carries a Class B Certificate of Occupancy and contains units subject to rent stabilization.
- Lodging houses are those buildings designated as lodging houses on the Certificate of Occupancy.

**BACKGROUND**

The Board issued Order No. 54 following **seven** public meetings, and **four** public hearings, as well as the Board’s review of written, oral and video submissions provided by the public and a review of research and memoranda prepared by the Board’s staff.

Public meetings of the Board were held on March 28, April 11, 18 and 25, and May 23, 2024, following public notices. On April 30, the Board adopted proposed rent guidelines for hotels, apartments, and lofts.

Four public hearings were held on May 30, June 3, June 5 and June 11, 2024. The hearings were held from 5:15 P.M. to 8:00 P.M. on May 30; 5:30 P.M. to 9:45 P.M. on June 3; 5:20 P.M. to 9:45 P.M. on June 5; and 5:20 P.M. to 8:35 P.M. on June 11. The Board heard testimony from approximately one hotel tenant and tenant representatives, no hotel owners, and one public official. In addition, the Board received approximately two written, oral and video submissions from tenants and tenant representatives, no hotel owners, and no public officials. On June 17, 2024, the Board adopted guidelines set forth in Hotel Order Number 54.

**Selected Oral and Written Testimony from Tenants and Tenant Groups:**

– “Unfortunately, the poor conditions that SRO tenants have faced in the past remain unchanged: SRO tenants continue to struggle while

<sup>43</sup> This Explanatory Statement explains the actions taken by the Board on individual points and reflects the general views of those voting in the majority. It is not meant to summarize all viewpoints expressed.

buildings designated for residential use by rent-stabilized tenants are increasingly used for other purposes which generate significant profits in these buildings. This is further coupled by the recent inflation crisis, which heavily impacts people on fixed incomes. Considering that a disproportionate amount of people on fixed income live in SROs, SRO tenants are heavily impacted by high inflation. As a result, we hope our testimony today will compel the Board to vote for a 0% rent increase for tenants of SROs again this year.”

– “Considering the minimal living conditions, it should come as no surprise that SROs are housing of last resort for low-income people who would otherwise be homeless. It is often the only form of housing that low-income New Yorkers can afford. Thousands of hard-working people as well as a disproportionate number of elderly and disabled people call an SRO their home. If the economic situation is difficult for low-income New Yorkers, it is dire for most residents of SRO because they are a historically marginalized and vulnerable population. Many rely on SSI, disability pensions, food stamps and other similar resources as their sole source of income.”

– “Tenants seeking assistance from our office routinely report incomes as lower than \$10,000 per year. For many, the affordability of their SRO home means the difference between having a roof over their head and being homeless. With vacancy rates in apartments during 2014 costing below \$800 at just 1.8% and homelessness at a nightly average of nearly 60,000, the City cannot afford to increase rents on what is one of the last sources of truly affordable housing for low-income New Yorkers.”

– “SRO owners are making profits by both legally, and illegally, renting out rent-stabilized units to tourists on a nightly or weekly basis, depending on the classification, zoning, and fire-code regulations that apply to the building. Some SRO Hotels are lawfully permitted to offer transient rentals, but the vast majority never inform their guests that the rooms are subject to rent stabilization, and the guest has a right to become a permanent tenant. Although the strengthening of the law prohibiting illegal hotels in 2010 and increased enforcement have helped curb the practice of transient rentals to a certain extent, many SRO owners continue to skirt the law and charge exorbitant rates for rooms that have legal rents that would be affordable for low-income New Yorkers. In 2021 alone, the Mayor’s Office of Special Enforcement issued 2,760 violations for illegal short-term of SRO units.”

**Selected Oral and Written Testimony from Owners and Owner Groups:**

– None submitted.

**Selected Oral and Written Testimony from Public Officials:**

– “I also want to advocate zero increase for renters in SRO and Rooming Houses.”

**MATERIAL CONSIDERED BY THE BOARD**

In addition to oral and written testimony presented at its public meetings and hearings, the Board’s decision is based upon material gathered from the *2024 Price Index of Operating Costs* and *2024 Hotel Report*, prepared by the staff of the Rent Guidelines Board, reports and testimony submitted by owner and tenant groups relating to the hotel sector, and reports submitted by public agencies. The Board heard and received written testimony from invited guest speakers on April 25, 2024. Guest speakers representing hotel tenants included Larry Wood from the Goddard Riverside Law Project.

**FINDINGS OF THE RENT GUIDELINES BOARD**

**Rent Guidelines Board Research**

The Rent Guidelines Board based its determination on its consideration of the oral and written testimony noted above, as well as upon its consideration of statistical information prepared by the RGB staff set forth in these findings and the following reports:

1. *2024 Mortgage Survey Report*, April 2024 (an evaluation of recent underwriting practices, financial availability and terms, and lending criteria);
2. *2024 Income and Affordability Study*, April 2024 (including employment trends, housing court actions, changes in eligibility requirements and public benefit levels in New York City);
3. *2024 Price Index of Operating Costs*, April 2024 (measuring the price change for a market basket of goods and services which are used in the operation and maintenance of stabilized hotels);
4. *2024 Hotel Report*, May 2024 (including data on rent stabilized hotels derived from NYS Homes and Community Renewal registration files, illegal hotel violations, and the number of Certifications of No Harassment);

5. *2024 Housing Supply Report*, May 2024 (including information new housing construction measured by certificates of occupancy in new buildings and units authorized by new building permits, tax abatement and exemption programs, and cooperative and condominium conversion and construction activities in New York City); and
6. *Changes to the Rent Stabilized Housing Stock in NYC in 2023, May 2024* (quantifying events that lead to additions to and subtractions from the rent stabilized housing stock).

The six reports listed above may be found in their entirety on the RGB’s website, [www.nyc.gov/rgb](http://www.nyc.gov/rgb), and are also available at the RGB offices, 1 Centre St., Suite 2210, New York, NY upon request.

**Price Index of Operating Costs for Rent Stabilized Hotel Units**

The Hotel Price Index includes separate indices for each of three categories of hotels that contain rent stabilized units (due to their dissimilar operating cost profiles) and a general index for all Hotels that includes all three. The three categories of hotels are: 1) “Traditional” Hotels — Class A multiple dwellings that have amenities such as a front desk, maid or linen services; 2) Rooming Houses — Class B multiple dwellings other than a hotel with thirty or fewer sleeping rooms; and 3) Single Room Occupancy (SROs) hotels — Class A multiple dwellings which are either used in whole or in part for single room occupancy or as a furnished room house.

The Hotel Price Index for all hotels that contain rent stabilized units increased by 3.3% this year, compared to the rise of 8.3% in 2023. There were increases in five of the seven Hotel PIOC components. The Insurance component had the highest proportional increase, rising by 21.7%, but accounts for just 7.2% of the index. More moderate increases were seen in Labor (4.2%), Taxes (3.7%), Administrative Costs (3.5%) and Maintenance (1.8%). In contrast, Fuel declined by 4.1% and Utilities declined by 0.4%. See the table below for changes in costs and prices for all hotels that contain rent stabilized units from 2023-2024.

Among the different categories of Hotels, the index for “Traditional” Hotels increased by 3.9%, Rooming Houses by 2.5%, and SROs by 3.2%.

**Percent Change in the Components of the Price Index of Operating Costs April 2023 to March 2024, By Hotel Type and All Hotels**

| Item Description     | All Hotels  | “Traditional” Hotel | Rooming House | SRO         |
|----------------------|-------------|---------------------|---------------|-------------|
| TAXES                | 3.7%        | 4.9%                | 0.9%          | 3.4%        |
| LABOR COSTS          | 4.2%        | 3.9%                | 4.9%          | 5.0%        |
| FUEL                 | -4.1%       | -3.8%               | -5.7%         | -4.0%       |
| UTILITIES            | -0.4%       | 1.8%                | -3.8%         | 0.6%        |

**Changes in Housing Affordability**

Per the *2024 Income and Affordability Study*, economic and social indicators in NYC in 2023 showed both strengths and weaknesses as compared with the preceding year. Positive indicators (on an annual average basis) include rising employment levels within NYC businesses, an increase of 2.6% in 2023.<sup>44</sup> The unemployment rate for NYC residents also fell, down 0.5 percentage points from 2022, to 5.2%.<sup>45</sup> Gross City Product (GCP) is also forecasted to increase, rising in inflation-adjusted terms by 2.6% in 2023.<sup>46</sup> Inflation in the NYC metro area also rose at a slower level than in 2022, rising 3.8%, down from 6.1% in the prior year.<sup>47</sup>

44 NYS Dept. of Labor; <http://dol.ny.gov>; Data accessed March 2024. Data is revised annually and may not match data reported in prior years.

45 NYS Dept. of Labor; <http://dol.ny.gov>; Data accessed March 2024. Data is revised annually and may not match data reported in prior years.

46 Data from the Office of the NYC Comptroller as of March, 2024. GCP data through 2022 is computed by the U.S. Bureau of Economic Analysis (BEA).

47 U.S. Bureau of Labor Statistics. Consumer Price Index, all items in New York-Newark-Jersey City, NY-NJ-PA, all urban consumers, not seasonally adjusted.

Negative indicators (on an annual average basis) include average wages and total wages earned within NYC, which both decreased in real terms in the most recent 12-month period, falling by 6.1% and 2.6%, respectively. Average wages also fell in nominal terms, by 1.8%, although total wages rose by 1.9% in nominal terms.<sup>48</sup> Primarily driven by asylum-seekers entering NYC, sheltered homeless levels (as reported by the NYC Department of Homeless Services (DHS)) rose significantly, increasing 54.9%. Excluding asylum-seekers, sheltered homeless levels also rose, but at a slower rate, 9.5%.<sup>49</sup> Public benefit caseloads also rose in 2023, with the average number of public assistance recipients rising by 12.7%; Supplemental Nutrition Assistance Program (SNAP) recipients rising by 1.3%; and Medicaid enrollees rising by 5.1%.<sup>50</sup> There was also an increase in non-payment filings and non-payment calendared cases in Housing Court, which rose by 23.5% and 34.5%, respectively.<sup>51</sup> The number of residential evictions also rose, increasing 195.4%, to reach 12,139 in 2023.<sup>52</sup> Personal bankruptcy filings in NYC also rose for the first time in four years, increasing 36.7%,<sup>53</sup> and the poverty rate rose 0.3 percentage points in 2022 (the latest available data), to 18.3%.<sup>54</sup>

As compared to 2019 (the last full year preceding the pandemic), economic and social indicators are mixed. As compared to 2019, in 2023 the unemployment rate is 1.2 percentage points higher, despite overall employment levels that are 0.4% higher. Initial unemployment claims are 9.8% higher, cash assistance caseloads are 43.1% higher, and SNAP caseloads are 13.6% higher. But both inflation-adjusted average and total wages are higher, by 3.5% and 2.7%, respectively. Including asylum-seekers, DHS sheltered homeless levels are 34.8% higher (but excluding asylum-seekers, they are 13.3% lower). In Housing Court, non-payment filings are 24.8% lower and non-payment calendared cases are 24.4% lower. Residential evictions are also 28.6% lower.

The most recent quarter for which there is comprehensive data is the fourth quarter of 2023. As compared to the fourth quarter of 2022, positive indicators include employment levels, up 1.1 percentage points as compared to 2022; and SNAP caseloads, down 0.1%. Negative indicators include the unemployment rate, up 0.1 percentage points as compared to 2022; Medicaid enrollees, up 8.6%; DHS sheltered homeless levels, up 38.4% including asylum-seekers (and 13.7% excluding asylum-seekers); cash assistance caseloads, up 12.0%; and in Housing Court, the number of non-payment cases filed, up 2.9% and non-payment calendared cases up 6.7%.<sup>55</sup>

**Consumer Price Index**

The Board reviewed the Consumer Price Index. The table that follows shows the percentage change for the NY-Northeastern NJ Metropolitan area since 2016.

| Percentage Changes in the Consumer Price Index for the New York City - Northeastern New Jersey Metropolitan Area, 2016-2024 (For "All Urban Consumers") |      |      |      |      |      |      |      |      |      |

**NYS Homes and Community Renewal (HCR) Registration Data for Rent Stabilized Hotels**

An analysis of 2022/2023 HCR registration data identified registration records for 78 hotels and 226 rooming houses (a total of 304 buildings). These 304 buildings contained 6,201 hotel units and 4,474 rooming house units (a total of 10,675 units). Slightly less than half of these units (5,079) were registered as "rent stabilized," with most units including corresponding rent data. The balance of the units (5,596) were registered as either vacant or exempt. For those units where rent data is reported, the median legal rent is \$900 for hotels and \$1,206 for rooming houses (with an overall median of \$1,068). The average legal rent is \$1,111 for hotels and \$1,147 for rooming houses (with an overall average of \$1,130). The median "rent received" (the legal rent, except in cases where there is a preferential rent provided) is \$746 for hotels and \$1,150 for rooming houses (with an overall median of \$910). The average "rent received" is \$947 for hotels and \$1,069 for rooming houses (with an overall average of \$1,011). In addition, a longitudinal analysis of the change in rent in the same set of units in both 2022 and 2023 shows that the median legal rent was unchanged in hotels, rose by 1.5% in rooming houses, and rose by 1.8% overall. The average legal rent in the longitudinal sample rose by 2.1% in hotels, 1.3% in rooming houses, and 1.6% overall. For the "rent received" by owners in the longitudinal sample, the median was unchanged in hotels, rose by 0.4% in rooming houses, and fell by 1.2% overall. The average "rent received" in the longitudinal sample rose by 0.1% in hotels, 1.6% in rooming houses, and 0.9% overall.<sup>58</sup>

**SRO Housing and Airbnb Rentals**

SRO owners may convert SRO housing to other uses after obtaining a "Certification of No Harassment" (CONH) from the NYC Department of Housing Preservation and Development (HPD). For the first time in three years, the number of CONHs granted by HPD fell, by 30.4% (to 64) in 2023.<sup>59</sup>

Efforts are also underway to ensure that units meant to provide permanent housing are not used as transient hotels. As of May 1, 2011, a law was passed clarifying that Class A multiple dwellings were only to be used for occupancy of 30 consecutive days or more,<sup>60</sup> while additional legislation in 2012<sup>61</sup> and 2016<sup>62</sup> strengthened the law and authorized fines of up to \$7,500.

On January 3, 2021, New York City's Booking Service data reporting law took effect. All transactions for listings that have five or more nights booked per quarter are required to be reported to the Mayor's Office of Special Enforcement (OSE) if the listings offer entire home rentals or home rentals to three or more individuals at the same time. Listings for units in "Class B multiple dwellings" — which are lawfully used for short-term rental — are exempt from the reporting requirements. The reports are required to be submitted quarterly to OSE and include information that allows OSE to ascertain if the listings are legal.<sup>63</sup> The law, which took effect on March 6, 2023 and was enforced as of September 2023, requires anyone wishing to

57 Institutions were asked to provide information on their "typical" loan to rent stabilized buildings. Data for each variable in any particular year and from year to year may be based upon responses from a different number of institutions.

operate as a host of a short-term rental (a rental of less than 30 days) to register with OSE and receive a registration number. Registration numbers cannot be issued by OSE unless the unit is verified to be legal for residential occupancy and the permanent residence of the applicant, and the applicant discloses online listings and agrees to follow all applicable laws. The law also prohibits the registration of rent regulated units, and allows building owners to certify that short-term rentals are not allowed in their buildings and add their buildings to OSE's prohibited building list, thereby preventing OSE from issuing a registration number to an individual tenant of such a building. In addition, upon receipt of registration applications from renters, OSE will notify the owner of record of the dwelling unit/building. The law also requires that booking services (such as Airbnb, VRBO, Booking.com, and other similar platforms) verify that listings are properly registered with OSE before they can take a fee.<sup>64</sup>

As of mid-May, 2024, almost 13,000 buildings have applied to be on the prohibited buildings list,<sup>65</sup> and over 6,000 applications for registration numbers have been received by OSE. Of these applications, 2,128 (or 34.5%) have been granted. However, 1,362 (or 22.1%) of the reviewed applications have been denied. One reason for denial is that the building contains rent stabilized or rent controlled units, as was the case with 452 of the denials (33.2%). An additional 2,624 applications (or 42.5%) have been returned to the applicant to provide additional information or correct deficiencies. A total of 58 applications (0.9%) have either not yet been reviewed, or are being reviewed for a second time after corrections were made by the applicant.<sup>66</sup>

In 2023, 1,266 violations were issued by OSE relating to the illegal short-term rental of units (including apartments, private homes, and SROs), a decrease of 29.7% from 2022. As is the case in most years, the vast majority of violations issued by OSE in 2023 were substantive, a total of 1,210 violations, or 95.6% of all violations. A total of only 56 B263 violations were issued in 2023, or 4.4% of all violations issued.<sup>67</sup> More than one-third of the violations in 2023, 456 (36.0% of the total), were for dwelling units in Brooklyn, with 361 violations in Queens (28.5% of the total); 353 violations in Manhattan (27.9% of the total); 78 violations in the Bronx (6.2% of the total); and 18 in Staten Island (1.4% of the total). Between May 2011 and December 2023, approximately 26,000 violations have been issued by OSE as part of its efforts to address illegal short-term rentals.<sup>68</sup> Note that violations issued by OSE for the illegal short-term rental of units (as described above) are primarily for units intended to be used for permanent housing. For instance, in 2022, 50% of the 1,801 violations were issued to units in multiple dwellings, while 45% were issued to units in one- and two-family homes, and just 5% issued in commercial and manufacturing locations.<sup>69</sup> The 1,801 violations issued in 2022 were contained in 348 buildings, approximately 20% of which were buildings containing rent stabilized units (with 22% of the violations issued to units in buildings that contain rent stabilized units).<sup>70</sup>

**OTHER RELEVANT INFORMATION**

The NYS Division of Housing and Community Renewal released a memo to the Board dated April 17, 2024 in which they outline information from their registration database relating to Hotels/SROs/Rooming Houses. The following is an excerpt from that memo (Pages 2-3):

**[START OF MEMO]**

64 <https://www.nyc.gov/site/specialeenforcement/registration-law/registration.page>  
 65 Buildings which apply to be on the Prohibited Buildings List are automatically approved by OSE, and as of May 14, 2024, 12,807 buildings submitted applications to be on this list. In addition, other entirely rent regulated buildings were proactively added to this list, including Mitchell-Lama buildings, buildings reported by HPD to OSE as being rent regulated, and NYCHA buildings.  
 66 Per data from the Mayor's Office of Special Enforcement, current as of May 12, 2024.  
 67 Violations issued by OSE include both substantive violations (those issued based on inspection and observation of illegal conditions), as well as violations for failure to comply with an order to file a certification of correction with the NYC Department of Buildings (DOB), known as a B263 violation. When OSE finds a unit of permanent housing being used as an illegal short term rental, it will issue a violation for illegal conversion or occupancy contrary to that allowed by the DOB, and companion violations for missing safety features required for transient use, including sprinklers, adequate means of egress, and fire alarms. These are the most common substantive violations, in addition to exceeding the number of units permitted on the Certificate of Occupancy (which are issued when units are illegally subdivided into multiple rooming units).  
 68 Office of the Criminal Justice Coordinator, Mayor's Office of Special Enforcement.  
 69 Mayor's Office of Special Enforcement, 2022 Annual Report.  
 70 The 2022 Annual Report issued by the Mayor's Office of Special Enforcement provides a list of violations, as well as the corresponding BIN number. This BIN number was matched to a list of Multiple Dwelling Registrations (as published by HPD on Open Data), from which the corresponding Borough, Block, and Lot (BBL) was matched to 2022 NYS Homes and Community Renewal annual registration data. Individual violations data for 2023 is not yet available.

9. What is the total number of SRO/Hotel units registered with the DHCR in 2023? How many of these units are rent stabilized? How many are temporarily and permanently exempt? How many are registered as transient? How many as vacant?

|                                |               |
|--------------------------------|---------------|
| <b>Rent Stabilized Units</b>   | <b>9,417</b>  |
| <b>Vacant Units</b>            | <b>1,151</b>  |
| <b>Temporary Exempts Units</b> | <b>5,359</b>  |
| <b>Permanent Exempt Units</b>  | <b>64</b>     |
| <b>Total Number of Units</b>   | <b>15,991</b> |

10. What is the total number of SRO/Hotel units registered with the DHCR on an annual basis from 2009-2023?

- In 2009 the total number of units registered was 25,340
- In 2010 the total number of units registered was 26,189
- In 2011 the total number of units registered was 25,611
- In 2012 the total number of units registered was 25,003
- In 2013 the total number of units registered was 23,393
- In 2014 the total number of units registered was 23,428
- In 2015 the total number of units registered was 22,936
- In 2016 the total number of units registered was 21,606
- In 2017 the total number of units registered was 21,446
- In 2018 the total number of units registered was 21,274
- In 2019 the total number of units registered was 20,629
- In 2020 the total number of units registered was 19,329
- In 2021 the total number of units registered was 17,379
- In 2022 the total number of units registered was 17,626
- In 2023 the total number of units registered was 15,991

11. What is the average and median rent for rent stabilized SRO/Hotel units in 2023?

- The average rent stabilized rent for SRO/Hotel units in 2023 is \$1,809; the median rent is \$1,336.

**[END OF MEMO]**

On May 28, 2024, staff released a memo with additional information from the 2024 *Hotel Report*. The following is an excerpt from that memo (Page 1-2):

**[START OF MEMO]**

*Question 2: What is the total number of buildings and units in the sample frame for the 2024 Hotel Report?*

As described in the 2024 *Hotel Report*, staff developed a methodology in 2017 for better identifying hotels and rooming houses in the NYS Homes and Community Renewal (HCR) registration data that did not rely solely on the owner's registration. This methodology was implemented for HCR registrations from 2015 forward. Each year, registrations in the most current file that are registered as either hotels or rooming houses (which have not previously been researched) are researched to determine if their registration status is accurate. Thus far, no buildings have been removed from the sample frame, although some of these buildings may have subsequently been demolished or legally (or illegally) converted to other uses. The sample frame is then matched to the most current HCR registration files. The sample frame currently includes 468 buildings: 108 hotels and 360 rooming houses.

For the 108 hotels in the sample frame, at the time they were first identified by staff in the HCR data (starting with the 2015 registration file), 7,929 units were registered with HCR.<sup>71</sup> However, staff also researched sources outside of the HCR data to obtain more accurate unit counts, as many of these buildings are used as transient hotels. Staff estimates that these 108 buildings contain approximately 22,079 units. In the 2024 *Hotel Report*, the 78 hotels registered in either 2022 or 2023 that matched with the sample frame had a total of 6,201 units of registered housing, but an estimated 16,133 units as based on estimates from outside of HCR data (see the 2024 *Hotel Report* for more details). Note that of the 6,201 units registered with HCR, only 2,455 (40%) were registered as "rent stabilized." The other units were registered as either vacant or exempt.

For the 360 rooming houses in the sample frame, the number of units registered with HCR at the time they were first identified by staff in the HCR data is not currently available. However, the number of units can be estimated from other sources, such as the NYC Department of City Planning (DCP) and the NYC Department of Housing Preservation and Development (HPD). Per these agencies, the 360 buildings in the sample frame have approximately 7,000 units of housing. The 226 rooming houses that comprise the 2024 *Hotel Report* have a total of 4,474 units of registered housing in 2022/2023. Per data from DCP and HPD, these buildings have approximately 5,000 units

<sup>71</sup> Note that this was the unit count solely in the first year the registration was identified. Unit counts in subsequent registration files may be higher or lower.

of housing. Note that of the 4,474 units registered with HCR, only 2,624 (59%) were registered as "rent stabilized." The other units were registered as either vacant or exempt.
