Table excludes fully exempt properties.

	Levy	Percent of Levy		Tax Rate (Per \$100 of A. V.)
		of Levy	% Change	
Citywide	\$25,794.1	100.0%	6.8%	12.283
Class 1	\$3,841.3	14.9%	5.8%	19.991
Class 2	\$9,610.6	37.3%	8.9%	12.892
Class 3	\$1,553.0	6.0%	6.6%	10.934
Class 4	\$10,789.1	41.8%	5.4%	10.574

NOTE: Class One is primarily one-, two-, and three-family homes; Class Two is all other residential property; Class Three is certain types of property owned by utility companies subject to governmental supervision; and Class Four is all other commercial property. Totals may not add due to rounding.

FY 2017 Summary of Data

Overview

Market value grew in FY 2017, for the sixth straight year. The total City-wide market value of fully and partially taxable property exceeded one trillion dollars and was about 9.8 percent higher than FY 2016. Market value increased in all of the boroughs: Brooklyn market value grew by 15.6 percent, Queens by 9.5 percent, Manhattan by 7.9 percent, Bronx by 5.4 percent and Staten Island by 5.0 percent. Overall taxable billable assessed value (BAV) increased by 6.9 percent.

Since the average tax rate remained at \$12.283 per \$100 of assessed value, the increase in taxable BAV resulted in \$1,649.1 million in additional property tax levy for FY 2017.

Residential Property

Market value of Class One properties (primarily 1-, 2-, and 3-family homes) grew by 12.2 percent, to \$496.3 billion. Class One taxable BAV, constrained by caps on AV growth, increased by 3.8 percent in FY 2017.

Housing sales data indicate median one-family home prices rose by 5.6 percent in 2016.

Class Two market value increased by 9.5 percent, to \$256.8 billion. Market value for large condo developments (more than ten units) increased by 15.7 percent, while market value for large cooperative developments increased by 8.2 percent. Class Two's taxable BAV increased by 8.9 percent in FY 2017.

Commercial Property

Class Four market value grew by 6.4 percent in FY 2017, compared to 6.1 percent growth in the prior year. Taxable BAV grew by 6.2 percent. Office building market value increased by 6.8 percent, while overall commercial condo market value expanded by 10.9 percent, buoyed by 18.1 percent growth in condo store buildings and 14.3 percent growth in hotel condos.

Delinquency

The delinquency rate declined, from 1.66 percent in FY 2015, to 1.45 percent as of June 30, 2016, the last day of the fiscal year. In FY 2016, the number of delinquent parcels declined, while the delinquent amount decreased by \$20.8 million. For Class One, the number of delinquent parcels increased by 4.4 percent, to 44,342, while the amount delinquent increased by 4.1 percent, to \$100.1 million.

* Tax dollar value of exemption equals exempt property value times tax rate. The exempt property value is actual assessed value (or a portion of actual assessed value for partially exempt properties). Actual assessed value is the product of the assessment ratio applied to market value. The reported tax dollar value does not include Payments-In-Lieu-of-Taxes (PILOTS), which reduce the net tax dollar value of the exemption for some parcels. For information on PILOTS, please see NYC Department of Finance, *Annual Report on Tax Expenditures* http://www1.nyc.gov/assets/finance/downloads/pdf/reports/reports-tax-expenditure/ter_2017_final.pdf

* Tax dollar value of exemption equals exempt property value times tax rate. The exempt property value is actual assessed value (or a portion of actual assessed value for partially exempt properties). Actual assessed value is the product of the assessment ratio applied to market value. The reported tax dollar value does not include Payments-In-Lieu-of-Taxes (PILOTS), which reduce the net tax dollar value of the exemption for some parcels. For information on PILOTS, please see NYC Department of Finance, *Annual Report on Tax Expenditures* http://www1.nyc.gov/assets/finance/downloads/pdf/reports/reports-tax-expenditure/ter_2017_final.pdf

* Tax dollar value of exemption equals exempt property value times tax rate. The exempt property value is actual assessed value (or a portion of actual assessed value for partially exempt properties). Actual assessed value is the product of the assessment ratio applied to market value. The reported tax dollar value does not include Payments-In-Lieu-of-Taxes (PILOTS), which reduce the net tax dollar value of the exemption for some parcels. For information on PILOTS, please see NYC Department of Finance, *Annual Report on Tax Expenditures* http://www1.nyc.gov/assets/finance/downloads/pdf/reports/reports-tax-expenditure/ter_2017_final.pdf

Part II
Tax Levy

Tax Levy

Property Tax Revenue and the Tax Levy

When the City's budget is adopted, budgeted expenditures and the forecasted revenue from all non-property tax sources are determined. The difference between these amounts is the property tax revenue needed to balance the budget. Because of the property tax's unique role in balancing the budget, it is the only tax over which the City has the discretion to determine the rate without prior legislation from the State.

In order to assure that the property tax revenue needed to balance the budget will be achieved, allowances must be made for such items as uncollectible taxes, abatements, current-year collection of taxes levied in prior years, and refunds. As a group, these items are referred to as the property tax reserve.

The tax levy is equal to the property tax revenue plus the property tax reserve. It is the total amount of tax charged (or levied) based on assessed values.

Class Shares

There are four classes of property in New York City. Class One is primarily 1-, 2-, and 3-family homes. Class Two is other residential property. Class Three is utility real property owned by regulated utility companies, excluding land and buildings. Class Four is all other commercial property, including utility company land and buildings. Each class is responsible for a specific share of the property tax levy, called the class share or class levy.

The class shares are determined each year according to a formula in State law. The percentages of the levy represented by the class shares that were in place in 1989 are the base proportions. These base proportions are adjusted according to changes in market value, as determined by the State Office of Real Property Tax Services (ORPTS). The resulting proportions are called the current base proportions. The current base proportions are adjusted to reflect physical and other non-equalization (non-market) changes that are reflected on the current assessment roll. The results are the adjusted base proportions, which are multiplied by the total levy to determine the levy for each class of property. (State law establishes an annual cap on the amount by which any class's share of the levy can be increased.)

Assessment Roll

The assessment roll includes the assessed value of all taxable real property in the City. All taxable property is subject to a tax determined by applying the applicable tax rate to taxable assessed value. For the purposes of determining the property tax levy and rates, exempt value attributable to the School Tax Relief (STAR) program is not deducted from

the assessment roll. The value of the STAR exemption is addressed as one of the components of the property tax reserve.

In addition to the general property tax rate that is applied to taxable assessed value, exempt value attributable to the veterans exemption is subject to tax for school purposes (the school tax).

Property Tax Reserve

The property tax reserve accounts for items that affect property tax revenue but are independent of the tax levy. Reserve components include provisions for uncollectible taxes, abatements, refunds and current-year collection of taxes levied in prior years.

Many of the reserve components are adjustments to revenue and do not affect tax bills. However, some components, such as abatements and the STAR allowance, are reflected in the actual tax bills that are sent to property owners. These items are summarized in the following table:

Table 4
RECONCILIATION OF THE ASSESSMENT ROLL, TAX LEVY AND NET LEVY BILLED
FY 2017

Column	Action	Amount (<i>\$ millions</i>)	Comment
Assessment Roll		208,611.1	Total of all taxable billable assessed value
STAR	add	1,186.1	Value of STAR exemption
Levy Roll		209,797.2	Assessment roll used for tax fixing
Tax excluding veterans		25,760.8	Levy roll times overall average tax rate
Veterans (school tax)	add	33.0	Veterans' exemption times school tax rate
Total Levy		25,794.1	Total property tax levy
Billing Adjustments			
Total Levy		25,794.1	
STAR	subtract	204.4	Tax value of STAR exemption added back earlier
Abatements	subtract	889.5	Tax abatements that reduce liability
Net Levy Billed		24,699.8	Amount of levy that is billed to property owners

Note: Totals may not add due to rounding.

Part V

Cooperative and Condominium Tax Abatement Program

NOTE:

Owners of coop and condo apartments who use their units as a primary residence are eligible for an abatement according to the schedule below.

<u>Average Assessed Value</u>	<u>Abatement percentage</u>
\$50,000 or less	28.1%
\$50,001 to \$55,000	25.2%
\$55,001 to \$60,000	22.5%
\$60,001 and above	17.5%

Owners not using the unit as a primary residence are no longer eligible for an abatement.

Part VI

Property Tax Delinquencies

Property Tax Delinquencies

Property tax delinquencies reflect the amount of property tax that is due but not yet collected. Delinquencies may be attributable to tax amounts owed for the current fiscal year or prior fiscal years, and reflect the status of payments at a given point in time. This section presents property tax delinquencies reported as of June 30th of a year for the “current fiscal year,” i.e., the amount unpaid of that year’s property tax levy. Since the levy changes each year, this allows for a meaningful year-to-year comparison.

The following tables show the tax delinquency for the three most recent fiscal years, distributed by quarter, tax class and borough. An additional table presents delinquency data for selected property types.

**Table 14

* Delinquency is for each year's tax levy and does not include prior-year delinquencies.

** Parcels delinquent on their tax bill in each quarter; a parcel may be delinquent for multiple quarters.

*** Final Levy Billed equals Tax Levy minus Abatements and Cancellations (Tax Commission reductions, court orders and settlements, Department of Finance adjustments and rebilling adjustments).

**** For these properties the tax class is not identified on the database used to generate the delinquency report.

2016	24,145.0	2,310.6	21,834.4	1,009.5	20,824.9	21,296.0	101.5	21,194.5	369.6	1.7%
2017	25,794.1	2,353.6	23,440.5	1,062.3	22,378.2	22,559.0	106.6	22,452.4	74.2	0.3%

NOTE: Beginning in FY 2005, the unused margin includes an adjustment for abatements.

* Computed by taking 2.5% of NYS ORPTS full market valuations for the last completed assessment roll and the four preceding assessment rolls.

** Business Improvement District (BID) charges are self-imposed assessments within each district and subject to the constitutional 2.5 percent limit for operating purposes.

2016	5.00%
2017	5.00%

*Article 18 of Real Property Tax Law requires that the adjusted base proportions of the four real property tax classes in the City (which determine the share of the total tax levy payable by each class) be revised each year to reflect relative changes in market values, subject to a five-percent cap on the increase in any class's share of the levy. In some years, special State legislation has resulted in a class share cap that is lower than the five-percent default cap.

APPENDICES

Appendix A

THE REAL PROPERTY TAX CLASS SYSTEM AT A GLANCE

Class 1

Definition: (1) One-, two-, and three-family homes; (2) Single-family homes on cooperatively-owned land; (3) Condominiums with no more than 3 dwelling units, provided such property was previously classified as Class 1, or no more than 3 stories high and built as condominiums; (4) Mixed-use property with 3 units or less, provided 50 percent or more of the space is used for residential purposes; and (5) Except in Manhattan, vacant land that is residentially zoned, or if not residentially zoned, that abuts a Class 1 parcel, has the same owner as that parcel, and is not larger than 10,000 square feet.

Assessment Limitations: Assessment increases cannot exceed 6 percent annually and 20 percent over any five-year period.

Class 2

Definition: (1) All residential property not in Class 1, except hotels and motels; (2) Mixed-use property with 4 or more units, provided 50 percent or more of the space is used for residential purposes.

Assessment Limitations: For buildings with fewer than 11 units, including rentals, cooperatives and condominiums, assessment increases cannot exceed 8 percent annually and 30 percent over any five-year period. For all other Class 2 properties, there are no limitations on assessment increases; however, any increase must be phased-in over a five-year period. Unless specifically excluded, Section 581 of the Real Property Tax Law prohibits the use of sales data that reflect actual or potential cooperative or condominium ownership in the assessment of multiple-family housing.

Class 3

Definition: Utility real property owned by utility corporations, except land and buildings

Assessment Limitations: There are no limitations on assessment increases and no phase-in requirements.

Class 4

Definition: All other real property.

Assessment Limitations: There are no limitations on assessment increases; however, increases must be phased-in over a five-year period.

These limitations apply only to equalization increases. There are no limitations on assessment increases resulting from new construction, alterations, or the restoration of exempt property to the tax roll. However, with respect to existing Class Two buildings with fewer than 11 residential units, an increase in assessed value due to additions or improvements is limited to one-third of the increase that would otherwise apply. The balance of such increase is subject to the limitations that apply to equalization increases on such properties. In addition, eligible properties that were damaged in 2012 by Superstorm Sandy may qualify for assessed value adjustments that limit increases due to repair or reconstruction work. The adjustments, which apply to assessment rolls completed in 2014 through 2020, are designed to assure that assessment increases do not exceed the amounts that would have been permitted had the storm not occurred.

Appendix B

A CHRONOLOGY OF TAX CLASS CHANGES				
Fiscal Year	Property Type	Modification	From	To
1985	Residential properties containing 4-6 dwelling units (Class Two).	Subclassification, imposition of assessment increase limitations.	--	--
1986	Condominiums of three stories or less and built as condominiums.	Reclassification.	Two	One
1987	Residential properties containing 7-10 dwelling units (Class Two).	Subclassification, imposition of assessment increase limitations.	--	--
1988-1993	Central office and telecommunications equipment.	Redefinition of real property subject to taxation, excluding these properties from the assessment roll. However, the legislation maintained these properties on the fiscal 1988 and 1989 tax rolls at their fiscal 1987 taxable assessed value. Commencing with the fiscal 1990 assessment roll, these properties were phased out over four years, at 25% per year.	--	--
1991	Land and structures owned by utility companies.	Reclassification.	Three	Four
1991	Condominiums with no more than three residential units, provided such property was previously classified as Class One.	Reclassification.	Two	One
1991	a) Residentially zoned vacant land, except such land located in Manhattan south of or adjacent to the south side of 110th Street. b) Non-residentially zoned vacant land, provided the property (1) is situated immediately adjacent to a property improved with a Class One structure, (2) is owned by the same owner as the improved lot prior to and since 1/1/89, and (3) has no more than 10,000 square feet, except such land located in Manhattan south of or adjacent to the south side of 110th Street.	Reclassification.	Four	One
1992	Mixed commercial/residential properties where at least 50% of total square footage is used for residential purposes. a) If three units or less b) If more than three units	Reclassification.	Four Four	One Two
1992	Single-family homes on cooperatively-owned land.	Reclassification.	Two	One
1994	Class Two cooperatives and condominiums in buildings with 2-10 units.	Subclassification, imposition of assessment increase limitations.	--	--
2006	Existing Class Two buildings with fewer than 11 residential units.	Limitation on assessment increase due to additions or improvements to the property.	--	--
2010	Vacant land in Manhattan above 110th St. that was classified in Class One on the 2008-2009 tax roll (with a limited and temporary exception for certain land to be used for the construction of affordable housing for low-income families).	Reclassification.	One	Four

Appendix C

Glossary of Common Real Estate Terms

Abatement - A reduction in real estate tax liability through a credit rather than a reduction in taxable assessed value. The City has a number of abatements, including the J-51 housing rehabilitation abatement, the Senior Citizen Rent Increase Exemption, the Lower Manhattan Revitalization abatement, the Industrial and Commercial abatements and the Cooperative and Condominium abatements.

Actual Assessed Value - The assessment established for all tax classes and without regard to the five-year phase-in requirement for most Class Two and all Class Four properties.

Adjusted Base Proportion - The redistribution of the tax levy among the four tax classes, adjusted for market value trends.

Ad Valorem Tax - A tax based on the value of the object being taxed. The real property tax is an ad valorem tax.

Article 18 - The portion of the New York State Real Property Tax Law that established the classification system in New York City and Nassau County. The Article contains definitions of each tax class, imposes assessment limitations, and spells out the method of distributing the tax levy.

Assessed Value - The value of a property for real property taxation purposes. In New York City, property may have three assessed values: actual assessed value, transition assessed value, and billable assessed value (see definitions).

Assessment Ratio - The ratio of assessed value to market value.

Assessment Roll - The public record of all properties in a taxing jurisdiction and their assessed values.

Base Proportion - Under Article 18 of the Real Property Tax Law, the taxable assessed value of each tax class as a proportion of total taxable assessed value in a base year. These proportions establish the basis for the distribution of the tax levy among the four tax classes.

Billable Assessed Value - The assessed value on which tax liability is based. For properties in Classes Two or Four, the billable assessed value is the lower of the actual or transitional assessed value.

Capitalization - The process by which anticipated future income and benefits are converted to a present value.

Capitalization Rate - A rate of return used to produce the capital value of an income stream.

Class Share - The proportion of the tax levy allocated to a tax class.

Comparable Sales Method (Market Approach) - The process by which a property's market value is estimated based on the sales prices of similar (comparable) properties.

Condominium - A form of ownership that combines individual ownership of residential or commercial units with joint ownership of common areas such as hallways, etc.

Cooperative - A form of corporate ownership of real property whereby shareholders are entitled to use dwelling units or other units of space.

Cost Approach - A method of valuing real property, by estimating the reproduction or replacement cost of the improvement, as adjusted for depreciation, obsolescence, etc., plus the site value.

Debt Service - The amount required to repay principal and interest on the City's outstanding debt.

Delinquency - The amount of tax liability that remains outstanding after the due date, allowing for any grace period, if applicable.

Demolition - Destruction and removal of an existing improvement.

Depreciation - In appraisal, a charge against the reproduction cost of an improvement for estimated wear and obsolescence.

Due Date - The date on which an obligation must be satisfied.

Equalization - Changes in assessed value made by a taxing jurisdiction to ensure that all properties (or all properties within a tax class, if applicable) are assessed at the same percentage of market value.

Exemption - A provision of law that reduces taxable value or income.

Exempt Value - The amount or percentage of assessed value that is not subject to taxation. Property may be fully exempt or partially exempt; in the case of Veterans Exemptions, the exempt amount is taxable for education purposes.

Fiscal Year - A 12-month period used for financial reporting. The City's fiscal year runs from July 1 to June 30.

Fractional Assessment - Assessment of real property at a percentage of market value (i.e., at less than 100 percent of market value).

Grace Period - The period of time, beyond the due date, in which a payment may be made without incurring a penalty.

Improvements - Additions to raw land that increase value. Improvements include buildings, streets, sewers, etc.

Income Capitalization Approach - A method of valuing real estate by discounting net operating income to arrive at a present worth estimate.

In Rem - A Latin term meaning "against the thing." A proceeding directly against the property rather than the owner of such property. In tax foreclosures, in rem proceedings are used by the City to enforce payment of delinquent real estate taxes and related charges.

Levy - An assessment of tax.

Liability - A debt or financial obligation.

Market Value - The most probable price that a property should command in a competitive and open market. This definition also requires that the buyer and seller should be willing but not compelled to act.

Multi-family Housing - A residential structure with more than one dwelling unit.

Obsolescence - One of the causes of depreciation. A loss in value due to reduced desirability and usefulness because the property does not meet current standards or needs.

Operating Expenses - The term includes all expenses necessary to maintain a property and/or its income, excluding debt service. For purposes of assessment, real estate taxes are omitted.

Parcel - A piece of land under one ownership.

Replacement Cost - The cost to construct, at current prices, an improvement that is equivalent in utility to an existing structure, using modern building materials and according to current standards.

Reproduction Cost - The cost to replicate, at current prices, an existing structure, using the same materials, construction standards, quality, design, etc., as the original structure.

Reserve - With regard to real property taxation, an amount allocated for tax delinquency, cancellation and abatement of taxes and refunds.

Special Franchise - Cables, conduits, pipes, and other utility property located in or along the public right-of-way.

Tax Rate - The amount, usually expressed in dollars per hundred of assessed value, applied to the tax base to determine tax liability. In New York City, a tax rate is established for each tax class.

Taxable Assessed Value - The amount of assessed value remaining after application of any tax exemption.

Taxable Status Date - The date on which the assessed value, taxable status and, if applicable, tax class are fixed for all properties in a taxing jurisdiction.

Transitional Assessed Value - The assessed value, during the five-year phase-in of equalization changes, of all Class Four properties and cooperatives, condominiums and rental buildings with more than 10 units in Class Two.
