### COMMISSIONERS OF THE SINKING FUND OF THE CITY OF NEW YORK.

*Proceedings of the Commissioners of the Sinking Fund at a Meeting held at the Mayor's Office at 11.30 o'clock A. M., on Thursday, June 29, 1899.*

Present—Robert A. Van Wyck, Mayor; Bird S. Coler, Comptroller; Patrick Keenan, Chamberlain; Randolph Guggenheimer, President of the Council, and Robert Muh, Chairman, Committee on Finance, Board of Aldermen.

The minutes of the meeting held June 8, 1899, were read and approved.

The Comptroller presented the following report relative to the sale of the block of land bounded by West, Washington, Reade and Duane streets:

JUNE 21, 1899.

#### *To the Commissioners of the Sinking Fund:*

GENTLEMEN—Pursuant to the direction of the Commissioners of the Sinking Fund, I sold on May 4, 1899, through Peter F. Meyer, auctioneer, at 111 Broadway, Borough of Manhattan, the property of the City bounded by West, Washington, Reade and Duane streets, to the highest bidder, Mr. Jarvis Hicks, for the sum of \$453,000. Ten per cent. of this amount, or \$45,300, was paid at the time and place of sale. Subsequently, Mr. Jarvis Hicks assigned his rights to Mr. Edward Roche. The closing of the title was conducted under the supervision of Mr. O'Neil of the Law Department, who was assigned for that purpose by the Corporation Counsel. The date of the closing of title was adjourned from June 3 to June 14, 1899, the purchaser agreeing to pay 6 per cent. on the unpaid balance between those dates.

Unpaid assessments against this property and arrears of taxes, which appear to have been improperly assessed against the same, were canceled pursuant to the advice of the Corporation Counsel, with the exception of the taxes for the year 1888 and certain water rents. It appears that under a lease of this property made to the Erie Railroad Company, the lessee agreed to pay these taxes, and it furthermore appears that the Croton water rents were liabilities of other lessees, viz., R. J. Dean & Co. Under the advice of the Corporation Counsel, the amount due to the Collector of Arrears and the Water Register for these last-mentioned liens were deducted from the purchase price and paid to these officers respectively, and the Corporation Counsel has been requested to proceed by suit against the Erie Railroad Company and R. J. Dean & Co. for the collection of these amounts, which amount in the aggregate, with interest, to \$12,138.38. The balance of the purchase price, exclusive of a mortgage of sixty per cent. given by the purchasers, \$124,010.77, has been paid into the Sinking Fund for the redemption of the City debt, which, together with the sum of \$45,300 paid at the date of sale, makes a total of \$169,310.77 credited to that fund. The payments to the city on this transaction may therefore be summarized as follows:

Ten per cent. of purchase price paid May 4, 1899.....	\$45,300 00
Amount paid to Collector of City Revenue on June 14, 1899 (including interest at six per cent. from June 3 to June 14, 1899, on \$135,900—i. e., \$249.15).....	124,010 77
Amount paid Collector of Assessments and Arrears and Water Register, in satisfaction of liens remaining unsatisfied of record.....	12,138 38
Mortgage, dated June 3, 1899, for sixty per cent. of the purchase price.....	271,800 00
Total .....	\$453,249 15

This amount exceeds the amount of the purchase price in the sum of \$249.15, being the interest accrued on the balance of the purchase price for the eleven days during which the closing of title was postponed.

Respectfully,  
BIRD S. COLER, Comptroller.

Which was ordered filed.

The following communication was received from the Board of Education relative to a renewal of the lease of the New York Avenue M. E. Church building, corner New York avenue and Herkimer street, Borough of Brooklyn:

NEW YORK, June 15, 1899.

Hon. BIRD S. COLER, Comptroller:

DEAR SIR—I transmit herewith certified copy of report and resolution adopted by the Board of Education at a meeting held on June 14, 1899, relative to lease of the New York Avenue M. E. Church building, Borough of Brooklyn, for school purposes.

Respectfully,  
A. EMERSON PALMER, Secretary.

#### *To the Board of Education:*

The Committee on Buildings, to which were referred resolutions adopted by the School Board for the Borough of Brooklyn relative to the renewal of the lease of the New York Avenue Methodist Episcopal Church building for school purposes, respectfully recommends that said lease be renewed in accordance with the request of said School Board. The following resolution is submitted for adoption:

Resolved, That the Commissioners of the Sinking Fund be and they are hereby requested to authorize the Comptroller to execute a renewal of the lease of the New York Avenue Methodist Episcopal Church building, New York avenue and Herkimer street, Borough of Brooklyn, at an annual rental of seven hundred and twenty dollars (\$720); said lease to terminate January 20, 1900, with the privilege of a further renewal for an additional year at an annual rental of twelve hundred dollars (\$1,200).

A true copy of report and resolution adopted by the Board of Education at a meeting held June 14, 1899.

A. EMERSON PALMER, Secretary, Board of Education.

In connection therewith the Comptroller presented the following report and offered the following resolution:

JUNE 16, 1899.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, by resolution adopted June 14, 1899, requests the Commissioners of the Sinking Fund to authorize the Comptroller "to execute a renewal of the lease of

the New York Avenue M. E. Church building, New York avenue and Herkimer street, Borough of Brooklyn, at an annual rental of seven hundred and twenty dollars (\$720), said lease to terminate January 20, 1900, with the privilege of a further renewal for an additional year at an annual rental of twelve hundred dollars (\$1,200)."

Premises consist of a one-story and cellar frame church structure, 55 feet by 100 feet, with two extensions at the rear, all on a plot of land 92 feet 9 inches on New York avenue by 100 feet on Herkimer street.

The interior of the building was remodeled by the Board of Education in 1897, when eight class-rooms were made. The school now accommodates 411 boys in all, by means of holding two half-day classes.

The building is heated by two heaters in the cellar and three stoves on the ground floor. The interior is in good condition, but the exterior requires a coat of paint.

The value of the premises on the tax-books is given as \$15,000 under "Exempt property."

Mr. John Truslow, No. 131 Herkimer street, Brooklyn, Treasurer of the Board of Trustees of the church, states that the property is valued by the church at \$20,000. This may be considered full, but its present market value would certainly be from \$15,000 to \$16,000; upon the latter figure the rental of \$720 per annum is very low, and at \$1,200 per annum the rental would be at the rate of 7½ per cent., which I consider reasonable and just.

The rental of \$720 per annum, which the City has been paying since January 20, 1897, was an exceptionally low price, made, I am informed, on account of the expense the Board of Education would incur in altering the interior.

Mr. Truslow also states that should the lease be renewed at \$1,200, the Trustees would paint the exterior of the building.

I think such a lease as is proposed, one year from January 20, 1899, at \$720 per annum, with the privilege of one year additional at \$1,200, may be properly approved.

Respectfully,  
EUG. E. McLEAN, Engineer.

Approved:  
BIRD S. COLER, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, of the New York Avenue M. E. Church building, New York avenue and Herkimer street, Borough of Brooklyn, for the use of the Board of Education for a term of one year from January 20, 1899, at an annual rental of seven hundred and twenty dollars (\$720), payable quarterly, with the privilege of a further renewal for an additional year at an annual rental of twelve hundred dollars (\$1,200), otherwise on the same terms and conditions as contained in the previous lease thereof; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interests of the City that such lease be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Board of Education relative to an amendment to resolution authorizing a lease of premises known as Turn Hall, Borough of Richmond.

NEW YORK, June 16, 1899.

EDGAR J. LEVEY, Esq., Secretary, Commissioners of the Sinking Fund:

DEAR SIR—I transmit herewith certified copy of resolution adopted by the Board of Education at a meeting held on June 14, 1899, amending the resolution adopted on May 10, 1899, and transmitted to you on May 11, 1899, relative to the lease of Turn Hall, Stapleton, Borough of Richmond.

Respectfully,  
A. EMERSON PALMER, Secretary.

Resolved, That the report and resolution found on page 589 of the Journal of 1899, requesting that the Commissioners of the Sinking Fund authorize the Comptroller to execute a lease of Turn Hall, Stapleton, Borough of Richmond, be amended by adding to the said resolution, "to take effect September 1, 1899, and run for a term of two years."

A true copy of resolution adopted by the Board of Education at a meeting held on June 14, 1899.

A. EMERSON PALMER, Secretary.

#### *To the Board of Education:*

The Committee on Buildings respectfully reports that on December 28, 1898 (see Journal, page 857), this Board adopted a resolution requesting the Commissioners of the Sinking Fund to approve the leasing of the building known as Turn Hall, Stapleton, Borough of Richmond, with the apparatus contained therein, for two years, from January 1, 1899, at an annual rental of \$700.

The attention of your Committee has been called to the fact that this is not in accordance with the proposition received from the Staten Island Turn Verein, owners of the building, nor with the resolution adopted by the School Board, in that it provides for the entire occupancy of the premises, while the proposition and the resolution adopted by the School Board provide for occupancy for but two days per week, which, in the opinion of your Committee, is equitable, in view of the low rental.

The following resolution is therefore submitted for adoption:

Resolved, That the Commissioners of the Sinking Fund be and are hereby requested to amend their resolution adopted February 3, 1899, authorizing the Comptroller to execute a lease for Turn Hall, owned by the Staten Island Turn Verein, with the apparatus contained therein, so that it will provide for the occupancy of the said hall for two days per week instead of entire occupancy.

A true copy of report and resolution adopted by the Board of Education at a meeting held on May 10, 1899.

A. EMERSON PALMER, Secretary, Board of Education.

In connection therewith the Comptroller presented the following report and offered the following resolution:

JUNE 20, 1899.

Hon. BIRD S. COLER, Comptroller:

SIR—The Board of Education, by resolution dated February 3, 1899, and as amended May 10 and June 14, 1899, requests the Commissioners of the Sinking Fund to authorize the Comptroller to execute a lease of the building known as Turn Hall, with the apparatus contained therein, owned by the Staten Island Turn Verein, located at Brook and Thompson streets, Stapleton, in the Borough of Richmond, to be occupied for school purposes two days per week, for a term of two years from September 1, 1899, at an annual rental of \$700.

The premises consist of a two-story frame building, 60 feet by 88 feet nine inches, in fair condition, heated by stoves and fitted with gas and electric light connections.

The apparatus consists of the various gymnastic contrivances required. The rental, \$700 per annum for two days per week, I consider reasonable, the lessor furnishing heat and light.

Respectfully,  
CHANDLER WITHINGTON, Principal Assistant Engineer.

Approved:  
BIRD S. COLER, Comptroller.

Resolved, That the resolution adopted by the Commissioners of the Sinking Fund at its meeting held February 3, 1899, authorizing a lease of premises known as Turn Hall, Stapleton, Borough of Richmond, for the use of the Department of Education, be and the same is hereby amended so as to read as follows:

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City, from the Staten Island Turn Verein, of the building known as Turn Hall, with the apparatus contained therein, situated at Brook and Thompson streets, Stapleton, Borough of Richmond, to be occupied for school purposes two days per week, for a term of two years from September 1, 1899, at an annual rental of seven hundred dollars (\$700), payable quarterly, the lessor to furnish heat and light; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable, and that it would be for the interest of the City that such lease be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved

by the Corporation Counsel, as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Liquid Carbonic Acid Manufacturing Company relative to an amendment to resolution for pipe-line permit:

To the Comptroller of The City of New York:

DEAR SIR—On June 9, 1899, permission was granted to the Liquid Carbonic Acid Manufacturing Company to take up the pavement and excavate and such portion as may be necessary of the following highway in the Borough of Manhattan: No. 110 West One Hundred and Seventh street, for the purpose of laying two three (3) inch pipes for conducting steam and carbonic acid gas under and pursuant to the authority given by the Municipal Assembly by its resolution approved by the Mayor June 7, 1899.

Your applicant wishes to state that said conduit has been laid according to the plans and requirements of the Commissioner of Highways and is now ready for the piping, but that, owing to an oversight, the dimensions of the piping were given in error as three (3) inches, whereas the steam-pipe should have been four (4) inches and the gas-pipe six (6) inches, as per blue print herewith submitted.

As the three-inch piping are too small for the object of our business, we would respectfully ask permission to lay four-inch steam-pipe instead of three, and six-inch carbonic gas pipe instead of three. Any additional charge your applicant is willing to pay.

As this will require no change or additional expense on the part of the Departments, we trust that our request for the change in the size of the pipe will be granted, and instructions issued to the Department of Highways permitting the change.

Very truly yours,

LIQUID CARBONIC ACID MANUFACTURING COMPANY,  
By JACOB BAND, President.

In connection therewith the Comptroller presented the following report and offered the following resolution:

JUNE 14, 1899.

Hon. BIRD S. COLER, Comptroller:

SIR—The Municipal Assembly, by resolution dated May 23, 1899, adopted by the Board of Aldermen May 31, 1899, and approved by the Mayor June 7, 1899, grants permission to the Liquid Carbonic Manufacturing Company to lay pipes across the carriageway of West One Hundred and Seventh street, in the Borough of Manhattan, for the purpose of conducting steam and carbonic acid gas from the building of the Lion Brewery, on the northwest side of One Hundred and Seventh street, to the building of the said Liquid Carbonic Acid Manufacturing Company, at No. 110 West One Hundred and Seventh street, provided that the said company shall pay to The City of New York, as compensation for the privilege, such amount as may be determined as an equivalent by the Commissioners of the Sinking Fund.

On June 7, 1899, I reported, on information given me by the President of the Liquid Carbonic Manufacturing Company, that it was proposed to lay two 3-inch pipes, and recommended a price accordingly.

I have since learned that instead of the two pipes it is proposed to build a brick conduit 3 feet 10 inches by 1 foot 9 inches, to carry a 6 and 4-inch pipe.

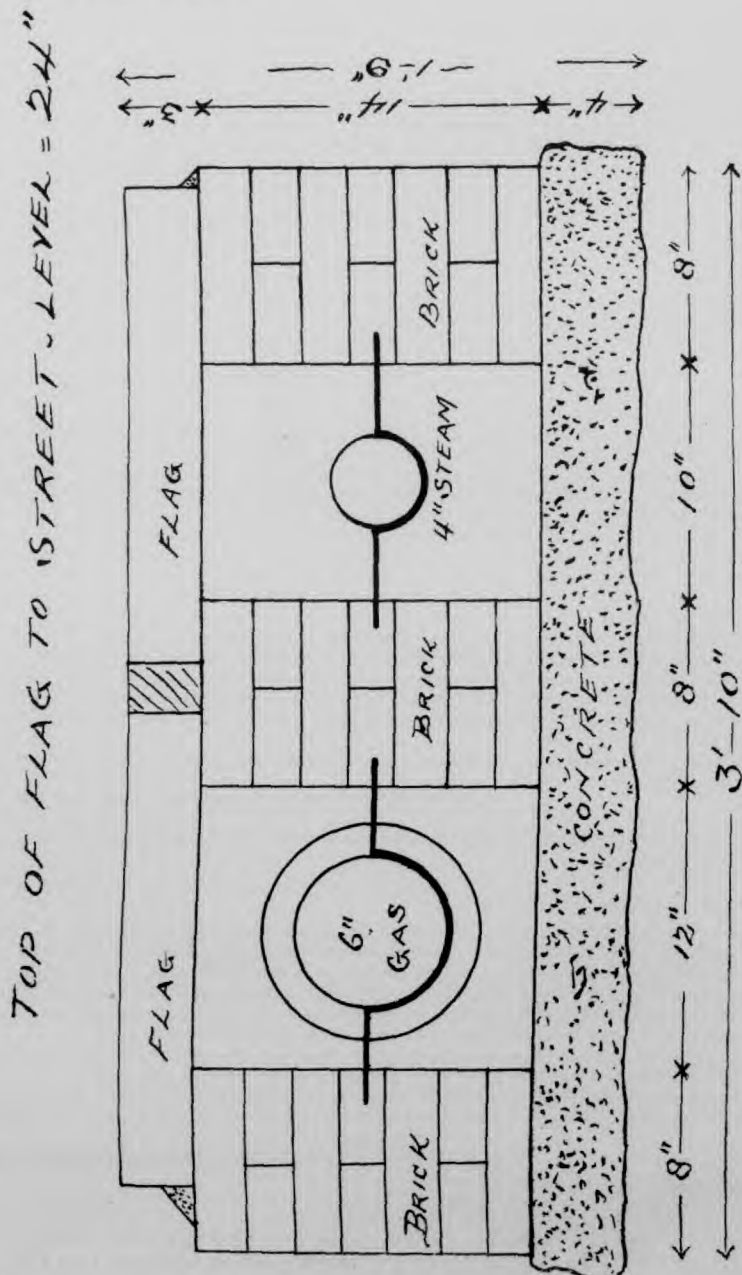

The distance between the curbs is 30 feet, and I think \$120 per annum a correct charge for the privilege and \$25 fee for opening the street.

Respectfully,

CHANDLER WITHINGTON, Principal Assistant Engineer.

Approved:

BIRD S. COLER, Comptroller.

Resolved, That the resolution adopted by the Commissioners of the Sinking Fund at its meeting held June 8, 1899, fixing the compensation to be paid to the City by the Liquid Carbonic Acid Manufacturing Company for the privilege of laying pipes across the carriageway of West One Hundred and Seventh street, in the Borough of Manhattan, be and the same is hereby amended by providing for "a brick conduit three feet ten inches by one foot nine inches, to carry a six and four-inch pipe," instead of "two three-inch pipes," and the compensation to be paid therefor to be one hundred and twenty dollars (\$120) per annum for the privilege, and twenty-five dollars (\$25) fee for opening the street.

The report was accepted and the resolution unanimously adopted.

The following communication was received from Walter W. Law relative to a resale of certain aqueduct property:

BRIARCLIFF MANOR, N. Y., June 13, 1899.

EDGAR J. LEVEY, Esq., Secretary, Commissioners of the Sinking Fund:

DEAR SIR—Relative to land adjoining Shaft 5, New Croton Aqueduct.

I am informed that the purchaser of the above piece of land (about seven acres in extent) at the auction sale held June 15, 1893, failed to comply with the conditions of the sale, in that he has not paid the balance of the purchase price. I purchased the said piece of land (as it adjoins my property) at tax sale by the Township of Ossining, and inclose herewith the certificate of the Supervisor of said township to that effect, and that having paid the taxes regularly ever since now hold the land by tax title. I therefore respectfully request that the sale of said property of June 15, 1893, be annulled and that the property be resold at public auction. I shall be glad to have the inclosed certificate returned to me with your reply, and shall be glad if it will be consistent with your convenience to give the matter your early attention. I am

Yours truly,

WALTER W. LAW.

In connection therewith the Comptroller offered the following resolution:

Resolved, That the Comptroller be and is hereby authorized and directed to take the necessary steps to sell at public auction to the highest bidder, at minimum or upset prices to be hereafter fixed by this Board, the several pieces or parcels of property offered at public auction by The City of New York on June 15, 1893, the purchasers of which have failed to comply with the terms and conditions of sale; and

Resolved, That the amounts deposited at that time by said purchasers be and the same are hereby forfeited to the Sinking Fund for the Redemption of the City Debt.

Which resolution was unanimously adopted.

A communication was received from the Department of Street Cleaning relative to proposed lease of premises corner Nostrand avenue and Butler street, now Sterling place, which the Commissioners of the Sinking Fund declined to approve of at their meeting held June 8, 1899.

Which was ordered filed.

The following communication was received from the Department of Street Cleaning, requesting an amendment to resolution authorizing a lease of premises No. 743 East One Hundred and Sixty-seventh street, Borough of The Bronx:

NEW YORK, June 14, 1899.

Hon. ROBERT A. VAN WYCK, Mayor, Chairman, Board of Commissioners of the Sinking Fund:

SIR—I desire that your Board amend its resolution adopted March 16, 1899, in relation to the renewal of the lease from Patrick H. Bond of the premises No. 743 East One Hundred and Sixty-seventh street, at an annual rental of two hundred dollars (\$200), so as to make the lessor's name read, as it should, Patrick J. Bond, and so as to make the said annual rental three hundred dollars (\$300) per annum.

This section station was selected by me in 1898 in place of the premises previously occupied by the Department, because better adapted to the purpose, but your Board, at its meeting of May 9, 1898, authorized the Comptroller to execute a lease for one year from May 1, 1898, at two hundred dollars (\$200) per year. Immediately upon this resolution being brought to my attention I wrote to you under date of May 16, 1898, as follows:

"It has been brought to my attention that your honorable Board has declined to approve of the payment of \$300 per annum for the rent of apartments hired for a section station for the use of this Department in the Borough of The Bronx at the corner of One Hundred and Sixty-seventh street and Washington avenue.

"I desire to say in connection therewith that the place we occupied last year was too small, and we found it necessary to get larger quarters. The Deputy Commissioner of the Borough of The Bronx writes me that he searched the neighborhood in that vicinity and could get no place more suitable in price and location than the one that we have selected. It is larger, more convenient and easier of access for the use of the Department in the handling of our bag-carriers and bags and has better accommodations for the men. The price we pay is the same as was paid for the place we occupied formerly, and we think it is worth the amount asked. The owner will not accept any less.

"As I think that the place is suitable and the price is just, I would like to be advised whether I cannot have your Board reconsider its action."

Nothing, however, was received by me in answer. The authority during most of last year for the execution of leases of this Department had been assumed by the Comptroller, although, as the Corporation Counsel has since advised, this authority is vested by the Charter in the head of this Department, as it had been for several years previously under the special law of the Department.

In the mean time, it appears that Mr. Bond had persistently refused to sign the lease until after the City had been in possession for nine months without paying him any rent, and then, as I am informed, through some mistake, Mr. Bond did finally sign the lease from May 1, 1898, to May 1, 1899, but he refuses to sign a renewal of it at that rent, and I think he is justified, considering the circumstances which I have called to your attention and the advantages of the place for the use of this Department.

I request that your Board act upon this matter as soon as possible, so that the lease may be executed and that Mr. Bond may receive his rent with more promptness than he did last year.

Respectfully,

JAMES MCCARTNEY, Commissioner.

In connection therewith the Comptroller presented the following report, and offered the following resolution:

JUNE 20, 1899.

Hon. BIRD S. COLER, Comptroller:

SIR—The Commissioner of the Department of Street Cleaning in communication of June 14, 1899, to the Commissioners of the Sinking Fund, requests that the "resolution adopted by the Commissioners March 16th, 1899, in relation to the renewal of the lease from Patrick H. Bond of the premises No. 743 East One Hundred and Sixty-seventh street, at an annual rental of two hundred dollars (\$200), so as to make the same read, as it should, Patrick J. Bond, and so as to make the said annual rental three hundred dollars (\$300) per annum."

As a matter of course, the name should be changed as requested, but I cannot change the opinion I expressed in my report to the Comptroller dated May 5, 1898, that the premises are not worth \$300 per annum, and that \$200 per annum would be a full rent.

My opinion was formed after a careful examination of the premises, and there is nothing in the Commissioner's communication which gives a reason for a change.

I know nothing about the "mistake" through which Mr. Bond signed the lease. Several were sent to him, and he finally appeared and signed the lease, but there was no evidence of a "mistake" in the matter.

Respectfully,

EUG. E. McLEAN, Engineer.

Approved:

BIRD S. COLER, Comptroller.

Resolved, That the Commissioners of the Sinking Fund hereby decline to grant the request of the Commissioner of Street Cleaning for an amendment to the resolution adopted by the Commissioners of the Sinking Fund at their meeting held March 16, 1899, authorizing a lease of premises No. 743 East One Hundred and Sixty-seventh street, Borough of The Bronx, by changing the amount of the rental from two hundred dollars per annum to three hundred dollars per annum.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Highways relative to a lease of a yard on Jersey street, Borough of Richmond:

NEW YORK, June 15, 1899.

Hon. ROBERT A. VAN WYCK, Mayor, and Chairman Commissioners of the Sinking Fund:

DEAR SIR—The former Village of New Brighton, Borough of Richmond, had for a number of years the privilege to use as a corporation yard a piece of property on Jersey street without payment of rent.

The property has changed hands, and the present owner, Mr. William K. Walsh, New Brighton, desires compensation for its use by the Department of Highways, Borough of Richmond, as a corporation yard.

The use of the property as a corporation yard is absolutely necessary, and it is partly filled with flagstones, crosswalk stones and other material, and there is on it a shed owned by the City.

The owner is willing to allow the Department of Highways to continue to use his property as

a corporation yard at a rent of \$100 per annum, which is not much more than the taxes on the property.

I respectfully recommend that the leasing of said property for one year be authorized at the rental named, with the privilege of renewing the lease for another year on the same terms.

I inclose a plan and description of the property.

Very respectfully,

JAMES P. KEATING, Commissioner of Highways.

In connection therewith the Comptroller presented the following report and offered the following resolution:

JUNE 21, 1899.

Hon. BIRD S. COLER, Comptroller:

SIR—Hon. James P. Keating, Commissioner of Highways, in a communication under date of the 15th instant, requests the Commissioners of the Sinking Fund to authorize a lease from William K. Walsh, of New Brighton, Staten Island, of a plot of land about 60 feet by 130 feet, situated between Jersey street and York avenue, about 86 feet 6 inches north of Brighton avenue, to be used as a corporation yard by the Department of Highways, in the Borough of Richmond.

Terms: One year, with the privilege of renewal of one year, at \$100 per annum.

The Commissioner further states that the yard has been in use for a number of years by the former Village of New Brighton, rent free; but that the property has now changed hands, and the present owner desires compensation. That the use of the property for such purpose is absolutely necessary, and that there is now built upon the land a shed owned by the City.

The property is assessed on the tax-books for 1899 at \$1,500, which appears a full market value. Upon this value the rental asked is at the rate of 6½ per cent., which I consider reasonable and just.

I am informed by Deputy Commissioner Morrison, Borough of Richmond, that the arrangement with the owner was that the lease should commence on June 1, 1899, which, as the Department has been in possession continuously, appears to be reasonable.

Respectfully,

EUG. E. McLEAN, Engineer.

Approved:

BIRD S. COLER, Comptroller.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City from William K. Walsh, of a plot of land about sixty feet by one hundred and thirty feet, situated between Jersey street and York avenue, about eighty-six feet six inches north of Brighton avenue, Borough of Richmond, to be used as a corporation yard by the Department of Highways, for a term of one year from June 1, 1899, with the privilege of a renewal, at an annual rental of one hundred dollars (\$100) payable quarterly; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

The following communication was received from the Department of Docks and Ferries relative to proposed purchase of pier at the foot of West Forty-third street from the Consolidated Ice Company.

NEW YORK, June 9, 1899.

EDGAR J. LEVEY, Esq., Secretary, Commissioners of the Sinking Fund:

SIR—I transmit herewith agreement dated August 12, 1898, between the Consolidated Ice Company and The City of New York, for the purchase of certain rights of said company in the pier at the foot of West Forty-third street, for the sum of \$120,000.

At a meeting of the Board of Docks held this date, I was directed to call the attention of the Commissioners of the Sinking Fund to the fact that it is absolutely necessary for the City to acquire this property:

1st. On account of the unsanitary condition of these premises and the adjoining bulkhead, which has been the subject of numerous complaints by the Board of Health.

2d. To permit the enlargement of the ferry operated by the West Shore Railroad Company at the foot of West Forty-second street.

Yours respectfully,

WM. H. BURKE, Secretary.

Which was referred to the Corporation Counsel.

The following communication was received from the Fire Department relative to a lease of premises corner of Jackson and Steinway avenues, Long Island City, and the vacating of premises on the west side of Buckley street, south of Jackson street, Long Island City:

BOROUGH OF MANHATTAN, June 16, 1899.

Hon. ROBERT A. VAN WYCK, Mayor, and Chairman of the Commissioners of the Sinking Fund:

SIR—I have the honor to request upon recommendation of the Deputy Commissioner, that your Honorable Commission will please authorize the leasing from Margaret Hendrickson of premises located on northwest corner Jackson and Steinway avenues, First Ward, Borough of Queens (formerly Long Island City), as quarters for Hook and Ladder Company No. 16, for a term of five years from July 1, 1899, at an annual rental of \$900, payable quarterly, with the privilege of a renewal for a like term, at the same rental, in accordance with the conditions contained in her proposition accompanying this communication, which includes all information requested by the Comptroller, in his circular letter of December 28, 1898.

The Deputy Commissioner states that the lease of the present quarters of said company, on Buckley street, near Jackson avenue, expires on the 16th proximo; and there are no sewers in the adjoining streets, which are at best simply highways; and that as a result the cellar of the house is in a condition to jeopardize the health of the members of the company; under the circumstances he is of the opinion that it would be to the best interest of the service to secure this change.

Yours respectfully,

JOHN J. SCANNELL, Commissioner.

BOROUGH OF QUEENS, May 10, 1899.

Hon. JAMES TULLY, Deputy Fire Commissioner, Borough of Brooklyn:

DEAR SIR—Referring to the matter of quarters for No. 16 truck, I beg to give you the following information as requested:

The premises are located on the northwest corner of Jackson and Steinway avenues, First Ward, Borough of Queens (formerly Long Island City), and are of the following dimensions: Frontage of lots, 44 feet 8½ inches; westerly side, 81 feet 7½ inches; rear, 53 feet 5¾ inches; northeast side, 41 feet 4¾ inches; southeast side, 77 feet 3¾ inches.

On the corner lot there is erected a three-story brick building 55 feet deep by 25 feet wide, having in the rear a frame extension one story high 13 feet by 13 feet. On the adjoining lot there is a frame structure one story high, 55 feet deep by 25 feet wide. Annexed hereto you will find a diagram of the premises, with dimensions, etc.

The premises are owned by Margaret Hendrickson, of No. 130 Twelfth street, Long Island City.

I will lease the whole of said premises as above for a term of five years, to date from the 1st of July, 1899, at an annual rental of nine hundred dollars (\$900), payable quarterly.

The taxes and assessments to be paid by me; the water rates to be paid by your Department.

Repairs: I will alter and place in proper condition for occupancy by your Department the brick building as above, and will keep the outside and roof of same in repair; the interior to be kept in condition by your Department.

As to heat, light, etc., your Department is to have full charge and control of building.

I will give a renewal of lease for five years on the same terms.

Respectfully,

MARGARET HENDRICKSON.

In connection therewith the Comptroller presented the following report and offered the following resolution:

JUNE 22, 1899.

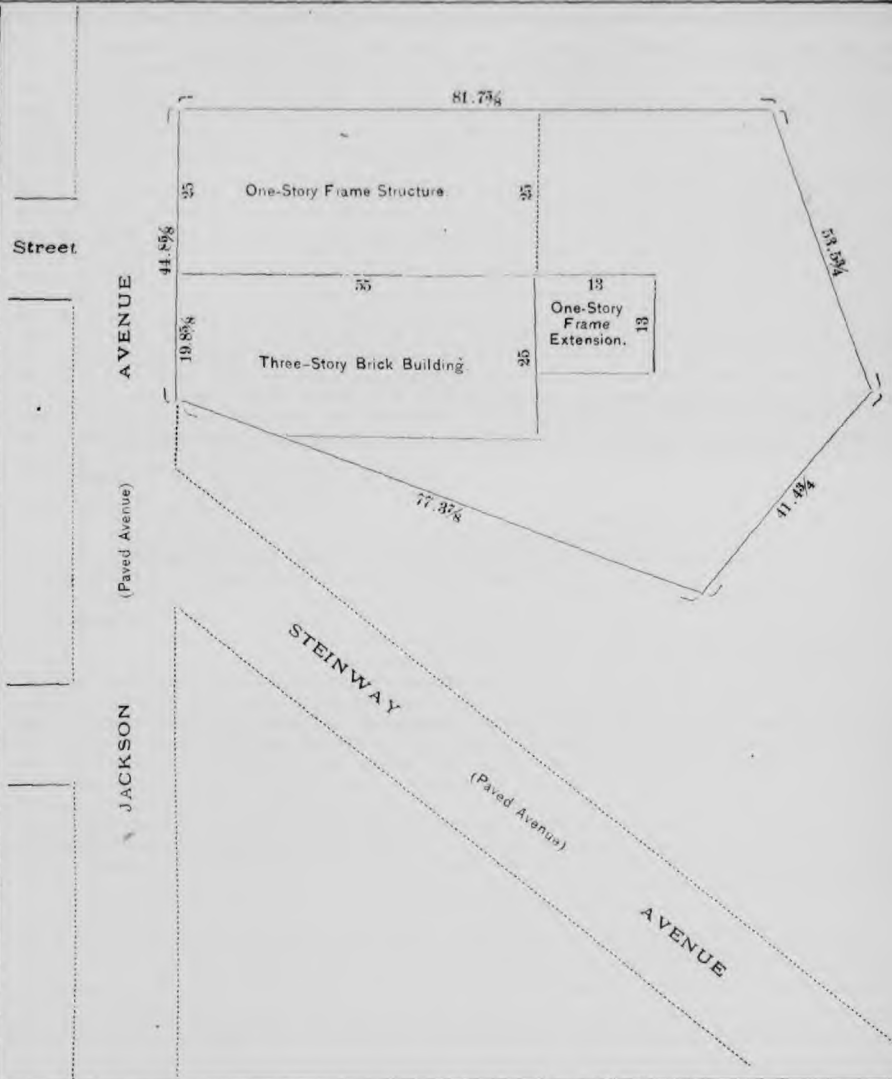

Hon. BIRD S. COLER, Comptroller:

SIR—Hon. John J. Scannell, Fire Commissioner, in a communication under date of the 16th instant, requests the Commissioners of the Sinking Fund to authorize a lease from Margaret Hendrickson, No. 130 Twelfth street, Long Island City, of certain premises situated on the northwest corner of Jackson and Steinway avenues, First Ward, Borough of Queens, as quarters for Hook and Ladder Company No. 16.

Terms, five years from June 19, 1899, with the privilege of a renewal for five years, at \$900 per annum and water rents.

Owner to alter the building to make it suitable for occupancy by the Fire Department.

The premises consist of a three-story and cemented cellar brick building, about 25 feet by 50 feet, with a one-story frame extension in the rear, and a frame shed about 25 feet by 50 feet, partly open, adjoining; all on a plot of land as shown on the diagram below:

The premises are in fair condition except the shed, which is in need of repairs if it is to be used.

I am informed by J. H. Hendrickson, the representative of the owner, that the last tenant paid \$420 per annum, for the first year, and was to pay \$540 per annum for the remaining four years of a five-year lease, but failed to keep his contract, and the premises have been vacant about a year.

The owner now proposes to make the following alterations, if leased by the Fire Department. To build a new front to the first story, with an entrance for the fire apparatus, lay a double floor on this story, remove all partitions and build two stalls for the horses.

On the second story to remove all partitions but one, put in bath-tub, closet and long sink, cut through the flooring and erect sliding rods. To paper the two front rooms, and paint the remainder of the second story, and the entire first story. Sink a new well and connect plumbing in the house with the cess-pool in the yard.

There is no city water, gas or sewer connection in the building, and no sewer in the vicinity. The alterations are estimated by the owner to cost \$800.

The premises are assessed on the tax books for 1899, at \$5,200, and I consider \$7,500 full market value for the same, including the alterations.

The rental asked, \$900 per annum, is, in my opinion, excessive.

I have communicated with the owner and the result is a new proposition from her, under date of June 21, in which an offer of \$650 per annum, for a term of five years, is made, providing the Fire Department shall make all alterations and repairs and place the building in the same condition at the end of the lease as it is at present.

As the rental value of these premises, as given above, was less than \$500, I fail to see why the City should be obliged to pay \$650 on a five-year lease, and be under all the expense for altering now, replacing at the end of the term and keeping in repair during the existence of the lease.

I consider this proposition also excessive.

Should a lease be authorized I would consider \$600 per annum and water rents, for a term of five years with the privilege of five years renewal, which is at the rate of 8 per cent. on \$7,500, full compensation. The owner to make all alterations as specified above at her own expense, and to keep the roof and exterior of the building in repair during the term of the lease.

Hook and Ladder Company No. 16 is now located in a two-story brick building on the west side of Buckley street, south of Jackson avenue, which building was erected for the Fire Department of former Long Island City, and is now leased to the City by Minnie and Mary E. Stevenson for a term of five years at \$600 per annum, said term expiring July 16, proximo.

The lease, however, a copy of which I inclose, contains a clause which would seem to make it mandatory upon the City either to renew for another term of five years at the same rental or buy the property at a price named, \$4,900.

The Fire Commissioner recommends that these premises be vacated, for the reason that the place is unhealthy, owing to water in the cellar, which condition the owners of the building have been unable to remedy.

From information obtained from the Captain of Hook and Ladder Company No. 16, it would appear that the water first made an entrance into the cellar about fifteen months ago, and that the amount of water so running in has continually increased, so that now it is necessary to pump the water from the cellar at least twice daily. The water was allowed to remain for three days at one time, was then measured, and was found to be twenty-one inches deep.

A number of houses in the immediate vicinity are in the same condition, and it would seem that the cause must be attributed to springs, of which I have been informed there were many in this vicinity before the streets were graded.

Should the Board of Health condemn the building as being in an unsanitary condition for human habitation, it would appear to me that the lease and contract might be broken.

Respectfully,

EUG. E. McLEAN, Engineer.

Approved:

BIRD S. COLER, Comptroller.

This indenture, made the sixth day of July, one thousand eight hundred and ninety-four, between Minnie Stevenson and Mary Stevenson, of Long Island City, parties of the first part, and Long Island City and the Board of Fire Commissioners of Long Island City, parties of the second part, witnesseth:

And the said parties of the second part further covenant that they will permit the said parties of the first part or his agent to show the premises to persons wishing to hire the same on and after the first day of February, next preceding the expiration of the term and will permit the usual notice of "to let" or "for sale," to be posted on the walls or doors of said premises and remain thereon without hindrance or molestation.

And the said parties of the first part further covenant that the parties of the second part and their successors shall have the right and option at the end of the said demised term to purchase the said premises for the sum of four thousand nine hundred (\$4,900) dollars, and that being the sum hereby fixed as the value thereof. And in the event of said option not being exercised by the said parties of the second part or their successors, then that a renewal of this lease shall be made between the parties hereto, their successors, heirs, legal representatives or assigns for an additional term of not less than five years at the same rent as hereinbefore expressed, it being understood and agreed, that at the expiration of the term hereby demised, that the said parties of the second part shall either purchase at the price hereinbefore named or renew this lease as above expressed.

In witness whereof the parties of the first part have hereunto set their hands and seals and the Board of Fire Commissioners of Long Island City have caused these presents to be signed by their presiding officer, and Long Island City has caused its corporate seal to be hereunto affixed, and these presents to be signed by the Mayor and City Clerk and the corporate seal affixed the day and year first above written.

Which resolution was unanimously adopted.

On motion of the Mayor, the question of the liability of the City on the lease of the premises on Buckley street was referred to the Corporation Counsel.

The following communication was received from the Grand Jury relative to a rearrangement of the rooms in the Criminal Court building:

NEW YORK CITY, June 28, 1899.

Hon. ROBERT A. VAN WYCK, Mayor, and Chairman of the Sinking Fund Commission:

SIR—The attention of the Grand Jury in and for the County of New York having been invited to the condition of the Criminal Court Building and the space allotted to the Coroners of the County, and to the District Attorney and to the Grand Jury for the transaction of the criminal business of the County, the Grand Jury have accordingly made a careful inspection, and herewith present for the consideration of the Sinking Fund Commission the results of their observations and conclusions.

The Act of the Legislature of 1887, chapter 371, provided for the construction of the present Criminal Court Building "sufficient to accommodate the following-named courts, to wit: The Court of Oyer and Terminer, Court of General Sessions of the Peace, Court of Special Sessions of the Peace and one or more Police Courts, together with the necessary chambers and office accommodations for the Judges and Clerks of said Courts, and for Juries and Grand Juries and for the District Attorney, and for such other officers and departments as the Commissioners of the Sinking Fund shall designate and appoint to occupy said building," and the said Commissioners were authorized to designate the officers and departments in addition to those above specifically enumerated who should be accommodated in and occupy rooms and offices in the building when completed.

Under this law, the Sinking Fund Commission placed in this building the Health Board, the Municipal Civil Service Commission and the Coroners.

The enormous increase in criminal business since this building was constructed now requires four Parts of the Court of General Sessions to sit in this building, in addition to the Criminal Term of the Supreme Court, for the trial of felonies. The Court of Special Sessions also sits here for the trial of misdemeanors, and the Police Magistrate's Court also sits in this building for the trial of minor offenses.

After a careful inspection and examination of this building, the Grand Jury are satisfied that the amount of space and rooms now allotted to the Coroners and to the District Attorney are wholly inadequate.

The rooms for the four Coroners are entirely too small for the proper performance of their duties. Frequently the Coroners will have to hold two or more inquests at the same time, and there is but one room for the purpose, while the witnesses have to sit in a small and dark room which is lighted only from the hall, and is a disgraceful place in which to keep witnesses. By reason of want of accommodation, no two inquests can be held at the same time in this building by the Coroners. There should, therefore, be two rooms available for Coroners' Inquests.

The Coroners have no place wherein to keep necessary exhibits in homicide cases, and quite a pile of exhibits were found on the floor in the corner of one of the rooms, which the Coroners do not feel at liberty to dispose of. The four Coroners' Physicians have no rooms or other place wherein to make their reports or remain when on duty. The Coroners should, therefore, as before stated, have one more court-room and several additional rooms for the orderly transaction of their business.

As the Department of Health is about to be removed to another building, and the Municipal Civil Service Commission has requested that additional room be granted to it for its use in conducting its business, this question was considered in connection with the urgent demand of the Hon. Asa Bird Gardiner, District Attorney, for more room and for all the subordinate officers of his department to be assembled on one floor.

It is to be observed that the Municipal Civil Service Commission has space assigned to it in this building by your Commission only upon the consideration that there is available space after the Courts and District Attorney have been given proper accommodations. The District Attorney's office is here by law, and must have sufficient space for its appropriate duties.

The Grand Jury have carefully examined all the rooms about to be evacuated by the Board of Health, and also those now occupied by the Municipal Civil Service Commission and those now occupied by the District Attorney, and are firmly of the opinion that the Municipal Civil Service Commission should be given other quarters.

The Grand Jury is of opinion that the District Attorney's office, which is now separated into two floors, should be placed wholly upon the upper floor, at present occupied by the Municipal Civil Service Commission and by the Board of Health, and that the Coroners should have such additional room as they need upon the floor now occupied by them, the District Attorney's own rooms to remain as at present.

The Grand Jury have carefully inspected the records and offices of the District Attorney, with the following conclusions:

That every one of the professional staff who act as Counsel for the People should, if possible, have a room to himself, with proper conveniences. They are now crowded together in rooms, many of them dark, illy-ventilated, carpetless and without any of the conveniences of a well-appointed office, and such as no lawyer of any standing or practice in the community would occupy.

The District Attorney is Counsel for the People, and his office is a confidential office, and his records are confidential records; under the recent decision of the Court of Appeals, even the subpoena servers holding "a strictly confidential relation" to him. His office, therefore, should be removed from the general thoroughfare, and by placing the same upon the upper floor reasonable privacy can be obtained.

The clerks in that office are crowded together in such manner as to interfere with the proper performance of duty, and the County Detectives have not sufficient accommodations, and many have to loiter in the hallway while waiting during sessions of the courts. Each of these should have a desk of his own, as he is required daily to make and keep written reports of processes served.

In fact, as to the District Attorney's office, it is plain to the Grand Jury that business can no longer be efficiently conducted with the present wholly insufficient accommodations.

The Grand Jury therefore recommend that the entire upper floor be given to the District Attorney, upon the schedule of rooms required, herewith enclosed.

The Grand Jury also take note that very soon two Grand Juries will have to sit in this County for the transaction of current business, and it is always possible that an extraordinary Grand Jury may be ordered in the Supreme Court, as has heretofore happened. Therefore, a second room should be reserved and be available for such purpose.

When, in any trial of importance, the Court, as in the recent kidnapping case, orders all the witnesses from the court-room, there is no place for their accommodation, and they have to stand around in the halls. By the proposed rearrangement, these witnesses will be afforded a room where they can comfortably remain until required to testify. It sometimes happens that women witnesses, having infants with them, are required to leave the court-room, and have no place to go while awaiting recall to testify.

The Grand Jury further recommend that this building be at once put in proper repair, and so kept, and that the ground floor especially, through which thousands of people pass in the course of a week, shall receive attention, and the begrimed walls painted. There should also be more light upon this floor, as it is now dark, gloomy and unwholesome-looking.

The Grand Jury hope that these recommendations will receive the earnest attention of the Commission.

By order,

H. H. CAMMANN, Foreman.

The premises consist of four rooms on the second story of the four-story brick office building known as "Bernhard's Court." The building was recently completed, heated by steam, lighted by gas, and is first-class in all its appointments.

The floor space of the four rooms required by the Board of Health amounts to 2,218 square feet, which at the rental asked (\$1,000), one thousand dollars per annum, including heat, is at the rate of forty-five cents per square foot, which I consider reasonable and just.

NEW YORK, June 12, 1899.

To the Honorable the Commissioners of the Sinking Fund:

GENTLEMEN—The Police Board transmit herewith a communication requesting authority to lease, for the term of three years, the building and grounds for the Third Sub of the Eightieth Precinct, located at New Dorp, Borough of Richmond, owned by B. C. Gaedeke. The premises now occupied by the Third Sub of the Eightieth Precinct at said place is in such condition as to be absolutely unfit for human habitation, and the cost of putting such building in a habitable condition involves a new structure and an expense away in excess of what the rent will amount to of a new building for the term of three years. The present Board of Police came into possession of the premises now occupied at the time of consolidation, under a lease previously executed by the old Board of Police of the County of Richmond. Said lease has two years longer to run. The Police Board have made a thorough examination and feel that it would be to the interest of the City to pay the annual rental for the coming two years under said lease in preference to the expenditure of any money for the repair to the premises, and upon a very full investigation of the whole matter, the Board requests that the Comptroller be authorized to execute the lease applied for by its resolution this day transmitted to your Honorable Body.

Very respectfully,

BERNARD J. YORK, President, Police Board.

In connection therewith the Comptroller presented the following report and offered the following resolution:

JUNE 26, 1899.

Hon. BIRD S. COLER, Comptroller:

SIR—The Police Board, by resolution adopted June 12 instant, requests the Commissioners of the Sinking Fund "to authorize the Comptroller to execute a lease for three years, with privilege of renewal, of premises situated at New Dorp, County of Richmond, corner of Eighth street and New Dorp avenue, consisting of four lots of land with one double brick building thereon, and a stable to be erected by the lessor containing twenty stalls for horses, a loft for hay and feed, a wagon shed and manure box, all to be connected with said stable, the said premises to be occupied by the police force assigned to duty in the Eightieth, Third Sub-Precinct, for the sum and price of \$800 per annum and water tax."

The premises, as now occupied by the Third Sub-station of the Eightieth Precinct, at New Springville, Staten Island, consist of a one and one-half story and cellar frame dwelling about 35 feet by 40 feet, used as a station-house, with a one-story stable containing 14 stalls, a one and one-half story frame tool-house and a one-story and loft barn, used for hay and feed.

The station-house and barn are old and in exceedingly bad condition, and I do not think them suitable for police purposes.

The premises are under lease to the City from the estate of Herman Korn for a term of five years from May 1, 1896, at \$350 per annum.

It is proposed to vacate the above should the lease of certain New Dorp property be approved by the Commissioners of the Sinking Fund.

The premises at New Dorp consists of a two-story attic and cemented cellar brick building about 42 feet by 50 feet, on a plot of land 99 feet by 109 feet, situated on the southeast corner of New Dorp lane or avenue and Eighth street. The house is arranged as a two-family dwelling, complete, with kitchen, range and boiler, stationary tubs, bath-room, and a furnace in the cellar of each house furnishes heat to the first floor; running water in cellar, first and second floors, from an artesian well.

The owner informs me that the houses were erected four years ago, and that house and grounds cost him \$11,485.

The building is in good condition, except as to plaster in two rooms and decorations in the easterly half. The owner agrees to cut through the centre wall of the house on the first and second floors and put in an arch, thus connecting the two halves of the building. Also, to build stable for twenty horses, with loft, carriage shed and manure pit to the satisfaction of the Police Department. The expense for these additions he estimates at \$1,500, and a sketch has been filed with the Police Department for the same.

The property is assessed on the Tax Book for 1899 at \$3,900, and I estimate the full market value of the premises, including the additions of stable, etc., to be made, at \$10,000.

The owner has submitted a certificate of the Clerk of Richmond County, stating that the sum of \$10,000 in mortgages stands upon the record against this property.

Owner, B. C. Gaedeke, New Dorp, S. I.

I consider the rental asked, \$800 per annum, with the conditions as named, reasonable and just, being at the rate of eight per cent.

Respectfully,  
 EUG. E. McLEAN, Engineer.

BIRD S. COLER, Comptroller.

RICHMOND, NEW YORK, June 24, 1899.

State of New York, County of Richmond, ss.:

I, Joseph Simonson, Clerk of the county aforesaid, do hereby certify that I have searched for mortgages as against Bartholde C. Gaedeke, from January 1, 1895, to date, and find the amount of mortgages upon brick house at New Dorp to be ten thousand dollars uncalled of record.

In testimony whereof, I have hereunto set my hand and affixed my official seal this 24th day of June, 1899.

[SEAL.]

JOSEPH SIMONSON, Clerk.

Resolved, That the Corporation Counsel be and is hereby requested to prepare a lease to the City for the use of the Police Department, from B. C. Gaedeke, of premises situated on the southeast corner of New Dorp lane or avenue and Eighth street, New Dorp, County of Richmond, consisting of four lots of land with one double brick building thereon, and a stable to be erected by the lessor, containing twenty stalls for horses, a loft for hay and feed, a wagon-shed and manure-box, all to be connected with said stable, for a term of three years, at a rental of eight hundred dollars (\$800) per annum, payable quarterly, with the privilege of a renewal on the same terms and conditions; the City to pay water tax, and the lessor to cut through the centre wall of the house on the first and second floors and put in an arch, and repair plaster in two rooms and decorations in the easterly half of the building; and the Commissioners of the Sinking Fund deeming the said rent fair and reasonable and that it would be for the interest of the City that such lease be made, the Comptroller is hereby authorized and directed to execute the same when prepared and approved by the Corporation Counsel as provided by sections 149 and 217 of the Greater New York Charter.

The report was accepted and the resolution unanimously adopted.

shall furnish the same in a sealed envelope, indorsed  
"Bid or Estimate for Furnishing Coal for the Willard  
Parker and Reception Hospitals," and with his or their  
name or names, and the date of its presentation, to the  
head of said Department, at the said office, on or before  
the day and hour above named, at which time and  
place the bids or estimates received will be publicly  
opened by the President of said Board and read.

The Board of Health reserves the right to reject all  
bids or estimates, as provided in section 419, chapter 378,  
Laws of 1897, if deemed to be for the public interest.  
No bid or estimate will be accepted from, or contract  
awarded to, any person who is in arrears to the Cor-  
poration upon debt or contract, or who is a defaulter, as  
surety or otherwise, upon any obligation to the Cor-  
poration.

The award of the contract will be made as soon as  
practicable after the opening of the bids.  
The Coal to be of good quality, and the quantity that  
will be required will be about Five Hundred (500) Tons  
of White Ash Coal, egg size, to be well screened and in  
good order, each ton to be 2,240 pounds, in accordance  
with the specifications attached to and which form a  
part of the contract aforesaid.

Delivery to be made at the Willard Parker and Re-  
ception Hospitals, near the foot of East Sixteenth street,  
at the time required by the Board of Health; any  
changes in the time or place of delivery, however, may  
be made, in writing, by the Board of Health.

The above quantity is estimated and approximated  
only, and bidders are notified that the Board of Health  
reserves the right to increase or diminish said quantities  
by an amount not exceeding fifteen per cent. of the  
estimated quantities, and the contractor will be paid  
therefor only at the rate or price named in the contract,  
and that in case the above-named quantity shall not be  
required by the Department, no allowance will be made  
for any real or supposed damage or loss of profit.

The person or persons to whom the contract may be  
awarded will be required to give security for the per-  
formance of the contract by his or their bond, with two  
sufficient sureties, each in the penal sum of One  
Thousand and Two Hundred Dollars.

Each bid or estimate shall contain and state the name  
and place of residence of each of the persons making the  
same, the names of all persons interested with him  
or them therein, and if no other person be so interested  
he shall distinctly state that fact; also that it is made  
without any connection with any other person making an  
estimate for the same purpose, and is in all respects fair  
and without collusion or fraud, and that no member of  
the Municipal Assembly, head of a department, chief of a  
bureau, deputy thereof or clerk therein, or other officer  
of the Corporation, is directly or indirectly interested  
therein, or in the supplies or work to which it relates,  
or any portion of the profits thereof. The bid or estimate  
must be verified by the oath, in writing, of the party

Where more than one person is interested, it is  
requisite that the verification be made and subscribed  
by all the parties interested.

they are engaged in the coal business in the City of  
New York, and have the plant necessary to carry out  
promptly and regularly the contract, if it be awarded,

must furnish an undertaking for the faithful perform-  
ance of all the provisions thereof in the manner pro-  
vided by law, executed by two householders or free-  
holders of the City of New York, each justifying in the  
penal sum of One Thousand and Two Hundred Dollars and  
agreeing that if he shall omit or refuse to execute  
the said contract, they will pay to the Corporation  
any difference between the sum to which he would be  
entitled on its completion and that which the Corpora-  
tion may be obliged to pay to the person or persons to  
whom the contract shall be awarded at any subsequent  
letting, the amount in each case to be calculated upon  
the estimated amount of the work by which the bids are  
tested. The consent above mentioned shall be  
accompanied by the oath or affirmation, in writ-  
ing, of each of the persons signing the same, that he  
is a householder or freeholder in the City  
of New York, and is worth the amount of the security  
required for the completion of this contract, over and  
above all his debts of every nature, and over and above  
his liabilities as bail, surety or otherwise, and that he  
has offered himself as a surety in good faith and with  
the intention to execute the bond required by law. The  
adequacy and sufficiency of the security offered is to  
be approved by the Comptroller of the City of New  
York.

Should the person or persons to whom the contract  
is awarded neglect or refuse to accept the contract  
within five days after written notice that the same has  
been awarded to his or their bid or estimate, or if he  
or they accept, but do not execute, the contract and give  
the proper security, he or they shall be considered  
as having abandoned it and as in default to the Cor-  
poration, and the contract will be readvertised and relet  
as provided by law.

No bid or estimate will be received or considered  
unless accompanied by either a certified check upon one  
of the National or State banks of the City of New York,  
drawn to the order of the Comptroller, or money to the  
amount of five per centum of the amount of the security  
required for the faithful performance of the contract.  
Such check or money must not be inclosed in the  
sealed envelope containing the estimate, but must be  
handed to the officer or clerk of the Department who  
has charge of the estimate box, and no estimate can be  
deposited in said box until such check or money has been  
examined by said officer or clerk and found to be correct.  
All such deposits, except that of the successful bidder,  
will be returned to the persons making the same  
within three days after the contract is awarded.  
If the successful bidder shall refuse or neglect, within  
five days after notice that the contract has been awarded  
to him, to execute the same, the amount of the deposit  
made by him shall be forfeited and retained by the  
City of New York as liquidated damages for such neg-  
lect or refusal; but if he shall execute the contract  
within the time aforesaid the amount of his deposit will  
be returned to him.

Bidders are cautioned to examine the form of con-  
tract and the specifications for particulars before mak-  
ing their estimates. Bidders will write out the amount  
of their estimate in addition to inserting the same in  
figures.

Payment for the Coal will be made by requisition on  
the Comptroller, and as more specifically and particu-  
larly is set forth in the contract form.

Bidders are informed that no deviation from the con-

No. 9. FOR FURNISHING AND DELIVERING TO THE DEPARTMENT OF HIGHWAYS, 6 IMPROVED SPRINKLING TRUCKS.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance, and that if he shall refuse or neglect to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting, the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or Clerk of the Department who has charge of the estimate-box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF HIGHWAYS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED FOR ANY PARTICULAR WORK IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of Three Thousand (\$3,000) Dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. When more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. **MONDAY, JULY 24, 1899.**

The person or persons making any bid or estimate shall furnish the same in a sealed envelope, indorsed "Bid or Estimate for the Materials and Work required in the installation of a pressure water system, fire lines and hose, the laying of Croton water mains, the alterations to coal yard and present surface railway tracks, the construction of a new platform weighing apparatus, derrick engine, etc., and furnishing four charging cars, etc., at Bellevue Hospital and grounds," with his or their name or names, and the date of presentation, to the head of said Department, at the said office, on or before the day and hour above named, at which time and place the bids or estimates received will be publicly opened by the President of said Department, or his duly authorized agent, and read.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect; and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of Fifteen Hundred (\$1,500) Dollars.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. When more than one person is interested, it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, in The City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting, the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the National or State banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

*Bidders are cautioned to examine the plans and specifications for particulars of the work, etc., required before making their estimates, and are cautioned against referring to any specifications other than those furnished by the Department. Such references are cause for rejecting bids whereon they are written, and will in no case govern the action of the Department officers in passing upon tenders.*

Bidders will write out the amount of their estimates in addition to inserting the same in figures.  
Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract.  
The form of the contract, including specifications, and showing the manner of payment, can be obtained and plans seen at the office of Horan & Slattery, architects No. 1 Madison Avenue, New York City, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

THE BOARD OF PUBLIC CHARITIES RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids.

Delivery will be required to be made from time to time, and in such quantities as may be directed by the Commissioners.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate, that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the VERIFICATION be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance; and that if he shall omit or refuse to execute the same, they will pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as surety in good faith, and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of The City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of The City of New York.

No bid or estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. (No deposit or bonds required on bids under One Thousand Dollars.) Such check or money must not be included in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate-box; and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, or in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders must state the price of each article per lot, by which the bids will be tested. The extensions must be footed up, as the bids will be read from the total footing and awards made to the lowest bidder on each item.

All estimates not conforming to these requirements may be considered as informal.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time as the Commissioners may determine.

All bids must be based upon the descriptions furnished or samples exhibited by this Department and not on samples furnished by the bidder.

Samples will be on exhibition at the office of Supervising Engineer, foot of East Twenty-sixth street, during office hours, until the bids are opened.

The form of the contract, including specifications, and showing the manner of payment can be obtained at the office of the Supervising Engineer, and bidders are cautioned to examine each and all of its provisions carefully, as the Board of Public Charities will insist upon its absolute enforcement in every particular.

JAMES FEENEY, Commissioner,

Department of Public Charities.

PROPOSALS FOR THE ABOVE CONTRACT, inclosed in sealed envelopes, indorsed with the title of the work, and with the names and addresses of the persons making the same, and the date of the said proposals, will be received at the Main Office of the Department of Street Cleaning, Nos. 13 to 21 Park row, in the Borough of Manhattan, in The City of New York, until 12 o'clock M. of

FRIDAY, THE 28TH DAY OF JULY, 1899,

at which time and place such proposals will be publicly opened and read.

The person or persons to whom the said contract may be awarded will be required to execute the same within five (5) days of the receipt of a notice to that effect, and in case of failure or neglect so to do, he or they will be considered as having abandoned the contract and as in default to the Corporation, whereupon the Commissioner of Street Cleaning may readvertise and relet the said contract, and so on until the contract be accepted and executed.

Bidders are required to state under oath or affirmation in their proposals their names or places of residence, the names of all persons interested with them therein, and if no other person be so interested, that fact shall be distinctly stated; also that the proposal is made without any connection with any other person or persons making a proposal for the same work; that it is in all respects fair and without collusion or fraud; and that no member of the Municipal Assembly, head of a department, deputy thereof, chief of a bureau or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in any of the profits thereof. Where more than one person is interested, it is required that the verification be made and subscribed by all the parties so interested. Permission will not be given for the withdrawal of any proposal, and the right is expressly reserved by the Commissioner of Street Cleaning to reject all of the proposals, should he deem it for the interests of the City so to do. As the terms and conditions of this contract are required by law to be approved by the Board of Estimate and Apportionment, the acceptance of any proposal by the Commissioner of Street Cleaning shall be conditioned on its approval by the said Board of Estimate and Apportionment.

No proposal will be accepted from, nor will the contract be awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

Each proposal must be accompanied by the consent, in writing, of two householders or freeholders of The City of New York, with their respective places of business or residence, or of two guaranty or surety companies, duly authorized by law to act as surety, incorporated under the laws of the State of New York, as shall be satisfactory to the Comptroller of The City of New York, to the effect that if the contract be awarded to the person or persons making said proposal, they will, upon its being so awarded, become bound as his or their sureties for its faithful performance to the amount of Fifteen Thousand Dollars (\$15,000), and that if he or they shall omit or refuse to execute the same, they will pay to The City of New York any difference between the sum to which he or they would be entitled on its completion and that which The City of New York may be obliged to pay to the person or persons to whom the said contract may be subsequently awarded, the amount to be calculated upon the estimated amount of the work by which the proposals are tested. The consent above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of security aforesaid for the completion of the contract over and above his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith, and with the intention to execute the bond required by law, and a like affidavit as to sufficiency shall be required of an officer of a corporation so agreeing. The adequacy and sufficiency of the sureties offered shall be subject to the approval of the Comptroller of The City of New York.

Each proposal must be accompanied by a certified check on one of the State or National banks of The City of New York, payable to the order of the Comptroller of said city, for five per centum of the amount of the surety bond aforesaid, or money to that amount; such check or money must not be enclosed in the sealed envelope containing the proposal, but must be handed in separately at the time of presenting the said proposal.

On the award of the contract or the rejection of all the proposals, the checks or money of the unaccepted bidders will be returned to them, and upon the execution of the contract, the check of the accepted bidder will likewise be returned to him.

The basis of all proposals for work under this contract will be the sum per mile for the work actually performed by the Contractor, and all increase or reduction such as is provided for in the contract will be upon the basis of the said amount per mile.

## All in the Borough of Brooklyn.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him therein, and if no other person be so interested it shall distinctly state that fact; that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof, or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or in the work to which it relates or in any portion of the profits thereof.

Each estimate must be verified by the oath, in writing, of the party making the same, that the several matters therein stated are true, and must be accompanied by the consent, in writing, of two householders or freeholders in The City of New York, to the effect that if the contract is awarded to the person making the estimate, they will, upon its being so awarded, become bound as his sureties for its faithful performance; and that if he shall refuse or neglect to execute the same they will pay to the Corporation any difference between the sum to which he would be entitled upon its completion and that which the Corporation may be obliged to pay to the person to whom the contract shall be awarded at any subsequent letting; the amount to be calculated upon the estimated amount of the work by which the bids are tested.

The consent last above mentioned must be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in The City of New York, and is worth the amount of the security required for the completion of the contract, over and above all his debts of every nature, and over and above his liabilities as bail, surety, or otherwise, and that he has offered himself as surety in good faith, with the intention to execute the bond required by law.

No estimate will be considered unless accompanied by either a certified check upon one of the State or National banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in a sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid the amount of the deposit will be returned to him.

THE COMMISSIONER OF SEWERS RESERVES THE RIGHT TO REJECT ALL BIDS RECEIVED, IF HE DEEMS IT FOR THE BEST INTERESTS OF THE CITY.

THE COMMISSIONER OF CORRECTION RESERVES THE RIGHT TO REJECT ALL BIDS OR ESTIMATES IF DEEMED TO BE FOR THE PUBLIC INTEREST, AS PROVIDED IN SECTION 419, CHAPTER 378, LAWS OF 1897.

No bid or estimate will be accepted from, or contract awarded to, any person who is in arrears to the Corporation upon debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to the Corporation.

The award of the contract will be made as soon as practicable after the opening of the bids. Delivery will be required to be made from time to time, and in such quantities as may be directed by the said Commissioner.

Any bidder for this contract must be known to be engaged in and well prepared for the business, and must have satisfactory testimonials to that effect, and the person or persons to whom the contract may be awarded will be required to give security for the performance of the contract, by his or their bond, with two sufficient sureties, each in the penal amount of fifty (50) per cent. of the bid for each article.

Each bid or estimate shall contain and state the name and place of residence of each of the persons making the same, the names of all persons interested with him or them therein, and if no other person be so interested it shall distinctly state that fact; also that it is made without any connection with any other person making an estimate for the same purpose, and is in all respects fair and without collusion or fraud, and that no member of the Municipal Assembly, head of a department, chief of a bureau, deputy thereof or clerk therein, or other officer of the Corporation, is directly or indirectly interested therein, or in the supplies or work to which it relates, or in any portion of the profits thereof. The bid or estimate must be verified by the oath, in writing, of the party or parties making the estimate that the several matters stated therein are in all respects true. Where more than one person is interested it is requisite that the verification be made and subscribed by all the parties interested.

Each bid or estimate shall be accompanied by the consent, in writing, of two householders or freeholders, in the City of New York, with their respective places of business or residence, to the effect that if the contract be awarded to the person making the estimate, they will, on its being so awarded, become bound as his sureties for its faithful performance, and that if he shall omit or refuse to execute the same they shall pay to the Corporation any difference between the sum to which he would be entitled on its completion and that which the Corporation may be obliged to pay to the person or persons to whom the contract may be awarded at any subsequent letting; the amount in each case to be calculated upon the estimated amount of the work by which the bids are tested. The consent above mentioned shall be accompanied by the oath or affirmation, in writing, of each of the persons signing the same, that he is a householder or freeholder in the City of New York, and is worth the amount of the security required for the completion of this contract over and above all his debts of every nature, and over and above his liabilities as bail, surety or otherwise, and that he has offered himself as a surety in good faith and with the intention to execute the bond required by section 12 of chapter 7 of the Revised Ordinances of the City of New York, if the contract shall be awarded to the person or persons for whom he consents to become surety. The adequacy and sufficiency of the security offered to be approved by the Comptroller of the City of New York.

No bid or estimate will be considered unless

accompanied by either a certified check upon one of the State or National Banks of The City of New York, drawn to the order of the Comptroller, or money to the amount of five per centum of the amount of the security required for the faithful performance of the contract. Such check or money must not be inclosed in the sealed envelope containing the estimate, but must be handed to the officer or clerk of the Department who has charge of the estimate box, and no estimate can be deposited in said box until such check or money has been examined by said officer or clerk and found to be correct. All such deposits, except that of the successful bidder, will be returned to the persons making the same within three days after the contract is awarded. If the successful bidder shall refuse or neglect, within five days after notice that the contract has been awarded to him, to execute the same, the amount of the deposit made by him shall be forfeited to and retained by The City of New York as liquidated damages for such neglect or refusal; but if he shall execute the contract within the time aforesaid, the amount of his deposit will be returned to him.

Should the person or persons to whom the contract may be awarded neglect or refuse to accept the contract within five days after written notice that the same has been awarded to his or their bid or proposal, or if he or they accept but do not execute the contract and give the proper security, he or they shall be considered as having abandoned it and as in default to the Corporation, and the contract will be readvertised and relet, as provided by law.

Bidders will state the price for each article, by which the bids will be tested.

The quality of the articles, supplies, goods, wares and merchandise must conform in every respect to the samples of the same on exhibition at the office of the said Department, No. 148 East Twentieth street, New York City, or in the absence of samples, to the printed specifications. Bidders are cautioned to examine the specifications for particulars of the articles, etc., required before making their estimates.

Bidders will write out the amount of their estimates in addition to inserting the same in figures.

Payment will be made by a requisition on the Comptroller, in accordance with the terms of the contract, or from time to time, as the Commissioner may determine.

The form of the contract, including specifications, and showing the manner of payment and other details, will be furnished at the office of the Department, No. 148 East Twentieth street, New York City, and bidders are cautioned to examine each and all of its provisions carefully, as the Commissioner will insist upon its absolute enforcement in every particular.
